

## **The Eternal 1021**

### Chapter 1021

#### 1021 Sealed off

It was the first time Yunxiao had used the star slasher since he was reborn. Unfortunately, it was too weak to support the ultimate evolution, but it was more than enough to kill Michael.

After one move, he was completely exhausted and directly returned to the secret room to recuperate.

After the time it took to finish a cup of tea, Liao yangbing paced back and forth in front of the secret chamber. He wanted to knock on the door several times, but he held back. It was not until Yunxiao called him in that he dared to push the door open and walk in.

Yunxiao's face was pale, and his body was shrouded in a layer of primordial Qi. He was holding two primordial cores in his hands and absorbing them, just as he had expected.

The two of them looked at each other for a while, as if waiting for the other to speak.

do you have thousands of doubts in your heart, but you don't know how to ask them?" Yunxiao said with a smile.

Liao Yang Bing smiled bitterly. This man not only had shocking strength, but he was also as meticulous as he was. As long as he didn't die too early, he would definitely be the future Overlord of the world. He sighed and said, I, Liao yangbing, can be considered to be extremely talented. I've been proud of myself for being able to reach the realm of a five-stars martial sovereign without any background from a major force. Now, I know that I'm still shallow.

Lord Yang Bing, you don't have to be so modest," Yunxiao said. your talent and opportunity are indeed one in a million. It is very likely that you will become a high-level martial Supreme in the future.

"Thank you for your kind words, young master Yunxiao," Liao yangbing quickly bowed and said.

you didn't come here just to tell me this, did you?" Yunxiao asked.

Liao yangbing smiled and said, "there's one more thing. Young master's suggestion of leaving the beiming family behind and acting alone, I think it makes sense." I'll do my best to cooperate with young master Yunxiao."

Yunxiao laughed as well and said, "If that's the case, then I'll have to rely on Sir Yang Bing,"

The effect of him killing Michael with one sword strike had shown itself, and his efforts were not in vain.

The sword had a great influence on Liao yangbing, not only in visual and spiritual shock, but also in the desire and will to build a good relationship with Yunxiao after careful consideration. All of these made Liao yangbing determined to follow Yunxiao to the end.

Liao yangbing thought a lot after coming out of the secret room and began to plan a plan to act alone. In terms of understanding of the East Ocean, there were not many people in the human race who knew more than him.

The members of the battle blade team were still stunned by Yunxiao's sword strike. They were not only shocked, but also had a vague feeling that they had touched something. One by one, they began to meditate and cultivate, hoping to make a breakthrough.

The battleship flew for a day and a night. On the second day, they discovered the situation and a voice transmission talisman flew into the secret chamber.

Yunxiao's primordial energy had been mostly recovered. If he had not been so exhausted, he would have fully recovered at his cultivation speed.

After a while, he arrived on the deck. Everyone turned around and looked at him with a serious expression. They all stood straight as if they were waiting for an inspection.

Even Liao yangbing had a strange feeling in his heart, and he gradually became more cautious in front of him.

you don't have to be like this," Yunxiao said. I'm still the vice-captain of the battle blade team. I'll do what I did before.

"No, no, I can't!"

Liang Yuanji started to get nervous and shook his head hurriedly. "No matter what, Lord Feiyang can not be under me. You are the leader, I am the Vice-leader!"

Yunxiao knew that after he showed his strength, he could no longer restore the equal and harmonious relationship he had before. Looking at everyone's determined and affirmative eyes, he did not hesitate and said, "Alright then, let's do that for now."

Only then did everyone reveal a look of joy, especially Liang Yuanji. He felt as if a heavy burden had been lifted off his shoulders and let out a sigh of relief.

"Sir Feiyang, something has indeed happened in baichong city. Look ahead," Liao yangbing said.

Yunxiao looked over and saw the image of a city in the distance, but it was hidden in a light curtain, obviously covered by a restrictive barrier.

no wonder the teleportation failed," Yunxiao said. I'm afraid there's something wrong with the teleportation array in the city. I just don't know if the restrictive barrier is a defensive array or a spell cast by the sea Race.

The golden sun battleship was flying in the air when a layer of light suddenly appeared in front of it. It was like a bubble with a thin membrane. The moment the battleship entered the membrane, its speed was greatly reduced.

"Who is it?"

As soon as the restriction was activated, a loud shout rang out and several figures appeared in front of the Starship.

Everyone looked over, and their hearts trembled. The people in front of them were green in color, and they had feelers on their heads. Their faces were covered in red hair, and they could tell with a single glance that they were Sea Race Warriors.

“It’s a human, die!”

When those people saw the people on the battleship, they turned into seven beams of light and rushed over without saying a word.

“Hmph!”

Yunxiao snorted. With a cold look on his face, he drew a few incantation seals in the air and slapped them on the warship.

With a “ Chi ” sound, a defense opened up and directly collided with the seven rays of light, shaking the seven people away.

Then, the battleship tilted to the side and a ray of light shot out from the body of the battleship. With a “ boom “, one of the people was blown into pieces.

Mister Feiyang, you’re too playful, ” Liao yangbing said. it’s a piece of cake to deal with these few pieces of trash. There’s no need to go through the trouble of using the warship’s power.

then I’ll have to trouble you, Lord Yang Bing, ” Yunxiao said with a smile.

Liao yangbing lowered his head and was about to attack when Liang Yuanji said, “It’s just a few martial Venerables. My Lords, please take a rest.”

He gave a signal with his eyes, and the 20 members of the Warblade team immediately rushed out and surrounded the remaining six members.

leave him alive, " Yunxiao said with a smile. I want him alive.

Immediately, five of them were directly blown up by more than ten attacks on the spot, and one of them was hit by Guan Xingyang and spat out a mouthful of blood, flying to the deck.

Yunxiao grabbed the man in the air, and without asking anything, he sent a stream of spiritual power into his mind and began searching his soul.

The sea tribe member's body trembled violently as his eyes became more and more lifeless. In the end, his eyes became empty, without any light of consciousness.

"Bang!"

Yunxiao blew him up with a punch after he was done searching, and a thoughtful look appeared on his face.

People stood around quietly, not daring to disturb him.

baichong city has not fallen, " Yunxiao said. only the teleportation array has been destroyed. The Marine race had set up restrictions to prevent any information from being leaked, and they were gradually annihilating the enemy. We've come at just the right time. If we're strong enough, we can help whitewash city and break the seal, sending the message back."

Everyone was shocked, and their expressions turned grave. The battle had indeed begun to escalate, turning into a large-scale war.

Liao Yang Bing put away the battleship and took out a jade talisman. He quickly inserted some runes and broke it. Suddenly, a rune slowly rose and disappeared in the air.

Just as everyone was about to fly toward baichong city, a group of bright spots suddenly appeared behind them and quickly flew to their side. It was the other team.

...

“Ha, Sir Yang Bing, I finally found you!”

The leader was ruan Xiquan, and behind him was the GaN wuqin team. When they saw Yunxiao and the others, they all frowned.

Only the two cultivators who had been assigned to go over had a look of joy on their faces. They immediately returned to the group, causing the faces of gan wuqin and the others to be covered in a layer of frost.

“Oh, it’s Lord Xiquan!” Liao yangbing said happily.

He quickly told them about the information he had obtained about whitewash city. Now that the two teams had joined forces, the chances of them breaking through the blockade and protecting whitewash city had increased. He said, “I wonder where Lord e Lechi is right now. If the three teams were to combine into one, it would be a perfect plan.”

Ruan Xiquan’s expression turned ugly as he said, “I didn’t expect things to be so serious. Let’s go!”

He was about to take the lead and fly away when he suddenly stopped. He turned around to look at Yunxiao and said, “You’re li Feiyang, right? Can you give me the dead body of the ghost eel you got outside the sky-reaching city? Of course, I will not take your things for free. I have a peak eighth tier profound armament here to exchange with you.”

A peak eighth tier profound level weapon was obviously not worth that price, not to mention that the ghost eel commander’s body was an innate formation body. In the eyes of a formation master, even a peak ninth tier profound level weapon could not be compared.

However, as a sixth-tier Martial Emperor, ruan Xiquan did not have Yunxiao’s choice to bargain with him. He would basically be forced to buy and sell.

Gan wuqin didn’t even try to hide his smugness and gloating.

On the other hand, the members of the battle blade team were all calm, but they had strange looks in their eyes. Liao yangbing, on the other hand, had a drastic change in expression, knowing that things were going to be bad.

...

Yunxiao glanced at ruan Xiquan and said indifferently, "No, I won't."

"Hmm, what?"

Ruan Xiquan frowned, and a Martial Emperor's pressure was instantly released. His face gradually darkened. He did not expect the other party to reject him. He said coldly, "is it because my eighth tier pinnacle profound armament is not worth that price or are you looking down on me, ruan Xiquan?"

All the members of gan wuqin's team wore mocking looks on their faces, as if they were watching a good show. But, they were also surprised that Yunxiao had such a backbone.

Liao yangbing sighed in his heart and stood out. "Lord Xi Quan, this is not the time for a transaction. Let's first resolve the crisis in baichong city before we discuss this matter."

Ruan Xiquan snorted and said coldly, "Baichong city's crisis is of great importance, and it won't happen in a short time. Kid, I'm asking you a question."

I thought it wasn't worth that price," Yunxiao said. but now, I look down on you.

"What did you say?"

Ruan Xiquan suspected that he had heard wrong. The aura around him exploded, sending gan wuqin and the others, who were gloating behind him, flying dozens of meters away. A few of the weaker ones even spat out blood.

They were so shocked that they could not care less about their own injuries. Instead, they looked at Yunxiao in shock, wondering why he would say such words that would kill him.

an eighth-tier Mystic artifact in exchange for the body of a high-level martial sovereign of the sea tribe is no different from robbery," Yunxiao said coldly. I really look down on you from the bottom of my heart.

Cold. The entire place was filled with an indescribable chill.

Chapter 1022-entering the city

The members of the Warblade team also retreated dozens of meters in a hurry. Mortals suffered when Immortals fought. A six-star Martial Emperor had just died not long ago, and they did not expect another one to die so soon.

Liao yangbing was the one who didn't want to fight the most. He tried to save the situation and said,"Lord Xi Quan, please consider the big picture. Otherwise, if news of this incident were to spread to the towering Sky City, it would damage your reputation."

Liao yangbing, Who Do You Think You Are?" ruan Xiquan said angrily. how dare you threaten me?"

Liao yangbing's heart was also burning with anger. If it wasn't for the fact that baichong city was in a crisis and still needed your help, who would save you?

"If you disregard the situation and act rashly, I will definitely report this to Lord ning Huaishu!" He said with a determined expression.

"Good, good! Liao yangbing, you're really something. You're willing to offend me for a mere eight-stars martial venerable!"

I'll remember what happened today," ruan Xiquan said coldly. I'll settle the score with you at any time!

He flew into a rage out of humiliation. With a wave of his sleeve, he took the lead and flew toward whiterush city.

Liao Yang's ice mask was too big of a hat. He was really afraid that the news of him killing people because he couldn't force them to buy it would spread back. If that happened, he would really be too ashamed to face anyone.

What he couldn't understand was why Liao yangbing, who seemed to be a shrewd person, would offend him for an ant.

After thinking about it carefully, ruan Xiquan also felt that there was something strange about it, so he slowly calmed down. From time to time, he would glance at Yunxiao out of the corner of his eye, trying to get a clear look at the man's background.

Soon, he found that something was wrong. The whole battle blade team was flying behind him, and their faces were full of awe. What shocked him the most was that Liao yangbing was also flying at the same level as Yunxiao, and was even slightly behind him, as if she did not dare to surpass him.

His body trembled, the doubts in his heart grew, and his face was covered in haze.

After flying for a while, they saw that they were getting closer and closer to White rush City, and they could only see figures fighting in the sky outside the city.

The three human warriors were surrounded by more than ten members of the sea tribe. They were in danger at every step. The three of them kept trying to break through the encirclement and escape back into the city. Their efforts were in vain, and their resistance was getting weaker and weaker.

The person in the lead was the city Lord of baichong city, GE Zhengxiang. The three of them had originally wanted to break through the blockade of the sea Race and send the news to Red Moon City. However, they were intercepted and killed the moment they left the city. Surrounded by these Sea Race members who were covered in green, it was difficult for them to even kill their way back into the city.

GE Zhengxiang's sword swept over and furiously shook off a few members of the sea Race. He laughed in a tragic manner and said, " I can't believe that our GE clan, which has been guarding baichong city for thousands of years, would be destroyed today!

“City Lord!”

The other two were also extremely indignant. One of them said, “ we’ll each use a unique skill later. City Lord, you should quickly break out of the encirclement and return to the city!

