

The Eternal 1071

Chapter 1071

1071 Crystal melon

The secret chamber fell silent all of a sudden. Yunxiao seemed to be lost in his memories, and the look on his face kept changing.

“But with your current strength, snatching the Poseidon’s blood will only lead to your death!” The demonic Dragon tried to stop him.

Yunxiao’s eyes were also filled with struggle as he said in an irritated tone, “but if I don’t take it from this girl now, should I wait until her bloodline power is complete, or go to the ocean Emperor Palace to take it?”

“Her bloodline is still far from the phenomenal success stage,” the demon Dragon said. “If it’s not, you’ll have to pay a huge price to nurture it. Why don’t you wait until you’ve recovered the power of your previous life before looking for this girl? you were able to get her in your previous life, so now that you have so many trump cards, what do you have to be afraid of?”

it was a coincidence in my previous life, ” Yunxiao said with a wry smile. it’s not like you don’t know that. Even so, I almost lost my life. If I miss this opportunity, I’m afraid I’ll miss it for the rest of my life.”

The demon Dragon pondered and said, “that’s right, that little girl seems to be looking for someone with fire-type magical powers. The person mentioned in Duanmu you Yu’s divination should be you, right?” Perhaps this is a way to obtain the Poseidon’s blood.”

Yunxiao frowned and asked in confusion, “Let’s not talk about what that girl wants the fire god art for. What do you think about divination? If he could predict what had already happened, I would still believe it, but to be able to predict something that has yet to happen, isn’t that a little too incredible?”

The demon Dragon said, “this should not be a problem for you. The power of divination is just the power of the rules of this world. The past, present, and future are all within the flow of time. If Duanmu Youyu can really enter the torrent of time, then it would not be surprising to see the past and the future.

yes! Yunxiao nodded and said, " I follow the path of fate, but my fate is not in the hands of heaven. I'll think about the ocean Emperor's bloodline for now and see why that little girl wants the divine flame."

After making up his mind, he suddenly made a grabbing motion with his spiritual sense and a Jade token flew into his palm.

It was the one that Liao yangbing had used to send the message. He scanned it with his divine sense and found that three days had passed.

"Eh? Liao yangbing actually recognized Zhao wenzhan, this is interesting."

The demon Dragon and Yunxiao's souls merged into one, and they also received the information in the Jade token.

Zhao wenzhan is a human, " Yunxiao murmured. if he had gone to sea in his early years, he might have come from Haitian town. It's not surprising that Liao yangbing recognized him.

He pondered for a moment, then opened the door of the secret room and walked out.

Yunxiao's divine sense swept through the space. Many Warriors had entered seclusion, but there were only twenty or thirty of them, and the rest were no longer in the space.

He then left the profound artifact space and started to wander around the Xian Kong Island.

The entire Island was in the shape of a " heart ", and the rows of buildings were in the center of the island. It suddenly became lively, and people came and went, like a vegetable market.

"Young master Yunxiao."

Suddenly, a voice called out, and a ray of light flickered in space. Zhao wenzhan immediately appeared in front of him, his eyes smiling. "Young master has come out of seclusion?"

I've just come out, and I've already run into you, Mr. Wen Zhan," Yunxiao said with a smile. what a coincidence!

Zhao wenzhan's face turned red. He knew that the other party had seen through his surveillance, but he didn't mind. He casually said, "Hehe, the island is only the size of a palm. What's there to be coincidental about? On the other hand, young master Yunxiao has been in seclusion for three days. I'm sure you've gained a lot, right?"

He blinked his eyes, as if he was implying something.

Yunxiao laughed and said, "It's alright. I wonder how Mo Sha is doing now?"

Zhao wenzhan smiled bitterly and said, "young master Yunxiao sure is comfortable. He took away someone else's intrinsic Mystic artifact. Mo Sha's injuries had already stabilized, but he was still unconscious. The most fatal thing was that his cultivation had dropped by a few minor realms, and it would be difficult for him to make any further progress in the future. After Princess water fairy found out about the situation, she wanted to kill you several times, but we stopped her."

Yunxiao sneered and said, "Mr. Wen Zhan, you'd better not stop her. Let that little girl come over. I can take her blood, and you know what I mean.

Zhao wenzhan was so scared that his entire body trembled. His face was pale as he said in horror, "young master Yunxiao, don't you gossip. It's already a great sin for you to say that you want to take the Poseidon blood. If you continue to talk nonsense like this, I'm afraid it'll be difficult for you to walk out of this sea!

Yunxiao smiled and changed the subject. "Mister Wen Zhan is a member of my clan, why would he stay on this unknown island?"

Zhao wenzhan smiled and said, "everyone has their own path. It's hard to explain in a few words. I think it's better for me to bring young master Yunxiao around the Xian Kong island's market. It only opens once every five years, and it's the rarest."

Seeing that he was not willing to tell him, Yunxiao did not force him. He nodded and said, "That's good too. I also want to know how this so called dazzling treasure meet will turn out."

Zhao wenzhan laughed, "the dazzling treasure meet is actually similar to the mainland's high-level auctions. Other than the Xian Kong Island hosting and taking out some treasures, most people bring their own treasures to the auction. There were still ten days before the Grand meeting, and all the participants had spontaneously formed a market to conduct all kinds of private transactions. The ocean is rich in resources, but profound level weapons are rare. Even a storage ring can be sold for a good price. Young master Yunxiao, don't miss this opportunity to make a fortune."

it's a pity that I'm poor," Yunxiao said indifferently. why don't you give me a few profound level weapons, Mr. Wen Zhan, so I can make a fortune?"

"Haha, young master Yunxiao, you must be joking," Zhao wenzhan laughed.

The two of them flew down from the sky and headed towards the bustling market.

The size was similar to that of the human race's market, but the people who were communicating were strange-looking members of the sea Race. Moreover, each of them was quite strong, and they faintly emitted a surging power.

The two humans also attracted the attention of the other Sea Race members. All of them had curious looks on their faces. Some of the sea Race members had never been on the continent in their entire lives, so they had never seen humans.

However, it was fortunate that many of the cultivators who had gone out to sea with them were also among them. These Sea Race people were more or less used to having humans in and out of the sea, and they slowly got used to it.

"Hey, human. I have some good stuff here, so I'm here to take a look."

A blue-colored muscular sea tribe member by the side of the road roared with a deep voice. His two orange-sized eyes were like beans that emitted a green light.

He pointed at his stall, and seeing that he had attracted the attention of two people, he hurriedly picked up a watermelon-like crystal and held it in his hand. This is a ten-thousand-year-old green crystal melon. It contains the essence of the East Sea. If you practice Water-type divine arts, it will have unexpected effects.

The ten-thousand-year-old jade crystal melon was completely transparent, and it constantly reflected a jade-green light. It really looked like a watermelon, with a trace of essence Qi flowing inside.

Yunxiao looked surprised as he said, "A crystal melon from an underwater spirit vein?"

He knew that there were some places in the four Seas with extremely rich spiritual veins that could bear wild fruits like the fertile soil on the land, and at the bottom of the sea, crystal melons that were full of various energies could be formed by absorbing the Qi of the spiritual veins. They were considered an extremely rare natural treasure.

That's right. It's a ten-thousand-year-old herb. It contains the essence of the East Sea!

When the sea clan man saw Yunxiao's surprised look, his interest was piqued, and he began to explain, "There are no more than ten watermelons in the entire Eastern Sea. It's the most precious treasure for Water-type martial cultivators!

Yunxiao had never seen such a strange object before. After carefully observing it, he said, "This is my first time here, I wonder how I can trade for this?"

The sea tribe cultivator's bean-like eyes lit up and he said, "You're a human, right? The friendship between the two clans will last forever. If you give me a top eighth tier profound armament, then you can take it!"

Yunxiao's forehead was covered in sweat as he thought to himself, 'there are not many people among the sea Race who are as eloquent as you.

If this kind of thing was placed on the continent, it would definitely be worth the price of a ninth tier profound armament. However, it was his first time here and he was afraid of being scammed. Thus, he was more careful and looked at Zhao Wenzhan.

Zhao wenzhan had a smile on his face, and the light in his eyes flickered slightly.

Yunxiao immediately understood. He put away his curiosity and turned to leave.

“Hey, hey, don’t go! Eighth tier middle level profound armament will do, there’s no need to use the top grade!”

When the sea man saw that Yunxiao was not buying it, he immediately grew anxious and chased after him with the crystal melon in his arms.

...

this thing is indeed magical, ” Yunxiao said with a smile. but I’m not a water-elemental cultivator, so it won’t be of much use to me.

The Marine race expert’s face revealed a look of disappointment as he hurriedly said, ” “This thing is definitely rare on your continent. You can take it back and sell it to water element Warriors to make a lot of money.” When he saw Yunxiao still hesitating, he gritted his teeth and said, ” “Eighth tier initial level profound armament will do, as long as it’s eighth tier, I’ll sell it! The price will definitely not be lower than this!”

Yunxiao looked at Zhao wenzhan again, and the oceanic species expert hurriedly glared at him and encouraged him, afraid that he would say something.

Zhao wenzhan smiled slightly and did not say a word.

alright, ” Yunxiao said. I’ll take this melon.

The sea man was overjoyed, and as if he was afraid that Yunxiao would go back on his words, he stuffed the crystal melon into his hand and said excitedly, ” “I hope to have a heavy attack type eighth tier profound armament.”

young master Yunxiao, ” Zhao wenzhan said. the deal only requires an eighth-tier Mystic artifact. You can give it to me as you wish. Even an eighth-ranked storage ring would meet the requirements.”

“You shut up!”

The Marine race expert glared at him and raised his fist as he roared, ” “The rules of Xian Kong Island State that no one is allowed to interrupt the trade!”

Zhao wenzhan said coldly, ” when did I interrupt your transaction? I’m just reminding my friend that the bargaining chip is only an eighth tier initial level profound armament.”

Yunxiao casually took out an eighth-tier sword and handed it over. “I only have one long sword here, what do you think?”

...

That marine race expert was currently glaring angrily at Zhao wenzhan, as if he wanted to remember his appearance and settle the score with him in the future. When he turned his head and saw that treasured sword, his eyes suddenly burst with green light. He snatched it over and said in wild joy, ” “Eighth tier middle level profound armament? Alright, deal!”

Although they were both eighth tier profound armaments, but elementary and middle tier were two different concepts, and the price difference was one hundred and eight thousand miles.

The Marine race expert played with the sword excitedly for a while. After making sure that the sword was undamaged, he quickly put it away. His eyes revealed an extremely kind gaze as he pointed to his stall and said, ” “You two, let’s take a look. There are still many good things.”

Chapter 1072-worn out iron shoes

At this time, the surrounding people also revealed envious and jealous expressions, and one after another shouted, ” “Human, come to my place, come to my place and have a look!”

As if afraid that Yunxiao would be robbed, the sea man dragged him to his stall and showed him the items one by one.

Yunxiao had already glanced through the goods in his stall. Although there were many precious items, they were not enough to catch his eyes. After all, these Sea Race people all wanted to exchange for profound level weapons. The profound level weapons he had were very limited and he wanted to keep them to trade for more valuable things.

The Marine race man could not help but feel a little disappointed when he saw Yunxiao shaking his head, but he was already very happy to be able to exchange for an eighth-tier medium-grade Mystic artifact.

Yunxiao and Zhao wenzhan strolled around slowly and exchanged for a lot of things in no time. The low-grade Mystic artifacts they had on them were basically used up.

Zhao wenzhan, on the other hand, rarely made a move. He had only purchased two marine products in total, and the prices were extremely low.

Obviously, he had seen most of these sea creatures before, and they were not as fresh and surprising as Yunxiao's, so they were not worth much in his eyes.

Yunxiao passed by several stalls and stopped for a moment, his face changing constantly. In the end, he sighed and walked away.

Zhao wenzhan found it funny and said, "young master Yunxiao must be upset that he didn't bring more profound level weapons with him, right?" Primordial stones are useless here, and even primordial cores are worthless. Only profound level weapons are the real currency."

Yunxiao shook his head with a wry smile. indeed. As a ninth-tier Alchemist, I've never even heard of many heavenly materials and earthly treasures. This is really an eye-opener for me. Fortunately, there's still time. I'll go back to the secret room and refine some more."

He had already told Gu Yuesheng to start refining eighth-tier profound armaments in large batches. He had thrown all the materials he had on him into the furnace. The profound armaments that the sea tribe

needed were almost all of the powerful attack type. It didn't matter if they were a little rough as long as they were of a higher tier.

