

The Eternal 1051

Chapter 1051-choice

“The acceleration formation has been destroyed by more than half,” the disciple said hurriedly, “and the flight power is less than a third of what it used to be, and it’s still weakening.”

Beiming Laifeng was greatly alarmed. After blasting a member of the sea tribe into pieces, he immediately rushed in front of the disciple and shouted, “What do you mean? We can’t escape the black hole’s attraction?”

Cold sweat appeared on the disciple’s forehead as he said awkwardly, “That’s right.”

Beiming Laifeng’s aura exploded forth, and the disciple was knocked back several meters. He spat out a mouthful of blood and knelt down. He was practically roaring, “Dammit! Should have died long ago? You’re telling me this now?”

The battleship continued to move toward the black hole, and its speed was gradually increasing. It was almost irreversible.

“What do we do?”

Beiming kangtian was still fighting with Fei Ming in the distance. The two of them couldn’t even be seen with their eyes, so it was impossible for them to care about this place.

In his panic, he looked at Yunxiao, who was standing not far away with a calm face, and said in a hurry, “Young master Yun, what should we do now?”

Yunxiao gave him a look and said with a faint smile, “you’re just being sucked into a black hole. You’re standing on a ninth-grade battleship, evil Phoenix!

Beiming Laifeng paused for a moment. It was only then that he understood what Yunxiao meant, and his panicked mood calmed down a lot.

Ninth-grade battleships could jump through space. Even if they were in a black hole, as long as they could capture the coordinates of a certain place in the realm of heavenly martial arts, they could rush out at any time. However, these were only the best-case scenarios. In the void of the black hole, there was a large amount of chaotic force, and if one was not careful, the battleship could be destroyed and people could die.

“What?”

In the distance, Yun Xiang, who was constantly regulating his breathing and healing his physical body, also suddenly realized that something was wrong. The black hole formed by the huge-faced beast was expanding at an increasing speed, and it covered the entire world in an instant. The atavism phenomenon on his body was also rapidly fading.

“Bang!”

A huge tremor came, and Fei Ming was sent flying by darknorth kangtian’s saber. He was shocked to see the changes in his body and gradually restored his cold face. The violence and fighting will in his blood also gradually calmed down. He stood still with his sword in hand.

Killing intent and anger intertwined in darknorth kangtian’s eyes. At this moment, feiming had recovered his initial eight-star strength, so it would be much easier for him to kill his opponent. However, the huge black hole had expanded so much that it covered the sky and the sun, turning the whole world into darkness. Darknorth kangtian flew worriedly toward the battleship.

“Bang! Bang! Bang! Bang!”

A series of blood-curdling screeches and body explosions came from the battleship. After darknorth kangtian entered the black hole, he killed all the remaining members of the sea tribe in a few breaths. His body exuded an extremely strong murderous aura as he stared at the unknown world inside the black hole.

“Swish!”

RUO Xiang's figure flashed and he came to Fei Ming's side. He said, "In your current state, what's the result of fighting against that human?"

"The chance of winning is less than 30%, but it's hard for him to kill me," said Feiming after some thought.

RUO Xiang's eyes turned cold and he said, "alright!" You come with me!"

Fei Ming was stunned for a moment and said, "I'm sorry, Your Highness Xiang. I'm here for a mission."

RUO Xiang directly threw the sea calming token at his head and said coldly, "Is your master's order greater than the Lord of the eastern sea's?"

Feiming raised his hand and grabbed the sea quelling token in his hand. He looked hesitant.

Hmph! Ru Xiang snorted coldly. don't forget that even if your master were to stand in front of me, he would still have to accept the sea calming token's orders, let alone you!

Fei Ming's body trembled. He threw the sea quelling token back and said, " "Alright, I'll go with His Highness Xiang."

RUO Xiang was overjoyed and said, " I admire you very much. You're different from those useless royal families in the eastern sea. After this, follow me back to the northern Sea. I'll give you a wider sky!

Fei Ming's expression changed and he said seriously, "I owe the mistress a great debt of gratitude. It's better for Your Highness not to say such things." &Nbsp;

RUO Xiang nodded lightly, and the two of them immediately turned into a ray of light and chased after the battleship.

In the distance, Guang Yi glared at the two of them, his body trembling with anger. A boundless hatred was spreading in his heart.

The useless royal family that RUO Xiang had mentioned just now was definitely referring to him. That damn runxiang, that damn slave! You two can't be killed by humans, I'm going to tear you into pieces with my own hands!"

RUO Xiang and feiming turned into two beams of light and charged into the grade 9 warship. They then entered the endless black hole and disappeared from Guang Yi's eyes.

The black hole grew larger and larger, as if it was endless. After devouring everything around it, even the sea water was sucked up and kept pouring in.

Many strange marine creatures appeared in the sea under the black hole for no reason. All of a sudden, they scattered like birds and beasts and began to escape into the deep sea.

Many of these creatures had eaten RUO Xiang's dragon blood, and their bodies had begun to mutate. Each and every one of them was abnormally fierce.

Guang Yi looked at the black hole quietly, his thoughts unknown. It was only when the black hole's power affected him and grew stronger that he flew away in horror.

The ocean was like a huge reverse waterfall, continuously pouring into the black hole. It lasted for three days and three nights before the black hole expanded to its maximum. Then, it slowly collapsed and became smaller. After another three days and three nights, it completely disappeared.

In these six days, many experts were sent from lie Guang city to investigate, but they were all shocked by the vastness of the black hole. All kinds of information were sent back to red Moon City.

Meanwhile, the sea tribe had lost all traces of their presence along the coast. The stronghold in whiterush city had been completely abandoned by the two tribes, and the battle lines had expanded to both sides. All the experts along the coast had gathered at Guangcheng's location.

The two tribes "focus had also gathered in the sky towering city. As Guangcheng's side summoned the five deep-sea Giant beasts, the war suddenly rose to an unprecedented degree. The entire sky towering

city had almost become a meat grinder. A large number of experts were transported over, and they were directly turned into cannon fodder.

That would happen six days later, and it would not affect Yunxiao at all.

At this moment, they were on the ninth-grade battleship and were sucked into the black hole. The moment they stepped in, two rays of light descended from the sky. They looked at each other with unfriendly eyes, and all the surviving powerhouses of the human race were shocked and alarmed.

Darknorth kangtian was furious. He gritted his teeth and said, "Dammit! They really think we're sick cats!"

RUO Xiang stared at him coldly. If it wasn't for Fei Ming's miraculous appearance, he would have already lost his life at this person's hands. Hmph, whether I'm a sick cat or not, time will tell. If we attack now, we don't have to fear. If this ship is destroyed, how many people can escape from this black hole?"

Everyone's expression changed drastically. At this moment, the battleship had been sucked into the black hole, and outside was an endless starry sky filled with all kinds of violent energy currents. Even darknorth kangtian wasn't sure if he could escape from this place.

The few defensive formations on the battleship were activated one after another. A total of seven layers of light wrapped around the entire battleship, and it slowly floated in the dark space, moving forward.

brother runxiang, do you mean you want to negotiate with us?" Yunxiao laughed.

RUO Xiang's face flickered as he stared at Yunxiao with a fierce gleam in his eyes. The main reason he had come here was to kill Yunxiao.

"It's not wrong to say that we're talking about conditions," runxiang said coldly.

Yunxiao said indifferently, "Oh? Then we're all ears."

“Since you’re from beiming Dark Palace and you didn’t enter the eastern sea battle line, there’s no such thing as hostility between us,” run Xiang said coldly. Besides, I’m also from the North Sea. The East Sea has nothing to do with me, so I don’t mind letting you in.”

His words stunned everyone. Beside him, Fei Ming frowned, feeling that this was extremely inappropriate. However, the other party had the sea calming token in his hands, so he couldn’t say anything.

...

“We’ve been fighting for so long, and both sides have suffered heavy losses! And now you’re telling us that we can turn from enemies to friends?”

“It’s not turning enemies into friends, but there’s no fundamental conflict of interest, so there’s a basis for negotiation.” As long as you can fulfill my conditions, it’s not impossible to turn enemies into friends.”

Darknorth kangtian snorted angrily and said, “what big words!” Do we have to beg you? Tell me your request.”

“Simple!” Run Xiang said word by word. He raised his hand and pointed at Yunxiao as he said, “ If you kill li Yunxiao, I, runxiang of the North Sea, will become friends with your beiming Dark Palace!

“What?”

This time, everyone was stunned. They didn’t expect this condition.

The anger on beiming Laifeng’s face disappeared in an instant, and he fell into deep thought, his eyes flashing with a cold light. He wanted to kill Yunxiao more than anyone else, so he asked suspiciously, “Oh? It’s that simple?”

“It’s that simple!” Runxiang said.

Beiming Laifeng turned around and glanced at beiming kangtian, asking for his opinion.

Darknorth kangtian, on the other hand, turned his eyes to Yunxiao and said, " young master Yunxiao, you really have a lot of enemies, and they're all not ordinary people.

if he's just an ordinary person, " Yunxiao said with a faint smile, " what right do you have to be my enemy? "

...

"Hmph!"

so you're the one who brought this trouble, " said beiming kangtian with a cold snort. our beiming Dark Palace has never had any conflicts of interest with the East Ocean or the North ocean. I was wondering why we were surrounded and killed today.

With just one word, he had put all the blame on Yunxiao.

Liao Yang Bing, Jing Yong ye, and the others "faces changed slightly. The situation had suddenly become grim.

Yunxiao remained impassive as he chuckled and said, " "Elder Kang Tian is indeed broad-minded. Is this the sign that you want to join forces with the sea Race to kill me? Tsk, tsk, there are so many brothers "corpses on the battleship, and beiming Dark Palace and the sea tribe have become good friends?"

Darknorth kangtian's face twitched as he snorted, " "Young master Yunxiao, there's no need to provoke me with words. We're all adults here, and we won't be fooled by a few words. Right now, beiming Dark Palace has a choice in front of them, and so do you."

Yunxiao smiled and gave a soft 'Oh', looking like he wanted to ask.

you should know what I want, " darknorth kangtian said. if you can agree to it, we'll kill these two members of the sea clan for you. If you can't agree, then you'll have to deal with the trouble you've caused yourself."

Chapter 1052-decision

The rest of the people looked curious. They wanted to know what the elder of the beiming family wanted from Yunxiao.

Both beiming Laifeng and run Xiang were staring at Yunxiao, fearing that he would agree. The best result would be to isolate and kill him.

These two, who had just been life-and-death enemies, now had the same goal.

Yunxiao thought for a moment, then smiled and said, " I can give that thing to elder Kang Tian, but I really can't agree to join beiming Dark Palace."

"What?"

Everyone was taken aback. So, one of the things that darknorth kangtian was asking for was to let Yunxiao join the darknorth Dark Palace?

Everyone had different expressions on their faces. Most of them were envious, jealous, and hateful. They hated this kid for not cherishing it!

But, many people knew that Yunxiao had even refused master Luo Tian's invitation, so it was not strange that he had refused beiming Dark Palace's invitation.

Darknorth kangtian was overjoyed. As long as Yunxiao handed over the tyrant body tempering technique, it did not matter even if he did not join the beiming Dark Palace. He could just kill him."Good! Give me that thing and I'll block these two for you!"

Both RUO Xiang and beiming Laifeng's expressions changed drastically. Beiming Laifeng couldn't understand what it was that made elder Kang Tian value it so much that he was even willing to fight to the death with the sea Race!

But with beiming kangtian's status, even he, the next patriarch, had no right to interfere.

elder Kang Tian, you must be joking, " Yunxiao said with a smile. what if I take out the thing first, and you don't admit it? "

"With my status, do you think I can lie to you?" darknorth kangtian said angrily.

it's hard to say, " Yunxiao said leisurely. how about this? I'll give you half of the thing first, and when I'm sure these two are harmless to me, I'll give you the other half. How about it? "

Darknorth kangtian looked embarrassed. He did want to find an opportunity to kill Yunxiao after he got the cultivation technique, but now, he would really be able to protect him until the end.

Beiming Laifeng couldn't help but say, " elder Kang Tian, not only is li Yunxiao a great danger, but he also brings endless trouble. He has also killed Lord beiming ze. He deserves to die!

"Not bad! Li Yunxiao is still a wanted criminal of our Red Moon City, and his death is not to be regretted!"

Ruan Xiquan also stood up and said loudly, his eyes filled with killing intent.

When beiming Laifeng saw that beiming kangtian was hesitating, he immediately said, "Elder Kang Tian, Li Yun Qianqian."

"All of you, shut up!"

shut up! darknorth kangtian shouted angrily. Immediately, everyone quieted down. Run Xiang's eyes flashed with a cold light as he looked at him coldly.

