

Chapter 21

My lips parted, and my eyes fluttered shut. Suddenly his lips are on mine. Soft and warm at first, but electricity and fireworks exploded through me as he deepened the kiss.

His arms circled my waist, pulling me firmly against him. My arms wrapped his neck, my fingers tangling in his silky hair. My heart felt like it was about to explode in my chest...

We pulled back for air at the same time, staring at each other. Breathing hard.

I tiptoed for more, and he eagerly leaned down to capture my lips again. Our lips touched, and move together. His lips becoming more urgent and his tongue found entrance into my mouth.

Our tongues tangled and wrapped each other. We tasted and teased each other.

Hmm. Oh goddess, I'm so drunk on his taste.

"Butter..." he mouths against my skin as he moved his mouth across my jaw and down my neck hungrily. He kissed, nipped and licked..

I bit my lip, but a moan escaped. He slammed his lips back on mine and pressed my body tighter against his. I rolled my hips, making him moan against my mouth. I was dripping wet...

Then he ripped his mouth off mine. His breathing ragged. I could hear the rapid beating of his heart along with mine.

My lips were swollen, and red. My heart was thumping so fast. I knew my hair would be all over the place.

Hunger was still evident in his sapphire eyes as he stared at me.

"Oh goddess..." he groaned, and closed his eyes. Then he ran his fingers through his tousled hair "Unless you want to get marked and mated right here and now, we'd better get out of here," he grumbled.

"Are you hungry? Let's go get you some food,"he sounded desperate to get out.

He walked in front of me and led me downstairs, and into a massive modern kitchen. All granite, built in appliances, and white cabinets.

There was a woman, about four years older than I am perhaps. She was wiping the kitchen counter. By her smell, I could tell she was a werewolf. Not an omega.

Her eyes brightened when she saw Eros. I recognize a massive crush when I see one.

"Mr Eros. I didn't know that you're home this early," she said breathlessly, and pushed her chest up. She was smiling flirtatiously at him, and I could hear her fast heartbeats.

Her smile immediately faltered when she noticed me. Eros pulled me closer, and wrapped his arm around my waist.

"Yes, we skipped school. I found something precious to do today," he said carelessly, not taking his eyes off me.

"My love, this is our cook, Salt. Salt, this is my girl, Eden."

"Hi," I sent her a friendly smile and wrapped my arms around Eros. That was right, I was marking my territory. Salt glared at me.

"I am so hungry, let's get something to eat," he murmured into my ear with a wicked smile that says he knows what I'm doing.

"And I'd like my dessert first," he mumbled against my skin before kissing, and licking me along my jawline, and down my neck. I moaned. Oh goddess, the things his sexy mouth can do to me... My brain stopped working.

"Eros, please." I begged and ran my fingers through his silky hair.

"Please what?" Eros latched onto my neck even harder. My gasp and moans were louder. Creamy liquid trickled soaked my panties...

Salt cleared her throat loudly. "Would you like me to prepare you something for lunch?"

"No, we will make a pancakes or something," Eros said still breathing against my neck "You can go home, we'll order pizza for tonight."

I heard her dragged her feet, and banged the door on her way out. I could tell that she wasn't happy.

"Do you know that she has a crush on you?" I said

"Yeah, I don't want her to get any idea. I don't like with unwanted attention," his lips began to tease me behind my ear.

It felt so good, that I clamped my mouth to stop myself from moaning loudly. His mouth was sin-personified.

"You smell so good," he murmured huskily, nuzzling my neck.

Oh my... I tried to think straight. "If you don't want any trouble like that, why did you hire a young woman?"

"Arthur did," that was his only answer as he stroked his fingers around my hip. Swiftly, he placed me on kitchen counter. My legs were on both sides of his body. He squeezed my hips and kissed my neck, my cheeks, ears... Delicious chills ran down my spine.

"Eros," I moaned breathlessly, and then he angled my face to his, slamming his hungry lips on me. I shivered, losing all thoughts as I grabbed his hair while his other hand goes into mine.

His lips were hot, and demanding. His hand moved down to stroke my bare thigh.

"We should stop," he mumbled against my lips before he covered them with his again.

"Hmmm... yeah," I agreed and kissed him back ferociously, letting his tongue delve inside my mouth. Our bodies molded to each other.

"Now, Butter..." he whispered in my mouth.

"Mmm, hmm," I agreed as I sucked on his bottom lip, feeling his hard erection...

Eros teared his mouth away from mine with a deep groan. His breathing was uneven.

He placed his hands on the counter on either side of me, and closed his eyes for a second.

When he opened his eyes them again, he calmly said "Hello guys,"

This he said, with his gaze still fixated at me.

I tried to regain my heartbeat as I tried to figure what he meant. I slowly peeked around him and saw the other three Hybrids standing by the entrance of the kitchen with amusement on their faces.

Oh nooooooo.

I yelped, and hid myself against Eros' chest. I grabbed his shirt, thinking about the fact that they saw us kissing.

My cheeks turned beet red. I felt embarrassed.