GE Zhengxiang was shocked. Seeing the determined expressions of the two, he knew that they wanted to sacrifice him. He hurriedly shouted, “ No, if we die, we’ll die together! Anyway, going back is just waiting for death!”

“As long as the city Lord is here, there’s still hope for baichong city!” One of the two men said.

While the three of them were arguing, a series of explosions suddenly came from the bodies of the sea tribe members in front of them. Before the three of them could react, they were all dead.

“This bi an ...”

The three of them were shocked and quickly saw who it was. Although they didn’t know who it was, it was at least a human.

GE Zhengxiang was overjoyed as he repeatedly said, “ Many thanks to the various Daren for saving our lives, all Daren are bi an.”

Ruan Xiquan was still thinking about Yunxiao at the moment, and his face was gloomy. He snorted coldly and reported his name, “ ruan Xiquan from Red Moon City.

“Ah? It’s the Lord of the red moon City!”

At this moment, GE Zhengxiang was so touched that he was on the verge of tears. He was somewhat at a loss.

Ruan Xiquan’s expression looked a little better as he said, “ How come you can’t even defeat the sea tribe? Are the martial artists of white surge city that trashy?”

GE Zhengxiang's face turned red as he muttered, "It's our fault for being useless. Sirs, please enter the city, we will discuss in detail."

It turned out that the one who had sealed off the entire whitewash city was an A (grade) sea tribe, the green snapper tribe. Their current mission was only at the stage of mobilizing the Army, and they did not know the depths of whitewash city. Therefore, they did not attack the city by force. They only sent experts to launch a surprise attack and destroy the teleportation formation in the city. At the same time, they sealed off the city to prevent any information from leaking.

If they knew that the city was short of resources and only relied on the support of a city protecting formation, they would have broken through long ago.

GE Zhengxiang had only thought of breaking through the seal to seek help when he was truly at his wit's end. Otherwise, when the sea Race truly attacked, they would definitely be destroyed as easily as dried weeds and rotten wood.

"How many martial sovereigns are there in the city? How many martial honors? How strong can this array withstand?"

GE Zhengxiang smiled wryly. I won't hide it from you, my Lord. Although whiterush city is an important coastal city, there are only 17 martial Supremes in the city. Five of them were killed during the surprise attack of the oceanic species 'experts. Now, there are only 12 of them, and they are all low-level martial Supremes. There are about 100 martial Supremes. The city's defender array can only withstand the attack of one six-stars Martial Emperor at most.

After receiving this information, ruan Xiquan's face turned ugly. He turned to leave and said, "Our mission this time is to find out more about the situation in whitewash city. Now that we know, we won't be staying any longer."

GE Zhengxiang was instantly dumbfounded and quickly said, "Milord, baichong city is in danger. Milord can not leave!"

Ruan Xiquan snorted coldly. before we left, the higher-ups told us to only investigate and not interfere with the matters of baichong city. When we get back the information, Red Moon City will naturally send experts to assist us. Now that the war is serious, we can't be disrespectful.

Ruan Xiquan ignored GE Zhengxiang's pleading and was about to leave. Gan wuqin's team also hurriedly followed.

Liao yangbing, on the other hand, turned to Yunxiao, waiting for his opinion.

Lord Zhengxiang, " Yunxiao said, " the ones who sealed off this city are the A-Class sea clans, but do you know if there are any other clans gathered in the coastal waters? "

GE Zhengxiang gave Yunxiao a look. When he saw that Yunxiao was only an eight-stars martial Supreme, he shook his head, but he still answered patiently, " "As far as we know, there shouldn't be any. They are still in the process of regrouping their Army. If the few of you are willing to lend a hand, we can use the entire city's strength to exterminate the green snapper tribe. This will not only alleviate the crisis in baichong city but also disrupt the strategic deployment of the entire sea tribe. This is the best plan!"

Ruan Xiquan rolled his eyes at him. why do we have to do this? the higher-ups will decide. We definitely don't dare to disobey. Lord Zheng Xiang, I wish you good luck." He sneered and strode away.

A look of despair appeared in GE Zhengxiang's eyes. A look of hesitation seemed to flash through his eyes as he gritted his teeth and said, "Sir, please wait!"

Ruan Xiquan frowned and said, " I said I'm leaving. I'm leaving. What's the matter? " If you want to pass on a message, I can do it for you."

"The GE clan has been in baichong city for thousands of years, and we swear to live and die with the city!" GE Zhengxiang gritted his teeth.

"What does this have to do with me?" ruan Xiquan replied coldly.

“My GE clan has an unparalleled treasure-the Dragon Crystal. If Sir is willing to stay and help me, I’m willing to give it to you with both hands!” GE Zhengxiang said.

Yunxiao’s pupils constricted. Dragon Crystal? ” he asked. Are you sure it’s a Dragon Crystal?”

The value of a Dragon Crystal was indeed difficult to estimate. It was an energy crystal that fell after the World gave birth to Dragon Qi and failed to transform into a Dragon. Especially for those with Dragon bloodline, its value was only second to Dragon treasures.

“Naturally!” GE Zhengxiang replied. This treasure has been passed down in my GE clan for thousands of years. How could it be wrong?”

Ruan Xiquan was also shocked. He knew about the Dragon Crystal and immediately fell into deep thought.

This Dragon Crystal was indeed of extraordinary value. Even if he couldn’t use it, he could exchange it for something he wanted. However, safety first. The struggle in his heart appeared on his face, and his expression kept changing.

...

how big is this Dragon Crystal? ” Yunxiao asked.

“Milords, please wait for a moment,” GE Zhengxiang said.

He turned around and walked into the mansion. Soon, he came in with a fist-sized Jade box in his hand. He opened the lid and found an Azure gemstone-like crystal that emitted a warm luster.

“It’s indeed a Dragon Crystal, and it’s not small either.”

give me this Dragon Crystal, ” Yunxiao said. I’ll be responsible for killing the green snapper tribe outside. How about this deal? ” However, if the sea Race has gathered other powerful races, I can also get rid of them if they are slightly weaker, but I can’t do anything if they are stronger.”

GE Zhengxiang was taken aback. He looked at Yunxiao, then at ruan Xiquan, unable to tell what their relationship was.

Ruan Xiquan knew that Yunxiao must have some sort of background, but he could not help but mock him. “Annihilate the A (class) sea tribe? Ha, haha, do you think you’re a high-level martial Supreme? Even high-level martial sovereigns wouldn’t dare to make such an arrogant statement. You must know that there are many high-level martial sovereigns among the A (class) sea clans!”

Yunxiao ignored him and stared at GE Zhengxiang as he said, ” “How is it? You can complete the mission first and then give me the Dragonshard.”

“This bi an ...”

When GE Zhengxiang heard that they were going to pay after completing the mission, he immediately responded, ” “Deal! As long as Lao Ai and my friend can kill all the green snappers, I’ll give you the Dragon Crystal!”

He had wanted to call Yunxiao ‘Lord’, but seeing that Yunxiao was only a martial honor, he felt that it was easier to call him ‘friend’.

...

Yunxiao nodded. I’ll be right back, ” he said. Lord Yang Bing, are you staying here or going with me? ”

Liao yangbing was also shocked. No matter how highly he thought of Yunxiao, he would not believe that he could annihilate the entire A class sea clan by himself. That was something that even a high-level martial Supreme could not do!

He hesitated for a moment, but still shook his head, and said, "I'd better stay here so that I can meet up with Mister flying sun,"

Everyone was cursing in their hearts, "help my ass, how are you going to help when you're sitting in the city? everyone knows that it's an excuse."

Yunxiao nodded, then walked out of the mansion and said, "Lord Zheng Xiang, wait for my good news."

GE Zhengxiang was dumbfounded as he watched Yunxiao leave the city Lord's mansion alone, his mind completely blank.

Ruan Xiquan was also completely stunned. He didn't know what to do. Did this kid really go alone? Could he have taken the opportunity to run away? It didn't make sense. The seal on the city wasn't strong enough. They could leave whenever they wanted. There was no need to do this.

Chapter 1023-Eastern sea's scheme

After Yunxiao left the mansion, he immediately turned into a beam of light and headed toward the seaside under everyone's gaze, which dispelled the thought that he was trying to escape.

Although white surge city was an important coastal city, it was not directly by the sea like Haitian town. It was still a thousand miles away from the East Sea.

But this distance was only half a cup of tea's worth of time.

"Who is it? Stop!"

When he rushed out of the blockade line outside the city, rays of green light suddenly appeared and gathered around him. There were actually dozens of people surrounding him. They were all the sea tribe members with green bodies and tentacles and hair on their faces.

The leader's face was dark and cold. He stared at Shi Yan and said, "Did you come from the city?"

Yunxiao gave the man a look. A four-star Martial Emperor and more than ten people they had killed before. No wonder they could seal off the entire White rush City.

“Now that you’ve fallen into my hands, it’s not up to you to answer.”

The leader’s eyes flashed with killing intent as he waved his hand and said, “Take him down, but don’t kill him. I want to get information on those people from him.”

The news that Yunxiao and the others had entered the city and killed more than a dozen of their men had spread. He was about to send someone to investigate the strength and identity of those people when he saw Yunxiao rush out of the city.

“Bang!”

The first green snapper who rushed up was blown up by Yunxiao. A heavenly hammer appeared in his hand, and with two bolts of lightning flashing in his eyes, he threw his head back and smashed it down.

His entire body turned into lightning and released tens of thousands of rays of light!

“BOOM!”

A circular ring of lightning stars appeared as the heavenly hammer smashed down and scattered in all directions. The sea Race members that it passed by were all submerged in the sea of lightning. Their bodies were directly blasted apart by the lightning, and not even their bones were left!

The leader had already realized that something was wrong the moment the ring of lightning stars appeared. He wanted to fly away and escape, but he was still swept into it. He spat out a mouthful of blood and retreated hundreds of meters, but he was still coughing up blood.

Yunxiao took a step forward and smashed the hammer down again. The entire sky turned blue, as if all the heavenly might had been poured into the hammer.

“BOOM!”

The hammer stopped halfway, and a bolt of lightning directly pierced through the chest of the Marine race expert. If it continued, he would really die.

Yunxiao needed to know the information about the sea Race at this moment. The man who had soul searched him before was just a minion, while the man in front of him was a four-star Martial Emperor, so he must know a lot of information.

He put away the hammer, held the man in the air, and sent his spirit power into him. The man was half-dead at the moment and had no strength to resist. Soon, all his memories were read by Yunxiao, and he exploded in the air with a bang.

Yunxiao's expression turned a little playful as he said softly, "Runxiang? We'll meet again soon, old friends."

A hint of killing intent flashed in his eyes. He had already calculated the Dragon's Secret treasures on Yun Xiang's body. Those were treasures that were much more valuable than a mere Dragon Crystal.

The information he got from the sea tribe member's memory was that they were indeed mobilizing their troops. They planned to expand the battle line to the maximum and break through the Eastern Region's defense line as soon as possible.

However, what he did not expect was that the person in charge of the military deployment in baichong city would actually be run Xiang.

In the ocean a thousand li away from whitewash city, near the continent, the ocean floor that was usually clear all year round was extremely muddy. Undercurrents surged everywhere, and large numbers of sea tribe members gathered from all directions.

In a Palace that was temporarily built with all kinds of corals, run Xiang was standing with his hands behind his back, quietly listening to the various reports of the mobilization of troops, his face expressionless.

After the Marine race intelligence officer finished speaking, he was silent. After a long time, he asked, "Do you need another ten days?"

yes, the entire battle line and the seven landing points will need another ten days to be set up.

After the Marine race intelligence officer finished speaking, he stood aside respectfully.

A white-robed man was lying lazily on a throne that was decorated with jewels and pearls. A few beautiful clam girls were pinching the man's body and feeding him purple crystals.

From time to time, the man used his hands to touch clam girl's body and said coldly, "With ten days" time, uncle Guangcheng would have already entered Red Moon City."

Runxiang waved his hand and asked the intelligence officer to leave.

The leader of the green snapper tribe, who was a sea tribe member with a green body, asked carefully, "Lord runxiang, do we wait for ten days or do we take down baichong city now?"

"We'll wait,"

RUO Xiang softly spat out a word.

"Hmph, still waiting? Cousin runxiang, I'm very curious about what you're thinking about."

The man in white pushed aside the clam girl beside him and stood up with a cold expression. It was Guang Yi. He was very dissatisfied with the fact that he was only a follower while runxiang was in charge of the matters here.

However, this was an order from the palace, and he had no choice but to follow it, so he had been mocking and ridiculing her all the way.

