

The Eternal 1031

Chapter 1031-reinforcements

On this day, the passage between baichong city and the outside world was finally restored. Good news came from blazing light City, and a large number of martial artists were teleported over to help defend the city.

The red water team led by e Lechi had also been found, and the towering Sky City had also sent an order for Liao yangbing and the other two teams to stay in baichong city to assist the castellan GE Zhengxiang.

The city Lord's mansion had a new meeting hall. It was very simple, but it did not lose its Majesty. Everyone gathered inside.

There were close to a hundred people seated in the hall. They were the three martial sovereigns and a few captains from the skyscraping city, some martial sovereigns and captains from the blazing light City, and finally some of the leaders from baichong city. The atmosphere was still alright, but ruan Xiquan was sitting there alone, exuding an inexplicable chill, making the atmosphere of the entire venue extremely awkward.

E Lechi didn't know what had happened, but seeing ruan Xiquan's gloomy expression, he knew that there must be something wrong. However, it wasn't convenient for him to ask, so he could only stand there quietly with a habitual smile on his face.

GE Zhengxiang's face was full of enthusiasm as he said in delight, "Thank you for coming all the way here to help us. I'll introduce everyone to each other."

Ten squads had arrived from blazing light City, two of which were Level 1 squads, three of which were Level 2 squads, and five of which were Level 3 squads. As such, the strength of the entire whiterush city had been doubled.

Two of the first-level teams were from the local sects of the Eastern Region, the mountain-crushing sect and the moon-bearing sword sect. They were led by a few mid-stage martial Supreme elders. Everyone's face was filled with pride and confidence as if they were the only ones who could stop them.

The elders of the two sects nodded at ruan Xiquan and e Lechi of the red moon City, and they just glanced at the others.

Even though he was a little arrogant, GE Zhengxiang was still exceptionally happy. After introducing himself to everyone, some of the elders of baichong city also had happy expressions on their faces, and they were all grinning from ear to ear.

we'll definitely do our best to assist you, Lord Castellan, " e Lechi said. it won't be a problem for us to protect a city.

He also knew a lot about the East Sea Battlefront. All the experts in the entire coastal area were gathered in the sky towering city, while the other places were just some shrimp soldiers and crab generals at most. It was much safer to stay here.

GE Zhengxiang expressed his gratitude, then turned to Yunxiao and said, " "I wonder how confident Lord Feiyang is in defending the city?"

The crowd was taken aback, and their brows furrowed slightly as they sized Yunxiao up, wondering why GE Zhengxiang had asked this man.

Yunxiao smiled slightly, but it was a bitter smile. The key to defending the city was whether PU Jinshan's great five elements barrier could stop the deep-sea Giant beast. If it could, the city would be fine, but if it could not, he would still die unless another hundred teams came and annihilated the beast with a sea of people.

A trace of worry flashed across GE Zhengxiang's face as he asked tentatively, " "Does Lord Feiyang feel that you are not confident?"

I hope so, " Yunxiao sighed. I hope it works.

His declaration immediately caused GE Zhengxiang's heart to become heavy. The atmosphere in the hall became slightly oppressive.

“Haha, I hope it works, right?”

Yan Shushu, an elder of the mountain crushing sect, sneered. He raised his chin and gave Yunxiao a contemptuous look as he said, “What’s this person’s name? You dare to speak so arrogantly here!”

Yunxiao shook his head helplessly and said with a smile, “If I don’t say” I hope it works,”then should I say” I hope it doesn’t work?””

Yan Shushu’s face darkened, and he shouted,”How audacious! Only martial sovereigns of the nine Heavens are qualified to speak here. Who Do You Think You Are to speak so casually?”

Everyone’s expression changed slightly, and they all had different expressions. GE Zhengxiang secretly felt that things were bad and hurriedly stood up to mediate, but he heard ruan Xiquan’s strange voice from behind him, “ Hmph, with Lord Feiyang’s divine might, what sea beast can’t he kill? don’t try to scare us little minions.

“Haha, Lord Xiquan is really humorous.”

Yan Shushu laughed sarcastically and said to ruan Xiquan in an attempt to please him, “For an ignorant junior like him, just give him a hundred slaps and let him reflect on his actions.”

Ruan Xiquan’s face flashed with a cold smile as he squinted his eyes and said, “ I don’t think that’s a good idea. After all, we’re all on the same side and fighting for the human race.

Yan Shushu quickly became respectful and loudly praised,”Lord Xi Quan is indeed of noble character and prioritizes the overall situation. We are ashamed of our inferiority!”

Ruan Xiquan’s face turned red. Lord Shushu, you’re being too serious. Let’s listen to what this Lord Feiyang has to say.

“Hehe, what wise ideas can he possibly have?”

Yan Shushu's eyes flashed with contempt, and he laughed, "Well, I have to learn from Lord Xiquan's magnanimity, so I'll just listen to his words."

Everyone cast a disdainful look at Yan Shushu. This kind of flattery was no different from kneeling and licking. You're a mid-stage martial Supreme after all, is it really good to flatter him like this?

However, Yan Shushu acted as if nothing had happened and continued to sit proudly.

E Lechi didn't know the details, but he found that something was wrong. Both he and ruan Xiquan came from Red Moon City, and he knew that the latter was by no means an easy person to talk to. There must be something between ruan Xiquan and Yunxiao.

"Everyone's here for baichong city, so please don't misunderstand." GE Zhengxiang hastily added. Although young master Feiyang is only an eight-star martial Supreme, his strength is extraordinary."

"Oh?"

Yan Shushu said disdainfully, "then if there's a chance, I'll definitely ask young master Feiyang to give us some pointers, ha, haha!"

GE Zhengxiang was extremely anxious. The sea Race had not arrived yet, and if they directly caused internal conflicts, the consequences would be even more unimaginable.

there's a chance," Yunxiao said indifferently. I'll have a chance.

Yan Shushu's laughter suddenly stopped, and his face darkened. He shouted, "What did you say, kid?"

Gu Yuesheng had been standing carefully behind Yunxiao with an expressionless face. At this moment, he raised his eyes slightly and glanced at Yan Shushu with undisguisable ridicule.

Ruan Xiquan was secretly pleased with himself. He also hoped to use the power of these two sects to deal with Yunxiao. Even now, he could not be sure what Yunxiao's cultivation base was, but he did not dare to fight again.

E Lechi frowned and said, "elder Shushu, the war is urgent at the moment, so I hope you can do me a favor." Any grudges, any dissatisfaction, we can talk about it after the defense of the city, how about it?"

"Since it's master Yuechi who interceded for this kid, I naturally won't pursue this matter for the time being," Yan Shushu hurriedly said.

E Lechi nodded slightly, but when he saw ruan Xiquan's angry gaze, he was even more curious about what had happened between the two.

He turned his eyes to Liao yangbing, who also had her eyes half-closed and pretended not to see anything. So, he could only turn his eyes to Yunxiao, who had a clear look in his eyes as if nothing had happened. "Does young master Feiyang know the situation of the sea Race here very well?"

I know a little," Yunxiao said. I know that they have a very huge sea beast with infinite power. I don't know if I can stop it.

"How powerful is he?" e Lechi asked.

I can't tell you the details," Yunxiao said. I don't know if those sea beasts can fight on land. I hope they can't, or the situation will be grim.

The elder of the moonbearing sword sect, Jing Yongye, who had been silent all this time, spoke up, if it's a giant beast, you don't have to worry too much. This time, the toyue sword sect also brought three eighth-grade netherworld battleships, which are the best at dealing with giant beasts.

great! GE Zhengxiang was overjoyed and hurriedly said, " with three eighth-grade warships, there's nothing to worry about! I will never forget the righteousness of the moon sword sect!"

"It's our duty to defend our clan in this war!" Jing Yongye said with a serious expression.

Yunxiao was also slightly delighted. With three netherworld warships and the great five elements barrier, they might really be able to stop the deep-sea Giant beast.

GE Zhengxiang bowed to everyone and said, "I'll leave the safety of Baichong city in your hands!"

...

Everyone hurriedly stood up, but no one dared to bow to him.

Suddenly, a long, sharp howl came from outside the hall, piercing one's eardrums.

"Enemy alert!" GE Zhengxiang's expression changed drastically.

Liao Yangbing's pupils shrank, and he said, "They actually came so quickly?" He turned his eyes to Yunxiao.

GE Zhengxiang did the same. Although he was the city Lord, it seemed that everything was under Yunxiao's control. Yan Shushu's brows furrowed, and a trace of gloominess and doubt appeared on his face.

Jing Yongye's brows also rose slightly, but he did not say anything.

"Let's go to the city gate tower first," Yunxiao said, his eyes narrowing.

Under GE Zhengxiang's lead, nearly a hundred experts flew up to the top of the city wall and stood in a row as they looked into the distance.

The figures of the sea Race couldn't be seen on the horizon, but everyone could sense the aura of a storm coming. Everyone's faces revealed a grave expression.

Jing Yong ye's eyes were fixed on the outside of the city, and he asked suspiciously, "That's Yingluo."

"He's an array master invited by Lord Feiyang," GE Zhengxiang quickly explained. "He's set up an extremely powerful restriction outside the city."

...

He, Liao yangbing, and the others were all wondering in their hearts. PU Jinshan and Gu Yuesheng seemed to have appeared out of nowhere, and they had no idea when Yunxiao had called them over. Or were they old acquaintances and had been in the city all this time?

"I see."

Jing Yongye nodded, and he could not help but reevaluate Yunxiao. "I didn't expect an array master to be here. It should be foolproof."

Yan Shushu sneered, "even array Masters can be divided into many types." I can see that the area outside is completely blank, and there isn't a single trace of a formation. Could it be that this formation master forgot to set it up?"

Everyone frowned and looked down the city. Indeed, they couldn't feel any powerful restrictions, so they were all suspicious.

Yunxiao looked into the distance and knew that it would take some time for the Army of the sea tribe to arrive, so he turned and walked toward Yan Shushu.

GE Zhengxiang was greatly alarmed and hurriedly stepped forward to stop him. "Lord Feiyang, Qianqian!"

Yunxiao frowned and said indifferently, "Previously, this Lord said that he wanted to ask me for some guidance. I was just planning to give him this opportunity."

Yan Shushu was stunned for a moment, and then his face darkened. He coldly said, "What did you say, kid? My ears aren't good."

GE Zhengxiang was so anxious that his head was covered in sweat. He hurriedly said, "Lord Feiyang, united front, united front!"

Chapter 1032-battle

we can't work together," Yunxiao said. an idiot like him will only bring trouble to us. I might as well help him.

"What did you say?"

"Damn it!" Yan Shushu angrily said.

His aura suddenly burst out, pushing several people around him away, and he was about to attack Yunxiao.

Suddenly, a ray of light descended, and he saw Jing Yong ye's hand Pat his shoulder. That violent aura suddenly disappeared without a trace, and Yan Shushu's expression changed greatly.

elder Shushu," Jing Yongye said, "let it go for my sake. The Army is about to arrive. Do you want the sea Race to laugh at us?"

Yan Shushu's eyes flashed with horror. His aura had just burst out, but it had been scattered by the other party's casual palm. He immediately understood the difference between the two. His face turned extremely ugly as he gritted his teeth and said, "I didn't think that elder Yongye would also defend such an arrogant and ignorant junior!"

"I won't protect anyone, I'll only protect the interests of my clan," Jing Yong ye replied indifferently. "I hope everyone can consider the big picture. It's the same for elder Shushu and young master Feiyang."

"You can't say that."

Ruan Xiquan suddenly spoke up. as the saying goes,'before dealing with the outside world, we must first settle the internal affairs.' If there are people who are not United and put on an act all day long, it will only do more harm than good to the war.

Yan Shushu saw that ruan Xiquan was protecting him and was instantly overjoyed. He coldly looked at Jing Yongye and said, Lord Xi Quan is right. I hope that elder Yongye will not make a mistake for an undeserved person!

He believed that Jing Yongye would not dare to reject ruan Xiquan's request.

As expected, Jing Yong ye's brows immediately furrowed. He was also unwilling to go against the people of the red moon City in public, as it would not benefit him or his Affairs.

GE Zhengxiang's forehead was covered in cold sweat. He gritted his teeth and immediately took a deep breath before shouting,"Don't quarrel! According to the request of the Eastern Region's higher-ups, you are all sent to assist me and listen to my command. Do you want to disobey my order?"

At this time, he had no choice but to use the chicken feather as a token of authority. He did not want to see an internal fight.

Everyone frowned and looked displeased, but no one said anything. After all, this was the request from the higher-ups, and it was not good to disobey.

