

The Beloved 321

Chapter 321: Want to Return to School to Be a Student!

After lunch, the three of them embarked on their shopping trip... Girls really had no resistance to shopping. You could choose not to buy, but you could not choose not to shop!

Shopping should be a sport exclusive to girls!

Exercise and recreation were not mutually exclusive!

Zi Yan was also led increasingly "astray" by the two of them, slowly deviating from her character.

After shopping for a few hours, the three of them were tired, especially Mengjiao. After all, she had just finished her confinement and her stamina had not recovered yet!

Hence, the three of them found a cafe and drank afternoon tea while resting.

"Mengjiao, have you decided when you're going back to school?" Afternoon tea was time for chats.

"I want to go back to school when the next semester starts, but I can't stay in the dormitory at night!"

"So early! Is the baby going to be okay?"

"My mother-in-law will take care of the baby for me. I just need to prepare the milk and put it in the fridge every day."

"Oh! That's good!"

"When I go back to school, you would have graduated too. I'll definitely be very bored in school! Jian, you're not going to do a graduate degree?"

“I’ve actually taken the graduate entry test, but I’m still thinking about it!”

“Why are you still thinking about it? Don’t you want a graduate degree?”

“I just can’t think of a reason why I have to go to graduate school!”

“This is your arrogance as a top student!”

“What?! How can you insult me like this?!”

“I’m not insulting you! I’m just stating the facts!”

“I’m not talking to you anymore!”

“Zi Yan, what are your plans?” Jian Dan did not know what Zi Yan did in the past, but she had been staying at home after she came back with Chu Liyuan the last time.

“Actually, I’ve been thinking about this too.” While listening to Jian Dan and Mengjiao’s discussion, she had been also been thinking about what she wanted to do in the future.

Going to college seemed to be a good choice. Previously, she had been enriching herself with Chu Liyuan’s help in order to seek revenge. She had never gone to college at all nor had she experienced group life.

“Have you thought about it?”

“I heard you guys talking about college life just now. I wonder if I can go to college to experience it too?”

“That’s possible! Zi Yan, do you know that you lack some human touch? You should get more of it in college.”

“Moreover, there are many club activities in college. You can choose to join the club you’re interested in. Life will become very interesting. It’s much better than staying at home every day.”

“But I’m afraid I won’t get used to it!”

“Don’t worry! It’s easy to adapt! Besides, Mengjiao and I are still here, aren’t we?”

“Aren’t you graduating soon?”

“I can go to graduate school!” Now she had a reason to go to graduate school.

The three of them attending J University together would feel pretty good!

“I don’t know if I can get into J University with my grades!” Zi Yan said a little unconfidently.

“That’s easy. Don’t worry, leave it to us!”

“That’s right. We have a super genius right here. Leave the studies to Jian. You can rest assured,” Mengjiao echoed. Follow current NOVELS on novelFire.net

“There’s still time to cram before the exam!”

She decided to give Zi Yan a good tutoring before the examination.

“Then let’s give it a try!”

“Okay!”

Since she had decided, she had to give it her best shot.

Although Zi Yan did not receive any formal education, there were other educational environments! As for what they were? It was too early to reveal it for now.

After the three of them finished their afternoon tea, they went home.. After all, Mengjiao could not stay out late now because there was a little guy at home who was crying for food!

Chapter 322: Full Sprint

Since she had made up her mind, she had to do it!

Other than Mengjiao, Xia Zijie also came over to help Zi Yan prepare for the examination. He had just taken the College Entrance Examination and was also a top student!

Chu Liyuan had helped Zi Yan obtain the qualifications to take J University's entry examination. Now, all Jian Dan needed to do was to help Zi Yan with her studies.

How could Lu Ting and Sizhe miss out such an important matter?

The five of them took turns to tutor Zi Yan. Zi Yan was impressive and managed to persevere. She was indeed Zi Yan...

Zi Yan's learning ability was really extraordinary. In just half a month, she had already gone through the whole syllabus.

With Zi Yan's current ability, it should not be a problem for her to pass the entry examination. However, what she needed to decide now was what major to take.

"Zi Yan, have you ever thought of applying for what major?"

“I want to study art!”

“Art?” She found it very strange that Zi Yan wanted to study art. With Zi Yan’s cool personality, she wanted to learn art. Did she want to be an artist in the future?

“Actually, my father used to be a very good painter, and I learned to draw from him since I was young. If nothing went wrong, I would have been an artist. It was only later... that my father passed away, so I didn’t continue on the path of art.” Zi Yan’s eyes gradually turned red as she said this.

