

The Beloved 23

Chapter 23: I'm Married

As Chu Liyuan's personal assistant and good friend, he sincerely hoped that Chu Liyuan could find someone he truly liked. All these years, Chu Liyuan only had eyes for work and work only! He was a workaholic. Life was colorless. In the past, it was difficult to even see a slightly gentler expression on Chu Liyuan's face, let alone a smile on his face. But these days, he had seen a smile on his face that he had not seen for so many years.

"Li Jing, I'm married," Chu Liyuan suddenly said.

"What?" Li Jing choked on his bun and hurriedly took a sip of water to recover.

Married? Did he just say he was married?

Didn't these two only know each other for a few days?

He even witnessed the two of them getting to know each other.

Could it be that the two of them had known each other for a long time?

Or??

"What did you just say?" Li Jing's voice was amplified several times.

Did he really not hear wrongly? His face was filled with shock.

"You didn't hear wrongly! I'm really married," Chu Liyuan said seriously.

It seemed that his decision to marry this lass back then was correct.

"With... that young lady?" Li Jing could not be more surprised.

No way. This eligible bachelor had suddenly become a married man?

Li Jing thought that Mr. Chu was finally willing to fall in love, but he did not expect him to get married so quickly.

"Yes!"

"When did this happen?"

Li Jing felt like he had missed out on so much. He had been by Chu Liyuan's side every day, but he did not know at all. No one would believe him even if he told them.

"On... the morning of the business trip to Chile."

Now that he thought about it, they were still strangers when they got married for no reason.

"You mean you married her the day after you saw her?" Li Jing could no longer control his language and expression.

When did Mr. Chu become so rash? No! It should be crazy. Too crazy.

"Right!"

Li Jing noted that Mr. Chu had said this word with a smug expression on his face.

Mr. Chu had really changed. But, this change was too earth-shattering.

In the past, even if he had closed a deal worth hundreds of millions, he had never seen such an expression on his face!

His mind was filled with that lass. Images of her when she was happy... mischievous... and cute.

Li Jing knew that Chu Liyuan was very decisive, but he did not expect his marriage to be so swift and decisive too.

"Actually, I've also wondered if I was a little impulsive. But now... I'm really glad."

In order not to make the same mistake as yesterday, Jian Dan arranged for a car from the office before she got off work last night. So, after Jian Dan left Chu Liyuan's company, she went straight to Mei Xiaolin's hotel. Today's filming was scheduled at 9 a.m.. When Jian Dan arrived at the hotel, the car arranged by the company had yet to arrive. Mei Xiaolin was not ready either. Jian Dan went to the hotel restaurant to have a simple meal. After she finished breakfast at around 7:30 a.m., the car had already arrived. She waited for Miss Mei.

It was not until 8:30 a.m. that she finally arrived...

When they arrived at the studio, Fang He was already there... so they started filming immediately...

"Jian, you?" Mengmeng whispered to Jian Dan.

"What happened?"

Why was Mengmeng acting so weird today? Why was she hemming and hawing? It did not fit her personality.

"Jian, you're so normal."

What the hell? Too normal? Was she supposed to be abnormal?

"Am I supposed to be abnormal?" Jian Dan teased.

In Mengmeng's eyes, was it normal for her to be abnormal?

"It's just that you are too normal that I feel that it's not normal."

She had been in a relationship with Zhong Tianhao for two years. Anyone would be sad, right? At the very least, they would be upset, right?

'But why can't I see it at all on your face, in your actions, in your emotions?'

"Huh?"

What exactly did Mengmeng mean?

"Although Zhong Tianhao is really a scumbag and not worth pining for, you two have been together for two years. Why don't you look sad at all?" Mengmeng asked the question in her heart.

It turned out that Mengmeng was referring to Zhong Tianhao. If Mengmeng had not mentioned him today, Jian Dan would have forgotten about him. She had actually not thought of Zhong Tianhao at all these days?

That was right! After all, they had been together for two years. Why wasn't she sad at all? Jian Dan asked herself silently.

It seemed that because of Chu Liyuan, Jian Dan skipped the sad breakup period.

When she was with Chu Liyuan, she was very happy and felt very safe. It was as if she did not have the energy to think about anything else.

Seeing that Jian Dan did not speak for a long time, Mengmeng asked, "Jian, are you putting on a brave front?"

Although Jian looked cute on the surface and needed to be protected, she was actually extremely stubborn.

She was really afraid that Jian would pretend that she was fine so that no one would worry.

"No! I'm really fine!"

Seeing that Mengmeng was worried about her, Jian Dan said very seriously.

"Really?" Mengmeng asked suspiciously.

Mengmeng did not believe Jian Dan's words. It would be fine if she did not know the relationship between Jian Dan and Zhong Tianhao, but it was because she knew it too well that she was like this.

"Well... Actually, there's something I haven't had the time to tell you." Jian Dan did not know how to begin.

She had not told anyone about her marriage, so Mengmeng did not know.

"What can't you tell me?" Mengmeng looked very protective.

This girl was finally going to say it. She would feel much better after talking about it. It was not good to keep things bottled up.

"Mengmeng, I'm married," Jian Dan said solemnly to Mengmeng.

"What??" Mengmeng shouted, causing everyone in the studio to look in their direction.

Mengmeng would never have guessed that Jian Dan was talking about... getting married?

Was Jian already married to Zhong Tianhao? No way? Did she only find out about him and Qin Rou after they got married? Wasn't this too melodramatic?

Wait a minute, was she going to get a divorce next?

Mengmeng had already imagined countless scenarios in her mind.

Jian Dan did not expect Mengmeng to have such a huge reaction. Everyone looked at them, and the atmosphere was rather awkward.

Jian Dan quickly apologized and pulled Mengmeng to the stairwell. "Why are you so loud?"

Was she trying to let everyone in the company know that she was married?

"It's my fault. I was too loud, but... I was too shocked just now. I couldn't control myself at all. Who did you marry? When did this happen?" Mengmeng's face was filled with question marks.

Mengmeng was still in a state of shock and had not recovered. This was too ridiculous.
