

I'm The Devil

Chapter 91: Adams

Year 2024

In the heart of Nigeria, Lagos

A group of young boys in their early twenties were busy gallivanting along the streets of Lagos.

They are the Noble Demons, a group of influential gangsters in the entire Nigeria, they are well known and feared among the people of Nigeria.

They are not your everyday Nigeria gangsters that are full of broke ass niggas and uneducated buffoons who know how to handle every situation they face using violence, no, they are a lot different from that.

This all because of their leader, Adams Albert, a man in his mid twenties, handsome beyond anything the human race has ever seen, he exudes an aura of a Celestial Being, with every step he takes, one can see the pride in his eyes and the disdain he holds for the normal folks.

He was always like this, right from the day he was born, he was always different.

March 24th 1999

He didn't cry as soon as he was born, and having an African family, they take that as an ill omen, so they spank his butt but he still refused to cry, instead he glared at the one spanking him making the doctor almost dropping him as that was usual for a new born child.

They finally gave up and did some check up to see if there was anything wrong with the child but there was nothing, and he seems to be in perfect health.

The doctor that was glared at immediately went to Church the next day and turned a new leaf and if asked what made him change his ways, he would tell them that 'the child of the Devil has been born, the Antichrist is born and the end is coming very soon'.

People laughed at him for saying such words but he didn't mind as they did not see what he saw the moment that child glared at him.

Adams was born into an average home, he grew up fast, spoke quickly, was very smart for kids his age and was really cute that very female relatives of his family would want to hold him.

This continued until he was six, where his mother put to bed and was currently staying at the hospital with his father.

So he was being watched over by his mother's direct younger sister.

She was a sex addict and a paedophile, she was also very much attracted to her little six years old nephew and wanted to have a taste of him but she never got the opportunity to do so until this day.

After she was done with the house chores for the day, she took her shower and after she was done, she crept into Adams room with only her towels on..

When she got inside, she found her little nephew asleep, she grinned and walked to his bed and pull down his pajamas making his dick pop out.

She was shocked to find out that he was abnormally big for a six year old but she was very pleased with the size and was also looking forward to when he will get older.

She licked her lips as she held his dick with her hands as she bent down and kissed it before putting it into her mouth, she began sucking his dick as she played with his balls.

As she sucked Adams dick, she was feeling itching in the middle of her thigh, so she stopped playing with his balls as she inserted her two of her fingers in her already drenched pussy and began fingering herself.

Just from sucking his dick she was in heaven, she wondered what would happen if she where to put the whole thing inside her.

Being impatient, she stopped sucking him, and got on top of Adams in a reverse cowgirl position and sat down on his dick.

As soon as she sat down on his dick, she expressed a mini orgasm making her unable to feel her legs.

"How big is his is dick? I haven't even put everything inside me but I feel like he is tearing me inside out" said Sarah, the name of Adams mother's sister.

She began to move slowly, as she needed time to adjust to his size, with every movement she made, she could feel her head going blank, a heart shape appeared in her eyes as she finally got a test of her nephew.

Unbeknownst to her, Adams was awake the entire time and was just pretending to be asleep.

Even though he was a child, he was not a fool not to notice when someone was into him, that's how smart and intelligent he was.

He has the mind of an adult, some could even say he was the reincarnation of Albert Einstein due to how smart he was.

He knew that today was the day his aunt is going to make her move as there was nobody who was going to stop her, so he planned the whole thing as he too wanted to have a taste of his aunt.

He has been seeing the way she waggle her butt at him and he has been wanting to smack that ass for a long time.

He even learned different moves from the legendary Johnny Sins from the internet with his parents phone anytime they weren't looking before clearing the browser history.

He decided to try one of the things he learnt from the porn sites he visits. He raised his hands and smacked his aunt on her huge butt checks making his aunt shiver due to she having an intense orgasm.

Adams could feel her inside tighten after he smacked her giving him intense pleasure.

He grinned before smacking her once more giving him the same feeling.

Sarah fasten her pace making the whole bed shook, she was in heaven right now, she struck out her tongue as she felt Adams was at his limit.

"Give Me Everything, Release Your All Of Your Seed Inside Me" yelled Sarah as she felt Adams hot cum gushing into her and she received them gladly.

After a while she turned around and gave him a kiss on his lips before looking at him with a seductive look "want to go for another round?" Your next chapter is on

Adams grinned and grabbed her juicy breast, "of course" he said.

And that night, none of them slept as they kept on going for hours even making Sarah wondered if Adams was still a six year old.

Chapter 92: Adams 2

After that faithful day, Adams and Sarah had been at it till date, hidden from his parents up to this day.

When he was ten, he was already out of secondary school (high school) due to how intelligent he was, he was skipping a lot of classes.

Enjoy new adventures from

His parents decided to let him stay at home for the meantime because he was too little to be at the university.

So he stay at home, had his first mobile phone which he used to learn a lot of things online on his own.

After 3 months learning everything he could find about computer science, programming and coding, he became a master in that field.

He decided to become a Yahoo Boy (fraudster) out of everything he could think of, he chose that not because he wanted to feel among or wanted to be one of the big boys but because he finds it fun to do.

Within the first week of getting into that, he had his first cash out and it was a huge one close to a 5000 us dollars.

When his parents found out, they were furious and seize his mobile from him but they underestimated Adams if they think he did not anticipate their reaction, he already made a backup of everything on his auntie's mobile phone as she was also in the game with him.

After retrieving his money, he fled to Lagos with the help of his aunt and his acting skills.

He rented a house in the slumps so as not to draw attention to himself that early and he hired a woman who would pretend to be his mother after his aunt went back to Abuja, where the rest of his family lived.

He started a new life there and looked for a cult group (gangs) to join, that's where he is going to start the first phase of his plan.

At the age of ten, he joined a secret cult and from the moment he was initiated, he became plotting to take over the leadership position of cult.

At the age of sixteen, he finally won the entire support of the cult as he became the philanthropist of the cult, buying each and every member with money and also showing them the way (showing them how he made his money).

With his help, he made the cult become the strongest, powerful, influential cult in the slump areas and the neighboring areas.

