

The Doctor 1661

Chapter 1661: Her Stone

At this moment, his two black palms were already close to her, and he was about to succeed.

But when his palms were one step away from her, they suddenly stopped in unison and couldn't move closer. It was as if there was something terrifying ahead that made them afraid.

The black shield stood silently in front of Chu Liuyue.

At a glance, there was nothing special about it. However, the two black palms finally stopped and refused to step forward.

The black-robed man seemed to have expected this. He gritted his teeth and said, "...I actually forgot that you still have this trump card..."

His voice was cold and vicious.

Chu Liuyue was still constructing the Xuan formation with her eyes closed as if she didn't hear him. That or she didn't care despite hearing him.

Ever since she experienced the battle at Million Wine Mountain, she knew that compared to the Chi Xiao Sword, this black shield was her true trump card! Back when she faced such a terrifying attack, she had relied on this black shield to survive, let alone now.

The black-robed man was strong, but he wasn't powerful enough to be invincible! Even if she couldn't win, it wasn't so difficult for her to survive!

...

Under the black shield's protection, this originally suspenseful battle was paused.

The scene seemed to freeze, letting time pass slowly. Only the Xuan formation in front of her was expanding and becoming more and more complicated.

"Let's see how long you can hide!"

She can hide behind the black shield for the time being and buy herself some time, but she can't be like this forever! As for the Xuan formation... I don't think that she has the ability to do so!

The two parties entered a stalemate.

Chu Ning's gaze swept across the few of them, his brows furrowed. He could roughly see the current situation, but he still felt that there were many strange things. *Why does the black-robed man want to snatch Yue'er's pearl of essence? It's unknown if Yue'er can fight the other party with a Xuan formation. Moreover... the black-robed man didn't look in our direction from beginning to end.*

He didn't attack Rong Xiu, and Rong Xiu has been watching from the side without doing anything. What... is going on with them?

Unable to figure it out, Chu Ning simply gave up. He clenched his hands and prayed over and over in his heart. *Yue'er, you must come back safe and sound...*

...

Nan Yuxing and the others—who had already left for a long time—finally slowed down after confirming that nobody was chasing after them.

There were a total of four of them. Nan Yuxing and Elder Bai Tong were seriously injured, and Nan Yiyi was slightly injured.

Only Elder Wu Peng's situation was slightly better, but the loss of a royal Yuan instrument that he had personally refined had dealt him a considerable blow.

The few of them found a place to rest before carefully treating their injuries.

Nan Yuxing was fine and hadn't fought head-on. He was just angry, and his internal injuries were a little more serious, but they were still manageable.

Elder Bai Tong's situation was the worst—a section of his calf was broken. Even though he was a heavenly doctor, all he could do now was barely stop the bleeding and heal his wound.

This calf section had been completely minced, and he didn't even have a chance to mend it.

This had a huge impact on any cultivator.

They were all silent. The atmosphere was cold and oppressive.

After a while, Nan Yiyi finally couldn't help but ask, "Who is that man? When did such a person appear in the God-Killing Tumulus?"

His strength was unbelievable, and he actually said that it was his territory.

At first, they thought he was just saying it, but what happened after that made them suspicious.

"He indeed doesn't look like he came from the outside... But in the battle tens of thousands of years ago, all the legendary warriors have already died. Moreover, the energy here is wild, and ordinary people can't stay here for more than a year. Otherwise, it's very easy for them to die from being unable to withstand the violent energy here..." Nan Yuxing frowned and muttered.

Elder Wu Peng suddenly said, "He's not normal. He's just a soul."

"That's why it's even more suspicious that he's so strong, right?" Nan Yuxing rubbed his eyebrows.

Ordinary cultivators without a physical body would have their strength greatly reduced. However, that black-robed man was different...

"And that Rong Xiu. I've heard some rumors about him before, but I didn't pay much attention to them. Now that I've seen him today, I know that his strength has actually reached this stage..." At the mention of this, Nan Yuxing couldn't help but clench his teeth again.

Resentment, jealousy, unwillingness...

He had always prided himself on being outstanding, but in front of that man today, he was bleak. How could he feel comfortable?

Elder Wu Peng said in a low voice, "Rong Xiu is hiding his strength. When we return, we'll definitely investigate him carefully. Also... on the family head's side..."

Rong Xiu recognized us directly; it is obvious that he knows us quite well. He even called out Nan Yifan's name in such a casual tone...? This was another layer of worry in Elder Wu Peng's heart.

They were all quiet for a moment.

If Rong Xiu wasn't bluffing, then...

"Look! Something's wrong over there." Nan Yiyi turned around and suddenly exclaimed.

They all looked over.

At some point, the sky in the distance had become gloomy. There seemed to be lightning flashing faintly.

"Are they... fighting?" Nan Yuxing suddenly realized something and sneered. "No matter how powerful they are, they're definitely not that man's match. This time... I'm afraid they'll all die in that man's hands!"

...

The wind and clouds rumbled.

Natural energy surged continuously.

Chu Liuyue's hair fluttered in the wind. The pressure around her seemed to have become even stronger...

She frowned slightly. Although the black shield could help her block most of the attacks, it couldn't completely isolate all the power. *The black-robed man's God Realm is indeed too terrifying... If this continues, I'm afraid that before I can finish the Xuan formation, I will—*

Da!

A stone suddenly fell out of her Cosmic Ring.

The black-robed man was stunned when he saw this. *Why did a stone suddenly appear?*

Da!

Immediately after, the second stone fell. Then, more and more!

Chapter 1662: She Must Have Suffered A Lot

Soon, stones scattered around Chu Liuyue. It was messy and casual, looking unruly.

The black-robed man was even more confused. *Why did so many stones suddenly appear? Could it be that Shangguan Yue needs to borrow the power of these stones to cast the Xuan formation? But what is so good about these ugly stones? But for some reason, they look strangely familiar...*

Clang!

A faint sound of waves suddenly came.

The sound was low. If one didn't listen carefully, they wouldn't be able to hear it clearly.

But the surroundings were very quiet at this moment, and the black-robed man's attention was on her, so he happened to catch this sound.

Just as he was feeling puzzled, a blue stream of light suddenly surged out of a stone.

The originally high pressure—which was almost suffocating—seemed to have suddenly been torn apart by this blue stream of light.

The black-robed man finally realized something. "This is... a God Realm?!"

There was a note of disbelief in his voice. It was not only because of the God Realm that suddenly flowed out of the stone but also because... he finally remembered why these stones looked familiar!

Aren't these the shattered tombstones on the side of the tombs? Why did these things suddenly come to Shangguan Yue?

The black-robed man had a bad feeling and vaguely felt that he had overlooked something important.

While he was hesitating in shock, more and more God Realms surged out of the rocks. Although these God Realms were scattered and almost every one of them was small and weak, every little piece added up.

