

The Eternal 1131

Chapter 1131

1131 True spirit sword soul

A huge golden sword shadow suddenly slashed out, and the deep sea Giant beast's Black light in the air was directly bombarded by the sword before it could spit out!

"Boom boom boom!"

The huge energy exploded in the giant beast's mouth. The giant beast let out a painful cry and fell backward.

"Doudou!"

The water deity shouted in grief and burst into tears.

Yunxiao's eyes narrowed as he looked not far away. With a flash, Bo Yuqing's body disappeared from where he was, and the laws that filled the sky disappeared as well.

In the next moment, a sword Qi Whirlpool appeared in the sky above Beiming Tianlu. The shadow of a sword slowly descended.

"Hmph, I've been on guard against you!"

Beiming Tianlu sneered. His sword light suddenly rose and he shouted, "The fifth of the eight sufferings sword technique, accumulation!"

The other party's demon slaying sword always made him feel uncomfortable and extremely depressed, giving rise to a manic feeling of wanting to trample Bo Yuqing to death.

"BOOM!"

The sword of eight distresses directly slashed into the whirlpool, causing the entire cloud of sword Qi to dissipate!

“Eh? What!”

Beiming Tianlu’s entire body trembled. He suddenly realized that something was wrong. There was nothing in the scattered sword cloud. It was actually just an illusion!

“This devil aura is not suitable for you at all, because your own strength is too weak!”

Bo Yuqing’s cold voice sounded, and a sword Qi vortex suddenly appeared. Under the Tiangang demon-shaking sword, other than the golden light, there was also an invisible force that rushed up and directly cut through the demonic aura!

“What?”

Beiming Tianlu was greatly shocked. He only felt that his indestructible and all-nibbling devil essence was destroyed by that force as if it was rotten wood!

“Block!”

He raised his sword to block it, and the two weapons clashed together, emitting a dazzling light. The sound of the weapon accumulations soared into the sky, competing with each other!

“You, this power!”

Beiming Tianlu was overwhelmed with shock. That sword had actually completely suppressed him. If he didn’t have the four treasures of the sea god, he would probably have found it difficult to receive that sword!

“Hahaha!”

haha! Bo Yuqing laughed and said, " it's indeed the Tiangang demon-sweeping sword. This sword exists to kill demons! "

His face suddenly became ferocious and he said coldly, " "Go to hell! Wailing sword Yufeng-Shadow Realm!"

"Roar!"

Bo Yuqing's body suddenly became extremely cold, and strange symbols flickered on the heaven-gang demon-shaking sword, ringing continuously.

A loud roar came from the sky, and a beast's shadow appeared on the sword. It had a ferocious and terrifying face, and it opened its mouth to bite forward, as if it wanted to swallow the world!

"What is this?"

Beiming Tianlu was shocked. The four profound level weapons on his body started to resonate. The boundless law of sword scattered in all directions and condensed into a sword Qi barrier!

"BOOM!"

The giant beast appeared and bit down on the defensive barrier, roaring continuously.

Beiming Tianlu's face immediately turned green. The power that was constantly surging out of the Tiangang devil-rinsing sword made the beast shadow stronger and stronger. It was so strong that even his sword Qi barrier was distorted.

Yunxiao was also shocked. He had known that there was something strange about the sword, but he had never expected it to be so strong!

Furthermore, Bo Yuqing's current state seemed a little off. His entire body was exuding an extremely cold aura. This aura was not unfamiliar to him, it was neon!

In order to activate the Tiangang devil-rinsing sword, Bo Yuqing had to borrow the power of the aegirine at the cost of the backlash.

"Hahaha! The devil master's clone, the sea god's Supreme treasure, was nothing more than this!"

Bo Yuqing's heart suddenly became cold and arrogant as he laughed loudly, "Go to hell! Wailing sword rain wind-Imperial Dragon!"

"Roar!"

A Dragon's Shadow appeared behind him. It was very different from the previous Azure Dragon. It was dark in color and exuded a strong power of aegirine.

Beiming Tianlu's face turned pale. He gritted his teeth and shouted, "The eight distresses sword style of resentment!"

A ray of golden light shot up and blocked it in the air!

"Boom boom boom!"

The two sword essences collided with each other, splitting the sky and shattering the universe!

The two of them were also sucked in, and the storm of destruction swept across the vast sky and sea!

"How can he be so strong?"

Cold sweat trickled down the faces of the guests in the distance. He was very clear on how powerful Beiming Tianlu was. Just now, under the siege of everyone, he was the only one who could withstand a few moves.

Such a character was actually killed by Bo Yuqing without the power to fight back?

Everyone retreated thousands of meters in an instant and looked on in shock.

Yunxiao slid hundreds of meters away from the surface of the sea to avoid being affected by the energy.

“Hahaha! Such powerful strength!”

In the middle of the shattered Sky, in the center of the energy storm, Bo Yuqing’s face was sinister, his skin dark.

“The sky-devouring spirit, the aegirine body, the demonic energy, all of these are mine, haha!”

...

That endless storm rolled onto Bo Yuqing’s body, bursting open holes, but it actually couldn’t stop him from moving forward!

He took a step forward and grabbed Beiming Tianlu. He grinned hideously, “I’ll kindly accept this devil essence. After I absorb it all, I can give you Supreme glory!”

Beiming Tianlu’s heart trembled violently. Under the sword spirit of the Tiangang demon-destroying sword, his endless demonic Qi was being continuously devoured without any power to resist!

“Dammit! Damn it! What was this thing?”

Suddenly, the surface of the sea exploded with a " bang ", and a figure turned into a stream of light and rushed into the sky!

Yunxiao's heart jolted as he looked over in horror.

The person who had rushed into the sky was mo Xiaochuan, but he gave him a very unfamiliar feeling. Moreover, the monastic robe was unusually powerful!

"Eh? What was going on?"

Bo Yuqing's expression suddenly changed. The Tiangang demon-sweeping sword in his hand actually trembled uncontrollably, emitting a powerful weapon reserve power that actually wanted to shake him away!

"Impossible!"

Bo Yuqing's face turned ashen as he said angrily, " "You're just a mid-level Martial Emperor. You're not qualified to compete with me for the sword!"

...

"Eh? No wonder he could use the sky-devouring spirit. It turned out that he had the power of the aegirine."

Mo Xiaochuan's figure flew through the air and stepped into the storm of sword Qi. He was unscathed.

A sneer appeared on his well-defined face as he mocked, " "Now, I'll show you the true power of this sword, a mid-stage Martial Emperor!"

He raised his hand and placed it in front of him, forming a seal.

“Clang!”

The Tiangang devil-rinsing sword finally exploded with a powerful force and flew out of Bo Yuqing’s hand, landing in Mo Xiaochuan’s.

Beiming Tianlu’s heart was overjoyed. A trace of killing intent flashed through his eyes as he roared, “Go to hell!”

The Daqiao bugong sword suddenly slashed down!

Bo Yuqing, who had lost his Tiangang demon-sweeping sword, had a huge change in expression. He hurriedly raised his hands to meet the sword with his physical strength!

“Bang!”

Blood spurted out from his palms as he was sent flying, spitting out a mouthful of blood.

“Hmph!”

Mo Xiaochuan snorted softly. He held the sword in his hand and a look of affection appeared in his eyes as he caressed the blade.

The sword seemed to feel the warmth and chimed happily.

Countless rules of sword appeared out of thin air around him, dancing around him and singing happily.

Yunxiao was greatly shocked as he said, “The life of the sword can even resonate with the laws of the world. Who is this person? What was all this about?”

After Beiming Tianlu blasted Bo Yuqing away with a single move, he immediately became vigilant. He looked at Mo Xiaochuan in shock and shouted, “Who are you?”

Mo Xiaochuan chuckled and raised his sword high. His eyes were filled with undisguisable contempt as he mocked, " "You think you're the reincarnation of a Demon Lord Emperor just because you've taken some devil essence?"

His eyes, which were as deep as the ocean, actually revealed ridicule and pity.

"You're so silly!"

Beiming Tianlu was furious. No one had ever dared to look at him with such contempt. In his cold eyes, it was as if he was looking at a lowly ant.

"Red dust gazes at Ying Haoyue!"

The first form of the thousand feet vast Qi technique, like the bright moon rising from the sea, the bright moon in the sky, illuminating the past and present.

"?! This power!"

Beiming Tianlu suddenly sucked in a breath of cold air and his face turned deathly pale.

In the sky, under the sword Qi, the shadow of the moon could be seen.

The spirit of sword Qi appeared among the countless sword rules. It raised its fierce eyes and the moonlight behind it shone on the waves of the sea.

An invisible sword descended from the sky. It did not slash the sky apart. Instead, it was like a black hole that was devouring everything!

The sky was like a curtain that was continuously being sucked in by the sword intent, as if it was going to devour the entire world!

Yunxiao's eyes were filled with horror as he said in horror, "The true spirit swallows the heavens! The sword spirit of this sword was actually an ancient heaven-devouring beast!"

Who in the world could withstand the sword spirit formed from the soul of a true spirit?