"Haha, the city Lord is right. Let's all put aside our personal grudges. Don't forget the purpose of our visit, which is to obey the city Lord's orders and fight against the sea Race. If something goes wrong, no one will be able to bear the responsibility."

E Lechi also tried to smooth things over. He didn't know about The Grudge between ruan Xiquan and Yunxiao, but it was indeed not the time for internal strife. If Yunxiao was an ordinary eight-stars martial Supreme, he could have just killed him with a palm strike, but it did not look that simple.

in that case," Yunxiao said, " I'll definitely give you face, city Lord. However, I'm feeling a little unwell, so I'll be taking a rest."

He directly transmitted a message and summoned PU Jinshan, before turning around and flying down the city.

PU Jinshan was stunned for a moment, and then he was overjoyed and followed her happily. He had been worried sick for the past few days. He was afraid that he would die in battle. Now that he didn't have to fight the sea Race at the front line, he was overjoyed. He smiled and nodded at everyone.

Gu Yuesheng glanced at the crowd contemptuously and followed them.

Liang Yuanji's expression was extremely ugly as well. It was not his place to interject when these Martial Emperor powerhouses were arguing. However, he still mustered up his courage and said, "The members of our team are also feeling unwell, so we'll go rest first."

Without waiting for further instructions, the members of the battle blade team flew down from the city and followed Yunxiao.

GE Zhengxiang looked embarrassed. Yunxiao was not giving him any face at all. But, when he thought of the other party's ability, he could do nothing about it. "Is Lady Yang Bing also feeling unwell?"

Liao yangbing wanted to go down as well, but everyone was staring at him. He blushed and said, "Although it's a little uncomfortable, I can still hold on."

GE Zhengxiang heaved a sigh of relief and said, "That's good. He should be fine after resting for a while, so there's no need to worry."

No one spoke again. Yunxiao's departure with his team might be the best solution, so at least there would be no internal strife when they faced the enemy.

In an instant, the oppressive aura in the distance became stronger and stronger. All of a sudden, the world changed color. A large number of Sea Race people flew over in the sky, their killing intent shaking the sky.

The sky was filled with the figures of the sea Race. Moreover, all of them had used seawater to condense into clouds and were stepping on the water clouds. From a distance, it looked like a large lake floating in the sky.

“Everyone in white surge city, listen up! Those who surrender will not be killed!”

A heaven-shaking roar rang out from the sea Race, causing the entire sky to tremble. It resounded through all of whitewash city, and all the humans paled. Knowing that a powerful enemy was coming, panic instantly spread through the city. Everyone nervously looked up at the city walls, hoping that the experts would be able to stop them. They all began to pray.

GE Zhengxiang looked at the sea tribe Army in the distance, his eyes spewing fire as he roared, “are there any Warriors of white surge city who have surrendered?!”

“No, I didn’t! I won’t surrender even if I die!”

Everyone shouted in unison, their voices shaking the heavens. All of a sudden, everyone’s blood was ignited, and their battle intent soared.

The members of the sea tribe were all frowning and their faces were ferocious. They were all rubbing their fists and wiping their palms, wanting to rush down and kill.

Guang Yi sat quietly in the chariot and glanced at Yun Xiang, “Cousin, these stubborn humans won’t surrender. Kill them all. It’s just a city, we can just wipe it out.”

RUO Xiang’s eyes had been fixed on the City Tower, but he did not see Yunxiao. He was suspicious. ‘Is Yunxiao not in the city, and he just happened to pass by?’

His expression was uncertain. Since the Army had already come out, it was impossible to return empty-handed. He said, “Cousin, I know you’ve always been unconvinced of me. Do you need a chance to perform now?”

Guang Yi was stunned but immediately understood what he meant. He snorted, "Cousin, you want me to probe the depths of this city and be cannon fodder, right?"

"The people of my clan have never lacked the word 'courage'. There are countless brave warriors who are willing to step out!" If you're not willing, then retreat to the back and don't block the path of the Warriors!"

Guang Yi's face turned white with anger. He clapped his hands and shouted angrily, "don't try to provoke me with your words. I will bring a group of Warriors and raze this city to the ground. I will let cousin know that there are people in the East Sea!

A hint of mockery flashed across RUO Xiang's face as he snorted,"Then I'd like to see cousin's might." He placed his hands behind his head and lazily laid on the chair.

Guang Yi's face turned green and he shouted, "Are there any sea tribe warriors who are willing to go down with me?"

"I'm willing to follow Lord Guang Yi to battle!"

There was a loud roar behind him, and everyone was fighting to get up, constantly squeezing out.

Only then did Guang Yi's face reveal a smug expression. He glanced at run Xiang and snorted lightly, saying in a clear voice,"Those who are not afraid of death, follow me!"

He took the lead, a long white sword in his hand. He rushed down from the sky and attacked the city Tower.

Almost all the sea tribe members followed and descended from the sky.

All of the humans in whitewash city paled as they looked up at the sky in shock.

GE Zhengxiang, who was on top of the city wall, also gasped. Although the city had been sealed off by the green snapper tribe for a long time, this was the first time they were facing the sea tribe head-on. He roared, "Kill all the experts with me!"

The sounds of killing immediately shook the heavens as the soldiers on the city walls also flew up and charged toward the sea tribe.

At the same time, the city's great array was also directly opened. The power of the barrier spread out and wrapped the city tightly. From time to time, the barrier glowed with golden light. It flowed on top of it and gathered together. When it reached a certain concentration, it condensed into a golden light and shot out, instantly penetrating several members of the sea tribe on the spot.

...

Yunxiao looked up into the sky and said, "This city's defensive array is not bad. Did you set it up?"

Gu Yuesheng quickly replied respectfully, "It's just a little modification. I've added two defensive barriers and set up a few small attacking arrays. It's like adding flowers to a brocade.

"Yes, it's just a little trick, but it's better than nothing."

PU Jinshan took a look. It seemed that the level of this city protection formation was too low and couldn't arouse his interest.

Gu Yuesheng's expression changed and a cold light flashed in his eyes. He snorted heavily and said, "Sir, your tone is very stinky. Did you not brush your teeth?"

PU Jinshan laughed. haha! Junior, you're just a little capable. Your temper is quite arrogant! As a master of arrays, he naturally would not argue with Gu Yuesheng. Moreover, his current status was very awkward, and he did not know whether he was Yunxiao's subordinate or a servant.

Gu Yuesheng was not a kind person, but he had acted submissively in front of Yuan gaohan and Yunxiao, so he would not allow anyone to ridicule him. "Sir, since you think you have the ability, why don't you try drawing a line!"

Before he met Yuan gaohan, he was already extremely arrogant. He had learned a lot from Yuan gaohan and simply didn't put anyone in his eyes.

PU Jinshan gave Yunxiao a look, asking for his opinion.

what time is it now?" Yunxiao waved his hand and said, " be quiet.

His gaze focused slightly, and the Blood Moon appeared, looking through the layers of buildings and directly staring at the distant Yun Xiang. Although he couldn't see the huge-faced sea beast, there was an extremely terrifying aura beside Yun Xiang, and he was afraid that he could summon the huge-faced sea beast at any time.

...

Gu Yuesheng snorted heavily. Naturally, he did not dare to disobey Yunxiao's order, but the look he gave PU Jinshan grew colder and colder, with a strong sense of provocation.

PU Jinshan felt depressed. He also wanted to teach this arrogant fellow a lesson, so he couldn't help but say, " Lord Yunxiao, I don't think these Sea Race people are a threat. If I were to be the main force outside, I would be able to exterminate them in a few rounds. There's no need to go through so much trouble. Killing until the sky turns dark and the ghosts wail and the gods howl. It's so noisy.

wait and see," Yunxiao said. there will be a time for you to show off. Even if you don't want to go out, it won't be up to you."

PU Jinshan's heart stirred, and he immediately stopped talking as he pondered over Yunxiao's words.

Chapter 1033

1033 Battleship

The earth-shattering battle outside the city was extremely tragic. It was like a huge meat grinder. Many people had just rushed in, but before they could react, their heads were chopped off or their bodies exploded. A large number of human and Sea Race corpses fell down, dyeing the ground red.

The sea race's numbers were too large, and they suppressed the human race in an instant. They killed as they retreated, and they all fled into the city's protective formation, relying on the barrier of the formation to protect themselves.

Jing Yong ye's killing rage soared to the heavens, and he made a hand seal that shot into the air.

The rune flashed in the air and disappeared. Then, a huge black hole appeared, constantly emitting energy fluctuations, causing the sky to shake.

The members of the sea Race were all stunned, and they all looked up. Run Xiang's pupils also constricted, and he suddenly shouted, " "Not good! It's a battleship, attack!"

Guang Yi was also shocked. He knew the power of the human warships and there were some low-level warships in the palace of Dong Hai, but the power emanating from the sky was by no means comparable to those low-level warships.

"Quick, don't let that battleship out!"

Guang Yi hollered and was the first to cut through the sky with his sword, slashing towards the black hole!

However, the black hole suddenly became bright and spat out a warm Jade-like light. It was as if he was holding a piece of Jade in his mouth. The light became stronger and stronger, and suddenly bombarded down!

"BOOM!"

The sky trembled, and a huge beam of light descended with a loud bang. It shattered the sword Qi and the attacks of the oceanic species 'experts.

The beam of light shot through the sea tribe, and a large number of them were immediately turned into ashes, leaving no bones behind.

All of the members of the sea tribe paled as they stared in shock at the battleship that had completely revealed itself in the sky. It was like a monstrous beast that had blotted out the sky above whiterush city!

The human powerhouses in the city were overjoyed, all of them excited.

“With this warship, there’s no need to worry about these dregs not being destroyed!” GE Zhengxiang said with joy.

don’t be too happy just yet, ” Jing Yong ye said solemnly. although the battleships are powerful, they are too big of a target. I’m just afraid that their experts will rush in and destroy them. It won’t be easy to deal with them!

Jing Yong ye suddenly shouted, “Protect the ship!” He turned into a beam of light and shot into the sky.

Many experts from the sea tribe charged toward the netherworld warship. A few martial sovereigns among them even broke through the defense of the warship and rushed in.

GE Zhengxiang’s expression also changed drastically as he roared, ” “Everyone, charge out and protect the warship!”

The netherworld battleship in the sky was constantly emitting all kinds of light. Under the sea clan’s all-out attack, it began to be destroyed. With the help of the human experts, the situation gradually stabilized.

The battle between the two races had shifted from the city to the battleships in the sky.

Then, the protective light of the battleship was opened again, and all kinds of attack formations were activated.

“BOOM! BOOM! BOOM! BOOM!”

Beams of light kept shooting out of the Starship. Although they were not as powerful as the first time, they were still very destructive. They were fast and the attacks were very dense. A large number of members of the sea tribe were destroyed in a short time.

Guang Yi and some of the commanders of the powerful races were furious. Such concentrated attacks were nothing to martial sovereigns, but they had reduced the number of low-level sea tribes on a large scale, greatly relieving the pressure on the human experts.

“All Nine Heavens realm Warriors, follow me and break this battleship!” Guang Yi roared.

He circulated his Zhen Yuan, and his skin began to turn red. His face also began to twist, showing signs of dragonforming. The White sword in his hand emitted a dazzling cold light as he charged forward.

A total of eight ninth heaven realm experts of the sea tribe gathered behind him. They all raised their origin power to the limit and charged toward the warship without any regard for anything else.

“Stop him!” Jing Yong ye’s face darkened as he shouted.

The sword light in his hand swept out like a Peacock spreading its tail and slashed at Guang Yi.

“Bang!”

Guang Yi’s sword aura descended, directly pressing down on Jing Yong ye’s sword. Sword patterns rippled out, constantly cutting the skin of the two. However, the bodies of the sea Race were strong, and wounds appeared one after another, but no blood could be seen. On the other hand, Jing Yong ye’s body was already covered in wounds, and his long clothes were dyed red with blood.

Jing Yong ye was greatly alarmed. He had exchanged a few blows with Guang Yi just now, but he hadn’t had such power. It seemed that Guang Yi had also used his trump card.

“Bang!”

Guang Yi’s eyes shot out a cold light, and the sword in his hand slashed down in a seemingly random manner. Each strike was faster than the last, and towards the end, one could barely see the sword’s momentum. Only the sword patterns that were constantly rippling out from the clash of the two swords, and the blood that was splattering out from Jing Yongye’s body, could be seen.

GE Zhengxiang and the others were shocked. They wanted to fly over to help, but they were firmly held back by the other party’s Nine Heavens experts. They simply could not split their attention.

