

The Beloved 381

Chapter 381: Remember, My Name Is Bing Li

“Hey, don’t cry. I like to see you smile.”

“Master Spirit!”

“I hope you can remember my name. My name is Bing Li; Bing as in ‘ice’ and ‘Li’ as in ‘gravel’.”

“Bing Li. I will never forget it! Never!”

“This is the only thing my mother left me. She asked me to give it to the person I love the most. It’s yours now.” Bing Li took off the necklace around his neck and placed it in Jian Dan’s palm. “Remember, the news of my death must be kept a secret. You can’t tell anyone. This way, there might be people who won’t dare to touch you because of me.”

“I won’t be able to continue staying by your side and protect you anymore. I hope that I can still protect you for a while after I die.”

“No, no, no! No! Don’t! Please don’t! I beg you.”

“Remember, even if I die, I will continue to protect you.”

“Hey, smile for me. I want to remember your smile.”

She forced a smile on her face...

“So beautiful!”

“Hurry up and leave this place...”

She watched as Bing Li's eyes slowly closed, and his hand slid from his body to the ground...

"Don't! Don't! No!"

Jian Dan never knew that there was someone who loved her so much by her side. He loved her so much that he could even die for her.

I've done nothing for him at all.

How can I deserve such love?

If he hadn't met me, would he still be alive and well in this world?

Jian Dan planted a light kiss on Bing Li's forehead...

She tightened her grip on the necklace in her hand...

She helped Bing Li to the bed, wiped him down, changed his clothes, and tidied his hair...

Looking at Bing Li lying on the bed like this, it was as if he was just asleep. When he woke up, he would make Jian Dan do physical training...

Tears streamed down Jian Dan's face again...

Before leaving, she turned around and took one last look at him before closing the door and left...

Unexpectedly, not long after she left, the whole place erupted in an explosion.

Bing Li had set this up a long time ago. There was a sensor in the necklace that he turned on when he returned to the house.

Once it was activated, the house would automatically self-destruct in an explosion when the necklace was a safe distance away.

This way, no one would know about his death...

A huge fireball filled Jian Dan's eyes.

Everything he did was for me. Even when he died, he was still thinking about me.

At the thought of this, her tears burst out again...

Holding the necklace in her hand, it was as if Bing Li was still there.

Jian Dan walked on and did not know how long she had walked. She only felt very tired. Her footsteps became increasingly heavier and her thoughts became increasingly more blurry until she lost consciousness...

She felt that she had turned into a free butterfly. She kept flapping her wings and flying towards a place...

Where... everything was beautiful...

Chu Liyuan did not choose to save Wei Qianyi. He did not hug Wei Qianyi nor did he kiss her. In the dream, Jian Dan's father, mother and Bing Li were all alive and well. They had never left her.

Such a beautiful dream made her really unwilling to wake up...

However, dreams were still dreams. Reality was still reality. There was no way to escape. She could only face it.

When she woke up, she still had to face the cruel reality of life...