This was the first time she had seen Zi Yan cry. Looking at Zi Yan’s expression, she felt very upset. She had always felt that Zi Yan was very strong, but it turned out that she had only hidden her vulnerability in the deepest part of her heart...

This tugged at her heartstrings! She swore in her heart that she would definitely help Zi Yan walk out of the pain of the past.

“Zi Yan, you will definitely succeed!”

Til work hard!”

Ten years of hard work off the stage for 10 minutes on the stage! After these few days of hard work, it was time to see the results today.

The entourage escorting Zi Yan was also very impressive! Jian Dan, Chu Liyuan, Mengjiao, Zijie, Sizhe, and Lu Ting all came to cheer for Zi Yan.

As Chu Liyuan had arranged the entry examination for Zi Yan, she was the only candidate today...

An hour later...

Zi Yan finally came out of the examination hall.

Of course, with Zi Yan's ability, she could definitely pass the examination. The examiner announced on the spot that Zi Yan had been accepted.

Zi Yan officially became a college student and classmates with them when the school semester started. Life would be very interesting!

Because of Chu Liyuan, they took the back door and arranged for her and Zi Yan to stay in the same dormitory. Mengjiao was also with them. Although Mengjiao did not stay in the dormitory most of the time now, she still needed to sleep there occasionally. Actually, Jian Dan did have many chances to stay in the dormitory because Chu Liyuan did not allow it!

In order to celebrate Zi Yan's passing the examination, she organized a celebration.

A meal and KTV?

Of course not. This was too common! She had to come up with something new!

Everyone looked at Jian Dan's naughty smile and had an ominous feeling. "Jian, do you have some crazy idea again?" Zijie said uneasily.

"Of course not!"

Actually, she had already decided on a way to celebrate before Zi Yan's examination!

"Don't worry, I won't sell you guys out!" She said when she saw everyone's expressions..

Chapter 323: Escape Room

That's right! This extraordinary way of celebrating was the current favorite of young people—escape room!

Jian Dan had chosen a very popular one, especially the one with the theme of Resident Evil. It was very popular, and she had to book it a few days in advance.

This one was different from the previous escape rooms. There were many NPCs pretending to be zombies inside which made the sense of urgency stronger and more exciting to play.

Such games were familiar to “young people” like Jian Dan and Mengjiao, Zijie, but to “old people” like Chu Liyuan and Sizhe, they might be a little unfamiliar. They might not even know what an escape room was. Of course, it was even more so for newbies like Zi Yan and Lu Ting.

But it did not matter. Escape room was just a game of heartbeats!

Before they entered the escape room, they handed their cell phones to reception and the staff gave each of them a flashlight and a pistol.

After taking the equipment, the group entered the escape room. It was very dark, typical of an escape room. Under the dim light, they searched for clues.

Of course, other than the dim light, there was also terrifying background music...

Before entering the escape room, she had confirmed with them that because this escape room was very big, it was usually recommended for at least 15 people to form a team. There were only seven of them—not even half of them— so the chances of clearing it were very slim.

Since the boss made such a decision, he must have his reasons. This escape room must be relatively rare. But no matter how rare it was, how could it be difficult for them?

For brains, there were Jian Dan, Mengjiao, and Xia Zijie. For guts, there were Chu Liyuan and Zi Yan. Moreover, they even had their own medical staff. Such a combination was perfect. It could definitely break the previous records.

Jian Dan was very confident about this.

The environment here was really terrifying. Her heart had already begun to beat faster unconsciously, but why did it feel like Chi Liyuan had no reaction at all?

Sensing Jian Dan's trembling, Chu Liyuan reached out and held her tightly, wanting to give her some comfort. "Didn't you choose this? Why are you still afraid?" His movements cared about her, but he couldn't help but want to tease her.

"Who made the rule that I can't be afraid because I chose it?"

"Besides, this is my first time in this escape room. I used to play the kind without NPCs. This is my first time, so I'm a little nervous!" Her voice was trembling.

"Don't worry, I'm here!" Chu Liyuan's firm tone gave her confidence and made her feel much better. Her wildly beating heart also slowly returned to normal.

Their division of work was very clear—Chu Liyuan, Zi Yan, and Lu Ting were in charge of dealing with the NPCs, while the other three were in charge of decoding!

The three of them had terrifyingly great marksmanship! Every shot hit the target, and not a single shot missed!

It only took a short time to finish off almost all the NPCs. With such formidable teammates escorting them, Jian Dan and the others worked on the decoding in peace...

If two heads were better than one, than three heads were even better, right? That's right! They were indeed invincible. When the three of them worked together, how could there be a problem that could not be solved? It was as easy as ABC.

In less than half an hour, all the escape rooms had been unlocked. Now, there was only one door left...