Zhao wenzhan laughed and said, " I've been at sea for a long time. I've become used to many things. For example, the green jade crystal melon, the morning dew, the Silver Flame, the six-leaf ning bug, and so on that young master Yunxiao just bought. Although these are considered good existences on the sea, they can not be considered top-grade."

but once we bring them back to the continent, these things will be even better than top-grade raw materials, " Yunxiao said.

He turned his eyes and suddenly saw half a big clamshell on a stall on the ground, with some bright beads inside.

Yunxiao's pupils constricted. He hurried over, took one out, and carefully observed it in his palm.

The sea Race stall owner's heart was filled with joy. From far away, he could see that this human expert's skills were extraordinary. There were at least ten eighth tier profound armaments in his hands. He immediately stood up and introduced, " "My Lord, this thing is called the moon Pearl of the East Sea. Although it's not a Supreme treasure, it's still an extremely rare item in the East Sea. If you have these beads to accompany you during cultivation, you can calm your mind and focus, greatly improving your cultivation."

It was indeed the moon Pearl of the East Sea!

Yunxiao was overjoyed. There were eighteen of them in that half of the clamshell. He had really searched high and low for them, but they had all come to him without any effort.

He calmed himself down and said, " "How do you want to trade this bead?"

The Marine race expert was also overjoyed. He said excitedly, " "My Lord, do you want one or a few?"

"All of them," Yunxiao said.

“You want all of them?”

The Marine race expert was stunned. Zhao wenzhan was also somewhat shocked. Although these beads were not of much use, they were indeed precious items. A total of 18 beads was probably worth a lot.

But, every Alchemist had their own ideas, so he did not ask too much.

The Marine race member thought for a moment and said: “ these beads are for the merman race to trade. For every three of them, we will exchange for an eighth tier profound armament.

He looked at Yunxiao nervously, fearing that the price he offered would cause the other party to feel disgusted.

Yunxiao gave a long sigh. He had caused a lot of trouble in Red Moon City for these beads, but he did not expect that he could trade one eighth-tier Mystic artifact for three.

The sea man thought Yunxiao was dissatisfied, so he said hurriedly, “ Any eighth tier profound armament, as long as it’s eighth tier. If you can exchange for more, you can get it a little cheaper.”

“I’ll trade them all,” Yunxiao said. But since you don’t have so many eighth tier profound armaments, I will use a ninth tier profound armament to exchange for all of your pearls, how about it?”

“What?”

The Marine race expert was startled. He revealed a shocked expression and said, “ What did you just say? Ninth tier profound armament? Do you really intend to use a ninth tier profound armament to exchange for these beads?”

His face was filled with shock, clearly not quite believing it.

There were only a few ninth-tier alchemists in the entire Four Seas, and almost all ninth-tier Mystic artifacts were collected and treasured by S-Class forces, which were impossible to reveal to the outside world.

The Marine race expert's cry immediately drew the attention of the surrounding people. They were all shocked and gathered around.

Yunxiao frowned. He did not expect that the mention of a ninth-tier Mystic artifact could cause such a big reaction.

Zhao wenzhan's expression changed slightly. He transmitted, " profound level weapons are rare among the sea Race. A ninth tier profound level weapon is enough to cause a sensation. He paused for a moment and continued,"young master Yunxiao really intends to use a ninth tier profound armament to exchange for these beads?"

He obviously didn't believe it, thinking that the value of these beads was not worth a ninth tier profound armament. After all, it was very hard for ninth-tier alchemists to refine ninth-tier Mystic artifacts.

yes! Yunxiao nodded and said, " these beads are of great use to me. Why are all these Sea Race people staring at me as if they want to eat me?"

Zhao wenzhan laughed bitterly and stood out, shouting, " "What are you all doing here? Don't tell me that you've forgotten the rules of Xian Kong Island, that no one is allowed to interfere with an ongoing transaction in any form!"

The Sea People seemed to be very afraid of the rules of xiankong Island. After giving Yunxiao and the stall owner a few more glances, they left one by one, but their eyes were always on them.

The stall owner's expression was gloomy and uncertain. He lowered his voice and said, this friend, do you really have a ninth tier profound armament and you are willing to exchange? "

Yunxiao nodded. He had killed a lot of martial emperors, and he did have a few of them on him, but they were all low-grade ninth-tier items for him, and he had planned to use them to exchange for money.

A light flashed in his hand, and a short blade appeared. He handed it over.

The stall owner took the knife with both hands in a panic. After a careful sweep of his spirit sense, he confirmed that it was a ninth tier profound armament without a doubt. Although it was slightly damaged, it did not affect its use.

“As expected, as expected!”

He called out twice in a row, as if to prove that he was not dreaming. Then, with a wave of his hand, he immediately put away the short blade and handed the half clamshell to Yunxiao with both hands.

Yunxiao was also very happy. He put away all eighteen Eastern Sea Moon pearls, his face beaming with joy.

After the transaction, the stall owner packed up all the goods on the ground. After bidding Yunxiao farewell, he turned into a beam of light and fled into the distance without saying a word.

you don't have to be so cautious, do you?” Yunxiao asked in surprise. ”

Zhao wenzhan smiled bitterly. you won't understand the significance of a ninth-tier Mystic weapon to the sea Race. A ninth-tier Mystic weapon is enough to cause a large-scale fight among the sea Race above A-Class. I'm afraid that person just now is going to be troublesome, but since he dared to exchange with you, he probably has some skills.”

Sure enough, Yunxiao soon found that many sea people were chasing in the direction where the stall owner had gone.

unless it's at the treasure exhibition, ” Zhao wenzhan said. otherwise, young master Yunxiao shouldn't take out a ninth-tier Mystic weapon.

Yunxiao smiled wryly. He did not know that much, and he did not have that many eighth-tier Mystic artifacts with him. He was determined to get the eighteen moon pearls of the East Sea.

...

The appearance of a ninth tier profound armament had caused quite a stir in the dark, but it quickly quieted down.

After getting the bead, Yunxiao was no longer in the mood to wander around. When he was about to leave, he suddenly heard a quarrel in the distance, and then he heard a familiar voice.

Many members of the sea tribe gathered around. The two of them were also curious, so they looked at each other and followed.

It turned out that a human and a member of the sea Race had their eyes on some materials at the same time, which caused a dispute. The human was none other than elder Yan of the battle blade team.

Yunxiao also found it strange. Elder Yan was a rigorous and tactful man, and he rarely had conflicts with others.

Elder Yan was smoking his pipe and said, "These purple snow corals have already been reserved by me. You barging in, do you even have the rules of this Xian Kong Island in your eyes?"

Yunxiao laughed inwardly. 'Elder Yan is indeed an old fox. He did not mention himself in the dispute, but first brought up the rules of xiankong Island to pressure the other party.'

The complexion of a completely White Sea tribe warrior, whose meridians and bone armor could be seen through with a glance, changed on the spot. He sternly shouted, "I didn't break the rules! You're just looking at the purple snow coral, can't I buy it?"

"First come, first served. Do you want to go first or should I go first?" elder Yan sneered.

The Marine race man was obviously not as eloquent as elder Yan, and he was immediately at a disadvantage. As he saw more and more people surrounding him, he said anxiously, " anyway, I didn't break the rules. If you can buy the purple snow coral, I can also buy it. The one with the highest price will get it!

“That’s right, the one with the highest price will get it!”

...

The stall owner’s eyes lit up and he hurriedly responded, “Both of you are right, there’s no need to argue. How about this, whoever offers the highest price will get it.”

The transparent sea tribe member was pleased with himself. He took out a piece of mud-like soil and held it in his hand. “I am willing to use ten Jin of seaborne soil and a seventh tier profound level weapon to exchange for these purple snow corals.”

The stall owner’s expression didn’t change. It was obvious that he wasn’t very satisfied with the two items. He turned to elder Yan and said, “Human, what about you? If you can take out an eighth tier middle grade profound armament, this purple snow coral will be yours.”

Elder Yan’s face was hidden in the smoke, and his expression could not be seen.

But, Yunxiao saw it clearly, and he saw the bitter look on the man’s face.

Yunxiao chuckled in his heart. Elder Yan was a poor cultivator, and his Natal Mystic artifact was only an eighth-tier medium-grade Mystic artifact. How could he have anything to exchange for it?

The stall owner seemed to have noticed his embarrassment and said unhappily, so you’re just a pauper. If you don’t have money, then get lost. Why are you still arguing with others? you’re wasting everyone’s time!

Elder Yan was embarrassed and angry. He blew out more smoke to hide his embarrassment.

Chapter 1073

1073 Purple snow coral

tsk, he’s really poor. I thought there would be a good show to watch.

in a remote place like the heavenly martial continent, what kind of treasure can we expect them to offer? ”

even if the richest of the humans were to come to the eastern sea, they would only be below average.

The spectating marine race members also revealed disdainful expressions and began to disperse. All of them revealed looks of contempt.

The transparent marine race expert revealed a proud expression. He took out another seventh tier profound armament, a long spear, and handed it over.

Yunxiao’s eyes fell on the purple snow coral in the stall, and his pupils constricted slightly.

The so-called purple snow coral was actually similar to the origin crystals used by the sea tribe. It was also an item that stored origin power.

The heavens created all things, the work of the gods, the magic was beyond the reach of human power.

Although the purple snow coral was an existence that could store elemental energy, it was not dead. It was a living thing like ordinary corals and could move on its own at the bottom of the sea. The elemental energy in their bodies was not formed by nature, but was continuously absorbed by the heavens.

The purple snow coral had an extremely sensitive sense of touch and preference for energy. It would automatically judge the level of its ability, and selectively devour and store some powerful energy. After they died, the energy would be deposited and become an existence like origin crystals.

However, the energy contained in any piece of purple snow coral was definitely much higher than that of origin crystals, which was also where their value lay.

The purple snow coral in the stall of the sea tribe was half the height of a person. It was snow-white with some purple spots on it. It lay there quietly, and ordinary people couldn’t detect the energy fluctuations inside.

But, Yunxiao's heart skipped a beat. The power inside the purple snow coral gave him a very familiar feeling.

Not only Yunxiao, but Zhao wenzhan, as a ninth-tier Alchemist, also felt that the purple snow coral was a little different from ordinary ones, and he looked surprised.

"Wait, I want this purple snow coral."

Yunxiao finally stood up and walked to the stall, then reached out his hand and touched the coral.

"Stop!"

The transparent member of the sea tribe shouted angrily and glared, "I've already bought it. Didn't you see?"

"Young master Yun!"

When elder Yan saw who it was, he quickly dispelled the cloud and smoke on his body and saluted. He looked at the purple snow coral with some reluctance and said in a low voice, "the power in this coral is not simple. It's definitely worth it to buy it!"

Yunxiao gave elder Yan a surprised look. He did not know how the latter could sense it. He nodded slightly, then smiled at the transparent sea tribe member and said, "I just heard you say that the highest bidder will get it, is that true?"

The sea tribe member with a bright body said arrogantly, "Of course! It's a business deal, of course, the one with the highest price will get it!"

Zhao wenzhan sighed, thinking that these people of the sea were indeed much worse than Yunxiao in intelligence. He continued to focus his attention on the purple snow coral and observed it carefully.

that's right, " Yunxiao said with a smile. I'll offer a higher price, and it'll be mine.

"Ah? T-this Yingluo!"

The transparent member of the sea tribe was unable to react in time. He stood there in a daze.

"Yes, yes, yes, the one with the highest price will get it, the one with the highest price will get it!"

The stall owner was overjoyed. He squinted his eyes and grinned from ear to ear. He praised, "My Lord, you have good eyes. This purple snow coral of mine is a fossil that has been around for hundreds of thousands of years. The energy it contains can not be underestimated."

"Hundreds of thousands of years?"

Both Yunxiao and Zhao wenzhan were taken aback, and their eyes flickered with surprise.

"Hehe."

The stall owner touched the surface of the purple snow coral with his hand and pointed at some snowflake-like patterns on it. look at these marks. They're all fossils that were buried deep in the ocean. From the marks on the surface of their bodies, I can determine that they're at least 300000 years old!

Elder Yan smoked his cigarette and said, " "However, the longer the time passes, the more the energy inside will be lost."

"Hmph, you know nothing!"

although there will be some loss, it's equivalent to a gamble, " the stall owner said angrily. there might be an extremely terrifying power inside.

I'll offer you an eighth-tier medium-grade Mystic artifact, " Yunxiao said.

As soon as these words were spoken, the expression of the sea tribe member with a bright body suddenly changed, and a fierce light shot out from his eyes.

“What style is it?” the stall owner’s eyes lit up.

“Up to you,” Yunxiao said.

“Follow me?”

The stall owner was confused. He didn’t understand what he meant.