There were at least a hundred stones around Chu Liuyue. Together, there were more than a hundred God Realms! Most importantly, these God Realms seemed to have some tacit understanding with each other.

They surrounded Chu Liuyue and silently surged, tearing holes in the invisible pressure.

Without a sound, she was already completely surrounded and protected by these God Realms. The pressure around her suddenly lessened, causing her to open her eyes in shock.

When Chu Liuyue saw the stones around her and the God Realms, she was also shocked. This was because she had just been thinking about how to complete the Xuan formation as soon as possible to resist the black-robed man's attack.

Unexpectedly, these stones actually ran out of the Cosmic Ring by themselves. And... they are taking the initiative to protect me?? She blinked and thought for a moment.

She had yet to even summon her God Realm when—

She looked up at the black-robed man again.

Even though his face couldn't be seen, Chu Liuyue could keenly sense that the other party's aura had become even more ferocious and dangerous.

Seeing this scene, he is probably not in a good mood...?Thinking of this, a smile appeared on her lips.?With this huge boost, my chances of winning are even higher.

"You actually... took all of this for yourself?!" The black-robed man suddenly raised his hand and pointed at her. "Shangguan Yue, you're really impudent!"

His voice became a little shrill with emotion, but he quickly suppressed it as if he had some scruples.

Chu Liuyue raised her eyebrows slightly. "Thank you for the compliment. You've known me for a long time. Do you only know who I am now?"

Actually, I didn't take the initiative to take these stones. Instead, they insisted on following me. I really had no choice but to put them all into my Cosmic Ring.?

At first, I didn't pay much attention, but now that I look at it... These stones seem to be quite useful?

The black-robed man was furious, and the hand he pointed at her trembled slightly. "You!"

But after holding it in for a long time, he couldn't think of anything to refute.

Of course, he knew what these stones were. That was why he was so shocked!

Didn't they all stay well in their places previously? Tens of thousands of years have passed like this. Even if wind and rain come, and even if the world changes, they are still indifferent. They only maintained that state and never changed. Why did they suddenly change after meeting Shangguan Yue?

He could not figure it out. At the same time, he felt a sense of worry for the first time. *?Such a shocking change is definitely not a small matter. Moreover, with their help, it won't be so easy to kill Shangguan Yue again!*

He began to increase the pressure of his God Realm and tried to attack her again. However, more than a hundred God Realms intertwined and formed an extremely powerful protective net that guarded Chu Liuyue tightly.

If I want to deal with her again, I obviously have to think of other ways...?Looking at the countless God Realms floating, the black-robed man fell into a long silence.

...

"Those... are God Realms?" Chu Ning frowned and asked in a low voice.

Rong Xiu lightly nodded. "We accidentally bumped into them yesterday; they seem to be quite fated with Yue'er. Yue'er couldn't resist, so she brought them all along. I didn't expect them to be of such use at such a critical moment."

Chu Ning said nothing.

Rong Xiu shifted his gaze slightly and saw that Chu Ning was still staring intently at the God Realms. He frowned and thought that the latter was still worried about her, so he said, "Don't worry. Although

these God Realms aren't extremely strong, they can play a huge role when gathered together. Moreover, Yue'er has her own God Realm, so—"

"She also has... this... God Realm?"

"Yes. Some time ago, Yue'er happened to break through to become a true god."

The current situation was rather special, so Rong Xiu didn't explain it in detail.

Her God Realm didn't appear at that time. Instead, it had existed a few years ago. But during this period of time, she suppressed her God Realm at Fengmin Mountain.

"...So this is a God Realm..." Chu Ning seemed to understand something and looked enlightened.

He lowered his eyes and glanced at his hands. They were bloodstained and battered, but his eyes seemed to be looking at something else through his hands.

Sensing his silence, Rong Xiu felt a little strange. "Lord Chu Ning, what's wrong?"

Chu Ning looked away and shook his head. "Nothing... I just feel that Yue'er has really changed a lot after this farewell..."

What realm was she the last time we parted? Now, she has actually grown to her current level.

Rong Xiu was about to speak when he heard Chu Ning's voice suddenly lower.

"She must have suffered a lot, right?" he asked carefully but with unconcealed sadness and affection.

Rong Xiu suddenly choked on his words. Then, he stared at Chu Ning with dark eyes. *Everyone can see her radiance. Only those who truly love her can see her hardships.*

After a while, Rong Xiu slowly tightened his fists in his sleeves and said, "Don't worry. As long as I'm around, I'll protect her."

Chapter 1663: Ignore

The Xuan formation in front of Chu Liuyue was gradually perfected.

A shocking pressure began to spread from above. At the same time, dark clouds gathered in the sky, and wind and lightning howled!

The uneasiness in the black-robed man's heart intensified.

When he attacked just now, he directly triggered the phenomenon. But after Chu Liuyue's Xuan formation was formed, he shockingly realized that her summoning of Heaven and Earth force seemed to be slightly better than his!

This made his already anxious heart even more uncomfortable. *This cannot go on... It took me an unknown amount of effort to finally lure Shangguan Yue here. If I can't take her down today, it will be difficult to find such an opportunity in the future! Moreover, this woman's strength has always increased beyond imagination!*

At first, he didn't take her seriously at all. In the end, as the days passed, she could actually make him feel threatened!

If I delay any longer, perhaps Shangguan Yue will surpass me one day! At that time, won't my years of planning all be in vain?? Thinking of this, he finally made up his mind and raised his hand!

He had no physical body, and inside the black robe was a translucent soul.

At this moment, he extended his hands and brought out black fog!

The strange black fog lingered on his hands before quietly dissipating, but the hands that appeared again were a little different from before. They were even thinner and even looked like bones with an undisguised sinister aura!

Whoosh!

A dark light flashed across his palm, and a black wooden stick suddenly appeared!

The wooden stick was about the thickness of an adult's arm. Its color was dark and heavy, and its surface was a little rough with many scratches.

In addition, the top of the wooden stick was very round and seemed to be engraved with red patterns. The pattern color was extremely dim, making them even less conspicuous against the black color. If one didn't look carefully, they wouldn't notice them.

Furthermore, the texture of this black wooden stick was very good, and it looked heavy.

The black-robed man slowly clenched his fists.

The surrounding natural energy suddenly began to surge over quickly! Then, it poured into the wooden stick!

For a moment, dust flew everywhere!

Sensing this commotion, Chu Liuyue quickly looked up. Her eyes lingered on the black stick for an instant longer.

With just one glance, her heart skipped a beat! *?This thing is probably not simple!*

She held her breath and focused, speeding up the outline of the Xuan formation in front of her!

A strange blood-colored rune suddenly appeared on the black wooden stick. The appearance of the rune seemed to have opened a layer of restrictions, causing the aura on the black wooden stick to intensify again!

"First level of the Glowing Sky Staff—Wave Breaker!" The black-robed man gripped the black wooden stick tightly with both hands, raised it high, and slammed it down!

