

The Eternal 1121

Chapter 1121

1121 The Lotus Island

The images in the seascape changed continuously, crossing thousands of miles in an instant, crossing countless seas.

Soon after, a small black dot slowly appeared in the middle of the island. As it grew bigger and bigger, it was as if they were looking down from the sky. A row of huge islands appeared in front of everyone.

From the seascape, it should be a series of extremely magnificent islands, and as far as the eye could see, there was a vast ocean for ten thousand miles. Not to mention islands, there was not a single reef.

“Did you get the coordinates wrong?” asked Bin Chen.

“This can’t be wrong, unless the coordinates sent by Beiming Tianlu were wrong,” Liao Yangbing shook his head.

Bo Yuqing frowned and said, “could there be a problem, such as the use of secret code techniques?” I should’ve captured Darknorth Laifeng and brought him along with us.”

“Don’t worry,” Yunxiao said. “If we are in the wrong direction, we can still find the people of the Beiming family now. If I’m not mistaken, I’ll have to trouble you, Princess Shui Xian.”

The water deity nodded. There was no such thing as a restriction that the eye of truth could not see through.

The only time she had failed in her life was when the three profound level weapons had been fighting against each other. The powerful golden vortex that had been created had prevented her from seeing through it, and that was also because her bloodline had not been fully formed.

Rays of golden light floated on the water deity's body. Her white clothes fluttered as she formed a seal with her hands and a golden light flashed in her eyes.

She could see everything in the sea within a radius of several dozen miles.

After a while, the light on the water deity's body was retracted, and her face was filled with doubt.

"What's wrong? Is there any problem?"

This was the first time Yunxiao had seen her with such an expression.

The water deity frowned. I didn't find anything, but it's a little strange. The surrounding environment seems to be constantly changing. It's constantly changing, and it hasn't stopped.

Everyone frowned in confusion. They looked over and everything was calm as usual. There was no change at all.

Bo Yuqing also spread out his spiritual power, but he didn't sense anything wrong.

Suddenly, Yunxiao's heart stirred as if he had thought of something. He looked up into the sky.

It was cloudless, and only the sun was shining brightly in the sky.

His face darkened.

"What did you find?" Bo Yuqing asked.

when I accidentally broke into the outer space, I found a place where demons were sealed, " Yunxiao said solemnly. it was sealed by a time law, and it can only be opened at a specific time. The water deity said that the situation here is changing every second, but we can't see any changes. It's very likely that it's the time law seal."

“You’ve been to the demon sealing land?” Bo Yuqing was shocked. No wonder, no wonder you have so many treasures!”

He immediately understood and revealed a strange expression, “Don’t tell me you released the three great demons because you were greedy for the treasures?”

Cold sweat poured down Yunxiao’s forehead. Bo Yuqing’s guess was almost on point.

He snorted coldly and said, “how good can the inheritance of your sect be?” You’ve dug out so many pieces of the sealed rainbow stone!”

Di ye’s appearance in the Dragon Transformation pool was the doing of the Holy region and the sea of soul formation. As for Mount Meru and the outer space, they were definitely related to him.

Yunxiao seemed to suddenly understand why Mount Meru had an age limit. It must be because the Almighty man was afraid that someone would sneak in and release the demon, so he set the age limit. Unfortunately, the entire Mount Meru had been destroyed, but it had helped him build Yanwu.

brother Yunxiao! Ye Fan exclaimed, “ I didn’t expect brother Yunxiao to experience such a strange and dangerous thing after we parted in the outer space.

I’m fine, ” Yunxiao said. it’s not a big deal. If this place is the same as the starry sky, then we only need to wait patiently for a while, and we’ll see what happens,”

en, then I’ll listen to Lord cloudsky.

Bo Yuqing also nodded.

Ye Fan kept Noah’s ship and everyone sat cross-legged in the sky, waiting.

Several hours later, the sun was setting in the West. A wisp of afterglow shone down directly on the surface of the sea, reflecting the shimmering waves. It was a beautiful scene.

The water deity suddenly opened her eyes and golden light flashed. "It has appeared!"

A hint of surprise and joy appeared on her face, as if she had seen some magnificent scenery.

Everyone opened their eyes one after another. They were all stunned and revealed strange expressions.

Ye Fan frowned, "what appeared?" How come I don't see anything?"

The rest of the people also nodded one after another, and the sea around them was still as calm as ever.

Both Yunxiao and Bo Yuqing frowned slightly, as if they had sensed something. They both looked at each other in surprise.

I understand, " water deity said. the layout here is the same as the forest of the sea. There is also a spatial restriction. One must have a unique line of sight to see and enter.

Golden light flashed in her eyes as she began to look around.

Everyone laughed bitterly. This silly girl had so easily revealed the secret of the sea emperor's palace. Fortunately, no one in the world dared to go there and cause trouble.

"Over here!"

The water deity quickly found a direction and flew over. She said happily, "You guys look down from this direction!"

Everyone quickly rushed over and looked down from a deformed angle in the sky. Each and every one of them widened their eyes, revealing a look of horror.

Yunxiao's pupils also widened. Looking down from this angle, he saw a row of magnificent islands in front of him, forming a strange pattern that looked like an array.

"No wonder, Zhenzhen."

Liao yangbing exclaimed, "no wonder the sea view was from the sky, it was from this angle!" Without Princess water fairy, I'm afraid this trip would have been in vain."

"Follow me!" The water deity said proudly.

She was about to fly down, but Yunxiao grabbed her.

"Why?" The water deity said with some dissatisfaction.

Yunxiao pointed at the island below and said solemnly, "Look at this Island. Doesn't it look like something?"

...

"Things? What's that?"

The water deity looked down and began to think. The rest of the people also frowned, and many people's expressions changed one by one.

"Argh! A Lotus!"

"This is so strange. Why does it look like a lotus?" the water deity cried out in surprise.

Ye Fan was also shocked: "it is a lotus flower! A lotus flower that has been split open!"

The islands below were arranged in a straight line, but they were shaped like flower petals. If they were arranged in a circle, they would form the shape of a Lotus.

Bo Yuqing's expression also changed slightly, saying, "This Island was man-made?"

Yunxiao nodded and said, "it seems that the palace of Dong Hai was very reliable in suppressing the rainbow stone. But, I don't know what happened. Why did such a grand arrangement be abandoned?"

"Then beiming Tianlu should be down there," Liao yangbing said with a frown.

that should be the case," Yunxiao said. but since we can still trap beiming Tianlu, there must still be some risks. I'll open the way in front. Everyone, follow carefully.

The water deity's heart warmed, and she thought to herself,"so he was worried that I would be in danger, and wanted to take the initiative to find the way."

...

Thinking of this, she couldn't help but be extremely touched, and her cheeks were slightly red.

Yunxiao and Bo Yuqing flew down first.

The space he stepped into was a little strange. It didn't seem to be a long distance, but he flew very far. Finally, he landed on an island, which was the petal of a lotus flower.

The two of them began to survey the island carefully, landing on each Island from time to time.

The rest of the cultivators also began to investigate. The spiritual Qi on all the islands was dense, much stronger than the sea outside, and it seemed that there was a spirit vein hidden underground.

After a while, everyone gathered on the largest island.

“How is it? did anyone find anything?” Liao yangbing asked.

The water deity shook her head. I didn't find anything. There's not a single sea beast nearby. From here, I can vaguely see the ruins of the palace, but it's been destroyed and has become ruins.

Yunxiao's heart stirred as he asked, 'what about these islands? Does Princess water fairy think there's a problem?"

“Problem? What's the problem?"

The water deity was surprised for a moment, then she pondered and said, "hmm, there seems to be a problem. Why does it look like a lotus?"

“Where's brother Yu Qing?" Yunxiao asked.

Lord Yunxiao should have the same thoughts as me, " Bo Yuqing said. I just don't dare to confirm it.

Yunxiao's eyes flickered as he said, " "Oh? Brother Yu Qing, why don't you tell us?"

Bo Yuqing nodded. in my opinion, this Island is completely man-made. It should be a profound artifact refined by an ancient Almighty, which directly moved mountains and overturned seas. Finally, it was suppressed here, turning into this Island.

“Move the mountains and drain the seas? Is there really such a powerful person?"

The water deity was in disbelief and shook her head repeatedly, " this is clearly a real Island. How can it be a profound level weapon? "

The rest of the people also had looks of disbelief on their faces, thinking that it was too exaggerated.

that's right! Yunxiao nodded. brother Yu Qing, you're right.

Everyone's faces changed drastically. Bo Yuqing's prestige was not high, but Yunxiao was different. He had an extremely high position in everyone's hearts, and no one doubted his words.

this place should have been a Lotus Mountain, " Yunxiao continued. but later, something happened and it was split open in the air. That's why it formed the strange scene of a Lotus splitting into lines. Princess water fairy, you can look down in this direction and see if there are any huge traces of ravines or cracks on the bottom of the sea."

The water deity opened her eyes of truth doubtfully and looked in the direction Yunxiao was pointing.

Her expression changed and she exclaimed, " "As expected! There really was a huge ravine below! Li Yunxiao, how did you know? Have you been here before?"

Everyone was speechless, but they were extremely shocked in their hearts. This kind of supernatural work was obviously not something that ordinary martial artists could do.

Liao yangbing said seriously,"should we go down and take a look?" Princess water fairy said that there are palace ruins down there. Beiming Tianlu is most likely trapped down there."

of course, " Yunxiao said with a smile. otherwise, we'll have come here for nothing. However, I feel that even though so many years have passed, it might not be as simple as it seems."

Chapter 1122-big fish bone

"No matter how complicated it is, it's still the work of humans. Are we simple?" the guest snorted.

With that, everyone's confidence was greatly boosted. If their group's current strength were placed in the realm of heavenly martial arts, they would be among the top.

"I'll clear the way here."

He had stayed in the nearby Sea area for decades and knew the affairs of the sea better than anyone else. On top of that, he had tyrannical strength, so he was indeed the best person to lead the way.

Bo Yuqing stepped out in the air, and a Whirlpool suddenly appeared on the sea surface. With a "Hua la" sound, a crack appeared and constantly pulled towards both sides.

The group of dozens of people stepped into it, and the entire sea closed up. The waves hit the island, and it soon returned to its previous calm.

Everyone dived deeper into the sea, greatly shocked.

The density of the spiritual energy was increasing at an alarming rate. Every time he dived a certain distance, it was almost a leap in level.

Bo Yuqing's expression turned serious, "There must be a powerful spiritual vein dormant at the bottom of the sea that's constantly leaking spiritual Qi. Such a powerful earth vein is rare even in the four Seas. What exactly happened back then that made the royal family of a sea abandon this place?"

As the group continued to dive, all kinds of strange marine creatures appeared one after another. They all stared at them with curious eyes, as if they had spirituality.

Water deity also said, "The creatures here are just like the sea Forest. They have been nourished by powerful spiritual Qi and earth veins. They are much more spiritual than the other seas. It's just that they are weak.

She blinked her big eyes a few times and stared at a giant fish beside her for a while. She even reached out to touch it a few times and asked curiously, "It's just that there's an extra strange feeling. These fish give me a feeling of evil.

The huge fish's lantern-like eyes also turned around and stared at the water deity.

Yunxiao and Bo Yuqing exchanged a look, both of their eyes deeply solemn. They were very familiar with this feeling. It was the strange feeling that came from the rainbow stone. Could it be that all the creatures in this Sea area had been mutated by the radiation of the rainbow stone?

some of these marine creatures should have reproduced for several generations over the years," Bo Yuqing said. but they still retain the bizarreness of the rainbow stone, and they're not afraid of the deep-sea behemoths.

The water deity was also shocked and said,"that's right, why didn't I think of that!" When I was in the forest of the sea, every time toot and the others came to play with me, the nearby sea creatures would all run away. These creatures aren't afraid at all."

The six deep-sea monsters were all floating above the sea. Afraid that their size would affect his investigation, Yunxiao did not follow them.

However, with the might of the deep-sea Giant beasts, all the creatures in the surrounding Sea area would either escape or tremble in fear. However, the creatures here seemed to be fine and continued doing what they were doing.

Yunxiao's pupils suddenly constricted as he cried out, " "Be careful!"

The water deity was startled by his scream. Then, she saw Yunxiao rushing toward her and grabbing her hand.