Now it was time to usurp that bastard from his position, Adams walked to the house of the leader of his cult together with his new followers.

"I don't want this to turn into a major fight or anything, so I will like you to listen to my advice and step down from your leadership position, you are clearly not fit to lead us anymore" said Adams as he sat down like a boss with his boys behind him as they covered all of the exit.

The current leader of the cult stared at Adams in shock, he is currently in his early thirties and would even father a child of Adams age but the boy was sitting in front of him and demanding he gave up his leadership position? How laughable, "listen to me boy, I don't know what you just smoked to make you high like this, but I would advice you to run back home to your mother" said the leader.

Adams just chuckled and beckoned for one of his boys to come closer.

The man closest to him bent to his level, Adams whispered something into his ears to which the man nodded.

"Bring them out" said the man.

When the leader heard this, he immediately turned to see that his wife and three children were being dragged to the living room by his trusted confidante.

"What's wrong with you? Why are you listening to him? You all are older than him, he is just a sixteen year old boy, what does he know to lead the cult" said the leader not understanding what was going on in their heads.

"He is just sixteen, but he is a better leader than you, with just six years into the cult, he turned our situation around, he turned us into well respected, feared and influential men in the area, something you could never achieve in your lifetime" said one of the men.

The leader hearing this glared at Adams and regretted the day he took him in, he should have chased him the moment he came to him asking to join the cult "if you want to take my place, then you have to do it over my dead body" said the leader as he spat at Adams face.

Adams dodged quickly avoiding the spat thrown at him, he sighed as he stood up "and here I was hoping it will never come to this" said Adams as he began unbuckling his belt, he freed his trouser and brought his dick out, he grinned as he looked at the terrified face of the leader "don't worry I won't rape them, I would never do such a vulgar thing, what I'm about to do will leave a scar on your soul, you would hate me to the bones and that would be your punishment for not making this easy for me, I will make sure, I fuck your wife so good that she will be begging me for more, then your two daughters till they call me daddy and your son, nah I'm not into that but I will keep him alive to pursue his revenge for ruining his family"

Light R18

Said Adams as he walked to the leaders wife and bent her in a doggy position and inserted his cock and began pounding her.

It didn't even take long before the leader's wife began to enjoy it, she screamed in pleasure, stars appeared on her eyes as she pushed her butt back at Adams begging him for more.

Adams smiled as he increased his thrust and made sure the leader's wife went to heaven and back.

After he finished with the wife, he turned to the twin girls who were already wet as he could smell their sweet juice.

He fucked them real good as they lay there wasted after he was done.

The leader's eyes were filled with tears as he watched how his wife and children enjoyed what that bastard did to them.

The leader's son was also really angry as he glared at Adams and wanted to killed him real bad but he was held down.

"Just know your father brought this upon his family, not me" Adams said to the kid before turning to look at the leader "I hope you remember this particular scene in Hell"

Adams said as he took a gun from his boys and put a bullet through the skull of the leader ending his pathetic life.

With that, the first phase of his plan was over, it was now time for the second phase.

Chapter 93: Adams 3

At the age of 20, Adams has fearsome reputation, he has built a name for himself all around the world, everyone calls him the Noble Devil, leader of the Noble Demons.

The Noble Demons were no longer any ordinary cult, after he became the leader, he changed the name to The Noble Demons, he made sure everyone in the cult was educated and literate, he taught them diverse martial arts and equipped them with firearms.

He merged other smaller cults into his own, expanding it and he didn't stop there, he took over the entire Lagos underground world at the age of 16.

After that, he took a break from and everything and his underlings continued from where he stopped as they spread their influence across Nigeria.

At the age of 17, Adams opened an entertainment company under the name of one of his underlings.

He made this company become the biggest entertainment industry in just three years.

Many influential people came to him from every corners of the earth just to seek advice from such a genius who built his empire from a young age after he finally came out to the world.

Now, it was finally time to go back to his family in Abuja.

After some hours flying to Lagos, he arrived at Abuja airport where Sarah, his aunt was waiting for him.

As soon as she saw him, she immediately ran and hugged him before quickly drawing him to the airport bathroom for a quickie.

After 5 minutes, they came out of the bathroom and walked to his car that was prepared for him, he got in and drove to his family house.

When he arrived, he could see a boy of fourteen playing with a ball, he has a similarity to his father, so he assumed him to be his brother even before Sarah could tell him. Your adventure continues at

"Who are you?"

The boy turned around and asked when he saw a stranger with his aunty together.

Adams just looked at him before walking pass him.

The boy raised a brow at his aunt waiting for her to explain what's going on.

"That's your brother, he has come back home" said Sarah.

The boy scoffed as he turned to look at the back of his so called brother "so after all these years, the prodigal son returns" he said.

Sarah smacked him on his head when he said that "that prodigal son is worth billions, he is just here to pay his homage to his parents" said Sarah as she joined Adams.

The boy eyes lit up when he heard the astronomic amount his brother had, he immediately dropped his ball before running inside.

When Adams arrived in the living room, he saw his mother feeding a little girl and his father reading a newspaper at a corner, he greeted them to gain their attention.

When the couple saw their long lost son, they tear up as they went to hug him.

"You are back, you are finally back, why did you have to run away? Why? You made I and your father really worried, I cried all night and day looking everywhere for you but we couldn't find anything about you, why did you have us go through that hell?"

His mother wailed as she hit him with every sentence she makes.

She was not happy about what her son do when he was just six and the recent things she started hearing from the news, but this is a child, her first born, she can't bear to lose him once again because she was not particularly keen on his your of life.

After that, Adams talked to his parents for a while and wanted to leave but his parents insists that he stays.

That's how he stayed for a week in his family house and his brother nagged him all the time, asking him if he has catch up the latest movies, if he read any webnovels and all that, he was just getting sick of it but he got to say, it is nice having a brother and a little cute sister.