Run Xiang ignored him and glanced at the green snapper commander instead. He said indifferently, "Do you agree with Guang Yi's idea that it's more suitable to take down baichong city?"

"This subordinate does not dare!"

The green snapper commander hurriedly lowered its head. Questioning the royal family was a capital crime, even if they were of the A (grade) race.

after staying in the sea for a long time, "runxiang said, "you'll think nothing is in your eyes. You'll think that the sea Race has the four Seas and that they're the number one in the heavenly martial arts realm, invincible.

The green snapper commander lowered his head and did not speak, carefully reflecting on these words.

Guang Yi snorted coldly, "isn't that so?" Could it be that cousin thinks that the humans are stronger than us?"

RUO Xiang was playing with a piece of purple coral and said indifferently, "The two races have their own strengths and weaknesses, it's hard to say which is stronger."

"Ha, haha, cousin is telling a joke, right? The sea Race controls the four Seas, and our numbers are many times greater than the human race's. If we want to, we can completely wipe out the entire human race!"

Guang Yi's eyes revealed a trace of arrogance. This was the innate arrogance of the sea race's King. He looked down on everyone.

RUO Xiang didn't want to argue with him, so he just said, "Maybe," He turned around to leave, as if he found it boring to stay.

A trace of anger flashed across Guang Yi's face. He stepped forward to stop him and said coldly, "I think cousin doesn't agree with what I said. Have you forgotten that the four Seas besieged the Holy Land of

the human race under the leadership of the Bo family thirty years ago? they were so scared that they didn't dare to come out.

RUO Xiang's eyes revealed an undisguisable sneer, and he said, "How much do you know about what happened back then? Don't you think you're being childish by talking like this?"

"You're a coward. Hmph, I'm childish!"

"Some people were almost killed by humans," Guang Yi said sarcastically, "now they're trembling in fear when they hear the word" human.""

...

"Bang!"

The purple coral in RUO Xiang's hand was crushed instantly. A hint of killing intent flashed in his eyes as he said coldly, "Guang Yi, don't think that I won't kill you just because your father hired me to guard this place!"

Guang Yi was shocked by his cold eyes, but he didn't want to show his fear. He raised his head and said proudly, "Hmph, I'm sure you won't dare to kill me. If you have the ability, try and touch me. Don't forget that this is the East Sea, not your North Sea!"

The killing intent in RUO Xiang's eyes became more and more intense, but he seemed to have suddenly thought of something and suppressed it.

"Ha, haha, I knew it."

Guang Yi was smug, his eyes filled with coldness. He snorted, "If you kill me, you won't be able to answer to my father, and you won't be able to get the Dragon's Secret treasure that I promised you. The latter is what you're most worried about, right? I really don't know what Lord father is thinking. My East Ocean is full of talents, so why would I give you a Dragon artifact to guard this place?"

Dragon's heirlooms were more precious than anything to them, who had the dragon's bloodline.

The more Guang Yi spoke, the more he felt that it was unfair. If that Dragon's Secret treasure was given to him, his strength would increase by a lot.

Every time he thought of this, he felt a heartache. This was also the reason why he was always at loggerheads with run Xiang.

RUO Xiang snorted coldly. A light flashed in his hand, and something seemed to have appeared.

"Ah? This is a Dragon's Secret treasure!"

...

Guang Yi's face was full of shock as he cried out, "How could this be? you, you haven't completed your task. Why would father give this to you first?"

A smug look flashed across run Xiang's face as he sneered, "My stupid cousin, your father made the right decision to let you be my follower. Don't you understand the real intention of your father to win me over?"

"True intention? To win him over?"

Guang Yi's face was dazed for a moment before he roared in anger, "Impudent! My father's power is unparalleled in the East Ocean, why would he need you?"

A look of contempt flashed across run Xiang's face as he snorted softly, no matter how powerful his cultivation is, he can only intimidate the East Ocean. He knows that he can't intimidate the world!

"What do you mean?"

Guang Yi was puzzled.

The green snapper commander wiped his sweat and felt uneasy. It would be a great sin even if he listened to such discussions about the royal family of the East Sea, but he did not dare to leave.

RUO Xiang's eyes narrowed slightly, and he said word by word, because he's already prepared for an all-out war in this war, and he doesn't have the slightest confidence in facing the human tribe alone, so he made me stay with great benefits. The key is not that he values my talent, but that he wants me to be involved in this war and eventually have the North Sea join in.

He paused, his expression changing several times. He stared at Guang Yi and said, "Your Royal father is willing to pay such a price to obtain that rainbow stone. Just what is that thing?"

Guang Yi's body trembled and he took a step back in shock. He didn't know if it was because he was shocked by Yun Xiang's words or because he was afraid at the mention of the rainbow stone.

The expression on his face kept changing as he said, "I only know that it has always been in Donghai Palace, but I don't know what it's used for. If it's really as you've guessed, isn't this war a catastrophe for the human race?"

RUO Xiang retracted his aggressive gaze and snorted coldly. He said in disdain, "You really need to change that supercilious habit of yours. Hmph, if it really reaches that level, won't it also be a disaster for our Sea Race?"

A look of reminiscence flashed across his face, as if he was recalling something. He muttered softly, "The wisdom of the human race is unparalleled. If those things were exposed, I'm afraid that your father would not be so bold."

Guang Yi's pupils contracted, "those things?" Cousin, what are you talking about?"

Chapter 1024-there are three people to respect

RUO Xiang's body trembled, and a trace of fear flashed across his face. He knew that he had said something wrong, so he quickly regained his previous indifference and said, "It's nothing. Just take care of yourself."

Guang Yi's eyes flashed with suspicion. "Cousin, I know that you've stayed on the continent for a long time, and you might know more about the human race than we do. However, isn't it a bit of an exaggeration to say that the human race can threaten our Sea Race?"

How could this kind of probing question get run Xiang to answer? he said indifferently, "I hope so."

Guang Yi's face darkened and he felt a faint trace of anger. He left with a flick of his sleeves and snorted, "I hope that you can take on the responsibility given by my father. Otherwise, no matter how thick your skin is, you won't have the face to swallow my family's Dragon secret treasure."

"Don't worry, cousin," run Xiang said coldly. "Since this Dragon's Secret treasure has fallen into my hands, I won't give it up no matter what." If you have so much free time, why don't you spend it on cultivation? have you fused with the first dragon's blood I gave you?"

"Hmph!"

Guang Yi's face was extremely dark. It was because he had swallowed the two drops of first dragon's blood that run Xiang had given him that his strength had increased greatly. He had always wanted to get a true Dragon's Secret treasure, but he didn't expect the palace to give one to run Xiang. How could he not be angry? if it wasn't for the fact that he couldn't beat this person, he really wanted to kill run Xiang and take all the treasures.

He walked out of the palace with a gloomy face.

All of a sudden, a wave of water that contained an extremely powerful force pushed in, knocking over a few of the supporting pillars in front of the palace. The force was extremely overbearing, as if it was not meant to attack, but to destroy.

"Who's there? You should die!"

Guang Yi, who was feeling depressed, was even more furious now. His body turned into a beam of light that penetrated the water wave and struck the source of the earthquake with his palm.

“Bang!”

The water in the entire seabed surged and spun under the power of the palm, condensing into a water ball that was compressed to the extreme and exploding in front of the figure.

“Bang!”

A domineering force exploded out and pushed in all directions.

The person didn't seem to mind at all. His body turned into lightning, and the water waves directly passed through his body.

Guang Yi's heart trembled. He was shocked to find that the other party had already walked in front of him and was about to step on his face!

He was extremely shocked. That kick was ordinary, but it contained extremely powerful laws that completely locked him down and made him unable to avoid it.

Ever since he had fused with the two drops of the first dragon's blood, not only had his cultivation base crossed over to the mid-stage four-star martial sovereign realm, but his actual combat strength was also far above that. How could he be stepped on by the other party with just one foot?

In his extreme shock, the power of the Dragon blood in his body instantly burst out, and his skin turned red. He roared, "Soaring Dragon celestial body!"

“Bang! Bang! Bang! Bang!”

The sound of water exploding came from all around him as the law lock loosened slightly. Guang Yi hurriedly stomped with all his strength, trying to avoid the foot. If someone stepped on his face, how could he face others as a member of the eastern sea's royal family?

Under his crazy efforts, his body finally leaned back a little, and his face avoided the foot, but he was stepped on the chest.

“Bang!”

A huge force jolted into his body, and he felt as if his internal organs were about to shatter. He spat out a large mouthful of blood and was sent flying, but he heaved a heavy sigh of relief in his heart.

“Eh?”

The man was Yunxiao. He let out a soft cry of surprise. He did not expect that the man could still move under his foot.

Looking at Guang Yi’s Red skin, Yunxiao looked slightly puzzled and thoughtfully.

“Who is it?”

The entire coral Palace collapsed, and the angry roar of the green snapper commander came from inside. Two beams of light broke through the fallen Palace and rushed out, standing in front of Yunxiao.

The green snapper commander’s face was filled with rage, especially when he saw Guang Yi’s pale face and blood at the corner of his mouth. He was so angry that his entire body trembled. He had caused a Royal to be injured. This was a capital crime!

On the other hand, RUO Xiang’s face was cold. His sharp eyes were wandering on Yunxiao’s face, as if he wanted to see through the mask and see his true face.

Yunxiao gave run Xiang a glance, then turned to the green snapper commander and said, “How many people does your clan have in this Sea region?”

The green snapper commander was stunned and asked in surprise, “Why are you asking this?”

I've taken someone's money," Yunxiao said indifferently. I plan to wipe out your green snapper clan for them.

"What? Damn it, damn it, damn it!"

The green snapper commander had thought that something was wrong, but when it heard this, it went crazy. A powerful force suddenly burst out of its body, and it grabbed in the air with both hands. A golden spear appeared in its hands, and it stabbed forward.

The spear was only an ordinary eighth-tier Mystic artifact, but it was already a Supreme treasure in the hands of the sea Race. The tip of the spear glowed with a cold light as it went straight for Yunxiao's forehead.

From the beginning to the end, Yunxiao had his hands behind his back, and with a slight tilt of his body, he dodged the spear.

The green snapper commander's anger continued to surge, and it swept its weapon toward him, aiming for his chest.

With a light tap of his foot, Yunxiao leaned back slightly, then raised his right foot in the air and stepped on the spear, kicking it back.

The two moves were dealt with so easily that in the eyes of the green snapper commander, a strong sense of fear grew in its heart. It knew that the person in front of it was definitely a formidable opponent.

You're li Yunxiao!

RUO Xiang, who had been watching the battle coldly from the side, suddenly had a drastic change in expression. His voice, which had almost changed, came out of his throat, and the words 'li Yunxiao' sounded more like a duck that had its neck choked by someone.

He finally recognized the person in front of him!

His body couldn't help but tremble violently, and he lost control of his emotions!

The proud sons of heaven in the four Seas, the geniuses who roamed the human continent and had almost no opponents, had suffered the greatest defeat in their lives at the hands of this person!

Run Xiang's face was pale, looking even uglier than the injured Guang Yi.

Guang Yi's angry and cold gaze suddenly became stunned. His brows furrowed as he stared at Yun Xiang's face. He didn't understand why he was so excited. What was the background of this human in front of him?

The green snapper commander also stopped its attack and stood vigilantly at the side. A few tentacles on its head were shaking slightly. It was the special sound transmission method of the green snapper tribe to dispatch experts.

"Hehe, brother runxiang, I've missed you so much since we parted at the Redmoon city."

Yunxiao chuckled as he stood in front of the three men.

"Cousin, do you know this human?" Guang Yi came forward and asked coldly. Just now, Yun Xiang had shouted 'li Yunxiao' like a ghost, so he had not heard it clearly.

...

RUO Xiang took a deep breath. After all, he was also a genius-like existence. He slowly controlled the turbulent emotions in his heart and gradually regained his calm.

Yunxiao had not only brought him the greatest defeat and humiliation in his life, but during this period of time, whenever he reached the limit of his cultivation, this man's figure would appear in his mind, and he would break through the unbearable limits one by one.

He knew that the person in front of him had already become the demon in his heart!

Although his cultivation speed had increased by leaps and bounds by relying on this inner demon, if he did not kill it, it would be difficult for him to make any further progress when he comprehended the Zhong Dian great Dao in the late stage of the Martial Emperor realm.

So, Yunxiao had to die, and he had to kill him with his own hands!

After a few breaths, run Xiang completely calmed down and said, " Li Yunxiao, there were only three people I admired in my life, but now you are one of them.

"Li Yunxiao? Li Yunxiao!"

Guang Yi's expression suddenly changed and he said in horror, " "Li Yunxiao! You're li Yunxiao, the one who has hidden the rainbow stone!"