All the fierce fighting in the sky was reflected in the eyes of the humans in the city. Everyone was frightened and didn’t know the outcome.

Liang Yuanji licked his dry lips and said, “Lord Feiyang, shall we attack as well?”

The members of the battle blade team also felt their blood boil. Although they were afraid, their battle intent surged.

“Be careful,” Yunxiao said.

“Sir, you’re not coming with us?” Liang Yuanji asked, stunned.

Yunxiao shook his head.

Liang Yuanji’s expression darkened slightly. After a moment, he said, “I hope that Sir will look at the big picture.”

With that, he led the battle blade team and soared into the sky, flying towards the warship above.

He thought Yunxiao was still fussing over what had happened, but Yunxiao did not bother to explain. He just kept an eye on runxiang’s every move, and as long as he made a move, he would attack.

“BOOM!”

A loud boom rang out in the air above the battleship as Jing Yong ye was sent flying by Guang Yi’s sword. His entire body fell into the battleship and shattered into pieces.

Then, Guang Yi roared and his long sword turned into a huge sword shape. It slashed down from the sky and pierced through the entire eighth-grade warship.

The hearts of all the humans trembled violently. They looked over in horror and saw that the defense of the battleship had been destroyed in an instant. Spiritual Qi kept overflowing from the battleship, and the body of the battleship was shaking violently, becoming extremely unstable.

“Not good! Everyone, retreat!”

GE Zhengxiang was shocked and suddenly shouted. That battleship looked like it was about to explode.

The human warriors were shocked. They turned around and retreated into the city.

don’t, don’t go! Come and save me!

...

Suddenly, a voice was heard. Yan Shushu had been injured by a Nine Heavens realm expert and was thrown into the battleship.

A few mountain crushing sect ancient martial art practitioners were shocked and rushed over to help.

“Hmph, ants!”

The Marine race expert turned around, and his eyes were filled with killing intent. He roared and threw a punch in the air, instantly crushing two mountain destruction sect martialists.

The remaining people were all scared out of their wits. They hurriedly turned around and fled, not daring to delay for even a moment.

Yan Shushu's face revealed a look of despair. He suddenly looked at ruan Xiquan, who was about to leave, and shouted, "Lord Xi Quan, save me!"

Ruan Xiquan turned his head and frowned. He looked at Yan Shushu's opponent and suddenly said, "Lord Shushu, you must hold on. I'm quite injured, but I'll support you mentally. As long as you have the determination to not lose, you'll definitely be able to overcome any difficulty!"

With that, ruan Xiquan disappeared in a few flashes. He was so fast that he was completely unharmed.

Yan Shushu was dumbfounded and fell into despair.

Soon, there was no one around the battleship, and the sea Race also kept retreating. However, the enemy of the nine Heavens realm kept staring at him, as if he would not stop until he tore him apart with his own hands. The violent aura on the battleship was getting stronger and stronger, and it was likely that it would not last much longer.

Yan Shushu's face was ashen. Suddenly, his eyes brightened as he saw a person crawl out of the ship. It was Jing Yongye, who had been hacked into the ship by Guang Yi. Although he was covered in blood, his eyes flickered with a bright light, and he seemed to still have a lot of energy.

...

"Lord Yongye, over here, quickly come and save me!"

Yan Shushu suddenly shouted. His eyes were filled with a strong desire to live.

Jing Yong ye also knew that the battleship was about to explode, and was just about to leave when he saw Yan Shushu. He immediately flew over and loudly said, "Let's kill him together!" The sword Qi in his hand rose in the air, and he stabbed toward the oceanic species 'expert as one with his sword.

"What?"

The Marine race expert's expression changed. He had no choice but to use all his strength to deal with the might of that sword Qi. He roared in anger as golden light flickered on his fist wind, and he used his physical body to attack the sword Qi.

Yan Shushu's eyes lit up and he shouted, "Good! Let's join forces and kill this guy!"

He gritted his teeth, and the aura on his body rose to the extreme. He instantly unleashed his potential to the maximum, turning into a ray of light and escaping downward.

"What?"

Everyone in the city widened their eyes, how could there be such a shameless person?

"BOOM!"

The sea tribe member's fist light directly collided with Jing Yong ye's sword, causing it to emit a loud trembling sound. The sword trembled continuously, and the fist force passed through the sword and into Jing Yong ye's body, causing his entire body to tremble.

At this moment, he also saw Yan Shushu flying away. He was so angry that he was distracted for a moment. The sword light in his hand suddenly couldn't hold on and was blown away by the other party's fist force. The huge force entered his body, and he spat out a mouthful of blood. His body was once again shaken into the battleship.

When the sea clan expert at the ninth heaven realm saw that Yan Shushu had escaped, he flew into a rage. Just as he was about to step out and tear Jing Yong ye apart, his expression suddenly changed, and he hurriedly turned into a ray of light to escape.

The Starship had finally reached its limit, and countless beams of light shot out from it. The violent Qi had also reached its peak.

“BOOM!”

The eighth-grade netherworld battleship exploded in the air, and the impact forced many sea tribe warriors to retreat.

The light from the explosion of the battleship was like a scorching sun in the sky, lasting for the time it took to brew a cup of tea before it gradually extinguished.

The entire city was silent. Under the shock of that force, everyone was silent, especially Jing Yong ye, who was hit and shattered into pieces.

At the same time, Yan Shushu felt uncomfortable all over. His spiritual sense was extremely strong, so he could naturally feel everyone's eyes on him. At first, he could still glare back at a few people, but as more and more people looked at him, their gazes became colder and colder. He also felt like there was a dagger on his back, which was extremely uncomfortable.

Chapter 1034-Gulu beast

“Congratulations to Lord Shushu for escaping!” GE Zhengxiang said coldly.

“What? you're not happy that I survived?” Yan Shushu snorted angrily. Are you only happy when I'm dead?”

Everyone was silent. Only an elder of the moon supporting Sword School said angrily, “ kill this despicable and shameless scoundrel! Avenge elder Yongye!

The disciples of the moonbearing sword sect were suddenly furious. They instantly surrounded Yan Shushu with their swords drawn and bows bent.

Yan Shushu sneered, "what?" You want to have an internal strife?"

"Internal strife? Even if white surge city is razed to the ground by the sea Race, we'll still kill you, you despicable and shameless person!"

The elder of the moonbearing sword sect trembled with anger, and his aura had reached its peak.

GE Zhengxiang's expression changed. When he heard the words "white surge city has been razed to the ground by the sea Race," he immediately calmed down and said, "Everyone, please listen to me. At this moment, the enemy is approaching the city. It's really not good to have internal strife. Don't forget, elder Yongye also died in battle to protect the city."

that's right. The one who killed elder Yongye was a member of the sea Race. What does that have to do with brother Shushu? "

Ruan Xiquan also suddenly spoke up and gave Yan Shushu a friendly smile.

Yan Shushu felt like puking when he saw that smile, but he still endured it and returned the favor with a fake smile. He still needed the other party's support. Moreover, with his status and strength, he couldn't make things awkward with the other party.

The elder of the moon supporting Sword School was furious and said angrily, "City Lord, is this how you talk about justice? My moonbearing sword sect did our best to defend the city for you, even sacrificing an eighth-grade warship. You have to do things with a conscience!"

Yan Shushu's brows raised. that's right. I remember brother Yongye saying that you brought two eighth-grade battleships. There should be another one. Quickly take it out to fight against the enemy.

The eyes of the people from the moonbearing sword sect were red with anger, and they could not control themselves.

GE Zhengxiang's face was also filled with anger. He coldly stared at Yan Shushu and said to everyone, "The moonbearing sword sect has made a great contribution to Baichong city. Everyone, please return to your residences and rest for a while. We'll deal with the rest."

The elder of the moonbearing Sword School suppressed his anger. He knew that they were weak now, and they would only suffer losses if they continued to make trouble. He glared at Yan Shushu, and then went to the city Lord's mansion one by one.

"Third elder, are we just going to let the great elder die in vain?"

A warrior of the moonbearing sword sect said in grief and anger.

The elder's face was extremely dark. Without a word, he walked into the manor. Suddenly, he was stunned. In the courtyard, Jing Yong ye was sitting at a small table and tasting the wine, talking and laughing at ease.

"Ah?"

The other disciples of the moonbearing sword sect were also dumbfounded. They stood at the door, not knowing what to do.

"Come in," Jing Yong ye said with a smile as he looked at the crowd.

He gave Yunxiao a grateful look and said, "Don't be surprised, everyone. If it wasn't for young master Feiyang, I would've died without an intact corpse."

Everyone turned their eyes mechanically to Yunxiao, who was next to them. Their eyes were dull, as if they could not think.

They had seen with their own eyes that Jing Yongye had been thrown into the warship, and then the warship had self-destructed, but he had not escaped. Not only them, but all the cultivators of Whitewash city and even the sea Race had seen it clearly, and there was no way he could have survived.

“The world is so big, and there are so many experts,” Jing Yongye sighed. “It’s not something we can count. Lord Feiyang’s divine arts are enough to deceive the heavens and change the day. You don’t have to make such a fuss.”

you flatter me, elder Yongye, ” Yunxiao said with a faint smile. ”

The people from the moonbearing sword sect all looked suspicious and disbelieving, but the fact that Jing Yongye was still alive made them ecstatic.

“First elder, that Yan Shushu is too hateful. Now that you’re safe and sound, why don’t we go and question him?” the third elder said.

“That’s right, with the great elder here, we don’t have to be afraid of them bullying us!”

Among them, the disciples were also filled with righteous indignation, and they clenched their fists so hard that their bones cracked.

A cold gleam flashed in Jing Yongye’s eyes as he turned to look at Yunxiao. His life was saved by Yunxiao, so he was in charge of everything now.

He finally understood why GE Zhengxiang had been protecting this eight-stars martial Supreme all this time. Even now, he could not understand how he had survived, and he was completely convinced by Yunxiao’s means.

Yunxiao looked up into the distance and said, ” “The battle has just begun, and it’s not good for internal strife. Let them hold the front for now. In the end, the key to deciding victory or defeat still lies in elder Yongye’s intervention.”

Jing Yong ye knew that the other party was referring to his other two eighth-grade warships, and he hurriedly said, ” I’ll just listen to one word from Lord Feiyang.” He pondered for a moment and asked carefully, ” “Is that deep-sea Giant beast really that terrifying?”

very powerful? ” Yunxiao narrowed his eyes and said, ” very powerful.

Jing Yongye fell silent. Since Yunxiao had said so, he naturally believed him.

Even PU Jinshan, who was standing behind him, began to feel great pressure. He had been very confident before that he should be impregnable with his array, but after seeing Yunxiao's means, even he felt that it was troublesome.

"Quickly look at the sky!"

Suddenly, a disciple of the moonbearing sword sect was startled when he saw a black mass of sea beasts rushing over in the sky.

Upon closer inspection, it was actually a type of seahorse with an unusually large body. Behind each of them was a chubby round meatball. The bumps on the meatball swelled and sucked, and the entire body became oval at an extremely fast speed.

Tens of thousands of horses galloped down from the sky.

In the distance, Guang Yi's face was gloomy and he said coldly, cousin actually pulled out this type of Gu Lu beast. Why didn't you use it earlier? why did so many of our clansmen die in vain? "

"These clansmen were all brought out by you to die, yet you have the face to ask me?" run Xiang sneered.

"You coward!"

Guang Yi exploded on the spot but he was at a loss for words, not knowing how to refute.

Hmph! RUO Xiang snorted. I only asked you to be the vanguard to test the situation in the city, but you wanted to play the hero and hope to take down baichong city in one go, causing a large number of powerhouses to die. We'll settle this score after the battle!

“What? Yingluo, you still want to settle scores with me?”

Guang Yi almost fainted from anger.

RUO Xiang’s face turned cold and he said coldly, “ your strength is limited, and you’re blindly arrogant. You almost affected the entire battle. I won’t let you off easily after the battle. Now, get to the back!

“Runxiang hehe”

Guang Yi was so angry that his entire body turned red. He roared and charged forward.

RUO Xiang’s expression turned cold. His five fingers grabbed in the air and locked his sword. Then, he kicked Guang Yi and sent him flying. He ordered his left and right, “Take him down, we’ll interrogate him after the battle!”

...

The two tall soldiers of the sea on his left and right had cold sweat dripping from their foreheads, but they didn’t dare to disobey the order. They flew up and pressed Guang Yi down.

The large group of seahorses dragged the GRU beasts and charged towards the city. When they reached the city, they stopped. The GRU beasts continued to fly forward due to inertia, and a large number of meatballs fell from the sky.

