Chapter 1101-the roar of the true dragon

RUO Xiang gritted his teeth and roared. The power of his battle spear was pushed to the extreme, and the roar that came from it caused the surrounding space to tremble. The ancient Maha character flickered in front of him.

“Sixth break-heaven’s passing!”

The strongest move of the six break technique, sudden appearance of heaven’s passing!

A shocking light shot into the sky and charged towards the gold and black seals!

“Boom boom boom!”

The golden seal shattered, and the black seal fell!

“BOOM!”

The black seal also suddenly shattered. The spear art was unparalleled, sweeping away thousands of troops!

Yunxiao’s face flickered as he sent a sword incantation into the ice sword. The sword Qi streaked across the sky, and the entire sky and earth behind him changed color.

countless rays of golden light gathered in the sky, forming rules that fell down and gathered around his sword.

At this moment, he was one with the sword and had turned into sword will.

Yunxiao was as calm as an abyss as he raised his ice sword high. His eyes were as calm as an ancient well, as if he was looking down at the world. Let me send you to the West with the strongest sword intent under this sky!

“Sword technique-demon slaying!”

The power of heaven and earth descended, and boundless sword intent filled the sky and the earth. The entire world was like an ocean of swords.

“BOOM!”

The sword Qi slashed onto Yun Xiang’s Spear of Destiny, and the sky instantly shattered into countless pieces. The entire universe collapsed, and the entire universe was overturned!

“Boom boom boom!”

The two powers were locked in a stalemate for a moment. The light of the end of heaven was constantly being destroyed. The three-pointed, double-edged spear trembled as the endless roar turned into an endless sorrowful cry!

“No, that’s impossible!”

The Dragon scales on RUO Xiang’s body also burst open piece by piece, exploding into a bloody mist. He roared in shock and anger, and an endless sense of unwillingness appeared in his eyes. I will not lose! I won’t lose!”

“Boom boom boom!”

The demon Slayer Sword finally slammed him down, and the sharp sword intent tore the ground apart. Yun Xiang was thrown into the abyss of xiankong Island!

As the sky fell and the earth shattered, there was a deathly silence.

Everyone's eyes were filled with shock and fear. That sword attack just now might not have been very powerful. At least, Guangyuan and Darknorth Kangtian were confident that they could withstand it.

The endless rules of sword and the endless sword force were like a high mountain that reached the sky, which they could only look up at!

the strongest sword essence, the strongest sword essence under this sky, the strongest sword essence, the strongest sword essence, the strongest sword essence, the strongest sword essence!

Fei Ming had completely forgotten about the fight with Yun Xiang. He was completely immersed in the sword attack just now. The blood in his body suddenly surged, and he actually felt touched. His eyes were glistening with tears.

Water deity was also shocked for a moment, but she was the first to regain her senses out of everyone. She looked at the endless crack in the abyss in a daze and said in shock, "Did Runxiang die?"

Everyone was silent. No one could answer this question, not even Guang Yuan. He didn't believe that Run Xiang would die, but that sword just now was still very powerful.

Guang Yuan had completely lost his confidence as well. He looked at Yunxiao in a daze. 'Even such a genius from the royal family of the North Sea can't defeat him? Is this man destined?'

After feeling the sword strike, Beiming Laifeng completely gave up on fighting with Yunxiao, and his face was filled with misery.

Yunxiao would certainly become the most dazzling star of this era, and they would only end up as supporting characters.

Darknorth Kangtian, on the other hand, was petrified. His eyes were filled with endless fear.

As a Peak Eight-stars martial sovereign, there were very few things that could shake his mind. However, the sword attack just now seemed to turn back time, allowing his emotions to travel back decades and return to the fallen star Hall in Beiming Dark Palace.

The same awe-inspiring posture, the same disdainful eyes, the same figure in the endless sky, the same sword strike

“It’s him, it’s him, he didn’t die, he’s back!”

Darknorth Kangtian’s face turned deathly pale, and his body began to tremble.

All of a sudden, the Lotus leaves around Amitabha bloomed once more, and the entire Lotus platform opened up. Golden rays of light shot out from the ground around the Xiankong Island, rising into the sky and reflecting off the Lotus platform.

This change caused everyone’s expression to change drastically. This profound level weapon was too mysterious, and only the heavens knew what would happen.

Guang Yuan’s face was also filled with fear, and he said in shock, “Could it be that Qianqian is Qianqian?”

A ray of light shone down from the Lotus seat. All the spiritual energy on the island suddenly became active and gushed into the ground.

Everyone felt the loss of spirit Qi, and the surrounding Origin Energy was sucked dry in an instant.

“This is an ...”

Just as everyone was in shock, a ray of light suddenly rose from the abyss that Run Xiang had fallen into and rushed into the clouds!

A faint chanting could be heard from the distance, and the Lotus flowers bloomed beautifully.

“This power is so strong!”

Everyone was shocked, and a fear from the depths of their souls spread out, making them shiver.

Yunxiao’s face flickered as he gritted his teeth and cursed, ” “Motherf \* cker! He’s still not dead?”

Within that soaring power, the surging dragon power was even stronger than before!

how is this possible?!

Yunxiao’s face was filled with shock as he stared solemnly into the chasm. He did not understand what had happened inside, but judging from what he had heard, it must have something to do with this Supreme-grade Mystic artifact!

His face darkened. It was already beyond his expectations that run Xiang didn’t die, let alone take it any further.

At this moment, he was exhausted. If he fought again, life and death would be uncertain.

...

“Huala”

The sound of crushed stones came from the chasm. The Dragon Qi that was surging out changed and started to slowly withdraw.

Guang Yuan’s face was also filled with shock. These changes had clearly exceeded his expectations, but the expression on his face was abnormally excited, as if he was extremely looking forward to what would happen next.

After some noise came from the chasm, it quieted down again and no more Dragon Qi was released.

Everyone waited for a while, but there seemed to be no movement. Each and every one of them revealed a suspicious look.

All of a sudden, the sky cleared up from the previously oppressive atmosphere. A long rainbow shot through the sky, and nine-colored auspicious clouds appeared.

Amitabha began to spin again, chanting Sanskrit and a faint shadow seemed to appear on the Lotus seat.

“?! This is a Kasaya!”

Guang Yuan was given a fright, and hurriedly looked over with his eyes wide open. The apparition on the Lotus platform had already disappeared, as if he was seeing things.

However, his heart was unusually heavy. It was impossible for a strong practitioner of his entire cultivation level to have a blurred vision!

“Your sister! The nine-colored clouds are really about to transform into a Dragon!”

...

Yunxiao was startled when he looked at the auspicious statue in the sky!

Ever since the godly state experts had disappeared from the sky, there had never been any Dragon Transformation. Usually, the so-called Dragon Transformation was just a partial demonic transformation, showing some forms of the descendants of the dragon.

The transformation that RUO Xiang had undergone previously was a step closer to that. After all, there were several Dragon’s Secret treasures in his body. Those were the remains left behind by a real ancient true dragon. They seemed to have received some kind of stimulation and were constantly reincarnating, so they produced an extremely great power.

But now, huhu

Yunxiao broke out in a cold sweat as he looked at the nine-colored auspicious signs between heaven and earth, and a great uneasiness welled up in his heart. can true dragons still be born in the heavenly martial realm today? ”

A cold glint flashed in his eyes as he clasped his hands together in front of him and quickly made hand seals!

“Clang! Clang! Clang!”

Rays of sword radiance burst out of his body and spread out in the air, forming 18 sword diagrams.

A vast sword Qi spread out and the eighteen Northern heaven cold star swords were like autumn water. The sword Qi filled the universe and a huge sword formation appeared above the crack!

Yunxiao cast sword incantations into it, and a huge sword shadow formed on the sword diagram. He pointed his finger at it and shouted, ” “Go!”

The 18 swords whizzed down along with the sword shadows, splitting the sky and earth, and directly blasted into the chasm!

As the sky sword picture entered the island, the crack spread even faster, and the entire Island looked like it was going to be cut in half!

Guang Yuan flew into a rage and was just about to make a move, when a hint of hesitation flashed through his eyes. He stopped and stared coldly into the crack.

“Boom boom boom!”

The sound of the earth cracking continued. The sword shadow seemed to cut into the earth vein, and the island shook.

“Bang!”

Suddenly, there was a huge tremor, as if the sword picture was blocked by some kind of force!

Yunxiao’s face flickered.

“BOOM!”

An even louder sound was heard as tens of thousands of golden lights rushed out from the crack.

“Bang! Bang! Bang! Bang! Bang! Bang!”

The northern heavens cold star swords were sent flying out one by one, shooting into the sky in a disorderly manner. The sword Qi that filled the sky suddenly became chaotic.

A Dragon’s Roar rushed into the nine Heavens!

Everyone’s mind was shaken by this dragon roar. The qi and blood in their bodies surged uncontrollably, and the Qi movement in their meridians became chaotic. Some of the weaker sea tribe members even died on the spot!

“The roar of a true dragon, this is the roar of a true dragon!” Guang Yuan exclaimed in shock. He had a complicated expression on his face. He could not tell if he was happy or worried.

Yunxiao’s face darkened as he hurriedly put the eighteen swords back into his body. Then, with a flip of his hand, he took out a large number of heavenly materials and earthly treasures and stuffed them into his mouth like he was eating sweet potatoes.

He knew that he was in big trouble!

“BOOM!”

A loud sound came from the ground. It was unknown if it was the shattering of the earth veins or someone’s long roar, but many people fainted on the spot.

The nine-colored auspicious sign immediately dissipated under the Dragon’s Roar, and the sky turned gloomy again.

“BOOM!”

A beam of light shot out of the crack, and a surging Dragon aura burst out and rushed toward Yunxiao!

Yunxiao’s face darkened as he picked up the mirror of great sorrow and shone it down.

“Bang!”

The shadow broke through the mirror light and landed a punch on the great sorrow mirror!

“Bang!”

The mirror surface became dull and a part of it had actually sunk in. A force bounced back along the original path, causing the figure to tremble. The other force penetrated the mirror and blasted toward Yunxiao!

“Bang!”

The devil Sky armor exploded with a burst of energy and caved in at the same time.

“Pfft!”

Yunxiao coughed up a large mouthful of blood on the spot and was sent flying backward.

“Ah!”

The water deity suddenly screamed. She wanted to go up and save him, but when she saw the shadow in her eyes, she didn't feel afraid.

Everyone felt their throats dry up. At this moment, the shadow in the sky slowly revealed its true form. It wasn't a true dragon, but a true dragon-like run Xiang!

Chapter 1102

1102 Who does the destiny belong to?

At this moment, other than the fact that he no longer looked like a human, RUO Xiang had evolved a step further. He had a dragon's tail wagging behind him. Other than the strong Dragon Qi, there was also an extremely violent and desolation Qi around him.

“Roar! Roar!”

RUO Xiang raised his head and shouted a few times in succession, causing the entire sky to tremble in fear.

Dragon's Roar!

The originally clear sky was shattered by the sound waves.

Everyone on the Xian Kong Island was dumbfounded. They were so shocked that they could not speak.

After RUO Xiang let out a long hiss, he vomited out all the suppressed feelings in his chest and said in a cold voice, " Li Yunxiao, I've come back from hell to kill you!

Guang Yuan's forehead was also oozing with cold sweat. This brat was a natural-born killing God!

Yunxiao wiped the blood from the corner of his mouth. Although he had been injured by the shock, most of the attack had been neutralized by the mirror of great sorrow and the devil-sky silk, so he was fine. However, although Yun Xiang's current state wasn't the birth of a true dragon, he was still like an ancient beast that had descended. He had the power to sweep away everything and was unrivaled.

"There are many people who want to kill me, but so far, they are the ones who have died."

Although he was in an extremely disadvantageous situation at the moment, he was still very calm.

"There are many people I want to kill, but up until now, all of them are dead without exception!"

The two of them faced each other in the sky, and the world seemed to have become quiet. Only the Lotus seat was still spinning slowly, but everyone felt an unusual pressure.

"Roar!"

Roar! RUO Xiang suddenly roared, Breaking the Silence. An extremely strong sound wave shook the world as it blasted toward Yunxiao!

As he roared, he himself flashed toward Yunxiao faster than a bolt of lightning.

His three-pointed, double-edged spear had disappeared, but how could the strongest profound level weapon in the world be stronger than a true dragon's claw?

After the sound wave, a Green Dragon Claw formed in the sky and slammed down!

Yunxiao felt the air pressure coming at him like a mountain, and the true Dragon's Roar made his devil-silk ring continuously. His blood and Qi were shaken, and his eardrums were about to burst.

f\*ck you! Is it more powerful if you scream?!

Yunxiao was also filled with endless anger. As a man of two lives, what kind of genius had he not seen? what kind of battle had he not experienced? even if his opponent really transformed into a true dragon, he would not be afraid!

"Sword technique-demon slaying!"

His eyes flickered for a moment before he calmed down. With a light shout, the sword Qi on the ice sword surged and slashed into the huge Dragon Claw!

"BOOM!"

The Dragon Claw was torn apart by the sword Qi.