After that, their vision turned dark. There was no light at all. The sea water swept over and washed them away.

She could clearly feel Yunxiao's body against her, and the warm scent of the opposite sex assailed her nose, making the water deity, who had never experienced the world, tremble uncontrollably.

"What's wrong? You're injured?"

In the dark, Yunxiao asked curiously, " "You were just eaten by a big fish. Did it hurt you?"

This darkness naturally could not block the water deity's eyes of truth. She naturally saw the strange scene around her, which indeed looked like a fish's stomach.

But at this moment, she was not in the mood to care about this. Instead, she trembled and said, "Y-y-you dare to be rude to me?"

Yunxiao frowned and found that he was holding her in his arms. The maiden's fragrance was refreshing, and he did not feel any reaction when he smelled it carefully.

The water deity trembled and said, "You, you, what's on you?"

Yunxiao blushed and pushed her away in a hurry. maybe it's fish bones. After all, this is the stomach of a fish. There must be a lot of bones.

The water deity was pushed away by him, and her body finally stopped trembling. However, her face was still pale, and she gritted her teeth, "Don't try to lie to me. Fish bones are all sharp and prickly. Just now ... Just now ..." Her voice became as soft as a mosquito's, alternating between green and white."That thing just now was clearly very big!"

Yunxiao's face was covered in sweat. you're talking about a small fish, " he said in a hurry. this fish is so big, so its bones must be very big!

"Really?"

"You're not lying to me?" the water deity sobbed.

Yunxiao wiped his sweat and said seriously, "Of course! Don't you have a brain? The big fish was naturally the big Fishbone! What are you thinking about at such a critical moment?"

The water deity's face turned red with embarrassment. She thought about it and felt that it was true. The bones of the big fish she ate in the past were indeed bigger than the small fish. She immediately heaved a heavy sigh of relief and wiped her tears.

Yunxiao breathed a sigh of relief, but his heart was filled with trepidation. If the ocean Emperor knew what had happened just now, he would be hunted down by the whole world.

“Bang!”

The two of them had just resolved the awkwardness when explosions kept coming from outside the fish’s stomach. Soon, a fist radiance broke through the air and directly blasted a big hole.

The guest’s voice could be heard, ” “Are you guys okay?”

Yunxiao extended his hand to water deity and said, ” “Let’s go, let’s go out.”

The water deity subconsciously reached out her hand, but as soon as she touched Yunxiao’s fingertips, she pulled it back as if she had been electrocuted. “I’ll walk on my own.”

The two of them immediately turned into a ray of light and flew out of the hole that the guest and Minister had opened.

Once they were outside, the two of them were immediately stunned. They were surrounded by all kinds of sea creatures, all of whom had fierce eyes.

As for the big fish that had just devoured them, it was already dead and was being stepped on by everyone. They formed a large circle and looked around vigilantly.

Yunxiao licked his lips and said with a wry smile, ” we were just swallowed for a moment. How come there are so many ‘friends’ here? ”

The guest smiled bitterly and said, ” of course. These things seem to have a tacit understanding. After this fish ate the two of you, these things immediately surrounded us. If the fifth Island master had not used his spiritual secret technique, I’m afraid they would have already rushed up.

Bo Yuqing placed two fingers on his forehead and said coldly, "I'm afraid my secret skill can't hold them for long. Are you guys okay?"

He turned his head slightly to look at the two of them, then his eyes fell on water deity's flushed face. A strange look appeared on his face, and then he looked at Yunxiao with a faint smile.

The water deity's heart tightened, as if she had been seen through. She hurriedly said, "It's nothing, nothing happened. I was just stabbed by a big fish bone."

Yunxiao, 'hehe'.

"Fish bones?"

Everyone revealed suspicious expressions, and the guest also frowned and said, "Why are there fish bones in the fish's stomach?"

Yunxiao's cold sweat rolled down his face, and he could not dry it no matter how hard he tried.

...

"Of course there are fish bones, and this is a big fish, so of course the bones are big," water deity said.

we're in a crisis now, " Yunxiao said in a hurry. it's not the time to discuss these irrelevant topics. Let's think of a way to get rid of these 'friends'!

Hmph, " the guest snorted. it's not that hard to get rid of them. They're just some low-level sea beasts. Even if they're mutated, the strongest is only in the eight desolates realm.

that's true, " Yunxiao said with a frown. but the number is too much!

He looked over, but he couldn't see the end, and his heart couldn't help but palpitate.

In the battle along the East Sea, the sea tribe's tried-and-tested strategy was to kill an elephant with numbers. No matter how powerful you were, they had countless ants. They would bite you to death wave after wave.

it's said that Lord Yunxiao's eye technique can change the world," Bo Yuqing said. it's the best to deal with these small fish.

A strange look flickered in Yunxiao's eyes, and a strange symbol appeared in his eyes before it immediately dissipated.

"My moon pupil has yet to recover, I'm afraid it won't be of any use," he sighed.

Bo Yuqing's eyes flashed with a trace of coldness as he said coldly, "If that's the case, then kill!" A ray of golden light shot out from his fingers.

wait! Yunxiao said in a deep voice.

...

He opened the immemorial heaven's eye between his brows, and the calabash little Vajra flew out. "Since these things are affected by the rainbow stone, let's try the ice fiend Heart Flame. Perhaps it can scare them away."

The gourd Little King Kong clenched his fist, roared, and punched out.

A white spark bloomed on the tip of his fist. The White was cold, and it bloomed so breathtakingly.

The bodies of the sea creatures suddenly trembled, as if they were trembling in fear.

Everyone was overjoyed, but in just a few breaths 'time, those marine creatures emitted an extremely strange aura. Their eyes turned red, and they became incomparably ferocious as they charged over.

Bo Yuqing's expression changed greatly as he cried out in horror, "Not good! The secret technique has lost its effect!"

His expression darkened, and feathers suddenly appeared around everyone like falling snow. They turned into willow catkins that filled the sky and rose up in the wind.

Bo Yuqing's expression was cold as a seal appeared in his hand. He slapped it out in the air and said, "Sky Feather Wind chant!"

The countless feathers instantly turned into sharp blades that blasted in all directions. The entire underwater space was instantly cut into pieces.

A large number of fragments of marine life floated to the surface of the sea, and the entire bottom of the sea was filled with a light red color.

After Bo Yuqing's move, a treasure sword condensed in his hand with a clang. The seal on the sword was unsealed, and seven fangs spat out, shining with a cold light.

"Wailing sword rain wind-evil tune!"

An ocean of swords burst out, and everyone felt as if they were in a world of swords. There was only a sword Qi Whirlpool in the world, and nothing else.

Yunxiao's face was filled with admiration. Although he was the strongest swordsman of this era, Bo Yuqing was also a peerless expert who had glimpsed the Supreme Sword intent.

Feiming's face was pale and filled with respect. His right hand held his profound level weapon martial infant tightly, and battle intent surged in his body.

On this journey, he had seen two peerless swordsmen. Even if he were to die the next moment, it would not have been a wasted trip.

Chapter 1123-giant turtle

The power of the sword ocean killed countless creatures as if they were rotten wood. The entire ocean floor turned blood-red, and no living creature could be seen anywhere.

“Gulp!”

The people standing on the giant fish’s corpse swallowed their saliva. They had thought that it would be a fierce battle, but it had ended before they could even make a move.

“Has it ended?”

Yunxiao murmured as he looked into the distance with a bright gleam in his eyes.

“It’s really troublesome. How many random fish are there? Why are they attacking us?”

Bo Yuqing also frowned. After a large number of sea creatures died, a large number of black shadows appeared in the distance again, swimming over quickly.

“I don’t believe that I can’t kill all these trash!”

A cold glint flashed in the eyes of the guest, and he snorted, ” “At worst, I’ll just turn this sea into a Dead Sea!”

The four gates in his body opened, and golden wheels appeared on his skin. They were dazzling.

Just as he was about to rush out, Yunxiao stopped him.

“Let me do it!” Yunxiao said.

An ancient Bell flew out from his glabella and slowly rose up. It floated above everyone and continued to grow.

Yunxiao floated up into the air, took out a big iron hammer, and slammed it down on the dynasty Bell.

“Dang!”

The sound of the bell spread and actually pushed away the sea water, forming an independent vacuum space.

Lightning flashed from the hammer, turning into countless Thunder Dragons that spread in all directions. The Thunder Dragons also disintegrated in the water, turning into small snakes, then earthworms, and finally into countless dense Thunder lights that spread all over the sky.

“Boom boom boom!”

Powerful rumbles came from all directions in the distance, and a large number of corpses floated up.

There were also some powerful fish that had escaped the net, but when they swam close, they were killed by the others.

Liao yangbing laughed and said, “this is a wonderful move. It’s the best way to deal with such a large-scale attack.” If young master Yun had been at the coast of the East Sea that day, Haitian town would not have fallen.”

Yunxiao struck the hammer again, sending out endless sound waves and thunders. The sound of water continued to spread.

The mutated sea creatures in the distance were all shattered into pieces, and a large number of pieces of their bodies floated up in the water.

After two knocks, the entire seabed became deathly silent. It was unknown whether all the mutant creatures were dead or they did not dare to come out, but there was no sign of them for a while.

Bin Chen couldn't help but laugh, "haha, you're more useful!" Those things are scared!"

A cold expression flashed across Bo Yuqing's face, "I'm not afraid, but something more troublesome is coming!"

Everyone's heart trembled, and they hurriedly looked down. They saw a black shadow constantly rising from the bottom of the sea, and there were even bubbles emerging. It was breathing heavily.

The water deity's eye of truth saw the item clearly and said in shock, "Big turtle!"

and it's a ninth-tier turtle," Yunxiao said seriously. it doesn't look like an ordinary ninth-tier turtle.

The guest snorted, "what are you afraid of!" As long as it's not a peak ninth-rank sea beast, we'll all attack together and turn it into dust in seconds!"

Everyone nodded. After all, the two island Masters of xiankong Island were both Peak Eight-stars, and Yunxiao and the others were all very strong.

The water deity's face turned pale and she said in shock, "this aura feels like it's not far from the peak," he said.

The guest's expression changed greatly and he said, "no way!" Why is he so unlucky?"

Yunxiao's expression changed several times as well. His lunar pupil had not recovered yet, so he could not see the turtle's true strength at the moment. you'll know when you go down and try. If he's really a peak rank nine, then we can't let him come up. Otherwise, everyone will be in danger!

He was well aware of the might of a peak ninth-rank sea beast. Yao Jinliang's cloud-burying beast was a peak ninth-rank existence, and it was even stronger than an ordinary peak ninth-rank sea beast.

“I’m not at the peak of the ninth rank, but I feel like I’ll be there soon,” the water deity said solemnly.

Yunxiao nodded and said, “the water deity’s eye of truth shouldn’t be wrong. Let’s suppress him together. Don’t let him come up!

“Alright!”

Everyone stood on the corpse of the giant fish and attacked one after another. For a moment, hundreds of flowers bloomed, and all kinds of moves were slashed down!

The sea water was shaken and evaporated!

“Boom boom boom!”

The giant sea turtle was already extremely slow, and it almost came to a stop under the countless attacks. However, all the attacks hit the turtle shell on its back that was as hard as steel, and it was completely unshakeable!

“Hmph!”

Bo Yuqing snorted coldly, the sword Qi in his hand rushed down, and the sword light completely enveloped the turtle.

The giant sea turtle seemed to have sensed the danger, and a cold light burst out of its eyes. Its head, four limbs, and even its tail were all retracted into the turtle shell.

“Bang! Bang! Bang! Bang! Bang! Bang!”

Countless sword raindrops struck the turtle shell, but they were still unable to shake it in the slightest.

Bo Yuqing's expression changed slightly and he said in distress, "It's a pity that my master's dark wheel weapon is missing. Otherwise, this turtle shell would be as easy as cutting tofu!"

Yunxiao felt a chill in his heart when he thought of The Dark Wheel. Although it could not be said to be as easy as cutting tofu, it was very likely to break the turtle shell. I've heard of The Dark Wheel. What exactly is it?"

Bo Yuqing's face flickered as he gave Yunxiao a vigilant look and snorted, "It's just a slightly sharper profound level weapon."

Yunxiao smiled wryly, knowing that it would be difficult to get any information out of him. oh well, although this turtle is extremely strong, its speed is extremely slow. Let me give it a try.

