

The Eternal 1081

Chapter 1081

1081 Soul restriction

Yunxiao snorted and crossed his arms in front of him, waiting for the man to speak. It was impossible that the man had called him over just to exchange a punch.

you've just opened the 'open' door," the vassal said with a smile. to have such a strong physical body, you must have an extremely strong divine body.

why are you looking for me?" Yunxiao asked. just tell me. I don't like this kind of conversation."

"Alright, I'll be direct."

The smile on the guest's face disappeared and he said,"I don't know how you opened the 'open' gate, but I can tell you the way to open the second 'Xiu Huang gate'."

what?" Yunxiao was taken aback. you've opened the xiuhui gate?"

Without another word, the officials clenched their fists and another ray of light bloomed from the 'open' gate between their brows. It was the 'Xiu' gate.

As soon as he opened the two apertures, an extremely fierce aura came rushing at him, putting great pressure on him.

The guest smiled indifferently and retracted his aura. His entire person instantly returned to being ordinary, just like an ordinary person.

as expected, it's the second gate," Yunxiao said solemnly. with the second island Lord's strength, I'm sure he can open more than just these two gates, right?"

“Indeed, I’ve opened more than just these two doors. You don’t have to test me.” This time, I invited you here to trade for the method to open the gate of rest.”

He looked at Yunxiao, who was hesitating, and said with a smile, “ you must also have a divine body. You think you can open the eight gates smoothly and reach the realm of sanctifying your body with the guidance of the divine body, right? ”

“Isn’t it?” Yunxiao asked.

“There have been many divine body experts since ancient times, but how many of them have sanctified their bodies and peeked into the immortal state?” the guest laughed.

Yunxiao had also thought about this problem, and he had also doubted the Paramita bridge that had appeared in his body. If the eight gates could be opened so easily, how many ao changkongs would appear in the past?

“In ancient times, a large number of experts cultivated body techniques, but they were slowly annihilated in the long river of history. There’s no other reason, it’s just that the path of Body Arts is more difficult.”

alright, ” Yunxiao interrupted. let’s not talk about this. Just tell me what I have to pay.”

The guest smiled and gave a thumbs up.”Satisfying!”

The smile on his face gradually disappeared, and his eyes flashed as he slowly said, “ I might have been branded in my soul!”

Yunxiao’s heart trembled as he said in surprise, ” “You don’t even know if you’ve been marked?”

“I’m also born with a divine body, and it’s an extremely powerful divine body that only appears once in ten thousand years,” said Bin Chen with a bitter smile. If you run into ninth-tier alchemists like you, it’s very likely that you’ll fall into the trap.”

even if your soul power is extremely weak," Yunxiao said thoughtfully, "with your strength, no Alchemist can leave an imprint on the air.

"I was unconscious for a while," the guest sighed. After that, I didn't feel anything out of the ordinary. However, when I recently opened another of the eight doors, I noticed something strange about my body. It was as if a pair of eyes were watching me all the time."

Zhao wenzhan is the only ninth-tier Alchemist on xiankong Island," Yunxiao snorted. are you saying that he has left a mark on you? "

The Minister shook his head and said,"it wasn't him. I don't know the details." You are the second ninth-tier Alchemist I've seen in so many years, apart from Zhao wenzhan."

Yunxiao pondered for a while and said,'if I want to find the mark in your soul, I have to sneak into the depths of your soul. If you're not careful, it's very likely to hurt your soul, which is a great threat to you. Are you sure you can let me investigate?"

"I wasn't too sure before, but I'm pretty sure now." Because you're the type of person that I admire, and the eight secret techniques are also quite tempting to you."

of course! Yunxiao smiled indifferently. since you're not afraid, why wouldn't I? " However, I have a condition. It doesn't matter if your soul spirit has been branded by someone or not, you must give me the method to activate 'rest'. "

"Of course!" The guest said with a straight face. As long as young master Yunxiao tries his best, it will be fine. If there is an imprint beyond your ability in my body, I won't blame you if you can't find it. "

you don't have to worry about that," Yunxiao said with a smile. no one in the world can escape my eyes when casting an art.

"You're very confident, but a young man should try to be modest," the guest said with a smile. He obviously thought Yunxiao was bragging.

it's very dangerous for me to sneak into your soul, " Yunxiao said without explaining. is your cliff safe enough? "

: Don't worry. Even if we can't block the attacks of the strong, we can at least hold on for: long time so that you can come out safely."

"Alright!"

yes, " Yunxiao replied. With a flash of light between his eyebrows, Little King Kong flew out of the gourd and landed behind him. With the protection of the gourd Little King Kong, he was much more at ease.

The guest looked at the gourd Little King Kong with surprise in his eyes. He then sat down on the spot and opened his spiritual altar and sea of consciousness with a calm expression.

Yunxiao secretly praised him in his heart. There were not many people who could let people enter their souls without any scruples. It seemed that there was indeed something strange in the second island master's soul.

His glabella flashed, and a faint soul light lit up, directly flying into the other party's sea of consciousness.

The soul of the Minister was filled with light and brilliance. The boundless space extended forward, showing the strong vitality of the other party.

In an instant, Yunxiao traveled thousands of miles in an instant, flying through the vast space.

After an unknown amount of time, he finally saw a black light appear in the sky at the end of the horizon, as if dark clouds were roiling.

Yunxiao's pupils constricted as he hurriedly stopped in front of the dark cloud.

The dark clouds were constantly breathing in and out black gas, and there was something faintly visible in them.

“The person who placed the seal is really arrogant. He actually laid a technique at the end of the soul without any concealment. Is this person a newbie? is this his first time doing this?”

The evil Dragon’s voice was heard. It seemed to be extremely dissatisfied with the unprofessional method of the person.

Yunxiao stood still in front of the dark cloud, looking at it quietly. Finally, he saw what was inside the dark cloud. It was a door, floating up and down.

“Why aren’t you doing anything? It should be easy for you to break this thing, right?”

The demonic Dragon exclaimed in surprise.

simple,” Yunxiao said slowly. it’s simple for your intelligence. How could an ordinary person dare to plant an imprint in the souls of experts like the officials and guests? There must be a powerful backup hidden nearby.”

The demonic Dragon snorted in dissatisfaction, “Gu Feiyang is still afraid?” Hmph, this is the first time I’m seeing this.”

I’m not afraid,” Yunxiao said disdainfully. I’m just a little more cautious. For things like the soul, if it’s not handled properly, it’ll result in the complete death of the body.”

He carefully took a few steps forward and raised his right hand. He turned his palm into a sword and directly chopped down.

“Hiss!”

...

A tearing sound came from the sky, and the sword Qi directly cut into the dark clouds.

“Bang!”

The rolling dark clouds dissipated in an instant, revealing the door inside. It kept dancing in the air and came crashing down on Yunxiao.

“Hmph, so there’s a problem with the door.”

A cold look flashed across Yunxiao’s face as he formed a golden mark with both hands and threw it out.

“BOOM!”

The mark emitted an extremely strong golden light and directly hit the door. The power of the mark was directly reflected back.

“What?”

Yunxiao was taken aback. He flipped in the air and took several steps back to avoid the rebound of his mark before falling to the ground.

what a powerful restriction! the demonic Dragon was also shocked. it’s still intact after taking a blow from the seal? ”

Everything in the soul space was illusory, condensed by spiritual power, and did not have a physical form.

...

In other words, the door in front of him was also made of some kind of power, and it was still intact after taking Yunxiao's blow, which meant that the strength of the person who had laid down the seal was above Yunxiao's.

At the moment, the gate was hanging directly above Yunxiao, emitting thousands of golden threads that formed a giant net and wrapped around him.

"Hmph, small tricks!"

A cold gleam flickered in Yunxiao's eyes, and in an instant, lunar pupils appeared in his eyes, darkening the entire space.

The door seemed to have its own consciousness. When it sensed that something was wrong, it turned into a ray of light and tried to escape.

"Childish!"

Yunxiao snorted coldly, and strange symbols emerged in his lunar pupils, as if they were forming a seal.

Everything he saw was reflected in his eyes like a mirror. A cold expression flashed across his face as he said softly, "Reality and illusion are reversed."

everything he saw appeared in his eye dimension in his true body and then disappeared from the real world.

There was no longer a mark in the souls of the guests and ministers. At this moment, the door was spinning in Yunxiao's pupils, as if it was trying to break free.

"Hmph, let me strip you of your silk and bamboo shoots. I'll see which amazing bird person did it."

"BOOM!"

The branding gate in the eye dimension shook, as if it had been bound by the power of the moon eye. It began to behave, turning into the most primitive spiritual power and spreading out.

At this moment, the lock on the door made a " PA " sound, as if it was loosened.

The door gradually opened in the moon pupil.

Yunxiao's pupils constricted, emitting a demonic red light as circles of pupil power condensed, as if he was ready at any time for fear of an accident.

As the door opened, a white light spread out. Under the blinding white light, a blue mark gradually appeared.

The imprint was round with a neat hexagon embedded in it. Strange runes were scattered around it, and the entire imprint became clearer and clearer.

"Ah!"

Yunxiao's heart trembled, and the pupil that had trapped the gate suddenly opened, bursting out with endless fierceness and anger.

That mark was exactly the same as the one in Meng Wu's spiritual ocean!

The demonic Dragon also exclaimed in shock, "Wei Qing?"

Chapter 1082

1082 The treasure exhibition

The hexagonal blue mark was floating between the two doors.

Yunxiao's fierce eyes gradually returned to normal, and his lunar pupils appeared in his eyes as he stared at the mark, trying to break through the seal and see the scene behind the door.

There was a vast white light inside the door. The power of the moon pupil carefully bypassed the Blue Seal and rushed into the door, staring into the vast space.

A wave of spiritual Qi rose up and turned into a mist that drifted in the air. Some trees could be vaguely seen in the mist, and it was as if they were in a mountain range.

Looking forward, he saw a simple wooden house. In front of the house was an empty flat land, where a large refining cauldron was placed. Purple smoke was slowly rising from it.

It was a typical Alchemist's decoration, but there were dozens of coffins neatly placed around the cauldron, some horizontal and some vertical, which was very strange.

Some of the coffins were transparent, and the items inside were all strange and strange. They looked familiar, but upon closer inspection, they didn't look like anything.

Yunxiao's eyes grew suspicious as he continued to use the power of the lunar pupil to peer into the cabin.

Gradually, two figures appeared in the house. One was old and the other was young, but the house had already been isolated. The power of his moon pupil was too far away and had reached its strongest limit, so it could no longer penetrate through.

The old man and the young man seemed to be talking about something, and the old man even got up and walked back and forth several times.

Yunxiao frowned. Although the power of his lunar pupil could penetrate space, the isolation barrier on the cabin was too strong, so he could not hear the conversation inside.

Suddenly, the old man turned around, as if he had sensed someone peeking at him.

The young man also stood up in shock and stood behind the old man vigilantly.

An extremely angry and gloomy voice burst out from the house, roaring, "Who's so bold! You dare to spy on me!"

Then, a terrifying spiritual storm rushed out of the small house like a monster opening its huge claws to capture the power of the moon pupil!

"Hmph!"

Yunxiao snorted coldly. The pupils in his lunar eyes recovered from the strange symbol, and his spiritual power instantly returned to the door from thousands of miles away.

The man's spiritual power was also very strong, and he actually managed to track Yunxiao down. He rushed into the blue symbol on the door and condensed into a ferocious beast that was several feet tall, roaring as it swooped down at Yunxiao.

"Although I still don't know who you are, since you are related to Wei Qing's Mark, I will find you sooner or later."

Yunxiao's face was cold as he stared at the diving spiritual beast and cried out softly, "Pupillary power-mirror flow."

The figure of the spiritual beast was imprinted directly into Yunxiao's right eye, becoming clearer and clearer. At the same time, he disappeared from the real world without a trace.

"Bang!"

In Yunxiao's eyes, the spiritual beast's face showed a ferocious and shocked look. Suddenly, an infinite power of the eyes bombarded him from all directions, crushing him into pieces in an instant, turning him into wisps of spiritual power and dissipating in the lunar dimension.

At this moment, the blue mark on the door gradually became clear. A foot stepped out from inside, and then a figure appeared. A person wrapped in a long robe seemed to have stepped over.

A cold gleam flickered in Yunxiao's eyes. His pupils narrowed, and a faint golden light appeared in them.

Suddenly, thousands of golden lights gathered on the door and formed a Supreme giant sword, which directly slashed down from the sky.

“BOOM!”

The sharp sword Qi was unstoppable as it slammed into the door. The two forces were in a stalemate for a moment before the door was split in half.

The black-robed figure was also slashed apart.

The man in the black robe slowly raised his head. He tried his best to open his eyes as he was being torn apart, wanting to cross the infinite space and see the person in front of him clearly.

