Chapter 531: Being Taken Care of When Sick (1)

Thinking of what happened last night, she subconsciously became vigilant and tightened her grip on the blanket.

“Xiaxia?” Qiao Mu muttered to herself when she didn’t get a response, ““Did you fall asleep again?”

“No... No, my throat hurts a little. I think I’ve caught a cold.” Chi Xia said in a panic as she stared at Su Chen warily, afraid that he would approach her.

Qiao Mu continued, “ I wanted to ask you out for a meal, but I’ll go straight back to the dormitory. I’ll bring you some medicine later. ”

“No need! There’s still medicine in the dormitory. I’ll eat outside. Don’t worry about me. I still want to sleep for a while.”

“Alright then. Have a good rest.”

After hanging up the phone, Chi Xia quickly jumped off the bed. Last night, she had curled up by the bed and slept without a blanket. It would be strange if she didn’t catch a cold after being frozen for the entire night!

Just as she stood up, her vision blurred and her body lost its balance. She fell forward and fell back onto the bed.

At this moment, the man at the door approached.

She immediately got up and looked at Su Chen with a pale face. “ Don’t come over! ”

Su Chen furrowed his brows. Seeing the fear and nervousness in her eyes, he was inexplicably furious.

What did this woman take her for?

Her body swayed, and her face was pale with an abnormal blush. He ignored her guard and went forward to grab her arm.

The moment he touched her, her delicate body froze.

Chi Xia instinctively tried to push him away, but her body was too weak to resist.

Chi Xia's heart sank when she thought about what this man had done last night. She hated herself for falling asleep so defenseless!

She should have escaped when he let her go last night!

However, just as Chi Xia was at a loss, the man's large hand reached out to her. She shrank her neck nervously and tried to avoid it, but in the next second, the large hand landed on her forehead.

She looked at him in shock, unable to react in time.

Then, she heard the man's deep voice. "Chi Xia, are you stupid? Don't you know that you have a fever?"

Her words made Chi Xia's mind go blank.

This man was not trying to do anything to her, but he had sensed that she was sick..

She took the opportunity to push him away. "I'm fine. I'm leaving."

As she spoke, she lowered her head and was about to leave when she was stopped before she could take two steps.

“You’re so sick. Are you sure you can leave?”

“I can...”

Chi Xia wanted to leave as soon as possible, but the heavens seemed to be against her. Before she could finish her sentence, she felt her vision blur and she almost fell.

Su Chen looked at the woman in front of him who was trying to be brave and picked her up. “You can’t even walk properly. Where do you think you’re going?”

Chi Xia shouted, “Let go of me, Su Chen...”

“Shut up!”

Su Chen impatiently placed Chi Xia on the bed and pulled the blanket over her. However, he pulled the blanket too hard and covered Chi Xia’s entire head.

Chi Xia pulled down the blanket and propped her arms up to get up. Before she could sit up, a large hand pressed down on her shoulder and she fell back onto the bed.

“Lie down and don’t move.” A warning voice sounded above his head.

Chi Xia was already feeling dizzy and feverish. After Su Chen’s torment, she felt her mind becoming more and more muddled and she no longer had the strength to move.

She looked at the man beside her and pleaded, “Young Master Su, I can go back and rest. Let me go..”

Chapter 532: Being Taken Care of When Sick (2)

Regardless of whether it was safe to stay in this man’s house or not, she always felt uncomfortable in a man’s house that she was almost unfamiliar with.

Su Chen raised his eyebrows when he heard her call him Young Master Su. Seeing how unwilling she was, his face darkened. " Why? Did you forget what happened last night before you got drunk? " Do you need me to remind you that you agreed to be my woman last night?"

Chi Xia tightened her grip on the blanket. She had forgotten about this!

She did such a stupid thing in a moment of heat!

Without waiting for Chi Xia to deny it, Su Chen took out his phone and dialed a number. "" Dr. Chen, I have a patient with a cold. He's in my apartment. Come

over.

After hearing Su Chen's words, Chi Xia sat up again and quickly said, ""Young Master Su, there's no need to trouble you. I'll be fine after taking some medicine. I'm really fine..."

Su Chen hung up the phone and looked at Chi Xia coldly. " Don't make me repeat myself. If you don't want me to continue what happened last night, lie down! " If you don't think your illness is serious, I don't mind doing something now. Don't forget that you're my woman now. I'll do anything!"

