

Chapter 10

"It hurts. I'm burning... Will I die?" She asked from behind the door.

"No. I won't let that happen. Open the door, let me help you."

It took a while before I heard the door click. I immediately stood up from my position and saw my mate standing behind it, with her tear-stricken face. Her hair was disheveled, her eyes were puffy and her lips were still swollen.

She was a big mess but she was my fucking mess, and she still looked fucking sexy. 

Shit! She was in pain and all I could think was how fuckable she looked like right now.

She rushed into my arms and buried her face into my chest, hands clutching on my shirt.

I wrapped my arms around her and placed soft kisses on the crown of her head, embracing her tightly. "You'll be fine. You'll be okay." I cooed her but I think I was convincing myself more.

I think my action just fueled her heat. She raised on her toes and flung her arms into my neck as she started kissing my collarbones again, murmuring under her breath with her eyes closed. "I don't want you. I really don't like you. Stop,

stop, stop Alia!" 4

My hands dropped into my side as my palms coiled into fists upon hearing her words.

She was fighting against herself.

And for the first time since I met her, I finally admitted that I lost her. She doesn't want me at all. 1

Her heat was the only thing making her do this. Her body craved for me, but not her heart.

And it fucking hurts. Kurt howled in agony as the only female we wanted nothing to do with us. 1

I closed my eyes, fighting my wolf from surfacing as I hooked one arm under her knees and the other on her back, scooping her up to bring her to the bathtub.

With her still in my arms, I opened the cold water and let it fill the tub. She was still kissing and licking my neck, murmuring words that I did not intend to hear more. I blocked off her voice and just try to do what I needed to do, all the while my heart keep breaking.

I don't have time to pick up any ice so I just lay her gently on the tub. She hissed from the contact with the water but soon relaxed her shoulders. It must have provided relief.

"Alia..." I called her name and she automatically opened her eyes. Her doe eyes gaze softly at mine as she slowly parted her lips, but no words came out. "I will take your shirt off,

okay? It would help take away some of the heat." I asked permission, to which she nodded.

The moment I did, I wished I had looked away because her perfect t**s bounced teasingly when I took off the shirt holding them in place.

She was naked in front of me, with just water between us and she was fucking perfect. Her breasts were bigger and fuller, and I wanted to dip my head in between them. Fuck this!

My heart was bleeding but my fucking d**k has its own mind and decided he wanted to play.

Alia's eyes shifted on my dick inside my pants and started licking her lips. Her hand shot up and tried to grab my pants, I caught it in time and kissed it. "Sssshh..."

I saw pain flash in her eyes before she pulled her hands away from my clutch and curled up holding her stomach. Little sobs filled the air as her red tints started to creep all over her skin.

Fuck! Her temperature was rising.

I stood up and took off my shirt and pants, leaving my boxers on before I positioned myself inside the tub behind her. Her body jerked up at my presence on her back as she let out a relieved sigh, and slowly lowered her back in my chest.

"Gavin..." Her voice came out hoarsely, but it was fucking

sultry and sexy that my dick hardened more. "What should I do? My... my... oh Goddess! My vagina is burning..." She said in an almost inaudible voice while her hands gripped at my knees beside her. 3

"Shh... close your eyes and relax. Let me help... I'll try okay."

"Okay." She closed her eyes and nodded, her body relaxing against mine.

"Alia, do you trust me? Even just for tonight?" I found it hard to say the last four words. But I know I had to eventually accept the fact that she would never trust me enough.

"I trust you, Gavin..."

I took a deep breath and dipped my head into her neck and slowly brushed my lips against her burning skin. She angled her neck to give me full access as she let out a sultry moan that drove me to my edge. I wrapped one arm on her torso and pulled her closer to me as I began kissing her neck, nibbling and sucking to my heart's content.

I felt her stir on her position as she pushed her back against my erection.

My hand on her torso moved and trailed her skin until it found her breast, squeezing it gently before letting my fingers play with her erected n****e, eliciting a loud moan from her while my other hand, cupped her core.

As soon as my hand cupped her sex with just her underwear covering it, she let out a loud gasped and covered my hand

with hers. I was expecting she would slap my hand and take it away from her wetness but instead, she pushed my hand further into her sex and guided it to massage her throbbing numb.

When I started to move it on my own, she let go and held on to my knees again, throwing her head back, and started moaning sexily. I let out a low growl and ripped her underwear and let my finger finally touch her p**y, gently circling my thumb on her c**t. 1

Fucking sweet torture! 1

I wanted to rub her pink p**y harder and faster but I had no fucking idea what she preferred. I started to adjust my movement a little faster when my little lamb started squirming under my hold, she was panting and moaning under her breath.

"More! Please more!" It was all I needed to do what I wanted to do. I circled her c**t harder before plunging a finger inside her. Fuck! My fucking dick was stone-hard that it was already painful but this was not about me.

"Gavin..." She moaned my name and I thought I would come just by hearing it. I took a deep breath and continued ramming her wetness with my thick finger, inching in another slowly until she relaxed with my two fingers inside her.

She was panting and it was driving my wolf crazy.

My fangs started to elongate but before Kurt could sink his fangs into her soft skin, I tilted my head and body to the side and bumped my head on the wall. My wolf snarled at me as my fangs retracted. 1

Her body started to convulse on my hold as I picked up the pace ramming in and out of her, my thumb still working on her c**t.

