

## Destined Wife: The Apple of My Eye

### Chapter 341 I Want You to Love Me!

Tang Cao is so scared that he almost throws out his mobile phone.

“Sister, why don’t you knock at the door when you come in?” He quickly hangs up the phone.

Tang Duo stands akimbo, “You didn’t close the door.”

Tang Cao is speechless.

“Don’t change the subject.” Tang Duo grabs him, “What did you say just now? Who did you sleep with?”

Tang Cao raises his hands, “I will tell you. But you let me go first.”

“Speak!”

“No one did I sleep with.” Tang Cao sniffs, “I came out of the hospital yesterday and met Ning Lingshan. She was in a bad mood and wanted to go drinking. That! We are friends anyway. A girl like her was going to drink in the midnight. How could I let her go alone?”

Tang Duo shakes her head, “Absolutely impossible.”

“Yes! So I went with her.” Tang Cao’s confidence returns.

But Tang Duo squints and asks, “Then you got drunk and slept with her?”

“Sister, I said I didn’t sleep with her!” Tang Cao grabs his hair, “Yes! I was drunk and went to the hotel to check in, but we didn’t do anything and slept through the night.”

Seeing the expression in Tang Duo’s eyes getting weirder, Tang Cao becomes anxious, “I really didn’t do anything. I got up in the morning, well dressed. And she woke up first!”

“You mean you two were drunk and slept in the same bed and nothing happened!”

“Yes, yes, yes! That’s what I mean.” Tang Cao looks at her nervously.

Tang Duo asks curiously, “Then why are you nervous?”

“I, I don’t know.” Tang Cao is pathetic immediately, “It may be my first time…”

“Stop it, this is not the first time.” Tang Duo interrupts him, “Or did Ning Lingshan let you take responsibility?”

“She didn’t…” Tang Cao thinks, “When I woke up, she had already gone and left me a note.”

Tang Duo yawns, “You should invite her to dinner later, or send a gift! Anyway, it was due to your negligence. You took her to drink but got drunk yourself. Otherwise, if you sent her back to her room and left, nothing would have happened.”

“OK!” Tang Cao was originally in a panic and didn’t pay attention. Now he knows what he should do, “Then I’ll buy her a present.”

Fang Diandian arrives at the western-style restaurant in the shopping mall at the appointed time.

“Here!” Tang Cao waves at her.

Fang Diandian goes over and sits down, “Don’t think I’ll forgive you because you invite me to dinner.”

Since last time this guy said that her dress was not good-looking, she blocked him for several days before removing him from the blacklist. Then she receives an invitation from Tang Cao to invite her to dinner.

“Yes, yes, yes!” Tang Cao orders food for her, “You want medium well steak, right?”

Fang Diandian purses her lips and snorts, but she chuckles to herself in her heart. Tang Cao has conscience and remembers her favorite taste.

“Take your time. Today is weekend, so you don’t have lessons in the university, right?” Tang Cao asks with a very considerate look.

Fang Diandian takes a sip of coffee and says, “I haven’t been busy recently. I was busy because I was going to attend an art exhibition.”

“That will be great!” Tang Cao looks at his watch, “Then we’ll go shopping and buy you a present after eating.”

Fang Diandian doesn’t move. She warily looks at the opposite youth, “What have you done? Why do you suddenly want to buy me a present?”

“What expression do you have in your eyes?” Tang Cao stares at her, “What can I do?”

Not exactly! Fang Diandian knows this idiot too well. He can only say some exasperating words. How can he send her a gift?

“Go ahead...” She picks up the spoon and stirs the coffee, “What’s the matter on earth? Or I won’t eat at ease.”

Tang Cao curls his lips and criticizes her, “Look at you, you are narrow-minded. You are always suspicious. What can I do? OK... If you have to know the reason, I want to send a present to someone, but I don’t know what to send. So I invite you to help me and give me advice, and give you a present in return.”

Tang Cao finishes saying in one breath and spreads out his hands, “It is all right? Can you eat at ease?”

“You should tell me earlier!” Fang Diandian lays out the napkin, and the waiter begins to serve the appetizer.

She takes a bite of tuna salad, “But why didn’t you ask Chen Xiaopang to help you if you want to buy the gift?”

“He isn’t able to get up.” Tang Cao wipes his mouth, “I think you are more reliable than him.”

“Yes!” Fang Diandian smiles and says, “I am more reliable than both of you, but I have no experience in giving a gift to a man. How old is the person you want to send the gift?”

Tang Cao responds, “Ah? Who said to send the gift to a man?”

“Ahem, Ahem...” Fang Diandian almost chokes to death.

Tang Cao hurriedly brings her the red wine, “Eat slowly. No one will rob it from you!”

“No... Not sending it to a man?” Fang Diandian manages to cool down and quickly asks, “Who are you going to send the gift? A woman?”

“Yes!” Tang Cao takes it for granted and says, “Otherwise why shall I need your help?”

He doesn't find that Fang Diandian's face is pale and keeps blabbering, “You know better than us about what you women like! We'll go shopping upstairs after eating. You can help me choose one. Ah, yes! Don't worry, I will also send you one. You can choose one for yourself.”

Bang! Fang Diandian slaps her fork, which startles Tang Cao.

“What's the matter with you?”

Fang Diandian squeezes out a smile and asks him, “You... Want to send a gift to a woman.”

“Yes!” The restaurant is dimly lit, and the idiot Tang Cao has not yet seen the girl opposite having a pale smile.

“Who do you want to send?”

Tang Cao answers, “Send... Ah, you don't care who I send. Anyway, just help me choose one gift later, and choose according to your preference!”

“OK...” Fang Diandian's hands under the table are twisted together. She stands up suddenly, “I'd like to go to the bathroom.”

Tang Cao watches her stumbling away and wonders.

“What's the matter?” He thinks, “Ah, is her period coming...”

A few minutes later, Fang Diandian comes back. Tang Cao finds her eyes are red, but she doesn't seem to have cried. He affirms more that she is in her period. He doesn't know why he feels somewhat distressed.

“If you are not feeling well, we will buy it next time and I shall take you back to rest.”

Fang Diandian takes a deep breath and shakes her head, “No, I'm full. Let's go to buy it now.”

“How old is the woman who you want to send the gift to?” Fang Diandian doesn’t say a word all the way and only asks when they get out of the elevator, “You have to give me some choices. Otherwise it’s hard to choose.”

Tang Cao exclaims, “Oh! She is one or two years older than you. She looks quite simple at ordinary times, but I guess it’s because she doesn’t have much money. So is it comparatively better for us to choose something very expensive?”

Fang Diandian concludes in her mind: So the woman you like is a young girl, very poor. She is poor but with lofty ideals...

“Then choose a handbag.” She endures heartache and says, “Even if the brand is expensive, we can pick out a few ones with simple-looking. She can carry it at ordinary times... Or shall we choose a piece of jewelry?”

“Which do you think is better?”

Fang Diandian sighs, “Didn’t you say she was relatively simple? If you buy jewelry, those simple styles won’t be very expensive. At most it will just value thousands of yuan...”

“That’s a little cheaper.” Tang Cao touches his chin, “Then it’s up to you. Let’s buy a handbag!”

Finally, Fang Diandian helps him choose a white handbag whose price is over 100,000 yuan. Tang Cao asks the shopping guide to wrap it up and says, “You should choose one, too!”

“I don’t want it.” Fang Diandian says listlessly, “I have the handbag of this brand.”

Tang Cao has the same feeling in his heart again and blurts out, “I’ll send you whatever you like.”

“No, you needn’t.” Fang Diandian smiles, “If she likes it, just think you owe me one.”

In the end, she doesn’t accept Tang Cao’s gift. Tang Cao sends her back to the university and watches Fang Diandian enter the school gate. He doesn’t know why he panics a bit, as if he has lost something. He opens his mouth,

wanting to shout, but he doesn't know what to shout, so he has to painfully start the car to leave.

When he leaves, Fang Diandian turns to look at the leaving car and whispers.

"I want you to love me, but you have already given yourself to another woman..."

Tang Duo sleeps until the afternoon. She has been to school to pick up Gungun and Wuyou before going to the hospital. Upon entering, she sees Lang Ruoxian holding a pile of documents to read.

"Who made you work?" She glances at Shu Sheng.

Shu Sheng takes a step back. He doesn't know why the whole temperament of Tang Duo is particularly terrible after restoring memory, even the expression in her eyes will make others shiver.

"Young Master, I'll leave first." Shu Sheng has a strong desire to survive, so he packs up the documents and runs away.

Lang Ruoxian is left sitting on the sickbed, looking at Tang Duo, "I don't have a fever during the day, I..."

"That doesn't mean you are recovered." Tang Duo ignores him and goes out to find the doctor to ask about the situation. The doctor says that the inflammation won't diminish so quickly. The reason why he doesn't have a fever during the day is because of transfusion, but he will still have a fever at night.

When Tang Duo comes back, Lang Ruoxian sees that she doesn't speak but pours out the chicken soup noodle she has brought and puts it on the small table.

"Eat it quickly."

"Have you eaten?" Lang Ruoxian obediently picks up chopsticks.

Tang Duo squints at him, "I ate stewed pork with brown sauce and abalone at home, but it's a pity that you have to avoid eating them now since you are ill."

"Hua..." Lang Ruoxian finds it both funny and annoying, "You know I don't have many requirements for food."

“Well, you have a requirement for job.” Tang Duo snorts, “I won’t care about you if the fever doesn’t subside tomorrow. You just go back to work and make money!”

Lang Ruoxian puts down his chopsticks, “I was wrong. Don’t be angry. I promise that I won’t work until I leave the hospital.”

Tang Duo stares at him and picks up an apple to nibble, “Eat quickly, or it will get cold later.”

In the evening, Tang Duo sleeps on the sofa next to him. At intervals, she gets up and touches Lang Ruoxian’s forehead. Lang Ruoxian finally grabs her hand and says, “I’ve regretted.”

“What?”

“I should not allow you to come.” The man frowns, “You didn’t have a good rest yesterday. I just thought I wouldn’t ask you to accompany me at night, but I couldn’t bear to part with you...”

Tang Duo touches his forehead and feels that the temperature seems to be high. She takes his temperature and says, “Don’t say that. How can I leave you alone when you are ill?”

“I will never be sick again.” Lang Ruoxian says in a low voice.

“Only robots won’t be sick.” Tang Duo ignores him. A few minutes later she takes out the thermometer and sees that he actually has had a fever again.

This time she has had preparation. She feeds Lang Ruoxian antipyretic and anti-inflammatory drugs, and then forces him to sleep. Lang Ruoxian looks very obedient. A few minutes later Tang Duo sees him fall asleep and lies back on the sofa.

It is unknown how long it is, Lang Ruoxian quietly gets out of bed and holds Tang Duo onto the bed of the room inside.

Fang Diandian hasn’t been in a good mood these days. Today she meets Ning Lingshan after attending her classmate’s birthday party. When she sees the handbag Ning Lingshan carries, her face suddenly changes color.

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

### **Chapter 342 Is There a Physical Problem?**

“Miss Fang!” Ning Lingshan also sees her, and hurriedly greets her, “What a coincidence! Are you coming to dinner with friends?”

Fang Diandian looks at the white handbag blankly, desperately suppressing the sourness in her heart to try to smile, “Yeah, are you here also for dinner?”

“No, I’m looking for a friend.” Ning Lingshan looks at her, “What happened to you? Are you sick? You don’t look so good...”

“No, maybe I ate too much just now.” Fang Diandian endures for a long time, but still can’t help asking her, “Your handbag is very beautiful, which is the new style of G Brand!”

Ning Lingshan suddenly becomes a little shy, touches the handbag and whispers, “Well, I also think it very beautiful.”

“It must be very expensive...” Fang Diandian can’t smile, and lowers her head to ask.

Ning Lingshan doesn’t seem to notice that she is listless, and sighs, “I can’t afford it. It is a gift sent by a friend.”

“Your friend is really nice to you.” Fang Diandian raises her head, “I have something else to do, so I shall leave in advance. I will talk to you later!”

“Okay, see you later!”

Ning Lingshan waves at Fang Diandian, and Fang Diandian steps away immediately, otherwise her tears will drop. She doesn’t see behind her Ning Lingshan’s eyes looking complicated, with some regrets, some luckiness, and some emotions hard to explain...

Lang Ruoxian stays in the hospital for three days. On the fourth day his fever is brought down and he immediately leaves the hospital.

“Dad, you are recovered!” After returning from school, Gungun sees Lang Ruoxian and happily says, “Will you go to attend the parents’ meeting for me?”

Lang Ruoxian looks at Tang Duo. Tang Duo smiles and says, "Or shall I go?"

"Let me go." Lang Ruoxian knows that she doesn't want to go, and touches her son's head, "When?"

"On the weekend. It is just tomorrow." Gungun takes out the tow rope, "Then I'll go to walk Lulu!"

Lulu barks, "Woof, woof!"

Wuyou slowly follows them. She glances at Lang Ruoxian and says, "Dad, go to get a thorough body check."

