

At The Bottom Chapter 25

Lu Yuan looked at Zhou Yun in a daze.

At this moment, Zhou Yun's head was slightly hanging, the wounds on her perfect face looked so shocking, her eyes were so bleak.

"Zhou Yun, you"

"Lu Yuan, I didn't try to hide from you, I really didn't mean to." Zhou Yun choked out, "I just don't want you to see me like this, I must be very ugly now."

Saying that, Zhou Yun tilted her head sideways and let her hair fall down, blocking half of her face from the wound.

"That's why you made so many excuses, just to not let me see you like this now." Lu Yuan suddenly understood, but his heart ached even more.

What a delicate-minded girl, she had just misjudged her once again.

"What's wrong with this? How did you get hurt?" Lu Yuan heartily ruffled Zhou Yun's hair and looked at those wounds, his heart ached as if they were wounded on his own body.

"No, nothing, when I came out of the dormitory in the morning, I accidentally fell down the stairs." Zhou Yun dodged Lu Yuan's gaze.

How could Lu Yuan believe it?

"What's wrong, tell me the truth!" Lu Yuan suddenly increased his tone and grabbed Zhou Yun's shoulders with both hands.

In an instant, Zhou Yun's teardrops slid down in a large amount.

She was crying.

In these teardrops, there was aggression, there was misery, yet there was also touching.

Yes, how could she not be moved? In this campus, no one had ever cared for her, no one had ever cared for her.

I was like someone who had wandered away from the campus, like a lonely ghost, with no one asking about life or death.

But now, someone cared so much about him.

Zhou Yun broke down in tears.

The more she cried, the more she wanted to cry, the louder she cried.

The more she cried, the more aggrieved she became, and the more she cried, the more moved she became.

Yes, in all these years, she had never cried so thoroughly, and how many times she had been sad day and night, Zhou Yun had held back.

No matter how sad she was, she would only find a secluded place by herself and sit there to slowly digest her grievances and shed tears in silence.

No one cared for her, and she didn't even feel qualified to cry at all.

This time, she was going to cry, and she was going to cry out loud.

Because, for once, someone cared for her, someone who cared about her.

"Is someone bullying you? Tell me." Lu Yuan couldn't help but gently hug Zhou Yun's shoulders.

This girl's shoulders were so soft, her body was so lean, as if it was weightless, how she needed a warm harbour.

"It's just that I was beaten by Ai Jing and the girls, it's already fine."

Zhou Yun slowly steadied her emotions, wiped the tears from the corner of her eyes, and said as if nothing had happened.

Ai Jing, the one who was the head of the three girls in front of Haagen-Dazs that day.

Those three girls, Ai Jing, Sun Beibei and Lu Fang, were all from the same dormitory as Zhou Yun and had always been extremely unfriendly to him.

Lu had originally thought that it would be fine if they just verbally insulted him, but he never expected it to develop to this extent.

"I will make them pay back!" Lu Yuan's gaze was just a bit cold.

"Don't go to them."

Zhou Yun hurriedly grabbed Lu Yuan's sleeve, "They are all very background, don't go to them, going to them will only anger them and will be detrimental to you."

Zhou Yun looked at Lu Yuan with an earnest gaze, his eyes were filled with concern.

"I... I'll just try to avoid them from now on." Zhou Yun lowered his head and seemed to look very guilty, "I'm sorry for giving you trouble."

Zhou Yun was even upset because Lu Yuan was worried for herself, and when she saw that Lu Yuan was angry, she would feel that it was all her own fault for making Lu Yuan angry, so she apologised out loud.

This girl, her heart was just too delicate.

"Let's go to the hospital first." To be honest, Lu Yuan didn't have the heart to think about finding Ai Jing and those people right now, let's get Zhou Yun's injuries healed first.

"It's expensive to go to the hospital." Zhou Yun suddenly took out a bottle of alcohol and cotton swabs from behind him and held them up to Lu Yuan, "Why don't you do me a favour and help me rub the medicine."