Rumble!

The black wooden stick landed heavily on the ground with a shocking bang!

Crack!

A gully instantly appeared on the ground. At the same time, a powerful and violent force swept out!

The gully also began to spread toward her at an astonishing speed. Wherever it passed, space collapsed silently because it couldn't withstand this sudden and terrifying force!

In the blink of an eye, it was already close to Chu Liuyue!

Clang!

The natural energy around her was greatly affected by this attack and actually began to spread crazily to the side.

The countless God Realms around her were also surging up and down like waves!

The black-robed man stared intently at the scene in front of him.

The Glowing Sky Staff was his trump card and was extremely powerful! But because it would consume a lot of his energy and would take him at least three months to recover every time he used it, he rarely used it.

He hadn't wanted to use it today. After all, it wasn't difficult for him to deal with Shangguan Yue. However, he didn't expect her to have so many trump cards!

Furthermore, she had even taken all the stones that contained God Realms for her own use!

Helpless, he had no choice. *As long as I can end the battle quickly, everything else... can be put aside for the time being!*

The Glowing Sky Staff has a total of three power levels. Each level is stronger than the previous, but in contrast, the impact on me is greater. However, even the first level is enough to deal with her!

Clang!

The sound of the waves became clearer!

Chu Liuyue even saw that the God Realms surrounding her seemed to be greatly affected and were on the verge of collapse. It was as if they would be broken through by that terrifying power at any moment!

The surroundings were unstable, and even she couldn't continue to focus on creating the Xuan formation.

But... Just a little more! She frowned slightly and suddenly thought of something.

Hualala—

Countless stones rolled out of the Cosmic Ring and covered her body in a short while. Several God Realms rushed out of these stones and fused with each other.

Soon, the God Realm that was on the verge of collapse calmed down again. The force was finally blocked completely outside and couldn't advance at all!

“How is that possible?” The black-robed man was stunned by the scene in front of him. *Just now, I had made up my mind to deal with Shangguan Yue directly and didn't hold back at all. How could she be so strong? No, that's not right! To be precise, she has too many stones on her! Did she... empty the tombs?!*

A smile appeared on Chu Liuyue's lips. “It looks like this move of yours is only so-so.”

Wave Breaker... If it is a shocking wave, it won't be so easy for him to break it!

Rumble!

The two forces collided fiercely, but there were no more fluctuations in Chu Liuyue's God Realm!

On the other hand, the power accumulated by the black-robed man's strike quickly collapsed!

...

Looking at everything that was happening in front of him, the black-robed man was first shocked. Then, he trembled with anger. *She actually... She actually withstood this attack!*

In fact, from beginning to end, she didn't officially attack. She only threw some rocks!

“Are you crazy!?” In a moment of desperation, the black-robed man finally couldn't help but shout angrily at the stones. “You're actually helping her like this?! Have you all forgotten your identities?!”

This shout was clearly directed at the stones. Even though this scene looked very strange, Chu Liuyue—who had interacted with these stones before—knew that they could indeed understand human language.

But no matter how angry the black-robed man was or how hoarsely he shouted, the stones were indifferent and didn't react at all.

“Are you guys trying to rebel?!” The black-robed man was furious. *No matter what, these stones came from the tombs of true gods. However, this is the tombstone area of legendary warriors, and I'm indeed a legendary warrior!*

Chu Liuyue's lips curled up slightly. “It looks like they don't want to bother with you.”

Chapter 1664: Berserk Tuan Zi!

This cannot go on... the black-robed man thought to himself. I can already sense that Shangguan Yue's Xuan formation doesn't seem to be simple. Coupled with the help of these stones...

Without any hesitation, he made a prompt decision and gripped the Glowing Sky Staff tightly.

The surrounding energy surged again, and this time, the commotion was clearly greater than last time!

Immediately after, a second strange rune appeared on the black wooden stick!

The blood-colored totem at the top of the wooden stick seemed to have become clearer!

“Second level of the Glowing Sky Staff—Mountain Sealing!” The black-robed man's sleeves fluttered, and the aura around him surged crazily!

The second strike landed heavily!

Rumble!

A black stream of light suddenly flew out of the wooden stick and quickly transformed into several thumb-thick black vines.

These vines intertwined with each other and condensed into a huge semicircular dome in the blink of an eye, trapping her inside.

The God Realm around her was shaken again by this force.

Her chest tightened, and the strong taste of blood filled her mouth.

She forced herself to swallow it and gritted her teeth as she continued to outline the last few strokes on the Xuan formation!

The fluctuation of power in the God Realm became even more intense as if it was on the verge of collapse!

The black-robed man sneered. *With the help of these God Realms, Shangguan Yue has indeed become difficult to deal with. However, both she and these God Realms are only true gods! To beat me... It's still early!*

"Die!" the black-robed man shouted.

Countless vines instantly tightened!

Some of Chu Liuyue's God Realms couldn't withstand the corrosion of this power and began to shatter!

But at this moment, a reddish-gold light suddenly flashed! Immediately after, a little girl—who looked to be no more than three or four years old—appeared in front of Chu Liuyue.

She looked cute wearing a red-gold lotus leaf dress. She also had two buns tied with red string and golden bells on her head.

Those black grape-like eyes were moist, clear, clean, and pure. But at this moment, those eyes were burning with anger.

She pointed at the black-robed man with a furious expression. "You want to bully A'Yue? You're courting death!"

The sudden appearance of Tuan Zi made the atmosphere strange.

The black-robed man looked at the little girl who had suddenly appeared and almost laughed. "What? Shangguan Yue, you can't beat me, so you even called out a child to fight? Isn't this too—"

Suddenly, his laughter paused. *That's not right! The space around Chu Liuyue has been locked down by my Glowing Sky Staff. The people outside can't enter, and the people inside can't go out. How did this little girl suddenly appear there? Moreover, when she appeared, there didn't seem to be any energy fluctuations around her! How could such a child do all this?*

He stared intently at Tuan Zi and was suddenly stunned. *Hang on! There seemed to be a flash of pure gold when she appeared. Could it be...*

“Red-gold heavenly phoenix?!” He almost shouted the words in disbelief.

He knew that Shangguan Yue had a contracted legendary fiend, the red-gold heavenly phoenix. When he suddenly saw this little girl just now, he didn’t think of it. However, everything in front of him was constantly proving his guess!

Before he could react, Tuan Zi had already moved toward the interwoven black vines around it!

Whoosh!

With a wave of her small hand, golden flames instantly flew out! They landed on the black vines and began to burn violently!

The black-robed man’s heart sank. *She is indeed a red-gold heavenly phoenix! But if a red-gold heavenly phoenix is to transform into a human, they usually look like an adolescent at least. However, this little girl looks to be only three or four years old. How did she do it??*

Moreover, why haven’t I heard any news about this before?

