

The Eternal 1011

Chapter 1011-retreating

Tens of thousands of rays of light flew out from the city walls and slashed toward the sea Race experts who were rushing through the sea of fire. Those experts of the sea Race basically couldn't withstand a few attacks before exploding in the air, not even leaving behind a corpse.

However, the number of the sea Race was too large, and the number of races that rushed through the sea of fire was also increasing. The pressure on the giant city suddenly increased.

In the distance, the three high-level martial sovereigns of the sea tribe had shocked and furious expressions on their faces. The fire-attribute origin array that was suspended in the sky had directly filtered out thousands of members of the sea tribe.

"Fuma race, attack!" The ugly fish commander roared.

A large number of blue sea tribe members flew up from the ground. Their heads were like seahorses, and their mouths were very long. However, their lower bodies had fishtails. They swam in the air, and water vapor constantly seeped out of their skin. They even spat out blue bubbles from their mouths.

As the mules and horses rushed forward, a large number of blue bubbles rushed into the sea of fire and actually forced the source of fire away, gradually opening up a path.

"What? What the hell is that?"

Everyone in the main city Tower was shocked. The blue water vapor on the mules and horses' bodies didn't seem to be ordinary seawater. Not only could it isolate the sea of fire, but with the appearance of a large number of bubbles, the power of the sea of fire suddenly decreased, and the number of Sea Race members rushing near the giant city suddenly increased!

Zhuang Sheng's expression also changed slightly in the main control center of the city Tower. He said to the few people who were controlling the formation, "The fire element origin array has entered the second stage!"

The expressions of those people all became stern, and the hand seals in their hands changed. They were all different, but there were very active fire elements jumping in their palms.

The fire elements condensed and became more and more numerous. In the end, they turned into fireballs that danced in the sky and fell into the array one by one.

After that, the formation above the city glowed even brighter, turning the entire sky red.

“Boom boom boom!”

The bright red Sky suddenly trembled, and a large number of meteorites with long flaming tails fell from the sky. They were densely packed and smashed toward the countless sea tribe members!

“Bang! Bang! Bang! Bang! Bang! Bang!”

Due to the high density of the sea tribe’s Warriors, every meteorite that fell would cause several people to explode. At the same time, the flames also spread throughout the entire sky, and wails and screams could be heard everywhere.

The martial artists in the city all flew into the air. Looking at the tragic scene outside, they all felt their blood run cold.

The soldiers of the sea tribe were using their flesh and blood to resist the power of heaven and earth!

All of a sudden, the pressure on the city’s defense was greatly reduced. The Fuma race was the main target of the meteorite strike. In the time it took to brew a cup of tea, almost the entire race was exterminated!

” You should die!”

In the distance, commander Li Jing was so angry that he shouted, his eyes were red, and he suddenly stood up, wanting to rush over.

“Stop!”

“We’ve already lost this battle, and there’s no turning back. Do you want to die in vain?” the ugly fish commander shouted coldly.

“This is too infuriating! These humans are too despicable. They’re all cooped up in the city!”

The commander roared a few times, and the sea tribe members around him all retreated in horror, afraid of accidentally provoking him.

The ugly fish commander laughed coldly and said, “the advantage that humans have over us is their various secret techniques and profound level weapons. If we don’t use our advantages, we’d be fools. Although we lost this battle, at least we’ve found out some of the truth. These clansmen’s sacrifices are much more valuable than the ghost eel’s.”

Commander mo ting didn’t seem to be as optimistic as before. He didn’t know what to do. “What do we do now?”

“Recall everyone,” the ugly fish said. “Let’s rest and organize for the second attack tomorrow.”

The sea tribe suffered heavy losses under the meteor Rain and began to retreat quickly.

The defense of the city was opened. All the Warriors rushed out at the same time and killed those who were slow. They didn’t stop until they were several thousand meters away from the sea tribe. They kept provoking them and cursing.

Commander Li Jing’s eyes were spitting fire. If the other two didn’t try their best to stop him, he would have already rushed over.

strength whale, ” the ugly fish said calmly. have you forgotten what happened to the ghost eel? ”

“If Lord Guangcheng behind us sees this incompetent siege, I’m afraid he’ll directly rush over and kill the three of us!” Li Jing angrily said.

Hmph! the ugly fish snorted. I think it’s the opposite. Lord Guangcheng will definitely be very happy to be able to test out some of the giant city’s details.

Tens of thousands of meters behind them, Guangcheng was looking into the distance from the sky. He had seen everything that had happened just now. Endless killing intent flashed in his eyes, and anger appeared on his face.

But not long after, the anger on his face disappeared little by little, and the corners of his mouth carried a trace of playfulness.

“Haha, good, good! Another great victory!”

Ning Huaishu was grinning from ear to ear from the top of the main city Tower. He looked at the sea tribe’s experts ‘corpses outside the city. There were also a large number of them that had exploded in the rain of fire, not even leaving behind a corpse.

Fu Yichun smiled as well. “This time, at least tens of thousands of sea tribes have been exterminated. It is indeed the first large-scale victory since the war between the two races. It is worthy of celebration.”

once the war between the two races is over, ” Hong junhuan said with a smile, ” Lord Huai Shu’s prestige in the red moon City, and even the entire human race, will be unrivaled.

Ning Huaishu was in a good mood. He never had a good expression on the people of the four extremes sect, but this time, he smiled and said, ” this is all thanks to everyone. What did I do? what did I do? haha!

Everyone smiled and did not speak. It was too early to talk about merit. Everyone’s current thought was to continue protecting the giant city.

After all, the 10000 soldiers they had killed were not even 10% of the entire sea tribe Army. Moreover, they were all extremely weak in terms of strength. The truly powerful ones were still behind them.

“Although we’ve won this battle, I feel that there’s an even greater danger to come.”

Liao yangbing, who had been silent, suddenly said, “ I feel that there’s something strange about this siege. Could it be that they sacrificed one-tenth of their people just to test the waters? ”

“Hmph, what’s so strange about it? it’s a good thing to be able to kill more soldiers of the sea tribe! In addition, the sea race’s people were not intelligent, so it was normal for them to do anything strange. For example, the war between the two races this time was fought in a baffling manner!”

Michaux rolled his eyes at him and said coldly.

The two of them had a good relationship, after all, they had been through life and death together. However, after the last surprise attack, mi Gaoyang was ignored, while Liao Yang Bing became popular, which made him feel very disappointed. Recently, he didn’t like Liao Yang Bing at all.

Liao yangbing was also an old fox, so he naturally noticed this. He was too lazy to argue with him, so he kept quiet.

“Yes, both of you have a point.”

“What do you all think?” ning Huaishu pondered for a moment.

“I think City Lord Liao yangbing’s words make sense,”

Zhuang Sheng’s voice was heard. He came back from the control center with a serious face.”With such a large number of troops, if they really want to attack the city, why would the enemy’s main force stay behind? moreover, I can see that a large number of experts are at the back. The 100000 sea tribe members in front seem to be afraid.”

...

He hesitated for a moment before saying, "it seems like he's just an abandoned pawn."

Everyone was shocked. Although they didn't agree, they didn't dare to refute Lord Zhuang Sheng's words. They immediately fell into deep thought.

Ning Huaishu smiled bitterly, "100000 abandoned Sons of the Sea Race?" This is really a big deal!"

"The sea tribe has the most people," Zhuang Sheng said. "100000 people are nothing to them, and these people may have only been gathered in the coastal waters. If it really turned into a large-scale war, millions of people would probably be normal. What I'm curious about right now is, what are their main Battle Force and experts doing in the rear?"

"Then should we send someone to investigate?" ning Huaishu asked worriedly.

it'd be best if we could investigate, " Zhuang Sheng said. but the sea tribe Masters are gathered behind us. I'm afraid it's too dangerous. It'll be difficult to retreat safely.

Ning Huaishu looked at the crowd and said, " "Is there anyone who is willing to volunteer?"

Everyone hurriedly turned their heads away, not daring to meet his eyes.

It would be fine if they were to randomly find a few weak races among the 100000 people and launch a sneak attack. However, there were not many people left behind the sea tribe. All of them were experts. Going over would be equivalent to sending themselves to death. Even a high-level martial Supreme would find it difficult to survive.

Ning Huaishu looked at Liao yangbing and said, " "Lord Yang Bing, you've led a surprise attack before, you have experience in this area, let's go again."

Lord Huai Shu, the injuries from the previous surprise attack on me have yet to fully recover. It's better to find someone who's experienced and uninjured.

...

Liao yangbing's face was a little pale, and he covered his chest with his hand, showing that he was still in pain.

Mi Gaoyang immediately saw ning Huaishu's gaze sweep over, and instantly broke out in cold sweat. He hurriedly said, "Milord, sending me over is a dead end!"

Displeasure flashed across ning Huaishu's face, and he said, "I'm asking you to Scout out the enemy's situation, not to kill them. Come back immediately after you've gathered the information, what are you afraid of? Furthermore, many Warriors have already died in the war between the two races. We must all be aware that we will die! As a citizen of the red moon City, you must not bring shame to the city!"

Michael's face turned pale, and he didn't know what to say.

don't worry," ning Huaishu said gently. if this operation is successful, I'll definitely remember you for your great service!

He waved his hand, and two warriors immediately took him away.

Mi Gaoyang's face was drained of blood. He glared at Liao yangbing with hatred, but the latter pretended to be confused and ignored him.

Zhuang Sheng sighed,"this is indeed an extremely dangerous mission, but I hope Lord Michael can complete it." The remnants of the sea Race Army have returned and they probably won't attack again today, but the next attack will definitely be more fierce. Everyone should be mentally prepared."

Everyone nodded one after another, not daring to relax their vigilance for even a moment.

Moreover, the teleportation teams from blazing light City had never stopped coming. The strength of the entire city was getting stronger and stronger. Now, there were almost 2000 people.

All of a sudden, the sound of fighting came from the distance, which made the experts on the main city Tower frown. The sound of fighting was coming from the city.

Ning Huaishu's expression changed drastically. He said angrily, " who is so bold? how dare you cause trouble in the city?! You will be severely punished!

A martial artist ran up in a panic and said anxiously, " "Lord, Lord Huai Shu, bad news! Lord mgao yang killed more than 20 people and escaped with the teleportation formation!"

"What?"

The crowd was shocked, and after a short moment of shock, they all flew into a rage.

Chapter 1012

1012 News

Sir Michael left a row of detonation talismans before he left, " the warrior said in a hurry. he destroyed the teleportation formation. Now, people can only enter the city.

"Damn it!"

Ning Huaishu was trembling with anger. That Michael was from the red moon City, and now that such a mistake had occurred, as the main fighter, he could not escape the blame. He roared, " "Chase! Chase after him at all costs! Also, send a message back to red Moon City and tell the world that no matter where they are, they must be killed!"

"Yes!"

The warrior left in a hurry.

Zhuang Sheng said with a serious expression, "Michaux has killed and escaped, leaving a very bad impression." The most important thing now is to repair the transportation formation and calm the people."

"Right! Lord Zhuang Sheng is right!"

I'll leave the matter of repairing the teleportation formation to you," ning Huaishu hurriedly said. as for appeasing the people, Lord Yichun, I'll have to trouble you to make a trip personally.

Fu Yichun nodded. It was indeed the best choice for him to step in.

Zhuang Sheng sighed. It was indeed a great blow to the morale and morale to kill and escape at such a critical moment. Moreover, the matter of sending people to investigate could only be put on hold.

He turned around and went down to the observation area to find someone to repair the array.

Although the entire main city Tower only had three floors, each floor was extremely wide and exquisitely built. It was the main component of this profound level weapon, and there were many twists and turns inside.

"What?"

Just as he reached the second floor, his heart skipped a beat. He seemed to see a figure turning around in the corner of the corridor.

Zhuang Sheng frowned and disappeared from where he was in a flash. He teleported over directly and saw that there was no one in the entire corridor.

The entire second floor was where the powerhouses lived. There were over a hundred cultivation rooms inside, and every Martial Emperor powerhouse was given a small room. The level one teams from the sects were given cultivation rooms of different sizes according to their strength.

All the members of the level 1 squads were cultivating on this floor and had never been dispatched. They were the absolute main force of the skyscraping city.

Zhuang Sheng's pupils contracted, and his divine sense swept out like a wave. Except for those training rooms with a strong shielding effect, the entire second floor was under his perception, and there was no one there.

He was full of doubts. What he saw could not be wrong, but that person's speed was not so fast that he could directly enter the room, and he could not even catch up with his teleportation.