Yunxiao's body was surrounded by sword aura as he thrust a sword incantation into the ice sword. Tens of thousands of sword beams gathered from all directions, and countless sword rules appeared in the distant sky, dancing wildly!

Everyone on the xiankong Island broke out in cold sweat as they watched. Such a powerful sword intent was something they had never seen or heard of before.

Darknorth kangtian's face was pale, and his eyes were gray. No one knew what he was thinking.

The look in Yunxiao's eyes grew quieter and quieter, and his long robe fluttered in the air. He clenched his fingers into a sword gesture and remained still, as if he was sensing the power of heaven and earth.

RUO Xiang's eyes burst out with a cold light, and he said ferociously, "Is this the sword that almost killed me? I really want to know if this sword can still kill me now."

He put his hands together and spread his fingers, forming a Dragon in front of him. A vast dragon power surged out.

Yunxiao's expression was calm. Standing in the sky and under the countless sword rules, he was like a god of swords, so awe-inspiring that no one could offend him. killing you is just one more sword attack.

just now, I showed you the strongest sword intent," Yunxiao said slowly. now, let me send you on your way with my strongest sword move. You have the right to do so."

As soon as he finished speaking, the countless rules of sword in the sky quieted down and began to surge down, all absorbed into the sword.

The sky turned extremely dark under the pressure of the two men, and Yunxiao was surrounded by a world of swords, as if a ray of light was slowly descending.

Demon Slayer, Star Destroyer, and dawn light," he said softly. combine the three swords into one and return all swords to their origin!

"Clang"

The ice sword let out an intense ringing sound that broke through the dark atmosphere and reverberated in the endless sky!

The sword seemed to have come alive in an instant. The entire blade became extremely transparent, and it seemed as if it would disappear in his hand.

The ancient Maha characters circled around the sword, forming sentences and segments. There were hundreds of them.

Yunxiao gave the long sword an indifferent look and said with a smile," "Are we finally connected? I am the strongest swordsman of this era. Do you have the right to follow me? Prove it with all your strength!"

His face could not be seen clearly under the flashing sword light, and only his voice could be heard, each word piercing into the heart.

“Sword ... Slayer ... Star ... Chen!”

Boundless sword will and sword techniques gathered into one sword. It was as if everything in the world disappeared and all the scenes turned into the image of this sword. It slashed down from the sky!

Everyone was completely stunned. Under the sword intent and sword Qi, they felt like they were falling leaves in the wind, so small and so helpless.

Darknorth kangtian’s mind was completely blank. As soon as this sword was drawn, he no longer had any doubts.

RUO Xiang’s expression also changed drastically, and a sense of death spread in his heart. Originally, after obtaining great power, he had also obtained unprecedented confidence that he could sweep away all obstacles, but under this Sword Art that could destroy the world, his confidence began to waver.

“Damn you, li Yunxiao! You’re my destined enemy!”

RUO Xiang roared, and his face became extremely ferocious as he roared, “I’ll kill you even if I have to die! I’ll kill you!”

Boundless Dragon Qi surged from his body and formed in the sky. A real Dragon dharma body appeared, as if it was real.

“The sigh of the true dragon!”

A power that seemed to come from the primordial era spread out, and the Dragon in Yun Xiang’s hand roared. The Dragon broke through the shackles of the world, as if an ancient true dragon had crossed through endless time and descended into the world!

Boundless dragon power and an extremely powerful Dragon might wreaked havoc in the world!

...

The powerhouses below the rank of a high-level martial Supreme could no longer resist. They knelt down one after another and prostrated themselves at the feet of this man who was once a king of the heavens and earth.

Even powerful existences like Leng Yu and nine Heavens felt fear and trembled in their hearts. They gritted their teeth and resisted the Dragon's might.

The water deity's face was also pale, without a trace of blood. However, her eyes flickered with a golden light as she stared at the rolling heavenly might.

“BOOM!”

With a loud boom, the entire world lost all sound. It was not silent, but everyone's eardrums were instantly shattered, and blood came out of their seven orifices.

The world was covered in a white haze as all the violent forces filled it and spread out in all directions!

The water in the sea around the island had been evaporated, and the sea was retreating in all directions with the xiankong Island as the center!

There was even a powerful shockwave that was about to blast the entire xiankong Island into dust.

Amitabha's golden light glowed brightly again, and it was like a barrier had been opened, protecting the entire Island.

Guang Yuan's expression was a little unsightly. He had been communicating with Amitabha for many years and had a certain sense. He had already noticed that the power in this transcendent grade

profound level weapon was losing at an extremely fast rate, even less than before the show of treasures conference.

After an unknown period of time, the rumbling gradually dissipated.

...

The sky slowly disappeared from the paleness and returned to its original color.

Everyone felt that the Dragon's might was gone, and they all stood up in fear. They were all experts, and no one wanted to kneel.

Everyone's eyes looked up at the sky, and they were all shocked. What was the result? Was the Dragon descendant dead?

In the desolate sky, two lonely figures stood alone.

The two of them looked extremely embarrassed and desolate, no longer having the demeanor of a Grandmaster and the aura of a fierce beast.

"Pfft!"

"Pfft!"

Both of them spat out a large mouthful of blood at the same time. They were both severely injured!

They were actually evenly matched!

"Gulp!"

Gulping sounds could be heard everywhere. They were actually evenly matched. Was this the rhythm of fighting?

“Ha, ha, hahaha, hahaha!”

Run Xiang’s loud laughter came from the sky, and he laughed so hard that he bent forward and backward. He laughed wildly as he spat out blood, and said, “As expected, I’ve caught up to you! This power that I’ve been dreaming of, this desire to kill you ... I’m so close to killing you!”

“Pfft!”

Yunxiao wanted to say something, but as soon as he used his primordial energy, he coughed out a mouthful of blood. He didn’t dare to speak and hurriedly adjusted his breathing. Every minute and second he could fight for now could determine whether he would win or lose.

It didn’t matter if he lived or died, but he couldn’t and wouldn’t lose!

Even if he died, he had to kill the other party! This was the heart of martial arts of the two, and also the battle between the two strongest geniuses in this world!

Everyone held their breaths, quietly waiting for the final moment to arrive. In the battle of geniuses under the sky, who would be the one to decide the fate?

Even Guangyuan and darknorth kangtian, who had strange thoughts in their minds, looked on quietly without moving.

Although they had different thoughts, they were all martial artists and had the same heart of martial Dao that would never stop running towards the end of the martial Dao.

The battle between Yunxiao and runxiang had stirred the pride in their hearts, and at this moment, no one could ruin this battle!

“Haha, you must have exhausted all your origin power and your physical body is on the verge of collapse, right?”

RUO Xiang spat out blood and laughed loudly. He knew that it was the stupidest thing to say at this moment, but he was really happy. He laughed and coughed up large mouthfuls of blood.

As the blood dripped down, it turned into pieces of high-quality Blood Dragon Stones and fell onto the Xian Kong Island.

But no one had the time to collect them.

Yunxiao snorted coldly and did not say anything else.

RUO Xiang laughed and finally stopped coughing blood. Instead, he walked toward Yunxiao step by step.

He walked extremely slowly, and every step he took caused the sky to shake. The wounds on his body were healing at a speed visible to the naked eye.

The body of a true dragon was the strongest body in the world!

Chapter 1103-killing heart like iron

Yunxiao’s pupils constricted as he found that the recovery speed of runxiang’s body was even faster than his!

Even though he had the bright moon divine body and the imperishable golden body, and even absorbed a large amount of external energy from the violent energy earlier, he was still behind Yun Xiang’s dragon body.

“Haha, are you feeling despair?”

Run Xiang laughed hideously, and a “ bang ” came from the air. He directly exploded the air, and his fist hit the bull across the mountain!

“Bang!”

Yunxiao’s figure exploded under the punch, turning into countless light and shadows and disappearing.

The smile on RUO Xiang’s face froze, and his face darkened.

Yunxiao was an extremely powerful ninth-tier Alchemist, and his mental power could change heaven and earth and reverse time and space. He had very little strength now, and he was unable to lock the space of the other party with a single move. Instead, he became powerless.

Yunxiao’s figure appeared not far away. With a cold look in his eyes, he snorted and said, “Even if I’m weak, you can’t kill me.” “In this state, aren’t you in despair?” he said sarcastically.

“The one who should be in despair is you!” Run Xiang sneered. He opened his hand, and a small white bottle appeared in his palm.

Everyone frowned, not knowing what was inside.

Yunxiao’s eyes narrowed slightly, and he had a bad feeling.

“Bang!”

RUO Xiang directly crushed the Jade bottle, and two drops of white liquid with overwhelming spirit Qi appeared. He sucked it in and swallowed it.

“Pi pa Pi pa!”

As the spiritual milk entered his stomach, Yun Xiang’s face turned red, and the sound of his bones exploding came from his body. A powerful Dragon’s might was emitted from his body.

The five-fingered dragon claws became sharp, and the dim dragon scales glowed again. The two horns on his head also became lively, and he looked like he had been Reborn!

“?!”

Everyone’s expression changed drastically. What was that thing? it could actually heal injuries in an instant.

“Myriad year spirit milk! Those two drops of myriad year spirit milk were there!”

Someone finally remembered and exclaimed.

“?! It’s this item, no wonder!”

The crowd looked enlightened, and many of them began to worry for Yunxiao, their faces changing.

Just a drop of the myriad year spirit milk was enough to kill a person and bring their bones back to life, allowing the injured to be fully resurrected.

Back then, Yun Xiang had used the first dragon’s blood to exchange for three drops from Guang Yi, so he still had two drops left.

After consuming it, the injuries in his body were immediately healed by more than half.

“Hmph!”

He snorted with dissatisfaction, clearly not satisfied with the effects of the myriad year spirit milk. After he was defeated in the battle of Red Moon City, the myriad year spirit milk was unable to heal all his injuries. Now that his true dragon body was injured, it was not something that two drops of spirit milk could solve.

Although he had only recovered more than half of his strength, it was fatal for Yunxiao!

Sure enough, Yunxiao's face turned extremely unsightly. Although he had also swallowed a large number of heavenly materials and earthly treasures, it took time to transform them, and the results were not as immediate as the other party.

"Haha, can you still escape from my attack now?"

Run Xiang said in a cold voice. He laughed hideously and threw a Dragon fist in the air.

"Bang!"

Once again, he used 'hitting the cow across the mountain' and the space exploded!

Yunxiao's face flickered. The sealing power of the punch had indeed made it difficult for him to circulate his spiritual power, and he could no longer escape in time.

He hurriedly raised his ice sword to block the attack.

"Bang!"

Yunxiao coughed out a mouthful of blood as the sword trembled and was sent flying. However, after flying for a few dozen meters, his figure faded and disappeared into the sky.

"Hahaha, you want to Dodge?"

RUO Xiang laughed proudly, and his heroic spirit soared to the sky. He had never been so happy in his life.

you can just use your own bones to become the first step for me to reach the peak of martial arts!

He raised his head and let out a loud roar. The Dragon's might shook the entire world.

The people on the Xian Kong Island had their expressions changed once again. Each and every one of them was terrified, afraid that they would have to kneel again. After all, they were all powerhouses with strong self-esteem in martial arts. It was too embarrassing to keep kneeling here and there.

Fortunately, RUO Xiang was no longer at his peak, and everyone only felt a burst of panic in their hearts. Other than a few whose strength was too low, those strong people forcibly withstood it.

"Bang! Bang! Bang! Bang! Bang! Bang!"

The sky kept cracking under the Dragon's Roar, turning into a scene of desolation and destruction, but Yunxiao had never appeared.

"Eh? I didn't expect you to have such an ability, but how long do you want to hide?"

RUO Xiang's face darkened, and he sneered, "You should know that my true dragon body can recover faster than you. It'll only be more beneficial for me to delay.

His words seemed to have worked. Yunxiao's voice rang out faintly in the sky, "Helios Luna,"

Run Xiang suddenly threw a punch in the direction of the sound.

"Bang!"

The sky exploded, but Yunxiao was still nowhere to be seen.

However, a huge black hole was created where his fist power landed.

...

That black hole was incomparably deep, and it seemed to be somewhat different from the ones that were usually blasted open. Furthermore, it did not gradually repair itself like the other parts. Instead, it grew larger and larger, spreading out at an extremely fast speed, as if it was going to swallow the entire sky.

“What?”

RUO Xiang frowned and revealed a suspicious look. This was the first time he had encountered such a strange scene.

Soon, the entire sky was covered in darkness, turning into a World of Darkness.

RUO Xiang lowered his head and saw that the Xian Kong Island was still there, but there was no one on it. The ocean was still roaring in the distance, but it still looked eerie and terrifying under the night sky.

“Is this a Suan ni, an illusion?”

RUO Xiang was stunned for a moment, then he sneered and said sarcastically, the power of a true dragon is the most righteous and powerful in the world. Don't you feel embarrassed to bring out such an evil method? ”

A cold light flashed in his eyes as he roared. The entire sky trembled as he tried to blast open the space!

As expected, the entire world trembled under his dragon roar and was on the verge of collapsing.

