

## The Doctor 1943

### Chapter 1943 End It Quickly

The tip of the sword was sharp and shone coldly under the sunlight!

Strong fighting spirit erupted from Chu Liuyue's body.

Although there was still a barrier between them, the Yi family and Nan family standing outside couldn't help but be secretly shocked. Is this aura really something that a true god can possess?

Nan Yifan took a few steps back and barely stabilized himself. Although he had dodged in time and wasn't injured, it was obvious that he had lost in the exchange just now, and in front of so many people!

A legendary warrior was actually easily stopped by a true god and even had his weapon snatched away! It was simply a great humiliation!

Nan Yifan stood there in a sorry state. He had never suffered such a loss from anyone below his realm!

He was shocked and furious; he wished he could rush over and kill her! However, Nan Yifan was the head of the Nan family after all.

After being in a high position for so many years, if he really didn't have a brain, he would've been pulled down long ago. How could he have come to this point?

He took a deep breath and forced himself to calm down.

Previously, he had been agitated by the deaths of Nan Yiyi and Nan Yuxing and had been very unstable. Coupled with his lack of understanding of Chu Liuyue's strength, it caused him to do so many stupid things on impulse.

Now, Chu Liuyue had directly obliterated the Soul-Devouring Silver Dragon Spear and blocked his attack almost effortlessly. It finally woke him up!

This is obviously not going to work if this continues. Chu Liuyue's combat strength clearly far exceeds my previous estimation! In other words, if I want to take down Peach Blossom Dock, I will have to pay a higher price...

Nan Yifan's mind raced as he slowly exhaled. It doesn't matter. Eight legendary warriors from the Nan family have come this time, plus the ten from the Yi family... Our combat strength is extremely high! Even if Chu Liuyue can stop me alone, can she stop everyone outside?

"Since you've said so... don't blame us for being rude!" After Nan Yifan finished speaking, he folded his hands in front of him.

Vigorous force surged out of his body endlessly, and a dazzling purple light quickly covered his body!

"Purple Cloud Armor!"

Soon, his entire body was wrapped in purple scales!

Chu Liuyue squinted her eyes. This aura... is inexplicably familiar...

Immediately after, Nan Yifan crossed his feet slightly, clenched his right hand into a fist, and punched out fiercely! “Purple Cloud Fist—Break!”

Last time, he used 70% of his strength. This time, he used his full strength without hesitation!

The fist wrapped in the Purple Cloud Armor tore through the air!

The void trembled and collapsed bit by bit. A black spatial rift quickly spread!

But in the eyes of the people in Peach Blossom Dock, this scene was ordinary and not interesting.

They had already experienced the scene of the sky collapsing and the ground sinking. Why would they be afraid of this?

This paled in comparison.

The sword in Chu Liuyue’s hand suddenly slashed out, a silver light blade quickly flying out!

Swoosh!

In the blink of an eye, the light blade cut into the barrier!

When the surrounding crowd saw this, they were all confused. What is Chu Liuyue thinking? Is she planning to break the barrier herself?

However, everything that happened the next moment shocked them on the spot.

After the light blade touched the barrier, it didn’t cut it apart. Instead, it quickly melted like water! Then, layers of ripples rippled across the barrier.

Shoo!

Under everyone’s gazes, the light blade actually rushed out of the barrier again, heading straight for Nan Yifan!

It appeared too suddenly!

Nobody present expected Chu Liuyue’s attack to be delivered in such a form! Moreover, not only did the aura on the light blade not weaken at all, but it also seemed to have intensified!

Nan Yifan was also shocked.

He had already sensed the shocking aura contained in it. However, there was no reason to retreat now!

He gritted his teeth and crazily urged the power in his body into his fist!

Clang!

A crisp impact was heard!

The light blade slashed accurately at Nan Yifan’s fist!

Because of the Purple Cloud Armor’s protection, Nan Yifan wasn’t directly injured by this light blade. However, his situation wasn’t any better—the impact of the light blade was too strong, directly numbing his entire palm!

The two sides began to fight fiercely, devouring each other!

At a certain moment, Nan Yifan turned his wrist.

Whoosh—

There was an ear-piercing scratching sound, and sparks flew!

Nan Yifan took a step to the side and quickly circled around this force, continuing forward!

He was extremely fast! In almost an instant, he arrived in front of the barrier again!

He turned his fist into a claw. The sharp purple scales that covered his fingertips were extremely sharp!

He reached out and planned to forcefully tear open the barrier! But at this moment, he suddenly heard a sharp scream!

He turned around and saw that the light blade—which he had just bypassed—had also changed direction and was attacking quickly!

Nan Yifan was shocked. This can happen?!

However, he didn't know that the Chi Xiao Sword had a sword soul which Chu Liuyue had personally refined. Naturally, it would follow her heart.

If one strike failed, it would come again!

...

Nan Yifan had no time to think about tearing the barrier and hurriedly dodged!

Although he was very fast, the light blade came too suddenly. He couldn't completely avoid it.

The light blade flashed and instantly left a bloody mark on his left shoulder!

Intense pain instantly assaulted him!

Nan Yifan subconsciously looked at the wound on his shoulder!

An inch-long scar lay across it, and flesh and blood rolled! Blood gushed out and quickly dyed his clothes red.

He covered it tightly and finally couldn't help but shout, "What are you waiting for?!"

Only then did the Nan family members wake up from their daze and move out!

Swoosh! Swoosh! Swoosh!

Sounds of air being torn apart echoed!

The dozen or so warriors of the Nan family stood in the air in succession, facing Chu Liuyue, who was standing at the door.

...

Just as they were about to attack, the light blade had already flown back and silently fused into the barrier.

The Nan family missed.

Nan Yifan's expression immediately turned extremely ugly! Chu Liuyue is simply toying with us!

...

The Yi family watched from the side.

Yi Wentao placed one hand behind his back with a calm expression, as if he had no intention of attacking.

Many people in the Yi family looked at each other.

None of them were stupid. It was true that the family head had come to Peach Blossom Dock this time, but it was obvious that it was related to the Nan family.

Thinking about what the two of them had talked about when Nan Yifan suddenly came to the Yi family, it seems obvious now. However, the Nan family has already taken action. Are we going to just watch?

Jun Jiuqing suddenly took half a step forward and said, "Master, I think we should end this quickly."