He didn't believe that anyone could slip away under his eyes!

Zhuang Sheng started to pace slowly on the second floor. He raised his spiritual power to the maximum and the entire second floor started to become unstable.

Suddenly, a figure appeared in front of them and flashed forward.

"Hmph!"

Zhuang Sheng snorted coldly. He took a step forward and teleported up. He was only a few dozen meters away, but he disappeared again in a flash.

Zhuang Sheng was a little surprised. It might have been an accident to escape from him once, but it was impossible to be an accident twice.

He walked straight to a secret chamber, where the figure disappeared in a flash.

He began to hesitate. This secret room was one of the largest on the second floor, and the people living inside were from the beiming family.

After pondering for a while, he still raised his hand and sent a seal into the door. The seal directly hid inside and disappeared.

In a few breaths, an extremely impatient voice came from inside, almost with a scolding tone, "Who is it?"

The door of the secret room rumbled open, and a man with an angry expression said, "Didn't I tell Lord ning Huaishu not to disturb us unless it's a critical moment?"

After he was done throwing a tantrum, he fixed his eyes on the person in front of him. The person in front of him was not an ordinary disciple of the red moon City, and his bearing was extremely extraordinary. "You, Who are you?"

"I'm Zhuang Sheng. I'm really sorry to have disturbed the Lord of beiming Dark Palace," Zhuang Sheng said.

That person only felt that this name was a little familiar. Suddenly, a ray of light came from inside and directly sent him flying, making a loud bang as he hit the wall.

Beiming Laifeng's figure appeared at the door, his face full of shock. He hurriedly said, "So it's master Zhuang Sheng. The servant is insensible and offended the master. I'll beat him up! Master, please come in and have a seat!"

Beiming Laifeng's forehead was covered in cold sweat. He wiped it off and hurriedly apologized.

"You're welcome, it's nothing important." Zhuang Sheng's face was expressionless. However, I was just chasing a suspicious figure who disappeared in front of your door, so I came to ask if you have found any suspicious people?"

"Suspicious people?"

"We've been in closed-door cultivation all this time," beiming Laifeng said after a moment of thought. "We haven't found anyone suspicious."

A trace of suspicion flashed across Zhuang Sheng's face. "Since that's the case, I won't disturb you any further."

Beiming Laifeng felt embarrassed. He was afraid that he would leave a bad impression on Zhuang Sheng, so he hurriedly said, "Master Zhuang Sheng, I'm sorry about the previous matter."

"Don't mind it."

Zhuang Sheng said indifferently. He did not care at all.

But the more he acted like this, the more Beiming Laifeng felt uncertain. Right now, he wanted nothing more than to kill that cultivator. After a moment of hesitation, he suddenly said, "Master, do you know why we've been following the frontline?"

Zhuang Sheng stopped in his tracks. He was also very curious. "Why?"

Beiming Laifeng smiled wryly, in order to go out to sea, one of our ancestors was trapped somewhere in the East Sea. The sect received his distress signal a few days ago, so we were sent out to rescue him. Who knew that there would be a war between the two races, and the coastline was completely sealed off.

Zhuang Sheng was stunned for a moment. He did not expect the other party to have such a reason, which made the higher-ups of Red Moon City speculate for a long time.

"In order to set out to sea as soon as possible, our Beiming family has been constantly searching for a passageway in a few small cities adjacent to the eastern sea. However, we've discovered something suspicious in Whitewash City," Beiming Laifeng said.

"What suspicious thing?" Zhuang Sheng frowned.

Although Whiterush City wasn't directly facing the sea like Haitian Town, it was still a small city near the East Sea. He didn't know why Beiming Laifeng had suddenly mentioned this matter.

“We seem to have discovered traces of the sea tribe near whitewash city,” beiming Laifeng said in a grave tone.

“What?”

Zhuang Sheng was shocked and his expression changed. He asked, “Is young master Leifeng telling the truth?”

Beiming Laifeng nodded. although there aren't many of them, we did indeed see members of the sea tribe. We were also suspicious. We were just discussing whether we should report this to Lord ning Huaishu.

...

“Of course!”

Zhuang Sheng's face became extremely serious and he suddenly said, “ however, this matter is of great importance. Young master liefeng, have you investigated it thoroughly? ”

Right now, the main problem of the war between the two races was still the woman named Xiao Hong. The conflict was limited to Haitian town, where Xiao Hong had once appeared. They speculated that the sea race's purpose was to force the human race to find Xiao Hong and return her to them through the war.

However, if traces of the sea tribe had appeared in baichong city, or if the battle had spread over, it was a sign that the city was about to be upgraded and expanded.

It was very likely that it would cause a large-scale war along the entire East Sea. At that time, it would really be an irreconcilable situation between the two races.

“Who is that little red? What is the bottom line of the sea Race that they can tolerate?”

Zhuang Sheng's heart suddenly became extremely heavy. He said, "Thank you for your reminder, young master wind. I'll send someone to investigate! If the war escalates, I hope that Beiming Dark Palace can also help our clan."

"Of course, of course," Beiming Laifeng quickly replied with a smile. Secondly, the best way to solve the war is to find Li Yunxiao and Xiao Hong, and then everything will be fine."

Zhuang Sheng shook his head and sighed. The last time Li Yunxiao appeared in Fengling city, there was no news from him after that. Xiao Hong seemed to have vanished from the world after she appeared in Haitian town. I'm afraid it's useless to find Li Yunxiao. Perhaps this war is really much more serious than we expected.

There's no need to work too hard, Grandmaster," Beiming Laifeng said. If things really get out of control, the sacred zone will come forward to mediate with the higher-ups of the sea Race. I don't believe that these sea beasts would dare to start an all-out war with us humans." Humph! he raised his eyebrows and snorted. Putting the number aside, as long as the Holy region summons the ten martial sovereigns, it'll be enough to overturn the four Seas.

"If it really develops to that extent, the entire Eastern Region will be wrecked havoc," Zhuang Sheng said with a bitter smile. He bade his farewell. This matter is of great importance. I won't stay any longer. Thank you, young master Laifeng.

...

Beiming Laifeng politely sent Zhuang Sheng off.

A black-robed man suddenly appeared behind Beiming Laifeng. "Young master, why did you give him such an important piece of information?"

Beiming Laifeng's eyes flashed as he coldly snorted, "It's all because that piece of trash offended Zhuang Sheng. I wanted to make friends with this person. At this moment, the red moon City is facing internal and external troubles, so I might be able to poach some talents. Secondly, it's to let the Redmoon city investigate the situation in the sea region near the whitewash city. If the sea Race really wants to pull open the battle line, I'm afraid that all the shores have already been sealed off. How can we go out to sea then?"

The black-robed man remained silent.

The door of the secret training room slowly closed, and there was no more movement.

After a while, the space in front of the door flickered slightly, and Yunxiao's figure appeared, his face extremely pale.

In order to hide from Zhuang Sheng's divine sense, he had performed secret skills one after another and had almost reached his limit.

His eyes flickered with light. He originally came here to find out what the beiming family was planning to do by hiding in the main city Tower, but he didn't expect to get such a piece of news.

That rainbow stone was definitely an existence similar to the aegirine, and there were people in the Royal clans of the eastern sea who knew the use of this stone. This was why they were willing to pay any price to provoke a war and force the humans to hand over Xiao Hong. He really didn't know where the bottom line of the sea Race was, because the rainbow stone was definitely gone. They couldn't really start a full-scale war between the two races, right?

After thinking about it carefully, Yunxiao teleported away, but he did not leave the main city Tower. Instead, he went straight to the third floor.

A moment later, he returned to the Plaza in a flash and walked back to the battle blade squad's area.

The team leader and vice-leader had the right to move freely, so no one asked him too much.

The first day was peaceful, but the next day, just as the sky broke, the giant city trembled. A three-colored light spread out in the sky, and all the martial artists flew up to watch.

Chapter 1013-fire beast

Yunxiao and Liang Yuanji flew directly up to the city wall. In the distance, a murderous aura filled the sky. After a day of rest, the sea Race had indeed sent an even larger force to prepare for the siege.

Liang Yuanji frowned and said, "what are these Sea Race people doing?" They said they were going to attack the city but didn't use their full strength. Were they deliberately playing around? But every time, there would be a huge number of casualties."

Yunxiao's eyes narrowed slightly. Judging from the actions of the sea tribe, it seemed to further confirm the news that Beiming Laifeng had received yesterday, that the war might really escalate. So, they were not in a hurry at the moment. When all the battlefields were ready and attacked together, the entire Eastern coastline of mankind would collapse.

As the sea tribe's murderous roars shook the sky and they were approaching, the fire origin formation from yesterday reappeared above the sky-towering city. The sky was burned red, and a large number of meteors were falling down.

"Bang! Bang! Bang! Bang!"

The entire area in front of them was covered in a sea of fire and explosions. A large number of sea tribe members were crushed on the spot.

However, they had learned a lesson this time. They no longer attacked in a dense group, but in groups of three to five, similar to the arrangement of small human teams. They attacked from all directions, which could minimize the deaths of their soldiers.

As expected, the effect of the fire origin array was much worse than yesterday.

After the meteor rain of fire had passed, the light on the formation brightened again. The symbols on it flew up into the air and kept breaking apart. The formation also shrank.

Yunxiao's eyes narrowed slightly, knowing that the final change of the array was coming.

The large number of runes that had been dismantled flew and danced in the air, forming a spiral shape that kept revolving and rising. It condensed into a huge form that rose from the ground, like a mountain that reached the sky.

As the spiral coiled, the mountain burned redder and redder, and white mist spewed out from the hollow.

“BOOM!”

The place where the White gas was coming from suddenly opened up. It was a huge, sinister mouth!

“?! This is Yingluo.”

Even the human warriors in the city were shocked. They looked at the towering mountain outside the city in horror. It was a fire-element giant beast!

The moment the giant beast was formed, it roared loudly and raised its fist to punch forward. A fire Fist pierced through thousands of meters of space, burning all the sea tribe members in its path to death!

Yunxiao was also amazed as he said, “ the amount of Supreme-grade origin stones used to condense a fire-type source beast to such a large size must be astronomical!

Cold sweat broke out on Liang Yuanji’s forehead. With such a powerful elemental beast, it would be worth it no matter how many metastones he had to spend!

In the distance, all the members of the sea Race were dumbfounded.

Not only the three of them, but Guangcheng, who was at the back, also had a grave expression on his face as he stared at the elemental beast, deep in thought.

“Woof! Whoosh!”

The giant beast's fist danced in the air, unrivaled wherever it passed. It smacked down a large number of sea tribe members as if they were mosquitos. Those who were hit all had flames rising from their bodies, and they died while wailing in pain.

"Don't panic, don't panic! Let's attack together!"

A few of the commanders were so angry that their eyes were about to pop out of their sockets. They roared repeatedly and took the lead in fighting the fire-attribute giant beast.

Among them, there was a triangular flying fish tribe that was extremely fast. They dodged the fire beast's giant fists in the air and gathered more than thirty people in an instant. They rushed toward the fire beast.

"Bang!"

The person in the lead self-destructed, and a jet-black energy spread out in a small area, blasting a hole in the chest of the fire-attribute giant beast!

"Bang! Bang! Bang! Bang!"

Then, the thirty or so people also rushed up one after another. Their faces were full of determination, and they didn't fear death at all. All of a sudden, they rushed onto the giant beast and exploded. The giant beast's body was directly blown into pieces, and it was almost impossible for it to condense.

The Marine race expert was overjoyed. He suddenly shouted, "Attack! All of you, attack!"

All of a sudden, the fire beasts were bombarded by the overwhelming power in groups of three to five, and they could not maintain their form for a while.

On the spectator stand, Zhuang Sheng's expression changed drastically. He turned around and teleported to the control center. His hands quickly formed a seal, and a symbol turned into a fiery red Bird in his hands, flying into the main control array.

Outside the sky-towering city, the fire-attribute giant beast was completely dispersed, turning into a raging fire that was constantly suppressed.

All of a sudden, a chirping sound rang out from within the sea of flames, and the flames immediately transformed into a massive fire Sparrow, its body becoming bright and translucent.

“BOOM!”

While the sea tribe members were still in a daze, the fire Sparrow suddenly exploded, and a boundless sea of fire rushed out.

The sea tribe cultivators who were close to the explosion didn't even have time to scream before they were instantly turned into ashes. The flames spread in all directions at a terrifying speed under the tremendous explosive force.

