

The Beloved and Pampered Girl

C 15

If You Don't Mind, I Won't Mind Too!

Looking at Jian Dan's departing figure, Chu Liyuan's lips curled up slightly...

This lass actually came to his company for an internship.

A few years ago, Chu Liyuan had felt that the technology industry was getting more and more promising, so he invested in a company too. However, he left it to his staff to manage, so almost no one knew that Yuanyi was under the Qin Corporation.

What Jian Dan did not expect was that she was assigned to the administrative department. To put it nicely, she was an administrative assistant, but she was really just a Girl Friday! A technology company like this did not have a tall hierarchy. There were only three departments—the programming department, the planning department, and the administrative department.

Therefore, the administrative department was responsible for all the miscellaneous things in the company.

Jian Dan was a top student from a prestigious college majoring in computer engineering, but she had been relegated to the administrative department... What a waste of talent!

However... since she was here, she would take it as it came. It was just an administrative assistant; it was a piece of cake.

Jian Dan did not have a second to rest at all the entire morning. She was so busy that she was no different from a nanny...

Finally, it was noon...

She was so hungry she could eat a horse.

The food was not bad.

Jian Dan took a plate and chose the dishes she wanted to eat.

Just then, Qin Rou walked into the staff canteen surrounded by a few girls.

Qin Rou relied on her family's wealth; her father was the chairman of E Media. She was a socialite from high society and would attract a group of "flies" wherever she went.

Looking at her entourage, they looked very much like the pawns of ancient times. Jian Dan felt nauseous. Fortunately, she had not eaten. Otherwise, she would most probably have puked.

Jian Dan could not be bothered to look. After getting her food, she found a table and sat down to eat...

Some people! You don't provoke her, but she has nothing better to do but provoke you.

There does not seem to be a good way to describe such a person. Cut off one's nose to spite one's face?

That was right! It was definitely cutting off one's nose to spite one's face!

They deliberately sat at a table not far from Jian Dan... One of the girls pointed at Jian Dan and said, "That's the vixen who seduced your fiancé?"

Her voice was not soft. Everyone nearby could hear her, so Jian Dan naturally heard her too.

However, Jian Dan maintained her composure and continued to eat. She did not even bother to look up.

"That's right, it's her! How shameless," Another girl continued.

Were they trying to stir up trouble?

“Keep your voice down. People will hear you. It’s not good,” Qin Rou said hypocritically.

Qin Rou was great at not getting her hands dirty. Usually, someone else would do the dirty work for her while she pretended to be a saint. It was extremely fake, just like her face.

“If she dared to do it, then she should not be afraid of others talking about it.”

“Exactly... why wasn’t she afraid when she was seducing men?”

These words naturally did not affect Jian Dan at all. But the flies buzzing around her were really annoying.

They made Jian Dan unable to enjoy her meal...

Her plate was soon empty.

After finishing her meal, Jian Dan walked towards them with her tray. When she reached them, she did not stop... Just when they were puzzled by her actions, Jian Dan stepped back and looked at Qin Rou. “Tell me, why do you like things that I don’t want so much? Thesis, research topics, and a man that I don’t want! Do you like to recycle resources so much?” Jian Dan goaded.

Since young, Granny had told Jian Dan, “Don’t cause trouble, don’t be afraid of trouble.”

Since the other party had already made a move, it was not in Jian Dan’s nature to take it lying down.

“Why are you so shameless?” one of the girls chimed in.

See, there were some people who just could not help it.

“If the waste collector doesn’t mind, I don’t mind either.” Jian Dan said as she looked at Qin Rou before leaving...

Qin Rou glared at Jian Dan before returning to her usual innocent expression.

Wasn't it tiring to pretend like this every day?

In the afternoon, Jian Dan's supervisor summoned her to his office...

"Mr. Wang, are you looking for me?" Jian Dan entered the office after obtaining his permission.

"Yes! I have a new task for you! Mei Xiaolin and Fang He, the spokespersons of our online game—Adventures of the Celestial Heroes—are coming over tomorrow to shoot promotional posters and videos. You'll help out on the set."

Adventures of the Celestial Heroes was a good game. When it first went on the market, it was very popular. However, in recent years, the gaming industry had developed rapidly, and there were too many similar games. So, it was understandable that its popularity took a dive.

Adventures of the Celestial Heroes was preparing to make a comeback. Therefore, they invited two popular stars to endorse the game.

"Okay."

This was Yuanyi's highlight of the year and the entire company was working hard to pull this off.

As a newcomer, she would definitely learn a lot by participating in such an important project.

After a busy day, it was finally time to get off work. Jian Dan packed up and wanted to take a cab home. Just as she reached the entrance of the company...

Who was this?

Jian Dan immediately saw the eye-catching white Aston Martin parked on the other side of the road.

Was Uncle here to pick her up from work??

She did not expect Chu Liyuan to be so thoughtful.

Jian Dan walked over and did not get into the car. Instead, she stood in front of the car window... Chu Liyuan rolled down the window. "Why aren't you getting into the car?"

Seeing that Uncle was so thoughtful, it did not seem good for her to be empty-handed.

"Uncle, wait for me here." Jian Dan went to the nearby supermarket.

Soon, Jian Dan came out of the supermarket.

After getting into the car, she said, "Uncle, open your mouth!"

What was this lass up to?

Although Chu Liyuan did not know what Jian Dan wanted to do, he still opened his mouth slightly.

Jian Dan saw Chu Liyuan slowly open his mouth. She reached out her hand that was behind her back and stuffed an orange-flavored lollipop into his mouth as quickly as possible.

"This is a return gift for Uncle." Jian Dan said with a smile on her face as she stuffed one into her mouth.

Orange-flavored lollipop?

This was Jian Dan's favorite flavor. She had never given it to anyone else, not even Mengmeng and Granny.