That one sentence stopped Chi Xia from saying anything else.

She wanted to deny what she had promised him last night, but he had already taken her for his woman!

His words were full of threats and warnings, so she did not dare to disobey him anymore. She could only lie down obediently.

Even so, the nervousness in her heart still lingered, worried that he would really do something to her.

After that, Chi Xia remained in a nervous state. She wanted to be on high alert, but she became less and less focused and fell asleep again.

After an unknown period of time, she was woken up by the sound of conversation. Before she opened her eyes, she felt someone touching her body. She threw a punch out of reflex.

And then...He hit a hard object and his finger joints hurt.

She opened her eyes abruptly and met a pair of malicious black eyes. She instantly became clear-headed.

Chi Xia shuddered. She had thought that Su Chen would do something to her while she was sleeping, but when she saw the thermometer in his hand, she realized that he was taking her temperature!

At this moment, the man's expression turned ugly. She seemed to have hit his shoulder just now...

"I'm sorry, I didn't mean to..."

Su Chen's face was cold as he handed the thermometer to her. "Take your own temperature!"

Chi Xia silently took the thermometer, turned sideways, hid under the blanket, and placed the thermometer under her armpit.

At this moment, she noticed a middle-aged man beside her. He was probably the doctor Su Chen had called.

After a while, her temperature was good. She took it out and looked at the thermometer. She glanced at Su Chen and said, "38.9 degrees."

Su Chen looked at the doctor. "Dr. Chen, give her an IV drip."

Before the doctor could reply, Chi Xia shook her head and said, "No need. As long as you take the fever medicine and drink more water, your fever will go down. There's no need for an injection."

She had been in good health since she was young. She rarely had injections when she was sick. She would be fine after taking some medicine. There was no need for an IV drip.

Su Chen frowned. " Why? Are you a medical student? "

Chi Xia was speechless.

Why was this man so unreasonable?

This was common sense, alright? Even if she wasn't a medical student, she understood!

At this moment, the doctor smiled and said, " Mr. Su, the patient really doesn't need an IV drip. I'll prescribe some fever medicine and cold medicine for her. As long as she drinks more water and sweats a little, her temperature will drop naturally. This is a small cold, it's not serious. "

After hearing the doctor's words, Su Chen saw the woman lying on the bed and secretly heaved a sigh of relief. He looked away coldly and nodded with a dark face.

Chapter 533: We Are Already Together (1)

After the doctor prescribed the medicine, he left. Before he left, he reminded her to eat before taking the medicine.

Chi Xia's stomach had been empty since she woke up. Her stomach was rumbling with hunger, but she was too embarrassed to say it in front of Su

Chen.

She wanted to leave this place as soon as possible, but Su Chen had no intention of letting her go.

After a while, Su Chen stood at the door and said, ""Come out and eat."

Chi Xia was stunned. When she met Su Chen's gaze, she gave up resisting and got off the bed.

There was takeout on the dining table. Chi Xia ate a few bites and asked Su

Chen, ""Mr. Smith, when can I go back?"

"What's wrong? Are you not comfortable living here?"

Of course it was uncomfortable!

However, Chi Xia knew that telling the truth would not end well.

She lowered her head and ate her porridge. She whispered, "Let's do this...Not too good."

Su Chen glared at Chi Xia coldly and said, ""You are my woman."

Chi Xia was speechless.

She naturally understood what he meant. He was telling her that she was his woman, so it was normal for her to live in his house.

But ...

"Even if we're dating, isn't it a little too fast for us to progress to the point of cohabitation?" Actually, she wanted to deny their relationship, but when she thought about what he had warned her before, she agreed.

"Is it fast? Didn't you already have sex with me before you got together with me?"

Chi Xia was speechless.

F * ck!

Chi Xia had the urge to curse!

This man looked gentle, but why was he so annoying?

Was it interesting for him to constantly remind her of her mistakes?

Chi Xia stopped talking and buried her head in her food.

After the meal, Chi Xia returned to her room, took her medicine, and lay down again.

She looked at Su Chen and said, " Mr. Su, my fever will be gone in a while. You can go do your own thing. Don't worry about me. "

Su Chen glanced at her. " Where did you get so much nonsense from? Do you think I'm staying at home to accompany you? You're thinking too much. I'm resting today!"

