

The Apple 91

Chapter 91: If You Win, It's On You, If You Lose, It's On Me

Qiao Mu's lips twitched, trying her best to hide the unnatural expression on her face as if she was explaining to everyone. "Uncle, um, I accidentally touched you."

Li Yan bent down slightly and approached her. He spoke slowly in a voice that only the two of them could hear, "'Niece, how dare you touch your uncle in front of others!"

Qiao Mu was speechless.

Could she tear his mouth apart?

No matter how angry or embarrassed Qiao Mu was, she had to pretend that nothing had happened in front of others.

Qiao Mu forcefully pulled her hand back and lowered her head to eat, no longer paying attention to this big pervert!

After teasing her, Li Yan's expression became slightly better.

He was angry because she claimed to be his nephew in front of others. This little thing really knew how to use the excuse of her uncle to deal with things!

Didn't she want to pull him into her battle camp for her to use? If she really had such intentions, she would not be so slow!

After the meal, Chief Su left.

Lu Jingzhi had nothing to do. He looked at Li Yan and said casually, “Big brother, we need one more player. Stay and play cards.”

Lu Jingzhi estimated that with Qiao Mu around, Li Yan would have left with his little nephew, but he was not rejected as he expected.

Li Yan glanced at Qiao Mu. “You know how to play cards?”

“I guess so.” Qiao Mu nodded. She had played games on mobile games before.

“Then go play with them.” Li Yan said calmly.

Qiao Mu was stunned. She leaned closer to Li Yan and asked softly, “Is it for entertainment or for real money? I don’t have money to lose!”

Li Yan was speechless.

Was money the only thing on this little fellow’s mind?

Li Yan glanced at her. “We haven’t even started playing yet and you’re already thinking that you’ll lose? Don’t you have any future?”

Qiao Mu pursed her lips unhappily and muttered softly, “Gambling requires capital. Without capital, of course you will feel guilty.”

Lu Jingzhi walked over and smiled. “Little nephew, you don’t have to worry. If you lose, your uncle will pay for it!”

Qiao Mu glared at Lu Jingzhi. “Who’s your nephew?!”

Lu Jingzhi shrugged his shoulders indifferently. He did not want such a troublesome nephew. Only people like his eldest brother were willing to worry about this!

The corners of Li Yan's lips curled up slightly, and his mood seemed to have improved. He rubbed her head and generously said what Qiao Mu liked to hear. "If you win, it's on you. If you lose, it's on me."

As expected, Qiao Mu's eyes instantly lit up.

She had never thought that such a dream would fall on her head!

Since he had already said that, how could she not accept his good intentions?

The group moved to the mahjong room in the inner room.

When Qiao Mu learned the number of yards she was betting on, she lost her composure. How was this playing cards? This was obviously a gamble.

Big gamble!

Alright, she was indeed inexperienced and too country bumpkin!

Since someone was paying, Qiao Mu happily sat down to play cards.

The man who paid for her was lazily sitting on the sofa behind her. He wasn't very close to her, which was exactly what Qiao Mu wanted. He wasn't that nervous this way.

However, after playing a few rounds in a row, Qiao Mu lost miserably!

It was either she touched herself or she lit a cannon for someone else. Why was her luck so bad? She had originally hoped to make a fortune!

Li Yan sat at the side. His gaze did not fall on Qiao Mu's cards, but on her face.

The little fellow stared at the cards in front of him seriously, frowning slightly, as if calculating which card to play..

Chapter 92: A Good Hand of Cards

Her little hands were still tapping on the table from time to time. The way she was thinking did not match her clean little face.

Her reaction speed was not slow, but after all, luck and experience still played a big role, but it seemed that she did not have either today.

When Qiao Mu fired another shot, Lu Jingzhi put down his cards and smiled. ""Big Brother, are you in a good mood today, so you sent your little nephew to give us red packets? This card game is really good!"

