### Chapter 591: The First Festival With Uncle (2)

After breakfast, Qiao Mu and Li Yan hung up colorful lights together.

Li Yan was worried that Qiao Mu would have to step on the ladder to hang the lanterns, so he would stand by her side every time she went up the ladder to prevent her from falling off.

Qiao Mu sat on the ladder with a lantern in her hand as she shouted at Li Yan,

“Uncle, take a photo of me.”

Li Yan had no choice but to raise his phone and take a picture of Qiao Mu. After taking a picture, Qiao Mu snatched the phone away and frowned. “This one doesn’t look good. Let’s take another one.

“This one doesn’t look good either,” Qiao Mu said after Li Yan was done. “Let’s take another one.”

“It’s not good. Uncle, take a few more photos.”

After that, Qiao Mu posed in all sorts of poses, and Li Yan took a bunch of photos.

Finally, Li Yan stopped filming. “I think you’re just saying that it’s not good looking to find an excuse. You’re treating me as your photographer.” “No, look at the photo. It really doesn’t look good.”

Li Yan looked at the little woman on the phone screen. She was smiling so happily. Sometimes, she was holding her hands in a scissors position, and sometimes, she was pouting. She looked so cute that he could not help but want to kiss her.

He raised his head and met the little woman’s expectant gaze. That expression was saying, “I’m very good-looking, right? Come and praise me!”

Li Yan nodded. " Yes, she's indeed not good-looking. She's just average looking. No matter how hard you take her, she won't look like a fairy.

Qiao Mu was speechless.

Would it kill him to praise her?

Qiao Mu pouted. " I'm angry, so I'm ignoring you! "

Li Yan chuckled softly. " Be good. Don't cause trouble when you come down. If you continue to hinder me from working, I won't be able to see the lanterns tonight.

"Then say something nice for me." She took advantage of the situation.

"Hmm? Say what?"

"Just say that you are beautiful in my eyes no matter what you look like."

Li Yan nodded. " I know. Beauty is in the eye of the beholder. It's normal for me to look good in your eyes. "

"Li Yan!" Qiao Mu cried out unhappily.

" Alright, you're good-looking in my eyes no matter what. I don't despise you. "

Qiao Mu's face was filled with smiles upon hearing this. She excitedly came down from the ladder, but the moment she landed, she accidentally sprained her ankle.

Li Yan's face darkened and he hurriedly held her. " I let you run around. Does it hurt to move your ankle? "

Qiao Mu shook her head vigorously. " It doesn't hurt. "

Li Yan did not say a word. He wrapped her up and placed her on the chair to check her ankle.

"Uncle, it really doesn't hurt. It's okay. Let's continue playing." Qiao Mu moved her ankle in front of him. It hurt a little, but it did not stop her from playing.

Li Yan's expression turned serious. After confirming that her ankle was not injured, he said coldly, "Don't jump around. Sit obediently at the side." "Uncle...

Just as she opened her mouth, she was interrupted by the man. " There's no room for discussion. '

Qiao Mu's excited little face instantly crumbled. This man's expression changed faster than flipping through a book. He was fierce as he said!

It had been a long time since she had seen him being fierce to her. Looking at him now, he was really quite handsome.

She was still infatuated at this time. It was really enough!

Then, Li Yan continued with his work, and Qiao Mu could only sit obediently at the side and watch.

In the afternoon, the colorful lights in the courtyard were all hung up, and Qiao Mu was a little restless at home. She tilted her head and looked at the man beside her. " Uncle, let's go buy food and prepare dinner? "

Dinner was already prepared in the kitchen. There was a sumptuous seafood feast, chicken, duck, fish, and meat.

Li Yan did not say anything and left with the little woman..

## Chapter 592: The First Festival With Uncle (3)

When they arrived at the supermarket, there was a sea of people preparing for the festival.

Qiao Mu pushed the shopping cart forward with difficulty. Li Yan protected her in his arms to prevent others from bumping into him.

There was a mooncake event going on, and a group of aunties and aunts were fighting over the mooncakes. Qiao Mu joined in the fun and squeezed into the crowd, choosing a box and placing it in the shopping cart.

“Uncle, today is the Mid-Autumn Festival. You must eat mooncakes.”

“Alright.” Li Yan replied indifferently. Didn’t this little thing see the piles of mooncakes at home?