.. Alright then.

Chi Xia really wanted to reply, 'You're the one who's overthinking, aren't you?

She really didn't think that he was staying here to accompany her. It was just that she didn't feel safe with him here. She would only feel more at ease if he left.

At this moment, her phone rang. She looked at the caller ID and saw that it was Mu Mtl.

Chi Xia was a little worried that Qiao Mu would be exposed when she returned

to the dormitory and saw that she was not around.

After some thought, she picked up the call. " Mu Mu, what's wrong? "

At this moment, Qiao Mu was buying medicine at the pharmacy. Although Chi Xia said that she had medicine, she still wanted to buy more varieties.

However, when she entered the pharmacy and was asked about her symptoms, she was unsure and could only call Chi Xia.

Hearing Chi Xia's voice, Qiao Mu asked, Xiaxia, what are your symptoms? I'm at the pharmacy. I'll bring you some medicine.

Chi Xia replied nonchalantly, " I've already taken my medicine. You don't have to worry about me. I'm not in the dormitory now. I'm fine. "

"You went out when you were sick. Where did you go?"

Chi Xia glanced at Su Chen and said vaguely, "I have something to do..."

Su Chen saw that Chi Xia was trying her best to hide it and said coldly, "Hang up the phone. You need to rest after taking your medicine."

Qiao Mu heard him clearly on the other end of the phone and asked in surprise,

" Who's talking? Xiaxia, who are you with? "

"I didn't..." Just as Chi Xia was about to cover it up, the phone in her hand was suddenly snatched away.

She looked up in shock and saw Su Chen holding the phone to his ear...

Chapter 534: We Are Already Together (2)

Chi Xia's eyes widened. She got up to grab the phone, knelt by the bed, and threw herself onto Su Chen. Before her hand could touch the phone, she heard the man speak slowly into the phone and spit out four simple words.

Qiao Mu, it's me. "

Chi Xia's face instantly turned red.

Su Chen looked at the woman who threw herself into his arms and narrowed his eyes. He held the phone in one hand and grabbed her outstretched hand with the other to stop her from snatching the phone.

However, it was useless to snatch it now.

Qiao Mu was stunned when she suddenly heard a male voice on the other end of the phone.

She never expected Chi Xia to be with a man!

In just a moment, she recognized the other party's voice. It was Su Chen!

Not only was Chi Xia with a man, but that man was also Su Chen!

The amount of information was too much for Qiao Mu to react to.

Qiao Mu controlled her surprise and asked, "Young Master Su, why are you with Xiaxia? "

Su Chen answered matter-of-factly, " She's sick. She's already taken her medicine and is preparing to rest. She can't talk on the phone. If there's anything, just tell me. "

Qiao Mu was completely unable to digest this tremendous amount of information!

Su Chen did not answer Qiao Mu's question directly, but his words revealed even more shocking information. Not only was he with Chi Xia, but Chi Xia seemed to be in his house!

Chi Xia's eyes widened. Why couldn't he control his mouth and say such ambiguous words!

Qiao Mu was confused. After thinking about it, she still asked clearly, "Young

Master Su, what's going on between you and Xiaxia? "

"We're already together." We're already together!

They were already together!

They were together!

"Young Master Su, can you give Xiaxia your phone? I want to confirm with her.

After Su Chen finished speaking, he returned the phone to Chi Xia. Chi Xia snatched the phone back with a flushed face. Her head was buzzing and she didn't know what to say to Qiao Mu.

"Mu Mil..."

" Tell me honestly. You two are together. What happened? " Qiao Mu questioned.

Chi Xia sighed. She couldn't explain it clearly, so she could only reply with an ' mm ". Worried that Qiao Mu would get to the bottom of it, she continued, ""Mumu, I'll tell you the details when we get back."

Qiao Mu didn't pursue the matter. " Alright, you rest first. "

After hanging up, Chi Xia glared at Su Chen angrily. " What are you doing? Did you get my permission to say those nonsense to Mumu?!"

Su Chen's eyes darkened. " We're already together. Isn't that the truth? Why are you so agitated? Didn't you promise to be my woman? Or do you want to be with me while sneaking around?"

Chi Xia's expression changed again and again. This time, things were really out of control!

Without waiting for Chi Xia to say anything, Su Chen walked over and stuffed Chi Xia under the blanket without a word.