And they were actually stumped by the last door?

Later on, they realized that it was not because they were stupid, but because it was not within their knowledge base.

The last door required the medicine there to be rearranged to obtain the password!

This password had never been cracked before. But... Sizhe was here today...

Sizhe was an outstanding doctor, so it only took him a few minutes to crack the password.

When the staff saw that these seven people took only half an hour to walk out of the escape room, they were shocked. How could such a thing happen? This was too incredulous. Up until now, no one had been able to clear all the levels, let alone escape so quickly and with so few people.

Their attitudes had a 180-degree change from before. After all, they had just created a miracle.

"It's quite interesting, but it's just a little too simple!" Mengjiao said first.

"Agreed!" Zi Jie echoed.

"Jian, when are you going to bring us to a slightly more challenging place? I feel that I have developed a strong interest in escaping from escape rooms!" Mengjiao seemed to be having too much fun and was a little arrogant...

Chapter 324: Selling You to Your Uncle!

It only took seven people and half an hour to decode the escape room that required at least 15 people. Was this an impossible mission?

Therefore, after they left the escape room, the boss of the escape room still had an incredulous expression.

After they left the escape room...

"It's still early! Do you want to have another cliché celebration?" Jian Dan suggested to everyone.

"What? What?" Mengjiao was obviously a little high, so she asked excitedly.

"How about a KTV session?"

"Sure! I haven't been to one for a long time. The last time we went, we encountered that incident before I even sang." Mengjiao held Jian Dan's arm and echoed. Follow current NOVELS on [Novelfire\(.\)net](http://Novelfire(.)net)

"How is it? Does anyone have any objections?"

"I..." Zi Yan was about to say something.

"Oh! Zi Yan, it's rare to have so many people! You should come out more often! You'll grow moldy if you stay at home every day!"

"Then... Alright! Let's go together!" Actually, Zi Yan was more worried about the fact that she had never been to a KTV lounge before and had never sung before, so she did not know if she could sing. If she was tone deaf, it would definitely be embarrassing.

Because they did not want to travel too far, they found a good KTV lounge nearby.

They booked the largest private room... Anyway, Chu Liyuan was footing the bill!

Although Jian Dan was the one who suggested going to the KTV lounge, she did not sing a single song. Only Mengjiao knew the reason. Even Chu Liyuan did not know that Jian Dan was tone deaf and could not sing at all.

“Jian Jian, why didn’t you order a song?” Chu Liyuan pulled Jian Dan into his arms and asked gently.

To be honest, he really wanted to hear Jian Dan’s singing.

“Oh, erm... I’ll pass. Let everyone sing!” She said a little awkwardly.

“Why? There’s plenty of time. If not, we can always add more hours!”

“There’s really no need for that. Uncle, you guys continue singing! I’ll just sit here and offer my ears! I’ll be the wonderful audience and cheer for everyone!”

“Jian Jian, you...”

When he saw Jian Dan rejecting the suggestion to sing repeatedly, he couldn’t help but feel a little suspicious. What was wrong with this lass?

Just then, Mengjiao stuck her head over and said with a smile, “Mr. Chu, don’t make things difficult for Jian. While other people get paid to sing, she’s the kind of person who will make her audience die from her singing!”

“Mengjiao, you sold me out so easily!” She looked at Mengjiao angrily.

“So what? I sold you to your Uncle and not to someone else, right?”

Hearing Mengjiao’s words, a smile appeared on Chu Liyuan’s face.

She turned around and looked at Chu Liyuan awkwardly. “Hehe... I actually can’t sing!”

“Then why did you suggest coming to here?” She knew that she couldn’t sing, but she still wanted to come here?

“Of course that’s because I want Zi Yan to be able to feel more at ease with everyone! Besides, Zi Yan is about to embark on college life and she can’t continue being a lone ranger!”

“Also, although I can’t sing, I can listen! Besides, Mengjiao and Zijie sing very well! In the past, whenever there was an event on campus, the two of them would go on stage to perform. Back then, many people even misunderstood that they were a couple.” She talked about the past with a smile on her face.

Recalling the interesting things that happened when she was young, she was very happy! After all, only children were the most carefree.

In Chu Liyuan’s eyes, although Jian Dan was a big-hearted and careless person at times, she was very considerate of the people around her. As long as the people around her were happy, she would also be very happy. Every day, she would happily resolve all kinds of problems for the people around her.

See... She’s doing it again now...

Seeing that Zi Yan was sitting in a corner and did not order a song, she leaned over...

“Zi Yan, why didn’t you order a song? Don’t you like to sing?”

Why did she like to worry so much at such a young age?!