"He has a physical problem?" The smile on Tang Duo's face is gone.

Lang Ruoxian glances at Wuyou, "I am fine."

"But I feel that there is something wrong with you." Wuyou insists.

Tang Duo pats Wuyou, "I see. Thank you, Wuyou. Go to play!"

When Wuyou leaves, Tang Duo goes to find Tang Yao immediately.

"Dad! Please call your friend at the physical examination center and arrange Lang Ruoxian for a physical examination."

Tang Yao is haunting Bai Susu and wants to go out to play cards. He is taken aback when hearing this, "What happened to him? Didn't he just come back from the hospital?"

"Wuyou said it just now."

Lang Ruoxian says helplessly, "I am really fine, Hua. I know my own body."

"You'd better still check your body." Chang Pei'e looks at him seriously, "Last time Wuyou said that Hua was pregnant with the twins. She was right. She must have felt something."

Tang Yao nods, "It is probably animal's intuition. I've read in the news that someone got a cancer and it was discovered by his dog."

"Dad..." Tang Duo glances at Tang Yao gloomily, "Wuyou is not a dog."

“I know, I know! I just give an example!”

Bai Susu glares at him, “Can you give an example blindly? You even mention cancer...”

So Lang Ruoxian goes to the physical examination center three hours after leaving the hospital, because Tang Yao pulls some strings, the director of the center takes him to carry out a series of detailed examinations, and finally asks the two to go to the office with a serious expression.

“Director Li, please directly let us know if there is something wrong with his body. We can withstand the blow.” Tang Duo looks serious, as if Lang Ruoxian has had fatal illness.

Lang Ruoxian, who has not been nervous, is a little nervous because of her response. The first thought is that if his body really has a problem, he can't leave Hua alone in the world.

Fortunately, Tang Duo doesn't know what he thinks, otherwise she might let him disappear from the world now...

“You don't need to be nervous.” Director Li is amused by the two, “It is not so serious.”

Tang Duo says, “Ah! Not serious...”

“Hua, are you very disappointed?” Lang Ruoxian looks at her sideways.

Tang Duo quickly shakes her head, “Of course not. Don't interrupt. Director Li, you keep saying.”

“Mr. Lang, did you take some medicine that harmed your liver before?”

Tang Duo looks at Lang Ruoxian, and Lang Ruoxian nods, “Something happened when I was young, and I took a lot of traditional herbal medicines.”

“No wonder...” Director Li looks at the laboratory test report and says, “The other results will take several days to come out, but we can already see the problem. Your liver has traces of poisoning, which is very serious. Later you slowly recover. To be honest, the prescription for you must be made by a national physician master, otherwise you wouldn't be saved at all.”

Tang Duo glances at Lang Ruoxian again and asks, "Is there something wrong with his liver again?"

"Well, after all, the damage before was very serious, but thankfully it was discovered early. If it is found when you get old, you may be beyond retrieval." Director Li looks at them and feels that Lang Ruoxian is lucky, "I suggest that you should still take traditional herbal medicines. I don't know whether you can still find the person who gave you the prescription. If you can't find the person, I can recommend one."

Of course, they can't find...

Finally, Director Li recommends a national physician master to them. It is said that he was responsible for the health of the national leaders before he retired. Now he only sees those patients who are his acquaintances or friends. Director Li and the national physician master are classmates. Otherwise director Li will not introduce him to them.

Having been out of the physical examination center, Tang Duo pulls Lang Ruoxian to find the national physician master. Hearing that they are introduced by Director Li, the national physician master touches Lang Ruoxian's pulse very readily and gives a prescription.

"The rest of your body is fine, but you must pay attention to rest. You can recover since you are still young. Otherwise, it will be very troublesome when you get old. I will touch your pulse after you taking traditional herbal medicines for a month."

On the way back, Tang Duo looks at Lang Ruoxian ferociously. When Bai Susu sees them coming back, she thinks that Lang Ruoxian is not well.

"This is so..." After hearing Tang Duo finish saying, she asks for the prescription, "I have to find a reliable traditional herbal medicine store to fill the prescription. Now many traditional herbal medicines are without enough years, so the efficacy is not good."

Tang Yao licks his lips, "Ruoxian, you see... As a result, you are the one in the worst health condition in our family. Fortunately, Wuyou discovered it early. She is really our little angel. In the future, anyone who has something wrong can let Wuyou smell and will discover the illness."

In the evening, Tang Duo doesn't talk to Lang Ruoxian very much. Lang Ruoxian slips through the middle door and finds Tang Duo standing behind the door and sneering at him.

"Hua..." Lang Ruoxian says helplessly, "How can I make you not angry? I really will pay attention to the body. Don't ignore me, OK..."

Tang Duo squints at him, "Then you promise not to stay up late, not to work overtime, and to take a holiday on time on weekends."

Then she adds, "Of course, if you don't care about yourself, I don't care anymore. I..."

"I care a lot." Lang Ruoxian looks at her, "I will accompany you until we get old, and then I want to die behind you, so that I can take care of you all my life."

Tang Duo purses her lips and pushes him to the next room, "It is good for you to have this kind of awareness. Go to bed quickly!"

After driving the man away, Tang Duo gets into the quilt. She thinks for a long time with her eyes open. She feels that she seems to like Lang Ruoxian more. Otherwise, she wouldn't have been so nervous after she knew that there was something wrong with his body.

She doesn't escape to face the fact. After all, she had long said that she liked Lang Ruoxian's face. If this man is nice to her and will make money for her to continue shopping, she will be moved sooner or later.

"Well! Only a little!" Tang Duo closes her eyes.

When the twins are half a year old, they have to go abroad to take vaccines.

"If it weren't for last year's domestic fake vaccines, we won't have to run out during such cold days." Bai Susu packs the twins' luggage and says in a garrulous way.

Tang Cao rolls his eyes aside, "Mom, it will be still in autumn over there at this time. It's not too cold."

"What do you know?" Bai Susu glares at him, "Of course you don't feel cold because you have rough skin. Can An'an and Lele be like you?"

Tang Cao makes a gesture of closing his mouth and chats with Chen Xiaopang on WeChat.

“Or shall I go too?” Bai Susu still does not trust Tang Duo and Lang Ruoxian to take the twins by themselves.

Tang Duo leans over Bai Susu’s shoulder and says, “Mom, we are not children anymore. Even if you don’t trust me, you should trust Lang Ruoxian.”

“You are right. Ruoxian is more reliable than you.” Bai Susu pokes her in the forehead, “You are not allowed to go shopping this time. I feel worried about you taking your babies to crowded places.”

Tang Duo nods with sound of uh-huh. Lang Ruoxian smiles faintly aside. When they board the private plane, he says, “We will go shopping when the babies finish taking the injection.”

“It is wrong of you to do so.” Tang Duo speaks with righteousness, “I’m going to tell Mom!”

Lang Ruoxian laughs in a low voice, “Don’t worry. You can go shopping without going to a crowded place.”

Tang Family.

Huo Liyun asks the housemaid to carry the edible bird’s nest soup away, “I have no appetite.”

“Mom, you can’t do this. If you go on like this, your body will be unable to stand.” Zhao Mei and Yang Yanqing look at each other. Today, when Tang Ming goes out, he specifically tells them to spend more time with Huo Liyun.

Huo Liyun’s condition during this period of time is very bad. She doesn’t eat well. Besides, she either goes out mysteriously or stays in the room alone. Everyone thinks that she may have mental problems if she goes on like this...

“Mom, or shall we go on a trip?” Zhao Mei suggests.

Yang Yanqing nods hastily, “Yes, yes. You will be in a good mood if you have a trip.”

Huo Liyun doesn’t even look at them but faintly says, “No, I won’t go.”

“...Mom!” Zhao Mei squeezes out a few drops of tears, “If you go on like this, we shall feel very distressed. Look at Tang Yu and his brother and father. They ask several times a day whether you have eaten, slept or not. Besides, if you continue being like this, then... Tang Rui and Ziyun won't be at ease even after death!”

Huo Liyun moves her eyelids. Yang Yanqing glances at Zhao Mei and then says, “Mom, life will go on. Didn't Dad say that he would deal with the second branch sooner or later? You have to take good care of yourself. Otherwise you will be sick first before bad things happen to them. It won't be cost-effective, will it?”

Huo Liyun's mobile phone rings suddenly. She glances at the number and answers the phone quickly. It is unknown what the other party says, her eyes light up immediately. When she hangs up the phone, Huo Liyun stands up.

“Don't you say that you want to go out to travel? OK!”

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

### **Chapter 343 Gather Abroad**

Before Zhao Mei and Yang Yanqing respond, Huo Liyun tells them to pack up quickly and they will take the afternoon flight to Mi Country.

“Mom... Shall we go to Mi Country at this time?” Yang Yanqing advises her, “It's okay to go to F Country, where we can go to the fashion shows, or we can go to Europe?”

Huo Liyun says as she goes upstairs, “No, we just go to Mi Country. Hurry up, you two, or I'll go myself.”

“Stop saying.” Zhao Mei pulls Yang Yanqing, “I'll call Dad and our husbands. You go packing first.”

Thirteen hours later, Lang Ruoxian and his wife arrive in Mi Country. Lang Ruoxian has an apartment here. It will be cleaned and maintained every day. They return to the apartment first from the airport. Tang Duo is satisfied with the apartment which is located on the top floor of Fifth Avenue. The house price here is also calculated by square meters.

“You are richer than I thought.” Tang Duo smiles particularly tenderly at Lang Ruoxian after finishing visiting the apartment which is more than 500 square meters.

Lang Ruoxian makes the rice paste for the twins. From this month on, the two babies can eat supplementary food. When Bai Susu taught them how to make the food, Tang Duo and Lang Ruoxian both seemed to study it very seriously, but only Lang Ruoxian learned how to brew.

“All right?” Tang Duo cheerfully takes over a small bowl, “I’ll feed Lele.”

An’an, who can’t sit stably, leans on the bassinet. His body tilts to one side after feeding several mouthfuls of food. As for Lele... She doesn’t have the boldness when she learned how to turn over at that time. She even can’t lean on the bassinet but have to be held to feed.

They have had an appointment with the doctor to go there the next noon. Lang Ruoxian also brings the double stroller and uses it to push the twins to the hospital. Amazingly, Tang Duo originally thought that they would cry. Who knows that An’an doesn’t cry, while Lele just groans once when the needle is stuck in, and then they open the eyes widely to look around.

“Our children are just different!” Tang Duo has seen many videos of children who take injections and cry as if they will be killed. Her babies are so good. She has hardly finished speaking when a foreign baby comes in.

The foreign baby also doesn’t cry.

“...” Tang Duo doesn’t give up and insists on staying to watch. She has seen three foreign babies be vaccinated but doesn’t see any baby cry.

Then she follows Lang Ruoxian out of the hospital listlessly.

“So do foreign children take injections without crying?” She wonders, “Or their injections don’t hurt?”

Lang Ruoxian puts the twins on the baby chairs to fasten their seat belts, and then turns to Tang Duo to fasten the seat belt for her, “They take injections on their thighs, which may not really hurt.”

This is the difference between foreign vaccines and domestic ones. The domestic vaccines are all used for arm injection.

“Shall we go back tomorrow?” Tang Duo asks.

Lang Ruoxian looks at her and smiles, “We shall go back the day after tomorrow, because you can go shopping tomorrow.”

“Forget it.” Tang Duo licks her lips, “I’d better obey my mother’s order and don’t run about.”

“You needn’t go out. I’ll ask them to come home.”

Having returned to the apartment, Lang Ruoxian hands Tang Duo a brochure, “All brands you like are in it. See if there are any omissions.”

“These are all new styles of the season, eh? This one was only available at last week’s press conference, and hasn’t appeared in the market yet!” Tang Duo turns over several pages, her eyes glistening, “Let me read the brochure and choose?”

Lang Ruoxian shakes his head, “No, ask them to come home tomorrow for you to choose.”

Tang Duo is excited and happy.

“Mom, where are you going?” Huo Liyun and her daughters-in-law, the three women also arrive in Mi Country. They just check into the hotel and Huo Liyun wants to go out.

Zhao Mei quickly changes clothes, “Please wait for me!”

“No, I’m going to meet an old friend. It’s not appropriate for you to go.” Huo Liyun picks up her handbag and says, “You two play by yourselves. I’ll come back to have dinner together in the evening.”

Then she hurries to leave.

“Do you think there is something wrong with Mom?” Yang Yanqing is a little scared, “If anything happens to her abroad, we two can’t solve it.”

Zhao Mei thinks for a moment, “It should be fine. When we came, Dad said that no matter what Mother wanted to do, we needn’t worry about her. I thought what he said strange at that time... It seems that our parents-in-law are hiding something from us.”

“Anyway, since we needn’t worry about her, let’s go shopping!”

“Okay.”

Tang Duo satisfies her craving for shopping in the apartment. She chooses from morning to afternoon. The twins probably see so many things for the first time. Usually they fall asleep in about two or three hours. Today, they insist on four hours without sleeping, watching Tang Duo trying on clothes and handbags.