The transparent marine race expert sneered, “ although an eighth tier intermediate level profound armament is good, but if it’s not suitable, what’s the use of it? ” A light flashed in his hand, and a large blade appeared. He grabbed it in his hand and said, “This initial eighth rank silver wood knife and the ocean wave stone.”

The stall owner’s eyes brightened, and he revealed a look of great joy. He stared at the Silverwood saber, as if he couldn’t bear to part with it.

a peak eighth-tier Mystic artifact, ” Yunxiao said. you can choose the style.

“You’re so silly!”

what do you mean by ‘I can choose whatever style I want’? ” the transparent sea tribe member said angrily. if you have the ability, take it out and let me see!

tell me what you want, ” Yunxiao said indifferently. as long as it’s a peak eighth-tier Mystic artifact, I can give it to you.

The stall owner was confused, but he still said, ” it’s best if it’s a battle saber type. It’s three feet long and two inches wide. It’s of the gold element.

“What else?” Yunxiao asked.

“No,” the stall owner shook his head. As long as you can take out such a profound level weapon, this purple snow coral is yours.”

Yunxiao nodded and stretched out his hand. A golden light flashed, and then a vast power surged out.

The cauldron of mountain and river flew out of his palm and turned into the size of an ordinary copper furnace. It floated in the air.

The golden light radiated with spiritual energy. The body of the cauldron was engraved with rivers, mountains, rivers, flowers, birds, and beasts. They were all very vivid and lifelike.

...

“Ah? This cauldron!”

Zhao wenzhan was shocked and looked at it in shock. He could tell at a glance that this cauldron was not an ordinary item. Not only was it a ninth-grade cauldron, but it was also not an ordinary ninth-grade cauldron. The vast cauldron energy that came down from above made his blood boil.

The Marine race members in the surroundings were also shocked. They had never seen such a treasure before. However, the large cauldron was not the type that they liked. Although they were shocked, they did not have any thoughts about it.

Zhao wenzhan was different. He had a fanatical obsession with cauldron weapons. The moment the cauldron appeared, his eyes immediately lit up, and the shock in his heart was revealed on his face without any concealment.

“This is a Kasaya.”

All the members of the sea tribe were puzzled. The stall owner frowned and said, " this cauldron is good, but I won't trade it for the purple snow coral. I need a battle saber at the peak of the eighth rank.

Yunxiao's face darkened as he cursed in his heart, " This cauldron can be exchanged for a hundred islands 'worth of purple snow coral, and you still refuse to exchange? I won't exchange even if you kill me!

He couldn't be bothered with the Marine race expert and simply took out some materials and threw them into the cauldron. The image of a Phoenix Flame flashed between his brows, and the entire cauldron immediately began to burn with a whooshing sound as it spun in the air.

At this time, everyone finally understood that he was actually going to refine it on the spot. One by one, their mouths were wide open in shock and horror.

Alchemists were one in a million among the sea Race, and they had never seen anything like it with their own eyes. Their eyes widened, and they even forgot about their business as they all gathered around.

On the other side of the island, water deity and Fei Ming were watching the performance of more than ten members of the sea tribe.

...

It was the fire element armament that she had found again. Run Xiang didn't have time to mess around with her. Only the pitiful Fei Ming didn't dare to resist her despotic power, and obediently followed her over to act as a hatchet man.

Under the pressure of Fei Ming's might, the sea tribe's Warriors all displayed their secret techniques.

Water deity's expression became uglier and uglier, especially after the last performance, her eyes were as cold as water, flashing with a fierce look.

Feiming could tell that she wasn't satisfied with just one look. He lowered his head and didn't dare to leave, waiting for orders.

The last member of the sea tribe was obviously very satisfied with his performance. He said proudly, "miss water deity, my thousand flame Phoenix is a godly technique. In the world today, there is no fire-type sacred art that is better than mine. Are you satisfied?"

The water deity's face turned even uglier. Just as she was about to flare up, she suddenly sensed something, which made her heart skip a beat.

She was shocked and quickly turned her head to look in the direction of the market.

"Whoosh!"

She immediately turned into a ray of light and flew towards the market.

Feiming was shocked and didn't know what was going on, but he still followed after her hurriedly.

The dozen or so cultivators who were left behind looked at each other and frowned.

One of them said, "what's with miss water fairy's attitude?" He didn't even say he was satisfied or not, and he just left without expressing his attitude. Isn't that too rude?"

"Manners? Didn't you see miss water fairy's face? You're lucky that I didn't slap you to death."

that's right. The strength of the sea tribe member beside her is too terrifying. Just the aura she released was enough to suffocate me. It's good that she's gone. I'll hurry back.

damn it, I used all my strength to cast the divine art. I thought I could get the Beauty's favor, but I didn't even get a fart. How disappointing!

"Hmph, you want to spy on miss water fairy with that little strength of yours? Why don't you take a look at your own Toad-like face!"

The last member of the sea tribe laughed maliciously. A cold light flashed in his eyes as he stared in the direction that water deity had flown in. He was deep in thought.

“What did you say, kid? I’m from the sea toad clan, not a Toad from the land!”

The sea toad expert shouted in anger. The lumps on his body exploded one by one, and a violent aura spread out, locking on to the sea Race expert who had used the last magical ability. It was as if he was going to declare war.

The sea clan member’s face turned cold, and a mocking smile appeared on his face. He said coldly, “You’re really blind, you actually dare to be rude to this Lord!”

His eyes burst out with a cold intent, and a faint flame covered his body. Just his aura alone was enough to break the sea Toad’s pressure.

Furthermore, this person’s face began to change. His originally delicate and pretty face gradually turned into a triangular beast, revealing a cold and gloomy expression.

“Argh! You, you’re Yingluo.”

The sea Toad’s face suddenly contorted and changed shape, revealing a look of horror. The arrogance from before was gone, and he was so scared that he almost knelt down.

Chapter 1074

1074 The person we’re looking for

The other ten or so members of the sea tribe also changed their expressions, as if they had recognized this person’s origin. They all retreated in horror, and one of the cultivators trembled and said, blood snake, you’re an A-Class member of the sea Race, a powerhouse of the blood Snake Race!

The Marine race expert flicked out a black tongue. His eyes were filled with coldness and contempt as he mocked, "Ignorant fool, it's too late to know now!"

The flames on his body flashed, and an extremely gorgeous Scarlet light streaked across the sky.

"Ah!"

"Bang!"

The sea toad expert exploded like a flame, turning into countless flames that scattered in all directions before he was burned to ashes.

The rest of the people were so scared that they stepped back and became extremely vigilant.

"Hmph!"

The young man from the blood Snake Clan snorted coldly. His face returned to human form, revealing a ferocious expression. "Water deity, what a beautiful girl. You are mine!"

He no longer paid attention to the crowd. He immediately turned into a red light and chased in the direction of the market.

The remaining members of the sea clan looked as if they had just survived a disaster. Their faces turned pale, and they quickly left this troublesome place.

The water deity's speed was extremely fast. In the blink of an eye, she arrived at the city square. Her eyes kept looking around, as if she was trying to find a direction.

She was extremely beautiful. The moment she appeared, she immediately attracted the attention of the crowd, causing a commotion.

“It’s over there,”

She suddenly shouted and disappeared from where she was.

Feiming had just landed as well. He turned around and disappeared as well, following them.

The faces of the sea clan members in the surroundings changed slightly. When the two of them had used their escape techniques, the power that had leaked out had made them all extremely frightened.

Fortunately, he didn’t have any ideas about that girl.

The oceanic species ‘experts who had such thoughts earlier broke out in cold sweat. They rejoiced in their hearts.

The water deity appeared at the periphery of the group and flew up into the air. She immediately saw a beautiful scene. Her cold face was stunned and her thin lips were slightly open in shock.

In the crowd, the cauldron of mountain and river shot out tens of thousands of rays of light. The mountains and rivers carved on it seemed to be flowing, and the chirping of birds and the fragrance of flowers spread out. It was as if it was a real world.

A white-robed young man was dancing gracefully in front of the flowers and birds. Golden runes flew out from his graceful posture, like butterflies flying into the cauldron to pick the flowers.

The light shone on his slightly young face. His features were well-defined, and his eyebrows were sharp. His fair face was solemn, and his water-like eyes were so deep that one couldn’t see the bottom. If one looked carefully, one would see a vast sky and a vast sea, like the firmament and universe.

“Ah!”

The water deity could not help but be slightly shocked. Her blank face showed a trace of surprise, and a small emotion rippled in her heart.

The golden light condensed between his fingers and each of his moves was peerless.

The water deity stared at the figure that was shuttling through the flowers and suddenly forgot the purpose of her visit. She was so obsessed with it.

Yunxiao was using the heaven Sutra illusionary waves technique, one of his best refining techniques. After his strength was restored to the level of a martial sovereign of the nine Heavens, he was even more skillful in using it, and every move was textbook-like.

This set of incantation seals paid particular attention to the unconstrained style, like an illusion or a dream, the incantation seals following the heart, refining the artifact with the heart.

The layman was watching the show, while Zhao wenzhan, an expert, was looking at the skill. At this moment, his heart could not be described as shocked. It had reached an indescribable level.

Yunxiao's every move was as smooth as floating clouds and flowing water, in accordance with the heavenly Dao. Zhao wenzhan could feel an inexplicable force rippling out of each seal, stirring his soul power and making his blood boil.

If you hear it in the morning, you can die in the evening.

Tears welled up in his eyes, and he was touched by the scene in front of him. It was the Dao that every Alchemist had been pursuing for a long time, and it was now in front of him.

“Bang!”

The whole refining process was extremely short. When Yunxiao's last incantation seal landed on the cauldron of mountain and river, a loud bang rang out and immediately pulled everyone's mind back from the shock.

A ray of light shot out from the cauldron and into the sky.

With a flash between Yunxiao's eyebrows, the cauldron of mountain and river retracted all its light. It spun and shrank, finally returning to his right hand.

Everyone swallowed their saliva and raised their heads to look at the sky.

The dazzling light stimulated everyone's eyes, and most of them had already seen clearly that the light was a Golden Saber. It gathered the power of wind and cloud in the sky and then fell rapidly.

The air was split open with a "Hu Chi Hu Chi" sound, and a golden light fell, stabbing into the ground, all the way to the hilt.

There was not a single sound in the entire market, it was strangely quiet.

The stall owner's eyes fell on the hilt of the saber, and his eyes gradually lit up. His body trembled with excitement as he said, "This ... This saber is for me?"

yes! Yunxiao nodded and said, "the purple snow coral is mine now, right?"

The stall owner suddenly swallowed his saliva and hurriedly picked up the purple snow coral. He handed it over with both hands and respectfully said, "Master!"

Yunxiao smiled and put away the coral.

Zhao wenzhan also came back to his senses from the shock. He gave Yunxiao a complicated look, and then his eyes fell on the coral, unable to calm down for a long time.

The transparent sea tribe member did not say a word, not only because he could not offer anything better than a peak eighth-tier Mystic artifact, but also because Yunxiao was an Alchemist, who had a very high status among the sea tribe and was admired by tens of thousands of people.

The stall owner held the hilt of the knife with both hands and pulled it out with excitement.

A cold light broke through the ground, and the sharp Qi on the saber broke through the air, scaring the person in front of him to Dodge hurriedly.

“Hahahaha!”

The stall owner fiddled with the knife and was so excited that he could not put it down while he kept thanking Yunxiao.

young master Yunxiao’s tool-refining skills are marvelous, ” Zhao wenzhan said. Wen Zhan’s horizons have been broadened, and I’m convinced!

even the art of alchemy is divided into too many categories, ” Yunxiao said with a smile. I’m just focusing on refining artifacts.

...

Zhao wenzhan was silent. He knew that the other party was being modest. That kind of godly technique was not something that could be explained by focusing on one Dao. It was the understanding of the Dao between heaven and earth. It was strong and had been tempered.

He was also extremely puzzled. How could such a young man have such amazing skills?

With his divine sense, he could also be 100% sure that the person in front of him was not possessed by an expert, but his original body.

Elder Yan also came forward. young master Yun, you’ve shown me a godly skill. I’ve been enlightened. Congratulations on obtaining the purple snow coral, young master Yun.

Mr. Wen Zhan, ” Yunxiao said, ” I don’t have anything I can use to trade with you. I’d better go back and refine a few items before I go shopping.

Zhao wenzhan also knew that he wanted to study the purple snow coral. He smiled and said, "That's good. Young master Yunxiao can refine a ninth tier profound armament to participate in the treasure exhibition in ten days. There will definitely be something that young master will be interested in."

"You can't leave!"

Yunxiao was about to leave when a crisp voice suddenly came from behind him.