In fact, even Jian Dan herself was very puzzled. Why did she like to worry so much? As long as something happened to the people around her, she would rush forward to help them resolve it immediately.

Jian Dan did not know why she was like this. The truth was, she just liked the feeling of being needed!

“I...” Zi Yan did not know what to say.

“Don’t tell me... you’re tone deaf too?” She knew very well that she was tone deaf! Every time she went to a KTC lounge, she could only play the part of audience.

“Actually, I don’t know either.”

“You don’t know??” Had Zi Yan never sung before? This was simply unbelievable.

“I’ve never sung before!”

Zi Yan’s words confirmed her guess.

Zi Yan, what have you been doing all your life? Looks like it’s a big project to let Zi Yan return to normal life?

However... she liked challenges. If she had nothing to do every day, she might really be bored to death!

Perhaps she was innately unable to stay idle.. It did not matter if it was tiring; she only hoped that every day could be very fulfilling!

Chapter 325: Voice of an Angel

“You’ve never sung before, but you’ve heard songs before, right?”

“Yes, but...”

“Then let’s give it a try! If you’re afraid of being embarrassed, I’ll sing with you...”

When Chu Liyuan heard Jian Dan say that she wanted to sing with Zi Yan, his brows furrowed slightly. This lass really didn’t care about anything else to help others!

Why was his lass so silly? But she was also so silly that she was so adorable...

A sentence appeared in his mind: You protect the world, I protect you! This seemed to be a line from a movie and Jian Dan even said that the male lead in the movie was very handsome.

At the thought of Jian Dan praising other men, he felt very unhappy.

No matter what Jian Dan did, he would always be behind her and protect her!

“Zi Yan, think about it. Do you have any songs that you like to listen to?”

“I like Hacken Lee’s “Never Change in This Lifetime”!”

“Zi Yan, you like to listen to such old songs? But you do have good taste!”

“It’s because my father used to sing it to my mother.”

“Oh, I see. That’s very meaningful! How about we sing this song then? I’ll order it.”

It was very rare to see Jian Dan sit in front of the song selection platform because she would never take the initiative to sit there. The other time was because Shen Jiaqi deliberately wanted to see her make a fool of herself.

As the music started playing... Jian Dan’s hands that were holding the microphone nervously were covered in sweat.

Mengjiao did not expect Jian Dan to sing and she even chose a difficult Cantonese song.

As the prelude played, Jian Dan became increasingly nervous. She kept turning the microphone in her hands and taking deep breaths.

It was all for Zi Yan. In order for Zi Yan to be able to blend in, she had to go all out.

She closed her eyes—gritted her teeth—and sang...

“Pfft!”

Sizhe did a spit take of the juice that he had just drunk...

As for everyone else, they were also shocked although they were not as exaggerated as Sizhe. Even Xia Zijie was shocked. Although he had known Jian Dan for a long time, he had never heard her sing. Today, he finally knew the reason.

She closed her eyes, but she could still hear very clearly the sound of someone doing a spit take. However—for Zi Yan’s sake—she insisted on finishing the first verse.

“Zi Yan, it’s your turn! You shouldn’t be afraid after listening to me sing, right? Don’t worry! You can’t be worse than me! Don’t worry and sing boldly!”

She watched as Zi Yan closed her eyes—took a deep breath—and slowly sang...

If she had not sung, nobody would have known. But the moment she opened her mouth, everyone was shocked!

This voice of an angel shocked everyone, including singers like Mengjiao and Zijie!

Just as everyone was mesmerized by Zi Yan’s singing, Jian Dan looked like she had nothing to live for and really wanted to crawl into a hole and never come out again.

Zi Yan’s singing was really good, but in Chu Liyuan only had eyes for Jian Dan. When he saw Jian Dan’s face, the corners of his lips curled up slightly. He pulled Jian Dan into his arms and gently planted a kiss on her forehead. Then, he gently said in Jian Dan’s ear, “Your singing is terrible...”

Jian Dan looked at Chu Liyuan with an aggrieved expression. Even Chu Liyuan looked down her. She did not want to live anymore! Boohoo!

“But I like it very much! Sing to me alone in the future!”

“Huh?” Chu Liyuan’s words caught her off guard.

She looked up and met Chu Liyuan’s smiling eyes... The next second, Chu Liyuan’s lips landed on hers. This kiss was different from the past. It was just a light touch, but it made her heart ripple...

Because of Chu Liyuan’s words, a smile appeared on her face again. She finally felt... So what if she couldn’t sing? So what if she was tone deaf? Uncle didn’t mind. Did the thoughts of others matter?

At the end of the song... applause rang out in the private room...