Ignoring the crowd, darknorth kangtian turned to Yunxiao and said, " "Let me see the other half first, then I'll make a decision."

Yunxiao nodded, then took out a blank Jade slip and placed it on his forehead, imprinting most of what he knew about the tyrant body tempering technique into it and interrupting it at the most critical part. After that, he threw it to darknorth kangtian.

Only now did everyone know that what darknorth kangtian was looking for was some kind of recorded information, and they were all extremely curious.

"Pa!"

When the Jade slip fell into darknorth kangtian's hand, he clutched it so tightly that his entire arm trembled. He was so excited that he hurriedly scanned it with his divine sense.

After a long time, he slowly put down the Jade slip and took a deep breath. His expression changed slightly as if he was thinking about something.

Everyone was silent, waiting for his decision.

The battleship was still moving forward in the dark space. The ninth-grade battleship had a very strong auxiliary function, which could constantly explore the weak space nodes around them. Once they found them, they could directly break the space and return to the heavenly martial realm.

"That's right, it's indeed that thing!"

After a long while, darknorth kangtian finally said this. With a complicated expression on his face, he put the Jade slip into his storage ring and slowly said, Li Yunxiao is a friend of beiming Dark Palace. No one is allowed to touch him with beiming Dark Palace here!

"?!"

Everyone sucked in a breath of cold air and hurriedly dispersed from the side of RUO Xiang and Fei Ming, all on guard.

Darknorth kangtian's decision was no different from declaring war on the two of them.

Beiming Laifeng felt extremely dejected. He had no idea what it was that could move elder Kang Tian so much, and his face was filled with desolation.

"Has beiming Dark Palace really decided?" runxiang asked coldly.

Yunxiao, on the other hand, had a smile on his face, and a cold gleam flashed in his eyes.

This result was completely within his expectations. He had given the pure tyrant body tempering technique, and no one in the world could resist the temptation of this cultivation technique.

However, his things were not so easy to take. After this trip to the East Sea, he would spread the news that beiming Dark Palace had obtained the tyrant body tempering technique. At that time, he would see how beiming Dark Palace would deal with it. Moreover, the body refinement technique he obtained was not the complete technique, so he might be able to draw out the whole book from it.

How could darknorth kangtian know Yunxiao's plan? he was still immersed in the memories and desire of the cultivation technique."Of course!"

RUO Xiang's face turned cold as he stared at Yunxiao with an unwilling look, his eyes full of killing intent.

brother runxiang, " Yunxiao said with a smile, " we are all young people. Why do we have to fight and kill each other? " Let's sit down and discuss how to get out of this predicament."

li Yunxiao, " RUO Xiang sneered, " you really have a cheap mouth. Even if beiming Dark Palace protects you, I'll never let you walk out of the east Sea.

Yunxiao laughed. that's for later. You're not fully recovered yet, and the expert next to you is no match for elder Kang Tian. How can he kill me? " Besides, you don't want to die in this endless black hole, do you?"

RUO Xiang hesitated. He still had two drops of myriad year spirit milk that he had exchanged with Guang Yi, which could instantly recover his injuries and strength. As long as feiming could keep beiming kangtian busy for ten minutes, he was confident that he could kill everyone else on the battleship!

Although time reversal was no longer here, he had perfectly fused the five dragon artifacts, and he believed that killing Yunxiao would not be a problem at all.

What he was worried about now was the black hole space. If they were to make a move now and destroy the ninth-grade warship, he was not confident that he could get out of here alive.

"Alright, I'll delay your life for a moment!"

After run Xiang finished speaking, he directly sat in the air on the battleship and actually closed his eyes to adjust his breathing.

If he could use this time to fully recover, he wouldn't need to use the myriad year spirit milk.

Fei Ming's pupils contracted, and he couldn't help but admire run Xiang's courage. He also stood quietly at the side to protect him, and at the same time, he also adjusted his breathing.

The human warriors on the battleship looked at each other, not knowing what to do.

"Keep an eye on the two of them and search for the exit of the black hole with all your might!"
Darknorth kangtian said coldly.

...

Beiming Laifeng sighed. Knowing that beiming kangtian was protecting Yunxiao, he immediately wiped out the thought of killing the latter.

The rest of the people also took this opportunity to rest. Beiming Dark Palace did not hold back and ordered their disciples to take out a large number of pills and natural treasures for everyone to enjoy. Only then did everyone smile, and the shadow of the previous fierce battle was swept away.

The battleship advanced slowly in the black hole space. The array Masters on the battleship carefully examined the weak nodes while repairing the previously damaged array.

Apart from the busy array Masters, the rest of the people were dead silent, each of them meditating.

Darknorth kangtian, on the other hand, was sitting in the air with his eyes open. He couldn't calm down at this moment, and he kept recalling and exploring the cultivation technique of the tyrant body tempering technique. He couldn't help but make all kinds of strange and ugly postures, imitating the cultivation technique.

It was impossible to sense the existence of time in the black hole space. The warship moved forward slowly just like that. There were several times when it was hit by all kinds of flowing energy. There was even one time when all the defenses were directly destroyed. The explosion blasted a huge hole in the deck of the warship, shocking everyone.

Fortunately, the journey was more dangerous than dangerous. As the arrays on the battleship were constantly repaired, the safety factor was also getting higher and higher.

After an unknown period of time, a disciple ran up in a hurry and said, " Lord Lai Feng, we've already discovered a grade six spatial node. Do you want to try to break through the space and leave? "

"Level 6?"

Beiming Laifeng frowned,"How many vitality stones are left on the warship?"

“There’s not much left,” the disciple said. “If we break through the grade six spatial node, we can travel another 200000 miles without using any large-scale formations.”

...

Beiming Laifeng’s expression immediately turned ugly. Putting aside the risk of facing the exotic beasts in the sea, even if the journey was safe and sound, two hundred thousand li on the ocean was almost the same as never leaving.

Darknorth kangtian cast his gaze over and said, “ continue to investigate. Report back when you find anyone below level four.

“Yes!”

The disciple accepted the order and retreated.

Space nodes were usually divided into nine levels according to their strength. Level nine was the strongest node, and it was basically impossible to break. Furthermore, the energy required to break through the spatial nodes was also increasing exponentially. The amount of energy required for each level was frighteningly high.

Not far away, Yun Xiang suddenly opened his eyes, and a cold light flashed.

At the same time, almost all the cultivators felt it and came out of their meditation in horror, each of them extremely vigilant.

“Hmph!”

RUO Xiang snorted in disdain and closed his eyes again, as if nothing had happened.

Everyone’s eyes were filled with anger, and their chests felt tight.

Darknorth kangtian glanced at run Xiang and Fei Ming, then ignored them and continued to study the half of the tyrant body tempering technique.

At that moment, Yunxiao suddenly frowned, and a strange look appeared on his face.

He made a hand seal with one hand and entered a meditative state. A soul appeared in the sky above the divine realm tablet.

Below him was Mount innerheart, and a series of energy fluctuations rippled from it. The shape of the entire mountain peak was fluctuating under the energy, twisting and distorting from time to time.

Gu Yuesheng also noticed Yunxiao's arrival. He hurriedly flew up into the air and saluted, "Lord Yunxiao, my master ... He ..."

Yunxiao made a shushing gesture and turned his eyes to Mount inch, a look of surprise on his face.

Chapter 1053

1053 Large success of soul body

He should have been able to sense all the abnormalities in the divine realm tablet, but at this moment, the strange force that was exuding from Mount inch had isolated his perception and he could not detect the situation inside.

The ripples from the mountain were extremely powerful spiritual power, like the vast universe, shocking people's hearts.

The surprise on Yunxiao's face grew stronger and stronger. This surging spiritual power was by no means as simple as an ordinary ninth-tier one. At the very least, it was above his current soul power.

Gu Yuesheng was also very nervous, afraid that something would happen. After all, Yuan gaohan was only a spirit at the moment and did not have a real body. If something went wrong, he was afraid that he would disappear.

All of a sudden, Mount Innerheart shot out ten thousand rays of golden light, causing the entire mountain peak to become resplendent. At the same time, the sky was filled with multicolored light, as if a treasure had been born.

Yunxiao closed his eyes slightly and felt the power of the golden light falling on his body. It gave him a warm feeling, and even his soul power was nourished.

After a while, the light gradually dissipated, and the multicolored light that filled the sky seemed to be sucked into the mountain. The space also became more solid, and everything returned to normal.

Yunxiao opened his eyes and looked quietly at the mountain. His eyes flickered as he said, "congratulations, brother Gao Han. You have a bright future ahead of you."

A stream of purple mist rose up from Mount Innerheart and slowly rose into the sky before finally materializing in front of Yunxiao. It was Yuan Gaohan, and his demeanor and temperament had changed greatly.

"Master!"

Gu Yueheng was overjoyed and quickly went forward to bow.

Yuan Gaohan gave him a look and nodded with a smile, then cupped his hands at Yunxiao and said, "It's all thanks to young master Yun's help that I was able to achieve the initial success of my cultivation technique."

Yunxiao smiled. Brother Gao Han, you are too humble. Your second soul can reach the ninth tier. As long as it fuses with your body, I'm afraid that you will be the most respected Alchemist in the entire heavenly martial realm.

Young master Yun, you're making fun of me," Yuan Gaohan said. The world is so big that it can't be contained. I'll be satisfied if I can rank in the top ten under this sky after my two souls merge.

Yunxiao did not comment. brother Gao Han's humble and cautious attitude really makes me blush with shame," he said with a smile. now that you have stepped into level nine, what are your plans? "

Yuan gaohan's expression changed slightly and he fell silent.

Gu Yuesheng's heart skipped a beat. He immediately felt the unusual atmosphere between the two of them. He was nervous.

Yuan gaohan said slowly, " I've received all kinds of resources and help from young master Yun in the divine realm tablet, especially the tenth-level Phoenix divine fire and the refinement of the northern heaven cold star sword, which have allowed my cultivation to progress at a rapid pace. But now, I've entered the ninth-level, which is the highest realm of the Starlight soul body. It's difficult for me to make any further progress.

I understand, brother Gao Han. Yunxiao nodded. I understand what you mean.

Yuan gaohan's expression changed slightly as he cupped his hands, I hope young master Yun can let me leave. After I merge my two souls, you and I will be friends, not enemies.

He also understood Yunxiao's concern, so he promised, " not only that, I will never reveal anything about the divine realm tablet.

Yunxiao pondered for a moment and said, " I've been indebted to brother Gao Han for his help all this time. However, I'm now on the East Sea, and letting brother Gao Han leave is no different from harming me. I'll definitely send you off when I return to the heavenly martial continent.

! Thank you! young master Yun!"Yuan gaohan was overjoyed.

you're welcome," Yunxiao said with a smile. you and I have been good friends for many years. This is what I should do. There's still more than half of the northern heaven frigid Star Iron left. Since brother Gao Han's cultivation can't increase any further, why don't you use this time to help me refine it?"

Yuan gaohan's face twitched as a hint of resentment flashed across his eyes, forcing a smile as he said, "Alright, I'm free anyway. However, if I leave, I hope I can take Yuesheng with me."

"Of course," Yunxiao said.

The two of them had reached an agreement with just a few words. It was rare that they did not lose face and everything was within the acceptable range.

After Yuan gaohan and Gu Yuesheng returned to Mount inch, Yunxiao stood alone in the sky, staring at them quietly with his eyebrows raised and his mind filled with uncertainty.

A stream of soul power seeped out from his body and directly transformed into the form of a demonic Dragon in front of him. It looked at him and said, "You really plan to let Yuan gaohan go?"

Yunxiao nodded quietly.

"The Gu Feiyang I know has always been a meticulous person. He shouldn't have taken such a risk." The demonic Dragon frowned and said in confusion. With your current rate of improvement, you'll definitely be able to return to the peak of your previous life in ten years. Why are you in such a hurry?"

Yunxiao sighed and said, "I'm afraid this is no longer up to me. When Yuan gaohan advanced to the ninth-tier just now, I already felt that something was wrong. His soul power is so strong that it gives me a sense of oppression. It can even isolate my divine sense inside the divine realm tablet. If I'm not wrong, Yuan gaohan has already made contact with his main body."

"What?"

"Then you're in danger?" the demonic Dragon asked in shock.

it's not dangerous," Yunxiao said. if they really communicate with each other, then Yuan gaohan's attitude at this moment is the attitude of his real body. Moreover, this soul is still in my hands, so his main body won't do anything out of line."

“I see,” the demon Dragon said in a deep voice, “you really have no choice but to let him go. If you kill his soul, I’m afraid the entire Holy region will do everything they can to kill you.”

