

## Chapter 8

She hated me. And the last thing I wanted was for her to hate me more.

"Put me down!" She screamed my ears off again. "I said put me down!!! You sick bastard!"

I ignored her, letting her arms flail around me, and just walked straight to my room on the 3rd floor.

It was a good thing that Jake and Clair would take the biggest suite on the 4th floor starting tonight so this floor was free for me. No guest was on the guest wing as well, so my little mate could scream all she wants and nobody would hear her. 2

Of course, I was exaggerating.

My room was soundproof, nobody would hear her but I just needed to think of something else to keep my mind occupied because her fucking sex was just a few inches away from my nose and she smelled fucking nice, mouth-watering, all I wanted was to dip my face into her p\*\*y.

So many things I wanted to do with her.

The last four days were a living hell. I couldn't even imagine jerking off but ever since I saw her today, my fucking d\*\*k won't keep still. 2

Just the thought of her gave me a boner the whole day. It would be fucking nice if I could finally have my release.

Fuck! Now I have a hard d\*\*k again!

I punched in the code into my door and swung it open, closing it with my foot as soon as I stepped in and dropped my precious little mate on the bed.

She bared her teeth and stood up directly, her eyes glaring at me as she let out a growl which sounded like she was purring, sending my wolf into a lovestruck haze. <sup>2</sup>

I ignored her and went into my closet, pulling a big shirt and the smallest basketball shorts I could find. I threw it on the bed before positioning myself by the door, leaning my back on it.

"Change your clothes," I ordered her.

"And why would I do that? I don't even know why you took me here and I definitely don't have any plans of staying over for a slumber party and getting cozy with you. I have better things to do than getting stuck up here!" She told me in a high-pitched voice which I found amusing given her size.

I let out a smug smirk that pissed her off some more, ignoring her rants. She looked fucking amusing and sexy when riled up.

She squinted her eyes and threw the shorts straight into my face.

"Stop smirking, you devil!" She spat, anger radiating from her small frame. 4

I snickered while clutching the shorts in my hand. "Fine. If you just want to wear just the shirt, I'm okay with it. Easy access..." I said flatly but a coy smile tugged on my lips. 4

I found myself enjoying her anger. She's fucking sexy!

Scarlet tint started to creep on her cheeks while her eyes rounded in anger. "You! You! Who said I would let you touch me? Pervert!" She came rushing to me and the next thing I knew, little fists were ramming on my chest. 2

Not that it didn't hurt, her fists know how to hit the right spots but I was enjoying more the sparks emitting from her fists than the pain it caused for me.

I clutched her little fists into my palms and raised it on my chest, my eyes boring into hers.

"Calm down. I won't touch you. You have my words, now if you give me time to explain why I took you here then we can prepare you for your heat before it comes." I tried to sound calm when in reality, her anger and her proximity were fucking arousing, and my d\*\*k was already in pain, tented up inside my pants.

Her hostile eyes turned soft before her face warped into confusion. "Heat? What do you mean heat?"

I let go of her hand and pointed her to the bed. "Sit and I will

explain." I needed her away from me if I wanted to keep my sanity. I was so close to crushing my lips into her and I knew the moment I do, I would lose all my control.

She let out a deep sigh before turning around. "Heat? I'm not marked." I heard her mumble under her breath.

I cleared my throat to get her attention once she was seated.

"You will go in heat tonight. Females who meet their mates and were unmarked go in heat every full moon, and every unmated male around would be able to scent you. You will attract them."

"Bullshit. Only marked mates will go in heat." She challenged my statement.

"Once you're marked, your heat will only be potent to your mate. But if you're unmarked, the heat would affect any unmated males like what I said."

"So what's your plan? And why the hell would you care if my heat would affect anyone? I can have sex with anyone even without this heat! And what if I wanted to have sex?" She rolled her eyes and diverted her gaze away from mine. 3

Before I could control myself, I let out a loud growl and rushed to where she was, taking her wrists up and pressing her body against the mattress, her hands over her head while my body hovered on her. "You won't do such thing under my watch!" I snapped at her, anger coursing in my veins. 2

I saw fear in her eyes at our position that I immediately regretted my action. "You're hurting me, please." She said in a low voice, her head tilted to the side avoiding my gaze.

I closed my eyes and moved away from her. Shit!

"Change your clothes. You'll be sleeping here, I won't come near you again." I massaged my temple, regretting my action while I looked at her.

She sat back and nodded, clutching my shirt into her chest, her eyes were on her feet.

Fuck! Did I really scare her? I kept messing things up with her!

"You're probably hungry. I will go down and make food for you at the kitchen." She lifted her head and looked at me, she parted her lips as if she was about to say something. I waited but nothing came out of her mouth.

"I will lock the door when I go out, not because I don't trust you. But I don't want to risk you getting attacked by an unmated male if your heat comes before I can return." I tried to explain as gently as I could.

I made it sound like this was all about the heat. But the reality was, I was scared she would run and I would not be able to take her back to my room.

I waited for her response, not wanting to leave her at all.

She looked at me with those doe eyes before biting her lower lip. "If I behave, can I come to the kitchen with you?"