Countless questions flashed across his mind, but he didn’t have much time left. That was because... Under the burning of the golden flames, the layer of black vines was gradually burned away.

Moreover, the fire was actually spreading!

“How... how is that possible?” The black-robed man was shocked to see this. *The Glowing Sky Staff is my trump card and is extremely powerful. Ordinary flames can’t withstand it at all, and even a red-gold heavenly phoenix’s flames can barely resist it. How could there be such a one-sided situation?*

However, he didn’t know that Tuan Zi’s flames were different from ordinary red-gold heavenly phoenixes. She had the purest bloodline and had inherited the power of her ancestors.

Back then, that ancestor was born when heaven and earth mixed and was a supreme existence in the world. How could it be a problem to deal with him?

While he was in a daze, Tuan Zi pushed off with her toes and ran directly in front of the black vines.

Her small face was filled with anger. She actually stretched out her chubby hand and grabbed the black vine!

“How arrogant!” Seeing this, the black-robed man laughed in anger and mockery. *This red-gold heavenly phoenix is indeed capable. Unfortunately, it is too impulsive and brainless! The black vines are covered in sharp thorns. Even if a true god tries to grab them forcefully, they will only end up being stabbed! Not to mention that there is poison on them—*

“What!” His smug smile froze on his face before it could fully spread.

Huala!

Tuan Zi grabbed the vine in front of her and pulled!

The huge vine was actually pulled down by her! This time, even the entire cage woven from black vines became shaky!

At the same time, flames surged in Tuan Zi's palm and burned it away!

She didn't even give the black-robed man any time to react! By the time he realized what had happened, most of the semicircular cage woven with black vines had been destroyed by Tuan Zi!

On the other hand, there wasn't even a scratch on Tuan Zi's chubby hands.

Huala!

Tuan Zi kept pulling and venting all her anger on the black vines!

The originally incomparably strong cage was torn apart by her just like that!

Ignoring the others' gazes, Tuan Zi gritted her teeth and quickly urged the black vines together. Then, a ball of flames appeared with a wave of her hand!

Rumble!

Flames soared into the sky and burned completely!

Chapter 1665: Attack!

Dead silence.

As for the crackling sound of the vines burning, it was especially clear.

The black-robed man took a step back with unsteady footsteps.

He held the Glowing Sky Staff in one hand and planted it on the ground. Then, he covered his heart with the other hand and bent down slightly as if he were also experiencing some pain.

In order to use this attack, he had mobilized almost all his strength! Now that he had been burned by Tuan Zi, the backlash he suffered was also extremely shocking!

How could he stand it?! After this matter ended, he would definitely not recover without half a year of recuperation!

"Okay... okay!" The black-robed man gritted his teeth. His voice seemed to be forced through gritted teeth, filled with undisguised deep resentment and anger! "Shangguan Yue, I really underestimated you!"

I thought that by asking her to come here, I would be able to use all my strength and easily deal with her. However, I never expected Shangguan Yue to be such an iron plate! Not only has her strength increased since we last met, but she also has more trump cards! Such luck can really be said to be heaven-defying! If this drags on... it is really unknown who will win!

Chu Liuyue ignored him and only stared intently at the Xuan formation in front of her.

Tuan Zi stood in front of Chu Liuyue and put her hands on her hips. “You’ve schemed against our A’Yue a few times, right? This time, you even took Grandpa Chu hostage to force her here. Pfft! What legendary warrior? I think you’re just a despicable and shameless coward!”

“You’ve done so much crap, but you don’t even dare to show your face. Oh right, I almost forgot—you don’t have a face at all!”

“You want to bully our A’Yue... Have you asked me?!” Tuan Zi’s mouth was like a cannon as she scolded the other party for a while without repeating herself.

When the black-robed man heard these words, he felt his blood boil. He wished he could kill her immediately and shut her up forever!

“You!”

“What ‘you!?’ You can’t even defeat me and still want to deal with A’Yue. Pfft, look at yourself!”

“You!”

“Unconvinced? Let me do it again!”

The black-robed man was so angry that he couldn’t say a word.

He had lived for so long, but he had never been scolded by a young girl like this!

Chu Ning was dumbfounded. “This... This young lady is...”

Rong Xiu curled his lips into a half-smile. “This is Yue’er’s contracted legendary fiend, the red-gold heavenly phoenix. It’s the one that used to follow her; just call her Tuan Zi.”

“...”? That one in the past didn’t seem to look like this... Moreover, why has this contracted legendary fiend become so powerful now??

Chu Ning felt that everything he had experienced today was too unreal. Even though he had seen it with his own eyes, he still found it unbelievable.

He had seen how powerful the black-robed man was, but Tuan Zi... actually resolved his attack so easily? Moreover, Tuan Zi didn’t look old, but she was very eloquent.

“This... Tuan Zi is very smart and powerful...” Chu Ning thought for a long time. He could only use these words to express himself tactfully.

Rong Xiu’s smile deepened slightly. “She was brought up by Yue’er, so she’s naturally different.”

The black-robed man was already furious. *?After two consecutive attacks, I didn’t even touch Shangguan Yue! If word gets out, countless people will laugh their heads off!*

“Alright! Since you’re so arrogant, come and try my third move!”

He suddenly let go of the Glowing Sky Staff and folded his hands in front of him. “Third level of the Glowing Sky Staff—Return to Heaven!”

A third rune slowly appeared on the black wooden stick!

Chapter 1666: His Origin

The sky suddenly darkened.

More and more dark clouds gathered and piled up gloomily, blocking any light from shining in.

It was clearly noon, but darkness fell like twilight. A heavy shadow fell over everything around them.

The wind stopped.

The wilderness became increasingly quiet. However, the silence was inexplicably unsettling.

The black-robed man suddenly gripped the Glowing Sky Staff tightly with both hands and pointed it at the sky! "Go!"

The sound was far and vast, and it spread mightily between heaven and earth!

Suddenly, the third rune on the Glowing Sky Staff erupted with a blood-colored pillar of light and soared into the sky!

Whoosh!

The empty air shook! The surrounding natural energy was affected and began to tremble crazily!

The blood-colored pillar of light shot into the sky and tore a hole in the deep clouds!

Like a stone falling into a calm lake, ripples instantly appeared!

In the sky, dark clouds surged and stacked! A bloody hole appeared in the black clouds.

The blood-colored light on the Glowing Sky Staff also spread silently in the surroundings! Soon, half of the sky was dyed a shocking blood color!

The two extreme colors of black and red intertwined.

Thick killing intent gradually spread and crushed toward the ground, almost suffocating!

...

Time seemed to pass especially slowly at this moment.

A blood-colored pillar of light surged out of the Glowing Sky Staff and connected to the sky.

In the dark world, this blood color was especially eye-catching.

The power above kept surging, causing the blood in the sky to gradually spread. Unknowingly, it had already covered a large area of the sky.

