

The Eternal 1111

Chapter 1111

1111 Target Sea area

“Argh! Damn it, we’ll fight you to the death!”

The eyes of the few people kneeling on the ground were about to pop out. They were going to die anyway, so they became even more ruthless.

But after kneeling, it was difficult to stand up again.

Amitabha spread out a solemn power, directly pressing them down.

The dragon’s head let out a loud roar and swallowed all of them into its mouth, chewing them.

Bo Yuqing looked at all of this calmly and said, “ I’ve already left a mark on that ninth-grade warship. They can’t escape my perception.

After Guang Yuan had swallowed all of them, he licked his lower lip with his long tongue, and said with a smile, “ That’s a ship full of ingredients.”

Bo Yuqing’s eyes flashed with a bright light as he flew onto the Lotus throne.

Guang Yuan laughed loudly and immediately activated the Lotus seat, chasing after the ninth-grade warship.

After leaving Amitabha’s golden light, the xiankong Island instantly became weak, and the earth veins that were broken all over the island burst out.

The entire Island was spewing out all kinds of energy and started to collapse.

The surrounding seawater began to gather as everyone left, setting off waves after waves, engulfing the entire Island.

A Golden Lotus was riding the wind and Breaking the Waves.

Guang Yuan sat cross-legged inside, while Bo Yuqing stood quietly by his side, his arms crossed in front of his chest, his eyes slightly closed in rest.

Bo Yuqing suddenly opened his eyes and stared into the distance. "First island master is a member of the eastern sea's royal family and Guangxian's big brother. You must know about the rainbow stone, right?"

Guang Yuan's entire body trembled, and his eyes suddenly bloomed with light. He said in a deep voice, "You also know about rainbow stones? Why do you ask?"

as far as I know, Donghai Palace once migrated because of the rainbow stone," Bo Yuqing said. I wonder if it's true?"

Guang Yuan's eyes flickered, and he snorted, "Fifth Island master, you don't need to know the details. I'm just curious why you suddenly asked about this."

Xian Kong Island is gone," Bo Yuqing said. Lord Guang Yuan, you can just call me by my real name, Bo Yuqing. "My Lord, you really won't let go until you see the rabbit," he said with a smile.

"Bo Yuqing."

Guang Yuan mumbled softly, and snorted coldly, the relocation of Donghai Palace back then did involve some inside information. If brother Yu Qing can't explain it clearly, it's difficult for me to tell outsiders.

"Since Lord Guang Yuan knows about rainbow stone, then you should naturally know about aegirine." My Lord, have you ever wondered why the Beiming family would come to this Sea region?"

“Why?” Guang Yuan asked, stunned.

He didn't think too much about it before, but now, he also felt that it was strange. He was curious about the motive of the beiming family.

Bo Yuqing's eyes flashed with a cold light, "If my information is correct, the former site of the palace of East Ocean is in this Sea area, and it's very likely that Li Yunxiao has the two stones of Nihon!"

“Impossible!”

Guang Yuan suddenly jumped up from ru wo Wen, and said in shock, "There is indeed a rainbow stone in the palace of Dong Hai, and it's in the hands of my brother, Guangxian. There's no way Yunxiao can get it!"

Bo Yuqing glanced at him and said indifferently, "Could it be that Lord Guang Yuan doesn't know that there isn't only one of the two stones of Nihon?"

what? " Guang Yuan's face changed drastically. you mean that Yunxiao obtained the two stones of Nihon from somewhere else, and his purpose in coming to this Sea area is for the ruins of the palace? "

Bo Yuqing turned around and stared at Guang Yuan, saying, "These are just my speculations. Otherwise, I really don't know their purpose in coming to these waters. As for whether or not to go to the ruins of Donghai Palace, Lord Guang Yuan should have a better idea than me, right? Why did the palace of Donghai collapse?"

Guang Yuan's expression turned grave, and he fell silent.

After a long while, he said softly, "back then, the palace was abandoned. Half of it was because of the rainbow stone. The other half was because of the palace's special nature. However, in the end, it was still because of the rainbow stone. Since you're the successor of the Yu Sheng Feng, you should know that the two stones of nihong can't be together. How can you tell that Yunxiao has the two stones of nihong?"

“Ice fiend Heart Flame!” Bo Yuqing said word by word.

“The flames of the heart’s demon that devours all things, the flames of the void?” Guang Yuan asked in shock. since li Yunxiao can already control the ice fiend Heart Flame, ” he said suspiciously, ” why do you want to go to the palace ruins? ”

“That’s exactly what I want to know,” Bo Yuqing said.

The wrinkles on Guang Yuan’s brows also began to rise, and he also looked as if he could not figure it out no matter how much he thought about it. He suddenly laughed, and said, “Could it be that you want me to help you obtain this item by telling me about the ice fiend Heart Flame, brother Yu Qing?”

Bo Yuqing didn’t hide it and nodded, ” “As expected, Lord Guang Yuan is intelligent.”

“The value of this thing is even above that of a transcendent-grade profound artifact. Brother Yu Qing, aren’t you thinking too well of me?” Guang Yuan chuckled.

Bo Yuqing’s expression didn’t change and he said sternly, ” “There can be conditions for everything, and moreover, master Guang Yuan has just received the” what I heard.”To fill it with power and completely control it will probably take a lot of time. After all, a person’s energy is limited.”

“But that’s the ice fiend Heart Flame,” Guang Yuan said with a smile, his eyes narrowed.

“What other conditions does Lord Guang Yuan want to state? just say it,” Bo Yuqing said.

Guang Yuan smiled and said, “it’s so convenient to talk to smart people.” Yunxiao and all his profound level weapons will belong to me, including the cauldron of mountain and river. After you obtain the neon stone and refine the ice fiend Heart Flame, you must help me find a piece of neon stone!”

Bo Yuqing frowned. Lord Guang Yuan’s good plan. Not only do you want to take everything, but you also want to control the neon stone. Even if I’m willing to agree to your request, who in the world knows where the other piece of neon stone is? ”

“You don’t have to worry about that,” Guang Yuan said with a smile. Guangxian has a rainbow stone in his hands. After I kill him, I will naturally be able to get it. As for the next piece of aegirine, I more or less have some idea. As long as you help me get it, I can give you the cauldron of mountain and river in the future.”

Bo Yuqing pondered for a moment, then said, “Alright, deal!”

“Haha, that’s great!”

Guang Yuan laughed loudly, and Amitabha seemed to have increased his speed on the sea, chasing after the ninth-grade warship.

The entire ninth-grade warship was eerily silent. Everyone was split into two groups, facing each other from a distance. Most of them were sitting cross-legged to recover their energy.

Ever since he learned of Yunxiao’s identity, darknorth kangtian had been frowning, and his eyes were as dull as a dead fish’s.

Especially now, when he saw Yunxiao recovering little by little, he was even more anxious and at a loss, not knowing what to do.

If he made a move at this moment, a guest on the other side was enough to hold him back, and the strength Yunxiao had shown just now could kill everyone on their side except him.

It was even a question whether he could not be defeated by Yunxiao and the ministers when they joined forces.

At the thought of Yunxiao’s identity, he shuddered and felt a chill run down his spine.

...

Yunxiao opened his eyes and gave him a teasing look as he said with a smile, "The Beiming family's ice true Qi is indeed amazing. Even with elder Kang Tian's super power, he's still cold and his lips are pale. It's too amazing."

Darknorth Kangtian bit his lips, his eyes filled with hatred.

"Aren't you two together?" the guest asked in surprise. Why does this old man want to kill you?"

Who knows? " Yunxiao chuckled. maybe he's possessed.

Beiming Kangtian was so angry that he almost vomited blood. He glared at Yunxiao, his killing intent rising.

Liao Yangbing suddenly flipped over his hand, and a needle appeared in his palm. After staring at it for a while, he said in surprise, " Young master Yun, our destination doesn't seem to be far from here!

"What?"

What a coincidence! Yunxiao was also surprised. is there such a coincidence? "

"Where are you guys going?" asked the water deity.

the ruins of the palace of Dong Hai, " Yunxiao said. I wonder if you know about it, Princess water fairy? "

The water deity thought for a while and said, "has the palace of Dong Hai moved?" I don't know."

...

Yunxiao shook his head speechlessly. He had wanted to see if the little girl knew anything, but now it seemed that she was completely ignorant.

“Then when will you follow me back to the sea Forest?” Narcissus asked.

what?” Yunxiao was taken aback. when did I say I was going to the sea Forest with you? ”

“Didn’t you promise to help me with something?” the water deity asked anxiously.

‘Do we have to go to the sea Forest? What if master Poseidon asked me to stay and drink tea for a few hundred years?’

Water deity was stunned. how could that be? my father rarely drinks tea.

Yunxiao’s forehead was covered in sweat. let’s talk about this later, ” he said hurriedly. I still have several important things to deal with now.

“My matter is also very important,” water deity said anxiously. “Then you should deal with your own matters first, but once you’re done, you have to follow me to the sea Forest as soon as possible,” she said.

Yunxiao nodded repeatedly, but in his heart, he was thinking, ‘I’ll go after I’ve recovered to the peak of nine-stars martial sovereign and can defeat your father.’

Otherwise, if he went there rashly and was recognized by the sea Emperor, even if he did not die, he would have to drink tea for hundreds of years.

At this moment, a disciple of the beiming family ran over and whispered in beiming Lai Feng’s ear.

Darknorth Laifeng’s expression changed. He was both surprised and delighted. He had also received the news, so he hurriedly reported it to darknorth kangtian.

Darknorth kangtian, on the other hand, had lost all interest. He waved his hand and said, ” “I’ll leave everything to you. Don’t disturb me if there’s nothing important.”

Beiming Laifeng was taken aback, then he turned to Yunxiao and said, "Li Yunxiao, I have two pieces of news. First, we've already entered the target Sea area, and second, we don't have enough vitality stones on the warship. I hope everyone can work together and contribute their vitality stones to get through this difficult time. Otherwise, if the warship stops, we'll all be stuck on the ocean."

Yunxiao and the others frowned, then lowered their heads and pretended to be dead, while some turned their faces away and hummed songs.

Beiming Laifeng was furious. Li Yunxiao! he shouted. don't you have any sense of unity? "The battleship has carried you for so long, and you're not even willing to pay some vitality stones now?"

Yunxiao rolled his eyes at him and said, 'didn't we agree to use battle to feed battle? We can just search the nearby seas for resources or races and Rob them.'

Chapter 1112-fully recovered

"Hmph! Rob? You make it sound so easy. I'll leave this matter to you then!"

Beiming Laifeng coldly snorted, his face dark. He beckoned a disciple over and whispered a few words into that person's ear. That disciple immediately nodded and ran down.

After a while, the speed of the entire warship suddenly slowed down, and finally stopped on the sea, motionless.

"We're out of metastones. Don't leave, everyone," Beiming Laifeng spread out his hands.

Everyone smiled wryly. Ever since the Starship had broken through the eastern sea defense line, it had been running out of vital stones. Although Beiming Lai Feng's actions were a little shameless, this was indeed a big problem that had to be solved.

Yunxiao was also speechless. He turned to water deity and said, "Princess water fairy, use your eyes of truth to see if there are any origin crystal resources in the nearby Sea region?"

The water deity nodded and flew into the sky. The White brocade was free of patterns and dust, which was pleasing to the eye.

She made a hand seal and pointed it directly between her eyebrows. Her eyes turned golden and she stared at the sea.

Her white robes flickered with golden light from time to time. It was the same kind of power as the eye of truth, the power of the Bo family's bloodline.

The water deity looked very carefully. After a while, she flew down and pointed to a sea in the distance, "There's a low-quality crystal mine down there." Then, he pointed in another direction and said, "about thirty nautical miles from here, there's a B-Class race. They probably have a lot of origin crystals.

Everyone was shocked and looked at him in horror. Was this for real? He could even tell?

Everyone was suspicious and found it hard to believe.

"Yes."

Yunxiao nodded and said, "It's too time-consuming to extract that inferior essence crystal mine vein. I wonder if Guang Yuan and the others have caught up."

When everyone heard the name "Guang Yuan," they all shivered in their hearts, their faces turning pale.

Beiming Laifeng's expression turned ugly as well. He looked back with some fear and said to water deity, is Princess water fairy really sure that there are B-Class sea tribes thirty nautical miles in this direction?"

Water deity nodded. those marine race members are all carrying turtle shells. They must be some kind of turtle race.

When Beiming Lai Feng saw that she had even revealed the other party's appearance, he no longer had any doubts and ordered, full speed ahead, target thirty nautical miles Southeast.

"Boom boom boom!"

The battleship set off again and flew forward at high speed.