This woman still dared to get angry at him. She was sick and was taken care of by him. She didn't know how to be grateful and had been on guard against him!

He must be out of his mind to take care of such an insensible woman!

To Chi Xia, this treatment was too stressful and she did not feel happy at all!

However, when she saw the man beside her arranging the medicine on the bedside table, she did not know how she felt.

When she was sick, her emotions were more easily affected. A man who had almost no interaction with her was only related to her because of a mistake. He had no need to take care of her.

This was the first time she was taken care of by a man when she was sick. Other than feeling very nervous, she was actually a little touched..

Chapter 535: Uncle's Status Will Always Be Number One

Next, Qiao Mu got busy.

The schedule for the competition was very tight, so he asked for leave from the school to focus on the competition.

At this time, Li Yan was going on a business trip.

When Li Yan packed his luggage and was about to leave for the airport, Qiao Mu was still lying on the coffee table, frowning and biting her pen as she racked her brains.

Li Yan looked at the little one who was so focused and did not take him seriously at all. He could not help but feel a little dissatisfied.

Although she knew how important this match was to her, it was actually more important than him!

Li Yan walked over and patted Qiao Mu's little head before saying indifferently,

am leaving.

"Yes." Qiao Mu only responded to Li Yan with a word that was neither too light nor too heavy. She did not even raise her head.

Li Yan's dissatisfaction reached its peak in an instant.

This little thing dared to ignore him like this!

Qiao Mu was too focused on her thoughts. When she heard Li Yan's words, she thought that he was going to work as usual. However, a few seconds later, she immediately remembered that this man was going on a business trip!

She raised her head abruptly and met his cold, dark eyes.

It was over! She accidentally made Young Master Li unhappy.

Qiao Mu chuckled as she stood up and held Li Yan's arm. " Uncle, let's go. I'll send you off. "

Li Yan snorted coldly and turned to leave.

Qiao Mu eagerly followed him out the door.

It was already late autumn, and Qiao Mu was only wearing a thin set of home clothes at home. The moment she stepped out, the cold wind blew on her body, and she couldn't help but shiver.

Seeing that Li Yan was walking in front of her and ignoring her, Qiao Mu enthusiastically took the luggage from the butler. " Uncle Chen, I'm here to help Little Uncle move his luggage. "

Li Yan turned around and saw the little woman clumsily moving his luggage into the trunk. Her delicate body was blown by the cold wind, and she was shivering as she moved the luggage.

Li Yan frowned. He walked over to grab her suitcase and helped her move it into the car.

Qiao Mu rubbed her hands and leaned against Li Yan. " Uncle, it's so cold. "

Li Yan opened his coat and wrapped her petite body in front of his chest, shielding her from the cold wind. He said in a slightly responsible tone, ""You don't even know how to put on more clothes when you come out. You're so focused on your competition that you don't even have the brain to think about anything else. Even my position has to follow behind you."

"No! Uncle will always be the first in my heart!" Qiao Mu wrapped her arms around Li Yan's waist and rubbed against his warm body. She said coquettishly in a low voice, " Uncle, the weather is getting colder. You have to come back early to warm my bed. "

Li Yan raised his eyebrows. " Only warming up the bed? Don't you need to warm up before warming up?

Qiao Mu was speechless.

She was starting to be indecent again!

Li Yan looked down at her. Her soft body was leaning against his chest, making him want to eat her up.

Pinching her toot cheeks, he instructed, "When I'm not around, you're not allowed to stay up too late. You can't forget to eat and sleep. If I come back and find that you've become haggard and thin, watch how I punish you!" "Understood!" Qiao Mu straightened her back, her attitude extremely serious.

' Also, if you run into any trouble during the competition, or if you can't solve it, don't force yourself. Go find your mother-in-law to solve it. "

Qiao Mu blushed when she heard him address her as " granny. " " Who's granny?! " Don't talk nonsense."

Her face was red, and she looked very alluring.

Li Yan's eyes darkened. He pushed Qiao Mu against the car and lowered his

head to kiss her lips..

Chapter 536: The Reluctance Before Parting

Every time he parted ways with her, he wished he could carry her in his pocket and bring her with him.

The Li Yan of the past had always been alone. He had no worries wherever he went. How could he have thought that there would be someone who would hold him back so firmly?

Even back then, he did not expect this little thing to have such a huge influence.