Chu Liuyue and her party were quietly included in the scope covered by this blood color.

Rong Xiu looked up and narrowed his deep phoenix eyes dangerously. *It seems that this time, he really plans on taking that thing away from Yue'er at all costs... Using this move is almost risking his life.*

There seemed to be waves in his eyes as a rich black-gold color flashed past.

He closed his eyes gently. When he opened them again, they were calm again.

Chu Ning stood beside Rong Xiu, his heart in his throat. His fists were clenched, and he felt almost nothing as his wounds opened.

His eyes were fixed on Chu Liuyue. *?You must... be safe...*

...

This commotion was huge and could be seen clearly for a hundred miles.

Nan Yuxing and the others were naturally no exception.

They had always been very concerned about the situation over there. At this moment, when they saw the blood-colored pillar of light that soared into the sky, they couldn't hide their excitement.

"What's that?" Nan Yiyi frowned, her face filled with curiosity and nervousness. Even from such a distance, she could still sense the terrifying pressure and murderous aura on the blood-colored pillar of light!

She pressed a hand to her heart. "The full-strength attack of a legendary warrior... is indeed not to be underestimated."

"It seems that the black-robed man has completely taken action." Nan Yuxing narrowed his eyes, feeling both afraid and happy.

He had lingering fear because that black-robed man was indeed extremely strong. Even if the few of them weren't injured, they might not be his match if they joined forces!

He was delighted because Rong Xiu and the others were undoubtedly the first to bear the brunt!

"He's already made up his mind to take their lives. Of course, he won't show mercy." Elder Wu Peng's voice was low, and his brows were slightly furrowed as if he was thinking about something. "It's just..."

"Just what?" Nan Yuxing asked subconsciously.

Elder Wu Peng paused. "It's just that even now, I haven't figured it out. He said that place is his territory... What does that mean?"

Nan Yuxing was stunned for a moment. *?Isn't this sentence... literal? Could there be any other understanding?*

Elder Wu Peng fell silent.

Nan Yuxing and the others were still young and didn't know much about the God-Killing Tumulus, but he had heard many rumors related to this place.

Ever since the shocking battle tens of thousands of years ago, countless legendary warriors had fallen in the God-Killing Tumulus. In the years that followed, this place was filled with a strong killing intent that never dissipated.

Even powerful cultivators had to be very careful to enter this place.

However, he had never heard of anyone daring to say that the God-Killing Tumulus was their territory—even if it was only a small area.

It had to be known that there were top warriors buried here. In particular, where they were just now was the tombstone area of legendary warriors. With a step, they might be able to step on the former skeleton of a legendary warrior!

And that black-robed man... did not seem to be lying...

"I... I think... the aura on that person is a little familiar..." Elder Bai Tong—who had been silent for a long time—finally recovered some strength and spoke.

The few of them looked at him.

Elder Wu Peng frowned. "Familiar? You recognized him?"

Elder Bai Tong shook his head.

Because of his broken calf, he could only rely on a walking stick to support his body. His face was pale, his lips were bloodless, and he looked very haggard.

Even his voice sounded much weaker.

He paused and glanced at Elder Wu Peng with a complicated expression. "...Don't you think that the aura around that man is a little similar to the people from Black Demon Hole?"

"Black Demon Hole?" Elder Wu Peng and the others were stunned.

"Didn't they go into seclusion a few years ago?" Nan Yuxing frowned.

Their Nan family had never interacted with Black Demon Hole, let alone after Black Demon Hole secluded itself. If not for Elder Bai Tong's sudden mention, Nan Yuxing probably wouldn't have thought of this name again.

"They've always been arrogant and unrestrained. Moreover, I heard that everyone in the sect is ruthless. Although I haven't heard much about them in the past few years... those people from Black Demon Hole aren't easy to deal with."

Elder Wu Peng was experienced and had seen many storms. Although he had never fought Black Demon Hole head-on, he had heard a lot of rumors about it a few years ago.

For some reason, they had suddenly disappeared from the God Residence Realm in the past few years.

"That's not important now. What's important is that the man indeed seems... to be from Black Demon Hole."

Elder Wu Peng fell into deep thought. "Then, why is he here..."

"It doesn't matter what his identity is, as long as we can completely deal with those people!" Nan Yuxing waved his hand impatiently.

They had suffered at the hands of Rong Xiu and Chu Liuyue, so they naturally wanted to get back at them.

Although it was a pity that he couldn't do it himself now, it was good to be able to deal with them directly.

Nan Yiyi pursed her lips as if she wanted to say something.

Nan Yuxing's gaze shifted slightly. Seeing her expression, how could he not guess what she was thinking?

His expression turned colder. "Yiyi, are you still thinking about Rong Xiu?!"

Chapter 1667: Direction

Nan Yiyi came back to her senses, and her body trembled slightly. Then, she suddenly raised her head and looked at her brother.

Under the scrutiny of those stern eyes, she subconsciously looked away. "How could that be?! They injured us to this extent, so how could I still be thinking about this?! Big Brother, although I'm usually naughty, I'm not such an ungrateful person!"

Nan Yuxing stared at her for a long time. His gaze was like a sharp blade as if he wanted to cut her open and see her completely!

It was only when Nan Yiyi was about to collapse that he withdrew his oppressive gaze. "It's good that you know. He's already the enemy of the Nan family. If you still have designs on him..."

Nan Yiyi clenched her fists tightly. "I won't."

!!

Only then did Nan Yuxing relax. "That's good. After today, I believe they won't be able to walk out of the God-Killing Tumulus alive. Why are you thinking about that? The most important thing now is to help you find that thing as soon as possible."

At the mention of this, their expressions changed slightly.

Ever since they arrived at the God-Killing Tumulus, so many things had happened that they had almost forgotten about this most important mission.

"Young Master is right. No matter what's going on on their side, it actually has nothing to do with us anymore. Just find that thing quickly." As Elder Wu Peng spoke, he took out a palm-sized, bronze octagonal compass. On it, a transparent needle trembled slightly.

"Wu Peng, are we going to use the geomantic compass now?" Elder Bai Tong was shocked and looked hesitant.

This thing was extremely precious and could quickly determine the location of that thing, but every time it was used, the holder would lose three months of their lifespan.

Before they came, they had said that they would try not to use it if they could. But now, Elder Wu Peng actually took it out directly...

Elder Wu Peng shook his head. "The God-Killing Tumulus is extremely dangerous and full of variables. From the looks of it, we should end the battle quickly and find that thing to leave this place as soon as possible."

All four of them were injured. Two of them were still seriously injured and almost couldn't fight anymore.

If he didn't use it now, when would he use it?

"That's right. This place is very strange and dangerous. If we continue to stay here, we don't know what kind of trouble we'll encounter!"

When Nan Yiyi heard this, her eyes immediately lit up. "We can leave now? That's great!"