Yunxiao smiled. although the current situation is complicated, it’s not bad. I can also convey some information to the sacred zone through Yuan gaohan, intentionally or unintentionally.

A cunning gleam flickered in Yunxiao’s eyes, and he immediately disappeared from the divine realm tablet.

At the same time, in the holy city of lanxue, which was tens of thousands of miles away, a peaceful light enveloped the city. In the fog of spiritual Qi, a row of vast buildings appeared one by one, magnificent and Grand.

There were nine tower-like buildings in the area that looked out for each other. If you looked closely, you would see that the nine towers all flickered with light, indicating that they were protected by powerful restrictive spells.

At the top of one of the pagodas, spiritual light shot out in all directions. From the endless dark night sky, tens of thousands of Starlight rays shot down, converging into a long Dragon that continuously poured into the top of the pagoda.

This process continued for several days. Even though the stars could not be seen in the day, one could feel a vast power coming from beyond the sky. Finally, one day, the Starlight gradually became smaller and disappeared into the sky.

At this moment, almost everyone felt the change in the sky and looked at the top of the tower.

is it finally done? ”

In a Grand Hall in the sacred city, Gongyang zhengqi stared at the tower, his face full of surprise.

A few men followed behind and looked up at the tower. They could feel a slight fluctuation coming from the distance.

One of the men said, "The peak of the ninth step? After Lord Amaterasu, the Holy region finally has its second peak ninth-tier Alchemist."

Gongyang Zheng was surprised. he's not at his peak. He didn't manage to combine his two souls into one. It should be that his soul clone broke through to the ninth rank, which triggered the change in his main body, increasing his strength greatly.

Gongyang zhengqi's expression turned serious as he said in a serious tone, "I'd like to see who dares to detain Yuan gaohan's Starlight soul body! Nanfeng Xuan, make a trip to the spirit si tower and find Yuan gaohan's soul!"

"Yes!"

yes, " a light voice replied. Then, a green light flashed in the air. It was as if a beautiful figure had passed by, graceful and nimble, and disappeared from the hall.

The other men's eyes lit up like torches.

In the sky above the spirit si tower, in front of the main hall.

...

Yuan gaohan sat quietly in the air, not moving until the Starlight disappeared into his body. Only after a long time did he slowly open his eyes and descend from the sky.

"Master!"

A large number of people had already gathered at the stone steps in front of the hall, all of them waiting quietly until Yuan gaohan landed from the sky. Only then did they all become pleasantly surprised. Three men standing in the front row shouted in unison and hurriedly stepped forward.

Yuan gaohan's face was solemn, his eyes flashing constantly, as if he didn't see his three disciples, standing there quietly in deep thought.

Mo Huayuan and the other two exchanged a glance and didn't dare to say another word. They carefully stood aside.

After a long time, Yuan gaohan raised his head and stared at the endless sky, looking at the distant East.

"Lord Yuan gaohan, is there any progress?"

A crisp sound rang out in the void, and everyone suddenly looked up. They saw several rays of light suddenly gather in front of the hall and gradually condense into a figure. It was actually a woman wearing a curtain.

Everyone was startled when they saw this figure. The anger in their hearts dissipated immediately, and they lowered their heads one after another.

"Why are you here, Nanfeng Xuan?" Yuan gaohan asked slowly.

The woman was the law enforcement Division Secretary, Nanfeng Xuan. She smiled and said, " Lord Gongyang asked me to catch him for you. First of all, I would like to congratulate you on your breakthrough in soul body. Your soul power has greatly increased, and you will soon become a peak Alchemist.

...

"Catch people?"

Yuan gaohan's expression suddenly became dignified as he muttered to himself.

Nanfeng Xuan revealed a surprised expression and said, " "That's right, Lord Yuan gaohan should be able to sense where his soul is now, right? According to Lord Gongyang, once the Starlight soul body breaks

through to the ninth rank, it can share memories with the main body, and even a lot of power. From the looks of it, does Lord have some difficulties?”

“Is it difficult?”

Yuan gaohan’s brows were tightly locked for a long time.

The entire sky above the spirit scepter tower was silent. There was no sound except for the whistling of the wind in the dark night.

“What concerns do you have, my Lord?” Nan fengxuan smiled.

this matter is of great importance, ” Yuan gaohan said in a deep voice. we must not act rashly. Compared to finding my soul, there seems to be something more important. I have to make a trip to Shen ‘du.

Nanfeng Xuan’s body trembled, and her smile froze on her face. She said awkwardly, ” “Head to Shen ‘du? What is it that has alarmed the three lords?”

Yuan gaohan’s eyes flashed and he slowly said,”Follow me to see Lord Gongyang. We need his help to open the passage to Shen ‘du.”

The expression on Nanfeng Xuan’s face changed several times before she smiled and said, it seems to be getting more and more interesting. I have gained a lot from my closed-door cultivation this time. I wanted to test my skills, but I wonder if I have the opportunity to show them.

“There will be many opportunities, but I’m afraid your strength won’t be enough!” Yuan gaohan said.

Nan fengxuan’s pupils contracted. The two of them immediately turned into two long rainbows and headed towards the Great Hall where Gongyang zhengqi was.

Chapter 1054

1054 Chaos begins

“What? Head to Shen ‘du!”

In the central Great Hall, Gongyang zhengqi’s expression suddenly changed. The expressions of the men behind him were also abnormal, and they appeared to be in deep thought.

“Lord Yuan gaohan, you’re not joking, are you?” a man asked. Your master Amaterasu-Zuzi is also in Shen ‘du. If there’s nothing that we can’t handle, Do Not Disturb him!”

“Do you think I can’t tell the priority of the matter? do I need you to remind me?” Yuan gaohan said coldly.

The men immediately looked displeased.

The man snorted coldly and flicked his sleeve, “Hmph, I’m just reminding you. Since you’re so insistent on doing things your way, how can we stop you? However, whether or not we can pass through is up to Lord Gongyang.”

Gongyang zhengqi’s face also revealed a difficult expression, and he said, “Yuan gaohan, what is it that you have to disturb those three lords? It’s not that I don’t believe you, but you’re asking me to open the passage without saying anything. I’m really in a difficult position!”

Nanfeng Xuan also chimed in from the side, ‘that’s right, with the five Lord governors here, what can’t be solved in this world? Even if there was a huge matter, the five governors had to discuss it before they could open the passage to Shen du, right? You’re just a Secretary, how can you go to Shen ‘du just because you want to?”

Yuan gaohan snorted. if I make things difficult for Lord Gongyang, then I’ll go and have an audience with you as master’s disciple. Now that my soul has broken through to the ninth tier, my strength has greatly increased. I’m going to Shen ‘du to seek master’s guidance so that I can break through to a higher level. I believe everyone has no objections to this? ”

Everyone looked at each other, seemingly without any reason to refute.

Gongyang Zheng said curiously, " that's fine. However, there must be two procedures. First, Lord Amaterasu must agree to meet you. Second, the power of at least two rulers is required to open the divine capital's passageway. The other four must be called in.

"As far as I know, Lord Wei Qing is currently in the universe Hall," a man behind him said.

"Oh?"

Gongyang zhengqi's expression was a little surprised as he said, this Wei Qing has always been elusive and his whereabouts are hard to track. Why is he staying in the universe Hall so obediently? "

Yuan gaohan's eyes also narrowed as a sharp light flashed through them,"Since Lord Wei Qing is here, that's for the best."

Gongyang zhengqi nodded and said, " I'll go and talk to Wei Qing now. As for the matter of you seeking an audience with him, I'll use a secret technique to transmit it to the divine capital's Lord Amaterasu Zi. It's up to him whether he wants to see you or not.

"Many thanks, Lord Gongyang," Yuan gaohan cupped his hands.

Gongyang zhengqi waved his hand. it's alright. However, Qianqian, are you sure you don't want to find the Starlight spirit body first? "

Yuan gaohan's face revealed a bitter smile, if I can find it, I would also like to find my soul first. However, it is too difficult. Moreover, the place where my soul is located is still safe.

"I can see that you have your difficulties, so I won't force you." Gongyang zhengqi nodded. You're the second Alchemist after Lord Amaterasu, who has a chance of breaking through to the peak of the ninth tier. If you have any requests, the Holy region can satisfy them for free. You can ask for them."

Yuan gaohan's eyes narrowed and he said slowly,"I will,"

“You should go back to the spirit si tower and wait,” Gongyang Zheng said.

Yuan gaohan stood up and bade farewell, turning into a ray of light and flying back to one of the nine pagodas.

The main hall was silent. A man couldn't help but say, “Lord Gongyang is really going to open the passage to Shen 'du? Back then, the three Daren once said “Xuanji.””

Gongyang zhengqi raised his hand to interrupt him and said, “Yuan gaohan has already made it very clear that he's only here to see master in his own name. How can I stop him?”

The men behind him immediately fell silent.

Nanfeng Xuan looked at Gongyang zhengqi, who had a hesitant look on his face. The corners of her mouth curled up into a playful smile as she slyly said, “Is Lord Gongyang really going to look for Lord Wei Qing?”

Gongyang zhengqi's heart moved slightly, and his face immediately sank. He snorted, “Nan fengxuan, when did you start playing mind games with me? He Yiming should say it. ”

“I heard from Xiao Haiyu last time that Lord Wei Qing interfered in the investigation of song Yueyang city's matter, which made you very unhappy.”

A cold glint flashed in Gongyang zhengqi's eyes. He said coldly, “Since when do you care if I'm happy or not? When did you become so considerate and care about my feelings?”

“Giggle!”

Nan fengxuan covered her mouth and laughed, her laughter was like a flower branch trembling as she said, “Don't think I don't know that you and Lord Wei Qing have a big conflict. That poor Xiao Hai Yu didn't want to be caught between you two and be an unlucky person, so she took a leave of absence and went into closed door cultivation.”

Gongyang zhengqi's face turned cold as he said in a cold voice, " "I think you're going to be an unlucky bastard soon!"

Nanfeng Xuan's smile did not falter as she said leisurely, " "You're already so old, yet you still have the cheek to argue with a little girl like me? Boring, I'm going to find Lord Wei Qing to play. I heard that he's done something fun recently, I'm going to see if it's interesting."

After she finished speaking, she turned into a ray of green light and disappeared from the hall, leaving only a faint fragrance.

Gongyang zhengqi looked at the spot where Nan fengxuan disappeared and muttered to himself with a frown, " "Something fun? Nanfeng Xuan, are you trying to give me some advice?"

His face darkened as he turned around and said, " "Wen Shu, has there been any progress on the matter between the sea of soul formation and the devil Lord?"

The intelligence division's Deputy Secretary, Wen Shu, hurriedly stepped out of the ranks, cold sweat breaking out on his forehead, and said, " "Sir, ever since Sir Xu Chu returned, according to our observations, we have not found any traces of the devil Lord. There seems to be no movement in the sea of soul formation. As for Sir Hu Shengfeng, he seems to have disappeared."

Gongyang zhengqi's face darkened and he shouted, " "Do you people from the intelligence Division eat shit? Get the f * ck out of here and strengthen the investigation! Also, help me find out where the other three bastards have gone. I don't want to be so thick-skinned to cooperate with Wei Qing!"

"Yes, yes!"

Wen Shu hurriedly accepted the order and retreated. He cursed in his heart, thinking that the unlucky guy had finally fallen on his head.

Another man walked out from the group of men. It was Xu Chu, who had been at the Dragon Transformation pool that day. He said with a serious face, " "Lord Gongyang, if Zhuo qingfan can't kill the demon Lord with his power, who can stop him in the future?"

Gongyang zhengqi felt a great headache. He smacked his head and said, "Don't mention Zhuo qingfan to me! None of these titled martial sovereigns are reliable! The matter of the demon master and Yu Shengfeng is too important, and I don't have many clues in my hands. If these two matters aren't handled well, I'm afraid it will alarm the three lords in Shen 'du. It's really a troubled time now. A war has broken out in the East Sea, and I'm so busy that I don't even have time to drink a cup of tea!"

He strode to the front of the throne, picked up a cup of tea, and drank it in one gulp. Only then did he feel more comfortable.

Everyone's face was filled with black lines. Didn't he just drink a cup?

li Yunxiao seems to be involved in both the war of the East Sea and the matter of the Dragon Transformation pool," Wen Shu stepped forward and said. I think it's necessary to find this man.

Gongyang zhengqi suddenly felt a sense of powerlessness. He stared at him coldly and said, "It's a good idea indeed. Then, I'll leave the matter of finding li Yunxiao to you.