However, the golden light was too dazzling, and his body had already collapsed under the golden sword. He used the last bit of his spiritual consciousness to gather in his eyes and tried to look at it.

The cold and gloomy eyes finally penetrated the golden light and saw the appearance of the person in front of him. His eyes instantly widened, revealing a look of disbelief and horror, as if he couldn't accept what he was seeing.

“BOOM!”

The entire door suddenly collapsed at this moment and exploded, turning into countless fluorescent spots that disappeared into the soul space of the guests and officials.

The black-robed man also turned into smoke in an instant under extreme shock.

At some point in time, Yunxiao's appearance had changed to that of a slightly burly man with a golden skin, short hair standing on end, and a cold glint on his angular face. It was completely different from his original appearance.

The demonic Dragon suddenly laughed and said, "Haha, you're too mean! In the end, he actually turned into ao changkong. Wouldn't Wei Qing be scared to death?"

"Hmph!"

Yunxiao snorted coldly, and his body instantly changed back to his original appearance. that black-robed spirit sense should be a spirit sense left behind by Wei Qing. If I didn't intentionally let him see my face, he wouldn't be able to see me with his meager strength.

"However, it's the old man behind this door, Lao Ai."

I have some guesses," Yunxiao said after pondering for a while.

A cold glint flashed in his eyes as he turned around and left the soul space of his guest.

The demon Dragon shook his head secretly. In his previous life, Yunxiao was a Lord that no one could afford to offend, but in this life, he seemed to have become even more powerful. Those who accidentally offended him would be in deep trouble.

A moment later, Yunxiao's soul power rushed out of the guests' bodies and returned to his own.

The vassal opened his eyes and seemed to have noticed the change in his soul. He exclaimed in surprise, "How is it?"

Yunxiao nodded and said, "someone has indeed done something. Through that restrictive barrier, someone can watch your every move at all times. Even your physical condition can be transmitted to the outside world at any time. Now that I've destroyed the restriction, the person who cast the spell already knows."

“As expected! You should die!”

The guest was filled with anger, and his eyes were filled with killing intent. He said coldly, “Do you know who did it?”

it was not the same person who cast the restriction and monitored you,” Yunxiao said. the one who cast the spell was Wei Qing, one of the five rulers of the Holy region. Do you know him?”

The guest’s face revealed a look of shock and he said in shock, “Saint-level? I don’t know this person!”

Yunxiao nodded. then it must be the person who is monitoring you. I still have some guesses about his identity, but I can’t be sure.

The guest’s eyes flickered with a cold light and he said fiercely, “If you help me find out who that person is, I’ll teach you the method to open the third door!”

The expression on his face became more and more ferocious, and it was obvious that he had an extremely strong killing intent.

...

No matter who it was, their every move had been monitored for so many years. Anyone would go crazy and kill.

Yunxiao’s eyes flickered with joy as he said with a smile, “With such generous conditions, I will definitely help you find out this person’s identity.”

It was only then that the guests’ faces changed slightly, and their lips moved slightly as they taught Yunxiao the method to open the gate of rest.

Yunxiao quickly listened attentively, as if he had understood something.

“You can go back now, I need some time alone.” The dazzling treasure meet is about to begin. You must be careful.”

“Eh? Be careful?”

Yunxiao looked at the guests with a smile in his eyes.

Hmph! the guest snorted and laughed, “ stop pretending in front of me, kid. I don’t believe that you can’t see the significance of this Treasure Show. However, this matter is also extremely important to me, so I can’t tell you more. Just be careful and don’t die. I’m still counting on you to find the person who’s been watching me. ”

Yunxiao chuckled but did not say anything. Then, he turned into a bolt of lightning and shot into the sky.

As the guests watched Yunxiao leave, their faces gradually turned solemn, and their eyes were filled with contemplation. Then, they turned and returned to their rooms.

Yunxiao returned to the market and continued to plunder, exchanging for some extremely precious heavenly materials and earthly treasures.

...

After that, he returned to the spatial Mystic artifact in the small courtyard and began to cultivate in seclusion.

Three days later, the dazzling treasure meet began as scheduled.

The entire Island had become unusually lively. Everyone was flying towards the largest building on the Xian Kong Island.

The building was dome-shaped and was specially prepared for the treasure exhibition.

In front of the building, there were a few powerful marine race experts as guards. They stood on both sides to welcome everyone and to maintain order.

The successive meetings of the Xian Kong Island had been exceptionally smooth, and there were no fights. As for the fights after leaving the island, the Xian Kong Island sect did not care about them.

When Yunxiao arrived, Liao yangbing and the others were already waiting for him at the door. As soon as they saw him, they immediately rushed up to greet him, and then they stepped into the venue together.

The space inside was even larger than it looked from the outside. It was in the shape of a ring, and there were thousands of seats, but it was quickly occupied by various Sea Race members.

The whole field was noisy. Yunxiao and the others sat in the middle, looking inconspicuous, but they were all frowning. It was their first time attending the auction of the sea tribe. They felt that the sea tribe was overexcited.

It must be known that the sea Race was rich in materials, but they were extremely short of profound level weapons. Moreover, this kind of material exchange event was very rare, so it was very precious. Many of them had come from tens of thousands of miles away.

“Ahem, everyone, be quiet!”

In the center of the ring-shaped arena, a ray of light fell. In a flash, Zhao Wen Zhan’s figure appeared. He coughed a few times, and the entire arena immediately quieted down. Not a single sound was made.

Yunxiao found it funny. Although these sea people looked fierce, they seemed to be very obedient. The noisy venue suddenly became eerily silent.

Zhao wenzhan smiled and said, “ thank you, everyone. You have come all the way here to support our dazzling treasure meet. This meeting will be hosted by me-the fifth Island master of Xian Kong Island, Zhao wenzhan.”

He laughed, " let's stick to the old rules. Before we start showing off our treasures, Xian Kong Island will first list out a hundred Xuan artifacts for everyone to bid for. Among them, there are forty eighth tier profound armaments and sixty seventh tier profound armaments. I hope everyone will like them."

He clapped his hands, and a passage opened beside the central station. The sound of rolling wheels could be heard from inside.

Chapter 1083

1083 Thousand birds divine wood

Everyone's eyes lit up. Ten clam girls appeared one by one, pushing the weapon rack.

there were all kinds of weapons on it, such as sabers, spears, swords, halberds, forks, and so on. most of them were long weapons.

The clam girls were all extremely beautiful, but everyone's eyes were fixed on the ten rows of weapon racks, which were shining.

Zhao wenzhan laughed. it's very simple to exchange for these profound level weapons. You just have to bring any kind of natural treasure and get the approval of the clam girl in front of the weapon rack. You can take any one of them."

Not only were the clam girls beautiful, but they were also specially trained appraisers. They had an extremely keen sense for all kinds of natural treasures.

"Whoosh!"

Immediately, someone rushed to the stage and took out a small piece of mud-like object. It looked black and dirty, and he handed it to a clam girl.

The clam girl revealed a charming smile on her face. She touched the mud with her Jade-like fingers and revealed a surprised look. Her smile became even more charming as she said, " "Sir, you can choose any one of them."

The man was overjoyed. After handing over the mud, he immediately opened his hand and pulled out a halberd from the weapon rack. He waved it a few times in his hand and then happily put it into his storage profound level weapon and left the exhibition stage.

“F * ck! I had my eyes on that halberd at first glance, but he actually beat me to it!”

A member of the sea tribe suddenly stood up. His eyes were filled with ferocity as he glared at the previous member of the sea tribe.

Zhao wenzhan sneered. you can't cause trouble at the treasure exhibition. It's better for you all to calm down. First come, first served, there are still ninety-nine pieces left, is there no one that you're interested in?”

“Whoosh! Whoosh! Whoosh!”

As soon as he finished speaking, light rushed into the stage from all directions, handing over the treasures they had brought in exchange for the profound level weapons they had their eyes on.

Once again, the crowd became restless, but everyone was trying their best to control their emotions. Once they made any trouble, they would be killed by the xiankong Island experts in an instant.

Naturally, Yunxiao would not take part in this kind of exchange of low-grade profound armaments with rare treasures. He had exchanged all the low-grade profound armaments he had on him, and he still had a few good ones left, waiting for the opportunity to sell them.

The people who rushed up the stage were all from the sea Race. All of a sudden, there were a lot of empty seats. The human race's martial artists sat in groups, with the beiming family as the leader.

The rest were those who were close to Yunxiao, and they had gathered together with him as their leader.

There was also water deity, Yun Xiang, and Fei Ming, who were sitting together alone, right in the middle of the two groups of people.

Judging from Beiming Laifeng's triumphant look, he seemed to have exchanged a lot of good things recently. Yunxiao scanned him with his divine sense and found that he had also reached the peak of three-star martial sovereign realm. Perhaps he had swallowed some heavenly and earthly treasures directly.

Beiming Laifeng noticed that Yunxiao was looking at him. He turned his head and snorted fiercely, then turned his eyes to water fairy with a fanatical look in his eyes.

With a faint smile, Yunxiao retracted his gaze and began to observe the field.

Many oceanic species 'experts' sat calmly in their seats without moving or communicating with anyone. It was obvious that they had a bigger goal and these profound level weapons were not in their eyes.

From the dome, one could faintly sense the elemental energy fluctuations of many experts. They should be the Xian Kong island's martial artists who were in charge of maintaining order. A few of them were so strong that even Yunxiao's expression turned serious.

He had been thinking about the purpose of this dazzling treasure meet. Even the guests and ministers had warned him to be careful, but he couldn't figure it out.

At this moment, most of the profound level weapons on the stage had been sold out. The materials submitted by many people were rejected by the clam girl. They could only exchange for those seventh tier profound level weapons with a gloomy face.

After the time it took to brew a cup of tea, all 100 pieces of profound level weapons were sold out. The clam girls pushed the weapon rack away from the exhibition stage with smiles on their faces.

"Pa! Pa! Pa!"

Zhao wenzhan clapped and smiled, "congratulations to the 100 friends who have obtained their desired profound level weapons. Next up is the wondrous Item appreciation segment. Friends who want to auction, please come up on stage."

The so-called “Wondrous Item appreciation” meant that everyone would take out their own treasures to auction. This was also the main content of the dazzling treasure meet. After this segment, it would be the final segment, where the Xian Kong Island sect would bring out three Supreme treasures for the finale auction.

Yunxiao looked at them with great anticipation, hoping to get some more treasures.

There was a checkpoint in this segment. The treasure of the person who brought his own item must be inspected by Zhao wenzhan. If the item was not qualified, it would not be qualified to participate in the auction.

Most of the sea Race cared about their reputation, so they wouldn’t embarrass themselves if they weren’t 100% confident.

If the market was filled with commoners trading in the past few days, then this dazzling treasure meet was where the aristocrats were trading. Everything that appeared was definitely of high quality.

A while after Zhao wenzhan shouted, a man flew up the stage.

The man was wearing a reddish brown robe and had a thin and long body. This was extremely rare among the sea Race.

He opened his hand, and a small Jade box opened. There was some fine sand of various colors lying inside. He slowly said, “ Mr. Wen Zhan, please take a look. Is this good enough? ”

Zhao wenzhan stared at the five-colored fine sand for a while and pointed his finger in the air. Suddenly, a few grains of sand shot into the air and slowly spread out, like a thin layer of five-colored fine net, but also like a light smoke.

Zhao wenzhan’s eyes revealed a strange look. the ocean-less secret sand from the North Sea? ” he asked in surprise.

A look of surprise flashed across the man's face as he nodded and said, "that's right!" Mister Wen Zhan is very knowledgeable, this one is impressed!"

Zhao wenzhan said, " this ocean-less secret sand is an item used by the palace of the North Sea. It is strictly prohibited for outsiders to use it. It's not easy for you to make such a small box, so you're qualified to participate in the auction."

The man let out a sigh of relief. This time, he smiled and said, " I want to use this box of ocean-less secret sand to exchange for some heavenly materials and earthly treasures that can help me break through the barrier of my realm.

"Whoosh."

There was an uproar below. There were many types of heavenly treasures, and those that could break through the barrier of cultivation were undoubtedly the most precious.

Zhao wenzhan said loudly, " heavenly materials and earthly treasures that can help one break through realms are indeed precious. But the ocean-less secret sand of the North Sea is also a rare item. In addition, the palace of the North Sea has ordered it to be specially used. It is even more precious. It is enough to offset the price.

There were all sorts of discussions below. Run Xiang's face was covered with a layer of frost, and killing intent flickered.

Someone shouted, " that's true, but the ocean-less secret sand is only an alchemy material. How many people can use it? " And the heavenly treasures that can help one break through the barrier of cultivation can be eaten by everyone, their practical value can not be compared."

shut up if you don't want to buy it, " the owner of the endless sea secret sand said coldly. you can't tell the price. If I hear any more nonsense, Hmph!"