Yunxiao turned around. In the gradually dispersing crowd, water fairy appeared in front of everyone in her white embroidered dress. Her eyes, which had always been as calm as an ancient well, were rippling, and she looked very nervous.

Due to the water deity's appearance, her unparalleled beauty also attracted everyone's attention. They all stopped and were unwilling to leave, revealing a look of surprise.

"Is there something?"

...

Yunxiao could see her nervous look, and he did not find it funny.

you're the one I'm looking for," the water deity said, grabbing the corner of her clothes. the power of the fire just now was very strong.

I'm just a famous Alchemist," Yunxiao said with a smile. every Alchemist can control some powerful flames. Mister Wen Zhan's fire god art might not be weaker than mine."

The water deity shook her head and said seriously,"I've seen Mr. Wen Zhan's fire before, it's still far from yours." After so many years, you're the only one who can trigger a reaction from my body."

"The inner body?"

what do you mean?" Yunxiao asked, puzzled. What do you mean, Princess water fairy?"

"Miss water deity, don't be deceived by this person!"

Water deity was about to answer when a shout suddenly came from the sky. A pale-faced man came down from the sky, staring at Yunxiao with a venomous look in his eyes, like a venomous snake that was about to hurt someone at any time.

It was the man from the blood snake tribe. He said sarcastically with a cold expression, "Some people don't have much ability and only know how to deceive little girls."

He gave Yunxiao a look and was taken aback. "Puny human? Hahaha!"

He couldn't help but burst out laughing. He laughed so hard that he was swaying from side to side. "Haha, I'm dying of laughter. Miss water deity, the person you're looking for, could it be this lowly human? Ha, haha Yingluo."

A cold look flashed across Yunxiao's face as he said, "It's human. Please remove the words 'lowly' and 'lowly'."

"PAH!"

lowly is lowly," the blood snake tribe man said sarcastically. you're afraid of people talking about it?"

Water deity furrowed her brows. She did not know why, but she suddenly felt that this man was especially annoying. She hated him so much that she wanted to kill him.

She had never felt this way before.

Fei Ming's lips also curled into a faint smile. He knew that the blood snake tribe man was done for when he saw his death-seeking expression.

The blood snake tribesman walked in front of the water deity and shouted, " miss water fairy, I am from the A-Class sea clan, the genius of the blood Snake Clan. No one in the four Seas who can control fire is stronger than me. I must be the person you are looking for.

please believe in my judgment," he said confidently. only I, who is powerful, can protect you well!

The water deity's face was getting uglier and uglier, and the disgust in her heart was slowly building up, ready to explode at any time.

Feiming could not help but mock,"really?" Lord blood snake, I just saw that the flames that the human used were also very powerful. If you want to prove yourself, shouldn't you do something?"

A bright gleam flashed across the blood snake tribe man's face, and then he turned and walked toward Yunxiao with a look of understanding.

Yunxiao looked at feiming coldly and gave him the middle finger in disdain.

Chapter 1075

1075 Ancient spiritual force

The man from the blood snake tribe stared at Yunxiao contemptuously and said coldly, " "I don't care who you are. I'll give you three seconds to disappear from my sight. Otherwise, you won't be able to bear the consequences."

Yunxiao suddenly felt that he did not know what to say. He had always been eloquent, but he did not expect that there would be a time when he could use sign language.

"Mister Wen Zhan, did the Xian Kong island's rules state that we are not allowed to kill this stupid bird?" he asked.

Zhao wenzhan revealed a smile. this is a little troublesome. Fighting is indeed not allowed in the city square.

The blood snake tribe man said coldly, "you want to use the rules to save your life?" I don't believe that you'll stay in the market City for the rest of your life. As long as you take one step away, you'll die!"

Zhao wenzhan thought for a while and said, " the rules of Xian Kong Island State that no one is allowed to cause trouble or fight in the market. However, both of you are fire-type Sacred Arts cultivators. How about this? the two of you will compete in your fire-type Sacred Arts. If you accidentally kill or injure someone, then there's nothing we can do.

"Good! This is a brilliant plan!"

The blood snake tribe man laughed. miss water fairy is also looking for a fire-type divine power martial artist. Our blood snake tribe is a natural fire-type expert!

His body began to shapeshift, doubling in size. A demonic flame began to burn within his body, and his entire body was enveloped in a blood-red flame. His eyes were cold and vicious.

Seeing that there was a show to watch, all the sea tribes gathered around. Many of them recognized the identity of the man from the blood snake tribe and exclaimed in surprise.

brother Wen Zhan, " Yunxiao said. are you sure it's okay to kill by mistake in a competition of fire-element divine abilities? "

"It's alright," Zhao wenzhan said.

Yunxiao nodded, then raised his hand. With a bang, a pale red flame appeared on his index finger, transparent and bright.

Zhao wenzhan's pupils constricted. The power of the flame in Yunxiao's hand was beyond his imagination. He had been so shocked by the cauldron of mountain and river that he had not observed it carefully. But now, he found that the flame was no less precious than the cauldron.

Water deity's eyes also flickered with light. Her gaze immediately focused, and the throbbing in her body became stronger and stronger. She was now one hundred percent sure that Yunxiao was the person she was looking for.

“Ah? This huoqianqian ”

The man from the blood snake tribe was also a fire-element expert, so he could immediately sense that the flame was extremely unusual.

His innate magical power began to tremble under the light of the flame. An uncontrollable fear and trembling spread in his heart.

The blood snake tribesman's face turned pale. He immediately understood that he had kicked an iron plate!

He screamed in fear and immediately jumped up, trying to escape.

“Firestorm wheels!”

A cold voice rang out.

The small cluster of flame was blown away by a whirlwind on Yunxiao's fingertip, immediately turning into the size of a millstone and shooting out.

“Bang!”

The spinning flame caught up to the blood snake tribesman and exploded on his body, causing a dazzling flower to bloom in the air.

“Ah!”

After a scream of horror, the flames scattered in the air. There was no one inside, only some black powder that was blown away by the wind.

The man from the blood snake tribe disappeared from the world forever, leaving no trace behind.

“Ah?”

The surrounding spectators’ mouths were wide open, and they were all stunned. They thought that there would be a good show to watch, but who knew that it would be an instant kill of Yingying?

Everyone looked at Yunxiao with fear in their eyes.

Some people had seen his generosity before, and he was also an Alchemist, so many people had made plans in their hearts. But now, no one dared to have any ill-intentions.

The water deity’s face turned a little red as she stepped forward and said, “ Li Yunxiao, you’re the person I’m looking for. I’m one hundred percent sure!

I’m sorry! Yunxiao’s eyes narrowed as he snorted. I’m not interested in being found by you.

“You’re so silly!”

The water deity was stunned for a moment. The people she had been looking for had tried every possible way to show off in front of her, hoping to be chosen by her, but the person who had really been chosen was so disdainful of her.

She didn’t know what to do all of a sudden. She stomped her feet anxiously and shouted, “ Stop!”

what? ” Yunxiao sneered. you want to hit me? ” Killing is forbidden in this city square, and Lord Wen Zhan is here. Do you want to break the rules?”

Cold sweat broke out on Zhao wenzhan's forehead. Within the four Seas, whose rules dared to control the daughter of the sea Emperor?

He hurriedly cupped his fists. young master Yunxiao, Princess water deity, I suddenly remembered that I have something important to do. I'll take my leave first. He immediately turned into a ray of light and disappeared from the market.

Yunxiao was stunned for a moment, and then his face darkened. This Zhao wenzhan was too slippery.

Water deity's gaze flickered, and there were ripples in her eyes as she walked towards him.

"Oh right, I also suddenly remembered that I have something very important to do. I'll take my leave first."

A smile appeared at the corner of Yunxiao's mouth. The space around him flickered as he teleported and disappeared from where he was.

ah, li Yunxiao, you're so annoying!

The water deity's face was filled with anger. She kept waving her fists and stomping her feet, cursing, "I'll definitely find you and give you a good beating!"

She didn't know how to scold people, and the only words she would say were "beat him up," "kill him," and so on. But, Yunxiao had long disappeared, so she could not hear him no matter how much she scolded him.

The water deity also realized this point and had nowhere to vent her anger. She stared coldly at Fei Ming who was behind her and said, "Why didn't you stop him from escaping?"

"I, Princess Qianqian, didn't say anything about this!"

A chill ran down Fei Ming's spine. He felt water deity's cold gaze and a bad feeling spread in his heart.

The water deity said coldly, "do I need to say that?" I did everything I could to find him, and now that I've finally found him, you've escaped. You've committed a capital crime!"

"Ah?"

Feiming was dumbfounded. He didn't do anything and he was sentenced to death.

...

The water deity snorted. at this moment, Mo Sha is seriously injured. I don't have any guards by my side. Your death sentence will be put on hold for now. You can die in the future.

Feiming felt that he was more wronged than Dou E, so he lowered his head and didn't dare to say anything.

The water deity continued, "I'm not in a good mood now. Come with me. Let me beat you up first." You're not allowed to fight back, and you're not allowed to use your elemental energy to block."

Feiming, "hehe."

The two figures then flew toward the sea. Soon, the shocking sound of waves and feiming's constant wailing could be heard.

After Yunxiao teleported away from the market, he did not return to the profound artifact space, for fear that the water deity would come to him.

There were many residences on the Xian Kong Island, and most of them were prepared for the dazzling treasure meet. He simply found a secret room and went into seclusion. At the same time, he set up a barrier in the secret room to isolate himself from any detection.

Then, he immediately took out the purple snow coral and examined it.

He also knew a thing or two about the purple snow coral. If this fossil was from 500000 years ago, the power inside should have been lost a lot. But why did it still cause a pulse of power in his body?

Yunxiao first examined the surface of the coral, then took out his Frost Sword and gently cut it open.

With a creak, the coral shattered under the sword Qi, and a pale yellow light slowly seeped out. It actually dispelled the cold Qi of the cold sword, warming up the surroundings.

...

Yunxiao's face changed drastically as he said in horror, "It's indeed the spiritual energy!"

As soon as the purple snow coral was broken, the spiritual energy directly overflowed, and a fist-sized ball slowly rose.

Yunxiao opened his big hand and grabbed at it. The force did not resist, but was squeezed in his hand like a marshmallow.

His left hand formed a seal and activated the one Qi of creation. A vortex seemed to have opened up in his palm and directly absorbed the ball of spiritual energy into his arm. It circulated in his body according to his meridians.

Then, he sat down cross-legged and began to feel the changes in his body.

Nothing happened to the ball of spiritual energy after he circulated it, and it finally entered his dantian. At this moment, something strange happened. The ball of spiritual energy in his body suddenly burst out with a terrifying power and rushed toward the new spiritual energy.

The new wave of energy seemed to have sensed something as well. It also generated its own terrifying power and charged forward.

“BOOM!”

A huge force exploded in Yunxiao’s dantian!

“Pfft!”

Yunxiao coughed up a mouthful of blood on the spot, and his face fell. A sharp pain came from his dantian, and the two forces began to compete as if they had minds of their own.

If they were allowed to continue wreaking havoc like this, the consequences would very likely cause the dantian to explode and the martial arts to be destroyed.

In his horror, Yunxiao hurriedly formed a seal with both hands, trying to suppress the energy. Rays of golden light shot out from his body as he exerted the body refining technique to its strongest and slowly guided it.

After Zhao wenzhan left the city square, he also came to a secret room.

It was dark inside, and even the air had a rotten smell, as if it had not been opened for a long time.

There was no cultivation space in the secret room, only rows of bookshelves covered in cobwebs.

Zhao wenzhan walked straight to the last row and carefully searched. He flipped through the books that were covered in dust one by one.

Finally, his eyes lit up, and he quickly flipped through a large ancient book. After flipping through several hundred pages, he suddenly stopped.

“?!”

Zhao wenzhan's eyes burst with light. His body suddenly trembled, and his face was filled with shock and disbelief.

There was a colorful pattern on the page of the ancient book. Upon closer inspection, it looked exactly like the cauldron of mountain and river.

Zhao wenzhan revealed a look of horror and could not help but read the small words at the side. cauldron of mountains and rivers, also known as the cauldron that suppresses mountains and rivers. It is the ultimate alchemy cauldron furnace. It contains a realm of space and is a transcendent-grade Mystic weapon, the Kasaya.

"?! It is indeed a Supreme grade profound level weapon!"

Zhao wenzhan jumped in shock. His entire face turned white. The dust from the impact blew into his face, making him choke and cough violently.

it's actually a Supreme grade profound level weapon. No wonder the first island master said that it's enough this time.

Zhao wenzhan's heart was filled with mixed feelings. He did not know what to do.