Li Yunxiao, "Beiming Laifeng said, "I'll leave the matter of snatching the origin crystals to you later. Our Beiming family is one of the Super forces, the Orthodox lineage of the world. We won't do such a thing."

are you looking down on us?" Yunxiao sneered. are you looking down on us? ""

"So what if I look down on you?" Beiming Laifeng sneered.

it's nothing, "Yunxiao said with a smile. it's just that someone once asked me, 'there are people in the world who slander me, insult me, belittle me, laugh at me, bully me, and insult me. How should I deal with them?' " Can you guess how I answered?"

"What did he say?" Beiming Laifeng asked with a frown.

Yunxiao's eyes turned cold as he said, "Just beat him, beat him, beat him, beat him, beat him, beat him, beat him, beat him. After you're done, look at him!"

Beiming Laifeng was taken aback, especially by Yunxiao's cold eyes, which were staring at him. He broke out in a cold sweat and hurriedly jumped away as he shouted, "What do you want to do?"

I don't want to do anything, "Yunxiao said coldly. I just want to ask, who will go down and snatch the crystals later?"

Beiming Laifeng swallowed a mouthful of saliva and said, how about this? it's just a B-Class race. We'll just send ten people from each race down.

Soon, the warship arrived above the sea pointed out by the water fairy. Led by Liao yangbing, Yunxiao sent ten people each into the sea.

Soon after, there were faint sounds of fighting and the bottom of the sea flickered.

In less than an hour, those twenty people had rushed up unscathed, each of them smiling, obviously the harvest was not small.

A large number of origin crystals fell on the battleship, as well as a large number of various natural treasures. Everyone's eyes bulged out, regretting that they had not gone down.

The wealth of the sea race's treasures was far beyond what humans could imagine.

Especially when they saw the satisfied looks on the faces of those twenty people, no one would believe that they didn't have any hidden treasures.

"It's a lot more than I expected," Beiming Laifeng said in surprise. "It should be able to last for a while."

Just as the warship was about to set sail again, a ray of light suddenly flew over from the end of the sea. It was exactly what they had heard, and everyone's faces instantly changed, all of them panicking!

"Not good!"

"Full speed ahead!" Beiming Laifeng was also greatly shocked.

Everyone stood on the deck, nervously looking at the Golden lotuses flying over from the distance. In the few breaths after the warship had started, many more had flown in.

"Advance at full speed while activating the main offensive formation! We can't let that Lotus seat get close!" Beiming Laifeng shouted.

“BOOM!”

The warship gradually accelerated and soon reached its limit. The powerful airflow was separated, and even the sea thousands of meters below was separated by the huge force, setting off stormy waves.

At the same time, all the attack formations of the warship were activated, blasting towards the Lotus in the distance.

A cold expression appeared on Guang Yuan’s face, and he said, “Brother Yu Qing, with such a short distance, why don’t you teleport over and kill them all?”

“Lord Guang Yuan, you think too highly of me,” Bo Yuqing said. Even if I was at my peak, I wouldn’t be able to withstand the Joint Forces of beiming kangtian, the ministers, and Yunxiao, let alone the fact that my essence energy has not recovered yet. I suggest we use the Lotus to destroy their ship. That way, we’ll be undefeatable.”

Guang Yuan said, “I’ve thought of this plan as well. Amitabha’s speed may be faster than that battleship, but the other party’s attack power is too strong. If we Dodge like this, we’ll never be able to get close.

how about this,” Bo Yuqing said. I’ll use a spatial secret technique to teleport Lord Guang Yuan over first. Lord Guang Yuan has eaten two A-Class members of the sea tribe along the way. I’m sure he wants to find a place to move around and digest it.

“I also have a secret technique that can temporarily suppress Sir’s injuries and allow you to unleash your peak power,” he said, his eyes flashing.

Guang Yuan was startled, and immediately said in great joy, “wonderful!” If I had this secret technique, I would only need to recover to my peak for the time it takes to brew a cup of tea to kill them all! However, what are the aftereffects of this secret technique?”

“The side effect is that after some time, your injuries will double,” Bo Yuqing said.

Guang Yuan's heart trembled, and he revealed a shocked expression. He was clearly hesitating.

Bo Yuqing laughed. Lord Guang Yuan, you don't have to worry. Your injuries at the moment have already been suppressed by Amitabha. Even after using the secret technique, it might not be as serious as I said. It's just a matter of eating more experts after the matter.

...

Guang Yuan nodded lightly and said, "you're right. It's more or less enough to swallow all the guests and officials." Besides, Yunxiao's Mystic artifact and this ninth-tier warship are the ingredients for my lotus throne!"

"Since Your Excellency has decided, then I'll have to offend you!" Bo Yuqing said solemnly.

He gave a light shout, and several rays of golden light shot out from his hands. Both his hands continued to cast spells, forming several strange patterns in the air, which he then pressed down on Guang Yuan.

"Bang! Bang! Bang! Bang!"

With a series of loud sounds, a bloody hole appeared on Guang Yuan's chest. He gave a muffled groan, but his eyes gradually revealed a look of shock and wild joy!

"Hahaha! As expected, the injuries that have troubled me for decades are gradually disappearing!"

Guang Yuan laughed heartily and kept the rapidly advancing ru you Wen into his glabella.

Bo Yuqing's face was a little pale, but he didn't dare to stop. His hands quickly formed seals, and an extremely strong mental power emitted from between his brows, directly twisting the space and creating a vortex that instantly sucked Guang Yuan in.

The next moment, there was a muffled sound in the sky tens of thousands of meters away, and Guang Yuan suddenly appeared.

He looked ahead and saw that there were only a few thousand meters left to the ninth-grade battleship. He laughed wildly and threw out the Dharma Golden Lotus. Stepping on it, he chased after it like lightning.

“Not good!”

...

The people on the battleship were all panicking. Looking at Guang Yuan’s savage face and his constantly licking mouth, each and every one of them felt a chill run down their spines.

“Looking at the surging power around Guang Yuan, he doesn’t seem to be injured,” the guest said with a grave expression.

if they had been chasing us all the way, ” Yunxiao said, ” they should have caught up with us a long time ago. If he only caught up now, he must have encountered a powerful sea tribe member on his way here and had a sumptuous meal.”

Everyone trembled as they looked at Yunxiao resentfully. He had really touched a sore spot. They were all powerful martial artists, and their fear of death was not so strong. What they were afraid of was being eaten!

The guest turned back and said, ”old man beiming, why don’t we all join forces and kill Guang Yuan?” If we can’t work together, we’ll be digested and turned into feces!”

These words hit everyone’s weak spot. Suddenly, everyone realized that they would rather self-destruct in battle than be eaten!

Darknorth kangtian’s heart was also covered in cold sweat. He said in a deep voice, ” “Good! Let’s put aside our personal grudges for now!”

The aura on Guang Yuan's body was extremely strong, much stronger than when he was on xiankong Island. On the way, he had swallowed two A-Class members of the sea tribe and turned them into his supplements!

The sound of chanting could be heard faintly in the air. The Golden Lotus between Guang Yuan's brows flickered, and his entire body was covered in a brilliant golden light, as if a God had descended into the world.

"All laws have no self, no man, no life, no life."

He spoke in the Dragon language, and a vast power slowly pressed down like the moon and clouds!

The entire ninth-grade battleship rumbled, and the Warriors on it had cold sweat on their hands. They stared at him vigilantly, afraid that he would suddenly grow his head and eat people.

All of a sudden, the attack formations were all activated, all of them locked onto the slowly descending Guang Yuan, and all of them blasted out at once.

"Boom boom boom!"

Dozens of attacks of all kinds were launched, and they carried extremely powerful sound waves. There was even a soul attack array, and it was an all-out attack!

When all the light rays blasted close to Guang Yuan, they were actually blocked by an invisible force, unable to advance an inch further!

Yunxiao's pupils constricted and he looked horrified as he cried out, "Not good! An intermediate nine-star Martial Emperor's power!"

Chapter 1113

1113 A fine line between life and death

Everyone was greatly shocked, and their hearts were filled with coldness and desolation.

The nine-stars martial sovereign realm was the last realm in martial Dao. Every step was extremely difficult. Without great perseverance, great talent, and great opportunities, it was difficult to make any progress!

Guang Yuan's face was solemn, and he shouted, "Open!"

"BOOM!"

All the power on the battleship was shaken off by him, and the scattered force fell down like rain, falling onto the battleship!

"Spread out!"

Darknorth kangtian shouted, and the Warriors on the deck scattered like ants. The defensive light was instantly broken through, and all the attacks fell on the warship.

"BOOM! BOOM! BOOM! BOOM!"

Beams of light shot up from the warship, destroying a large area of the hull.

Everyone's heart turned cold. The faces of the ministers and darknorth kangtian also turned pale, as if the end of the world had arrived.

"Hahaha!"

Guang Yuan laughed heartily. I haven't had such a feeling in a long time. I really miss it!

A cold glint flashed in his eyes. He put two fingers together into the sword and slashed down!

“BOOM!”

A huge hole was created on the battleship, directly cutting into the interior!

“Ka ka ka!”

All sorts of cracking sounds could be heard from the crack.

“Haha, what a huge ingredient!”

Guang Yuan’s eyes lit up, and the Lotus platform between his brows flashed. Amitabha flew into his palm, and then he threw it into the air, and it fell down.

The petals on the Lotus platform bloomed one by one, and the golden light jumped like flames.

The power of the weapon spirit rose up from the ninth-grade battleship and was all sucked in, especially from a crack on the deck. Large amounts of spiritual power poured out and were absorbed by the light.

Guang Yuan could also be considered a genius. In the process of constantly thinking of ways to refine Amitabha, he had simulated Amitabha’s absorption power and created the evil technique of directly eating people and absorbing their cultivation, which he had also used to the point of perfection.

Amitabha stood more than ten meters above the battleship, devouring the power of the weapon spirit like a blood-sucking bug.

Guang Yuan, on the other hand, descended from the sky, his two feet on the deck. He looked at the crowd with a ferocious expression, constantly licking his lips, and revealing a ghastly smile.

” I’m going to kill you!”

One of the human warriors finally couldn't stand the fear and went completely crazy. The airflow in his dantian rotated and shot out of his body. He roared and rushed forward, wanting to self-destruct!

Guang Yuan's expression was cold. He flicked his finger lightly, and a strong gust of wind instantly shot out.

With a "pop" sound, it entered the body of that person.

"BOOM!"

Before that person could even reach him, he was directly blown to pieces, large pieces of flesh scattered on the ground, a shocking sight.

Everyone's hair stood on end.

The guest roared in shock, "let's go all out!" Otherwise, only death awaits!"

Rays of light burst out from his body, and four light spots appeared on his forehead and chest. They were where the four doors were.

Soon after, golden light circulated around his body, and countless complicated lines were condensed. One after another, formation diagrams appeared on his body, and his power began to multiply.

"Kuafu chasing the sun!"

die! the guest roared as his fist broke through the void like a bolt of lightning!

Darknorth kangtian's body also burst out with a cold light, causing a natural phenomenon to descend. His hands quickly formed a seal in front of him, forming a pattern.

"Swift as a startled Swan!"

That cold light gathered into a single move and blasted towards Guang Yuan!

At the same time, Yunxiao summoned the calabash King Kong and the giant crocodile, both of whom were roaring with ferocious faces.

The giant crocodile turned into a ball of fire in the air, rolling away with a faint red blaze like a comet or a meteorite!

The gourd Little King Kong's eyes narrowed into two beans, and he struck out with his King Kong fist. The entire surrounding space was sucked in, and the ice fiend Heart Flame was also shot out!

Guang Yuan laughed coldly, but when he saw the ice fiend Heart Flame, his body could not help but tremble. A hint of fear flashed across his face, and he became even more Savage.

"Mixed element Qi!"

He formed a hand seal in front of him and suddenly opened it.

"Bang!"

The four extremely powerful attacks were blocked by his barrier and were unable to get close. Everyone's expression changed greatly!

"Hehe! Ants, is this all you've got?"

"If that's the case, then all of them can go into my stomach!" Guang Yuan laughed wildly.

He opened a barrier with one hand and formed a seal with the other. Divine seals danced in his hand.

Everyone trembled, and one person roared, "Let's go all out!"

Nearly a hundred martial artists' faces were ashen as they displayed all kinds of trump cards. For a moment, hundreds of flowers bloomed and hundreds of birds chirped!

Guang Yuan's expression changed slightly. The power of the barrier was instantly forced down, causing him to be greatly alarmed.

...

He had not underestimated the strength of these people, but their determination!

"Hmph, do you really think that you can kill an elephant with numbers?"