Saying that, Zhou Yun closed her eyes and tilted her head slightly, facing Lu Yuan.

The tear marks on her face had not yet completely dried away, and her small nose still seemed to wrinkle from time to time due to the pain of the wound on her face.

However, her expression, however, carried a kind of anticipation, and there was even a slight smile at the corner of her mouth.

Perhaps, it was because, she was waiting for Lu Yuan to apply medicine to her.

What could be more touching and gratifying than having someone you like apply medicine to you when you are injured?

And Lu Yuan, looking at the rudimentary alcohol and cotton swabs in his hand, really felt heartbroken.

Suffered such a serious injury, it is surprising that just casually buy some alcohol disinfection.

If it wasn't for the fact that she met herself, this girl was bullied with bruises all over her face and then hid herself in silence in a remote and deserted part of the campus, medicating herself all by herself?

Lu Yuan originally gently wiped Zhou Yun's wound with alcohol, and then, without any further ado, took her to the school hospital.

"The wound is a bit serious, it needs three stitches."

The doctor said after examining it.

Lu Yuan's pupils contracted violently and he clenched his fists.

Cleaning, disinfecting, stitching, bandaging

"Thank you, Lu Yuan, how much in total, I'll pay you back." Zhou Yun said as the two came out of the hospital and walked side by side on the road.

"There's no rush for now, let's talk about it later."

"Right, you haven't eaten yet, let me treat you to dinner, let's go eat noodles!"

"I'll treat you to dinner, let's eat here." Lu Yuan suddenly stopped and pointed ahead and said.

"Ah, Bai Sheng Yuan!"

Lu Yuan led Zhou Yun to the entrance of Parkson Garden, originally Lu Yuan was ready to give her a good tonic, and now that she was injured, Lu Yuan had no scruples.

"It's so expensive here!" Zhou Yun stood at the entrance, not even daring to go in.

Lu Yuan smiled, grabbed her hand and pulled her along, the two of them entered the restaurant and found a seat.

Sitting in her seat, Zhou Yun looked very confused, she had never been to this kind of place before either.

Let alone a restaurant like Parkside Garden, she had never even eaten the stir-fries in the canteen.

Lu Yuan ordered a few good dishes.

"You sit here and wait for a while, I'll go and get you a dessert."

There was a dessert station in the corner of Parkside Garden, not as good as Haagen-Dazs, but still good.

"Mm."

Zhou Yun saw that Lu Yuan was handling the Parkside Garden with ease, and she was secretly surprised, suddenly feeling that this boy was so mysterious and seemed to have some hidden secrets in him.

Lu Yuan went to buy dessert, while Zhou Yun's eyes involuntarily followed Lu Yuan's back.

Looking at Lu Yuan's back, thinking about how much Lu Yuan pampered and cared for her. Although she had a lot of bad things in her life, Lu Yuan's kindness to her was like a spring of water that nourished her parched heart for a long time.

"Yo, isn't this Zhou Yun!"

Suddenly, a voice interrupted Zhou Yun's thoughts.

Hearing this voice, Zhou Yun reflexively, shivered.

It was none other than Ai Jing and the three of them who had come.

"This poor bastard is really too greedy for pleasure, right? A few days ago, he went to Haagen-Dazs to buy ice cream, and now he's actually coming to Parkside Garden to eat, is the grant given to you by the school for you to come and spend your days drinking!"

"The poorer you are, the more lazy you are, taking the school's grant and then eating and drinking.

"Look at her, her face is all bandaged up, not bad." Ai Jing stared at Zhou Yun's face, suddenly reached out and grabbed Zhou Yun's hair, pulling him towards him violently, "You poor bastard, didn't you never go to the hospital before when you got hurt, you just wiped it with alcohol, why are you still going to the hospital to get bandaged now? Just because you got a grant, you're a bully? You've drifted?"