Beiming Tianlu's face turned green in an instant. Boundless demonic Qi gushed out and transformed into a true fiend Dharma idol. His body instantly expanded to more than ten times its original size, and he stood on the sea like a giant.

The four Supreme treasures of the sea tribe also transformed. Under the power of the dark demonic Qi, four rays of divine light bloomed out and condensed into circles of golden light, overlapping each other and finally pouring into the Daqiao bu Gong sword!

"Life, old age, illness, death, meeting of resentment, separation of love, unable to obtain, five accumulation."

At this moment, beiming Tianlu's heart suddenly became calm. The danger of death that he had never encountered before had brought him a calmness that he had never experienced before.

He was a talented person to begin with, and at this moment, a light suddenly flashed in his mind. The prophecy that the sea god's projection had spoken before seemed to have been suddenly realized, and his eyes flashed!

A strong sword Qi suddenly burst out from the Daqiao bugong sword. It was as if a golden Whirlpool was spinning under the sword, and golden lotuses appeared indistinctly, spinning non-stop.

The Lotus contained the Buddha sound and dragon language, the goddess scattered flowers, and the eight parts of the flying heavens.

"Six sorrowful senses, sinking into eight sufferings, without the great sage, who can save the wisdom Bridge!"

Beiming Tianlu lightly shouted. The power of his bugong sword rose and the illusionary image of a lotus flower appeared in the sky. Under the sword, the four tribulations and eight tribulations were slashed out.

“Boom boom boom!”

The sword essence of the giant spirit descended from the sky and directly collided with the eight sufferings sword. A destructive power burst forth and the four poles collapsed!

The moon above the ocean had also disappeared, and the golden light on the Lotus throne under the bugong sword had also turned into smoke.

The entire world seemed to have completely collapsed at this moment, and the end of the world had come!

Chapter 1132

1132 It's that simple?

All the cultivators felt a destructive power hit them in the face. The entire sky and sea turned into darkness, and nothing could be seen clearly. Even divine sense could not leave their bodies.

He tried to extend his divine sense, but it was swallowed by the endless power.

Everyone had become a small boat in this storm, unable to help themselves and drifting along with the waves.

Yunxiao had just recovered some of his strength, so he hurriedly unleashed the imperishable golden body to withstand the aftermath that came from hundreds of meters away. His eyes were filled with shock as he stared at the sky in horror.

A tiny symbol gradually formed in his eyes, and the sides of his pupils were slightly red.

The power of the moon pupil had yet to recover, and being able to use a sliver of it was already his limit.

In the center of the storm, a faint fluorescent light appeared around mo Xiaochuan's body. It stuck to his body like a water film, dissipating the endless energy.

He kept his long sword and hid it in his body. He had a strange expression on his face as he said, "I didn't think that you'd be able to comprehend the eight distresses sword essence at the last minute, but so what?"

As soon as mo Xiaochuan finished speaking, his brows furrowed and his expression changed. It was as if the person who possessed him was slowly leaving.

"This is an ..."

His face finally revealed a shocked and strange expression as he looked at everything in front of him in disbelief. He couldn't believe that he was the one who caused the apocalypse.

"Phew!"

Yunxiao breathed a sigh of relief. It seemed that mo Xiaochuan was fine, but the person who had possessed him made him feel extremely uneasy. The power that allowed him to control the rules of heaven and earth at will meant that he was at least at the peak of martial arts!

All of a sudden, being Tianlu's huge body, which was standing in the sky in a daze, suddenly exploded!

"BOOM!"

The power of the explosion formed a unique vortex and collided with the destructive power.

The four sea God's treasures scattered with a clatter, turning into streams of light that scattered in four directions.

“Argh!”

The water deity cried out in shock as she looked at the four treasures. She suddenly flashed in the air and chased after the item closest to her.

Her speed was extremely fast and extremely light. She reached out and grabbed the item. It was the Phoenix-wing purple-gold crown.

The other three shot into the boundless ocean and disappeared at the end of the sky.

Yunxiao’s heart jolted. He did not have the time to pay attention to the sea god’s Supreme treasure, but stared at the dark cloud in the sky with a solemn expression.

After being Tianlu’s body exploded and died, the devil essence in his body didn’t die. Instead, it continued to condense in the air, turning into devil clouds that rolled.

“Magic essence ... Pure magic essence ...”

On the sea not far away, Bo Yuqing’s body was gray and his face was pale. He stared at the demonic cloud in the sky, revealing a look of extreme desire.

Unfortunately, his body was too seriously injured, and at this moment, he was suffering from the backlash of the aegirine. His whole body trembled violently, and it was already his limit to not sink into the sea. How could he have the strength to seize the devil essence?

The demonic cloud rolled in the air for a while before drifting back and forth and charging toward Mo Xiaochuan.

Mo Xiaochuan’s expression darkened. The Tiangang devil-rinsing sword appeared in his hand, and a vast sword intent slashed through the air!

Within the sword intent, there was a faint shadow of a true spirit that could swallow the sky, and a roar from the primordial era could be heard.

The demonic cloud seemed to be extremely afraid. It suddenly turned into a ball of black Qi and fled. It did not dare to have any more ideas about mo Xiaochuan and fell into the distance.

“That’s Yingluo.”

Yunxiao’s pupils constricted, and a cold gleam flashed in his eyes.

“Ah?”

In the distance, beiming kangtian and beiming Laifeng were standing on the surface of the sea. As soon as they saw the demonic clouds surging over, the two of them were shocked.

“Quick!” Darknorth kangtian shouted in horror, “take me away!”

He was seriously injured and had no strength to escape. After he finished speaking, he realized that there was silence behind him and turned around in shock.

He saw that beiming Laifeng had already fled a thousand meters away by himself. He no longer cared about his opponent’s life.

“Argh! You little bastard!”

Darknorth kangtian was shocked and furious. He hurriedly struggled to get up from the sea, trying to escape.

However, in an instant, he was swallowed by the demonic clouds and let out a scream!

“Ah!”

Darknorth kangtian's miserable shrieks reverberated on the surface of the ocean, causing everyone's face to turn pale and cold sweat to pour down their faces. They had no idea what was going to happen next.

water fairy! Yunxiao suddenly cried out, " Princess water fairy, deep-sea Giant beast!"

The water deity had just taken one of the Supreme treasures and was vexed, thinking about how to find the other three. When she heard Yunxiao's shout, she immediately came to her senses and hurriedly spoke a secret language to summon the few deep-sea beasts to attack.

"Lululululu!"

Those deep-sea Giant beasts were in a circle, treating the injured Doudou. The other five were emitting a faint black light, as if they had sensed something.

The water deity's face was filled with anxiety as she hurriedly said, "No! Doudou was seriously injured, and toot and the others were treating him, so they couldn't attack him."

Cold sweat trickled down Yunxiao's forehead.

"I'll do it!"

At this moment, the only people who could still fight were the officials and Mo Xiaochuan, whose strength was unknown.

Mo Xiaochuan stepped forward and formed a sword spell in his hand. He became one with his sword and suddenly slashed out in the air. A loud roar came from the sword-it was the roar of the true spirit swallowing the heavens.

Yunxiao frowned as he stared at mo Xiaochuan's sword momentum, which was completely different from when the mysterious man had possessed him.

Even if he sacrificed himself to the sword and could drive the sword spirit, he couldn't exert too much power.

...

In a few flashes, mo Xiaochuan appeared in front of the demonic cloud and stabbed it with his sword!

The sky-devouring spirit appeared on the sword and opened its mouth to swallow the demonic cloud.

""

Once again, darknorth kangtian's cry rang out from the demonic clouds. However, this time, it was not a miserable cry, but an angry roar!

A roaring face emerged from the flashing demonic Qi. It was none other than darknorth kangtian, whose eyes were flashing with a demonic purple light.

"Clang!"

Suddenly, the Tiangang devil-rinsing sword trembled violently. Demonic Qi surged and corroded the sword.

"Get lost!"

The demonic face let out a furious roar, and a tremendous force came out of the demonic cloud and struck the sword, sending mo Xiaochuan flying.

"Ah ah ah ah!"

Darknorth kangtian seemed to have been injured by the sword as well, and he kept roaring.

...

However, as the demonic Qi poured into his body, his aura became stronger and stronger. The waves formed into wind and waves that swept away, not daring to get close to him!

what do we do now, li Yunxiao? ” the guest asked with a solemn face. what do we do now? “”

A cold gleam flickered in Yunxiao’s eyes as he performed an incantation gesture with one hand and said seriously, ” “I almost forgot that I still have a method to deal with this thing. If I fail, I’ll have to escape immediately.”

As he formed an incantation gesture with his right hand, the sound of metal clattering could be heard.

The guests were shocked and hurriedly retreated dozens of meters.

At some point, rings of iron chains had appeared around Yunxiao, coiling around him like a Nebula and making clanking sounds.

“This is a Kasaya!”

Bo Yuqing’s expression changed drastically, his originally extremely pale face suddenly turning green as he roared in a low voice, ” “Devil essence lock! It was the devil essence lock! How did you get this thing?”

