

At The Bottom Chapter 27

“Nuts!” The corners of the black silk woman’s mouth turned up in extreme contempt, then she pulled the young man again, “Honey, let’s ignore this psychopath and hurry up to raise money!”

She felt that Lu Yuan must have been mocked earlier and was now coming over to cause trouble, so she didn’t give Lu Yuan a second thought either.

The salesman also sneered, “Buy, what are you buying with?”

“Money.” Lu Yuan said.

“Oh, do you know how much this villa costs? The deposit alone is one million now. Do you have an idea of a million?” The salesman looked at Lu Yuan as if he was looking at an idiot.

To be honest, the sales of this kind of villa community had been receiving rich people for a long time, and they seemed to have become rich themselves, and they were particularly arrogant in what they said and what not.

“I know.”

Lu Yuan indifferently smiled, and smoothly threw the plastic bag onto the table, “A million, is a plastic bag ah.”

“Nuts

The word “sick” had not yet come out of the salesman’s mouth.

Pop!

The plastic bag exploded.

The red tickets exploded all over the table, as if it was a huge blooming flower.

At once, the salesman’s face felt as if he had received a heavy punch, and his whole body stiffened there, unable to utter a single word.

The black silk woman, on the other hand, had already dragged the young man to leave the sales centre to raise money.

All the way to the glass door, then, they turned back and looked dumbfounded too.

“Here is one million deposit, and later I will have someone transfer five million to you.” Lu Yuan mused, giving Zhang Ze of Hua Rui Bank a call later and asking him to transfer five million over.

“Ah?!”

The sales clerk simply doubted that her ears had heard wrong, the other party had already made her feel incredible by taking out a deposit of one million at once, and now she had to pay it all at once?

“You, you’re not taking out a loan?”

“Cash, six million, paid in full today, got it? If you understand, hurry up and do the formalities.” Lu Yuan took the water brought over by a service staff next to him and sipped it slowly.

At this moment, many of the employees in the sales department were also alarmed.

Although there were some tycoons who paid the full amount for the villa in one go, there were others like Lu Yuan, a brat in his early twenties, dressed in rags like a hanger-on, and the worst part was that he had just brought the money in a plastic bag.

They had never seen anything like this before.

And they were surprised.

“First of all, sir, don’t you want to go to the site to see the house before you decide, don’t you want to know the structure of the villa? By the way, the exact location of the house I haven’t told you yet

The sales finally let the emotions stabilize a bit, and at this point, the name addressed to Lu Yuan changed.

You know, just now, that pair of men and women, but surrounded her, about the villa of all kinds of information consultation for a long time, and she is also to that pair of men and women explained for a long time, the specific use of the villa area la, whether there is a garden la, specific orientation la, several garage, garage specific location la, the country’s preferential policies la, anyway, forest, talk for a long time.

Yes, after all, buying a house is an important thing, let alone a villa.

“When you go to the supermarket to buy a bottle of water, do you ask the boss how many millilitres of water it is, how much sugar it contains, how many levels of sweetness it has, and what material the bottle is made of?” Lu Yuan suddenly opened his mouth and said.

The salesman was a bit confused and replied stupidly, "No, it wouldn't."

"Yeah, so I wouldn't have that many questions, just hurry up and do the formalities." Lu Yuan said.

The salesperson was stunned, then she realised that when people buy a villa, it's actually the same as an ordinary person buying a bottle of water!

She didn't dare to say more and immediately started the formalities for Lu Yuan.

As soon as Zhang Ze heard it was Lu Yuan, he immediately followed Lu Yuan's request and remitted five million to the sales department's bank account.

This series of operations made the pair of men and women just now, look dumbfounded.

That black silk woman, from the beginning to the end, kept looking at Lu Yuan, with a complicated expression on her face.

"Mr. Lu, this is the key to the villa, your villa is in the southern part of block d – 6. Our villas are all finely decorated and ready to move in straight away, Mr. Lu, you can live in them now."

When the money was in place, everything was quick, no, not long after, the salesman put the key, respectfully, into Lu Yuan's hand.

The salesmen who had gathered around at this time, all applauded in unison.

The salesman had seen a lot of rich people, but those who could take the money so generously were generally older, and Lu Yuan was in his early twenties, so young and rich, and these salesmen, who were so beautiful, were naturally agitated inside.