“Your children are really good-looking!” The foreign woman praises, who dresses up in an elite style, “They look like you and your husband very much. Your family’s looks are better than those of the Footballer of the Year’s family in Y Country.”

Tang Duo knows who she refers to. It is a very handsome foreign soccer star, whose wife is a singer. They have three sons and one daughter. Every time the family members go to the street, they will become the favorite of the fashion industry. The amount of photo forwarding on the Internet is extremely high.

“I’m also the best looking one in my country.” It’s about her beauty. Tang Duo is always not modest on that matter, “And my husband, have you ever seen a person of Hua Country who looks better than him?”

The female elite says “God” with exaggerated tone and body language, “Of course not. Your family members are all good-looking.”

“Thank you for your praise!” Tang Duo nods, planning to give her a large sum of tip in the end.

At that time, two female shopping guides push a row of clothes to come. When they reach the sofa, the hanger frame suddenly breaks and a dozen clothes fall off. The twins’ bassinet is nearby and the clothes almost cover them.

“Sorry! Sorry!” The shopping guides are frightened and hurry to pick the clothes up.

An’an is already half asleep. He tries to open his eyes to see, but finally he closes his eyes. Lele is still in good spirit. When she sees that everyone is so flustered, she unexpectedly giggles.

Lang Ruoxian pushes the bassinet away and Lele still stretches out her small arms in the air, which probably means still wanting to see more.

“You send them upstairs to bed!” Tang Duo comes over to touch An’an’s head. The little fellow has been asleep.

Lele sees Tang Duo and begins to kick. Tang Duo wants to hold her but Lang Ruoxian doesn’t let her do that, “You go and choose things. I’ll take them to sleep. I’ll come down when they fall asleep.”

“I’m sorry, Mrs. Lang!” The female elite leads the two shopping guides to apologize.

Tang Duo waves her hand, “Nothing, it is just an accident.”

When they are about to have dinner, the female elite leads the shopping guides to leave. Tang Duo gives each of them a sum of tip, and everyone is very happy. Tang Duo is also very happy. The things she bought today are not available in the country. She will wear them to the salon to show off when she goes back.

“Mom?” Zhao Mei and Yang Yanqing come back from shopping and find Huo Liyun has already been in the room.

“When did you come back?” Zhao Mei hurries in, “Have you been waiting for us for a long time?”

Huo Liyun seems to be in a good mood, “I just came back. What have you bought?”

Seeing that she seems to be very interested, Zhao Mei and Yang Yanqing show her the contents of the shopping bag. Huo Liyun comments on several clothes and proposes to eat in the revolving restaurant. They stay in Mi Country for three days. When they return, Huo Liyun says that she hasn’t played enough and wants to go to Tai Island.

“Yes!” Zhao Mei is quite willing, “It’s cold and dry to go back to Yanjing now, so it’s not bad to go to the seaside to stay for a few more days.”

Then they fly to Tai Island. At that time, Lang Ruoxian has already returned home with Tang Duo and the twins. Seeing Tang Duo’s back when she comes out of the restroom at the airport, Yang Yanqing thinks that she is wrong.

“Mom, I think as if I saw Tang Duo just now.” Yang Yanqing tells Huo Liyun, “But I guess that I was wrong. She just gave birth to the twins. How could she be in Mi Country?”

Zhao Mei looks at a certain direction with her eyes, “You were right. It is her! And Lang Ruoxian is also here.”

“That’s true!” Yang Yanqing looks along the direction of Zhao Mei’s gaze and sees Lang Ruoxian pushing a baby carriage with one hand and leading Tang Duo with the other hand. Several people push luggage behind.

“It is really spectacular...” Yang Yanqing says with a sour tone.

Zhao Mei glances at her, “They take a private plane!”

Only then does Yang Yanqing notice that the passage they are taking is a private passage, which is a special passage for private planes.

“She’s really lucky. Even she has had amnesia, she could meet a rich man outside.” Yang Yanqing curls her lips, “I just don’t know what else she will have when she gets old in a few years. That face won’t attract men at that time.”

Huo Liyun glances at her. Yang Yanqing gets a fright. She forgets that her mother-in-law is still nearby. She wants to say something to remedy the situation, but Huo Liyun nods unexpectedly, “You’re right. When Lang Ruoxian has a mistress outside, the good days for the second branch will come to an end.”

Yang Yanqing and Zhao Mei look at each other and don’t speak again. When they arrive in Tai Island, Huo Liyun will take them to a temple at the first stop.

“There is a great master who is very efficacious. Don’t you want to have a child quickly? Go to meet him and let him give you some advice.” Huo Liyun tells Zhao Mei. Zhao Mei doesn’t believe these things, but they must accompany Huo Liyun when she goes there.

The car drives for a long time to a small village on the south side of Tai Island. The temple is quite large and looks very grand. A young monk welcomes them. Huo Liyun asks the young monk to show them around, but she goes to meet the great master alone.

“Why do I feel that it is so gloomy here?” Yang Yanqing looks at the black Erawan Shrine, quivering.

Zhao Mei glares at her, “Don’t frighten yourself. It is during the day.”

The two walk a big circle around but Huo Liyun doesn’t come out. Until the sun is setting, Huo Liyun appears, holding a black jar.

“Do you want to meet the great master?”

Zhao Mei shakes her head, “No, Mom, let’s go! It’s getting dark.”

Yang Yanqing reaches for the jar and Huo Liyun suddenly says with a harsh voice, “Don’t touch it!”

“Ah!” Yang Yanqing gets a fright, “Mom... I... I just want to help you with it.”

Huo Liyun’s expression was ferocious just now, but she soon smiles again, “Here is the bodhisattva I invited, others can’t touch it!”

“Oh...” Zhao Mei and Yang Yanqing hold hands and don’t dare to say anything more.

What kind of bodhisattva will be put into this jar? And obviously Huo Liyun came to Tai Island to play on her own wish, but the day after she got the jar, she said she was uncomfortable and wanted to return home. Along the way, she holds the jar like holding a treasure and even holds it on the plane.

“There isn’t any dangerous goods in it, is there?” Zhao Mei and Yang Yanqing become more suspicious when they see Huo Liyun even go to the bathroom with the jar.

“Impossible. Dangerous goods cannot pass the security check.”

### **Chapter 344 Evil Things**

Lang Ruoxian comes back to Yanjing and then knows that Huo Liyun has been to Mi Country about the same time as them.

“Did you say that she stayed in Tai Island for a day?”

Shu Sheng nods, "Yes, just one day."

It's strange...

Tai Island is the first choice for people to spend their holidays by the sea. No one goes just for one day.

"Maybe something happened to her family." Shu Sheng thinks for a moment, "But we don't get any news."

Lang Ruoxian says, "Can you find out where Huo Liyun went on that day in Tai Island? And where did she go when she was in Mi Country? Who did she meet? Check it out."

When Huo Liyun comes back, she puts the black jar in her bedroom. Tang Ming and she have not slept in the same room for a long time. Zhao Mei and Yang Yanqing dare not to say too much. So the whole family doesn't find that Huo Liyun mutter to the jar every night.

There are candles around with a strange bronze statue in the middle. The body looks like a Bodhisattva, but its five sense organs are ferocious like a devil.

"Lele can finally sit!" Bai Susu smiles and plays with the twins. Lele can suddenly sit this morning. Although she can't sit still, she doesn't go down at all.

As for An'an, he has been sitting very steadily these days. Now he shakes hard with a bell in his hand.

"There is little snow this year. It hasn't fallen much so far." Chang Pei'e is concerned about the weather. If it doesn't snow and the air gets drier, people will get sick easily.

Bai Susu reaches out and takes the toy from Lele's mouth. She doesn't let Lele put it in her mouth, "I will ask the housemaid to boil more lily pear water these days to moisten our lungs and stop coughing."

"Where are you going?" Bai Susu looks up and sees Tang Duo coming downstairs dressed beautifully.

Tang Duo approaches and kisses the twins. Lele is very excited to see her mother. She reaches out to hug Tang Duo.

“Lele, Mom can’t hold you with jewelry!” Tang Duo is afraid to stab the child. She shakes Lele’s hand, “I’ll go and celebrate Fang Diandian’s birthday. She invited her classmates to a party yesterday. I’ll treat her to dinner alone today.”

Tang Duo doesn’t say that Fang Diandian has something wrong recently. She wants to talk to her.

“Do you go by yourself?” Chang Pei’e looks at the sky outside.

“Lang Ruoxian will send me. He will be back soon.” Tang Duo touches her earrings, “Where are Dad and Cao?”

Bai Susu takes a toy to attract Lele’s attention, “Your father has gone to play cards with friends. I don’t know where Tang Cao has gone. He called at noon and said he would not come back today.”

Bai Susu continues to say, “It’s not the way for him to play around every day. You can talk to Tong Yue later and let him go to work in the company. Even if he is no use, he can do as he is told!”

“Tong Yue said before. He asked Xiaopang and Cao to work in the company. As a result, they got into a lot of trouble. Later Tong Yue doesn’t let them go. He feels that they increase the burden on the whole company.”

Bai Susu says, “Then let him go out and play.”

“Mom, you don’t want to put him in our company. Don’t let him do harm to others.” Tang Duo smiles, “We let him play for another two years. When he gets married with someone he likes, he will get better.”

Speaking of this, Bai Susu begins to say again, “How is he doing with Diandian?”

“I don’t know!” Tang Duo hears the noise from the door, “Mom, I’ll go first. When I see Diandian, I’ll ask her.”

Lang Ruoxian has a dinner party tonight. He comes back specially to pick up Tang Duo. The place where they eat is the same. Tang Duo and Fang Diandian are in the hall. He is in the private room.

“Send me a message when you’re finished. I’ll come out and pick you up and go home.”

Tang Duo leers at him and says, “Do you think I will be kidnapped without you?”

“No...” Lang Ruoxian turns the steering wheel.

Just as Tang Duo is about to go on, she hears the man say.

“But if I let you go out alone, I won’t be at ease.” Lang Ruoxian glances at her, “Sorry. I am insecure now because of the last thing. It is difficult for you to cooperate with me.”

Tang Duo squints.

“You are so pitiful. Will it be pitiless for me not to let you follow me?”

Lang Ruoxian nods, “So we should not stay too far away from doing anything in the future. It’s better to stay together.”

“Let’s become conjoined twins...”

“It will be possible if there is that technology.”

Tang Duo is speechless.

She loses. Lang Ruoxian can do whatever he wants.

“Don’t you really like it?” At the door of the hotel, Lang Ruoxian parks the car and asks her.

Tang Duo shakes her head, “I don’t dislike it. But I don’t want to interfere with your work.”

“I’ll arrange it.” Lang Ruoxian stares at her for a while. After confirming that she is not angry, he says, “I didn’t tell you a thing. I didn’t want to upset you. But after thinking about it, it’s better to let you know. If there is anything, you can deal with it.”

He tells Tang Duo that Huo Liyun went abroad with them before and took a detour to Tai Island.

“I checked that she didn’t contact anyone in Mi Country. But in Tai Island, she went to a temple.”

Tang Duo frowns, “Temple? Did she go to worship Buddha?”

“There’s a famous master in that temple. Many goblins raised by stars are invited from him.”

Not only stars, many rich people and political people are also superstitious. Tang Ming used to ask a master for advice before. But people with real ability do not go astray. Some of them pay attention to Tai Island.

The masters of Tai Island are proficient in raising goblins and cursing. They are bad.

“She asks that kind of thing to deal with us.” Tang Duo changes her face. She knows the horror of such things.

Lang Ruoxian hurries to pacify her, “Don’t worry. I’ve let Xiaokai go to Tai Island and see if he can find out what she did in the temple.”

“I see.” Tang Duo looks serious, “Don’t worry. I will be careful.”

“Um.”

The reason he tells Tang Duo is that he wants her to be careful. Tang Duo is not a willful person. She knows the importance.

When they enter the hotel, they separate. Lang Ruoxian goes to the private room on the second floor. Tang Duo finds Fang Diandian in the corner of the hall. When Tang Duo sees Fang Diandian, she is surprised.

“Why are you so thin?”

Did she cut her bones? She had a round face before. Now she’s got a sharp chin.

“Sister Duo, you are coming!” Fang Diandian smiles at her, “Sit down.”

Tang Duo sits down and looks at her, "What's wrong with you? You are not in a good spirit. You have such dark circles under your eyes. Is the school homework busy?"

"Well, I've been preparing my paper recently." Fang Diandian opens the menu, "Let's order first."

After ordering all the favorite dishes, Tang Duo calls the waiter, "Stew another forest frog for me and stew it with peach gum."

When the waiter leaves, Tang Duo says, "You have to take good care of your health. You don't have any blood on your face. People who don't know must think you've been abused."

"I'm fine. I'm just too tired and I have a bad appetite." Fang Diandian smiles and says, "I'll be fine after this."