In the control center, Zhuang Sheng put down the seal in his hand and heaved a sigh of relief.

He directly teleported back to the spectating platform. Although the fire that filled the sky had a strong impact, it could not last long and dissipated in an instant.

The sky outside the city was filled with wolves, and a large number of members of the sea tribe were either dead or heavily injured. However, the remaining members were still slowly gathering, and they once again formed a force that could not be ignored.

“Although the sea tribe's intelligence isn't high, their bravery is far beyond our race's.” Fu Yichun sighed.

Ren zhanxiong said in a serious tone, “ I think they're trying to test our strength by attacking us again and again. This time, they're much stronger than the last time. Moreover, they didn't retreat even after being severely injured. They seem to be getting bolder and bolder!

The other Martial Emperor's face turned cold as he said, “ I think we should give them a heavy blow. We should kill them until they're terrified and their morale is completely destroyed!

“Master Zhuang Sheng, that fire-type source beast still has several levels of power that can be raised,” Fu Yichun said. “Why did you let it self-destruct?” “Wouldn’t that be a waste of a Consolidating Equipment?”

Zhuang Sheng’s expression was solemn. the sea tribe’s courage is above my expectations. The fire-element source beast’s Nine Heavens Martial Emperor state is the ultimate evolution. It’s one of the city’s five trump cards. We can’t expose it before we have a clear idea of the enemy’s situation. Our only goal is to defend the city.

defending the city is the minimum requirement, ” ning Huaishu said. it’ll be even better if we can defeat them.

Zhuang Sheng smiled wryly. if it was before, I might have directly raised that fire-type source beast to the 9th rank. However, I just received some extremely bad news from beiming Laifeng. If this is true, we’ll be in big trouble. Therefore, the mission to take skyscraping city would be tougher. We can’t lose it!”

“What news?”

Everyone was shocked and quickly asked.

Zhuang Sheng explained everything one by one, and at the same time, he voiced his concerns.

Everyone was shocked, their faces full of disbelief.

“In master’s opinion, what’s the possibility that the sea Race will escalate the war?” ning Huaishu asked in shock.

...

Zhuang Sheng shook his head and said, ” it’s impossible to estimate. It depends on how important the girl named Xiao Hong is to the royal families of Dong Hai. But even if she’s the princess of the royal family of the eastern sea, she wouldn’t go so far as to use the entire Eastern Sea as a stake!”

“I’ll immediately report this to the Redmoon city and let old man Tang Qing make the decision,” ning Huaishu said.

“Reporting back to the Redmoon city is naturally the most urgent matter, but I would like to send some people to white surge city to investigate and see if it’s true,” Zhuang Sheng nodded.

Behind him, Liao yangbing’s pupils shrank, and he was overwhelmed with shock.

Earlier, Yunxiao had taken the initiative to find him and sent him a voice transmission, saying that it was very likely that he would send several teams to whitewash city, and that he would take the initiative to fight for the spot.

At first, he thought that it was extremely unbelievable, but he didn’t expect it to be true.

Yunxiao’s meticulous mind and accurate speculation made him feel a great fear, and even a little afraid.

However, on second thought, if the other party wanted to harm him, he would not have spoken out to save him. Thinking of this, his heart calmed down a little.

Ning Huaishu frowned. the battle in this city is already intense enough. How can we send people out? if we want to send people, let lieguang city send people.

The rest of the people also shook their heads, thinking that it was inappropriate to assign manpower at this time.

Zhuang Sheng said, “ I only asked one or two masters to lead a few small teams to investigate. It’s not enough to assign our strength. Almost all of the people in blazing light City have never come into contact with the sea Race. I’m afraid that I won’t be able to do my job well. After all, this matter is very important, so it’s better to have experienced people.

...

Liao yangbing sighed in his heart. He did not know whether Yunxiao's divination was heaven-defying or that he was in cahoots with Zhuang Sheng. It was as if those words were spoken on his behalf.

Liao yangbing immediately stood up and said, "I completely agree with master Zhuang Sheng's words. In terms of experience in dealing with the sea Race, I'm afraid no one can beat me. In addition, I was also injured before, so I won't be of much help here. It's better for me to lead a few teams."

"It'd be great if Sir Yang Bing could go," Zhuang Sheng was overjoyed.

His gaze turned to ning Huaishu. Although his prestige was extremely high, ning Huaishu was the leader of the battle here, so he had to agree first.

Ning Huaishu frowned and thought for a while, then said, "Alright, then go quickly and come back quickly. Don't take too long. Once you discover the tracks of the sea Race, do not act rashly and immediately report back."

"Yes!"

Liao Yang Bing replied.

Ning Huaishu said, "since we've decided to go and investigate, we must be careful of the danger. I'm really worried about Lord Yang Bing going alone. Let two more people come with Lord.

On the surface, he seemed to have suddenly become generous, but everyone present was a sly old fox. They knew that ning Huaishu was afraid that the Michaux incident would happen again and that Liao yangbing would take a detour and run away, so he had sent two people to follow him. They called it help, but in fact, they were monitoring him.

Liao yangbing didn't mind and said, "It would be even better if we could have the help of other Lords."

"When this wave of attack is repelled, you guys can go ahead."

Ning Huaishu immediately picked two of his confidants. They were both Tier 6 martial Supreme powerhouses and were more than enough to protect Liao yangbing.

In addition, he was indeed afraid of situations happening. The more people there were, the better the ability to deal with things.

After that, the three of them each picked a team to lead, and Liao yangbing naturally picked Warblade.

Chapter 1014

1014 The great desolation drum

At this moment, nearly half of the sea race's people had been killed after the fire beasts' attack and the fire sparrows' self-destruction. However, there were still nearly 20000 people left. They gathered together and came over in a mighty manner.

"How should we attack this time?" ning Huaishu asked.

After receiving the news from baichong city, ning Huaishu also became cautious. The skyscraping city had five major restriction trump cards, but now they were somewhat restrained and did not dare to act rashly.

If the war was really going to spread across the entire coastline, the skyscraping city would definitely be the strongest city on the East coastline. It would be of great significance, and they could not afford to lose it.

"Why don't you let us do it?" Hong junhuan asked. It's just 20000 people, and there's not even a single nine Heavens martial sovereign. Although it'll take some effort to kill them, it's just like cutting radishes."

no," Zhuang Sheng said. you're the absolute high-end power of the giant city. Once our strength is exposed, the consequences will be unimaginable. In my opinion, let's let some of the level one squads and all the level two and three squads fight. We'll just treat it as a training session."

that's good," ning Huaishu said. we can let them hone themselves more to deal with more difficult situations in the future.

The order was quickly passed down, and a large number of sect disciples also set out.

There were also some martial Supreme-level itinerant cultivators who were organized into level one teams of five. Their abilities were even stronger than the sects' teams, so they were kept as trump cards. Only eight teams were selected from each sect's team, making up a total of twenty martial Supreme powerhouses.

As soon as the city gate tower's restriction was opened, everyone soared into the sky. More than two thousand people were densely distributed in the surroundings, each of them with cold eyes, waiting in battle formation.

Behind the sea tribe, Guangcheng stared coldly into the distance and said, "What, has this giant city used up all its trump cards? Do we need those human beings to do it themselves?"

The ancient lizard commander said, "the fire giant's aura was huge. It must have required a lot of resources. However, it was restrained by the self-destruction of some of its clansmen. The humans must have felt that it was not worth it to use that kind of restriction again.

"It's impossible for such a magnificent city to only have one restriction," Guangcheng said indifferently. "They must be keeping a trump card." However, from the looks of it, even if he had a trump card, he would not have many. Because the human race's numbers are too small, it's hard to make up for the losses, but they'd rather send out martial artists to fight."

"Does this mean that the strength of the entire city is about the same?" commander Jiao ha asked.

The ancient lizard commander rolled its eyes at him and said, "What, you want to go over and attack?"

"If we know the enemy's background, what's wrong with attacking them head-on?" commander jiaoha said.

Everyone's eyes were fixed on Guangcheng, as if the previous failures had already made them unable to bear it and they wanted to vent their dissatisfaction.

Guangcheng's eyes swept across the room, and a cold smile appeared at the corner of his mouth. "Let's just wait. I want to take down this city without any mistakes, and there is no room for failure!"

"Lord Guangcheng, with our strength, we're basically safe. Summoning the deep-sea Giant beast is just adding flowers to a brocade," jiaoha's commander could not help but say.

Guangcheng placed his hands behind his back and said indifferently, "It doesn't matter if a few more deep-sea monsters die, but you can't afford to lose them. Now, the entire East Coast is mobilizing the Army, and a large-scale war will break out at the first touch. Almost all the experts in the nearby Sea region are in my hands. Not only do I want to take this city without a mistake, but I also want to become the core of the war in the entire Eastern Region. I can't do without you."

Everyone's bodies trembled as they hurriedly replied, "Yes!"

Guangcheng waved his hand. let the three of them do it. It's better than I expected. At least it won't be so boring.

On the skyscraping city, a square platform protruded from a corner of the city wall, on which lay a large golden-bronze drum, which glowed slowly under the sun.

There were four Martial Emperor powerhouses standing guard around the war drum. They sat cross-legged in the air and cultivated with their eyes closed.

Suddenly, a ray of light fell and turned into the figure of a martial artist.

The four Martial Emperor powerhouses were shocked and said, "Greetings, Lord shaochu."

This person was Zhang shaochu, one of the five Hall Masters of the four extremes sect. He grabbed in the air, and the battle drum glowed with silver light. In an instant, it absorbed most of the spiritual Qi in

the surroundings. The surface of the drum emitted a white light, and a Golden Shadow appeared on it, growing larger and larger.

“Bang!”

A ray of golden light shot up and shook the drum.

The Golden Shadow suddenly broke out of the drum. It was a drumstick that was more than ten meters long. It kept spinning in the air, creating a strong field energy with the war drum. The gold and silver light affected each other.

“Are we going to use the great desolation drum?” one of the Martial Emperor powerhouses asked in shock.

Every time there was an enemy signal, the drum would sound three times in a row, but it was only lightly hit by the four guards.

but use one-tenth of its power, ” Zhang shaochu said. let’s make the sea tribe suffer a little.

His left hand formed a seal and his right hand reached toward the air.

The Golden Drum stick was pulled by his suction force and slowly flew down. However, the silver light on the surface of the drum was so bright that it felt as if it was being pulled away from its flesh and bone.

All of a sudden, a silver light shot out from the surface of the drum and headed toward the Golden Drum stick, trying to take it back.

Humph! Zhang shaochu snorted coldly and immediately cast a spell with his left hand. A golden light shot toward the silver light and hit back into the drum, making a dull sound.

The suction force of the Golden Drum stick suddenly reduced. Zhang shaochu held it in his hand and poured his essence force into it. Beams of golden light bloomed and danced in the air.

The four martial sovereigns around him were shocked. They knew the power of the great desolate war drum. They had tried to summon the drumsticks but none of them succeeded.

Zhang shaochu held the Golden Drum stick, jumped up, and hit the war drum hard.

“Bang!”

An earth-shaking sound rang out, and a silver light burst out from the back of the war drum. It turned into a Golden Wave that swept toward the oceanic species ‘experts that were surging toward the city.

The faces of the members of the sea tribe in front of him changed drastically. They stopped and used all kinds of ultimate skills. All of a sudden, they were all colorful and smashed into the silver Wave.

“Bang! Bang! Bang! Bang! Bang! Bang!”

Most of the attacks were like ants trying to shake a tree. They all exploded under the silver Wave. His entire body was also penetrated by the wave, and he lost his life with one move.

Only a few powerful members of the sea tribe in the eight desolate territory were able to break through the silver waves and form a layer of defense around their bodies to save their lives.

The silver waves were obstructed by a powerful force and pushed forward in the air for a distance before finally disappearing. A large number of corpses of the sea tribe fell to the ground.

The warriors in the Sky above the giant city all shouted.

“Bang!”

Another drumbeat spread out, and immediately, a large number of Sea Race members fell one after another. However, all of them were on guard. Moreover, those who charged at the front and hadn't died were all powerful existences. This time, they quickly annihilated the silver Wave.

Zhang shaochu frowned, and a cold look flashed in his eyes. Several runes flew out of the Golden Drum stick in his hand, forming a group of patterns in the air, and then he hit the war drum.

“BOOM!”

The sound this time was different from the previous two. A sound wave turned into a rainbow and flew up from the drum. It turned into a vast Qi of the cloud Sea and rushed toward the sea Race.