"Look, when I was your age, I was already making money with my mobile, not surfing the internet reading all these fantasy stuffs and watching all those superhero movies" said Adams as he addressed his brothers obsessive trait on his movies and webnovels, he sighed and continued "when I was six, I have already laid the groundworks of my company, predicted where I would be in the next 10 years, that's how I lived my life and I expect you to do as such"

"Nah, I don't have the time to do all that, I have a anime that's is coming out and it is called solo levelling, I don't want to miss it with your way of life" said Joseph, the brother of Adams.

"Fine, suit yourself, don't be surprise when little Mabel becomes rich at a young age" said Adams as he went out to take a walk in the neighborhood.

Joseph just humphed as he brought out his phone and continued reading his favourite webnovel, My Vampire System by JKS Manga, a very popular author.

Adams on the other hand strolled through the street of Abuja where he happened to chance upon a very attractive and pretty woman in her 19-20s, he was easily captivated by her smile and her beauty and decided to get to know her.

So he walked up to her and smiled before stretching his hand for a shake "the name is Adams Albert" he introduced himself to her.

The young lady looked at his hand before chuckling "I'm Tamarakie, and no offence but I don't do handshakes" she said.

Adams laughed not embarrassed that he was refused an handshake as he usually does the same thing "none taken. You have a unique name, I suppose you are not from around here" he said.

"Yes, I'm from Bayelsa, my family moved here 10 years ago and that's a long time and I haven't seen your face around" said Tamarakie.

Adams laughed and told her his situation about him just coming back to his family house after living with a relative of theirs.

She nodded before wanting to walk away but Adams could not just let her go, not with asking for her number to which she gave him and he promised to call before letting her leave.

He smiled as he saved her number before looking at her one last time.

Chapter 94: Adams 4

Year 2024

Its been five years now since Adams met Tamarakie, and their relationship has gone from just two random strangers to friends, to close friends and to lovers.

Because of her, Adams even goes to church, sometimes he hasn't done since he was six, during the course of their relationship, he has come to know that, Tamarakie was a God fearing child, brought up from a Christian home.

She didn't even let him touch her until they got married which greatly annoyed him but he just let it be as he also intend to settle down with her when the time is right.

She has come to know about his status as the leader of the Noble Demons, the most influential and no longer a secretive cult, the Noble Devil and she told him to change his

ways to which he agreed and gave up his leadership position to his closet mate but how could he just give up on something he invested some much on easily.

After giving up his status as the leader of The Noble Demons, he became the shadow behind everything, the new Noble Devil now answer to him, and he deals with everything concerning the Noble Demons from the shadows.

Tamarakie was pleased as he listened to her, something even his mother was thankful of.

After a few weeks of going to Church with Tamarakie, he started having second thoughts about his way of life and decided to turn a new leaf but it wasn't easy, no matter what he does, he was always drawn to sin, like a magnet to an iron.

It was his fate no matter what he did, he even believed that he was sin embodiment and nothing he can do can change that, he was already the spokesperson of the Devil right from his birth.

He delved into the study of mythologies f different cultures and beliefs, seeing if he could find a god there to serve but no of them interest him, and if anyone even picked his interest, he would be wondering how it will be good if they were his subordinates.

But he can't let Tamarakie know that he cannot be save, he truly loved her and cannot even house the thought of leaving her.

He even ended his illicit relationship with his aunt so that he can please her even if she did not know and will never know about it.

His life was going smoothly just like he intended, he is currently 25 and he intend to marry Tamarakie in the next 3 years but all of that came crashing down when he got to his home he bought for himself in Abuja and found his fiancée dead, lying in a pool of what appeared to be her own blood.

Devastated, Adams ran to her to see if there was even a tiny chance she was alive but there was none.

He looked to the Heavens and begged her God to save her and prove that he exist but he didn't get anything, all he got was silence.

Blood began flowing out of his eyes as he held his beloved, he vowed to make whoever did a lifetime of endless torment.

And from that day onward, the whole world witness the rebirth of the Noble Devil, one void of every human emotions with only one purpose in life, kill whoever kill his light.

Present Time

Adams was together with the elites of the elites of the Noble Demons as they waited for someone who was supposed to give him a piece of information.

The boys knew all too well to keep quiet and not provoke Adams with their silly talks.

Adams on the other hand was just puffing his cigar without any care in the world.

After a few minutes of waiting, the informant arrived with a hurried step as he has already delayed the Noble Devil for far too long.

"I'm sorry I was late, but you know how traffic in Lagos works, that's why I was late" said the man as he handed Adams a file.

Adams did not even mind the man and just took the file before opening it.

What he saw next made him open his eyes wide before looking at the man "are you sure of this information you are giving me?" He asked.

The man nodded "I am very sure and as you can see from the pictures, I was part of the operation and for the sake of my family, I am willing to out myself, so everything you see on that file is the truth" said the man.

"That bitch, I should have know she was behind this" said Adams as he squeezed the picture in his hand before looking at the man "you outing yourself has nothing to do with me, you assisted in taking the one thing that made me smile, the light at the end if my

tunnel, the woman that I wanted to spend the rest of my life with" he said as he took out his gun "And You Stand There And Talk About Family When You Robbed Me Of Mine!!!

I won't kill you now, that would be a mercy killing for you, I have something else in store for you"

Adams said as he used his gun and bash the man on his head rendering him unconscious "take this bastard back to base and track down all of his family members from his children and spouse down to his parents and look for this bastard for me, he and I have some unfinished business" said Adams as he walked away to take care of the one who betrayed him.

The boys did as they were told while pitying for the ones who made the boss this pissed. Continue reading at

Four Hours Later

Ikorodu Clubhouse

"I never thought to see you two together, we I guess since you lots conspired against me and killed my beloved, this shouldn't come as a surprise to me anymore" said Adams as he took a bottle from the table and admired it before looking at his two targets "now which

one of you want to die first, you want to go first, Bayo or you want to actually die first, Sarah"

Chapter 95: Adams 5

"now which one of you want to die first, you want to go first, Bayo or you want to actually die first, Sarah"

Adams said as he pointed the bottle at Bayo first before Sarah who was shivering in fear.

"Heh, you are courageous waltzing in here like you own the place and demanding to take our lives, isn't that a little too stupid even for someone like you" said Bayo, a dark skinned man with a low cut, has a tall and huge build.