It was like a poison. Once it came into contact with him, he would be unable to extricate himself!

After a while, Qiao Mu's face turned red from the kiss. This kiss was filled with the reluctance to part before they parted, bringing out all of Qiao Mu's emotions.

She leaned against Li Yan's chest weakly. "Uncle, I'm not by your side. You have to take good care of yourself."

Li Yan was speechless. I should be the one telling you this."

She made it sound like she was the one taking care of him whenever she was by his side.

Qiao Mu smiled embarrassedly. "Then you have to remember to miss me!"

Li Yan's heart skipped a beat. "Since you can't bear to part with me, why don't you leave with me?"

"You know I can't leave."

"Humph!"

The two of them were like a young couple in the heat of love. They were reluctant to part with each other.

The people around them stood silently at the side. It was not strange for the two of them to be in love. However, when Young Master Li expressed his reluctance so blatantly, the others could not help but be shocked. It was rare to see such a scene.

The butler and servants lowered their heads, completely treating themselves as if they did not exist.

Lei Yi, who was standing beside the car, looked at the time on his watch and braced himself to say, "Young Master, we should set off."

The moment he said that, Li Yan glared at him coldly.

Lei Yi felt so innocent. He really didn't mean to disturb these two people's sweet talk. If they didn't leave now, the plane would be late!

Qiao Mu, who was originally immersed in sweetness, only realized that there were people around her!

When she thought about how everything had happened right under the noses of others, her face turned red.

She gently pushed the man in front of her. "Uncle, get in the car."

Li Yan sighed in his heart. Even if he did not want to leave, he had no choice.

Qiao Mu silently watched as Li Yan got into the car. She waved at the car and watched it disappear into the courtyard before she reluctantly retracted her gaze.

Li Yan's business trip this time seemed to take a long time. She wondered if he could make it in time for her competition.

Next, Qiao Mu focused on the competition and fully expressed her longing for Li Yan into her own creation.

Qiao Mu arrived at Xinyu Clothing Company and went to the sponsorship department to choose the fabric for her clothes.

Qiao Mu showed her contestant identification, and the staff member's gaze swept over Qiao Mu before asking for confirmation, "You're Qiao Mu?" "Yes." Qiao Mu nodded.

“Come with me.” The staff member brought Qiao Mu to the storage unit and pointed at the messy pile of fabric inside. “Go in and choose your own. Once you’re done, just register at the front desk.”

The cloth in the warehouse was piled up in a mess. If one looked carefully, one could see that there was a layer of dust on the cloth. It was obvious that it had not been touched for a long time.

How could the costume sponsorship for the competition be so bad!

Just as Qiao Mu was about to say something, she saw An Ting, who was also a contestant, walk out from another warehouse.

An Ting instructed the movers, “Sir, please be careful. These silk chiffon fabrics are easy to weave. Help me move them to the car.”

Qiao Mu looked at the warehouse An Ting was in. The fabric inside was neatly arranged, and there was a variety of colors and materials. There were also workers taking care of it. It was on a completely different level from the abandoned warehouse in front of her.

Qiao Mu looked at the staff member who brought her over and asked in puzzlement, “Excuse me, did you bring me to the wrong place? She and I are in the same batch.. Why is the treatment different?”

Chapter 537: Being Difficult Everywhere

The staff member smiled disapprovingly. “I don’t know why she would choose fabric in that warehouse. I only know that it was right to bring you to this warehouse. If you don’t want to choose here, you can go back and prepare yourself.”

Qiao Mu’s expression darkened.

There were rules in the competition. In order to ensure fairness and to promote the sponsor’s products, all the things that could be used had to be selected from the sponsor. They were not allowed to prepare their own materials in private.

The other party was deliberately making things difficult for her by treating her like this!

At this moment, An Ting noticed Qiao Mu. "What a coincidence, you're here to collect fabric too?"

As she spoke, An Ting glanced at the warehouse behind Qiao Mu and smiled knowingly. "Qiao Mu, don't be discouraged. The competition is actually very fair. The sponsors also feel that giving you the good fabric is a waste of resources. You won't be able to pass the semi-finals anyway, so the fabric you use is just a formality. It won't affect the overall situation."