A murderous intent flashed in his eyes, and he released his aura slightly. Suddenly, everyone felt an inexplicable pressure, and their faces changed, one after another, they closed their mouths.

Zhao wenzhan's face turned cold. He immediately pushed the ocean-less secret sand back and said in a cold voice, " the treasure exhibition is about showing off your treasures, not your cultivation. You've lost your qualification. You can leave now!

"Mr. Wen Zhan, I'm only warning those who have eyes but fail to see," the man said in shock.

Zhao wenzhan said coldly, " what you are doing has nothing to do with the Xian Kong Island. However, you have violated the rules of the dazzling treasure meet. Do you want to go down by yourself, or do you want me to get someone to send you off? "

The man's face was filled with anger as he said, " "Mr. Wen Zhan, I've come from far away, please give me another chance!"

...

Zhao wenzhan snorted, " even if you came from outer space, you have to go down. You broke the rules. It's better for you to stay down there quietly and look around. Maybe you'll find what you want."

The man's face was extremely ugly, but he also knew that there was no way to save it. His eyes burst out with a fierce light as he stared at the person who had spoken before and walked down with a gloomy face.

The person who spoke earlier had his face turned ashen. He quickly left his seat and walked out of the venue.

Zhao wenzhan said indifferently, " I will repeat the rules. This is to show off your treasures, not your strength. No matter who you are, you can't break the rules. Let's go next."

At this moment, two people from the South and North each went up the stage and handed over the items they had prepared for the auction.

They were a bamboo and a Black Pearl.

After Zhao wenzhan's brief explanation and Exchange, he said loudly, " thousand-bird divine wood and Mo Yuzhu, one for ninth-tier Mystic weapon recipe, one for ninth-tier Mystic weapon.

"What? A ninth-tier profound armament recipe and a ninth-tier profound armament? These two must be crazy poor!"

that's right, those two pieces of trash added together can't even be compared to a ninth tier profound armament. They actually want to exchange it separately, and even exchange it for a refining recipe.

"There are idiots every year, but there are especially many this year!"

All sorts of discussions sounded, and the two people on the stage immediately changed their expressions. Both of them were filled with anger, but because of the previous precedent, their eyes were spitting fire, but they didn't dare to make a sound.

...

Yunxiao rose to his feet, then turned into a beam of light and landed on the stage under the surprised gazes of the crowd. Staring at the wooden block in one of the men's hands, he said, " "This is indeed the thousand birds Divine Tree, but it's not worth much. If you can find some high quality wood, I will exchange with you."

"You have a recipe for ninth tier profound level weapons?" the man was overjoyed.

Yunxiao nodded and said to Zhao wenzhan, " "Mister Wen Zhan, do you want to take a look?"

Zhao wenzhan laughed and said, "if it was anyone else, they would have checked." But you, young master Yunxiao, can avoid it. "

Joy flashed across the face of the man holding the thousand birds divine wood, but he soon revealed a difficult expression and said, " "But I only have this lump in my hand."

Without a word, Yunxiao turned and was about to leave.

The man immediately panicked and said, "Human friend, please wait! Let me look around."

Everyone was stunned. They knew that he had something good to hide, so they all laughed and scolded him.

"I only have a small section of the divine tree's main material, about this long," the man said, his face red. He gestured with his hand and found that it was only half the length of an arm.

this little divine wood can't even be exchanged for a ninth-tier Mystic artifact recipe on the continent," Yunxiao said with a sneer. I'll see you again if you don't grow it twenty feet long. He turned around to leave.

"Hold on!"

The man hurriedly shouted, his expression changing several times. He gritted his teeth and said, "My Divine Tree is indeed nearly twenty feet long, not much different. However, can I first take a look at this friend's profound level weapon refining recipe and see if it is what I want?"

Chapter 1084-flower of Bo Xun

f * ck, how can you just casually look at the recipe? you can remember it with one look!

that's right. I've seen a lot of amusing idiots, but I've never seen such an amusing idiot!

Zhao wenzhan's face also sank. He said coldly, "Your request is too much."

"I know I'm asking too much, but I hope I can exchange for something that I'm satisfied with," the man said with a red face. Otherwise, I'd rather not trade for the thousand birds Divine Tree."

Yunxiao stopped and nodded. "I can understand your request. I have a lot of recipes here, what type do you want?"

“Ah, many?”

The man was dumbfounded, but he quickly rejoiced and said, “It’s best if you have the recipe for a giant hammer. If you don’t have any, all kinds of heavy long handle profound level weapons can be refined.”

Yunxiao thought for a moment, then took out a blank Jade slip and placed it on his forehead. After imprinting the recipe of a hammer into it, he threw it to the man.

The man was overjoyed and hurriedly held it in his hands, as if he was afraid that it would fall to the ground. Then, he also placed it on his forehead and read it carefully.

The entire place was silent as everyone stared at that person. They could only see his eyes constantly revealing excitement and joy, and then suddenly became stunned.

“Eh? Is there a problem?”

Everyone was silently thinking. Zhao wenzhan also became suspicious and said, “How is it? does it not meet your requirements?”

The man smiled awkwardly and quickly said, “No, no, this recipe is very suitable for my requirements. It’s just that only the last small section of the Kasaya has a restriction. Can you remove it so I can see it clearly?”

are you a fool? ” Yunxiao’s face darkened. do you think I’m an idiot? ”

Zhao wenzhan also snorted, “aren’t you a little too greedy?” Is it still worth anything if I show it all to you? Your request is too much!”

All kinds of curses also sounded from below, making that person feel very embarrassed.

He stretched out his hand, and a twenty-foot-long piece of white wood appeared in his hand. He handed it over and said, "Human friend, do you like him?"

Yunxiao was overjoyed with just a glance. He quickly waved his hand and put it into his pocket, then said, "I'll teach you the method to lift the seal."

His lips moved slightly, and he transmitted a spell into the other's ears. He then turned into a ray of light and flew back to his seat.

After the man obtained the method of unsealing, he quickly read out the last paragraph of the refinement recipe. He also revealed an ecstatic expression, repeatedly shouting thank you and flying back to his seat.

At this moment, only the sea tribe member holding mo Yuzhu was left standing on the stage with an embarrassed expression.

Zhao wenzhan said, "it seems that no one is willing to use a ninth-tier Mystic weapon to exchange for mo Yuzhu. This friend, would you be willing to lower the price? I'm willing to use a peak eighth grade profound level weapon to exchange for your mo Yuzhu."

The man's face was ashen as he shook his head and flew back to his seat.

Zhao wenzhan smiled indifferently and said, "the next few."

The trade quickly became lively. Every time, there were several people who went up to display their treasures. There were also a few treasures that were rejected by Zhao wenzhan. Those who went down dejectedly were all depressed.

From time to time, beiming Laifeng would go up to the ring to exchange for some things. From the corner of his eye, he saw Yunxiao talking in front of a sea tribe member. The object of their discussion was a thread-like object, which looked like silk but was pink in color.

“I’ve risked my life several times to get this Emerald Sky Sea Silk. Friend, you’re so rich, so why do you have to be so calculative?”

Knowing that Yunxiao was a ninth-tier Alchemist, the man from the sea tribe who was selling the pills put on a pitiful face.

Yunxiao’s face darkened as he shouted, ‘it’s none of your business whether I’m rich or not! An eighth tier intermediate level profound armament, if you don’t want it, then it’s fine.”

The Marine race expert’s face was filled with helplessness. The value of the Azure sky Sea Silk was extremely high, but high-level profound level weapons were too rare. He gritted his teeth and said, “alright!” Then an eighth tier intermediate level profound armament, but it must be the sea severing saber!”

Yunxiao smiled and said, “ I happen to have a sea severing saber that was just made not long ago.”

“Hold on!”

Beiming Laifeng took a step forward and said coldly, “This is Emerald heaven Sea Silk. On the continent, even ninth tier profound armaments might not be able to exchange for it. Tsk tsk, such a precious treasure, I’ll offer an eighth tier top grade profound armament.”

“Ah, this Lord knows his stuff!”

The eyes of the sea tribe member immediately lit up, and he hurriedly retracted the treasure he had just handed over. He handed it over to beiming Laifeng and chuckled, “My Lord, can it be a top-tier eighth-tier sea severing saber?”

Beiming Laifeng’s face darkened, and he snorted, I only need a top-tier eighth-tier profound armament. I’ll try my best to use a saber weapon.

After saying that, he gave Yunxiao a smug look.

Although he had no use for the Emerald Sky Sea Silk, he knew that it was a top grade heavenly treasure. As long as he brought it back to the continent, even ten peak eighth level profound armaments could not be exchanged for it.

Besides, he was so happy that he could even argue with Yunxiao.

As expected, Yunxiao's face turned cold, and his eyes flickered with an unfathomable light as he said indifferently, "Then I'll offer two pieces of top grade eighth tier profound armament."

Beiming Laifeng's heart was filled with joy. He smiled and said, Aiya, young master Yun is so rich, don't compete with me. Three pieces!

Yunxiao's expression turned unsightly as he said indifferently, "Four."

"Five," beiming Laifeng sneered.

six?" Yunxiao gave him a look and said, "six.

"Hahaha! He's really rich!"

hahaha! beiming Laifeng burst into laughter. since young master Yun is so generous, I'll have no choice but to back off. Hahaha!

He laughed triumphantly. He had finally helped Yunxiao, and he felt very comfortable.

The sea tribe cultivator's mouth was already curved in a smile. He only felt that happiness had arrived so quickly.

Without saying a word, Yunxiao took out six top-tier eighth-tier Mystic artifacts and exchanged them for the blue sea heavenly silk.

Some of the human warriors frowned, while the sea Race Auctioneers looked envious. They showed their treasures to Yunxiao one after another, hoping to get his favor.

Suddenly, he heard beiming Laifeng's solicitous voice. "Miss water deity, why are you here? what have you taken a fancy to?"

Yunxiao turned around and saw the water deity looking at a bright flower in the hand of a sea tribe member with a puzzled look. As for beiming Laifeng, he stood off to the side, eagerly trying to curry favor.

"Yi, isn't this the flower of the treasured heart that is known as the soul of the ocean, which gathers the essence of the four oceans and symbolizes unparalleled glory?"

...

Yunxiao was taken aback. He strode up to the sea man and said in shock, "It's indeed the flower of the treasure heart!"

He turned to the water deity and smiled. miss water deity, in this world, only this flower that bears the soul of the ocean is a good match for you. I'm giving this flower to a beautiful woman, I hope miss water deity won't reject it.

He asked the Marine race expert, "how much are these flowers?"

The Marine race expert was overjoyed. He hurriedly said: " my Lord indeed has good eyes. This treasure Heart Flower is in exchange for a ninth tier profound armament!

it's a little expensive, but it depends on who it's for, " Yunxiao said thoughtfully. it's worth it.

He took out a ninth-tier profound armament and was about to trade.

Beiming Laifeng's face darkened. The moment Yunxiao said that he was going to give her flowers, he found that water fairy's face had changed, and her eyes were shining. His heart sank, and he immediately shouted, "Hold on!"

He walked over in two or three steps and said, "I want this flower, two pieces of ninth tier profound armament! Although it's a little expensive, it's worth it!"

After saying that, he did not forget to give Yunxiao a provocative look.

you! Yunxiao flew into a rage and roared, "Beiming Laifeng, you're so arrogant! Alright, alright, alright, I'll bid three pieces of ninth tier profound armament!"

"Huala"

...

The surrounding people were all shocked by the price. They all stopped their transactions and looked over.

Beiming Laifeng's expression also changed slightly. He had to grit his teeth to take out two ninth tier profound armaments. If he were to take out four, he would really be bankrupt, and he wouldn't be able to buy anything else.

But, when he saw Yunxiao's provocative and disdainful look, and the graceful and swaying Daffodil standing not far away, he realized that only the Holy Flower in front of him was worthy of it.

He gritted his teeth and said with an ashen face, "Four ninth tier profound armaments! Li Yunxiao, if you have the guts, then follow!"

His eyes were wide open with a fierce look, for fear that Yunxiao would raise the price again.

The anger on Yunxiao's face disappeared and was replaced by a faint smile. He made a gesture and said, " young master wind, you're so domineering. I admit defeat. Please.

The surrounding people had long been dumbstruck, unable to understand how a flower of treasure heart could be sold for such a high price. Although that thing was precious, it was at most worth a ninth tier profound armament in the sea.

Beiming Laifeng's face flashed with rage. Although he had won, he still felt an indescribable suffocation in his heart, and he couldn't let it out.