Qiao Mu was speechless.

Don't humiliate me like this!

Li Yan found it funny when he saw the little boy's unhappy expression.

After 20 minutes, Qiao Mu could no longer remain calm.

She turned around and waved at Li Yan, who was watching calmly. Her big eyes were full of pleading as she discussed in a low voice,"Uncle, can you come over and sit beside me?"

“Hmm?”

“My luck isn’t very good. If you come over and sit, you might be able to improve my luck!”

Li Yan’s lips curled into a beautiful smile. He stood up slowly and sat down beside her.

Qiao Mu glared at Li Yan worriedly. “ Don’t order me around. Just sit there obediently! ”

“Alright.” Li Yan replied in a good-natured manner.

This action made the other three men feel very surprised.

This was the first time she had seen someone giving orders in front of Li Yan. Moreover, he was so good-natured that he would do whatever she said.

It was simply unbelievable!

Just look at the way he was looking at Qiao Mu. It was as if he had frozen over when he was eating just now, but in just a short while, he was already so gentle!

Every time she saw Li Yan and Qiao Mu interact, she would be shocked. The way they interacted was too unbelievable.

It was completely different from the past, but it was also somewhat similar.

Back then, Qiao Mu was never afraid of Li Yan, and Li Yan was never fierce to her. He always had a good temper. But now, it had completely changed.

While the others were distracted, Qiao Mu suddenly laughed loudly and slammed her cards heavily on the table. “ Draw yourself! ‘

Self-touch?

It had been more than half an hour since the game started, and this was the first time Qiao Mu had won.

The three of them subconsciously looked at her cards at the same time, and then a trace of surprise appeared in their eyes at the same time.

Because Qiao Mu cheated!

Lu Jingzhi laughed and pointed at Qiao Mu's cards. "I said, your cards..."

As Lu Jingzhi was speaking, he suddenly felt a cold light sweep over him. He raised his head and met Li Yan's gaze. It was filled with warning and threat. Lu

Jingzhi's words stopped abruptly.

Su Chen and Lei Yi naturally felt it too.

"What's wrong with my cards?" Qiao Mu asked in confusion. Su Chen said nonchalantly, "It's okay. You played your cards well."

"Indeed."

Lu Jingzhi replied, "Yes, you did well..." That's great!"

What's so good about it! There was no distinction between three and four stripes. It was only considered a joke if there were three stripes, but she had four stripes!

Qiao Mu took the money and turned to look at Li Yan with sparkling eyes. " Uncle, I won. Did you see that? " You've really brought me good luck. Once you come over, I'll win! Looks like my good luck begins now!"

Her tone was filled with joy, as if she was proud of herself and was asking Li Yan for credit.

Most importantly, Young Master Li was leaning back in his chair with an indifferent expression and a smile on his lips, as if he was truly happy for Qiao

Mu's " Hu card. '

Qiao Mu did not know that Li Yan was the only one who catered to her with respect. The other three men were all praying that their little nephew would not mess things up again.

Young Master Li still dared to play cards at such a level. Wasn't he blatantly scamming money?

Chapter 94: If You Don 't Want to Die, Sit Down

Qiao Mu's small face scrunched up into a ball. Her expression was extremely unwilling, but her tone softened. " Uncle, you don't need this bit of money. If a man is too stingy, no woman will like him. '

"It's okay, as long as you like it!"

"I don't like you!" Qiao Mu subconsciously replied. This man was really narcissistic.

Almost at the same time as she finished speaking, the man's eyes darkened, and the temperature in the car instantly dropped.

It was as if the weather in June had changed!

Qiao Mu instantly became nervous, as if...Did he say something wrong?

Qiao Mu clenched her fists and subconsciously gulped to ease the stiff atmosphere.

Don't like it? Very good!

Li Yan's thin lips were tightly pursed. His well-defined facial features outlined a cold and hard line. His deep black eyes stared ahead. He did not need to speak to feel the terrifying pressure.