From the beginning, she didn't want to come to the God-Killing Tumulus. However, her father insisted that she come and even asked her eldest brother and the two elders to accompany her.

Unable to dissuade him, she agreed.

She thought that she was just here to go through the motions, but who knew that it was really so dangerous!? She had suffered more in the past two days than she had in the past ten years!

Now that she could finally leave quickly, she was naturally happy.

Elder Wu Peng reminded, "Second Missy, we still have to find that thing before we leave."

Nan Yiyi hurriedly nodded. "I know! But as long as we use the geomantic compass, won't we be able to find it quickly?"

From the looks of it, she didn't realize that doing this would waste Elder Wu Peng's lifespan. Of course, it was also possible that she didn't care at all.

Nan Yuxing frowned and did not say anything, but his expression clearly showed that he agreed with Nan Yiyi.

They really didn't want to stay here anymore.

Elder Bai Tong opened his mouth to say something, but in the end, he fell silent and only nodded.

Elder Wu Peng closed his eyes.

A sparkling light slowly surged out of the geomantic compass and finally poured into the transparent needle.

In an instant, the needle seemed to have come alive; it became even clearer and trembled slightly. Then, the needle finally began to spin!

In just a moment, the needle stopped and pointed in a certain direction!

"So quickly?" Elder Wu Peng opened his eyes in shock.

Although the geomantic compass could sense the existence of that thing, it was actually not that accurate. Under normal circumstances, it would take at least ten minutes to completely confirm the direction.

But this time, it was actually... so fast?

“It looks like that thing is nearby!” Elder Wu Peng had always been expressionless. At this moment, he was actually faintly excited.

He had previously used the geomantic compass to check the direction three times, but it would consume a lot of energy each time. And this time, he felt that the geomantic compass had given him the answer as soon as he activated it.

This only proved that what they were looking for wasn’t far from them!

Elder Wu Peng took a deep breath and suppressed the excitement in his heart. He looked in the direction of the needle on the geomantic compass. However, what he saw stunned him because the transparent needle was pointing in the direction they had just escaped!

Could it be that the thing... is over there?! Elder Wu Peng’s expression changed, and the people beside him had even more interesting expressions.

They knew very well what this result meant!

“...This... How is this possible!?” Nan Yuxing subconsciously wanted to refute. “There must be a problem with the geomantic compass! Elder Wu Peng, test again!”

Elder Bai Tong frowned. “Young Master, the geomantic compass has never made a mistake. Moreover, it can’t undergo a second test within a month. Most importantly, Wu Peng will lose a certain amount of lifespan every time it is activated...”

Everyone fell into silence.

After a moment, Nan Yiyi couldn’t help but ask, “Then... doesn’t this mean that we’re going back?”

We have just escaped death over there! Besides, anyone can tell that the situation over there is extremely dangerous. If we go now, won’t we be courting death?

Elder Wu Peng took a deep breath, put away the geomantic compass, and took the lead to walk forward!

Chapter 1668: You Should Die!

Even if it is dangerous, we still have to go over since that thing is over there!

“Elder Wu Peng—” Nan Yuxing shouted hesitantly. “That place is the most dangerous now. Why don’t we go over later?”

Elder Wu Peng stopped in his tracks and glanced back at him, his face expressionless. “Young Master, we’re not the only ones looking for that thing. If we’re late and miss a good opportunity... our trip will be in vain. Don’t worry. With Bai Tong and me around, we’ll definitely ensure your safety.”

“I didn’t mean...”? *That wasn’t what I meant.*

Nan Yuxing stopped mid-sentence because even he felt guilty upon hearing that.

Who were Elder Wu Peng and Elder Bai Tong? How could they not see through these thoughts?

Nan Yuxing felt a little embarrassed.

Actually, he was usually very bold and had never been afraid of anything. Otherwise, he wouldn’t have agreed to accompany Nan Yiyi to the God-Killing Tumulus. However, he didn’t expect this place to be even more dangerous than he had imagined.

He had suffered a lot of accidents and torture in the past two days. Every time he thought of it, he felt that every part of his body seemed to hurt even more.

Seeing that Elder Wu Peng’s attitude was firm and that he was looking for that thing, this reason was really irrefutable.

Nan Yuxing hesitated for a while before gritting his teeth and agreeing. “You’re right. In the current situation, we better find that thing and leave as soon as possible!”

Although Nan Yiyi was very afraid, since everyone had said that they would go, she naturally couldn’t say no. Besides, it was her job to find that thing.

She followed as if to persuade Nan Yuxing or reassure herself. “Actually, I think that when we go over, the battle over there might have ended... Anyway, the black-robed man’s target is not us. After this matter is done, he probably won’t deliberately find trouble with us...”

Elder Wu Peng looked ahead and frowned. A trace of worry flashed across his eyes. *If that is the case, it will naturally be for the best. However... The man said that it was his territory. If the thing is really there, then it won’t be so simple for us to take it away...*

...

Half of the sky was already dyed red.

An invisible pressure and murderous aura surged crazily between heaven and earth, almost suffocating!

Rong Xiu waved his sleeve and set up a barrier around Chu Ning.

Tuan Zi looked up. “What the hell...”

That cold and sinister aura really made her uncomfortable.

She waved her small hand and instantly threw out a red-gold fire whip!

Slap!

A loud sound tore through the air! In an instant, the fire whip had already flown in front of the blood-colored pillar of light!

But as soon as the fire whip wrapped around it, there was a strange sizzling sound. At the same time, black fog drifted out.

Accompanying it was an unbearable stench!

The fire whip began to erode at a visible speed.

In a short while, the red-gold fire whip broke in the middle! Moreover, the parts wrapped around the pillar were completely corroded!

Tuan Zi was shocked. Her eyes widened, and she could hardly believe what she was seeing.

Ever since she opened her fourth meridian and inherited the power of her ancestor, she had almost always been successful. This was the first time she had suffered a loss.

It could be seen how much stronger the other party was than before!

The black-robed man suddenly sneered. "Since you're so arrogant, try the power of the third level first!"

As soon as he finished speaking, wind suddenly blew in the sky!

A thick blood color quickly condensed, then turned into an icicle that stabbed down!

Whoosh!

A sharp sound tore through the air, making one's scalp tingle!

It went straight for Tuan Zi!

Tuan Zi looked up.

The icicle was very long, about the height of a person. It was completely blood-red, sharp at the top, and had a cold luster.

Falling from the sky, its speed increased!

Before it hit, Tuan Zi could already sense that extremely dangerous aura!

The wind blew, the golden bells above her head tinkled, and her skirt billowed! From afar, she looked like a cluster of burning golden flames!

She snorted softly and tapped her toes. Then, her small figure instantly flew up!

—She actually chose to face it head-on!

In the blink of an eye, the two sides collided fiercely!

A hole was instantly cut in Tuan Zi's fist by the sharp thorns!

An intense pain instantly came!