Fortunately, looking at the beautiful figure beside him, he felt a lot more comfortable. He hurriedly took out the only four ninth tier profound armaments he had and exchanged them for the flower. He handed it to the water fairy and said, " Although the flowers are beautiful, they can't compare to miss water fairy."

Water deity's expression changed drastically, and her eyes flashed with a cold light. Boundless flames of anger shot out from her eyes, and she stared at beiming Lai Feng, causing his heart to turn cold.

"What, what is it?"

Beiming Laifeng felt a chill run down his spine, and a bad feeling began to spread in his heart.

Suddenly, Yunxiao's cold and mocking voice rang out beside him, " beiming Laifeng, how dare you offer the flower of Bo Xun to the sea Emperor's daughter? are you trying to humiliate the sea Emperor? "

"?! What?"

Beiming Laifeng sucked in a breath of cold air and cried out in shock,"This, isn't this the flower of the treasure heart? Why is it Yingluo?"

The rest of the members of the sea tribe present were instantly stunned. Each and every one of them revealed a look of shock and fear. They looked at water deity's graceful and celestial-like figure and immediately trembled.

“Heavens! What did I just hear? This girl, no, this fairy is the daughter of the sea Emperor?”

“The daughter of the sea Emperor? How is this possible? the daughter of the sea Emperor is so Holy and Noble, how could she come to a place like this?”

that human brat actually gave the flower of Bo Xun to the princess of the ocean. Damn it, he really deserves to die!

the flower of Bo Xun is the flower of extreme evil. This kid is insulting the sea Emperor!

The entire place was in a state of chaos. Waves of anger rose from all directions.

Beiming Laifeng’s face was filled with fear. He felt as if he had fallen into a boundless rage as a series of extremely terrifying auras locked onto him.

Chapter 1085-a Fox exploiting a Tiger’s might

Among the countless angry gazes, he saw a pair of bright eyes that were like water. They were like the endless sea of stars.

y-y-Yunxiao, y-y-y-you ...

Beiming Laifeng’s heart fell into an abyss. When he saw Yunxiao’s playful look, he immediately understood that the other party was playing with him. The suffocating breath in his chest finally burst out, and he coughed up a large mouthful of blood on the spot.

“Pfft!”

Blood spurted out of beiming Laifeng’s mouth as he pointed at Yunxiao and said angrily, “You’re so cruel!”

Yunxiao smiled indifferently. young master wind is so brave. He even dares to offend the princesses of the four Seas. What is there to be afraid of? ” Take your time, I won’t be accompanying you.”

li Yunxiao! beiming Laifeng was terrified. you’ve set me up! he roared with all his might.

Yunxiao’s face was full of surprise as he said, ” “That’s strange, that’s strange, you used four ninth tier profound armaments to snatch it from my hands, so how did it become me harming you? We’re all adults here, so we have to be responsible for what we’ve said and done.”

A cold smile flashed across his face. but I didn’t expect you to be so vicious. You snatched the flower of Bo Xun just to humiliate Princess water fairy. You really deserve to be killed!

“You coward!”

Beiming Laifeng was already unable to explain himself. The surging Fury was about to burn him to ashes. He turned his head to Zhao wenzhan for help.

“Mr. Wen Zhan, I didn’t mean it.”

Zhao wenzhan stood with his hands behind his back and looked up at the sky. He had an indifferent look and said indifferently, ” I’ve already made it clear that this is the flower of Bo Xun. It’s a joke that young master Lai Feng said that he didn’t mean it. Who would believe him? ”

Beiming Laifeng was dumbfounded. Just now, his mind was filled with lust, and he had only wanted to get the flower to present to the beauty. Moreover, the Bo Xun flower was indeed extremely bewitching, as if it had some kind of hallucinatory effect. Now that he thought about it, Zhao wenzhan had indeed said that it was the flower of Bo Xun.

He was so anxious that his head was covered in cold sweat. He kept looking around for help, hoping to find a Savior.

“That’s right, tear him apart! Sacrifice him to the sea and humiliate him with blood!”

the flower of Bo Xun and the flower of treasure heart are very different in shape and smell. Even a blind man would not mix them up. He must have done it on purpose!

A large group of Sea Race members surrounded him, each of them with fierce gazes, wanting to tear him apart.

“Mr. Wen Zhan, are you going to ignore the rules of your Xian Kong Island?”

Finally, Darknorth Kangtian couldn't sit still anymore. His deep voice rang out from the stage.

He was also extremely depressed. He had seen Beiming Laifeng snatch Yunxiao's Blue sea heavenly silk, and he had also wanted to see the confrontation between the two young men. He was secretly happy that Beiming Laifeng had made Yunxiao suffer a loss.

But, he did not expect Yunxiao's revenge to be so fast and so ruthless that he had directly pushed Beiming Laifeng to his death.

If he didn't step forward now, Beiming Laifeng would really be torn to pieces by these Sea Race people.

Zhao Wenzhan frowned. He didn't want to protect Beiming Laifeng, but the rules couldn't be broken. He could only say unhappily, “Everyone, calm down. This is the treasure exhibition. You can't be so presumptuous! Any personal grudges can be settled later. We can let everyone rest for four hours after this segment.”

Darknorth Kangtian frowned when he heard this. This was clearly telling everyone to wait until they were resting before taking action.

But Beiming Laifeng heaved a sigh of relief. At least his life was temporarily saved. I'll think of a way later.

Although the members of the sea Race were burning with rage, they had to suppress their anger due to the rules of the Xiankong Island.

Yunxiao sneered. Mr. Wen Zhan, you're wrong. This man insulted the princess of the sea Race, the shame of the entire sea Race. Is this also a private matter? " Even though the rules of the Xian Kong Island must be followed, how could the rules be more important than the dignity of the entire ocean? Is the Xian Kong Island trying to use the rules to challenge the majesty of the sea Emperor?"

Zhao wenzhan's expression changed drastically. As soon as these words were spoken, the members of the sea Race who had just suppressed their anger were once again enraged. This time, they were not only targeting beiming Laifeng, but also the entire xiankong Island. They were all glaring at him.

Zhao wenzhan groaned in his heart. Yunxiao was good at talking, and his words were more eloquent than a million soldiers, each of them filled with killing intent.

Darknorth kangtian's expression changed drastically. He immediately flew up into the air and released his aura. He then shouted angrily, "Who dares to be rash!"

The power of a Peak Eight-star Martial Emperor spread out, and everyone retreated in horror. Their faces turned pale, and most of their anger was extinguished.

Mr. Wen Zhan, your xiankong Island is also a part of the four Seas, " Yunxiao said coldly. are you going to sit by and watch the princess of the ocean Emperor be humiliated? are you going to sit by and watch the dignity of the sea be humiliated? "

Zhao wenzhan's face turned pale as he cried out in his heart. Yunxiao was going to drag their xiankong Island into the water.

Just as he was at a loss, Guang Yuan's voice rang out in the field, saying in a deep voice, " "As one of the eastern sea forces, Xian Kong Island is obliged to protect the dignity of the sea Race! This matter is of great importance, so we'll discuss it later. Let's finish the treasure exhibition first."

Zhao wenzhan heaved a sigh of relief. The older the ginger, the spicier it was. By saying this, not only did he express his attitude, but he also directly suppressed the matter. After a while, he would reduce big problems to small ones and small problems to nothing.

Yunxiao sneered in his heart. He was also very curious about the first island master, so he said with a sneer, "the first island master is right. However, the princess of the ocean Emperor is here, and the first island master still doesn't come out to meet her. His arrogance is really greater than the sky!"

The whole place fell silent, and Zhao Wenzhan's face turned extremely unkind. Yunxiao attacked everywhere with Poseidon's name, but no one could respond.

Fei Ming also smiled bitterly. This person who had been disrespectful to the sea Emperor was now a guard to protect the dignity of the sea Emperor. He was too good at bullshitting.

There was no sound at all in the venue. Everyone was waiting quietly. It was reasonable for the first island master to appear and meet them. They were also full of curiosity about the extremely mysterious first island master.

The space above the dome suddenly trembled and slowly gathered into a man in a green robe, who slowly descended from the sky.

The man's entire body was enveloped in a layer of light, which made him look both real and illusionary. He landed directly in front of the water deity and bowed, "Xian Kong island's first island master greets Princess water fairy, I hope you can forgive me for my slight."

Everyone was secretly surprised. As expected, the first island master could not bear Yunxiao's accusation. He showed up, and the figure in the Halo made them unable to see his face. No matter how hard he tried to open his eyes, he could only see a blur. If he tried to look any further, he would feel a sharp pain in his eyes.

Yunxiao sneered. The first island Lord is indeed the 'first' Island Lord! You didn't even show your real body and didn't even have a name. Could it be that your name is the first island master?"

Guang Yuan gave Yunxiao a look, and his eyes flickered with a strange light as he said, "I'm not feeling well, and I'm at the critical moment of my closed-door cultivation, so I can't see you in person. I hope Princess water immortal can forgive me. As for my name, there's no need to mention it. You can call me first island master."

Water deity replied indifferently, "it's fine. I have some personal matters to attend to and have come to Xian Kong Island." Since you're in seclusion, you don't have to come out."

The water deity had a simple personality, and she seemed to have sensed that Yunxiao was using her to intimidate others, so she did not want to make things difficult for him.

Guang Yuan laughed and said, "Princess water deity is indeed as her name suggests, her heart is pure." In the last segment of the dazzling treasure meet, I will definitely come out to meet you."

The Halo flashed in front of everyone's eyes and then disappeared from the stage without a trace.

Yunxiao's eyes narrowed slightly. Although Guang Yuan was only a projection, he had seen a lot of things from him. And most importantly, he was sure that the other party was definitely a nine-stars Martial Emperor!

Darknorth kangtian also seemed to sense Guangyuan's extraordinariness, and his face was also very solemn. When his eyes met Yunxiao's, he saw the solemnness in the other's eyes.

Darknorth kangtian sighed inwardly. Looking at beiming Laifeng, who was rejoicing after the disaster, he knew that it was impossible for his junior to surpass Yunxiao in this life.

Zhao wenzhan shouted, " everyone, please return to your seats. We will put this matter aside for now. If anyone continues to pester us, we will not let them off easily! He gave Yunxiao a glance, intentionally or unintentionally, and snorted coldly.

...

Yunxiao! the water deity looked at Yunxiao and said, " you wanted to give me the flower of Bo Xun? "

hehe, " Yunxiao laughed. I'm mistaken. It's my fault that I didn't read much and couldn't tell."

The water deity looked calm and said seriously, "I know you're doing this on purpose. But I don't mind. I hope you can help me with one thing. As for your conditions, I can agree to them."

Yunxiao trembled and said in surprise and joy, "Is this true? Then what do you want me to do? I'm also very curious."

"Let's talk about it later, it's not the right time to talk about this," said the water deity with some difficulty.

"Alright," Yunxiao said with a smile.

The treasure exhibition continued. The sea Race person who had exchanged the Bo Xun flower for four ninth-tier profound armaments also disappeared from the venue. After obtaining the various treasures, he immediately thought of a way to escape.

After experiencing this, beiming Laifeng felt as if he had lost his soul. He became restless, not knowing what would happen next. Besides, darknorth kangtian had also warned him directly not to provoke Yunxiao again.

At this moment, a marine race member flew up the stage and handed a storage bag to Zhao wenzhan.

After Zhao wenzhan took a look, he was immediately stunned and revealed a strange expression. Then, he nodded and said, "this is a piece of single-crystal carbon stone."

As soon as he finished speaking, there was a big reaction from the audience, most of which were curses.

...

"I didn't hear wrong, did I? Single-crystal carbon stone can be used?"

The so-called single crystal carbon stone was an extremely hard object in the sea, its hardness was no less than a ninth-tier material, but this object did not have any spiritual energy, it was not a natural treasure. There wasn't much in the sea, but it wasn't precious either.

Zhao wenzhan smiled. although it's just a piece of single-crystal carbon stone, it's the largest one I've ever seen in my life. It's estimated to be more than a hundred tons.

"?! A hundred tons?"

Everyone was taken aback by the number and shut their mouths. However, there were still some who complained in a low voice.

After the person who presented the treasure thanked Zhao wenzhan, he said, "I hope to exchange for a large number of heaven and earth treasures that can improve my strength."

Chapter 1086-snatching treasure

Zhao wenzhan asked,"to improve skills?" This is going to be difficult."

The people below also started to discuss. Suddenly, a member of the sea tribe flew up to the stage and said, can I take a look at the carbon piece? "

The Marine race expert had three horns on his head, and his skin was dark red. His movements revealed a powerful aura.

Zhao wenzhan opened the storage pouch. The sea tribe member's face flashed with ecstasy as he looked at it, but he immediately regained his calm. He looked at the trader and said, "I have a cleansing fungus here, what does this friend think?"