He stretched out his hand and spread his fingers.

The divine realm tablet directly turned into a mountain and flew down.

...

"BOOM!"

With a loud sound, the divine realm tablet hit the turtle shell hard, causing the giant turtle to tremble a few times.

Yunxiao performed an incantation gesture with his hand, and the light on the divine realm tablet spun. The earth domain opened, and the infinite gravity began to stack and rise rapidly.

The giant turtle was still able to go up against the divine realm tablet for a while, but its speed soon became slower and slower. Finally, it stopped and slowly descended.

what kind of profound level weapon is this?" the water deity asked in surprise. it can't even carry the giant sea turtle?"

Bo Yuqing also stared at the divine realm tablet with a gloomy face and said, "I've never heard of such a Supreme grade profound level weapon since ancient times. What is its name? What was his background? Where did you get it?"

I only know that it's called the divine realm tablet," Yunxiao said with a smile. I don't know its origin. As for where I got it from, would you believe me if I told you that I found it in my family's warehouse?"

Hmph! Bo Yuqing snorted coldly, "you're trying to tell me that this transcendent-grade profound artifact is your family heirloom?"

Yunxiao's heart jolted. He had never thought much about why the divine realm tablet would appear in the Li family of a small country in the southern region, and it was protected by the Vermilion Bird divine fire array at that time.

Besides, he had obtained the true Phoenix Fire near Tianshui. Could it be that Tianshui had a great history a long time ago?

He couldn't help but glance at Bo Yuqing and said, "I got it from the southern domain."

...

the southern region?!

Bo Yuqing was taken aback. Not only him, but the martial artists behind him also revealed strange expressions.

The southern region had always been regarded as a barren land. It was a place that could only give birth to trash and monkeys. It was said that there was not even a single revered martial artist in the entire region. How could a Supreme grade profound level weapon be dug out from that kind of place?

Bo Yuqing's expression suddenly changed, his eyes revealing a look of shock, but it was just a flash, trying to hide his panic.

Yunxiao grinned as he looked at Bo Yuqing and said, " brother Yu Qing, as a descendant of the demon servants, and the descendants of each generation are all world-shaking figures, you must have the most complete collection of all kinds of secrets and information of the heavenly martial realm. Even the sacred zone may not know as much as you do. Brother Yu Qing, you must have recalled something interesting. Come on, tell us, let's make everyone happy."

Bo Yuqing snorted heavily and said, " "Li Yunxiao, you're so cunning! He's deliberately trying to test my reaction!" "I'm sorry, I don't know anything," he snorted.

"Hehe."

brother Yu Qing, " Yunxiao wagged his finger and said with a smile, " you're not an honest man.

Bo Yuqing couldn't be bothered with him and directly turned his head, but his eyes couldn't hide the fear.

Water deity suddenly cried out in alarm. oh my! That giant sea turtle is going crazy. Your divine realm tablet can't suppress it any longer!

Yunxiao looked down and saw that the giant sea turtle was almost pressed to the bottom of the sea, but its body kept spinning. The power of space gathered on its shell and slowly transported the divine realm tablet away. By then, half of it had disappeared.

"Eh?"

Yunxiao looked surprised as he changed the incantation gesture.

The ancient Maha characters suddenly floated on the divine realm tablet. Thousands of rules gathered, and the power of the world spread out. A huge " boom " was heard.

The power of space on the shell of the giant turtle was shattered directly, and the divine realm tablet appeared again and pressed down on the spot!

“Bang!”

Without any suspense, the giant turtle was directly pressed to the bottom of the sea, struggling non-stop.

The tortoiseshell on its back glowed with golden light, and formation patterns appeared in the air, constantly attacking the divine realm tablet. However, no matter how vast the power was, it was all devoured by the power of the world.

The giant turtle let out a low roar, but it still couldn't break free.

“Haha, it's so fun!”

The water deity jumped up and clapped her hands, laughing, “That profound level weapon of yours is really powerful!”

Yunxiao smiled wryly. it's powerful, but it takes too much energy. This giant turtle is the real deal. I can't hold on much longer!

The water deity was shocked, “no way?” I think you have the upper hand!”

this is a sea beast close to the peak of the ninth-tier, ” Bo Yuqing said solemnly. how can it be suppressed so easily? unless li Yunxiao's strength is at the level of a high-level Martial Emperor, then he can bring out the full power of the divine realm tablet.

He stared at the divine realm tablet and licked his lips, not hiding his desire at all.

Ye fan's expression was serious, “then what do we do?” Big brother Yunxiao's profound level weapon can't suppress him, and our combined attack is also useless.”

Bo Yuqing glanced at him indifferently and said, “Don't forget, we still have a powerful trump card.”

“Eh? What trump card?”

The water deity was stunned and became very curious.

Yunxiao pointed up with a smile and said, “Let those six friends of yours spit out the black light and under the air-piercing shock wave, not to mention those close to the peak of the ninth step, even a true peak of the ninth step would be finished!”

Chapter 1124

1124 The four God seal

The water deity smacked her head and laughed, “hehe, how could I forget about toot and the rest!” Keep the divine realm tablet and leave the rest to me!”

She quickly made hand seals and golden light floated from her body as she chanted strange musical notes.

A restless aura came from the sea, as if dark clouds were pressing down. Then, everyone felt a burst of suffocation in their chest.

The surrounding seawater kept bubbling and began to evaporate as if it was boiling. Black shadows began to slowly appear on the surface of the sea.

Yunxiao performed an incantation gesture, and the divine realm tablet immediately turned into a stream of light and flew back into his hand.

The giant turtle was under pressure for a long time, and a boundless anger spread in its heart. A deep roar sounded from the bottom of the sea, stirring up waves that kept surging up.

Its eyes turned Scarlet and bloodthirsty. Its four limbs swam desperately, trying to rush up from the bottom of the sea. Its speed was much faster than before.

“Hu la!”

A large amount of seawater in the sky suddenly evaporated. The remaining water was also torn into two and retreated in all directions.

A powerful black light struck down from the sky, shattering countless splashes of water, and struck the back of the giant turtle!

“Bang!”

The seawater around the giant turtle completely dissipated, turning into a vacuum. The entire turtle body trembled violently, and a black mark appeared on its shell. There was even a dent.

Yunxiao frowned. The strength of this giant turtle was even higher than he had expected. The power of the black beam was comparable to that of the big-faced beast, but it was actually perfectly defended by the turtle shell.

“Boom boom boom!”

A wave of turbulence came from the surface of the sea. At this moment, the entire sea was completely separated. The place where everyone was at was like an abyss in the sea, and they could directly see the vast sky.

Five relatively weaker black glows came one after another, like meteors falling into the dark night.

Everyone held their breath as the light flickered, feeling the power that penetrated the world pass by them. They were so scared that their faces turned pale.

The giant tortoise also saw the danger. Its Scarlet eyes suddenly shrank to the size of red beans, and it hurriedly moved its four limbs to escape!

However, the five world-breaking forces had already arrived and sealed off all the space. It had no way to escape.

“Bang! Bang! Bang! Bang! Bang! Bang! Bang! Bang!”

The five streaks of black light struck the turtle shell and stirred up a black energy that filled the sky. The energy scattered in all directions and pushed the seawater that had already retreated several hundred meters away!

Under the impact of the black light, the giant tortoise’s body was shaken until it was pitch black. Its entire head was spinning non-stop below in dizziness.

The turtle shell was clearly sunken in, and it was charred black, with thick smoke rising from it.

The space around the giant turtle was twisted and changed as it spun, making it look very strange.

“This!” Bo Yuqing exclaimed. The full-force attack of the six deep-sea Giant beasts couldn’t kill it?”

there’s nothing strange about it, ” water deity said. this type of sea turtle is one of the sea beasts with the strongest defense in the sea. Their natural talent is defense!

Suddenly, Yunxiao performed an incantation gesture with two fingers, and a golden light shot out of his fingertips and shot down.

“Bang!”

With a soft sound, the golden light shot into the space where the giant turtle was and turned into a golden symbol.

As for the giant tortoise, it disappeared in a flash of golden light.

“Ah!”

Water deity cried out in surprise as she looked at Yunxiao and said, “You teleported it away?”

I didn’t teleport it away,” Yunxiao said. It teleported away by itself.

“Spatial imprint?” Bo Yuqing frowned.

Yunxiao nodded. I found out just now that it wanted to fly away by itself, so I left a coordinate on its path. I just made it in time.

Liao yangbing’s heart skipped a beat and she asked, “break the sky? Where did the turtle go?”

Yunxiao looked around and said, “although there are ruins nearby, I don’t think it’s the core. And the lost space that Ye Fan mentioned must be the core of this ruin.”

Everyone looked into the distance. There were broken walls everywhere, corroded by the sea water, as if they had been sleeping for thousands of years.

A huge ravine appeared in the center of the ruins. Although it had been a long time, one could still see the might of the past, which split the sky and split the four Seas!

Bo Yuqing teleported directly in front of the ravine, squatted down, and stared at it for a while before saying, “This move is the ultimate technique used to cut off the Lotus Island. There’s no doubt about it.”

Everyone’s expression was stern. Such a powerful slash mark, what kind of strength did it take to display it?

Yunxiao nodded and said, “the Lotus Island should be a sealed profound artifact. It broke after being cut by this move and turned into what it is today. After losing all its spirit Qi, it turned into an Island.

Bo Yuqing looked into the ravine and said, "Not only did this move break the seal, but it also cut directly into the earth vein at the bottom of the sea. The powerful spiritual energy here is overflowing from here. It's such a pity to waste this land of spiritual energy!"

Yunxiao suddenly said, 'I understand! This move was originally cut out from the earth vein!"

"From the earth vein?"

what?" Ye Fan was confused: " did that person enter the Earth vein first? "

I can sense where the giant turtle went, " Yunxiao said with a smile. that space is not far below here. The spiritual Qi did not seem to be from the seabed, but from the lost space. Ye Fan, use your Noah's boat to go over."

"Alright!"

Ye Fan replied. A golden light flashed in his hand and Noah's ship appeared. It kept growing and became tens of meters long. Everyone jumped in.

The battleship started moving, and ancient Maha characters floated out of the body of the battleship, like a fairy scattering flowers.

"BOOM!"

With a loud sound, the entire warship turned into a golden light and disappeared in front of the gully, passing through layers of space.

The next moment, the warship appeared again, but what appeared before everyone was a dark and gloomy world.

...

“This is Wufu.”

Everyone’s eyes widened as they looked around in shock. On the boundless land below, there were lonely boulders scattered around like tombs, telling the loneliness of countless years.

“Is this place really the former palace of Donghai?” the courtier asked in surprise. The master of the sea lives in a place like this?”

the palace should be the ruins above, ” Bo Yuqing said solemnly. and this place is the place the palace is guarding, the place where the rainbow stone is sealed!

The water deity was puzzled, “it’s just a stone, why does it need such a big seal?” Even though the forest of the sea was also sealed by father, it’s still very ordinary.”

Ye Fan was slightly disappointed, ” looking at this place, it’s completely a barren land. It’s impossible for there to be an opportunity to become a deity. I’m afraid I’ve come for nothing.

He looked at Yunxiao, who was a little dazed, and asked in surprise, ” big brother Yunxiao, what’s wrong? ”

Everyone turned their heads and looked at Yunxiao, only to see him staring at the land in the distance with a shocked look on his face. They could not help but follow his gaze.

On the ground not far away, a few lines could be vaguely seen, which seemed to be a formation.

However, in the dust-covered years, it had already become dilapidated and difficult to recognize.

“What, is there a problem with this formation?” Bo Yuqing frowned.

...

Yunxiao's face immediately turned serious as he said in a serious voice, "As expected, you also think so?"

PU Jinshan licked his lips and kneeled down with a 'plop'. He almost wanted to kowtow and growl, "It must be, definitely! It's the long-lost four God sealing formation!"

His eyes were spewing fire as he roared, "Who is it? Who had destroyed the formation? God damn it! He was a sinner of history! I'll definitely tear the person who destroyed it into pieces!"

He looked at the broken formation map on the ground and suddenly burst into tears, beating his chest and stamping his feet.

Everyone's face darkened. They felt that there was another lunatic.

Bo Yuqing's eyes flashed with fear as he muttered to himself, "Four God sealing formation, how could there be a four God sealing formation here? it's just a piece of aegirine, could it be ..."