The Shen methodology in Guang Yuan's hands spread out, and the ru you Wen floating in the air brightened with light, slowly floating in the air.

Under the pressure of the transcendent grade profound level weapon, it was like a vast ocean, causing everyone to feel a sense of despair. However, everyone's faces were ashen, and they would rather die than fight!

Yunxiao's eyes flickered with coldness as well, and a light flickered between his brows, then a vast force descended from the sky!

"Eh? What is this?"

Everyone's hearts jolted. They saw a monument descend from the sky, and the surroundings became hazy. A magnificent power was emitted, directly pressing down on the magnificent Dharma lotus throne!

this is a Suan ni super-grade profound level weapon?!!

Guang Yuan's eyes widened in shock and disbelief. He knew that Yunxiao had a Supreme-grade profound artifact, the cauldron of mountain and river, but the thing that was falling from the sky was obviously not a big cauldron. Did he have two Supreme-grade profound artifacts?

Guang Yuan shook his head repeatedly, not believing it at all.

He had a Supreme grade profound level weapon, so he was very clear about the difficulty of refining a Supreme grade profound level weapon. Even a nine-star Martial Emperor would need great power and luck to completely refine one. It would not only be a waste but also a death wish if he had two at the same time!

...

This was also the reason why he agreed to Yu boqing's request for the cauldron of mountain and river. Such a treasure was enough to last a lifetime.

"BOOM!"

Just as Guang Yuan was in shock, the divine realm tablet pressed directly on Amitabha. Under the collision of the two super-grade profound artifacts, boundless spiritual pressure was squeezed out with a loud bang, shooting out in all directions!

The vast power spread out endlessly and swept out in all directions.

Guang Yuan's expression changed drastically. His primordial chaos barrier was already in imminent danger under everyone's United attacks, so how could it possibly withstand the impact of this vast power?

In this crisis, he changed his hand seal and shouted, "Primordial chaos Qi, Dao turning into nothingness!"

The barrier's power was suddenly retracted and compressed to the extreme in an instant. It gathered in his hands and suddenly exploded!

“BOOM!”

An extremely fierce mixed-essence power bloomed in front of him and collided with everyone’s attacks, forming an extremely powerful storm!

The storm spread out, clashing with the spiritual pressure from the two transcendent grade profound level weapons, forming an even larger storm, swallowing Guang Yuan whole, and pressing down on the battleship!

Everyone was shocked, but the life and death in front of them was much better than being eaten. Everyone tried their best to escape in all directions, but the violent energy pressure directly shook the space. How could they escape?

“Ya! Vajra fist!”

The Minister roared, and Saint Wheels emerged on his body. He threw a punch into the distance!

“Bang!”

The pressure was instantly shattered, and a passage was opened in the spatial seal.

“Follow me!”

He shouted and turned into a stream of light and rushed out.

As if they had seen a life-saving straw, everyone followed him and fled in an instant.

Only Yunxiao and water deity were left standing on the warship.

Yunxiao's entire body was golden, but his face was extremely pale.

Originally, his primordial power had not recovered much, and it was extremely difficult for the divine realm tablet to fight against Amitabha. At this moment, he was being devoured by the power of the huge profound artifact. Even his indestructible golden body could not resist it, and his whole body trembled violently.

"Let's go! Why are you still standing there? Just wait for death!"

Yunxiao roared as he looked at the water deity, who was standing there stupidly, with both shock and anger.

you go with us! the water deity said anxiously. you'll die if that force comes down on you!

Yunxiao was so angry that he wanted to vomit blood as he roared, "Pig teammates! If you had escaped, I would have taken the divine realm tablet and run away. Who would still stand here and fight to the death? Hurry up and run!"

The water deity was stunned and tears almost came out of her eyes. So he was waiting for her to leave first.

She hurriedly turned around and transformed into a ray of light. The Golden-armored guard blasted a path in front of her and she immediately flew out.

After distancing herself from the violent energy, the water deity shouted desperately, "Li Yunxiao, come out!"

"Pfft!"

Yunxiao coughed up a mouthful of blood. It was not only the backlash from the profound artifact, but also the boundless pressure that descended, which even his indestructible golden body could not withstand!

“Oh? What a touching story.”

Guang Yuan’s voice rang out from within the energy storm, his figure faintly discernible within.

In the center of the terrifying energy storm, he was already standing on Amitabha. The divine realm tablet was pressed down and kept falling toward the warship.

Yunxiao’s body was suppressed by the huge pressure, and even moving consumed a great deal of essence energy.

“Is it worth it to give up your chance to survive just to pick up a girl?”

Guang Yuan’s cold voice was heard. His face was cold, and there was even a hint of mockery at the corner of his mouth.

“Bah!”

Yunxiao spat out a mouthful of blood and said with a cold smile, “What does it have to do with you that I’m picking up girls? Do whatever you want. Why, are you unhappy?”

Guang Yuan’s expression darkened. He snorted angrily. a human like you is really disgusting. It’s even revolting to eat you!

He performed the incantation gesture with his hands, and the Sanskrit dragon language sounded in the air. everything has its own laws. They are like dreams and bubbles, like fog and lightning. They should be observed as such.

“BOOM!”

The area of the boundless storm increased once again, and heaven’s might poured down!

Not to mention Yunxiao, even the ninth-grade warship, evil Voodoo, began to break under the boundless force!

“Come out, li Yunxiao! Quickly come out!”

Water deity was very anxious. Tears streamed down her face. She gritted her teeth and wanted to rush in to save her.

“Pa!”

The guest grabbed her and said coldly, “Stand aside, I’ll do it!”

Although he spoke in an overbearing manner, his eyes were filled with solemnness and even despair as he looked at the increasingly large energy storm.

Chapter 1114-battle of profound level weapons

old man beiming, “the guest said to beiming kangtian, “let’s work together to break this storm and save li Yunxiao.

A cold smile appeared on darknorth kangtian’s face as he said, “You must be dreaming. I can’t wait for him to die!”

His eyes revealed a complicated expression, but more of it was joy.

With a gloomy face, the guest raised his fist and the golden light on his body gathered in his fist.

“It’s no use.”

Suddenly, a soft voice sounded, and a figure flashed in the air. Bo Yuqing appeared beside everyone, staring at the vortex storm, and said, “Guangyuan is a mid-stage nine-star Martial Emperor. Back then, he was only one step away from entering the high-level level. I’ve heard that the refinement has already made up for this gap. You’re facing a high-level nine-star Martial Emperor!

The guest said angrily, "Zhao wenzhan, it's all your fault!" You still have the face to say that?"

Bo Yuqing's eyes narrowed slightly and he sighed, "The world is chaotic, and everyone comes for profit. The world is bustling, and everyone is after profit. I'm only seeking benefits and avoiding disadvantages, but which one of you isn't the same? For the sake of our many years of friendship, I advise you to quickly escape."

"Hmph!"

The guest snorted in anger. All the muscles in his body bulged, and all four doors opened. A great power of a fist spread out in his hand. He suddenly roared and punched out!

"Bang!"

The huge fist force broke through the air and directly smashed into the vortex. It was like a stone sinking into the sea, only causing a slight ripple.

The guest's expression finally changed. He stood in the air with a livid face, not knowing what to do.

"What?"

Bo Yuqing turned his head in surprise, only to see the water deity's cold face, one hand forming a seal, her eyes slightly focused.

An auspicious sign rose from her body, and golden light scattered in the sky as a light chant sounded.

However, it was too late. The force of the huge Whirlpool pressed down and swallowed the entire ninth-grade warship!

At this moment, Yunxiao became unusually calm. He performed an incantation gesture with one hand, and the energy in his body transformed into Maha ancient characters that drifted out of his body. The endless power of laws was held in his palm, as if the sun, moon, and stars were floating in his palm.

“I’ll take the wind and cloud!”

He struck out with all his might!

Endless divine power flew up, and the divine realm tablet suddenly shone brightly. However, it still couldn’t resist the vast power and was suppressed!

“Boom boom boom!”

The battleship broke apart at this moment, and all kinds of fragments shot out, showing signs of shattering!

The might of the heavens and earth was shocking!

Darknorth kangtian and darknorth Laifeng both had the same thought. He had to die this time, right? if he still didn’t die, then ...

The two of them shook their heads, their eyes filled with surprise and joy. This time, they were dead for sure. There was no way they could escape.

After a brief moment of joy, they all revealed worried expressions. They were afraid that no one could escape this calamity.

Everyone’s faces turned pale as they looked at the scene before them. Their expressions were grave and cold, and a sense of despair spread in their hearts.

The water deity’s eyes were also wide open, and her golden pupils emitted a strange power. She was anxious to find that her eye of truth could not see through the scene.

This had never happened before!

Was Yunxiao really in a daze?

Water deity's entire body trembled. She did not dare to continue thinking. Two large, crystal-like tears appeared in her eyes. Very quickly, they fell down like a broken bead curtain.

He died to save me. Endless self-blame and regret spread in his heart.

Rays of golden light scattered out from her body, and a strange scene appeared in the sky behind her. However, everyone was shocked by the vast power in front of them and no one noticed it.

Yunxiao smiled miserably when he saw the man's palm shatter the wind and clouds, showing the indifference of life and death.

The cold light in Guang Yuan's eyes grew even more intense. That kind of smile that seemed to be at ease in the face of life and death, the gaze that looked down on the world, was something that only a peerless elite could possess.

"Boom boom boom!"

The ninth-grade warships that were swept into the storm were all destroyed, turning into fragments.

Suddenly, a golden beam of light shot out of it. It was soft and warm, and it enveloped Yunxiao, whose body was beginning to collapse.

Yunxiao trembled and looked surprised. Under the light, arrays appeared around him to block the violent force.

He looked at it carefully, and the ancient Maha characters flashed in the array, which were actually formed by the convergence of countless sizes!

“What’s going on?”

Both Yunxiao and Guang Yuan, who were deep in the center of the vortex, were instantly stunned!

A dull rumbling sound came from the exploded battleship, and then a faintly visible golden battleship shuttled out from it, like the first ray of dawn breaking through the dark clouds and shining a ray of sunlight!

Guang Yuan’s heart trembled violently. Could it be that the battleship had directly transformed?

It was said that after a profound level weapon had a spirit, after a long period of precipitation, it could directly transform into its original body and come out, becoming a powerful existence that could roam the four Seas and the world.

The Golden battleship broke through the clouds and charged into the boundless force, crashing into Amitabha!

“Dammit! Did this tool spirit not have a brain? You actually want to go head to head with my so I’ve heard!”

Guang Yuan’s expression changed drastically. Although the Golden battleship had also gathered countless regulations and was crashing towards him, he did not think too much about it. The power contained in the weapon was enough to suppress all ninth-tier profound artifacts.

“Boom boom boom!”

The battleship instantly crashed into the Lotus seat, shooting out countless golden raindrops.

A brand new power condensed in the center of the vortex, dispersing the old power!

Guang Yuan's entire body trembled violently. The force of the battleship's charge actually shook his mind, causing a backlash from the mystical artifact, the Lotus seat, and the qi and blood in his body to surge.

...

how is this possible?!

Both Guangyuan and Yunxiao's pupils constricted. The new vortex was in a boundless golden color, and a magnificent ancient will rang out in the sky, turning the world upside down and shaking the universe!

The magnificent Dharma Lotus platform, the divine realm tablet, and the Golden battleship exuded a magnificent and vast power that shook the four poles!

At this moment, everyone's face turned pale. A sense of powerlessness spread in their hearts, as if these lowly living beings were just a drop in the ocean in front of that endless power.

Everyone couldn't help but want to kneel down in worship under this shocking scene.

Suddenly, a delicate figure flashed on the battleship. With one step, it was as if she had crossed thousands of miles. Layers of space and time, countless Maha ancient characters floated out of her body, condensing into a Golden Palm shadow, which actually blasted toward Guang Yuan!

"Void forms of all laws, divine palm of wisdom!"

Yunxiao's body trembled. Not only the divine Art, but that familiar face also appeared in front of his eyes again, but with a little more maturity and steadiness than before.

The person who came was Ye Fan!

Guang Yuan's expression changed drastically. At this moment, the magnificent Dharma Lotus seat seemed to be attracted by the other two profound level weapons and was completely out of his control.

Although the power of the other's palm was not strong, in this boundless and vast power, one could be drawn into it if they were not careful, and then they would really be beyond redemption!

In his shock and anger, he condensed primordial Qi in his hand and slapped it out!

...

"Boom boom boom!"

As the two palms collided, the golden light around Ye fan's body was completely destroyed, his face was filled with shock.

The power of the Qi of origin blasted into his body and he immediately spat out a mouthful of blood.