"How many are there?" the person who presented the treasure was delighted.

"How much?"

The Marine race expert sneered. I'm sure everyone knows the efficacy of the cleansing Poria. Even a mid-stage Martial Emperor powerhouse will have an effect after consuming it. One of them is more than enough to exchange for yours.

The person who presented the treasure quickly shook his head and said, "No, one is too little. I need at least three!"

"Three? Is there something wrong with your brain?"

"Three cleansing Poria mushrooms, even a high-level martial Supreme can use them!" The Marine race expert said angrily. It must be known that items that could increase one's cultivation power were highly sought after by everyone, and they were considered one of the most popular items. This piece of single-crystal carbon stone is indeed rare, but it's not that useful."

"I know, but I'll only agree to it if I have three cleansing Poria mushrooms," the person who presented the treasure said.

The Marine race expert was furious. He gritted his teeth and said, "Two!"

The person who presented the treasure still shook his head.

At this moment, a voice suddenly rang out, "Take a look and see if my pills are useful."

A beam of light landed on the stage. It was Yunxiao. He handed over a Jade-like bottle, then asked to have a look at the hundred tons of single-crystal carbon.

The person who presented the treasure suspiciously said, "Medicinal pill?"

There were very few elixirs in the sea Race. Although he had heard of it, he had never seen it before. He took the small bottle over with doubt.

The bottle cap was pulled out with a " bang ", and an extremely comfortable smell came out. His whole body could not help but shiver.

The person who presented the treasure was overjoyed and hurriedly poured out a light blue pill. It rolled in the palm of his hand and emitted a soft light.

"This pill is so good!"

The person who presented the treasure was extremely excited. He could already sense that this pill was of great use to him. Just by smelling it, he felt the bottleneck in his body loosen.

Zhao wenzhan laughed. young master Yunxiao, you've really put in a lot of effort for the dazzling treasure meet. This is a ninth-grade secret pill. It's specially used to improve one's skills. Two secret pills of this quality are enough to match a cleansing Lanling."

I have indeed refined some, " Yunxiao said with a smile. I was going to auction them.

When the person who presented the treasure heard Zhao wenzhan's words, he knew that it was true. He hurriedly said, " "How many more of these pills do you have?"

how much do you need? " Yunxiao laughed. how much do you want? "

"Mister Wen Zhan said that two of these pills are equivalent to one cleansing Poria, so you can just give me six of them," the person who presented the treasure said.

alright! Yunxiao said without hesitation.

He immediately took out six small bottles and was about to hand them over.

He had only made a total of ten of these secret pills. He had originally wanted to participate in the auction of the dazzling treasure meet, but the single-crystal carbon stone was of great use to him, so he had to change his mind.

“Hold on!”

The sea tribe man with the triangular head gave Yunxiao an angry glare, then took out three stalks of cleansing Poria and said, “I’m taking this piece of single-crystal carbon stone!”

He directly stuffed the cleansing Poria into the other party’s hand and went to retrieve the storage bag.

Yunxiao flicked his finger, and a beam of light shot out and stopped the man.

“What are you doing?”

The man flew into a rage and glared at Yunxiao.

“Did the owner say he wanted to sell you?” Yunxiao sneered. “I’ll offer eight secret pills.”

The man’s face flickered, and his eyes flickered with killing intent. He pointed at Yunxiao and snapped, “Brat, this thing is extremely important to me. Do you really want to snatch it from me?”

“I’m sorry,” Yunxiao said indifferently. “I want one too. The one with the highest price will get it, it depends on the seller’s intention.”

The seller was overjoyed and hurriedly said, “Of course I’ll sell it to this human friend!”

Yunxiao smiled and immediately took out eight bottles of pills and handed them to him, then took the storage bag.

The eyes of the oceanic species ‘expert with the triangle on his head flickered with anger as he threatened, “You’ve got guts!”

Yunxiao ignored him and returned to his seat.

The three-horned expert of the sea clan also returned resentfully and walked into the crowd of sea clan members. Many of them were from the three-horned sea clan, and they all stared at Yunxiao with cold eyes as they gathered together to discuss something.

The feast continued, and all kinds of treasures were presented one after another. Even runxiang exchanged for a few, and Yunxiao exchanged all the remaining resources.

Throughout the entire event, the water deity was the only one who did not move. She did not know what she wanted, but the point was that she could have anything she wanted, so she just watched the show.

Zhao wenzhan said, " let's end the sharing of wondrous items here. Everyone, rest for four hours. You can carry out some transactions on your own. We're going to prepare for the last few treasures to be auctioned off, so please leave for now."

The dazzling Treasure Hall was filled with a few clamors as everyone began to leave. Many people's eyes were looking around, sweeping over the other cultivators, as if they were looking for a target.

As soon as everyone left the hall, they immediately turned into a beam of light and left, especially those who had revealed their treasures. They were afraid of causing trouble and stayed far away.

The one who was the most worried was beiming Laifeng. Dozens of dangerous auras had locked onto him.

As soon as they left the dazzling Treasure Hall, he followed closely behind darknorth kangtian. The two of them turned into beams of light and left.

As soon as Yunxiao walked out of the venue, he also found dozens of beams of light gathering on him. But, as he stood next to water deity, no one dared to approach him, and they all stared at him from a distance.

li Yunxiao, "RUO Xiang sneered, " don't try to intimidate others with your power if you have the guts. Get out of here by yourself and see if you can come back alive later.

Princess water fairy, " Yunxiao said. I'll leave for a while.

...

"Be careful," said water deity.

Yunxiao smiled indifferently, then turned into a beam of light and left. Liao Yang Bing and Jing Yong ye looked at each other and followed. They were now completely tied to Yunxiao's chariot.

As expected, dozens of lights burst out in the surroundings and chased after him.

Yunxiao's identity as a ninth-tier Alchemist and the many treasures he had revealed had long been remembered by many people.

"Don't run! You won't be able to escape even if you go to the sky or the sea!"

After flying for hundreds of miles, the oceanic species 'experts caught up to them in the sky above a continuous mountain range.

Yunxiao stopped and stood there indifferently, a mocking smile on his lips.

His thoughts were simple. Since these people wanted to get their hands on him, he didn't mind solving them all at once to avoid any trouble in the future.

there are at least 30 of them, " Liao yangbing said in a deep voice. they're really a bunch of reckless people!

"With the three of us working together, they won't be able to return!" Jing Yongye snorted.

In a few breaths, more than 30 beams of light caught up and surrounded the three of them. There were also a few extremely strong auras in the void.

...

ladies and gentlemen, " Yunxiao sneered, " we don't know each other, do we? "

"A complete stranger?"

The sea clan member with three horns on his head looked around and knew what the others were thinking. He sneered,"I know you have some ability, but it's not worth mentioning in front of us. But we brothers aren't the type to kick you while you're down, as long as you hand over the carbon, we'll leave."

There were a total of five people with three horns on their heads. Their entire bodies were brown, and they were obviously of the same race.

The five of them emitted extremely strong Origin Energy fluctuations. None of them were ordinary Martial Emperor powerhouses. Each of them revealed a ferocious look.

you do have some conscience, " Yunxiao said. I'll just cripple one hand each of you. As for the rest? " What grudges do I have with you?"

The five of them were furious, and the leader said coldly, " "Are all humans so stubborn?"

haha, so this is the so-called human race. He's so arrogant.

A dark-green Marine race expert sneered, " "It's very simple. We'll take out all your treasures and break your dantian. Then, we'll leave."

Yunxiao's eyes flickered with a cold gleam as he said, "Not bad, you broke my dantian, I'll remember that."

Another member of the sea tribe with a trumpet-like mouth frowned and said, "This person's life belongs to me, but the treasures can all belong to you."

The dark-green Marine race expert sneered, "Haha, don't tell me you want to imprison him so that he can forge weapons for you?"

"What? is there something wrong with that?" the trumpet-mouthed marine race expert snorted coldly.

Everyone's heart skipped a beat. This was indeed a brilliant idea. The other party was a ninth-tier great Alchemist, a rare commodity that they would never encounter in the entire ocean.

The moment this thought appeared, it was difficult to suppress it from spreading in everyone's hearts.

"Young master Yun, do it," Liao yangbing sneered. Don't miss the auction for the final item."

four hours! Yunxiao laughed. do you really need four hours to kill these ants? "

"Hmph! He's really confident!"

The sea tribe member with the three horns snorted coldly."Let's kill the two warriors first, then capture this ninth-tier Alchemist. The five of us will take the carbon piece and leave. You guys can split the rest."

"That's right! I'm sure the two Martial Emperor powerhouses must have many treasures in their hands!"

One of the oceanic species 'experts said in a deep voice as greed flickered in his eyes.

"If that's the case, then do it!"

One of the sea clan's chieftains gave a loud cry and immediately reached out to grab Yunxiao.

These members of the sea Race had a barbaric nature, and their blood would be ignited in an instant when they fought. They all revealed ferocious expressions.

"Hmph!"

Jing Yongye snorted coldly as he took a step forward and stood in front of Yunxiao. Then, he turned his palm into a sword and slashed it at the sea tribe cultivator.

"Bang!"

The two of them exchanged a palm strike in the air. Jing Yong ye had the upper hand, and the sea tribe cultivator was forced to retreat.

let's attack together! the Marine race expert shouted in anger. these two human experts are not simple!

Killing intent flashed across the faces of the rest of the people as they rushed forward.

More than thirty people attacked at the same time with earth-shaking power, and all kinds of unique skills came from the sky, causing Yunxiao and the other two's faces to pale.

Chapter 1087

1087 Killing

spread out! Liao yangbing shouted. draw away some of young master Yun's opponents! He made a prompt decision and immediately turned into a ray of light and fled a thousand meters away.

"You want to escape?"

Sure enough, a few oceanic species 'experts' expressions turned cold as they chased after him.

Jing Yongye immediately understood Liao yangbing's thoughts, and he also fled a thousand meters away, drawing away many enemies for Yunxiao.

Yunxiao, on the other hand, was in a daze. The countless attacks went straight through his body, but they could not hurt him at all.

The members of the sea tribe were all stunned and dumbfounded.

The Marine with the trumpet-like mouth said in a deep voice, " this kid is a great Alchemist. He can twist space with his spiritual power and shift his position. Let's do it together!

The people of the sea tribe had never fought with alchemists before, so they had no idea what was going on. Hearing this, they roared and rushed forward.

The five members of the sea clan with three horns on their heads were at the forefront. Together, they cast a set of joint attacks and sealed the space around Yunxiao, making it impossible for him to escape.

Furthermore, the attacks came from five different directions, causing the space to warp.

Yunxiao suddenly let out a soft cry of surprise. With their joint efforts, the flat space was twisted, and the five of them were hidden deep in the spatial Rift, hiding their traces.

The moon-like pupils in his eyes flashed, and he instantly saw the positions of the five people clearly. The five attacks also twisted and turned in the distorted space. They actually did not walk in a straight line, but instead moved casually, and suddenly blasted out in front of him.

"Interesting."

Yunxiao was quite interested. He pointed up in the air, and the great sorrow Twilight Cloud Mirror appeared out of thin air, emitting a soft light as it hovered in the air. The mirror kept spinning, growing

larger, and then slowly descended. At the same time, it emitted beams of bright light that shot into the twisted space.

The mirror grew to the height of a man and landed in front of Yunxiao.

As the five attacks came at him, Yunxiao's expression remained unchanged. Instead, he took a step forward and walked into the mirror, then disappeared.

"Bang!"

When the fist force hit the mirror, half of it was reflected back, while the other half went through the mirror light and was refracted to another direction.

"Bang! Bang! Bang! Bang! Bang! Bang!"

The five fist winds were separated by the mirror surface, constantly colliding with each other. There were even a few that were directly reflected back to attack them.

"What?"

The five of them were shocked and hurriedly attacked again. They twisted the space and the five figures flashed and continued to hide in the crack.

At that moment, a light flashed in the mirror, and Yunxiao walked out from the other side with an indifferent look.

He didn't do anything during the entire process. He just walked into the mirror and came out.

"You indeed have a rare treasure!"

One of them was surprised and happy, and shouted, "Brothers, show yourself and fight him!"

The surrounding space changed again. The five of them circulated their essence force to the extreme and attacked from a few tricky and strange positions.

Yunxiao smiled indifferently as he kept making hand seals in the air. In an instant, as if he was holding Jade in his palm, tens of thousands of strong beams of light bloomed out.

There was a loud bang in the sky, and strange phenomena appeared everywhere.

Four rays of light of different colors gathered from the four poles, forming a line in the air and falling down, directly gathering in his palm.

A four-pole seal formed in the air. It glowed with a strange light as if there were several rules gathered inside. Hundreds and thousands of strange symbols floated inside.