Cold sweat broke out on Wen Shu's forehead, he wanted to slap himself a few times and hurriedly said, "We've investigated Yunxiao in many ways, and it seems that he's missing as well," said Yan chengcai.

Gongyang zhengqi's expression immediately turned cold as he snorted, "Lord Wen Shu, please use your brain before you speak! Useless Intelligence Division, with your useless brain! Red Moon City can't find this person even if they put up wanted posters all over the world. If it was so easy to find him, would we need your suggestion?"

"Yes, yes!"

Wen Shu felt depressed and quickly retreated, swearing in his heart that he would never say another word.

it's really the rhythm of the world's chaos," Xu Yu said worriedly. I keep feeling that everything seems to be related.

Gongyang zhengqi said seriously, " demons are born in troubled times. There are indeed signs of chaos. However, we can't make sense of everything right now. We don't have to be anxious. His eyes turned cold and he said, " as long as we can suppress the seven superpowers and the nine titled martial sovereigns, we'll be able to deal with the chaos in this world.

...

Everyone's expression was solemn as they respectfully sent Gongyang zhengqi off into the hall. Then, all sorts of small discussions began.

at this moment, in the black hole space above the East Sea, the ninth-grade warship was still slowly moving forward, constantly investigating the weak spatial nodes.

Yunxiao's soul-form returned to his body, and he slowly opened his eyes, which flickered with a bright light.

"Don't you think you've given Yuan gaohan too much information?" demonic Dragon asked doubtfully. This will undoubtedly draw you into the vortex of the world."

I also want to avoid this chaotic world, " Yunxiao said with a wry smile. but do you think I can? "

The demonic Dragon was silent. How could he avoid it? the signs of chaos were all related to him.

I can't control how things are developing at the moment, " Yunxiao said. I'm just a chess piece in the fate of the heavenly martial realm. The situation of the entire continent can only be stabilized by the sacred zone and the sea of soul formation. The sooner the sacred zone is prepared, the better. As for me, all I need to do is to continuously increase my strength."

All of a sudden, a disciple of beiming Dark Palace ran up and said excitedly, " elder Kang Tian, we've found a grade two node!

Darknorth kangtian came back to his senses from his deep thoughts about the body refining technique and said indifferently, "Very good, let's break through from this point."

He seemed to have been completely engrossed in the body-tempering technique and was no longer interested in the outside world.

Beiming Laifeng's brows furrowed as he watched, and a cold gleam flickered in his eyes as they fell on Yunxiao. He knew that the current situation of beiming kangtian must be related to the information Yunxiao had given him.

...

Yunxiao could sense the ill intent in beiming Laifeng's voice, so he smiled and said, "it seems that young master Lai Feng has fully recovered. His eyes are sharp, and he's full of energy. Congratulations!"

"Pipa!"

Beiming Laifeng clenched his fist so tightly that the bones in his fist exploded. A trace of anger flashed across his face, and he turned his head away, no longer paying any attention to the matter.

The Starship began to emit rays of light, a sign that all kinds of attack formations were being activated, and the rumbling sounds grew louder and louder.

Everyone became alert as they looked at the pitch-black space outside the Starship with a serious expression. No one knew what would happen if they attacked the node.

Chapter 1055-water fairy

In a vast ocean, the sky was blue for thousands of miles. The seven-colored rainbow was like a colorful dragon drawing water, crossing the sky.

At one end of the rainbow was a huge island. It was covered in spiritual mist, making it impossible to see what was inside. There was only a faint flash of light, and there was an extremely powerful restriction placed inside.

Several kilometers above the island, several figures were standing in the air, seemingly discussing something.

Three of them had strange appearances. One of them had dents all over his head, one had a horn on his forehead, and one was even more terrifying. There were two heads on his thick neck, one black and one white, with different expressions.

Of the two people in front of the three, one had a huge body and the head of a beast. His burly body was covered with scales, and the other was a beautiful woman in white clothes with Jade-like skin and long hair.

The woman's face was slightly pale and lacked the rosiness of blood, but it added a kind of cold arrogance. She was so beautiful that it was impossible to compare.

The three strange-looking men seemed to be a little ashamed of their own inferiority in front of the woman, not daring to look directly into her clear eyes. However, they inadvertently revealed a look of desire, their eyes greedily stopping on the woman, unwilling to leave.

"Miss water deity, may I know why you invited the three of us out?"

The horned marine race expert licked his lips as his eyes flickered.

that's right. The Xian Kong island's Treasure Show is a gathering of heroes. It is my great fortune to be able to meet miss water fairy. No matter what it is, as long as miss water fairy says it, I, Zhi GE, will do anything to help you.

The sea tribe member with dents all over his head also patted his chest and made a solemn vow.

In the end, the black and white two-headed man's two heads also nodded continuously, looking a little comical.

The white-robed lady, water deity, had a calm expression on her face as she said, "it's not a big deal. I heard that the three of you have extraordinary strength. I want to see your skills. I wonder if water fairy has such good luck?"

The three of them were taken aback, and then revealed strange and difficult expressions.

"It's not that we don't want to," the horned marine race expert said. "It's just that the strongest divine abilities are our trump cards. How can we reveal them so easily?" Miss water deity's request is a little difficult for us."

"Yeah, yeah!"

The other two agreed one after another, and Na Zhi GE also kept shaking his head, clearly not agreeing.

The two-headed white-haired man said, "In terms of strength, there are many people who are stronger than the three of us. Why is miss water fairy only interested in the three of us?"

The other two were also very curious and perked up their ears to listen.

The water deity's face was calm. The three people's reactions seemed to be within her expectations. She said indifferently, "The three of you don't need to be nervous. I only need you to display your fire-type abilities."

"Fire god art?"

The expressions of the three people changed slightly, and they became vigilant, especially the sea tribe member with a long horn on his head. His pupils shrank, and his gaze gradually became cold.

Zhi GE glanced at the other two, and then said, "No wonder, it turns out that miss water fairy is only interested in fire god art. However, I'm very curious. How did lady water deity know that the three of us cultivated fire god art? Even I can only faintly sense that the black and white heads seem to possess an extremely powerful fire attribute cultivation technique. You must know that my, Zhi GE's, perception of the fire element is extraordinarily strong."

Water deity said, " this is nothing strange. I have a sensory profound level weapon. It can sense martial artists who practice fire-type cultivation techniques.

Only then did the three of them slightly relax their vigilance. Zhi GE said,"I see. I wonder why lady water deity wants to see fire-type sacred art? As long as you can tell us the reason, and if the three of us can accept it, we naturally won't be stingy."

The black and white heads looked at each other and nodded. Only the horned sea tribe member did not move and stared at the water fairy coldly.

The water deity's beautiful eyes were still as calm as an ancient well, and she said indifferently, "There's no reason, I just want to see it. Can't I?"

Her voice was extremely gentle, and it warmed one's heart. One could not help but want to agree.

However, the three men were all extremely powerful experts of the sea Race, so how could they be attracted by a woman's charm? they all revealed cold smiles.

The blackhead with the black-and-white twin heads snorted and said,"If that's the case, then I'm really sorry. Our god art martial techniques are used to kill, not for show." A lecherous look flashed in his eyes as he grinned, " hehe, of course, I'm not that unreasonable. If miss water deity can accompany me to have fun for a few days, I can also consider it.

"Dammit! How dare you profane the water fairy! You'll be sentenced to death!"

The beast-headed man behind water fairy trembled and his face changed as if he had been greatly humiliated. A wave of anger rushed out of his body and he was filled with killing intent!

Pitch-black flames seeped out of the burly man's body and enveloped his entire body. Gradually, only a pair of red eyes filled with anger could be seen.

The other three's expressions changed drastically and they all took several steps back in shock. The power erupting from this large man was not weaker than their own, and he was also a practitioner of a fire attribute martial skill.

Water deity's eyes, which had always been calm, rippled. They rippled in the depths of her eyes, and a slight sharp aura overflowed from her body.

She didn't say a word, but the beast-headed man behind her had already understood what to do from the change in her aura.

"Black and white, don't blame me for not warning you. If you don't use your full strength, you won't be able to see the sun in the next breath!"

Although the burly man was covered in flames, the coldness in his eyes was as cold as ice, causing the black and white heads to gasp at the same time. Before he could react, he saw an invisible force that turned into a mountain pressing down from the sky!

"Olaora!"

The black and white heads started to panic. They kept punching, creating countless afterimages in the sky, trying to break the pressure.

However, he was shocked to find that the power of his fist was like a Mantis trying to stop a car, unable to shake the power of the pressure at all. This made him feel cold all over. He couldn't even withstand the invisible pressure of the other party. If the other party started to attack, how could he survive?

He immediately broke out in a cold sweat and did not dare to hide his strength. He took a deep breath with both of his heads and spat it out into the sky.

Two streams of flames, one black and one white, spurted out and chased each other in the sky, forming a Tai Chi diagram.

The water deity's ice-cold expression seemed to change a little. She raised her head and looked at the double-colored flame pattern with a trace of suspicion in her eyes.

As soon as this picture appeared, the temperature of the entire sky suddenly rose. The expressions of Zhi GE and the horned sea tribe members all changed drastically, and they hurriedly retreated several dozen meters.

The invisible pressure exerted by the beast-headed man also weakened, allowing the black and white heads to heave a sigh of relief.

The water deity stared at the black and white Tai Chi flames for a while, and a hint of disappointment flashed across her face. "No."

The killing intent in the beast-headed man's eyes suddenly rose. His hands formed a seal in the black flames, and the power of the pressure suddenly condensed into a physical mountain, burning with black flames, and directly suppressed it!

"Bang!"

The black-and-white Taiji diagram instantly collapsed under the power of the mountain. The entire mountain fell and directly pressed on the black and white heads, bursting with amazing light. Rings of black flames whistled and shook. Screams sounded, getting weaker and weaker, and finally disappeared.

A trace of ridicule flashed across the beast-headed man's face. He raised his right hand in the air, and the mountain instantly turned into the size of a palm and flew back into his palm. He clenched his fist and took it back.

"?!"

Zhi GE and the long-horned oceanic species 'experts all sucked in a sharp breath of cold air, and they were so shocked that they continuously retreated, their faces filled with shock.

...

Although they all cultivated fire god art and the sky was just swept by the flames, they couldn't suppress the coldness in their hearts.

The horned marine race expert gritted his teeth and said, "lady water deity, why did you kill people just because you didn't agree with me?"

The two of them no longer had that look of admiration and greed in their eyes. Instead, they revealed a deep fear.

The beast-headed man sneered. it's because you don't know your own limits. It's your good fortune that the young lady has asked you out. How dare you speak so rudely? you'll die ten thousand times!

The long-horned sea tribe expert's face turned ashen as he said in fear, "The ones who spoke rudely were the black and white heads. He has already received the lesson he deserves. May we leave?"

The beast-headed man said coldly, "you're born to be a wretch. Do I have to show you my colors before you'll be honest?" Have you forgotten the purpose of the young miss inviting you out? Display all your fire attribute martial arts skills. As long as you can satisfy the young lady, you can leave. Otherwise, hehehehe, hehe, hehe, you'll end up like that two-headed monster just now!"

"If my attitude was disrespectful just now, I hope miss water deity can forgive me," Zhi GE said.

His hands were constantly drawing circles in front of him, and with every line, there would be a spark. After a few moments, there were fire circles around him, big and small, one after another.

A smug look appeared on Zhi GE's face, and he explained, " "My fire god art is called Suan ni."

The water deity's voice rang out, " "I don't want to see a sideshow, that's enough."

Zhi GE stared blankly, not understanding what that meant. But when he saw the sneer and ferocity on the beast-headed man's face, his heart instantly sank, and he said in a panic, " "Miss water deity, please spare me!"

...

The beast-headed man snorted coldly, and the black flames on his body gathered on his fist. Then, he threw a punch in the air.

The entire space was directly deformed, and the distance of several hundred meters between the two was instantly penetrated. The black flames swallowed Zhi GE in an instant, not even having the time to let out a scream.

Now, only the long-horned sea tribe member was left in the sky. His face was extremely ugly, and his clothes were soaked in cold sweat.

The beast-headed man chuckled and said, "It's your turn,"

The long-horned sea tribe expert wiped the cold sweat off his forehead and retorted, "If I can't escape death in the end, why should I listen to your orders?"

The beast-headed man wagged his finger and said in disdain, "It will depend on your fate. Is it the person young lady is looking for? If not, then you can only blame your fate."

The long-horned sea tribe expert's face turned ashen as he gritted his teeth and asked, "What kind of person is miss water fairy looking for?"