A cold expression flashed across Ye fan's face, the Golden battleship under his feet produced many phantoms, endless power revolved behind him and pressed towards Guang Yuan's primordial Qi!

Among the three Supreme grade profound level weapons, the only one who could control them as he wished was Ye Fan.

Noah's ship was not only made by his ancestor and must be opened with the blood of the ye family, but ye Nantian's spirit sense that he obtained in the Four Seasons space in the demon plain had helped him to completely integrate with this extraordinary profound level weapon.

Noah's ship was activated by Ye Fan, and the pressure on Guang Yuan increased.

Not only that, the balance between the three profound level weapons was instantly broken, and the Golden vortex began to stir.

"Boom boom boom!"

A boundless golden power wreaked havoc and swept up golden waves. All of a sudden, the three profound level weapons were shaken away and shot out in three different directions!

Guang Yuan's qi and blood were shaken by the Prajna God's palm, and he was sent flying thousands of meters away by stepping on the Buddhist monk.

Ye Fan even spat out another mouthful of blood, his entire body seemed to be sucked dry, becoming even more fragile, as if he was about to collapse.

The divine realm tablet was thrown away by the Golden vortex. It turned into a stream of light and flew into Yunxiao's body, sinking directly into his dantian.

Yunxiao's body was also empty, without a trace of primordial energy. Even putting away the divine realm tablet had injured his internal organs, causing him to vomit blood.

All the people in the distance were dumbfounded by this change.

Ye Nantian's Noah's ship?! Bo Yuqing murmured to himself in horror.

Darknorth kangtian and darknorth Laifeng were completely dumbfounded. Their brains had been petrified.

haha, big brother Yunxiao, we agreed that you would be at the peak of martial arts when we met again. I didn't expect you to be in such a sorry state.

Ye Fan laughed. As Noah's ship sailed through the air, he reached out and grabbed Yunxiao into the warship.

Yunxiao's face turned pale as he said with a wry smile, "When did you learn to be so scheming? you've actually been hiding under our eyes for so long."

"Hehe!"

Ye Fan grinned, he was about to say something when his expression changed, he said in shock: " "Not good! That person is chasing us!"

In the distance, Guang Yuan was chasing after them with a gloomy face. He hurriedly drove Noah's ship into the distance.

Although he had completely refined this transcendent-grade profound level weapon, with his current strength, it was impossible for him to unleash all of his power. If he were to face Guang Yuan, he would definitely die.

Guang Yuan's expression was extremely ugly. He had recovered his peak strength from decades ago, and with the transcendent-grade profound artifact that he had heard of, he actually couldn't even kill these grasshoppers. If the time of Bo Yuqing's Secret technique was over, the role of the Hunter would probably change instantly!

He had to kill these people at all costs!

His killing intent rose, and a murderous aura emerged from his body. It gradually condensed into the shadow of a Green Dragon in the sky, circling in the clouds.

Everyone's heart trembled. Although they had escaped a calamity, the entire killing trap was still there!

Just as everyone's faces turned livid, Yunxiao suddenly let out a soft cry of surprise and looked in one direction with a stunned look.

Everyone looked in the direction of his voice and couldn't help but let out an "ah" as they were once again dumbfounded.

Chapter 1115

1115 Domineering

Guang Yuan was also suddenly greatly shocked, his eyes almost popping out of their sockets, his mouth wide open as he stood there in a daze.

Not far away, the water deity's body glowed with golden light and floated into the sky.

In the sky behind her, a giant shadow was slowly taking shape. It was as if it had crossed over and was gradually merging with the sky.

"This, this is a Kasaya."

When that huge Phantom fully revealed itself, everyone was gobsmacked, and a cold chill was emitted from all over their bodies.

They were no strangers to this thing. It was the deep-sea Giant beast they had encountered before going out to sea!

Although this round deep-sea Giant beast was completely different from the big-faced monster, it gave people the same feeling. It had the coldness and ancient feeling of the endless deep sea.

This huge deep-sea monster was smaller than the big-faced monster, but its stomach was round, like a huge version of a GRU beast.

The water deity seemed to have fallen into a state of confusion, but the power in her body continued to be stimulated. Even after the appearance of the deep-sea Giant beast, it did not stop. The golden light fluttered and continuously surged into the clouds.

The laws of space in the sky were still being disrupted. The power of laws gathered in the sky and suddenly, a huge black hole appeared, instantly expanding for a thousand miles!

"Ah!"

Everyone was greatly shocked. This scene was too frightening!

Thousands of miles in the sky, it was pitch-black, and several black dots slowly descended from it. They grew larger and larger, and became clearer and clearer in front of everyone.

“Ah!”

Everyone cried out again, and this time, even Yunxiao was petrified, his eyes bulging out of his head.

What was slowly descending from the sky was a deep-sea monster like the giant guru, and five of them came at once!

All of a sudden, six giant deep-sea monsters lined up in the air behind the water fairy.

The five that landed behind were much smaller in size, and they seemed to be the descendants of the one in front. They stood neatly on the sea, opening their eyes and looking at the crowd curiously.

“Gulp!”

Guang Yuan only felt his throat dry and thirsty. He swallowed a few mouthfuls of saliva with difficulty, but he still felt that he was burning up.

As a member of the royal family of the eastern sea, he naturally recognized these deep-sea Giant beasts.

A long time ago, the sea god divided the strength levels, but did not include these things. Later, the publicly acknowledged speculation was that the deep-sea Giant beasts “strength was unfathomable, and even the sea god at the time could not give them an accurate position.

After the appearance of the six deep-sea monsters, the golden light on the water deity’s body gradually dissipated. She slowly raised her head and her eyes were cold.

The black hole in the sky that spanned thousands of miles collapsed instantly, shrinking into nothingness and disappearing into the sky.

The entire sky above the ocean was eerily silent, and everyone was drenched in cold sweat.

The shadows of the six deep-sea Giant beasts were cast on the sea, extending into the endless distance.

The Azure Dragon emerging in the clouds that had appeared above Guang Yuan was like a little crawling worm. After a few moments, it returned to his body, and the killing intent and fiendish Qi on his body were completely gone.

Under the gazes of the six deep-sea Giant beasts, he lost all his temper.

Water deity suddenly screamed, " ah! He looked at Yunxiao and sobbed, " li Yunxiao, you're not dead!

Yunxiao's face was covered in cold sweat as he pointed behind her and said, " "What's going on with these six friends of Yingluo?"

The water deity wiped her tears and snot, touched her red eyes, and turned around. She suddenly exclaimed, " "Argh! It was toot! Why are you guys here?"

"Du toot du du du."

Everyone felt a sense of powerlessness.

Yunxiao wiped his cold sweat and said in embarrassment, " "You know all six of these friends?"

The water deity seemed to be very happy. She flew up and hugged the largest deep-sea Giant beast. From a distance, it looked like a small star stuck to a huge wall.

Doudou let out a "Lululu" sound from his mouth. He also seemed very happy.

Then, the other five deep-sea Giant beasts all made "lulululu" sounds, as if they were talking.

Water deity was very happy. This Tutu is my friend. These five are his children. From there on, they are called Doudou, fluffy, simple and honest, Ya Ya, strong and strong.

These names are awesome! They're awesome! They're really awesome!

Yunxiao could not help but swallow as he looked at the five nearly identical, round-shaped deep-sea beasts. He gave them a thumbs-up and said, "You can communicate with them? Can I summon them for battle?"

Everyone trembled and immediately became nervous!

This was the main problem, especially for the magnates like Guang Yuan. They all perked up their ears to listen.

"Tutu, the others are my friends. I can't summon them to fight," said Narcissus as he shook his head.

Everyone's expression changed slightly.

Meanwhile, Guang Yuan was overjoyed, and a cold glint appeared in his eyes. If these deep-sea Giant beasts remained neutral, then there would be no change in their previous plan.

The water deity continued, "Tutu just said that he felt my sadness, so he came to protect me. He wanted to tear the bad guys into pieces." He was afraid that he wouldn't be strong enough, so he called Mao Mao, Dou Dou and the others over. Tutu is very powerful!" "Even my father would have to put in a lot of effort to win against him!" She said proudly.

Guang Yuan, "hehe."

The water deity pointed at Guang Yuan and said coldly, "Tutu, he's a bad person!" Kill him and take Amitabha!"

It was as if a River had opened up on Guang Yuan's forehead, and cold sweat flowed down.

The six deep-sea Giant beasts turned their eyes to him at the same time. Their eyes were full of anger, and they kept making "Lululu" sounds.

toot suddenly opened its mouth and spat out a black light that broke through the vast sky. It was as if the mighty force of heaven and earth had descended and was about to steam the sea dry!

Guang Yuan's face instantly paled. That black light was not only extremely domineering, but it had also completely sealed off the space, making it difficult for him to move!

"Everything that exists is like a dream, like a bubble, like fog, like lightning. It should be as such!"

...

As the Shen methodology of you Wen Shang was used, Guangyuan's Dharma was solemn as he sat on the Lotus platform. A golden light flickered in his hand as he slapped it towards the black light!

"Boom boom boom!"

A huge force exploded, and a large amount of sea water rushed up to the clouds, turning into steam.

Guang Yuan's Golden Lotus was submerged into the boundless darkness under the explosion of the black light, and only the faint golden light could be seen.

"Lulululululu!"

Tutu seemed to be very angry and kept mumbling.

His five children also opened their mouths one after another, spitting out rays of black light that shot towards the Golden Lotus!

Guang Yuan's face turned deathly pale, and he suddenly roared loudly. Amitabha was activated to the extreme, and he continuously broke through the power of the too black light.

Ye Fan was shocked, "not good!" He's going to use a transcendent-grade profound level weapon to break through the air!"

But at the moment, both he and Yunxiao were injured, and Yunxiao had no combat power at all. He could only watch Guangyuan push the power of the Golden Lotus to the extreme and slowly leave under the boundless pressure.

Li Yunxiao, and that boy from the Golden warship, we'll settle today's score some other day!

...

Guang Yuan's face was cold and stern, then he looked at Bo Yuqing and said, " brother Yu Qing, you're on your own. If you can leave here alive, the agreement between us will still count.

"Hahaha!"

Guang Yuan laughed out loud. Refining the Supreme grade profound level weapon and escaping from the xiankong Island had already completed his plan.

Even though he was not able to devour all of them, as long as he found a place to slowly cultivate, he would be able to recover to his peak sooner or later and advance further.

"Boom boom boom!"

Doudou and the others 'black light attacks finally landed, but Guang Yuan's figure had already disappeared from the sea of people.

The five black glows crashed into the ocean, and the terrifying destructive power was displayed. The entire ocean was almost flipped over.

The black Power scattered wildly in the sea, and all lives within a radius of thousands of miles were destroyed!

“Argh! He actually managed to escape!”

The water deity was anxious. She did not care about Guang Yuan’s life, but she had to get that ‘Amitabha’.

Yunxiao sighed. It was indeed a pity that he had failed to kill Guangyuan. But with Guang Yuan’s power and Amitabha’s, there was indeed no one present who could kill him.

Although the six deep-sea monsters could defeat him, no one could stop him if he wanted to leave.

The entire ocean was still churning under the black Power, but a different atmosphere began to fill the air among the nearly one hundred people in the air.

The first to bear the brunt was Bo Yuqing. Everyone’s eyes fell on him with a cold look.

Bo Yuqing’s face was also a little pale. He didn’t have a transcendent-grade profound artifact in hand, so it was too difficult to escape from the realm-breaking Black light, let alone six!

“Princess Shui Xian, when you were on Xian Kong Island, Yuqing did not treat you shabbily and treated you as a distinguished guest. May I leave now?”

Bo Yu Qing understood the logic, but his heart was unusually nervous, “Bang Bang Bang” his heart was beating very hard.

“You’ve treated me well indeed. Leave, I won’t kill you.” The water deity nodded.

Bo Yuqing was overjoyed and was about to turn into a ray of light to leave, in case a long night brought trouble.

Everyone's expression changed drastically. He left so easily?

"Wait!"

Yunxiao shouted with a cold smile on his face.

Bo Yuqing's face flickered, and he cursed inwardly. The water deity obviously had a good impression of Yunxiao and was very obedient to him.

Princess water fairy, " Yunxiao sneered. are you going to get Amitabha back? "

"Of course!" The water deity quickly replied. That's the most precious treasure of the sea Forest! We have to get it back!"

where are you going then? " Yunxiao asked again. where are you going? "

"This bi an ..."

The water deity was stunned. Although she was powerful, it was impossible for her to hide from one person in the vast world.