...

“Wuwuwu! Wuwuwu!”

Suddenly, the melodious sound of a conch rang out in the distance, as if it was calling for something in the Twilight Sea.

Then, the sound of conch shell rang out, rising and falling one after another. It was low and followed a certain rhythm.

The cloud-like drum sounds were blocked by an invisible force all of a sudden. Unable to advance any further, they dissipated in the air outside the city.

Zhang shaochu's expression changed abruptly, showing a trace of anger. He was about to activate the power of the war drum again when he suddenly heard an order, calling him back.

His face twitched, and he snorted coldly. He threw the drum stick away unwillingly, turned around, and flew away from the drum stand.

The drumstick immediately turned into a ray of golden light and flew into the great desolation drum. The entire battle drum became quiet and the spiritual energy fluctuations on it disappeared.

The four Martial Emperor powerhouses who were guarding the city looked at each other and fixed their eyes on the outside of the city. They looked extremely worried.

Along with the sound of the conch, there was a "Hua Hua" sound in the sky, as if they had returned to the sea.

All the members of the sea clan felt their blood burning. Their auras rose to the peak as they roared and rushed forward.

Zhang shaochu returned to the spectator stand and said angrily, "Why did Lord Huai Shu ask me to stop? It's better to directly summon the desolate ancient barbarian sound and kill all these Sea Race members!"

...

Ning Huaishu said indifferently, "we have strong opponents, so does the other party?" Since they've already retaliated with the conch sound, we'll stop for the time being. I don't want this attack to escalate, so that we won't be able to achieve our purpose of training them."

that's right! Hong junhuan nodded. we paid a lot of money to summon these martial artists to kill the enemies. If we have to do everything, what's the point of having them? "

Zhang shaochu snorted coldly and crossed his arms in front of his chest. He didn't say anything.

The warriors in the Sky-towering city were already waiting for the sound of the conch's sound. When they saw the sound of the drum being extinguished and the sea tribe's experts rushing within hundreds of meters, they all shouted and rushed out.

kill the enemy in groups, " Yunxiao said in a deep voice. don't be too far apart, and look out for each other. Don't stretch the Battlefront of the whole team too long.

“Yes!”

Everyone responded, including Liang Yuanji. Their boiling blood calmed down. Killing the enemy was important, but staying alive was more important.

The 2,000 human warriors rushed out and instantly drowned in the sea tribe warriors. Their numbers were almost ten times that of the human warriors. Under the impact, many human warriors died. The entire battlefield continued to expand, and a steady stream of sea tribe warriors rushed in.

Yunxiao was still holding an eighth-tier saber in his hand, and his strength was suppressed to the level of an eight-stars martial Supreme. However, each slash killed a sea clan expert, and it was impossible for them to avoid his attacks.

Moreover, he had specifically chosen the enemy’s high-level martial Venerables to kill and left the weaker ones to his own teammates.

In just a few breaths ‘time, he had killed more than ten high-level martial Venerables and rushed into the enemy’s camp.

“Lord Feiyang!” Liang Yuanji shouted, “don’t drag the battle line too long!”

The members of the battle blade team were shocked by Shi Feng’s bravery and strength. At the same time, they began to worry for him.

Chapter 1015

1015 Killing

mind your own business,” Yunxiao said indifferently. I’ll take care of you.

The members of the battle blade team were all stunned, but they soon revealed bitter smiles. With his strength, he indeed had the right to say such words.

Although the sea tribe warriors who had been filtered by Yunxiao were still large in number, the small team was able to kill more than ten of them in a few moves, and their mission was considered completed.

The crowd in the spectator stand quietly looked down. The entire battle was under their control. Once the situation changed, they would immediately take action. After all, almost all the teams were gathered here, and they could not afford to make any mistakes.

is that masked warrior really only an eight-star martial Supreme? ”

He had been looking at the entire battlefield, but he soon found that Yunxiao was almost unparalleled. No matter whether his opponent was a peak martial honor or a very strong shell, he was killed with one strike, without exception.

Liao yangbing’s heart skipped a beat and he started to worry.

I also feel that there is something wrong with this young man. Although his Yuan power is indeed that of an eight-star martial Supreme, his blade technique is extremely ruthless and accurate. It secretly contains Supreme blade intent, so he can easily kill the enemies of a nine-star martial Supreme.

but that’s not a problem, ” Fu Yichun said seriously. the problem is that he’s killed almost a hundred people, but the elemental energy fluctuations from his body haven’t weakened at all.

Liao yangbing put on a fake smile and said, ” then, this person must be a peak martial honor or a Martial Emperor in disguise. This has happened before. It’s not a bad thing.

Zhuang Sheng nodded. everyone has their own thoughts. Since he wants to hide his strength, it’s understandable. If he can survive the war, then yunruo’s reward will be based on the rank of a martial Supreme.

Fu Yichun nodded. that’s true. The courage he had when he killed the ghost eel commander, as well as the military merits he has displayed now, can be given in excess. Even those martial sovereigns aren’t as nimble as him.

Hong junhuan's pupils constricted and he suddenly said, "Don't you think he's too quick? "After killing dozens of people, the martial Supreme powerhouses in the level one team obviously don't have enough origin power. They have to use the second or even the third move when facing a peak martial honor. Under the siege of several peak martial honors, they were trapped again and again, and it was difficult for them to win. However, this person still kills them with one slash, as if he was chopping radishes."

"So what?" Zhang shaochu asked. It only means that his true strength is above that of an ordinary martial Supreme."

Everyone nodded, and Hong junhuan did not say anything else.

Liao yangbing breathed a sigh of relief. If these people found out Yunxiao's identity, he would probably die a terrible death on the spot.

How could Yunxiao not know that he would arouse suspicion if he killed the enemies like this? but, the more the sea tribe surrounded him, the more angry he was. The more he killed, the heavier the murderous aura on his body, and the more excited he was.

"Keep your heart and don't be possessed by the devil," the demonic Dragon suddenly reminded.

Hmph! Yunxiao snorted coldly and said, "I've refined the devil a long time ago. How can he be possessed by the devil?"

the devil is born from the heart," the demon Dragon said. when did you refine the devil in your heart?"

"Pfft, don't gossip with me!"

these sea people are really hateful," Yunxiao said angrily. they don't even hesitate to start a war between two races for a rainbow stone. In that case, I don't need to be polite when I kill them!

you're the one who should be blamed," the demon Dragon scolded. you took someone else's things and you still blame them for coming to our door?"

if the rainbow stone is a dead object, ” Yunxiao said, ” I can return it to them. But now she has already turned into a living person and has swallowed my aegirine, how can I return it?”

Within a few telepathic exchanges, another dozen sea tribe members had died under his blade. Those who were low-level revered martial artists and below had basically been killed with a single slash.

The members of the sea tribe around him also went crazy. Their eyes were red, and they didn’t use their unique skills. Instead, they roared and rushed up to self-destruct.

“Hmph!”

Yunxiao snorted coldly as he threw the saber away and stood in the air.

The saber kept flying in the air and opened around him. A ray of Saber Light bloomed in all directions.

“Bang! Bang! Bang! Bang!”

Before those self-destructing members of the sea tribe could reach the light, they were slashed and exploded in the air. All kinds of explosions were heard.

Although the sea tribe was not afraid of death, their suicidal behavior, which was like a moth darting into the fire, still terrified them. After the saber spun several times and fell back into Yunxiao’s hand, all of them retreated, and no one dared to step forward.

A cold look flashed across Yunxiao’s face as he continued to approach the sea tribe.

With a whoosh, the sea tribe members actually retreated to both sides to make way for him, which surprised Yunxiao.

Looking at the members of the sea tribe who were trembling in fear, the killing intent in his eyes suddenly disappeared, and his mind calmed down.

Although he was a foreign race, although his intelligence was not high, although he was courageous, he was still a living creature. Who would not be afraid of death? Who would be willing to die in such a cowardly manner?

However, the two races had no choice in the battle!

Yunxiao did not continue to chase after them, but began to turn back with a cold look on his face. With a wave of his saber, several people screamed and died. It was as if he had returned to the past, when he had killed countless experts in the eight thousand miles of sea.

The pressure on the members of the battle blade team suddenly increased after Yunxiao had gone far away. They were surrounded by a large number of sea people, and the battle circle gradually shrank. Their eyes were spitting fire, and they could no longer tell whose blood was on their bodies. There was only 'kill, kill, kill' in their minds.

Chen Zhongwei's face was even more ferocious. He wanted to settle all the Old and New grudges together. His entire body was filled with violent emotions. He wanted to rush up and bite these sea tribe members to pieces.

"Hiss!"

Just as he was surrounded by two martial honors of similar strength and was in danger, two rays of light suddenly flashed past and the two martial honors were cut in half and fell from the sky.

Blood splattered all over his face, and in his shock, he saw Yunxiao, who had an indifferent look on his face.

"Lord Feiyang, Qianqian!"

Although Chen Zhongwei knew that Yunxiao's strength was extraordinary, his performance was a little too shocking, and he was stunned for a moment.

Yunxiao did not even look at him. He just said indifferently, "Don't die,"

The saber radiance streaked across once again and attacked the other members of the sea tribe who were besieging the small team.

Chen Zhongwei's heart warmed. He quickly looked around and immediately retreated to the battle circle of the battle blade team.

With Yunxiao's return, the pressure on everyone was greatly reduced, and they all breathed a sigh of relief.

The entire battle ring became smaller and smaller, and a large number of corpses piled up below. Everyone in the spectator stands was pale.

Their hands were stained with blood, but this was the first time they had experienced such a bloodthirsty battle. Hot blood surged in their bodies, and they wanted to rush out and kill the enemy.

There was only one person. As more and more people died, the expression on his face became more and more excited, and he couldn't help but lick his lips.

Zhuang Sheng turned around and glanced at him. "Chikage-sama, is that enough?"

...

"Keke!"

Duan Qianyou stuck out his long tongue and licked his lower lip. He laughed eerily. His voice sent chills down everyone's spine and they could not help but look disgusted.

The martial artists beside him snorted coldly and walked away, not wanting to get too close to him.

Duan Qianyou didn't care about the crowd's expressions. He laughed and said, "It's almost done, a little more would be better! Hehe, this trip wasn't in vain. I'm really looking forward to the war escalating, hehehe!"

Ning Huaishu's face was also pale, and he felt like retching, but he still forced a smile and said, "Since Chikage-sama likes this kind of scene, why don't you send more people over?"

"No, no, no!"

Duan Qianyou shook his head, his eyes shining. "I can't even have enough of these vengeful souls and malicious ghosts for myself, how can I let others have a share? Unless the war escalates and hundreds of powerhouses at your level die, that would be more like it. Hahaha!"

"If hundreds of high-level martial sovereigns die, the entire Eastern Region will basically fall," Zhuang Sheng said with a bitter smile.

Duan Qianyou let out a strange laugh. hehehehe. If there are a hundred vengeful souls of high-level martial sovereigns, I can refine a heaven class Golden Soul. I can avenge you all.

The rest of the people were all upset, but no one was willing to provoke the experts of the soul Devourer sect. Moreover, they were all on the same side now. The more abnormal and powerful this person was, the more beneficial it would be for them. Thus, they all turned their heads away and ignored him.

Duan Qianyou laughed for a while, then stopped when he realized that it was boring. He looked outside and licked his lips more and more frequently with his long tongue. He kept sucking his saliva.

...

"It's almost time!"

Just as everyone's hair stood on end from the sound of their saliva being sucked in, and they were almost at their limit, Duan Qianyou laughed out loud, turned into a ray of light, and rushed out.

His figure appeared in the sky and looked coldly at the battlefield. He threw out a soul devouring banner and directly launched it in the air, growing larger and larger.

The long silk was fluttering in the air. The strange black symbols on it flew out and circled in the air. Gradually, they formed a small black formation. The power on it suddenly dispersed.

The entire sky darkened in an instant, as if night had fallen. There was no light at all.

Everyone's heart trembled as they looked up in horror. They didn't know where the martial artist had shown his remarkable power, but he could actually change the phenomenon of heaven and earth.

When the human powerhouses saw who it was, although they didn't know who it was, they at least knew that it was a human. They were overjoyed and cheered as if they had seen their Savior.

Yunxiao's eyes narrowed. He naturally knew that it was someone from the soul Devourer sect, so he said indifferently, "The moment this person makes his move, the battle will end. Everyone, be careful."