Qiao Mu smiled faintly. "Ms. An, no matter what, you're my senior. You should know that in this industry, you don't speak with your mouth, but with your ability. As a senior, don't you think it's a little ungentlemanly of you to belittle a junior without any regard for your image?"

"You..."

"Sister Ting." At this moment, Tang Xiaozhu came out of the warehouse and advised in a low voice, "This is someone else's company. Don't cause trouble."

"Let's go."

An Ting glared at Qiao Mu. "Then I'll wait and see what abilities you have!"

An Ting turned around and entered the elevator. Tang Xiaozhu looked at Qiao Mu apologetically. "I'm sorry. Sister Anting isn't a bad person. Please don't take it to heart."

Only then did Qiao Mu notice Tang Xiaozhu. She seemed to be very easy-going and easy to get along with. She said nonchalantly, "It's alright. I'm still able to take a blow."

Tang Xiaozhu smiled. "Although they all say that you're just a student and

have no ability, Teacher Key personally selected you. You can't be wrong. I'll see you in the competition!"

Tang Xiaozhu's eyes lit up at the mention of the KEY. Qiao Mu was familiar with this expression. It was what a little fan should do to her idol.

Qiao Mu instantly had a good impression of Tang Xiaozhu. They were all loyal fans of the game.

From Qiao Mu's point of view, anyone who could admire the same person's work as her must have a good character.

After waving goodbye to Tang Xiaozhu, Qiao Mu's expression turned grave.

The staff looked at the time and urged, "Please hurry up and choose. I still have to receive other contestants. As a contestant, don't be picky about our company's sponsorship. If you really don't want to choose, then go back and prepare yourself. If you're found out, it'll be the same as forfeiting!" Qiao Mu gritted her teeth and entered the warehouse.

The material of the fabric in the warehouse was not bad. After all, it was high-end goods made by large enterprises. However, there were very few color classifications. Some of the fabric was out of date from a few years ago. Otherwise, it would not have been placed in the abandoned warehouse.

Qiao Mu thought about her design theme and chose a few bolts of fabric.

After Qiao Mu finished choosing the fabric, the chauffeur sent her home.

When Li Yan left, he specially arranged for her to have his car and driver.

In front of a window on the seventh floor of the skyscraper, Ning Tongtong watched Qiao Mu get into the black sedan with disgust in her eyes.

Her phone rang and she picked it up. Then, she heard the staff report, "Tongs, I've already done what you asked me to do. Qiao Mu picked a few pieces of discarded fabric and left. They were all outdated. She picked a huge pile of them, like a garbage recycling station. "

“Very good. Oh right, don’t mention this to my mother. Don’t let her worry too much.”

“Understood.”

Ning Tongtong’s lips curled into a cold smile. Her beautiful face had turned ferocious because of the ruthlessness..

Chapter 538: An Unserious Uncle

As the fabric was unexpected, Qiao Mu could only change her design style to make the fabric appear in the most perfect form.

In fact, these fabrics were not as bad as they looked on the surface. Qiao Mu was confident that she could turn her weakness into an advantage!

She remembered that Key had once said that an excellent designer could not design clothes from fashion brands by giving you perfect creative conditions. Instead, they could design the most popular clothes from outdated fabrics.

Every season, the clothes that Key released were not in the current fashion colors and styles, but they could become the favorite of everyone.

If Key could do it, Qiao Mu could also try it!

Just as Qiao Mu was working tirelessly, her phone rang.

She glanced at the caller ID and grinned. She picked up the call sweetly. “ Uncle, you’re calling me so late at night. Did you miss me? ‘

The man’s deep voice sounded. “ I’m here to check if you’re sleeping on time. You sound so excited. It seems like you’re not listening.

Qiao Mu was stunned. She looked at the time and saw that it was already past midnight.

She smiled and said, "Actually, I'm waiting for Uncle to call me. I can't bear to sleep."

"You have a glib tongue!"

"I'm telling the truth. I miss Uncle so much that I can't sleep."

Li Yan snorted coldly. He knew that she was deliberately trying to fool him with nice words, but he still lost his temper and ordered forcefully, "Hurry up and go to bed."

Qiao Mu glanced at the pile of work on her hands and listened to the man's unyielding tone, so she could only listen obediently.

Qiao Mu slowly climbed onto the bed and laid on the blanket, stretching lazily.

Reporting to Your Excellency, this little girl has already laid down."

Li Yan's tone softened a little. "Turn on the video. Let me take a look."