Everyone sneered and stared at Bo Yuqing sarcastically, knowing that he couldn't leave.

do you remember what Guangyuan said before he left, Princess water fairy? " Yunxiao said with a smile. as long as Bo Yuqing is not dead, the agreement between them will still count. I think that as long as we start from Bo Yuqing, we can definitely find Guang Yuan."

"You're right!"

The water deity was overjoyed, looking at Bo Yuqing, " "You can't leave. You have to come with me to find Guang Yuan."

Cold sweat broke out on Bo Yuqing's forehead as he gave Yunxiao a resentful glance and said with a wry smile, " Your Highness, don't listen to li Yunxiao's nonsense! I don't have the ability to find Guangyuan!

Chapter 1116

1116 The lost space

Princess water fairy, " Yunxiao sneered. since he doesn't have the ability to find Guangyuan, what's the point of keeping him alive? "

Water deity followed Yunxiao's lead and said, " "That's right, if we can't find Guang Yuan, what's the use of keeping you?"

Bo Yuqing's expression changed drastically. Seeing the six deep-sea Giant beasts slowly raise their heads, his body trembled and he said in panic, " "Wait! I suddenly remembered that Guang Yuan had a secret technique that I cast on him, so I might really be able to find Guang Yuan!"

Everyone gave him a disdainful look.

brother Yu Qing, " Yunxiao said with a smile, " stay here and let's have a good talk. I've always heard of brother Yu Qing's name, but I've never met you. I didn't expect that our first meeting would be in such a place."

Bo Yuqing wasn't a simple person, his emotions quickly recovering as he said indifferently, " "I'm the same."

Yunxiao chuckled. I'd like to hear brother Yu Qing's legendary story. But, I'm not busy. I have plenty of time to do it.

He didn't say anything more and turned to look at Darknorth Kangtian and the others. He sneered and said, "Elder Kang Tian, young master Lai Feng, your expressions don't look too good. Could it be that you were frightened by that Guang Yuan just now?"

"What's there to be afraid of?" Beiming Laifeng snorted coldly. Guang Yuan is just a clown, scared witless by Princess Water Fairy's aura."

He also understood the current situation. He had to hold on tightly to Water Deity's thigh, so he flattered her.

"Right, right! Princess Water Deity's powers are unparalleled and her powers are boundless!"

It's not just boundless. It's unrivaled in the world and glorious in the present and the past!

The people from the Beiming family started to praise him one after another, and all kinds of compliments were sent to him.

The Water Deity was a little embarrassed. She lowered her head shyly and said, "I'm not as good as you guys say. You're overpraising me."

Everyone looked at her bashful appearance and their faces darkened.

However, the Beiming family was even more shameless as they started to flatter the Water Deity, making her dizzy.

This was a competition of intelligence. Whoever could win this girl's favor would win.

Darknorth Kangtian still felt a little ashamed. After all, he was a world-famous expert, so he turned his face away, embarrassed to look at his companions.

Yunxiao had wanted to kill the people of the Beiming family with the Water Deity's help, but seeing that she was dizzy from all the flattery, he guessed that there was no hope.

However, Ye fan's appearance surprised and surprised him. As long as the two of them recovered their full strength, they would have the ability to fight against the beiming family.

As for Bo Yuqing, he seemed to be hiding a huge secret. He was also very interested in digging out some, especially regarding the ice fiend Heart Flame.

you've completely refined Noah's ship? " Yunxiao turned to Ye Fan and asked. have you completely refined Noah's ship? "

Bo Yuqing's pupils shrunk, light flashing in his eyes as he sized up Ye Fan. This unknown youth was actually the legendary owner of the profound level weapon!

Even the people who were flattering him in the distance all stopped and turned their eyes over.

After all, Noah's ship was so famous that no one had ever heard of it since the unparalleled Martial Emperor ye Nantian.

Ye Fan was embarrassed by everyone's gazes, he said shyly: " "More or less. After I refined it, I wanted to find you, big brother Yunxiao. There are some things I want to discuss with you. Unexpectedly, the beiming family's people were gathering cultivators to go to the ruins of the eastern sea Palace. It just so happened that the ruins were also the place I wanted to go. What was even more coincidental was that big brother Yunxiao was also there, so I hid in the warship and followed him all the way here. I've been in closed door cultivation all this time. If it weren't for the battleship being destroyed, I'm afraid I wouldn't have come out yet."

Everyone was speechless after hearing this, especially the members of the beiming family. Their faces were all ugly. Such a young man was hiding on their ninth-grade warship, and they couldn't even notice him.

Yunxiao nodded slightly. The power of the artifact Spirit of a Supreme-grade profound artifact was enough to suppress the ninth-tier warship, evil Voodoo, so it was normal for the beiming family to not notice Ye Fan. "You're also going to the ruins of Donghai Palace?"

With Ye fan's age and experience, it was impossible for him to have anything to do with the ruins of the eastern sea Palace. The ye family must have left behind some secret information.

Ye Fan nodded and glanced at the others, " it's not convenient to speak of this matter. I'll find an opportunity to talk to big brother Yunxiao in detail.

Everyone looked disappointed. The origin of Noah's ship's owner was too mysterious, and everyone couldn't suppress their curiosity.

Yunxiao gave the crowd a cold look, then turned to the beiming family and said, " elder Kang Tian, we've been traveling together for so long. It's time to part. Although I'm reluctant to part with all of you, all good things must come to an end. Please take care of yourselves.

Everyone from the beiming family's expression changed drastically. Now that their battleship was destroyed, they had nothing to rely on in the vast East Sea. It was no different from waiting for death.

But, Yunxiao could ride Noah's ship, which was even more comfortable and safe than before.

Beiming Laifeng's face changed drastically. li Yunxiao, " he said. although we are sworn enemies, the most important thing in a crisis is righteousness! We didn't reject you on the way here!"

Yunxiao turned a deaf ear to him and asked Ye Fan to transform into Noah's ship, which suddenly grew huge in the sky, about one-third the size of the previous ninth-tier warship.

Yunxiao's people jumped up with great joy. Never in their dreams did they think that they would be able to ride on a Supreme-grade Mystic artifact in their lives.

brother Yu Qing, " Yunxiao said. come up as well.

Bo Yuqing hoped that Yunxiao would forget him. He was very familiar with this Sea area, and it was not a problem for him to return to the heavenly martial continent alone.

He glanced at the deep-sea monsters behind water fairy, smiled wryly, and followed her. Besides, he had his own plan in mind. It might not be a bad thing to follow Yunxiao to the ruins of Donghai Palace.

“Princess Shui Xian, are you willing to come along?”

Yunxiao extended an invitation to water fairy.

“Alright, I’m still waiting for you to return to the sea Forest to help me!” The water deity quickly flew over and said.

Yunxiao waved at the people of the beiming family and said with a smile, “ goodbye. We’ll meet again. I look forward to our next meeting.

“Hahaha!”

Everyone on the battleship revealed a mocking expression, and they all laughed.

The killing trap had been broken, and they were basically very safe, so they were all in a good mood.

The people from the beiming family were the complete opposite. Their faces were extremely gloomy as they watched the Noah’s ship turn into a golden light and disappear into the sea. Its speed was even faster than the ninth-grade battleship.

“Elder Kang Tian, what do we do now?”

Beiming Laifeng was also at a loss. He looked at the boundless ocean around him, not knowing how many nautical miles they were from the continent.

If they were to fly back like this, they would have to fly and stop, and it would probably take decades before they could land.

Moreover, there were all kinds of dangers in the ocean. Not to mention the giant beasts in the sea, there were also many places similar to the xiankong Island. It was difficult to tell the direction, and once one went the wrong way, they would go further and further away.

Darknorth kangtian's face turned extremely gloomy. His eyes were filled with coldness as he gritted his teeth and said, "Follow them to the target!"

...

Beiming Laifeng was shocked. elder Kang Tian, let's not talk about how we can't catch up with them in our current situation. Even if we do, we won't be able to get any benefits once we reach the ruins. It's like drawing water with a wicker basket, and we're even in danger for nothing.

the only confirmed coordinates are the palace ruins," darknorth kangtian said in a deep voice. if we go there now, there might be some changes. If we continue to stay here or return along the way, we'll really be dead!"

Everyone was silent. Whether they advanced or retreated, their future was bleak.

Everyone could only follow darknorth kangtian closely, completely tied to the same rope. In this environment, no one dared to be left behind.

After a short rest, everyone turned into a ray of light and flew toward the set coordinates.

On the Golden warship, everyone could not hold back their excitement, looking around and touching.

Ye Fan smiled bitterly: "there is nothing to look at. This thing can change its shape at will. It is just that I imitated the ninth-grade warship from before.

Not only did this not dispel everyone's curiosity, but it also made them even more surprised and amazed.

there are no outsiders at the moment, " Yunxiao said. Ye Fan, why are you going to the ruins of Donghai Palace? "

Except for those who did not contribute much and were looking around with full energy, the rest all gathered around and sat down in circles, listening while recovering their strength.

Since Yunxiao had said so, Ye Fan had nothing to hide, so he said directly, " Big brother Yunxiao, have you heard of the lost space? "

...

"Lost space?"

Everyone was at a loss and shook their heads.

On the other hand, Yunxiao's face changed drastically, and his eyes shone brightly.

Bo Yuqing also frowned, as if he had some impression of it. Suddenly, his expression changed and he cried out in horror, " an ancient lost space?!

Ye Fan nodded. I saw some descriptions of lost spaces in the notes of my ancestors. They specifically marked several lost spaces in the realm of heavenly martial arts. One of them was the eastern sea Palace.

"What do you mean by lost space?" the water deity asked in confusion.

the so-called lost space is actually the original heavenly martial realm, " Yunxiao said, his eyes flashing. many spaces have changed and separated from the heavenly martial realm by themselves, then sealed up and formed their own spaces. Strictly speaking, the five wonderlands of the realm of heavenly martial arts are all lost spaces."

With Yunxiao's explanation, everyone immediately understood.

However, Liao yangbing frowned and said, "five great celestial realms?" Aren't there only the four great celestial realms in the North, South, East, and West regions?"

Yunxiao smiled and did not say anything, only shaking his head.

Seeing that he was unwilling to answer, Liao yangbing did not ask further.

Ye Fan nodded and said, "it's exactly as big brother Yunxiao said. The four great Immortal Realms are indeed lost spaces. However, each of them has its own forbidden rules. The most important thing is that these four great Immortal Realms are all useless lost spaces.

Liao yangbing was stunned. The four great celestial realms were regarded as secret treasures in the heavenly martial arts realm, and all the martial artists in the world would go after them like ducks. How could such a place be useless? Then what was considered useful?

Chapter 1117-conversation

Yunxiao looked at Bo Yuqing and said with a smile, "brother Yuqing, you are master Xun Shengfeng's disciple and Master Lu congzi's junior Brother. I'm sure you know about the lost space. Why don't you explain it to us?"

Bo Yuqing sneered, "is it alright for Lord Feiyang to worm information out of me like this?" You just want to know how much I know and probe my background."

Yunxiao blushed and looked a little embarrassed. This Bo Yuqing was also a very wise man, and he was not so easy to fool.

"Big brother Yunxiao, why did he call you Lord Feiyang?" Ye Fan asked, puzzled.

The faces of Liao yangbing, Jing Yongye, and the other Warriors sitting next to him changed drastically. They stared at Yunxiao with wide eyes, as if they were extremely nervous.

In the previous battle, Bo Yuqing had revealed Yunxiao's identity, but the latter had not denied it, which shocked everyone who heard it.

it's a long story," Yunxiao said with a wry smile. I'll tell you more about it when I have the chance.

Everyone looked disappointed. They did not know if Yunxiao had admitted it deliberately or if his true identity was just like that. If it was the latter, it would be too shocking.

Bo Yuqing glanced at him indifferently and said, "Actually, this isn't much of a secret. The existence of lost spaces in ancient times has always existed, and many people know about it. However, its value can only be understood by those powerhouses at the peak of the martial Dao."

Everyone's heart tightened, and they pricked up their ears to listen. This kind of thing about the powerhouses at the peak of martial arts and the secrets of the heavenly martial realm made everyone pay full attention.

Bo Yuqing continued,"experts of the ten directions divine realm once existed in this world. This can be seen from the many traces they left behind." However, no godly state experts have appeared in the past tens of thousands of years. Why is that?"

"Yeah, why is that?"

"I've also heard my father sigh with emotion before. He said that it's extremely difficult to reach the immortal state in this world," water deity suddenly asked.

Yunxiao's pupils constricted as he suddenly said, "Did your Imperial father really say that?"

His expression was actually a little nervous. Bo Yuqing also suddenly understood something and also stared nervously at the water deity.