After all the dishes are served, Fang Diandian really eats very little. She doesn't eat after a few chopsticks. Tang Duo watches her all the time and finally wipes her mouth.

"Come on, tell me the truth, what's going on?"

"Ah?" Fang Diandian is confused, "What..."

"Don't pretend. You must have something." Tang Duo glares at her, "You are not tired. You're sad."

Fang Diandian is stunned. She bites her lips and thinks of something. Then her tears come down.

"I'm sorry..." She cries out, "I... I can't control it."

Tang Duo hands her the tissue, "Then don't control, cry! Cry loudly!"

Some people look over secretly. Tang Duo doesn't care. Fang Diandian cries for a while and then realizes that others are looking at her. She sniffs and stops crying.

"Is it related to Tang Cao?" Tang Duo says definitely.

Fang Diandian immediately denies, "No."

“Are you sure?”

She doesn't remember Fang Diandian. But even Lang Ruoxian said that Fang Diandian likes Tang Cao very much. Tang Cao is the only one who can make this girl so sad.

“I can help you if you say it.” Tang Duo hands over the tissue, “Crying can't solve the problem.”

Fang Diandian sobs and looks at her, “Sister Duo... Tang Cao... Did he tell you that he liked anyone?”

“No!” Tang Duo frowns, “He didn't say that. What do you mean? Does Tang Cao have anyone he likes?”

“Um...” Fang Diandian wipes away the tears that have just come out, “He sent her a very expensive gift.”

Tang Duo is stunned, “A gift? Who? Ning Lingshan?”

“So you know...” Fang Diandian can hardly control herself. Even Tang Duo knows it. It seems that Tang Cao is really with Ning Lingshan.

...What can she say?

Tang Duo wants to say it's not like that. But if Fang Diandian asks why Tang Cao bought a gift for Ning Lingshan, can she say that Tang Cao and Ning Lingshan spent a night in the hotel?

“Sister Duo, I'm fine.” Fang Diandian rubs her face hard. Tang Duo sees it and feels hurt.

“I'm just lovelorn.” She sniffs, “No. I'm not lovelorn. I just have a crush on him. Since he doesn't like me, I'll give up. Give me some time. I'll be fine in a few days.”

Tang Duo organizes the language and decides to rescue Tang Cao, “Um... Diandian! I can guarantee that Tang Cao doesn't like Ning Lingshan. As for why he sent Ning Lingshan a gift, you can ask Tang Cao directly. It's better than you guess here.”

“He doesn't like Ning Lingshan?” Fang Diandian doesn't even wipe her nose. She asks in a hurry, “Really?”

“Yes.” Tang Duo nods hard. She knows her brother. Tang Cao won’t like Ning Lingshan.

Fang Diandian stops sobbing and laughs, “Ha-ha... Then can I ask him?”

“Yes! Ask now!”

“No, no, no!” Fang Diandian wipes her nose and says, “I’d better ask him face to face...”

She believes in Tang Duo. Since Tang Duo says no, it should not be. She should ask Tang Duo earlier. These days, she feels miserable. Fang Diandian’s appetite suddenly gets better and she eats a big elbow.

However, when she stands in front of Tang Cao, she suddenly finds that she can’t ask.

### **Chapter 345 An’an Has a Fever**

“What’s the matter with you recently?” Tang Cao asks her.

They are invited by Chen Xiaopang today. Tong Yue and Su Tian are also here. Chen Xiaopang’s reason is that ten days have passed this month, but he still keeps himself as pure as jade. He wants to celebrate it...

“I’m okay...” Fang Diandian says calmly.

Tang Cao takes a careful look at her. He thinks she is strange. There must be something wrong with her. He wants to ask Su Tian for help when the dinner is over.

When Chen Xiaopang is drinking, his phone rings. He looks at the number and answers, “I’ve been waiting for you for half a month! You’re finally looking for me.”

“Hello, it’s me. How do you think of me?”

Seeing his disgusting face, Tang Cao wants to vomit. Everyone eats silently. Chen Xiaopang asks, pinching his throat.

“No problem! I’ll give you whatever you want. You are my baby! What? You want to act in the TV play. It’s okay! She has something you don’t have. Just buy, I’ll see you tomorrow...”

After hanging up the phone, Chen Xiaopang pats the table, “Stew a turtle for me. I want to take good care of my health. Tomorrow night I will fight till dawn!”

“You won’t be able to mend your kidney as much as you eat.” Tong Yue gives Su Tian some dish, “And I decide to deduct your salary this month. Your salary will be kept till the end of the year and distributed together with the dividend.”

“He is not afraid!” Tang Cao hums.

Chen Xiaopang’s father thinks that his son can still be rescued after he has made money from his own business. Chen Xiaopang’s father lets him follow Tong Yue to study well. He even increases Chen Xiaopang’s pocket money every month.

“Really?” Tong Yue’s eyes flash and he says, “It seems that I will take the time to talk to your father.”

Chen Xiaopang hurries to say, “No! I just want to make the girl happy! Besides, you can help me see which play to invest in later. Maybe you can make a profit.”

“Let me see if this girl is worth the price.” Tang Cao reaches out. Chen Xiaopang looks for a picture for him and says, “Is she beautiful?”

Fang Diandian also takes a look. The girl has blazing red lips and an awl face. She also has big breasts and a wide hip. Her skin can even glow.

“I don’t know if these things of hers are true.” She pouts.

Chen Xiaopang pours her a glass of wine, “Diandian, these things are certainly fake. She’s not like you! She is not as beautiful as Su Tian! But it doesn’t matter. I won’t spend my whole life with her. It’s okay for her to look good now.”

“Su Tian, do you think so?” Chen Xiaopang winks at Su Tian. To be honest, he didn’t like Su Tian at first.

He thought that she was just beautiful. She used her intelligence to play Tong Yue around. Tong Yue was such a crafty person! But he was fooled by her.

But after a few things, he changes his mind towards the girl. Now he is very happy to accept Su Tian into their circle. Even in private he occasionally asks her questions. She is smart. She doesn't laugh at him like Tong Yue.

"It's good as long as you like her!" Su Tian doesn't comment seriously when she knows that Chen Xiaopang's relationship with women is in chaos. That's his business. Chen Xiaopang has never forced others. Since it's a matter of mutual consent, it's none of the others' business.

"Is she an entertainer?" She asks one more question.

Chen Xiaopang snorts, "Not yet. She is an online celebrity. She just signed an agency recently. By the way, she said she wanted a G's bag."

"Ask Fang Diandian!" Tang Cao immediately says, "She helped me choose one before but it seems that it's not the G's bag."

Fang Diandian's hand shivers. The fish on her chopsticks falls to the ground.

"Why did you buy a women's bag?" Everyone's attention is on Tang Cao. No one pays attention to her abnormality.

Tang Cao says, "I sent it to others. What else could I do?"

"Who did you send it to?"

"It's none of your business!"

Chen Xiaopang sees that Tang Cao doesn't say anything, so he asks Fang Diandian, "Diandian, who did he send the bag to? Didn't he give it to you?"

"Why do I want him to give me the bag?" Fang Diandian glances at Tang Cao, "I can afford it."

"So who did he buy it for?" Chen Xiaopang is very curious.

Fang Diandian lowers her head and eats, "I don't know. He didn't say."

"Who on earth did you send it to?" Chen Xiaopang takes Tang Cao's chopsticks and says, "Don't leave the private room without saying it!"

Tang Cao scratches his head and says, "Well, I will say it. That day..."

He says what happened between him and Ning Lingshan. Fang Diandian finally grins. Seeing Su Tian looking at her meaningfully, she hurries to adjust her expression and says deliberately.

"I don't believe that you went to bed without doing anything that night!"

Chen Xiaopang says seriously, "I can prove that. I don't know others. But Tang Cao couldn't do anything. He is the one who wants to leave his virginity to his wife..."

Tang Cao covers Chen Xiaopang's mouth, "Will you die if you don't speak?"

"I'm here to vouch for your reputation." Chen Xiaopang gets away from him, "Ning Lingshan took it?"

"Yes." Tang Cao says strangely, "Why not?"

Chen Xiaopang touches his chin, "It doesn't conform to her style..."

"What's her style?" Fang Diandian is interested.

"She is simple and self-abased. She is afraid of being accused of taking advantage." Chen Xiaopang says with a familiar look, "I liked her at first but later I found out that I couldn't stand her character."

Fang Diandian looks at Tang Cao, "Do you think she has a good character?"

"It doesn't matter." Tang Cao nibbles at the crayfish, "She doesn't play with us. There won't be many opportunities to meet in the future. If I had not met her occasionally that night, I would not have gone drinking with her."

"Well! What bag did you just say you were going to send? I'll recommend one for you." Fang Diandian says suddenly in a good mood.

Seeing Su Tian smile all the time, Tong Yue whispers, "What's the matter?"

"It's nothing. I found something."

Tong Yue thinks that she has just been looking at Fang Diandian, so he says, "You mean Fang Diandian likes Tang Cao."

“You know?”

“Everyone knows except Tang Cao.”

Su Tian says, “Tang Cao really doesn’t know?”

“He doesn’t know.” Tong Yue says with a smile, “Tang Cao is very simple actually. He’s not enlightened yet!”

Tang Duo receives Fang Diandian’s call. On the phone, Fang Diandian says awkwardly that she knows why Tang Cao sent the bag to Ning Lingshan.

“But, Sister Duo, I think Ning Lingshan is a little strange.” She hesitates, “I asked her who gave her the bag that day. I can see from her expression that she and Tang Cao are not ordinary friends at all. She’s a little shy...”

“Really...” Tang Duo squints, “If you have a chance to meet her again, you can test her. What’s more, no matter what she says, you can’t believe her. You can ask Tang Cao. Do you know?”

Fang Diandian agrees at the other end of the phone. She even hopes to meet Ning Lingshan.

Christmas is coming soon. This year, Gungun’s school organizes students to visit Santa Claus and the aurora in a remote Arctic village. Gungun and Wuyou sign up. The school has an early holiday. Lang Ruoxian and Tang Duo take them to the airport. They get together and fly over.

“Mom, don’t worry. I will take good care of Gungun.” Before entering the security check, Wuyou says to Tang Duo like a little adult.

Tang Duo touches her head, “You can take care of yourself. Gungun is a boy. She should take care of you.”

“I will take care of Wuyou!” Gungun says immediately.

Tang Duo says a few more words and then watches the two little guys pass the security check with the big group. Then they go back to the car. When Lang Ruoxian wants to ask Tang Duo if she wants to go shopping, he receives a call from Bai Susu.

“Ruoxian, are you back?”

“We just leave the airport. What’s the matter, Mom?”

“An’an suddenly has a fever. I have called our family doctor.” Bai Susu is anxious.

Lang Ruoxian glances at Tang Duo and says, “Mom, don’t worry. We’ll go back right away.”

“Did something happen to the twins?” Tang Duo knows there is something wrong from his expression.

“Mom says An’an has a fever. She has called the doctor.” Lang Ruoxian starts the car, “Sit well. We will go home.”

When they came out, the twins were still sitting on the carpet in the living room and playing. When Lele saw his brother and sister go, she hummed a few words. She knows people earlier than An’an. She has been able to distinguish many people in her family.

“How can An’an have a fever?” Tang Duo mutters. She is worried all the way.

The twins are premature babies. They have paid attention to nutrition. An’an and Lele are nearly eight months old and have never been ill.

“Is it because of the previous vaccine?” Tang Duo’s thinking begins to spread. Many children will have the side effects of fever and cold after those domestic vaccines are vaccinated. Maybe...

“No.” Lang Ruoxian pats her hand, “We saw the vaccine deliver. There can be no problem. Don’t scare yourself first. Maybe it’s a common fever.”

By the time they get home, the doctor has finished checking for An’an. Tang Yao holds Lele in his arms. For the first time, she sees a stranger at home. She stares at the doctor with her big eyes.

“Mom! Doctor.” Tang Duo runs to the room upstairs, “What’s the matter with An’an?”

Bai Susu feeds water to An’an and says, “The doctor said it was a fever caused by tonsillitis.”

“Does An’an need to go to the hospital?” Lang Ruoxian frowns, “What caused it?”

The doctor removes the stethoscope, “The weather is dry. The baby’s own resistance is weak. The fever is caused by tonsillitis. It is normal. The baby’s temperature is a little over 37 degrees. It is nothing serious. It is also not recommended to go to the hospital. You can wipe the baby’s body with alcohol at night and cool down physically.”

“Does he need to take medicine?” Tang Duo sees An’an still smiling at her. She holds him up in her arms with heartache.

After thinking about it, the doctor prescribes the antipyretic.

“If the baby has a fever of 38 degrees in the evening, he can take the antipyretic. If the fever does not subside tomorrow afternoon, he should be sent to the hospital.”

“Why is Lele okay?” Tang Yao asks, “Both children eat the same food.”

The doctor smiles, “Even twins have individual differences.”

“Then shall we separate them?”