Then, there were oranges on special sale in the fruit section. They cost 1.8 RMB per catty. Qiao Mu excitedly joined the crowd to pick out oranges, and in a short while, she bought a large bag of oranges.

Li Yan followed Qiao Mu wherever she went. Although she bought a bunch of things, she might not eat them. As long as she liked them, how could he stop her?

The two of them squeezed into the crowd like an ordinary couple, carefully choosing the cheapest things to buy.

This feeling was like buying New Year goods for the New Year.

This was the first time Qiao Mu felt that a festival could be so joyous.

In the end, he bought a lot of vegetables and fruits, as well as fresh hairy crabs in the seafood area. Finally, when the shopping cart could not fit anymore, he returned with a full load.

When they got home, the servants were moving bags of things into the house. Yu Yiduo walked over and rummaged through the shopping bags. She asked in surprise, “What did you buy? Why did you buy such a big bag of oranges?”

“Auntie, oranges are on sale, so I bought a little more at once,” Qiao Mu said with a smile.

Yu Yiduo looked at the price tag on the shopping bag, and her mouth twitched. 30 yuan for a big bag. This wife really knows how to live, but is she sure she can finish all this? It was estimated that in the end, more would rot than eat. Would this be a good way to live or a waste?

Alright, overall, this kind of thrifty and frugal attitude was not bad.

Then, Yu Yiduo saw the mooncake and said helplessly, “Mu Mu, there are so many mooncakes at home. We can’t even finish them all, yet you still bought them.”

It was only then that Qiao Mu noticed that a large, western-style mooncake was already placed on the coffee table. She smiled awkwardly. “It’s the Mooncake Festival today. Of course, the more mooncakes, the better!”

“Then what’s with this pile of vegetables?”

“Tonight’s dinner!”

“But the ingredients for dinner are all prepared.”

Qiao Mu was speechless.

So, she bought a whole bunch of them, but it was useless?

He secretly glared at Li Yan. Since he did not lack anything, why did he not remind her?

“Mom, Mumu bought the hairy crabs that you like,” Li Yan said calmly.

Yu Yiduo subconsciously wanted to say something, but she suddenly realized that Li Yan was staring at her with a hint in his eyes. She immediately stopped what she was about to say and smiled happily. “ Mu Mu is so considerate. I like to eat hairy crabs! ” I’ll take it to the kitchen and cook it for dinner!”

Qiao Mu only became happy after hearing Yu Yiduo’s words. She had finally bought the right item.

However, that was not the case.

Yu Yiduo had already gotten someone to send over authentic Yangcheng Lake hairy crabs in advance for a feast during the Mid-Autumn Festival dinner. The small hairy crabs that Qiao Mu bought from the supermarket were not authentic and fresh, so they were really useless.

However, her son was wholeheartedly protecting his little woman. He did not want her to be disappointed, so she could only pretend to be very happy.

Qiao Mu placed the fruits she bought on a plate and a large watermelon on the coffee table after cutting them piece by piece.

Li Zheng went downstairs and frowned when he saw the watermelons. ‘

Chapter 593: So Happy That I Want To Tears (1)

Qiao Mu froze. Why was it that no matter what she bought, it was always wrong? Did she really not have the potential to live at home?

As soon as Li Zheng finished speaking, he felt his wife glaring at him. The next moment, he picked up a piece of watermelon and took a bite. ” It’s okay to eat it once or twice. ”

When other families married a daughter-in-law, they would have to serve the elders and servants. They had no status at all, but his daughter-in-law had not even married into the family, and she had to be treated like an ancestor!

Li Zheng thought about this as he chewed on the watermelon. Who asked him to give birth to a useless son?

Sigh! Like his father!

Qiao Mu saw that there were indeed many boxes of mooncakes at the side. They were probably gifts from others, and the box she bought was on special offer. It was really not presentable.

It would be a waste if she couldn't finish so much. Qiao Mu thought for a moment and moved closer to Li Yan. " Uncle, I have something to discuss with you. "

"Hmm?"

"Can you send those mooncakes to the orphanage?"

Thinking of her past experiences and the children who were not adopted in the orphanage, she really felt that she was quite lucky.

Li Yan caressed her little face. " I'll get the driver to send it over. I'll also send the vegetables, fruits, and snacks that you bought over. "

"Yes!" Qiao Mu grinned.