The water deity jumped in shock, feeling as if the two of them were about to eat her up. She hurriedly said, "Yes, yes, that's what he said. What's wrong?"

The two of them relaxed, revealing a complicated expression, but more of it was joy.

Li Yunxiao, why do you look like this?" Water deity asked. Did my father say something wrong?"

Nothing. Yunxiao shook his head. I just want to confirm something.

Bo Yuqing also nodded. As expected, even the sea Emperor said so. It seems like it's still possible to become a God under this sky.

He explained to the confused crowd. For a long time, there have been two views in the heavenly martial arts realm. One is that it is impossible to become a God under this sky. The other is that there is still an opportunity to become a God under the circumstances.

Yunxiao smiled wryly. Although the holder of the second view also thinks that the chance of becoming a God is very slim, at least it exists. There is still an essential difference.

Everyone nodded one after another, their faces filled with desolation.

Although the end of martial arts was still too far away for all of them, the difficulty of martial arts was as difficult as ascending to the blue sky. Even a small realm, a small level, required unyielding courage and great opportunities.

But it was also because of this that the scenery ahead was so alluring, and that countless geniuses in the past thousands of years had come forward one after another.

Bo Yuqing continued, "The people who hold the second view all agree that the reason why the world can't become a God now is because there was a huge change in the world back then. It caused the space we live in to change, losing the conditions to become a God. Therefore, they all believe that the opportunity to become a God is in those lost spaces that have been separated from the heavenly martial realm, and have not changed."

It was only then that everyone realized that the useless space Yunxiao mentioned was not as useless as they had imagined, but useless without the opportunity to become a God.

it's probably like what Mr. Yu Qing said, " Ye Fan said. in the ancestor's notes, there were thirteen ruins. The palace of the East Sea was one of them.

"What? Thirteen places?"

Both Yunxiao and Bo Yuqing were taken aback, obviously shocked by the number.

"May I ask who the ancestor is?" Bo Yuqing asked solemnly.

"Ye Nantian," Ye Fan said with a smile.

"?!"

All the cultivators on the warship gasped and looked at Ye Fan in shock, their eyes filled with respect.

Bo Yuqing's expression also changed greatly, and he said awkwardly, " no wonder Qianqian is the descendant of the unparalleled martial sovereign ye Nantian.

Ye Fan laughed,"thanks to the ancestors, I'm ashamed." Those 13 spaces were selected by the ancestors from the 48 spaces, the ones that they felt had a high probability of being found. "

"Forty-eight corners."

The others were shocked, but they understood it was ye Nantian's notes.

Only a man like ye Nantian, who had led an era, had the ability to explore the relic space and make Noah's boat.

is there any record in Lord ye Nantian's notes? " Bo Yuqing asked. why can't there be any immortal State Warriors in this world? "

Ye Fan said,"ancestor had many conjectures, he felt that the most likely reason was Wufu .."

"Hold on!"

Yunxiao suddenly interrupted him and looked at Bo Yuqing with a smile. "After talking for so long, everyone is a little tired and thirsty. Let's take a rest."

Bo Yuqing was nervously listening to the key point, but he was interrupted by Yunxiao. He was filled with anger, but he could do nothing about it.

Tens of thousands of meters behind the Noah's ship, the six deep-sea monsters followed closely. Their bodies were too huge, so they were not slow.

Moreover, the warship had deliberately reduced its speed so that the six deep-sea monsters would not get lost.

Bo Yuqing's face was cold, he had emotions but couldn't flare up.

If it weren't for the six deep-sea monsters, as long as he recovered his strength, he was confident that he could control everyone on the warship. Even the ministers and officials were no match for him.

The rest of the people were also a little disappointed, but they also understood that such important information could not be revealed so easily.

The battleship immediately fell silent as everyone began to adjust their elemental energy. After all, everyone had suffered great losses during the battle of xiankong Island.

The Noah's ship galloped quickly on the sea, leaving ripples in the sea and sky. The weather was clear and the sky was clear.

Yunxiao had devoured a large number of heavenly materials and earthly treasures before, and he had eaten everything he bought on xiankong Island that could be eaten. At this moment, he was gradually digesting them and being absorbed by his body.

Furthermore, after the battle with run Xiang, his lunar pupil had been struck by the true Dragon's power and was almost completely closed. It was as if it was dead silent in his soul, and no fluctuations could be felt.

...

Yunxiao could not help but worry. Yue Tong was a great part of his strength, and she had played a big part in his promotion to martial sovereign.

Otherwise, the other nine people were all extremely freakish existences, and it would be extremely difficult for him to win against any one of them.

Yunxiao pointed out a finger in the air, and a stream of water slowly formed at his fingertip, condensing into a small drop of water.

He raised his head and dripped the true Dragon's tear into his eyes, then slowly closed his eyes to rest.

The true Dragon's tear was extremely spiritual, and even the thousand-year tyrannical saber could be resurrected with it. It was the best medicine for treating moon pupils.

Bo Yuqing stared at him coldly and suddenly said provocatively, " I've heard that Lord Feiyang's eye techniques are unparalleled in the world. It's such a pity that I didn't get to witness it during the battle on Xian Kong Island.

Yunxiao's eyes were still closed as he replied sarcastically, " "Brother Yu Qing, we're all smart people, can't we just keep testing each other? You just want to know my current condition. I'm afraid I won't be able to use the moon pupil's power for a long time."

Bo Yuqing also looked a little embarrassed. He found that Yunxiao was the same kind of person as him. He could extract a lot of useful information from just a few words, and he could not defeat the other in terms of intelligence.

hehe, even without the moon pupil, Lord Feiyang is still an existence at the top of the world.

Bo Yuqing laughed. I'm just very curious. How did Your Excellency get such a body? it doesn't look like a possession at all. I really don't understand.

there are still a lot of things you don't understand, " Yunxiao snorted. you'll understand it when you slowly learn it in the future.

...

sigh, " Bo Yuqing sighed. it's a pity my master passed away early. I can only learn more from Lord Feiyang.

Yunxiao's heart jolted. He had accidentally released Yu Shengfeng from the pink crystal dust, so Bo Yuqing must not have known that Yu Shengfeng had been resurrected.

He probed, "master Yu Shengfeng's demeanor was unparalleled back then, and I also admired him." However, your master seemed to have suddenly disappeared without a trace. I wonder what the reason was?"

Bo Yuqing's expression changed slightly, his eyes flashing with a concealed light. He changed the subject and said, " I've only learned a fraction of my master's talent. I'll regret it for the rest of my life. I wish I could turn back time and return to my master's side to follow him for the rest of my life!

He choked up as he spoke, tears streaming down his face. Those who heard him were moved, and a tall and imposing figure suddenly appeared in everyone's minds.

perhaps it is brother Yu Qing's loyalty and filial piety that has touched the world," Yunxiao said calmly. before I went out to sea, I heard the elders of the sea of soul formation say that your master, master qinhuang Shengfeng, is not dead, and has returned to the sea of soul formation.

"What? It's impossible!"

Bo Yuqing's entire body trembled as he suddenly stood up from the deck, his body emitting a cold air as he said in shock, "Where did you hear this from?"

Yunxiao chuckled in his heart. 'Why would I hear that? I released him by accident, and we even fought a few times. But, of course, he won't say it out loud.'

I remember that it was mentioned during a conversation between ninth-tier great Alchemist Yong tianyun and Luo Tian," he said thoughtfully. I happened to be there at that time, and I saw that master Yong tianyun's face was full of sorrow. It seems that there is something he is hiding.

Chapter 1118-sincerity

Bo Yuqing's expression became extremely ugly as he said coldly, "Lord Feiyang, you're famous all over the world. You're a peerless figure. You can't spread rumors!

Yunxiao laughed and said, "of course! I know my status, and brother Yu Qing is also a world-famous Big Shot. How could I lie to you? master nie Shengfeng is really not dead. He has returned to the sea of soul formation.

Bo Yuqing couldn't remain calm, he was completely stunned.

congratulations, brother Yu Qing! Yunxiao cupped his fists and said, "you can finally get your wish! Your loyalty and filial piety can shake the heavens and earth. I hope you master and disciple can meet soon."

Bo Yuqing's face was white as he paced back and forth on the warship, his face full of worry.

brother Yu Qing, you don't have to be so excited," Yunxiao said with a smile. I can understand your joy at this moment.

Bo Yuqing was no longer in the mood to pay attention to the sarcasm in Yunxiao's tone. With an unsightly expression, he said, "My master has returned to the sea of soul formation. What about my senior brother?"

Master Lu congzi? " Yunxiao asked in an exaggerated manner. Master Lu congzi? " Of course, it's an unprecedented Grand occasion of master and disciple working together to create the sea of soul formation!"

"Bullshit!"

Bo Yuqing couldn't help but curse, gritting his teeth, "Gu Feiyang, you tricked me!"

What do you mean, brother Yu Qing? " Yunxiao chuckled. what do you mean? "

"Hmph!"

Bo Yuqing snorted heavily before gradually calming down. He said sarcastically, "Does a peerless martial sovereign like to play these boring tests? If my master really returned, that would naturally be a joyous occasion. But is it really good for Lord Feiyang to be beating around the bush and attack the relationship between us?"

I'm just telling you this great news because I saw that you missed your master so much, brother Yu Qing, " Yunxiao cried. what do you mean by knocking on your door? "

Hmph! Bo Yuqing snorted coldly and said, " there's no need to talk about the relationship between us master and disciple. It's just that I've been away from the continent for many years. I'm sure many major things have happened over the years, right? Please, Lord Feiyang, help me explain, especially about my master's return."

it's not a big deal, " Yunxiao said with a smile. as for your master's return, it's only recently. That's right, I heard that the first thing your master did after returning was to go to Yu Yixian's grave. It's said that Yu Yixian is your master's Grandmaster. It seems that brother Yu Qing's line has long had the fine tradition of respecting the master!"

Yu Yixian's tomb?!

Bo Yuqing's expression changed greatly and he said in shock, "And then?"

Yunxiao looked at him and said with a smile, "and then? After paying their respects, they will naturally return to the sea of soul formation."

Bo Yuqing's face was filled with anger. He knew that Yunxiao was deliberately keeping him in suspense, but he did not know anything about the continent, so he could only be anxious.

He calmed down and thought for a moment. Lord Feiyang, "he said, "actually, there is no conflict of interest between us. We are friends, not enemies.

What do you mean, brother Yu Qing?" Yunxiao asked with a smile.

"With Lord Feiyang's intelligence, he naturally knows what I mean." We can sit down and have a good talk, so that both sides will be happy."

The water deity blinked her eyes and asked in confusion, "Didn't you guys already have a great time?"

Yunxiao ignored her and smiled at Bo Yuqing. "Have a seat. I'm also looking forward to having a Frank and open talk with brother Yu Qing."

alright. Bo Yuqing nodded and said, "to show my sincerity, I'll get straight to the point. Is the puppet on Lord Feiyang fused with the two rainbow stones?"

Yunxiao's eyes narrowed slightly as he chuckled and said, "I can see brother Yu Qing's sincerity."

He casually made a hand seal that appeared in the sky, forming an isolation barrier that separated the two of them, even Ye Fan was pulled in.

The rest of the people shook their heads with bitter smiles, but they were not dissatisfied. After all, the difference in strength was too great. They were not people from the same world.

There were some things that they Knew Too Much, and it might not be a good thing.

Only the guest's face sank and he said angrily, "You actually want to cast me aside?"

Without saying a word, he threw out a punch and broke Yunxiao's barrier. Then, he sat down in the middle of the three men with a fierce look on his face.

"I also want to hear it!"

The water deity also moved over and sat directly beside them.

With a wry smile, Yunxiao cast another incantation gesture helplessly, separating the five of them and forming a small space.

Bo Yuqing stared at Yunxiao, looking a little nervous as he waited for his answer.

Yunxiao pondered for a moment, then answered carefully, "That" ice fiend Heart Flame "was indeed produced after the fusion of the two rainbow stones, but that puppet didn't have the two rainbow stones."

Bo Yuqing's expression changed greatly, as if he was a little dazed, muttering to himself, "It's really the fusion of the two stones!" He suddenly shouted. "What changes will there be after the fusion of the two stones? Is it in your hands?"

don't be so excited, brother Yu Qing, " Yunxiao said. I've already responded to your sincerity just now. Do you want to show me some more sincerity? "

Bo Yuqing's face was filled with a complicated expression, as if he was hesitating.

The water deity was a little mad. What sincerity? Why can't I understand what you're saying? He's asking you a question!"

The three of them ignored her.

"Lord Feiyang, do you know the origin of the rainbow stone?" Bo Yuqing gritted his teeth.

brother Yu Qing?" Yunxiao's heart jolted. you know about it?"

