

The Beloved 29

Chapter 29: Let's Go on a Date

Although she was already married to Chu Liyuan, the two of them had yet to officially date.

She could finally go on a date. Just thinking about it made her excited.

I wonder what my first date with Uncle will be like? Jian Dan's eyes were filled with anticipation.

Looking at the two identical sweaters in the wardrobe, her eyes narrowed.

After Jian Dan put it on, she came out of the changing room with the other one.

She saw that Chu Liyuan had just come out of the bathroom. He was wrapped in only a towel. His upper body was bare, and his muscles were well-defined. His abdominal muscles were clearly defined. This erotic scene made Jian Dan subconsciously swallow her saliva. She tried her best to remain calm, not wanting Chu Liyuan to see through her thoughts.

Jian Dan tried her best not to look directly at Chu Liyuan. She reached out and handed the clothes to Chu Liyuan. "Uncle, I bought this a few days ago."

Chu Liyuan took it and realized that it was a black sweater. Jian Dan was wearing the same outfit. "This is..."

"Couple outfits?" Jian Dan whispered in embarrassment.

Chu Liyuan looked at the clothes in his hands and did not speak...

Don't tell me Uncle doesn't like it? He usually wears a very formal suit.

"Couple outfits are usually cartoons or characters. It's especially exaggerated. You definitely won't wear it, so I chose this... This isn't considered a couple outfit. It's just the same style."

She wondered if Chu Liyuan would not like the two of them going out together in the same clothes.

However, Chu Liyuan did not say anything else. Instead, he put on the clothes.

"Wow! You are so handsome!"

This was the first time she had seen Chu Liyuan in such casual clothes. She did not expect him to be so handsome. He was less calm and more energetic.

After getting dressed, the two of them went out... "Wait for me here. I'll go get the car."

Chu Liyuan was about to go to the garage to get the car when Jian Dan stopped him.

"We're not driving today!" Jian Dan looked at Chu Liyuan and said.

"We're taking the bus today. I don't think you've taken the bus before, have you?"

The first date had to be different.

"A bus?" Chu Liyuan was stunned.

"Yes, yes! I think everyone should experience everything once! Right?"

Uncle, stop hesitating. Your "first time" taking the bus is destined to belong to me!

"Okay." It was obvious that he agreed.

This lass really had a lot of ideas. However, he had never been on a bus before. So, it did not seem a bad idea to give it a try.

A big smile bloomed on Jian Dan's face. "Because this place is really quite far from the bus stop, I asked Uncle Zhang to prepare this."

Jian Dan pointed at the bicycle parked at the door.

"Bicycle?? But why did you prepare only one?"

Chu Liyuan looked at the lonely bicycle and asked.

Another new thing? Bicycle? Haven't ridden one in a while.

"Well..."

This question was awkward. Jian Dan lowered her head and kicked the ground, feeling a little embarrassed.

What was wrong with this lass? Why was she embarrassed?

Finally... as if she had made up his mind...

"Because I don't know how to ride one... So, you have to give me a ride."

Upon hearing Jian Dan's words, Chu Liyuan laughed. "You don't know how to ride a bicycle?"

So this lass didn't know how to ride a bicycle? No wonder she only prepared one.

Jian Dan looked at Chu Liyuan's expression and pouted. "So I don't know how to ride a bicycle. Is it that funny?"

Jian Dan's hand, eye, and foot coordination were not good and was not good at anything related to sports.

"Come on!" Chu Liyuan got on the bicycle and turned to Jian Dan.

Jian Dan smiled and sat in the back seat of the bicycle. She gently placed her hands on Chu Liyuan's waist.

With the help of the bicycle, they quickly arrived at the bus stop.

It was Chu Liyuan's first time taking the bus, so he was at a loss. Thankfully, Jian Dan was there to help him. As it was the main station, there were many seats available.

Jian Dan and Chu Liyuan sat in the back of the bus. "How does it feel to take the bus for the first time?" Jian Dan asked Chu Liyuan.

Chu Liyuan did not speak. As he looked at the increasing number of people in the car, his expression darkened.

Jian Dan suddenly remembered something. She stood up and pulled Chu Liyuan as they alighted the bus. After alighting, she said, "Uncle, I'm sorry!"

Due to some reasons, Chu Liyuan was very averse to physical contact with people, especially women. He would have physiological reactions such as nausea and vomiting. Previously, it was so serious that he would get very uncomfortable when a woman appeared in his line of sight.

Therefore, he chose to go to the military camp where there were fewer girls. After that, he joined the special forces that did not even have a single woman.

After retiring from the army, Chu Liyuan's condition had improved a lot. As long as he did not have any physical contact, he was basically fine.

However, there were many people on the bus. How could there be no physical contact?

How could she have forgotten such an important thing?

"It's alright now!" Chu Liyuan stroked her head and comforted her.

"However, Uncle Zhang has to drive the car over now so that we can continue our date today."

Jian Dan looked at Chu Liyuan with self-reproach... Chu Liyuan treated her so well, but she had forgotten such an important matter. She really shouldn't have. Such things must never happen again in the future, Jian Dan told herself silently.