After a while, he left the secret room and flew toward the first island master without tidying up the ancient book.

Chapter 1076

1076 The mystery of the divine body

At the moment, Yunxiao was suffering in the secret chamber. Two streams of energy were constantly colliding in his dantian, trying to devour each other. All his meridians and bones had turned golden, resisting the impact.

If he didn't have the tyrant body tempering technique, he would have exploded and died on the first attempt.

However, his imperishable golden body was severely damaged. After withstanding several attacks, it began to show signs of collapsing.

Yunxiao was so frightened that he broke out in a cold sweat. He hurriedly flipped his right hand, and moon pearls of the East Sea flew out one by one and lined up in front of him, emitting a bright light as if the moonlight was sprinkling down.

There were a total of twenty four beads, precisely the arrangement of the twenty four moonlit bridges.

His hand seals began to change, and every move was extremely slow. The power of the Pearl seemed to be drawn and changed with the hand seals.

All of a sudden, the twenty-four moon pearls from the East Ocean shone even brighter. They flew above his head and formed a circle, as if a bright moon was shining down from the sky.

A strange phenomenon appeared in the moonlight. There was the sound of the sea, and the waves were sparkling. The night sky in the sea unfolded.

The tears of mermaids could be vaguely seen inside, which turned into pearls. A long bridge stretched across the sky like a rainbow, faintly visible under the moonlight.

Yunxiao opened his eyes in horror, and his lunar pupils appeared as he looked at the strange phenomenon. Everything in front of him was like a dream, but it gave him a sense of reality.

“What’s going on? Turning the void into reality?”

Yunxiao’s mind was filled with question marks as he looked at the abnormality of the twenty-four beads, feeling a little confused.

“Boom boom boom!”

There was another burst of intense pain in his dantian. The two spiritual energies squeezed each other, creating countless thunderous rumbles and constantly attacking his body.

“Pfft!”

He coughed up another mouthful of blood. Having no time to think about the strange phenomenon, Yunxiao pointed two fingers into the air.

The strange phenomenon displayed by the twenty four moonlit bridges slowly descended and turned into rays of moonlight. Under his one Qi of creation, they were all absorbed into his body.

A surge of power poured into his meridians, and his entire body swelled up with a bang.

“Ha!”

Yunxiao’s eyes flickered with ruthlessness. After being transformed by the great one Mystic Qi, his body could directly convert all kinds of forces. The power of the twenty four moonlit bridges was directly turned into a surge of vital Qi, which rushed into his dantian. Like the rivers flowing into the sea, ten thousand streams converged into one, trying to suppress the two spiritual energies!

“BOOM!”

As the moonlight power sprinkled down, the two spiritual energies suddenly changed and began to merge.

However, this fusion process was accompanied by a large amount of energy. It was like a fusion that released a terrifying impact that blasted in all directions!

“Boom boom boom!”

“Pfft!”

Yunxiao coughed up another mouthful of blood, and his face was filled with horror. The three forces in his dantian began to merge into one, releasing thousands of torrents out of his control, constantly hitting his body.

“Bang! Bang! Bang! Bang!”

At this moment, the meridians, apertures, and apertures in his body began to collapse. Golden light kept exploding from inside, like sword Qi.

Yunxiao’s face was filled with misery. The result was completely beyond his expectations. If this went on, he would be completely buried.

Li Yunxiao, use my power to suppress it!

The demon Dragon let out a roar and burst out with all his might. If Yunxiao died, he would be finished as well.

His crumbling body began to transform into a Dragon, and dragon scales appeared one after another. However, it was still unable to stop the speed of his body’s collapse.

Almost all thirty-six major acupoints on his body collapsed, and Yunxiao laughed miserably. “I was too careless. I didn’t expect the path of martial arts to end in such an absurd way.”

He could no longer summon any strength to resist the chaos coming from his dantian. Under the fusion of the three forces, it was like a spinning Nebula, forming a Galaxy of its own, constantly destroying his body.

“Don’t be discouraged!”

no! the demonic Dragon roared. I’ve been on the verge of death so many times, but I’ve still survived!

don't you understand? ” Yunxiao shook his head weakly. don't you? ” In the past, it was always an external invasion, and I could resist it with all my might. This time, my dantian is out of control, and I have lost the source of my fundamental power, so how can I resist? It's all my fault for being too careless. I didn't consider the possibility of the two powers repelling each other.”

He was unusually calm at the moment. As a person who had lived two lives, he was not that afraid of death and could face it calmly.

All of a sudden, a flash of inspiration appeared in his mind.

As the star Cloud in his dantian circulated, a bridge slowly appeared and crossed his body, faintly discernible.

this is a divine body phenomenon. What's going on? ”

The bridge in his body was vague, as if it was in the distant starry sky, but when he lowered his head, it was only in front of his eyes.

At the start, when his bright moon divine body started to show signs of abnormality, he had already felt that it was strange. However, he didn't have time to think about it. Now that his physical body was continuously being destroyed, he calmed down and started to observe carefully.

“Since it's a bridge, it should be able to connect people.”

While pondering, Yunxiao raised his foot and stepped onto the bridge.

“Stomp!”

As soon as he stepped on it, he felt the world change. An unimaginably powerful force gathered from all directions and poured into his head!

“BOOM!”

He felt as if his head had exploded in an instant. A purple light shot out from between his brows, penetrating the secret chamber and shooting into the boundless sky outside the island!

“Ah!”

Even someone as tough and strong as Yunxiao could not help but open his mouth and roar, and his entire face was completely deformed in pain.

“Boom boom boom!”

The primeval force was like a storm, and it lasted for a while before it slowly subsided.

...

Yunxiao gritted his teeth so hard that blood gushed out of them, and his body trembled violently, but the light in his eyes grew brighter and brighter!

A force was constantly growing between his brows, spreading to his limbs and bones, repairing his damaged body wherever it passed.

“So the mystery of the God Body is like this, hehe.”

Yunxiao seemed to have understood something, and a look of joy appeared in his eyes. Then, he slowly calmed down and performed an incantation gesture with one hand, then sat down cross-legged again.

Under the power that gushed out from his glabella, his body, which was on the verge of death, began to gradually recover.

At this moment, in an unremarkable courtyard on xiankong Island, the first island master suddenly let out a soft cry of surprise and looked up into the void, where the purple light was shooting up from between Yunxiao’s eyebrows. He seemed to have sensed something.

“First island master, what’s wrong?”

Zhao wenzhan asked carefully from outside the Jade Screen. He had just told the first island master that Yunxiao had the Supreme-grade profound artifact, the cauldron of mountain and river, but the first island master did not respond at all. After a moment of silence, he let out a soft gasp.

The first island master fell silent again and then said, “Hehe, I didn’t think that there would be someone on this Island who has activated the power of eight gates. This is getting more and more interesting. Wen Zhan, go and find out who it is.”

“The power of eight gates?”

Zhao wenzhan revealed a puzzled expression. He clearly did not understand.

...

The first island master said slowly, “the so-called power of eight gates is the eight ultimate apertures of the ten thousand spirit fleshly body. Once they are opened, they will possess unimaginable power. Their fists can Shatter the Sky, and their feet can collapse the earth. Those so-called divine bodies were actually born with the power of the eight gates, and they were derived into different attributes. The ultimate state of the physical body is to open all eight gates and sanctify one’s body directly, breaking through the realm power and peeking into the immortal state!”

Zhao wenzhan jumped in shock and said in horror, “Peeking into the God Realm? You can reach the end of martial arts just by training your body?”

“Hahaha.”

The first island master couldn’t help but laugh. “The one who’s known as the most powerful martial sovereign among you humans, isn’t his body sanctified? he can break through the realm power with one punch and is infinitely close to the immortal state. That person just now should have completely opened one of the gates. If this person doesn’t have a divine body, then he must have an extremely powerful body refining Divine Art. His strength is not to be underestimated.”

Zhao wenzhan's face was filled with shock as he muttered to himself, "I didn't expect the ten thousand spirit body to contain such a powerful force. Then, in our pursuit of martial arts and constantly cultivating our meridians and dantian, aren't we taking an unorthodox path? Who would have known that the body itself was a huge treasure!"

The first island master laughed, "all techniques return to one, different paths lead to the same destination." Even if you cultivated the art of sorcery, you would still eventually reach the realm of the ten-sided completion. Although the physical body was a treasure, opening it was much more difficult than cultivating the meridians in the dantian. In ancient times, most of the races used to train their bodies. Later on, this kind of body technique gradually disappeared in the long river of history. It could be seen that it had great drawbacks. Humans have always avoided the important and chosen the easy path."

"I see."

Zhao wenzhan said, "as long as the person who opened one of the eight gates is on the island, we will definitely be able to find him. I wonder why the first island master is looking for him?"

Behind the Jade Screen, the head in the shadow raised his head slightly. The corners of his mouth were slightly open, and saliva drooped down. He stuck out his tongue and licked his lower lip. He smiled and said, "hehe, you don't need to know about this. Just find him and bring him here."

Although Zhao wenzhan was dissatisfied, he did not dare to ask too much. After so many years, he had gotten used to the temperament of this great island master. He could only ask again, "First island Lord, that li Yunxiao has a Supreme-grade Mystic artifact. Will there be any problems?"

The first island master muttered to himself for a while before saying, "The appearance of a Supreme grade profound level weapon is indeed shocking. It's completely beyond our expectations. But don't worry, the excess energy this time is too much. Even if we remove that Supreme grade profound level weapon, it's enough."

Zhao wenzhan was shocked, "it actually exceeded by so much?" I'm really looking forward to the dazzling treasure meet. I wonder what kind of treasures the experts from all over the world have brought over." He thought for a moment and asked, "first island master, ah Jian's current injuries are quite bad."

I'm here," the first island master said. I'm recovering. You don't have to worry. Just focus on your own business.

"Yes!"

Hearing that his disciple was fine, Zhao wenzhan also heaved a sigh of relief. He immediately left the small room and went to carry out the order.

Behind the Jade Screen, the first island master sucked in a mouthful of saliva and kept licking his lips with his tongue. The expression on his face became more and more excited, and a loud laugh echoed in the room.

"Hehe, a Supreme-grade profound artifact, a ninth-tier Alchemist, the first dragon's bloodline, and the sea Emperor's daughter, Qianqian. It seems that this is indeed a heaven-sent opportunity for the eastern Mountain of Guangyuan to rise again!"

Chapter 1077

1077 The fourth island master

In the secret chamber on xiankong Island, after Yunxiao opened one of the eight gates, a surging power kept repairing his body, and the injury was soon suppressed.

The three forces in his dantian that had merged into one gradually quieted down. It was as if the Milky Way was quietly flowing in his body, filled with endless power.

The so-called eight gates were the opening, rest, life, death, shock, injury, stop, and view gates. These eight gates were also called the gates of God's arrival. It meant that when the eight gates were opened, one would step into the gate of the God Realm.

It was only then that Yunxiao realized that the cultivation technique of the tyrant body tempering technique he had obtained could only open the seven chakra seas in his body and stimulate the power of his body. The part that he failed to obtain was to activate the power of the eight gates that was hidden in the deepest part.

He didn't know if the tyrant body tempering technique had a second part, but he didn't need it at the moment.

The moonlight power of the bright moon divine body was derived from the eight gates. The moment he stepped on the bridge, he instantly understood. The power of the twenty four moonlit bridges is to open a bridge on the other shore in your body, which leads to the path to sainthood by opening eight gates.

At this moment, his first " open " gate had already been opened, and his physical body had already undergone a qualitative change. Even if he did not use his Origin Energy, he had enough strength to fight against an ordinary martial sovereign.

this is the kind of power that ao changkong has!

Yunxiao clenched his fist and twisted the space, making it look like a Nebula was spinning on his fist.

Soon after, rays of light began to appear on his golden body. The power of laws slowly flowed around his body.

When he broke through the eight gates just now, he broke through the two-stars martial sovereign realm and stepped into the three-stars realm.

Breakthroughs in martial arts were no longer of much interest to him. His comprehension of the laws of heaven and earth had already reached the end level of martial arts. As long as he continued to accumulate origin power, he would be able to continue to break through.

Yunxiao checked the power in his dantian. After the two streams of spiritual power and the divine body's power of phenomenon fused, they had become one. He formed a hand seal, and the energy immediately circulated around his body before returning to his dantian.

"I can't believe I accidentally found a way to increase my spiritual energy."

Yunxiao's eyes gleamed as he said in delight, " if I can find a purple snow coral that has absorbed a large amount of the spiritual power, then I can make this power infinite? "

"What! Haven't you caused enough trouble?"