Bo Yuqing nodded. this matter has a lot to do with my sect. I saw Lord Feiyang's giant spirit magical power in the battle. It seems to be true fiend Dharma?"

Yunxiao nodded without any hesitation. Nie Shengfeng was the inheritor of the demonic servants, so it was not strange for Bo Yuqing to know this.

"As expected!" Bo Yuqing said. Since Lord Feiyang knows about the true fiend Dharma idol, you must also know about the demon-sealing war, right?"

Yunxiao's face darkened. brother Yu Qing, " he snorted. are you trying to show your sincerity or test me?"

Bo Yuqing smiled bitterly. Lord Feiyang, you don't have to be so sensitive. I don't dare to test you. After the demon-sealing war, the demon Lord Monarch was split up by those Almighty Warriors and placed in various secret places of the heavenly martial realm to be suppressed. These two rainbow stones are the body of the demon Lord Monarch!"

"What? The body of the demon Lord Emperor?"

Yunxiao's face changed drastically as he said in horror, " "Isn't that Devil Master formed from the Black Devil essence? He still has a body?"

what? ” Bo Yuqing’s expression changed, ” could it be that the seal loosened and the emperor’s avatar ran out? ”

Yunxiao felt ashamed. The clones who had escaped from the three sealed lands were more or less related to him.”Who is the demon Lord Emperor? how many places have he sealed?”

...

according to the sect’s legend, the demon Emperor was dismembered by many Almighty Warriors, ” Bo Yuqing said. he was split into five pieces and taken away by 15 Almighty Warriors to 15 secret places to suppress.

“Although I don’t know who the devil Master you’re talking about is, it sounds very impressive.” Since it’s divided into five areas, why are there fifteen secret places?”

The water deity was also puzzled, blinking her big eyes and listening carefully.

Yunxiao was also greatly shocked. So far, three of earth Devil’s clones had escaped, so there were two more?

“These fifteen secret grounds should seal five portions of devil essence, five pieces of aegirine, and five pieces of rainbow stone?” he said bitterly.

“That’s right!” Bo Yuqing said seriously. After the emperor’s body was split apart, there were originally five pieces, but the five rainbow stones actually split by themselves and turned into the two extremes of yin and yang, which were the rainbow stones and the rainbow stones!”

Yunxiao felt dizzy. Not to mention the two places where the devil Lords were sealed, there were seven more pieces of aegirine and rainbow stone in addition to the two he had and one in Yu Shengfeng’s hand!

“What kind of existence is this demon monarch?” he asked, somewhat distressed. He’s still not dead after being split like this? Could it be that even those powerful beings back then had no way of killing him?”

Bo Yuqing’s eyes flashed with a hint of concealment, “I’ve heard my master say that it’s not that he can’t be killed, but that there’s another secret. As for the strength of the demon Lord Emperor, only the heavens know.”

you can kill him but not kill him?” Yunxiao asked suspiciously. Did those people back then have a hole in their heads?”

Bo Yuqing wiped his cold sweat and said awkwardly, “I can’t predict this. Lord Feiyang, is your trip here for the rainbow stone in Donghai Palace?”

...

isn’t the rainbow stone in the palace now?” Yunxiao asked. This Sea region should be where the ruins are, right?”

no one knows where the rainbow stone of Donghai Palace is,” Bo Yuqing said. but the destruction of the old palace and the forced migration of Donghai’s royal family did have something to do with the rainbow stone.

‘That rainbow stone is now in my divine realm tablet,’ Yunxiao thought. ‘If this is the place where the rainbow stone was sealed, it must be very dangerous. It’s not strange that beiming Tianlu is trapped in it.

“Where were the 15 locations where the demon masters were sealed?” he asked.

“How would I know?” Bo Yuqing grumbled.

Yunxiao narrowed his eyes at him and smiled maliciously. “Even if you don’t know everything, you should at least know a thing or two, right?”

Bo Yuqing's expression flickered before he said, "The old location of the palace is one of them, but I don't know about the others." "I've already shown so much sincerity, shouldn't you show some as well, Lord Feiyang?" his face darkened.

Yunxiao laughed and said, "as far as I know, your master, Chu Shengfeng, has already obtained Yu Yixian's physical body, and it seems that a piece of aegirine has been integrated into Yu Yixian's physical body.

"What?"

Bo Yuqing's face was filled with shock as he said, "Is this news reliable?"

it's a hundred percent reliable," Yunxiao said seriously. because I've experienced it myself. As for Yu Shengfeng being able to completely control that body, I don't know."

Bo Yuqing's expression seemed extremely ugly, cold sweat pouring down.

"Brother Yu Qing, is it too hot?" Yunxiao asked. I can see that your head is full of sweat."

Bo Yuqing's face was livid as he gritted his teeth and said, "Lord Feiyang, you still haven't answered my previous question. Who had the fused two rainbow stones? And how did you extract the ice fiend Heart Flame?"

Chapter 1119-the secret of the twin stones

what?" Bo Yuqing was annoyed. Lord Feiyang dug out almost everything I know, but nothing came out!

His face was livid with anger for a while, but when he looked at Yunxiao's leisurely look, he finally sighed in distress and said, "the piece of aegirine in Yu Yixian's hands was passed down from my master's lineage.

He found that he, who had always had a sense of superiority in his mind, was no match for Yunxiao at all. So, he had to say honestly, "After generations of research, this rainbow stone is actually formed by the convergence of yin and yang Qi, representing extreme Yin and extreme yang respectively, and can completely transform the human body into a divine body of two extremes. However, the side effects are also extremely great. After all, it's the body of a Demon Lord Emperor, and it's easy to shake people's minds. Even a peak martial artist might not be able to resist the strange power inside."

It was only then that Yunxiao remembered that the previous city Lord of Red Moon City, Ning Kewei, was said to have gone crazy because of the aegirine, which led to his disappearance.

"The dual polarity divine body, one of the few Supreme physiques in the world?" the guest asked solemnly.

That's right! Bo Yuqing nodded. It's a Supreme divine body that's comparable to the second island master's Sacred Wheel body!

Yunxiao suddenly thought of something and said, "Brother Yu Qing, have you ever heard of the nine yang divine body? Is this related to the dual polarity divine body?"

Bo Yuqing's face flickered as he looked at Yunxiao and said, "Are you talking about the nine yang body that Gu Qingqing of Shenxiao Palace had?"

"It is!"

Yunxiao nodded. In order to cultivate the ultimate nine yang divine body, Yunshang had gone to that unknown place, and it was said that it was the guidance left behind by Gu Qingqing.

Bo Yuqing pondered for a while before saying, "Gu Qingqing refined a rainbow stone back then."

"What?"

Yunxiao's face changed drastically, and he looked extremely horrified. "Are you sure?"

Bo Yuqing looked at him strangely, not understanding why he was so excited. He nodded and said, "I don't know where the ten pieces of rainbow stone were taken to, but Gu Qingqing did have the rainbow stone and successfully refined it. That was how she was able to achieve great success and defeat the demon race."

He looked at Yunxiao, who had a complicated expression on his face, and continued, "The reason why I know about this is because the successor of my line was defeated by Gu Qingqing in order to get back the rainbow stone. In the end, he died with hatred. These are all recorded in the sect's notes."

Suddenly, a murderous aura emanated from Yunxiao's body, as if his heart was extremely disturbed. "Then, if I want the nine yang divine body to be at large success, do I have to refine rainbow stones?"

Bo Yuqing nodded. second island master should know best. Cultivating the divine body is cultivating the eight gates of the physical body. As long as all eight gates are opened, one can sanctify their physical body and step into the peak of martial arts with the power of the physical body, peeking into the immortal realm. However, even the second island master, who is a rare Sage wheel supreme body, only opened four gates. How many people have opened all eight gates in the past?"

that's true! the guest agreed. the world's most powerful man, ao changkong, should be a master with all eight gates opened!

When he mentioned this name, his eyes flashed with a light, as if he was extremely reverent and eager.

Bo Yuqing's pupils constricted, a strange look in his eyes, as if he had thought of something.

Yunxiao's mind was in a mess at the moment. If he was right, the place Yunshang was going to was the place where Gu Qingqing had left the rainbow stone!

One must know that even ning Ke Wei, that kind of expert, was unable to refine and absorb the rainbow stone. Even Yu Shengfeng did not dare to take it out and refine it himself, and instead wanted to possess Yu Yixian's body.

What about Luo Yunshang?

The more Yunxiao thought about it, the more irritated he became. A murderous aura kept surging out of his body, causing the faces of the few people around him to change.

what are you doing, li Yunxiao?" the water deity was shocked.

Yunxiao suddenly looked up, his eyes filled with killing intent. The water deity was startled and cried out in alarm.

Her emotions seemed to have directly affected the six deep-sea monsters in the distance. The sound of stormy waves came from the back of the warship, and the six monsters were making "lululululu" sounds.

The demonic Dragon's voice came from his body. don't worry too much. Don't forget that yunshang has the nine yang divine body, which is very close to the so-called dual-extreme physiques. Moreover, she has cultivated the nine yang divine technique, which is a divine power left behind by Gu Qingqing. All of this is probably in preparation for refining the rainbow stone. She has no reason to harm her own descendants."

Yunxiao pondered for a moment and agreed with the Dragon's words. According to the rules of shenxiao Palace, only those with the divine body of nine yang could cultivate the nine yang divine technique, and over the years, yunshang was the only one qualified to do so. The divine body and the divine technique should be the key to refining rainbow stones.

Since Gu Qingqing had made such an arrangement, she must have had her reasons.

At the thought of this, Yunxiao's state of mind gradually calmed down, and he retracted all his murderous aura.

Yunxiao glanced at water fairy and said, "I'm fine. I was just a little excited."

Ye Fan stuck out his tongue and looked at the six deep sea beasts that were roaring behind him, he smiled bitterly: "big brother Yunxiao, don't get too excited. Otherwise, my Noah's ship might not be able to withstand the attack of those six meatballs.

“Meatball? What meatball? You’re the meatball, your entire family is meatballs!”

The water deity jumped up, she stared at Ye Fan in anger, she shouted: “ they have names. Their mother’s name is toot, and from left to right, the five babies are called Doudou, fluffy, simple-minded, Yaya, and strong!

Ye Fan: “ Wan Wan. he crossed his arms in front of his chest, tightening his thin body.

Bo Yuqing’s eyes flickered as he probed, “ “Could it be that the nine yang divine body has reappeared?”

none of your business, ” Yunxiao said impatiently. it’s none of your business. And what’s with that ice fiend Heart Flame?”

Bo Yuqing was extremely displeased, but although the other party had the body of a youth, his soul was a peerless martial sovereign, so he could only endure it. the ice fiend Heart Flame is the void flame produced after the two rainbow stones combined. It’s also known as the heart demon flame and the sighing flame. It’s a divine flame that can burn all things. Anyone who touches it will die!

He recalled the punch of the gourd Little King Kong, and a trace of fear flashed in his eyes.

Yunxiao frowned. touch and you’ll die? ” Why is it that I’ve used it so many times, but sometimes I can’t even hurt people?”

Bo Yuqing also said with a strange expression, “I’ll have to ask you about that. That white flame is indeed the ice fiend Heart Flame, but its power seems to be much weaker than the legends.”

He stopped for a moment and seemed to be talking to himself, “ “Do I have to gather the five complete Rainbow Double stones and reconstruct the body of the devil Lord in order to produce the void fire that can devour everything?”

Yunxiao was also puzzled, but he had already guessed some of the reasons. The ice fiend Heart Flame was accidentally contaminated by the gourd Little King Kong from Xiao Hong, so it was normal that it was not powerful enough when it was used on its own.

Moreover, Bo Yuqing's analysis was also very reasonable. Back then, the records about the ice fiend Heart Flame were all divine flames in the hands of the demon Lord Emperor. After the demon Lord Emperor's body was separated, this fire had disappeared from the world.

Bo Yuqing stared at Yunxiao and said in a deep voice, "Lord Feiyang, I've already said so much, shouldn't you reveal something useful to me? Otherwise, this open and honest talk would be considered unfair!"

"Hehe."

don't worry, brother Yuqing, " Yunxiao said with a smile. as the saying goes, 'you can't eat hot tofu if you're anxious'. We've had a good conversation.

The water deity also nodded in agreement, as if she had understood.

Ye Fan smiled. He knew that Yunxiao was extremely intelligent, and no one could take advantage of him. Even someone as shrewd as Bo Yuqing would be led by the nose by him.