A thought flashed through his mind, and he couldn't help but tremble.

At the same time, Yunxiao looked at him, and when their eyes met, they immediately understood each other's thoughts. They had the same idea!

Yunxiao's face darkened. With a teleportation, he appeared next to PU Jinshan and put him into the divine realm tablet, then tried to leave again.

Suddenly, there was a "pop" sound, as if a water bubble had burst.

Under the pressure of an unusual force, Yunxiao's teleportation failed!

"Not good! Save him!"

Bo Yuqing was the first to react. While everyone was still at a loss, they heard the sound of a sword.

An unparalleled sword intent pierced toward the ground, shattering everything!

“BOOM!”

The sword intent struck the sky above the four gods sealing formation, and a barrier appeared to block the sword Qi. It then burst into countless Broken Sword lights!

Chapter 1125

1125 The ancient true spirit

This time, everyone reacted, and their expressions changed drastically.

It was peaceful just now without any warning. How did a barrier suddenly appear?

After Bo Yuqing's sword intent collapsed, Yunxiao's expression turned stern as well. At the first moment, he struck out with his ice sword, and the sword technique, Starlight, rose into the air and turned into a pillar of sword Qi, blasting at the place where Bo Yuqing's sword had cut!

His eyes were extremely fierce, and in an instant, he found the tiny cracks in the enchantment that Bo Yuqing's sword Qi had made.

“Boom boom boom!”

The power of the barrier instantly collapsed!

Yunxiao turned into a beam of light and rushed out.

Suddenly, four terrifying auras came from four different directions. Four different colored pillars of light shot up into the sky, causing the ground to shake!

the four-colored light was constantly transforming into all sorts of strange phenomena. There were flowers, trees, insects, fish, birds, beasts, and all sorts of massive ancient beasts.

Yunxiao returned to Noah's ship in an instant and shouted, "Let's go!"

Ye Fan was also shocked by the scene in front of him. It was not until Yunxiao roared that he came back to his senses and hurriedly cast all kinds of incantations.

Rays of golden light lit up on the battleship, and all kinds of rule force flew out, causing the space to shake. It was about to break through the air and leave!

All of a sudden, the four pillars of light disappeared, and four strange monsters of different shapes and sizes appeared. They emitted a monstrous aura, and one of them was the giant turtle that had been forced to run away by the deep-sea Giant beast!

The four giant beasts were chasing each other in the sky. One of them looked like a rooster, but it crowed like a phoenix. Its tail was like a colorful broom. Seeing that Noah's ship was about to break through, the tail of this chicken-like monster flashed and disappeared in the sky.

The next moment, it appeared directly above Noah's ship, and its two claws became huge, grabbing the ship with a bang!

"Boom boom boom!"

Everyone on the battleship felt a huge tremor, and they all fell from side to side.

Ye fan's expression also changed, he said in shock: "What, what kind of monster is this?"

Bo Yuqing's eyes almost popped out as he screamed in fear, "Damn, this must be fake! An ancient true spirit four-eyed bird?"

Yunxiao was also mesmerized. He recognized the bird's shape as well. It was the halcyon bird, one of the ancient true spirits. It had the shape of a chicken, the cry of a Phoenix, and the tail of a broom. It had two pupils in its eyes, so it was called Halcyon.

The rest of the people were even more dumbstruck, their minds instantly going blank.

The ancient true spirit reappeared in the human world?

How could they fight this? No matter how he fought, he would still be dead!

The water deity was the calmest of them all. After a brief moment of shock, her eyes flickered with golden light and she said sternly, "it's indeed fake. Although I can't see its true form, this four-eyed bird is indeed an illusion.

"Hu!"

Everyone heaved a heavy sigh of relief, and their frightened hearts calmed down.

But, Yunxiao's face was still solemn. Although water deity's eye of truth had not reached the great success stage, ordinary illusions could not block the divine ability of extreme eye at all, which was enough to show that this Fake four-eyed bird was by no means a simple person.

"Motherf * cker! Who asked you to act as a true spirit to scare people!"

Bo Yuqing was furious, his sword Qi directly sweeping out!

"Wailing sword rain wind-evil tune!"

A vast ocean of sword energy appeared and slashed at the four-eyed bird!

Feiming's face also darkened, and he raised his Wuying sword. All living beings beheld the stupa!

Although his sword intent was not as high as Bo Yuqing's, he was still an eight-stars Martial Emperor. Moreover, he was a Sword Maniac who had immersed himself in the sword Dao all his life!

With all his might, he slashed down with his endless comprehension of the sword Dao!

There was still an obsession in Fei Ming's heart, which was to draw out his sword and see how big the gap was in the face of Bo Yuqing's wailing sword.

The two sword intents clashed in the air, but it was clear that the wailing sword rain wind was far stronger than the all beings stupa.

The four-eyed bird let out a phoenix-like cry and let out a long cry in the sky, as if it had traveled through time.

Hearing this, the other three strange beasts roared and rushed over. The giant turtle was the slowest and fell behind. Its shell was still black, and the traces of being bombarded by the deep-sea Giant beast had not disappeared.

Woof!!

The four-eyed bird's long cry was mournful in the air. The two sword intents slashed directly on its body, and a large number of seven-colored feathers fell and scattered in the sky.

At this moment, the exotic beast running in the front was actually one-legged, shaped like an ox, and huge. Its entire body was dark black. After jumping a few times in the air, it stomped hard and directly slammed its head into the battleship!

As its huge body charged forward, the entire space trembled with a loud rumble!

another one? ” Bo Yuqing was shocked. it looks like it’s a true spirit too!

“Hmph, I’d like to see if his head is harder than my hammer!”

A cold, mocking look flashed in Yunxiao’s eyes. His body continued to expand, turning into a huge fat man who held the heavenly hammer high.

A ring of lightning stars appeared around him, and the ancient Maha character of the law of lightning shone between his brows. Endless lightning poured directly into the hammer, and bursts of lightning and thunder rang out!

“Hahaha! Interesting!”

The guest also laughed loudly. The four doors on his body suddenly opened, and rays of golden light burst out from his body. Countless complicated golden wheels appeared on his skin, interlocking with each other and evolving endlessly.

He clenched his fists so hard that they cracked. His fists turned golden and suddenly shot out like a blazing sun!

Yunxiao also filled his body with Thunderbolts, then roared and smashed them on the one-legged bull’s head. who told you to act as a true spirit to scare people!

“BOOM!”

The fist radiance and the lightning bolts came crashing down. The two forces combined together and condensed into a rope-like force that struck the one-legged bull’s head!

“Bang!”

...

Boundless power exploded out. The one-legged ox let out a miserable cry that resounded through the world and was directly sent flying.

The four-eyed bird couldn't withstand the attack of the sword Qi any longer, and its feathers were almost all gone. It cried out a few times in grief, let go of its claws, and flapped its wings to escape.

There was also a deer-like white beast with four horns on its head. Seeing its companion getting injured, it suddenly stopped, its eyes filled with shock and doubt, not daring to charge forward.

Ye fan's hands quickly formed seals, and Noah's ship started to flash with a golden light. sit tight, we're going to travel!

"Pa!"

Suddenly, Yunxiao slapped him on the head, scattering the incantation seals that filled the sky, and Noah's ship returned to its calm state.

"Ah? Big brother Yunxiao, why did you hit me?"

Ye Fan touched his head, he was confused.

Yunxiao rolled his eyes at him and said, " I thought we couldn't defeat these four strange beasts, so I asked you to drive Noah's ship to escape. Now, it seems that we are sure to win. Why are we still running? "

"Oh, I see."

Ye Fan touched his forehead in embarrassment and laughed.

...

The four strange beasts stood in a row, looking at the Starship from a distance, all of them revealing vigilant expressions.

Bo Yuqing said solemnly, " I understand. In ancient times, this four gods sealing array should have captured four true spirits to be the array core. However, the true spirits have long disappeared. The person who set up this array had to find four substitutes. But what are these four things? "

"It seems to be the transformation of a profound level weapon?" the water deity asked suspiciously. She wasn't sure, but her intuition was very strong.

that's most likely the case," Yunxiao said. if you want to become the eye of the array, it can only be a profound artifact that can transform into a human form. I don't know if it was the powerful cultivators who used profound level weapons to transform directly, or if it was their own evolution over the long years?"

"What's the Difference?" Bo Yuqing grinned. I'd like to see the true forms of these four profound armaments! You have to know that the things left behind by those Almighty experts back then were all peerless treasures!"

Yunxiao agreed with him very much. He had the cauldron of mountain and river and five Supreme treasures and Mystic artifacts in Mount Meru, the northern Dark cold star Iron and the primordial astral wind in the outer space, the battlefield of ancient gods owned by The Fiend Lord, and the Dragon Transformation pool in the burial land, which was a natural spirit vein. Together with seven Dragon secret treasures and the Dragon shell that could transform a real Dragon, they were all powerful seals.

However, it was a little awkward.

His expression was somewhat grave as he said,"if it's just a rainbow stone, would there be a need to seal it so extravagantly?" He had created an independent space in the underground spiritual vein mine and used the four gods sealing formation to suppress it! And if I'm not wrong, the Lotus Island above the palace ruins is ..."

Yunxiao's face suddenly turned serious as he said, " "Even the damaged Lotus seat under the Xian Kong Island could have been lost here!"

“Ah!”

The water deity exclaimed in disbelief.

Everyone’s heart sank. They also felt an indescribable sense of heaviness.

Bo Yuqing’s pupils constricted as well. Yunxiao’s speculation was reasonable. He had heard that the Lotus platform was very likely to be the eye of the formation of the Lotus Island seal above the earth vein!

Otherwise, how could the Lotus throne left behind by the sea god and the sea emperors be lost in the unknown sea?

Opening up an independent space sealed by the four gods sealing array, setting up the Lotus Island with Amitabha as the array eye, and with the royal family of Dong Hai overseeing it ... Could it be that such a grand arrangement was just for a rainbow stone?

Bo Yuqing’s face turned pale, cold sweat dripping down his back as he said in shock, ” “You, you mean Yingluo?”

The answer was almost obvious!

A cold gleam flashed in Yunxiao’s eyes as he said in a deep voice, ” there’s still the most crucial point. Where did beiming Tianlu go?!

Everyone was also very confused. That’s right, they went out to sea because they had received beiming Tianlu’s message and wanted to come to the eastern sea Palace to search for treasure.

However, at this moment, the scene reflected in their eyes showed that there was no treasure at all. Then, beiming Tianlu must have deceived everyone. What about this swindler now?

Liao yangbing's face also turned ugly. They had spent so much effort and so many people had died to come here from thousands of miles away, but it turned out to be a scam!

it's fine if it's just a scam, " Yunxiao said, his eyes flashing. but I'm afraid of Yingluo.

"I'm just afraid that this is a trap!" He said coldly.

A sharp chill rose in everyone's heart. As Yunxiao's judgment fell, the Lonely Mountain rocks in the entire space seemed to be wailing in sorrow.

Chapter 1126 beiming Tianlu

The atmosphere in the dark space seemed to have undergone a great change. The damaged four gods sealing array suddenly emitted light and began to repair itself.

An extremely heavy feeling pressed down on everyone's heart like a huge rock. All kinds of negative emotions surged in their hearts, and they all became somewhat irritable.

The bodies of the four monsters in the sky trembled even more violently. Each of them roared and flew down, flying into the formation.

"BOOM!"

A strange force suddenly came from the formation and shook the four monsters away!

They desperately used their ultimate skills in an attempt to break through the defense, but they were unable to do so. The giant tortoise also madly used its pitch-black shell to smash against it.

"What's going on? This formation is extremely dense."

"Isn't this the formation that the four of them used to protect themselves?" the vassal asked in shock. How come I can't get in?"

“Bang! Bang!”

Suddenly, two loud explosions came from the array. It was as if Thunder had exploded in the ground, sending dust and dirt into the air. It seemed like some kind of restriction had been broken!

“Ah!”

The water deity cried out in shock and pointed at the array, “ look! The patterns on the four poles of the array!

Everyone looked over. The array was damaged before, and they couldn’t see anything at all. Now, it was basically repaired, and all kinds of complicated lines were beautiful, like a peerless beautiful picture presented in front of everyone.

At the four poles of the formation, four ancient true spirits were vividly depicted, two of which had been destroyed in the previous explosion.