The martial artists in white surge city were all watching vigilantly, not knowing what those things were. They had also raised their defenses to the maximum.

“Plop! Plop! Plop! Pfft!”

One by one, the GRU beasts fell on the barrier and bounced up. They looked so cute and harmless.

Yan Shushu laughed, "ha, haha, What is this?" Meatball?"

GE Zhengxiang also revealed a puzzled expression. Those meatballs did not feel any threat at all. He ordered, "Try attacking."

The city protection array immediately condensed a golden light and shot over the city, cutting a few guru beasts in half on the spot!

"Plop! PU!"

The Guru beast exploded like a balloon, without any power. A large amount of purple liquid burst out and sprinkled down from the sky.

"?!?"

...

When the purple liquid landed on the barrier, it sounded like boiling water. Not only was it eroding the barrier, but it was also spreading.

The other gurus that came into contact with this liquid also broke apart with a "plop plop" sound. In an instant, the entire sky was filled with purple, and more and more of them were about to seep down.

Everyone's expression changed drastically. The purple liquid was even able to corrode the barrier. If it spread throughout the city, the entire White rush City would be finished. Even if all the sea Race members were killed, the city would definitely be a Dead City.

GE Zhengxiang was so shocked that he was on the verge of collapse. A large number of guru beasts were still falling and erupting with purple liquid. Baichong city seemed to be destined to be destroyed.

not good, this city can't be defended. Let's activate the teleportation array and leave!

Yan Shushu suddenly exclaimed. He looked at the sky full of purple in fear. A lot of liquid began to seep in and fell into the city, directly corroding a large area of the blue stone floor tiles.

Everyone's gazes turned to GE Zhengxiang, waiting for his orders.

GE Zhengxiang's expression was dark and cold. He gritted his teeth and said, "I'm not leaving! He would rather die than leave! As long as the city exists, the people will live. If the city dies, the people will die!"

city Lord," ruan Xiquan sneered, "we're only here to help defend the city. There's no order for us to defend the city to the death. When everyone's lives are in danger, there's no reason for us to stay.

"BOOM!"

Suddenly, a loud noise came from the distance, and everyone's expression changed drastically. It was coming from the teleportation array.

"Not good! The teleportation formation has been destroyed! The sea Race is here!"

"Boom boom boom!"

A large amount of dust rose in the distance, and light rushed up. A large area was being destroyed.

"Ah? This Yingluo "

Ruan Xiquan was dumbfounded. A huge hole appeared in the sky in the distance, and a large number of sea tribe members rushed in. The barrier protecting the city almost collapsed, and a large amount of purple liquid poured down.

Everyone's faces turned pale, and their hearts sank. They were in a desperate situation.

“Bang!”

GE Zhengxiang helplessly leaned against the wall, his face pale. The family business that had been passed down for so many generations was finally going to be destroyed.

The rest of the people also began to panic, each thinking of a way to escape.

At that moment, a beam of light suddenly shot out of the city Lord’s mansion, and Yunxiao’s voice came unhurriedly, “city Lord, you take some people to deal with the invading Sea Race. Leave this purple venom to me.

Chapter 1035-giant face

Everyone was stunned. GE Zhengxiang was also stunned for a moment before he suddenly shouted out in joy, “Lord Feiyang, you have a way to deal with this purple poison?”

Yan Shushu’s expression changed. everyone, don’t be fooled. He must be sending us to be cannon fodder. He will find a way to escape!

“Hmph, do you think that everyone is as shameless as you?”

Suddenly, a voice rang out, causing everyone’s heart to tremble violently. They revealed an expression of disbelief. Yan Shushu’s face turned pale with fright as he looked in the direction of the city Lord’s mansion.

Jing Yongye flew into the sky, his hands behind his back as he looked at the crowd coldly. A hint of killing intent flashed in his eyes as he coldly said, “Yan Shushu, we’ll settle our scores after the battle! Lord Castellan, if you wish to protect baichong city, I advise you to listen to Lord Feiyang’s orders. Otherwise, no one in the world will be able to save this city.”

GE Zhengxiang was overjoyed and said excitedly, “Does Lord Feiyang really have a way to deal with this poison?”

“It’s up to you whether you believe it or not, but I do,” Jing Yong ye replied coldly.

GE Zhengxiang no longer had any doubts. Furthermore, this was his last trace of hope. He suddenly roared, "Everyone, charge!" He turned into a ray of light and charged towards the crumbling corner of the city.

The rest of the people followed after hesitating for a while. There was no other way out.

Yan Shushu's pupils suddenly shrank as he saw Jing Yong ye's finger pointing towards him. He retreated in horror, but he couldn't avoid it in time, and the light from the finger hit his shoulder blade. He felt a slight tingling sensation, and he said in fear, elder Yongye, it's a misunderstanding. It's really a huge misunderstanding. Let me explain it slowly!

Jing Yong ye sneered, "I'll give you a chance. I'll explain it to you after the battle. I only left a mark on you just now. Even if you run to the ends of the earth, I'll still be able to sense you.

Yan Shushu's heart suddenly sank.

After giving him a contemptuous look, Jing Yongye just stood quietly in the air, looking at the light that Yunxiao had turned into with respect in his eyes.

Yunxiao broke through the barrier and grabbed a handful of purple venom. After scanning it with his divine sense, he set fire to it and burned it to ashes.

Then, he opened the immemorial heaven's eye between his brows, and the flame turned into a Phoenix. It was not the bright red color it was before, but a little pale. It should be the result of the fusion with the ice fiend Heart Flame.

The Phoenix let out a long cry in the sky and swooped down, igniting all the purple venom in an instant. The entire sky above the city was instantly engulfed in a sea of fire. Those Gu Lu beasts that were still intact exploded in the flames, turning into a ball of venom and burned into nothingness in an instant by the divine fire.

"Li Yunxiao!"

An earth-shattering roar suddenly came from the sky. Run Xiang could no longer remain calm, and his eyes were filled with anger.

li Yunxiao? ”

“Li Yunxiao!”

Everyone was taken aback as they looked at Yunxiao in horror. All of a sudden, they seemed to understand something, and their faces changed drastically!

The person that the entire Eastern Region was looking for was actually here!

Ruan Xiquan’s expression changed as he stared at the figure in the sky. He finally saw the figure in the sky and the one in Red Moon City.

he is li Yunxiao? ”

The members of the battle blade team were also shocked. However, no matter who he was, it did not affect his position in everyone’s hearts.

“Damn it!”

stop! ruan Xiquan suddenly shouted, ” everyone, stop! Arrest this li Yunxiao! He is the key to the war between the two races. As long as we hand him over to the sea Race, all the chaos will be settled!”

Everyone was stunned for a moment, and some hesitation began to rise in their hearts.

It was rumored that Yunxiao had hidden the person the sea Race was looking for, which led to the war between the two races. It sounded ridiculous, but it was true that he was wanted by the whole world.

GE Zhengxiang's expression suddenly changed as he angrily shouted, "Everyone is fighting against the sea Race, what's the point of infighting at this time!"

capturing li Yunxiao is our top priority," ruan Xiquan said coldly. if we lose baichong city, we can still get it back. Where are you going to find li Yunxiao?"

"Hmph? Take it back?"

GE Zhengxiang's expression suddenly turned sinister as he fiercely said, "If Lord li Yunxiao had not burned away the purple poison with a flame, would you still be here spouting nonsense when the city is broken and we are surrounded? If you dare to shout again and incite people's hearts, I'll kill you first!"

"What? Don't you dare!"

Ruan Xiquan's face was filled with anger and he said coldly, "GE Zhengxiang, could it be that you don't know your own worth?"

"Everyone, stop. I think we should defeat the sea Race first."

E Lechi was also looking at Yunxiao with a complicated expression as he said to the others, "Since li Yunxiao has shown up here and is doing his best to defend the city, he won't run away. After all, how can a war between two races be that simple? moreover, we need to think more about what the higher-ups in Red Moon City are saying."

Ruan Xiquan's expression changed and he fell silent.

E Lechi's words showed that he had a public opinion of the current Red Moon City. In fact, he had his own thoughts as well. The ruan clan had long been suppressed to the point that it was getting weaker and weaker.

"BOOM!"

The Marine race experts were rushing over from afar. They didn't have time to think. The purple venom and the Guru beast had been burned into nothingness. The barrier protecting the city had also been shattered.

A large number of marine race experts had already rushed down from the hole in the barrier and started killing wantonly. Now that the barrier had been broken, they all rushed into the city and killed everyone they saw.

"Kill these bastards!"

Many human warriors were also furious. They roared and charged forward.

Li Yunxiao, I'm going to kill you today and slaughter the entire Baichong city to wash away my previous humiliation.

A layer of frost appeared on Ru Xiang's face. The space around him slowly twisted and changed, and a terrifying aura spread out.

Yunxiao's expression was solemn. There was no doubt that the aura belonged to the giant-faced beast. "Every time I see you, you've improved, but it's all on your mouth."

"Hmph, you deserve to die!"

F*ck! Ru Xiang cursed. He formed a seal with his hands and suddenly slapped it forward. It rapidly expanded in the air.

The huge-faced beast's body slowly emerged from the mark.

The sun was completely blocked out in an instant, and the entire land was incomparably dark. Everyone raised their heads in horror. The aura emitted by the huge-faced beast made everyone's heart turn cold, and they were afraid even before the battle.

At that moment, everyone believed Yunxiao's words, and their faces turned pale.

On the contrary, the sea Race people were all cheering and jumping for joy, their morale greatly boosted.

...

After the huge-faced beast's entire body came out, it immediately fell from the sky. It was much larger than the netherworld warship from before.

Yunxiao's expression flickered. A red light emerged in his hand, and the ruler, which had refined the blood Fiend, appeared. He then threw it into the air.

Immediately, a sea of blood fell from the nine Heavens and traversed the vast sky. The entire world turned red in an instant, as if a blood hell had been opened. The wails of countless evil spirits and vengeful souls rang out from all directions.

The filthy blood water even swept up a huge wave in the air and slammed into the huge-faced beast.

"BOOM! BOOM!"

Every attack hit the huge-faced beast, but other than dying its body red, it did not seem to have much effect.

However, as soon as the dirty blood touched its body, it began to seep into its skin, corroding and destroying its body. There were also spirit bodies condensed from the blood, shrieking beside the huge-faced beast and drilling into its nostrils and ears.

"Hmph, such a low-level space. Li Yunxiao, are you trying to make me look down on you?"

Suddenly, a ray of light fell into the blood sea and stepped on the head of the huge-faced beast. It was run Xiang who had transformed into his true form. Rays of Dragon Qi rushed out of his body and condensed into a Dragon's might beside him.

RUO Xiang stretched out his hand and opened his five fingers. The power of the Dragon's might directly condensed into a pale green Dragon in his palm. It roared as he slapped down.

"Roar!"

...

The tiger's roar and the Dragon's Roar!

The entire world of the bloody sea trembled. A large number of blood barriers collapsed one by one. The entire blood hell retreated with a loud bang under the Dragon's might.

Yunxiao's face flickered, but he did not panic at all. Instead, he just stood there quietly and looked at them coldly.

On the other hand, run Xiang's expression was serious as he snorted tentatively, "What, you have no other way?"

I don't care if I have a way or not, " Yunxiao said with a faint smile. what are you panicking for? "

"Hmph, who said I was panicking? You're the one who's panicking right now, aren't you?"

RUO Xiang was furious. He raised his foot and stepped on the head of the huge-faced beast, shouting, "Attack!"

The giant-faced beast opened its mouth and a terrifying aura spread out. The mouth was pitch-black, and no one knew where it led to. It was a terrifying sight.

At this moment, the entire blood sea collapsed under the Dragon's might and gradually revealed the outer realm.

Suddenly, Xiang's expression changed drastically, and he exclaimed, "Not good!"

In the sky outside, the two netherworld battleships were already fully prepared. Blue light bloomed from their attack formations, and two huge beams of light shot through the sky.

"BOOM! BOOM!"

Two sounds of shock rang out in the air. The scene of the energy explosion caused everyone to stop fighting and look on in horror.

"Bang! Bang!"

The giant-faced beast was too big to Dodge such a powerful attack. The two blue beams of light shot into its huge mouth and into the pitch-black land.

"Hmph!"

The huge-faced beast suddenly let out a muffled groan from its nostrils. Its huge mouth closed immediately, as if it was greatly affected. Its entire body swayed a few times in the air, looking extremely irritable.

"What? It can't be that he's fine just like that, right?"

All the human warriors had a huge question mark in their minds, and their computers crashed.

Cold sweat trickled down GE Zhengxiang's face. He had been hit by two eighth-grade netherworld warships at full force, yet he was still fine. How could they fight?

