

The Ashes 1559

Chapter 1559

Following the left-hand path, they

walked a few hundred yards and

reached the foot of the mountain. At

the end of the road, a dark cave

appeared, surrounded by towering

trees that would make it hard to

spot if you were not looking

carefully.

Andrew looked at the ground and

noticed that the small path seemed

to have been carved out by people? It

was very roughly made and

uncomfortable to walk on,

with vines and weeds that clearly

had not been disturbed in ages.

The moonlight disappeared
immediately leaving them to feel
their way forward in the dim light.

Normal darkness could not stop
Andrew, of course. The cave
entrance was not large, but once
inside, it opened into a whole
different world with a much more
spacious interior.
