

## The Beloved and Pampered Girl

### C 10

Found Love and Human Touch

Sparks started to fly between the two of them.

“The fever has subsided, but your body is still very weak. Rest well today and don’t run around.”

Chu Liyuan reminded.

“Okay!” Jian Dan replied obediently.

“I’m going to the office.”

He had rushed back from Chile, and there was still a lot of work to be done. Fortunately, the lass’ fever had already subsided.

“Okay!”

Just as Chu Liyuan was about to leave, Jian Dan asked with anticipation, “Will you be home for dinner tonight?”

Chu Liyuan wanted to say that he was not sure. But the moment he turned his head, for some reason...

“Yes!”

Jian Dan reciprocated with a big smile on her face...

Li Jing was already waiting downstairs... Just as Chu Liyuan was about to get into the car, Jian Dan stuck her head out of the window upstairs. “Uncle, I’ll be waiting for you!”

“Okay, go in quickly! Don’t catch a cold again.” There was a trace of indulgence in Chu Liyuan’s commanding tone.

When Li Jing saw this scene, he was so shocked that his jaw dropped. Putting aside the fact that there was a member of the opposite sex in Mr. Chu's home out of the blue,

Mr. Chu's tone??

It was really too abnormal... This did not fit his character at all.

What did they call him? The devil of the corporate world, Grim Yama!

He always spoke in a dispassionate tone and forever had a glacial face. His sharp eyes were emotionless. He was very firm with things and people, and did not show any mercy to his opponents and enemies. That decisiveness and ruthlessness made him very successful in the corporate world, earning him the appellation "Grim Yama".

But what happened today? What was going on?

Li Jing did remember that lass. After all, she had barged into their car without warning that day. It would be hard not to remember her. However, Li Jing never expected that this sweet young thing would win over Mr. Chu just like that.

Was all of Mr. Chu's recent abnormal behavior because of... her?!

Even at this moment, seeing it with his own eyes could not make Li Jing completely believe the scene before him.

Chu Liyuan—who had been in the car for a long while—saw that Li Jing did not get into the car after a long time. He opened the window and asked, "What are you doing?" Chu Liyuan had already regained his usual expression.

Li Jing shuddered and hurriedly got into the car...

In the car, Li Jing observed Mr. Chu through the rearview mirror. In the end, he mustered his courage and said, "Mr. Chu, you seem to be a little different recently?"

Hearing this, Chu Liyuan's gaze shifted...

Li Jing observed Chu Liyuan's expression intently, afraid that he would miss something.

Seeing that Chu Liyuan did not respond, he continued to ask, "Is it because of that young lady just now?"

Li Jing asked with uncertainty.

Actually—even if Li Jing did not say anything—Chu Liyuan himself could feel the recent changes in him. Moreover, he distinctly knew in his heart that the change in him was because of that lass... Just like now, his mind was filled with her smiling face. Even he himself did not know why he would treat a lass he had only known for a few days like this.

It seemed that no matter what this lass did or said, he could not get angry. He would get extremely worried if there was anything wrong with her. When he saw her happy smile, he was overjoyed. When he saw the way she looked at him, his heart would ram against his chest...

He was like a boy who had just fallen in love!

He felt that his life had begun to derail ever since she showed up in his life. But, he did not want to return to the original track at all. He would rather continue like this.

Looking at Chu Liyuan's expression in the rearview mirror, the one in the driver's seat finally confirmed that Mr. Chu had indeed taken a fancy to this young lady...

This was good. The senior Mr. Chu no longer had to worry about Mr. Chu's marriage, nor did he have to worry about the next generation of the Chu family. Moreover...

now that Mr. Chu had found love and human touch, his work would be much easier in the future!