Zhou Yun's hair was scratched, plus there were still wounds on her face, at this moment, her face showed a painful expression.

Her thin lips were tightly bitten.

Her eyes were stubborn.

However, Zhou Yun suddenly said in a pleading voice, "Please, can you let me go now? When we return to the dormitory, I'll be at your disposal."

Ai Jing and the three of them, upon hearing Zhou Yun's words, were stunned, and then they looked at each other.

"Holy shit, the sun has risen from the west today? Zhou Yun is actually begging?"

"You poor bastard, didn't you used to be so stubborn and ambitious, didn't you never say a word before?"

"That's right, it's really strange, I thought you always had a lot of backbone, but now you're actually begging us to let you go like a bitch?"

The three of them, Ai Jing, did feel very strange.

In the past, when they bullied Zhou Yun, no matter how they insulted or beat him, Zhou Yun would always look cold and stubborn, pursing his lips tightly and putting up with their evil deeds.

Yet today, this poor bastard was begging?

However, the more Zhou Yun begged, the more exciting and interesting they found it.

Yes, in the past, when they bullied this poor pussy, she didn't scream or shout, and it wasn't much fun, but now that she was actually begging, it was even more fulfilling.

"Let you go? Why should I let you go?!"

With that, Ai Jing slapped Zhou Yun's wound, which had just been treated and had stitches, and with this slap, Zhou Yun's eyes were tearing up from the pain.

"You poor cunt, what qualifications do you have to sit here and eat?"

Ai Jing slapped over again, a few moments of resentment and indignation flashing in his gaze, "You poor pussy, what makes you so good looking!"

Zhou Yun's hair was scattered across her face from the blow, but she couldn't care less about the pain coming from the wound on her face, her eyes searched and she was slightly reassured when she saw that Lu Yuan was still over at the dessert shop and wasn't paying attention to this place.

Zhou Yun struggled to her feet and headed outside.

At this moment, there was only one thought in her mind, hurry up and get out of here, don't let Lu Yuan see all this.

"What, still want to run?"

"This poor bastard is really strange today, he never ran before no matter how he was beaten, today he begged one moment and ran away the next, tsk, interesting."

Ai Jing, the three of them, followed behind without panic.

Zhou Yun didn't care what they said and walked quickly outside with her head down, she wanted to get out of here as soon as possible.

However, just at that moment, she suddenly bumped into a body.

At The Bottom Chapter 26

It was Lu Yuan.

There was no need for Zhou Yun to say anything, seeing what was in front of him, Lu Yuan already understood what was going on.

“Yo, isn’t this the other poor punk in front of Haagen-Dazs the other day?” The three of them, Ai Jing, were also a bit surprised to see Lu Yuan suddenly.

But they looked at Lu Yuan and then at Zhou Yun.

Suddenly they burst out laughing.

“These two poor bastards are together?” Ai Jing said.

“No wonder Zhou Yun, the little bitch, is still laughing every now and then while sitting on the bed, so it’s the little bitch being wavy and wanting hansom.” Sun Beibei said.

Originally, Lu Yuan was about to go and settle the score with them, except that Zhou Yun was worried about him and stopped him.

Now that these three had come to his door, Lu Yuan wouldn’t let them go.

“The injury on Zhou Yun’s face, did you guys do that? Why did you bully her?” Lu Yuan suppressed the impulse inside and said in as controlled a tone as he could.

“Why? Do you still need a reason to bully such a poor pussy.” The corners of Lu Fang’s mouth turned up, as if the question Lu Yuan asked was ridiculous.

“Well, since you asked, I’ll tell you, this little bitch bought a lot of rotten fruits in the dormitory, and took up the sink to wash them, and peeled them on the balcony, who does she think she is, treating the dormitory as her own kitchen? I didn’t like it and beat her up, what’s wrong with that?” Ai Jing said.