Finally, Lele is taken to Tang Duo’s room. Lang Ruoxian accompanies her. Tang Duo, Bai Susu and the housemaid cool An’an down physically by wiping An’an’s body with alcohol. However, in the latter half of the night, An’an’s temperature rises sharply to 39 degrees.

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

### **Chapter 346 The Lunatic Tame Head**

Tang Duo quickly takes antipyretic for An’an but half an hour later his temperature is still very high.

Tang Duo and Bai Susu are in a hurry. There is a heartbreaking cry outside the door.

Tang Duo jumps out of bed, “It is Lele!”

“She keeps crying and pointing with her fingers.” Lang Ruoxian comes in with Lele in his arms.

Tang Duo wants to hold Lele in her arms but Lele waves her little fat arm to avoid.

“What’s wrong with her?” Bai Susu is surprised, “Why doesn’t she let you hold her?”

“I don’t know...” Tang Duo tries again but Lele is still unwilling.

Lang Ruoxian frowns and walks directly to the bedside with her in his arms.

“Ah...” Lele shouts to An’an who is lying on the bed.

Tang Duo stops Lang Ruoxian, “Don’t let her go. What if she is infected?”

“I asked the doctor before. It’s not a viral flu. It’s not contagious.” Lang Ruoxian appeases Tang Duo, “Let’s try. If Lele has any reaction, I will hold her and leave immediately.”

At this time, An’an wakes up. He probably feels uncomfortable and begins to cry.

Lele cries louder. Her whole body tries to get down. If it weren’t for Lang Ruoxian’s strength, she would fall.

Lang Ruoxian puts her beside An’an. Lele sits down. Then she falls down to hug An’an.

Lele sobs. An’an seems to see her. His cry softens. They lean their heads together and gradually stop crying.

“The temperature is down!” Bai Susu is surprised to find out and then shows them the thermometer.

Tang Duo takes a look and breathes a sigh of relief, “It’s great... Shall we go to the hospital?”

Bai Susu looks at Lang Ruoxian. Lang Ruoxian looks at An’an and Lele with dark eyes, “Don’t worry. Let’s wait and see if An’an will have a fever again.”

“Mom, you go to have a rest. I’m here with Hua.” Lang Ruoxian looks at his watch. It is almost two o’clock in the middle of the night.

Bai Susu is worried about them and is unwilling to go. In the end, Tang Duo tries to persuade her to leave. The housemaid also leaves. Only Lang Ruoxian and Tang Duo are left. Tang Duo asks.

“Have you found anything?”

Lang Ruoxian is cautious. He won't let An'an not go to the hospital...

“I believe the doctor's examination is right.” Lang Ruoxian closes the door, “He said that An'an had a fever caused by tonsillitis. There won't be other complications so soon.”

“What time did you find An'an's temperature suddenly rise?”

Tang Duo thinks about it, “It's about one o'clock. What do you mean?”

“Lele also suddenly woke up at that time and then she cried.” Lang Ruoxian squints, “The doctor also said that if An'an took antipyretic, it would be usually effective in ten minutes and it wouldn't take that long. After all, An'an is so little.”

Tang Duo's pupils slowly dilate and she says, “But An'an brought down the fever after Lele came.”

“Do you remember that Huo Liyun has been to Tai Island?” Lang Ruoxian's eyes are cold. Tang Duo is shocked and her voice trembles, “You... She...”

Is it not her but her two children that Huo Liyun is trying to hurt?

Tang Duo suddenly stands up. Lang Ruoxian stops her, “What are you going to do?”

“I don't know but I can't sit here!” Tang Duo is very anxious and angry, “If I know that she did this, I'll kill her!”

Lang Ruoxian holds her shoulders, “We are not sure so I said that we should wait and see. I'll take Lele away and see if An'an has a fever.”

“But why did Lele come here and An'an's fever subsided?” Tang Duo thinks it strange. Does Huo Liyun want to hurt the twins separately?

“I guess it's because of this.” Lang Ruoxian takes out the jade pendant given by Master Qingchen from Lele's arms. The jade pendant still has Lele's body temperature, which is almost transparent and flows in the dim light.

Tang Duo hurries to hold it in her hands, “Last time Master Qingchen said that everyone's destiny was different, so she didn't give An'an.”

“Master Qingchen once stressed that the jade pendant can’t leave Lele. Since she attached so much importance to it, the jade pendant is certainly not a common thing. It’s a powerful thing that has been consecrated for so long before the Buddha. It’s just right to deal with the evil things.”

“Can we look for a master?” Tang Duo thinks for a moment, “I’ll let Tang Cao go to the nunnery at dawn.”

In the early hours of the day, Lang Ruoxian takes away Lele who is sleeping. After a while, An’an begins to have a fever again. Tang Duo asks him to take Lele back. An’an’s temperature gradually becomes normal again.

“It’s not a common disease...”

Tang Duo says coldly, “I’m going to the house of the first branch.”

“What are you going to do?” Bai Susu, who gets up early, is not at ease. As soon as she gets to the door, she hears Tang Duo’s words.

Tang Duo glances at Lang Ruoxian and Lang Ruoxian nods.

“Mom, there’s something I haven’t told you...”

When Tang Duo finishes, Bai Susu trembles with rage. She stands there and thinks coldly, “Ask Tang Cao to get up and ask him to find Master Qingchen. Your father knows some masters in this field. Let him invite them to have a look.”

Tang Yao and Tang Cao are woken up in a daze. When Tang Cao hears that An’an may be cursed, he has no time to wash his face. He drives away immediately. Tang Yao calls a master he knows. Although it’s still dark, the situation is urgent. The master rushes over without saying anything.

“I really underestimate this woman!” Chang Pei’e walks back and forth with the beads of Buddha. Bai Susu is afraid that Chang Pei’e will be very angry, so she holds her.

Chang Pei’e turns for a while and sighs deeply, “Because her children are dead, she wants other people’s children...”

“Grandma.” Tang Duo hugs Chang Pei’e, “Don’t worry. An’an will be okay.”

At dawn, a master invited by Tang Yao finally arrives. The master in his 50s wearing a tunic suit is very famous in Yanjing. He is called Yanshan Master. He carefully looks at An'an's situation. When he sees the jade pendant on Lele, he breathes a sigh of relief.

"Fortunately, you found it early. It's a kind of Tame Head."

Bai Susu asks in a hurry, "What will happen to my baby? Is there any way to solve it?"

"This jade pendant is a good thing." Yanshan Master is envious and says, "Its Buddha spirit is very heavy. It's definitely a century old thing. And it bathes in Buddha's light day by day. It has Buddha nature."

"If it weren't for it, the baby's body wouldn't react to the curse so early. The fever is a warning to us. Otherwise, it will take another few months to find out. At that time, the baby will lose half of his life." Yanshan Master smiles, "Is this jade pendant from Master Qingchen?"

Chang Pei'e nods, "Do you know Master Qingchen?"

"I have seen her several times. But we all know that she has an antique in her hand. A few years ago, there was a senior who wanted to ask for it to be a musical instrument. Master Qingchen said that he was not predestined. I didn't expect that she gave it to a baby."

Yanshan Master looks at Lele and says, "The destiny is really amazing..."

Tang Yao doesn't care so much. He begins to sob when he knows that An'an is not normally ill. He holds An'an's hand. The twins are awake. See so many people around them, they giggle.

"What shall we do now?" Tang Duo asks, "If we don't break the Tame Head, will my son be okay?"

Yanshan Master nods, "The fundamental method is to solve the curse. But if you want to solve the curse, you have to find the person who cursed first."

"We know where she is." Bai Susu stands up, "Master, please come with us."

Yanshan Master shakes his head, "I'm not in a position to take part in the grudges of your rich families. Take this."

He hands Bai Susu a small porcelain and says, "It's made of cinnabar with black dog blood and the good thing that my master used to make. This kind of Tame Head usually has a container. When you find the container, pour it in the container and then drop the container. The curse will be solved."

"But..." Yanshan Master pauses and says, "This kind of Tame Head needs to use human blood and essence as a medium. Once the curse is solved, the holders of blood and essence will backfire."

"Will she die?" Tang Duo asks.

Yanshan Master shakes his head, "I don't know but she won't be better. If she curses in a cruel way, the backfire will be severe. If she curses generally, she'll live a few years less."

"Mom, I'll go with Ruoxian." Tang Duo is going to find Huo Liyun to settle accounts.

Bai Susu stops her, "No. I'll go with your father."

"Yes, you go with Tang Yao." Chang Pei'e pats Tang Duo's hand, "It's inconvenient for you to go. Let Susu go. Don't worry too much then. If someone stops you, you can beat them to death!"

Lang Ruoxian hangs up the phone and says, "I've let the bodyguards go. They're waiting at the gate of the first branch."

Early in the morning, Tang Ming and Huo Liyun are having breakfast.

"Did Tang Jie and Tang Yu's family both go abroad?" Tang Ming puts down his newspaper, "You didn't want them to go out for Christmas in the past. Why did you take the initiative to let them play this year?"

Huo Liyun smiles, "Do you want them to accompany us for the festival? I used to think western festivals were nothing. But since our children like, how can I be a bad person?"

"It's great that you can think so." Tang Ming takes a look at her, "Don't stay at home all the time. You can go shopping and play mahjong. Don't you like these?"

Huo Liyun bows her head and takes a sip of soup, "It's so cold. I don't want to move."

"Then don't stay in the room." Tang Ming glances at her, "People who don't know must think you have some treasure in it."

"What?" Huo Liyun's eyes flash, "What can I have? I..."

Bang! Someone smashes the door.

"What's the matter?" Tang Ming puts down his chopsticks. The housemaid hurries to open the door.

"This is the courtyard. There shouldn't be other people coming in here, right?" Huo Liyun doesn't know why she is a little flustered.

Tang Ming stands up and walks to the living room. As soon as he walks out of the dining room, he sees Bai Susu and Tang Yao enter fiercely.

"Why are you here?" Tang Ming says faintly, "Don't you say you won't come to our house?"

Bai Susu's eyes sweep over him and fix on Huo Liyun in the back.

"Huo Liyun!" Tang Yao shouts, "You crazy woman, take the thing out."

Tang Ming frowns, "Tang Yao, although we don't get along well now, after all, we are relatives and Liyun is your sister-in-law. Isn't it inappropriate for you to say that?"

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

### **Chapter 347 Scheme**

"I'll knock the daylight out of her!" Tang Yao says and is going to beat her.

Tang Ming stops him and asks the housemaid to call guards at the door. However, Bai Susu brings many well-trained bodyguards. They easily drags those guards out, which scares the housemaid so much. She almost wants to call the police.

“If you want the police to catch your wife, you can call the police.” Bai Susu sneers, standing in the center of the living room. She suggests, “You’d better ask her what she did.”

Huo Liyun wants to sneak back to her room when they are quarreling. But a bodyguard blocks her way by standing on the stairs.

“What did you do?” Tang Ming asks her.

Huo Liyun says with her stolid face, “What can I do? I’m just a woman. But now you make trouble to us. Do you think you can bully us as you wish because we are powerless?”

“You can call the police.” Bai Susu smiles, “I won’t stop you.”

At this time, Tang Yao is running upstairs, which makes Huo Liyun scared. She pushes the bodyguard desperately and finally passes through under the bodyguard’s legs.

“Liyun, are you crazy?” Tang Ming roars, but Huo Liyun has no time to answer him. She runs to her room in panic.

Bai Susu follows Tang Yao. She asks Tang Ming as she passes by, “Don’t you really know what she did?”

“What did she do?” Tang Ming frowns, “What’s going on?”

“You will know after going upstairs and having a look.”

Before they get to the room, they have heard Huo Liyun’s shouts.

“What are you going to do? Get out! Get out of here!”

“Go away!” Tang Yao’s voice is also loud. He says, “Where did you put it? You are an evil creature.”

Huo Liyun’s room has been in a mess. Tang Yao is rummaging through her cloakroom and all her sheets and pillows are thrown to the ground.

“Tang, stop him quickly. Hurry up!” Huo Liyun can’t stop Tang Yao. She grabs Tang Ming as soon as she sees him coming.

Tang Ming asks, “What are you hiding?”

“...” Huo Liyun says nothing, biting her teeth and looking at him, “Don’t you care about my life or death?”

“Nonsense. How can I help you if you don’t tell me?” Tang Ming feels something is wrong with her.

He knows that Huo Liyun wants to revenge the second branch of Tang Family, but he is also clear that Huo Liyun can’t make a huge trouble to them by burning incense and praying in Tai Island. But now it seems that the thing isn’t as simple as his thoughts.

“Take her.” Bai Susu asks bodyguards to catch Huo Liyun, no matter what Huo Liyun and Tang Ming think. Huo Liyun struggles so violently that her hair and clothes are all unkempt.

Tang Yao searches for a long time but doesn’t see any containers. He becomes agitated like an ant on a hot pan. Tang Ming thinks for a while. Then he goes to take off a picture above the bed. A closet is there.

“Don’t touch it!” Huo Liyun turns crazy and wants to run over. But she is stopped by two bodyguards.