“?! This move ...”

“Not good!”

The five of them immediately realized the danger and instantly made a strange pose, which looked strange and incomprehensible.

However, as the five of them combined their postures, an illusory shadow of a fist appeared.

“Let’s go all out!”

The leader gave a loud cry, and his fist shadow instantly turned solid as it smashed toward the four-pole seal in front of Yunxiao.

“Boundless heaven and earth, six paths reincarnation!”

heaven and earth seal! Yunxiao cried out as his figure swayed under the huge golden light. He formed a seal with both hands, and the heaven and earth seal suddenly slammed down.

“Bang!”

The golden seal and the fist shadow were both shattered upon contact, and the violent energy exploded, engulfing all six people.

The members of the sea clan outside were frightened. They retreated, their eyes brightened as they looked at the energy storm.

The huge impact shook Yunxiao, causing speckles of golden light to splash up. He did not react at all, but took a step into the air and headed toward the five men.

The five sea clan experts were struggling in the storm. When they sensed Yunxiao’s aura coming from the sky, they were taken aback and said in horror, “You coward!”

“Bang! Bang! Bang! Bang!”

Yunxiao leaped into the air and kicked five times in a row, hitting the hearts of the five men and shattering them. They coughed up a large mouthful of blood and were sent flying.

“Not good! Everyone, attack!”

The members of the sea tribe outside immediately realized that something was wrong. The blunderbuss-like man roared loudly before opening his mouth wide and inhaling. A series of strange “PU PU PU PU PU” sounds came out, making everyone’s heart go numb.

Meanwhile, an even stronger sound wave spread out along with the sound, covering an area of the sky and hitting Yunxiao.

The other member of the sea tribe opened his arms, and two bone spurs protruded out. He slashed in the air, and two rays of red light slashed down one after another.

Yunxiao opened his right hand, and the dynasty Bell flew out, instantly growing several feet tall.

“Clang! Clang!”

The two attacks were blocked. Then, he formed a seal with his hand and slapped it on the bell.

...

Clang! Clang!

The sky trembled, and a powerful sound wave rushed out, directly breaking the sound wave that sealed the world. It drowned out the strange “PU PU PU” sound and attacked the trumpet-mouthed sea tribe.

“Bang!”

“Ah!”

The sea tribe member let out a blood-curdling scream. His long trumpet-like mouth was pressed down like a spring by the dynasty Bell, but it could not be restored.

Yunxiao teleported directly in front of him and said coldly, “You’re good at screaming, aren’t you?”

He directly raised his hammer and smashed it into the other party’s mouth.

The hammer brought out a long bolt of lightning that streaked across the sky with astonishing power.

The sea tribe member was so scared that his face turned pale. He covered his mouth with his hands and retreated.

But no matter how he retreated, Yunxiao was still three feet away from him.

“BOOM!”

...

The heavenly hammer finally smashed down, and the lightning directly pierced through his hands, blasting into his mouth.

The sea tribe member's body trembled a few times from the electric shock. His entire head, except for the White of his eyes, was charred black, and thick smoke was rising.

That long mouth had also turned into a big hole. It was unknown whether he was Dead or Alive, but he fell directly from the sky.

The remaining ten or so people were all shocked, and they attacked one after another.

Yunxiao's eyes were dead when he glanced at the dark green sea tribe member. He was so scared that he shivered, knowing that he would not be able to escape if he did not use all his strength.

“Everyone, don't panic! He can't do it alone, so there's no way we can't win if we join forces!”

After encouraging everyone, the dark green sea tribe member was the first to rush up. A tortoise shell appeared on his arm, and he smashed it down like a millstone.

hit someone? ” Yunxiao sneered. you want to hit someone? ” He stretched out his hand, and the divine realm tablet turned into the size of a brick. He held it in his hand and walked forward in the air, smashing it at the turtle shell.

The dark green Marine race expert was overjoyed. He couldn't help but laugh wildly."Haha, using one's weakness to attack another's strength, how foolish! Even a high-level martial Supreme would find it difficult to shake my green-furred tortoiseshell! Die, human!"

He suddenly increased the strength in his hand, pouring all of his origin power into the armor in order to kill with a single strike!

"Bang!"

A deafening sound was heard. The divine realm tablet hit the tortoiseshell directly, and a huge energy impact was shaken off the two of them.

Yunxiao's body glowed with golden light, but he was safe and sound.

"Ka la ka la!"

The oceanic species 'expert, whose body was dark green in color, opened his mouth wide. He had lost all feeling in his arm, and he could only hear the sound of the shell cracking. He looked down in horror.

It wasn't just the entire tortoiseshell, even his arm started to break apart, starting from his palm and going up one by one, directly extending to his neck.

"Ah? Ah!"

He finally let out a blood-curdling screech and turned around to escape in fear.

don't go! Yunxiao sneered. didn't you want to shatter my dantian? " His smile turned cold, and a trace of killing intent flashed in his eyes. He condensed a golden light in the air and pointed it down.

"Bang!"

The sword energy directly pierced through the dark green body of the sea tribe member.

The power of the sword didn't decrease. After killing the Marine race expert, the sword Qi transformed into many Northern heaven cold star swords in the air and rushed toward the remaining marine race experts.

“Argh! Quickly run!”

The morale of the Marine race members instantly fell to the bottom, and they fled without a care.

However, more than ten swords lined up in a formation, like a prison falling from the sky, directly trapping everyone inside.

Then, a sword talisman formed in the air and slowly descended, crushing everyone.

Yunxiao looked around and saw that these sea people would not be able to escape for a while. He then looked into the distance.

Liao yangbing was still fine. He focused on tangling and rarely faced the sea Race head-on. As for Jing Yong ye, he was clashing head-on with the sea Race, and was already riddled with injuries. He was on the verge of collapsing.

A cold glint flashed across his face as he teleported into Jing Yong ye's battlefield. The ice sword in his hand slashed out, directly cutting an oceanic species expert in half.

Then, he changed the direction of his sword and slashed at another person.

The man was taken aback. He did not understand why Yunxiao had the time to come here, but he did not have the time to look back and find out the reason. He hurriedly raised an eighth-tier saber and blocked the attack.

“Bang!”

The saber was broken, and the sword Qi continued to pursue him, cutting him in half and spraying blood in the air.

“Ah?”

The rest of the members of the sea tribe were completely dumbfounded. The man in front of them was only a three-star martial sovereign, which was similar to their cultivation level. Some of them were even stronger than him. Why was he cutting them like they were cutting radishes?

The few of them rubbed their eyes, thinking that it was an illusion.

While they were hesitating, Yunxiao’s sword momentum turned back and pierced a hole in the dantian of another sea tribe member.

“?!”

The remaining people all sucked in a breath of cold air, knowing that it was definitely not an illusion. Each and every one of them felt a chill run down their spines, and they turned to escape.

“Song of the Azure Lotus sword-Hundred Flowers bloom!”

Yunxiao’s eyes were cold as he raised his cold sword and swung it horizontally.

Chapter 1088-battling the nine Heavens

Ice flowers instantly formed in the air and spread out in all directions. The few sea clan members who wanted to escape actually froze. They discovered that not only their blood vessels, but even their origin power circulation was slowly freezing.

“How could this be?”

The few of them were scared out of their wits as they hurriedly circulated their vital energy to shake off the cold Qi.

However, at the moment when the shackles were broken, an extremely terrifying sword radiance came from the sky. The ice that it passed by was shattered into dust.

“Ka!”

All of them were cut into pieces by the sword light. Not even a drop of blood was shed, and they were directly frozen by the cold air on the sword.

Jing Yongye’s face was also pale. On the one hand, he had overused his primordial Qi, and on the other hand, he was shocked by Yunxiao’s thunderous means.

These marine race experts were all experts who could not win a bitter battle against him. How could they be so easily sliced apart like radishes?

Alright! Yunxiao put away his sword and said, “ take a rest.

He teleported to Liao yangbing’s side and killed all the members of the sea tribe in a few breaths.

Soon after, he cast several incantations on the sword formation, and the power of the sword formation suddenly increased. With a rumbling sound, it crushed down and instantly killed all the sea Race members who were trapped inside.

All of them would be buried in the Xian Kong Island forever.

Yunxiao’s eyes turned to somewhere in the mountain range and he said coldly, “ You five think you can escape like this?”

After a long while, five people flew out from the mountains. They were the sea tribe members with three horns on their heads. Their faces were pale and they were all covered in cold sweat.

The leader's face was ashen as he begged for mercy, " we were blind. We shouldn't have had any ideas about you, my Lord. Please let us go.

The other four were also meek, looking like they were begging for mercy.

leave behind the martial technique you used to attack me together, " Yunxiao said. you can go now.

"Ah?"

The five of them were stunned, but the leader immediately understood and said with great joy, " "Thank you, thank you, my Lord!"

He hurriedly took out a Jade slip and imprinted the joint attack martial skill onto it.

Yunxiao gave them a quick scan with his divine sense, then put them away and let them go.

these five people deserve to die, " Liao yangbing said. young master Yun is really magnanimous.

these five people are just flies, " Yunxiao said with a smile. there's even a Tiger who's hiding and refuses to show himself.

"What?"

Liao Yang Bing and Jing Yong ye were both shocked. To be able to hide without them noticing, his cultivation must be above theirs.

"Hmph! He's indeed a troublesome fellow."

The space trembled and rippled like water. A man suddenly appeared in front of the three of them. He was the fourth island master of Xian Kong Island, Jiu Tian.

Liao Yang Bing and Jing Yong ye were both shocked. The appearance of this person here meant that the situation was extremely bad, especially the significance of his identity.

“Oh? So it’s you, the nine-headed monster. Why, the Xian Kong Island is so poor, yet you still want to covet my treasures?”

Yunxiao said lazily, but his eyes were solemn.

“Hahaha!”

hahaha! Nine Heavens laughed wildly and said with a sullen face, “ li Yunxiao, you think too highly of yourself! The xiankong island’s hidden treasures are far beyond your imagination!”

Yunxiao snorted. Oh? If that’s the case, Nine Heavens Island master must have known that someone was trying to harm me, so he came here to save me?”

li Yunxiao, ” Nine Heavens sneered, ” is it fun to gossip before you die? I don’t mind telling you that I’m here on the orders of the first island master to take your life!”

that’s strange, ” Yunxiao said. I don’t know your first island master. Why would he want to kill me? ”

Nine Heavens snorted, ”you don’t need to know about this, just be a confused ghost!” Haha, I’ll be very happy to see you die in such a muddled way!”

The aura on his body burst out in an instant. Nine heads appeared on the human’s face, each of them ferocious.

Liao Yang Bing and Jing Yong ye’s hearts trembled in shock. Just this aura alone was enough to suffocate them, and Jing Yong ye’s injuries were getting worse.

back off," Yunxiao said seriously. both of you, step back as much as you can.

The two of them looked at each other and hurriedly retreated. They knew that they could no longer participate in this battle, and they would only be a burden if they stayed.

"Hmph, after you die, I'll kill those two pieces of trash as well."

Nine Heavens said disdainfully, his nine heads full of contempt.

"Clang"

Yunxiao took out his Frost Sword, which emitted streams of cold air as it trembled. "Do it. I'm still in a hurry to participate in the final auction."

"Ha! Auction? You won't be able to see it for the rest of your life!"

Jiutian let out a strange cry and disappeared from where he was. He flew through the air at an extremely fast speed, and when he reappeared, he was only a few feet away from Yunxiao. Then, he made a seal with both hands and threw it out.

break! Yunxiao cried out coldly.

"Bang!"

His sword aura slashed and an extremely sharp sword radiance streaked across the sky, directly splitting the seal apart and blasting it towards the nine Heavens!

"What?"

Jiutian was shocked. The sharpness of the sword Qi was something he had never seen before. He hurriedly summoned his battle spear and blocked it in front of him.

“Bang!”

The sword Qi struck the spear, forcing him to take a few steps back.

...

Looking at the spear, there was actually a sword mark!

“What?”

“What kind of sword is this?” Nine Heavens was shocked and furious.

the treasures in your xiankong Island are beyond my imagination, ” Yunxiao said indifferently. don’t tell me you have never seen such an ordinary, trashy sword before? ”

“Damn it!”

Nine Heavens licked his lips and said, ” “I’ll use this sword to peel off your skin bit by bit! First cut off your tongue!”

He shouted loudly and raised his spear to stab over. The tip of the spear made a hissing sound as if it had a spirit and wanted to devour life.

Yunxiao transformed into a Thunderbolt, and bolts of lightning burst out from his body. He picked up a hammer in his left hand and smashed it at the spear.

“BOOM!”

The hammer directly hit the tip of the spear, and the power of thunder and lightning continuously poured into the body of the spear, blasting towards Nine Heavens 'body.