Seeing Zi Yan sit back on the couch, Jian Dan went to her. “Zi Yan, you can sing so well?”

“I didn’t expect that either! It’s passable.”

“How is this passable? It’s clearly very good, okay?”

“I’m sorry, Jian!” She had also heard Jian Dan’s singing just now. It was really tragic. Jian Dan had made such a sacrifice for her, so she felt rather bad.

“It’s alright! Although it’s embarrassing, but...” She turned to look in Chu Liyuan’s direction. “I’m quite happy!”

“Huh?”

“Hehe!” She smiled sweetly at Zi Yan but did not tell her!

This was a sweet little secret between her and Uncle!

Chapter 326: Enemies Meet

On such an occasion, a duet from Mengjiao and Zijie was inevitable. Their duet was comparable to professional singers, so they won a lot of applause.

Other than Jian Dan, everyone else seemed to sing very well. It seemed that she should just be a quiet audience in the future!

“Uncle, why didn’t you sing?”

“You want to hear me sing?”

Jian Dan nodded.

“Then I’ll sing for you!”

“Okay!” After hearing Chu Liyuan sing last time, she had not heard him sing again. She rather missed his singing.

After all, Chu Liyuan’s singing was very good, and his voice was the kind that she liked very much.

She did not expect Chu Liyuan to order her favorite song, “Love Confession”. Uncle remembered her favorite song? She was suddenly slightly touched.

When Chu Liyuan sang, she only had eyes and ears for him. It was as if there were only the two of them left in the room...

When the song ended, there was applause and she pulled herself out of her emotions.

She looked at Chu Liyuan with a sweet smile as if she had just woken up from a dream...

Embarrassed, she pulled Mengjiao and said, "Mengjiao, accompany me to the washroom."

She went to the washroom and washed her face a few times. Only then did she feel that her face was not so hot anymore.

"Jian, you've been married for almost a year. Why haven't you gotten used to it? You still blush?"

Mengjiao teased her.

"It's not that easy!" Uncle exudes testosterone from head to toe. Who could resist it?

"Alright, alright, alright! I know you're very blissful!"

"What? Aren't you the same?"

"Yes! I'm also very blissful now! Li Jing really treats me very well!" Mengjiao said sweetly.

"Oh my, what kind of expression is that? I was caught off guard and let you show off your love!" She pretended to be jealous.

"Tsk! Only you and Mr. Chu are allowed to show off your love, but we're not allowed to?!"

"Alright, alright, alright! You're welcome to do anytime!"

The two of them were smiling happily in the washroom.

The good atmosphere was ruined the moment they stepped out of the washroom...

Enemies meeting head-on. This was really not the first time Jian Dan had experienced it. She would always meet someone she really did not want to meet again.

As soon as Mengjiao and Jian Dan came out of the washroom, they bumped into the man who had blocked them at the door of the washroom the last time. They could not help but wonder if this man liked to stand at the door of washrooms to block young ladies every day!

When that man first saw them, he frowned slightly. He did not expect these two girls to still be alive. Didn't they say that it was impossible for those who fell into Zhuang Meiqi's hands to get out alive?

That time, he left after handing these two girls to Zhuang Meiqi, so he did not know what happened after that!

It seemed that God wanted him to take revenge for that wine bottle. In that case... he would not let these two off easily this time.

"We meet again. Looks like even God feels that what happened the last time was a pity, so He sent you to me again." With a fierce face and a greasy smile, his eyes sized up the two of them. It was revolting.

If it wasn't for him the last time, how could she have crossed Zhuang Meiqi? How could the series of events that happened after that happen? He was the instigator of all this.

"Don't think of escaping from me again today." He said with a lecherous smile.

"Hmph! Is that so? Let's give it a try then, shall we?" She was no longer the same person as before. She had become very formidable under the training of Master Spirit!

Previously, I did not have the chance to test it. Today, I use you to test it out!

“You’re unlucky to have met me today!”

“We still don’t know who’s the unlucky one today.”

“Ha! You sure talk big!”

“Mengjiao, if there’s a chance, you should leave first.”

“No! I can’t leave you behind!”

“Stupid! If you don’t leave, who’s going to get reinforcements?!”

Although she had been training for a period of time, she was uncertain of her level of skills. She could probably hold them off for a while, but it would be difficult to defeat these burly men.

“Okay! I get it!”

She got into her fighting stance... and first threw the first man who went at her over her shoulder...

“Wow! Jian, when did you become so formidable?” Mengjiao asked in surprise when she saw Jian Dan’s skills.

Others might not know Jian, but how could she not know?

“Is this the time to discuss this?” She asked speechlessly.

“Oh!”