Yunxiao was taken aback as he said in horror, “ “Could it be that Qianqian?”

“Bang! Bang!”

Two more trembles came from the ground, and in the end, the two true spirit images of the one-legged bull and giant turtle were destroyed one after another.

“Swish!”

A light sound of water bubbles popping could be heard and the formation suddenly lost its effect. The four monsters suddenly rushed into it and returned to their respective positions. However, they were extremely violent as they stretched their necks out and roared!

Suddenly, a cold voice that seemed to come from the endless netherworld resounded through the entire sky. It was impossible to tell where it came from.

“You four bastards, stop it! After suppressing me for so long, I’ll use you guys today to exercise my muscles!”

Then, an earth-shattering tremor came. The entire sky darkened, and a ball of demonic Qi appeared out of thin air. It rolled around and emitted a powerful evil Qi!

”

Bo Yuqing’s body trembled as he said in horror, ” “Don’t tell me, don’t tell me it’s Qianqian?”

His face was pale with fear, and he felt terrible.

His faction had been passed down from the demon servants, so they had an innate fear of the demon Lord Emperor. Although they had long felt the urge to betray him over the countless years, the fear that originated from the past generations had already seeped into their bones.

The rest of the People’s faces were also pale. They felt extremely uncomfortable under that huge magical power. They didn’t need to think to know that they were in big trouble.

Yunxiao was the calmest of them all. He was well-deserved to be the one who had dealt with the fiends the most in the world.

The four monsters were all lying dormant on the ground vigilantly. They stared at the demonic cloud with fiendish eyes and kept growling.

Yunxiao wiped his cold sweat and said, ” it’s really an unlucky year. Devils are released everywhere I go. Now, there’s only one Devil’s seal left in the entire realm of heavenly martial arts.”

He shook his head in self-mockery and said with a bitter smile, " I'll return to Yanwu after this trip to the East Sea. I'll stay at home every day. I don't think I'll let the devil out, right? "

As he spoke, the rolling demonic Qi gradually condensed into a man in white. He had Starry Eyes and sword-like brows. His long hair fluttered in the wind, and he exuded a cold aura.

"Beiming Tianlu!"

Liao yangbing suddenly cried out. He didn't expect it to be beiming Tianlu!

Beiming Tianlu turned his head around. His eyes focused and the corner of his mouth rose slightly. He revealed a trace of an evil smile and said,"Hehe, so it's brother Yang Bing. You've indeed lived up to your promise back then and have come to save me. "

Liao yangbing swallowed and said with difficulty, " "Brother Tianlu, what's going on here?"

Beiming Tianlu smiled and said,"it's nothing serious. I've just been trapped in this place." Many thanks to brother Yang Bing for bringing experts to help me lure out these four beasts, giving me a chance to escape!"

Liao yangbing broke out in a cold sweat and said, " "Why is brother Tianlu trapped in this ancient four God sealing formation?"

"Oh? Brother Yang Bing actually recognizes this formation?"

Beiming Tianlu's expression became depressed. He chuckled and said,"It's a long story, let me deal with these four beasts first before reminiscing with you and this group of friends."

His gaze swept across everyone, and he unconsciously stuck out his tongue to lick his mouth. He grinned hideously and said, " "I can feel that some of your friends are very interesting, hahaha!"

As he laughed, he suddenly turned into a cloud of black gas and fell directly from the sky, charging toward the four monsters.

The four-eyed bird let out a long cry and flapped its wings as it rushed up. Its two huge claws directly grabbed at the black demonic Qi.

“BOOM!”

The black demonic Qi immediately transformed into a huge face. It opened its mouth wide and swallowed the bird. Then, it turned back into rolling black clouds.

The other three monsters were all howling incessantly. The one-legged bull suddenly growled and charged over with its head.

The four-horned monster that looked like a deer but wasn't actually a deer let out a long roar. The sound of a tsunami came from the entire sky, and a huge water pillar condensed out of thin air, blasting toward the black cloud.

Bo Yuqing's face turned pale. this deer monster transformed into an ancient true spirit. Its divine power is to summon water!

The giant turtle also retracted its head and feet. Its shell continued to spin in the air as it crashed into the giant turtle.

“Boom boom boom!”

Three overbearing attacks rushed towards the black cloud. The halcyon bird's cry came out from within, and a bird's head appeared. Its eyes gave off a demonic look. It opened its mouth and spewed out fire, burning the entire black cloud.

Yunxiao! Ye fan's face was pale. big brother Yunxiao, should we go up and help? ”

Yunxiao also wiped his sweat as he turned to Liao yangbing and said, "Do you think this person is beiming Tianlu or the devil Lord?"

...

Liao yangbing was stunned. He shook his head with a bitter smile and said, "It looks like beiming Tianlu. However, I have a very good relationship with this divine power monastic robe. He shouldn't be harmful to us, right?"

Yunxiao did not know what to do. "Then let's wait and see."

"Hmph!"

Beiming Tianlu's voice came through and he snorted heavily.

Then, the black cloud suddenly became bigger, shaking the four-eyed bird and the other two monsters away. A huge black Hand stretched out from the cloud, grabbed in the air, and extinguished the monstrous water pillar!

After the black cloud turned into a hand, it continued to grow until it was more than ten Zhang tall. It also turned into a three-headed and six-armed Dharma form with a ferocious face.

The six arms used all sorts of techniques to attack the four monsters.

this doesn't feel right, " Yunxiao said, sweating. is this man really beiming Tianlu? "

"It's my ass!"

Bo Yuqing's expression was extremely ugly as he said, "His body must've been taken over by the devil Lord. He's really done for this time!"

run! Yunxiao's face flickered. run!

...

"You're not going to save the four monsters?"

Yunxiao smacked the back of his head and scolded, "You're stupid! Let's leave while these four monsters can still hold on for a while!"

"Alright!"

Ye Fan touched his head. Not daring to disobey Yunxiao's words, he hurriedly cast a Divine Art, trying to use Noah's ship to travel away.

"Eh? My friends, I haven't even thanked you, how can I leave?"

The eyes on one of the heads of the huge demonic shadow were squinted, and a charming smile appeared on its face.

However, the moves of the six arms became more and more powerful, and they smacked down four monsters with each move.

The first one to give in was the hallowed bird. It was caught by the specter and its neck was broken!

As soon as the four-eyed bird died, rays of light burst out from its body and turned into a profound level weapon that fell into the hands of the demon master.

The water deity's eyes were the sharpest, and she suddenly cried out, "That's a Suan ni, that's a Phoenix-winged purple-gold crown!"

The other three monsters felt sad for the death of their kind. They roared and charged forward.

Noah's ship's light became stronger and stronger, emitting the power to travel through space, and it was about to escape!

One of the eyes on the specter's head suddenly opened and burst out with a fierce light. It shouted, "Brother Yang Bing, I told you not to leave, but you still want to leave. You're not giving me any face!"

He freed one hand and formed a hand seal, which pressed down like a mountain!

you have three faces," Yunxiao sneered. how can I give you so much face? "

He opened the immemorial heavenly eye at the center of his brows and the true Phoenix Fire condensed, instantly turning into the shadow of a Phoenix. It let out a long cry and burned up.

The cry of the phoenix pierced through the heavens and earth, causing the demonic Shadow's heart to tremble. He exclaimed, "What?"

"BOOM!"

His demonized hand was burned by the Phoenix Fire, and he quickly retracted it in pain, revealing a look of horror.

But soon, his pupils shrank as he saw through the Phoenix's shape. He said in anger, "It's just a wisp of flame, you lied to me!"

The black palm once again condensed into a small mountain and slammed down!

"BOOM!"

Noah's ship instantly emitted a strong light under the boundless demonic Qi and disappeared into thin air.

The huge demonic palm landed on the ground, and everything within a radius of several thousand meters collapsed!

”

The specter suddenly screamed in anger.

The anger in his chest exploded as he stared at the three monsters. He roared and raised his foot to stomp on them!

“Boom boom boom!”

The space started to collapse.

As soon as Noah’s ship was teleported out of the Leyline space, it felt a huge force burst open underground. The entire underground Leyline began to collapse, and countless seawater suddenly poured down.

“Fly to the sky immediately!” Yunxiao shouted. Only with six deep-sea Giant beasts and US can we fight against the demon master!”

“Yes!”

Ye Fan acknowledged and used the divine Art once more. Noah’s ship passed through the waves and headed towards the surface of the sea.

“Boom boom boom!”

All kinds of rumbles kept coming from below the ruins. Soon, a white shadow rushed out and chased after them at an extremely fast speed.

Yunxiao's face changed drastically as he said in horror, "How could it be so fast?"

He realized that he had misjudged Beiming Tianlu's strength. Those three demonic beasts were all approaching the peak of nine-star!

"Bang!"

The battleship broke through the water surface and directly rushed into the sky!

Chapter 1127

1127 Four Supreme treasures

With the destruction of the underground spiritual vein at the bottom of the sea, the strange space and time rules above the sea also lost their power supply, and a series of changes began to take place.

The twisted space gradually became flat, becoming the same as the entire sea.

Many figures began to appear on the boundless ocean. They were the people of the Beiming family. They had also rushed over from thousands of miles away.

When the Beiming family arrived at the destination, they were also confused. They couldn't find any signs of the ruins.

Just as he was having a headache, he saw the space bounce open and Noah's ship break out of the sea.

When the two groups of people met at this moment, they were both stunned and had different complicated feelings.

In particular, the six deep-sea Giant beasts that appeared with Noah's ship made the Beiming family's faces extremely ugly.

The two groups only met for an instant before Ye Fan directly drove the Noah's ship and flew past the beiming family group.

"Stop them! Don't let them escape!"

Suddenly, a cold and gloomy voice came from the bottom of the sea. With a "bang," beiming Tianlu broke through the surface of the sea and shouted at the people of the beiming family in the distance.

"Argh! You're Yingluo."

With the sharpest eyes, beiming kangtian was the first to realize that the man who was chasing Yunxiao and the others was his clan brother. Although it had been decades, he could still recognize him at a glance.

Although he did not know what means beiming Tianlu had used to hunt Yunxiao down, he knew that Yunxiao was someone he had to kill. Without having time to think, he hurriedly turned into a stream of light and chased after him, then struck with all his strength!

"Boom boom boom!"

The entire warship trembled from the impact and its speed suddenly stopped!

"Your sister! You should die!"

kill him! Yunxiao was furious and shouted. kill him!

On the warship, Bo Yuqing and the officials attacked at the same time. Both of them were burning with anger. To be stopped at this critical moment, a single line could be the difference between life and death!

"Wailing sword rain wind-Shadow Realm!"

“Kuafu chasing the sun!”

In order to get rid of Darknorth Kangtian as soon as possible, both of them had gone all out, using the most powerful skills they had ever used!

Darknorth Kangtian’s face turned deathly pale. Under the joint attack of the two, he felt a sense of death approaching, which made him shiver.

“Swift as a startled Swan!”

The three moves from beyond the heavens reappeared, and a strange phenomenon appeared as it slapped down on the two combined forces.

Between life and death, his potential exploded several times. All his luck and power were gambled on this palm!

“Boom boom boom!”

Darknorth Kangtian vomited a large mouthful of blood and was sent flying like a kite with a broken string, splashing water on the surface of the sea and bouncing hundreds of meters away. It was unknown whether he was still alive or not.

“Cousin Kang Tian, you’ve worked hard. You’re really the pillar of our Beiming family!”

Beiming Tianlu’s voice resounded on the battleship. Everyone was shocked and hurriedly turned their heads. They found that the white-robed Beiming Tianlu was already standing quietly at the front of the battleship, coldly staring at them and occasionally licking his lips.

The other members of the Beiming family were still unable to react in time, their faces filled with shock.

Beiming Laifeng was one of the more intelligent ones, and he finally understood what was going on. He said with wild joy, “You, you are elder Beiming Tianlu?”

“What?”

Beiming Tianlu turned his face to look at him. He squinted his eyes and smiled, “A peak three-star Martial Emperor’s power, your strength is not ordinary. Kid, are you a genius of the beiming family?”

Beiming Laifeng was overjoyed. He hurriedly stepped forward and greeted, “Junior beiming Laifeng has been appointed as the successor to the palace Master. Greetings, elder Tianlu!”