She was finally willing to tell the truth?

All this while, she had been fawning over him. Because she was afraid that she would be threatened by him, she had no choice but to curry favor with him.

The little girl who used to like him wholeheartedly and pester him was now forced to get close to him!

Anger surged in her heart. As expected, she was still the same as before. As long as it was beneficial to her, she was willing to do it!

He tightened his grip on the steering wheel and turned to look at her, his eyes filled with warning. " Qiao Mu, as my woman, you have no right to say that you don't like her! "

"But I don't like it!" Qiao Mu raised her chin. She had finally decided to go against him. How could he be so overbearing and unreasonable?!

The man's lips curled into a devilish smile. " It's okay. I will make you fall in love with me! "

. I've never seen someone as narcissistic as you!"

Qiao Mu had just finished speaking when the car suddenly sped up and flew out with a whoosh, causing her to somersault.

She glared angrily at the man who was driving. " Why did you suddenly drive so fast?!

"If you don't love me, I'll die with you." Qiao Mu was speechless.

Was he threatening him with death?

However, why was there no trace of a playful smile in his eyes when he said this? His face was so serious that it was rare to see it. His expression was very stern, completely different from when he was fierce towards her!

"Li Yan, are you serious..."

Before Qiao Mu could finish her sentence, she suddenly heard the sound of a collision from behind the car. Immediately after, the car lost its balance and shifted to the side.

She turned her head abruptly and saw a large truck behind her. It was following closely behind. The collision just now must have been the truck kissing her butt!

Qiao Mu widened her eyes in shock. This...What was going on?

"Uncle, did the brakes fail?" Qiao Mu stared intently at the truck behind them.

However, the road was so wide. If he failed, could he not follow so closely?

She suddenly reacted and pointed behind her in panic. " Uncle, did you offend someone... "

“Shut up!” Li Yan held the steering wheel with one hand and pressed her body down with the other. His voice was cold. “Sit tight if you don’t want to die. Hold on tight!”

Qiao Mu pursed her lips and took a deep breath. She only realized the severity of the matter after seeing Li Yan’s reaction!

“Uncle, even if you have any enemies, don’t drag me into this. Why don’t you let me off the car and settle your own matters?”

“Oh? You mean, you want me to stop the car now?”

“If they stopped the car now, the two of them would be crushed into meat patties at the same time!”

Qiao Mu didn’t dare to speak anymore. She bit her lip tightly, and the panic in her eyes was unconcealed..

Chapter 95: Die with Me, Are You Afraid?

The car sped along at high speed. In order to avoid the truck chasing after them, the car scuttled back and forth on the wide road, shaking Qiao Mu until she wanted to vomit.

There was no time to see the scene outside the car clearly. It flashed past his eyes in an instant. The scene was very thrilling.

Qiao Mu gripped the safety armrest tightly. Her breathing became erratic, and she was unable to calm herself down.

Did she use up all her good luck playing cards tonight? Why did she have to encounter such an unfortunate thing!

Li Yan glanced at the pale little thing and smiled. He turned the steering wheel skillfully and said in a gloating tone, "Little nephew, it seems like you don't like me and have been punished by the heavens. That's why the heavens want us to die together as punishment. '

Qiao Mu looked like she was about to cry. "Uncle, can you concentrate on driving?"

At this time, could he not joke around?

Could he not tell that she was really afraid?

Li Yan narrowed his cold eyes and lowered his voice. "Die with me. Are you afraid?"

"I don't want to die!"

"As long as you say that you love me, you won't die!"

Almost as soon as Li Yan finished speaking, Qiao Mu shouted without hesitation, love you!"

Li Yan sneered. He was not sincere at all.

This little thing was willing to say anything to save her life!

Bang! They collided again!

The car jolted and flew to the side unsteadily.