Shua shua shua!

The huge-faced beast's body swayed even more violently, and the aura on its body became extremely unstable. Even run Xiang had a shocked expression on his face, not knowing what was happening.

All of a sudden, the huge-faced beast's movements stopped. Everyone was stunned, as if time had suddenly stopped.

“Roar!”

The huge-faced beast suddenly opened its mouth, and a jet of black energy shot out. It broke through the void in an instant, directly blasting one of the netherworld warships!

“BOOM!”

The Starship was completely obliterated on the spot, its fragments falling to the ground.

Chapter 1036-realm-breaking power

“?!”

Every cultivator sucked in a breath of cold air, feeling a chill all over their bodies. With such a giant beast here, how could they fight?

Everyone's eyes flashed with fear.

Shua shua shua!

The huge-faced beast started shaking again, its body swaying left and right, exactly the same as before.

PU Jinshan! Yunxiao was shocked and cried out suddenly. PU Jinshan!

PU Jinshan, who had been waiting for a long time, hurriedly shot out a ray of light from his hand. It rose into the air and continuously grew in size, emitting circles of power.

At the same time, the terrain around him suddenly darkened, and the sky changed color. An aurora appeared in the sky, turning into a five-colored power that spread out and enveloped the entire earth.

Even the entire white surge city was within it. The scenery changed, and everyone was shocked to find that they were all alone. They had been fighting against an Army of thousands, but in an instant, their opponents and companions had disappeared.

The human martialist was both shocked and delighted. After all, this worldly illusion had been conjured by his companion. The more terrifying and abnormal it was, the better!

While GE Zhengxiang was pleasantly surprised, his heart was also filled with extreme regret. If he could have strengthened his confidence in Yunxiao at the beginning of the war, he would not have ended up in this state with his city and home destroyed, a large number of innocent civilians dead and injured, and a heavy loss of martial artists.

“BOOM!”

The giant-faced beast was also trapped in the barrier, but it did not seem to be affected much. After its body swayed, it suddenly spat out a black light, exactly the same as before.

The black light pierced through the sky and shattered the power of the enchantment. It blasted in the direction of the battleship. Everywhere it passed, it was like a mirror image that was constantly destroyed, but it was instantly repaired.

A thousand-mile strike had failed to hit the netherworld warship!

“What?”

RUO Xiang was shocked, and his face revealed a serious expression.

The space the netherworld battleship had been in was clearly right in front of them. How could it have shifted in such a short time? it was almost impossible for such a huge object to be moved away by the power of space, but the other party had actually done it!

Li Yunxiao, is this all you can do? ”

“If you have the guts, come out and fight me to the death!” Run Xiang laughed coldly.

Everyone was silent, and for some reason, the voices of the others could not be heard at all, but run Xiang’s provocative voice could be clearly heard.

Then, Yunxiao’s voice rang out, filled with endless ridicule as he snorted coldly, ” “Death art? Do you remember the battle at the red moon City?”

RUO Xiang’s face was full of anger. The battle in Red Moon City was known to the whole world, and it had gradually spread throughout the four Seas. He had completely lost all his face. He roared, “Today, I’m going to wash away my shame. I swear I’m not a human if I don’t kill you!”

He gradually calmed down and said in a cold voice, ” “Don’t think that you can trap me with a barrier. I’ll show you the true power of the deep-sea monsters. You didn’t even use one-tenth of your strength to destroy the warship just now!”

Shua shua shua!

The huge-faced beast was suspended in the air. The world was dusky, and only five rays of light fell from the sky, covering the entire earth.

As the huge-faced beast continued to tremble, the space around it seemed to change slightly. Circles of energy rippled out, but they were obstructed. However, the power of the obstruction grew stronger and stronger, and the range of the energy ripples continued to increase.

Everyone was shocked to find that within this space, they could finally see the position of the huge-faced beast and Yun Xiang.

Run Xiang's expression was cold and fierce. He formed a seal with one hand in front of him and said coldly, a legend from the deep sea, a contract that has been passed down for countless years. As a descendant of the true dragon, I command you to unleash your strongest power and tear apart the sky!

The huge-faced beast's quivering suddenly stopped, and its eyes widened. Its pupils rapidly contracted, and layers of wrinkles began to appear on its skin.

"Roar!"

The huge-faced beast seemed to puff up its cheeks. It suddenly opened its mouth wide and roared. A huge black light shot out, shaking the barrier and creating a white passage that directly connected to the outside world.

Not only that, but its wrinkled skin also suddenly opened up and became smooth. The entire space around it twisted and pushed outwards, directly opening the enchantment!

PU Jinshan's expression changed drastically, revealing an extremely shocked expression. Although this great five elements barrier was a replica, it was already very close to the origin elements of the five elements. It was as if the world was as chaotic as a chicken egg, and it was impossible to open it without an extremely strong power to break the barrier!

He finally understood Yunxiao's concern. With a horrified expression, he threw out the five elements white fish in his hand. A white light rose into the air and turned into a white fish of light, swimming toward the huge-faced beast with golden patterns emerging on its body.

PU Jinshan took a deep breath and let out a loud roar. He grabbed at the void with both hands, and the power of the five elements gathered from the chaos of heaven and earth, landing on the white fish of light. The fish's body continued to grow rapidly, and in an instant, it became like a giant whale. However, there was still a huge gap between it and the huge-faced beast.

The eyes of the huge-faced beast suddenly opened, as if it was puzzled, and it looked at the fish of light.

Run Xiang's eyes were shocked, and the hand seals in his hands changed.

The huge-faced beast opened its mouth wide and paddled over with its four limbs. It also had four limbs, but they were insignificant compared to the huge face.

"Aowu!"

The huge-faced beast's mouth met the fish of light and bit down. The entire fish head was in its mouth, and it kept swallowing.

The body and tail of the luminous fish swayed violently, trying to break free, but it seemed to be of no use. It became smaller and smaller as it was swallowed by the huge-faced beast.

Yunxiao wiped his sweat and said to PU Jinshan, "Are you sure you can do it?"

PU Jinshan's body was also trembling violently, and the incantation seal on his right hand seemed to be on the verge of disappearing at any moment. He hurriedly grabbed his right wrist with his left hand, trying to stop the trembling.

Lord Cloudsky, he's almost dying!

PU Jinshan felt bitter in his heart and said, "If that five elements white fish is eaten by it, then this great five elements barrier will be finished!"

Yunxiao's face darkened. "I've wasted so much time setting up the array," he said angrily. "I didn't see you play any role, and now you're telling me you're done for?"

PU Jinshan smiled bitterly. "I was careless and let the other party bite me. If I can break free, I might be able to deal with it."

Without saying a word, Yunxiao condensed a gust of wind and Fire power in his hand and made a seal. The shadow of the crocodile appeared in the Wind and Fire power, then stood up in the air and transformed into a crocodile monster, roaring and rushing over.

After that, Yunxiao changed the incantation gesture with his hand, and his whole body turned into Thunder, expanding several times in an instant and turning into a big fat man.

A ring of green lightning condensed around his body. He held the hammer in his right hand and raised it high. He formed a Thunder seal with his left hand and slowly opened his fingers.

A golden Maha ancient character slowly rose from his palm and kept spinning.

The color of the ring of lightning stars suddenly turned dark, and the hammer burst out with dazzling lightning, constantly letting out the cries of thousands of birds.

...

The golden light of the Maha ancient text gradually dissipated and began to gather into a green ball of lightning with purple light flashing within.

Suddenly, Yunxiao clenched his fist and caught the ball of Thunder in his hand. Then, he raised his arm and threw it at the beast.

“????!”

The ball of lightning let out a deafening screech and spun rapidly in the air. Bolts of lightning flickered from it, creating black patterns.

The crocodile monster transformed into the size of a mountain, which was only the size of the giant-faced beast's nose. It kept roaring and punching with its fists. Streams of astral winds and divine flames crashed into the giant face, creating ripples that spread out in all directions.

RUO Xiang, on the other hand, formed hand seals with one hand and stood coldly on the head of the huge-faced beast. He did not move and only looked on quietly, the corners of his mouth revealing a mocking smile.

Suddenly, his eyes narrowed. He raised his head and looked forward. The ball of lightning entered his eyes, causing his pupils to shrink.

The crocodile monster threw hundreds of punches in a row. Although it could not cause any damage to the huge-faced beast, it slowed down the speed at which it devoured the five-element white fish.

The crocodile monster seemed to have noticed the strange expression on RUO Xiang's face. The speed of its fist slowed down a little, and it turned its head back in confusion. It immediately saw the ball of lightning flying towards it.

The crocodile monster was completely stunned. Its face revealed a look of fear, and it opened its mouth as if it wanted to protest.

"Bang!"

...

It didn't say a word and directly exploded, instantly turning into countless Wind and Fire elements that fled in all directions.

"Pi pa Pi pa!"

The ball of lightning rushed up, and thousands of lightning bolts flashed in the surroundings. They were like lightning dragons breaking through the sky, and the area was getting larger and larger.

Everyone in the barrier looked at the sky in horror. None of them could contact the outside world or anyone else, but they could clearly see the huge-faced beast and RUO Xiang's every move, as well as the powerful attacks around them.

RUO Xiang's face darkened, and his eyes revealed extreme resentment and unwillingness.

The attack was launched by Yunxiao, and he would not be able to withstand it if he were alone. In other words, he would be defeated if the two of them fought again.

“Deep-sea Giant beast, destroy everything!”

Run Xiang roared and sent an incantation seal into the head of the huge-faced beast.

The giant-faced beast's eyes suddenly widened. It roared and opened its mouth wide. An invisible force was spat out from its mouth, shattering the surrounding space.

The fish of light broke free in an instant, but it also trembled violently under the force, and the light on its body continued to collapse.

When the ball of lightning was about to hit it, it was greatly hindered. Thousands of lightning bolts appeared, but they could not advance even an inch. Instead, they gradually dissipated.

The entire great five elements enchantment trembled as if the sky was falling and the earth was splitting apart. Everyone felt extremely small under that mighty force, as if they could be destroyed at any moment.

the power to break a world! This deep-sea beast is really terrifying. It actually has the power to tear a world apart!

Yunxiao was shocked as he stared at the collapsing enchantment, but his eyes were as calm as water and as deep as the sky.

“The power to break the world? The ultimate level of martial Dao that can only be comprehended by a nine-star Martial Emperor?”

PU Jinshan's heart trembled, and his clothes were already soaked in cold sweat. When he heard this, he was even more terrified.

don't be distracted! Yunxiao shouted in a deep voice. Even with the power to break the world, it can't tear the chaotic chicken world made of the five elements."

Chapter 1037

1037 The final blow

PU Jinshan hurriedly gathered his thoughts and kept performing hand seals.

Yunxiao was right, but it was a pity that his barrier was not the real one, but only a high-quality imitation. But, it would last for as long as it could, and he could not just wait for death.

The fish of light seemed to have stabilized a little, and it pushed forward against the huge pressure.

At the same time, five rays of light gathered from all directions, forming the five-element rule above the huge-faced beast and blasting down!

"BOOM!"

The five rays of light landed on the sky above the giant-faced beast, but before they could get close, they collapsed and turned into countless fragments of fluorescent light, scattering in the air.

This result seemed to be within PU Jinshan's expectations. His expression was calm, and the speed of his hand seals became faster and faster.

The broken light scattered in the air but was not extinguished. It gradually solidified and turned into a five elements prison, sealing the space. It kept spinning around the giant-faced beast and squeezed in, making an ear-piercing grinding sound.

The Warriors inside the barrier all felt their teeth ache. Some of the lower cultivators even felt pain in their eardrums, causing blood to flow out.

The huge-faced beast was still spewing out the world-breaking force. The fish of light, the ball of lightning, and the five elements prison were struggling to resist, but they were constantly at a disadvantage.

In the distance, the fleeing forces of Wind and Fire condensed into crocodiles again, lying motionlessly in the air, which made Yunxiao so angry that he vomited blood.

PU Jinshan's face turned paler and paler, and he trembled as he said, " Lord cloudsky, I really, really can't hold on any longer. The entire barrier is about to collapse.

Yunxiao knew that he had done his best, so he nodded and said, " Let's directly detonate the barrier and make the final blow."

"We still can't hold baichong city!" He sighed.

Inside the barrier, GE Zhengxiang's face suddenly changed. He had heard Yunxiao's voice transmission and knew that he was going to be defeated. His face turned pale as he muttered bitterly, " I understand. Thank you, Lord cloudsky.

PU Jinshan's eyes flashed with a trace of reluctance as he formed a seal in the air.