His face was filled with fear.

This fiend essence lock was cast by Gu Shengfeng in order to trap Yunxiao’s true fiend Dharma idol during his battle with him. But, Yunxiao was able to convert The Fiend essence at will and take the lock away.

“Iron lock Nebula!”

go! Yunxiao cried out. The seemingly endless chain spun in the air, then rushed into the sky and bound darknorth kangtian in the distance.

“Clang!”

The chain slithered in the air like a long snake, circling around darknorth kangtian. Then, it rapidly contracted, directly binding darknorth kangtian into a dumpling.

The boundless demonic clouds all rushed into darknorth kangtian’s body, and not a single one of them appeared!

Everyone was stunned. It was that simple?

Yunxiao was taken aback as well. The Fiend lock was just an ordinary ninth-tier Mystic artifact, and he had no idea what it was made of. He did not expect it to have such a strong suppressing effect on fiend energy.

“”

Darknorth kangtian roared and shouted, “Release me! Let me go!”

The injuries on his body had all recovered under the infusion of devil essence, and it seemed to have reached a higher level. He struggled with all his might, but the chains that were more than ten layers around him clanged, but he couldn’t break free!

The guest’s face darkened and he said angrily, “You have such a profound level weapon, but you didn’t use it earlier, making us risk our lives and fight for so long!”

this ... Yunxiao said in embarrassment, " I didn't know this thing was so useful. This was also because the devil Qi had entered his body and had not yet stabilized before it was locked. Previously, beiming Tianlu had the eight distresses sword, so how could he have been able to tie it up?"

Bo Yuqing struggled to fly over and said in horror, " "That's the devil essence lock, where did you get it?"

Yunxiao stared at him coldly and snorted teasingly, " "The last time I met your master in the red moon City, I had a good chat with him and he gave it to me."

"Impossible! That was impossible!"

Bo Yuqing was like a duck that had been grabbed by the neck, screaming in horror.

Although he did not believe that Gu Shengfeng would give it to Yunxiao, since The Fiend lock had appeared, it was most likely true that Gu Shengfeng had appeared in the heavenly martial realm.

Previously, he had been half-convinced and half-suspicious of this matter.

Now that he had confirmed it, he immediately panicked. The aegirine backlash he had just controlled erupted again, and he spat out a mouthful of black blood.

Liao yangbing flew over from afar and said calmly, "Young master Yun, these people from the beiming family ..."

A cold look flashed in his eyes, as if he was implying something.

A cold gleam flickered in Yunxiao's eyes as he looked at the people of the beiming family in the distance, his killing intent rising.

All of a sudden, darknorth kangtian's face turned ferocious. The devil essence lock trembled violently as if it had been hit by a great force, and the sound of clang clang clang resounded in the great sea!

“What’s going on? They suddenly became so violent!”

Yunxiao was taken aback. He looked at darknorth kangtian and saw that The Fiend lock was beginning to loosen!

He hurriedly made a hand seal and exerted more strength.

“It’s no use. You won’t be able to use the chains’ true power.”

Bo Yuqing said calmly, “this item must be refined by the heart, but only the three of us know the method.” It’s a pity that I’m too heavily injured to refine it.”

Chapter 1133-haunting

Yunxiao turned to look at Bo Yuqing and said, “If you have the time to say these things, why don’t you tell me the heart refining technique?”

Bo Yuqing’s face was slightly embarrassed, “I can’t teach you a secret.”

Yunxiao’s face darkened as he cursed, “then what the hell are you talking about?”

With a solemn expression, he stared at the distant darknorth kangtian and said in a deep voice, “The devil essence should have been locked up, so why did it suddenly become so violent?”

Bo Yuqing’s face also revealed a look of doubt. Suddenly, his face turned pale and he spat out another mouthful of blood. He said in horror, “The, the neonite in my body has changed!”

His face was filled with fear and his skin turned dark. A strange force came out of his body as if he was in extreme pain.

Yunxiao was also shocked. The abnormality was the power of the aegirine.

Without saying a word, he immediately circulated his spirit power. A golden light emerged in his palm, which he then slapped into Bo Yuqing's body to help him control it.

Only then did Bo Yuqing's expression slightly improve.

Darknorth kangtian's roars were getting louder and louder, and the entire sky above the ocean was filled with the rapid clanking of chains!

At the same time, somewhere who knew how many nautical miles away.

A black figure flew across the surface of the ocean. The ocean was split into two by his speed, like a cliff!

Suddenly, a ray of golden light came toward them, and they were about to collide.

The black Shadow's pupils contracted, and he stretched out his hand to grab it.

"Pa!"

The golden light landed in his hand, and when he looked at it, he realized that it was the Daqiao bugong sword.

However, the black figure did not seem to care about the quality of the sword. Instead, he placed it to his nose and sniffed it lightly. He immediately revealed a look of great joy!

"Hahaha! It was indeed the power of devil essence. This meant that he had already escaped!"

The black shadow laughed, but his eyes were sharp. He turned his head back from time to time, his face full of killing intent. He gritted his teeth and said angrily, "Damn it, you've been chasing me for months. I'll kill you after I absorb this clone!"

Suddenly, space split open, and an extremely sharp attack appeared, slashing down directly above the black shadow!

As the ray of light fell, it was like the sun and moon sinking into the sea. It did not cause any waves, but it directly split the entire sea into two and split the earth for a thousand miles!

“You motherf * cker! He’s like a ghost!”

The black shadow roared loudly, and its body directly enlarged. It grabbed the Daqiao bugong sword and slashed forward!

“Bang!”

The upper part of the bugong sword rippled out, directly blocking the heavenly halberd-vast ocean like dust.

“Boom boom boom!”

The two profound level weapons collided in the air, shattering the universe and evaporating the ocean. The sky instantly darkened.

“Eh?”

The two of them let out a soft cry at the same time, and their eyes looked at the Daqiao bugong sword at the same time, both revealing a very surprised look.

These two people were Zhuo qingfan and di ye. For the past half a year, they had been constantly chasing and fighting in the heavenly martial realm. They had fought hundreds of rounds, big and small, and di ye was always the one who was killed and had to flee.

However, Zhuo qingfan was also extremely dejected. It was easy to defeat this demon, but it was difficult to kill him!

“Hahaha!”

Di ye couldn't help but laugh out loud and said, “I picked up a random profound level weapon and it's able to compete with your heavenly halberd. It seems that my good luck has come, haha!”

After the strike, he immediately transformed into a three-headed and six-armed form. The six arms of the Dharma true body each grabbed a ball of weapon shadows. Although they were only shadows, they still gave off a shocking might.

One of the arms was holding a book, which was exactly the same as the one in the hand of Yunxiao's Dharma idol.

Di ye held his sword horizontally in front of him, making a piercing sword posture.

Daqiao bugong's sword burst with a golden light, continuously condensing all kinds of rules.

An arm behind him seemed to be holding a shadow of a knife, and he did the same stabbing motion. Under the shadow of the knife was a mass of black, spinning like a black hole.

The other four arms also had a few weapon shadows which were also charging out.

“Go to hell!”

die! di ye shouted as he thrust his Daqiao bugong sword out like a blazing sun.

The black hole under the blade shadow behind him also appeared.

The illusionary weapons on his arms and limbs also smashed down.

Zhuo qingfan did not panic at all. Instead, he chuckled and said, " "You want to turn defeat into victory just by picking up a Broken Sword? Is there something wrong with your brain?"

He made a hand seal with one hand, and the vast ocean like dust turned into a golden talisman. Countless rule force suddenly appeared around him, all of which gathered and pointed down directly.

"Boom boom boom!"

The halberd's power suddenly shattered the Yang-like sword Qi, and even the power of the shadows behind it exploded one by one!

"Bang!"

Di ye's three heads and six arms were shaken off by the aftershock, and half of the head in front was blown off, leaving only a small half hanging on his neck!

"Motherf * cker!"

The other two heads cursed and shouted angrily!

He stomped his foot and turned into a demonic light again, flying into the distance.

Zhuo qingfan's pupils contracted slightly as a contemplative look appeared on his face. He muttered to himself, " "Hmm, not only is that profound level weapon strange, but why does this fellow's strength seem to have increased by quite a bit?"

...

He slapped his head and wailed, " "I was planning to chase him until he was exhausted, then I would be able to kill him. It seemed like things weren't as simple as they seemed."

He took a step in the air and stepped into the void, disappearing above the vast sea.

Where Yunxiao and the others stood, the restraint of the devil essence lock was getting weaker and weaker. Wisps of devil aura spread out from darknorth kangtian's body, shaking the chains and making them clang.

“Bang!”

Finally, under a fierce impact, the chains that filled the sky broke apart, and darknorth kangtian broke free!

He roared and cast a true fiend Dharma idol. He opened his mouth and spat out a ball of demonic Qi that exploded in the air!

After the demonic Qi exploded, it turned into several tiny demonic lights and rushed in all directions. It was actually going to kill everyone!

Yunxiao's heart trembled, and he hurriedly retracted all the demonic energy locks with a wave of his hand as he shouted at Ye Fan, “We can't win, let's go!”