The black silk woman next to him, at this time, looked at Lu Yuan again, has more a kind of flirtatious gaze.

"Stay? Who said I want to live?" Lu Yuan made a very disdainful expression, "This kind of rubbish villa, is it also worthy of my status, if I live in this kind of place, won't I get lice on my body?"

With one sentence, the crowd was frozen again.

This six-million-dollar villa was a dream come true for them.

Now Lu Yuan was saying that it was not worthy for him to live in?!

"Mr. Lu, but you bought the villa."

The salesperson was also embarrassed, originally, the deal had been reached, and she was ready to congratulate Lu Yuan, and perhaps even close the relationship, however, Lu Yuan unexpectedly came up with such a remark.

Although she had been in sales for a long time and knew all kinds of language for various occasions, she was at a loss for words and didn't know what to say.

"Do you want to live in it if you buy it? I just thought it would be fun, so I bought it on the spot." Lu Yuan said.

When the crowd heard this, they were all going to faint, buying a villa is fun? This was too landed gentry!

Of course, there were also people who, at this point, felt that Lu Yuan was pretending.

"Why do I think this kid is pretending?"

"I also think so, although this kid a hand six million cash to buy a villa, kinda bullish, but also blowing too much, what is the big deal if you say trash yourself, if I have money to buy a villa, I can also say very trash, pretend who will not ah."

"That's right, if you really want to be a bully, how come you only bought the outermost four-storey villa? If you have the ability to buy a townhouse, if you have the ability to buy a detached one."

"Alas, some people are just like that, taking out all their money, buying a car and saying the car is rubbish, buying a house and saying the house is rubbish, this kind of people are just pretending, in fact, they are just talking about it, in the end, they still have to live in it."

These people felt that Lu had gone too far.

"Then Lu, Mr. Lu, what do you mean?" The salesman also felt that this youth was a bit floating, so at this point, the sales heart also smiled a bit coldly.

"What do I mean?" Lu Yuan naturally heard the chatter of the people behind him, and also saw the salesman's sneer, he was not flustered and pointed his finger at the largest villa in the middle of the sand table model, which was also the only one in the middle of the district, "What I mean is that I also want to buy that one!"

This one sentence really blew up.

Almost everyone in the sales department was blown out of the water.

Teng Wang Ge, had been sold for almost a year, and the middlemost one had not really been sold, although many people had come to ask for prices, not many really wanted to buy, or could afford to buy.

Some people have paid a deposit to buy it, but in the end they broke the contract.

The nearest villa is a cluster of detached villas on the outskirts, but it is also 30 metres away.

A separate swimming pool, and a separate tennis and basketball court, it's just luxurious in the extreme.

Mr Lu, you, you're not kidding, are you?" The sales didn't know whether he was nervous or excited, he couldn't speak clearly.

"You can just say the price." Lu Yuan said.

At this moment, the hall was quiet and everyone was looking at Lu Yuan and the salesman.

Even the few people who had just said that Lu Yuan was being pushy were also quiet at this point, although they were still muttering in their hearts, "This, this is for real?"

"Two hundred million." The salesman was nervous and gulped a mouthful of saliva, "Mr. Lu, there is a reason why this villa is worth 200 million, if you buy the villa, the land around it within 30 meters is given to you, you can develop it independently, and this villa also comes with a basement, the basement is installed with a complete air fresh air system, air conditioning lighting system, and even access to the shower hot water system, not to mention basement, it is possible to live in the basement, and the whole villa design concept is very advanced, the structure is also very scientific, such as"

"Stop."

Lu Yuan suddenly interrupted the salesman, "When you go to the supermarket to buy a bottle of water, will you ask the boss how many milliliters of this water is, how much sugar it contains, how many levels of sweetness it is, and what material the bottle is made of?"

The salesman froze.

It seemed like I had heard that phrase somewhere before.

Then, she was shocked.

Could it be, could it be that this Mr. Lu, buying such a villa, was the same as buying a bottle of water?!

“By the way, Mr. Lu, this villa, a girl came to see it before and seemed to have the will to want it, she even said at the time that she would call in a week

“May I ask if she has paid the deposit?”

“No, she said she’d go home and talk to her dad about it

“None of my business.”