When the men saw this, their expressions changed because they did not expect this girl to become quite formidable in just a few months!

Hence, they started to get serious..

Chapter 327: How Dare They Touch His Woman? They Were Courting Death!

Another man attacked Jian Dan...

She blocked with her right hand and grabbed the man's arm. "Mengjiao, now!"

Upon hearing Jian Dan's words, Mengjiao ran...

Seeing that one of the men wanted to stop Mengjiao, Jian Dan turned around and kicked him. Mengjiao took the opportunity to escape...

Jian Dan was the only one left. How could four burly men not be able to handle a girl?

Not long after, she was subdued by them...

Mengjiao ran back to the room as fast as she could. Before she could catch her breath, she said, "Jian... She's in trouble!"

Upon hearing that Jian Dan was in trouble, how could Chu Liyuan sit still? He immediately got up and went over to Mengjiao. "Where is she?"

"I'll take you there!"

"Let's go!"

All of them followed Mengjiao and ran towards Jian Dan...

Chu Liyuan had been wondering why Jian Dan had not returned from the washroom after so long. It turned out that she was in trouble!

When they arrived, they saw two men sandwiching Jian Dan. A disgusting man stretched out his hand and approached Jian Dan.

“Aren’t you very formidable? Why aren’t you doing anything now?”

Upon seeing this, a murderous intent rose in Chu Liyuan’s eyes. He rushed forward and kicked the man who almost touched Jian Dan to the ground.

Then, he kicked the two men holding Jian Dan down and hugged her. “Jian Jian, are you alright?”

“Hehe... I’m fine. I knew that you would rush over soon!”

“Which fool is it now? How dare you come and ruin my plan?” The man got up from the ground with difficulty and said.

“Jian Jian, take a break now!” How dare they touch his woman? They were really tired of living. He was going to let them know the consequences of touching his woman.

Mengjiao went forward to help Jian Dan...

Zi Yan and Lu Ting also stepped forward and coldly glanced at the men.

How could the few of them be a match for Chu Liyuan and company? In less than five minutes, they already stomped a puddle into their a*sses...

“You guys are something. We admit defeat!” The leader saw that he could not defeat them and admitted defeat, begging for mercy.

“Hmph! Don’t tell me you think that you can just admit defeat and forget about what happened today?!” Before Chu Liyuan could speak, Zi Yan had already spoken.

Zi Yan’s eyes were filled with ruthlessness. It was completely different from what Jian Dan usually saw.

It was only because they had crossed someone they should not have. There were not many people that Zi Yan cared about, and Jian Dan was definitely one of them.

“Then what else do you want? Let me tell you, I’m not someone you can afford to offend!”

“Hmph! is that so?” Zi Yan took out a pen from her pocket and pierced the leader’s right hand without hesitation.

His bloodcurdling scream resounded throughout the entire KTV lounge...

Blood kept flowing out of his palm. Mengjiao was shocked by this bloody scene... However, there was no change in Zi Yan’s expression. It was as if she was already used to such a scene.

In Jian Dan’s eyes, Zi Yan was like an angel with black wings.

“You! I’m going to kill you!” The leader said fiercely.

“Looks like you still don’t have a good understanding of the current situation!” Lu Ting said coldly.

“What do you mean?”

“It means, do you think you’ll have a chance to leave here today?”

“You want to kill me?” The arrogance on that man’s face finally disappeared and was replaced by fear...
“Please don’t kill me!”

“Uncle, don’t tell me you...”

“Don’t worry! There are many ways to make him disappear. It doesn’t have to be taking his life! Killing him will only dirty our hands!”

Hearing Chu Liyuan’s words, Jian Dan was relieved!

He made a call...

A few minutes later... Li Jing found out what Mr. Chu had instructed him to do...

When Chu Liyuan saw the information sent by Li Jing, a hint of danger flashed across his eyes...

Jian Dan also saw the information sent by Li Jing on Chu Liyuan’s cell phone. This man had the blood of several people on his hands and was involved in drug trafficking.

After knowing this, Jian Dan instantly felt that he was not in pitiful. Instead, she felt that Zi Yan’s attack just now was a little too light!

Such a scourge of society should be duly punished!

Chapter 328: Sizhe’s Charm!

Chu Liyuan sent the information to the police. While they were waiting for the police, there was a commotion in one of the private rooms. A girl ran out with a flustered expression.

Jian Dan looked inside curiously. It would have been better if she had not looked, but when she saw the scene inside, she was stunned...

There was an unusual smile on the faces of the people inside. They looked to be high on something. There was also a young boy who was foaming at the mouth and twitching on the couch...

She had seen such a situation before.