Qiao Mu's face turned even paler, and she shouted in exasperation, "" I've already said that I love you, Li Yan. If you don't keep your word, I won't believe you anymore! '

"Don't be nervous, hold on tight!"

Li Yan's voice was neither hurried nor slow. He gently held Qiao Mu's hand, and Qiao Mu's heart instantly felt at ease.

At the same time, the car sped up. Li Yan quickly turned the steering wheel. The car made a sharp grinding sound on the ground. Then, it made a sharp turn. The car shook violently. It successfully shook off the truck and turned to the side lane.

With a bang, the truck behind the car crashed into the roadside fence.

Everything returned to normal.

Li Yan looked at the little thing beside him, who was so scared that her face was pale. The hand on her lap was clenched tightly into a fist, as if she had not recovered from her nervousness.

Her heart softened inexplicably, and she felt a faint heartache.

She should not be experiencing such a scene with him.

To him, this was nothing. It was a normal thing, but when had she ever had such a thrilling experience?

Qiao Mu's arm reached over and gently pulled her petite body into her embrace. Her body stiffened, and she raised her head to look at him. "Are you alright?"

"Yes, it's all in the past."

Qiao Mu secretly heaved a sigh of relief. Fortunately, it was a narrow escape!

When she recalled how the car had bumped violently just now, Qiao Mu immediately grabbed Li Yan and checked him. "Are you hurt?"

Li Yan was stunned. He looked at the little thing's nervous face and his eyes darkened. He could not tell what he was feeling.

At this moment, Lei Yi rushed over and stood outside the car. " Young Master,

I'm sorry I'm late. "

Li Yan looked at Lei Yi and his eyes darkened. " Find out who sent them! "

"Yes."

The back of Li Yan's car had been damaged by the truck and could not be driven anymore.

On the way back, Li Yan and Qiao Mu sat in Lei Yi's car.

Qiao Mu regained her senses and sat as close to the car door as she could to Li Yan, as if she had thorns all over her body.

Li Yan glanced at her. Ever since he got into the car, this little thing had been keeping a distance from her. It was as if he was a virus, and she wanted to stay as far away from him as possible..

Chapter 96: Can I Not Be Your Person?

The atmosphere in the car was very quiet.

Qiao Mu lowered her head and gripped her seatbelt tightly. She still had lingering fear when she recalled the thrilling scene just now.

She raised her head and looked at the man beside her. Her expression was calm as if nothing had happened.

Only then did Qiao Mu realize that she really did not understand this man at all.

“Uncle, do you have a lot of enemies?” she asked, biting her lip.

“Quite a few.”

That casual tone made it seem as if he was not talking about his own matters.

Li Yan looked down at her. “Are you afraid?”

Qiao Mu straightened her back. “Afraid? What was there to be afraid of? I’ve been through ups and downs before. I’m not afraid of these small waves!”

“Oh? Was that so? It doesn’t matter, you’ll have the chance to experience real storms in the future.” Li Yan’s casual words extinguished Qiao Mu’s arrogance in an instant.

She had to be stubborn for a moment. Could he not expose her?

How could she not be afraid of such a scene?

All this while, although she was in danger in the Qiao family, it was all a battle of wits! Compared to this kind of danger that could kill someone at any time, it was simply not presentable.

She had always known that Li Yan was very powerful, but she did not expect his identity to be so complicated. How could a simple businessman be silenced by others?

The little thing looked like it wanted to escape, which made Li Yan's expression turn colder. " Qiao Mu, let me remind you, don't try to get any ideas! If you become my person, you naturally have to bear a certain risk!"

His tone was overbearing and domineering, and his superior attitude made Qiao Mu feel a hint of rebellion.

She raised her head and glared at him. " Then can I not be your woman? " In an instant, the air pressure in the car dropped to its lowest.

Li Yan's lips were pursed into a thin line. His sharp black eyes stared at Qiao Mu for a long time before the corners of his lips curled into a cold arc. " Sure! ' Qiao Mu was startled by this affirmative answer.