Lu Yuan also no longer nonsense, directly let Zhang Ze transfer another 200 million, this money is simply a hairy.

When Lu Yuan left the sales department, all the staff, all bowed to send off, just a few of those who said Lu original forced, but also personally ran to Lu Yuan, desperately smacked their own face.

“Forget it.” Lu Yuan waved his hand to indicate that he had forgiven them, and these few people were like a dream gift, thanking them repeatedly.

As for the black silk woman just now, at this moment her gaze was like an octopus, tightly circling Lu Yuan’s body, her plump thighs interlaced and twisting back and forth, seemingly swirling with springiness.

Lu Yuan pushed open the glass door of the sales department and imagined in his heart that he would bring Zhou Yun to live in the villa, hey, that girl didn’t know what her expression would be!

Just then, Lu Yuan’s shoulder hurt.

He looked back and saw a woman in her twenties, wearing earrings, quite bright-eyed and wearing high heels, also rubbing her shoulder.

“Are you all right?” This beautiful woman’s attitude was fine, she didn’t look down on people, looked Lu Yuan up and down a few times, surprisingly took out a fifty yuan from her pocket and handed it to Lu Yuan, “Go buy something to eat, don’t wander around blindly.”

The money was taken by Lu Yuan in a mechanical manner.

The beauty didn’t say anything else, pushed open the glass door and went into the sales department.

When the beautiful woman entered the sales department, she looked around and went straight towards the young man and the black silk woman.

“Sister, brother-in-law, you guys are really something, you really want to buy a villa in Teng Wang Ge, huh?” The pretty girl said.

“Oh, nonsense, Kai’s family has plenty of money, living in a villa is the life, what’s the point of living in a commercial house.” The black silk woman broke away from her longing for Lu Yuan and hugged the young man beside her again, then, with a somewhat cold attitude, said to her sister, “You just called and had to come to us, what’s the matter anyway?”

“Just wanted to talk to you guys about what to do about mum’s birthday party.” The pretty girl smiled and said.

“Don’t worry, you don’t have to worry about that, mum’s birthday, Kai and I will organize it single-handedly, you should keep that little salary of yours to spend on yourself!” The black silk woman’s words were tinged with a bit of mockery.

The beautiful woman laughed again, having seen more than enough of her sister’s attitude, “Right, and ah, Jiu’er had a car accident last time, although it wasn’t too serious, but you should go and see it, after all, you are her aunt.”

“You don’t need to teach me that.” The black silk woman said coldly.

At The Bottom Chapter 28

Lu Yuan, after leaving the sales centre, thought about it and bought a 200 million dollar villa, why not buy a car?

He went straight to the Jinling Sports Car Centre and finally ordered a Ferrari sf, which was not available at the Sports Car Centre and needed to be ordered and imported directly from Italy to the country.

“Mr. Lu, it will take about one or two months for this car to be imported into the country, can Mr. Lu be patient and wait, when the car arrives, we will inform you first.”

The sports car salesman, looked respectfully at the teenager in front of him with tattered clothes, and touched his face that was raw from the beating he had just received, the intensity of regret and trepidation in his heart was more than Zheng Yue, and more than the previous Teng Wang Ge sales, had ever been.

“Whatever.”

Lu Yuan waved his hand and left.

A month or two before arriving, that’s better, now one doesn’t want to drive a sports car so rakishly all of a sudden.

In addition to the sports car centre, Lu Yuan thought of Zhou Yun, now it was time to give this girl a call, the thought of Zhou Yun living in a villa, himself in a luxury sports car to take her for a ride around the campus, the best again can run into Ai Jing's group, think of this image makes people excited.

But I just took out my phone.

But then came the call.

"Third young master, where are you?"

It was Yang Min, the woman with the super explosive body.

Half an hour later, a white Mercedes g500 pulled up in front of Lu Yuan.

"Third Young Master, get in!"

Yang Min pushed open the car door and smiled at Lu Yuan.

This woman, today, was wearing a black close-fitting short-sleeved dress, the thin clothes perfectly outlining her upper body shape, her ample capital was extraordinarily attention-grabbing.

Because she angled her body to push the passenger door, making the spring light on her chest even more exposed.

Lu Yuan blushed slightly and got into the car.