A red shadow suddenly appeared in the dark night sky and gradually turned into a full moon. It suddenly opened!

Strange symbols flickered around the pupils in the full moon, forming half a circle and emitting a demonic color.

...

That trembling space once again stabilized with the appearance of the Blood Moon, and it stared at run Xiang with a cold glint.

Hmph, does it make you awesome just because your eyes are bigger? ”

A look of ridicule flashed across run Xiang’s face. He raised his Dragon Claw and was about to slap down.

Under the blood Moon, the space fluctuated slightly, and Yunxiao’s figure gradually emerged. He held a sword in his right hand, his eyes cold as he stared at runxiang, then he slashed down with the sword.

“BOOM!”

With a casual slash, there were tens of thousands of sword regulations that continuously gathered in the air and slashed towards Yun Xiang!

“What?”

RUO Xiang was shocked, and his eyes were filled with shock. His raised arm froze in the air, and he couldn’t push it down anymore. He said in fear, you ... How can you still perform such a powerful sword move?!

The power of this sword was almost the same as the star slash that had seriously injured him before. Just the power of the pressure was enough to suffocate him!

“Damn it!”

RUO Xiang suddenly roared and transformed into a true dragon in the air. He suddenly broke through the shackles of the sword Qi and instantly fled hundreds of meters away.

“BOOM!”

The sword light passed by him not far away. The sharp and unparalleled sword essence was like a Galaxy that crossed the universe.

Cold sweat dripped down from Yun Xiang’s forehead as he was deep in thought. Yunxiao raised his sword again and slashed down with the same move!

“?! An illusion! This must be an illusion!”

RUO Xiang’s face was pale. With such sword power, it was already heaven-defying to be able to use one move with all his strength, not to mention to use every move so easily.

Although he was 100% sure that it was an illusion, he still couldn’t help but feel panic when the sword fell. He gritted his teeth and escaped again.

“Damn it!”

f \* ck! RUO Xiang cursed angrily. The other party’s cold eyes seemed to contain ridicule, as if he was toying with a monkey. This made him extremely angry!

he can turn defeat into victory by relying on some illusions? ”

RUO Xiang roared as he flew up and let out a series of explosions in the air, trying to get close to Yunxiao and kill him!

“This is a Pixiu, Pixiu!”

Suddenly, his body came to a stop, and his eyes revealed a look of panic. A figure suddenly appeared in front of Yunxiao, staring at him coldly with a pale face, as if he were dead!

“Y-you,

Run Xiang was shocked.

The cold shadow opened its mouth and said slowly, ” “Ninth brother, you’re so cruel.”

As soon as he said this, another figure appeared. This person didn’t have a head, but a face could be seen on his belly. He said miserably, ”Brother nine, where’s my head?”

Another figure and another bi an.

More than twenty people came out one after another, all of them shouting ” ninth brother, ninth brother “. They were all crown princes of the North Sea!

RUO Xiang’s face became abnormally pale, and he laughed with an ashen face, ”Haha, li Yunxiao! Do you think you can shake my mind with these dead people? I wasn’t afraid of these ants when they were alive, but now that they’re dead, they’re even worse!”

brother Jiu, we’re both crown princes. How dare you call us ants? ”

brother nine, I feel terrible without a head. Give me back my head.

“Ninth brother, we’re waiting for you down there. Come and accompany us.”

The faces of those twenty over brothers all became malevolent, and they all roared as they charged forward, surrounding and attacking RUO Xiang!

Everyone’s expressions were so realistic, and they were all using their life’s ultimate skills!

There were more than 20 people with different faces, but the only similarity was that they all maintained the tragic state before their deaths. When they attacked together, the power was also earth-shaking.

RUO Xiang felt a chill in his heart, but he was born with an extremely strong murderous aura, so he quickly calmed down and sneered, "My brothers, you're just the dregs of the times. As an ant, you should have the awareness of an ant and die in peace!"

"BOOM! BOOM! BOOM!"

He suddenly clenched his fists, and dragon energy exploded from his hands. Dragon fists shot out, and the few people in the lead were directly blown apart, their bodies and bones shattered!

"All of you, go to hell!"

RUO Xiang's killing intent rose, and his hands formed a seal in front of him, slapping out a palm in the air.

A Dragon's Shadow appeared behind him and turned into the power of a violent Dragon, blasting in all directions!

Chapter 1104

1104 Helpless in every way

"Bang! Bang! Bang! Bang! Bang! Bang!"

One by one, the crown princes exploded and died under the Dragon power.

"Argh! You're so vicious!"

The screams continued to ring out. These crown princes' deaths were so realistic, but they could no longer shake run Xiang in the slightest!

At that moment, his heart was as hard as iron, and all his emotions had converged into a killing intent, one that wanted to Pierce Yunxiao's bones and scatter his ashes!

"Brother nine, my head!"

The Headless Crown Prince pounced on him.

ninth brother, you broke my heart last time. My heart hurts so much!

Another Crown Prince, who was clutching his chest, rushed over.

you're dead?" run Xiang's eyes turned cold. since you don't have a head, just go and die. What are you still shouting about? "

His five fingers turned into claws and directly clawed at the Headless Crown Prince, wanting to tear him apart!

"Chi!"

The Headless Crown Prince was instantly cut in half.

"And you, of course you're going to die if your heart is crushed!"

RUO Xiang's expression did not change at all, and there was no emotion in his eyes. He also threw a punch at the Crown Prince who had broken his heart, and the other party also threw a punch back.

"What?"

RUO Xiang's cold expression suddenly changed, as if he had noticed something strange. On the fist of the Crown Prince who had broken his heart, a white ice flame condensed, flickering and jumping.

Although the ice flame was small, it exuded an extremely terrifying aura, causing his heart to tremble. He said in horror, "This is a Kasaya!"

"Bang!"

However, it was too late. The ice flame exploded on his Dragon Fist!

"Ah!"

Run Xiang cried out in pain, and his entire arm instantly lost all feeling!

At this moment, a dangerous aura suddenly rose behind him. The two halves of the crown prince's body that he had torn in half turned into countless tiny black particles, and they pierced through the air densely, surrounding him!

Each particle carried an extremely terrifying power of wind and Fire, and they struck his body like raindrops!

"Bang! Bang! Bang! Bang! Bang! Bang!"

The Dragon scales all over his body were struck with holes, and the light gradually faded. Some of the scales even landed on the surface of the body that was not covered by dragon scales, causing blood to burst out.

The heartbroken Crown Prince roared and punched out again. Although he did not manage to produce the ice flame this time, the power of his punch was still indestructible!

RUO Xiang went berserk, knowing that he had fallen into Yunxiao's trap. The real killing move was hidden among these illusionary characters!

At this moment, the crown princes who had been scattered by him gathered again, and one by one, they pounced on him.

“Dammit, dammit! All of you, go to hell!”

With a loud roar, he struck out his left arm, which still had some feeling, and poured all his strength into it, trying to break all the illusions!

“Ah? This Yingluo ”

RUO Xiang was stunned, his eyes almost popped out, and he almost spat out a mouthful of blood on the spot!

His left arm turned into a branch after he threw the punch. A White Lotus bloomed at the front end of the branch as he threw the punch.

What was even more terrifying was that he suddenly realized that he had turned into a cup!

“Argh! “Ah!” “Ah!” Ah!”

Run Xiang was about to go crazy. The powerful attacks of the calabash Little King Kong and the crocodile all landed on him, and the cup was immediately cracked!

He had to endure endless attacks, yet he couldn't move at all!

The biting of more than 20 crown princes mixed with the real attacks of Little King Kong and the others, all of which hit the cup, making countless “ Bang Bang ” sounds.

“BOOM!”

All of a sudden, an abnormally powerful force exploded from the cup, blasting away all the attacks!

An ancient aura spread out, and all the illusions of the Crown Prince disappeared. The calabash King Kong and the giant crocodile were also bounced back dozens of meters.

The two of them revealed their true forms and rushed forward again, but they were blocked by that force and could not move an inch forward!

Yunxiao's eyes flickered with horror as he saw Runxiang transform back from the cup. A powerful dragon essence spread out as he transformed into the form of a true dragon and rushed over!

Yunxiao's face was stern as he said, "Burning dragon essence is the root of a true dragon. After this battle, you will never be able to return to your current strength."

Run Xiang, who had turned into a true dragon, had a cruel and cold look in his eyes. He said coldly, "The only obstacle in my path of martial arts is you, my inner demon! As long as I kill you, no matter how difficult the cultivation is, I can return to the peak and step towards the end of the martial Dao!"

The descent of the true dragon caused the entire lunar dimension to collapse, and the eye of the lunar pupil that was hidden in the darkness was also impacted, shedding tears of blood!

this is the last attack after burning my dragon essence. It's either you die or I die!

"I want to see who the ruler of life is! Run Xiang roared ferociously.

The sound of a Dragon's Roar reverberated through the ages.

Once again, everyone on the Xian Kong Island knelt down in fear!

Guang Yuan revealed a look of horror. Under that Dragon's Roar, what was transmitted through the tremors was actually the might of the ten directions divine realm!

"Roar!"

...

RUO Xiang turned into the shadow of a Dragon and opened up his five claws to attack in all directions. He wanted to blow up heaven and earth and overturn the universe!

“Hahaha, I’m the most powerful person in this world! All those who block my way must die! Kill! Kill! Kill!”

He had gone completely crazy. Dragon fists broke through the sky and earth, and the entire universe began to collapse.

“What?”

All of a sudden, the true dragon frowned. After breaking through the lunar dimension, what he saw was not Xian Kong Island, but a white mist!

“This is a Kasaya.”

His dragon body was in the middle of the White mist. Spiritual Qi filled the air, and immortal music lingered in the air.

Under the fog, one could vaguely see the flowing rivers and towering mountains, as well as all kinds of insects, fish, birds, and beasts.

The spiritual mist gradually dispersed, and a strange aura spread in the surroundings, beginning to form a world.

At this moment, a majestic monument descended with a loud bang. It emitted a vast and mighty force, as if it was the center of the world and the extreme of the universe!

The monument emitted streams of light that directly suppressed him and crushed him into powder!

...

“?! The power of ten worlds!”

Run Xiang was greatly shocked. His true dragon body soared up, and he roared as he attacked the divine realm tablet, constantly shattering the derived world.

At this moment, a figure slowly descended from the tablet and stood quietly on top of it. He could vaguely see Yunxiao, who was performing incantation gestures with one hand and shooting out golden runes.

RUO Xiang was also going all out and didn't ask for any more fantasies. He burned all of his Dragon origin power and shouted, “Even if I have to die, I'll take you down with me!”

The power of a true dragon burst out from run Xiang's body and soared into the sky, shattering the divine realm tablet's world phenomenon inch by inch. The entire four poles of the universe began to collapse.

Yunxiao frowned, and the moon-like pupils in his eyes bulged. Half of his head was covered in blue veins, making him look detestable.

The shadow of a blood-red moon appeared behind him, as if it was rising from the sea.

A melodious, poetic voice drifted over. It was faintly discernible, but it was shocking as it resounded through the entire land.

“I peeked at the birds outside the bamboo, the water outside the tree, and the clouds outside the peak. Did I do it intentionally or unintentionally?”

“Birds come to spy on people, the moon peeks at wine, and the snow peeks at books, but they see that he is heartless.”

As the poem finished, the entire world changed. All living things retreated, the world disappeared, and everything turned into nothingness.

The blood-red eyes in the sky slowly opened and stared at the sky quietly. Everything it saw was wiped away!

Run Xiang's eyes widened. He gradually felt his body disappearing from this world. His true Dragon's power was rapidly flowing away. No matter how he struggled, he could not escape the power of that one glance.

"Bang! Bang! Bang! Bang!"

Blood mist burst out from his body, and his true dragon body began to slowly disappear from this world.

Run Xiang smiled sadly and said, "ha, ha, hahaha!" I lost, I still lost in the end!"

His laughter was filled with unwillingness, helplessness, and ruthlessness.

Memories of his past surfaced in his mind. Other than cultivation, he had only been cultivating and cultivating.

The only memory that brought him some warmth stopped at the time when he was five years old. His mother's arms made him smile so warmly.

"Hahahaha!"

The laughter continued and echoed in the sky, but it was getting smaller and smaller.

It wasn't that he couldn't laugh anymore, but under the gaze of those eyes, even his voice had inevitably disappeared.

Li Yunxiao, you are the one who is destined to be the king of this world!

“I’ll die in your hands today. From now on, you’re not allowed to lose to anyone, no one!” Step on my bones and ascend to the peak of martial Dao!”

There was a helpless wild laugh, helpless hope, and helpless desire.

The true Dragon’s body gradually disappeared in the sky, leaving no shadow behind.

The eye in the sky slowly closed, and Yunxiao’s figure vaguely appeared in the endless sea Fog. “I will,”

This was the final response to the oceanic species ‘expert.

Everyone on xiankong Island was in a state of shock. Ever since Yunxiao had used the eye technique, Sun Moon, they had been almost blind, and had no idea what was going on.

Only those high-level martial sovereigns could make a guess based on their aura.