He was excited. When he saw the pale and solemn faces of Yunxiao and the others, he knew that his luck had turned. It seemed that the senior of the beiming family in front of him had the power to kill them!

Beiming Tianlu squinted his eyes and said with a smile, “not bad, not bad. I’m very relieved that beiming Dark Palace has a successor like you.” I’ll come back to have a good chat with you after I thank these friends.”

“These people have always been enemies with our beiming Dark Palace. It’s a pity that I’m so weak. Elder Tianlu, please help us,” beiming Laifeng said with a happy expression.

As soon as he finished speaking, he immediately flew back with a sneer on his face. At the same time, he went to darknorth kangtian’s rescue in the direction he was sent flying.

Beiming Tianlu twisted his neck, as if it had been sealed for too long and was a little stiff. He laughed teasingly, “Brother Yang Bing, your friends seem to have some sort of grudge with my beiming Dark Palace.”

“Brother Tianlu, if you were still beiming Tianlu, would you still remember our friendship back then?” Liao yangbing asked in a deep voice.

“Friendship from back then? Of course I remember. Otherwise, the first thing I thought of when I was trapped was to ask brother Yang Bing for help.”

Beiming Tianlu said with a smile, but his entire person exuded an enigmatic air.

“If that’s the case, please let us leave,” Liao yangbing said.

haha, how can I do that? I haven’t even thanked you yet!

Beiming Tianlu laughed in a strange manner. The waves on the surface of the sea rolled up along with his laughter.

“Hmph!” Liao yangbing snorted, “then how does brother Tianlu plan to thank us?”

Beiming Tianlu smacked his lips. He crossed his arms in front of his chest and said with a smile, “Naturally, I’m going to grant you all Supreme glory!”

“Damn it, I knew it!”

Yunxiao’s face darkened as he cursed, ‘Supreme glory? Do you want us to be your Godfather or your ancestor? Come over and kneel down and kowtow to this Lord!’

He and Bo Yuqing were the clearest about the Supreme glory the other party was talking about. It was either a demonic slave or a demonic servant.

Beiming Tianlu’s face instantly darkened. He roared, kid, what did you say?!

The water below rose with his anger, and the entire sea began to roar.

I’m very interested in your current state, ” Yunxiao sneered. are you the demon Lord or beiming Tianlu?
”

...

Beiming Tianlu's expression changed greatly and he shouted in shock, "You also know about the demon Lord Emperor?"

Yunxiao and Bo Yuqing exchanged a glance, and both of them were moved. The other party did not look like he was controlled by a demon, but more like Beiming Tianlu who had been demonized.

after obtaining the demon Emperor's power, " Yunxiao probed, " other than feeling strong, do you feel uncomfortable in many places? "

Beiming Tianlu was shocked, "you, you really do know some inside information!"

His eyes were filled with killing intent, and black demonic Qi floated out of his body, dyeing the sky Black.

Yunxiao was overjoyed. This man was indeed Beiming Tianlu, not the devil Lord. It would be much easier to deal with him now.

He sneered, 'you think you're so great just because you've obtained some power of the demon master? I also have devil essence, and I also know Devil Arts!"

He formed hand seals with both hands, and black demonic Qi gushed out of his body, turning into a true fiend Dharma idol. It appeared behind him and stood under the sky.

"Argh! You, you're also Yingluo."

Beiming Tianlu was immediately dumbfounded. He stood there in a daze and stared at the true fiend Dharma idol in a daze.

At this moment, a ray of light suddenly shot out!

...

Bo Yuqing's sword slashed the sky, and the sword Qi of the wailing sword rain wind swirled out, the power of the Shadow Realm descending from the sky.

Beiming Tianlu's myriad of demonic Qi was directly enveloped by the sea of Swords and shattered!

Everyone came to their senses and immediately attacked.

Beiming Tianlu was furious. He let out a loud roar and gathered the devil Qi in his palm. Black Qi burst out from his body and blasted in all directions!

"You want to hurt me with the strength of an ant?"

Beiming Tianlu sneered and pushed out his palm. The black light in his hand turned into countless streams of earth energy and shot out, instantly scattering the Sea of Swords that had enveloped the surroundings!

Suddenly, his body trembled, his pupils constricted, and he sucked in a cold breath.

A ray of black light directly blasted down from the sky, completely locking down the entire sea region!

It was the realm-breaking Black light that toot had spat out. It could not be avoided!

"Argh! Impudent!"

Beiming Tianlu roared loudly. His body suddenly enlarged. His hands formed a seal and blasted toward the black light!

"Boom boom boom!"

The seals in his hands were instantly shattered by the power of the black light. The remaining power suddenly blasted on his body, and with a bang, a large hole was blasted open!

In the distance, the members of the beiming family trembled, their faces filled with fear.

Seeing that their support was about to be killed, all of their faces turned pale and they were thinking about how to escape.

Beiming Laifeng was also dumbfounded. According to his thoughts, someone who could chase Yunxiao and the others to the point where they had to run for their lives must have an extraordinary divine ability. But, he did not expect that he would be finished off in just two moves.

Darknorth kangtian almost coughed up blood on the spot. He was already seriously injured, and at this moment, he was drenched in cold sweat. He felt that the sky was turning dark, as if he could already see Yunxiao and the others cutting them down.

“Argh! You actually injured me?”

Beiming Tianlu was shocked and furious. He roared and made a hand seal. The Big Hole in his chest was directly healed!

“Ah?”

The members of the beiming family were all dumbfounded.

The water deity's face was cold as she once again whispered a secret message. While beiming Tianlu was healing his wounds, the other five deep-sea Giant beasts also opened their mouths and spat out black light that fell one after another.

“BOOM! BOOM! BOOM! BOOM! BOOM!”

Beiming Tianlu couldn't avoid it in time. At the same time, he couldn't avoid the world-breaking force either. He was hit and screamed again and again. After that, there was no more sound.

Everyone from the Beiming family, who had just heaved a sigh of relief, once again felt their hearts leap up to their throats. They widened their eyes in fear.

Suddenly, the water deity's expression changed. She stared at the black energy and cried out, "This, this is Suan ni, the four profound level weapons left behind by the sea god!"

Beams of golden light shot out from the black light and pierced the sky!

As if the first rays of the morning sun had pierced through the darkness, a ball of golden light slowly appeared in the sea.

Beiming Tianlu's face was ice cold. The Golden battle armor on his body faintly appeared in the black light. He held a golden broadsword in his hand and suddenly slashed down in all directions!

"Chi la!"

The berserk energy was dispersed by the saber, and he was like a god that had descended to the world. His body was shining with golden light, and he stood in front of everyone in an awe-inspiring manner!

"Daqiao bugong sword, Phoenix-feathered purple gold crown, golden chain mail, and cloud-walking lotus silk shoes!" The water deity exclaimed.

Everyone's heart sank. Although they didn't know what level these four Supreme treasures were, when Beiming Tianlu wore them, they emitted endless power. They even caused Noah's ship to hum in a low voice!

Taiyi had explained on Weibo that the latest updates were not up to standard. You can add him and check the history of the updates. Taiyi was really embarrassed.

Chapter 1128

1128 Eight distresses sword style

Yunxiao was shocked as well. "These four profound level weapons, Kasaya."

He could also tell that they were the four beasts that had transformed from before. Every single one of them was a ninth tier existence. Originally, having four ninth tier profound armaments was not a big deal. But these four profound armaments could actually stack and combine together, forming an extremely strong vibration that could even shake a transcendent grade profound armament!

Bo Yuqing's expression was also abnormally ugly as he gritted his teeth and said, "Ninth tier profound armament set!"

Water deity looked at beiming Tianlu in a daze and said in a daze, "So the four treasures left behind by the Lord seagod were lost here. No wonder they haven't appeared in so many years."

hahaha, so strong, such a strong power!

A trace of evil flashed in beiming Tianlu's eyes. He laughed coldly and said, "As expected of the profound level weapon that has suppressed me for so many years. I've forgiven you for your past sins, hahaha!"

All the hatred and anger that he had accumulated for a long time seemed to have dissipated at this moment. He was in a good mood.

The water deity's eyes flashed with a trace of coldness, and she said coldly, "This is a treasure left behind by Lord sea god. It can't fall into the hands of outsiders!"

She raised one hand to the sky, and the deep-sea Giant beast too once again made a few "Lululu" sounds. It then spat out a black light, which blasted down from the sky.

Under the black light, the entire ocean became dead silent.

Beiming Tianlu's eyes turned cold. He raised the broadsword in his hand and the sword Qi directly blasted out!

The purple crown, golden armor, and cloud shoes on his body all emitted a powerful and blinding light. In an instant, the sky was filled with a golden color, which rivaled the black light.

“BOOM!”

The sword Qi and the power of the black light collided in the air, causing boundless energy to spread in all directions.

The members of the beiming family were all extremely shocked as they desperately tried to escape into the distance. However, those who were slower were caught by the force and turned into ashes in an instant.

Noah's ship was also rippling in the mixed power that broke the black light and golden sword Qi. Circles of golden light floated up from the ship, forming a defensive barrier.

The people on the battleship were all dumbfounded. Although beiming Tianlu had also been hit by the energy attack, he was safe and sound. He stood on the sea with a golden light and laughed loudly!

“Hahaha! Was this the legendary deep-sea Giant beast? It's only so-so!”

The arrogant laughter reverberated in the sea and the sky, making everyone bewildered.

Even beiming kangtian and beiming Laifeng's faces had become somewhat grave at this moment, as if they had sensed that there was something wrong with beiming Tianlu.

At the very least, his shattered chest could still heal itself. This was simply too unbelievable.

Both Yunxiao and Bo Yuqing broke out in a cold sweat. They knew very well how powerful the realm-breaking Black light was. To be able to resist it with one sword strike, being Tianlu's strength was no longer beneath Guangyuan's!

"Lululululu!"

The other five deep-sea Giant beasts also cried out one after another, and each of them spat out a black light, shooting it down one after another.

Beiming Tianlu sneered and said, "you featherless beasts, get lost and go back to the deep sea. I'm not someone you can act so atrociously in front of!"

The sword Qi condensed and he held the sword in a sword posture. Golden light scattered around him, showing sword talismans one after another, and the weapon essences were competing.

"Eight distresses sword style!"

Beiming Tianlu lightly chanted and his sword posture changed. Sword talismans filled the sky.

"Life, old, sickness, death, love, separation!"

The sword of five distresses turned into thousands of golden rays. The four treasures resonated at the same time. Sword Qi soared into the sky and slashed towards the five rays of black light!

"BOOM! BOOM! BOOM! BOOM! BOOM!"

Under the powerful sword Qi, the five black lights dissipated.

Beiming Tianlu's aura soared to the nine Heavens. The resonance of the four profound level weapons became more and more intense, causing huge waves to rise in the entire ocean!

The profound artifact, the skillful profundity sword, emitted a blinding light like the sun. After the sword talisman shattered the black light, it did not decrease but increased instead. The huge sword pressure directly pressed down on Noah's ship!

"Hatred, desire, and accumulation!"

The eight distresses sword style did not slow down. Sword talismans continued to float from Beiming Tianlu's hands, as if chanting from a distance.

"Six sorrowful senses, sinking into the eight sufferings. Without the great saint, who can save Huiqiao?"

An illusory figure appeared in the sky. From a distance, it looked like the illusory figure was clad in armor and was standing on the Lotus seat. It was as if it was an image projected from an infinite distance.

"Argh! The sea god's Phantom!"

The water deity cried out in shock and trembled as she looked at her ancestor's figure in disbelief!

"Lululululu!"

At this moment, the six deep-sea Giant beasts cried out again. However, this time, they were terrified. Their huge bodies trembled in the sky, causing the entire sea to tremble!

Suddenly, all the golden light in the sky gathered together and turned into a sword in Beiming Tianlu's hand. It was neither heaven nor earth, and there was nothing and no me!

"The Dao is impermanent, and the suffering is infinite! Go to hell!"

Beiming Tianlu coldly shouted. The boundless Majesty of the heavens and earth descended. The entire sea region trembled and the sky wailed!

Noah's ship floated up with golden light under this divine power of heaven and earth. A vast power extended out, trying to break this sword power!

"Void forms of all laws, divine palm of wisdom!"

Ye Fan finally could not resist the sword pressure, his face turned pale as he used all his strength to form a divine palm!