Qiao Mu opened the video call and saw the man's handsome face on the screen. The smile on her face deepened, but when she saw the man sitting on the office chair, she frowned in displeasure. "You told me to go to bed, but you stayed up late to work. This is too unfair!" No, you have to sleep with me too!"

The corners of Li Yan's lips curled up into a devilish smile. "Alright, let's sleep together."

Sleep together...

The man's expression when he said these three words was as if he was going to crawl into her bed the next second.

These three words sounded innocent and proper when they came out of Qiao Mu's mouth, but why did they sound so ambiguous when they came out of this man's mouth?

Qiao Mu's face reddened as she burrowed into the blanket and spat.

“Hooligan!”

“Little thing, why have you become so perverted now? I didn't say anything.

Why are you blushing?”

Qiao Mu was speechless.

Lust your sister!

Just as Qiao Mu was about to hang up the call out of embarrassment, she heard the man's deep and magnetic voice. “Did you miss me just now?”

Qiao Mu really wanted to deny it, but after being separated for a few days, she could not restrain her longing for him.

If it wasn't because of the competition, she would have found it hard to endure. He humphed and replied with a very small “hmm”.

“Where?” The man's low laughter sounded, and his tone was full of ambiguity. “Do you want to think about it from above or from below?”

Qiao Mu was speechless.

In an instant, Qiao Mu's face flushed red.

This bastard! Could he be any more indecent?

Why did her once upright big brother become such a hooligan?

He simply refreshed the lower limit of a hooligan time and time again.. He could not bear to look at it!

Chapter 539: Who Dares to Bully My Daughter!

"I don't want to anymore!" Qiao Mu shouted angrily at the phone and quickly hung up. It would be very dangerous if she continued to chat with the hooligan!

Li Yan looked at the black screen on his phone and shook his head helplessly.

This little thing was still so shy even through the phone screen.

It was really time for her to be thick-skinned, but she was embarrassed with him.

However, he liked to tease her like this. He looked so cute that he wanted to eat her up.

Li Yan's body tensed up at the thought of this, and he started to feel uncomfortable.

He sighed. His body was becoming more and more inseparable from her.

At this moment, his phone rang. He opened WeChat and saw a message from the little woman: "Hurry up and put down your work and go to sleep. I'm going to sleep. Good night."

The corners of Li Yan's mouth curled up. His handsome face was extraordinarily handsome. His slender fingers tapped the screen and replied to the message.

Then, she stood up and went into the bathroom, ready to wash up and go to bed!

Even if they couldn't sleep together, they could only sleep at the same time. He would treat her as if she was right beside him.

Qiao Mu hugged her phone, and when she saw the simple words on the screen, her face instantly turned red. Her heart felt as if it was filled with something sweet, and a hint of sweetness spread out and enveloped her entire being. "Goodnight, baby," Li Yan replied.

In fact, happiness was that simple. Just a name was enough to make one feel as sweet as honey in their hearts.

Qiao Mu slept soundly that night, and she continued to be busy after waking up.

The living room of the Li family had almost become her workplace. She did not have any brands or companies supporting her, so she could only do it at home.

When Yu Yiduo returned home, she saw the messy fabric and the dust on the fabric flying in the air. She thought that she had entered the wrong door.

' Mumu, your uncle will be gone for a few days. I think you're going to tear down the eaves of our house. This is simply a clothing factory! "

The corners of Qiao Mu's mouth twitched. Was it that serious?

Yu Yiduo rummaged through the pile of fabric and asked, ""Are these the fabrics you need for your competition?"

Qiao Mu nodded, and Yu Yiduo frowned. " The colors of these fabrics aren't the current trend. And this one, I think it's a fabric used in a style that was introduced by the company a few years ago. It was very popular back then, but it's already outdated now! '

Yu Yiduo was indeed a fashionista, and she gave Qiao Mu a good beating the moment she opened her mouth.

" Auntie, " Qiao Mu said helplessly, " I've actually offended the sponsor of our competition, so the products they sponsor for my competition aren't anything good. "

Yu Yiduo's eyes widened in anger. " Who dares to bully my daughter? Tell me, and I'll settle the score with him! "

As he spoke, he rolled up his sleeves and aggressively prepared to fight.