After darknorth kangtian spat out a mouthful of demonic Qi, he stood on the sea and kept roaring. The aura on his body rose steadily, and he was about to break through to the nine-stars Martial Emperor realm!

Ye Fan hurriedly took out Noah's ship, which turned into a giant ship in the air.

Many people in the distance were hit by the demonic Qi and began to demonize while screaming.

...

A light flashed between Yunxiao's eyebrows, and the giant crocodile emerged out of thin air. With a roar, it turned into countless black particles and darted in all directions.

Each particle was burning with raging fire, rushing into the demonic Qi and bombarding each other.

The officials, mo Xiaochuan, and the others also took action quickly, trying their best to save as many people as possible.

In a moment, most of the martial artists had boarded Noah's ship. The warship's defense was opened, and the small amount of devil Qi could not penetrate it at all.

More than half of the people from the beiming family were either dead or injured. One by one, they were demonized, and the remaining few were struggling to hold on.

Beiming Laifeng pleaded in fear, "Elder Kang Tian, please spare me! I'm the appointed successor of the beiming family!"

But darknorth kangtian didn't care. He tried his best to break through to the nine-star realm. A powerful force burst out of his body, and strange signs of laws appeared in the world, which were all absorbed into his body.

Beiming Laifeng finally panicked. He turned to the Golden battleship and shouted, "Li Yunxiao, save me! I beg you, save me! I don't want to die!"

Yunxiao gave him a cold look and said sarcastically, "I don't want to die either, so why do you keep trying to kill me?"

Beiming Laifeng was on the verge of tears as he shouted, "It's my fault, I'm sorry. As long as you save me from this place and return to the continent safely, you will be beiming Dark Palace's friend forever!"

you'd better be friends with this sea forever, " Yunxiao sneered. you'd better be friends with this sea. He waved his hand and said with a smile, "goodbye!"

Beiming Laifeng's heart was instantly filled with despair. The devil in front of him laughed wildly as it finally broke through his defenses and entered his body through its five orifices.

The water deity was shocked, "you can't leave!" Doudou's injuries haven't healed yet. If we leave, it'll be too dangerous to leave them behind!"

Yunxiao's face darkened. I don't think their family has a short life. They'll definitely be blessed by the heavens. "

"But Yingluo"

The water deity did not believe him. She wanted to say something, but she was dragged into the warship by Yunxiao.

The warship immediately turned into a golden light and tried to escape from the sea.

Suddenly, dozens of black shadows rushed up. They were the members of the beiming family who had been demonized long ago, as well as e Lechi and the other experts of the red moon City. Not only did they recover their strength, but they were even stronger than before!

These demonic slaves roared and bit at the battleships. Many of them took out their profound level weapons and started to smash the battleships!

Ye Fan was already injured, after being attacked by these experts, he spat out a mouthful of blood, his expression was filled with anxiety.

The vassal flew into a rage and roared, "a bunch of trash! I'll sweep them!"

The Golden wheels on his body started to float up and turned into countless strange symbols in the air. Then, they suddenly scattered in all directions!

Although the people from the beiming family were also experts, how could they be a match for the officials?

Under the bombardment of the golden light, they exploded one by one.

“Go!”

After clearing the obstacles, the officials quickly landed on the warship.

Ye Fan endured the trembling of his body, his hands quickly formed seals, a golden light spread out from the battleship, it was about to break through the sky!

“Where are you going?”

All of a sudden, a boundless force descended and pressed down on the warship!

It was unknown when darknorth kangtian had appeared in the sky above everyone. He punched down and completely shattered the defense of Noah’s ship!

“Boom boom boom!”

A ball of light exploded on the battleship, and everyone was sent flying. Many weaker martial artists were injected with demonic Qi on the spot, and they were completely demonized.

Ye Fan spat out a large mouthful of blood and retreated a few hundred meters. Noah’s ship flew into his body and could no longer support itself and fell into the sea.

“Hahaha! ‘Li Yunxiao, let’s see how you can survive this time!’”

Yunxiao! darknorth kangtian cried out in excitement as he took a step forward and charged at Yunxiao.

Although The Fiend energy had entered his body, he had only become evil, but he had not lost his will. He still regarded Yunxiao as his number one enemy, and wanted to kill him at the first moment!

Yunxiao's face flickered as he hurriedly released the calabash King Kong and threw it at darknorth kangtian, who was coming from the sky!

Chapter 1134-devil descends to the East Sea

The gourd Little King Kong's face was cold. He roared and threw a punch. The ice fiend Heart Flame condensed on the fist wind and hit the devil essence!

"What?"

Darknorth kangtian's pupils constricted. That ice flame gave him a very familiar yet extremely uncomfortable feeling.

However, he was confident that he was extremely powerful. Moreover, he had just broken through to the level of a nine-stars Martial Emperor. Coupled with his shocking devil essence, he would have the courage to fight even if he were to face a titled Martial Emperor or the seven sect Masters.

Let alone a mere Heart Flame.

"Bang!"

The ice fiend Heart Flame exploded in the devil essence and turned into nothingness. Everything it passed by disappeared.

"What?"

Beiming kangtian was shocked. He watched helplessly as his devil Qi was burned into nothingness by the ice flame. Fortunately, the power of the ice fiend Heart Flame was limited and could only cover an area of several dozen feet.

"Hmph! How can a strange technique be refined?"

Darknorth kangtian snorted coldly and his palm strike became even fiercer. A mass of demonic clouds and starry sea emerged. It was none other than the "I live the horizon" of the three moves from beyond the heavens!

Suddenly, a cold light flashed, and the pupils of the two men shrank.

Yunxiao trembled and said in horror, "Y-you,

At some point, a white light appeared in front of him. Countless ice crystals condensed, and a figure appeared, her long dress fluttering.

Darknorth kangtian was also shocked. He said in a deep voice, "Who are you?"

The figure's face was peaceful and quiet, unmoved by the outside world, and his eyes were closed.

Beiming kangtian was bewildered. The appearance of this woman made him panic and give him an indescribable strange feeling.

However, he was bold and shouted angrily, "since you don't want to talk, you can die with li Yunxiao!

"My life has an end!"

Under the cover of the pitch-black demonic clouds, the boundless world was actually a stretch of darkness that wanted to devour the world!

The figure's long eyelashes trembled and he slowly opened his eyes, revealing a pair of clear and big eyes. In his deep eyes, it was like a Galaxy.

She gently stretched out her hand and slapped forward.

At the same time, she took a step forward with her lithe body. It was as if she had crossed an infinite space and time, walking on the Nebula and reaching the other side.

Everyone's eyes widened in shock.

Under the woman's palm, a white flame that shook the heart jumped out of thin air. It seemed to come from the chaos of the void and burn all things.

As soon as this fire appeared, a huge hole was immediately burned under the demonic cloud Galaxy. Thousands of palm shadows and countless rules melted, opening a passage that led directly to the other side of the Galaxy!

With a single step, Bing ting's beautiful figure crossed time and space and appeared in front of darknorth kangtian. Her deep eyes stared at him as if they could see through his body and see the endless devil essence in his body!

"Gulp!"

Bo Yuqing swallowed, his whole body couldn't help trembling violently.

His heart was about to burst out of his chest. When this woman appeared, it triggered the aegirine in his body. A huge fear descended, and his body trembled like a sieve.

"Rainbow twin stones, ice fiend Heart Flame, dual extreme divine body!"

Bo Yuqing trembled in fear, his face contorted and his eyes almost falling out.

Darknorth kangtian's body was also shivering, and his heart had fallen into the abyss!

He had the power of a nine-stars Martial Emperor, but in front of this woman, it was as if he was facing an abyss. All the power in his body had suddenly turned into the light of a Firefly, and he couldn't even have the heart to resist!

The devil essence in his body was surging like waves, constantly surging out of his body, as if it was going to be absorbed by the woman in front of him!

“No, no! This is my power, this is my unparalleled magic!”

Darknorth kangtian roared in shock and anger, “No one can take it away from me, go to hell!”

He roared and put his palms together. The power of a nine-stars Martial Emperor gushed out, and an unusual phenomenon appeared behind him.

“Its shape is as graceful as a graceful swan and as graceful as a Swimming Dragon! Three moves from beyond the heavens-Swift as a startled Swan!”

The divine skill suddenly appeared, and strange phenomena appeared.

The woman’s eyes were ice-cold and still as calm as an ancient well. She was not moved by any strange phenomenon, as if she was born without any emotions.

She gently raised her hand and directly grabbed at darknorth kangtian.

“Pfft!”

With a soft sound, a big hole appeared in darknorth kangtian’s chest. The shocking phenomenon instantly condensed and then collapsed like a deflated balloon.

The woman’s arm pierced into darknorth kangtian’s heart!

Boundless devil energy gushed out of darknorth kangtian’s body and was absorbed into the woman’s body.

That pure white, flawless, crystal clear body was clearly tainted by traces of Black Devil essence.

The entire world became deathly silent at this moment. Not a single sound could be heard!