The day was very fulfilling.

Dinner, a sumptuous table.

Qiao Mu sat in front of the table and looked at the palm-sized mooncakes on the table. They looked like cakes that had been cut into pieces, looking extremely alluring.

She used a small fork to fork a piece and placed it in front of Li Yan. " Uncle, have a piece. "

"You eat." Li Yan did not like to eat such sweet and greasy things.

Qiao Mu pouted. " No, we have to eat mooncakes today. It's a tradition. Just eat one piece. "

Li Yan was helpless. In the end, he was forced to eat a piece.

Yu Yiduo showed off her skills in front of an expert. She held a mooncake to Li

Zheng's mouth. " Hubby, you should have one too. "

Li Zheng dodged. " It's not like you don't know that I never touch sweets. "

Yu Yiduo gave a fake smile. " Didn't you hear what Mumu said? You don't like it and want to eat a piece. Come, open your mouth."

"Honey, I really don't want to eat." Li Zheng's face was full of rejection. Eating this kind of thing before a meal would affect one's appetite.

This time, Yu Yiduo was furious. " So, you want to quarrel with me during the holidays? "

Li Zheng was speechless.

After decades, Li Zheng had never been forced to eat a piece of mooncake. Today, he was forced to eat it because of his daughter-in-law and son.

Seeing Li Zheng eat it, Yu Yiduo smiled in satisfaction. Mu Mu had taught her son to be obedient, but she couldn't even do this. Wasn't this embarrassing?

Qiao Mu secretly exchanged glances with Li Yan. Madam Yu was really too scary. As expected, Li Yan's ability to turn hostile at will was just like his mother's!

When the hairy crabs were served, Qiao Mu saw the hairy crabs of different sizes on the plate and asked in puzzlement, "Why is the size different? I remember that when I bought it, it was the same size!"

Li Yan picked a big one and placed it in front of Qiao Mu. He explained nonchalantly, "It might have shrunk."

Yu Yiduo was speechless.

Did he take her daughter-in-law for an idiot? Such unconvincing words could actually be said so boldly!

But ...

"Crab shells are hard," Qiao Mu asked with a serious expression. "Can they shrink?"

Li Yan nodded. "It means that the shop has filled it with water. There's a possibility that it's fake, so you don't have to eat it..

Chapter 594: So Happy That I Want To Tears (2)

"I didn't expect a large supermarket to be such a scam!" Qiao Mu really believed it. After all, fakes were serious nowadays, and many things were fake. It was not impossible for crabs to shrink in size.

Yu Yiduo was really surprised.

Yu Yiduo took a small one and opened it. There was a bag of water inside. It was not fresh at all. She threw it on the table. "It has indeed shrunk."

The reunion dinner was very enjoyable. The entire room was filled with Qiao Mu and Yu Yiduo's laughter, and the two women couldn't stop eating.

In the end, Qiao Mu ate her fill, and the sky outside had completely darkened.

She tugged at Li Yan excitedly. " Uncle, let's go play in the courtyard after we're done eating. "

Li Yan could tell that the little girl was in a hurry to get out. He took a coat and put it on her before holding her hand and walking out.

Qiao Mu turned to look at Yu Yiduo. " Auntie, aren't you going out to admire the lanterns and the moon? "

Yu Yiduo waved her hand. " We won't go out. We'll stay at home and watch the

Mid-Autumn Festival Gala. You guys can have fun. "

Actually, she didn't want to disturb her son and daughter-in-law's private time.

This mother-in-law was really competent!

The moment Qiao Mu stepped out of the door, she saw the courtyard bathed in red light. All the lanterns were lit up, making the courtyard look extremely beautiful. She was completely stunned.

All kinds of lanterns formed a spectacular scene under the light.

This scene was really like enjoying a grand lantern festival.

It was so beautiful that it was unreal.

Qiao Mu quickly rushed to the lantern, and the emotions in her heart uncontrollably gushed out and surrounded her.

The beautiful scenery in front of him was personally created by Li Yan. He was the one who hung up every lantern.

In an instant, Qiao Mu's vision blurred. She sniffed, feeling so blissful that she wanted to cry.

How could she not know that everything Li Yan did was for her!

In order to give her a holiday like this, he, a man who never knew how to be wasteful or do romantic things, actually spent so much effort on such a thing.