Adams looked Bayo and scoffed "I don't know where you got the guts to speak to me that way, last time I checked, you were still a daddy boy" said Adams as he break the bottle by smashing it on a nearby table "you should be grateful to me for taking that daddy from your life and turning you into a man"

A flash of anger could be seen on Bayo's face when he remembered that night 9 years ago. The night where a 16 year old boy walked into their house and brutally raped his mother and sister before killing his father, scarring him for life.

He will never forget that day even if he wanted, he sees that night on replay every time he sleeps.

"That's the problem with you, you don't care about anyone but yourself, I wanted to go after your family but I can't because that would not hurt you the way it did me, you turned my mother and my sister into an Olosho (prostitute) because they never forgot that night, they said that was the only night they felt like women" said Bayo as he began raising his voice and stood up and stared right into Adams eyes "I don't know what you did to them, but you completely brainwashed them, they became sex addicts so that they may have that feeling again but that did not happen, they even forgot that you killed someone close to them as they searched everywhere for you, you know what I had to do?"

Tears streamed down his eyes as he looked at the expressionless face of Adams which angered him even more "I had to put them away, I had to end their suffering all because of you, you ruined my life and I wanted to be the same to you and what did I hear next?"

The great Noble Devil retired, so I had to look at what caused that and Sarah here was kind enough to fill me in on the details so as long as I took care of it" said Bayo as his lips curved upward "and what I found left me in shock.

Who would have thought that the great Noble Devil has fallen in love and was even ready to do anything for her even ending his relationship with someone close to him all for that one girl and that's how I came up with the idea to get rid of the one thing that changed you, the one thing that would hurt you deeply just like what you did to me, get rid of the woman you love and that's when you will feel what's like to lose someone you cherished and I am glad it worked out so well"

Bayo said as he burst out laughing very loudly with no care in the world.

Stay tuned with

Adams snickered and gave him a punch with his left hand sending him tumbling back to his seat "do I look like I give a fuck about what you went through, I don't care about any of that, all I want to know is which of you are ready to die first, if you want to go first I can send you to Hell where you will be reunited with your dead family, I don't care" said Adams.

"Are you really going to kill me? We are family, you can't do that" said Sarah.

Adams just glared at her making her cower in fear "you should have thought of that when you decided to betray me, not now, the moment Tamarakie died, you seized being family to me" said Adams.

Being distracted as he spoke to Sarah, Bayo rushed at him and pinned him to the ground before landing a punch at him..

But before he could land another punch, Adams held his hand before headbutting him and throwing him off of him "you think by hitting the gym and growing muscle could help you start a chance against me? I will show you why nobody dared to challenge me" said Adams as he kicked Bayo on his face while he was still down.

Bayo immediately got back on his feet and cracked his neck making Adams just scoff at his lame attempt to intimidate him.

Adams just moved with precise speed as he landed a clear blow at Bayo's abdomen making grunt in pain.

Adams was not done yet as he held Bayo by his neck and hit it against a wall making him bleed.

"Your father was an even better fighter than you, you are not more than a disgrace" said Adams as he kicked Bayo repeatedly and with each kick being stronger than the last as he keeps remembering Tamarakie in her last moment with him before her death by the hands of this weak ass bastard.

He blamed himself for everything that led to her death, if he had not let her into his life, if he did not pursue her, then she would still be alive right now, it was all his fault.

Arrgh

"I will kill you first before you can kill me"

Adams turned to see Sarah behind him with a shaken hands, he felt a very sharp object stabbed into his back, the bitch stabbed him when he was dealing with that Bayo bastard.

But if she thinks that that minor stab is going to stop him from killing her, then she clearly underestimate his will to kill her and that Bayo.

He vowed to kill those who was responsible for killing his beloved even at the cost of his life.

Sarah moved back as she saw Adams walking slowly towards her, his eyes bloody red and not the usual when someone is angry but a true bloody glowing red eyes and anytime she looks at them, it as if she has stared into the eyes of the Devil.

Chapter 96: Adams 6 Final Part

"What..wha...what..ar..are...you" said Sarah as she moves back from fear almost stumbling to the ground.

"I am your death" said Adams as he got to her and gave her a backhand slap, sending her flying across the room.

Adams right now has no control over himself anymore, as if he has been possess by another person, the only thing on his mind right now is kill Sarah and Bayo and be done with it, end it all.

That's the only thing he could here right now.

"Stop you can't do this, your mother would never forgive you" said Sarah using anything she could to save her from this predicament.

But none of that could help her here, Adams did not care anymore and just wanted to end it all here.

Ahhhhhhhhhhhhhh

Adams turned around to see Bayo running towards him with a broken bottle when yelling like a madman but before he could get out of the attack, Bayo has already gotten to him and stabbed in in the chest but what he expected to happen did not happen instead they both got the shock of their lives.

Adams was still standing and has no intention of dropping dead anytime soon.

"You should have waited for your turn to die" said Adams as he removed the broken bottle from his chest "you know, you really lived up to your purpose in life just to die in my hands again, ironic, isn't it?"

"At least, I know you will follow me not long after, I will be waiting for you in Hell" said Bayo as he waited for his death.

Adams just smirked and stabbed him in his throat repeatedly until the last trace of life faded from the eyes of Bayo "we will continue this fight in Hell" said Adams as he turned to see Sarah trying to run away.

"Do you think of me as a fool to just leave the door open when I want to kill someone like you?"

"Please..don't kill me, remember we have something going on between us in the past [sobbing] not until that butch of a girl showed up and you wanted to ruin every thing we have built just to be with her, I can't let that happen"

Sarah as she stared at Adams covered in blood all over his body.

"So you decided to help Bayo who has no way of avenging his father achieve that, by killing the woman I loved?

Do you know how hard it was for me to give up my own nature just so I can have a peaceful live with her and you went ahead to ruin it and you even have the guts to keep seeing him after that" said Adams as he picked up and bottle and threw it at the wall close to where Sarah due to his uncontrolled anger making her shriek due to fear "and here you are asking for forgiveness, if that could bring her back?