Even the ocean seemed to be hesitating and afraid, and it became silent, not daring to set off a single wave or spray!

Everyone held their breath as they looked at the scene in the sky in horror. The pure and flawless woman was quietly absorbing the devil power, while darknorth kangtian's face was constantly twisting. His life force was also constantly disappearing with the loss of devil power.

The water deity's eyes were also wide open as she looked at this scene. The woman was pure as snow on the holy mountain, and even she, who was as beautiful as Jade, couldn't help but exclaim, "Who is she, li Yunxiao?"

Yunxiao snapped out of his daze. The changes in the situation had gone beyond his expectations. He said with a wry smile, "she's the Nihon duo Shi. Her name is little red.

"Little red, Qianqian"

...

Water deity repeated the name in a daze. She looked up and seemed to remember the name.

Suddenly, Yunxiao's heart skipped a beat as he turned to look at the sea not far away. His face was filled with horror, and he almost cried out!

In the sky a thousand meters away from them, there was a black figure standing quietly. He had an extremely familiar aura and face!

The black figure's face was also filled with shock and horror. He stared at Xiao Hong with a serious expression as she absorbed the devil aura. His face was filled with uncertainty and a heavy sense of solemnity.

"I've taken it all. It's very little."

Xiao Hong, who had been silent all this time, suddenly spoke. Her tender voice sounded like a little girl's, as if she was reminiscing, "I think it's only a fifth."

She pulled her hand out of darknorth kangtian's chest. It was as white as Jade, without a trace of blood.

At this moment, darknorth kangtian's face turned completely dull and lifeless. His full muscles began to contract rapidly as he began to die.

you're pretty strong, " Xiaohong muttered to himself. it'll be a pity if you die.

With a flip of her hand, she struck out a palm and hit darknorth kangtian's head. A ball of demonic Qi entered his head.

Darknorth kangtian's body trembled, and his dull face gradually recovered. A dark light flickered on his face, and his broken heart also automatically healed, turning him into a demonic slave.

...

"Greetings, master!"

Darknorth kangtian's face was shining with excitement as he knelt down in front of Xiao Hong.

In the distance, the demonized members of the beiming family were also kneeling on the ocean and calling out "master"!

This situation was like a sovereign descending to the world, and all the people were submissive!

Xiao Hong's eyes flickered as she saw di ye, who was not far away.

The two of them stared at each other across a thousand meters of sea.

"Eh? This is interesting."

Suddenly, a soft chuckle was heard. The sky above the ocean rippled slightly as Zhuo qingfan stepped out. He swept his gaze across the area and took in the entire scene.

As Zhuo qingfan descended, the dark and sinister glow on the surface of the sea gradually dispersed. It was as if the clouds had cleared and the sun was shining down, giving one a sense of warmth.

The relationships on the sea suddenly became complicated, and it was extremely quiet. No one made a sound.

Yunxiao broke out in a cold sweat. At this moment, only he knew the relationship between Zhuo qingfan and di ye. He did not expect that Zhuo qingfan would chase him all the way from the Dragon Transformation pool in the burial land to this place!

Di ye's face was cold as he said, "The fusion of the neon lights actually produced self-consciousness? Do you know who you are?"

His eyes were fixed on Xiao Hong as he conversed with her.

"Me?" Xiaohong asked indifferently. I only knew who I was before, but now I know who you are. You have a lot of power that I need, give it to me. "

"What a joke!" Di ye sneered. You're just a part of my body. Are you trying to take over and refine me?"

“Why not?” Isn’t the devil essence in my body one-fifth of your clone? Now that you’ve become one with me, I’m one-fifth of the demon master. Although you have more than one-fifth of devil essence, you’re just a rootless tree without a rainbow body. Why don’t you merge with me?”

Di ye’s eyes narrowed and he sneered, “ merge into one. That’s my purpose for coming here! However, your consciousness must be completely erased from my body!”

His figure flashed, and a black light streaked across the sky. Di ye rushed toward Xiao Hong.

The huge demonic shadow rose into the air, condensed into a palm that covered the sky, and grabbed down.

Xiao Hong’s long red dress fluttered as she raised her head and stared at the palm shadow. She put her palms together in front of her.

A boundless flame ignited around her, turning her into a burning hell that evaporated the sea.

His entire body dissipated bit by bit in The Burning Hell, directly condensing into fire elements, turning into the shape of a bird and soaring into the sky!

“BOOM!”

The two forces collided and turned into black and white.

In the center of the two-colored energy, Xiao Hong’s figure condensed. It took a step in the air and grabbed di ye.

“Absurd!”

Di ye’s eyebrows rose, and anger flashed in his eyes.

The other party actually wanted to absorb and refine him, which made him feel a burst of grievance and shame.

Three heads and six arms appeared, and one of the arms was holding the Daqiao bugong sword, which was directly chopped down!

“Bang!”

The sword Qi struck Xiao Hong’s hand, causing a golden light to flash, but it was unable to hurt Xiao Hong at all!

“Hmph!”

Di ye snorted coldly, seemingly unconcerned. On the four arms behind him, various illusionary weapons appeared and smashed down.

Yunxiao’s pupils constricted as he looked at the illusionary weapons in surprise. One of the bottles was exactly the same as when he had unleashed his Dharma power!

Xiao Hong’s eyes narrowed, as if she was under boundless pressure.

She patted the bugong sword with her left hand, shaking it away with a “ clang “. She escaped from di ye’s demonic power and quickly retreated.

Chapter 1135

1135 The Lord of the eastern sea

Di ye’s attacks missed. His three heads all sneered and stepped forward, chasing after them.

Every step he took was on the rules of space. No matter how Xiao Hong retreated, it was still within a few feet of him.

“You and I are one, why do you need to run?”

A mocking expression appeared on di ye’s face as he said with a demonic smile, ” “Come back quickly, neon body!”

He formed a hand seal behind his back and threw it at Xiao Hong. The entire world was enveloped by this hand seal, and there was no way to escape!

For the first time, Xiaohong looked panicked.

“What’s so great about bullying a little girl?”

A glint flashed across Zhuo qingfan’s eyes, and a mocking look appeared on his face.

He stretched out his hand, and the vast ocean like dust instantly appeared in his right hand. A ray of light directly slashed out!

The light of the halberd split the sky and cut a huge hole in the boundless demonic power!

“Zhuo qingfan!” Di ye bellowed. If you have the guts, let’s have a fair fight after I absorb this body!”

As soon as he said this, the expressions of everyone on the sea changed drastically, each and every one of them revealing a look of shock.

This man was a legendary titled martial sovereign!

For a moment, everyone’s hearts trembled, and they didn’t know what to think. Some of them were stunned.

The development of the matter had exceeded everyone’s imagination. There were not many people left alive, and they were all seriously injured. In front of these experts, they were no different from ants.

my mission is to kill you," Zhuo qingfan said in surprise. why do I have to fight fairly? "

you ... di ye was so angry that he felt dizzy. you're the top powerhouse of the human race. Don't you have the heart of a strong man?!

"What does it have to do with you whether I have the heart of a powerhouse or not?" Zhuo qingfan asked, still puzzled.

"You coward!"

Di ye was so angry that he shouted in the sky.

Xiao Hong's expression returned to normal. She seized the opportunity and ignited the ice fiend Heart Flame, burning a large hole in the void.

She spun in the air and turned into a flickering ice flame, exuding boundless coldness. She was about to break through the sky!

"Don't you dare leave!"

A cold light flashed in di ye's eyes. Demonic might poured down, shattering the void and chasing after the ice flame.

Zhuo qingfan's eyes narrowed slightly. Suddenly, his heart skipped a beat as he looked toward the sky in the distance.

A ray of green light suddenly appeared, and the wind and clouds on the entire sea rose. Auspicious signs descended from the sky, and at some point, flowers began to fall from the sky.

Everyone was stunned by the sudden phenomenon.

The hole in the void that Xiao Hong had created was bound by an invisible force, making it impossible to pass through!

The flower of ice fiend Heart Flame danced non-stop, and once again condensed into Xiao Hong's appearance. She looked up at the sky in shock.

Di ye also felt an inexplicable pressure. He stopped and stared at the sky vigilantly.

A clear voice came from afar.

"Drowning in a single speck of dust, there's no way to mend the profoundness, or the road may still be far. Looking at the world, gains and losses, only self-professing."

As the poem was recited, a ray of green light slowly flew over and turned into a human figure in the sky.

This person's face was kind, solemn, and peaceful. His entire body was covered in jewels and treasures, showing his wealth.

He was holding something in his hand. It was a pair of colorful boots. The spiritual energy was pressing and it flickered non-stop. It was the cloud-walking lotus silk shoes that he had sent flying.

Yunxiao's eyelids twitched, and he cursed in his heart!

The man's eyes turned and he looked down coldly. "Did you guys get my permission to cause trouble in my Eastern Sea?"

The voice brought with it boundless pressure, shaking everyone's heart. It was like a huge rock pressing on their chest, making it difficult to breathe. Everyone's expression changed.