Li Yan saw the glimmer in the little woman's eyes and frowned. He used his fingers to gently wipe her eyes. "She's fine. Why are you crying?"

"I'm not crying!" Although she denied it, her voice sounded like she was about to cry.

Alright, you didn't cry. You just had sand in your eyes."

Qiao Mu burst out laughing at his words. When did he become so elegant? Qiao Mu wandered around under the lantern several times, but she still found it surreal. She plunged into Li Yan's arms. "Uncle, thank you."

"Idiot."

She did not need to thank him. The best way to thank him was to make herself happy.

As long as she was happy, anything was worth it to him.

Qiao Mu was tired from strolling in the courtyard, so Li Yan brought her to the roof to look at the moon.

The night breeze was a little chilly. Qiao Mu leaned into Li Yan's embrace, and every part of her body felt warm from her heart.

She looked up at him and said, " Uncle, I used to look at the moon by myself. At that time, I couldn't feel how beautiful the moon was. I couldn't feel the joy of the festival at all. "

Li Yan hugged her gently. " With me around, you'll get used to it in the future. " Get used to all the good things and forget all the unhappiness in the past.

Qiao Mu nodded vigorously. She did not doubt his words in the slightest.

The two of them sat in the night breeze and chatted casually. After a while, the little woman in his arms fell silent. Li Yan looked down and realized that she had fallen asleep.

This little thing had been excited for the whole day and had expended a lot of energy. Now, it fell asleep very quickly.

Li Yan carried Qiao Mu back to the room and placed her under the blanket before lying down beside her.

Chapter 595: The Woman Who Surprised Him (1)

On this day, Qiao Mu was so blissful that she forgot herself.

Chi Xia, on the other hand, was not so happy.

Chi Xia was from the Law Faculty, so there was indeed an event in the club on that day.

Since she had agreed to spend the Mid-Autumn Festival with Su Chen, she wanted to have dinner with him after the event.

She had wanted to send Su Chen a message, but her phone had run out of battery. She had forgotten about it when she got busy.

After the event ended, she charged her phone and called Su Chen. Her phone rang.

She picked up the phone and before she could speak, she heard the other party's fiery voice."Chi Xia, how dare you disappear! I'll give you five minutes to appear in front of me immediately. Otherwise, don't blame me for turning

Facing the man's anger, Chi Xia asked cautiously, ""Where are you?

"Your school gate!"

Chi Xia was stunned. When did he come to her school? Would he really go to school to look for her if she had answered the call a step later?

Chi Xia did not dare to delay any further. She returned to the dormitory, packed the things she had bought beforehand, and rushed to the school gate. When she saw Su Chen's car, she panted heavily.

At this moment, Su Chen was furious. He had been looking for this woman for the entire afternoon, but her phone was switched off and he could not contact her. It seemed like she was deliberately avoiding him!

Her anger had already reached its peak and she was about to go to her school to arrest her when her phone was picked up.

When he saw Chi Xia running out of the car with bags of stuff, Su Chen got out of the car and looked at her coldly. " You're finally willing to show up? Chi Xia took a deep breath and calmed herself down. Seeing his questioning attitude, she frowned. " You forced me to celebrate with you. I already have something to do in my club..."

"Try saying another word!"

This woman had angered him and made him wait for so long. Instead of bowing her head and admitting her mistake, she even dared to refute his words!

Chi Xia's head shrunk and she handed the bag to him. " This is what I bought for you. The receipt is inside. Remember to reimburse me. "

Su Chen looked down and saw the thing in her hand. She was holding a briefcase in one hand. From the packaging, he could tell that it was a pot.

In the shopping bag in his other hand were bottles and jars. There seemed to be oil, salt, sauce, vinegar, and dishes.

Su Chen's eyes darkened. " When did you buy these? "

"I bought it when I went to the supermarket yesterday." Chi Xia answered casually.

He bought it yesterday. So, this woman was planning to celebrate the festival with him today. She was indeed delayed by something?

In an instant, Su Chen's expression softened. He took the bag from her and placed it in the trunk of the car. The words that came out of his mouth were extremely annoying. " To punish you for not being able to contact me, you have to pay for these things yourself. I'll teach you a lesson! "

Chi Xia was speechless.

Your grandpa!