He finally recognized that this man was li Yunxiao, the one who had brought him shame, reneged on the three-month promise, and made him lose face in front of his father and brothers!

Moreover, all this time, he had always thought that his father had asked runxiang to support the war here, while he was just a follower. Because of the embarrassing incident of the three-month agreement, he had long put Yunxiao on the first kill list in his heart!

The green snapper commander was also shocked. Although he did not know The Grudge between this man and the two royal families, as a high-level martial sovereign, he was also a very important figure among the royal families of Dong Hai, and he knew that the cause of this war was the rainbow stone. When he heard that the rainbow stone was hidden by this man, his eyes widened as big as lanterns as he stared at Yunxiao. He could not let him escape!

...

Yunxiao's interest was piqued. I wonder which three?"

There was a calm atmosphere in the battle, and run Xiang had already completely calmed down, saying, the first one is the one who rules the four Seas, the one who the world is subservient to!

Guang Yi and the green snapper commander's expressions changed slightly, and their eyes revealed Supreme reverence.

Yunxiao stretched out a finger and shook it gently. "Pay attention to your words. It's the four Seas that submit, not the world."

RUO Xiang didn't argue with him and continued,"The second one is the King of the North Sea, my father."

The green snapper commander's face was still full of respect, but it was much worse than when he had mentioned Poseidon before. Guang Yi, on the other hand, snorted coldly, as if he did not care.

a father will always be an idol in a child's heart," Yunxiao said. I can understand.

A strange expression flashed across run Xiang's face, and he said, as for the third one, it's in the divine capital of the human race's Holy realm. As for who it is, you can guess it yourself.

"Oh?"

Yunxiao's pupils constricted, and he seemed to be pondering. After a while, he said, " "Are you referring to the five Saints? Or are they the three from Shen 'du?"

"You know a lot about the Holy region?" run Xiang's expression changed slightly.

as a human," Yunxiao said, " of course, I should know better than you, Sea Race.

"As for who it is, you can go and guess for yourself," run Xiang snorted coldly.

Yunxiao nodded. there's no need to guess. When I beat you half to death, I'll search your soul directly, because I'm very interested in the origin of your bloodline.

Run Xiang's expression changed drastically as he said in shock and anger, "damn it, damn it!" You actually have such vicious thoughts about me!"

Yunxiao burst into laughter. you've tried to kill me several times. What's so strange about me searching your soul? " he said. However, I'm indebted to your admiration for being able to compare me with the three people you admire."

Chapter 1025-siege

"There's no need to be humble. If you can live to that age, your achievements will not be below theirs," runxiang said.

Upon hearing this, Guang Yi and the green snapper commander's expressions changed drastically.

It was fine if RUO Xiang used humans as an example to compare to the sea King, but among the three people listed before, there was the existence of the Lord of the four Seas, the sea Emperor. What he said just now was already treasonous!

"Runxiang, what nonsense are you talking about?!" Guang Yi was shocked and angry. How dare you offend the sea Emperor!"

RUO Xiang's expression changed, and he knew that he had misspoken. He quickly changed the topic and said, "It's a pity that you won't live to that age!"

His feet left the seabed, and his entire body was suspended in the air. His body began to transform into a Dragon.

Golden scales emerged on his body, sharp claws grew out of his hands, and dragon horns grew out of his forehead. He held the luohou spear with both hands and stared at Yunxiao in full combat mode.

are you confident that you can beat me? " Yunxiao smiled indifferently. are you confident? "

you had the advantage on land before, ” run Xiang said coldly. now that we’re in the sea, I have the advantage. How hard is it to beat you? ”

Guang Yi was shocked. He did not expect that it was Yunxiao who had seriously injured runxiang.

He looked at the dragonformed RUO Xiang, and a hint of jealousy flashed in his eyes. If he could also have these Dragon-type secret treasures, his strength would definitely be above RUO Xiang’s, and he wouldn’t have to be bullied by him all the time. An extreme sense of injustice welled up in his heart.

The green snapper commander also let out a loud cry, and its body expanded to more than twice its original size in the water. It held its golden trident and glared at him.

Moreover, a large number of experts had also been summoned and had already surrounded this place.

have all the experts of the green snapper clan arrived? ” Yunxiao asked. It saves me the trouble of looking for them one by one.”

The green snapper commander flew into a rage and roared, ” “Go to hell!”

He waved the Golden trident in the water, and instantly, water ripples spread out from the tip of the Trident, forming a huge strange symbol that attacked in the air.

The members of the sea race’s combat strength in the sea had increased by several times, let alone a high-level martial Supreme like him. One move from him was like a mountain collapsing and the heavens and earth collapsing!

Yunxiao’s pupils constricted, and his eyes turned as red as the moon. The entire space around him twisted rapidly with him as the center. When the power of the overturning seas hit him, it was compressed by the space and turned into nothingness before disappearing.

“What?”

Everyone's eyes widened in shock, unable to believe what they were seeing.

This human didn't move at all, and he actually made that overbearing move disappear into thin air?

spiritual power, there's actually such a powerful spiritual power!

Run Xiang's expression was unusually ugly as he gritted his teeth and said, "You're a ninth-tier Alchemist?"

He had mixed feelings at the moment. He had thought that Yunxiao's strength was on par with his, and now that the environment had changed, he would certainly be able to take him down easily. But, he did not expect Yunxiao to have such a powerful trump card!

There were very few alchemists in the sea tribe, and even if there were, they would study Dao all day long. There were also many people who would practice these spiritual attack techniques, so the green snapper tribe and Guang Yi could not react in time. However, runxiang, who had stayed on the continent for a long time, immediately understood.

"?! A ninth-tier Alchemist?"

The people of the sea Race all sucked in a breath of cold air, their faces filled with shock, and even revealed looks of respect.

don't pity me just because I'm an Alchemist," Yunxiao said. I'm an Alchemist.

The immemorial heaven's eye in the center of his brows opened, and several rays of light shot out. A powerful aura was emitted, and several figures landed beside him.

"This, this Yingluo"

Everyone's eyes widened, and even run Xiang could not react in time. The people who had suddenly appeared were all martial Supremes!

"Waa! So many monsters!"

Young Emperor haolian immediately cried out. His shocked face immediately turned ecstatic as he laughed. haha, I finally have a practice target. I can have a good time this time!

He glanced at mo Xiaochuan beside him and said smugly, "I'm sure I'm not the weakest this time."

Yunxiao had released almost all the fighting forces in the divine realm tablet. In addition to mo Xiaochuan, haolian, and shaohuang, there were also the three brothers of the Gou family, the DarkThunder, the calabash Little King Kong, Duan Yue, and Yue jiulin, who had reached the peak of martial honor.

There was another person who frowned and kept moving his body up and down, left and right. His face was filled with dissatisfaction as he said, "I didn't say that I would help you defend against the enemy."

The man was the evil spirit that had come out of mo Xiaochuan's body. Last time, he had been robbed by four martial emperors before he went to the end of the world. Yunxiao had killed three of them and left behind the strongest four-stars Martial Emperor, who he had given to the evil spirit to possess.

I didn't ask you to defend against the enemy, " Yunxiao said. you can go. I just let you out.

The evil spirit glanced around and saw that it was completely surrounded. It felt depressed and couldn't leave at all. In addition, it didn't dare to leave without permission. Who knew what kind of means this person would use to deal with it if it went against his will?

"Lord runxiang, this, what's going on?"

The green snapper commander was a little stunned and asked the experienced and knowledgeable run Xiang in confusion.

RUO Xiang's face sank, and a thought grew wildly in his heart. Could it be a Supreme grade profound level weapon?

That day in songyue city, he had personally seen the death of the monster race use the armillary sphere.

Wasn't Noah's ship the only Supreme Xuan artifact of the human race?

With a glance, RUO Xiang immediately discovered the strength of these people in front of him, and he was more and more convinced that Yunxiao had a Supreme-grade Mystic artifact in his hand. Otherwise, it was impossible for him to hide so many people!

An indescribable excitement spread from the bottom of his heart. If he could kill Yunxiao today, not only would he be able to take revenge for what happened that day, but it was also very likely that he would be able to find the rainbow stone. What made him tremble with excitement was that if he could get a Supreme-grade profound level weapon, he would definitely be able to rule the world in the future!

"I don't know!"

Runxiang replied to the green snapper leader and said word by word, "Kill them all, leave no one alive!"

"Yes!"

A cold glint flashed in the green snapper commander's eyes. The appearance of these people in front of them had greatly reduced their advantage, but they still had the confidence to win. "Kill them all!"

"Huala"

The sea tribe members that were densely packed from all four sides moved all at once, surging forward madly. Just the strength of the current alone was like an iron plate pressing down on everyone's body, causing them to frown.

Duan Yue smiled wryly and said, " I thought I could help you a little after I reached the peak of martial honor. I didn't expect your enemies to be stronger and stronger. I can't keep up with the progress!

...

commander against commander, minions against minions," Yunxiao said. you can just deal with those minions.

Duan Yue felt depressed. He was already a peak martial venerable, but he was still a minion. But he had to admit the reality, so he charged at the sea clan members who were also minions.

All of a sudden, they spread out from Yunxiao's side and attacked the sea tribe in all directions. In addition to the green snapper tribe, there were some other sea tribe clans nearby, but they were all extremely weak and basically cannon fodder.

"Bang! Bang! Bang! Bang!"

All sorts of explosions rang out, and the sea became chaotic. A large-scale explosion spread out. Mo Xiaochuan and the others were like a hot knife through butter, killing dozens of sea tribe members in an instant. Even a martial sovereign was killed on the spot. The sea tribe members were so frightened that they retreated desperately and did not dare to come forward.

The green snapper commander's expression changed drastically, and he said angrily, " everyone, surround and kill them! Anyone who tries to escape will die!

Only then did the members of the sea clan gather their courage. They all roared and rushed down, their eyes instantly turning red.

The eyes of a few martial sovereigns of the sea clan popped out and they attacked ferociously. With the advantage of their improved strength in the sea, they trapped everyone and began a long battle!

Although the gourd Little King Kong's attack was not the strongest, it was the most effective killing machine. There was no existence here that could hurt him. He threw out punches one after another, and each punch exploded the enemy.

Although the three Gou brothers and the evil spirit were unwilling, the sea Race wouldn't let them off even if they didn't do anything, so they could only brace themselves and fight.

When the green snapper commander saw that his team had suffered a huge number of casualties in an instant, he was so shocked that his body trembled and his eyes spewed fire.

...

"Lord Green snapper, calm down and take this person down with me," runxiang said. Cousin Guang Yi, you will be responsible for those dregs."

Guang Yi snorted and flew up to kill those humans. Although he was extremely unwilling to be commanded by run Xiang and didn't want to play the role of a minion, the situation was pressing. Strength was not up to him.

The commander of the green snapper also calmed down after hearing runxiang's words, and he directed all the anger in his eyes at Yunxiao.

The three of them stood quietly, but the danger within was no less than the periphery. The aura on each of them rose to the extreme, pressing the sea water to surge, almost forming a Whirlpool that spread out in all directions.

The rest of the people could not help but retreat under the pressure of the sea water and aura. They fought further and further away until they were all 100 meters away.

RUO Xiang took a deep breath and said, " it's enough that I've only admired three people in my life. I don't need a fourth. So, you can stay here forever today!

He turned the spear in his hand and charged at Yunxiao.

Yunxiao's pupils constricted, and a layer of frost suddenly appeared on his cold sword. He held the sword in front of him and flicked the spear away with a bang.

When the extremely powerful force on the spear forced him to take a few steps back, he was shocked. Although the sea Race could display their power in the sea, Yun Xiang's current strength seemed to be above his expectations.

RUO Xiang moved extremely fast, even faster than he could move on land. He circled above Yunxiao with the momentum and thrust his spear again.

With a wave of his sword, Yunxiao lifted the ice sword in front of him. An ocean of sword Qi emerged around him, transforming into more than ten sword-shaped swords and slashing upward at the same time.

"Bang!"

The two profound level weapons collided with a crisp sound, and a stream of Dragon Qi burst out of the spear, directly destroying the sword. The tremendous force pushed Yunxiao down a little, and his legs were pushed into the ground, sinking into his knees.

At this moment, the green snapper commander's pupils dilated, and its golden fork pierced through the air at a speed that was even faster than that of run Xiang!

Chapter 1026-totem power

Yunxiao's face flickered slightly as the huge force coming from the sword continued to grow stronger. It was clear that runxiang was trying to suppress him and create an opportunity for the green snapper commander. He performed an incantation gesture with his left hand, and a golden light flashed out from between his eyebrows and began to spread all over his body, transforming into a three-headed and six-armed transcendence golden body!