Lu Yuan was stunned and suddenly thought, in the past few days of knowing Zhou Yun, Zhou Yun often brought herself cut fruits.

This nee-san didn’t have money and couldn’t afford normal fruit, so she could only buy cheap fruit that was half rotten, but she would carefully cut it up and bring it to herself to eat.

“What’s the matter, are you still not convinced?” Sun Bei Bei looked at Lu Yuan like a fool, “You want to stand up for this poor pussy? You don’t even know who we are.”

As he was saying that, a few sturdy guys came over next to him, these guys, at a glance, were the kind who worked out in the gym all year round, with gnarled muscles in their arms, broad shoulders and tall bodies.

These guys came to Ai Jing's side: "What's wrong, Fourth Sister, which one of them has pissed you off, Fourth Sister, you don't have to do anything, we will do him."

One of them even pointed directly at Lu Yuan, "Kid, believe it or not, I can drop you to death by carrying one of your legs directly?"

"Shit, when did these poor pussies dare to turn against the sky, so fucking insolent, they don't know the complexity of society, they don't know how bullying people are, bah!" Another one spat viciously in Lu Yuan's direction.

"Kid, don't spend all day in your dorm room playing games as a hangman, go to the school sometime and learn more about it, ask around about what kind of existence Black Dragon Hall is!"

Lu Yuan really wanted to laugh and was just about to open his mouth when his hand was suddenly held by a soft little hand.

Zhou Yun secretly squeezed Lu Yuan's hand and gently looked at him and shook his head.

Zhou Yun of course did not know Lu Yuan's true identity, she was just worried that Lu Yuan would suffer.

The company's main business is to provide a wide range of products and services to its customers.

So he took Zhou Yun's hand and prepared to leave.

"Oh, what, are you afraid?" Seeing that Lu Yuan was ready to leave, Ai Jing got even more smug and took a step closer, looking at Lu Yuan with condescending eyes as if he was looking at a mole, "Kid, if you know what's good for you, leave this little bitch beside you, because you'll never know what a powerful force you're dealing with, you're offending a group that you can't imagine!"

Lu Yuan took Zhou Yun away from Parkside Garden and went to the canteen again.

To be honest, Lu Yuan felt a bit suffocated.

Moreover, just now, Ai Jing's group, also called themselves what the Black Dragon Hall, Lu Yuan did not expect that there were so many strange and weird things in the university ah, a good university, froze like a gang.

"What is the Black Dragon Hall?" Lu Yuan asked.

"Ai Jing and the girls are all from Black Dragon Hall, it's an organization, those few people who worked out just now are also from Black Dragon Hall, Ai Jing is a core

member of Black Dragon Hall and is the oldest member of the Black Dragon Hall Fairy Group.”

Zhou Yun said as she ate silently, her voice was calm, perhaps she was used to being bullied, “There are seven people in the Fairy Group, all girls, and they are the leadership within the Black Dragon Hall.”

“By the way, Lu Yuan, I want to move out of the dormitory and move outside.” Zhou Yun suddenly said, “There’s a village outside the school that’s going to be demolished, it’s very cheap inside, you can rent it for just two or three hundred a month, although it’s a little more expensive than living in a dormitory, but I can still earn a little money working nearby.”

Hearing this, Lu Yuan snapped his head.

Why did he not think of this idea? Why did he let Zhou Yun live in the dormitory and be bullied by Ai Jing and the girls?

Of course, Lu Yuan didn’t tell Zhou Yun about this idea, he would tell her after he had rented the apartment, to give her a big surprise.

After separating from Zhou Yun, Lu Yuan went back to his dorm room, took the plastic bag full of money with him and went out to look for an apartment.

There was a neighbourhood near the school that was quite upscale. Lu Yuan looked at the notice board and found a single flat that was quite good for 5,000 yuan a month.

After thinking about it, Lu Yuan dialed the number.

Ten minutes later, Lu Yuan met up with the landlord at the door.