Chi Xia felt her heart ache. A pot cost more than 800 yuan. Initially, she thought that since he was going to reimburse her, a person of his status would be demeaning if he used a cheap pot that cost 100 to 200 yuan. If he wanted to buy something better, she bought it at a moderate price.

How could she have thought that this rich man would do such a shameless thing!

A thousand or eight hundred yuan was nothing to him, but it was her monthly living expenses!

Su Chen put his things away and closed the trunk. Just as he was about to get into the car, he saw Chi Xia standing still on the spot. Her face was extremely pale.

“What are you standing there for? Get in the car!”

Chapter 596: The Woman Who Surprised Him (2)

Chi Xia was so angry that she stood rooted to the ground. “I’m not going to celebrate the festival with you anymore. You can leave on your own!” “What did you say?” Su Chen’s voice turned cold.

“Thinking about how I won’t have any living expenses for the next month, I don’t have the mood to celebrate the festival. I can’t eat any big meals.” Chi Xia’s tone had a rare hint of resistance.

Su Chen raised his eyebrows and smiled. “Chi Xia, are you a moneygrubber?” Chi Xia was speechless.

The money was clearly hers. What was wrong with her taking it back?

Su Chen opened the car door and got into the car leisurely. He glanced at her through the window. “Come with me. You might be able to get the money. If you dare to turn around and go back, you can forget about getting the money.” At this moment, Chi Xia had truly witnessed how stingy rich people were!

In the past, Qiao Mu would always complain about how overboard and petty Li Yan was in front of her. She felt that Qiao Mu was just looking for trouble for no reason, but now, she was sincerely repenting. She had misunderstood Qiao Mu!

Chi Xia did not hesitate for long and got into the car.

Along the way, Chi Xia remained silent. Su Chen glanced at her. “Have you learned your lesson?”

“It’s grown!” He answered without hesitation.

Su Chen didn't know that this woman's attitude would be so positive.

The corners of her lips curled up. " Do you still dare to make me unable to contact you? "

"I wouldn't dare!"

" I don't have cash. Add me on WeChat and I'll transfer the money to you.

Chi Xia was surprised. " You have WeChat! "

"Why? Do you think I'm out of touch with society?" Su Chen glanced at Chi Xia and spoke confidently. However, the truth was that he did not have any friends on WeChat.

It was just that he had accidentally seen his elder brother and Qiao Mu chatting on WeChat, so he was curious about this thing and downloaded it. To him, it was indeed useless, but now it came in handy.

He looked at the woman beside him and asked, "What do you want to eat? Is it Chinese food, Western food, or Thailand food?"

He remembered that she liked curry.

Chi Xia thought for a moment. " There's no such thing as eating out during the holidays. I'll make it for you when we get back. I've already bought all the oil, salt, sauce, and vinegar anyway. "

Su Chen was stunned. " You know how to cook? "

Chi Xia nodded and took out her phone. She ordered some vegetables from the delivery website and placed her order. This way, the vegetables would be delivered when she went back and she would not have to waste time buying them.

Su Chen narrowed his eyes. He saw her minding her own business and buying groceries on her phone, but he didn't say anything.

She didn't ask him what he wanted to eat, probably because her cooking skills were limited and she only cooked what she knew how to cook.

When they reached home, Chi Xia went into the kitchen and put away the things she had bought. The kitchen quickly looked like it was in good condition.

Chi Xia clapped her hands and smiled at Su Chen. " Whether a house has the taste of home depends on the kitchen. Is it better now? " Su Chen's eyes darkened as he looked at the busy figure.

This woman really surprised him.

Su Chen rarely ate at home. Other than socializing, he would spend most of his time with Lu Jingzhi and Ling Xi. They would have dinner together at night, play cards for a while, and then go home to sleep.

Occasionally, he would return to the Smiths 'villa when he had nothing to do at night, so this place was only his place to sleep. The kitchen was empty, so he didn't care.

However, this woman came three times and started a fire in his kitchen to make up for all the missing things.

It indeed looked like a home.

Chapter 597: A Warm Festival (3)

This woman was too meddlesome. She was completely acting like the mistress of the house.

But ...

He knew that she had never wanted to be the mistress.

Although she was with him, she did not put her heart on him.

Since that was the case, why should she meddle in other people's business?

At the thought of this, Su Chen felt a surge of inexplicable anger. He turned around and left the kitchen without saying a word.