A pattern suddenly appeared on the fish of light, and the entire barrier began to shrink, moving toward the fish of light.

The fish's body flickered and disappeared, revealing the profound artifact five elements belly white fish. Its aura was getting stronger and stronger.

"Bang! Bang! Bang! Bang! Bang! Bang!"

The five elements prison instantly collapsed as the white fish sucked away all its energy. The ball of lightning could not withstand the impact and shattered into pieces.

“BOOM!” BOOM!”

The Thunderbolt suddenly turned into countless lightning bolts and shot out, like earthworms crawling in the sky.

Everyone was shocked by the scene. Except for GE Zhengxiang and a few others who had been reminded by Yunxiao, no one knew what was going to happen, and they all looked on in horror and vigilance.

At this moment, the entire enchantment was compressed to the extreme. The light fish burst out with a blinding light, and the body of the profound level weapon was directly exposed, a terrifying aura spreading above it.

RUO Xiang’s expression was also extremely ugly, and he shouted, “Block it!”

Although the scene in front of him made him feel a sense of danger, he did not think that this bit of strength could contend with the deep-sea Giant beast.

The light that had been compressed to the extreme finally bloomed, like a flower bud showing off its lifetime’s beauty in an instant. It was beautiful and flamboyant.

“BOOM!”

The great five elements enchantment collapsed, the sky shattered, and the earth sank. The entire space was filled with flying sand and stones. They could not see or hear anything, as if it was the end of the world.

Everyone from the two races fell into a state of panic and wanted to save themselves. However, they realized that their strength was just a drop in the ocean. They were caught up in it and could do nothing.

“Pfft!”

PU Jinshan spat out a mouthful of blood and his entire body withered as if his life force had been exhausted. In an instant, he had aged by several decades.

Yunxiao sighed. With a flash of light from the divine realm tablet between his eyebrows, he was taken in.

In the dusky sky, the moon-like pupils in his eyes flickered, and he could immediately see where the huge-faced beast was.

The force of the barrier's collapse had also caused some damage to it. One side of its huge face had been badly damaged by the explosion. Its skin and flesh had been directly turned over, and a large amount of blood was flowing down.

However, it was only a superficial wound. Instead, it made the giant beast even angrier. It roared repeatedly in the midst of the flying sand and stones. Waves of power rushed out, as if it really wanted to overturn the entire world.

On the head of the Furious giant-faced beast, RUO Xiang was also extremely shocked. He felt that he was starting to lose control of the giant-faced beast.

All of a sudden, a faint light flickered in the dark sky. It grew brighter and brighter, like a Lighthouse, giving people hope in this desperate world.

Everyone's shocked mood calmed down at once as they looked at the light beam in shock. They didn't know what kind of power could penetrate through such a majestic force without any obstruction.

is that a Mengchong warship? ”

In the darkness, Jing Yong ye revealed a look of doubt. That beam of light was indeed similar to the full-force attack of his netherworld battleship.

“BOOM!”

The ray of light seemed to be moving slowly, but in reality, it was like ten thousand horses galloping across the sky.

“BOOM!”

When the beam of light got closer, it was discovered to be unusually thick. It blasted on the crazy huge-faced beast, causing the power around its body to shrink continuously. Its entire huge body trembled and retreated continuously.

The huge-faced beast was blasted hundreds of meters away, and the entire space where sand and stones were flying suddenly stabilized. The violent power gradually dissipated, and the dark clouds parted to reveal the clear sky.

Everyone looked around in fear and found that they were still in the previous chaotic battle. Many members of the sea tribe were around them. They were shocked and flew away in a hurry.

The oceanic species 'experts also felt the same way. The two groups of people were clearly separated in the sky, and they looked at each other with lingering fear.

However, everyone's gazes quickly gathered in the distance. From where the beam of light had shot out, a magnificent and huge battleship was rapidly approaching.

That battleship was abnormally large and majestic, like a moving city. Just its appearance gave people a strong sense of oppression. It let out a huge roar like Rolling Thunder.

The Starship flew through the air, occasionally giving off an illusory feeling, as if what one saw was an illusion, and what one saw did not exist.

Many Martial Emperor powerhouses were shocked. They knew that it was a form of self-protection called space jump.

Because the warship was so huge, once it was attacked, there was a 100% chance that it would be hit. Therefore, some powerful alchemists had designed such a secret technique that could allow the warship to perform space jumps at a certain frequency during its journey or even when it stopped. This way, it could avoid most attacks and was the best protection for the warship.

...

RUO Xiang's face instantly turned ashen. He had stayed on the continent for a long time, so he immediately recognized the grade of the warship in front of him. Moreover, at the bow of the warship, a light beam was rapidly condensing, preparing for the next attack.

At this moment, although the huge-faced beast did not suffer any substantial damage, its aura was not as strong as before. As the controller, he could clearly feel that the huge-faced beast's aura was weakening with every breath it took.

Judging from the level of the attack just now, the battleship might not be able to do anything to the giant-faced beast. However, if the stalemate continued, it would be really dangerous.

RUO Xiang's expression changed several times, and he started to hesitate.

Yunxiao's pupils constricted as well, and the crescent moon disappeared from his eyes. He returned to his clear state and looked quietly at the ninth-tier ultimate warship that was speeding toward him!

"Go! Retreat to the ocean!"

RUO Xiang looked resentfully at Yunxiao, who was standing in the air with his hands behind his back and an indifferent expression on his face, and finally made the difficult decision to retreat.

However, their all-out attack this time had not been able to take down white surge city. Furthermore, they had also exposed that he could control the deep-sea Giant beast. It would probably be even more difficult to attack the city next time.

He glanced gloomily at baichong city, and his expression suddenly froze for a moment. The scene before him was a barren wasteland, and there was no sign of a city at all.

RUO Xiang was stunned for a moment. He didn't know if this counted as razing baichong city to the ground.

Would this battle be a win or a loss?

...

He couldn't give an explanation, so he turned around and left in a depressed mood.

After receiving the order, the oceanic species 'powerhouses quickly retreated from the sky. They surrounded the huge-faced beast like ants and headed toward the sea.

The human cultivators all looked on expressionlessly as the powerful enemy fled. No one dared to give chase, nor did they have the slightest intention of giving chase.

GE Zhengxiang's emotions were also extremely complicated. Although the powerful enemy had left, the entire city was still in a daze.

He was completely dejected and didn't know what to do.

He was filled with regret. If he had given Yunxiao full authority to deal with the enemies and trapped them outside the city, even if the five elements enchantment exploded, the city's defensive array would still be there, and they would not have been destroyed like this.

The ninth-grade battleship arrived and stopped not far away. It did not seem to have any intention of chasing.

Before everyone could enjoy the feeling of surviving a disaster, they were immediately attracted by the battleship in front of them. Although not many people had seen such a huge battleship, they could guess what it was without using their brains.

“I wonder which Lord has come to rescue us?”

Ruan Xiquan was the first to ask loudly. Looking around, everyone was covered in injuries, but he seemed to be unscathed. It was unknown how he had managed to protect himself so well.

The rumbling from the battleship became softer and softer. A beam of light shot out from the bottom of the battleship and several figures appeared.

The person in front was dressed in white and had a handsome face. He had a calm expression and was looking at the crowd with a smile.

Ruan Xiquan was shocked. He hurriedly went forward and respectfully said, “So it’s young master Lai Feng of the beiming family!”

“Beiming family! It’s actually the beiming family!”

no wonder. There are only a handful of people on the continent who can own a ninth-grade warship.

“We’re saved! Everyone is saved! I didn’t expect that the beiming family would also make a move!”

tsk, tsk. A ninth-grade warship is a treasure even for a super family. They won’t show their faces easily. I’ve really broadened my horizons today.

“You guys don’t know this, but young master Lai Feng is already the appointed successor of the beiming family. That’s why he has the right to use such a huge warship.”

On the ruins, all the survivors were discussing. Everyone had different expressions, but most of them were happy.

Beiming Laifeng looked at the crowd with a smile, but he did not say anything. He slowly turned his eyes to Yunxiao, who was not far away.

A lot of people sent me messages asking about my recent situation. Thank you, everyone. I'm fine. I've already recovered from the depression.

Let me, with bei Qingluo's vision, walk to the peak of online literature.

Chapter 1038-team

At this moment, the mask on Yunxiao's face had been broken, revealing his young and tender face, which had been through many vicissitudes of life, in front of beiming Laifeng.

Under everyone's gazes, beiming Laifeng seemed to be in high spirits. With his hands behind his back, a sharp light flashed through his eyes as he smiled, "Young master Yun, it's really a small world."

Yunxiao smiled back and said, "we're in a difficult situation today. Fortunately, young master wind arrived in time. Otherwise, the consequences would be unimaginable."

This was a heartfelt compliment. If they failed to defend whiterush city's territory, not only would most of the cultivators present die, but the Eastern Region's united front would also be broken through, which would be extremely disadvantageous to the human race.

However, when he saw the smug look on beiming Laifeng's face, he found it rather funny.

But, in beiming Laifeng's ears, these words did not sound good, as if an adult was praising a child. Yunxiao's peerless and independent charm made him extremely displeased, especially the upturned corners of his mouth, which seemed to contain endless ridicule. His face immediately sank and was covered with a layer of frost.

"Young master Yun, you're too kind. This matter concerns the interests of our clan, so we will naturally do our best. On the other hand, young master Yun seems to have played an extremely disgraceful role in the war between the two races, and he's now wanted by the entire world."

Beiming Laifeng said coldly.

wanted by the whole world? ” Yunxiao said indifferently. At most, the red moon City will put me on the wanted list. I can’t live without any enemies.”

“Oh? So, the arrest of young master Yun in Red Moon City is a personal vendetta?”

Beiming Laifeng coldly snorted, his eyes filled with killing intent.

He had always felt a deep threat to Yunxiao, and now was a great opportunity to kill him. A cold gleam flickered in his eyes, and he did not hide his killing intent at all.

Everyone’s hearts clenched. The cold intent emanating from beiming Laifeng’s body caused their expressions to turn heavy, and they were all extremely worried.

GE Zhengxiang hurriedly stepped out of the ranks and said, ” there must be a misunderstanding here. If it wasn’t for Lord Yunxiao’s desperate battle just now, I’m afraid this place would have fallen before Lord Windgrace could rescue us.

“Hmph, they’ve already fallen? Aren’t you exaggerating Yunxiao’s role, city Lord?”

Ruan Xiquan also stood up and stared coldly at Yunxiao. how could he deserve such praise in this battle? I can say very responsibly that without him, the result of this battle will not change at all!

Everyone’s face darkened. Ruan Xiquan’s shamelessness was too powerful, but he was from Red Moon City after all. He was also very strong, so no one dared to make a sound for fear of offending him.

Beiming Laifeng smiled, ”As expected! I know this man is a deceiver! What else do you have to say, li Yunxiao?”

Yunxiao smiled indifferently. look at who is accusing me, and who is speaking up for me. Isn't this a personal grudge against Red Moon City? "

Ruan Xiquan's face turned cold and he said, " "Today, no matter what you say, you won't be able to escape the beiming family's punishment of justice!"

"I think the one with the glib tongue is you, Lord Xi Quan."

Jing Yongye's face was filled with indignation as he stood directly behind Yunxiao and said coldly, " "Justice is in the hearts of the people, how can it be allowed to be changed by you at will? if it wasn't for Lord Yunxiao just now, how many of us would still be alive now? I, Jing Yongye, may be weak, but I still have a sense of shame."

With determined looks on their faces, the few people from the moon sword sect stepped out and stood behind Yunxiao.

Soon, many people began to move. The members of the battle blade team, as well as some other surviving Warriors, all quietly stepped out of their ranks to support Yunxiao with their actions.

GE Zhengxiang's expression was solemn as he coldly said, " "If the beiming family really decides to make a move against Lord Yunxiao, then forgive me for not being able to sit by and do nothing!"

He and a group of people from baichong city also gathered behind Yunxiao.

Beiming Laifeng's expression changed drastically. His face was filled with anger as he coldly said, everyone, please think clearly. Once you make a mistake, you'll be consigned to eternal damnation!

As soon as his words came out, those who were about to step out immediately trembled. They looked at the experts of the beiming family and the huge ninth-order warship, but in the end, they retracted their feet. No one dared to step out again.

Yan Shu Shu directly stood behind beiming Lai Feng and coldly shouted, "What are you guys doing? Ungrateful? If Lord Lai Feng had not arrived in time, would you have been able to survive? The one who truly saved everyone's lives was Lord beiming Laifeng!"

A few people exchanged glances before also standing by beiming Laifeng's side. However, there were only a few of them.