There was a scent inside the car.

Not the soft fragrance of a cute girl, but an ardent one with a certain incandescence.

"Director Yang, where are we going here?"

On the phone, Yang Min only asked where Lu Yuan was, and then drove the car straight to him.

"Third Young Master, I'll show you something." Yang Min started the car.

Lu Yuan didn't ask more questions, sitting with Yang Min, he always felt a bit inexplicably rushed.

The feeling was like an adolescent boy who suddenly came across a woman with a hot body and social sophistication, and his manly nature made him have some blushing and ignorant fantasies about this woman. But in reality, he felt he could not handle such a woman.

Just then, a man suddenly crossed the road in front of him and Yang Min slammed on the brakes.

Her chest was suddenly strangled by her seatbelt, and when Lu Yuan subconsciously glanced at it, he saw that Yang Min's dazzlingly white chest had been deformed by the seatbelt.

He couldn't help but associate in his mind that the seatbelt was like a pair of big hands

This thought made Lu Yuan's blood rush to his head, and he felt another heat in his nose.

"Third young master, there are tissues in the storage box"

Yang Min was looking at Lu Yuan, with a few smiles in her gaze.

Lu Yuan then felt embarrassed beyond belief, his hand reached out and fumbled around in the storage box, he didn't feel the tissue paper, but grabbed out another item.

It was purple, with thin straps and a seductive bow on the band

"What's this?"

Lu Yuan did not even look at what it was for a moment, but at this point the nosebleed had already spurted out, Lu Yuan could not think much about it, directly grabbed it and put it on his nose.

"Sorry for getting yours dirty, let me buy you a new one."

Lu Yuan grabbed the thing and said embarrassedly, but it didn't matter, whatever it was, just buy another one for yourself to compensate Yang Min.

"Does Third Young Master really want to buy one for me?"

The corners of Yang Min's mouth curled up slightly, and a hint of guile surfaced on her face.

"This, is it very expensive?" Lu Yuan didn't understand the implication of Yang Min's words for a moment.

"It's not very expensive, besides, money doesn't make a difference to the Third Young Master, right? A hundred dollars or a hundred billion, in the Third Young Master's eyes there's no difference, it's all insignificant money anyway." Yang Min suddenly bit her lip, "But do you know what this thing is, Third Young Master, it is a piece of erotic underwear"

Holy shit!

Lu Yuan's hand shook and he almost threw the purple thing away.

This, this is panties?

And, it was also an erotic panty?

Lu Yuan really couldn't imagine how this thing could be worn on his body.

But wait, he himself had just used Yang Min's panties and wiped his nose?

"Haha, Third Young Master, do you suddenly feel dirty and disgusting?" Yang Min giggled, "Don't worry, these panties are new, I haven't worn them."

Uh, Lu Yuan was then slightly relieved.

But then, Lu Yuan suddenly had an unexplainable blockage in his heart.

Yang Min would buy erotic panties, why would she buy this kind of clothing?

Could it be that she was wearing them for someone to see?

It was definitely not herself, so who was it?

Which bastard was it that was so lucky to see Yang Min in her erotic underwear!

"Third young master, why don't you say anything, do you suddenly think that I am a very slutty woman?"

When Yang Min saw that Lu Yuan had started to be silent after she knew that those were erotic underwear, a faint smile spread across her face instead, and at that moment, she suddenly spoke up.

"Eh, not really."

Lu Yuan said a bit sullenly.

Seeing this look on Lu Yuan's face, Yang Min seemed to be even happier.

"Alright, I won't tease you, actually I didn't buy this." Yang Min said.

"Ah, you didn't buy it?" Lu Yuan seemed relieved in his heart.

"Yeah, I didn't buy it, someone else gave it to me", Yang Min said.

I go, Lu Yuan heart really speechless, damn, I am doing a roller coaster ah, someone else gave it to you, than you buy it yourself, is not more people jealous!

Wouldn't the relationship between the two be more intimate when you give such things to the person who gave them to you!

"Alright, Third Young Master, the person who gave it to me is a horny old man in his fifties, that old boss of Daheng Real Estate, Zhao Daheng. That old man is extremely horny, because some of the family's properties in Jinling City have to have dealings with Daheng Real Estate, that old man has explicitly hinted to me several times that he wants me to sleep with him, no, today he gave me a gift, I didn't care at first, I opened it and saw that it was this pair of underwear, so I just threw it in the storage box."