“Mengjiao, look!”

“I think that something is wrong with them!”

She patted Mengjiao—who was helping her stand—and said.

“D*mn!” Mengjiao’s voice was a little loud, so the others heard it as well... Chu Liyuan looked inside and frowned slightly. It was obvious that everyone in there was high on drugs. That was why they were in such a state!

Sizhe took a look and walked straight in... After seeing Sizhe enter, Jian Dan and the others followed him in. Only Lu Ting was left outside to watch over those men.

After Sizhe went in, he immediately walked over to the boy who was foaming at the mouth. Jian Dan checked and said, “He must have consumed a lot of ketamine to be like this.”

“Call an ambulance!”

“Ugh...” The boy suddenly let out a strange sound.

Sizhe examined him again... and his frown deepened... “His airway is blocked by vomit. If it’s not treated immediately, he’ll be in danger!”

“Then what should we do?” Jian Dan asked in fear.

“I have to perform an emergency tracheostomy on him to let him breathe!”

He whipped out a Swiss army knife from his pocket...

When Jian Dan saw Sizhe take out the knife, she was scared stiff. She did not know what Sizhe was going to do.

“Zi Yan, do you have another pen?” Sizhe asked Zi Yan.

“No!”

“I have one!” Zijie took out a pen from his backpack and handed it to Sizhe.

Sizhe took the pen and removed the wick. Then, he used a lighter to disinfect the Swiss army knife. Jian Dan watched as Sizhe gently slit the boy’s throat with the knife. Blood instantly gushed out. When she saw this, she gasped...

However, Sizhe was unusually calm. His eyes were very determined, and his movements were very steady.

She finally understood what Chu Liyuan meant. Sizhe was very professional and outstanding in the profession he was familiar with. No wonder he was a legend in the medical field.

Sizhe was really very charming now. She felt that he emitted a dazzling radiance. He was completely different from his usual self. He looked so serious and focused now!

She finally understood why so many girls were swept off their feet by him. Sizhe like this really made people love him!

Sizhe slowly inserted the empty pen barrel into the freshly cut wound and performed mouth-to-mouth resuscitation on it. Soon, the boy finally recovered his breathing.

Jian Dan finally heaved a sigh of relief...

After the emergency treatment ended, the ambulance arrived aptly...

The ambulance carried the boy onto a stretcher and into the ambulance.

Jian Dan had also noticed the expression on Zi Yan's face when she saw Sizhe saving someone. It was probably Zi Yan's first time seeing Sizhe like this. She probably did not expect Sizhe to be so charming when he was serious!

However, when Zi Yan saw that Jian Dan was looking at her, she schooled her face...

She couldn't help but laugh at Zi Yan's cover-up...

Chapter 329: Alternative Punishment!

Along with the ambulance, there were also police cars...

The leading police officer seemed to be very familiar with Chu Liyuan...

"Uncle, are they bringing them back to the police station now?"

"Yes! The evidence of his crimes is enough to make him spend the rest of his life in prison!"

"Um, can we take him somewhere first before bringing him back to the police station?"

“What are you up to?” Seeing Jian Dan’s expression, he knew that this lass had come up with another devious idea.

“Of course, I have to punish him. If it weren’t for him the last time, I wouldn’t have met Zhuang Meiqi at all, and nothing would have happened after that. This time, he even wanted to attack us. How can I let him off so easily?”

When had he ever not agreed to Jian Jian’s request? He walked over to the police officer and whispered a few words to him. The police officer nodded.

The police officer brought a few police officers with them and followed Jian Dan to the nearby amusement park...

Everyone—including Chu Liyuan—had confusion written all over their faces as they looked at the place they had arrived at.

“Liyuan, what are you planning to do? Don’t make it difficult for me to explain when I get back!” The police officer whispered to Chu Liyuan.

“I’ll take responsibility if anything happens!” As long as it was what Jian Dan wanted, he would make sure it was done!

In the amusement park...

Jian Dan walked in front and led them to the coffee cup rides...

“This is called Crazy Coffee Cup!” Jian Dan looked at the man with a swollen face and said.

The man looked at Jian Dan and asked in confusion, “What are you doing?”

“Oh! Nothing. I’m just inviting you to play games. You’ve done such a bad thing to me, but I’m still inviting you to play games. Ain’t I good? I’m just afraid that you won’t be able to play again after you go to prison, so...” A harmless smile appeared on her face.

Seeing Jian Dan’s smile, he felt all the hair on his body stand on end.

“Hehe! Do it... 20 times!”

After hearing Jian Dan’s words, everyone was a little confused...

But after doing it five times, they understood...