Chi Xia was still talking when the man suddenly turned around and left, leaving her stunned.

Why was he so rude? It was simply too infuriating!

Chi Xia came out of the kitchen and saw Su Chen sitting on the sofa watching the Mid-Autumn Festival Gala on TV.

She looked at him. "I should go." Su Chen's cold eyes swept over. "Sit down."

"I want to go back to school." Chi Xia repeated. Su Chen ignored her and sat still. "Sit down and watch the party!" Chi Xia hesitated for a moment before sitting down.

Although Su Chen's gaze was fixed on the television screen, he didn't pay attention to what was happening at the gala.

His attention was completely focused on Chi Xia. He glanced at Chi Xia sitting down on the sofa and the coldness in his eyes dissipated.

At first, Chi Xia felt awkward sitting with him and watching TV. Gradually, she turned her attention to the party. She picked up the fruits on the coffee table and watched them while eating. When she saw the interesting skits, she started giggling.

Just as she was smiling, she felt Su Chen's gaze sweep over. Then, she heard his slightly puzzled voice, "Is it funny?" "You don't think it's funny?"

“This kind of party can only fool an idiot like you.”

Chi Xia was speechless.

If he wasn't an idiot, why was he looking at it so seriously?

Chi Xia's cell phone rang. It was her mother. Chi Xia's mother asked about it on the other end of the phone and Chi Xia smiled, ““Mom, don't worry. I'm at a friend's house for the holidays. I'm watching the party now ... Yes, I know.”

Su Chen listened to Chi Xia's cheerful voice. Through the reflective glass in front of him, he could see her bright smile. She looked like a child who had been spoiled by her parents since young.

After Chi Xia hung up the phone, Su Chen asked calmly, ““Why didn't you go home during the holidays?”

“My parents went on a trip. I went home alone.”

Chi Xia looked at the time on her phone. “It's late, I really have to go back. ‘

Su Chen leaned back on the sofa and placed his legs on the coffee table. ““I'm hungry. Go cook me some noodles.”

Chi Xia was speechless. “I just finished dinner!”

“I haven't eaten my fill yet, so I'm hungry quickly. Don't dawdle. Hurry up and cook.”

Chi Xia was really going to be tortured by this young master. She rubbed her stomach. Actually, she was a little hungry too. She was the one who was not full!

Fifteen minutes later, the beef and vegetable noodles were ready. Su Chen ate slowly.

Chi Xia wolfed down the noodles, wanting to finish them and leave as soon as possible. However, the man was not in a hurry. He finished the bowl of noodles for twenty minutes.

Finally, supper was over. Chi Xia stood up, " Can we go now? "

It's already 10 O'clock. Are you sure your dormitory door isn't closed? "

Chi Xia was speechless.

Why did she feel like she had been deceived?

Su Chen stood up and walked to the door of a bedroom. He turned on the lights in the room. " You can sleep here tonight.

"No, no, no. No need." Chi Xia waved her hands in a panic.. How could she stay in such a dangerous place for the night?

Chapter 598: A Warm Festival (4)

They were a single man and a single woman, not to mention that they were still dating in name. Most importantly, they had done something together before!

Su Chen raised his cold eyes. " I remember that your period hasn't ended yet.

Even if you wanted to, I wouldn't be interested.

Chi Xia was speechless.

She definitely couldn't go back to the dormitory at this time, so she could only stay here for the night.

After Chi Xia entered the room, she realized that her phone was almost out of battery. She jumped off the bed and wanted to ask Su Chen for a charger.

The door to Su Chen's room wasn't closed tightly, and there was a gap. Chi Xia grabbed the doorknob and was about to push the door open when she was suddenly pulled from the inside. She was thrown forward by a force.

In the next second, he crashed into a wall of flesh.

Su Chen looked at the woman who had pounced on him. The corners of his mouth curled up as he hooked his arm around her waist. "What? You can't wait to throw yourself into my arms so soon?"

Chi Xia felt a burning sensation on her face and pushed him away. "I..." I just want a charger from you!"

"Hmm, that's a good reason."

Chi Xia's face turned red. She felt extremely uncomfortable under his stare and turned around to leave.

However, just as she turned around, her wrist was grabbed. In the next moment, she was pressed against the wall. The man in front of her kissed her on the lips!

Chi Xia's eyes widened in shock. She felt the heat from the man's body and her heart was about to jump out of her chest.