But then, the man's voice sounded again."The Qiao family's villa is right in front. Shall we go and talk to your stepmother?" Qiao Mu's expression changed drastically in an instant.

This bastard!

Threatening her again!

Qiao Mu lowered her head and ignored him. Suddenly, her chin was clamped by the man, and she was forced to look up to meet his gaze.

Qiao Mu, there's no such thing as having the best of both worlds in this world. Since you've chosen to be with me, you have no right to go back on your word halfway! '

Qiao Mu couldn't help but spit. " Shameless! "

Li Yan narrowed his cold eyes and said with a hint of cruelty, "" There's nothing that I can't get. You either want to be with me willingly, or you'll be forced to be my bed partner! "

Bed partner!

Li Yan's words were like a knife stabbing into her heart, causing her heart to ache.

It turned out that she was just a bed partner!

Qiao Mu smiled sarcastically. " I want to ask Young Master Li, are you willing to fall out with your cousin for the sake of your bed partner? "

Li Yan glared at her coldly. " That depends on the value of the bed partner! "

Qiao Mu's chest was so heavy that she could not breathe. She gritted her teeth so hard that she did not reveal the slightest emotion.

The car stopped, and Qiao Mu got out of the car without looking back. She rushed into the Li residence's main gate. She had no right to make a choice, so she had to be obedient, alright?

Li Yan looked at the petite figure, his face scarily dark.

He knew that this little thing had been forced to be with him from the beginning. She knew that if he didn't stand on her side, she would have no chance of winning if she fell out with Yu Tingyun.

Therefore, she had been trying to please him against her will and did not really

want to be with him..

Chapter 97: She Really Dared to Run!

This little thing had always chosen things that were beneficial to her under harsh conditions.

She was like this now. Ten years ago...That was also the case!

He clenched his fists tightly. The veins on the back of his hands were bulging, enough to show his suppressed anger.

It was extremely quiet in the car.

Lei Yi, who was sitting in the driver's seat, did not dare to breathe loudly, afraid that he would accidentally ignite the mine.

Lei Yi had been by Li Yan's side for many years. Although he did not grow up together with Su Chen and the others, Lei Yi had been working under Li Yan for so long that he naturally had a grasp of this young master's thoughts and temperament.

All these years, Li Yan had never had a woman by his side, let alone be so attentive to a woman.

Before Qiao Mu's appearance, Lei Yi had always felt that this man was an emperor who was born to be independent. His career would forever be his everything, and he would never be distracted by a woman.

However, that night when Qiao Mu was in trouble, Lei Yi realized that this man would also be anxious for someone. The concern hidden under his emotions was something that people who didn't know him well wouldn't be able to detect.

However, could the young master really win her over by treating her with such an attitude?

After all, Qiao Mu was only an 18 -year-old little girl!

Inside the house, Qiao Mu sat angrily on the sofa. After a while, the door opened behind her, and Li Yan entered the house.

Qiao Mu thought to herself that she must fight the supreme demon to the end. Even if her resistance was futile, she had to mess with him and let him know that she was not easy to bully!

However...The man behind her didn't get close and went straight upstairs!

Qiao Mu stared at the tall figure on the second floor in shock and gritted her teeth in anger. He was still ignoring her, so she should be the one angry!

The tall figure disappeared, and Qiao Mu's arrogance was completely extinguished.

What right did she have to be angry? She was just a bed partner!

Qiao Mu felt a sharp pain in her lower abdomen as a warm current gushed out. She realized something and immediately went to the washroom to confirm that her period was here.

It came too suddenly. Qiao Mu did not have sanitary pads, and a certain man was currently giving her a cold war. She did not want to take the initiative to go up to him. After thinking about it, she could only go out and buy them herself.

It was late at night, and there were no supermarkets nearby. Qiao Mu regretted it the moment she stepped out of the door.