One of his arms pointed forward, and eleven Northern heaven cold star swords burst out of his body, turning into sword lights and slashing out.

A sneer flashed across the green snapper commander's face. It spun its golden fork in the air, and golden balls flew out and spread out at the bottom of the sea.

Then, Runxiang's dragon energy burst out in the sky, and the shadow of a true dragon appeared behind him. The power of the Luohou spear doubled, and it pressed down on Yunxiao like a mountain.

"Bang! Bang! Bang! Bang! Bang! Bang!"

The long swords struck the Golden Ball, but to no avail. They were jolted back and stabbed into the bottom of the sea in a row with clanging sounds.

The green snapper commander's expression turned stern as his golden trident turned into a few beams of light. The dozen or so golden balls flew up into the air, spun around Yunxiao, and then smashed down on him!

Yunxiao's expression flickered. A heavenly hammer appeared in one of his hands, and a ring of Thunderstars formed around him, which he then blasted out in all directions and blocked all the Golden balls!

That heavenly hammer directly became bigger and smashed towards Yun Xiang's head!

Run Xiang's pupils contracted. The power of that hammer strike made him feel an abnormal sense of danger. He quickly retracted his battle spear and held it horizontally in front of him to resist the lightning!

"BOOM!"

As more than ten golden balls around him were shattered, a huge force soared into the sky. Run Xiang was also shaken away by the hammer, and his body couldn't help but fly back.

In an instant, Yunxiao turned into a bolt of lightning, and his cold sword of Ice Rose up as he flew out and slashed at Run Xiang!

The sword Qi spread out like petals in the water and finally gathered in a line, cutting the sea water apart. There was a vacuum around him.

“Luohou strike!”

RUO Xiang’s expression was stern, and there was a faint Dragon-shaped spiral on his long spear. He raised his head and spat out a Pearl, and the might of a true dragon roared.

“Bang!”

The two forces collided, and the seawater in all directions was pushed back. A huge vacuum was created in the sea, and it kept rushing to the surface of the sea!

Yunxiao snorted coldly as he performed an incantation gesture with his left hand and pointed at the sword. Immediately, an ice crystal emerged and bloomed.

The temperature in the surroundings suddenly dropped, and Ruo Xiang’s body trembled. A bone-chilling cold penetrated his dragon scales and went deep into his meridians and bones!

flowers bloom in a spring breeze!

At Yunxiao’s cry, the ice crystal exploded with a bang, scattering into ice flowers. The color of the surroundings darkened, and then froze in all directions at an extremely fast speed, freezing everything within ten thousand miles!

“Kacha!”

The surging waves were also frozen in an instant, turning into mountains that rose from the bottom of the sea into the sky. The sun shone directly on the bottom of the sea, reflecting a dazzling light on the huge ice crystals on both sides.

RUO Xiang and the green snapper commander not far away were both frozen by this move!

“Bang!”

Just as Yunxiao pulled out his sword and slashed through the ice seal to cut run Xiang’s neck, run Xiang moved and instantly shattered countless pieces of hard ice. The luohou spear turned into white bones in an instant, and a Dragon spine spun in front of him like a long whip, blocking the cold sword.

“Good move!”

RUO Xiang’s face turned cold. The spine of the Dragon shook Yunxiao away and turned into a Dragon Shadow that circled around him, then rushed into his body and fused with it!

A powerful Dragon Qi shot out and immediately shook off the endless ice one by one. It was as if the mountains had collapsed and the entire sea had fallen into a Whirlpool again.

At the same time, the green snapper commander’s eyes were about to pop out. It held the Golden fork with both hands and raised it high, then fiercely thrust it forward!

Countless water elements were split apart by a golden beam of a powerful art, and the vortex formed by the collapse of the iceberg was cut in half as well, while the Golden beam went straight for Yunxiao.

Yunxiao performed an incantation gesture with one hand, and the ice sword was held horizontally in front of him. The surrounding seawater turned dark, like a black hole that devoured all light, and the golden light dimmed under the strange phenomenon.

“Sword Art, star obliteration!”

Sword Qi shot out from the endless darkness, wanting to break open the endless sea of void. It collided with the golden light, and the force shot out in all directions!

Many of the sea tribe members who were surrounding and killing everyone in the distance were affected by this power and were instantly crushed into pieces. The battlefield was once again pulled far away.

Young Emperor haolian looked into the distance worriedly. "Xiaochuan, do you want to go and help young master Yun?"

you'll be helping young master Yun if you don't get hurt.

Mo Xiaochuan said calmly, turning a blind eye to the battle. However, the ultimate move in his hand became more and more ruthless. It was as if he had poured all his emotions into his sword light, and a large number of members of the sea clan were crushed by his sword Qi.

Young Emperor haolian looked embarrassed, but mo Xiaochuan was right. They had already done their best to keep the sea tribe Army busy. With a loud shout, four streams of elemental power swirled around his fist and shot toward the sea tribe Army.

"Only this much? If you don't use your divine ability, how are you going to kill me?"

After the attack, Yunxiao stood there coldly, looking down at the two people in front of him with a cold gleam in his eyes.

The green snapper commander's face turned extremely ugly. He had thought that the other party was only a two-stars martial sovereign and that it would be easy to kill him, but he did not expect him to be so difficult to deal with. He said coldly, " "Since you're so eager to die, I'll fulfill your wish!"

"Ha!"

The green snapper commander let out an angry roar and stuck its golden fork beside it. It pushed its left palm forward, and a dark green vortex appeared in its palm, emitting circles of black light that synchronized with the energy frequency of the entire sea. For a moment, the waves surged, and a shadow appeared behind it. It slowly opened two red eyes, revealing a fierce aura.

The violent aura coming from The Phantom was that of some powerful totem beast. Moreover, the green snapper commander seemed to have become one with the sea at this moment. Every breath it took was like the waves of the sea, and its aura was getting stronger and stronger.

Yunxiao's pupils constricted. If he were to let the old man continue, he would be in trouble. In an instant, he turned into a bolt of lightning and rushed over, his body expanding several times in size. A ring of lightning stars surrounded him, and huge Maha ancient characters appeared on his hammer.

A Thunderbolt rushed out of Yunxiao's body, breaking through the entire sea and even piercing through the surface of the sea, shaking up into the sky!

The green snapper commander's eyes widened in anger and he revealed a look of horror. His right hand formed a seal and his left hand slapped out directly to meet the Thunderbolt!

"Bang! Bang! Bang! Bang! Bang! Bang!"

The impact of the Thunderbolts grew stronger and stronger, and they continued to stack on top of each other. The power of the Thunderbolt Star Ring continued to expand, pushing the sea water dozens of meters away, and the entire sea level rose!

The green snapper commander's expression changed drastically. When he had received the Thunderbolts earlier, they did not feel as strong as he had imagined. However, he did not expect that in just half a breath's time, they had increased by many times and scattered all the vital essence in his hands!

Furthermore, the power of lightning had a natural suppressive effect on deep sea races like them. After dispersing the essence force in his palm, it even shattered his protective true essence!

...

At this critical moment, the totem behind the green snapper commander seemed to show its might. It opened its huge white teeth in the darkness and let out a trembling cry!

"Roo! Luo! Luo! Luo!"

The sharp cry pushed away the power of Thunder, and a huge sound wave came from under Yunxiao's hammer, which almost blew him away. The noise was so loud that it almost blew his mind apart!

damn it, what the hell is this?!

damn it! Yunxiao cursed angrily, his face filled with horror. The totem was only a part of its body, and it could already have such power with just a long roar. If it were the whole body, it would be even more terrible.

“Pfft!”

The green snapper commander spat out a large mouthful of blood. His heart meridian had been injured by the attack just now.

After returning from the gates of hell, he quickly formed seals with his hands and increased the power of the totem behind him.

This was the agreement between the green snapper tribe and the ferocious beasts. In times of crisis, they could summon part of the ferocious beasts' main bodies. However, with his current strength, he could not summon too many of them. His current state was already his limit.

The totem kept howling, and the sound waves were not only attacking Yunxiao, but also spreading in all directions.

On the battlefield in the distance, the green snapper tribe seemed to be fine, but the rest of the sea tribe, mo Xiaochuan, and the others had a drastic change in expression. They were so agitated that they had goosebumps all over their bodies, and the aura in their bodies suddenly became violent.

...

The DarkThunder trembled violently and curled up into a ball as if it was extremely afraid. However, circles of golden lightning were still spreading out of its body, preventing the Marine race from invading.

Duan Yue had a very good relationship with it, and he immediately surrounded it to protect it.

Yunxiao was shocked and angry by the sound wave. He made a hand seal, and his whole body shone with a golden light. Ripples spread out on the surface of his skin, and most of the beast's attack was blocked by the Golden body, only a part of it entering his body.

Yunxiao's face darkened as he gave another soft cry. A demonic aura rose from his body, and the demonic sky armor materialized, finally dispelling all the sound waves.

He then quickly formed hand seals with both hands, and the projection of a true demon appeared from the bottom of the sea behind him. It was like a giant that descended onto the ocean, and the entire ocean water began to turn black like ink.

Yunxiao's eyes were cold as he glanced at Yun Xiang, who was not far away. The latter was also staring at him fiercely, his hands constantly changing incantation gestures, as if he was performing some incredible divine ability.

"Hmph!"

Yunxiao snorted coldly. Ignoring Yun Xiang, he performed an incantation gesture with both hands, and beams of golden light spread out from his hands.

The true devil Phantom behind Yunxiao also formed a seal. Outside the golden seal, a huge devil seal appeared, floating in the dark sea and undulating.

The green snapper commander's face was pale. He had consumed a lot of his power, and the totem beast behind him was also gradually fading.

Li Yunxiao, stop!

RUO Xiang suddenly shouted, and his eyes burst out with a bright light. An extremely terrifying aura came over, and a circle of light suddenly appeared in the sea. It was as if a passage had opened, and it

instantly spread out tens of meters. It was as if a cage had been opened, and a peerless ferocious beast was about to come.

He received bad news yesterday that Taiyi's good friend, the author of "unparalleled immortal", a 23-year-old girl with both beauty and talent, had passed away from a heart attack. I still find it hard to accept, and my heart feels like it's being twisted by a knife.

Now, he could only comfort himself with empty words like the dead grow up and the living encourage him. Qing Luo, thank you for bringing us a happy time and leaving us with beautiful memories. I hope that with a soul and a kingdom of heaven, you can continue to be happy.

I'll try my best to maintain the second watch period during this period. If there's any less, I'll push it back and make up for it.

Chapter 1027

1027 The legend of the deep sea

Both Yunxiao and the green snapper commander were taken aback, but one of them had a solemn look on his face, while the other was overjoyed.

"It's a deep-sea Giant-faced beast!"

The green snapper commander's eyes bloomed with joy as he laughed wildly. haha! I can't believe Lord runxiang has summoned this thing! Yunxiao is dead for sure!

The circle of light continued to expand, and the aura around run Xiang's entire body also soared. The Dragon Qi turned into the shape of a Dragon, and they flew around his body!

An eye that was dozens of meters wide slowly opened in the circle of light. The eyeball inside the huge white pupil rolled around a few times, which was extremely strange.

As the light circle grew bigger and bigger, the face of the entire beast was slowly revealed. It almost covered an entire area of the sea, and the huge face was also trying hard to squeeze.

“BOOM!”

The entire seabed trembled violently. The face of the ferocious beast directly squeezed through the space and was revealed. It was like a huge flatbread. The face suddenly opened its mouth and smiled. It was abnormally terrifying.

“Gulp!”

Yunxiao also felt his throat dry and thirsty. He swallowed and immediately recognized that the creature in front of him was a deep-sea Giant beast, an ancient race that lived in the sea, hiding in the endless deep sea and rarely appearing.

This kind of giant beast usually existed alone, or in families of two or three. Their bodies were hundreds of times larger than ordinary members of the sea Race, and some could even reach a terrifying size of a thousand times. They were powerful existences that had been nurtured by the sea for countless years.

Yunxiao’s true fiend Dharma idol was not even as tall as the nose of the face.

haha! Li Yunxiao, let’s see how you die this time!

RUO Xiang’s face was also flushed red. He was extremely excited that he could summon such a powerful existence. He turned into a ray of light and landed on that huge face. He grinned hideously and said, this is a legendary race of the ocean. If you can die in the mouth of a deep-sea Giant beast, you won’t be in vain!

Boom! Boom! Boom! Boom! Boom!