The members of the battle blade team were stunned. Since it was an expert from their side, what did it mean to be careful?

this man is from the soul Devourer sect," Yunxiao explained. once they start eating souls, they don't distinguish between friend and foe, and only care about their own pleasure. Now that the two races are at war, Red Moon City should restrain him and not act too rashly, but we still have to be careful. If he accidentally eats your soul, I don't think red Moon City will seek justice for you.

When everyone heard this, they immediately felt a chill in their hearts and their heads began to ache.

Chapter 1016-soul devouring

Among the seven major sects, the soul Devourer sect was undoubtedly the most troublesome and feared sect for all the Warriors. They often fled the moment they heard their name. Now, hearing Yunxiao's words, they became even more nervous, and their killing speed slowed down. Instead, they were more afraid of the top.

In the distance, the three commanders of the sea Race saw that the sky had turned dark, and their faces also changed. The ugly fish said angrily, a high-level martial Supreme from the human race has made a move!

“What do we do?” the commander cried out.

Although the three of them had suffered heavy losses during their several sieges, they had received praise from Guangcheng, who had directly appointed ugly fish as the highest commander. This way, commander Li Jing and commander mo ting had nothing to say. Basically, ugly fish was in charge and would listen to his orders.

The ugly fish said coldly, ‘you shameless thing. You’re only a high-level martial Supreme, yet you’re actually attacking these dregs. Li Jing, it’s up to you to go and meet him.”

The commander was stunned for a moment, and then his face flashed with joy. He laughed wildly and said, “Haha, I should have done so long ago!”

Because the ugly fish’s strategy was simply to delay and not seek victory, the strength whale commander didn’t think that he would be sent out to fight. He had long been unable to bear the front line.

As soon as he received the order, he immediately turned into a ray of light and flew forward.

The ugly fish said, “although we don’t seek victory, we can’t allow humans to be so shameless.” Commander mo ting, you’ll be in charge of guarding the formation to prevent other humans from ambushing you. If anything goes wrong, return immediately and don’t be greedy for battle!”

“Alright!”

The demon Otter also turned into a beam of light and chased after the whale.

The ugly fish hesitated for a moment, then immediately ordered, "Everyone, get ready. Lead the troops forward!"

There was a flash of cold anger on his face. If the humans really sent a large number of high-level martial sovereigns to besiege them, the remaining 50000 sea tribe members would immediately attack the city with all their might and fight to the death.

He had a rough idea of the skyscraping city's strength. With the 20000 sea tribe soldiers in front of him and the 50000 sea tribe soldiers now, even if they couldn't take down the city, they could at least break half of its defense. When the deep-sea Giant beasts were summoned from the rear, they would be able to break through the city easily.

The moment the soul-devouring banner appeared, the entire sky changed its color and became dark.

A faint green color began to appear on the corpses that had piled up like a mountain below. Little by little, they flew up like fireflies, illuminating the corpses and presenting a gloomy and terrifying scene.

However, there were still tens of thousands of people fighting above. They didn't feel that it was eerie or terrifying, but everyone felt that it was very strange. They didn't know what kind of magical power this was.

A large group of sea tribe cultivators charged at Duan Qianyou, but he killed them with a single flick of his finger. He extracted their souls on the spot and threw them at the soul devouring banner.

A ghostly face immediately appeared in the house, revealing a strange smile. It opened its mouth and swallowed the souls of the sea tribe.

"Swish!"

Everyone below sucked in a breath of cold air. Whether it was the sea Race or the humans, they all felt a chill and couldn't help but shiver.

How many people had ever seen someone extract a person's soul to feed an evil ghost?

Soul Devourer sect! This is the Lord of the soul Devourer sect!

A warrior couldn't help but exclaim in shock. It was hard to tell whether he was afraid or surprised.

However, after a brief moment of fear, the morale of most of the human ancient martial art practitioners was greatly boosted. They laughed wildly and said, "Haha, it's the Lord of the soul Devourer sect! The seven superpowers have all sent their experts. Everyone, kill with all your might!"

All of a sudden, the sounds of killing shook the sky. The pent-up feelings that had been suppressed by the sea Race were instantly lifted, and their morale was high.

At this moment, the specks of fluorescent light that were surging up gradually condensed in the process of rising, revealing the appearances of various sea clan members and humans when they were alive. Their faces were dull, and some showed shock and horror, letting themselves float freely.

The eyes of the ghostly face on the soul devouring banner suddenly shone brightly. Under the brilliant golden light, it slowly flew out of the banner and opened its mouth to suck in!

Everyone on the battlefield suddenly felt a cold wind blowing, and a chill ran down their spines. They saw countless souls fly up from their sides and be directly sucked into the strange big face.

The killing intent that filled the entire place suddenly disappeared, and was replaced by a chill. Everyone gradually stopped fighting, and couldn't help but circulate their Yuan power to dispel the fear that came from the soul.

"Kekeke!"

Duan Qianyou had a great time sucking and could not help but laugh wildly.

He raised his right hand high and spread his fingers apart. Two of his fingers bent down and formed a seal. He pointed at the sky.

After devouring tens of thousands of souls, the Golden Soul slave's body swelled up. A rune appeared on its forehead, corresponding to the seal in Duan Qianyou's hand.

Yunxiao frowned, and a trace of anger flashed in his eyes as he said, "Be careful, everyone!"

As soon as he finished speaking, the Golden Soul slave exploded with a bang.

"Eh? What's going on?"

Everyone looked up, somewhat puzzled. Could it be that he had eaten too much and exploded?

Just as they were puzzled, the exploded Golden Soul slave turned into countless rays of light and flew down. Every ray of light revealed an identical face with a strange expression and a terrifying smile. The eyes of the soul slave shone as if a ferocious beast that had been hungry for a few days had seen delicious food.

"Ah!"

Suddenly, a sea tribe warrior screamed.

A ray of light pierced through his body, and when it came out from his back, he was biting a pale yellow light. Looking carefully, that pale yellow light was the appearance of the sea tribe warrior. His face was filled with fear, and his limbs were constantly struggling, but all of it was in vain. He was directly eaten by the face.

After the face ate the soul of the sea tribe warrior, its entire body became a bit bigger, and it revealed a satisfied expression. However, it seemed to be hungry again very quickly. It directly stared at a nearby warrior and rushed over.

"Ah!"

The martial artist was a human, and when he saw the ball of light rushing over, he panicked for a moment, but he quickly calmed down and forced a smile. haha, I forgot that the Lord is on our side. I've lost my composure, I've lost my composure.

He even smiled at the ball of light that was rushing over and nodded in greeting.

The face in the light laughed even more heartily. It passed through the cultivator's body and came out with the cultivator's soul in its mouth. The soul's face showed panic and disbelief. After struggling for a while, it was swallowed by the ghostly face, which grew even bigger.

"?! What's going on?"

Everyone was dumbfounded and felt their blood run cold. why are you eating your own people? "

While they were still in a daze, the countless rays of light had already flown down from the sky. Each of them was a ghostly face that had already eaten the souls of hundreds of Warriors, including many humans.

The members of the battle blade team were also frightened, and only then did they understand what Yunxiao meant when he said to be careful. They did not take it seriously before, thinking that Yunxiao was exaggerating, but now they hated him for not shouting to run away. How could they fight?

The two rays of light devoured the members of the sea tribe in front of the battle blade Squad. They grew larger and pounced toward them.

Everyone's expression changed drastically, and bean-sized cold sweat dripped down. The unknown was the most terrifying thing. No one had ever fought against this kind of thing, and it ate souls directly. They were all trembling in fear.

...

"Whoosh! Whoosh!"

Two rays of blade light streaked across the sky and directly split the two ghostly faces apart.

The two ghostly faces that had been cut into four pieces suddenly turned into four rays of green light. After spinning in the air, they directly combined into an even bigger ghostly face. It opened its mouth wide and bit at them again.

Yunxiao frowned. This soul slave was already at the profound Gold level, and even if it had countless incarnations, it could not be killed by ordinary power. The fastest way was to suppress it with Emperor aura, but he could not use it at this moment.

He had no choice but to strike again. With a slash, it turned into a saber cage and tore the soul slave into pieces.

Although they couldn't be completely killed, each time they were killed, these soul slaves would lose some of their strength. At least, they were more than enough to protect themselves.

Furthermore, there were many martial sovereigns in the human level one squads. In their anger, they used their Emperor Qi to kill many soul slaves.

At this moment, ning Huaishu, who was on the spectator stand, was already quite angry. He roared, "Duan Qianyou, you deserve to die!"

Duan Qianyou's entire body trembled. An extremely dangerous aura came from the spectator stand. He saw that ning Huaishu's eyes were filled with killing intent, and golden light kept surging from his palm, as if he was going to kill him.

He trembled in fear and hurriedly said, "Misunderstanding, misunderstanding! This was definitely a misunderstanding! Lord Huai Shu, please calm your anger!"

His hands quickly formed seals and sent them into the soul devouring flag. Many of the soul slaves on the battlefield stopped and began to distinguish between friend and foe, only attacking the sea Race.

...

Ning Huaishu's expression changed several times, and finally, the golden light in his hand slowly dissipated. He said coldly, "If I see you killing another of your kind, I'll definitely cut you into a thousand pieces!"

Duan Qianyou forced a smile out of embarrassment, but he felt that it was a pity.

Humans had a natural advantage in intelligence, and their souls were stronger than other races. Under the same cultivation base, sucking the souls of one human expert was equivalent to five Sea Race experts. Therefore, under the "misunderstanding" just now, he mainly ate the souls of humans. In just a few short breaths, he had eaten the souls of nearly a hundred people.

no wonder the soul Devourer sect was hated by the whole world," Fu Yichun said coldly. such a cultivation technique and such a mentality are too evil!

Fear flashed in Zhuang Sheng's eyes as he sighed, "That's why the soul Devourer sect now has an iron rule that they can't kill people for no reason, which is why they have a chance of survival. Leaving some leeway for others is the same as leaving some leeway for themselves. Otherwise, they won't be able to survive if they cause public outrage on the continent."

Alchemists were even more afraid of the soul Devourer clan, and the souls of alchemists were their favorite. Every time Duan Qianyou looked at him, Zhuang Sheng felt that he was food. He had not taken it seriously before, but now he could not help but break out in a cold sweat when he saw Duan Qianyou eating the souls of his enemies without even distinguishing between friend and foe.

"If it wasn't for the fact that this person's technique is of great use, I really want to kill him right now!" Ning Huaishu snorted coldly.

Chapter 1017-beaten

When the soul slaves outside the giant city started to attack each other, all the humans were relieved. However, they were still alert and kept a distance when they saw the soul slaves coming.

At the same time, the pressure on them was also greatly reduced, and the sea Race immediately fell into chaos.

However, they also discovered that although these soul slaves couldn't be killed, they could be continuously scattered. At the very least, they could keep their lives.

Duan Qianyou's expression turned cold. The speed at which the soul slaves devoured the living souls was getting slower and slower. Although there were countless incarnations, each of them was extremely weak.

He changed his hand seals and formed a symbol. He pointed it in the air, and a ray of light fell like flower petals. The scattered soul slaves began to gather together and became larger and larger.

In the span of a few breaths, the hundreds of soul slaves turned into three. Each of them was emitting a golden light. They laughed eerily as they ate the sea tribe members.

This time, they were completely unrivaled. The attacks of the sea clan fell on the three Golden Soul slaves like rocks in the ocean.

The three Golden Soul slaves were devouring the sea tribe souls in large mouthfuls. They ate a few at a time. The sea tribe souls didn't even have time to struggle before they were swallowed in an instant.

“BOOM!”

Suddenly, the sky trembled and an extremely powerful force exploded in the air. Then, a blue energy fell from the sky and struck a Golden Soul slave!

“Bang!”

The Golden Soul slave immediately exploded into countless rays of light, and all kinds of sharp and strange sounds kept gushing out. In the end, it retreated a few feet and condensed again, but the light was much dimmer.

Duan Qianyou's expression changed drastically. He quickly clasped his hands together and the three Golden Soul slaves merged into one. They glowed with golden light and flew back to his side.

He grabbed the soul devouring flag in the air and became vigilant.

The faces of the people in the spectator stand also changed slightly. They all looked at the void. A black hole appeared where the punch had landed, and a figure slowly appeared.

The figure was light blue in color and had a burly figure. He was only one and a half human tall, with two fangs on his face and a fierce look in his eyes.

When all the sea clan members saw this, they immediately cheered and shouted, "commander strength whale! The strength whale commander!" All of a sudden, the morale that had been beaten down rose instantly.