In an instant, his mind went blank.

The man's kiss made her feel both familiar and unfamiliar...

She suddenly reacted and pushed him away with all her strength. She ran away and fled back to her room.

Bang! The door was closed.

Su Chen was pushed up without any warning. The feeling of being interrupted before he could enjoy it was very unpleasant!

He rubbed his fingers against his lips, and his thin lips curled up bit by bit. That handsome face had an unfathomable expression.

Chi Xia's back was pressed against the door as she panted heavily. Her heart was still beating uncontrollably.

This feeling seemed to want to swallow her whole. She subconsciously pressed her hand against her beating heart.

It wasn't that she hadn't kissed Su Chen before, but this time, it felt different. Why did she not reject it at that moment? She was so nervous that her heart beat faster.

She actually had such a reaction after being kissed forcefully. What was wrong with her?

Suddenly, there was a knock on the door. Chi Xia's heart tightened as she heard the man's voice, ""Didn't you want a charger?"

"I don't want it anymore!"

"So, you used the charger as an excuse to get close to me on purpose?"

Before Chi Xia could reply, Su Chen said calmly, ""I'll put the charger on the cabinet for you. Come out and get it yourself."

Chi Xia felt the footsteps gradually fade away and heard the sound of the door closing. She then heaved a sigh of relief.

That night, Chi Xia fell asleep in fear. The next morning, she was woken up by the surging sensation in her lower body.

She lifted the blanket and saw a dazzling red flower blooming on the light blue bedsheet!

The fifth day of her period had already ended, so she did not use sanitary pads. However, who would have thought that when she woke up, her period would appear again!

She climbed out of bed in a panic and looked at the bedhead that she had dirtied. She felt a headache.

This was someone else's house!

Chi Xia cleaned herself up and pulled the bedsheet off. She snuck out of the room with the bedsheet in her arms, intending to wash it in the washing machine.

However, just as she was about to step into the laundry room, a voice sounded behind her.. "What are you doing?"

Chapter 599: Li Yan's Fiancée (1)

Chi Xia's body stiffened. She turned around and saw Su Chen standing behind her.

She hugged the blanket and stood where she was. " I dirtied the bedsheets. I want to wash them.

Su Chen raised his eyebrows. " You've been sleeping all night and you're already dirty. What did you do? "

Chi Xia could not lift her head when she heard this. The man walked over and reached out to snatch the bedsheet from her hands.

She couldn't argue with him, so she could only tell him the truth. " There's a little stain on it..." Blood."

Su Chen immediately understood what was going on when he saw Chi Xia lowering her head in embarrassment.

He crossed his arms in front of his chest and looked down at her. " You still feel embarrassed? It's not the first time this has happened. Last time, didn't you leave your...Blood, and then he left?"

Last time...

Chi Xia's mind was a little slow for a moment, but she quickly reacted and her face turned red.

She was both embarrassed and angry!

He was talking about the first time she had sex with him!

After the holidays, Qiao Mu resumed her busy life.

When she arrived at Key studio, Key gave her a contract regarding the sales of the clothing on the market.

Key leaned back in his seat and said, "" Look at the contract carefully. If there are no objections, sign it. It's written very clearly that after the clothes you design are released, we will give you a corresponding share based on the sales. At the same time, the copyright of the work will belong to Key Studio. If any clothing brand sells your work without permission, we have the right to take them off the shelves. '

Qiao Mu nodded and signed her name without paying attention to the number of shares on the contract.

Key raised his eyebrows. " You have no objections to the split? '

Qiao Mu shook her head. " It's Teacher Key who gave me such a rare opportunity. I believe in him. Besides, I'm not very good at science, so I can't understand the multiplication and deduction of the percentage. Even if I don't get a share, I won't object, let alone get some benefits. "

Key narrowed his eyes. " Qiao Mu, I want to know, in this industry, if you're not doing it for money, then are you working so hard to become famous? " Famous?

Qiao Mu thought for a moment and asked, "Is standing at Paris Fashion Week considered famous?" My goal is to stand in the position of Key teacher.

Entering Paris Fashion Week is like walking in my own backyard. At that point, I'll definitely be very famous!"

Qiao Mu's words were extremely serious. She had never doubted her goal.

It might be difficult to achieve, but one should have the confidence to do their best.