Chapter 1056

1056 The person you're looking for is dead

Water deity's face revealed a hint of confusion. She shook her head and said, "I don't know, but he must have an extremely powerful fire god art. If your fire god art can't satisfy me, then you're not the person I'm looking for."

The long-horned sea expert couldn't help but laugh. "Ha, haha, isn't miss water deity taking this too lightly? Just based on this, do you want to search the entire Eastern Sea? Kill all those who don't meet the requirements?"

The water deity's expression returned to normal and she said, "Of course not. That person will definitely appear in this dazzling treasure meet. I've already waited for three years."

"Three years? Miss water fairy was getting more and more outrageous! The dazzling treasure meet is held once every five years. Could it be that you guys had already made an agreement three years ago? But if that's the case, how can you not know who you're looking for?"

The long-horned sea tribe's expert felt a burst of bitterness in his heart. He felt that he had encountered a lunatic, and a powerful lunatic at that. This time, he was really in big trouble, and he was trying to think of a way to escape.

The water deity's face showed a trace of pain, and she said slowly, "Three years ago, I met a fortune-teller on the human continent. He told me that I would meet the person I was looking for in the Xian Kong island's Treasure Show event three years later. That's why three years later, when the Xian Kong island's Treasure Show began, I came."

The long-horned marine race expert cursed the clairvoyant in his heart. With a long face, he said, "Isn't miss water deity taking this too lightly? The treasure Show is about to begin, and everyone within a radius of ten thousand miles has come. Those who have come from ten thousand miles away have also come, but there are only three fire-element martial technique cultivators. Young miss, you've been fooled."

Water deity's expression changed as she said excitedly, "That's impossible. That person comes from a fortune-telling family and has great prestige among the human race. He won't lie to me, nor will he be wrong. Yingluo, you must be the person I'm looking for!"

The long-horned sea tribe expert was stunned for a moment. Then, he was overjoyed and quickly said, "If that's the case, then that should be it."

The beast-headed man snorted coldly, "Show me your fire god art."

The long-horned marine race expert laughed awkwardly. It's obvious now. I'm the person miss water deity is looking for. There's no need to show it, right?"

The water deity said coldly, "yes!" We can't make a mistake about this!"

The long-horned marine race expert's expression changed as he muttered in his heart, "if what the clairvoyant said is true, is the person this girl is looking for really me?" I do have an extremely powerful fire god art, but no matter how strong it is, it can't be stronger than this shark-headed man. What should I do?

"Cheap! If I don't hit you, you won't be honest!"

The beast-headed man's face darkened when he saw Chu Feng's hesitation. A Black Flame suddenly burst out of his body, and he put his hands together and pushed them out. A force that could topple mountains and overturn seas came pouring down.

The black flames were like a surging River, falling from the sky and turning the sky into a sea of black fire.

The long-horned marine race expert's expression changed drastically. He was so scared that he broke out in a cold sweat. He knew that he could no longer hesitate, so he shouted and formed a seal with both hands. The long horn on his head immediately turned golden and shot out rays of golden light, protecting his entire body.

The water deity's eyes lit up and she said in surprise, "golden flames?" Could it really be him?"

Her face finally blushed from her excitement, and her whole body looked even more radiant and beautiful.

The Black Flame kept spinning around the long-horned sea tribe warrior and squeezing in. However, it couldn't break through the Golden flame.

The long-horned sea tribe's expert also revealed a trace of joy. He raised his brows and pushed out his palms as he shouted, "Ancient Emperor three great emperors!"

Golden flames flew out of the horn and rushed into the black flames. The black sky was suddenly filled with golden light.

The beast-headed man looked at the flame calmly and said, "This golden flame is indeed quite powerful. It should be an innate divine ability of their race, but I keep feeling that it's still far from the requirements of young miss."

Water deity was also deep in thought, and her eyes were filled with hesitation.

"My black flames are also inheritances," the beast-headed man said. "They're different but have the same effect as this person's golden flames. If he really is the person the young lady is waiting for, then doesn't that mean that his entire clan has fulfilled the conditions?"

The water deity was also a little uncertain, her eyebrows slightly furrowed, and she said, "Even if it's an innate divine ability, not every Clansman can inherit it. Perhaps he's the only one in his clan who can obtain this golden flame."

She paused for a moment before continuing. you should be familiar with the Duanmu family's divination techniques. Since he can accurately predict it, it can't be wrong.

"If that's the case, then I'll increase my power a bit more and test his potential," the beast-headed man said.

His previous attacks were only a test. Now, he formed a seal with one hand, and a strange symbol appeared in his hand. The same symbol suddenly appeared in the black flames in front of him, but it was magnified hundreds or thousands of times, and it suddenly pressed down!

"Boom boom boom!"

The Golden flames on the long-horned sea tribe expert's body suddenly dispersed. The power of the black flames had increased by many times under the influence of the strange symbol. It had directly scattered his flames. He suddenly revealed a terrified expression, and his eyes were filled with despair.

“Mo Sha, stop.” The water deity frowned.

“Miss, are you afraid that my black flames will burn him?” the beast-headed man asked. If his flame god art can’t even stop me, Black Flame, how can he be of use to the young lady?”

Water deity was silent. Her clear eyes stared ahead, hoping for a miracle to happen. She hoped that the long-horned sea tribe would turn defeat into victory.

“BOOM!”

Suddenly, a huge tremor came from the black flames, and the entire sky trembled.

“BOOM!”

“BOOM!”

“Boom boom boom!”

The loud trembling sound came one after another, and the power of each strike was stronger by a few points. The black flames that filled the sky were blasted into pieces under the impact, unable to condense!

Mo Sha’s expression changed greatly and he said in shock, “what?” Could he really be the person the young miss is looking for?”

The water deity’s eyes also bloomed with surprise, and she was in high spirits.

The expert from the long-horned sea tribe was stunned. He felt that the black flames were getting weaker and weaker. He didn’t know what was going on, but he seemed to have been saved. A huge power that came from nowhere helped him to dissipate the black flames!

Could it be, could it be that I'm really the one miss water fairy is looking for, her Mr. Right?

The long-horned sea tribe expert's mood soared from the bottom of the valley to the sky. He felt as if he had risen from hell to the clouds. It was as if an endless life of happiness was waiting for him. He wanted to cultivate with this fairy-like beauty.

"Hehe."

When he thought of this, his body immediately reacted and he started laughing foolishly.

Mo Sha and water deity saw this and thought that the Black Flame was broken by the long-horned sea tribe expert.

"Boom boom boom boom!"

With another huge tremor, the sky above the long-horned sea tribe expert shattered and a triangular object shot out.

A large area of space was directly torn apart by the huge force, shattering in all directions, emitting endless rumbles. The object was still charging forward, and everywhere it passed turned into nothingness and darkness!

"Eh? What is this?"

The three of them were stunned at the same time as they looked at the profound level weapon in horror.

...

That triangle seemed to be only the tip of an iceberg, and it kept hitting the space, causing the holes to become bigger and bigger, revealing more and more parts. It was actually a huge battleship, sweeping across the world!

“BOOM!”

After the final collision, the entire sky fell into darkness, as if a huge Jade plate had been shattered in the middle. From a distance, it was clear and dark, and under the dark night, there was a warship the size of a huge island floating.

Moreover, at the last moment when the battleship charged out, the head of the battleship hit the long-horned sea tribe expert's body due to its high speed and was directly hit by the attack formation.

“Bang!”

As the latter was stunned by the scene in front of him, he did not react in time and was hit head-on. With a scream, a large piece of flesh burst out of his chest, and he fell directly into the sea.

“Ah? The person I'm looking for!”

The water deity also reacted after a short moment of daze. She cried out in shock, losing her fairy-like demeanor.

A ray of white light streaked across the sky at a speed that was almost impossible to catch. The falling long-horned sea tribe expert was caught by a force and suspended on the surface of the sea.

The water deity was standing in front of him. Her expression was getting colder and colder, and it was as if she was covered in frost.

Mo Sha was also shocked. With a “bang”, he scuttled down and arrived behind water fairy. He saw that the long-horned sea tribe expert's chest had been completely destroyed. He could not be more dead.

...

“Ah? Young lady, he's mumbling.”

Mo Sha was stunned. Feeling the coldness from the water deity, he could not help but feel a chill in his heart. He had been searching for this person for so many years. He had finally found the right time and place, but he was killed as soon as he found him. No one could stand it.

The water deity slowly raised her head. Her calm eyes were filled with a raging storm. Endless killing intent burst out as she stared at the huge battleship in the sky.

The seawater beneath her began to roar and disperse in all directions. It was actually fleeing in fear, and all of a sudden, a huge black Vortex hole was revealed, which led directly down.

Mo Sha's forehead was also covered in cold sweat. This was the first time he had seen such an angry water deity. He could not help but look up. This was also the first time he had seen such a large battleship.

Suddenly, an ice-cold hum came from the battleship and cut through the sky!

Li Yunxiao, you can die now!

“BOOM!”

The sound of clashing palms came from the warship, and a large light bloomed above the warship like a huge firework, flashing and then disappearing.

Then, a ray of light shot out from the ship and turned into a handsome young man a few hundred meters away. He smiled and said to the ship, “Brother Yun Xiang, I don't understand. You Sea Race people spend all day in the water, so where do you get such a temper and fight and kill all day?”

Chapter 1057

1057 Fang ze, the Dragon roars

On the ninth-grade warship, the human warriors immediately surrounded run Xiang, and the battle started.

As soon as the passage was broken, run Xiang launched an attack and took the lead to attack Yunxiao, which alerted the crowd.

Darknorth kangtian's divine sense also locked onto feiming. His eyes gradually turned cold as he said in a cold voice, "You really don't put my beiming family in your eyes. Looks like I can only kill you two first!"

The more he studied the tyrant body tempering technique, the happier he became. He was determined to get the next part of the cultivation technique and could not allow any accidents to happen.

There was a flash of light at Fei Ming's waist and a long sword appeared behind his waist. His right hand pressed on the hilt of the sword and he was ready to attack. An invisible murderous aura spread from his body. It was abnormally terrifying and forced the human warriors around him to retreat in shock.

"Human powerhouses, calm down," he said with a smile. I'll fight you again after his Highness Xiang kills Yunxiao."

Darknorth kangtian sneered and said coldly, "What qualifications do you have to negotiate with me? Today, the two of you will be reduced to ashes. I will be kind and scatter your ashes into the sea."

Fei Ming laughed. although you're a Peak Eight-stars martial sovereign, it's not easy to kill me on the sea. Why don't we just stand there and watch them? it won't be too late to enter the battle when the situation is urgent.

Darknorth kangtian fell into deep thought. As long as they could suppress feiming, even if that run Xiang fused several Dragon secret treasures, it would be impossible for him to defeat them. Even if they had the advantage of the sea, they still had a ninth-grade battleship, which was enough to ward off all environmental interference.

"Your words are reasonable. Then the two of us shall wait for the results of the battle."

Darknorth kangtian wasn't in a hurry. He crossed his arms in front of his chest and locked onto feiming's every move.

He did not believe that Run Xiang had the ability to kill Yunxiao. Besides, he was confident that if Yunxiao was really no match for him, he was also confident that he could suppress Run Xiang and Feiming at the same time.

Beiming Kangtian and Feiming's unmoving confrontation was immediately seen by everyone. With a ferocious smile on his face, Run Xiang strode toward Yunxiao. With the fusion of five dragon artifacts, the human experts around him were just dregs.

The crowd kept retreating under his explosive power, and most of them were watching from afar.

These warriors were basically divided into three groups: Beiming Dark Palace's group, Red Moon City's group, and Yunxiao's group. Except for Yunxiao's group, the rest of the people had long hidden far away. Even Liao Yangbing and Jing Yongye's faces had turned pale under the power of Run Xiang's power increasing one realm at a time.

Yunxiao stood far away in the air, his eyes narrowed slightly. He could more or less estimate Run Xiang's strength, and even if he could not win, he would not be killed.

The humiliation of the defeat in Red Moon City will end here today!

Run Xiang took the last step, and the aura on his body instantly rose to the peak. The powerful Dragon Breath burst out unscrupulously and spread out in the sky.

Water Fairy and Mo Sha, who were above the sea, both felt this power and were stunned.

Mo Sha was suddenly shocked, "This is the power of Dragon Breath?" Is that the royal family of the eastern sea on the battleship?"

Under the influence of the Dragon Breath, the water deity's killing intent gradually dissipated. She raised her head in confusion and said softly, "I just heard that human say something about Run Xiang here."

"Run Xiang?"

Mo Sha was shocked and said in shock, "the genius expert from the North Sea's royal family, Run Xiang? Why did he come to the eastern sea?"