Li Yan had said that there were scavengers sleeping on the streets nearby. When she thought of this, her hair stood on end.

Qiao Mu thought about it and decided that it was safer to return to the Qiao family.

At this moment, in the study room upstairs, smoke filled the entire room.

Li Yan smoked one cigarette after another. The ashtray was filled with cigarette butts, but he still could not calm the frustration in his heart.

He wanted to strangle her to death whenever he thought about how she wanted to leave him.

Ten years! He had waited ten years for her to become his. Did she think that he would let her go just like that?

Li Yan knew that Qiao Mu liked to play tricks, but her heart was pure. She had never experienced anything as risky as tonight.

He had no intention of putting her in danger at all. He had only said those words to her in the car to scare her.

However, she really thought that she would not have a good life with him!

Li Yan lit up another cigarette and his gaze inadvertently fell outside the window. A petite figure was sneaking toward the door.

His eyes instantly darkened!

She really dared to run!

Li Yan pursed his lips and strode out of the study. He went out like the wind and caught the little woman who was about to escape.

“Where are you going?”

Qiao Mu was nervously looking around the main entrance, worried that she would bump into the Qiao family. Suddenly, a cold voice rang out from behind her, giving her a fright..

Chapter 98: Is This Auntie?

Qiao Mu turned around and saw the man in the darkness. She pursed her lips. ‘

I want to go home! ”

“Go home?” Li Yan’s eyes glinted coldly as he strode over to Qiao Mu. ” Have you completely forgotten my warning to you? You still dare to sneak away?”

The man’s tone was so cold that it made Qiao Mu shrink her neck subconsciously.

Why was he so fierce!

How was she sneaking away? He didn’t care about her. Her period was here, so she could only think of a way herself!

Qiao Mu angrily pushed him away and turned to leave.

However, before he could take two steps, he was pulled back.

Before she could steady herself, she felt a hand on her waist and another on the back of her head. She was pinned in his arms and her lips were sealed.

“Oh...

Bastard!

His kiss was extremely rough and it rubbed against her lips, making her feel extremely uncomfortable.

His tongue invaded her mouth forcefully, as if he wanted to swallow her whole.

She pushed him hard, but it was useless.

At this moment, a car drove over and stopped outside the Li family's gate.

Qiao Mu's eyes widened abruptly as she pounded his chest.

They were standing by the gate, and the car behind them was most likely from the Qiao family!

Li Yan turned around and faced the door with his back. He wrapped his arms around Qiao Mu and protected her petite body in front of his chest. Outside the door, a surprised voice sounded. " Uncle, you're...?" It was Qiao Ya!

Qiao Mu instantly tensed up. It's over, it'll be bad if Qiao Ya sees it!

Qiao Mu obediently hid in Li Yan's embrace and stared at him pitifully,

Compared to Qiao Mu's nervousness, Li Yan's expression remained unchanged. The man's lips were pressed close to her ear. Qiao Mu could feel the hot air from his mouth hitting her face, causing her ears to unconsciously turn red.

Immediately after, a man's voice sounded in her ear."Aren't you going home?

You can leave now."

As he spoke, he pretended to let go of her hand.

Qiao Mu stiffened. Without even thinking, she directly hugged his waist tightly and shook her head vigorously at him.

Qiao Mu knew that she was a good-for-nothing. As long as she was threatened by him, she would completely admit defeat!

Li Yan raised his eyebrows. His cold and mocking voice rang out. " Why are you so nervous? If your stepmother finds out that you're with me, wouldn't that make us even closer?"

"..”Oh my god, can you stop teasing me?

If Yu Tingyun found out, she would tear her apart. Li Yan was her uncle in name!

The crime of seducing her uncle was enough to chase her out of the Qiao family!

Behind him, Qiao Ya's voice sounded again. ""Uncle, this is...Auntie?" Qiao Mu was speechless.