“Are you the one who wants to rent an apartment?” The landlord was an old lady with a worldly face, typical of the bad guys getting old kind of look. Seeing Lu Yuan in rags and carrying a plastic bag with rubbish in his hand, he couldn’t help but frown.

“Uh-huh.”

Lu Yuan nodded.

“You’re not trying to start a pyramid scheme, are you?” The old lady said again.

“Ah, no, I’m from Jinling University next door.”

“Show me your student card?” The old lady said suspiciously.

Lu Yuan was a bit uncomfortable in his heart, but he still showed his student card to the landlord.

Not wanting to waste time, he said, "The rent is five thousand a month, with a deposit of three to one, so you get twenty thousand in total."

With that, Lu Yuan went to untie the plastic bag and prepared to take the money.

The old lady thought that the plastic bag was Lu Yuan's clothes, and when she saw Lu Yuan going to get the money, she thought that Lu Yuan was the kind of person who put the money in his clothes and hid it, usually such people are poor, right?

"Wait a minute, it's not a three-month bet, it's a six-month bet. You want to rent it, give me thirty-five thousand."

"Didn't you advertise a three-month deposit?"

"That's a mistake." The old lady was obviously lying, her eyes drifting, "Besides, my house has just been renovated, and the furniture and appliances are worth a lot of money."

Hearing this, Lu Yuan understood the landlord's meaning.

Shit, did she think she was a thief?

Did she think she would empty her house?

"Forget it, I won't rent it."

It didn't matter to Lu Yuan whether it was for three months or six months, the point was that the landlord's attitude and character was questionable and she looked down on people.

After leaving the neighbourhood, Lu Yuan was a bit depressed.

Renting a house is really troublesome.

I really don't want to rent it anymore.

At that moment, Lu Yuan looked up and saw a big sign advertising "Adjacent to the school, Teng Wang Ge, one of the best villas in Jinling!"

Seeing this sign.

Lu Yuan smiled at once.

It was true that after three years of misery, one's thinking had become really hangdog.

Rent a bird's ass house by yourself, buy a house by yourself!

Not only do I want to buy a house, I want to buy a villa!

The Teng Wang Ge villa area, just southeast of Jinling University, a newly developed property, is typical of the top neighborhoods in Jinling City, completely designed after the Suzhou gardens, all are single-family villas.

With his mind made up, Lu Yuan headed straight for the sales department.

This sales department was really luxurious, with gorgeous crystal headlights on the high dome, the floor stepping on it, illuminating the shadows of people, white and gold decorating each other, highlighting a feeling of luxury.

Of course, the most eye-catching thing was the young ladies in the sales department, one more flirtatious than the other, no, I should say one more beautiful than the other.

Lu Yuan carried the plastic bag and went to the bathroom first.

When he came out, in the sink outside, a flirtatiously dressed woman, wearing a short skirt and pouting, was fixing her make-up in the mirror, applying lipstick while smacking her lips, looking left and right, and posing several times there.

Seeing Lu Yuan, the woman couldn't help but frown and swept a glance at Lu Yuan out of the corner of her eye, showing a hint of contempt.

Lu Yuan pretended not to see it and came to wash his hands under the tap next to her.

The woman took one look at Lu Yuan and moved her body to the side, and she looked nervous, with a very guarded and disgusted look.

"Hey, you hanger-on, you're throwing water off your hands onto me!"

Suddenly, the woman screamed.

Lu Yuan looked at her with a dumbfounded expression.

The woman grabbed her bag, gave Lu Yuan a disgusted look and ran away with a thump.

By the time Lu Yuan came outside again, the woman from earlier, was hugging a young man.

The young man was a socialite at first glance, with a popular two-sided shovel haircut, blowing meticulously, a leather wallet under his arm and a pair of small leather shoes.

There was a sense of a successful young man.

The two seemed to be here to buy a house too, and a salesman, in front of them, was telling them something with a stack of information.