“Argh! You should die!”

...

die! Nine Heavens roared. The long spear and the hammer were locked in a stalemate. The hammer was constantly sending out Thunderbolts, and each one was stronger than the previous one. They directly struck his body and continuously attacked his protective Zhen Qi.

He suddenly raised his Spear's momentum, trying to shake off the hammer.

With a sneer, Yunxiao raised the cold sword in his right hand and slashed it down, sending an extremely sharp sword Qi down.

“?!”

Nine Heavens was shocked and quickly retracted his spear. However, he was horrified to find that his spear had been sucked in by the Hammer's lightning power!

“Damn it, damn it!”

The war spear was something he had refined, so how could he let go of it so easily? in a moment of desperation, he could only open his hand and turn it into a palm blade to meet the sword light and slash down.

“Waa!”

Nine Heavens let out a blood-curdling screech as his left hand was severed by the sword Qi.

The moment he felt the pain, the potential in his body instantly burst out. An extremely strong force poured into the spear, and with a bang, the hammer was knocked away.

“Damn it!”

Nine Heavens had truly gone mad. With a loud cry, the spear in his right hand spun non-stop, and his bloodshot eyes burst with killing intent!

“Soul slaying spear!”

A fierce aura burst out of the spear, cutting through the sky and slashing down at Yunxiao!

Yunxiao’s eyes turned cold as he sneered, “This is more interesting!”

He held his sword horizontally in front of him, and the cold air on the ice sword increased greatly. There seemed to be a faint Dragon’s Roar and tiger’s roar, and the world changed colors!

Liao yangbing looked at Yunxiao with mixed feelings. Before the opening of the ancient land and the ancient land, he could still hold Yunxiao back in Haitian town, but it had only been a short time since then, and Yunxiao had already reached a level that was beyond his reach, and he could not even see him.

“Sword technique-demon slaying!”

A Dragon’s Roar resounded in the sky, and the weapon spirit in the sword slowly came out. Like an ice goddess, it flickered on the sword, as if it was difficult to condense.

“Clang”

The sword Qi shot up into the sky and the entire sky was split open. Countless laws of heaven and earth turned into runes that flashed around the sword radiance.

“?! W-what kind of move is this?”

Liao Yang Bing and Jing Yong ye were completely dumbfounded. They had only heard of such a magical power in legends.

Nine Heavens was also stunned for a moment, and the anger in his heart disappeared in an instant. He looked at the sword in horror.

“BOOM!”

His soul-slaying spear instantly exploded under the sword aura. Not only did the sword aura split the sky, but the rules gathered on the sword increased instead of decreasing. More and more rules gathered, as if an unrivaled chariot was rolling over and crushing everything!

In this moment of life and death, Nine Heavens roared and thrust his spear again.

“Bang!”

The sword directly slashed at the spear light, instantly annihilating his entire person and the power of the spear!

“Boom boom boom!”

The entire sky was still rumbling, but Jiutian had already disappeared.

“D-are you dead?”

Liao yangbing wiped the cold sweat from his forehead. Jiutian was a high-level martial sovereign who was at least a seven-star martial sovereign, but he was killed by a single sword strike. It was too unrealistic.

Yunxiao's face was slightly pale. He had consumed too much primordial energy with the sword just now. He withdrew the sword and snorted coldly, "Come out, I know you're not dead. I don't know how you managed to survive, but you did."

"Bang!"

A bowl-sized hole suddenly appeared in the sky, and with another "bang," Nine Heavens "figure" knocked it open, revealing his entire body.

However, he was in a rather sorry state at the moment. His severed left hand had also recovered by itself, but he was missing a head on his neck.

"Yi!"

what?" Yunxiao said in surprise, "the nine-headed monster has become eight! I'm really sorry, eight Sky Island master, I didn't mean it."

"Wow!"

Jiutian's body trembled non-stop. His nine heads were where his life force was located. Every time he was on the verge of death, he could use one head to replace it, which meant that he had nine lives.

Moreover, the destroyed head could be regrown, but it would take a lot of time and cost. This was the second time in his life that his head had been destroyed.

The last time he had met Guang Yuan was several decades ago, and it was also at that time that Guang Yuan had subdued him and willingly followed him around. The head that he had lost at that time had only regrown a few years ago, and he had not expected that he would lose another one this time due to his carelessness.

Chapter 1089-joining hands

“Chop off one of my heads and I’ll skin you, pull out your bones, and shatter your soul!”

Nine Heavens’ eight heads had a cold look on their faces. They held their battle Spears in front of them, and their auras grew stronger and stronger.

Yunxiao frowned in surprise. Nine Heavens had lost one head, but its aura had grown stronger.

“This is strange, Zhenzhen.”

He cursed in his heart.

“Battle spear-ghost weep!”

kill! Nine Heavens cried out. The spear turned gloomy, and green light kept emerging from it, rising up and forming a huge ghost head in the air. It roared and rushed at Yunxiao.

Not only did the ghostly head exude a ghastly aura, but it also carried the sharp intent of a battle spear.

Yunxiao took out the mirror of sunset clouds and pointed it at the ghost head. The ghostly head suddenly grew in size and directly dispersed the mirror’s light. It roared even louder.

“You’re so filthy that even the sunset Cloud Mirror can’t shine on you.”

Yunxiao’s eyes were cold as he opened the immemorial heavenly eye between his brows and shot out a stream of divine fire, which condensed into the shape of a Phoenix and pounced at the man.

“Hu hu!”

The Phoenix burned even more fiercely in the air. It suddenly pounced on the ghost’s head and exploded.

“Bang!”

The fire Phoenix exploded into a boundless sea of fire, which immediately devoured the ghost head. It continued to spread and burned towards the nine Heavens.

that’s all you’ve got, ” Yunxiao sneered. let me burn a few more of you and see if I can make you stronger!

“Hmph!”

Nine Heavens ‘face was gloomy. With a sweep of his spear, a powerful force shook down and separated the sea of fire in front of him. Then, the spear thrust out several sparks in the air, piercing through the sea of fire and stabbing toward Yunxiao.

The spear energy was like specks of Starlight, unusually sharp.

“Bang! Bang! Bang! Bang! Bang! Bang!”

Yunxiao raised his ice sword and blocked them one by one in front of him, but the power of each spear was so strong that it numbed his arm and made him retreat.

“BOOM!”

After Jiutian shot out several spearlights, he became one with the spear and turned into a stream of light that broke through the sea of fire. Then, he directly pierced through the air.

“Battle spear-eight desolations!”

“Block!”

He pointed the spear at the sword, and an overbearing force poured into it, forcing Yunxiao to step back.

Nine Heavens' face turned cold as he said, "Hmph, your cultivation is far inferior to mine. I can kill you as long as I suppress you with brute force!"

Yunxiao's heart skipped a beat. Such calm words did not seem to come out of Nine Heavens' mouth.

Suddenly, a chill came from the air, as if the cold wind of late autumn had swept past, making people shiver.

"Not good!"

Yunxiao's face flickered. In an instant, he summoned three heads and six arms, one of which grabbed the thousand-year blade and slashed it into the void.

"Hmph! You're really alert!"

A cold snort came from the void. A figure flickered and dodged the blade light. At the same time, the figure waved his hand and a slash came down.

He had planned to let Nine Heavens hold Yunxiao back while he launched a sneak attack and killed him.

However, he didn't expect that the moment he moved, he would be detected by the other party and make the first move, causing him to lose the initiative. The matter of the sneak attack was no longer discussed.

Yunxiao separated his sword from the spear, then transformed into a bolt of lightning and teleported a few meters away, avoiding the slash.

The air rippled slightly, and a man wrapped in a black robe emerged in the air. He stared at Yunxiao with eagle-like eyes and said coldly, "Xiankong island's 3rd island master, coldfeather."

Nine Heavens put away his spear and stood there. He said with a frown, " coldfeather, you can't even succeed in a sneak attack. When did you become so noob? "

The black-robed man snorted heavily and said in dissatisfaction, " this man is a ninth-tier Alchemist, and his divine sense is extremely strong. It's already a miracle that I could hide for so long without being discovered by him!

Nine Heavens snorted. don't say anymore. This kid's moves are very strange, and his profound level weapons are also very powerful. It's a bit difficult for me to kill him. Let's work together to kill him!

Coldfeather said, " the purpose of my appearance was precisely for this. If you're still unable to go down, the time will be up. No one can bear the responsibility if we delay the first island master's Affairs."

"F * ck you!" Nine Heavens cursed. If you have the ability, come at him alone. I'd like to see how long it'll take you to kill him!"

Coldfeather snorted and said, " it's only a matter of time for me to kill him. But for you, killing him is a matter of whether you can or not. Don't talk nonsense, time is precious, attack together!"

Coldfeather's Black robe spread out. Under the cover of the black robe, two sharp cold glints flashed past, and his figure disappeared from where he was.

Yunxiao's heart sank, and he thought,'so fast!

The other party's speed was so fast that he actually disappeared in front of his eyes. He could only detect someone approaching by relying on the divine sense of an expert.

But, Yunxiao did not panic. He raised the cold sword in his hand and performed a sword incantation gesture with his left hand as he cried out, " "Swords in all directions!"

A Whirlpool of sword Qi rippled on the ice sword and directly swept across the surroundings. It was a completely indiscriminate large-scale attack.

“Clang! Clang!”

The sound of two weapons clashing rang out.

Yunxiao’s eyes turned cold as he immediately thrust his sword at a certain spot in the space.

“Bang!”

That void swayed a bit. Coldfeather’s figure appeared, his eyes revealing a look of surprise. The cold sword of ice and frost stabbed into the two short blades, but he blocked them in front of his chest.

...

At this moment, Jiutian’s spear and body became one, and he turned into a stream of light and stabbed over. A brown beam of light shot out of the tip of the spear and pointed directly at Yunxiao’s forehead.

Yunxiao’s face darkened, and he swung the thousand-year saber down to meet the attack.

“Bang!”

The blade light was repelled, and his arm went numb.

Coldfeather also gave a loud cry. A terrifying aura emitted from his two short blades flicked away the cold sword and frost, his entire person flying down from high in the air.

Yunxiao suddenly transformed into a Thunderbolt and cried out, “Break!”

A bolt of lightning escape directly broke through the space locked by coldfeather's slash and teleported out, making the other party slash air.

Coldfeather's expression darkened and he said in a grave voice, "this brat's mental power and Thunder escape can break the suppression of the Emperor Qi. This is not easy!

"I told you that this kid is troublesome," Nine Heavens sneered, "I think you should just use that move."

Coldfeather's expression changed, and he said to himself, using an extreme move against a three-star Martial Emperor, isn't it making a mountain out of a molehill? I remember that you also have an innate divine ability. Why aren't you using it?"

Nine Heavens' face turned ugly as well, and he snorted, "Hmph, it'll take at least a few years for me to recover from that Divine Art. What's your motive for making me use my trump card?"

...

Coldfeather said, "since that's the case, you and I will join hands to try again. If it still doesn't work, we can only use big moves. This place is too close to the dazzling treasure meet, and I'm afraid it will attract experts. Moreover, the structure of the Xian Kong Island isn't strong, it would be a disaster if we blow up half of the island."

"Alright! I'll go left, you go right!"

Nine Heavens flickered his spear, then rushed forward and attacked Yunxiao's left side.

Coldfeather's expression turned cold too. Two short blades struck out in the air, slashing towards the right.

In the distance, Liao yangbing and Jing Yongye were dumbfounded. Two eight-stars martial emperors had joined forces, but they could not take down Yunxiao.

“Hmph!”

Yunxiao snorted coldly. He had no chance of winning against two eight-stars martial emperors, but it was also extremely difficult for them to take him down.

He instantly turned into a Thunderbolt and fled another hundred meters away. He made a sword talisman with one hand, and the northern heaven cold star sword shot out from his body and circled around him in a formation.

A few of the swords seemed to be even colder, they were all newly refined by Yuan gaohan. After becoming a ninth-tier Alchemist, the quality of the northern heaven cold star sword Yuan gaohan refined was a level higher than the previous one.

A total of 18 swords were arranged in a certain order. A golden sword rune was condensed in the sword array and slowly rose.

Yunxiao’s face was extremely serious. It was his first time controlling eighteen swords at the same time, and it was a great test for him. His six arms turned into afterimages as he kept sending incantation seals into them.

“Sword talisman, rise!”

At Yunxiao’s cry, the eighteen swords buzzed and became extremely restless. The golden sword rune in the middle rose into the air and turned into a stream of light under Yunxiao’s incantation gesture, slashing at the two men who were chasing after them.

“This sword talisman is not good!”

Coldfeather cried out in shock. The strength of that sword talisman’s aura directly crushed his skin until it cracked, breaking out bloody wounds.