"Aahhhh...Gavin!" She was screaming my name as she come undone, her body shuddered from her release but I didn't let go. I finger fucked her tirelessly, letting her ride her orgasm until she collapsed from her ecstasy.

.....

ALIA

"Aahhhh...Gavin!" I screamed his name as I reached my release. All rationality went out of the window as soon as he touched my throbbing p**y and all I wanted was him inside me. His fingers were amazing but I wanted more.

"More..." I panted as I turned my head and buried my face on his naked chest behind me. "More..." I just came from an intense orgasm but my body wanted more from him.

"Fuck!" I heard the desperation in his voice.

Tears started to well in my eyes as I pulled away from his chest, my eyes searching for his. "You don't want to fuck me?"

"Goddess Alia, you have no idea how much I wanted to fuck the hell out of you!"

"Then fuck me!" I snapped at him. My body started to heat up again and all I wanted was his c**k inside me. I never felt this desire before but this was turning to be intolerable, I might go crazy.

"I can't!!!" His jaw tightened as he gripped the sides of the tub, his veins visible now on his arms.

I stood up from the tub not minding my nakedness and grabbed a towel from the rack, drying myself up before striding out of the bathroom.

"Alia!"

"If you don't want to fuck me, I better find someone who will.

" 1

And it worked, my mate pulled my waist, and the next thing I know I had my arms and legs wrapped around his naked body while he held me up. His lips were crushing into mine, he was kissing me bruisingly hard but I don't mind. It was ecstasy and the tingles were all over my body. This was what I wanted and I welcomed it wholeheartedly, kissing him back passionately and hungrily while my hips ground against his.

"You're a fucking tease..." He mumbled against my mouth, a growl vibrating from his chest before he pulled me away from his body and throw me on his bed. My body spread

naked in front of him, instead of being shy since I had never shown my body to any man, I opened my legs wider and bit my lower lip. I wanted him to take me.

Gavin's eyes dilated and turned obsidian black as he kneeled in between my legs, still on his boxers. I wanted it out of the way. I've been wanting a glimpse of his manhood but my mate was too slow to catch on.

He lowered his body paralleled to mine and captured my lips, kissing me sensually. Groans and moans escaped my throat as I squirmed under him, enjoying the pleasure of his hand as they touch every part of me. His lips parted from mine and trailed kisses down my jaw up to my neck, down to my chest, and into my big breasts. His wet mouth played with my nipples sucking and biting one, and then the other, my body arching to give him more.

When he was done with my breasts, his lips started trailing down again, stopping on my navel, and my too eager hands coiled on his hair and pushed his head lower where I wanted him to be.

"Can't wait, little lamb?" His voice was husky, making my p**ty wetter than it was already.

"Please..." I pleaded, my voice shaking.

"My pleasure little mate, been wanting to taste this pink pussy of yours..." He let out a growl before parting my p***y lips and running his tongue on it.

I shuddered at the sparks that traveled from his tongue up to my core. Oh, Goddess!

He was lapping, sucking, and kissing my wetness like he hadn't eaten for days and I reveled in it. He was fucking my opening with his tongue it felt amazing and out of this world! I arched my hips upward while pushing his head more to my sex, I wanted him there and before I could make another sense of my action, he plunged two fingers inside me.

"Oh, Goddess! Yes! Yes!" I was moaning like a wanton, grinding my hips against his face and his fingers.

"Fucking wet and tight! Fuck Alia! I want to slam my c**k on you!" He groaned on my p**y and the vibration created more sensation that I could feel another orgasm building up, I wrapped my legs around his head, locking him.

"Yes, yes! I want that..." And my orgasm came, bringing me into ultimate high but my mate didn't stop yet like the first time, he kept assaulting my p**y with his mouth and tongue together with his thick fingers. I kept squirming, my body shaking as another orgasm build-up, my body couldn't hold the intensity anymore that I gasped for air, body jerking up from the bed before I let another release consume me.

"Gavin!!!" I screamed, my eyes fluttered as I dropped my body back to the mattress. I could feel my legs losing control as they dropped on his side before blackness took over.

.....
GAVIN

"Gavin!!!" She screamed my name, jerking my head up to look at her, her eyes fluttered as her body dropped back to the mattress. Her body shuddered a little from her third orgasm tonight before it went limp.

Fuck! Her body shut down!

I pulled away from her sweet p***y and hovered over her, my heart thudded heavily as I looked for any sign of breathing. My shoulder relaxed when I sensed her breathing steadily.

She fell asleep.

I dropped my body to her side, my chest heaving. I could still smell and taste her. I pulled her to my side and buried her face into my chest, my lips touching his forehead.

"Mine... I want you to Alia. Just give me a chance." I whispered hoarsely. I had no idea how I would win her but I know I needed to think of something before it's too late. [7](#)

I rose from the bed and went to the bathroom, wetting a small towel before returning beside her, gently wiping her core and her thighs.

Once I was done, I stood at the foot of the bed and raked my eyes over my sleeping mate. She was a temptress even in her sleep. Her swollen lips were inviting, the way her hair

spread out against the pillow and her big breast showing off her puckered n****es was more than what my d**k could handle.

I wasn't even looking yet at her open legs and the pink p**y between them.

Fuck! My d**k needed its own release.

And since my mate was sleeping like a baby, I had no choice but to use my hand.

I smiled as I stepped inside the bathroom and closed the door. Jerking off won't be hard this time, now that I have a concrete view of my mate's naked body.
