

Chapter 18

"Dirtier baby... Say... I want you to fuck me..."

She shook her head and tugged my hair, moaning softly. "I don't use that word. Please, Gavin..."

"Say it, baby..."

She kept shaking her head, her eyes closed but her breathing got heavier.

I pulled away from sucking her and leaned an elbow beside her head while I hovered over her, my face paralleled to hers. I moved one hand to her p**y and inserted a finger making her gasp and open her eyes. I started to move my finger inside her, slowly.

"Look at me baby, you can say anything with me. No boundaries. The dirtier the better..."

She shook her head again, and I rammed another finger inside her, finger fucking her harder and faster this time. She arched her body and started to grind with my fingers but before she could let out a moan, I withdrew my fingers.

She snapped her head and bared her teeth at me, hating my action.

I smiled cockily and licked my fingers. "I guess we're done here." I was taking a big risk. My mate could be hot and then cold after, and she might just walk away from me but I wanted her out of her cocoon. She needed to be more confident and relaxed around me.

"Gavin!" She snarled at me.

I dipped my lips into her, sucking her lower lip. "Yes, baby..." This was

pure torture, I was still fucking hard and I wanted my own release.

"Please..."

"Please what, baby?" I asked in a husky voice, my hand cupped her p***y again, my thumb brushing on her folds up to her clit.

"Oh, please... fuck me!" She was squirming under my hold, eyes fluttering.

I shifted and hold my c**k into position at her entrance, rubbing the head on her slickness. I was so fucking ready to slam it on her.

"Louder, Alia!" One more objection from her, and I couldn't pretend anymore. I would not be able to hold it, and I know I would still be fucking her.

"For Goddess sake, Gavin! Fuck me!!!" Her eyes were full black as she bared her teeth on me.

It was all I needed to hear as I thrust inside her. She gasp loudly, eyes wide open as her body jerked forward. I knew it would be painful, but she's a wolf she could take this!

She was fucking tight.

I stopped midway, half of my c**k was already inside her letting her adjust to my size. Sweats were forming in my forehead as I looked at her, she slowly closed her eyes, lips parted, and laid her back on the mattress.

Fuck! I was just halfway but I was so close to coming. I didn't wait this long just to come on the first 5 seconds.

"Move..." She said hoarsely, panting with her eyes still closed and her

hand gripping tightly on my arms.

I bit my lower lip, veins were visible in my arms as I started to move my hips while trying to control my fucking hormones. I needed to hold my own release.

When I finally took control of myself, I started pounding on her harder and faster.

"Oh, Goddess..." She wrapped her legs on my hips and tried to meet my thrust. She was a big mess under me, squirming and moaning.

.....

ALIA

"For Goddess sake, Gavin! Fuck me!!!" My eyes shifted into full black as I bared my teeth. I couldn't hold it anymore, and I would do or say anything just to have him inside me.

A gasp left my dry throat when he slammed hard his c**k inside me. My body jerked forward and my eyes widened with the aftershock of his penetration. Pain and pleasure at the same time.

I felt so full with him inside me.

He stopped, letting me adjust to his size. I slowly closed my eyes and laid my back on the mattress. My heart was thudding loudly and I know I wanted more.

"Move..." I said hoarsely, my hand gripping tightly on his arms on my sides.

I opened my eyes as I felt him starting to move slowly and easily, inching

up further. I didn't know he wasn't fully inside yet. I could feel him going deeper and then started to pound on me harder and faster.

"Oh, Goddess..." I wrapped my legs on his hips and arched my body to his thrust. It felt so good and right, his hand were all over me gripping and squeezing every part of me while his c**k was driving me insane.

"You like this, baby? Me inside you?" He asked raspily, and it sounded so sexy. I'd never been this wet and I could feel my juice coating on his erection and spilling out whenever he pulled out and back in.

I bobbed my head in response.

He bit my lower lip, pulling it. "Words baby, words. Dirty words. Again, do you like having me inside you?" He was using a commanding tone that made me weak.

"Yes, your c**k feels so good! Goddess!"

"Good girl, more..." He was sucking shoulder hard, my body couldn't identify which part was giving me the most pleasure, sparks, tingles, and explosions were everywhere, overwhelming my senses.

"I want your c**k in my p**y... and in my mouth!!! I want to taste you!" I moaned like a wanton as he plunged harshly like he was ready to split me into two but I don't mind. "Oh Gavin, you feel so good! More..."

"All yours, baby... All yours..."

I felt my body shudder as I neared my orgasm. I wrapped my arms around his neck and pulled him closer, my mouth panting on his neck. And as he rammed his c**k harder I bit his neck with my regular teeth and let my orgasm shake my whole body while my fingers scraped the skin at his back, not caring that I might be hurting him. 1

"Gavin..." I mumbled his name before letting go of his body, but he kept his arms around me, holding me close while he kept pounding on me and after a few more strokes, his body went rigid and he let out a guttural growl as he found his own release.

After riding the height of his release, he collapsed beside me and pulled me into his arms, my face resting on his chest while his arms were wrapped around me.

My body was so weak, I felt my energy was drained out of my body. But I needed to tell him one thing, the main reason I went down to see him.

I looked up and found him staring at me, his eyes were beaming and twinkling, the eyes I wished I saw at the Claiming.

I snapped myself out of my own thoughts. I needed to tell him.

"Gavin, I didn't kiss that guy. It was too late when I realized what he was about to do. I got scared and I couldn't move. I wanted to push him but my body won't move. And then you came..." I was trying to catch his eyes but he shifted his head and looked up at the ceiling, putting an arm over his forehead.

He doesn't believe me. It doesn't matter. I would worry about that tomorrow.

"Thank you, for saving me." I closed my eyes and scooted on his chest, not planning on going anywhere tonight.

I had one more thing to tell him. "Goodnight, Gavin..."

A small smile tugged on my lips as I let the darkness take over.

I felt his lips touch my forehead and his arms pulling me closer to his

warmth. "Goodnight, little mate." He whispered back.

Mission accomplished, I was able to explain and wished him goodnight like I said I would – and got a bonus in between.