That giant beast seemed to be unable to see its body, and only its round face was swimming in the sea. It slowly opened its mouth and took a deep breath, swallowing a large amount of seawater into its stomach. Even those sea clan members in the distance, some of whom were slightly weaker, couldn’t escape the misfortune and were sucked in in fear.

A gloomy look flashed across Yunxiao's face. Knowing that it was impossible to kill run Xiang today, he moved his body in a flash and disappeared from where he was, along with his true fiend Dharma idol. In the next moment, he appeared in front of the green snapper commander, and the mark he had formed earlier suddenly smashed down!

Even if he couldn't kill run Xiang, at least he couldn't return empty-handed!

damn it, li Yunxiao! How dare you ignore me!

RUO Xiang was furious. How dare Yunxiao be so presumptuous in front of the deep-sea Giant-faced beast!

He made a hand seal, and a strange seal appeared in his hands, which he raised high.

The giant-faced beast under his feet seemed to sense something. A fierce light shot out of its huge eyes and it snorted heavily through its nostrils, sending a huge sound wave rolling toward Yunxiao.

The density of the water was compressed to the point of metal, and when it hit Yunxiao, it shattered into countless pieces under the devil Sky armor!

The green snapper commander was shocked, and his heart sank. It seemed that the other party was going to kill him at all costs. He roared angrily, and the sound of chains exploding came from his body. It was as if all his potential had been stimulated, and a violent aura broke out of his body.

Li Yunxiao, you want to kill me, so I want you to die too!

As if green dust had been scattered in front of it, the green snapper commander made hand seals with its left hand and grabbed in front of it with its right hand. A force that resembled a barrier condensed in its palm and shot out with a loud bang!

With the determination to die and the last trace of ruthlessness, the green snapper commander condensed all its vital essence and consciousness under this palm and blasted it toward the black mark that was falling from the sky.

“BOOM!”

The endless sea water shattered, and the power of black and green surged at the bottom of the sea. It spiraled like a millstone, drawing everything in and grinding it into pieces.

The green snapper commander’s body also began to break apart under the millstone. His eyes were wide with anger as he watched the streams of power washing through Yunxiao’s armor, but they could not break through his defense at all.”Bastard! I’m not willing to accept this!”

The other party was completely uninjured under the devil-sky silk’s defense, while he was being crushed bit by bit. Who would be willing to accept this?

you’re not willing, ” Yunxiao said coldly. who’s going to talk to you? ”

“Bang!”

The green snapper commander’s body instantly turned into countless pieces of meat and dissipated. Even the eighth-grade golden trident that had been standing beside it was bent by the force of the millstone.

At that moment, an extremely dangerous aura came over, and the trembling from the depths of his soul made Yunxiao tremble!

He looked back in horror and saw that the huge-faced beast had already stuck close to him. Its huge mouth was like a bottomless black hole, and a terrifying power was being nurtured from it.

Yunxiao scanned the area with his divine sense, but he found no trace of it. Even his divine sense had been devoured, and he could not find anything. However, the fear of danger in his heart grew stronger and stronger.

it’s worth it to exchange the green snapper commander’s life for yours!

A cold glint flashed in RUO Xiang's eyes, and the seal in his hands changed. An unimaginable Savage and brutal aura spurted out of the huge-faced beast's mouth as it breathed.

Yunxiao was instantly horrified. Behind the brutal aura, there was a feeling that made his blood run cold. A blinding light suddenly burst out of his body, making it as bright as day. The divine realm tablet flew out of his hand, growing larger and larger.

The tablet glowed with a strange light, and ancient Maha runes emerged one after another. Yunxiao manifested his golden body, and his six arms danced quickly in the air, the speed of his incantation three times faster than usual.

The power of the world was revealed, and all kinds of strange phenomena began to appear on the stele. They suddenly spread out at the bottom of the sea, and the might of heaven and earth rolled over, giving people a feeling that the universe was unfathomable!

As the great realm divine technique was executed, a brand new world began to appear under the light. Blue skies and white clouds appeared at the bottom of the sea, and birds sang and flowers bloomed. All sorts of unbelievable things began to appear one by one.

RUO Xiang's expression changed drastically, and he shouted in shock, "Attack! Hurry up and attack!"

The terrifying aura that was still increasing in the mouth of the huge-faced beast was frozen. Suddenly, a Black Power was shot out, and the entire underwater world immediately fell into darkness.

The black Power slammed into the brand new world of the divine realm tablet and immediately dispersed like ink, enveloping Yunxiao and the light of the world and devouring them.

The faces of the sea Race people in the distance also changed greatly. It seemed that their innate souls were extremely resistant to this kind of power. One by one, they fled in horror, not daring to come forward.

Mo Xiaochuan and the others' expressions changed drastically as well. They stopped outside the endless black light, not knowing what to do.

RUO Xiang's face was also solemn, and he was both surprised and happy. He was surprised that the deep-sea Giant beast could not kill Yunxiao in an instant, and happy that the thing in Yunxiao's hand was definitely a Supreme-grade Mystic artifact. But he was not worried, as there was no way he could survive the attack of the giant-faced beast.

These deep-sea Giant beasts had been passed down from the primordial era, even longer than the era of true spirits. However, with the great changes in the world, a large number of deep-sea Giant beasts died, and even the remaining ones gradually degenerated with the evolution of history.

No one knew exactly how many deep-sea Giant beasts existed in the four Seas and what their overall strength was, but the only thing that was certain was that as long as these deep-sea Giant beasts could be summoned, they would listen to the command of the descendants of the true dragons. Moreover, the stronger the power of the bloodline, the stronger the control over them.

It was said that a long time ago, the ancient true dragon had made some sort of contract with the ancestors of these giant beasts, just like how the powerful races of the four Seas had made totems.

Mo Xiaochuan's expression changed from one of calm to one of uneasiness. The treasured sword in his hand let out a clang and a golden sword talisman began to spin on the sword, growing brighter and brighter.

...

He raised the long sword high, and a faint sword spirit Phantom rushed out of the sword body, flying into the sky along with the sword talisman.

"A sword, sunrise and rain of a Thousand Nights!"

Killing intent flickered in mo Xiaochuan's eyes. The will of the demon slaying sword appeared in his hand and he slashed out.

The entire pitch-black ocean floor was instantly split open, like a long rainbow in the sky, leading to the other side.

Run Xiang's pupils constricted. Even he didn't dare to easily receive the power of this sword.

"BOOM!"

The sword Qi cut into the black light, split it several feet away, and then completely annihilated it.

At this moment, everyone's faces changed drastically. They knew mo Xiaochuan's ability very well, but he could only cut open the tip of the black light with his full strength. Yunxiao, who was inside, was in grave danger!

"Kill runxiang!" Young Emperor haolian was shocked and furious.

He flew up into the air and was about to head towards Yun Xiang when that Black Power suddenly surged and a white light suddenly shot out!

It was as if the heavens and earth had been split into two!

...

"What?"

Run Xiang was shocked, and his body trembled violently. He could actually survive under that black light that was certain death?

Then, a blue Thunderbolt shot out and transformed into Yunxiao's true form. He held the cold sword, frost, in his right hand, but he could not help trembling, and his face was extremely unsightly.

"Retreat!"

The crowd gathered around and were about to ask when Yunxiao waved the divine realm tablet in his left hand after saying those words. Then, they all turned into lightning and flew away.

At this moment, Run Xiang finally came back to his senses and roared, "Dammit! Chase him and kill him!"

He had clearly seen Yunxiao wave his hand and take away all the people, which made him even more certain that the Jade tablet was a Supreme-grade Mystic artifact.

The giant-faced beast slowly turned around, opened its mouth, and spat out another black beam at Yunxiao. But this time, it was just a casual spit, and the black beam seemed to be much weaker than before.

Even so, the beast was just too large. Just a black streak of light was enough to cover the sky and earth, and its speed was not any slower than the lightning.

Yunxiao gritted his teeth and performed an incantation gesture with his left hand, which transformed into the ancient Maha character of the law of Thunder and pointed at his forehead.

"Pipa!"

A bolt of purple lightning shot out from his forehead, and his speed instantly doubled. It was as if he had teleported out of the sea.

The moment he left the sea, Yunxiao took a deep breath and teleported hundreds of meters away, then turned into a bolt of lightning and headed toward the land. At the same time, a voice transmission rang out in the sea.

"Runxiang, I'll take your life next time!"

Chapter 1028-competing

"Trash, trash, trash!"

RUO Xiang shouted " trash " three times in a row and stepped on the huge-faced beast's head a few times before he finally vented the anger in his heart.

The huge-faced beast did not react at all. It stood quietly in the sea and began to sink deeper.

RUO Xiang's face was extremely gloomy. Yunxiao's strength had almost crossed several unattainable chasms since the last battle.

In the deep sea, where he could exert his power the most, with the high-level martial Supreme Commander, the green snapper, and the legend of the deep sea, they were unable to keep him here. Not only that, but the green snapper commander was also killed. More than half of the experts in the nearby Sea area had died!

What a disgrace!

This was not only a humiliation, but also an even greater defeat after the battle at Red Moon City!

Run Xiang's face was so twisted that it was frightening. He stood on the head of the huge-faced beast in a daze, and no one knew what he was thinking.

A large number of marine race experts in the distance were hiding in fear. They didn't dare to approach this huge deep-sea beast.

Guang Yi was also shocked. As a member of the royal family, he had naturally heard of these terrifying existences in the deep sea. It was like a legend, but he didn't expect to see it with his own eyes. He also didn't expect that run Xiang could summon them and command them!

His expression wasn't any better than RUO Xiang's, but it was filled with even more jealousy, frenzied jealousy.

He also understood that only the descendants of the true dragon could control these legends of the deep sea, but his bloodline power was far inferior to the other party's.

After slightly calming down the fire of jealousy in his heart, Guang Yi turned into a ray of light and similarly flew up to the head of the huge-faced beast. He buried the fire of jealousy deep in his heart and said softly, "Cousin, what do we do now?"

He hovered in the air above the huge-faced beast. He seemed to be afraid and did not dare to step on it.

RUO Xiang turned around, the coldness on his face making Guang Yi's heart Twitch. A trace of fear actually spread in his heart. This had never happened before.

regroup the team and send two letters to the palace of Donghai and Lord Guangcheng.

RUO Xiang immediately quieted down. That calmness made Guang Yi even more terrified. While he was afraid, an endless sense of shame and anger welled up in his heart. Why? Why do I have to feel afraid in front of him?

Although he kept asking himself this, his fear didn't decrease at all. This made Guang Yi completely despair.

After thinking for a while, RUO Xiang calmly said, ask the palace of Donghai to send more men to me immediately. I want to launch an attack and take down baichong city within seven days.

what? " Guang Yi's body trembled. we're not going to wait for the eastern sea united front? "

RUO Xiang looked at him coldly, and the chill made Guang Yi's body tremble. He couldn't help but take a few steps back. The chill spread uncontrollably in his body, and cold sweat burst out on his forehead.

The United Front of East Ocean is your business, but killing li Yunxiao is my business!

After RUO Xiang finished speaking, a light flashed in his hand. The huge-faced beast that had been standing still all this while turned around and slowly swam into the distance.

As the huge-faced beast was too big, it took a while before it gradually disappeared from everyone's sight.

Guang Yi's body suddenly trembled violently, his face contorted. He seemed to have realized the insurmountable gap between the two of them. Suddenly, he felt like vomiting and his body trembled more and more violently. He was extremely upset.

After rushing out of the sea, Yunxiao ran until his primordial energy was exhausted before he stopped.

He directly landed on a Hill, sat down cross-legged, and began to regulate his breathing.

The deep-sea Giant beast had shocked him greatly. If it wasn't for Mo Xiaochuan's sword that had created a crack on the surface, and his sword that had followed the crack, as well as the fact that he had mastered the Thunder art, he would have died at the bottom of the sea.

The black light spat out by the giant beast could actually compete with his world power. The grade of the power was even above the Emperor Qi of the nine Heavens, which was extremely difficult for him to understand.

It should be known that the power of the world was the creation of the world and formed its own rules. It was not even bound by the power of the heavenly martial realm, which was why it could devour everything and was invincible.

The Emperor Qi of the nine Heavens was where the rules of this world were gathered. It could suppress all forces within this world. Unless it was a force like the power of the world that was not affected by the power of the world, it would be difficult to escape the suppression of the Emperor Qi of the nine Heavens.

"What's going on? Those deep-sea Giant beasts should have existed since ancient times, so it shouldn't be strange for them to have such powerful strength. However, only the ten directions divine realm can break through the restraints of this world."

Yunxiao frowned in confusion. Even if their ancestors had true spirits, it was impossible for them to break through the realm power after so many years.

After failing to figure it out, Yunxiao was too lazy to think about it, so he began to meditate and recover.