The demonic Dragon was startled. He cursed and shouted, "Just now, who was the one who was dejected like a dead dog, lying here and waiting for death? You've just escaped from death, and now you want to court death again?"

Yunxiao narrowed his eyes and said with a smile, " it's just that it's easy to produce it once, but it's easy to mature it again. I already have a general idea of the situation. As long as we control our intake, there won't be too much of a problem.

He licked his lips as if he was extremely happy with the increase in his spiritual energy.

Suddenly, his expression changed slightly. The restriction he had set up in the secret room was broken by a force.

"BOOM!"

The seal-breaking power fell from the sky, directly shattering the secret room and the restrictions he had set up, and fell on his head.

A cold gleam flickered in Yunxiao's eyes as an electric arc emerged from his body. In a flash, he cast the Thunder escape art and moved a hundred meters away with one step.

"BOOM!"

The entire secret room was smashed into pieces.

The control of the power was extremely exquisite. It just blew open the secret room and did not affect any of the buildings nearby.

Yunxiao looked up coldly at the sky. Not far away, two figures emerged indistinctly and spoke in different voices.

“I didn’t expect someone to be able to peek into the secrets of the eight gates. Do you have an innate divine body or have you cultivated a body-tempering divine technique?”

“Argh! Young master Yunxiao? Were you the one who opened the light of the eight gates?”

Two figures appeared in front of Yunxiao. The one who was surprised was Zhao wenzhan, while the other one had his arms crossed over his chest. He was silver all over, had two horns on his head, and his face was cold.

“Wen Zhan, do you know this person?” the man frowned.

The shock in Zhao wenzhan’s eyes grew stronger and stronger, and his body even began to tremble.

He found that he could not see through Yunxiao more and more, and he found more and more terrifying about the young man. He had a ninth-tier alchemy skill, a cultivation base of a Martial Emperor of the nine Heavens realm, a Supreme-grade Mystic artifact, and now he had opened the eight gates of his divine body, as well as the age of less than twenty.

Heavens! [am I dreaming?]

Zhao wenzhan shook his head desperately. No matter what, he would not dare to combine these achievements together. What kind of terrifying existence would this be!

“Wen Zhan, what’s wrong?”

The Marine race expert seemed to have noticed that something was wrong with Zhao wenzhan and asked with a frown.

Zhao wenzhan's face turned pale. He steadied his mind and said, "I'm fine. I know this person. Don't do anything, I'll talk to him."

The sea tribe member nodded and said, "it's best if we don't have to resort to violence. After all, our Xian Kong Island is a very friendly place."

It was only then that Zhao wenzhan turned to Yunxiao, and with an extremely complicated look on his face, he said, "I didn't expect that the one who opened the eight gates of the divine body would be young master Yunxiao. I can't help but think of a saying, 'in the Yangtze River, the new generation will replace the old.'"

Hmph! Yunxiao snorted coldly and said, "when did Mr. Wen Zhan become so sentimental?" If I hadn't fled so quickly, I would've died at the hands of this sea beast. I haven't even sighed yet."

When the Marine race expert heard him call himself a sea beast, his face immediately sank, and a fierce light flashed in his eyes.

Zhao wenzhan hurriedly stopped the Marine race expert, afraid that the two would have a conflict. He quickly explained, "This is the fourth island Lord of our Xian Kong Island, Lord Nine Heavens."

Yunxiao's face turned cold as he said, "Oh? I've learned the rules of the Xian Kong Island. It states that no one can kill people at will, and as the island master, you can kill people at will. Hehe, what a powerful rule."

Zhao wenzhan's face turned embarrassed and he hurriedly said, "there's been a misunderstanding." The two of us are here under the orders of the first island master to find the person who opened the eight gates of the divine body. We didn't expect it to be you, young master Yunxiao. I also felt the restriction in the secret chamber just now. If it weren't for master Jiutian's help, I wouldn't have been able to summon young master Yunxiao in time."

if I didn't escape just now, " Yunxiao said coldly, " I would have died in vain, wouldn't I? "

Hmph! Nine Heavens snorted and said disdainfully, "if you can't even take my attack, then the so-called eight gates of the divine body is nothing more than that. You'll just be a dead dog even if you die."

A cold gleam flashed in Yunxiao's eyes, and his face grew colder. He laughed out of anger and said, "Good! Just because of what you said, if I don't beat you to death today, I'll write the name Li Yunxiao backward!"

"Arrogant!"

Nine Heavens' face sank, and a domineering force exploded from his body. Just the strength of the aura was enough to push Zhao Wenzhan away from his side. A violent aura kept surging out of his body, and he was obviously stimulated by Yunxiao's words.

As the fourth island master of the Xian Kong Island, he was furious that someone had come to him and said that he would be beaten to death.

you dare to use the name 'Nine Heavens'?" Yunxiao snorted. It's enough to show that you don't know how high the sky is.

Zhao Wenzhan's face was full of worry, but Nine Heavens' temper had always been irascible. Once it flared up, no one could stop it. He was somewhat regretting bringing him along.

...

"Hmph, ignorant child! You don't understand my name!"

With a mocking and cruel look on his face, Nine Heavens rushed in front of Yunxiao and threw a punch at his face as he grinned hideously. "I'd like to see how strong a human who has opened the eight gates of the divine body is. Can he defeat the strong bodies of the sea Race?"

"Bang!"

Yunxiao's hand glowed with a golden light as he raised his hand and clenched the fist. The entire space trembled.

“What?”

Nine Heavens' expression changed slightly as he sneered. You really have some skills. But you really dare to fight me with your physical body. It's enough to show your ignorance!

His face turned cold, and a sharp force condensed on his fist. He shouted, “Nine Heavens wind-ripping fist!”

“???”

The sound of metal being cut rang out from Yunxiao's palm as energy slashes burst out from the fist force.

The essence Qi slashes pushed Yunxiao's palm half an inch away, but they only left a few bloody wounds.

“What!”

...

Nine Heavens' eyes bulged out as his heart trembled. His wind-tearing fist could tear apart the body of any member of the sea tribe, but it only cut open some skin!

Yunxiao frowned and said in a cold voice, “It's my turn to cut you!” A stream of cold air gushed out from his palm, and the ice sword appeared in a miniature form, slashing out in the air.

Their fists and palms were less than half an inch apart. The sword Qi instantly arrived, and the sword light was unstoppable.

“Bang!”

Jiutian's fist force was directly broken by this sword. A sharp pain came from his hand, and he cried out in shock and retreated.

He saw that one of his fists had actually been cut off, and his arm had become bare.

"Ah!"

Nine Heavens and Zhao wenzhan both exclaimed in shock.

Zhao wenzhan's eyes were even more serious. He could also tell at a glance that the sword was not an ordinary item. To be able to possess so many powerful profound armaments at such a young age, in addition to those realms that were completely impossible to reach at this age, just how terrifying was this young man's background!

"Wuwu, damn it, damn it!"

no! Nine Heavens roared madly. He raised his arm and shouted a few times. A new hand grew out immediately, but his forehead was covered in cold sweat. you can't leave the xiankong Island alive!

He grabbed at the air, and a ray of light gathered in his hand, turning into a long spear.

A terrifying force emanated from the tip of the spear as it thrust toward Yunxiao.

ignorant! Yunxiao sneered. you're so ignorant!

His figure suddenly became faint and turned into lightning. The spear pierced through his body.

"What?"

Nine Heavens was taken aback. When he saw the state of Yunxiao's Thunderbolt, he immediately realized that something was wrong, and his face changed.

with your insignificant strength, you're probably only a seven-stars Martial Emperor among the humans. You're not worth mentioning.

A cold gleam flickered in Yunxiao's eyes as he raised his hand and spread his fingers before Jiutian's face, then cried out, "Five lightning strikes!"

Chapter 1078-troublemaker

A ball of Thunder gathered in Yunxiao's palm and suddenly bloomed, sending a shocking force of thunder and lightning crashing into Jiutian's face.

"Ah!"

Half of the sky was filled with green heavenly lightning. It crashed down and smashed the nine Heavens into the ground, creating a huge pit.

The faint sound of waves could be heard coming from the hole. The force of the explosion had actually pierced through the island!

Zhao wenzhan looked down in shock. He was at a loss and completely petrified.

The rumbling of Thunder immediately attracted a large number of cultivators. Hundreds of rays of light flew out from all directions, and all of them stopped to watch from a distance, not knowing what was happening.

Yunxiao retracted his palm and stood quietly in the sky as he said indifferently, "I'm sorry, I used too much force. I only wanted to beat him up until he was a dead dog, but now it seems like he's a dead water Dog."

Zhao wenzhan opened his mouth wide and said in horror, "D-are you dead?"

“Bang!”

A brutal force exploded out of the pit, turning into a beam of light and shooting up into the sky. It glared at Yunxiao with a terrifying aura.

At this moment, his body had undergone a huge change. His body had become twice as thick, and what was even more terrifying was that nine heads had grown out of his neck!

All nine heads bared their teeth and kept growling as they glared at Yunxiao.

“Ah? A nine-headed monster?”

In the distance, many members of the sea tribe were frightened and retreated in fear.

it's the nine-headed clan. Isn't that the forbidden clan of the eastern sea that was exterminated by the combined forces of several major powers hundreds of years ago? ”

Shock flashed across the faces of some of the more knowledgeable oceanic species 'experts.

“Hahaha.”

The demonic Dragon laughed and said, ” to think that you have three heads and six arms. I have nine heads. Let's see who's stronger!

its strength has increased after the transformation, ” Yunxiao said. this thing even hid its strength before.

“Yes, I also feel a different violent aura from before. I'm afraid it's at the same level as feiming, right?” the demon Dragon said. This is going to be a little troublesome.”

Nine Heavens' aura was still rising, and those who felt it from afar were shocked. They tried to retreat as much as possible to avoid being involved.

Yunxiao did not dare to be careless. He held the cold sword in his hand and waited quietly for his opponent's move.

All of a sudden, the rising aura froze, and Nine Heavens' face was filled with shock.

Yunxiao's expression flickered, and he became extremely vigilant, as if he had seen the change in the other party's expression.

"Wow, wow, damn it!"

Jiutian's nine heads began to shake violently, revealing a look of extreme unwillingness as he roared repeatedly.

Its nine heads and eighteen eyes glared at Yunxiao a few times, then it roared and turned into a beam of light, disappearing from where it was.

The people in the distance were all bewildered and began to discuss. "Why did you stop? I'm still waiting to watch the fun, so boring."

Zhao Wenzhan heaved a heavy sigh of relief. He knew that the first island master must have used a secret technique to transmit his voice, which was why he was able to suppress Nine Heavens.

Only then did Yunxiao put away the sword in his hand and said, "Mr. Wen Zhan, the fourth island master has run away. Is it your turn to make a move?"

"Young master Yunxiao, I'm really sorry," Zhao Wenzhan hurriedly said. The first island master just wanted to see you. I didn't expect things to develop like this."

Hmph! Yunxiao snorted coldly. the one who called the nine-headed monster away just now was the first island master of xiankong Island, right? ”

Zhao wenzhan was taken aback. Yunxiao was extremely smart, and he could see through him at a glance. He did not hide anything and admitted, ” “Among the five Island Masters, Lord Nine Heavens is the most powerful, but he also has the worst temper. The other three island Masters won’t listen to him at all. Moreover, only the first island master could suppress him when he was in a rage just now.”

I won’t pursue this matter any further, ” Yunxiao said. if your first island master wants to see me, let him come himself.

“Ah, this Yingluo.”

Zhao wenzhan was stunned for a moment, and cold sweat appeared on his forehead. If he were to send such a message back, he was afraid that the first island master would kill him.

I’m not from your xiankong Island, ” Yunxiao sneered. I’m not under the control of your Island. I hope you can understand that it’s he who wants to see me, not me who wants to see him.”

Zhao wenzhan was about to argue when his expression suddenly changed. He became focused, clearly also listening to the voice transmission. Then, he heaved a sigh of relief and said, ” “Since young master Yunxiao is not willing to see the first island master, then Wen Zhan will not force you. Young master Yunxiao, you can take a stroll on the island with a peace of mind. The treasure exhibition is about to begin, and we don’t know when the next one will be.”

Zhao wenzhan’s face revealed a smile. He turned and disappeared into the air.

At that moment, many Warriors flew over and surrounded Yunxiao. They were the companions who had gone out to sea with him, and they had also been alarmed by the thunderous sound.

young master Yun, ” Liao yangbing said sternly. why did you have a conflict with them? ”

do I look like a troublemaker to you? ” Yunxiao sneered. I’m not a troublemaker. I was cultivating well, but that nine-headed monster came to my door for no reason.”