The sky was suddenly divided into three groups, standing in the distance. Most of them were those who didn't say a word, and the atmosphere became cold and solemn.

E Lechi pondered for a while in the crowd, then finally stepped out and stood beside beiming Laifeng. He cupped his fists and said, "Li Yunxiao is a wanted man in red Moon City. Please, young master Feng, capture him and hand him over to Red Moon City!"

Although he also thought highly of Yunxiao's role in the battle just now, he was a man of Red Moon City after all, and he needed to stand on the side of his sect.

Only then did beiming Laifeng's expression turn for the better. He sneered, "As everyone wishes." He swept his gaze across the neutral crowd and made a gesture of invitation. He said coldly, "Is there anyone else who supports Yunxiao? please come with us."

Everyone's expression changed slightly. This was an undisguised threat, but no one dared to step out.

The one who suffered the most was Liao yangbing. He looked like he was struggling. He wanted to get out several times, but he couldn't lift his feet.

Judging from the current situation, as long as the beiming family made a move, Yunxiao would not be able to escape. But, judging from Yunxiao's calm and composed look, he did not look nervous at all. Perhaps, he still had a trump card to deal with the situation.

Gritting his teeth, Liao yangbing also stepped out of the ranks and walked to Yunxiao's side as he said, "I firmly believe that young master Yunxiao is not an arrogant person. You all survived the battle just now. Please ask yourself."

This sentence made many people lower their heads in shame.

Yan Shushu coldly laughed, " why are you talking nonsense with them? this kind of human scum should be dealt with early. I ask the beiming family's Lords to take action!

Beiming Laifeng's expression turned cold as he raised his hand and pointed down. He grinned, take down li Yunxiao! Kill anyone who blocks your way!

The air in the sky froze, and everyone felt a boundless chill. They retreated one after another, and the sky suddenly became empty.

Hmph, young master only needs to give an order to deal with this kind of trash. There's no need for him to show his face.

The crowd only saw two martial emperors flash in front of beiming Laifeng. One of them was the four-star Martial Emperor who had a conflict with Yunxiao in Haitian town the other day. His face was cold and full of sarcasm, and he looked at Yunxiao as if he was a dead man.

he's the number one rising star after all, " the other person said with a smile. we can't be careless.

"Haha, if you're worried, then just watch from the side," the man laughed.

The man turned into a beam of light and rushed at Yunxiao. His companion smiled indifferently and followed closely behind.

Although both of them were four-star martial emperors, Yunxiao's reputation was too great, so they were still afraid of making any mistakes or accidents.

As the two of them flew over, their auras rose to the extreme, and the whole sky was covered in a bone-chilling cold. Some low-rank martial Supremes behind Yunxiao shivered with cold, their lips trembling.

However, they were still afraid and no one took a step back.

Liao yangbing's eyes were filled with worry. He was naturally not worried about the two four-star martial sovereigns, but he was worried about how many experts the beiming family had on the warship. Moreover, this ninth-grade warship was not something they could stop.

At this moment, he started to doubt his own choice and even felt a little regretful. After all, offending the beiming family would definitely not end well.

However, things had already come to this, and there was no room for turning back. He could only walk this path to the end.

...

GE Zhengxiang's face was cold as well. He had decided to fight Yunxiao to the end. He took a step into the air and was about to face the enemy.

Suddenly, a hand reached out and stopped him.

Yunxiao's eyes narrowed slightly as he took a step forward and said indifferently, "Since that's the case, I will personally kill you, the appointed successor of the beiming family."

His voice wasn't loud, but it was clearly heard by everyone, and they were all shocked.

For some reason, everyone felt a chill in their hearts. It seemed that he could do what he said. The descendant of beiming Dark Palace, one of the seven super forces, was going to die Here today.

Beiming Laifeng's heart also trembled, and a look of fear appeared on his face. The other party had only said a few ordinary words, so why did he feel such fear?

He was the successor of beiming Dark Palace and the future Overlord of the world!

"Big words! Just turn into ashes and fly away!"

The four-star Martial Emperor slammed his palm down, and a stream of cold air took form in his palm. It was like a huge icicle that broke through the air and fell down. The surrounding air was immediately frozen, turning into a cold light blue color.

Beiming Dark Palace's ice Zhen Qi was not only extremely cold, but it also had a very strong cold poison. Once it entered the body, it would continuously destroy the body's meridians and corrode the foundation of martial arts. It was one of the few vicious divine arts in the world.

Yunxiao raised his head slightly and said in a low voice, "Last time, I said that I would beat you up, but I still gave you a chance. It's a pity that you didn't cherish it, and no one in this world can save you."

...

The aura on his body suddenly rose and reached its peak in an instant. The power of a two-star Martial Emperor burst out!

"What?"

The members of the Beiming family were all shocked. Beiming Lai Feng's face was even more dumbfounded as he stood there, dumbfounded.

Back in Red Moon City, Yunxiao was only a six-stars martial Supreme, but he did not dare to stand in his way, so he could only hide in the void in humiliation.

How long had it been?

He had only managed to step into the three-star realm with the help of countless natural treasures. However, the other party had already crossed a major realm and was catching up to him.

If Yunxiao, a six-stars martial venerable in Red Moon City, was comparable to a four-stars Martial Emperor, then he, who was now a two-stars Martial Emperor, had a very strong combat strength.

Beiming Laifeng felt his hands and feet turn cold. It was as if something was stuck in his throat, and he couldn't make a sound.

Chapter 1039-ten steps back

A fierce gleam flickered in Yunxiao's eyes as he raised his hand and grabbed at the icicle. His entire hand turned golden, like an Iron Arm.

The four-star Martial Emperor was also shocked by Yunxiao's cultivation base, and he seemed to realize that the battle was not going to be simple. But, when he saw that Yunxiao was trying to take his ice true energy with his body, he was overjoyed and laughed wildly, "Haha, how arrogant! You're looking for death, no one can save you!"

The essence force in his hand increased a bit more, and the icicle condensed a few more rounds and flew down.

"Bang Bang Bang!"

A loud noise of friction rang out as Yunxiao's golden hand grabbed the tip of The Awl and stopped it from falling. A large amount of ice shards were sent flying in all directions, and the cold air that spread out was like a white mist that shrouded both of them.

"?! What?"

The four-star Martial Emperor's heart trembled. He was very clear about the power of this move. It was impossible to receive it without a ninth-tier profound weapon!

Could it be that his hand had already reached the strength of a ninth tier profound armament?

The cruel reality did not give him any time to think. The icicle's momentum was completely stopped, and it was clenched tightly in Yunxiao's hand.

“You’re so silly!”

what’s going on? ” he said in horror. But just as he spat out a word, he saw an unbelievable scene. The icicle was cut off with a bang!

He opened his mouth in horror, only to see Yunxiao suddenly disappear from where he was and teleport right in front of him, almost sticking to his body. Then, Yunxiao shoved the half-broken icicle into his huge mouth.

“Bang!”

The icicle exploded in the four-star Martial Emperor’s mouth, and his entire head exploded on the spot, turning him into a headless corpse. However, not a single drop of blood flowed out, and his body was completely frozen.

“?!”

Everyone’s heart turned cold. They could not believe what they had just seen. A four-star Martial Emperor had died just like that?

His companion was stunned for a moment before he immediately turned into a ray of light and fled. All his potential was unleashed at this moment, but he still regretted not practicing more escape techniques. He felt that he had escaped too slowly.

“Pipa!”

The sound of thunder and lightning came from the sky. The lightning streaked across the sky and caught up with the martial artist. His entire body turned into a green sea of lightning and passed through the martial artist.

“Pi pa Pi pa!”

“Ah! Ah!”

A deafening scream came from the green prison of Thunder. The Martial Emperor’s body trembled and his face twisted in extreme pain.

Yunxiao’s face appeared in the lightning. One of his hands materialized as he raised the hammer high and smashed it down at the Martial Emperor.

“BOOM!”

The sky trembled, and a flash of lightning bloomed above the martial sovereign’s head. His entire head was turned into a pile of minced meat. Not only was blood oozing out of his pores, but there were also all sorts of yellow and white things.

“Pi pa Pi pa!”

As the lightning disappeared, the two bodies fell from the sky one after another and fell into the ruins below with a “plop” sound. They became two of the countless bodies, and it was difficult to distinguish them.

Yunxiao appeared and stood quietly in the sky, his expression calm and composed, as if he had not made a move at all. His cold light swept across the void like water, looking at beiming Laifeng.

“?!”

It wasn’t just beiming Laifeng who sucked in a breath of cold air and retreated in shock. Even ruan Xiquan, Yan Shushu, and the others were scared out of their wits. They retreated continuously, and the entire beiming family’s formation retreated several hundred meters.

With his hands behind his back, Yunxiao raised his foot and took a step forward.

“?!”

The beiming family's formation was once again thrown into chaos, and they were forced to retreat a few dozen meters.

Yunxiao frowned. what? you retreat a hundred meters every time I take a step forward? when will you catch me and bring me back to red Moon City? ”

Ruan Xiquan and the others 'faces were all red, but they were even more frightened.

Beiming Laifeng hurriedly calmed himself down. Yunxiao's words were like a huge humiliation on his back, making him gnash his teeth. He was going to be the future Overlord of the world, and if he retreated now, he would lose all his face, and how could he lead the people in the future?

He gritted his teeth and said coldly, 'li Yunxiao, you're ruthless! How dare you kill my beiming Dark Palace's people! There will be no place for you in this world!"

come quickly, ” Yunxiao said with a faint smile. I don't want to have a place to stay. He took another step forward.

“Huala”

The group of people once again retreated, leaving only beiming Laifeng standing in front.

Beiming Laifeng's face was ashen, and his heart was filled with fear. However, he could not retreat at this moment, and two lines of cold sweat trickled down his temples.

Hmph, you're so arrogant and ruthless at such a young age. It seems that the red moon City was right to want you!

A cold voice suddenly came from the ninth-grade warship that had been hovering in the sky.

Then, frost fell and snow fell from the sky. The weather changed drastically.

Although the temperature had dropped, Beiming Laifeng still felt as if the sun was shining down on him. The chill in his heart was instantly dispelled, and he was on the verge of tears. He shouted, "Seventh uncle, please capture this person and get rid of evil for the world!"

Everyone's heart skipped a beat. Under their divine sense and eyes, they did not sense any movement at all. Then, they found a man standing in front of them, his white robe fluttering in the air, and he was facing Yunxiao.

Yunxiao looked at the expert in front of him, but he had no impression of him. He guessed that he was also a minion. Frowning, he said, "Beiming Dark Palace doesn't have anything else, but toads."

"Bastard! You actually dare to speak rudely!"

The white-robed man's face turned cold and he said angrily, "I originally wanted to give you a chance to die a quick death, but it seems that you don't need it anymore!"

"Oh?" Yunxiao said indifferently.

The white-robed man said coldly, "I could've put you to an end if you knelt down and admitted your mistake, but it's too late now. Please remember the name of the man who killed you, Beiming Ze! You can go to hell and cry to the King of Hell, haha!"

His face was full of mockery and ridicule, as if he felt that Yunxiao would be upset if he lost the opportunity.

Yunxiao's face darkened as he said with a frown, "Where do you idiots get such a sense of superiority? I just killed two people and you were so scared that you almost cried. Why are you suddenly so mighty? Does your Beiming Dark Palace look more impressive with more dead people?"

...

"Damn it!"

Beiming ze's face turned red with anger. He let out a furious roar and his aura exploded in the air. An unparalleled pressure rushed forward!

Everyone's heart trembled violently. Only a high-level martial Supreme would have such a strong pressure!

For a moment, everyone was in a different mood. Yan Shushu and the others were overjoyed, but they secretly scolded themselves for being too panicked and embarrassed just now. With the people of Beiming Dark Palace here and a ninth-grade battleship in the sky, what kind of waves could the other party cause?

"Hmph, a seven-stars Martial Emperor? He's not strong enough."

Yunxiao's eyes turned cold as he turned his palm into a sword and slashed down.

"BOOM!"

The unparalleled pressure was directly slashed apart, and the space in front of him twisted and swayed.

"I'm going to use a hook to hook your tongue out!"

Beiming ze was so angry that smoke was coming out of his seven orifices. With a loud roar, he turned into a white light and pounced into the air. He made a seal with his hand and slapped it out first.

A wave of dazzling light rippled in the air, as if a mountain of ten thousand feet had fallen from the nine Heavens. A vast and majestic power spread out, shocking everyone.

...

is this the power of a high-level Martial Emperor? "

Everyone felt a sense of shock and yearning in their hearts, but most of them had different expressions on their faces-worry and joy.