In the city Lord's mansion in white surge city, everyone was still sitting quietly. However, the members of the battle blade team were finding it increasingly difficult to remain calm.

They looked at Liao yangbing from time to time, as if they were trying to get some information. They knew that Liao yangbing was the same as them and knew nothing, but they still hoped to get some information. After all, he was the calmest among them, other than ruan Xiquan and the others.

GE Zhengxiang was also restless. In the beginning, he was still able to chat and laugh with everyone, but later on, he could only walk back and forth in a depressed manner.

"City Lord, don't loiter around anymore, my eyes are already dazzled."

Ruan Xiquan sat leisurely and sipped his tea. He couldn't help but laugh.

"Hahaha!"

The members of the GaN wuqin unit also began to laugh, their faces filled with derision.

The members of the battle blade team were furious, but they didn't dare to show their anger. Only Liao yangbing remained calm.

GE Zhengxiang didn't show ruan Xiquan and the others any good attitude either. He turned to Liao yangbing and said, "Lord Yang Bing, look at that li Feiyang."

Liao yangbing made a silent gesture and said, "don't worry. I don't really believe that he will be able to exterminate the green snapper tribe, but he will definitely not be in danger."

Whether it was Yunxiao's strength or intelligence, he would never fall in such a place.

“Oh? I’m relieved to hear that.”

“But how do you judge that brother Feiyang won’t be in danger?” Liang Yuanji interjected. After all, the strength of the sea Race is there for all to see.”

All the members of the battle blade team breathed a sigh of relief. Since Liao yangbing had said so, Yunxiao should be safe.

hehe, if that kid isn’t dead, he must have found a place to hide outside the city. After a while, he’ll come back pretending to be seriously injured and brag about how many sea tribe members he has killed.

“That explains why li Feiyang is safe,” gan wuqin sneered.

“Impudent!”

Liao yangbing’s face turned cold, and an unparalleled aura pressed over. He said coldly, ” “Who Do You Think You Are to dare to speak so casually in front of me?”

He had long found these people to be an eyesore, so he could use this opportunity to punish them.

...

“Pfft!”

Liao yangbing’s aura was like a mountain, and he did not show any mercy. Gan wuqin was sent flying as he spat out a mouthful of blood.

Ruan Xiquan’s expression changed drastically. He slammed the table and stood up angrily, ” “Liao yangbing, what do you mean by this?”

Liao yangbing retracted his aura and regained his calm look. He smiled and sipped his tea. "It's nothing. I'm just teaching these ignorant ants a lesson and show them some respect in front of us."

Ruan Xiquan's face turned green with anger. Liao yangbing was obviously beating the dog to show him, the owner, but he did not know how to refute it. He could only snort a few times and say, "Could gan wuqin be wrong? I think if li Feiyang is not dead, he must be hiding."

"Oh?" Liao yangbing asked. Why was li Feiyang hiding outside? I hope that Lord Xi Quan can dispel everyone's doubts and improve everyone's IQ level."

Ruan Xiquan thought for a long time before he mumbled, "How would I know why he's hiding? Maybe he didn't hide, and it's highly possible that he was killed by the sea Race when he went to the sea."

"Pa! Pa! Pa!"

Liao yangbing clapped a few times and said expressionlessly, "It would be great if li Feiyang was as smart as you, my Lord,"

"Liao yangbing, what do you mean?" ruan Xiquan was furious. Are you mocking me?"

"He wouldn't dare to mock you, Sir. I really envy your high IQ."

...

A voice came from outside the city, and then a beam of light fell. It was Yunxiao, who had returned and manifested in the hall.

"Young master Feiyang!"

Liao yangbing and GE Zhengxiang both cried out in surprise, and their faces were filled with joy. The members of the battle blade team were also overjoyed.

“Hmph! What’s the point of wasting everyone’s time by hiding out and coming back?”

Ruan Xiquan sneered coldly.

“It’s good that you’re fine,” GE Zhengxiang said. He was sincerely grateful to Yunxiao and the others, but he was getting more and more disgusted with ruan Xiquan and his gang.

your words are too harsh, Lord Xiquan,” Yunxiao said. I wonder what divine power you have cultivated that you can see me hiding?” He turned to look at ruan Xiquan, his gaze turning cold. He was going to start with ruan Xiquan.

Ruan Xiquan didn’t know that he was in trouble, so he still looked down on him and said in disdain, “Tsk, if you didn’t hide, with your strength, would you be able to go to the sea and not die? Who are you trying to fool!”

Lord Xiquan’s words have really chilled my heart,” Yunxiao said leisurely. I can’t believe the trust between people is so low. As a member of the United Front, I’m really disappointed.

“Hmph!”

Ruan Xiquan’s expression changed and he said coldly, “Li Feiyang, don’t put on an act in front of me. Pay attention to your status! If you say you went to the sea, you have to show evidence. Otherwise, it’ll be a rebellion against your superior. I have to discipline you on behalf of someone!”

Yunxiao smiled and said, “ what if you have evidence? what can you say? ” Can I also teach a lesson to a certain person who made fun of me?”

Ruan Xiquan’s face turned cold and he said coldly, “Don’t you dare!”

“Hehe, how boring. They’re completely unreasonable and only know how to use martial arts to suppress their own people. If you have the ability, go and fight the sea Race.”

Yunxiao's face was full of sarcasm, and he could not hide his contempt.

Chapter 1029-cleaning

Ruan Xiquan was furious on the spot. After being rebuked by Yunxiao's words, he wanted to hit him, but he felt that it was inappropriate, so he said angrily, "If you can produce evidence that you fought against the sea Race, I'll let you hit me a few times! If you can't, Hmph, you know the consequences!"

A cold gleam flickered across his face. Not to mention that he did not believe that Yunxiao could really survive the trip to the sea, even if he did, he would not have the courage to hit him.

"Really?" Yunxiao's face turned cold, and there was a playful smile on his lips.

"Of course!" Ruan Xiquan replied proudly. I'm a six-stars Martial Emperor. How can I trick a martial honor like you?"

Yunxiao nodded, then threw something to the ground and said, "city Lord, take a look and see if this is the head of the green snapper commander.

"What?"

Everyone was shocked for a moment and hurriedly came over to watch.

Even Liao yangbing was shocked. Since Yunxiao had said so, it must be true. He gave the calm young man a horrified look, and the shock in his heart was indescribable. How did he do it?

GE Zhengxiang was also extremely shocked. He grabbed the head and examined it a few times before exhaling heavily. His face was filled with unconcealed shock as he said, I can't tell if it's the green snapper commander's head, but this head is indeed a high-level martial Supreme. It should be true!

"?!"

Everyone sucked in a cold breath and looked at Yunxiao in horror.

Ruan Xiquan's expression also changed as he said angrily, "How is that possible? GE Zhengxiang, you're trying to set me up with him!"

GE Zhengxiang's expression was indifferent. He raised the head in front of ruan Xiquan with both hands and said, "my Lord, you can see for yourself. You should be able to tell if it's a high-level martial Supreme's head better than me.

Ruan Xiquan stared at the broken Head for a while, and his hands were covered in cold sweat. It was indeed the head of a high-level martial Supreme!

Lord Xiquan, " Yunxiao said indifferently. what do you think? "

Ruan Xiquan's face turned pale. you! How did you do it? " he asked. There must be something fishy about this!"

Yunxiao's face immediately darkened as he shouted, "Whether there's something fishy or not has something to do with Your Excellency? But you said you would let me beat you up, can you fulfill your promise now?"

Everyone had a strange expression on their faces as they looked at ruan Xiquan.

Ruan Xiquan's face turned pale. He couldn't take back what he had said in front of everyone, so he said coldly, "Hmph! If you have the ability, then come and fight me! I'll just stand here and not move. If you don't dare to make a move, don't say I've broken the contract!"

There was a fierce and violent look on his face as he stared at Yunxiao. He knew that Yunxiao would not have the courage to do so.

Yunxiao nodded with a smile and said, "As a six-stars Martial Emperor, your protective Origin Energy is very powerful. I'm afraid that my fist will be shattered. May I use a weapon?"

Ruan Xiquan's face darkened and he said coldly, "If you have the guts, you can do whatever you want!"

Without saying a word, Yunxiao took out his hammer and walked up to it.

Liao yangbing sighed and turned around. He had already expected what would happen next. It would be a terrible scene. This was the example of how one would not die if they did not seek death.

Excitement also shone in the eyes of the members of the battle blade team as they waited for a good show.

On the other hand, Gan Wuqin and the others had fierce looks on their faces, waiting to see how Yunxiao would be finished.

“Lord Xi Quan, I’m sorry to offend you.”

Let’s go,” Yunxiao said indifferently as he raised the hammer and smashed it at the man’s chest. A flash of lightning flashed across the hall, and a long arc was drawn behind the hammer.

Ruan Xiquan’s expression suddenly changed. The lightning was so strong that it instantly pierced through his protective energy. His cold expression instantly turned into fear, but it was too late. He spat out a word in shock, “You’re so silly!”

“Bang!”

The hammer directly smashed into his chest, and a bolt of lightning passed through it, causing a huge black pit to appear on the ground behind him. The entire Hall was almost shaken to the point of being annihilated, and chaos was everywhere.

Ruan Xiquan’s body was sent flying by the lightning, spinning in the air countless times before landing outside the hall.

Apart from Liao yangbing and the members of the battle blade team, everyone else’s mouths were wide open. Their minds went blank, and they lost the ability to think.

GE Zhengxiang and gan wuqin rubbed their eyes as hard as they could, thinking that they were seeing things. However, after rubbing their eyes a few times, they still saw ruan Xiquan lying on the ground in the distance. His body was pitch black and constantly emitting smoke. It was unknown whether he was alive or dead.

“Mister Feiyang, Is He Dead?” Liao yangbing asked softly.

“?!”

GE Zhengxiang and gan wuqin were both shocked and trembled. A six-stars martial sovereign was going to die under the attack of an eight-stars martial Supreme?

This was especially so for the members of gan wuqin’s team. They suddenly seemed to understand something, as if they had offended someone they could not afford to offend. Their faces all paled as they looked at gan wuqin in despair, fear appearing on their faces.

although he’s a bit of a scumbag, he’s still quite strong,” Yunxiao said with a smile. he’ll be of use in the upcoming defense of the city.

“If he didn’t have a use for it, he wouldn’t have been able to live to baichong city,” he added after a pause.

The members of the wuqin unit were all covered in cold sweat, their bodies trembling and their teeth chattering in fear.

Yunxiao gave them a look and said, “There’s no need to be afraid. I don’t have the time to argue with you. The situation in whiterush city is extremely grim. If everyone does their best to defend the city, we’ll let bygones be bygones. Otherwise, we’ll kill without mercy!”

“Yes, yes!”

Gan wuqin was quick-witted, and he immediately seized the opportunity. He hurriedly bowed and said, "I'll do my best! Thank you, Lord Feiyang, for letting bygones be bygones. Even if we die, we must protect this city. As long as we live, the city will live. If the city dies, the city will die!"

although you are greedy and narrow-minded, you are very smart," Yunxiao said. it's easy to talk to smart people.

Gan wuqin wiped the sweat off his forehead, nodded repeatedly, and stepped to the side. A huge rock was finally put down from his heart; his life was temporarily saved.

Liao yangbing frowned, "Mister Feiyang, are you saying that we have to stay and defend the city?"

GE Zhengxiang suddenly looked overjoyed as he looked at Yunxiao with anticipation.

'Yes,' Yunxiao said seriously. If we leave now, whitewash city will definitely fall. I'm afraid that they'll break through this place and cause the entire Eastern Sea defense line to collapse."

Liao yangbing's face was full of worry. He was not a warrior of justice, and if it were not for the situation, he would not have been forced to fight on the front line. He said, "But with just the few of us here ..."

of course we can't," Yunxiao said. but we have to wait until the Eastern Region sends someone here. Although I'm not a selfless person, this matter concerns the safety of my clan, so I have to do my best.

Overjoyed, GE Zhengxiang hurriedly bowed to Yunxiao and said gratefully, "Zhengxiang will never forget young master Feiyang's great kindness!"

Yunxiao helped him up and said, "it's not a favor. You don't have to thank me. I'm not the one who helped you. Take out all the vitality stones in the city. I'm going to set up a great formation outside the city to wait for the Marine race."

...

“Young master Feiyang, you’re a formation master?” GE Zhengxiang asked in delight.

Yunxiao nodded. I know a little. I can also repair the teleportation arrays in the city.

GE Zhengxiang was overjoyed. He suddenly felt as if he had seen boundless light from the darkness. He hastily offered the Dragon Crystal with both hands and said respectfully, “All manpower and resources in the city will be under the command of young master Feiyang!”