As soon as Tang Yao sees it, he pushes Tang Ming away and opens the closet. Then he takes out a black jar and hands it to Bai Susu.

Bai Susu opens the jar and a stench pervades the room suddenly.

“No! No!” Huo Liyun yells at them crazily, “You kill my son and daughter. Why can’t I revenge?”

Tang Ming seems to understand something at this time. He quickly turns his head and stares at Huo Liyun. He asks, “Are you insane? Who did you do this to?”

“Your son and daughter are dead because they brought trouble to themselves and you didn’t teach them well. It’s none of our business!” Tang Yao roars back. As this time, Bai Susu has poured the contents of the porcelain bottle into the black jar, which makes a hiss. Then Huo Liyun suddenly starts screaming.

Tang Yao raises the jar and says, “How about smashing it to pieces?”

“Smash it!”

“No!”

Crack! The jar falls on the marble floor and is split into pieces. Black liquid flows out of the jar, which smells disgusting like something burning. The liquid seems to be controlled by something. It twists on the ground for a few times, and then suddenly begins to smoke.

When the smoke clears, the liquid on the ground also disappears.

“Ah, ah, ah...” Huo Liyun’s screams becomes louder. Tang Yao is shocked when he takes a look at her.

Huo Liyun is climbing on the ground. Her hair turns gray and her hands are full of wrinkles. When she looks up, Tang Yao can’t help but step back.

“It backfires on her...” Bai Susu looks at Huo Liyun and murmurs.

Now Huo Liyun has become an old woman. Her face is full of wrinkles and black spots. It seems that she can’t see clearly. She shakes her head, looking for something.

“Mr. Tang!” Several soldiers rush in. They just called for help. Now, dozens of them stand at the door and are too shocked to move when seeing Huo Liyun climbing on the ground.

“All of you go out now.” Tang Ming says. He reacts at the first time that he can’t let other people know it.

Soldiers look at each other with confusion and want to ask what happened. But they are stopped by their captain and leave one by one. Then Tang Ming begins to say when only Tang Ming, Tang Yao and their wives are left in the room.

“Who did she lay a curse upon?” Tang Ming asks. He is well-informed in that high position. So when he remembers she has been to Tai Island before, he immediately understands that Huo Liyun must swears at someone.

Bai Susu looks at him coldly and says, “She swears at our twins who are less than one year old.”

“You deserve it!” Tang Yao blows a raspberry, “This is your retribution.”

Tang Ming takes a deep breath and turns his eyes on Huo Liyun for a while. Then he says, "Well, it's Liyun's fault. However, as cousin just said, she has paid the price. I'll take her to the hospital now. Let's talk about it later."

When Tang Ming takes Huo Liyun away, Bai Susu takes a picture of the fragments of the black jar. Then she leaves without worry. On the way, she sends the photo to Yanshan Master. He tells her that it's all right now.

"Dad, Mom!" Tang Duo hurries to the door when she sees them.

Bai Susu claps her hand and says, "It's OK. We settled all."

"How about Huo Liyun?" Chang Pei'e asks.

Tang Yao begins to describe the terrible situation of Huo Liyun proudly.

"Retribution! Retribution..." Chang Pei'e murmurs. She turns the beads on her hand and then asks, "What about Tang Ming? What did he say?"

Bai Susu helps Chang Pei'e sit down and says, "He neither denied it this time nor covered for Huo Liyun."

"It's weird..." Lang Ruoxian frowns, "He should have known what Huo Liyun has done..."

Tang Yao asks, "Ah? How could he know? He seemed to know nothing when we went there!"

"No." Lang Ruoxian's pupils are contracted for a moment. He says, "Tang Ming must know it. When I sent someone to Tai Island to check, I found other people also investigate it. Later, Shu Sheng found out that these people were private detectives of Tang Ming."

Bai Susu's face changes, "Do you mean that Tang Ming knows what Huo Liyun has done from beginning to end?"

Lang Ruoxian nods.

"Then why..." Tang Yao opens his mouth but doesn't know what to say.

Chang Pei'e sneers, "He pretends not to know. If Huo Liyun succeeds, our family will be ruined. If it doesn't work, it'll be Huo Liyun's wrong and he'll have nothing to lose by then."

“He wants to give up Huo Liyun.” Tang Duo seems to think of something. She asks, “Does he have a mistress?”

Lang Ruoxian never thinks about that and is stunned for a moment. Then he calls Shu Sheng. Soon Shu Sheng finds out much information.

“Sure enough...” Tang Duo looks at the woman in the picture and says, “I’ve seen her at a party. She left with Huo Liyun who had fainted at that time.”

“Her goal is not Huo Liyun. She wants to attract Tang Ming’s attention by contacting Huo Liyun.” Lang Ruoxian takes a few look at his mobile phone and then puts it down. He says, “Tang Ming’s been finally together with her last week. The next day, he transferred a set of high-end commercial housing in Nan City to her.”

Chang Pei’e also sees the picture of that woman and sighs, “This girl can be Tang Ming’s daughter...”

“Huo Liyun’s current condition isn’t good. She can’t live too long.” Bai Susu hisses. Tang Ming is really good at scheming, “He wants to marry a younger wife when Huo Liyun dies.”

Tang Yao shivers, “How... How terrible!”

“He is dreaming!” Tang Duo sneers, “Huo Liyun has reaped what she had sown. But Tang Ming will also be punished.”

Lang Ruoxian touches her hair. Recently, he often touches Tang Duo’s hands and her hair. Because he wants her to get used to his touch slowly. Then he can hug and kiss her gradually.

“Yes. He is dreaming. After Huo Liyun dies, someone will be more anxious than us.”

Bai Susu’s eyes brightens instantly. She asks, “Do you mean Tang Jie and Tang Yu?”

“Not only them,” Lang Ruoxian raises his eyelids and says, “Hua Family will also be nervous.”

Hua Yating has always lived in Tang Family. But recently, she isn’t in Yanjing because she goes abroad with Mrs. Hua.

“If Tang Ming has another son...” Tang Duo understands.

Bai Susu claps her hands and says, “Well, we’d better take no action at present. Let them fight with each other first.”

The girl called Bao Yi must be very smart because she can scheme against Tang Ming and marry into the Tang Family. She might make trouble to Tang Ming later...

“Woof, woof, woof!” Lulu suddenly runs down the stairs.

Tang Duo immediately goes upstairs and asks Lulu, “Are the babies awake?”

“Woof!” Lulu wags her tail and follows Tang Duo.

With Lulu, they don’t need to install a camera at all. Lulu will bark if the twins have any movement. What a good helper it is!

At noon, Tang Cao comes back alone.

“Where is Master Qingchen?” Bai Susu takes a look over his shoulder.

Tang Cao throws up his hands and says, “A little nun said that Master Qingchen has roamed. Master Qingchen asked the nun to tell us some words like some good things would happen after the calamity when we found her.”

“You can’t even remember all words Master Qingchen said!” Bai Susu complains and gives him a knock on his head.

Tang Cao rubs his eyes and says, “Mom, I’m so tired after driving back and forth for more than 500 kilometers. How’s An’an?”

“He’s all right.” Bai Susu tells him what happened again.

Tang Cao scolds Tang Ming angrily. But he is stunned for a while when he sees the picture of the girl named Bao Yi. Then he goes to call Chen Xiaopang with an indecent expression.

An’an doesn’t have a high fever. But his body has been hot for three days. Now he is a lively kid again.

“Mom! Grandma!” Tang Duo calls mysteriously when she sees the two kids biting toys on the carpet, “Do you think An’an seems to become different?”

“What’s different?” Chang Pei’e asks. She is knitting a sweater without raising her head.

Tang Duo pulls Bai Susu and says, “Mom, look! The face of An’an becomes different.”

“...” Bai Susu takes a look at An’an and then stares at Tang Duo. She says, “Babies are all like this. They will grow a little after the illness. It’s not strange.”

Tang Duo looks so shocked. She never heard this theory before!

### **Chapter 348 Huo Liyun’s Requirements**

After receiving the news, the Tang Yu brothers and their wives rush to the hospital as soon as they step off the plane. When they see Huo Liyun on the bed, they are all shocked.

“Dad! What’s wrong with Mom?”

Tang Ming takes a look at his sons, but he chooses to ask Zhao Mei and Yang Yanqing behind them.

“Did your mother-in-law bring back a black jar from Tai Island?”

Zhao Mei and Yang Yanqing have already been scared stiff by Huo Liyun’s appearance. They can’t believe that few days later, Huo Liyun becomes an old lady with wrinkled face and gray hair. She is like an old lady in horror films.

“Yes... She got a black jar from the temple.” Zhao Mei says in a low voice.

Yang Yanqing’s throat rolls a little. Then she says, “I wanted to help her take it, but she looked so angry and didn’t allow us to take it.”

“Your mother swore at the twins of the second branch of Tang Family. But Bai Susu found that and got rid of the curse. As a result, she was backfired and became like this.”

The two brothers have a look at each other with strange eyes. But soon they approach to Huo Liyun.

“Mom? Mom, can you hear me?”

Huo Liyun slowly opens her eyes. After seeing her two sons, she becomes a little excited. She groans for a long time but she can't speak clearly. Then her body trembles and she faints again.

"Call a doctor quickly!" Tang Jie shouts.

Zhao Mei and Yang Yanqing hurriedly run to the door. The doctor comes quickly and gives Huo Liyun an injection. Then her breathing becomes stable.

"Mr. Tang, you see..." The doctor has never seen such a patient. Huo Liyun is only in her fifties, but her organs seemingly belong to a person who is seventy or eighty years old. She can just live for a few days.

Tang Ming waves his hand to show he has known it. After the doctor leaves, he looks at the Tang Jie brothers and says, "You'd better accompany your mother during this time..."

"Dad..." Tang Jie can't help saying, "Don't we take any actions? My mother..."

"What else can we do?" Tang Ming's face becomes cold. He asks, "Do you want to get even with Bai Susu and her family? Do you want everyone know that your mother swears at babies?"

Tang Jie keeps silent. A lot of people in their circle raise little ghosts or gods to change their fate and get money. They just want to be rich. But they seldom harm people, because it is too insidious and costly.

People usually give up everything to lay a curse upon others. Thinking of this, Tang Jie has some resentment in his heart. Did Huo Liyun ever think about her sons? If she dies, Tang Jie and his brother will be more embarrassed in Tang Family...

"I'll go back to the company first. Take good care of your mother." Tang Ming says. Then he goes away. The two couples are left in the ward and don't know what to say for a while.

"You two can go home now." Tang Yu says finally, "We brothers will accompany her in the hospital."

Zhao Mei and Yang Yanqing all agree with that. They are very afraid to take a look at Huo Liyun. After they leave, Tang Jie's face turns dark.

“Elder Brother, what should we do?”

“How could I know?” Tang Yu rubs between his eyebrows and complains, “I think Mom must be crazy. Otherwise she wouldn’t do it.”

Tang Jie walked for two circles and then says, “I’ll ask the doctor about Mom’s condition. If the doctor can’t cure her, we can find a good master to make Mom live as long as possible.”

Tang Duo, Tang Cao and Tang Yao are particularly interested in the fact that An’an suddenly looks different. Although the twins were not similar when they were born, their facial features were almost the same. Now An’an looks different suddenly, which makes it a little strange to put two babies together.

Of course, only three of them think it so strange that they look at the twins for a long time every day. After the New Year, Lele also has a fever caused by virus flu. When the fever is down, Tang Duo finds that her daughter’s face also changes.

“It’s true that babies will grow after the illness!” Tang Duo hugs Lele and looks at her carefully. No wonder many babies are abducted and sold, she thinks. The longer it takes, the harder it is to find these babies because they will grow. Mothers may not recognize them even if they meet them on the street.

Recently, the little twins begin to climb. An’an tries very hard to climb on the carpet every day. But he can’t move a little and has to lie there like a little turtle. Lele is lazy. She doesn’t want to move even if she is turned over and put on the ground.

At this time, Lulu will climb beside her and wants to teach her how to climb. Unfortunately, only An’an studies hard. Most of the time, Lele just takes a few look at Lulu and lies there.

“Lele is as lazy as Gungun.” Tang Duo says. But Gungun feels very happy when he hears that on the side of Tang Duo.

“Of course my younger sister is like me!” Gungun says. He recently has a secret that no one knows.

Only Tang Duo finds that Gungun often tells An’an confidentially to study hard in the future. Tang Duo once asked him why he said that. Gungun answered her with his serious face.

“Mom, it’s just my good hope for my younger brother. Don’t you want your son to be successful?”

Tang Duo sneered in her heart. I wouldn’t believe your nonsense, she thought.

“You’re smarter than me. Do you know Gungun’s intention?” Tang Duo goes to ask Lang Ruoxian.

Lang Ruoxian smiles, “Maybe he wants his younger brother to manage the company so that Wuyou doesn’t need to work hard.”

“... Is your son so clever?” Tang Duo doubts. Everyone says Gungun is innocent and cute. But now it seems not true...