Liao yangbing's eyes were also filled with worry. Although Yunxiao had killed a six-stars Martial Emperor with one strike, that was all he had, and it took him a long time to recover.

Yunxiao did not back down in the face of the power of the move. He simply stretched out a finger and pointed it out in the air.

"What? He actually wanted to fight me with just one finger!???,?????!"

Beiming ze's eyes were burning with anger, and his internal organs were already injured.

"Bang!"

The finger radiance streaked across the sky like a shooting star, like a stone falling into the water.

Beiming ze's seal was immediately stopped, and a powerful water ripple spread out in the air, unable to land.

"What?"

Beiming ze's eyes almost popped out of their sockets. Even a six-star Martial Emperor would be seriously injured by this move, let alone a two-star Martial Emperor.

"Damn it!"

He finally understood that Yunxiao's strength could not be estimated with common sense. He turned in the air and changed his hand seals at an extremely slow speed, but each seal caused a strange phenomenon in the world, as if it was matching with his moves.

“This is a Kasaya.”

Beiming Laifeng’s eyes were filled with fear as he muttered to himself, three moves from beyond the heavens? is Yunxiao so powerful that he has to use such a move? ”

In his fear, his eyes shone with a strong killing intent. He had never wanted to kill Yunxiao as much as he did now!

From the side, Yan Shu Shu observed beiming Lai Feng’s expression and hurriedly smiled, trying to please him, Lord Lai Feng, don’t worry. That li Yunxiao is just a Grasshopper after autumn, and he can’t jump more than a few times.

Beiming Laifeng’s face turned cold as he said, “Get lost!”

Although he wanted to kill Yunxiao very much, he also respected his peerless talent and powerful strength. Looking at Yan Shushu’s despicable appearance, he felt nauseated.

Yan Shushu’s smile froze on his face. He was extremely embarrassed. A trace of anger flashed through his eyes. Fortunately, everyone’s attention was on the battle, and not many people saw him embarrass himself.

Yunxiao’s face flickered as well, as if he had sensed the pressure of the move. He hurriedly retracted his finger, transformed into a Thunderbolt, and began to condense a Thunder Ball.

Beiming Dark Palace’s ice magic had to absorb the cold Qi from the extraterrestrial dark stone. It was said that this stone was formed by the extreme Yin and cold in the world. It was not an item of this world, but it somehow fell into the human world and was obtained by the beiming family’s ancestors, who created a magic.

Not only that, ever since the Outworld dark stone was discovered, three extremely powerful techniques had been imprinted on it. The techniques were nameless and were honored as the “Outworld three techniques.”

One was to indicate the origin of this move, and the other was to indicate that this move was extremely powerful and could only be obtained from beyond the heavens.

Chapter 1040-my life is limited

Yunxiao naturally recognized the move, and his expression changed drastically. He hurriedly performed an incantation gesture with one hand and circulated his energy to the extreme, turning the entire sky into a sea of Thunder and making rumbling sounds.

His real body appeared in the sea of Thunder. His left hand formed a seal and his right hand held the Thunder Ball. A demonic shadow appeared behind him and stood up in the air, exuding a profound intent as he looked forward.

“What, What is this?”

Everyone was stunned for a moment. Beiming Laifeng’s heart was filled with shock as he exclaimed, “Giant spirit god art!”

Beiming ze’s eyes turned cold as he said, “Boy, you’re indeed a rare genius, but it’s a pity that you shouldn’t be so arrogant!”

A strange silver symbol appeared on the seal in his hand. The moment it appeared, the world changed. A gust of wind swept away the clouds and a dark mass surged over.

“Three moves from beyond the heavens,” I have a limit “!”

Beiming ze’s expression turned solemn and respectful at this moment. A hand seal enlarged in front of him, and a vortex of Nebula appeared in his palm, shining with the sky and slowly pressing down.

His face also turned pale, as if it was extremely difficult for him to use this divine ability.

When the Ren family head of being Dark Palace who obtained the Outworld dark stone studied the divine power in the dark stone, he sighed and said, "My life has a limit, but the Dao has no limit."

Therefore, the first of the three moves from beyond the heavens was named 'my life is limited'. It was also a rule that only clansmen with high-level martial Supreme cultivation could learn this move.

This was also being ze's first time using it. He immediately felt all the elemental energy in his body being sucked into his palm. He was on the verge of collapsing.

He was overwhelmed with shock. He finally understood why his ancestor had set an Iron Order that only a high-level martial Supreme could cultivate it. This move had an extremely high requirement on one's realm. Without a high-level martial Supreme's cultivation base, even if one were to perform it, he was afraid that he would be drawn into it on the spot and unable to extricate himself.

There seemed to be a ray of spiritual light gathering in the vortex in the sky. It was like a star was shining inside, lighting up the dark World.

"Boom boom boom!"

A dull sound came from under the sky. Amidst the swirling clouds of stars, Yunxiao's sea of Thunder and hell of lightning began to gradually collapse, turning into earthworms and crawling away.

"Bang!"

The ball of Thunder in Yunxiao's hand exploded, filling the sky with Thunderbolts. He looked up in shock and saw the Nebula pressing down.

"Pa!"

He immediately put his hands together and a golden light spread out.

The true fiend Dharma idol behind him also closed its hands at the same time, and circles of black light circulated around its palms before suddenly blasting out in unison.

A huge black light, like a meteor, struck into the nebula and created a huge storm. However, it could not stop the vortex from falling.

“Pa!”

The true fiend Dharma idol’s two arms smacked directly onto the vortex, blocking that indescribable power of heaven and earth.

“What!”

The faces of the people from the beiming family changed as they looked on in fear.

The true fiend Dharma idol continued to collapse under the vortex of nebulas, and the demonic Qi on its body became weaker and weaker. Even so, it still gave them a shock that they could not hide. This move was basically invincible among those of the same rank, and it was not something that a two-star Martial Emperor’s giant spirit divine ability could withstand.

As the giant true devil was suppressed, Yunxiao’s body suddenly tightened, as if he was bearing an infinite force and carrying a mountain on his back.

He roared in anger, and rays of golden light burst out of his body, transforming into three heads and six arms. Each hand held a weapon, and one of his hands made a hand seal to guide the eleven Northern heaven cold star swords. They took the shape of swords and pierced through the air.

The sword ray cut into the nebula, but it was like a stone sinking into the sea, only causing a ripple.

Yunxiao’s face turned cold as he changed the incantation gesture in his hand. A sword talisman suddenly burst out in the air, growing larger and larger. Eleven swords lined up in an array, and the terrifying sword Qi grew stronger and stronger. Under the Nebula vortex, the swords kept humming and trembling under the pressure.

“Your sister!”

damn it! Yunxiao cursed angrily. The heavenly Sword chart, which had gathered eleven swords, could not withstand the falling style and gradually collapsed. Gritting his teeth, he raised the sunset Cloud Mirror and shone the mirror light at the man.

The Starlight and the mirror light collided, causing a ripple to appear on the sunset Cloud Mirror, and it let out a buzzing sound.

Yunxiao gritted his teeth and unleashed the sword force on the cold sword. Ancient Maha characters flickered out one after another, and an extreme cold air surrounded the sword, causing ice flowers to bloom.

In front of the people from Beiming Dark Palace, he didn't dare to use his sword techniques. However, with his unparalleled sword intent, any technique he used could pluck the stars and chase the moon.

“Green Lotus Sword Song, swish ~”

He raised his sword, and an ocean of ice spread out in the sky. The cold air was like fog and smoke. Although it was cold, it was refreshing and gave people a sense of calmness.

The coldness of the frosty sword was even above the darknorth Qi. However, the former was purely cold, cold to the extreme beauty, while the latter was extremely cold with extreme Yin, so cold that it made people tremble in fear.

Ice flowers bloomed in the sky, as if the ice spirits of the snow country were dancing.

Yunxiao looked up into the sky and said, “A Hundred Flowers bloom!”

The ice flowers that filled the sky suddenly became sharp. The icy world of snow suddenly dissolved and condensed into an unparalleled ice sword essence. It rose into the sky and slashed into the nebula!

“BOOM!”

The sea of starlight and clouds trembled, and the power of the vortex stopped. The entire sky collapsed.

“BOOM!”

A strong blue light burst out of the Nebula and split the vortex in half!

“BOOM! BOOM!”

Powerful explosions rang out one after another, as if a world had been destroyed. The entire sky was split into two, and the powerful impact spread out in all directions.

“BOOM!”

Both Yunxiao and Beiming ze were swept up by the aftershock and pulled into the crack in the sky.

Even the ninth-grade battleship floating in the sky was affected by the impact. It rippled in the sky and was pushed back by the waves of power.

Beiming ze was completely stunned when he saw the crack in the sky. He only came to his senses when he was sucked into the crack. He hurriedly used his essence force to protect his body and tried to break the world with a punch, trying to rush out.

“BOOM!”

...

However, his punch seemed to have hit an iron plate, and it was all jolted back. The sound of bones cracking came from one of his arms, and a part of it was actually shattered.

“?! What?”

Beiming ze suddenly gasped. To his horror, he found that beams of golden light were gradually emerging in front of the fist beam, and Yunxiao’s shadow was slowly condensing.

The two of them stood in the dark crack, facing each other coldly.

Beiming ze was shocked and said angrily, “Hurry up and get out of the way. If the crack closes, you and I will both be finished!”

A cold look flashed across Yunxiao’s face as he said sarcastically, “It’s just a crack in the sky, why would beiming buggy be afraid of it?”

“You know nothing!” Beiming ze roared. If the sky closes and we can’t find the correct coordinates, we might be lost in the void forever, never to return.”

in that case,” Yunxiao said lazily, “I’ll have to hurry up and kill you.

“Ha, impudent! You’re actually afraid?”

Beiming ze roared in anger, finding it extremely comical. Even though it was impossible to break his “my life is over,” he never thought that his opponent would have the courage to kill him. He never had such a thought.

But as soon as he spoke, he immediately stopped.

...

The cold sword once again exploded with cold air, turning into balls of blue light in the dark cracks. Boundless sword intent rippled out from the sword, even more than the previous sword.

Beiming ze's heart trembled and he said in fear, " you ... You actually held back in that sword attack just now?!"

This time, not only was his mind in a daze, but an inexplicable fear also spread in his heart. Although the power on the sword was not as strong as before, the strength of the sword intent was something he had never seen in his life!

"You're so silly!"

Beiming ze was so shocked that he barely managed to spit out a word before he saw a pair of eyes as red as the moon, which were extremely demonic and bright.

After that, he felt a pain in his spiritual ocean and was momentarily dazed. He was stunned to see the appearance of the person in front of him change. The delicate and tender face turned into a handsome face with sharp edges. He seemed to have met him before.

"Argh! You, you're Yingluo."

Beiming ze instantly recognized the face, and an explosive pain exploded in his head. He clutched his head with both hands and wailed. But what made him tremble even more was the man's face, which he would never forget once he saw it.

His courage and confidence suddenly collapsed at this moment. He no longer had the will to fight, and only wanted to escape from this place.

His body trembled like a sieve. He held his head and looked around, only to see a pair of huge blood-red eyes hanging high in the dark night, looking at him coldly.

"It's him, it's him, it's really him!"

Beiming zeyan roared with all his might, but no one could hear him. The great fear had crushed his confidence and will, and finally his martial intent.

The frightened face suddenly turned dull, and then he laughed foolishly. He laughed louder and louder and said, "Haha, haha, it's him, it's actually him, he's actually not dead yet, ha, hahahaha!"

The Blood Moon in the darkness gradually closed.

There was a hint of disdain on Yunxiao's face. Just the image of his former face in the other party's mind had scared him silly. If he had known this, he would not have had to fight so hard.

He raised his sword and slashed down. A blue sword light cut the crazed beiming swamp in half.

Outside the crack, everyone was looking at it in horror, holding their breath.

Suddenly, a sword ray shot out from the crack. It was not very strong, but it cut a new hole in the sky.

After that, Yunxiao's figure slowly emerged. He took a step forward and appeared in front of everyone.

"?! What was going on? Why is he the one who came out?"

Everyone was extremely shocked. The people around beiming Laifeng were so scared that they kept retreating. A bad feeling was spreading in their hearts.

Although it was hard to believe that Yunxiao had defeated beiming ze, the scene in front of them was an iron-clad fact.

They were all nervously looking at the crack, waiting for the other person to come out. However, the sky that was slowly gathering was constantly breaking their mental defenses.

In the end, the crack in the sky closed on its own, and the figure that they had been waiting for did not appear.