Yunxiao put away the Dragon Crystal without any hesitation. Suddenly, a deafening roar came from outside.

It was the unconscious ruan Xiquan who suddenly got up. His whole body was black, and he turned into a ray of light and rushed over. Li Feiyang, I’m going to kill you!

Just now, he had been knocked unconscious by the tremendous power of the Thunderbolt. The first thing he did after waking up was to seek revenge from Yunxiao. He did not expect the other party to be stronger than him, so he thought it was the hammer.

A cold gleam flickered in Yunxiao’s eyes. A hammer appeared in his hand, and he raised it high and was about to slam it down.

Ruan Xiquan was shocked and quickly stopped. He stomped his feet and instantly turned into several afterimages. It was difficult to distinguish the real from the fake as they rushed forward from different directions.

A sneer appeared at the corner of Yunxiao’s mouth as he disappeared from where he was. In the next moment, he appeared directly above ruan Xiquan’s real body and smashed down with his hammer!

“BOOM!”

A bolt of lightning struck down from the hammer, and the other end of the hammer shot up into the sky, blasting away the remaining ruins of the hall.

...

“Bang!”

Ruan Xiquan crashed into the ground without a doubt, creating a bottomless pit on the ground. Everyone retreated in shock.

At this moment, Gan Wuqin and the others completely shut their mouths and put away any signs of resistance. If Yunxiao had used an opportunistic move to send Ruan Xiquan flying earlier, then this was a completely head-on fight, and he had sent a six-stars Martial Emperor flying with one move.

No wonder Liao Yangbing had been so respectful to this man. It turned out that he had known Yunxiao's strength for a long time. It also made sense that the Warblade team had remained unscathed.

Gan Wuqin was filled with regret. He cursed himself for being so stupid. He didn't even see through such a huge flaw, and he still stood against this man. He had almost fallen into the abyss of eternal damnation. Fortunately, this man was magnanimous and didn't hold it against them. Otherwise, a single hammer strike would have wiped out an entire team.

Lord Yang Bing, I'll leave Ruan Xiquan to you," Yunxiao said. I hope he will listen to me and cooperate with the defense of the city. Otherwise, I'll kill him.

It was better not to have a disobedient Martial Emperor. Otherwise, it would be a great hidden danger if he had disloyalty.

Liao Yangbing nodded heavily. Although he didn't want to stay to defend the city, he would do his best since he had already decided.

He turned to Liang Yuanji and Gan Wuqin and said, "All of you, go patrol the area and find the other team as soon as possible." The city Lord will send people to monitor the movements of the sea and report immediately if there is a situation."

“Yes!”

let's go! the crowd shouted in unison, and the entire White rush City surrounded Yunxiao.

Chapter 1030-arrangement

After Yunxiao assigned the tasks in the city, everyone began to get busy.

GE Zhengxiang had also taken out all kinds of resources in the entire White rush City and handed them to Yunxiao. At this moment, he had one hundred percent trust in Yunxiao.

Yunxiao pointed to a man beside him and said, " Take him to the teleportation formation. He's an eighth-tier Alchemist, and he can help you repair the teleportation formation.

GE Zhengxiang was overjoyed and looked at the man. He saw that the man was very young, and he had some doubts about his ability. But, since he was introduced by Yunxiao, he naturally did not dare to question him on the spot.

What made him feel strange was that this person wasn't among the people who had entered the city. How did this person appear?

Gu Yuesheng gave Yunxiao a complicated look and said, " "Lord Feiyang trusts me so much, aren't you afraid I'll run away?"

Yunxiao stood with his hands behind his back and said indifferently, " "What do you think?"

Gu Yuesheng's expression changed slightly. He put his hands together and bowed."I won't let down Lord Feiyang's trust!"

He had long known Yunxiao's identity, and he had learned a lot from Yuan gaohan during this period of time, so the little resentment he had before had long disappeared. Even if he was asked to leave Yuan gaohan now, he would probably not agree.

When he was released and asked for Yunxiao's help in repairing the array, he had thought of escaping with the help of the array and going to the Holy region to find Yuan gaohan's real body for help, but he gave up the idea on second thought. If that were the case, not only would the Holy region be unable to deal with Yunxiao, but Yuan gaohan's avatar would also be put in extreme danger.

If Yunxiao ruthlessly killed this clone, Yuan gaohan's alchemy skills would never improve again, which was something Gu Yuesheng did not want to see.

Moreover, he was not confident that he could escape. After all, the man in front of him was the legendary peerless martial sovereign, Gu Feiyang, whose title was Army destroyer!

After watching GE Zhengxiang fly away with Gu Yuesheng, Yunxiao flew up to the top of the city wall and carefully observed the terrain.

His glabella flashed, and a ray of light shot out. PU Jinshan instantly reappeared.

"This bi an ..."

PU Jinshan looked around in a daze. From the beginning to the end, he still couldn't understand what was going on with him.

Yunxiao pointed to the front and said, "the sea Race is coming to attack the city soon. I'm going to set up several arrays here. What do you think?"

PU Jinshan was stunned, "the sea Race is attacking the city? What is this place?"

He looked around in a daze and saw that the people in the city were all in a hurry. The entire city seemed to be shrouded in an extremely oppressive atmosphere.

Yunxiao's face darkened. you don't need to know this, " he shouted. I need to set up several arrays here that can block the Army of a hundred thousand sea tribe soldiers and withstand the attacks of high-level martial sovereigns.

“A hundred thousand troops? A high-level martial Supreme?”

PU Jinshan was shocked and said, “if the 100000 soldiers are only at the three talents, four symbols, and five elements realm, there shouldn’t be a problem.” “If his realm is any higher, there’s still a high-level martial Supreme.” He looked embarrassed.

Yunxiao said coldly, “ the Army of 100000 is basically at the realm of six directions, seven constellations, and eight desolations, and there may not be only one high-level Martial Emperor. I don’t care about that. You must stop them for me, or I’ll throw you out and let you stop them!

“This is an ...”

PU Jinshan was instantly dumbfounded. He still couldn’t react to what had happened, and he was about to face a crisis of life and death.

we don’t have much time left, ” Yunxiao said with a solemn expression. in three to ten days, the sea Race will definitely come to attack.

Although he had not come into contact with Yun Xiang many times, he had observed his personality very clearly. He would definitely not allow himself to suffer such a huge loss. He would definitely adjust his condition in the shortest time possible and attack with all his might. What he was most worried about right now was still that deep-sea Giant beast. If it was mobilized, the entire white surge city would probably not be able to stop it.

All of a sudden, Yunxiao’s face flickered, and an idea flashed through his mind. He seemed to understand the situation in Motian city and the intention of the sea clan. If they were also summoning deep-sea beasts there ...

His face suddenly turned extremely ugly. He didn’t know about the hidden cards of the skyscraping city, but he had experienced the strength of the deep-sea Giant beast. If those things could really be summoned, and more than one and in groups, not to mention the skyscraping city, even the red moon City or the misty snow sacred city might not be able to stop them!

“Young master Yunxiao, what’s wrong?”

PU Jinshan asked carefully when he saw Yunxiao's face turn pale all of a sudden, not knowing what had happened.

Yunxiao snorted and said, " mind your own business. In short, in ten days at most, three days would be the best. Set up a few powerful arrays for me. At that time, you will be the main array below the city. If the array is broken, you will be the first one to die."

With a wave of his hand, he transferred all the resources that GE Zhengxiang had given him to PU Jinshan. Furthermore, with a flash of light, the five-element white fish also flew over.

PU Jinshan was already dumbfounded. When he saw the five elements white fish, he immediately revealed a look of joy and said excitedly, " if you have this, give me three days. I can set up a great five elements barrier. I can even block a few high-level martial sovereigns!

'I hope so,' Yunxiao said. In short, you have to remember that you are the one who is in charge of the formation. If the formation is broken, I will not let you escape into the city."

PU Jinshan's face immediately turned green as he sobbed, " "Lord cloudsky, are there really 100000 sea tribes? What's the cultivation base of a high-level martial Supreme? how many of them are there?"

there are more than 100000 sea tribe members, but I don't know how many high-level martial sovereigns there are," Yunxiao said. but one of them is a deep-sea beast, and its strength may be comparable to a nine-stars martial sovereign!

"?! A nine-stars martial sovereign!"

PU Jinshan's heart fell into a bottomless abyss, and he felt the world spinning. He cried, " Lord Yunxiao, it's my fault for offending you before. I've tried my best to make up for it, and you've also promised to let me live. Even if I do everything I can, it's impossible to stop a nine-star martial sovereign!

Yunxiao looked at him coldly and snorted. "Don't act pitiful in front of me. Do as you see fit!"

He flicked his sleeves and left, turning into a ray of light that shot up into the clouds. He entered the void and sat down cross-legged to cultivate.

PU Jinshan's glass heart shattered to the ground as he gave the void a resentful look. He knew that Yunxiao must be watching him every minute, so it was impossible for him to escape. He could only try his best to set up an array with all the things he had learned.

He held the five elements white fish in his hand and regained some of his confidence. He didn't know how powerful it would be if he could set up a great five elements boundary with this thing. Perhaps it could really block a nine-star martial sovereign.

Yunxiao smiled as he watched PU Jinshan get busy in the void, but his eyes were flashing with a serious look.

With a flash, he directly transformed into a human form in the divine realm tablet and looked at the endless land.

In a barren land, there was a red patch. The blood Fiend that he had captured earlier was lying on the ground, seemingly resting.

Yunxiao disappeared from where he was and reappeared above the blood Fiend, deep in thought.

The blood Beast seemed to have sensed something. It rose to its feet and stared vigilantly at Yunxiao while growling and its eyes shone with a fierce light.

this thing of yours is also made of endless tainted blood," Yunxiao said. you can use it to make some use of its remaining heat.

He made a grabbing motion in the air and the blood Fiend was immediately pulled up. It struggled with all its might but to no avail.

"Bang!"

Yunxiao clenched his fingers, and the blood Beast exploded, turning into a pool of blood in the air. But soon, it gathered toward the center and condensed again, baring its fangs and brandishing its claws.

“Hmph!”

...

Yunxiao snorted and crushed it again. Then, he took out some raw materials, unfolded them in front of him, and threw them into the tainted blood.

A series of hand seals flashed through his hands, and rays of golden light were sent into it, starting to refine.

Three days later, Yunxiao sat cross-legged in the air with a long, red ruler floating in front of him, spinning.

The surrounding spirit Qi gushed madly into the blood ruler and was constantly sucked in. Yunxiao took out a large number of primordial stones and shattered them in the air, then the blood ruler swallowed the vast amount of primordial Qi as if it could never be full.

Two days later, the blood ruler’s spinning speed became slower and slower. Finally, it stopped and quietly floated in the air.

Yunxiao opened his eyes as well, and there was a look of joy on his face. With a wave of his hand, the blood ruler fell into his hand, and runes flashed on it one after another. In the end, the light converged, and it looked like an ordinary red jade ruler.

Yunxiao muttered to himself with some heartache, “In order to feed this thing, I’ve almost used up all my primordial stones. If I can’t unleash its power to my satisfaction, then it really won’t be worth it.”

Although his heart ached, there was still joy in his eyes. He seemed to be very satisfied.

Then, with a flash, he disappeared from the divine realm tablet and reappeared in the sky above whitewash city.

Yunxiao looked out of the city and saw PU Jinshan sitting cross-legged on a big rock, his hands in a strange incantation gesture, and he was not moving.

His body did not seem to have changed at all.

...

But, when Yunxiao swept his divine sense over it, he felt an extremely dangerous aura coming at his face. Even he felt a little frightened, as if he would suffer an unimaginable attack as soon as he entered it.

Yunxiao was surprised, but he smiled.

Humans could only unleash their greatest potential when they were facing life and death.

In the city, Gu Yuesheng had also almost finished repairing the teleportation array. He had also helped GE Zhengxiang repair the city's great array. He used to be a secret Alchemist and knew many strange secret techniques. He also joined in and made GE Zhengxiang extremely happy.

At the same time, GE Zhengxiang was also trying to find out Yunxiao's identity, but he was interrupted by Gu Yuesheng. "Don't ask if you don't want to die. You don't have the right to know the identity of this Lord."

This shocked GE Zhengxiang, and he was filled with all kinds of speculations about Yunxiao's identity. At the same time, he was overjoyed. The stronger Yunxiao was, the greater the confidence he had in defending whiterush city.

There's a chubby girl living upstairs. She starts to jump rope every night around 9 o'clock sharp. She's very perseverant and I should learn from her.