The water deity's expression returned to normal and she said, "I've also heard of this person. His bloodline power is extremely strong, and he's outstanding among the royal families of the North Sea. Judging from the power of his Dragon Breath, he's even stronger than the rumors say."

Mo Sha said, "this battleship seems to be owned by the human race. I don't know what relationship Run Xiang has with these humans. Miss water fairy, this person is dead. What should we do now?"

The water deity looked at the long-horned sea tribe expert and said, "Find out which race he's from. After this, we'll go to his race and see if we can find some opportunities. As for these people who ruined my plans, Yingluo."

She raised her head and a cold glint flashed in her eyes. She said coldly, "We can't let a single one of them go!"

Mo Sha's pupils contracted, and a trace of ruthlessness flashed in his eyes. He replied, "Yes!"

The two people facing each other in the sky also felt the aura below. Their eyes narrowed as they looked toward the sea.

"That's Yingluo."

Run Xiang's expression suddenly changed drastically, revealing a look of shock, as if he couldn't believe it. Looking at the spotless, white, and unpatterned water deity, he suddenly became a little absent-minded and said in shock, "She, she's Yingluo."

"Hehe, looks like that kid recognized you, miss!"

Mo Sha's face revealed a sinister smile. With a bang, he soared into the sky and stood at the far end of the warship. He coldly said, "If you have any grudges to settle, hurry up. I'll send you to the West later!"

The ripples in RUO Xiang's eyes became deeper and deeper. He looked away from water fairy in shock and landed on Mo Sha. "The one below is Yingluo."

Mo Sha laughed coldly, revealing a trace of ridicule, "You're really runxiang of the northern Sea. Since you've already recognized the young lady's identity, then obediently let me Cut You Down."

RUO Xiang's expression changed drastically, and his eyes flickered with emotions that were difficult to calm down. He shouted in shock, "Who Do You Think You Are, to think you can kill me?"

Mo Sha spread out his hands and shrugged his shoulders. With a helpless expression, he said, "It's miss's order. I have no choice. Who asked you to kill the person the young lady has been looking for?"

Everyone was puzzled. Not only Yunxiao and Nangong wuque, but the rest of the people on the warship also frowned. A shark-headed sea clan member had appeared out of nowhere, and he seemed to be quite strong.

On the other hand, darknorth kangtian and Fei Ming's expressions turned grave. They sized up Mo Sha and were immediately shocked. They couldn't see through the sea clan's expert's cultivation!

RUO Xiang's face was full of doubt as he said, "The person the young lady is looking for? What's your relationship with me?"

Mo Sha shook his head and said, "he's already dead. I can't explain it clearly. In short, all of you have to die."

Yunxiao could not help but laugh and said, "Ha, haha, I really don't understand. Where did you Sea Race get this sense of superiority from? you can kill whoever you want? Who Do You Think You Are? do you still think you're in the ten directions divine realm and can run amuck in the world?"

He didn't hide his contempt and said disdainfully, "all of them look weird. One look and I can tell that they're not fully evolved. Aren't they too self-inflated?"

"Damn it!"

Mo Sha was furious. He turned to look at Yun Xiang and said, "Runxiang, kill this person, and perhaps the young lady will spare your life."

A trace of displeasure flashed across RUO Xiang's face. He looked down at the White and pure figure, and his heart trembled slightly. He retracted his gaze and said coldly, "Although li Yunxiao's words are not pleasant to hear, there are still some parts that are right. Even if you are really that young lady, don't you dare act all high and mighty in front of me!"

His pupils contracted and shot out killing intent. He said in a cold voice, "The one I respect is that young lady. As for you, a servant, what kind of dog are you? You dare to berate me?"

Mo Sha's expression sank and even became somewhat distorted. The surrounding space slightly distorted under his anger. His eyes spewed out flames of anger as he roared, "If that's the case, then what's the point of keeping you alive? All of you can go to hell!"

A Black Flame rose from his palm, burning in the sky. It illuminated Mo Sha's entire figure, making him somewhat absent-minded.

Both Yunxiao and run Xiang's faces flickered. Mo Sha's strength was unfathomable, and even Yunxiao, a ninth-tier Alchemist, could not detect it with his divine sense. It was only then that he realized that it was because of the black demonic flame that could burn his divine sense directly.

"Black demon flame, incinerate all things!"

Mo Sha's face turned stern, and a murderous look burst out of his eyes. The demonic flame in his hand exploded into several fireballs with a bang, shooting toward Yunxiao and Yun Xiang.

Yunxiao's eyes turned serious. The power contained in the Black Flame was extremely strong. Although it was nothing compared to his divine flame, under the power of the devil sand, even ordinary flames dared not be careless, let alone this power that could burn everything.

...

He flipped his left palm, and the tears of the true dragon gathered in his palm. With a clench, the mist condensed into a ball of water vapor and formed a water mirror to protect his front.

"That's Yingluo."

Mo Sha's and Yun Xiang's pupils both contracted, especially the latter. The moment the true Dragon's tear appeared, he had sensed it and was both surprised and happy.

"Bang! Bang!"

The two demonic flames smashed directly into the water mirror, piercing through the true Dragon's tear and shooting out from the back. However, the demonic flames were directly filtered out, leaving behind two pure forces.

Yunxiao's body flickered slightly, and he was dazed for a moment in the air, allowing the two attacks to pass through his body and shoot into the distance.

Mo Sha's eyes showed a hint of surprise. He had seen Yunxiao's strength and thought it would only take one move, but he did not expect the other party to resolve it so easily.

On the other hand, a Dragon's Roar rang out from RUO Xiang's side, and a fist came down from the sky.

"The Dragon's Roar, the tiger's roar, the forest!"

"Bang! Bang! Bang! Bang!"

The demonic flames exploded, and the power of the fist continued to blast forward. It rushed toward Mo Sha with a Dragon's might that suppressed everything. A Dragon shape was vaguely formed in the fist's might.

...

This punch was filled with Yun Xiang's disdain and anger. The descendant of a true dragon wasn't someone that anyone could provoke!

Mo Sha's pupils contracted. He didn't Dodge or evade. The power of that punch directly blasted on his body, causing his body to be shaken and retreat dozens of meters.

The aftershock of the fist's power shook the water below and rushed into the clouds like a waterfall. It spread in the sky and turned into countless water droplets, falling down like rain.

A trace of fear flashed in RUO Xiang's eyes. Mo Sha had actually taken his attack head-on without being injured. However, his face was filled with arrogance as he said coldly, "Slave, if you don't want to die, get lost!"

As soon as he said the word "scram", his Dragon might exploded in the sky, and circles of unparalleled battle intent exploded like water ripples, rushing in all directions!

The ocean below also rolled up huge waves, spinning in this world.

Only the area where water fairy was in the air was still as calm as water, with only a slight ripple.

She did not know if it was her power suppressing the Dragon's Roar, or if the Dragon's Roar was deliberately avoiding her.

Chapter 1058

1058 Convinced from the heart

The water deity's expression did not change from the beginning to the end. The wind and waves gently lifted a corner of her white long robe, like a water deity swaying in the sea, drifting with the wind.

The extreme movement outside her body and the extreme stillness inside her body formed a huge contrast, making that white figure even more distinct in everyone's hearts.

Mo Sha looked down nervously. Seeing that the water deity was safe and sound, he heaved a sigh of relief. His eyes lit up with demonic fire and he said coldly, "you're indeed a genius of the North Sea. Today, I'll let you know what true strength is before you die!

"I'll grant you enlightenment!"

Mo Sha let out a cold shout, and his huge body suddenly disappeared from the space. He charged in front of Yun Xiang at an extremely fast speed, and threw a punch in the air. The entire space exploded, and an unparalleled force smashed towards Yun Xiang's chest!

"?!"

Run Xiang was shocked. That speed was so fast that he could not catch it with his eyes!

Moreover, the fist wind was so powerful that it was invincible. By the time he noticed it, it had already broken through his protective Dragon Qi!

"True dragon Avatar!"

It was just the power of one punch, but it made Run Xiang smell the danger of death. After letting out a cry of surprise, he transformed into a Dragon. Pieces of Golden Dragon scales covered his entire body, emitting a bright golden light.

The golden light was like tiny golden needles, and it pierced towards the fist in the opposite direction. The dense sound of the fist piercing through the air rang in the ears.

it's really a dragon scale?!

Mo Sha was gobsmacked. At first, he had thought that it was the transformation state under the true dragon celestial body, and that the Dragon scales were only formed from the power of the bloodline. Who knew that among Yun Xiang's five secret treasures, there just happened to be a true dragon scale!

The Dragon's might was Supreme, who dared to offend it!

Dragon scales were the last barrier of a true dragon. Not only did they defend against external forces, but they also defended the dignity of the Supreme Dragon might. They had extremely strong counterattacks.

The scales emitted countless rays of golden light, all of which were condensed from Dragon Qi and could destroy anything!

Mo Sha's fist force was suddenly broken. If he continued to bombard it, his arm would definitely be riddled with holes. He was not confident that he could block the counterattack of these countless golden lights. The protective origin power on the tip of his fist had already been broken. After weighing the pros and cons in an instant, he immediately retracted his arm.

RUO Xiang's entire body turned into a Dragon. He leaped tens of meters before returning to his human form. He looked at Mo Sha in horror. His hands changed in the air, and all ten of his fingers turned into dragon claws. They emitted an unusually sharp aura. With a gentle wave, they could split the sky.

Mo Sha coldly said, "no wonder you have such powerful strength. It turns out that you're constantly fusing with the true Dragon's Secret treasure. What a pitiful expert. Don't you understand that relying on external forces is never the right way?"

A hint of embarrassment and anger flashed across RUO Xiang's face as he said sarcastically, "External force? As a descendant of the true dragon, I'm just activating the power of the ancestors in the secret treasure. When I collect the nine treasures and transform into a true dragon, who dares to say that it's not the right way?"

“Collect the nine treasure divine transformation true dragon? Haha, are the royal families of the four Seas still dreaming of such unrealistic dreams?”

Mo Sha couldn't help but laugh out loud and sneered in disdain, “Over the countless years, there have been countless Dragon-type secret treasures, but have you ever seen anyone in the four Seas transform into a true dragon? What a ridiculous child!”

RUO Xiang's expression changed, but he was unconcerned. He said coldly, “others may not be able to do it, but that doesn't mean I can't. You're just a low-level outsider, so what right do you have to know about the Dragon's descendants? countless years ago, your ancestors were just pitiful worms crawling under the true Dragon's Throne!

“Dammit! You're still talking before you die!”

Mo Sha roared, and his body suddenly grew to a hundred feet tall, shaking the space where he stood. Then, he stretched out his hand and made a grabbing motion, and a ball of Black Flame immediately floated under his palm. A cold light flashed in his eyes, and the Black Flame immediately rushed out, turning into two seas of fire and shooting toward Yun Xiang and Yunxiao.

RUO Xiang's eyes narrowed slightly, and he became extremely vigilant. This Mo Sha's strength was unfathomable, and the power of the black flames was even stronger every time it appeared. The sea of flames that came at him was even forcing his Dragon Breath back.

He leaped into the air, and streams of Green Dragon Qi shot out from his ten sharp claws. They flew around his body, like silk being spat out by a silkworm in spring, forming a cocoon around itself.

“BOOM!”

As the black flames bombarded the cocoon, they kept burning it, making crackling sounds.

Yunxiao frowned and said unhappily, “you guys were just having a good fight. Why did you suddenly drag me in? is there a hole in your brain?”

A cold light flashed in his hand, and an extremely cold Qi burst out of his body. He stabbed his cold sword, Ice Frost, and the water vapor in the air immediately froze into ice crystals, freezing the sky!

“BOOM!”

The sea of black flames was directly split in half by the sword Qi. The cold air was so strong that it instantly froze the flames that were split in half, forming an extremely pleasing work of art in the air.

What was even more shocking was that the black flames were clearly frozen, but they were still flickering and jumping around in the ice, proving that they were still burning.

This strange phenomenon stunned everyone, and they all had strange expressions on their faces.

However, the cultivators on the Starship had already retreated far away, afraid of being caught in the crossfire.

Darknorth kangtian and Fei Ming were also watching Mo Sha's every move. They had to protect the people they wanted to protect.

Mo Sha's pupils contracted, and a fierce light flashed in his eyes. He didn't expect the strength of the two people to be above his expectations. Yun Xiang was already surrounded by demonic flames, and as long as he burned that Dragon cocoon, he would be able to take his life. Thus, he turned his gaze over and waved his hands in the air.

“Bang! Bang! Bang! Bang!”

The ice that filled the sky exploded one by one, turning into countless crystal dust. The demonic flames rushed out and gathered in the sky, condensing into a solid Hill that fell down on Yunxiao.