The water deity had a completely different expression. She waved her hand in joy and shouted, "Lord Guangxian!"

Everyone's heart suddenly trembled, each and every one of them revealing a look of shock and realization.

This man was Guangxian, the Lord of the East Ocean and the king of the Dragon Palace!

When Fei Ming saw this person appear, he was also shocked. He hurriedly turned into a ray of light and flew up to pay his respects.

Guangxian nodded his head slightly and squinted his eyes as he looked down. He chuckled and said, so it's Princess water fairy. I'm sorry for making such a mess in my Eastern Sea.

Lord Guangxian, " the water deity called out joyfully, " help me get that sword! That's the sea God's treasure!

She pointed at Di Ye in the distance.

Di Ye's expression changed, and he hurriedly hid Daqiao Bugong sword behind his back. It disappeared with a flash of light, and he snorted coldly, " "What sea God's treasure? that's my boundless chaos sword. You're mistaken,"

Even though he did not know the origins of the sword, he knew that it would be of great use to him since it was capable of resisting Zhuo Qingfan's worldly desolation. Hence, he would not hand it over so easily.

Guangxian's lips curled into a cold smile as he turned to look at Zhuo Qingfan. His eyes were filled with fear as he scoffed, " so, it's the void martial sovereign Zhuo Qingfan. I was wondering who would dare to be so presumptuous in the East Ocean!

Zhuo Qingfan chuckled and kept his halberd. "So it's the Lord of the eastern sea. I've been disrespectful."

"Hmph!"

Guangxian coldly snorted and his gaze swept across all the martial artists. When he saw Bo Yuqing, his pupils obviously shrank, but he quickly returned to normal.

“You’re very bold to treat my Eastern Sea as if there’s no one there. Since that’s the case, then stay on this ocean forever!”

With a wave of his hand, a ray of golden light shot out. The entire sky turned into a rain of sharp swords that slashed down!

...

The entire ocean roared again under this golden light, as if it was welcoming the arrival of a King, and it swept towards everyone.

At the same time, a ray of light fell and enveloped the water deity, preventing her from being hurt.

“Lord Guangxian, please don’t!” Water deity exclaimed.

The rain of swords pierced through the waves and slashed down, aiming to take everyone’s lives.

Guangxian’s face was cold, as if he wanted to use the blood of the crowd to wash away his dissatisfaction.

“That’s too violent.”

Zhuo Qingfan chuckled. The halberd in his hand emitted rays of golden light, which tore through the air and condensed into a golden light barrier, enveloping everyone within it!

“Bang! Bang! Bang! Bang! Bang! Bang!”

The rain of swords was blocked by the golden light.

Guangxian's gaze turned cold. He pointed at Zhuo qingfan and said coldly, "You want to go against me?"

Zhuo qingfan laughed, unafraid of the man's might. He ran his fingers through his hair and said calmly, "There has never been an order, so how can there be a rebellion?"

...

The atmosphere between the two of them suddenly became stiff.

"These people broke the seal and released the demon master. This is a crime punishable by death!"
Guangxian said coldly.

Zhuo qingfan's eyes remained calm as he said in surprise, "What does this have to do with me?"

"You coward, you deserve to die!"

Guangxian let out an angry roar, as if his Supreme dignity had been challenged. He grabbed in the air, and the entire sea trembled with endless waves.

The water vapor that filled the sky quickly condensed in the air and was compressed countless times. It gathered into a ball of water that was as hard as iron in his palm and kept spinning.

"The water element of the world!"

"Bang!"

The water ball flew out and exploded in the air!

Boundless waves rippled and blotted out the sky and earth, forming a powerful water tornado that crashed toward Zhuo qingfan.

The power of the Water Dragon rose into the air, and the Eye of the Vortex descended from above Zhuo qingfan, crushing everything in its path into dust!

“Boom boom boom!”

Zhuo qingfan’s figure was like a small boat in the middle of the ocean. He was instantly struck by the power of the water element, and the entire ocean’s surface, with him as its Center, began to surge violently, as if it was going to overturn the entire East Sea!

The faces of Yunxiao and the others were ashen. All of them were seriously injured, and how could they withstand the torment of such a huge force? they were struggling to hold on in the vortex!

“Aiya, that was so dangerous!”

Zhuo qingfan’s illusory figure suddenly appeared in the sky and gradually became more solid. He looked down at the endless vortex and revealed a look of lingering fear.

However, his eyes were as calm as water. There was no sign of fear.

Guangxian’s face darkened as he gritted his teeth, Zhuo qingfan, I can’t do anything to you, but these humans are dead for sure. I’d like to see how you’re going to save them!

He pointed in the air, and a pillar of water instantly rose from the sea, turning into a Dragon that circled around him.

Guangxian’s hand seals changed, and the Dragon shape instantly turned into a huge invisible water sword. It suddenly slashed towards the vortex, wanting to kill all living beings!

Zhuo qingfan's brows furrowed, and he was just about to head down to save her.

Suddenly, a ray of green light flashed. Guangxian's entire body came close and locked onto him. He pointed his finger at his forehead!

A ray of golden light flashed on the tip of his finger, and a small Golden Dragon appeared within it. The Dragon's Roar filled the sky, and a true Dragon's power locked down the space in all directions!

"This is a Kasaya."

Zhuo qingfan was shocked to find that the little Golden Dragon contained the might of a true dragon, which made it difficult for him to circulate the great void technique.

"Hmph! Void martial sovereign is renowned throughout the world, so I have to show you my best skills!"

A cold smile appeared on Guangxian's face as he pointed his Golden Dragon finger at Zhuo qingfan's glabella. With a "bang", Zhuo qingfan's head was penetrated!

huh?!

Guangxian's expression changed greatly and his face sank!

A hole appeared on Zhuo qingfan's forehead, but he was still smiling. His entire body gradually disappeared into the sky.

A ray of light appeared on the surface of the ocean and instantly shattered the invisible water sword Qi. It turned into a sky full of water clouds and drifted into the sky.

The entire ocean became calm in an instant, returning to its clear state.

Zhuo qingfan's feet stepped on the surface of the sea as he chuckled. Lord Guangxian is the Lord of the eastern sea. It's not good to fight and kill each other on our first meeting. Why don't we have a friendly tea competition?"

Guangxian's expression was ice-cold as he stared at Zhuo qingfan for a moment. "Zhuo qingfan, don't think that the East Ocean doesn't have a way to deal with you!"

He stood in the sky with his hands behind his back. He looked down coldly with the attitude of a peerless master.

Waves of fluctuations suddenly appeared in the sky behind them, turning into ferocious-looking members of the sea tribe. It was as if they had just crawled out of a grave, and there were actually more than 30 of them.

The auras of the more than 30 members of the sea tribe were not strong. They were scattered in the sky and seemed to be arranged in a certain direction. They seemed to be in a formation.

In the distance, Xiao Hong and Di Ye were also looking at each other. They kept a certain distance and quietly watched the situation.

Yunxiao's pupils constricted as he cried out, "Not good! Zhuo qingfan, hurry up and kill these dark night Trident!"

Guangxian's expression changed greatly. He glared at them with a sharp light and said in a cold voice, "Who are you? You actually recognize the dark night Trident of the East Sea?"

Chapter 1136

1136 The Kings of the six clans

Guangxian's gaze carried an extremely strong spiritual attack. With the strength of a three-star Martial Emperor, the other party would definitely have a mental breakdown and be absorbed into his mind.

But to his surprise, not only was Yunxiao fine, but there was also a mocking smile on the corner of his mouth, as if he was mocking him.

“Oh? Dark night Trident?”

Zhuo qingfan glanced at Yunxiao and said, “I’ve heard that there’s a branch of the Yaksha race that can only live in the shadows since birth. However, they possess all sorts of wondrous abilities.”

can’t you just kill these dark Yakshas first?” Yunxiao said anxiously. can’t you talk more after that? “”

Everyone was shocked as they looked at Yunxiao in horror. How dare he speak like that? the man in front of them was Zhuo qingfan, the titled martial sovereign!

“It’s too late,” guangxian sneered.”

He pointed in the air, and the water deity was instantly pulled into the air and thrown behind him. He said, “Feiming, you take care of the princess.”

“Lord guangxian, they are my friends!” The water deity said anxiously.”

“It’s a pity that he’s not a friend of my Eastern Sea,” guangxian said coldly.”

The dark night Trident in the sky began to perform hand seals, and rays of nine-colored light began to appear around their bodies.

The light gathered into a crisscrossing grid, densely packed, shining in the sky and sinking into the twilight.

Everyone’s expressions changed slightly as the dark Yakshas used their secret techniques. They felt as if the space around them had been sealed off layer by layer, and all of a sudden, their divine senses were cut off, making them unable to sense the outside world.

Di ye’s expression also changed greatly, and his eyes glowed with a cold light.

“This is an inescapable net?” Zhuo qingfan asked in surprise.”

Yunxiao nodded. that’s right. If there is anything in the world that can restrain your great void technique, I’m afraid this heavenly net will be one of them. ”

Zhuo qingfan gave Yunxiao a meaningful look, but when he saw that Yunxiao’s eyes were clear and emotionless, he could not help but feel a little surprised and asked, ” “Who are you?”

