## Chapter 425 Birthday Party

There was only a day left until Mo Rao's birthday.

This was the first birthday Mo Rao had celebrated since she returned to the country, and it was also the first birthday since she had reunited with the Qu family. Although not many people were invited, Mo Yuan still reserved the most luxurious hotel room for Mo Rao.

Fu Ying was also carefully preparing a birthday gift for Mo Rao. He had not celebrated Mo Rao's birthday properly in the past. This time, he had to make it up to her.

Just as Fu Ying was looking at the beautifully wrapped gifts on the desk in the office, Gu Hai pushed the door open and entered.

"President Fu." Gu Hai's expression was a little ugly as he stammered, "There's something I don't know if I should say or not."

Every time Fu Ying saw Gu Hai like this, he felt that something bad had happened. Moreover, this matter was most likely related to Mo Rao.

"Speak."

"M-Miss Mo is holding a birthday banquet. The invitations have been sent out, but... I don't think you were invited," Gu Hai said honestly.

She didn't invite him?

Fu Ying had been wondering if Mo Rao would hold a birthday banquet or not. Until today, he thought that Mo Rao might not hold a banquet. At that time, he just had to give her the gift at her door.

In the end, Gu Hai told him that Mo Rao didn't invite him to her birthday banquet?

Fu Ying's heart felt like it was weighed down by a thousand kilograms of stone.

"Where is her birthday banquet being held?" Fu Ying had already made up his mind. If Mo Rao held a birthday banquet, he had to go.

"The Lakeside Hotel," Gu Hai said. "I heard about it, but I'm not sure."

Fu Ying clenched his fists. "Got it."

After Gu Hai left the office, Fu Ying was still sitting in his seat with a dejected expression. He couldn't understand why Mo Rao was so distant from him.

Wasn't their relationship already much better than before? Why was Mo Rao still unwilling to let him attend her birthday party?

He just wanted to celebrate her birthday properly.

Now that Fu Ying knew where Mo Rao was holding her birthday banquet, even if he didn't have an invitation, he planned to crash the party.

Mo Rao was looking forward to the birthday banquet very much. In the past, Mo Rao had spent her birthdays overseas with Mo Yuan. Although it was heartwarming, it wasn't lively enough.

Now that she had new friends and more family members, she wanted to spend the wonderful day with these people she cared about.

On the day of the birthday banquet, Mo Rao put on a plain cheongsam that made her look very noble and elegant.

"Rao Rao, this is the pearl necklace I spent a lot of effort to find."

In the dressing room, Mo Yuan took out a jewelry box and handed it to Mo Rao. "I asked someone to buy this necklace from an auction. It's an antique."

After Mo Rao opened the jewelry box, she saw that the pearls on this pearl necklace were all round and smooth. The emerald in the middle was even more dazzling. It was obvious that it was an expensive item.

She didn't expect Mo Yuan to prepare such a beautiful necklace for her.

Previously, she had only accidentally mentioned that she wanted a pearl necklace, but Mo Yuan had remembered it.

With Mo Yuan by her side, Mo Rao finally experienced the feeling of being loved.

"Thank you, Brother." Mo Rao felt a lump in her throat.

Mo Yuan gently helped her put on the necklace, which matched her cheongsam.

"Alright, the guests are here." Mo Yuan held Mo Rao's shoulders and looked into the mirror with her.

"Alright." Mo Rao smiled gently and slowly stood up before walking into the banquet hall accompanied by Mo Yuan.

When the spotlight shone on Mo Rao, she was like a precious pearl that had been hidden in a clam for many years. She was dazzling and eye-catching.

Her family and friends moved forward to give Mo Rao gifts and blessings.

The main cast and crew of 'Butterfly Fragrance', Gu Ci, the elders of the Fu family, and the Qu family all came to celebrate Mo Rao's birthday. Mo Rao had almost never had such a lively birthday, and her face was filled with smiles.

But her smile quickly froze on her face.

At the end of the crowd, she saw Fu Ying.

Fu Ying stood a distance away as he looked at her coldly, as if he was angry.

"Rao Rao, this is a gift I prepared for you."

A tall figure quickly stood in front of Mo Rao, blocking Fu Ying's line of sight.