A huge Golden Palm shadow rushed up from the battleship and smashed toward the boundless sword power!

The rest of the people also raised their strength to the extreme, and all kinds of ultimate skills appeared!

"Wailing sword rain wind-Imperial Dragon!"

Bo Yuqing roared, and the third move of the wailing sword rain wind that he had never used before broke through the air. A Dragon's Roar shook the nine Heavens, turning into a Green Dragon Shadow that roared and pierced through the heaven and earth!

"Light of the Holy wheel, the sun and the moon ring together!"

...

The officials' expressions were also more serious than ever before. Golden wheels floated around their bodies, and they each held a Golden Ball in their hands. It was as if the sun, moon, and stars were spinning in their hands, shining on each other!

Then, the light of the sun and the moon combined into one, turning into a fist radiance that formed a world of its own and shone into the sky!

"Your sister! Each and every one of them has a hidden hand!"

Yunxiao could not help but curse. The power of these two ultimate techniques was infinite, far beyond the previous ones.

These people were all cunning vixens, and they would not reveal their final trump card unless they were in a life and death situation.

This also proved that the power of beiming Tianlu's sword was too powerful. Even the two Peak Eight-stars martial emperors could feel the danger of death and had to risk their lives!

Yunxiao was also shocked by the might of heaven and earth, and he dared not hold back any longer. He suddenly thrust out his cold sword, ice and frost, and a strange phenomenon rose in the sky as boundless sword intent spread out!

“Demon Slayer, star obliteration, morning light!”

“Three swords as one, ten thousand swords return to the origin, sword cuts the stars!”

A vast sword intent rushed out and turned into a huge sword shadow that broke through the air. The cold sword was covered in frost and a sharp intent!

Standing on Noah's ship, Yunxiao exuded a sovereign's temperament as he faced beiming Tianlu, who was standing in the distance, like the stars and the moon competing for brilliance!

...

“Let's go all out!”

Fei Ming roared in his heart. Under this boundless and vast power, the bloodthirst in his blood burst out. His entire body changed and he appeared to be in a half-demon state. Scales appeared on his skin.

The Wuying sword turned red!

“Eliminate filth and form consciousness, all living beings behead the stupa!”

He also charged up with a sword, following that peerless technique!

The rest of the people also took action one after another, like the stars surrounding the moon. For a moment, hundreds of flowers bloomed on the sea, and countless fireflies competed for brilliance!

Under beiming Tianlu’s eight distresses sword was a sea of stars!

The members of the beiming family, who were hiding in the distance, widened their eyes. They were all dumbstruck by this magnificent scene.

“Boom boom boom!”

The sword momentum cut into the sea of stars, turning the sky upside down and collapsing the universe!

The boundless ocean went against the current and cracked the sky!

Golden light scattered across the entire sky and sea. Thousands of rules were shattered, and a sharp light struck the four poles!

Under this boundless destructive power, there was a faint shadow that was unstable and about to disappear at any moment.

Everyone’s eyes were wide open as they stared at the image of the figure stepping on the Lotus platform between the sky and the sea. Although it was only an illusion that had crossed thousands of years, its beauty and wisdom could still be seen.

He was like Amitabha, wearing a Phoenix-winged purple-gold crown on his head, a golden chain armor on his body, and a pair of cloud-walking shoes with lotus roots on his feet. He had a solemn Dharma appearance!

“Six sorrowful senses, sinking into the eight sufferings. Without the great saint, who can save huiqiao?”

As the figure chanted, the majestic figure silently shattered and dissipated into thousands of dust, perishing between heaven and earth forever.

Everyone was completely stunned by this scene. Even Beiming Tianlu’s eyes were filled with bewilderment. He looked around in horror, as if he wanted to find that shadow.

“It’s not easy for the eight sufferings to destroy di, but it’s difficult to separate and never disappear.”

Water deity muttered to herself in a daze. Her face was filled with confusion, as if she was lost in endless thoughts.

“Don’t be in a daze, fight!”

Suddenly, a loud cry broke the silence. Yunxiao rose into the sky, and the sword’s body was as one. Ancient Maha characters emerged on the cold sword’s frost as it slashed down!

“Sword technique-demon slaying!”

After the star slasher, this was already the strongest sword move he could use!

The rest of the people also came back to their senses. The move just now had exhausted most of their strength. At this moment, they gritted their teeth and rushed out of Noah’s ship. Like countless meteors streaking across the sky, they fell into the boundless sea!

Beiming Tianlu was extremely shocked. He had used all his strength in that sword attack just now, but he still couldn’t kill them all. This was a huge blow to his confidence.

“The parting of love of the eight distresses sword!”

Beiming Tianlu's face sank. He slashed out the sword of parting love and struck the demon-slaying sword, directly splitting the sky!

The sword momentum completely suppressed the demon-slaying sword incantation, and the boundless sword laws shuttled through and slashed at Yunxiao, only to be blocked by the devil-sky silk!

"Bang!"

The devil-sky silk trembled from the sword Qi, but Yunxiao's body flickered with golden light as he opened both doors and withstood the remaining power, safe and sound.

However, his origin power had also been exhausted, and he could no longer fight. He directly flew down from the sky, and his feet stepped on the rough sea surface, forming hand seals to regulate his breathing.

At the same time, there was a flash between his eyebrows. The divine realm tablet flew out directly, and several figures flashed out from it.

They were none other than mo Xiaochuan and the others. They all transformed into a stream of light and charged toward beiming Tianlu.

It was no longer a secret that he had the divine realm tablet, a Supreme-grade profound artifact, so he had no more worries.

Chapter 1129

1129 A thing more painful than death

As soon as mo Xiaochuan's Tiangang devil-rinsing sword was drawn, a vast and righteous Qi spread out and directly cut apart the devil Qi around beiming Tianlu.

"Eh? This is Yingluo."

Bo Yuqing's brows furrowed and he suddenly exclaimed, "Tiangang demon-slaying sword?!"

His expression became uncertain as he said in horror, "You're from the Mo family in Black Iron City?"

Mo Xiaochuan didn't have time to answer. He broke through the Devil Qi with his sword and stabbed at Beiming Tianlu's forehead!

"The mortal world gazes at Ying Haoyue!"

"Clang"

Beiming Tianlu raised his left hand and gently pinched with two fingers. The tip of the sword was pinched between his fingertips and could not be pushed any further!

The difference in cultivation between the two of them was too great. It was like the difference between heaven and earth!

"Hmph, ants!"

A trace of coldness flashed in Beiming Tianlu's eyes. He flicked his finger. It was just a light flick, but it made the entire sword shake!

"Clang!"

The sound of the sword vibrating could be heard continuously. Mo Xiaochuan spat out a mouthful of blood on the spot as he was sent flying by the force of the finger. Half of his body was completely numb.

At this moment, he finally understood how powerful the enemy in front of him was and how weak he was.

Suddenly, a strong hand patted his shoulder and said, "Don't taint this sword with your weak strength. Let me do it."

Before mo Xiaochuan could react, he felt a sharp pain in his wrist. The Tiangang devil-rinsing sword, which was closely related to him, had already changed hands.

"You're so silly!"

He was shocked and furious as he cursed at Bo Yuqing, "Give me back my sword!"

Bo Yuqing sneered, "the weak only know how to beg?" This sword isn't something that trash like you can use. Get lost!"

His single word, 'scram', contained boundless mental power. It shook mo Xiaochuan so much that he spat out another mouthful of blood and fell from the sky.

"Huala"

Mo Xiaochuan fell straight into the ocean, causing a splash. He seemed insignificant in the face of the boundless waves.

Yunxiao's face darkened, and a cold gleam flickered in his eyes as he stared at the man.

Bo Yuqing seemed to sense it and turned his head slightly, chuckling, "Oh? I've forgotten that Lord Yunxiao seems to have a disciple who is from the mo family in black iron City. Could it be him?"

The corners of his mouth rose slightly as he chuckled, "Speaking of which, this Tiangang devil-rinsing sword still has some connections with my master's lineage. Returning it to my hands can be considered not disgracing him. Lord cloudsky, do you want to stand up for your disciple?"

Bo Yuqing was still a little afraid that Yunxiao would make a move, so he deliberately provoked him so that Yunxiao would not make a move because of his identity.

Yunxiao's face was livid. He snorted coldly and lowered his head to look into the sea, searching for Mo Xiaochuan.

Mo Xiaochuan fell into the ocean and was thrown a hundred meters away. He felt a sharp pain in his head!

Bo Yuqing's spiritual attack was fierce and brutal, directly bombarding his spiritual altar and sea of consciousness. His entire person was confused, as if thousands of blades were cutting his brain inch by inch.

”

He held his head in pain and rolled around in the water. Black blood oozed out of his pores.

His eyes were filled with grief and anger. Countless years of bitter cultivation and struggle, day and night, in exchange for a body of trash cultivation. Under the other party's one word "get lost," he really got lost!

Under the intense pain, fragments of memories appeared in his mind, and the dust-covered past kept surging out.

“Bang!”

There seemed to be some kind of power breaking in his spiritual altar and sea of consciousness, and a piece of sealed memory gradually became clear.

Outside the black iron City, the young man trembled as he held the small sword tightly. He walked toward the God-eliminating cave step by step.

This was the Mo family's forbidden land, and also the Land of Trial.

Anyone who had committed a capital crime in the mo family would be driven in. As long as they could come out alive, all the criminals would be exempted.

However, for countless years, mo Xiaochuan had never heard of anyone coming out alive.

A huge fear kept spreading in his heart, but he would die even if he didn't go in. The fierce man in white was guarding outside the cave. If he turned back, he would definitely be skinned and his flesh would be cut.

Mo Xiaochuan dispelled his grievances and fear and mustered his courage to rush in.

”

He kept shouting to boost his courage as he ran into the cave.

There seemed to be nothing inside other than darkness. Mo Xiaochuan mustered all his strength and sprinted for an unknown distance.

He couldn't even see his fingers in the darkness. He didn't dare to stop, and he ran faster and faster.

But soon, a problem arose. He didn't know how far he had run, but it definitely wasn't short. However, this cave seemed to have no end, as if it led directly to the yellow spring.

”

The sound of encouraging himself kept echoing in the cave, but it was getting weaker and weaker until it was almost inaudible. Mo Xiaochuan did not know how long he had been running for, but he finally ran out of energy and fell to the ground, unable to get up.

Suddenly, a weak sigh sounded in his ear.

“Ah!”

Mo Xiaochuan was shocked. He felt a surge of energy and jumped up. He held the ordinary iron sword that Gu Feiyang had just forged and looked around vigilantly.

The voice sounded again, and it said softly, “You’re not on death row, how did you get in here?”

“You, Who are you?”

...

Mo Xiaochuan mustered up some courage and asked carefully.

The voice didn’t answer, only asking, “You still haven’t answered me, why did you enter the mo family’s forbidden area.”

“I want to become stronger! I want to become a peerless expert like my father!”

Mo Xiaochuan suddenly found the courage to shout.

At this moment, it was as if all his strength had been restored. He held the sword in his hand tightly.

“Oh? A peerless expert? Tsk!”

The voice said disdainfully, “other than hangfei, when did the mo family have any peerless experts?” Even if it flies, it’s only okay.”

Mo Xiaochuan’s heart trembled. Mo hangfei was the mo clan’s current ancestor, a renowned expert!

“Who are you? how dare you hide in the dark and brag!” He said angrily. Even the seven great sect Masters can’t guarantee that they’ll win!”

“Hahaha!”

The voice seemed to be amused by him and couldn’t help but laugh, “I’m bragging? It’s not that I’m looking down on mo hangfei, but he might not even be able to defeat the man in white outside the cave.”

...

Mo Xiaochuan fell silent. In the battle between Gu Feiyang and the ancestral elder, although they had only exchanged two moves and seemed to end in a draw, the ancestral elder’s words seemed to suggest that Gu Feiyang had the upper hand.

“What, did I hit the mark?”

The voice was filled with mockery.

“That person is indeed very strong. He’s my master,” mo Xiaochuan said after a moment of silence.

“What?”

The voice was taken aback, and then asked, “Since you have such a strong master, why did you come to the God-eliminating cave?”

“Didn’t I already tell you? Because I want to become stronger! I want to become a peerless expert like my father, my master, and my ancestor!”

“My master said that if I can’t pass the test of the God-eliminating cave, he won’t accept me as his disciple!” Mo Xiaochuan said angrily.