“Don’t you often tell him that Wuyou is his wife and he should take good care of her?” Lang Ruoxian curls the corner of his mouth and says, “Gungun used to be too young to understand that Wuyou would manage the company. But now he is older. Maybe he finally realizes it.”

It is really what Gungun thinks about. How tired it is to manage the company! His Grandpa, Uncle, and Mom just need to live for enjoyment and they are so happy every day. Only his father has to go to company and work hard.

Alas! What a pitiful man...

Gungun doesn’t want Wuyou to be so pitiful in the future. Since he has An’an, he should train An’an to study hard since childhood so that An’an will go to work in the company! Well, that’s it! Gungun is happy to think about it.

“... Okay.” Tang Duo feels her family are so unique.

“Look at the first branch of our family. To get the company and poverty, their family has been ruined. Are the members of our family are too idle...”

Lang Ruoxian touches her nose and says, “Why don’t you go to the company with me tomorrow? You can learn how to manage the company first.”

“No.” Tang Duo sternly refuses, “I’m helpless. Don’t try to make me work hard.”

In the first branch of Tang Family, Tang Yu and his brother try to look for some solutions to save their mother. But they finally give up. Just like the doctor's words, Huo Liyun will die soon.

"Mom, how do you feel today?" Tang Jie opens the curtain to make the sun come into the bedroom.

Huo Liyun lives in the hospital for half a month. Tang Ming generously buys a lot of expensive nutritious drugs for her. So she doesn't need to lie on the bed, but she is still like a dying old woman.

After Huo Liyun comes back home, she neither talks with people nor eats. Later, Tang Yu and his brother have a talk with her. Then she begins to have a desire to live.

"As always..." Huo Liyun sits up. Does she have hatred? Of course she hates. She dare not even look at herself in the mirror these days. No one can bear waiting to die day by day.

Tang Jie helps her up and says, "It's a nice day today. Let's go to the garden to bask in the sun later."

"Where is your father?"

"...He goes to find that woman." Tang Jie pauses for a while and then says, "Mom, now we..."

Huo Liyun raises her hand to interrupt him, "I'm not dead yet. Don't worry. I won't let the things that belong to us be taken away by that woman."

Just when she doesn't want to live, her two sons give her a bunch of photos. The photos show that Tang Ming has a young and beautiful mistress outside... Huo Liyun almost cries to death. But she hears her eldest son's question.

"Mom, have you ever thought about me and Tang Jie? Tang Rui is your son. But he is dead. Aren't we your sons? You know that without you, I and Tang Jie can't even stay in the Tang Consortium. In the past more than ten years, we've done everything for Dad. While we won't get anything in the end!"

Huo Liyun finally realizes that she is wrong. She only wants to revenge her son and daughter, but she forgets Tang Ming. He won't give the company to

Tang Yu and Tang Jie. No matter how many years they call their father, they are outsiders in Tang Ming's eyes.

"I will try my best to help you get it, but you must promise that you will not rob Tang Rui's poverty." Huo Liyun looks at Tang Jie and says, "Although he's dead, he has a son."

Tang Jie sneers in his heart, but his face is very serious. He says, "Mom, you think too much. Eldest Brother has told me about it long ago. You should rest assured. Behind Hua Yating is Hua Family. We and Dad must think about Hua Family's attitude before we do something."

Huo Liyun knows that she doesn't have much time. So Huo Liyun calls Tang Ming to talk in the study when he comes home.

"Have you known that?" Tang Ming asks.

Huo Liyun looks at the man in front of her. They have been married for more than 20 years. Even though there is no love between them, they have the ties of kinship. She doesn't blame him about her experience. But can't he wait for a short time? She is going to die. Can't he find another woman after she is dead?

"Don't worry. I'll marry her after you pass away." Tang Ming takes the initiative to say. After all, he is errant.

Huo Liyun sneers, "I don't care about your assurance. I want you to make a will."

"... Liyun, I..."

"I don't care about you." Huo Liyun looks crazy in her eyes and says, "My sons and I have been working hard for you for decades since we came to this family. When I die, you will marry another woman. What will Tang Yu and Tang Jie get when you have a son?"

"It won't happen. Believe me." Tang Ming never wants to hurt them. He says, "Like you said, although they are not my sons, the father-and-son type of connection between us won't change."

Huo Liyun nods, “Well, then you won’t be afraid to make a will. Tang Ming, I’m dying. I’m not afraid of anything. If you don’t agree, I won’t let you go after I die!”

Tang Ming’s heart sinks. He looks at her a little angrily. After a long time, he finally nods.

“Okay! I will make a will.”

Huo Liyun wants Tang Yu and Tang Jie to take 25% of the company’s shares apiece, and Tang Rui’s son, the grandson of her and Tang Ming, to take 40% of the company’s shares.

“Impossible!” Tang Ming refuses, “Although Tang Yu and Tang Jie only have 25% apiece.

But they have more shares than my grandson.”

Huo Liyun thinks about it for a while. And then she says, “OK, let’s take a step back. Tang Yu and Tang Jie get 40%, and Tang Rui’s son gets the rest 50%. You can give your mistress 10%.”

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

### **Chapter 349 A Family of Four And Their Dog**

Tang Ming hesitates again. Huo Liyun stares at him and smiles.

“Tang Ming, you are so old but you want to marry a girl who can be your daughter. Well, you are clear that she just wants your poverty, right? If she knows that she will only get 10% shares, do you think she will marry you?”

“Let’s talk about the company.” Huo Liyun’s eyes become cold. She says, “You know the company’s situation during these years. Without Bai Susu and the Tang Yu brothers, the company won’t exist after you retire. Do you want to give all these to that b\*\*\*h and her children? Bah! You’re dreaming!”

“What are you talking about?” Tang Ming is a little annoyed. He says, “I always treat the Tang Yu brothers as my own sons. How can I treat them badly?”

Huo Liyun sneers, “I don’t believe you. Do you think I only learn how to swear from Tai Island? I’m dying. But you still want a new wife. Do you want to share my end?”

“How irrational you are!” Tang Ming stands up and asks, “Do you want to turn against me now?”

“I’m dying and have no time to coax you.” The skin on Huo Liyun’s face is shaking and seems to fall down. Tang Ming can’t help taking a few steps back. Then he grits his teeth and finally promises.

“Okay, I will make a will as you wish!”

Lang Ruoxian knows that Tang Ming calls a lawyer. Although he doesn’t know what Tang Ming is going to do, it’s not hard for him to guess.

“It’s convenient for us.” He tells Bai Susu, “We don’t need to do anything. They will have internal problems.”

Bai Susu’s eyes flash. She says, “We can help them...”

“Mom, Hua Family will be more willing to help them.” Lang Ruoxian curls the corner of his mouth and says, “Once they know that Hua Yating’s kid is not the only heir, they will take actions.”

Tang Duo secretly sends a message to Hua Zhong. After talking aimlessly for a short time, she asks Hua Zhong inadvertently.

“I don’t know what kind of disease my eldest aunt gets. She is dying.”

Hua Zhong replies, “I heard that she seemed to be bewitched. Yating will return home in a few days. We’ll go to visit her.”

Tang Duo says, “But what I heard is different from you. It’s said that she is sick because Eldest Uncle makes her angry.”

“...She is so angry that she gets sick?”

“Right! It seems that he’s got a mistress.”

Hua Zhong is speechless.

Tang Duo is cheering in her heart. When she turns her head, she sees Lang Ruoxian looking at her.

“I didn’t do anything!” She immediately says, “I just want to inform the Hua Family with the best of intentions.”

Lang Ruoxian doesn’t make a sound. He comes up to her and sits down. Then he says, “Gungun’s birthday is coming. He said he wanted us to travel this year.”

“His birthday is in March. He doesn’t have a holiday at that time.” Tang Duo is stunned and says, “Besides, we need to take care of twins...”

“So the place he chose is near Yanjing. We can go there on weekends.” Lang Ruoxian asks her, “Can we let Mom and Grandma to take care of twins for two days?”

“It’s OK...” Tang Duo still feels it strange and asks, “But why does he want to have a trip? His school just took them to northern Europe at Christmas.”

Lang Ruoxian says calmly, “Maybe he is jealous.”

“Jealous? Who is he jealous of?” Tang Duo is shocked.

“After all, he’s only 8 years old. He used to be the only child in our family. Now he suddenly has younger siblings. Everyone’s attention has been turned away from him, which may make him uncomfortable.”

Tang Duo looks at the man suspiciously. Is her innocent and cute son so sensitive? Besides, he is not the only child in family before. They have Wuyou!

“Wuyou is more like an adult than Tang Cao.” Lang Ruoxian seems to know how she thinks. He says, “I think it’s better to take him out, otherwise it’ll be more troublesome in case that he has psychological shadow.”

Tang Duo of course should agree with him. Bai Susu is very happy when she hears they will have a trip.

“Go to have a trip! Why not play more days? Don’t worry about the twins. I and your grandma will accompany them. Anyway, you just play with them at home and the persons who take care of them are us.”

Tang Duo doesn't know what to say.

"Dad, you should thank me this time." Gungun is bargaining with Lang Ruoxian where Tang Duo can't see.

Lang Ruoxian looks down at the little boy and asks, "What do you want?"

"You should take me to the place where Wuyou will receive training this summer." Gungun requests.

"I also want to take you there. But you are too weak. The drillmaster doesn't want to teach you."

Gungun complains, "...Dad, you will traumatize children if you knock their confidence like that."

"You won't be traumatized." Lang Ruoxian continues to knock his son's confidence, "Your brain's capacity is small. So you will forget that immediately."

"I'll tell Mom that you threaten me to have a trip on my birthday!" Gungun decides to expose his father.

Lang Ruoxian says, "Then I will send Wuyou to study abroad and make you have a long-distance love."

"Dad is the devil!" Gungun roars and then runs away.

When Tang Duo goes downstairs, she sees Gungun running so quickly as if he is chased by a dog. So she asks.

"What happened to my son?"

"It's OK. He wants to take Lulu for a walk." Lang Ruoxian asks a question to shift her attention, "Have you decided where to go?"

Tang Duo immediately cheers up and says, "Yes. There is an ancient town that is more than 100 kilometers from Yanjing. I haven't been there yet!"

"Is it the famous town on TV?" Lang Ruoxian has the impression that it used to be an ordinary town, but it becomes well-known recently after a very popular variety show was shot there.

“Yes! It’s North Ancient Water Town.” Tang Duo takes out her phone and says, “What do you think? If you agree, I’ll book a hotel. We can find a B&B to live. I don’t know if we can find an available one. It’s said that booking a room on the weekend is very hard...”

Lang Ruoxian sees her talking for a long time. Obviously, she is very happy to play outside. After she regained memory, she had a confinement in the hospital. Now she hasn’t been out to play for nearly a year. She must be so bored.

“We’ll go to the seaside for a holiday in summer.” Lang Ruoxian suddenly says.

Tang Duo looks at him for a few seconds and then feels a little shy. She stutters, “I... I don’t really want to play outside. I just... I just...”

“Well, I know.” The man interrupts her, “It’s I who want to play outside. You just accompany me.”

Tang Duo takes a deep breath. His love words have been so silent and subtle...

“Okay!” She is not affected. Only a foolish woman can resist such a handsome man who always speaks sugared words.

Lang Ruoxian smiles with his eyes. Tang Duo feels his eyes are like peach blossoms they saw in the peach blossom forest when it snowed last year. Pieces of peach blossoms flew in the air, and finally became beautiful and charming red mud.

On the weekend, a family of four have breakfast on time and prepare for departure. Lulu, who always stays with twins, unexpectedly wants to go together. After Tang Duo calls the hostel and knows that she can take pets, Lulu barks happily and jumps into the car.

“It’s slack season now. So we can’t fish.” Tang Duo gives them a printed itinerary and says, “Do you have any other ideas?”

Lang Ruoxian is in charge of driving. Without looking at it, he says, “No.”

The little heads of Gungun and Wuyou are close together and they whisper for a long time. Finally Gungun raises his hand.

“Gungun, you can speak now.” Tang Duo points at him.

Gungun asks, “Mom, can you add a game of haunted house in the itinerary?”

“Is there such a game in the ancient town?” Tang Duo reads the introduction on the Internet again. She is sure it doesn’t mention the haunted house.

Wuyou hands over her phone and says, “It just opened last month. Some students in our class have been there.”

“Is it fun?” Tang Duo wants to know if it’s a horrible ghost house.

Wuyou obviously doesn’t get the point. She shakes her head and says, “I don’t think it’s interesting. But Gungun likes it. Let’s go there!”

So Tang Duo believes that the ghost house just can scare children and it’s not terrible at all.

“We can go there!” She adds it in her itinerary.

When they are halfway there, Tang Duo finds that a village next the road seems to build something.

“It’s Hot Spring Villa of Bai Family.” Lang Ruoxian casts a glance at it and says, “The land behind it belongs to us. We’ll build a horse farm when it’s finished.”

Tang Duo giggles. She turns to ask two children, “Do you start to take equestrian lessons in school?”