Then I will be willing to forgive you but I highly doubt that, so just shut up and die!!!!"

Adams as as he held Sarah by and neck and struggled her to her death but due to unknown reasons, he ends up ripping her head from the rest of her body.

He went to sit at the couch and took a bottle of whiskey from the table and chugged it down before bringing out his phone and dialed a number.

After a few seconds, the call was answered and a voice of a man could be heard from the other side of the phone "you can kill off his entire family and make him witness how they all died before ending his pathetic life" said Adams as he could feel the adrenaline fading away and he was beginning to register the pain from the stabs earlier.

"It won't be long now before I die, but I can rest in peace now knowing that those bastard that killed my Tamarakie are dead" said Adams as he gave out a sad smile while thinking of the happy memories with his beloved "but too bad I won't be able to join you in Heaven, that's if they were even one in the first place"

Adams said before finally giving up the ghost and that marks the end of Adams Albert, the Noble Devil and the beginning of Lucifer Morningstar, the Devil.

The next day

The whole world have heard about the death of the Noble Devil and decided to pay their respect to his grieving family.

His mother wailed as she held the lifeless body of her child, her first born.

She was so happy when Tamarakie came into his life as she saw the way he tried to be a better man for her but when she got the news that Tamarakie was dead and it was murder, she knew that her son will go back to the darkside and this time for revenge, she tried to persuade him from doing so but no matter what she did, she could not get into his head and now he is dead.

The Albert Family buried Adams after a week but they could never forget Adams no matter what, he left a huge impact in the world.

But many big organization like the major churches sigh in relief when they heard that Adams was dead as it means he is not who they thought he was.

What they didn't know was he was more than what they thought he was, he is the big bad guy in their books, the Devil, the one who opposed his Father and got banished to Hell, he is the other half of the complete soul of Samael, the first Archangel and the Devil.

Said the woman as she caress the face of the handsome man.

Not too long after, the man happened his eyes as he looked around him wondering where he was when he saw a woman looking at him with excitement in her eyes.

"Where am I and who the hell are you?" The man asked the woman.

"That's not how to talk to someone who looked after you for 3 days now but since you are a handsome fellow, I will overlook that" said the woman as she admired the man "well, I don't know where we are right now so I will just say we are outside of Eden and as for who I am"

The man stood with elegance and pride in herself and said "I am the first woman, created from the very earth in which you lay upon, I defied God and changed my fate, I am Lilith"

The man just looked at her as if he was looking at a clown and sighed before he got up [so He has already created Earth, I miss the creation process, what a shame] the man said in his heart before looking at the woman named Lilith and he has to say, she is beautiful even outclassing Aphrodite but the weird thing was she is looks vaguely familiar to someone he used to know but can't really remember who it was.

But that's not the matter right now, what's troubling him was what really happened to him, all he could remember was he was talking to his wives when suddenly his chest tightened and he was finding it difficult to breath and the next thing he knows his world turned dark and here he was, it just doesn't make any sense to him.

"Hey, can you hear me? I'm talking to you" said Lilith waving at the man who was lost in his own thoughts.

Getting no reply from him, she pinched him on his cheek causing the man to stare at her "what do you want?" The man asked her.

Lilith frown before pouting at the attitude the man was giving her "is that the thank you I get for watching over you for three days now, I sat here, right on this spot" said Lilith as she pointed at the spot she was sitting and continued "for three days without anything to eat because I was afraid there was other things out here apart from you that could harm you and all I get was that face!!!"

You are so ungrateful"

She said as she turned to face the other end of the wall with her hands folded together.

The man shook his head and sighed "you know, lying doesn't suit you, I can clearly see you stood up from that spot, had something to eat and it is clearly on your face that you had some fruits not too long ago" the man said causing Lilith to frown as she cleaned her mouth hurriedly.

"Whatever, but I should still get a thank you but if you can't do that, the least you can do is tell me your name" said Lilith.

"The name is Lucifer and I want to ask, where did you find me?" The man who turned out to be Lucifer asked.

"Lucifer, that's a very unique name and as for where I found you, well let's just say I found you here in this cave after I was driven out of the Eden for defying God and my supposed husband, Adam. You were just lying there unconscious without any protection so I took it upon myself to watch over you" said Lilith.

"And I'm the process, satiate your boredom while looking at me, that's impressive and I thank you for your service, but this is where we part ways Lilith and we might be seeing each other more often after today so don't feel down" said Lucifer as he tried to teleport back to Hell but found out he was unable to.

That's when he found out that he could not use any of his powers anymore, he was now powerless and defenseless.

He frown and look to the Heavens "Old Man, Whatever You Did To Me, Undo It Right Now" Lucifer yelled.

"Who are you talking to?" Said Lilith as she also looked up to the sky trying to find who he was talking to before she realized what he said earlier "what do you mean by parting ways? You can't do that to me?"

You have to take me with you, we stick together now, we are the only ones out here and if you leave, then that makes only me here and you don't want to leave such a beautiful woman alone all by herself in a place like this, do you?"

She said as she flashed Lucifer a seductive look.

"Listen, I admit you are beautiful, I also admit we are connected to be together but right now is not the time for that, I am very far from my home and I will very much like to go back and see how things are without my presence but for some weird reasons, my powers are failing me.

So this is not the right time to be playing around" said Lucifer as he tried using his powers once again but it was still the same.

"Wait, you have powers? Like literal powers like God?" Said Lilith asking with excitement on her face.

Lucifer frowned and turned to look at her "I am far from my Father's level but I can do so much that your mortal eyes cannot comprehend" said Lucifer wondering the reason for her excitement.

"Wait, God is your Father, then that makes you an ..."

"I was once his right hand man but just like you I defied him and was cast out of Heaven, so don't think I will be turning you over to him" said Lucifer as he sat down to wonder what was stopping his powers from working.

"That's good, we have a lot in common, which means you are going to help me with something" said Lilith with Mischief clearly written on her face.

Chapter 98: Going To Eden

"That's good, we have a lot in common, which means you are going to help me with something" said Lilith with Mischief clearly written on her face.

"What are you up to" said Lucifer while looking at Lilith who had face of someone who is plotting something.