"A high-level martial Supreme of the sea tribe?" Duan Qianyou asked.

A cold smile appeared on the commander's face as he said, "Despicable human, you're having a good time!"

Duan Qianyou licked his lips and chuckled, "not bad, not bad. Your soul is comparable to an ordinary martial sovereign's. Did you send it here to nourish me?"

The commander of the strength whale showed a ferocious smile, took a step forward, and threw a punch. He said in a cold voice, "Yeah, let's see if you can eat it!"

"BOOM!"

The entire space exploded, and the powerful force swept everything in the surroundings. A black hole appeared under the wind of the fist, and the cracks spread like a spider web.

Duan Qianyou was shocked. The might of such a fist force was extremely overbearing. Not only was it as powerful as Mount Tai, but it had also compressed the space to a point, making it impossible for anyone to escape.

He hurriedly rolled up the soul devouring flag in his hand and used it as a profound level weapon to block the attack.

“Bang!”

The soul devouring banner was hit by a punch, and an unparalleled force shook it. Duan Qianyou felt as if all the bones in his body were about to break, and blood spurted out of his internal organs. He was thrown back more than ten steps before he could stabilize his body.

“Strength whale commander! Commander strength whale!”

The sea tribe members immediately cheered and danced.

Due to the appearance of the commander, the people of the two clans immediately scattered and formed two distinct factions. They all retreated behind them, leaving the battlefield to the two.

Duan Qianyou’s injury did not garner any sympathy from the crowd. They all stared at him coldly, and some even looked like they deserved it.

“Is it good? Trash!”

The strength whale commander sneered, and his body disappeared on the spot with a whoosh.

“So fast!”

Everyone was taken aback. Originally, the other party’s clumsy body and huge strength should have meant that his agility was extremely low. Unexpectedly, his speed was so fast that it exceeded everyone’s expectations.

“Bang!”

The moment the mighty whale commander appeared, another fist will was sent out. Duan Qianyou was thrown into the sky, and a long stream of blood spurted out of his mouth.

The faces of the spectators immediately turned ugly. They had been completely defeated in just two moves. This was too demoralizing.

let me go, " Ren zhanxiong said coldly. since this fanged sea beast dares to come here alone, it must have some skills. Duan Qianyou is not suitable to deal with such a fast and powerful expert.

Ning Huaishu started to hesitate, looking at the others for help.

let's wait and see, " Zhang shaochu said coldly. he's a seven-stars martial sovereign after all. Is this the only way he can bully the weak and fear the strong? "

Everyone nodded in agreement. After all, they did not have a good impression of Duan Qianyou. If they were not on the same side, they would have applauded him for being killed.

Duan Qianyou's body seemed to have been severely injured. After being sent flying, he was suspended in the air, motionless.

"Scum, you're not dead yet?"

The commander looked up in disdain and said coldly, " Rather than living such a humiliating life, it's better to end it early!"

His figure flickered as he rushed forward again and threw a punch.

Duan Qianyou's body suddenly spun, and he sat up in the air with his legs crossed. He put his palms together, and a fierce aura emerged from his body, as if a ferocious beast was roaring in his body.

"Roar!"

At the same time, his face turned extremely ferocious, and his body began to demonize inch by inch. He slammed his palms together in the air!

Yunxiao's pupils constricted. He did not expect Duan Qianyou to have also cultivated soul battle techniques. Generally, in the soul devouring sect, one had to either cultivate soul battle techniques or the soul devouring flag. It was very rare to cultivate both, and what was even rarer was that he had cultivated them to a rather high realm. The beast roaring in his body was definitely a ninth-tier existence.

"Bang!"

The fist and the palm hit each other. Duan Qianyou's body trembled again. He spat out a mouthful of blood and was sent flying into the sky.

"Hmph, you're still a little resistant to a beating!"

...

The strength whale commander's face revealed a trace of ferocity, and he laughed cruelly, "Since that's the case, I'll tear you apart bit by bit and let all of you see it clearly!"

He suddenly felt that this was a good idea and could deal a blow to the morale of the humans. In a flash, he rushed forward.

Duan Qianyou felt as if all the bones in his body had been broken. Some of them were even shattered. Before he could even take a breath, he was hit by a strong force.

"Damned beast!"

He let out a furious roar and waved the soul devouring flag in his hairy hand. The world suddenly changed color as the Golden Soul slave flew up in an instant. Its mouth was so huge that it could swallow the sky and the earth.

The soul slave's speed was slower, so it could not catch up with the strength whale commander's speed. However, Duan Qianyou ordered it to bite him directly, and suddenly, the whole world was within the range of its mouth.

"Eh? This thing is a little troublesome!"

The commander of the strength whale, who was moving at high speed in the air, frowned. He appeared directly in front of Duan Qianyou, turned around, and threw a punch.

"Bang! Bang!"

With two consecutive explosions, the profound gold soul slave's mouth was instantly pierced through. It revealed a pained expression, but it quickly recovered and continued to bite.

The commander frowned. This was the first time he had seen this thing, and he was a little scared. His figure flashed and he was about to cross the huge hole.

...

A cold look flashed across Duan Qianyou's face. He waved the soul devouring flag a few times and changed the world. The soul flag was spread out and swept everything in its path.

The commander's face suddenly changed, and a fierce light flashed in his eyes as he shouted, "You dare to show off your insignificant skills!"

He clenched his hands in front of him, and a mass of air was grabbed and exploded on the spot. Countless air currents scattered and condensed into raging waves in front of him.

After that, commander Li Jing breathed out, and the Emperor Qi of the nine Heavens on his body mixed with the stormy waves. He suddenly opened his fists and turned them into palm force!

“Bang! Bang! Bang! Bang! Bang! Bang!”

A large amount of air waves were blasted in all directions. The Golden Soul slave’s face was twisted from the impact while the strange phenomenon was suppressed, revealing the clear sky!

“Bang!”

Finally, the palm landed on Duan Qianyou’s body and sent him flying again.

Duan Qianyou’s entire body was in excruciating pain. All his nerves seemed to have been paralyzed in an instant, and he could not even circulate his elemental energy. He had completely lost his ability to fight.

The soul devouring flag also lost control and fell from the sky. The Golden Soul slave escaped back into the flag and did not dare to appear again.

A hint of killing intent flashed in the commander’s eyes. He flew up with a “ whoosh ” and chased with a punch.

Naturally, he would not let go of the opportunity to kill a high-level martial Supreme of the human race.

But how could ning Huaishu, who was in the spectator stand, let him have his way? he said coldly, “Who will make him stay!”

“I’ll do it!”

“This person’s combat strength is at least at the peak of a seven-stars martial sovereign,” Fu Yichun said.

His figure flickered and appeared in the sky, blocking the path of the strength whale commander. With one hand behind his back, the other hand grabbed the air.

The space suddenly shrank under the force of his grab, as if a net had been pulled up.

The figure of the powerful whale commander suddenly appeared, and a trace of shock and anger flashed in his eyes as he shouted, " you shameless humans, are you going to fight me one after another? "

Fu Yichun's face was old, so he naturally didn't mind the other party's sarcasm. He said indifferently, " this is a battle between two races, not a duel in the arena. Isn't it shameless for tens of thousands of you to attack my thousands of people? "

The strength whale commander was at a loss for words and didn't know how to respond. It could only roar and wave its fist again.

Countless fist intents turned into strong winds and blasted out. The space was torn into pieces, and an all-conquering aura gathered and became stronger.

Fu Yichun's expression changed drastically. Even with his power as an eight-stars martial sovereign, he was still unable to suppress his opponent!

Anger welled up in his heart. He took a step forward, and the entire world trembled!

His foot had stepped on the frequency of the shaking of the world, borrowing the force to suppress the other party with the might of heaven!

"Bang!"

The aura gathered around the strength whale commander was directly crushed by the foot. Under the extreme pressure of the fist force, it made an ear-piercing " hissing " sound, causing the ears of countless martial artists to hurt.

"Damn human, I'm not convinced!"

The strength whale commander roared loudly, and his body suddenly swelled up several times. His body seemed to have changed slightly, and he clenched his fist again!

Chapter 1018-retreating

Fu Yichun's grip loosened slightly under that punch. Anger appeared on his face as he said, "I was giving you a chance to be a prisoner, but you didn't cherish it. Don't blame me for killing you."

His five fingers moved, and rays of green light flickered out, criss-crossing to form a large green net. It covered the sky, and the net had a green tail light on it. It was unusually sharp, and everywhere it passed, a large area of darkness appeared.

All of a sudden, the space in front of commander Li Jing distorted slightly, and the devil Otter commander suddenly appeared. It extended its right fist and spread its five fingers. A slender finger blade directly cut through the air and struck the green net. A few lines of the net were immediately broken and torn apart.

Then, the commander devil Otter stretched out its left hand again. It was still a few finger blades. A series of explosions rang out in the air, and the spatial shackles around the commander power whale were cut open.

"Let's go!"

Commander mo ting let out a soft cry, then turned into a beam of light and fled. His movements were extremely sharp and smooth, without any sloppiness.

A trace of hesitation flashed across the commander's face, but he followed closely.

"You dare to look down on me, you can't be forgiven!"

Fu Yichun's expression changed. He was an eight-stars Martial Emperor. If he let someone rescue her right under his nose, he would be too ashamed to show his face.

"Stay!"

He shouted loudly and made a hand seal with one hand. Golden symbols suddenly appeared on the long robe he was wearing, and they moved without any wind.

His two long sleeves kept expanding, exuding extremely strong spiritual power. His sleeves were as hard as iron.

Fu Yichun formed hand seals with one hand and raised his other hand high. Runes similar to the ones on his robe appeared in the sky and pressed down on the two people who were escaping.

Zhuang Sheng smiled and said softly in the spectator stand, "it's actually universe creator. I haven't seen Sir Yichun in action for many years. This ultimate skill has reappeared and displayed its divine might.

Ning Huaishu's eyes also revealed a look of praise, saying, "This move is best used to capture enemies."

The mo ting and the strength whale commander were both shocked. Under the pressure of the strange symbols that filled the sky, they felt that it was difficult for them to leave this strange space no matter how they fled.

The strength whale commander clenched his fists and punched at the void.

The commander spread out its ten fingers, and countless finger blades criss-crossed, trying to create a passage in this space.

The two's attacks spread out, but it was like a stone sinking into the ocean, disappearing into thin air. The binding force around them became tighter and tighter.

"Despicable, despicable humans, kill them!"

The sea tribe's martialists who had stopped behind him were all furious. They roared and charged forward again. All sorts of attacks rained down on Fu Yichun, but none of them could get close to him.

“Sleeve of the universe!”

A cold glint flashed in Fu Yichun’s eyes. His sleeves fluttered, and all the attacks were absorbed into the runes in the sky.

Suddenly, an extremely bright light appeared in front of them and quickly landed beside the two commanders of the sea Race. A layer of green light spread out around the light, and then a layer of white light spread out. The white light spread out a layer of gold, and the sky suddenly enlarged. A figure emerged from it and walked out.

Fu Yichun’s expression changed drastically. His world in the sleeve was a space of its own that could absorb everything and isolate everything at the same time, but the other party had actually walked in without a care. In his shock and anger, he took a step forward and attacked with his palm.

The commander of the strength whale and devil otters were overjoyed when they saw this person. It was the commander of the ugly fish clan. He held a bright bead in his hand, which was constantly swallowing and spitting out green light. He was relying on this to break the world in the sleeve.

“You guys go first,” the ugly fish commander said coldly. He stepped out from the layers of light and drew a few runes in the air with his right hand. They formed a simple hexagonal symbol, which enlarged in front of him and shook out.

“Bang!”

The hexagonal pattern was shattered by Fu Yichun’s palm. Fu Yichun’s body paused for a moment, but in just a moment, he once again closed in. However, his expression was extremely unsightly. The strength whale and the commander of the devil otters had already disappeared from the layers of light.

“Since you’ve risked your life to save them, you can stay here!”

A murderous look flashed in Fu Yichun’s eyes. A force exploded in his palm and shot down.

The ugly fish clan's commander revealed a mocking smile, and said, "You want to keep me? What right do you have to do this?"

He stretched out his left hand, and the green pearl in his palm slowly rose a few inches. With a "crack" sound, it actually cracked, and countless cracks appeared, turning into fragments one by one, flying in the air in his palm. Those fragments of the Pearl were like patterns, rolling up a storm, and suddenly the world changed color.

