if I had a miss call from Adrian. I felt a little disappointed when I didn't see any. I had the urge to call him but I thought against it. I don't want to seem too forward or desperate.

I went to bed and slept soundly with thoughts of him still in my head.

I was awakened by the ring of my phone. I jumped up and picked it hoping it was Adrian. I felt disappointed again when I saw it wasn't him. It was my best friend Louisa calling to

check up on me.

"Hello" I answered with a hoarse voice.

"Don't tell me you're still sleeping Abi??

"It's so early. Why are you calling me so early?? I asked grumpily. "Oooohhh Someone had lots of fun last night huh... What time did you go to sleep last

night?? Why??

"Because it's past eleven and you're still sleeping. "Who got you so tired last night huh??"

From her tone of voice I could tell she's grinning.

"Who is he?? Is he someone I know?? she asked with concern, feeling sad for me because she knows how important this issue is.

"Yeah he's quite popular, you may have heard of the name Adrian Fernandez.

I went on to tell her how we flirted and had fun last night and how he said he liked me but he

Aaahhhhhhh.... she screamed so loudly that I had to move the phone away from my ear. "Stop screaming Lou, what's wrong with you??

"Yeah I felt the same way when he showed interest in me last night. I wished he called Lou, I

"You know my pants are always on girl; Virgin, Remember??

"Yeah whatever, she laughed and ended the call."

"Why don't you find out yourself?? I arranged a date for you guys today.

I heaved a sigh as I looked at my reflection again.

I'll just relax and try as much as possible to enjoy this date.

"Who the hell am I kidding?? I obviously want this guy so badly.

I applied a light makeup that highlighted every lovely feature on my face and i let my low hanging curls fall on my shoulders. I gave myself one last look in the mirror.

I never paid much attention to myself in the past few years and I just realized how badly I

I never liked that nickname he gave me in high school "Bibi". But I won't let him know that.

"Hi Tony, it's been quite a long time and I've missed you so much. "I lied as I returned his

Now I know why Louisa said I was gonna drool when I see him. He's changed a lot. He

He checked me out from head to toe, staring so longingly at me like he's stripping me with his eyes.

"Ok Bibi, I know just the right place" he said grinning. We arrived at the Chinese restaurant and walked in hand in hand as Tony kept reminding me of our high school days and we kept laughing and teasing each other.

We stopped to talk to a hostess, requesting for a table. It's a good thing the restaurant is not

From the corner of my eyes I could see his jaw twitching and I knew I was succeeding in my seduction.

I placed my hands on the table and leaned on them, giving him a full view of my cleavage.

really like him" I whined. "Am so sorry sweetie but Adrian is way out of your league. You're not the only one falling for him dear. He's known to only date models and super stars. He has no time for people like us. "If that's your way of cheering me up, Your really failing at it. She laughed at my sarcastic tone making me laugh along with her. "You know what, enough talk about wealthy billionaires. Guess who I bumped into at the club last night?? "Who? I asked curiously. "Your high school sweetheart, Anthony Miller" She announced proudly.

"Ok I'll get ready I smiled." I still need to drop by the office and update Lucifer "My dad" on the outcome of the event I

I think Louisa is right. Adrian is not going to call and I won't call him either. I won't throw myself at him simply because he makes my pants wet with just his kisses and he knows how to touch me at the right places to elicit wild desires from me. Mmmmmm I moaned at the thought of last night.

"Shall we?? He linked his hands with mine and led me to his car. He opened the door for me

Scenes of our make out session last night appeared in my head and I blushed. "I could see the reason why he never bothered to call"

He was here on a date also. Am guessing it's the same lady that called last night.

She's quite pretty too. She wore a body hugging black dress that showed off her curves. Her

I ignored him and walked past him to our table. Tony pulled out my seat and I sat down gracefully like a queen that I am, ignoring the burning look of a certain someone seated

"You're mine Adrian... You just don't know it yet."

"Am going to make him wish he was here with me and not her."

He kept moving on his seat, trying to readjust his sitting position and I smiled within me.