Tuan Zi frowned. Ever since she transformed into her human form, she had never suffered physical injuries!

She snorted coldly, and her fist was suddenly covered in a layer of reddish-gold flames!

The flames surged out in clusters and overlapped with each other. At a glance, they looked like layers of complicated feathers!

The blood-colored icicle finally stopped!

Blood kept dripping from Tuan Zi's hand, but the ice couldn't take another step.

Both sides were in a stalemate!

At this moment, the scene seemed to have stopped. But in reality, the power of both sides was still strangling each other crazily!

Tuan Zi's arms began to tremble slightly. She gritted her teeth and activated all the power in her body!*!If he wants to touch A'Yue, he has to get past me first!*

But as time passed, the power of the icicle increased instead of decreasing!

"Hmph! You overestimate yourself!" The black-robed man sneered disdainfully. "How can she deal with the third level of the Glowing Sky Staff so easily? As long as the Glowing Sky Staff is still around, this blood-colored pillar of light can continuously devour the surrounding natural energy and convert it before pouring it into the ice.

In other words, this red-gold heavenly phoenix seemed to be fighting an icicle on the surface, but in fact, she was fighting against the Glowing Sky Staff that had erupted with its full strength!

If the red-gold heavenly phoenix clan leader were here, he might barely be able to fight. And this little thing... She is too young!

"Break!" the black-robed man suddenly shouted coldly.

The blood color in the sky swayed even more and continuously injected power into the ice!

Pfft.?

The icicle had already pierced into Tuan Zi's palm! Instantly, blood began to gush out at an even more shocking speed.

Half of Tuan Zi's arm was stained with blood.

Her round and cute face gradually turned pale, not to mention her small body that was trembling even more violently.

No... No way... A'Yue is below. Once I fail, A'Yue will definitely be in danger! Tuan Zi gritted her teeth.

The flames on her body were already completely burning, almost covering her entire body! However, her body finally took half a step back uncontrollably.

At the same time, her entire hand was almost pierced by the ice!

“Die!” The black-robed man raised his hand and suddenly pressed down!

The icicle seemed to be urged by this force and continued to stab down!

Right at this moment, an extremely cold voice suddenly sounded. “I think the one to die is you!”

Chapter 1669: Counterattack!

The black-robed man was shocked. He turned around and saw that Chu Liuyue had unknowingly completed the Xuan formation in front of her.

A vast pressure slowly spread from above! This aura made his heart tremble unconsciously.

“Great... Great King Xuan Master?!” he blurted out in disbelief. “When did she break through to this level? I actually had no idea!?”

Besides, how old is she now? How could she have broken through to become a Great King Xuan Master so easily?!”

Chu Liuyue looked up slightly, her eyes clear and cold. Then, her pale lips curved into an unreadable smile.

Even if she couldn’t see the black-robed man’s face, it was not difficult for her to imagine his shock and panic.

“Are you surprised?” asked Chu Liuyue softly. “Actually, it’s a coincidence that I broke through just before you came. Moreover, it happened here! What, isn’t this your territory? Didn’t you know?”

Chu Liuyue’s words were like a bolt of lightning that suddenly exploded in the black-robed man’s ears!

It shocked him! “How could this be possible?”

If that was the case, I would definitely know immediately. How could it be only now—

Suddenly, he paused as if he had remembered something. “Could it be...”

Perhaps it was an illusion, but Chu Liuyue actually heard a hint of fear in his tone. “Fear? This person is arrogant and presumptuous, looking down on almost everybody. From the moment we arrived, he put on a look that said he wasn’t to be trifled with. Why is he suddenly terrified now? Is it my words that reminded him of something?”

Chu Liuyue narrowed her eyes, but she couldn’t be bothered with him.

She looked up at Tuan Zi, who was confronting the icicle. When she saw Tuan Zi’s bloody hand, the last smile on her face quickly faded, replaced by undisguised strong killing intent!

“Little Heaven-Locking Formation! Go—” With a clear shout, Chu Liuyue pushed the Xuan formation in front of her forward.

The huge silver Xuan formation slowly floated up.

The surrounding God Realms seemed to have sensed something and nimbly dodged.

Soon, the huge silver Xuan formation floated in mid-air. It swept past Tuan Zi, then floated to the top of her head and collided with the ice!

With the help of this Xuan formation, Tuan Zi immediately felt relieved.

At the same time, several streams of light lingered on the Xuan formation, binding the ice. Then, it suddenly tightened!

Crack!

An extremely crisp shatter sounded!

The ice shattered!

Tuan Zi finally broke free and fell down!

Chu Liuyue quickly went forward and hugged Tuan Zi!

Feeling the familiar warm embrace, Tuan Zi's suspended heart finally calmed down.

Chu Liuyue's heart ached as she patted her back. "Tuan Zi, it's been hard on you."

She glanced at Tuan Zi's hand. The latter's chubby little hand had almost been pierced through, and her flesh was curled and dripping with blood.

She took a deep breath. Coldness swept through her lungs, but it also felt like a fire.

"It hurts, doesn't it?" Chu Liuyue's voice was softer, but her movements were faster. She quickly took out the pill and fed it to Tuan Zi.

Tuan Zi nestled obediently in her arms and shook her head. "It doesn't hurt! It's good that A'Yue is fine!"

Chu Liuyue carefully put her down, took out the medicine and gauze, and carefully bandaged Tuan Zi's wound.

Afraid that she would be worried, Tuan Zi retracted her hand slightly and said crisply, "A'Yue, I'm fine! These are all superficial injuries. I'll be fine soon!"

Red-gold heavenly phoenixes were ancient legendary fiends, and her recovery ability in this aspect was indeed extraordinary.

But at this moment, her wound looked shocking.

Chu Liuyue lowered her eyes slightly, and her movements became even gentler. *Ever since Tuan Zi took human form, my heart aches for her even more. Now that she is injured, and this was to protect me... How could I not care?*

Moreover, the icicle is sinister and strange. I suspect there is something dirty, and I have to personally confirm that it has been dealt with. Chu Liuyue didn't speak and frowned.

"A'Yue... I'm really fine..."

Chu Liuyue finally stopped and looked up at Tuan Zi. "I've said it before—I'll definitely take good care of you in the future and never let you suffer. I'll definitely keep my word."

Tuan Zi's eyes reddened, and her mouth flattened.

Chu Liuyue held her hand. "Now, does it still hurt?"

Tuan Zi nodded aggrievedly. "It hurts."

Chu Liuyue hugged her again. "If it hurts, I'll take revenge for you!"

She raised her head slightly and looked at the silver Xuan formation.

At this moment, it was hanging in mid-air and slowly spinning. It silently shattered the icicle and blocked all of its threat!

What was even more shocking was that the Xuan formation was also crazily devouring the surrounding natural energy and growing stronger! As the aura on it quickly strengthened, the Xuan formation also began to expand!