Hmph! Bo Yuqing snorted in dissatisfaction, " don't mention hot tofu, I didn't even see tofu!

come on! Yunxiao laughed. here, I'll give you a chicken leg. The two rainbow stones you asked about are indeed on me, but they've undergone a certain mutation. It might be very different from what you expected, so I can't show them."

"As expected!"

...

Bo Yuqing's face flickered as he stared at Yunxiao with a cold gleam in his eyes. Killing intent flickered in his eyes, as if he could not decide what to do.

Yunxiao laughed. Brother Yu Qing wants to snatch the chicken leg?"

Ye Fan and the water deity immediately became alert, while the guests remained calm and sat there.

The entire isolated space fell silent.

After a while, Bo Yuqing retracted his cold aura and said coldly, " Lord Feiyang is indeed blessed by the heavens. Not only do you have two Supreme grade profound level weapons, but you also have the two rainbow stones. You've also learned the true fiend Dharma idol. With the moon eyes and the world's number one sword intent, I'm afraid the ten martial sovereigns will have to be rearranged!

The other three people's faces changed slightly as they looked at Yunxiao in surprise.

Ye Fan also couldn't help but stick out his tongue, saying in shock: " big brother Yunxiao, are you really the peerless martial sovereign, Gu Feiyang, whose title is Army destroyer? "

Yunxiao nodded without denying it and said, " "I used to be Gu Feiyang."

Ye Fan and the officials 'expressions all changed, they were filled with shock.

The water deity also frowned. She seemed to have heard of this name before.

but Gu Feiyang is in the past, " Yunxiao said. I am Li Yunxiao now.

...

Ye fan's expression was complicated, he heaved a sigh of relief and smiled: " no matter who you were in the past, you're still my big brother Yunxiao!

Yunxiao chuckled and gave him a look of praise, then turned to Bo Yuqing and said, " "Brother Yu Qing, you've really overestimated me. I'm only a three-star martial sovereign now."

I don't care if you're Gu Feiyang or Li Yunxiao," Bo Yuqing snorted. In any case, you're a terrible enemy, so I hope we can be friends.

"Friend?"

I can't sleep if I'm friends with Brother Yu Qing," Yunxiao said with a smile. I can't sleep. Brother Yu Qing and Guang Yuan have been friends for so many years, and you almost caused Guang Yuan to die in your hands."

Bo Yuqing's expression didn't change as he calmly said, "That's different. I approached him with a purpose from the beginning.

then, How do I know you're not approaching me with a purpose?" Yunxiao said sarcastically.

"Since Lord Feiyang is so wary of me," Bo Yuqing said, "fine, let's talk about the deal. I hope to be able to make a win-win deal with Lord Feiyang."

Chapter 1120-the third piece of neon stone

are you sure it's a win-win situation?" Yunxiao laughed. Are you sure? "

"That will depend on Lord Feiyang's conditions," Bo Yuqing said seriously.

just call me Li Yunxiao," Yunxiao said. Gu Feiyang is already a thing of the past. I want to hear your request first.

I hope that Lord Yunxiao can help me recover my strength! Bo Yuqing muttered to himself.

Yunxiao's heart twitched. He had noticed that something was wrong long ago. Although Bo Yuqing had shown the power of a half-step nine-stars Martial Emperor before, with his reputation back then, he was definitely a nine-stars Martial Emperor.

are you also sealed? ” Yunxiao asked curiously. are you also sealed? ”

Bo Yuqing didn't speak, directly raising his hand and spreading the five fingers of his right hand.

Slowly, a ray of light gathered in his right palm, gradually forming a shape.

A strange feeling welled up in Yunxiao's heart. He suddenly widened his eyes as he stared at the object and said in horror, ” “Aegirine!”

A seemingly ordinary stone was spinning in Bo Yuqing's hand, and the feeling it gave off was clearly that of aegirine.

Ye Fan and the other two were also extremely curious. They had heard about the two stones of Japan for so long and didn't expect to see one immediately.

“Argh! This thing is the neonite?”

The water deity suddenly cried out.

Yunxiao's heart skipped a beat as he said in a serious voice, ” “You've seen this stone before?”

The water deity pondered for a moment and nodded.”Yes, I think I've seen something similar in the forest of the sea, but it doesn't look like this.”

Both Yunxiao and Bo Yuqing's faces flickered. It seemed that the sea emperor's palace also had a piece of aegirine or rainbow stone.

one of the two rainbow stones I have is from ning Kewei, the former city Lord of Red Moon City, from the tiandang mountains, ” Yunxiao said. the other one belongs to the palace of Dong Hai. Right now, you have one, Yu Shengfeng has one, and the sea emperor's palace has one. The remaining five are scattered all over the world.”

Bo Yuqing's expression was also grave. The two rainbow stones are gradually appearing. The five demon master Seals are gradually being undone. This isn't a good sign.

'Brother Yu Qing, where did this piece of aegirine come from?' Aren't you afraid that I'll snatch it from you?"

He looked at Bo Yuqing with a smile that wasn't a smile.

Bo Yuqing clenched his five fingers and put away the piece of aegirine. "My lineage was passed down from a demonic servant, so I'm naturally interested in the ten rainbow stones. It's not surprising that I've collected a few over the years."

Yunxiao nodded. Earlier, the other party had mentioned that he wanted to Rob Gu Qingqing's piece, but he had asked for it.

I understand," Yunxiao said. you want to learn from Yu Yixian and use the aegirine to transform yourself into the extreme Yin body of the divine body of two extremes. As a result, it produced an unexpected side effect, causing your cultivation base to plummet. I wonder if this deduction is correct?"

that's right! Bo Yuqing praised. as expected of a peerless Martial Emperor, he's almost there!

so," Yunxiao continued to guess," you came to the East Sea, and this Sea area at that. Are you looking for that rainbow stone, so that you can merge the rainbow lights and solve the crisis in your body?"

Bo Yuqing nodded.

Yunxiao thought for a moment, then said," that's when you met Guangyuan, and you accidentally discovered the existence of Amitabha. What's more surprising is that Amitabha can also solve your crisis.

Bo Yuqing's eyes flashed with a cold light as he said coldly," Lord cloudsky, your wisdom really makes people feel terrified!

The water deity was puzzled, "why do you say his mind is terrifying?" Why don't I think so?"

because big brother Yunxiao told me the truth," Ye Fan said, embarrassed. "

"Ah?"

The water deity was a little confused. She looked at Yunxiao in confusion and asked, " "How did you know?"

Yunxiao ignored her and continued, " "Then I've heard that since it can heal Guang Yuan's injuries, then the possibility of it being able to resolve the danger in your body is also extremely great. From the very beginning, your goal was to obtain the 'so what I hear', but Guang Yuan was unable to succeed even after researching for so many years, so you hid in peace, planning to sit back and enjoy the fruits of others' labor. I'm afraid that the dazzling treasure meet was also your rotten idea, right?"

Bo Yuqing nodded, " If I heard that it was going to absorb the power of the profound level weapon spirit, I'm afraid that I won't be able to recover even after I die if I continue to refine profound level weapons for it to absorb. I was indeed the one who came up with the dazzling treasure meet, but the most unexpected thing was that it attracted you all here and caused the current situation."

when you forced Guangyuan into a life-and-death situation, " Yunxiao said again, " you changed your mind at that time when you happened to refine the Lotus platform. Although you also want a transcendent-grade profound level weapon, you know that refining it is extremely difficult, and your top priority is to solve the hidden danger in your body, so you put forward a request to cooperate with Guang Yuan. But what I can't guess is, what request did you make that Guang Yuan would put aside their life and death feud to work with you?"

it's related to the past of Donghai Palace, " Bo Yuqing said after thinking for a while. I'm sorry I can't tell you.

it's alright, " Yunxiao said with a smile. it's fine. Although I have a Supreme grade profound level weapon, it's completely different from the FA Hua Lotus platform. I'm afraid I can't help you."

“Although you don’t have the Lotus throne, you do have something on you that can resolve the hidden danger in my body!” Bo Yuqing said seriously.

“What is it?”

Yunxiao was surprised. He could not think of anything good that the man had his eyes on.

Bo Yuqing stared at him and said word by word, “Divine energy!”

Yunxiao’s face flickered and turned cold as he looked straight into Bo Yuqing’s eyes. He did not expect the other party to know about spirit power!

“When Guang Yuan suppressed you earlier, that final wind and cloud Palm should have condensed the spiritual energy, right?” Bo Yuqing said.

Yunxiao did not deny it. He slowly turned his head and said indifferently, “How much do you know about the spiritual energy?”

Bo Yuqing chuckled. don’t forget that I’m a disciple of my master. I’ve been in the heavenly martial realm for so many years. I know a little about everything. Back then, this spiritual energy was the power that suppressed the demon Lord Emperor, so it can naturally suppress the strange power of the aegirine!”

is your current body the extreme Yin body? ” Yunxiao asked again. is it the body of extreme Yin? ”

Bo Yuqing’s expression changed slightly and he honestly said, “I’m one step away. Since the inheritance of my lineage, the only one who has truly cultivated the extreme Yin body is Lord Yu Yixian. This is also the reason why my master must obtain his physical body. A phenomenal-success divine body will not increase or decrease, and it will not be born or destroyed!”

then, if I help you solve the hidden danger in your body, can you directly step into the divine body realm? ” Yunxiao asked with a frown.

Bo Yuqing revealed a serious expression and said, "That should be the case, but I don't have much confidence. At this moment, all my strength is used to suppress that abnormal power, so I only have the strength of half-step nine stars."

"Why are you asking this?" he asked in surprise.

The corners of Yunxiao's mouth turned up as he said with an evil smile, "I'm just measuring the benefits you can get so that I can state my price."

Bo Yuqing's forehead was covered in sweat, his face darkening as he was secretly vexed.

'Li Yunxiao, you can't! If he can recover his power of nine stars, no one here can stop him!"

...

second island master! Bo Yuqing was furious and shouted, "you're hitting me when I'm down!"

"I've always been a straightforward person. If there's anything wrong with my words, you can f*cking come and hit me!" Bin Chen sneered.

Bo Yuqing was furious and wanted to rush up on the spot!

stop! Yunxiao shouted. stop!

He swept his gaze over them, and the two of them snorted coldly before turning their heads away, no longer looking at each other.

I'm quite interested in solving the problem of the strange power of the aegirine," Yunxiao said. I'm willing to give it a try, but the reward will certainly not be low.

“As long as you can help me get rid of the strange force of the aegirine, everything can be discussed!” Bo Yuqing was overjoyed.

I do need your strength,” Yunxiao nodded. but I’ll tell you my conditions after this trip to the ruins.

Half of Bo Yuqing’s joy was extinguished in an instant. Looking at Yunxiao’s half-smiling eyes, he felt that the man’s mind was too high. In this way, he would be completely tied down and led by the nose for a long time, and in the end, he did not know if he could do or accept the conditions he offered.

you’re a man, aren’t you? why are you so slow? if there’s a deal, why don’t you just make it clear now?” Narcissus mumbled.

Princess water fairy is right,” Bo Yuqing said bitterly. I hope you can help me persuade Lord Yunxiao and make it clear in one go.

...

Yunxiao chuckled. brother Yu Qing, it’s still the same. You can’t eat hot tofu if you’re impatient. Haha!

He sneered in his heart. In this way, Bo Yuqing had completely become his free subordinate and couldn’t go against his will. This was already more favorable than any conditions.

Water deity replied,” Hmph! So coy. You don’t even have the demeanor of an expert.

Yunxiao ignored her directly. Looking at the depressed Bo Yuqing, he smiled and said,” “Brother Yu Qing, don’t worry, just accompany me to the eastern sea. I won’t mistreat you.”

I hope so,” Bo Yuqing said in distress. otherwise, Lord Yunxiao and I will be irreconcilable!

At that moment, Liao yangbing, who was outside the isolated space, stood up and cast a spell on the barrier Yunxiao had set up.

The incantation turned into a butterfly and flew into it, landing on Yunxiao's finger.

"Bang!"

The butterfly was destroyed with a gentle shake, and a message was sent directly into Yunxiao's mind.

what?" Yunxiao's pupils constricted as he said, " we've arrived at the target place!

With a wave of his hand, he immediately removed the barrier, revealing the five of them.

Ye fan's mind moved and he made a hand seal. Noah's ship stopped and quietly floated above the sea.

The entire ocean was blue and the sky was clear. The weather was excellent.

Everyone flew into the sky and surrounded Noah's ship, looking around.

The sea was boundless, and it looked exactly the same no matter which direction he looked from.

Liao yangbing shot out a ray of light, which immediately turned into a water curtain in the air and slowly pulled it open. It was the sea Map that beiming Laifeng showed to everyone in Haitian town, and Liao yangbing had made a copy of it.
