## Chapter 3

Adrian's POV

I arrived at the venue thirty minutes after I set out. The fundraiser was being held at a five star hotel that has a round bar and several fountains. They served only finger foods and variety of drinks.

I interacted with some business partners and I got some business deals and proposals from potential clients.

As I went about my business, I kept my eyes at the entrance. From the information I gathered, Abigail will be here today to represent her father's company. I want to know the exact moment she makes her appearance.

Some ladies tried to get my attention by flirting with me but I ignored them all. I need to be alert so I can monitor her every move.

I secured a spot at the bar that has a very good view of the entrance and I ordered for two shots of tequila.

Am trying to woo the daughter of "Victor Allan". I'll definitely be needing all the booze I can get because it feels like am about to make a great mistake.

I was downing me second tequila shot when she walked in through the door, attracting the attention of everyone.

There was a collective gasp as soon as she walked in. She smiles a bewitching and captivating smile, capturing everyone's attention as she walked in with her head held high as a queen.

She's wearing a floor length blue gown that's practically sweeping the floor. Her long dress reveals the pale swell of her breasts. She has the kind of beauty that men go to war over; Glowing skin, an hourglass figure, and a flawless face on which even her minimal makeup seems redundant. She is absolutely beautiful. She is so perfect.

I was captivated by her beauty. I trail my eyes over her body, feeling my dick hardening in my trousers.

The dress showed the curves of her hips and made her ass look good. "She sure took her time in the dressing room". Time well spent I must admit.

I was staring at her lustfully when she turned my way and our eyes met for the second time today.

I smiled at her and she smiled back and me looking a little flushed.

She walked in and went about her business, socializing with people.

I watched her all the way and I know she's well aware of my eyes on her because she often turns and looks my way.

I saw her discussing with the host of this event. She spoke ever so beautifully and smiled at their compliments. Her smile is so captivating and contagious that I find myself smiling also.

"Fuck" I said in an animal like groin as my dick throbbed and strained in my pants.

I just want to rip off that gown and worship that smooth and sexy skin with my lips. I was to hold her up on the wall and bury my already hardened dick deep inside her.....

Whoa.... Whoa.... Whoa....

Hold on a minute.

Where are all these dirty thoughts coming from??

I should not be having these dirty thoughts about Abigail.

"Jeez"

Toby is really getting to me.

Hearing him spout those crazy stuff is now putting dirty thoughts into my head.

"I'd never let my fall for that girl"

For crying out loud she is the daughter of "Victor Allan", The fraudster.

Am simply leading her on. Am only going to use her to achieve my goals. I'd use her to bring her father down.

"I kept repeating these words in my head so I won't be distracted by her beauty"

I saw her going outside to a secluded balcony and I followed her out.

I figured it's about time she meets with her father's Nemesis

She stood out there for some reason just staring into space. She was so lost in thought and I knew she was bothered by something. I felt sad in my heart. I wanted to put a smile on her face and I don't know why.

She opened her purse and brought out a pack of cigarettes. I stood some distance from her watching as she opened her pack of cigarettes and took out a stick.

She was about to light it up when I walked up to her.

"Hi" I said as I approached her.

She was startled by my presence and her cigarettes and lighter fell off her hands. I pick them up and handed it to her.

"Hi" She responded guiltily, looking like a child caught stealing candy from a candy store.

"You don't strike me like the smoking type. It's not good for your health you know."

"Yeah am not really addicted to it. I only smoke when am nervous or feeling fidgety" She replied while looking up at me.

Standing so close to her was doing things to my body that I really can't explain.

This close I could see that her beauty in person was nothing compared to the pictures of her that I have in the file prepared for me by my private investigator.

As much as I hated to admit it, She is the most beautiful woman I have ever laid my eyes on. I was captivated by her beauty and I kept staring at her lustfully.

On their own accord, my hands reached up to caress her face. I have no control of my body anymore. every part of me was reacting crazily for Abigail. If I didn't know better I'd say I've fallen in love with her.

"But that's never gonna happen"

I quickly retracted my hands from her face. I should be luring this girl, not falling in love with her.

I smiled at her seductively as I stretched my hand to introduce myself,

"Am Adrian Fernandez"

"Hi Adrian it's nice to meet you. Am Abigail" She said as she shook my hand lightly.

I grinned at her. It's a good thing she only introduced herself by her first name. Am sure my countenance would have changed immediately if she had mentioned her father's name.