Everyone’s face darkened. If you didn’t look like a troublemaker, then there wouldn’t be anyone in the world who would cause trouble.

“Hmph, he causes trouble wherever he goes. He’s simply a troublemaker.”

Beiming Laifeng was also not far away. He snorted coldly before turning around and leaving.

A look of disappointment flickered in his eyes. Every time he saw Yunxiao in trouble, he would feel a sense of relief and hope that Yunxiao would die, but he always ended up with a disappointing ending.

“Li Yunxiao! Don’t even think about running away this time!”

A ray of light fell and revealed two people. Water deity and Fei Ming walked out one by one.

“I hope you can come with me,” said the water deity.

Her tone was no longer as commanding and cold as before. It was much gentler, and her eyes were filled with hope.

Yunxiao smiled and said, “ I don’t know why you’re looking for me, but I’ve already stated my condition, the sea Emperor’s blood.”

The water deity was overjoyed when she heard the word “yes,” but when she heard the conditions, her face turned pale. She gritted her teeth and said, “ Those who covet the blood of the sea Emperor, no one in the world can live!”

“I remember that there was a powerful human called Gu Feiyang a few decades ago,” feiming said in a deep voice. “He also had the idea of getting the Poseidon’s blood, but he died a terrible death in the end.”

...

Everyone's expression changed drastically. They all knew that Gu Feiyang had caused trouble in the East Sea and caused the four Seas to join forces to attack the Holy region. They didn't expect it to be for the blood of the ocean Emperor!

Yunxiao's face twitched as he snorted and said, "Gu Feiyang is indeed dead, but his death has nothing to do with your Poseidon, right?"

"How do you know it's not related?" Fei Ming sneered. Gu Feiyang's strength is unparalleled. If it wasn't for the emperor's wish for him to die, how could he have died so easily?"

Everyone was shocked. They all looked at each other, but the shock in their hearts was indescribable.

Could it be that Gu Feiyang's death was the work of the ocean Emperor? Feiming's words made sense. Gu Feiyang's cultivation was unparalleled. Who in the world could kill him?

Although the tiandang mountains was a forbidden area for humans, many adventurers went there every year, and most of them came out alive. With Gu Feiyang's strength, he would not have died there for no reason.

Most of the human ancient martial art practitioners showed an expression of agreement, as if they had accepted this point of view.

Yunxiao's face darkened as he said coldly, "The ocean Emperor couldn't do anything to Gu Feiyang in the four Seas, but he's even more powerful on the heavenly martial continent? What a foolish idea!"

"The realm of heavenly martial arts is big, but it's not as powerful as the Poseidon." Fei Ming's face darkened. Whoever master Poseidon wants to die, must die!"

"Oh?"

A contemptuous look flashed across Yunxiao's face as he said sarcastically, "I'm just standing here, and you're going to let your Poseidon come and bite me!"

...

"You! Those who insult the sea Emperor will die!"

Feiming's face flickered, and a cold gleam flashed in his eyes as he sent out a sword intent toward Yunxiao!

It wasn't just Fei Ming. Even the expressions of some of the Marine race experts in the distance changed drastically. They all revealed looks of fear and ferocity.

The water deity's face also turned ashen and her eyes were filled with anger. However, when she saw Feiming attack, she could not help but exclaim, "have mercy! Don't kill him!"

"Kill me? Why are there so many arrogant people in the world?"

A cold gleam flashed in Yunxiao's eyes as he performed an incantation gesture with one hand.

A wave of sword Qi surged and surrounded him, forming a Sea of Swords.

"BOOM!"

The two Supreme Sword intents collided in the air, and the power dispersed, creating a vortex that spread in all directions.

"?!"

The faces of the surrounding cultivators all changed and they quickly flew away.

The two men's sword intents were so powerful that they spread out in all directions like a stormy sea. The martial artists' faces changed drastically when they touched it, and they hurriedly retreated a thousand meters away.

Everyone laughed bitterly in their hearts. Wasn't he the one who caused trouble? It hasn't been long since they've finished fighting, and they're fighting again?

"This is a Kasaya."

Feiming's face was filled with shock. Yunxiao stood quietly in the air, his right hand behind his back. With just his left hand forming an incantation gesture, a huge sword appeared in front of him, constantly flashing with a faint light and repelling feiming's sword will.

"Oh? I didn't expect you to be an expert in the way of the sword!"

Feiming's eyes were filled with fighting spirit as he said coldly, "Princess water fairy, please step back so that I don't hurt you,"

Water deity stared blankly at Yunxiao, whose face was calm and composed. She only came back to her senses when feiming called out to her, and her face blushed a little as she hurriedly said, "Alright, but please show mercy and don't kill him."

After water deity retreated, Fei Ming finally felt at ease. His eyes suddenly burst out with a cold light and a soaring battle intent was ignited. He subconsciously licked his lips and said excitedly, "It's been a long time since I've encountered such a powerful sword intent. Human warriors, let me see how powerful the sword Dao of your human race is!"

Yunxiao looked calm as he chuckled and said, "That will depend on whether you have the ability to make me display my strongest sword intent."

He stood in the air with his hands behind his back. His calm appearance was like a Grandmaster giving guidance to his junior.

Feiming's expression turned cold and he said coldly, "You humans are really annoying."

A cold light flashed in his hand, and a crystal-clear sword appeared in his hand. His eyes revealed a tender look, as if he was staring at his own child.

Chapter 1079-sword intent

the sword's name is Wuying. It's three feet long and two fingers wide. It was forged by Wen Yu, the great Alchemist of the sea Race.

Fei Ming muttered to himself and explained, countless people have died under this sword. Your sword intent is very strong. You are qualified to cry blood under a martial soul.

Yunxiao's eyes shone with admiration as he said, "This sword is not bad. I, Wen Yu, have also heard of its name. It seems that you do have some ability."

Fei Ming's expression turned cold. He said sternly, " you were disrespectful to the sea Emperor. You were disrespectful to Lord Wen Yu. Even if the water fairy princess intercedes for you, I will still cut off your tongue today!

Yunxiao laughed. you're the one who's talking big, aren't you? I've been waiting for a long time. Why haven't you moved?"

"Haha, you're looking for death!"

Feiming's fighting spirit was stirred up by him. He laughed and waved a few sword lights with his martial baby. He stepped on the air and flew over to slash.

The sword light was blinding, and it was so fast that everyone couldn't keep up with it.

“So fast!”

Everyone’s heart trembled. There was no time to think, only the word “fast” flashed through their minds.

“Bang!”

A beam of light suddenly appeared in front of Yunxiao and shook away Fei Ming’s fast sword, then the sword Qi changed its direction and shot into the sky.

“Interesting!”

Feiming’s eyes were filled with excitement as his body disappeared in the air.

In an instant, countless figures suddenly appeared, and thousands of sword gleams slashed at Yunxiao from all directions.

Each figure was extremely fast, dazzling people’s eyes, and it was completely impossible to capture the real body.

This was an extremely fast movement technique that pursued the limits of speed. It was as if he had brandished ten thousand swords at the same time, and the entire sky was filled with afterimages and sword Qi.

Yunxiao finally made his move. He raised his right hand from behind his back, holding the ice sword in his hand, and slowly slashed it forward, then to the side, and then to the left.

His speed was extremely slow, so slow that it was as if he was practicing his moves. He only made three moves in a few breaths.

Everyone’s eyes were wide open. The contradiction between being extremely fast and being extremely slow made them feel like they were suffocating and extremely irritated.

“What’s going on? This brat has only used three sword moves. How could he block thousands of sword moves?”

Many people found it hard to understand, and their minds were filled with question marks.

The water deity stood in the distance. A faint blue light appeared in the depths of her eyes, emitting a faint glow. She was shocked.

Similarly, in a small courtyard, Zhao wenzhan and nine Heavens were watching the battle on a water screen. The two of them revealed shocked expressions at the same time.

Nine Heavens ‘eyes glinted with ferocity as he asked, “What’s going on? How did he block the thousands of swords with such slow movements?”

Zhao wenzhan also didn’t understand, turning his gaze to the back of the Jade Screen.

The first island master Guang Yuan’s voice rang out, and he said, “ “This brat’s comprehension of the Dao of the sword is even higher than that of the Dragon Cod clan brat. He stabbed out three times, one to cut the sky, one to cut the earth, and one to cut people, cutting everything that should be cut. That Dragonfish clan brat is already at a disadvantage in this exchange.”

“What? Dragon Cod clan!”

the Dragon Cod clan? ” Nine Heavens exclaimed in shock. the S-Class sea clan that’s on par with the eastern sea Palace? ”

“Yes, it’s that [s] class member of the sea tribe. And I can see that this kid is extremely talented and has a bright future. I’ll see if I can take him under my wing.”

Guang Yuan said quietly.

“If this kid is extremely talented and is at a disadvantage in one move, then isn’t this human kid even more talented?” Nine Heavens said strangely.

Guang Yuan quieted down and did not say another word.

“First island Lord,” Nine Heavens said, “you’re not letting me fight because you’re afraid I’m no match for this man, are you?”

“There’s a problem with this human brat,” Guang Yuan said.

Zhao wenzhan’s heart skipped a beat. what’s the problem? ” he hurriedly asked.

Guang Yuan said coldly, ” able to refine a Supreme grade profound level weapon, ninth-tier in the art of sorcery, the cultivation of a Martial Emperor, and open the eight gates of the divine body monastic robe. Hmph! Such experts might exist, but it was impossible for all of them to appear on a young man who was not even twenty years old! This kind of talent was unheard of in history, let alone encountered! If he really does exist, then even an ancient true spirit isn’t as strong as him!”

“What, what’s going on?”

Zhao wenzhan was also confused. He shook his head and said, ” “With my divine sense, this is definitely the original body and not possessed by an expert. Moreover, even if he was possessed by an expert, it’s impossible for him to have such amazing achievements in several DAOs at the same time.”

Although it was difficult for him to understand and believe the strength Yunxiao had shown, the truth was right in front of his eyes.

“Hmph! The divine arts in the world are ever-changing, and we can’t see all of them. God knows what He’s doing!”

Guang Yuan snorted coldly and said, “in any case, there’s definitely a problem. This is also the reason why I changed my mind at the last minute.” I really want to know the secret of this kid!”

“If that’s the case, why don’t you let me capture him and interrogate him? then everything will be clear!” Nine Heavens said loudly.

“Interrogation?”

Guang Yuan laughed mockingly. I’ve asked you to come back. One reason is that I’ve changed my mind. The other is that I don’t want you to die so early.

Nine Heavens ‘expression changed and he shouted in anger, ” “What? Even you, first island master, don’t think I can beat that kid?”

Guang Yuan snorted and laughed. there’s no need to argue about whether he can win or not. You should take a good look at his strength. Soon, I might really have to fight him to the death. That kid from the Dragon Cod clan should be able to force this human to use all his strength.”

At this moment, in the Sea of Swords where the two of them were fighting.

After Yunxiao’s three sword strikes, feiming’s face changed drastically.

Not only did the three swords block all of his sword Qi, but they also passed through countless afterimages and illusions, directly slashing at his body.

In his shock, he instantly recalled his thousands of afterimages and incarnations. Countless sword radiances gathered in the martial nascent. With a loud explosion, he slashed his sword in the air.

“BOOM!”

The two sword intents collided, and it was as if a sun had suddenly appeared. The powerful light was blinding.

...

The battle intent in Fei Ming's eyes surged and he laughed, "So strong! Take this sword technique of mine-all sentient beings behead stupa!"

He flew up into the air, and his whole body became one with the sword, spinning and slashing down!

The Wuying sword burst out with cold light, forming a crisscrossing spiral sword light. It was like a huge meat grinder, pressing down.

Yunxiao raised his head. From the moment he drew his sword, he had been wearing a smile on his face. It was a smile of absolute confidence, a smile of looking at the floating clouds.

swordsman, your sword intent is too sharp and overbearing. It has lost its inner meaning.

Yunxiao raised his sword and sneered, "Open your eyes of the soul and carefully look at every sword, at the life of every sword-stance."

"Song of the green Lotus sword!"

Yunxiao cried out as he raised his sword, frost, and an Ice Flower bloomed on the blade.

The cold light shone on the cold sword. It was as if there was a shadow swaying in the wind, making the Ice Flower even more beautiful.

Everyone felt an inexplicable pain in their hearts. As they watched the flower bloom, they felt an endless sense of pity. They really wanted to hold it in their arms and protect it, afraid that it would suddenly disappear.

"Bang!"

...

The Ice Flower really did shatter, and the hearts of countless people shattered to the ground. They all revealed expressions of pain and anger.