When the true dragon appeared and the people submitted, they could no longer feel anything.

Even the water deity’s face was pale. Her eyes flashed with golden light and the inherited eye of truth power was circulated to the extreme, as if she could vaguely see something.

“Bang!”

Following that, a loud sound rang out in the sky. It was as if a world had been blasted apart, as if the heavens and earth had been split open!

Yunxiao's figure emerged from the void, but his face was pale, and his blood vessels were clearly visible. His eyes were tightly closed, and two streams of blood were flowing down.

He used up all his soul power to perform the ten directions divine skill. Not only was his soul greatly damaged, but even the moon eye was also severely injured, and it completely closed.

Along with him, Dragon artifacts also appeared from the void.

Scales, horns, claws, spine, and whiskers. There was no dragon Qi on them, and they were floating in the air.

Although Yunxiao had erased runxiang's dragon form, the remains of the real ancient true dragon could not be erased by his eye sorcery.

However, the Dragon Qi in the five dragon-type secret treasures had been completely exhausted, and it would probably take a long time for them to recover.

Yunxiao raised his hand and grabbed at the five dragon artifacts.

I'm thinking, if I write here that runxiang killed Yunxiao, robbed him of his profound level weapon and heavenly mandate, and eventually became the Supreme figure of all ages, would everyone want to kill me? Taiyi did not dare to do so, so he decided to let Yunxiao send runxiang to the West. )

Chapter 1105-ominous premonition

Everyone on the xiankong Island was still in a daze. Although they did not know what had happened, the five dragon secret treasures had revealed themselves, and they could tell the outcome of the battle.

Only the two of them were the first to react. They suddenly turned into two rays of light and shot into the sky.

One of them was Guang Yi, who was determined to get the five dragon secret treasures, and the other was Yunxiao, who was also determined to get them!

Even though it was still very difficult for him to accept the fact that run Xiang was dead, he had to believe everything that was happening in front of him.

The other man was beiming kangtian, and he had to kill Yunxiao. Although he did not know the relationship between Yunxiao and Gu Feiyang, he knew that Yunxiao must die!

Guang Yi's face darkened. When he saw darknorth kangtian rushing over, he thought he was going to protect Yunxiao. With a cold snort, he put two fingers together and pointed in the air, shouting, "Get lost!"

Darknorth kangtian's expression changed. He turned into an afterimage in the air and shouted, "It's a misunderstanding!"

"Hmph!"

After run Xiang's death, Guang Yi had felt a sense of unease. He didn't know where this feeling came from.

However, as a nine-stars Martial Emperor, he would not make empty claims. Something must have happened. Among all the people present, the only one who could pose a threat to him at this moment was darknorth kangtian.

Therefore, when he saw darknorth kangtian make a move, he was even more certain of his decision. A murderous intent flashed in his eyes as he said coldly, "If it's a misunderstanding, then get lost!"

As he spat out the word 'scram', cold stars began to fall from his hands, and every move he made was aimed at taking darknorth kangtian's life.

Darknorth kangtian flew into a rage. He was a Peak Eight-stars Martial Emperor expert, but he was scolded like a child by the other party. He was instantly enraged and shouted, "F \* ck off! Don't think I'm afraid of you!"

With a flip of his hand, the move 'my life is boundless' rose and slammed down from the sky!

A Nebula suddenly appeared in the sky, and strange phenomena appeared.

Guang Yuan's expression changed drastically. That move, "my life has a limit," produced a strange phenomenon, and directly pressed down on him. Although he was a nine-star expert, his injuries had not yet healed, so he did not dare to be negligent.

"The spring river's tide connects with the sea's peace!"

Guang Yuan's hands formed a seal, and streams of water Yuan rippled out from his body, drawing upon the power of the surrounding sea. Like the rising and falling of the tide, they blasted towards the spinning Nebula!

"BOOM!"

Under the bombardment of the two forces, the sky was filled with ocean water, which was mesmerizing.

Darknorth kangtian retreated at the sound. Both of them launched a probing attack with eighty percent of their strength. Darknorth kangtian's qi and blood were stirred up, and he was overwhelmed with shock!

Guang Yuan gave a heavy Humph, and said, "If you don't want to die, get lost!"

Darknorth kangtian's face was gloomy. Although he felt that the gap between the two wasn't that big, he was still at a disadvantage and could only stare at Guang Yi with an ashen face. In his opinion, Guang Yi had no reason to save Yunxiao, and most likely wanted to kill him. It would be better to let Yunxiao die in this man's hands to save him some trouble.

At this moment, Yunxiao had already obtained five dragon secret treasures, but they were sent flying by the aftershock of their palms.

He was extremely weak now, and in order to kill RUO Xiang, he had used all his trump cards at all costs.

Seeing Guang Yuan approaching step by step, the calabash Little King Kong and the big crocodile guarded him on both sides.

The rest of the people were afraid of Guang Yuan's might, and wanted to save him, but were helpless.

"First island master, you can't kill him!" The water deity exclaimed.

Guang Yuan smiled indifferently. Your Highness, this man killed the Crown Prince of the North Sea. He has committed a heinous crime. He must die!

The water deity was so anxious that she did not know how to explain herself. In a flash, she appeared in front of Yunxiao, stopped Guangyuan, and said, "I have a use for this person, so I can't kill him!"

Guang Yuan's expression turned cold, and he revealed a hint of a sneer, saying, Li Yunxiao, runxiang has already gone to that extent, but he still can't kill you. Now, Her Highness is protecting you. It seems that you really have the will of heaven.

"Your Highness, how about this?" he smiled gently. He killed the Crown Prince of North Sea, so I can't let him go rashly. I'll let this matter go if he hands over the five Dragon's Secret treasures that run Xiang left behind and comes with me to the palace of North Sea to accept his punishment."

The water deity looked hesitant. She had also sensed Guang Yuan's strength, and if he did not agree, it was very likely that he would turn hostile and kill Yunxiao.

Yunxiao stuffed a large number of heavenly materials and earthly treasures into his mouth and laughed as he ate. "If I'm really going back to the palace of North Sea to be punished, I'll naturally hand the secret treasure of the true dragon to the head of North Sea personally. What's the reason for you to take it?"

"Because you're too cunning," Guang Yuan sneered, "I'm afraid that something might change midway. If you want to live, this is your only choice."

The two of them sneered at each other, knowing that this was just an excuse for the water deity.

Darknorth kangtian's face darkened. Although he also believed that Guangyuan would not let Yunxiao go, he could not take the risk. Yunxiao had to be killed!

First island Lord, this girl is a member of your sea clan. If it's not convenient for you to help, I'll kill li Yunxiao, and you can take the Dragon's Secret treasure!

In order to kill Yunxiao, he no longer cared about the humiliation he had suffered just now.

Beiming Laifeng found it a little strange. He could not understand why elder Kang Tian, who had been protecting Yunxiao, suddenly had a murderous intent.

Guang Yuan made a hand gesture, and said with a smile, his eyes narrowed, "Please!"

Darknorth kangtian snorted as he slowly walked toward Yunxiao, the killing intent in his eyes growing stronger.

Yunxiao was not afraid in the face of danger. elder Kang Tian, " he said with a smile, " don't you want the latter half of the cultivation technique? "

li Yunxiao, " darknorth kangtian said coldly, " stop pretending in front of me. You should know why I want to kill you. What is your relationship with that person? As long as you tell me whether that person is dead or not, and where he is now, I can spare your life!"

Everyone was at a loss, not understanding what he meant.

Guang Yuan's eyes were squinted the entire time, and he had a smile on his face. When darknorth kangtian walked past him, a sharp light burst out from his eyes and he suddenly launched an attack, both palms fiercely pushing forward!

“You coward!”

Darknorth kangtian was greatly shocked. By the time he reacted, he had already been enveloped by the palm force. In a hurry, he hurriedly circulated his Qi to block it!

“Bang!”

There were no fancy moves, only a pure competition of origin power. The two forces suddenly collided.

A cold light flashed in Guang Yuan’s eyes, and he continued to push with great force, pressing down on darknorth kangtian’s body!

His sudden move shocked everyone, and they didn’t know what was going on. The people from Beiming Dark Palace were also shocked. They wanted to go forward and save her, but it was useless!

“First Island Lord, what’s the meaning of this?” darknorth kangtian was furious. “Don’t you want to kill Li Yunxiao?”

...

He could feel the power that was endlessly being pushed over from Guang Yuan’s hands, and it was directly overpowering all other techniques, trying to use the difference in their cultivation levels to crush him.

Moreover, this move was extremely effective. He had lost the initiative under that Palm Power and had no way to escape. He could only fight with his origin power.

“I’ve had a bad feeling since just now,” Guang Yuan grinned hideously, “even my eyelids were twitching. On this Island, who else but you can make me feel fear and even hurt me? Of course, Yunxiao has to kill you, but he has to get rid of you first!”

Beiming kangtian was so angry that he almost vomited blood. He had made a compromise just to kill Yunxiao, but he had fallen into the other's trap. you're a nine-stars Martial Emperor, but you're plotting against me. Is this really the doing of a hero? "

Guang Yuan laughed loudly and said,"hero? The winner is a hero, and the loser is trash!"

His essence force surged out from his palm, and he wanted to kill darknorth kangtian at all costs.

Although this kind of battle consumed a lot of his origin power and even caused his internal injuries, as long as he defeated darknorth kangtian, swallowed him, and digested him, he would be able to make up for it.

Suddenly, a cold voice rang out, " the first island master is right. The winner is a hero, and the loser is trash.

Guang Yuan's expression changed drastically, and his pupils suddenly widened, as if in disbelief. A great sense of death spread in his heart, and cold sweat seeped out of his forehead.

Everyone was shocked. The expressions of coldfeather and nine Heavens in the distance changed even more, as if suspecting that they heard wrongly!

After the voice rang out, a faint figure appeared, and an extremely sharp light slashed down from the sky!

...

"Pincer attack!" The figure shouted.

Although darknorth kangtian didn't know what was happening, he knew that his chance had come. His eyes immediately widened, and he suddenly clenched his hands and five fingers, activating all the strength in his body and roaring, " "Swift as a startled Swan!"

A burst of cold Yin Qi burst out from his palms and condensed into form.

A strange phenomenon appeared behind him, and the attack from beyond the heavens reappeared, suddenly pressing down on Guang Yuan!

Under the fierce slash in the sky, the sword light also flashed, and the rules of sword appeared around it, ready to cut the sky and split the earth!

Yunxiao's pupils constricted as he stared at the sword Qi, his eyes filled with doubt.

No one had expected this change, and even Guang Yuan was greatly shocked. He finally understood why he had been so uneasy all this time. It turned out that it wasn't because of darknorth kangtian!

In the face of danger, the potential in his body instantly burst out. He put two fingers together to form a seal in front of him and shouted, "Mixed element Qi!"

Then, he formed a seal with his hands and the seal opened up in front of him, turning into a circular barrier.

"BOOM! BOOM!"

The two attacks suddenly hit the barrier, causing the wind and clouds in the surroundings to surge. The ground was turned into pieces of gravel that were thrown into the sky from all directions.

With the three experts as the center, the area within a radius of several hundred meters was completely destroyed.

Everyone was instantly pushed back, and Yunxiao was carried by the Golden-armored guards summoned by water fairy, who had fled hundreds of meters away.

With a wry smile, Yunxiao pointed at the calabash King Kong and the crocodile beside him and said, "I also have two guards, although they are a little ugly."

The water deity blushed and hurriedly took back her golden-armored guard, which almost made Yunxiao fall off, and the gourd Little King Kong caught him.

She looked at the crocodile suspiciously and said, " "This, this crocodile Suan ni"

The crocodile raised its head and glanced at her before going back to sleep. Although Yunxiao had given him a slave seal, his personality had not changed.

Yunxiao smiled. it's refined from Mr. Mo Sha's Montenegro. It's very practical. Remember to thank him for me the next time you see him.

Chapter 1106-different thoughts

The water deity was speechless for a while, then she said worriedly, " "It's been so long since I've seen Mo Sha. Furthermore, he hasn't come out even after such a huge commotion. I wonder how he's doing."

Yunxiao smiled wryly. He guessed in his heart that Mo Sha was most likely dead, but seeing the little girl's worried look, he could not say it out loud to make her feel bad.

The people in the surroundings looked at the center in horror. The three experts were all top-notch existences in this world, but darknorth kangtian and the person who had drawn the sword couldn't even break through Guangyuan's defensive barrier!

However, Guang Yuan's face was also deathly pale. Clearly, this had triggered the injuries in his body, and he spat out a mouthful of blood. He said sternly, "Sixth break-heaven's passing!"

He turned his palms into blades, slashing the sky with one hand and the earth with the other, slashing at the two people.

"BOOM! BOOM!"

Darknorth kangtian and the man immediately felt an unparalleled force and retreated in horror.

Darknorth kangtian retreated a hundred meters in an instant, while the man flew up into the air.

After the attack, Guang Yuan also leaped up and directly flew onto the Lotus platform. He sat cross-legged on Amitabha, his eyes bursting with a cold light as he stared at the person in the sky.