Fu Yichun's pupils contracted, and his eyes were filled with killing intent. He shouted as he struck with his palm.

The entire heaven and earth phenomenon suddenly shattered under his palm, and the fragments of the vortex also broke apart and shot out in all directions.

However, the ugly fish clan's commander had already disappeared, leaving behind only two faint words that reverberated in the air.

"Retreat!"

The sea Race people were stunned for a long time before they came back to their senses and retreated backward.

Fu Yichun's face was so twisted that it looked like blood was about to drip out. The veins on his forehead popped out as he roared, "Kill, kill!"

As one of the members of the Redmoon City Council, it was rare for him to be so furious.

The human ancient martial art practitioners came back to their senses after hearing his roar. They immediately shouted and chased after the retreating Sea Race experts. They wanted to kill as many people as possible. Soon, they had chased for thousands of meters and killed more than a hundred people before retreating.

On the spectator stand, ning Huaishu said, " Lord Yichun, there's no need to be so angry. At least we've won this battle. The purpose of the battle has been achieved. We should be overjoyed.

Everyone nodded in agreement.

Fu Yichun's face darkened and he said coldly, " I can't be happy about letting three seven-stars martial sovereigns escape from me!

Zhuang Sheng smiled. you don't have to blame yourself, my Lord. These are the overlords of the East Sea. It's normal for them to have some life-saving means. It's against common sense if they die like this.

His expression turned serious. after this battle, I'm even more suspicious of the sea race's strategy. It's very likely that they'll drag the battle to the entire East Sea. We can't delay the matter of baichong city!

Liao yangbing and the other two martial Supremes exchanged a look and said, " "Since that's the case, let's go now."

Zhuang Sheng nodded and said, " go and come back quickly. Obtaining information is the main priority. Resisting the sea Race is secondary. If something happens to baichong city, help as much as you can, and return if you can't."

"Yes!"

The three of them accepted the order and left.

Outside the city, the human race had won a big victory. They were returning with high spirits. However, they didn't feel as relaxed as before. Many of them felt heavy-hearted, as if they had realized that the war was not as simple as it seemed.

Furthermore, many of their comrades had been killed or injured in this battle, and very few people had smiles on their faces.

The level 1 teams were still fine, but the level 2 and Level 3 teams basically had deaths of different levels. Not many teams could remain intact.

...

When the battle blade team returned to the city wall where they had occupied it before, they were all filled with lingering fear, but they were more grateful to Yunxiao. If it were not for him taking care of them on the battlefield, the team would not have been intact.

After each battle, the team leader would do a head count and check on the casualties before reporting to his superiors.

Liang Yuanji returned very quickly with a serious expression. "Everyone, get up quickly. We have a mission."

Elder Yan was stunned for a moment, his face was filled with confusion, " "The sea Race is here again? Why didn't I hear the war drums?"

The others were also confused and angry. They had just finished a battle and were all tired. How could they accept the mission?

Liang Yuanji shook his head. the mission this time is relatively easy. The risk factor shouldn't be too high. Our battle blade team will temporarily be under Lord Liao yangbing's management. We'll go to baichong city to carry out an investigation mission.

A faint smile flickered on Yunxiao's face. As expected, they had come.

"Scouting in baichong city? What's going on? could it be that there's also a Sea Race there?"

Chen Zhongwei was confused, but his expression became more serious.

Everyone seemed to have noticed that things were not as simple as they seemed, but to divide the troops to go to other places at such a tense time of war, they would not do this if there was no major event.

Liang Yuanji said, " God knows. Anyway, this is a mission from the top. We can't go against it. We must carry it out. Everyone, follow me!

...

Soon, more than sixty people gathered in the teleportation area. They were the three teams that the three martial sovereigns had personally appointed.

To the Warblade team's surprise, one of the teams was gan wuqin's team. At this moment, there were only 15 or 16 members left, and it seemed like a few more had died.

Besides, gan wuqin had been released at some point, and he was now staring at Yunxiao with hatred. If it were not for the restraint, he would have already pounced on Yunxiao and bitten him.

Yunxiao just smiled indifferently. Of course, he would not take this kind of person to heart. And from the hatred in the man's eyes, it could be seen that he had suffered a lot.

The other team was called red water. The name was a bit strange, but there were nineteen people in the team, which showed that their strength was not ordinary. They had such a high survival rate in the previous tragic battle.

The members of the red water team looked at the battle blade team with strange expressions, not understanding why they had an extra member, and most of their eyes were on Yunxiao.

Liao yangbing gave the third team an indifferent glance, then said without looking at Yunxiao, " From now on, each team will follow a Lord and must obey his command. This mission is extremely important. If there's any mistake, we won't let you off easily!"

"Yes!"

Everyone shouted in deep voices. They were not fools, and naturally understood that unless something major was happening, it was absolutely impossible for them to split up and leave at this time.

Liao yangbing looked at the other two Martial Emperor powerhouses from the Redmoon city and said, "Do the two Sirs have any other orders?"

One of them was a member of the ruan family, named ruan Xiquan. He was a distant relative of the ruan family. Because of his amazing strength, he had also entered the core of the family. The other person was a foreign dignitary, but he was also an old man of the red moon City. His name was e Lechi.

The two of them looked at each other and shook their heads.

"You'll be in charge of this entire trip. The two of us are just assisting," ruan Xiquan said.

Liao yangbing smiled and said, "if that's the case, let's go. I'll go with the members of the battle blade team.

Since the teleportation formation could only teleport twenty people at a time, two people from the group were added to gan wuqin's group. However, the two of them were extremely unwilling and fought back with all their might, causing the three martial sovereigns to frown.

Chapter 1019-meeting on a narrow path

This made everyone curious. What was so good about the battle blade team that they felt such a strong sense of belonging to it?

In the end, they were only willing to split up when they were teleported, but they still looked unwilling.

With the addition of Liao yangbing, there were exactly 20 people. They stepped into the newly repaired teleportation formation and disappeared in a flash of light.

"What's going on?"

A moment later, everyone was transported out of the spatial tunnel. However, what they saw made them frown.

The surroundings were barren, like a field, but looking forward, it was a mountain range.

Everyone knew that there was a problem with the teleportation.

“What, what should we do now?”

Liao yangbing frowned. He had never thought that there would be a teleportation error. It must have been because he did not repair it in a hurry after the Michaux was destroyed.

He did not have the coordinates of baichong city with him, so he lost his direction all of a sudden. He could not help but look at Yunxiao.

After all, it was Yunxiao who had requested to go to white surge city.

you’ve been in Haitian town for so long,” Yunxiao said with a frown. don’t you even have the positioning astrolabe of the coastal cities?”

Everyone was taken aback and looked at Yunxiao in horror. How dare he talk to Lord Liao yangbing like that, and in such a harsh tone?

They all broke out in cold sweat, wondering how Lord Liao yangbing would punish them.

To everyone’s surprise, Liao yangbing slapped his forehead and laughed, “ I would have forgotten if you didn’t mention it. The war has been too tough recently, and my memory has deteriorated.

A green light flashed in his hand, and a square formation plate appeared in his hand. He then began to set the location.

The members of the team all had their mouths wide open, secretly thinking that this Lord actually had such a good temper.

The formation plate glowed with light and began to display a realistic illusion. In an instant, the land, mountains, and rivers were all laid out before their eyes. The image displayed before them was none other than whiterush city, and the surrounding scenery was vastly different from the one they were currently in.

Liao yangbing frowned and slapped the formation plate. A secret compartment opened, and a needle appeared. It kept spinning and pointed to the South.

“Mister Feiyang, he’s in the South,” Liao yangbing said.

Yunxiao nodded. yes, let’s go south. I don’t know how far away we are. It shouldn’t be far.

The crowd sighed at the Martial Emperor’s good temper. If it were any other Nine Heavens realm expert, they would have killed Yunxiao with one palm for being so rude.

Liao Yang Bing threw out a seventh-grade golden sun battleship, and everyone flew on it, heading south at full speed.

He and Yunxiao went straight into the secret chamber, and the rest of the team stayed in the guest cabin.

thank you, young master Yunxiao, for saving me!

When the two of them were alone, Liao yangbing immediately bowed to him. He was truly grateful.

Although he was a sly old fox and extremely shrewd, nothing was more important than his own life. He still knew how to repay the kindness of his Savior.

With a wave of his hand, Yunxiao lifted him up and said, "It's too serious. I was just reminding you in time. It was your own strength that allowed you to escape. If you were really in danger, I wouldn't have revealed my identity to save you."

Liao yangbing was shocked. Yunxiao's support was light and soft, but he could not resist it. Knowing that the other party's cultivation base must have improved a lot, he said, "that's for sure. Young master Yunxiao's courage is beyond ordinary people's imagination since he dared to sneak into the sky towering city at this time.

With a wry smile, Yunxiao shook his head and sighed, "This war was more or less caused by me, I really feel guilty."

Liao yangbing couldn't help but be curious,"then, Xiao Hong Qianqian?"

I do know Xiao Hong's whereabouts, but I can't return it to the sea tribe at the moment, " Yunxiao interrupted. so, in addition to beiming Tianlu, I plan to go to the palace of East Sea this time and completely solve the problem of Xiao Hong.

w-what?!

Liao yangbing's eyes almost popped out of their sockets as he exclaimed,"You, you're going to Donghai Palace?"

Yunxiao nodded with a solemn face and said, " Xiao Hong's identity is very special, and the people of the sea tribe are determined to get her. If we don't clear up the misunderstanding, I'm afraid the war between the two races will continue to escalate, which will be a disaster for the entire heavenly martial realm.

"But, but Yingluo"

Liao yangbing stood there in a daze, unable to speak for a while.

I hope we can go out to sea as soon as possible, " Yunxiao said. I hope the entire East Sea can resist the large-scale attack.

"The skyscraping city must be the core of the war along the East Sea. From your observation, how long can it be defended?" he paused and continued.

"How long have you been guarding, Ge Ge?"

Liao yangbing recovered from the shock and thought for a while before saying, " as long as there are no nine-stars Martial Emperor experts attacking the city, we should be able to defend it for a while.

that's good, " Yunxiao nodded. you can buy me more time. Moreover, the red moon City will never allow the skyscraping city to be breached. They must have some hidden cards that you don't know about, and they should be able to hold on for longer than expected."

Liao yangbing's heart sank."Young master Yunxiao, are you planning to go out to sea from whitewash city?"

Yunxiao nodded and said, " the entire East Coast has been sealed off. It's impossible to enter the sea from Haitian town. Although there are traces of the sea tribe in whitewash city, there are definitely more chances. Furthermore, we can avoid the beiming family and act on our own. This way, we will have less trouble."

Liao yangbing's expression changed slightly. He wanted to say something, but he stopped and frowned.

since we are on the same side, " Yunxiao gave him a look and said, " you can just say what you want.

Liao yangbing let out a sigh of relief and said, " "What I'm worried about is actually very shallow, which is the safety of life and death." "The older I get, the less I want to take risks," he said with a bitter smile. I can take the risk, but I don't dare to go to the current Palace. Furthermore, if we cast off the beiming family, the road ahead will be filled with difficulties that you and I may not be able to handle."

Yunxiao laughed. Lady Yang Bing, you have indeed lost your drive. Although the East Ocean is vast, there are not many people who can stop us if we want to leave. As for the matter of the palace, I can go alone.”

Liao yangbing smiled wryly. He felt that there was indeed a huge difference in courage between him and Yunxiao. In his heart, he still felt that it was inappropriate to leave the beiming family, so he was reluctant to answer.

Yunxiao was not in a hurry. It was still a problem to go out to sea now. If he could find a way, he would have no choice but to do what he was told when the situation forced him to do.

Suddenly, the entire warship trembled violently, as if it had suffered an extremely powerful attack. The entire room was spinning as if it was about to fall.

Their expressions changed drastically, and a trace of anger flashed across their faces. Who was so bold!

Everyone rushed to the deck at once, while Yunxiao teleported directly to the main control room. Some of the arrays had stopped working, and some of their parts had obviously been seriously damaged. He quickly cast an art to stabilize the warship.

...

Then, he rushed to the deck and saw that the sky was clear and no one was there.

However, Liao yangbing’s eyes were sharp as he stared at a cloud in the sky and shouted, ” “Who is it? get out here! What’s the point of hiding!”

Yunxiao’s pupils constricted as well. He immediately sensed that someone was hiding in the White cloud, and he had an extremely high cultivation base.