Guangxian’s eyes lit up as well, and he pricked up his ears to listen. He was also very curious about Yunxiao’s identity.

Dark night Trident had been following his shadow all this time, and no one would have known about this unless they were extremely close to him.

Yunxiao smiled and said, ” who I am is none of your business.”

Zhuo qingfan smiled wryly and crossed his arms in front of his chest. “This world respects the strong. I’ll ask you a question, and if you don’t answer, or if I’m not satisfied with your answer, I’ll hit you.”

Yunxiao snorted coldly. you can’t even protect yourself under the inescapable net, and you still want to hit me? ” Just wait to be beaten!”

Guangxian snorted coldly from the sky and said sarcastically,”Hmph, you seem to be having a good chat. Let’s talk on the road to the netherworld later.”

His expression was cold as he stared into the void. The corners of his mouth curled up into a sneer as he slowly said, ” “It’s time.”

The nine-colored grid line in the sky continued to condense from dark night Trident’s body before disappearing into the void.

However, everyone could feel the shackles of heaven and earth. The power of the rules grew stronger and stronger, completely separating them from the outside world.

As Guangxian's voice fell, at the end of the sky, where their eyes could see, rays of light flew over.

The dark aura was like a thousand troops and horses, stirring up the wind and clouds.

Not only that, under the sky behind Guangxian, the space began to tremble continuously, like water ripples spreading out in circles, like the water of a pond that was wrinkled by the spring rain, pattering.

All kinds of powerful auras appeared in an endless stream, and there were also strange-looking war chariots that rumbled through the sky, approaching from afar.

A throne slowly descended from the sky. Light gathered from all directions and condensed into a domineering figure on the throne. It gradually revealed its true appearance and stopped beside Guangxian.

This person's aura was so strong that it was not inferior to Guangxian's. From the beginning to the end, he did not even look at Guangxian. He was not afraid of the King of the East Sea at all.

After that, the sound of a flute could be heard from afar. Under this sound, the violent sky and sea became peaceful. Gradually, the wind calmed down and the waves rose, as if they were about to fall asleep.

In the midst of Hai Le's music, eight burly figures slowly walked out, stepping on the waves.

Every step they took seemed so close yet so far away. What was even more shocking was that these eight people actually looked the same.

The eight of them carried a palanquin, and a man with golden and silver horns was lying lazily on it. He was playing a Jade flute, and the person who was leisurely playing it turned a blind eye to the scene in front of him.

“Boom boom boom!”

Suddenly, there was a loud explosion in the sky. It was like the sound of thunder and lightning. A bolt of Thunder-fire fell into the sea like a meteorite, causing the gradually calming Sky Sea space to once again become chaotic!

The ball of lightning and fire fell on the surface of the sea, riding the wind and Breaking the Waves. A loud laughter came from the ball, and the powerful force was as boundless as the sea, setting off stormy waves.

The ball of lightning and fire flickered with purple light and flew to Guangxian's side. It also transformed into a figure with a cold smile on his face.

One of his eyes flashed with lightning and thunder, while the other was burning with a demonic fire.

At the same time, a cloud rapidly flew over from the horizon, changing unpredictably in front of everyone. No one could see what was inside, but there was a powerful aura coming out, faintly discernible.

The human cultivators' faces instantly turned ugly. Any one of those powerful auras could make them feel depressed. They were all peerless powerhouses!

Yunxiao's head was spinning. The entire Palace of Dong Hai had come out!

People from all over the world gathered together. Hundreds of powerful auras filled the sky, and all kinds of colorful chariots and battleships saluted Guangxian.

Everyone's expression was cold as they stared down, their faces full of mockery and killing intent.

A dignified female voice came from one of the purple jade carriages, "Lord Guangxian, it's just a few humans, why do we need to make such a big fuss?"

Guangxian's expression was refined. He placed his hands behind his back and chuckled, "Just a few humans? Forget about the other lackeys, but there's a titled martial sovereign here, a Demon Lord monarch's avatar, and a nihong double stone spirit transformation. Since these three have come to my East Sea, how can I not do my part as a host?"

The faces of the experts from all over the world changed drastically as they looked down in horror. Their eyes were filled with ferocity and uncertainty.

"Oh? It was no wonder that there were broken bodies of titled martial emperors and demon emperors."

The voice in the purple jade carriage said slowly after recovering from the shock, "However, since we've already set up an inescapable net and the Masters of the six clans have come, it should be easy to capture them."

The water deity's heart trembled as she looked at the so-called Masters of the six clans. They were the six S-Class sea clans that had submitted to the palace of Donghai, and their strength was shocking!

"Those humans are my friends! You can't hurt them!" She cried out in a hurry.

...

"Eh, isn't this the water fairy princess? When did he make friends with humans?"

The figure lying on the palanquin immediately perked up and sat up. A hint of evil flashed across his handsome face. He stared at water deity and the corners of his mouth held a strange smile.

The water deity felt uncomfortable from his stare and said coldly, "Why do you care who I make friends with? Whoever dares to hurt them will bear the consequences!"

The voice within the purple jade Condor spoke elegantly, "Princess water fairy is young and kind. She must have been deceived by these humans. There were titled martial sovereigns and broken bodies of demon masters among these people. Even if the sea Emperor were to come personally, he would still take them down."

The water deity said anxiously, "I don't care about what you said, but you can't hurt my friends!"

"Oh? May I know which of you are friends of the princess?"

The devilish man on the palanquin asked with a smile. His body was shimmering with gold and silver light.

Water deity pointed in Yunxiao's direction and said, "Except for the three you mentioned and those evil people who have joined the devil, the rest are."

The Marine race expert that the ball of lightning manifested laughed and said, "Haha, the strongest among those scumbags is only a Peak Eight-stars Martial Emperor. What's the harm in letting them live? I'm only interested in the remains of a titled Martial Emperor and a demon master."

He opened his Tiger-like eyes, and lightning crackled in his pupils. He stared at Zhuo qingfan, di ye, and Xiao Hong, sizing them up.

"Thunder Tiger and fire leopard, don't underestimate the remaining people."

...

A vigorous voice came from the colorful cloud, "From what I can see, these people are not simple. One of them had a divine body and all four gates were open. There's also a strange power that flashed in one of them, giving me a very uneasy feeling. There's also another person who seems to have a rare treasure that even my extreme eye ability can't see through."

"What?"

The members of the sea tribe were all shocked and couldn't believe it.

The female voice in the purple jade Condor spoke slowly, "Although your extreme eye is not as powerful as the eye of truth of the Bo family of the sea Emperor, it still has the ability to see through the truth. It's the most powerful eye in the East Sea, and even you can't see through it?"

The voice in the colorful cloud hesitated for a moment before saying, "Not only these three, but there's also one person who not only can't see through him, but also looks like he's in an abyss."

The people he was talking about were none other than the ministers, Bo Yuqing, Ye Fan, and Yunxiao.

The four of them were all covered in cold sweat, especially the last three. They all had precious treasures on them, and they were afraid that these Sea Race people would Rob them. Their expressions were unusually ugly.

"If that's the case, then we can't let him off so easily!" Guangxian said coldly."

All the human beings were shocked, and they smiled bitterly.

With such a formation, not to mention the heavenly net world, the other party had gathered almost all the high-end combat forces of the entire East Sea. It was a completely one-sided force. It was not an exaggeration to say that they had caught a turtle in a jar.

"No!" The water deity said anxiously. You can't hurt my friend, or I won't let you off!"

Guangxian said indifferently, "this is an extremely important matter. Princess water fairy, you must not act willfully."

"I'm willful? You want to kill my friend, and you say I'm willful?"

The water deity was furious. She hurriedly formed a hand seal and muttered a secret message.

Not far away, the five deep-sea monsters slowly turned around. Under the careful treatment of their five companions, the injured Doudou had almost been healed.

The eyes of the five healthy deep-sea Giant beasts all burst out with red light. They seemed to have sensed water deity's dissatisfaction and anxiety, and they rushed over while letting out loud " lu lu lu lu " sounds.

Although the deep-sea Giant beasts were extremely terrifying and not easy to take down, the hundreds of sea tribe members in the sky had cold expressions. Some of them even sneered.

With their combined strength, they could easily take down 50 deep-sea monsters, let alone five!

Chapter 1137-inescapable net

The Golden-bodied silver-horned man on the palanquin chuckled and said, " "The princess is being naughty again."

He placed the white bone Jade flute in his hand to his mouth and played it gently. The sound of the flute rang out, and the entire somber sea became calm and peaceful.

Everyone closed their eyes and listened to the sound of nature. A sense of fatigue welled up in everyone's heart, and they gradually became sleepy and wanted to sleep.

After charging for a while, the five deep-sea Giant beasts suddenly stopped and stood on the sea in a daze, looking a little lost.

The largest toot was making a light "lululululu" sound, but he didn't know what it was saying.

"Ah?"