Auntie your sister!

But thinking about it, if Qiao Ya called her auntie, it would actually be quite satisfying!

Qiao Mu looked at Li Yan, and she could vaguely sense that the corners of his lips curled up faintly when he heard this form of address.

Immediately after, her head was pressed against his chest. The man tilted his head slightly and spat out a word coldly.

"Get lost! "

That voice was devoid of warmth, but it also contained a trace of displeasure and annoyance.

Qiao Mu felt a little glad that this was not directed at her. She could totally imagine how awful Qiao Ya's expression was at this moment.

Soon, the car started and drove into the Qiao family's main gate.

Qiao Mu was about to heave a sigh of relief when she raised her head and saw Li Yan looking at her with a cold expression. It was obvious that this little episode did not change the topic..

Chapter 99: 1 1 m Helping You Keep Watch

Qiao Mu embarrassedly released her hand from his waist, and a warm current gushed out from somewhere. She immediately had a bad feeling.

She immediately remembered the purpose of coming out. She did not care if Li Yan was still angry or not. She said anxiously, "Uncle, I really have to go home today."

"Hmm?" Li Yan frowned slightly.

"I'm on my period. I didn't prepare that. It's not convenient to go out and buy it so late, so I want to go home and get it."

Hearing this, Li Yan's furrowed brows slowly relaxed. This little thing was not trying to take the opportunity to slip away.

Li Yan didn't say a word and led Qiao Mu into the courtyard. Qiao Mu was a little anxious. "Hey, Little Uncle, do you understand what I'm saying?!"

However, Qiao Mu soon knew what Li Yan wanted to do because she was stuffed into the car.

"Uncle, there's really no need to go through so much trouble. I'll just go home..."

"Shut up!"

Actually, she really didn't find it troublesome. It was just that she was afraid that it would be too late to find the supermarket and buy things!

Qiao family.

The moment Qiao Ya entered the house, she slammed the door angrily.

Yu Tingyun frowned unhappily. "Your father is upstairs. What's wrong with you? You're a girl. Can't you be more ladylike?"

"Mom, do you think Li Yan is my biological uncle? Why does he dislike me so much?" Qiao Ya complained.

Yu Tingyun was startled. "What happened? Did you offend him?"

"How would I dare to provoke him? I have such a powerful uncle. I can't wait to get close to him, but he doesn't treat me as his nephew at all! When I saw him hugging a woman in the Li family's courtyard just now, I thought he had a girlfriend and wanted to go over and get to know my auntie, but he told me to get lost!" Qiao Ya was furious. She had never been so embarrassed before!

"Girlfriend? Li Yan has a girlfriend?" Yu Tingyun was stunned.

"Yeah, the two of them are quite close." Qiao Ya snorted and looked at Yu Tingyun. "Mom, why don't we have a good relationship with the Li family?"

With such a relative in our family, we should be able to bask in some light."

Yu Tingyun's face turned cold. "Do you have any ambition? The Qiao family and the Yu family are two big companies. Do we need to take advantage of others?" He has a bad attitude towards you. Maybe he quarreled with his girlfriend and you just happened to hit a snag. Don't think too much about it!"

“But I keep feeling that our relationship with uncle is not close at all. How many people want to curry favor with someone of uncle’s status? If .

“Alright!”

Yu Tingyun interrupted her unhappily, her expression ugly. Seeing this, Qiao Ya didn’t dare to say anything more.

There were very few cars on the streets at night.

Li Yan drove the car and looked for a 24-hour supermarket.

After Qiao Mu got into the car, she kept looking around. In the end, she directly knelt on the seat and faced the back of the car.

Li Yan saw her moving around like a rabbit and asked, ““What are you doing?

It’s not convenient for my body. Is this position comfortable?”

“No!” Qiao Mu glared at him, then said seriously, ““I’m helping you keep watch. If there’s an emergency behind the car, I can report to you in time.”

