

## **The Beloved 47**

### Chapter 47: Uncle, Let's Elope!

As Chu Liyuan had lost too much blood, he still had to recuperate in the hospital for a few days before he could be discharged. These few days, Jian Dan had been accompanying him and preparing various tonics for him to nourish his body.

However, during Chu Liyuan's hospitalization, the office would send all kinds of documents for him to sign every day. There were many proposals that needed Chu Liyuan's decisions.

The threshold of this hospital was about to be broken.

Jian Dan had just sent someone away. She returned to the bed and looked at Chu Liyuan gloomily...

"What happened?"

What was wrong with this lass? Why was she pulling such a long face?

"Uncle, let's elope!" Jian Dan looked at Chu Liyuan solemnly.

If this continued, Chu Liyuan would not have time to rest at all. He could not go on like this.

"What?" Chu Liyuan thought that he had heard wrongly.

What did this lass just say? They were legally married. Elope??

"Let's elope!"

Confusion was written all over Chu Liyuan's face...

“Put on your clothes and follow me!” Jian Dan placed Chu Liyuan’s clothes on the bed.

He wondered what this lass had up her sleeves again!

Jian Dan brought Chu Liyuan to the train station... “The train station?” Chu Liyuan was even more confused.

Jian Dan looked at Chu Liyuan and said with a smile, “I’ll get the tickets for the next departing train. Once we leave this place, no one will be able to find you!”

Only then did Chu Liyuan understand that this little lass did not want the office to disturb him again. “Okay!”

Jian Dan went to the ticket office to buy tickets. Chu Liyuan took advantage of this window of time to make two calls. One was to Li Jing, telling him that he would be leaving for a few days. If there was anything in the company, he could look for the senior Mr. Chu. The other was to Grandpa. “Grandpa, I think you seem to be quite free recently. I’ll leave the company in your hands.” Then, he turned off his cell phone.

After Jian Dan returned, she gave Chu Liyuan a weird look. “Dalian?”

“The air here is great!!” Jian Dan took a deep breath after disembarking the train.

“Uncle, have you been to Dalian before?”

“No!”

“It’s not bad here. I did an online search just now on the train trip here. There’s an island here called Bangchui Island. Heard that it looks like a club, so it’s called Bangchui? Island. Shall we go take a look?”

Looking at Jian Dan’s excited face, Chu Liyuan was also very happy.

“Wow! Uncle, look. It really looks like a big club!”

Jian Dan looked at the club-like island before her and shouted excitedly.

Dalian was a city surrounded by water on three sides and mountains on one side. The biggest scenery here was naturally the sea!

Hence, there were many aquatic activities... Since they were in Dalian, they naturally had to experience them!

Jet Ski, Flying Fish, water parachute, and so on... They had to try them all.

He did not have to work or be disturbed by anyone. It felt really awesome; it felt like they were on their honeymoon.

The two of them even went to Sun Asia Ocean World together. The most special thing here was the mind blowing experience amidst the marine creatures as they dived into the water and interacted intimately with the marine creatures.

“Are you afraid?”

Jian Dan did not know how to swim, let alone dive.

“With you around, I’m not afraid.”

It was her first time, so how could she not be afraid? However, Jian Dan really wanted to have a different experience with Chu Liyuan. Moreover, Chu Liyuan was with her; he would definitely protect her.

The moment she put on the diving suit, Jian Dan’s heart was already in a mess, but she did not show it.

When they went into the water, Jian Dan realized that her decision was right. It was really too beautiful here. It was a completely different feeling from looking from outside.

In this quiet world, it was as if she and Chu Liyuan were alone. That feeling was really wonderful.