"I'm not up to something? I just want you to do a little time for me" said Lilith flashing himself a seductive look once again.

Lucifer sighed and rubbed his forehead "I told you already that won't work on me and whatever you are planning, I want no part on it" said Lucifer as he went back to figuring how to get his powers working again.

Lilith just shrugged and turned around to look in a certain direction "well, that's your lose, that leaves only me to piss your Father and that man called Adam, so bye then" said

Lilith as she began walking towards the Garden of Eden that was not far from where they were.

When hearing the name Adam, Lucifer's ears perked up and he remembered something about a Serpent and the two occupants of Garden of Eden.

There has been many interpretation of what really happened in the Garden, some said it was the Devil in the form of the serpent, while some said it was the First woman Lilith who transformed to the serpent after she had an encounter with the Devil.

But he knows one thing and that is today is the day the deed is going to happen and he is going to bear witness to the downfall of man.

"I'm coming with you and not because I take part in your stupid shenanigans but because I am curious about something" said Lucifer as he stood up and joined Lilith who had a smirk on her face.

With that, the two walked to the gate of the Garden where they saw two angels guarding the entrance to the Garden.

"Do your thing" whispered Lilith to Lucifer.

Lucifer was taken aback when he heard that and looked at Lilith "what do you not understand by I am having troubles with my powers" said Lucifer.

Lilith raised a brow at him before she sighed "you don't need your powers to talk to them, you are God's son, they should listen to you, they are just guards here" said Lilith believing Lucifer has a higher authority than the angels standing guard here.

"They won't listen to me anymore, I am an outcast to them now, they will only listen to my Father, so if this is what you have in mind by dragging me here then we have to come up with another plan because there is no way we will be able to go into that Garden with those two there" said Lucifer.

Lilith just frowned as she thought of other plans but could not come up with one on the spot "can't you just knock them out and waltz in there" said Lilith.

"You can do that by yourself, I have no intention of going in there without anyway to defend myself" said Lucifer as he turned around intending to leave.

"Wait, you said you defied your Father and all you got was being banished out of Heaven, correct?"

"Yes, what are you getting at now?"

"You must have been a really strong angel to be able to go against your Father like that"

"Spill, stop talking in circles"

"All I'm saying is that, nobody else knows you have lost your powers, so what if we can use that against them, what if you acted like you had your powers, I suppose they will cower in fear and go back to Heaven and before they realize that you were just bluffing, we would have achieved what we came here for"

Lucifer pondered on what Lilith just said and he had to say she made a lot of sense but what if things were to go wrong??

Nah, he was just worrying too much, now that he has reasoned it enough his powers were just manufacturing because he wanted to go back to Hell and someone is something him from doing so because he still had some unfinished business that's the downfall of man which he is currently about to do, he has to say, God really was screwing with him the moment he just came back from a long slumber.

He looked to the Heavens and gave it a middle finger "that's for trying to mess with me" said Lucifer before rubbing his hands together.

"What's that thing you did with your middle finger?" Curious, Lilith asked Lucifer.

"Just a cursing sign" said Lucifer as he took a stick and willed it to transform into a snake with four legs "I wanted a snake not a big lizard"

Lucifer complained as his first creation after his awakening was a flawed one but his Father was going to correct it anyway.

"Wow, you got your powers back or you were just pretending" said Lilith looking excited and slightly mad at the same time.

"You are not going to understand, so just forget it" said Lucifer as he kept the lifeless serpent on the ground, before creating a knife out of thin air "give me your hand"

Lilith was confused as to why Lucifer needed her hands but before she could ask, he has already taken hold of her and used the knife to cut her skin drawing blood which spilled on the lifeless snake.

"What was that for? It hurts, you know?" Said Lilith as she cried out in pain.

Lucifer didn't mind her as he watched the blood merge into the snake bringing it to life.

"Hey, why do I feel a connection to this snake? What did you do?"

"Simple, just close your eyes and feel that connection with the snake"

Lucifer instructed her on what to do and she did just that and what happened next left her speechless.

"Wow, this is amazing, with this I can sneak into the Garden" said Lilith but not from her own mouth but from the mouth of the serpent.

"That's good, now all we have to do is go into that Garden and the work is done"

Chapter 99: Tree Of Knowledge Of Good And Evil And The First Sin

Serpent Lilith finally managed to enter the Garden undetected thanks to Lucifer who made her invisible to the Angels.

"Great, I thought I would like it back here but being here just makes me want to vomit" said Lilith with disgust, she could not linger around anymore, so she began searching for Adam to do what brought her here, annoy him and tell him she was now free of him and her leaving the Garden was a good thing for her.

After searching of about an hour, she still couldn't find Adam, so she decided to take a little rest on one of the trees around that's when she saw a strange tree bearing diverse fruits.

"That's weird, I have never seen such a tree before" said Lilith wondering when did a tree like that appeared.

She looked around her trying to see if there will be another tree like that but discovered that there was none so she decided to rest on that tree since she could pick any fruit she wants from there.

She climbed the tree easily thanks to her serpentine body "I'm beginning to like this new form, maybe I can tell Lucifer to make it so that I can use it anytime I want" she said before picking a heart shaped like fruit and ate it.

Meanwhile, Lucifer who was outside watching the show while glancing at Lilith's sleeping body smirked as he knew what was about to happen next. Continue reading at

Back to Lilith

The moment she finished the fruit, it was as if her eyes were happened and knowledge filled her brain as she could no differentiate good and bad, wrong and right.

She became full of wisdom to even know that her original body was laying naked out there with Lucifer.

"That bastard, he knew all along and he didn't say anything?" Said Lilith clearly angry as she decided to return back to her body to cover it up and teach that bastard a lesson.

As Lilith was about to cancel her connection with the serpent, she saw something that interest her "now that's interesting, he has already created a replacement of me for him" she said as she saw a woman with a curly brunette hair, brown eyes and fine smooth skin.

She saw how the woman was looking at the tree with curiosity "hmm, I guess I am not the only one who found this tree to be weird" she said and decided to leave and come back later and observe her replacement because currently covering her body is more important than that.