The surroundings suddenly became quiet, and everything was dark.

Mo Xiaochuan suddenly felt a little scared and shouted, "Hey, where are you? Say something."

The voice still did not appear.

Mo Xiaochuan's heart was thumping wildly. He was getting more and more afraid and didn't know what to do.

There seemed to be no end as they continued forward.

Retreat? He didn't even remember how far he had run. God knows when he would be able to run out.

Helplessly, he decided to continue moving forward after a short period of consideration.

"What price are you willing to pay to become stronger?"

The voice rang out like a netherworld, giving Mo Xiaochuan a shock!

"Can you not scare me!?" Mo Xiaochuan retorted angrily.

The voice didn't speak, as if waiting for his answer.

Mo Xiaochuan gathered his courage once again and shouted, "I'm willing to pay any price! It's at any cost!"

"Oh?"

The voice seemed to be interested and laughed, "You're so young, how would you know the meaning of any price."

“I know!”

Mo Xiaochuan replied firmly, “even if it means death!” I won’t hesitate!”

The voice fell silent again, as if in deep thought. Then, it said with some praise, “To be prepared to die at such a young age, not bad, not bad.”

Mo Xiaochuan shouted, “what’s the test in this cave?” Hurry up and test me!”

“Hehe.”

“If the trial is a thousand times more painful than death, would you accept it?” the voice laughed.

“I’m willing!”

Mo Xiaochuan replied firmly.

The voice laughed, “ignorant!” Little kids don’t know what’s more painful than death.”

“I know!”

Mo Xiaochuan became serious and said with a solemn expression, “I know what’s more painful than death. As my father’s son, I’m mediocre in martial arts. I can’t find out that my father’s death was because of his revenge. I’m being bullied and insulted by everyone. I can’t protect the people I want to protect and the things I want to protect. I feel that I’m going to die and it’s even more painful!”

His young face revealed a maturity and sadness that was completely out of place for people of his age.

The voice seemed to be stunned and did not speak for a moment.

Mo Xiaochuan continued. if I continue to be mediocre and can't become a peerless expert, I'd rather die in the God-eliminating cave, just like the countless predecessors who have come in before. That way, I'll have an easier time.

After saying this, mo Xiaochuan suddenly felt that the cave wasn't as scary as it seemed.

He wasn't even afraid of death, so what was there to be afraid of?

He was afraid of being mediocre, afraid of not being able to lift his head for the rest of his life, afraid that he could only look up at those countless figures in the sky forever!

"Please test me!"

Mo Xiaochuan suddenly said loudly with a determined look on his face.

The voice continued to be silent. The cave was unusually quiet, so quiet that even a ghost could not hear it.

However, mo Xiaochuan was not afraid at all. He knew that the voice was definitely right beside him.

Sure enough, after a while, the voice slowly sounded again, but this time, it was a little more serious and said in a deep voice, "Your talent isn't that bad, but it's still that bad, Yingluo."

Mo Xiaochuan replied,"Yingluo, I know! I will work hard, a hundred times harder than others! If other people cultivate for two hours, I will cultivate for two hundred hours! If someone else slashed once, I would slash a hundred times?"

Chapter 1130-dusty memory

The voice fell silent again, and after a while, it said, "You've really decided to take the test?"

Mo Xiaochuan said firmly, "I'm here for this!"

"Alright," the voice replied, "it's not like children like you haven't died all these years." What's going to happen next is going to be very, very painful. I'll break your bones bit by bit, and all your muscles and meridians will be twisted bit by bit."

Mo Xiaochuan was shocked. "You, how can you be so perverted?"

The voice laughed hideously and said, "haha, it's too late to regret it now, because I've already decided!"

Mo Xiaochuan felt dizzy and lost consciousness.

When he woke up again, he found himself lying on an ice-cold rock. The cold air was coming out, making him shiver uncontrollably.

Suddenly, he shouted excitedly, "have I passed the test?"

"Pass?"

The voice laughed sarcastically and said, "We haven't started yet. I've been waiting for you to wake up before we start. But looking at you, if you can't even stand this bit of cold air, can you bear the pain of your bones being crushed?"

"I can!"

Mo Xiaochuan said through gritted teeth.

"Hehe, that's good. I like tough bones like you. I can torture you in the most vicious way!"

The voice laughed hideously and gradually turned into a black shadow in front of the rock, slowly approaching.

“Hehe, with such a handsome face, what will it look like when it’s twisted?”

Mo Xiaochuan chimed in, “hehe.”

A cold glint flashed in the darkness, and the Shadow’s hand rippled with boundless power. Mo Xiaochuan could vaguely see a small dagger appearing on his body and slowly slashing down.

The cold blade made him shiver, but he remembered what he had said when he was trying to be tough, so he forced himself to endure it.

“I will use this blade of creation to completely transform your body into a scabbard,” the shadow said coldly.

“A sword case? You want to make me into something?”

Mo Xiaochuan was shocked and struggled with all his might. However, he realized that an invisible force was holding him down firmly and he couldn’t move at all. He panicked and shouted, “I don’t want to, I don’t want to be a sword case, I don’t want to die!”

“Hehe, it’s too late to regret now!”

The voice laughed hideously, “from this moment on, life and death are no longer in my hands, but in your own!” If you have a strong heart, you can survive under my blade of creation. Otherwise, the meaning of your existence is just to add another corpse to the God-eliminating cave.”

“Ah!”

Mo Xiaochuan cried out in pain. The dagger had cut into his flesh and bone, cutting in mercilessly.

The black shadow seemed to enjoy the pleasure of this torture. It laughed happily when it heard his screams. In order to make it more fun, the small dagger was constantly twisting in the bones.

Mo Xiaochuan was in so much pain that he broke out in a cold sweat and almost fainted.

“Don’t worry, I’ve already cast a spell on you. You won’t faint. You’ll only become more and more clear-headed under this pain until you can’t stand it and die.”

“Ah?”

Mo Xiaochuan was dumbfounded. He was in so much pain that he could no longer speak. He could only let the knife cut his body as he listened to the black figure’s perverted laughter.

“It’s not that easy to be a strong person, especially for a mediocre person like you. The biggest test is not only talent, but also the heart of a strong person.”

The black shadow continued to chop off his bones while saying, “Under the sky of the heavenly martial arts realm, the world can only be as big as the heart! The people who died before all died because their hearts weren’t big enough and they didn’t satisfy me, so they all died!”

“If you can’t satisfy me, you will die too, hehe!”

After the laughter, the voice said dejectedly, “It’s just that there’s one more skeleton in this cave, but I don’t have much time left.”

Even though Mo Xiaochuan had heard all of this, he did not feel anything at all. All he felt was a heart-wrenching pain.

Time passed by bit by bit, as if a century had passed.

Mo Xiaochuan’s screams were getting softer and softer. His throat was already bleeding, and even a light grunt was excruciating pain. However, he was still wailing.

“Not bad, not bad.”

The voice chuckled and said, “ you’re not dead? that’s beyond my expectations. I’ve already completely transformed your body. ”

Mo Xiaochuan panted heavily. He had no idea what the other party had done to him. He only knew that he had crushed every bone in his body. However, he was extremely happy at this moment. “I, I, I passed, the, test?”

Every word that came out of his mouth was filled with excruciating pain, and his throat felt like it was about to burst.

The voice laughed, “hehe, I’ve passed the first stage and smashed your entire body.” There were still eight more stages after that, and he still had to break them eight times. Moreover, the pain would be multiplied each time!”

Mo Xiaochuan chimed in, “hehe.”

“Hahaha!”

The voice laughed and said, “ don’t be disheartened. You’re already stronger than many adults. Young man, I have high hopes for you! ”

A cold light flashed in the darkness, and the dagger stabbed down again.

This unknown period of time felt like centuries, like an era in the universe.

The physical pain gradually numbed mo Xiaochuan’s young heart. He could no longer feel pain. He opened his eyes wide and stared blankly into the endless darkness.

This feeling of being better off dead seemed to gradually fade away as his eyes lost color. It didn't seem as painful anymore.

After a long time, a soft sound was heard.

The voice trembled with joy, but he was trying his best to control his emotions.

"Yi, you're actually not dead yet?"

Mo Xiaochuan merely stared blankly at the endless darkness. Even though his physical body was not dead yet, his heart was almost dead.

...

"After so many years, I've finally found the person who can become the sword case."

The voice was filled with endless joy and emotion. In the darkness, a pair of eyes with purple light gradually appeared.

The purple was like colored glass, bright and clear.

"I'll seal away your painful memories. When you remember them one day, you'll understand the meaning of what I'm doing today."

"From today onwards, you are the one and only sword case of the Tiangang demon-slaying sword. As for whether you're a slave or a master, that's up to you."

After the voice finished speaking, it disappeared into the cave.

Mo Xiaochuan could not remember how he had walked out of the God-eliminating cave. However, he had forgotten everything that had happened in the cave when he came out.

At this moment, in the sea, all the sealed memories were unlocked one by one, and the pain in his head was completely dispelled.

Mo Xiaochuan's pupils suddenly contracted as he gradually recalled the pain of his bones being crushed nine times.

His face turned deathly white, and his entire body trembled violently in the sea.

A nightmarish voice laughed in his mind. "Hehe, you finally remembered me?"

...

Above the sea, after Bo Yuqing snatched the Tiangang demon-shaking sword, his eyes shone with extreme excitement and his face revealed a strange expression.

His left hand continued to cast all kinds of hand seals, and rays of light bloomed from the sword. All of a sudden, the sword light scattered, and countless sword rules gathered, forming a sword cloud around him!

In the distance, beiming Tianlu's origin power had also been greatly reduced after using the eight distresses sword style. However, in the encirclement of the crowd, other than the guests and officials who could slightly contend against him, the rest were just like flies and ants. They were all forced to retreat after a single move.

Not far away, the six deep-sea Giant beasts also came out of their fear and started to shoot out black beams from their mouths!

"Bang! Bang! Bang!"

The power of the black light was extremely strong to begin with, and it directly sealed the space, making it completely impossible to Dodge.

“Dammit! These six furless animals were a real problem!”

Beiming Tianlu was furious. Although the power of the four profound level weapons was still surging out, he could clearly feel that they were weakening. If he allowed this realm-breaking Black light to strike him continuously, he would die in this sea sooner or later!

He condensed his sword aura and a barrier bloomed from his body.

“BOOM!”

The world-breaking force slammed into the sword Qi barrier, stirring up endless waves!

Beiming Tianlu’s eyes flashed with a demonic purple color. His figure flashed and instantly disappeared from his original spot.

Yunxiao’s heart suddenly sank as he shouted, ” “He wants to kill the deep-sea Giant beast!”

The six deep-sea monsters were the main force. If they died, all of them would be in danger.

From the situation of the big-faced beast, these deep-sea Giant beasts were not easy to kill. However, beiming Tianlu’s current strength was heaven-defying. The eight distresses sword just now was so powerful that it soared to the nine Heavens and shook the universe. If they were not careful, they might be killed by him.

The water deity was shocked and pointed at the sky, ” “Over there!”

As expected, a figure flashed in front of toot. At the same time, sword Qi rose, and countless sword rules fell.

Suddenly, a beam of golden light appeared and turned into a Halo. A huge golden battleship emerged from it.

Ye Fan stepped on the warship, his hands formed a seal as he drove the huge warship to crash over!

“What?”

Beiming Tianlu was shocked. In his eyes, the battleship grew larger at a geometric speed, covering the sky and pressing over.

“Dammit!”

Beiming Tianlu cursed. The boundless devil Qi in his body surged up. He turned into a giant, raised his sword and slashed down!

“Bang!”

He split the mountain with his sword, split the sky, and sent the entire Noah’s ship flying!

“BOOM!”

Noah’s ship spun and hit toot directly, shaking its huge body and making it slide in the sky.

Beiming Tianlu once again gathered his sword intent. His body flickered in the air as he slashed toward a smaller deep-sea beast.

“Lululululu!”

The deep-sea Giant beast cried out non-stop. As soon as it opened its mouth, a black light condensed in its mouth, and a sword Qi fell from the sky!

“Swallow back what you’ve just spat out!”

Beiming Tianlu's face flashed with a hint of anger. The skillful gongzi sword was directly thrust into the mouth of the deep sea Giant beast!