The police officer leaned over to Chu Liyuan and whispered, “This young lady of yours is really not an ordinary person! She can even think of such a method. Impressive!” He gave a thumbs up.

Seeing that man who looked like he had nothing left to live for, everyone could not help but smile.

“Jian, you’re really something. Only you can think of such a move!” Mengjiao said with a smile.

“It’s alright! Hehe!”

When he went for the ride for the tenth time, he had already started to beg for mercy. “Your Majesty, Your Majesty! Just let me go! Alright? You can punish me however you want, but don’t make me ride in this again, okay?”

“You said it yourself!”

“Yes, yes, yes!”

“Alright! Stop!”

“The three of you, come here!” She reached out and called the three accomplices over...

When the three of them came over, they did not even dare to look up, afraid that she would make them to ride in that coffee cup ride.

“The two of you, bring him here!” She pointed at two of them and said.

The two of them immediately took action, afraid that she would be angry.

They dragged the man who could no longer walk upright over...

“You two sit him right here.”

That man had thought that Jian Dan was finally letting him go after seeing him in such bad shape...

“The two of you have to hold him still, or else...” She gave the two of them a look, and they immediately nodded in understanding...

“You, take off his shoes and socks!” She said to the third person.

“Okay!” Although he did not know the reason why, he still did as he was told.

After everything was ready, Jian Dan got a feather duster from somewhere and handed it to that person.

“Use this on his feet and... tickle him!”

That man’s eyes instantly widened as if his eyeballs would fall out of his eye sockets in the next second.

Many people could not help but laugh...

Chu Liyuan looked at Jian Dan with a smile. This lass had so many devious ideas. He really had to hand it to her!

The police officer gave Chu Liyuan a thumbs up again. "I've got to note this down. If a criminal doesn't confess in the future, I'll do the same. No one will be able to take it!"

"Then I'll have to collect copyright fees!" Chu Liyuan said jokingly.

"Hahaha!"

Chapter 330: Protect Her With Everything!

Just as everyone was laughing happily, no one noticed a pair of eyes in a corner that kept looking at them. To be precise, this pair of eyes had been fixed on Jian Dan.

He had been following them since they were at the KTV lounge...

It was a pair of cold eyes, but there was a trace of warmth because of Jian Dan's smile...

During the time he was away, he had tried everything, but he could not drive this girl out of his heart. Not only could he not drive her out, but she seemed to have taken root and sprouted in his heart. Now, she was firmly planted there and could not be pulled out.

During this period when he could not see her, he missed her like h*ll. He could not do anything when he thought of her. Whatever thing or person he saw, he could only see her smiling face.

He finally knew that he could no longer carry out his revenge according to his previous plan.

It was as if as long as she was by his side, everything was no longer important. As long as he could see her smile every day, he would be very contented.

He wanted to protect this girl forever.

He would not let anyone who hurt and bullied her off...

A cold murderous intent flashed across his eyes as he looked at the man who was screaming like a pig being slaughtered.

After giving this man a small punishment, Jian Dan asked the police officers to take them back to the police station...

After taking care of things, it was already late. So everyone went home...

On the way home...

"Jian, I really have to hand it to you. How did you come up with such a brilliant idea?" Zi Yan said in disbelief.

She was someone who had seen many things and had also seen so-called torture to extort a confession. She was already used to that kind of bloody scene. This was the first time she had seen Jian Dan torture people in such a way? It was unbelievable!

"Really? Are you full of admiration for me now? If you follow me in the future, I'll tell you all this!" She raised her eyebrows at Zi Yan.

"Really, you're shameless."

"Haha! Zi Yan, you even know how to joke now. Good sign!"

When she saw Zi Yan becoming progressively talkative and the expressions on her face richer, she took them as proof that her efforts had paid off!

Keep it up!

Soon, the three of them returned to Li Garden. Before entering, Jian Dan felt as if there was something looking at her from behind... However, when she turned around, she saw nothing. Was it all in her mind?

“What are you looking at?”

“Nothing! Let’s go in!” She held Chu Liyuan’s arm and walked into Li Garden.

After they entered Li Garden, the person hiding in the shadows walked out... He had almost been discovered by her just now. Fortunately, he had acted quickly.

Looking in the direction where she had just disappeared, a faint smile appeared on his lips. He turned around and left because he had something to deal with! After he took care of everything, he would come back to look for her!

This girl was like an addictive drug. Once a person was hooked, they would be unable to stop and could not quit her. They could only let her continue invading their body until it reached the bones and would rather die like this than let her leave.

He had been poisoned by her and she was slowly eroding everything about him. However, he did not want to pull away at all. He only wanted to get closer to her and do his best to protect her..