It was only then that everyone could see clearly that the man standing in the air with a sword in his hand was actually the fifth Island master of xiankong Island, Zhao wenzhan!

“Fifth Island master, Wufu, this, this, how could this be?”

Everyone was taken aback, and their brains could not quite process what was happening.

Especially coldfeather and nine Heavens, they found it even harder to believe. Nine Heavens roared in a violent rage, “Summon Wen Zhan! What’s the meaning of this?”

Zhao wenzhan ignored him and directly lowered his head. He looked coldly at Guang Yuan and said, “First island master, have you thought of this?”

Guang Yuan’s eyes were cold, but he still shook his head, and said, I was wondering why you disappeared in the blink of an eye. With your strength as a ninth-tier Alchemist, even if you can’t defeat the man who blew the conch shell, you won’t die in the battle.

Zhao wenzhan nodded. I didn’t expect the first island master to be able to sense it. However, this has helped me instead.

“You’ve hidden yourself very well!” Guang Yuan said coldly.

Zhao wenzhan laughed and said, “first island Lord, are you referring to the traces I hid just now or the Kasaya?”

“Hmph!”

Hmph! Guang Yuan snorted coldly and said, “ you’re not just a ninth-tier Alchemist. The power of your sword just now is no less than that of darknorth kangtian! I’m afraid he’s already half a step into the nine-star level?”

As soon as these words came out, everyone turned pale with fright.

Darknorth kangtian’s expression also changed slightly. The power of Zhao wenzhan’s sword was indeed not inferior to his ultimate move.

Yunxiao was the only one who looked thoughtful, as if he had thought of something, but he dared not confirm it.

Zhao wenzhan laughed. the first island Lord has good eyes.

Guang Yuan said coldly, “you’ve been hiding in the Xian Kong Island for so many years without leaving any traces. I’m truly impressed!” I’m very curious about your thoughts and purpose.”

Zhao wenzhan chuckled and said, “ is the first island Lord stalling for time? However, with your injuries, it’s useless to delay, right? It’s worth it for you to hide for several decades and let your old injuries relapse.”

“You’ve indeed investigated me,” Guang Yuan said coldly.

Zhao wenzhan smiled bitterly. first island Lord, you are too serious. With your suspicious character, it is indeed very difficult for me to deduce the cause and effect of some things. By the way, my disciple was most likely eaten by you, right?”

Guang Yuan snorted coldly and said, “you’re so heartless. You’re not even sad that your disciple was eaten.” But it doesn’t matter, I’ll send you to see him immediately.”

Zhao wenzhan sighed. life and death are determined by fate. I can only blame my disciple for having a bad life. As his master, I can only help him take revenge.

The two of them talked back and forth as if they were having a casual conversation, but the content was extremely fierce, and everyone's faces were black as they listened.

Guang Yuan sneered. humans are indeed a sinister and cunning race. Your goal is to hear what I've heard, right? "

Zhao wenzhan nodded, " I wasn't before I came to xiankong Island. But after I met the first island master, I became his.

Guang Yuan nodded and said,"understood." Although I still have some doubts, I've decided to skin you first before interrogating you." His face revealed a ferocious expression, and his aura slowly rose.

Zhao wenzhan immediately became alert. He held his long sword horizontally in front of him and pointed it at Guang Yuan.

Streaks of golden runes swirled around his long sword, drawing upon the power of heaven and earth to form a boundless Sea of Swords.

"Elder Kang Tian, how about we join forces to kill the first island master? Otherwise, he would never let you go."

Zhao wenzhan said in a serious voice, wanting to pull beiming kangtian into the battle together so that they would have a greater chance of winning.

Darknorth kangtian's face turned cold as he shouted, " "Good! But, after I kill li Yunxiao, I'll join hands with you!"

Zhao wenzhan's expression changed slightly. He wanted to say something but stopped.

At this moment, all of his attention was on guarding against Guang Yuan, and he had no time to be distracted.

Darknorth kangtian flew up into the air, leaving several afterimages in the air. Like a ROC, he fell toward Yunxiao with an amazing power.

Yunxiao's face flickered, while the calabash King Kong and the crocodile both opened their eyes and stared nervously. The water deity also summoned the Golden armored guards and stood in front of her.

“Bang!”

Suddenly, a loud explosion came from the ground. A golden light rushed up and drew countless lines in the air. Circles of strange power gathered into a palm and slapped towards darknorth kangtian.

“BOOM!”

Darknorth kangtian's pupils constricted. He had already seen who the newcomer was. In a great rage, he roared and threw out a punch.

The two forces collided in the air, forcing the two of them to take a few steps back.

“Old man beiming, the battle between us isn't over yet!” The man laughed.

The crowd turned their gazes over and saw the figure of the man in the light. He was the second island master of the xiankong Island.

“Damn it!” Darknorth kangtian was shocked and furious. Get out of my way, and I'll fight you to my heart's content after I kill Yunxiao!” In order to kill Yunxiao, he could do nothing now. The more he could not kill him, the more anxious he became.

The guest wagged his index finger and chuckled, “ If you want to kill li Yunxiao, you have to get past me first.

“You coward!”

...

damn you! darknorth kangtian was furious and said furiously, “ you stupid thing! The veins on his head were bulging as he roared and charged at the guests.

“BOOM!”

The two of them fought again in the air. Darknorth kangtian was using all his strength in every move, hoping to win as soon as possible so that he could kill Yunxiao. However, he had just exchanged a few moves with Guang Yuan, so his origin power had been greatly exhausted, while the officials and guests had rested for a long time.

Under this situation, the only advantage they had disappeared, and the two of them fought to a draw.

Yunxiao breathed a heavy sigh of relief. He was safe for the time being, but only by recovering his strength as soon as possible could he be truly safe.

Fortunately, he had exchanged a lot of heavenly treasures in the market before, so he just chewed and swallowed them like he was eating snacks. This made water deity look at him strangely.

Guang Yuan raised his head, stared at the sky, and said, “Honored guest, let’s join forces and kill Zhao wenzhan!”

The guest was having a good time fighting and laughed, “ No problem, but I’ll kill this person first.”

“Arrogant!”

Darknorth kangtian's anger was burning, and every move he made was with his full strength. The two of them were fighting extremely fiercely, and streams of Yuan power shot out. No one dared to come close within a thousand meters.

Guang Yuan's expression immediately darkened. The words "honored guest" were just an excuse. With his strength, it would be at best if he could not be defeated.

...

"Ha ha, first island master, it seems that the brothers all have their own thoughts."

Zhao wenzhan laughed. Under the cold light of the sword, his smile seemed extremely cold.

"Zhao wenzhan, don't be too arrogant! We're here to kill you!"

The nine Heavens and coldfeather in the distance were both greatly enraged. The two of them turned into rays of light and rushed over, each displaying shocking ultimate skills in the air, pressing down from high above!

Zhao wenzhan's expression turned cold and he snorted, "Island Masters, you should take a rest at the side."

He conjured a sword spell, and countless golden sword talismans poured into the sword. He turned around and slashed.

An ocean of sword Qi appeared in an instant, and the entire sky was split open. This sword attack caused an even greater commotion than the one caused by darknorth kangtian and the others.

"BOOM!"

Three forces bombarded together. The sword light actually directly cut through Nine Heavens and coldfeather's attacks, sending the two people flying!

“How could this be?”

The two of them were dumbfounded, unable to accept the reality in front of them.

He had always been the weakest among the five Island Masters, but he could defeat them all with a casual sword strike.

“Thank you, Island Masters!”

Guang Yuan’s voice rang out, and Amitabha flashed with golden light. His figure disappeared, and in the next moment, he appeared directly behind Zhao wenzhan.

you still dare to divert your attention to attack me when I’m ready to attack at any time. Are you really stupid or arrogant? ”

As Guang Yuan’s cold voice fell, a golden light slashed down from his hand, instantly splitting space and directly cutting Zhao wenzhan in half.

“Hmph, first island Lord. If I didn’t make sufficient preparations, would I dare to be so conceited?”

That Zhao wenzhan, who had been cut in half, turned into a ray of light and disappeared in the air. An ice-cold voice came from behind Guang Yuan, and a sword stabbed out.

The sword light was as dazzling as the sun.

“Swish!”

Guang Yuan hurriedly turned around. The sword had pierced directly into his chest, and fresh blood was soaking through it.

“Ah?”

Everyone turned pale with fright. Nine Heavens even roared, ” “First island master!”

Only Yunxiao and water deity remained calm, staring at each other in confusion.

A hint of a smile appeared on Guang Yuan’s calm face, and he said in a cold voice, ” even a wise man can make a mistake. You are a ninth-tier Alchemist. Can’t I take this into account? ”

“What?”

Under the shocked gazes of Zhao wenzhan and the crowd, Guang Yuan, who had been pierced by the sword, also turned into a golden light and disappeared.

A terrifying pressure descended from the sky, and Guang Yuan’s figure appeared above Zhao wenzhan’s head. He grinned hideously and said, ” “After so many years of hiding, he’s instantly turned into nothingness in a single defeat!”

He slammed his palm down with all his might, and the same golden light as the magnificent Dharma Lotus platform flashed in his hand.

Zhao wenzhan’s eyes revealed a look of horror. Before he could even shout, he was hit by the palm force and slammed into the ground with a scream!

“BOOM!”

A deep pit was formed on the ground, and dust flew into the air.

“Hmph!”

Guang Yuan laughed coldly and retracted his palm force. Just now, he had borrowed the power of Amitabha and had already suffered some backlash. In addition, he had been injured by the joint attack of Zhao wenzhan and beiming kangtian, so his body was already in a bad state.

“Argh! Devil sand!”

The water deity suddenly cried out in alarm.

Guang Yuan’s expression suddenly changed, and he looked down in shock. Zhao wenzhan, who he had killed with a palm strike, had actually become Mo Sha’s corpse!

Chapter 1107-wailing sword rain wind

The water deity’s eyes were filled with tears, and her face was filled with sorrow. Although Mo Sha was her servant, she had known him for a long time and had long treated him like family.

“First island master, you actually killed Mo Sha. I’m going to kill you!”

The water deity cried out in grief, and golden rays began to appear on her body.

“Calm down! Are you going to die now?”

Yunxiao immediately stopped her, his eyes flashing with surprise.

Mo Sha’s corpse was clearly killed long ago and had been refined into a puppet. That Zhao wenzhan was indeed someone with shocking intelligence. He was an extremely troublesome expert.

Guang Yuan’s entire body went cold, and an extremely great sense of fear descended.

the first island master is so cruel. I’ve worked for you for so many years and refined countless profound level weapons. Are you so cruel that you want to kill me with one palm? ”

Zhao wenzhan's cold voice rang out, " "Since that's the case, there's no need for me to be merciful."

"Clang"

The sound of swords rang out, and countless sword regulations gathered, stabbing at Guang Yuan from behind.

A sense of death spread from his heart. In his great shock, Guang Yuan roared in anger, " "Sky piercing finger!"

He clenched two of his fingers together, and they emitted a boundless golden light. There was even a faint illusion of a lotus flower on them. The golden light was boundless, and it pointed towards the sword light.

"Bang!"

Wherever his finger gesture landed, the sword gleam was instantly devoured. It was like a cannon hitting a mosquito. All the power fell into the void, and a golden energy ball appeared in the air under the force of his finger.

"Ah!"

Guang Yuan turned pale with fright, and beads of cold sweat broke out on his forehead. The sword technique in front of him was actually a feint!

"BOOM!"

The space above his head suddenly exploded, and a huge energy storm swept over. In the center of the storm was a huge sword that slashed down from the sky!

Beside the giant sword, under the cold light, Zhao wenzhan's figure could be seen. His face was cold as he said, " "Wailing sword rain wind-evil tune!"

His figure and the huge sword fell at the same time, like a god descending to the world, so awe-inspiring that it was impossible to offend.

Guang Yuan was so scared that his entire body turned cold. Under the threat of life and death, all of his potential was unleashed, and he roared, "Mixed element Qi!"

The finger that had been pointed out was instantly retracted, and a barrier was set up in front of him.

However, it was too late. The sea of sword Qi had already charged down. It tore through the barrier and rushed into his body!

"Boom boom boom!"

The surroundings trembled continuously, and the sky exploded one by one. Guang Yuan roared endlessly, instantly transforming into his true dragon body and roaring in the sky, causing a loud roar!

"What? The first island master is also a descendant of a Dragon?"

Everyone was greatly shocked. The strength of that Dragon's might was not the slightest bit inferior to the previous run Xiang.

Everyone's expression changed, and cold sweat trickled down their cheeks.

Zhao wenzhan's expression was cold. It was less easy-going and indifferent than before, but more cold and determined.

He allowed Guang Yuan to form his body, like a dragon flying in the clouds, but he still couldn't break free of the giant sword's shackles and could only watch as the sword shape fell.

Guang Yuan's hands formed hand seals, his mouth constantly spitting out obscure and difficult to understand language, which seemed to be the secret language of the Dragon.