Li Yan was speechless.

So this little guy was still thinking about the truck!

He turned to look at her. “ Sit properly! ‘

“Oh.” Qiao Mu was obedient.

His large hand rubbed the top of her head, and his cold tone softened a little. ‘ What happened tonight was an accident. It won’t happen again. ’

Qiao Mu was stunned. Only then did she realize that he was explaining to her..

Chapter 100: You Can ‘t Bear to Rub Me

Qiao Mu replied with an “ oh ” again. Since he said it was fine, then it must be fine!

Actually, she had always believed in his words. Although this man was very unreliable, he should be able to do what he said.

The car stopped. Li Yan took out his wallet from his pocket and handed it to her. “ Go buy it. ”

Qiao Mu grabbed his wallet and opened the car door. Just as she was about to step out, she felt that something was wrong under her butt, so she retracted her leg.

She looked at the man awkwardly. “ Uncle, can you help me buy it? ”

“Hmm?”

“I feel like my pants are dirty!”

Li Yan’s gaze drifted toward Qiao Mu’s butt. When he saw her troubled expression, his coquettish eyes narrowed slightly as if he was smiling. Qiao Mu’s face turned slightly red. This was truly too embarrassing!

However, would he help her buy such things?

As she was thinking, the man had already taken her wallet from her hand and opened the car door to get out.

When Li Yan entered the supermarket, he saw a huge variety of sanitary pads on the shelves. He then remembered that he had forgotten to ask her what brand she used.

He stood at the side and looked around for a while before locking onto the most expensive brand on the shelf.

This was the first time he had bought such a thing. After reading the various descriptions of the day and night use, the omnipotent man frowned slightly.

He didn't know which type was more comfortable, so he simply took a few packs of each.

When Li Yan was checking out with the shopping basket, the cashier saw the basket of sanitary pads and looked at Li Yan, who had a calm expression on his face. She wanted to ask him something, but when she saw his cold face and his attitude of keeping strangers away, she could only pay the bill silently.

Qiao Mu, who was in the car, was wondering why Li Yan had been gone for so long when she saw a tall figure walk out.

When her gaze landed on the bag in his hand, Qiao Mu's first reaction was that he had bought some food for her while he was at it.

However, when Li Yan handed her the bag, she realized that it was full of sanitary pads.

"Is it enough?" the man asked.

Qiao Mu's face darkened. "...Uncle, this is not enough. Do you want me to die from excessive blood loss?"

A crack appeared on Li Yan's face.

Although it was only for an instant, he returned to being cold, but Qiao Mu still caught it with a glance. Finally, there was something that he, Young Master Li, did not know about!

Qiao Mu flipped through the different types of sanitary pads and said in an indifferent tone, ""Uncle, aren't you too nice to your bed partner?"

The corners of Li Yan's lips curled up. " Oh? So you have masochistic tendencies? I understand. I'll satisfy your requests in the future and torture you as much as I can."

Don't misinterpret her meaning, okay?

Qiao Mu was indignant. " Uncle, your bed partner has lost its function at this stage, yet you're still treating her so attentively. How can you bear to torture me! "

Other than what you think, the role of a bed partner is also to warm the bed!"

Qiao Mu was speechless.

She had lost countless battles of words!

He was simply looking for abuse!

When she returned to the Li residence, Qiao Mu rushed into the bathroom in a sorry state. She took a shower and tidied herself up before coming out of the bathroom.

Li Yan sat on the bed and made a phone call. Occasionally, he would let out an ' okay ' as he listened to the person on the other end of the phone.

Qiao Mu looked at the man leaning against the headboard. He was wearing a loose sleeping robe, and the belt around his waist was not fastened, faintly exposing his firm chest.

He had one leg propped up, and his arm was lazily resting on his knee. His entire person was very lazy, and that posture looked sexy no matter how you looked at it..