Key looked at the girl in front of him. For a 19-year-old girl to set such a lofty goal, it might seem like a dream.

However, Qiao Mu's expression was so serious and determined that he could see his own shadow in her.

The same confidence, the same determination.

He smiled. " I hope you can always maintain this mentality. "

" I will, Key teacher! "

Key picked up the internal line. " Amy, come to my office and take over Qiao Mtl.

He then looked up at Qiao Mu. " Amy is the creative director of the design department. She's very outstanding in fashion design. Leave everything else to her. If you have any doubts, just look for her. '

Qiao Mu nodded.

Soon, Amy knocked on the door and entered. When she saw Qiao Mu, she smiled and said, "" Qiao Mu, come with me. I'll bring you to the design department. '

After leaving the office, Qiao Mu respectfully said, ""Sister Amy, there are many things I don't understand. I'll have to trouble you for this period of time."

Amy smiled faintly. " This is my job. If you need anything, just come to me. If you're polite with me and do something wrong, Key will blame me, the person in charge.. "

Chapter 600: Li Yan's Fiancée (2)

" I think Mr. Key is quite friendly. You're his secretary and creative director. He won't blame you, right? "

"You don't know him. He's a person who keeps his work and personal life separate."

As Amy said this, her eyes revealed an expression. Qiao Mu was a little puzzled. Could it be that Key and Amy had an unusual relationship?

At this moment, a woman came out of the elevator. When she saw Amy, she smiled and walked over." Amy, long time no see. Is Key here? "

Amy went up to hug her. " Key is in the office. Miss Ji, is your performance over? "

" Yeah, I'm going to perform in Singapore next. I'm here to ask Key about his costume. " The woman glanced at Qiao Mu. " If you have something on, I won't disturb you. '

The woman left in her high heels, and Qiao Mu's gaze followed her movements. She felt that this woman looked very familiar, but she could not remember where she had seen her before.

Amy looked at Qiao Mu and asked, "Qiao Mu, you know her, right?"

Qiao Mu shook her head. "Sister Amy, who is she?"

"You really don't know her?"

Qiao Mu smiled embarrassedly. "Is there anything wrong with not knowing her? ,

She's Ji Lan, a cellist. Key is the fashion consultant for many celebrities, and she's one of them." Amy observed Qiao Mu's reaction as she spoke.

Qiao Mu nodded. "So she's an artist. I don't know much about the art circle, so it's normal that I don't know her."

"Qiao Mu, what's your relationship with Li Yan?" Amy suddenly asked. Qiao Mu was stunned. "Why are you suddenly asking this?"

The topic just now had nothing to do with Li Yan at all. Why did he suddenly mention Li Yan?

Amy smiled. "Then I'll get straight to the point. Backstage, I saw Li Yan protecting you. Ji Lan is the only person who has a scandal with Li Yan. Rumor has it that she's Li Yan's fiancée."

Qiao Mu stopped in her tracks. Li Yan's fiancée?

Amy's words cleared up her memory. She finally remembered why she felt that the woman looked familiar.

This Ji Lan had a scandal with Li Yan before!

Because Yu Yiduo had created a misunderstanding about her fiancée, someone had exposed that Li Yan and his fiancée had gone overseas for a holiday. The

fiancée that was exposed was Ji Lan!

He did not expect to see Li Yan's 'fiancée' in person!

He looked up and saw Amy sizing him up. It seemed that Amy really thought that Ji Lan was Li Yan's fiancée!

Qiao Mu smiled nonchalantly. "Sister Amy, isn't it normal for celebrities to have scandals? It's just a rumor. You can't take it seriously."

Amy looked at Qiao Mu for a while before nodding with a smile and saying nothing else.

Qiao Mu followed Amy to the clothing production area and opened the door. The designer in the room was busy with his work. He held a pen in one hand and a marker on the fabric in the other. His movements were very skilled and professional. He was on a completely different level from Qiao Mu.

This was a real designer. To be able to work under Key, his abilities were indeed extraordinary.

Amy explained, "The clothes here are all new products for the fall season. For suits, Key brand pursues perfection in the details, so they are all hand-tailored. All the clothes are tailored by the designer himself and then handed over to the people below to make. What you need to do now is to complete the first step and hand over the blueprints to me. You don't have to make the clothes yourself. Besides, you have a competition to attend to. You don't have that much time.. '
