

## The Doctor 1949

Chapter 1949 Whose Helper Was It?

Every word echoed clearly in everyone's ears! It was like a thunderclap!

Everyone was shocked on the spot and couldn't come back to their senses for a long time. They almost thought they had heard wrongly!

Half a family member... Half a family member?!

Who exactly is Chu Liuyue, and what ability does she have to make Miao Fushan say such things?!

Nan Yifan was completely stunned. He looked at Miao Fushan in shock and opened his mouth, but no matter what, he couldn't say anything.

Miao Fushan said, "I indeed owe you a favor, Master Nan, but... How can there be a reason to hit one's own family for an outsider? Master Nan, don't you think so?"

If Miao Fushan's previous words were considered tactful, then this sentence had completely cut off the last trace of fantasy in Nan Yifan's heart!

One side was family! The other side was an outsider!

It was obvious who was closer!

"This time, I've let you down. Therefore, if you need any help in the future, just let me know. I'll definitely do my best to help, but this time... Please forgive me. I really can't help," Miao Fushan said. "As compensation, I'll help you two times in the future. What do you think, Master Nan?"

What do I think? If you've already made up your mind, why bother asking me? Nan Yifan sneered in his heart. Would Miao Fushan take back his words if I say no? More importantly, if he doesn't help, it'll be a problem if I can survive today! Even if there are two, three, or even more opportunities later, what is the use?!

How laughable!

At this moment, Nan Yifan's limbs were cold, and only his chest was burning as if something was crashing back and forth in his lungs, about to break out!

A warm, sweet breath suddenly rose in his throat, and he forced himself to swallow it! I have never felt like a clown before!

Miao Fushan's words were like a slap to his face, and it burned!

...

At this moment, the people standing outside the barrier didn't react any better than Nan Yifan. Miao Fushan said that... she was a member of the great phoenix dragon clan?! However, she's a human!

More importantly, her contracted legendary fiend is the red-gold heavenly phoenix clan's young mistress! It might be reasonable to say that she is half a family member of the red-gold heavenly phoenix clan, but as for the great phoenix dragon clan—

Who in the entire God Residence Realm doesn't know that the relationship between these two ancient legendary fiend clans has always been very subtle?

On the surface, everyone seems to mind their own business, but in fact, they are openly and secretly opposing each other.

The great phoenix dragon clan actually treated her as family... Did they even consider the existence of the red-gold heavenly phoenix clan?

Besides, why haven't we heard anything about such a big matter before?!

Even the usually calm Yi Wentao frowned when he heard this.

The Yi family had always been secretly paying close attention to these two ancient legendary fiend clans, but they had never heard of any commotion.

Why did Chu Liuyue suddenly have such a close and intimate relationship with them? What's even more troublesome is that Miao Fushan has a noble status. His attitude basically represents the attitude of the entire great phoenix dragon clan.

If the red-gold heavenly phoenix clan and the great phoenix dragon clan come to help at the same time, then—at that time, it would probably be difficult!

Yi Wentao slowly clenched his fists.

...

Actually, Chu Liuyue was also a little surprised that Miao Fushan would say such a thing directly.

Thinking about it carefully, he was probably affected by Miao Zhen's attitude. Because of Zi Chen, I am indeed close to the great phoenix dragon clan. However, it's still very rare for Miao Fushan to be willing to say it.

One could imagine that this sentence would definitely spread throughout the entire God Residence Realm!

By publicizing it completely, they were standing behind her and supporting her! To the great phoenix dragon clan, this was indeed an extremely important decision.

Chu Liuyue never thought that it was right for others to help her. Therefore, she was actually very grateful that Miao Fushan was willing to do this.

"Thank you, Elder Fushan," she said softly. "Actually, there are many lies in what the Nan family's master said previously."

Then, she succinctly recounted what had really happened.

Originally, she didn't want to say anything else, but Miao Fushan's attitude surprised her and filled her with gratitude. Therefore, she felt that she should tell the truth.

As for who Miao Fushan believed, it was up to him.

Miao Fushan's frown deepened as he listened. At the end of the story, his face was ashen.

He suddenly turned around and stared at Nan Yifan. “Master Nan, are these all true?!”

A trace of panic flashed in Nan Yifan’s eyes, but he still said stubbornly, “Since Elder Fushan has already chosen to stand on their side, why are you asking me this?”

He put on a look of disdain and mockery.

But who was Miao Fushan? Nan Yifan’s disguise was useless in front of him.

With just a few more glances, Miao Fushan had basically guessed his thoughts.

His expression turned cold. Nan Yifan had no problem asking me to help. Nan Yifan was the one in the wrong, so there is no problem. But... I will never tolerate Nan Yifan lying!

Nan Yifan felt guilty under Miao Fushan’s gaze and subconsciously looked away.

After a while, Miao Fushan said lightly, “Master Nan, on account of you helping me previously, I won’t pursue today’s deception. But from now on, the debt between us will be written off! Master Nan... you’d better pray for yourself!”

After saying that, he flicked his sleeves fiercely and turned to walk in the direction of Chu Liuyue’s group.

Chu Liuyue was a little surprised. “Elder Fushan, what are you—”

“Princess Consort, it’s a joyous occasion that you can take down Peach Blossom Dock. I should congratulate you.” A smile appeared on Miao Fushan’s face.

This matter had recently spread like wildfire in the God Residence Realm. Naturally, he had heard about it.

He had long thought that the other aristocratic families of the human race might take action, but he didn’t expect that these two families would be the first to take action. Moreover, they had happened to summon him.

Since it was such a coincidence, he might as well stay here and help.

“Since it’s a beautiful thing, I naturally won’t allow others to ruin it. Although I’m old, I can still help with a small favor. I hope you won’t mind.”

He said that he wouldn’t attack Nan Yifan, but he didn’t say that he would do the same to others! After weighing the pros and cons, he naturally had to help Chu Liuyue.

...

Chu Liuyue was also rather surprised. “What are you saying, Elder Fushan? We should be the ones thanking you!”

Although she originally had her own plan, Miao Fushan’s willingness to help undoubtedly increased their chances of winning greatly!

Nan Yifan almost fainted when he heard this.