Yunxiao's eyes narrowed, and a surprised look appeared on his face as he said with a smile, “Interesting,”

His left hand formed a seal and the immemorial heaven's eye suddenly opened. Eleven Northern heaven cold star swords flew out and formed a sword talisman, slashing towards the small mountain.

"Bang!"

The Black Mountain seemed to be extremely powerful. After a short moment of suppression, the sword talisman was shattered.

Yunxiao's expression remained unchanged. He changed the incantation gesture with his left hand and flicked out a golden beam. The eleven swords in the sky immediately radiated a sea of sword Qi, which formed a circle and stabbed into the ground around the small mountain, forming another symbol that trapped the Black Mountain inside the sword diagram.

"What?"

Mo Sha was gobsmacked. His eyeballs were about to fall out. This Black Mountain peak was an extraordinary treasure. It was closely related to his black flames. The two complemented each other, and their might was extremely great. It was almost as if every move it made would kill!

Mo Sha's face sank. His huge palm grabbed in the air and immediately grabbed a strange black symbol. He turned his palm and pressed it down.

The small black Mountain that was trapped by the sword picture suddenly rumbled and shook. It was about to break out of the seal, and the eleven Northern heaven cold star swords were stuck in the surroundings, trembling.

Yunxiao's eyes turned cold and sneered. He changed the incantation gesture again, immediately transforming into the Golden body with three heads and six arms, one of which held the sunset Cloud Mirror.

The mirror light flashed in the air and shone on the Black Mountain. It sealed the space and suppressed the trembling, making it unable to move.

“?! How could that be?”

Mo Sha sucked in a breath of cold air and said in shock, “You’re just a two-stars Martial Emperor. How are you going to trap my Black Flame mountain?”

...

He couldn’t believe it. The black Sigil in his hand changed and trembled in his palm, as if it was operating at its maximum.

From within the Black Flame mountain came a rumbling sound. The mirror light that shone on its surroundings became blurry, constantly rippling in all directions. The great sorrow Twilight mirror was actually unable to gather any light!

Yunxiao’s face flickered as he said coldly, “I’ll make you convinced today!”

Of the two arms behind him, a ball of lightning was condensed on one of them, while the other was holding a heavenly hammer high and constantly bombarding the ball of lightning. Golden Maha ancient characters emerged in the Thunder, and in an instant, Yunxiao’s side turned into a sea of lightning.

“Thunder Star Ring!”

His handsome face became even colder under the green lightning. With a light shout, a bolt of lightning broke through the sky and turned into an extremely powerful ring of lightning stars, circling around the Black Flame mountain.

Yunxiao changed his hand seal and shouted, “Bind!”

The Thunder Star Ring suddenly tightened and bound the Black Flame mountain!

The mirror light of the great sorrow sunset Cloud Mirror condensed once again and sprinkled down, suppressing the space.

On the heavenly Sword picture, the sword talisman reappeared. It rose into the air and imprinted itself on the black hot mountain, suppressing all the aura.

Black Flame mountain was suddenly trapped by several profound level weapons and the Thunder Star Ring. He became an obedient baby, not moving at all.

...

“?!”

Mo Sha was completely dumbfounded. He stood in the sky with a dazed expression. Not only was the black hot mountain being suppressed, but his connection with the mountain was also becoming weaker and weaker.

Ten thousand question marks appeared in his mind, but he could not get the answer.

Naturally, Yunxiao would not explain it to him. He just smiled and said, “Did you have a good time smashing? Let me hit you too!”

He raised an arm from behind him, and a white light shot out from his palm. The divine realm tablet slowly appeared, emitting tens of thousands of rays of light. It suddenly became much larger than the black hot mountain, and blasted toward Mo Sha.

Mo Sha’s pupils constricted. At first, he saw the divine realm tablet shining with golden light and felt a trace of fear. However, when he saw that the other party was only smashing over, he immediately didn’t care. He snorted heavily and said in a cold voice, “the strength of my body can destroy anything. Under the force of my fist, there are hundreds of millions of Jin of force. Even a ninth tier profound weapon would be seriously injured by my strike!

His huge body, which was a hundred feet tall, suddenly swelled up, and every muscle was tensed. With a loud roar, he exerted all his strength and bombarded the falling divine realm tablet.

“A hundred million Jin of force, break all things!”

Mo Sha roared loudly. Wherever the wind from his fist passed, the space collapsed.

“Boom boom boom!”

He punched the divine realm tablet hard, creating thousands of rays of light!

Mo Sha’s expression suddenly changed greatly. His eyes directly bulged out like two huge lanterns. Under the light, they flickered with shock, astonishment, daze, and confusion.

The divine realm tablet didn’t break or fly away as he had expected. Instead, the sound of bones cracking came from the tip of his fist. His entire arm had exploded all the way down!

“Bang! Bang! Bang! Bang!”

His muscular body crumbled inch by inch, and the muscles on his entire arm exploded continuously, sending blood and flesh flying everywhere!

There will be a third update later, probably after midnight. Let’s watch it tomorrow morning. Good night.

Chapter 1059

1059 Get lost

“Ah!”

A deafening scream rang out in the air, shocking everyone.

Both beiming kangtian and Fei Ming’s faces changed drastically, and their eyes turned serious at the same time. The strength Yunxiao showed was beyond their expectations.

The rest of the human race cultivators were both happy and worried. Beiming Laifeng and the people of the red moon City had cold sweat dripping down their cheeks, and their hearts were filled with fear. If they were to encounter this expert of the sea Race, it would be almost impossible for them to escape, let alone win.

The water deity below was no longer as calm as before. Her face was filled with shock as she looked up into the sky, her eyes flashing with shock and coldness.

If one looked carefully, they would discover that the ocean beneath her was rippling in a regular pattern, and there was an extremely fine golden light hidden within.

At this moment, what frightened Mo Sha was not only the collapse of his arm, but also the infinite weight of the divine realm tablet. It was still pressing down continuously, directly breaking through his protective essence energy and trying to suppress his entire body!

Mo Sha's eyes immediately turned red, and his entire body began to transform into a demon. The power of his bloodline instantly ignited. With a loud roar, he directly spat out a black light that flashed through the sky!

“Bang!”

The black light hit the divine realm tablet directly, blowing away the terrifying gravity and world power.

The expressions of everyone on the ninth-rank warship changed drastically, and they were all shocked. They were not unfamiliar with the black light. It was the world-breaking power spat out by the giant-faced beast that they had just killed not long ago!

Yunxiao's heart trembled as well. He reached out and grabbed the divine realm tablet back.

At the same time, the two arms behind him flashed with incantation seals, and the trapped Black Flame mountain in the distance flew toward him, wanting to take it.

Mo Sha's eyes bulged out as he roared repeatedly. That was a profound level weapon that he cultivated his mind and spirit. Once it was taken away, not only would his strength fall greatly, but if the other party erased his mind imprint, it would also hurt his body.

In his rage, he opened his mouth again and spat out a black ray towards the Black Flame mountain. He wanted to save his profound level weapon.

“BOOM!”

The black light struck the Black Flame mountain and shattered the ring of Thunderstars, breaking the mirror light and the sword talisman. The eleven Northern heaven frigid star swords flew back toward Yunxiao with a clang.

Yunxiao's face darkened. The black light was indeed too powerful, but it could break through the realm and was difficult to match.

After Mo Sha spat out two mouthfuls of black light, his aura became extremely weak. He couldn't care about this anymore and quickly grabbed towards his Black Flame mountain. Retrieving the profound level weapon was the most important thing.

Suddenly, a cold voice rang out.

A green light shot out from the black flames that had trapped Yun Xiang, splitting the entire sea of fire in half. In the illusionary space that was illuminated by the flames, Yun Xiang's figure was faintly visible. He put his hands together in front of him and formed a Dragon Seal as he said, “The sigh of the true dragon!”

“BOOM!”

The sky suddenly darkened, and an extremely powerful Dragon's might descended from the sky, shocking the four corners of the world!

Everyone's face paled in horror, as if there was a heaven-shaking pressure pressing down on their souls. A huge tremble spread through everyone's heart, and those cultivators who were not strong enough were so frightened that they wanted to kneel down and worship.

In the dusky sky, a ray of green light suddenly condensed and fell from the sky. It was actually a complete Dragon-shaped force. It seemed to cross endless time and space, Crossing Worlds, and rumbling towards the devil sand.

Mo Sha's mouth was wide open in a daze. His entire person was dumbfounded. Even black Flame mountain had forgotten to collect it. He stared blankly at the Dragon figure descending towards him. Under this boundless and vast Dragon's might, he couldn't even raise a trace of resistance.

"BOOM!"

The Azure Dragon directly struck Mo Sha's body. Without losing any strength, it fell into the ocean. It struck out of the cliff and went straight to the bottom of the sea!

"Boom boom boom!"

The entire ocean began to boil, and the endless sea water began to rise, turning into water vapor that filled the sky. The entire sky was covered in mist, and everyone's faces were pale as if they were facing a River.

Yunxiao's eyes also flickered with horror as he looked at the abyss in the sea, which plunged into the bottom of the sea.

He pondered. If the Dragon-shaped force had hit him, he had no confidence that he would be able to avoid it. He couldn't help but break out in a cold sweat. Looking at the figure in the mist, a trace of fear flashed in his eyes.

The ocean below kept roaring, and each wave was stronger than the previous one. It was as if it was going to roll up the sky, and everyone's state of mind was difficult to calm down.

Darknorth kangtian's palms were also sweating, and he couldn't hide the shock in his eyes.

"Bang!"

The roaring sea was suddenly split open by a golden light. The water deity, who had disappeared, rose into the sky within the golden light.

Behind her, a Puppet Guardian in golden armor was holding onto Mo Sha, who was covered in blood and had his flesh torn open. It was unknown whether he was Dead or Alive. He was also in the golden light and followed closely behind.

The golden light on the water deity's body was like a blazing sun in the sky, dispersing all the water vapor in an instant, and the vast sky returned to its clear state.

Her ice-cold fairy-like appearance was even more stunning in the golden light, and the entire sky was actually dim because of it. It was as if she had stepped into winter with her mood, making people feel cold.

"Runxiang, you actually dare to kill my people?"

A celestial voice rang out, misty and dreamlike. Although it was a reprimand, it was like a silver bell piercing the ear, refreshing the heart.

On the ninth-grade battleship, everyone finally saw the water fairy's appearance. They were all stunned and lost their ability to think.

How could there be such a beautiful person in the world? she was like a Daffodil in the sky, untainted by a single speck of dust.

A strange emotion appeared in everyone's hearts. Why weren't they the ones being scolded? to be able to hear such a voice often, they would be willing to be scolded all day long!

All of a sudden, they were filled with envy, jealousy, and hatred towards RUO Xiang. To be able to be scolded by such a beauty, and to be able to talk to such a beauty, they instantly forgot how terrifying RUO Xiang was, and all of them stared at him with jealousy burning in their eyes.

RUO Xiang's heart trembled, and he actually did not dare to look at water deity's eyes. He turned his head slightly, flicked his long sleeves, and snorted coldly, Hmph, those who offend the Dragon's might deserve to die. This is just the end he deserves!

"You're so silly!"

Water deity was stunned for a moment. No one had ever dared to talk back to her like this before. She could not react in time and could only repeat herself, "You even dare to kill my people, How dare you!"

"Hmph, the moment you offended me, this ending was already decided. Fate can not be changed!"

With his hands behind his back, RUO Xiang's face flashed with arrogance as he said coldly, "Isn't his ending also because you spoiled him, Princess Xian'er? You're used to running wild in the four Seas and thought that you could offend anyone. You're already very lucky to have lived until now!"

"Y-you,

Narcissus was so angry that she did not know what to say. She had never had the experience of refuting someone and did not know how to scold them. She was at a loss for words. Then, she said, "Mo Sha isn't dead, he's just heavily injured."

She turned to Yunxiao, reached out her hand, and said, "Return the Black Flame mountain to Mo Sha."

...

Just now, after the devil sand was thrown into the bottom of the sea by Yun Xiang, Yunxiao naturally took the Black Flame mountain without any hesitation.

“Return? You must be joking, right?”

Yunxiao glared at her and sneered, “Do you think it’s like little girls playing house and going home after they’re done?”

“You’re so silly!”

The water deity was at a loss for words again. She suddenly met two people who didn’t buy her words. No one had ever dared to talk back to her. She had always been a woman of her word. All of a sudden, she didn’t know what to do. She thought for a while before saying, “Then how can you return it? With the Black Flame mountain, the demon sand will recover even faster.”

