

The CEO 420

Chapter 420 Tailing

Mo Rao looked up and saw that it was Gu Ci.

He was wearing a black wool coat, which gave him an intimidating vibe.

“I saw everything just now. It’s just that the road is slippery because of the snow and it’s easy to tailgate. Besides, you suddenly stopped the car in front.” Gu Ci looked at the man coldly and said, “Since you want compensation, let’s find the traffic police to look at the surveillance footage and the car recorder first. How about that?”

Hearing Gu Ci’s words, the man looked flustered.

“Why should I listen to you?!” The man’s tone was obviously much meeker, but he still tried to act intimidating.

Gu Ci chuckled. “I didn’t say that you have to listen to me. I just said that we can get the traffic police to investigate. My dashcam recorded it clearly.”

The man followed Gu Ci’s gaze and saw a silver Bentley parked at the side.

The Bentley was much more expensive than his car!

The man instantly felt that he had met someone not to be trifled with.

“Forget it, forget it. In that case, find the insurance company to compensate me!” The man was afraid that he would lose out in the end, so he said to Mo Rao.

“You can’t have her compensate you just because you want to. As I’ve said, it was you who suddenly stopped the car, and it caused this lady to be unable to brake in time.” Gu Ci didn’t want to let this man off so easily.

Seeing this, the man questioned, “What do you want?!”

“How about we just let things go, as long as you apologize to this lady. Otherwise, I’ll call the traffic police,” Gu Ci said calmly.

The man knew that he was in the wrong, so he didn’t want the traffic police involved. Otherwise, he might be the one to compensate her in the end.

In order to shirk responsibility, the man could only agree to Gu Ci’s request. He said to Mo Rao, “I’m sorry. I was too impulsive just now. I shouldn’t have spoken to you like that.”

Mo Rao only came back to her senses when she saw Gu Ci turn the situation around.

“It’s okay.”

As soon as Mo Rao finished speaking, the man fled in his car.

“Thank you.” Mo Rao turned around and smiled at Gu Ci.

“It’s okay. I happened to pass by and saw the entire process.” Gu Ci’s attitude towards Mo Rao was a hundred times gentler than his attitude towards the man just now. “He’s just someone who bullies the weak and fears the strong. You’re a girl, and the car you drive isn’t a luxury car, so he acted very snobbily, but actually, his car is also very cheap.”

Mo Rao didn’t know anything about cars. Fortunately, Gu Ci was around. Otherwise, Mo Rao would have been scammed by the man just now.

“Are you going to the production team?” Gu Ci asked gently.

“Yes,” Mo Rao replied as she looked at her damaged car.

Gu Ci noticed Mo Rao’s concern and said, “I’ll send you there. I’ll get my assistant to help toll your car for repairs.”

Mo Rao didn’t want to waste any more time, so she agreed. “Okay.”

After getting into Gu Ci’s car, Mo Rao immediately felt much warmer.

The filming location was in the suburbs. Mo Rao was worried that it would affect Gu Ci’s work schedule, so she could not help but ask, “Sending me to the production team won’t affect your work, will it?”

Gu Ci shook his head. “Don’t worry.”

On the way to the production team, the car radio began to broadcast the news. “According to the police, the three murderers who killed Qu Ru drove off the cliff and died. After an investigation by the police, there is no mastermind behind this matter. The police have decided to close the case.”

Mo Rao was stunned. The case was closed? So soon?

Could it be that Qu Ru was really just unlucky?

“I didn’t expect Qu Ru to die.” At this moment, Gu Ci said coldly, “I thought Fu Ying did it.”

“It’s probably not him,” Mo Rao quickly replied. “If he really wanted to kill Qu Ru, Qu Ru would have died long ago.”

For some reason, Mo Rao suddenly felt the temperature in the car turn cold.

“Do you trust him that much?” Gu Ci asked.

Mo Rao was silent for a moment before replying, “It’s not that I believe him. It’s just that my intuition and judgment tell me that he didn’t do this.”

After that, Gu Ci never mentioned this murder case again.

However, Mo Rao, who was sitting in the front passenger seat, felt like she was sitting on pins and needles. She felt an inexplicable sense of pressure.