“We began to learn it in summer.” Gungun says proudly, “But Wuyou has already known how to ride, and horse is very obedient in front of her!”

Lulu whines twice next to them. Tang Duo thinks that the dog must say that Wuyou is like a wolf! She is so awful...

Lang Ruoxian adds, “When the horse farm is built, each of you can choose a pony by yourself.”

“Really?” Gungun’s eyes are bright. He says, “Tang Kai said he also had a pony. He scared me that he would ask his pony to kick me.”

Tang Duo hasn't seen Yang Yanqing's son since she woke up. But she knows that boy's character according to Gungun's words. That boy must be like his mother who fears the tough and takes advantage of other people's power to bully the soft.

"Did he bully you?"

"He can't defeat Wuyou!" Gungun says frankly, "Mom, have you forgotten? Ah! You don't remember it. Last time..."

Gungun tells Tang Duo the story happened last time. After hearing, Tang Duo pats on Wuyou's shoulder.

"Good daughter! Well done. In the future, whoever bullies you, you should beat him." Tang Duo says and then winks, "But you should learn how to fight. You can find a place where no one stays and beat that guy after covering him with a sack."

Wuyou nods, "Dad has taught us that."

"..." Tang Duo looks at Lang Ruoxian with her strange eyes.

Lang Ruoxian curls the corner of his mouth and says, "What's the matter? Is that wrong?"

"You are right..." Tang Duo thumbs up and says, "I forgot that you were really sly."

It's not a national holiday, and the weather is not very warm. So there are not many tourists in the ancient town. After entering the ancient town, they find the B&B booked by them according to the map. It's a beautiful single courtyard. Behind it is a green river. You can see fish jumping up from the river.

"Can you sleep on your own?" Tang Duo asks. There is only one bedroom on each floor. Tang Duo lets two kids sleep on the second floor.

Gungun laughs, "Of course we can, Mom. We are big kids."

After putting their luggage away, they go to a famous restaurant on the internet for lunch. As soon as they go there, Tang Duo sees Fang Diandian sitting by the window. She is talking and laughing with a boy.

Tang Duo is unbelievable. What a coincidence!

When Tang Duo is hesitant if she should call her, Fang Diandian has seen them and runs over excitedly.

“Sister Duo? Brother-in-law! Why are you here?”

Gungun says hello to her and then answers, “Aunt Diandian, we come to travel!”

“Gungun, Wuyou, Hello!” Fang Diandian greets two children and says, “It’s really a coincidence.”

Tang Duo sees that the man’s eyes are always on Fang Diandian with obvious love. Tang Duo feels sad for Tang Cao in her heart for few seconds.

“You two are...”

Fang Diandian hurriedly says, “We come here with our classmates to sketch from nature!”

### **Chapter 350 Alas, What A Coincidence!**

Fang Diandian really wants to sit with them, but her classmates will come soon. If she stays here, she will disturb Tang Duo’s family. Besides, it’s not suitable to let her classmates know the identity of Tang Duo’s family.

“I have to go back to wait for my classmates, Sister Duo.” Fang Diandian says regretfully, “Well, how many days will you stay?”

“We’ll go back tomorrow afternoon. Gungun and Wuyou have to go to school!” Tang Duo waves her hand. Lang Ruoxian has found a table. He seemingly chooses a place far from Fang Diandian intentionally. They sit on the two ends of the hall.

“Are they your friends?” When Fang Diandian is back to her seat, Chen Yan asks, “They are really good-looking. Are they stars?”

Fang Diandian shakes her head and asks, “Why haven’t they come?”

Seeing that she doesn't want to talk about Tang Duo's family, Chen Yan stops asking that cleverly. After looking at the chat group in his phone, he says, "They may come soon. The photo just sent by them shows that they have passed the wooden bridge at the street corner."

"Let's order dishes first!" Fang Diandian picks up the menu and says, "Anyway, they've said what they wanted to eat before. It's faster to order now."

Chen Yan agrees, "OK. What would you like to eat?"

After Fang Diandian orders dishes, she sees that Gungun is raising a phone to take photos of himself and Wuyou. Then he waves his hand to her.

Fang Diandian smiles and waves her hand back to him.

"Their family look very happy." Chen Yan says tentatively.

Fang Diandian doesn't avoid the topic this time. She smiles more brightly, "You can also see it, right?"

"Yes!" Chen Yan hurriedly says, "Look, the gentleman's eyes are always on his wife. His wife just sits there and doesn't do anything. The two children are very quiet and don't run around. Their family education must be very good. The kids say thanks on their initiative when the waiter gives them spoons."

Fang Diandian stares at him surprisingly and says, "I didn't expect that! You observe so carefully when you draw. But I never expected that you also observe carefully in daily life. You've gotten so much information in such a few minutes, "

"Ha, ha. I'm used to it!" Chen Yan says shyly, "I always observe something. It is hard for me to correct the shortcoming."

"It's not a shortcoming. The teacher often asks us to learn from you."

Tang Duo finds that Gungun is typing with his phone instead of eating. So she knocks on the table and asks, "Gungun, are you not hungry?"

"I'm hungry!" Gungun quickly raises his head and says, "Mom, please click like in my moments soon."

Tang Duo takes out her phone and sees that her son just sent out a group of photos. In these photos, two passers-by in the background are very clear. One of them are Fang Diandian...

Sure enough, Tang Cao rings up in a few seconds after she clicks like.

“Elder Sister, did you meet Fang Diandian?”

Tang Duo says, “...Yes.”

“Who is the man sitting next to her?”

“...Why are you so excited?” Tang Duo shows the whites of her eyes and says, “Maybe he is her classmate. I don’t know.”

Tang Cao’s tone becomes more urgent, “Elder Sister, how can’t you know? Fang Diandian is so innocent. What if she is cheated by him?”

“I’ve told you he was her classmate.” Tang Duo shows the whites of her eyes again and says, “Besides, even if he’s not her classmate, he might be her pursuer! It’s a normal thing. Diandian is so cute. It’ll be strange if no one pursues her.”

Then there is a sudden silence on the phone.

“Tang Cao? Tang Cao?”

Beep...

“How dare he hang up on me?” Tang Duo looks at Lang Ruoxian incredibly.

Lang Ruoxian puts her phone away and says, “It’s OK. Don’t answer it when he calls back.”

“How do you know he’ll call back?” Tang Duo asks, “Ah, do you mean he will come to find Diandian?”

Gungun and Wuyou are murmuring next to them. Seeing her son’s proud eyes, Tang Duo pouts, “Gungun, did you send pictures intentionally?”

“Yes!” Gungun is a good child and never lies, “Aunt Diandian is great. It’s good to marry my uncle.”

“How can you have such an idea?” Tang Duo asks doubtfully.

“Didn’t you tell that to Grandma?” Gungun asks in reply, “You said that Aunt Diandian liked Uncle and you were all glad if she married into our family...”

Tang Duo looks at Lang Ruoxian, who consciously puts his head close to her and says, “Huh?”

“We need to talk carefully in the future. Our children are not babies any more. They can understand everything.”

Lang Ruoxian smiles and doesn’t say that only she and Bai Susu discuss this kind of thing. He just nods and holds a chopstick of vegetable for her. He says, “Eat it. It will be cold quickly.”

After lunch, they go to visit the paper workshop. When they go away, seven or eight classmates have sat together with Fang Diandian. Seeing Tang Duo leaving, Fang Diandian doesn’t come here and just waves her hand to them.

Tang Duo nods at her. When they leave, a girl asks her.

“Do you know that family?”

Fang Diandian smiles, “I have only a bowing acquaintance with them.”

“They look rich!” The girl says with an envious expression, “The woman’s bag is more than a hundred thousand yuan. Even the backpacks of two kids are tens of thousands yuan.”

“Really?” The other two women are shocked to say, “How rich they are!”

The girl who asked just now looks at Fang Diandian with a smile. She says, “Are they the guests of your travel agency?”

“No.” Fang Diandian frowns, “Why do you ask them so clearly? You don’t know them.”

“I’m just curious!” The girl pouts, “Is your travel agency very big? How can you know such rich people?”

Fang Diandian doesn’t want to answer. These people are all her teacher’s students. Because of their good performance, her teacher makes a special class for them. They often exchange painting skills together.

They only know that Fang Diandian's family runs a travel agency, but don't know how big it is. Fang Diandian is usually low-key. She drives a car that costs about two hundred thousand, and her bags are worth several thousand. Her clothes also belong to some famous domestic brands. She just looks like an ordinary rich woman.

"All right! Diandian is right. It's unnecessary to talk about them who you don't know." Chen Yan stops on the topic. Then he says, "Have you made a decision? Where will we go to sketch? If we can't hand in our works the day after tomorrow, the teacher will be angry."

The girl still wants to say something. But she is stopped by the other two girls. When everyone leaves, these girls walk behind them.

"Hum! I can't find the advantages of Fang Diandian. But our teacher likes her. Even Chen Yan always stands by her."

"Lu Ling, don't always aim at Diandian. She's a good person."

Another girl says, "You like Chen Yan for two years, but you can't be his girlfriend. That's because he doesn't like you. You can't vent your anger on others."

Lu Ling shakes them off and says, "Are you my roommates? How can you stand by an outsider?"

"We didn't help her. We just take the matter on its merits."

"Well, stop quarreling. Chen Yan is calling us..."

There is a paper workshop in the north of the town. Tourists can pay 30 yuan to experience how to make a kind of grass into paper at one time, and can add various flowers on paper according to their preferences.

Lang Ruoxian is in charge of taking photos. Tang Duo, Gungun and Wuyou make their own paper.

"Wuyou, Wuyou! Our paper is much better than Mom's." After paper is made, Gungun gives his assessment.

Wuyou nods, "Your paper looks good."

Tang Duo is speechless.

“Lang Ruoxian, come here and see which paper looks good.”

Lang Ruoxian looks at them and then says, “Hua’s paper is the best.”

“...” Gungun puffs out his cheeks and looks at Lang Ruoxian with threatening eyes.

Lang Ruoxian keeps a straight face and says, “The color of your mother’s paper is better than yours.”

“Do you hear that?” Tang Duo pats her son on the shoulder and says, “Whose is the best?”

Gungun says, “Mom’s...”

Tang Duo takes Lang Ruoxian to pick the frames happily. She wants to take the paper back after mounting them.

Wuyou comforts Gungun in a low voice, “Whatever Mom does, Dad will praise her. In fact, your paper is better.”

“I know.” Gungun sighs, “What else can I do?”

Peeking at Gungun’s expression, Tang Duo can’t help laughing. Her son is so cute!

After finishing the paper, their next plan is to enjoy the shadow play. As soon as they leave the workshop, Tang Duo’s phone rings. She is excited when takes a look at her phone. But she pretends not to hear that...

“Tang Cao?” Lang Ruoxian asks.

“Yes!” Tang Duo puts her phone in her bag and says, “He dared to hand up my phone. I won’t answer it.”

Anyway, Tang Cao just wants to ask something about Diandian.

Lang Ruoxian raises his eyebrows. The family of four stroll on the ancient town’s street. Gungun walks with Lulu on a leash. For fear that Lulu will frighten people, Gungun puts a cute chicken hat on its head, which successfully attracts many girls to take photos.

When they finish shooting the dog, they find that the whole family are so good-looking. So they secretly take pictures of them. Tang Duo's family don't know that many photos of them have appeared on the micro blog.

Tang Cao finds them through these photos.

"Elder Sister! Why don't you answer my phone?" As soon as he sees Tang Duo, he complains, "Am I your most handsome and dearest younger brother?"

Tang Duo looks indifferent.

"Uncle!" Gungun asks him happily, "Why are you here?"

Tang Cao says shamelessly, "I miss Wuyou and you. So I decide to come and play with you!"

"No!" Tang Duo squints at him and says, "It's our family's trip. We don't want you to bother us."

Tang Cao doesn't hear it. He is looking around like a thief.

"What are you looking at, Uncle?" Gungun asks.

Tang Cao puts his arm around Gungun's shoulders and draws him aside. He asks, "Gungun, where's Fang Diandian?"

"I don't know!" Gungun blinks, "She might be with her classmates."

"Classmates..." Tang Cao's mood becomes a little good. But the next moment, he hears Gungun saying, "There is an uncle among the classmates who seems to pursue her. He is very handsome!"

Tang Cao is shocked. He asks, "Is he look better than me?"

"No."

"...Do you know where Fang Diandian and her classmates have gone?" Tang Cao feels himself a little nervous.

Gungun shakes his head, and then they see Chen Xiaopang running over from a distance.

“Do your legs belong to a rabbit?” Chen Xiaopang gasps and sits on a stone bench beside him, “I couldn’t see you after I stopped my car.”

Before his breathing becomes stable, Tang Cao pulls him up suddenly.

“Let me go! Where are you going to take me?”

Gungun waves his little handkerchief and says, “Uncle, Uncle Xiaopang, goodbye!”

“He looks so nervous. Why doesn’t he admit that he likes her?” Tang Duo shakes her head, “How can I have such a stupid younger brother?”
