

THE ENTICING CEO'S CHOSEN BRIDE

Chapter 34

The soft voice made Chloe's heart flutter a little

She never thought that someone could call her name so gently. For the first time, she genuinely acknowledged that her name sounded really nice, just like her mom had

once said

Chloe

It really did sound nice now

Chloe sat quietly, letting him hold her hand and call her name.

She completely forgot that she had only agreed to let him pursue her, not to let things progress so quickly

I'll be pretty busy in the next few days, so make sure you rest well. I'll give you a call

He held her hand tightly, his tone full of reluctance

"Alright, Chloe whispered, sounding very submissive.

Damon smiled, his eyes deep and captivating

Chloe wanted to pull her hand away. She had said everything she needed to say, and it was time for her to get out of the car

But Damon didn't let go of her hand. Instead, he lightened his grip even more.

"Clear your schedule for next Friday"

"Why? Is there something going on?"

Damon hesitated for a moment before nodding.

"Yes. But it's not anything important."

"Then

"Do you want to refuse me?"

Damon stared at her, his eyes deep and bright.

Chloe pursed her lips "Where are we going?"

Damon smiled slightly. I'll have Nate pick you up

Alright"

Chloe agreed, but Damon still didn't let go of her hand.

Chloe looked helplessly at their intertwined hands, feeling as if her hand was glued to his, unable to break free.

"It seems like it won't be so easy to hold your hand next time."

Damon gave her the answer

Did Damon learn mind reading or something?

As a leader, Chloe always appreciated smart people. It would be even better if he were her employee

But ever since meeting Damon, there had been many times when she started to question her own judgment.

Sometimes being too smart wasn't a good thing

She finally pulled her hand back, her face flushed with shyness.

"I need to get out of the car now"

Damon let go of her hand and looked at her calmly

"Alright, go ahead. Be careful not to get wet"

"Mhm."

Chloe didn't hesitate any longer, quickly opening the car door

The sudden cold wind and rain made Chloe pause for a moment. She had just been in a warm space, and now she was suddenly back in the cold world.

Nate quickly handed Chloe an umbrella, not letting her get wet.

Her heart had felt a little cold just a moment ago, but now she suddenly felt more at peace

"Be careful Chloe"

Nate's voice was full of respect, and his eyes were nervously fixed on her as if he was truly worried that she might make any small mistakes "Thank you" he said

Chloe bent down to get out of the car and quickly closed the door

The closed car door blocked the cold wind outside and the temperature inside the car gradually rose

Damon sat in the car his eyes shining with a gentle light, and the comers of his mouth slightly raised. This woman was so adorable