Seeing that Lu Yuan was getting unhappy, Yang Min finally told the truth.

So it was like that, Lu Yuan was, this time, really relieved.

"Then, then I don't need to compensate you for a pair, either." Lu Yuan said.

"That's not necessarily true, if Third Young Master had given it to me, I would have wanted it." Yang Min suddenly said leisurely.

Uh, Lu Yuan didn't know what to say for a moment.

Good thing that at this time, Yang Min stopped the car.

The two of them got out of the car.

In front of them was a very modern complex centre.

The wide square was brightly lit with crystal lights, huge billboards lined the air, and a giant LCD screen played advertisements and promotions.

The square is full of visitors and scented cars and BMWs.

This was one of the largest shopping centres in Jinling City, Zhong Wu City.

Yang Min took Lu Yuan and entered Zhong Wu City, which is similar to all the complexes in the country, with jewellery and jade on the ground floor, children's clothing and toys on the first floor, women's clothing on the third floor, men's clothing on the fourth floor, sports on the fifth floor, luxury brands on the sixth floor, food and drink on the seventh floor, and fun on the eighth floor

Yang Min took Lu Yuan straight to the sixth floor of the luxury brand layer.

Then, he entered a shop called "Qinfang Sixth Department".

This is a women's luxury clothing shop, the decoration is superb, in the bright yellow light, all the clothes, look so glazed wan show.

So Director Yang asked me to accompany her to buy clothes?

"Director Yang, feel free to pick out the clothes, I'll just pay for them." Lu Yuan was also generous, Yang Min worked for the family, it was only right that he treat her instead of the family.

Yang Min smiled, didn't say anything, and went into the shop.

"Sister Min!"

There was only one shop assistant in the shop, after all, this was a luxury shop, and when she saw Yang Min, she hurriedly greeted her respectfully.

Then the clerk saw Lu Yuan who followed her in, and couldn't help but frown and immediately drank: "Sir, this is a women's clothing shop!"

In fact, the implication was that he looked down on Lu Yuan.

"Alright, Peach, I've told you several times, don't treat customers based on their appearance." Yang Min rebuked, "Besides, from now on, the owner of this shop, is his."

What?

Lu Yuan and the little peach shop assistant, both froze.

"What's wrong, Third Young Master." Yang Min said, "I just told you that I was going to give you something, yes, it's this shop."

"Director Yang, this is too expensive." Lu Yuan did not expect that this women's clothing shop, was actually owned by Yang Min, and moreover, that it would be given to himself.

"Third young master, please don't push back, the family will rely on you in the future, you naturally have to learn how to manage business, you can start with this shop ah."

Yang Min naturally had to give it, Lu Yuan couldn't push back and had to accept it.

Little Peach spat out her tongue behind Yang Min's back, her face flushed red, and only dared to peek at Lu Yuan, her heart in a tizzy.

"That, third young master, I have to go to Kunming today, because the family wants to expand the business in jade, I have to go over there to inspect, I am going to the airport now, that car outside, can you help me drive it to the community garage, of course if you drive it yourself for a few days, it's okay." Yang Min said again.

“Good, it just so happens that I have nothing to do, I’ll take you to the airport.”

After sending Yang Min to the airport, Lu Yuan drove his g500 back to the city.

At this time, it was already five or six in the afternoon, and Lu Yuan was thinking about Zhou Yun.

He saw a fish restaurant on the side of the road, which was quite luxuriously decorated.

I’d like to pack a grilled fish and take it back with me, so I can eat it with Zhou Yun.

With that in mind, Lu Yuan got out of the car.

The parking attendant at the door took a look at the Mercedes g500 and immediately greeted it respectfully.

Although he was just going in to pack, the traffic management in the big city was strict, so Lu Yuan handed him the car keys and the parking attendant drove the Mercedes to park.

Lu Yuan stood at the entrance of the fish farm and was just about to enter.

He suddenly tripped over the bottom of his foot and looked down to see an empty can on the ground, so he picked it up and prepared to throw it in the trash.

Just at this time.

A girl’s voice came from behind him, “Yo, isn’t this Lu Yuan!”