But soon, everyone came to their senses and looked at Yunxiao in horror.

Under his casual move, he actually used sword intent to drive everyone's emotions. It was simply inconceivable!

The broken ice Flower scattered in the air and immediately gave birth to countless flowers. They bloomed one by one, and an extremely beautiful picture scroll gradually unfolded in everyone's eyes and heart.

Feiming's sentient beings Slayer stupa descended and cut into the flowers.

"Bang! Bang! Bang! Bang!"

The countless sharp sword intents suddenly shattered. He was shocked in the air. He suddenly took a breath and jumped up, retreating more than ten steps in the air. His eyes were wide open as he looked at the scene in front of him. He was actually stunned.

"How could this be? What's with this feeling?" His eyes were filled with confusion.

"You don't understand? It's good that you don't understand."

you'll only be qualified to fight me again when you understand this," Yunxiao said with a smile. "I'll give you the right to do so. As for now, just get lost."

Feiming stood in the sky in a daze. Yunxiao told him to get lost, but he was not angry at all. Instead, he had a strong sense of desire.

He raised his head and gave Yunxiao a complicated look, then bowed in the air and said, "Many thanks! After I've thought it through, I'll come and find you again."

Feiming kept the martial soul longsword and landed behind the water fairy. His face was calm again as if the battle had never happened or had nothing to do with him.

Water deity was stunned. why did you admit defeat? you can still fight.

“We’re both swordsmen, and I’ve already lost in terms of sword Dao. If we continue to fight, we’ll only be suppressing him with our stronger cultivation. Let’s not talk about whether we can win, even if we win, it’s not good.”

The water deity nodded thoughtfully, her eyes flashing with a strange light as she watched Yunxiao’s figure disappear into the sky.

“Princess water fairy, are you just going to let him go?” Fei Ming asked curiously.

The water deity said, “if he is not willing to help me, I can’t do anything about it.” We can only consider his conditions now.”

Feiming’s expression changed and he was filled with shock. He said hurriedly, “ I’m incompetent! I’ll catch up with li Yunxiao now and make him agree to Your Highness’s request, even if it costs me my life!

“There’s no need, a man like him can’t be threatened,” the water deity replied indifferently.

Feiming was stunned for a moment. He raised his head and saw that water deity’s face was no longer as arrogant and cold as before. Instead, it was gentler and more thoughtful.

“Let’s go. Let me think about it.”

Water deity sighed, and her face suddenly looked a little lonely. She turned around and walked forward.

Feiming was shocked. He seemed to have noticed something and quickly followed.

The crowd in the sky also gradually dispersed.

“That dense sword intent ...”

After a long time, the space distorted slightly, and Ruo Xiang's figure walked out. His face was extremely serious and cold.

Chapter 1080-guest and Minister

Ruo Xiang slowly closed his eyes and felt the decadent sword Qi in the sky that had yet to dissipate. His two thick eyebrows were deeply furrowed.

“Is he really just a teenager?”

Ruo Xiang's face grew uglier and uglier. He found that no matter how much progress he made or how many opportunities he had, it was as if Yunxiao was one step ahead of him, and he could not break through the gap of one step no matter what.

By chance, time had reversed, allowing him to completely merge the five dragon artifacts. He had thought that he had Yunxiao in the bag. But, Yunxiao's method of suppressing the Black Flame mountain made him suspicious.

After he was trapped by the black flames, he had comprehended the perfect true Dragon's sigh. He thought that he had overcome the gap between him and Yunxiao, but when he sensed the sword intent, he lost his confidence again.

“Damn it!”

Ruo Xiang's pride was being nibbled away bit by bit by Yunxiao's strength. He clenched his fists unwillingly and growled in a low voice, “Am I going to be suppressed by him for the rest of my life?!”

“Hehe, what a pitiful worm.”

A sneer came from the sky, and it was an unrestrained laugh.

“Who?” run Xiang’s expression changed drastically and he shouted. Get out here!”

However, he was greatly alarmed. The voice actually came from all directions, making him unable to capture the source.

“Hehe, anger is an action of the weak.”

“As a noble descendant of the Dragon, you should soar in the nine Heavens and step on anyone’s head,” the voice said with a laugh.

“You’re just a piece of trash who doesn’t even dare to show his face. What right do you have to lecture me?” run Xiang coldly mocked.

“Eh? Trash?”

The voice turned cold, and suddenly, an unparalleled force came crashing down from the sky.

The space around them instantly froze, and to run Xiang’s shock, he realized that he could not move at all. That power contained a Dragon’s might that was the same as his!

“You, you’re also a Dragon? The royal family of the eastern sea?”

“BOOM!”

Just as he was in shock, the attack landed on his body and sent him into the ground.

“Pfft!”

RUO Xiang's true dragon body was actually shattered by this blow, and he spat out a large mouthful of blood. this power, damn it, how can it be so strong!

His eyes were full of horror. His true dragon celestial body was like an iron wall, but it was covered with bruises after just one attack. Even the peak Eight-star beiming kangtian couldn't do such a thing!

There was only one answer. The other party was a nine-stars Martial Emperor!

there's a nine-star Martial Emperor on this Island!

The shock in RUO Xiang's heart couldn't be any greater. A nine-stars Martial Emperor was a powerhouse who could move unhindered in the world. Other than the palace, only those S-Class forces could possibly exist.

"Hmph, if you want to become stronger, come and find me. I can give you the power to defeat Yunxiao."

The voice said coldly, and then there was no more sound.

The last voice transmission came directly from a direction, specifically pointing out the way for run Xiang.

"Stronger power, who exactly are you"

RUO Xiang's mouth was full of dragon blood, and the light in his eyes became sharp. He stared at the path and flew over without hesitation.

.....

"Oh? Are you sure that Zhao wenzhan came from the sea of soul formation?"

Yunxiao could not help but ask with a frown. After all, he was very familiar with the sea of soul formation. When Zhao wenzhan was out at sea, he should have still been an honorary elder, but he had never heard of this person.

“That’s right!” Liao yangbing said. At that time, I was only a warrior at the peak of the martial venerable realm, just a guard of the Haitian town’s city Lord. Zhao wenzhan had only just become an eighth-tier Alchemist at that time. I have a deep impression of him because the Lord who brought him to Haitian town was the president of The Alchemist Association and the leader of the sea of soul formation, Lord Lu congzi!”

“Oh, that’s a bit of a story.”

Yunxiao touched his nose with his right hand and said thoughtfully, “Lu congzi has been leading the sea of soul formation for almost a hundred years, and his status is extremely respected. To be able to make him personally bring people here, it was definitely not simple. Zhao wenzhan has stayed on this Xian Kong Island for over 30 years. I would not believe that he has no ulterior motives.”

Jing Yong ye furrowed his brows, “could we have guessed wrong? perhaps Lord Wen Zhan was summoned to the sea to gain experience.” Besides, it’s already a remarkable achievement to go from an eighth-tier Alchemist to a ninth-tier Alchemist in just thirty years.”

Yunxiao shook his head and sneered. if it was really for training, he has already stepped into the ninth tier, which is enough for him to return to the sea of soul formation. But, he has been staying here. Furthermore, if he is focused on his cultivation, what is the deal with this dazzling treasure meet that is held every five years?”

“Yeah, I also think that it’s not that simple.”

Liao yangbing pondered and said, “I’ve been asking around about the xiankong Island in the past few days, and it’s like a secluded sect in the East China Sea.” The dazzling treasure Convention had a very good reputation. It had been held several times and every time, it would attract a large number of experts to participate. Furthermore, the location of the Xian Kong Island on the map doesn’t seem to be far from our target.”

Jing Yong ye nodded, "I've also inquired about this. Every time the dazzling treasure meet opens, people can only enter this Sea region." In addition, it was impossible to set any coordinates in this Sea area, so they could only wait for the time to end if they wanted to leave. This should be a special spatial phenomenon. However, I heard that the previous few dazzling treasure conventions were extremely successful and there were no problems."

just because there was no problem before doesn't mean that there won't be any problems in the future," Yunxiao said. at least, there must be a problem with this Zhao wenzhan. As long as he doesn't provoke us, we can quietly be handsome men. If he has any ideas, he's just digging his own grave."

The two of them nodded their heads seriously. The short conversation between the three of them ended and they left.

Yunxiao, on the other hand, continued to stroll around the market. After all, this kind of opportunity to communicate with the sea Race was extremely rare, and many rare treasures that could only be seen once in ten thousand years had appeared one after another. He had been an Alchemist in both his lives, and he had an irresistible temptation for heavenly materials and earthly treasures.

But, his main purpose was to buy a large number of purple snow corals. Most of the sellers in the market knew him and knew that he was a great Alchemist, so they offered all kinds of Supreme treasures to him.

In the past few days, he had been refining Gu Yuesheng day and night. There were many eighth-tier profound armaments suitable for the sea tribe. They were exchanged one after another and everyone was happy.

He had also collected a few pieces of purple snow corals, but none of them could sense the spiritual power, which disappointed him a lot. It seemed that he was really lucky last time and picked up a great deal.

You are li Yunxiao? "

Suddenly, a voice rang out. A person had appeared in front of him and was looking at him quietly.

Yunxiao was taken aback, and he immediately became vigilant. Even with his keen spiritual sense, he hadn't noticed when this person had gotten close.

The newcomer had a burly figure and a huge build. His face was full of fine stubble, and his head was bare.

He had a dirty and old robe draped over his back, and one look was enough to tell that he was the kind of person who didn't care about his appearance.

...

"I have something to discuss with you."

The person didn't say anything unnecessary and went straight to the point.

not interested," Yunxiao said with a frown. I'm not interested.

The man smiled, as if he had already expected his attitude. He said directly, "I heard that you've opened one of the eight gates, 'open' gate?"

Yunxiao's face changed, and his eyes turned cold as he said vigilantly, "Who are you?"

"Guests of the second island master of the xiankong Island," the man replied with a smile.

Yunxiao was shocked. He could not sense any primordial energy fluctuation from the second island master, as if he were an ordinary person.

"Don't worry, I don't have any ill intentions." The guest smiled. I'm only here to make a deal with you."

what deal?" Yunxiao asked coldly. what deal?"

A glimmer of light flashed in the eyes of the guest, and he said indifferently, "This isn't the place to talk, please follow me."

He seemed to be sure that Yunxiao would come, so he turned and left after he finished speaking.

...

Yunxiao's eyes flickered with a cold light as he watched the guests disappear into the crowd. In the end, he followed them with a gloomy face.

The guests and ministers were extremely fast, and they were not worried that Yunxiao would not be able to catch up with them. In the time it took to boil a cup of tea, the two of them had left the market and arrived at a cliff.

There were a few simple and crude buildings on the cliff, facing the sea and enjoying a vast view.

"This is the place where I usually live and cultivate."

let's go! the Minister said and cast a seal in the air. A green light rose from the cliff below and slowly opened.

The two of them flew down one after another, and the green light closed in the air and disappeared.

Yunxiao glanced at the restrictive barrier and said, "Do you really need such a powerful isolation restriction in your own territory?"

you're indeed a ninth-tier Alchemist, " the guest said with a smile. you've seen through it with just one glance. It seems that I've found the right person.

you're looking for a ninth-tier Alchemist? " Yunxiao asked. are you looking for a ninth-tier Alchemist? "

“Yes,” the guest nodded with a straight face.

isn't that Zhao wenzhan? ” Yunxiao asked suspiciously. ”

A strange look flashed across the Minister's face. He shook his head and said, ” “He can't.”

“Oh?”

Yunxiao's interest was piqued as he laughed sarcastically and said, ” “It sounds interesting.”

“Let me see your divine body first,” Bin Chen laughed.

why should I let you see it? ” Yunxiao's face darkened as he snorted.

“It's not up to you!” The guest laughed.

He raised his hand, and with a flash, he punched.

“What?”

Yunxiao was taken aback. There was no fluctuation of origin power under his opponent's fist, which was purely made of physical strength, but it gave him a great pressure as if he was facing the ocean.

“You're also an Awakener of the eight gates!”

He suddenly jerked and reacted at once. A strange emotion rose in his heart. He clenched his right hand into a fist, and his entire arm immediately turned into a dazzling golden light as he threw a Vajra punch.

“Bang!”

The two overbearing forces suddenly clashed together, and the surrounding air exploded in all directions. The sea behind the cliff was stirred up by the aftershock, and the sea exploded one after another!

Purple light bloomed between their brows, which was the sign of the opening and aperture gate of the eight gates.

“Haha, so strong!”

The guest suddenly laughed and retracted his fist. The purple light between his eyebrows also retracted, and his eyes revealed a look of admiration.