Nine Heavens’ expression also changed drastically. He immediately stopped his spear and took a step back.

“Dammit! You’re forcing me to do this!”

Coldfeather gave a ferocious roar, and started to howl towards the sky all at once.

Dark clouds suddenly appeared in the sky, gathering above his head and rolling.

“CAW!”

A pair of black wings suddenly spread out from his body, and his face became sharp. He kept making strange sounds that spread in the sky.

In the distance, Liao Yang Bing and Jing Yong ye’s blood was boiling, as if their blood vessels were about to burst. The two of them were so frightened that they hurriedly sat down cross-legged in the air. They made hand seals with both hands and tried their best to stabilize their minds. At the same time, he was also terrified by the power of an eight-star Martial Emperor.

Coldfeather’s expression became incomparably dark and cold. One after another, Yin winds on his body shook out in all directions. The short blades in his hands intersected in the sky to form a fork, condensing into a huge cross, as if splitting the sky into four!

Nine Heavens was both surprised and delighted. Under the aura of coldfeather’s move, he also could not help retreating repeatedly, being pressed down by that gust of Yin wind power until he was extremely uncomfortable.

“Ultimate style-sky-splitting and earth-splitting!”

Coldfeather opened both arms and gave a loud roar.

The huge cross in the sky suddenly burst out with a huge light, scattering the dark clouds in the sky, and went to meet the sword talisman.

“BOOM!”

The sword talisman trembled under the pressure of the move, and the eighteen Northern heaven cold star swords in front of Yunxiao began to tremble and emit sword cries.

“Bang!”

A long sword flew out of the sword formation and shot into the distance.

“Bang! Bang! Bang! Bang!”

A few more swords flicked out, and the entire sky sword picture suddenly crumbled. All 18 swords were sent flying!

“BOOM!”

The sword talisman in the sky suddenly shattered, turning into countless golden lights and dissipating.

Without any resistance, the huge cross-shaped slash descended toward Yunxiao and cut into the huge mountain.

The entire sky and the earth trembled.

In the distance, Liao Yang Bing and Jing Yong ye were struggling to resist this pressure, and a mouthful of blood rushed up to their throats, as if they were about to spit it out at any moment.

Chapter 1090-breaking through the rest gate

Yunxiao’s pupils constricted. Under the destructive pressure, he circulated his indestructible golden body to the maximum and flicked the pressure away.

He formed a seal with his hands, and a huge black shadow appeared behind him. It was the true fiend Dharma idol. The true fiend Dharma idol also had three heads and six arms. Moreover, the illusionary image of a weapon appeared in one of its hands, as if it was holding a bottle.

Yunxiao was surprised. It was the first time he had seen such a true fiend Dharma idol.

Could it be that as his strength increased, the true fiend Dharma idol was also constantly being perfected?

There was no time to think carefully. Coldfeather's extreme form already came from high up in the air. The true fiend Dharma idol's five arms formed different imprints at the same time, blasting forward. That hand that was dragging the bottle Phantom also smacked down.

“BOOM!”

The Ji form produced a powerful vibration, and demonic Qi filled the sky, blocking the attack.

The true fiend Dharma idol's four arms formed two strange hand seals, while its right hand held the bottle's shadow in front of it to resist the Ji form, while its left hand protected the bottle's body.

“?! What's going on?”

Coldfeather sucked in a cold breath, his entire person no longer calm.

“Change your mind!” He roared in rage. He also formed a seal with his hands and pressed down on the two daggers.

“Boom boom boom!”

The true fiend Dharma idol's figure found it difficult to withstand the immense pressure. The demonic Qi that filled the sky suddenly decreased, and its body became dazed.

Yunxiao also felt a huge rock pressing on his chest, making him extremely uncomfortable.

“BOOM!”

The true fiend Dharma idol finally couldn't hold on any longer. It collapsed like a landslide, and it died completely.

The power of the Ji style was unparalleled, and it fell from the sky!

The entire earth trembled under the tremendous force, and the mountain range was directly torn apart!

“Pfft!”

The moment the true fiend Dharma idol collapsed, Yunxiao finally coughed up a mouthful of blood, and the pressure on his chest was greatly reduced. He hurriedly made a hand seal, and a demonic light flashed between his brows. The devil Sky silk suddenly flew out, and the physical armor directly covered his body.

At the same time, his body shone with a golden light and a purple light flashed between his brows. The power of the eight gates filled his body. His hands formed a seal and he slammed it towards the Ji form!

“Bang!”

The Ji form was once again blocked by his palms!

Yunxiao's face flickered. The force pressing down from his palms was far beyond his imagination, and his body swelled up and his muscles stacked up.

In the distance, Liao Yang Bing and Jing Yong ye were completely dumbfounded. Being pressed down by this kind of power, let alone using their physical bodies to resist, just a touch would be enough to destroy their souls.

Jing Yongye muttered to himself in a daze, "heavens! Is he made of metal?"

Coldfeather was also unbelievably shocked. He continuously formed seals and struck down, activating the power of the extreme form.

This move, splitting heaven and earth, was also his strongest move. After destroying the heavenly Sword picture and the true fiend Dharma idol, its power had been greatly reduced, and it was less than half of its original power.

Nine Heavens' heart trembled as he watched, and he shouted, "this kid has cultivated a body technique and opened one of the eight gates of the physical body!"

Coldfeather was shocked and furious as he said, "bastard! Even if you open one of the eight gates, you can't block my Ji form!"

He almost went crazy. With a loud roar, he poured all his strength into his hand and suddenly formed a seal.

Without caring about anything else, he poured the last trace of his strength into Yunxiao's body, trying to kill him completely.

"BOOM!"

As expected, it worked. A tremor came from Yunxiao's palms, and his resistance had reached its limit, his eyes almost popping out of their sockets.

"Bastard! You're just a piece of trash who's an eight-stars Martial Emperor. Do you really think you can kill me?"

Yunxiao roared, and the ultimate form finally fell, blasting him into it.

"Boom boom boom!"

The entire mountain range collapsed completely, turning into countless fragments that disappeared completely in the violent energy.

Coldfeather's eyes revealed a look of great joy and he laughed wildly as he said, "Haha, what's there to be arrogant about? In the end, he still died! A three-star Martial Emperor is nothing. No matter how powerful he is, he's only a three-star Martial Emperor!"

Yunxiao was hit by the extreme form, and the devil Sky silk's defense was instantly broken through, while the imperishable golden body was absorbing the power of the extreme form while being destroyed.

Rays of white light suddenly shot out from his body, forming a bright moon above his head. The twenty four bridges appeared again, and the higan bridge appeared in front of him.

Yunxiao's eyes flickered with clarity, and the secret technique taught by the guest and subject appeared in his mind.

Before, he had been in closed door cultivation, but he had always been unable to grasp the main point. Moreover, no matter how hard he tried, he had never again seen the divine body phenomenon of twenty four moonlit bridges, so he had no choice but to give up.

At this moment, a flash of inspiration appeared in his mind. He began to circulate the power of his divine body. The secret technique that the guest and Minister had imparted to him seemed to have an answer in an instant. At the same time, he stepped onto the Paramita bridge.

"BOOM!"

The heaven's eye on his glabella seemed to have suddenly opened and shot out a red light. A huge Whirlpool of power appeared in his glabella. It was as if a chain had been removed from his physical body. The "rest" gate had finally been opened.

A majestic power began to pour into his body, repairing his damaged body.

In the distant sky, Nine Heavens also heaved a sigh of relief and directly flew to coldfeather's side. He said with some lingering fear, " I didn't expect this kid to be so strong. He forced you to use your extreme form and you almost took it.

"Hmph!"

Coldfeather's gloomy and cold expression was even paler than paper right now. He snorted smugly and said, " this is what it means to defeat ten opponents with one move. I'm five realms higher than him, so I can crush him like an ant!

"Is that so?"

A cold voice came from the endless ruins of the mountain.

"?! What?"

...

The few of them were all shocked and overwhelmed with shock.

Coldfeather's heart almost spurted out of his mouth, his entire being completely stunned in the sky.

On the other hand, Liao yangbing and Jing Yongye were overjoyed, but they still found it hard to believe that Yunxiao was still alive. They thought they had heard wrong.

The energy storm in the mountain waste gradually dissipated, and a towering figure was revealed.

Two rays of light shone on the left and right sides of the figure's brows, like marks. They were where the "open" and "rest" gates of the eight gates were located, and they were exceptionally dazzling in the dust.

that's all an eight-star Martial Emperor can do!

That figure gradually flew up, becoming clearer and clearer, and was directly revealed before everyone.

Yunxiao's face was calm, and his eyes were as bright as the sea of stars. His skin was as smooth as Jade, and there was not even a scratch on him, let alone a serious injury!

"?! That's impossible!"

Coldfeather was thoroughly driven mad, his face virtually contorted into a ball, abnormally ugly.

Nine Heavens was also covered in cold sweat. He didn't dare to stay any longer and hurriedly shouted, "Let's go!"

...

He grabbed coldfeather and was about to escape. The latter's body was already like a lamp without oil, and if he didn't help him, he would definitely die.

"Bang!"

Yunxiao kicked his feet in the air and shot out.

At this moment, he had also used up all of the origin power in his body, but his extremely strong physical body was filled with endless power. With a kick, his body shot out like an arrow, and his speed was actually not slower than the nine Heavens.

"Damn it!"

Nine Heavens pulled coldfeather and fled, cold sweat breaking out on his forehead.

In fact, he did not need to run away at all. With his strength as an eight-stars Martial Emperor, he was strong enough to fight Yunxiao and even kill him.

But, Yunxiao, who had taken a blow from coldfeather extreme style and was still safe and sound, had already frightened him out of his wits, and he did not dare to stay for even a moment. Seeing the latter chasing after him, he felt a burst of anxiety in his heart.

“Don’t panic.”

Suddenly, a voice came from the sky. Immediately after, a ray of light gathered in the sky, and then slowly descended in front of Nine Heavens and coldfeather.

The figure of the first island Lord, Guang Yuan, appeared in the light.

“First island master, he ... He’s bi an!” Nine Heavens was overjoyed and hurriedly said.

Guang Yuan made a shushing gesture, and said, “I know. Coldfeather’s performance was very good, you really let me down.”

Nine Heavens felt extremely ashamed and lowered his head. “First island master, this man is not human!”

Guang Yuan’s face was expressionless, and he only said indifferently, “ he’s only relying on his physical strength to chase after you. Your power as an eight-stars Martial Emperor is enough to kill him.

Nine Heavens ‘face was burning. As a proud member of the sea Race, and once an S-Class nine-headed clan, his self-esteem had been greatly damaged. He roared, “ “First island master, I know I was wrong. Let me kill him for you to see!”

He left coldfeather, who had been in a daze, and turned to face Yunxiao.

“You may leave,” Guang Yuan said indifferently.

Nine Heavens ‘face changed,”first island Lord, I’m bi an!”

“Back down!”

Guang Yuan called out softly once more, his voice becoming sharper.

Nine Heavens ‘body trembled and he immediately gave in. He lowered his head and said, ” “Yes!” She then obediently retreated to the side.

With a few stomps in the air, Yunxiao jumped directly in front of Guang Yuan, who was about a hundred meters away. He did not dare to go any closer, but only looked at him coldly.

Guang Yuan stared at him for a while, and then said, ” “Young man, I’m very curious about you.”

first island Lord, ” Yunxiao snorted coldly. I’m also very curious about you.

Guang Yuan laughed and said,”hehe, are you willing to submit to me?” In that case, the position of the sixth Island master of the Xian Kong Island will be yours.”

Jiutian was startled, and his face darkened as he looked at Yunxiao with extreme hatred.

“Oh?”

A mocking look appeared on Yunxiao’s face as he said with a smile, ” “Are you willing to submit to me? The position of the number one helper under me will definitely be yours.”

The smile on Guang Yuan's face instantly froze, and a layer of ice gradually formed. He said coldly, "This joke isn't funny at all."

Yunxiao's face was also cold as he said, "Because this is not a joke."

Guang Yuan's expression changed drastically, and he said in a cold voice, "you're looking for death!"
&Nbsp;

With a contemptuous look on his face, Yunxiao said disdainfully, "You're just a projection, and you want to kill me? If your true body were here, I might still be a little afraid."

Guang Yuan sneered, "how would you know if you don't try?" Just by opening two of the eight gates, you dare to jump around in front of me? you really don't know what's good for you!"

He reached out his hand directly from the light, which grew larger and larger in the air, and even showed signs of solidifying as he grabbed at Yunxiao.

Yunxiao's face turned serious. This man was just a projection, but he could also trigger the rules of heaven and earth to capture him alive. This meant that this man's true form was definitely a nine-stars Martial Emperor!