Of course, the members of the battle blade team did not notice this, but they followed Liao yangbing’s gaze.

“Haha, it’s Lady Yang Bing, what a coincidence!”

A sinister and wild laugh came from the White cloud, and then a person slowly walked out of it.

Liao yangbing’s face changed, and he said in shock, “Michael, why is it you?” he asked.

The man was none other than Michael. He had a sinister smile on his face, and the murderous intent in his eyes was unconcealed. the heavens really have eyes. I can get my revenge so quickly!

Liao yangbing’s heart sank. Mi Gaoyang’s strength was above his, and even with Yunxiao, they were no match for him. He said calmly, “Lord Gao Yang, I don’t know what misunderstanding there is between you and me that made you mistakenly think that I am an enemy? We’re comrades who have gone through life and death together!”

“PAH!”

Michaux’s sinister smile immediately turned into a towering rage. He gritted his teeth and said, “ I had a great future in Red Moon City. I had access to countless resources for my cultivation, but it was all because of you. Because of you, I’m in such a sorry state now. I even want to Rob a golden sun warship! But it’s really heaven’s will. The heavens have sent you directly to me. If I don’t treat you well today, I’ll really let down this heaven’s will!”

...

It turned out that Michaux was planning to Rob the warship. What a coincidence.

Liao yangbing was anxious. She didn’t know where ruan Xiquan and e Lechi had been teleported to. If those two were here, they could definitely take down mi Gaoyang, which would be a great achievement.

He pretended to be calm on the surface and said, “ Lord Michael, you can only blame yourself for not cherishing this opportunity. You actually ran away at the last moment. Who can you blame? ” Why don’t you follow me back to the skyscraping city now? I can plead with Lord ning Huaishu on your behalf. On

account of your previous outstanding military achievements, Lord Huaishu will definitely be lenient and even make up for your mistakes.”

“Haha, what a joke!”

you sent me on a suicide mission and said I didn't cherish it! Michael said angrily. you deserve to die! You should have been the one to go on that mission. It's all your fault!”

His eyes were filled with ferocity, and his aura began to release as he walked down from the sky.

Liao yangbing's face changed slightly, but he still said calmly, ” master Michaux, do you know why we are here? ”

Michael's body trembled, and he stopped in his tracks. “What's the matter?”

Liao yangbing's eyes flashed with coldness. naturally, we're here on Lord ning Huaishu's orders to capture you. Otherwise, why would we come to this desolate wilderness!

Mi Gaoyang's expression changed drastically. He immediately backed off for dozens of meters and became alert. He had the same thought in the beginning, but he did not see any movement from the other party. It was only Liao yangbing, a martial Supreme, who showed up outside, that he became more courageous.

Chapter 1020

1020 Sorry, I'm in a hurry

you're lying to me. You're the only martial Supreme on this warship!

Michaux warned carefully.

Liao yang sneered coldly,“if that's the case, then what are you afraid of, Lord mi Gaoyang?” Or why did we teleport to this damn place?”

This was indeed what Michael was most afraid of. He could not think of anything else to do after being teleported to the wilderness. He said coldly, " "Since you're here to catch me, I'm right here. Come and catch me."

Liao yangbing looked calm on the surface, but he was extremely anxious on the inside. He had no idea where the other two martial Supremes were. Moreover, it seemed like it was impossible for them to rescue the other two martial Supremes in such a short time. It was not a good idea to delay.

I'm not interested in catching you," Yunxiao said indifferently. I'll forget about the damaged warship just now. Get lost.

Michael's eyes turned cold, and he said, " "Little brat, you're courting death! I wanted to kill Liao yangbing and then take you under my command, but you can't live anymore."

Standing in the distance, he did not dare to come forward. Instead, he shot out a beam of light as fast as lightning, killing an eight-stars martial Supreme in the blink of an eye. Even though Yunxiao had shown great courage in the war between the two races, he was only an eight-stars martial Supreme after all.

Yunxiao turned his body slightly to the side and dodged the finger beam. Then, with a bang, he shot backward and pierced through the entire warship.

"Hmm, what's going on?"

Mi Gaoyang was stunned for a moment. The speed of his finger beam was by no means something an eight-stars martial Supreme could Dodge. And the strangest thing was that Yunxiao had turned his body very casually just now, without using any movement technique.

The faces of the other teams changed dramatically. They were so scared that they became nervous as if they were facing a great enemy.

Cold sweat was oozing out of Liao yangbing's forehead, and he was anxious. He sent a voice transmission to Yunxiao, " this man has the strength of a six-stars Martial Emperor. We can't defeat him. Let's not provoke him anymore!

To his surprise, Yunxiao turned a deaf ear to his words and took a step out of the air, walking toward Michael instead. His face turned cold as he said in a cold voice, " "Since you're courting death, no one can save you!"

When the members of the battle blade team heard that, they all fainted on the spot, their eyes wide open, wondering why Yunxiao was so stupid.

"Ha, haha, I'm courting death? No one can save me?"

Michael threw his head back and laughed. After a few laughs, he looked at Yunxiao's face, which was as cold as frost, and his eyes flashed with killing intent as he said, " how cold. This joke is not funny at all.

because it's not a joke," Yunxiao said. it's not a joke," he said.

"You?" Michael scoffed. An eight-star martial Supreme?"

As soon as Yunxiao's aura spread out, his primordial energy exploded in the surroundings, and his cultivation base shot up in a straight line.

Eight-star martial Supreme, Peak Eight-star martial Supreme, nine-star martial Supreme, peak nine-star martial Supreme, and it was still rising.

The members of the battle blade team were all shocked. They finally understood why Yunxiao's performance was so powerful, and why he was not on the same level as them at all.

A martial sovereign of the nine Heavens!

Liao yangbing was also shocked. Although he had expected it when Yunxiao gave him support earlier, he could not hide his shock when he saw it in person. He had mixed feelings. This kind of cultivation speed was completely indescribable.

Michael's pupils contracted, and he said coldly, "No wonder he's so arrogant. He's been suppressing his strength. But even so, if you think you can kill me, you're too naive!"

Yunxiao did not say a word, but his aura was still rising. Soon, he had reached the peak of a one-star Martial Emperor, and there was no sign of him stopping.

Liao yangbing gasped and was shocked. 'Is he not a one-star Martial Emperor?' How long has it been since the opening of planet Tianhuang?

A light of advancement shone directly from Yunxiao's body, and a strange light appeared in the sky. The power of laws fell from the sky and was completely absorbed by him.

He advanced on the spot?

Everyone was stunned.

After Yunxiao's aura rushed into the level of a two-stars martial sovereign, it gradually stabilized and did not rise any further.

Michaux heaved a sigh of relief, and laughed mockingly, "haha, you've just stepped into the two-stars martial sovereign realm. You're quite talented, but that doesn't give you the right to be so arrogant. Today, you'll pay the price for this!"

Without saying a word, Yunxiao waved his hand in the air, and a gust of cold air immediately spread out in the air, like snow falling for thousands of miles.

Michaux was shocked to find a sword in his opponent's hand. The sunlight was reflected off the sword and turned into ice.

Yunxiao held the sword in his hand, and the aura of a peerless expert vaguely burst out of his body like a dragon, which changed the color of the world.

But in the eyes of the crowd, they thought it was the influence of the sword.

“Good sword, it’s really a good sword!”

Michael’s eyes were filled with greed, he licked his lips and laughed, “You don’t deserve such a good sword. Give it to me!” He took a step forward and was about to snatch the sword.

Yunxiao’s eyes gradually turned cold, just like the cold air on the cold sword. Wherever he looked, it would almost be frozen.

He waved the sword a few times in his hand, and the feeling of power was immediately restored. As he raised the sword high, the wind and clouds changed, and the whole sky darkened in an instant. A strange force spread out around the sword, and countless tiny ice crystals condensed around Yunxiao, making him look extraordinarily beautiful.

Mi Gaoyang and Liao yangbing trembled as they looked at the sword pointing at the sky in horror. They were both Nine Heavens martial sovereigns who had comprehended the rules of heaven and earth, and they were the best among the mid-stage martial sovereigns. Naturally, they could feel the inexplicable power in heaven and earth, and their comprehension of the rules was getting weaker and weaker.

“What’s going on?”

Michael was terrified. An indescribable fear spread in his heart. The inexhaustible power of the world was leaving him little by little, and he could not hold on to it.

“You, what demonic art did you use?”

He suddenly let out a loud roar. He knew that if he continued to allow the strange phenomenon to continue, he would really be in danger. Suddenly, all his potential exploded, and a long sword that was as clear as green jade slowly appeared in his hand. Only when the blade was in his hand did he find a trace of security.

“Nine Springs Divine Blade!”

Rays of Jade-colored Qi bloomed from the blade. With a loud roar, it slashed out, splitting the sky and earth!

Under the suppression of his opponent's sword momentum, Michaux launched his strongest attack in an attempt to drive away the endless fear!

Yunxiao's pupils constricted as he said softly, "Sorry, I'm in a hurry."

"Sword-slashes-star-Chen!" He muttered.

As soon as these words were spoken, everyone felt their minds go blank and almost lost consciousness. They only felt that the world was spinning, and the entire space was in a huge energy vortex. Their divine sense and strength were just a drop in the ocean, and they were completely out of their control.

On the other hand, Liao yangbing's cultivation was naturally not as high as the Warblade team's. He could clearly see the frost Sword slashing down. However, he could sense that it was not just the frost Sword, but the entire world that was slashing down.

Under that force, the Michaux was annihilated without a doubt.

...

"Bang!"

The Jasper saber also broke into pieces, sending countless Jade shards flying everywhere. It was destroyed on the spot.

"Stomp!"

Yunxiao turned and returned to the warship. "Let's go," he said.

No one could come back to their senses. The strange color in the sky had not disappeared. A terrifying gray cloud was constantly rotating, and Starlight flickered inside. From time to time, there was also a green light shuttling back and forth, not dissipating for a long time.

The members of the battle blade team were already dumbfounded. Only Liao yangbing looked up at the strange phenomenon in the sky. He felt his body turn cold, without a trace of warmth.

Some divine martial techniques could create a certain phenomenon when they were performed under a powerful force. However, the whole world was thrown into chaos by that sword. Never mind seeing it, he had never even heard of it. He stood there in a daze, feeling at a loss.

After a while, the divine ability phenomenon in the world slowly dissipated on its own, and the world returned to its original clear state.

If it weren't for the fact that Michael's broken Jade sword was still glowing on the ground, everyone would have thought that it was a dream.

"W-what did I just see?"

Liang Yuanji wiped the sweat off his forehead and said in a trembling voice, " Lord ... Lord Feiyang killed a six-stars martial sovereign with one sword strike? "

...

The rest of the people who were in a daze also quivered when they heard this, and they recovered from their endless blank minds.

Chen Zhongwei swallowed his saliva and said, " "Heavens, heavens! What kind of person was he? what kind of existence was he? A high-level martial Supreme?"

Only high-level martial sovereigns above seven-stars could kill a six-star Martial Emperor with one move. It was impossible even for a peak rank six Martial Emperor.

“Gulp!”

The red-haired man swallowed with great difficulty. He felt that his throat was very dry and thirsty. He trembled in fear and said, “We, we, we even, even provoked him and fought with him.”

The faces of Guan Xingyang and the other eight-stars martial venerable also changed drastically, and all of a sudden, their faces turned pale.

“Don’t worry, everyone,” Liang Yuanji said. “If Lord Feiyang wanted to find trouble with you, why would he still be here?” Even a hundred of you would be dead.”

Everyone was relieved when they thought of this. The rest of the people felt a little excited. They were extremely excited when they thought about how they had stayed with a high-level Martial Emperor for so long and even called him brother.

Liao yangbing’s face also slowly regained its color. He shook slightly. He would not have been so shocked if Yunxiao was a high-level Martial Emperor. It was very normal for a high-level Martial Emperor to kill a mid-stage Martial Emperor with one move, but the key was that he only had the strength of a two-stars Martial Emperor!

Liao yangbing smiled wryly and thought to himself that it was a good thing that he had not offended him in any way. Otherwise, this man would be too terrifying. If he was allowed to grow, he would definitely be the Overlord of the world in the future and a martial sovereign!

He couldn’t help but admire Jiang Churan’s foresight. The number one of the younger generation was indeed worthy.

After sighing a few times, he walked into the cabin. Yunxiao had gone straight inside after the sword strike. No matter how heaven-defying he was, he must have suffered a great loss and was recuperating inside.