They were getting closer and closer to the blood-colored pillar of light! This was... taking the initiative to attack!

...

The black-robed man was completely stunned.

He only felt that before he could react, her Xuan formation had already begun to counter-attack! The most shocking thing was that it seemed to really have the power to resist the Glowing Sky Staff!

This... Even a Great King Xuan Master might not be able to do this, right? Besides, she has just broken through.

He suddenly looked up and stared at the slowly spinning silver Xuan formation that was still expanding. He didn't know this Xuan formation, but he vaguely remembered that she had mentioned it before. *It seems to be... the Little Heaven-Locking Formation?!*

A cold smile appeared on Chu Liuyue's lips. *Ordinary Xuan formations naturally can't contend with legendary warriors, but this Little Heaven-Locking Formation is different. This is because it's a new Xuan formation created by simplifying the foundation of the Heaven-Locking Formation!*

Although its overall power wasn't as good as the real Heaven-Locking Formation, she had learned a lot of its essence. Therefore, the power it could exert was definitely outstanding!

The reason she could cast this Xuan formation that was clearly greater than her current strength was largely thanks to Big Baby. If he hadn't asked her to memorize those Xuan formations by heart, and if he hadn't helped her try to repair the Heaven-Locking Formation... She would never be able to do all this.

This Little Heaven-Locking Formation had almost exhausted all her strength.

Victory or defeat depended on this!

Hong long long!?

The Glowing Sky Staff seemed to have sensed the threat. The blood-colored pillar of light produced by it began to shake chaotically under the impact of the energy.

The power spreading in the sky also surged violently!

The black-robed man slapped the Glowing Sky Staff! "Thousand Summit!"

In an instant, countless blood-colored icicles quickly condensed and fell crazily!

Chapter 1670: A Life-and-Death Battle!

Almost at the same time, the Little Heaven-Locking Formation shone brightly!

The two sides fought fiercely!

Soon, the icicles were all swallowed by the silver light! After that, there was a series of cracking sounds!

The icicles were all quickly and completely shattered by the power of the Little Heaven-Locking Formation!

The black-robed man swayed and almost fell to the ground.

!!

After this blow, almost all the blood in the sky dissipated. Only the towering blood-colored pillar of light was left, on the verge of collapse.

The Little Heaven-Locking Formation continued to approach! Finally, the edge collided with the blood-colored pillar of light!

The two incomparably powerful forces devoured each other without any sound. Only the collapsing space around them showed how intense the battle was!

...

Nan Yuxing and the others were walking forward. Perhaps it was because they knew that the road ahead was dangerous, but the atmosphere was tense.

Suddenly, Elder Wu Peng stopped. "Wait a minute!"

When the people behind heard this, they immediately stopped.

Seeing that there was something wrong with his expression, Elder Bai Tong followed his gaze. "What's the matter?"

It seems like... nothing is wrong?

Elder Wu Peng said in a low voice, "Look at the sky over there. Just now, it was covered in blood, but it has suddenly dissipated now."

There were only layers of dark clouds left, terrifyingly dark.

After his reminder, the few of them suddenly understood.

"What... what does this mean?" Nan Yuxing frowned.

Elder Wu Peng paused, his voice even deeper and colder. "If I'm not wrong, the blood that filled the sky must've been caused by the black-robed man. However, it has suddenly dissipated... It's really strange..."

"Doesn't that mean it's over?" Nan Yuxing asked. *What is there to worry about? Since we are coming this way, we have already decided to take the risk, right?*

At this moment, he suddenly felt worried. *Isn't it a little late?*

However, Elder Bai Tong suddenly thought of something, and his expression froze. "You mean... Rong Xiu and the others successfully counter-attacked and caused this situation?"

Elder Wu Peng shook his head. "I'm not sure either."

Without seeing it with his own eyes, everything was just speculation.

"How is that possible?" Hearing this, Nan Yuxing immediately retorted. *We've seen the strength of the black-robed man. Even if the two of them join forces, it is impossible for them to win!*

"Elder Wu Peng, I think you're overthinking. Could it be that a dignified legendary warrior is so easy to defeat?"

Elder Wu Peng frowned and nodded. "I'm probably thinking too much... Let's continue! But the further we go, the more dangerous it will be. We should be more careful; it's never wrong."

With that, they continued forward.

...

The battle between the Little Heaven-Locking Formation and the blood-colored pillar of light was still continuing!

There was silence, and the air seemed to freeze.

Everyone's gazes were focused on that place. They all understood that this was an all-out attack by both sides.

Whether they won or lost depended on this match!

Suddenly, a faint cracking sound sounded. A hole suddenly appeared in the Little Heaven-Locking Formation!

Chu Liuyue's heart sank slightly.

It was as if a crack had appeared on the riverbank. Even though it was small, it couldn't be ignored.

A thousand-mile dam was destroyed by an ant nest!

The surrounding energy was still surging, attacking the hole again and again! Gradually, the hole began to expand!

The power of the entire Little Heaven-Locking Formation rapidly decreased!

Anyone with a discerning eye could tell that in this battle, the blood-colored pillar of light still had the upper hand!

At this point, the black-robed man's heart finally calmed down again. He clenched his hands and laughed coldly. "Shangguan Yue, you're indeed powerful. If you were given a few more years, I'm afraid you would really be able to fight me head-on! Unfortunately, the current you is still a little lacking!"

I am definitely going to win this round!

As he spoke, a long crack had already appeared on the Little Heaven-Locking Formation. Moreover, the speed of its rotation gradually slowed down.

In the end, it almost stopped completely.

The blood-colored pillar of light continued to corrode the huge silver Xuan formation.

As the black fog dissipated, a strong stench spread toward the surroundings. It was nauseating.

Even though most of the blood-colored pillar of light's strength had been reduced in this battle, it was the one with the relative upper hand.

"Yue'er!" Seeing this, Chu Ning couldn't help but take a step forward as he became even more anxious. If not for Rong Xiu's barrier, he would've rushed forward.

He didn't notice that the blood on his palm was fading quickly. Moreover, a warm breath suddenly surged in his dantian and quickly spread to his limbs and bones.

It was only when the slightly hot temperature reached his hands that he finally sensed that something was wrong and quickly looked down.

What he saw made his pupils constrict. This was because most of the injuries on his hands had already recovered!

This... Chu Ning frowned, but there was no shock in the depths of his eyes. This wasn't the first time such a situation had happened, but he had been in a daze most of the time previously. In addition, he had been thinking about Yue'er, so he didn't take this matter to heart.

Unexpectedly, it was happening again...

Right at this moment, a loud bang suddenly came from ahead!

Chu Ning immediately looked up!

The huge silver Xuan formation completely collapsed! A boundless amount of violent energy spread in all directions!

The blood-colored pillar of light suddenly slashed down from the sky! Like a blood sword, it slashed straight at Chu Liuyue.

She suddenly looked up!