But once again she stopped, it was as if the world was telling her to stay here in the Garden.

When she was about to leave, she heard the woman speak.

"Why did God forbid us to eat from the tree? I wonder what so special about this tree" the woman said as she stared at the diverse fruits on the tree.

"And why would God say so"

The woman was shocked to hear the voice of someone else other than her.

She jumped in fear before turning at the direction in which she heard the voice and there she saw a serpent that could speak.

"You can talk?" She asked wanting to be sure of what she heard.

"Of course I can speak, who do you think I am? I am the great...."

Lilith paused before looking at the woman and smirked "I am the great son of God, in the body of a serpent but I am to tell you what God has been hiding from you"

Lilith said while smiling as she saw the woman's curiosity spiked [fool, you don't know what you are about to do] she said in her heart.

"What is it that God is hiding from us?"

"If you want to know, then you have to tell me what God said about this tree"

Lilith said cause she wanted to know what was the deal about this tree that he forbade them from eating the fruits from it.

From what she has experienced from eating the fruit, it was actually a good thing so she did not understand why he would impose that law on them.

"Adam, my husband said that God told him that we could eat from all the trees in the Garden except of the one in the midst of the Garden and that if any of us should eat from it, we would die"

Lilith burst out laughing when she heard that, she could not believe what she was just told right now, die? Heck she is even more alive than before.

"Why are you laughing? What's funny?" The woman asked while frowning as it was weird seeing a serpent laugh so loud. It was creeping.

"What you said was truly hilarious, you die if you eat the fruits from the tree, that's bulls**t" said Lilith as she smirked inwardly seeing as the woman was very invested in her "God lied, you are not going to die, instead you will become like him, wise, powerful and be his equal, he does not want that, that's why he said you are going to die if you ate from the tree"

Lilith said as she plucked an oblong shape fruit and passed it to the woman "take it and let your eyes open to see the truth and see what God has been hiding from you"

The woman reluctantly took the fruit from Lilith after much persuasion from her.

As soon as she took a bite, a man with a striking handsome face, blonde hair, oceanic blue eyes, athletic build walked in on them.

"What are you doing and what fruit are you eating?" He asked when he saw her close to the woman was to the tree.

"God lied, we won't die if we eat from the tree, come try it, he just did not want us to be like him, his equals" said the woman as she offered the man the fruit.

"Woman, what have you done? God gave us a clear instruction and you went against it, do you want to condemn us to death?" The man furious he quest the woman.

Lilith just sighed which came out as a hiss as she was still currently in possession of the serpent [always God's pet, always listening to what he says, not being capable of making his own decision, that's why I don't see a future together with him] Lilith said in her heart before she faced Adam.

"Don't be a fool, you won't die if you eat from the tree instead you will be reborn, you will become as powerful as God and in your case, make decisions for yourself, you won't have to listen to anyone anymore and as you can see, she is very much alive, so you don't have to be afraid of death" said Lilith.

Adam turned to look at the talking serpent and frowned as there is no such animal in the Garden, much less a talking one.

But there was something about the voice of the serpent, it sounded familiar but he knew that it cannot be her as there was no way she could come inside the Garden and in the form of a snake, she can't do that.

"Come on, eat, then you will see what we are talking about" the woman said.

Adam took the fruit from the woman and ate it and as soon as he did, his eyes and that of the woman opened and they knew that they were naked.

Lilith laughed in her heart as she has finally achieved what she came here to do even if it was not what she intended in doing, she made the man who complained to God because she refused to submit to him and her replacement to disobey God.

She cut off her connection to the serpent as she returned to her original body.

"That was so satisfying, I wish I could see their face once more when they realized that they were naked, it was hilarious" said Lilith as soon as she opened her eyes, she laughed out loud before frowning the next minute "speaking of make, you knew all these while that I was naked but you didn't say anything and instead feast on my body"

She said as she glared at Lucifer who was simply just paying attention to the projection created through the eyes of the serpent as he spied on the Garden to witness how go punished them and chased them out of the Garden.

Getting no response from Lucifer, Lilith got angry and tried to hit him, that's when she noticed that she was not naked anymore but she was clothed in an dazzling black gown made for royals, she smirked as she found it really fitting for her taste.

"Hundred more of these and I will forget about you not telling me I was naked" said Lilith.

Lucifer didn't answer her as he felt the presence of God on earth "it is showtime"

Chapter 100: The Fall Of Man

Eden

After Adam and the woman realized they were naked, they immediately ran and covered themselves.

In the midst of doing so, the presence of the God came upon Eden.

Adam and the woman were scared shit less and tried to hide their naked body from God.

[WHERE ARE THOU?]

Filled with power, the voice of God sounded in the entire Garden causing Adam and the woman to shiver in fear.

"We are hiding because we are from you because we are naked" said Adam from the bush they were hidden.

[AND HOW DID YOU KNOW THAT YOU ARE NAKED? DID YOU EAT THE FRUITS FROM THE TREE OF KNOWLEDGE OF GOOD AND EVIL WHICH I FORBADE YOU FROM]

Outside Eden

"Come on, he is acting as if he did not know anything about it, jeez" said Lucifer while frowning "he should just go ahead and curse them already"

Lilith who was admiring her new dress not too far from him, paused and turned to look at him "you were saying something about curse, is your Father going to curse them?" She asked with glimmering eyes.

"Yeah, and you are not exempted, you might even receive a much greater punishment than both of them since you were the one that orchestrated the whole thing" said Lucifer without even looking at her.

"WHAT? Why would I get punished? I didn't do anything, that's not fair" complained Lilith as she began paying attention to the projection created by Lucifer.

"Well like I said, you were the one behind the whole thing, you manipulated them into eating the fruit which He told them not to eat" said Lucifer once again without looking at her.

"I did not manipulate anyone!! I was just merely telling them the truth and they decided to eat it, I can't be punished for their decision" said Lilith seriously.

Lucifer just sighed and scratched his head as he looked at his Father enacting judgement on the couples. Stay connected through

Eden

Adam and the woman finally came out from their hiding spot.