As he continued to speak in the Dragon language, rays of sword light appeared around his body and grew stronger. Amitabha in the distance was even more dazzling with golden light and lotus flowers in full bloom.

All of a sudden, there was an earthquake and the mountains shook. Thousands of rays of light burst out from the bottom of Xiankong Island and gathered towards Guang Yuan.

The sword finally fell, and Guang Yuan roared as he reached out with both hands.

“Boom boom boom!”

A boundless Storm of Swords exploded, forming a terrifying energy that spread in the air. Even Amitabha’s golden light was swept in.

The huge vortex remained in the air for a long time, unable to disperse. Zhao Wenzhan and Guang Yuan’s figures had both disappeared, and no one knew what the situation was.

With a reminiscing look on his face, Yunxiao muttered to himself, “Wailing sword, rain, wind, and swish! It’s him!”

In the entire sky, besides the huge energy storm, only Darknorth Kangtian and the ministers were left, and the two of them were still fighting to the death.

Darknorth Kangtian had nothing else in his heart. He was determined to kill Yunxiao and kill any God in his way.

The water deity wiped her tears for a long time before saying, “You know that Zhao Wenzhan? He’s also the murderer of Mo Sha. I will never let him off.”

Yunxiao smiled wryly and said, “That Mo Sha has killed a lot of people, hasn’t he? In this world, the strong were respected. Could it be that only he was allowed to kill, and others were not allowed to kill him? What kind of logic is this?”

“This bi an ...”

The water deity was stunned. She felt that she could not refute and was stunned.

“BOOM!”

Suddenly, in the sky, the far away Lotus platform turned into a golden light without any warning and directly charged into the whirlpool.

Instantly, rays of golden light shot out from the vortex, dispersing the energy in the sky. Everyone’s eyes widened.

The two of them stood facing each other in the sky. Zhao wenzhan held a sword in his hand and directly stabbed it into Guang Yuan’s chest. Guang Yuan’s hands transformed into dragon claws, and he grabbed onto the long sword tightly. He was already drenched in blood.

Amitabha, on the other hand, turned into a ray of golden light and flew directly into the space between Guang Yuan’s brows, forming a Golden Lotus imprint.

“You’re so silly!”

Zhao wenzhan’s expression changed greatly and he said in shock, ” “You’ve subdued the Lotus?”

“Hahaha! Hahaha!”

...

Guang Yuan spat out a mouthful of blood and laughed endlessly. He said savagely, it’s all thanks to you that I was able to keep the Amitabha in advance. Fifth Island master, thank you!

His face turned ferocious as his ten fingers stirred the long sword, causing the sword to let out a sorrowful sound.

Amitabha has been silent in this Sea area for countless years. These years, besides trying to find a way to restore its power, Guangyuan has been studying the method of refining this thing every day.

After many years of exploration, he had finally obtained a Shen methodology called the “Rushi visualization.”

What made him extremely happy was that this set of Shen methodology couldn’t be used alone, it had to be used together with their Dragon’s language to display its power.

It was unknown why the sea god had set such restrictions when he first refined this item, but this was undoubtedly a great advantage for Guang Yuan, which meant that it was almost impossible for this profound level weapon to be snatched away.

However, Zhao wenzhan did not know the situation. Otherwise, today’s matter would not have happened.

However, after several decades, Guang Yuan had tried countless times to refine this item, but he had never succeeded. There were a few times when he wanted to collect it by force, but every time he was halfway through, he would suffer a backlash from the profound level weapon and could only die without any injury.

At the moment of life and death just now, he couldn’t care about anything else. He just took it by force. He didn’t expect to succeed and save his life.

Hmph! Zhao wenzhan snorted coldly. even if you take ‘Amitabha’, can you still turn defeat into victory in your current state? ”

Guang Yuan’s expression was ferocious, and he said coldly, ” “To be able to design such a perfect and wondrous attack, he’s truly a genius. But can you kill me, who has fused with the magnificent Dharma Lotus platform? At this moment, the sea has already returned to normal. I’ll only need a few years to

devour enough food and recover my peak strength. At that time, I'll definitely kill you to the ends of the earth!"

...

"But I don't have much hope for you to leave this Island alive!" Zhao wenzhan said coldly.

He struck out with a sword spell with his left hand, and the long sword exploded with a dazzling sound, shaking away the golden light in Guang Yuan's hand, piercing people's eardrums.

The sword glowed with a sword light, and with a clang, it spat out a few sharp teeth.

It was actually a second unsealing!

A sharp pain came from Guang Yuan's hand, and the sword under the dragon's claws was no longer under his control. On both sides of the sword, a total of seven short sharp fangs were spat out, emitting tiny whirlwinds that continuously attacked, each one cutting through his skin and flesh.

And above the sword, countless wind power swirled, and the faint image of a fierce beast began to appear, as if the sword spirit was about to break through the air at any time.

"What?"

Guang Yuan's heart trembled, and he cried out in disbelief, "You didn't use your full strength in that attack?"

"Wailing sword rain wind-Shadow Realm!"

A gust of wind swept past the sword, and Guang Yuan was instantly jolted more than ten meters away. However, he was still under the rule of the sword, and was unable to escape.

He was shocked and angry. The sword intent in Zhao wenzhan's hand became stronger and stronger. A bad feeling descended. He immediately spat out the Dragon language, and a vast might spread out around him.

At the same time, he formed a Divine Art with his hands, and the ru you Wen appeared between his brows, shining with golden light.

"It's no use. With your body that's about to collapse, how much power can you unleash from the magnificent Dharma lotus throne? It won't be an insult to it if it's in my hands."

Zhao wenzhan's expression was cold. The beast on the sword condensed and slashed down!

A vortex appeared in the sky with him as the center. A sword light soared in the sky and cut through everything!

Guang Yuan's face revealed a look of terror. Under that sword, his heart actually trembled. The power of the Lotus seat had been lost too much, and now that it was being pushed to the extreme, it actually felt like it was difficult to match.

Suddenly, two figures appeared in a flash, and actually blocked in front of Guang Yuan!

Coldfeather's entire body was completely beast-like at this moment, pitch-black wings spreading out in the air. Giving a long cry, the power of sound waves resisted with all its might under the sword intent.

Two daggers appeared above his head, forming a fiery red Cross, and he suddenly slashed out!

"Ultimate style-sky-splitting and earth-splitting!"

Nine Heavens' expression was also stern, and he transformed into eight heads that bared their fangs and brandished their claws, each of them roaring.

He took a deep breath, and seven of his heads became listless all of a sudden. The power in his body seemed to have doubled in an instant!

The spear in his hand was vibrating as if it couldn't bear his extreme power.

"Sweep across the eight wastelands!"

An unparalleled spear light bloomed out, even overshadowing coldfeather's power of extreme form. Under the two rays of light combining into one, it charged towards that endless rule of sword, wanting to pierce through this piece of sky!

Guang Yuan's eyes were filled with shock. He had not expected that at this critical juncture, the two of them would actually step forward.

"BOOM!"

Zhao wenzhan's Shadow Realm move was blocked by two huge forces and exploded in the air. However, the sword Qi instantly turned from wind to rain and fell down.

The two of them suffered a great blow to their minds. They both spat out a mouthful of blood and were sent flying. It was even more difficult for them to withstand the rain of swords that followed, and they revealed looks of panic.

A demonic golden light appeared in Guang Yuan's eyes, and he said in a low voice, "Many thanks to the two island Masters, Guang yuan can not thank you enough. Quickly come behind me, I'll handle the rest!"

Nine Heavens and coldfeather both flew behind Guang Yuan with all their might. That myriad of sword rain falling down was unable to shatter the defense of the origin Qi.

Chapter 1108-should be observed as such

"First island master, this man is too strong. This is all we can do."

After coldfeather entered the barrier, he finally heaved a sigh of relief, a bitter smile on his face.

Nine Heavens had also recovered a head. His face was pale and his lips were covered in blood.

the two island Lords have suffered greatly, ” Guang Yuan said ruefully. I will definitely kill Zhao wenzhan to avenge you!

“What?”

The two of them were stunned. They didn’t understand. They didn’t die, so why would they talk about revenge?

But the next moment, they were scared out of their wits and said in horror, ” “First island master, what are you doing!”

A huge dragon head appeared with red eyes. It opened its mouth and swallowed the two of them.

How could the two of them still have the strength to resist? After letting out a blood-curdling screech, he was completely dead.

Creak! Creak! Creak!

The sound of bones being crushed came from the dragon’s mouth. Everyone felt a chill in their hearts.

This man was too heartless and evil. The two island Masters risked their lives to save him, but he actually ate them!

Zhao wenzhan’s calm eyes also rippled as he said angrily, ” Guang Yuan, do you still have any humanity left in you?!

The Dragon head slowly chewed the two of them up and swallowed them. Its eyes were filled with endless ferocity as it said in a cold voice, "Human nature? Zhao wenzhan, you forced me to do this! If we don't eat them, the three of us will die! Instead of the three of them being killed by you, I might as well endure the humiliation and live, borrowing their power to kill you! Do you think I feel good about killing my own brother?"

His hands suddenly formed a strange seal and he spoke in the Dragon language. Ancient Maha characters flew out from the ruwo Wen between his eyebrows and circled around him.

Zhao wenzhan's expression changed drastically. He had used his sword technique twice. He had thought that he would definitely kill Guang Yuan. Even if he had missed by a bit, he still had the strength to use a third sword!

However, there was only one sword left. Nine Heavens and coldfeather were both eight-stars Martial Emperor powerhouses, and Guang Yuan's body had already undergone a certain transformation. The advantage he had gained earlier had been greatly reduced after he swallowed the two of them.

Especially the golden light that was emitted from the center of Guang Yuan's brows, which made people feel a burst of fear!

Yunxiao's face was also solemn as he stared at the change between Guangyuan's eyebrows. This was the fifth Supreme-grade profound artifact after the divine realm tablet, cauldron of mountain and river, armillary sphere, and Noah's ship.

These legendary items that were rarely seen in ten thousand years had appeared in this era one after another. There must have been a change in fate.

The "Amitabha" in between Guang Yuan's brows projected the image of a Golden Lotus, on which there was a faint chanting of Sanskrit. His face became solemn, as if he was a God that could not be violated.

This sacred scene formed a strong contrast with his previous dirty behavior, making everyone somewhat unable to adapt psychologically.

"All laws are like dreams and bubbles, like fog and lightning, and should be observed like this."

He chanted in the Dragon language and formed a seal with his hands. In an instant, the heavens and earth changed drastically as thousands of auspicious clouds gathered. The entire sky was filled with the image of a Cloud Dragon, and it was a joyous occasion.

Zhao wenzhan's expression changed drastically. A great sense of danger spread in his heart.

He had calculated step by step, but he did not expect that in the end, it was all destroyed by Nine Heavens and coldfeather. Such a strange phenomenon appeared in the hands of Guang Yuan, and the situation was completely reversed!

"Fifth Island master, accept the punishment for betraying me!"

Guang Yuan let out a cold shout, and an incantation seal shot out from his hand. That boundless power of the phenomenon rolled down.

Zhao wenzhan's expression was complicated. His years of planning had turned into nothing. His face was cold and stern. He raised the sword in his hand high, and boundless sword will and sword light spread out. His entire body was a sword, and he formed his own heaven and earth.

"Wailing sword rain wind-evil tune!"

A storm was stirred up in the Sea of Swords, forming a huge sword shape that stabbed at the boundless phenomenon that was pressing down!

"BOOM!"

The sword force pierced into the sky, and the storm in the sky began to wreak havoc. The auspicious signs disappeared, and the sky became somewhat dark and heavy.

'Are they evenly matched?' Yunxiao muttered to himself. Bo Yuqing's strength shouldn't be this little, what's going on?"

“Who’s Bo Yuqing?” The water deity asked in confusion.

you don’t know him, ” Yunxiao said impatiently. he’s not your acquaintance.

The water deity was immediately annoyed and stared at him coldly, her face full of anger.

Yunxiao’s face darkened. He quickly turned his head away, not wanting to meet her eyes.

Guang Yuan’s maniacal laughter came from the sky. haha, Zhao wenzhan, the stronger you are, the more this Lord likes you. You will become the first stepping stone on my path to revenge. You should feel incomparably honored!

The guests and beiming kangtian also stopped. The two of them looked at each other from a distance, both of them panting.

The smiles on the guests’ faces did not fade, while beiming kangtian’s face grew livid and violent. Yunxiao was clearly right in front of him, but he could not kill him. Moreover, as his strength gradually recovered, judging from the previous battle, even he was not sure if he could kill him.

As the two of them were on guard against each other, they would occasionally glance out of the corner of their eyes at the battle between Guang Yuan and Zhao wenzhan. They were both endlessly shocked.

Zhao wenzhan’s sea of sword Qi protected his body. No matter how the strange phenomenon surged, it was split apart by the sword light and could not hurt him at all. His eyes flickered and he said in a deep voice, ” “Guang Yuan, today’s battle will not have a conclusion. The rest is meaningless. Why don’t we have a good discussion?”

Guang Yuan sneered, ”negotiate?” You’re too dangerous. Not killing you won’t be enough to put me at ease!”