“Hubby hubby, that’s the guy who just dumped me all over the water in the bathroom, so dirty oh!”

As soon as the woman saw Lu Yuan, she shook the young man’s arm vigorously and pouted.

“What’s going on here? Where is my customer experience?” The young man was instantly enraged and broke into a cursing fit.

“Sir, I’m sorry, I’m sorry.”

The salesperson hastily stood up in fear and apologised, she frowned at Lu Yuan and was disgusted in her heart.

In this sales centre, because there were bathrooms, there were often some rag-pickers or beggars who would come in to use the toilet, and after looking at the plastic bag in Lu Yuan’s hand, the salesperson naturally took Lu Yuan to be a rag-picker.

“Hey, please get out!” The salesman didn’t have a good face for Lu Yuan, and immediately drank.

“Oh, since you are a sales centre here, I’ll take a look and get to know a bit, want to buy a house, still can’t I?” Lu Yuan said and came to the middle of the hall next to the sand table model.

Here, one could see the entire Teng Wang Ge villa area in its entirety.

This district, indeed, was a top-quality villa area, with a large green area, pavilions and pavilions, and all the applications, the most side was a four-storey two-family villa, the inner circle was a townhouse with two independent villas, and then in the middle was a single-door villa.

The further into the middle, the higher the grade of the villas.

And in the very middle of the plot is an ultra-luxurious and modern single large villa.

This villa, located in the centre of the district's pearl, is far separated from the nearest villas, surrounded by a swimming pool, a lawn, a privileged location, the largest greenery, rockery and fish ponds, and lush forests and bamboo.

It can be described as a piece of hidden land in the middle of a bustling city.

The saleswoman rolled her eyes as she decided in her heart that Lu Yuan was playing a scoundrel. But when Lu Yuan said so, there was nothing she could do.

She could only give Lu Yuan a hateful glare, cursed in her heart, and turned back to the man and woman she had just met to continue the presentation.

"Sir, the four-storey two-family villa you picked is only the last one left, so there is no choice. Of course, if you want to increase the money, you can also pick a townhouse, 50,000 per square meter, or even a single-family villa, 80,000 per square meter " said the salesman.

The young man waved his hand at once: "No nonsense, I can't afford the rest, I can only afford the four-storey two-family villa on the far side."

"Alright then, the one on the far side is 30,000 square meters, this one is 200 square meters, that's 6 million in total."

"Okay, I'll buy it!" The young man slapped the table and said.

"Husband is great!" That black silk woman, jumping for joy, hugged the young man.

"Well then, sir, please pay the deposit of one million first." The salesman was also very happy, after all, there was a commission for the business.

"One million deposit?" The young man was suddenly distracted, "I don't have that much."

"Then there's no other way, sir, our villas are a big seller and the rules require a million dollar deposit." When the salesman took a look at the pair who couldn't even take out a million, he also sneered in his heart and his tone was a few degrees colder.

"Honey, we must buy this villa, do something!" The black silk woman was instantly anxious, shaking the young man vigorously.

"What can I do now? We've sold everything we can and borrowed everything we can, but we've only managed to raise over two million, just enough for a down payment, but the money hasn't all come in yet. The young man was also red-faced with anxiety.

The salesman laughed coldly in his heart, "Cut it out, at first he thought he was rich, but he didn't know that he was buying a villa with all his money."

“So, can you reserve the villa for me for a few days, I’ll go and raise the money!” The young man said.

“Sorry, sir, this won’t do.” The salesman said.

“Honey, why are you still standing there, let’s go and borrow some more money now! This is the last villa we can afford!” The black silk woman was even more anxious, she was squeezing her head to get into Teng Wang Ge, after all, this villa community was a hot one recently.

As soon as they heard that they were living in Teng Wang Ge, anyone would immediately rise to the occasion.

“It’s late.” Lu Yuan walked over at this time, “That villa just now, I’ve bought it.”