[YOU DID EAT FROM THE TREE, ADAM YOU HAVE DISOBEYED ME BY DOING THE ONE THING I TOLD YOU NOT DO, WHAT DO YOU HAVE TO SAY] said God.

Being faced with such an insurmountable aura, Adam was afraid to face the wrath of God, so he simply pushed the blame to the woman "it was the woman you gave me, she was the one who offered me the fruit" he said.

The woman was in shock as she saw her supposed husband push the blame unto her.

She felt the gaze of God turn in her direction and lowered her head in fright.

[IS WHAT YOUR HUSBAND SAY TRUE?] He asked the woman.

"It is true but it was this serpent that led me to eat from the tree" the woman said pointing to the serpent on the tree

The serpent looked back and forth and did not see any other serpent expect him making him confused as it has no idea what happened here.

It just found itself here after blacking out after its creation and now they are now blaming it for something it didn't do.

It felt the gaze of a supreme presence on itself, he turned to look at where she felt the gaze.

[Interesting, That's Where You Are] said God in His heart when He noticed something weird about the serpent which He knew was linked to Lilith who was not faraway from Eden.

He removed His gaze from the serpent and turned to look at Adam [SINCE YOU HAVE LISTENED TO YOUR WIFE AND DISOBEYED ME, CURSED IS THE GROUND BECAUSE OF YOU, THROUGH PAINFUL TOIL YOU WILL EAT OF IT ALL THE DAYS OF YOUR LIFE. IT WILL PRODUCE THORNS AND THISTLES FOR YOU, AND YOU WILL EAT THE PLANTS OF THE FIELD.

BY THE SWEAT OF YOUR BROW YOU WILL EAT YOUR FOOD UNTIL YOU RETURN TO THE GROUND, SINCE FROM IT YOU WERE TAKEN. FOR DUST YOU ARE AND TO DUST YOU WILL RETURN]

After that He turned to the woman [I WILL GREATLY INCREASE YOUR PAINS IN CHILDBEARING. WITH PAIN YOU WILL GIVE BIRTH TO CHILDREN. YOUR DESIRE WILL BE FOR YOUR HUSBAND, AND HE WILL RULE OVER YOU]

God cursed both man and woman before He finally faced the serpent.

He first of all served the connection between the Serpent and Lilith in the process cutting off the projection created by Lucifer through which he watched everything going on in the Garden [Because You Have Done This, Cursed Are You Above All The Livestock And All The Wild Animals! You Will Crawl On Your Belly And You Will Eat Dust All The Days Of Your Life.

And I Will Put Enmity Between You And The Woman, And Between Your Offspring And Hers, He Will Crush Your Head, And You Will Strike His Heel]

Immediately God said that, the four legs the serpent had shrunk into its body and rendering it unable to walk like the other animals instead it began crawling.

Inside the mind of the serpent, it was crying at the unfair treatment it was receiving, it did not do anything wrong and yet it was receiving the most severe punishment of them three.

The serpent crawled away to lament quietly elsewhere.

Meanwhile after God was done, he killed an animal and used the skin of the dead animal to create a clothe for the man and woman.

[FOR YOU HAVE NOW CHOSEN YOUR PATH, YOU ARE NO LONGER WELCOMED IN THE GARDEN AND EDEN, YOU ARE TO LEAVE IMMEDIATELY]

said God as it presence disappeared from Eden.

Adam turned to look at the woman and sighed, he did not know whether to be angry or not as it was partially also his fault "you shall be called Eve, for you are the mother of all living things" he said to her before holding the woman's hands who is now known as Eve.

Together they walked hand in hand as they left Eden.

On their way out of Eden, they saw a tree that was glowing with golden blinding light.

They were easily captivated by its beauty and wanted to have a taste but they do not dare to take any step towards the tree as there were two angels with two wings on their backs standing guard.

They controlled their greed and left Eden for good and never to return again.

To Lucifer and Lilith

After God destroyed the connection Lilith had with the serpent, Lucifer lost his connection to it also making him angry and almost punching a hole through the cave walls.

"He could have just done whatever He wanted without cutting me off" said Lucifer.

Lilith on the other hand was panicking as she do not know what was going to happen next.

Whether He was coming for her or He has changed his mind on punishing her.

"What do you think he is going to do once He comes for me, you saw what He said to that woman, right? What if he says the same thing to me, what if I am punished more severely than them" said Lilith as she walked back and forth in the cave "no, no, no, I can't let that happen"

She turned to look at Lucifer before running to hold him, "you will stop Him, right? You won't let Him curse me, correct?" She said as she gave him her best seductive smile.

Before Lucifer could say anything, they felt the presence of God in the cave "you are here old man, I bet you did not miss me all of these years after setting me up with that crazy Entity" said Lucifer clearly pissed about what happened years ago or days or weeks, he does not even know how long he was asleep.

[IS THAT WHAT YOU SAY TO YOUR FATHER WHOM YOU HAVEN'T SEEN FOR A BILLION YEARS?]

As soon as Lucifer heard that, his eyes widened in shock. He thought he has been gone for like a hundred years or something or a million years but never have he thought that he would be gone for a billion years and all of that because of Him.

[RELAX, I KNOW YOU ARE UPSET BUT YOU GOT TO UNDERSTAND, SHE NEEDED TO BE TAMED AND YOU ARE THE ONLY ONE CAPABLE OF DOING SO BUT I NEVER FORESAW HER DOING THAT EVEN THOU O EXPECTED IT]

"You knew she was going to do that?" Lucifer asked in anger as his eyes turned to a darker shade of red "you knew she was going to self destruct and yet you went ahead with your plan, what if I had died for good?"

[YOU CAN'T DIE, IF YOU DIED THEN THAT WOULD MEAN SHE IS DEAD AND THAT CAN NEVER HAPPEN CONSIDERING WHO SHE IS, THAT'S WHY I ALLOWED THE LINK, NO MATTER HOW MANY TIMES SHE SELF DESTRUCT, SHE WILL NEVER DIE SO DO YOU]

when Lucifer heard that, his eyes widened when he realized what his father meant "so that means, she is back and roaming free in the Cosmos"