Zhao wenzhan said indifferently, "I'm in danger?" What about you? There were no eternal enemies in the world, nor were there eternal friends. There were only eternal interests. You're a smart person, you should know how to choose."

"Hmph!"

"If I let you go, then wouldn't the two island Masters of Nine Heavens and flying feathers have died in vain?" Guang Yuan said coldly.

Zhao wenzhan said sternly, "do you take their deaths to heart?" If they didn't block an attack for you and provide you with food, you would have been killed by me. What right do you have to talk to me? From this perspective, their deaths are of great significance to you."

Guang Yuan's expression was dark and uncertain. Zhao wenzhan's words were very reasonable. At this moment, it was indeed a bad idea to fight until both sides were injured, but he had just eaten two island Masters. If he cooperated with this person, it would make those onlookers look down on him too much.

Zhao wenzhan did not panic, as if he had a card up his sleeve.

Sure enough, the strange phenomenon in the sky gradually dissipated, and the clear sky was soon restored.

Guang Yuan revealed a Savage smile and said, "Zhao wenzhan, you really do understand me." It's just that the content of the discussion will depend on whether I'm interested or not."

Everyone felt a chill in their hearts. They increasingly felt that this Guang Yuan was ruthless and not simple. Under such circumstances, he was still able to turn from an enemy into a friend. This proved that this person did not have any principles to speak of in order to achieve his goals, and was completely unscrupulous.

...

Yunxiao's face flickered. 'This is bad!' He thought. 'If these two cooperate, it will be the end of everyone on the island!'

Zhao wenzhan smiled indifferently and put away his long sword. His lips moved slightly and he directly sent a secret voice transmission.

Guang Yuan's cold and stern expression suddenly changed greatly, almost directly turning into his dragon form. It was obvious that his mind had been greatly shaken. With a furious cry, he roared, "This is true!"

The entire sky trembled under these four words!

Zhao wenzhan chuckled. of course it's true. Otherwise, how would I know? why would I travel thousands of miles to come to the East Sea? "

"Damn it!"

Guang Yuan bellowed in rage, his eyes spewing out endless flames of fury as he said in a cold voice, brother guangxian, I've returned from hell to kill you!!

A wave of boundless anger soared into the sky, and even the sky changed color.

The hearts of all the people on the island trembled, and each and every one of them revealed a look of horror.

"King guangxian? Don't tell me it's Yingluo?"

"Heavens! What is the identity of this first island master?"

...

there was an internal strife in the palace of Donghai for decades, but it was quelled at a very fast speed. It's said that it was defeated.

"Argh! Could it be that the first island master is the source of the internal strife, the elder brother of the King of the East Sea, Guang Xian, Guang Yuan?"

"I heard the fifth Island master call his name just now. It seems to be Guang Yuan!"

Everyone felt a chill run down their spines. They had not expected the owner of xiankong Island to be a member of the royal family of the eastern sea, the man who had once ruled the entire Eastern Sea, the Lord Guang Yuan!

Everyone began to feel a sense of fear in their hearts, worried about their fate.

Zhao wenzhan said calmly, " first island Lord, this is what I have heard. With my help, it is not empty talk to want revenge. As for my condition, it's very simple." His voice disappeared, and he transmitted his voice again.

Yunxiao frowned, feeling very curious. He stared at Zhao wenzhan's lips, wanting to read the content, but he ended up failing. Not only did the other party use Secret Sound transmission, but he also used a dark technique to change the shape of his mouth.

He sighed in his heart. Both of them were unparalleled geniuses, and they were both top experts. They were both extremely dangerous figures. Now that they had joined forces and had a Supreme grade Xuan artifact, the Lord of the eastern sea was in deep trouble.

After Guang Yuan heard Zhao wenzhan's voice transmission, he revealed a suspicious expression and said, " Aren't you afraid that I'll go back on my word after taking revenge?"

Zhao wenzhan laughed. our goals are not in conflict. In fact, we're first-tier to begin with. In addition, I'm betting, and so are you, first island Lord."

"Hehe!"

"I like to work with smart people!" Guang Yuan revealed a sinister smile.

Zhao wenzhan placed his hands behind his back and regained the graceful and elegant demeanor he had when he was the fifth Island master.

Perhaps he had hidden for too long, he had already forgotten his original appearance.

As the two of them unexpectedly joined forces, everyone felt a chill on their backs.

"Fifth Island master, how do you think we should clean up this mess on the island?" Guang Yuan said with a smile.

Zhao wenzhan stood quietly and said, "as the first island Lord likes." But, you can't kill that li Yunxiao. Leave him to me. "

Guang Yuan frowned and said, " Yunxiao has a large number of profound level weapons with him. They are enough to restore the power that I have lost. Those profound level weapons are mine. I can give you the person!

Zhao wenzhan did not hesitate and said, " "Sure, but the cauldron of mountain and river must be mine."

"Alright!"

Guang Yuan acknowledged, and immediately laughed madly. He roared, "All the food, come into my mouth!"

A Dragon's Roar soared into the sky, and Guang Yuan transformed into the body of a true dragon. He charged towards the cultivators on the island with his mouth wide open!

Zhao wenzhan's eyes narrowed as he stared at Yunxiao and walked over step by step, saying coldly, " Young master Yunxiao, who is the person under your skin? "

## Chapter 1109-chaos

Yunxiao felt a chill run down his spine. After eating a lot of heavenly materials and earthly treasures, he had only recovered less than twenty percent of his power. If his opponent made a move, he would be killed in an instant.

Moreover, the other party's mental strength had directly locked onto him. This mental strength was even stronger than when he had fought with him before. There was no way to escape.

what do you think, Bo Yuqing? ” Yunxiao said with a wry smile.

zhao wenzhan's entire body trembled. his eyes suddenly burst with a brilliant light and a monstrous killing intent.

Not far away, darknorth kangtian's expression also changed greatly. He looked at Zhao wenzhan in disbelief, as if he had just remembered something.

Zhao wenzhan's aura was extremely violent. It fluctuated with the changes in his emotions, but he eventually calmed down. He stared at Yunxiao and said, ” “You're really that person?”

do you think there's anyone else in the world who can perform that sword and eye sorcery? ” Yunxiao laughed. besides me? ”

Zhao wenzhan's body trembled. Darknorth kangtian's face was ashen, as if he had seen something terrible. He felt uncomfortable.

The water deity, Bin Chen, and the rest could not understand what they were saying and frowned.

“It's you! But why are you like this?”

After the shock, Zhao wenzhan calmed himself down and looked at Yunxiao up and down, a little puzzled. However, he could still accept it when this kind of thing happened to Gu Feiyang, a madman.

you think I want to? ” Yunxiao smiled wryly. Everyone in the world thought I was dead. But you, why are you like this?”

Zhao wenzhan also laughed bitterly. The light in his eyes flickered continuously, as if he was thinking of something.

I’m very curious about the deal between you and Guangyuan, ” Yunxiao said with a smile. I wonder if there’s any possibility of a deal between us? ”

“Oh? Is Lord Feiyang trying to save his life?”

Zhao wenzhan couldn’t help but reveal a strange smile. Then, he couldn’t help but laugh. haha! I can’t believe that an all-powerful titled martial sovereign can have such a weak side!

Everyone was shocked as they looked at Yunxiao in horror, not understanding what Zhao wenzhan meant. Was Yunxiao a titled martial sovereign? They all shook their heads in disbelief. Only darknorth kangtian’s face was drained of blood, and he was almost on the verge of collapsing. At this moment, he no longer had any doubts!

really? ” Yunxiao said with a wry smile, ” is it really alright for Mr. Yu Qing to reveal my identity like this? ” You’re the junior Brother of Lu congzi, the leader of the sea of soul formation, and the last disciple of Chu Shengfeng! Please mind your integrity!”

“?!”

As soon as this identity was revealed, everyone’s face turned pale with horror. If they did not understand Yunxiao’s identity, they knew the meaning of Lu congzi’s identity!

Zhao wenzhan, who was also Bo Yuqing, narrowed his eyes and a cold light flashed. He said coldly, " Lord Feiyang, I really can't do anything to you. However, I must get the cauldron of mountain and river. If you want to save your life, you should hand it over first.

Bo Yuqing walked up step by step, the aura on his body condensing as he pressed forward.

Yunxiao smiled wryly. This time, he really had no way out.

The calabash Little King Kong and the big crocodile stood in front of Yunxiao and roared at Bo Yuqing ferociously.

Water deity also hurriedly summoned three golden-armored guards to stand in front of Yunxiao and said, " Back off!"

"Your Highness water deity, let me take the cauldron of mountain and river first, then I'll let out some of your blood." Bo Yuqing chuckled. He looked at Yunxiao with a cold smile and said, " It seems that Sir Feiyang is not willing to submit, and must force me to use some rough actions!"

"Clang!

The sword in his hand appeared, and he slashed out with a sword light.

The gourd Little King Kong roared and threw a punch in the air. The White flames on his fist danced and covered the space.

"What? This is Yingluo."

Bo Yuqing's eyes revealed a look of shock, as if it was unimaginable. He said in horror, " this, this is a Suan ni, ice fiend Heart Flame!!

His eyes almost popped out of their sockets, and his entire person seemed to be in a daze.

“Bang!”

His sword light directly cut on the fist wind of the gourd Little King Kong, directly destroying the ice fiend Heart Flame, and forcing the gourd Little King Kong to retreat.

“The ice fiend Heart Flame can only be born when the rainbow stones are combined. You have a rainbow stone on you!”

Bo Yuqing’s expression changed, his calm demeanor completely gone as he roared and charged forward, his face turning extremely ferocious.

Yunxiao was taken aback. Bo Yuqing was the disciple of Hu Shengfeng, and it was this ice fiend Heart Flame that had scared him away. So, it was not strange that his disciple recognized it.

“Roar!”

The giant crocodile suddenly roared, opened its mouth, and pounced!

“Get lost!”

Bo Yuqing was extremely excited at this moment. He suddenly slashed out with his sword, splitting the big crocodile in half with a boom.

The giant crocodile disintegrated, turning into particles that rained down on them.

“Eh? It’s actually Tian Gang hei Zi, it seems like you refined that Montenegro.”

Only then did Bo Yuqing realize that the big crocodile wasn’t simple. He sneered and pointed in the air with his left hand. An extremely strong mental power rippled out and sucked in those black pieces.

The next moment, all the black pieces appeared 100 meters away. There were five mental prisons in the air, separating the particles and preventing them from condensing.

The countless black particles kept attacking the spiritual prison, but they could not get out.

At this time, the gourd Little King Kong roared again and threw a punch. Although the fist force was mighty, without the ice fiend Heart Flame, it was nothing in Bo Yuqing's eyes.

However, Bo Yuqing was extremely wary and didn't dare to let the gourd Little King Kong get close. With a loud shout, a wave of mental power rushed over and instantly imprisoned the gourd Little King Kong.

Yunxiao was very depressed. This man's spiritual power was stronger than his, and he had dared to hold back in the battle of spiritual power. Unless he used the moon pupil, he was no match for this man.

"Lord Feiyang, quickly tell me the rainbow stone and the method to control the ice fiend Heart Flame. I can let you leave safely with the cauldron of mountain and river!"

Bo Yuqing took a step forward, his face almost touching Yunxiao's, his face filled with desire.

Suddenly, their expressions changed, and they looked up at the sky. An extremely powerful force descended and blasted toward them.

Moreover, that power contained a powerful spatial seal that directly locked the two of them!

...

"That's Yingluo!"

Bo Yuqing's expression changed greatly. The clouds in the sky parted, and it was actually the beiming family's ninth-grade warship that had entered the island!

Beiming Lai Feng and the disciples of the beiming family were standing on the battleship.

When they were still at the treasure exhibition, darknorth kangtian had sent a voice transmission to darknorth Laifeng, telling him to find an opportunity to leave the island and drive the Starship in.

Darknorth kangtian was overjoyed. attack at full force! Kill li Yunxiao! he roared. Kill li Yunxiao at all costs!”

A cold gleam flickered in Bo Yuqing’s eyes. At this moment, he would rather die than let Yunxiao die!

However, the main array of the ninth-grade battleship was extremely powerful. Even if he took it head-on, he would lose a layer of skin. With his strength, he could easily break the seal and get out, but it would be difficult to take Yunxiao with him!

He instantly calmed down and stuck the sword under his feet. He put his hands on the hilt and shouted, ” “Returning blade-armor strip!”

“Clang!

Tens of thousands of sword Qi bloomed out, and a sword Qi cliff suddenly formed, completely enveloping the two of them.

Not far away, the water deity was shocked. She wanted to help, but she was powerless. Fortunately, beiming Laifeng avoided her when he attacked.

...

“BOOM!”

The powerful attack landed on the sword Qi precipice, directly crushing the wall shadow and distorting it. However, the boundless force spread along the precipice in all directions.

Bo Yuqing's entire face turned deathly white. He had already used three sword techniques against Guang Yuan previously, and now that he had suffered a great loss of vitality, directly taking on the attack of the ninth-tier warship's main array, his entire person was shaken until he was dizzy, and his mind was buzzing!