I held her warm and soft palm in mine and I felt aroused by her warmth. All I want to do right now is to rip that dress off her body and hold her up against the wall and kiss her so passionately as I fuck her so deep and so hard that she'll moan and scream out my name and....

No...No...No....

Not these dirty thoughts again!!!

"I blame it all on Toby for putting dirty ideas in my head"

I controlled my desires and hid my feelings as I looked deeply into her eyes. She was looking at me with pure passion and I could tell that she doesn't know what to say or do next.

I have to say something to lighten the mood. If we keep staring at each other like this, am sure I won't be able to hold back for much longer.

"Care for a drink?? I asked her.

She smiled and nodded a yes, with her eyes still on mine.

"Lead the way" I gestured to her.

She walked forward, heading straight to the bar.

I followed closely behind her, secretly watching as her full round ass swayed as she walked. I wanted to grab and smack that ass and feel her grinding that ass on me as we drive each other to Oblivion.

I tried to conceal my bulge as my dick strained against my trousers.

"This girl was driving me nuts"

We got to the bar and she ordered for a shot of tequila while I ordered for scotch.

She gulped down her tequila without taking her eyes off of me while I drank my Scotch looking at her like my greatest achievement.

We kept staring at each other, Lost in the moment. Our eyes held unspoken challenges as we both struggled to hide our feelings and conceal our passionate desires.

It was at this moment that I realized that Toby was right. "I really want this girl".

I decided to throw caution to the wind and give in to my desires.

I reached out for her hands and gently pulled her to me.

Surprisingly, she obliged me.

She stood up from her seat and stood between my legs as I sat on the barstool. I put my hands on her waist and pulled her closer to me while watching her closely to see if she'll show any resistance.

To my joy and relief she seems okay with it, and so I continued with my seduction.

I leaned my face towards hers and stopped halfway to see if she'll make a move also.

"I'd really look like an idiot if she turned me down right now"

She hesitated for a second, then she put her arms around my neck and met me halfway also.

I smiled in triumph as I kissed her so gently, yet so passionately like my very life depended on it.

We forget our surrounding and got lost in a passionate, head-spinning kiss that demonstrates how much we want each other.

I had completely lost my senses. All I could think of was the sexy lady in my arms. I felt her skin against mine, it was soft, smooth and so alluring. A sweet temptation.

With my muscular arms around her waist, I pulled her more closer to me and her hands remained glued around my neck as we engaged in a serious make out session in public.

We only pulled apart when we heard someone coughed besides us and said sarcastically,

"Get a room guys"

We laughed as we broke off smiling at each other. I noticed a blush creep up her cheeks and my eyes darkened in appreciation of her exceptional beauty.

We decided to socialize more with our other guests before we presented our donations to the organizers.

"Thanks for the drinks Adrian, and thanks for keeping me company tonight. I enjoyed spending time with you."

"I enjoyed your company also" I responded as I walked her to the exit holding her hand.

"I'll walk you to your car. Where are you parked??

"I came in a cab"

"Perfect" I said in my head."

"Need a ride?? i grinned.

She looked up at me and smiled nodding her head eagerly.

My driver already saw me coming out so he drove over to come pick us up.

When we got into the limo, I closed the driver's compartment and turned to her smiling as I pulled her into my arms and claimed her lips once again.

My sanity flew out the window. I was so lost in the moment and aroused as we made out fiercely at the back seat of my limo.

All I wanted right now is to satisfy my desires and hunger for this seductress. All my veins came alive as I felt emotions that I've never felt before.

I was sneaking my hand into her pants when my phone rang and I saw that the caller was my mom.

Reality set in immediately. It felt like cold water was just poured on me and I regained my senses and sat up straight to pick my mom's call.

"I felt so guilty after the call"

Mum called to see if am back home already. She and my siblings just returned from visiting my dad's grave and here I am making out with the daughter of the man that caused him death.

I've never felt this guilty in my life.

I guess Abigail also felt the change in my mood because she moved to the other side of the car and just looked out the window as the car sped along.

"Now am also feeling guilty for making her feel sad.

"What is really wrong with me???

"Am sorry" I said calmly, hoping it'll make her feel better.

"It's fine" She responded almost like a whisper.

"Can we do this some other time?? I really like you a lot and I'd love to see you again.

"Sure" She said with a smile.

We exchanged contacts and I dropped her off at her apartment and stole another kiss before heading back to my car.

"Mission accomplished" I said with a smile...

I got her right where I want her to be.

I'll make sure she falls deeply in love with me, Then I'll use her to get to her father.

I'll make sure he goes down.