Yunxiao rolled his eyes and snorted, “What does his recovery have to do with me?”

The water deity’s face turned pale and her eyes turned cold. “Runxiang, help me kill him and take back black Flame mountain!”

RUO Xiang turned around and looked up at the sky, “I’m sorry, Princess Xian ‘er. I used too much strength in my attack just now. I’m afraid I won’t be able to recover in a short time.”

Although he was disgusted by the water deity’s attitude, his words were true.

He wanted to kill Yunxiao more than anyone else, but the sigh of the true dragon just now had greatly damaged his vitality, and the strength Yunxiao had shown when he fought Mo Sha had made him even more afraid. He did not plan to take any rash action before he fully recovered.

The people on the ninth-order warship were all burning with anger, cursing the two of them for not knowing what was good for them and not giving the beauty any face.

...

A figure stepped out of the warship, elegant and confident.

It was none other than beiming Laifeng. He took out a feather fan and waved it gently. With a few steps, he arrived in front of the water deity and chuckled, "I am beiming Laifeng, the young master of beiming Dark Palace. Greetings, miss."

"Get lost!" The water deity's eyes turned cold.

Beiming Laifeng's expression changed drastically, as if he had just been humiliated. An unknown fire burned in his head, but he quickly suppressed his anger and forced a smile, saying, "You should be a member of the sea Race and have never heard of the beiming Dark Palace, right? Beiming Dark Palace is one of the seven superpowers of the human race, second only to the two Holy Lands of the Holy region and the sea of soul formation. I am the successor of the palace Master of beiming Dark Palace, and I will be a great figure in the future."

The more he spoke, the more superiority he felt. He spoke non-stop, and his face was filled with a humble and polite expression. He was a humble gentleman, a young man in the martial arts world, and he could point out the world.

"Aren't you good?" the water deity interrupted impatiently.

Beiming Laifeng was stunned for a moment, then immediately smiled and said, "I'm not talented, but I'm honored as the head of the four prodigies of the North Region. If you say I'm not powerful, there aren't many powerful people in this world."

"Alright, then you kill him for me and take back the Black Flame mountain."

The water deity raised her hand and pointed her white finger at Yunxiao.

Only then did beiming Laifeng's expression change, and he immediately snapped out of his daze. However, the water deity's demeanor was extremely graceful, and every movement of hers was capable of pulling one's soul, causing beiming Laifeng to be unable to stop himself.

He thought for a moment, then reached out his hand to Yunxiao and said, "Young master Yun, it's not like you lack profound level weapons, so why don't you just return the Black Flame mountain to the girl?"

He had an impolite expression on his face, as if he was giving an order, but his lips moved slightly and he directly transmitted a message: young master Yun, please help me. I'll definitely compensate you with ten times the amount when we get back, and you'll always be an honored guest of my Beiming Dark Palace. I'll do my best to protect you on the East Sea.

Yunxiao raised his eyes and gave him a look, then said lazily, "Get lost," he said.

Chapter 1060-who cares?

Beiming Laifeng's face instantly turned pale and bloodless. A great sense of shame and anger welled up in his heart, and his face was completely twisted. He pointed at Yunxiao and roared, "Li Yunxiao! Are you really not going to give me face?"

Yunxiao's face turned cold as he said sarcastically, "Did I not make myself clear enough? Then I'll say it again, get lost!"

Beiming Laifeng's face was flushed red with anger. He was so embarrassed that he couldn't show his face in front of such a beautiful woman. He couldn't remain calm anymore. With a loud roar, his aura suddenly exploded.

"Lai Feng!"

Suddenly, a calm voice rang out. It was none other than Darknorth Kangtian. A wave of sound waves directly entered Darknorth Laifeng's brain, causing him to feel dizzy. His body trembled in the sky before he gradually regained his senses.

Darknorth Kangtian's face turned serious. Darknorth Laifeng's talent was already one in a million, a peerless talent that was hard to come by in a thousand years, but it couldn't block the water fairy's beauty. As a young man, it was indeed excusable for him to get caught up in it.

However, Yunxiao and Yun Xiang's eyes were as clear as crystal, without a ripple in them, and not even a hint of surprise could be seen. Their hearts of martial arts were so strong that being kangtian could not help but feel a chill run down his spine. These two young men were too terrifying!

Moreover, Mo Sha's strength was not much lower than his, but the two of them had seriously injured him, and even had the power to kill him directly, which sent a chill down his spine. He had been constantly raising his evaluation of Yunxiao, but every time he found that it was still too low. If they continued to grow like this, who in the world could suppress them in the future?

Darknorth kangtian's heart wavered. Was it worth it to spare Yunxiao's life for the sake of the tyrant body tempering technique?

After being shouted at, being Laifeng's furious divine sense suddenly sobered up, but his face was still ferocious. He pointed at Yunxiao and said coldly, "Li Yunxiao, you and I are irreconcilable!"

Yunxiao shook his head and patted it. "You've been trying to kill me all along the way, why are you only irreconcilable now? Did I make a mistake?"

"You coward!"

Being Laifeng was rendered speechless. He pointed at Yunxiao angrily, but he did not know what to say.

"Trash, you've wasted so much time. Since no one wants to kill him, I'll do it myself."

The water deity stomped her foot angrily, raised her Jade-like hand, and formed a seal in the air.

Being Laifeng's face was flushed with embarrassment, and his anger and killing intent were directed at Yunxiao. But no matter how much he hated Yunxiao, he did not dare to make a move.

"Whoosh!"

As the water deity formed an incantation seal in front of her, the golden light around her became brighter. The ocean below suddenly surged with waves, and an ancient sound rang in the sky. Every word contained extremely strong laws, knocking on everyone's heart.

Yunxiao's face flickered as he looked into the sea and saw a large shadow emerging from below.

Then, he raised his head and looked at the golden light around the water deity, as well as the ancient sounds that could tug at one's heartstrings and shock one's heart. His eyes were filled with horror as he finally knew the origin of this woman. His face darkened and he said coldly, "The daughter of the Poseidon family?"

Both water immortal and Yun Xiang trembled in surprise, not knowing how Yunxiao could recognize her.

All the human cultivators, including Fei Ming, were shocked. They looked at the water fairy in disbelief. Although they had guessed that this woman had an extraordinary background, they never thought that she was the princess of the Bo family, the Lord of the four Seas.

Just as the water deity was about to say something, a rainbow suddenly streaked across the sky, chasing them from a distance. It landed directly beside them and fell into the sea.

The entire sky suddenly became clear and the sea gradually calmed down. The waves gradually subsided.

The shadow in the sea Yunxiao saw also slowly disappeared. He looked puzzled and frowned as he looked at the Rainbow.

The other end of the rainbow was on a huge island in the distance. It was shrouded in clouds and fog, and the spiritual energy was pressing.

"Isn't it a joy to have guests from afar?"

A long voice rang out in the sky, and a figure could be seen on the rainbow, walking from afar.

The newcomer had the air of a Sage and a smile on his face. With every step he took, a ripple would spread under his feet like a lotus flower.

Yunxiao was taken aback. His eyes were as bright as torches, and he immediately discovered that the newcomer was a human!

the xiankong Island Grand meeting is about to begin. It is our honor to have so many powerful warriors coming from afar. I hereby summon Wen Zhan to welcome all of you on behalf of the great island master.

The man took a few steps and arrived in front of everyone. He looked up at the ninth-grade battleship, then at the water fairy. He nodded and smiled faintly. Then, his eyes swept across everyone like a Dragonfly skimming the surface of the water. However, everyone felt a chill in their hearts. It was as if all their secrets had been exposed with that casual glance.

But, there were a few exceptions, and Yunxiao was one of them.

Zhao wenzhan glanced at Yunxiao, then stopped and looked at him up and down. Little brother, you're a ninth-tier Alchemist?"

Yunxiao's eyes flickered as he said coldly, "Aren't you the same, Sir?"

Everyone was shocked, and only then did they realize that the man in front of them was also a ninth-tier Alchemist.

Alchemists were rare in the four Seas, so their status was extremely high. He did not expect that there would be a ninth-tier Alchemist on any Island, which showed how extraordinary the strength of xiankong Island was.

Even the water deity's face could not help but change when she heard that. She gave Yunxiao a few more looks and said, "So, you're a ninth-tier Alchemist. As long as you hand over the Black Flame mountain and pledge your loyalty to me, you can be spared from death.

Yunxiao waved his hand impatiently and said, "I hate these kinds of brainless remarks the most, can you please shut your mouth? Don't think that men will give you face just because you're pretty. Other than those toads who have their sperm in their brains, who else would hang you?"

"You coward!"

The water deity and darknorth Laifeng were both furious.

"You know my identity and you still dare to treat me like this. You, aren't you afraid of death?" Narcissus's face turned pale with anger.

The crowd also looked at Yunxiao in confusion. The princess of the Bo family was one of the most powerful people in the world, and even the Saint realm and the sea of soul formation did not dare to offend her. Not to mention that they were still at sea, even if they returned to the continent, they would not dare to offend someone with such a background!

Yunxiao frowned. what do you mean? Do I have to kneel down and lick the soles of your shoes just because I know your identity?"

The water deity was stunned. She was not good at retorting and could not say anything for a while.

Yunxiao stared at her coldly and snorted. no one is born noble or lowly. All honor and status are the results of one's own hard work. You are just born with a more powerful bloodline. Do you think others should have no dignity to lick your shoes? "

Everyone's mouth was wide open, and they were somewhat dumbfounded.

In this world where the strong preyed on the weak, strength was dignity and the right to speak. Without strength, one had to kneel and lick others 'boots, which was a well-known law. But Yunxiao's words had struck the soft spot in everyone's heart.' Yes, who is born to lick others 'shoes? you're just born in a better family.'

RUO Xiang also frowned and pondered.

Yunxiao slapped his palm toward the sea, and a water column shot up. He reached out and caught a fish in his hand, then said coldly, " "In my eyes, you're no different from this fish."

After that, he threw the fish back into the sea and said, " "At least this fish is working hard every day for its own livelihood, but you? You're always relying on your family background to run amuck everywhere. Speaking of which, you're even worse than that fish."

The water deity's mouth was wide open in shock, and she stammered, " "You, you, you dare to say that I'm not as good as that fish? You, you deserve the death penalty!"

Yunxiao's face turned cold as he snorted. death penalty? Your illness is acting up again, it's time to go back and take your medicine!"

...

The water deity had a stomach full of anger, but she didn't know how to get angry. The other party's words were quite reasonable, but she felt that something was wrong. She only knew that every sentence of the other party was condemning her and pointing at her faults, but she couldn't refute it. Her eyes were red with anxiety, and she was about to cry.

Everyone was sweating profusely. Yunxiao was probably the only one in the world who dared to insult the daughter of the ocean Emperor.

RUO Xiang also found it indescribably strange. He thought to himself that Yunxiao was indeed a man who did not care about his life, but he also had a trace of admiration for him in his heart. Only such a fearless heart of a brave man could achieve such proud achievements.

Zhao wenzhan also laughed bitterly in his heart. He had long known about the water fairy's identity. He did not expect that there would be someone who would not give her face. This was really the first time he had seen it. However, the young man in front of him was a ninth-tier Alchemist at such a young age, so he must be a proud man with an extraordinary background.

He saw that the atmosphere between the two was getting more and more awkward, and no one came out to smooth things over. He was afraid that things would get out of hand, so he hurriedly said, "all of you are heroes of the world. It's fate that brought us together in the Xian Kong Island. I hope that all of you can give us some face and let go of your grudges. Let's have a cup of tea on the island and wait for the start of the treasure Show.

Everyone looked at each other. They had never heard of this Xian Kong Island or any Treasure Show. Everyone's eyes were fixed on Beiming Kangtian and Beiming Laifeng. After all, they were the leaders of the group.

Darknorth Kangtian frowned. He cupped his hands and said, "We just happened to pass by and didn't mean to disturb you, so we won't bother you. Please send our regards to the first island master."

It seemed that this Xiankong Island was not a simple place. Their destination was the ruins of Donghai Palace, and for fear of causing more trouble, they immediately decided to set sail and leave.

you can't leave! water deity shouted at Yunxiao in a hurry. you haven't returned the Black Flame mountain to me! I want to save Mo Sha!

Yunxiao turned around and gave him an evil smile. "What does it have to do with me that you want to save Mo Sha? Runxiang was the one who injured him, you should be looking for him."

Water deity was stunned for a moment and thought to herself, "that's right, what does my saving Mo Sha have to do with him?" It was Run Xiang who had injured him. Her eyes immediately turned cold like the ice of the twelfth lunar month as she looked at Run Xiang.

...