Yunxiao smiled in the sword Qi cliff and said, "Brother Yu Qing, it's been hard on you."

Bo Yuqing looked at his smile and almost vomited blood, but when he thought of the rainbow stone and the ice fiend Heart Flame, his whole body became hot and he gritted his teeth to hold on.

"Boom boom boom!"

The bombardment of the main array had finally passed.

"Pfft!"

Bo Yuqing coughed up a mouthful of blood. He spread out his left hand, and a stream of mental power spread out, wrapping Yunxiao and himself in it and disappearing from where they were.

The mental prisons on the calabash King Kong and the big crocodile also lost their effect instantly. When they came out, they could not find Yunxiao, so they stood in the air, dumbfounded and confused.

The water deity was anxious. She pointed to a spot in the sky and said, "Over there!"

She was afraid that Bo Yuqing would take Yunxiao away.

"Don't even think about leaving!"

Darknorth kangtian's face darkened, and he suddenly struck out with a move, 'my life is boundless'.

In order to kill Yunxiao, he would even throw away his old life!

The officials stood quietly at the side, watching with cold eyes. At this moment, the Xian Kong Island was in chaos, and the situation was completely unclear.

“BOOM!”

Bo Yuqing and Yunxiao were thrown out by the move.

In order to protect Yunxiao, Bo Yuqing was injured again. He coughed up a mouthful of blood and his face was pale as he shouted at the people below, “First island master!”

At this moment, it was already a mess below. A large number of the sea Race had been devoured by Guang Yuan, and there were still some who were struggling to hold on, including Liao Yang Bing and the other human race martial artists.

The moment the ninth-grade warship appeared, all the human warriors were overjoyed. They felt that their Savior had arrived.

At this moment, Guang Yuan had just killed the sea tribe member who used the nine-colored sky conch. Not only did he eat him, but the power of the nine-colored sky conch was also completely absorbed by ru wo Wen. The more he killed, the more courageous he became!

“What?”

Hearing Bo Yuqing’s cry for help, Guang Yuan’s eyes narrowed, and he stared fiercely at the warship in the sky.

Beiming Laifeng’s heart also trembled. Guang Yuan’s stare made his hair stand on end, and he hurriedly started the battleship, wanting to bombard Guang Yuan.

Yunxiao! darknorth kangtian roared, ” target locked on li Yunxiao!

Everyone on the warship was shocked. They had sneaked out to start the warship before, so they did not know Yunxiao's identity.

However, he felt that darknorth kangtian's attitude was extremely strange. Previously, he was desperately trying to protect darknorth kangtian, but now, he was desperately trying to kill him. What was he trying to do?

Chapter 1110

1110 A thought from a God

Darknorth kangtian also had unspeakable bitterness, and he was filled with regret.

Beiming Laifeng did not dare to disobey beiming kangtian's opinion, so he pointed the main array at Yunxiao again.

Guang Yuan licked his lower lip, and revealed a cold and sinister smile. He praised, " tsk, tsk, such a huge profound level weapon. I can already sense the divine power contained in it. It's enough to fill me, Wen bu, to the brim, haha!

He made a hand seal and Amitabha flew out from between his brows. It turned into a huge Golden Lotus and flew into the sky.

Darknorth kangtian's expression changed drastically as he said in shock and anger, " "First island master! Zhao Wen Zhan tried every possible means to kill you before. Now he is an arrow at the end of its flight and has lost the qualification to negotiate with you. This is the best opportunity to kill him!"

Guang Yuan sneered, "whether or not I'm qualified is up to me to decide. Who Do You Think You Are?" Moreover, since we've agreed that we're all comrades on the same front, how can I, Guang Yuan, be a person who goes back on my word?"

"Gulp!"

Everyone swallowed their saliva. These words coming from his mouth were too comical, but no one could laugh.

However, no one would have thought that the two people who had a life-and-death battle before would actually form a life-and-death Alliance. The world was truly like a game of chess, and the universe was unpredictable!

“BOOM!”

Just as everyone’s imagination was running wild, Amitabha transformed into a huge Lotus platform and crashed into the ninth-grade warship evil Leviathan like a rock. Golden light shone and the entire sky trembled.

The attack of the main array that was prepared for this moment also missed its target and landed on the xiankong Island. A huge piece of the island was blown up and once again, it was torn apart.

“Not good! The Lotus throne is absorbing the power of the battleship!”

The people on the ninth-grade warship started to panic. They had never encountered such a situation before.

Beiming Laifeng flew into a rage and immediately made his own decision, “Attack that magnificent Dharma Lotus platform!”

“BOOM!”

The battleship shot out a beam of light, which directly shook the Lotus platform hundreds of meters away.

Guang Yuan’s expression changed. This Fa Hua Lotus platform had not yet absorbed enough power, and it seemed to be a little difficult to fight against a ninth-grade warship.

Fortunately, the power of the ninth-grade battleship was constantly being absorbed by Amitabha. As long as he could hold on for a while, he would definitely win.

Darknorth kangtian was shocked and furious. With a loud roar, he rushed towards Guang Yuan. With a Grade 9 battleship stalling him, he didn't fear Guang Yuan.

"Hmph, ingredients? are you in such a hurry to get into my mouth?"

Guang Yuan laughed coldly. The golden light in his hand condensed into the illusion of a Lotus platform. They flew out one by one, forming a picture of a fairy flying in the sky, and struck out with a loud bang.

Darknorth kangtian's expression changed drastically. He hurriedly performed a movement technique in the air and fled a thousand meters away, only then was he able to avoid the opponent's vast attack.

His face turned extremely unsightly. He could not kill Guangyuan, and neither could Yunxiao. An almost hysterical sense of powerlessness spread in his heart. Finally, he roared and flew toward the warship.

Yunxiao's eyes flickered as he quickly calculated in his mind. He gave a slight look at the guests not far away.

The guest's expression turned serious as well. He understood Yunxiao's meaning, which was that he wanted him to save the man. But, he still had a deal with Guang Yuan.

He raised his head and glanced at Guang Yuan. The madness and ferocity on that face made him completely uncertain in his heart. Then, thinking about coldfeather and nine Heavens 'outcome previously, he immediately steeled his heart.

"Bang!"

A piece of the sky was crushed by his stomp, and with a kick, he teleported to Yunxiao's side and thrust his palm at Bo Yuqing!

"Bingchen, what are you doing!"

Bo Yuqing was shocked and furious. Although that palm wasn't a killing move, he couldn't block it with his current strength and was forced to retreat.

Having succeeded in his attack, the guest immediately grabbed Yunxiao and stomped on the ground in the air, flying to Liao yangbing and the others.

"Second island master, are you going to betray us?" Bo Yuqing was furious.

"Fifth Island master, you and the first island master are too smart." The guest smiled bitterly and said, "I really don't feel safe being with you."

give that person back to me! Bo Yuqing said angrily. I can help you fulfill the agreement between you and the first island master!

Guang Yuan was currently focused on wasting time with the ninth-grade battleship. He turned around to take a look, and said coldly, "fifth Island master, since he's refusing a toast only to drink a forfeit, I'll absorb this warship. Let's join forces and send them to the West.

He licked his lips and grinned hideously, "These are all great tonics!"

Everyone was startled by his cold expression, and their faces turned pale. No one wanted to become the crunching snacks in his mouth.

seize the wicked patriarch's warship and escape! Yunxiao said in a deep voice.

Everyone's heart trembled as they looked up. This Starship was indeed their only hope of escaping the island.

"Let's go, follow me!"

The officials hollered and broke through space, charging towards the ninth grade battleship.

Yunxiao, water deity, and the others followed behind him, and a large number of people soared into the sky.

Darknorth kangtian was extremely furious. When he saw the guests and ministers rushing over together, he shouted even more angrily, "BOOM! Blast these people to death!"

The main array of the warship was still accumulating power, and the rest of the attack arrays were all activated. Dozens of attacks fell like rain, bombarding the people and the broken island.

break! the guest shouted and punched out several times, shattering all the attacks in front of him.

Yunxiao also threw out his Supreme yang umbrella, which suddenly opened in the air and protected everyone in it. The aftershocks of the attacks that were scattered by the guests and ministers fell on the umbrella, but were all bounced off.

Darknorth kangtian's face was so gloomy that it was about to drip water. He clenched his fists and violent energy gushed out of his body. His face was full of complicated expressions.

The primordial energy in his body was almost depleted, and even if he gave it his all, he could not stop the attacks of the guests, Yunxiao, and the others.

He closed his eyes helplessly and finally dispersed the surging power in his body. He took out some medicinal pills and began to calm his heart and recuperate.

The situation was getting more and more complicated, and the trend of everyone gathering on the ninth-grade warship was unstoppable. Only by recovering a little more strength could they have a higher chance of winning the next situation.

Yunxiao and more than a dozen people rushed to land on the ninth-tier warship. All the human powerhouses gathered again, sighing with mixed feelings.

At this moment, the number of people on the island was less than half of the number before they entered the island. More than half of the members of the battle blade team who had followed Yunxiao here were either dead or injured, and a large number of Warriors had been buried in this sea forever.

...

The two groups of people were facing each other on the warship. At this moment, they were enemies and not friends, and Yunxiao's side even had a slight upper hand, which made the Warriors of the Beiming family a little panicked.

elder Kang Tian, young master Laifeng, " Yunxiao said with a smile. thank you for taking me in.

Both darknorth kangtian and darknorth Laifeng bit their lips so hard that they bled. They wanted to rush up and eat him alive!

The guest also smiled and said,"why do the two of you look so pale?" It's better to leave this Sea region as soon as possible. If we continue to waste time, the power of the entire warship will be drained by Amitabha."

"Set sail!" Beiming Laifeng gritted his teeth and said,"leave this Sea region at full speed!"

The main attack array on the battleship had also completed a round of energy accumulation. It suddenly launched an attack at Amitabha and took advantage of the momentum to escape.

"BOOM!"

A huge beam of light shot through the sky. Amitabha's light seemed to dim under the light.

Guang Yuan's expression changed. Just now, he had been struck once, and the qi and blood in his body had already been shaken. If he were to be struck again, it was very likely that he would be injured again.

However, the attack from the main array had an extremely strong sealing power, which completely locked on to Amitabha.

Guang Yuan was both shocked and furious. He instantly disappeared from his spot, and the next moment, he appeared on Amitabha, sitting down cross-legged.

...

The Shen methodology in his hands unfolded, and nine-colored lights appeared on the Lotus platform. It was a solemn scene.

“BOOM!”

The attack of the main array hit the nine-colored light and shook the entire Lotus platform away, but it could not break the defense.

After a few breaths, the power of the light beam gradually dissipated.

The human cultivators in the distance all had grave expressions. Their most powerful attacks couldn't do anything to this person. If he caught up to them, they would be in big trouble.

Xie Yue immediately activated his maximum speed, flying as fast as lightning in the sky.

After Guang Yuan took the blow, it indeed triggered his old injuries. He spat out a mouthful of blood, and his cold eyes swept over the island.

It was a scene of devastation.

There were also many sea tribe warriors scattered above. As his gaze fell, they all felt a chill and fled in all directions.

“Hmph, how can you let the meat in your mouth go?”

Guang Yuan snorted coldly, and the incantation in his hands unfolded. Golden light spread out from the Amitabha, like flowers falling, and a fragrant scent wafted.

The power of the golden light was so strong that it covered the entire Island.

Bo Yuqing’s expression changed. He turned into a sword in the air and instantly broke through the golden light blockade. He flew above Amitabha and looked coldly, but more of his eyes were staring at the battleship flying away in the distance, becoming colder.

“All laws are like dreams and bubbles, like fog and lightning, and should be observed like this.”

Guang Yuan spat out in the Dragon language, and under the golden light, there was an auspicious sign. Everyone’s mind trembled, and then they suddenly felt as if they had lost something, and the power in their bodies began to drain away.

Guang Yuan’s eyes exploded with a brilliant light, and he suddenly transformed into a dragon’s head. Opening it, he sucked in all of the endless power into his mouth.

Bo Yuqing’s expression was uncertain. Such an evil method was actually so solemn and dignified.

Several figures rushed up into the air and broke through Amitabha’s sealing power, scattering in all directions.

Guang Yuan’s current power was too weak, and he was unable to seal off some of the elites who were of a higher level. He snorted coldly, and said, “Fifth Island master.”

“Understood,” Bo Yuqing said with a stern expression.

He placed two fingers on his forehead, and a powerful spiritual force rushed out, penetrating the heaven and earth.

The people who had fled in all directions found to their shock that they had actually returned to the sky above the island in an instant, right in front of Guang Yuan!

One of them had a cold expression as he knelt down on one knee and surrendered, "Please spare our lives, Lord Guang Yuan. We are willing to follow you. With the power of the few of us, we can still be of some use."

The other person also understood and hurriedly knelt down, swearing allegiance.

Guang Yuan's expression turned cold, and he said with a smile, "You're all too modest. With your strength, you'll be of great use. How can you be of little use?"

A huge dragon head appeared in the air, roaring as it bit towards the few of them.