Qiao Mu stepped forward and held Yu Yiduo's arm, persuading, ""Don't be angry. Even if they make things difficult for me, I've thought of a solution. I'll use these fabrics to design fashionable clothes."

The confident and beautiful smile on Qiao Mu's face charmed Yu Yiduo.

This was the first time Yu Yiduo had seen Qiao Mu's expression when she mentioned fashion design. As expected, her daughter-in-law was not only beautiful on the outside but also kind on the inside. She was simply a combination of beauty, kindness, and wisdom!

No wonder her son was so smitten. The Li family had indeed picked up a treasure!

Yu Yiduo raised her hand to rub Qiao Mu's face and praised, ""My good

daughter, you're so capable. you really have my genes."

Qiao Mu was speechless..

Chapter 540: Secret of Love

Ms. Yu, are you too engrossed in role-playing and really treating yourself as your own mother?

However, having such a mother was indeed a very blissful thing for Qiao Mu.

Perhaps her mother would be like Yu Yiduo and would love her dearly when she saw her.

Qiao Mu shook her head and turned her attention back to her work. " Auntie, come and help me take a look and give me some suggestions. "

"Alright!"

Qiao Mu discussed with Yu Yiduo as she designed the clothes.

Even though Yu Yiduo was not an expert, she was very familiar with branded clothing. In terms of fashion, she gave Qiao Mu many useful suggestions.

Qiao Mu lowered her head to cut the fabric. Yu Yiduo picked up Qiao Mu's phone and casually opened WeChat to check if her daughter-in-law had any other ambiguous chat partners when her son was not around.

However, when he opened WeChat, he saw Qiao Mu and Li Yan's chat history.

Just as Qiao Mu was thinking about the size she should cut, Yu Yiduo's voice suddenly rang in her ears. " Baby? "

Startled, she looked up and saw Yu Yiduo holding her phone.

Qiao Mu instantly understood that Yu Yiduo had seen her WeChat!

Her face turned slightly red. What if someone peeped at her and her uncle's words?

Yu Yiduo smiled and pretended to be ignorant, “Mumu, when did you get a nickname? I didn’t even know that you had the name ‘baby’ and only let Li Yan call you by it. You hid it from me. You’re too insensible.”

Qiao Mu was speechless.

Without waiting for Qiao Mu to say anything, Yu Yiduo looked at the butler. ‘

Old Chen, do you know Mumu’s nickname? ”

“Madam, this is obviously a pet name,” replied the butler with a smile.

“Is that so?” Yu Yiduo was surprised. She pondered for a while. “ Is this a message from my son? My son is very stubborn. Why would he call me by such a nickname? Mu Mu, is this a WeChat account with the same name as Li Yan?

It’s not him, right?”

Qiao Mu blushed. ” Auntie, don’t tease me. ‘

Yu Yiduo’s expression suddenly changed drastically, and she dashed in front of Qiao Mu, asking with a face full of admiration, ““ Mumu, tell me honestly. What love secrets do you have? How did you train my son, who is such a difficult person, to be so obedient? Hurry up and teach me. ‘

The corners of Qiao Mu’s mouth twitched fiercely. Why did she make it sound like she was training a pet?

Auntie, I didn’t do anything. I have no experience to teach you. ‘

“Hmph, you’re not being honest with me, are you?”

“Forget it, forget it. I won’t make things difficult for you anymore. Look at your face.”

Yu Yiduo was magnanimous enough to let Qiao Mu go. In the end, she added, ‘

This is something worth showing off about, so there’s nothing to be embarrassed about. Look at me, I’ve been married into the Li family for decades, but I’ve always been under my old man’s tight control. I really envy

you.

Auntie, I’m not as powerful as you think. Actually, I’m also the one who’s being controlled.”

“What is it? Sigh, Mu Mu, so we’re in the same boat. The Li family’s father and son are simply too despicable. They’ve been like this for generations. Don’t give birth to another descendant of the Li family who will harm women in the future.”

Qiao Mu was speechless. What the hell is this!

Qiao Mu couldn’t help but laugh bitterly when she saw Yu Yiduo’s hilarious joy.

Yu Yiduo accompanied Qiao Mu for the entire day. In the evening, Yu Yiduo shouted for Qiao Mu to treat her to a meal as a reward, and then the two of them went to the dining room.

Qiao Mu felt no pressure at all when she was with Yu Yiduo and was extremely happy..