Yunxiao! Yunxiao suddenly cried out, his voice filled with speechlessness and helplessness, and a wry smile on his face.

The crowd followed Yunxiao's gaze and looked over. They were all stunned, and then they smiled wryly. It was likely that they would not be able to escape today.

In the sky, the water deity had closed her eyes and fallen asleep.

The five deep-sea monsters had lost her guidance, so they were at a loss and stood in the distance, not knowing what to do. After a while, they flew back and continued to treat Doudou.

The Thunder Tiger Fire leopard couldn't help but laugh. "Siren's flute, I thought you were going to hypnotize the five deep-sea monsters. It turns out that you have hypnotized the water fairy princess."

The female voice in the purple jade Condor carriage chuckled, "The siren's flute has self-awareness. Those five are not just any cats or dogs, but ancient giant beasts lurking in the endless deep sea! How could his petty tricks work?"

"What did you just say?"

The siren's flute's face darkened, and it said coldly, "Slut, do you want to die?"

The purple jade carriage suddenly trembled, and a loud shout came from inside. "What did you just say? You dare to scold me?"

The purple jade chariot emitted a violent aura as it descended from the sky.

The 8 burly men who were carrying the palanquin paled, and they could not help but take a step back, their eyes filled with fear.

"All of you shut up!"

Guangxian's face sank and he shouted, "did I ask you to come here to perform?" If you want to play, you can play however you want after this!"

"Hmph!"

The woman's cold snort came from the purple jade carriage, and then there was silence.

The siren's flute also looked disdainful. It turned its head away and did not care.

"Aiyaya, wonderful, wonderful, why did you stop? I thought they were going to fight."

"How disappointing," Zhuo qingfan shook his head and sighed.

"Hmph! You can't wait for us to fight among ourselves so you can take the opportunity to escape, right? In your dreams!"

The lightning Tiger and fire leopard barked loudly and glared at Zhuo qingfan. Lightning crackled in their hands, and flames burned.

Zhuo qingfan chuckled and said, "I remember Gu Feiyang's unstoppable rampage in the East Sea." What makes you think you can stop me? Do you think I'm easier to bully than him?"

The tall and sturdy figure on the throne snorted heavily and said in a cold voice, "We naturally know how terrifying a titled martial sovereign is, but with this inescapable net sealing your great void technique and the Kings of our six clans, we think it won't be a problem for us to take you down!"

The cloud also said in a powerful voice, "Back then, if Gu Feiyang had not fled and had a fair fight with us, his body would have been soaked in the sea water."

"Oh?" Zhuo qingfan laughed. There was such a thing? Why is it so different from the version I heard?"

Bo Yuqing's eyes were faintly fixed on Yunxiao.

Yunxiao's face darkened as he snorted and said, "You've gathered the power of the seven clans and the entire East Sea to fight Gu Feiyang. Could it be that the same word had different meanings between the sea Race and the human race?"

A hint of embarrassment flashed across Guangxian's face as he snorted, "The version you heard is naturally passed down through all sorts of false rumors. As the people involved, we naturally know the best. Zhuo qingfan, I'd advise you to throw away your armor and surrender. Only then will you be able to protect yourself."

Zhuo qingfan pointed at Di ye in the distance and said, "What do you plan to do with this person?"

Guangxian's eyes turned cold and he said coldly, "the body of a demon master is naturally to be killed if possible and sealed if not!"

Di ye flew into a rage, and even Xiao Hong's face turned ugly.

"Yaya, I see!"

Zhuo qingfan smiled. then our goals are the same. There's no conflict between us. "

"Oh?"

what? " the siren's flute sneered, " this person who's known as the human titled martial sovereign is trying to get close to us in order to save his life? " Haha, this is so embarrassing."

"No, I've been chasing him for more than half a year, but I still can't kill him. It just so happens that you have the advantage in numbers, so you should be more confident in dealing with this devil."

Zhuo qingfan shook his head and chuckled. "In that case, I can also return to the Holy region and report that you've taken over the task of killing this devil. You have to know that I'm a person who has a strong sense of responsibility."

"Return to the Saint-level? Are you joking?"

A woman's laughter came from the purple jade Condor carriage, scornfully saying, "Are the men of the human race so useless and looked down upon? Under the heavenly network, even a titled martial God could forget about leaving, let alone a titled martial sovereign."

"Oh, really?"

Zhuo qingfan smiled faintly and formed a hand seal with one hand. A ray of golden light drifted out and transformed into a golden seal in front of him.

Everyone's faces darkened as they focused their attention.

Guangxian shouted, "all-encompassing net, seal the six paths!"

The entire sky suddenly brightened up, and the dense grid lines that had previously hidden in the void all appeared. They covered the entire sky and sea in an instant, layer by layer, as if they led to an infinite distance!

The burly man on the throne sneered, "Unless you can go beyond the Three Realms and not be in the five elements, you have to stay, even if you are a God or a devil!"

"Oh? Was it?"

Zhuo qingfan chuckled again and touched his head. "It seems a little troublesome."

He changed his hand seal and the golden light in front of him suddenly exploded, shaking the entire universe void!

...

The countless grid lines in the sky rippled like taut ropes, which then became loose.

“What?”

Everyone was shocked. Guangxian suddenly shouted, “Lock! He had to lock him down no matter what!”

The thirty-odd dark Yakshas in the air all revealed looks of fear as they quickly formed hand seals. Their bodies were like stakes nailed into the sky, forming the main axis of the inescapable net.

At this moment ...

“Bang! Bang! Bang! Bang! Bang!”

Suddenly, a few explosions rang out, and the seven dark night Trident’s bodies exploded into a mist of blood as they screamed in agony.

The entire inescapable net was thrown into chaos, especially between the seven who had fallen. A golden Nebula suddenly appeared, as if it was connected to the extreme of the world, the source of the universe!

Everyone’s faces were filled with horror. This heaven and earth net had directly sealed the sky and locked the earth. Within the Three Realms, everything within the five elements was locked in it, and nothing could break it!

Zhuo qingfan’s calm figure emerged from the Golden Nebula, and he walked further and further away under the watchful eyes of the crowd.

“Why bother? You’re only happy when someone dies?”

...

Zhuo qingfan shook his head and sighed. His figure gradually disappeared into the Golden Nebula.

All that was left was a faint laughter that rang out and echoed in the sky.

“There’s no need to keep the feathers in the cage when a guest comes. Since ancient times, everything is like flowing water. A pine tree grew for ten miles, and he still saw the birth of Poria mushrooms. Hahahaha, we’ll meet again. Let’s compare tea arts next time.”

His laughter continued to spread through the air and resounded through the entire ocean.

All the oceanic species ‘experts’ faces turned green in an instant, and their eyes were spewing fire as if they were volcanoes that were about to erupt at any moment!

The entire sea and sky were abnormally silent, like the moment of peace before a storm.

The Lord of the East Ocean, the Kings of the six clans, and the countless powerhouses all felt extremely ashamed and resentful!

They had deployed the entire Eastern sea’s forces to set up an inescapable net, yet they still allowed Zhuo qingfan to kill seven dark night Trident and escape so easily.

If such an embarrassing incident were to spread, the eastern sea King would definitely become the laughingstock of the four Seas, or even the world!

The voice within the rainbow cloud slowly spoke, as if it was extremely dissatisfied, “Silver Spirit, with your race’s abilities, you can easily travel through the void. Why didn’t you stop that person just now?”

A silver light suddenly appeared under the sea, and there seemed to be a spiritual light flashing within.

The human powerhouses in the sea were all shocked and hurriedly flew away. They felt extremely uncomfortable when the silver light shone on their bodies.

A leisurely voice came from the silver light, “How do you know I didn’t make a move?”

“What? Did you make a move?”

An extremely shocked voice came from the colorful cloud, and everyone was shocked!

All the powerhouses of the eastern sea were gathered here. It was impossible for someone to make a move under their eyes without being noticed. If there was, it must be a God!

“He didn’t make a move,” the voice in the silver light said slowly.”

“Your sister! Then what do you mean?”

The lightning Tiger and fire leopard roared in anger, feeling that the Silver Spirit’s master was toying with them.

The rest of the people also glared at him angrily. Under the humiliation of the eastern sea, everyone had a stomach full of anger and wanted to find a place to vent it out.

The master of silver spirits said slowly, “ it’s because he had already stunned me before he used the void travel technique. That’s why I didn’t make a move. Because I knew that if I had attacked, I would have already died.”

Everyone’s expression changed drastically. They knew that the master of silver spirits would not speak carelessly, but this conclusion still made everyone extremely shocked and extremely dissatisfied.

“Hmph! “Cowards! As one of the six clans of the East Sea, you are a disgrace to me!””

The Thunder Tiger and fire leopard roared angrily and sulked.

The burly expert on the throne was also extremely dissatisfied. He snorted and said, “ “With your strength, do you think you’ll be instantly killed? As long as you stop him, we’ll all attack together. Even if the other party is really from the ten directions divine realm, we’ll still be stopped!”

The master of silver spirits sighed and said, " this person is definitely not as simple as you think. Back then, Gu Feiyang's title of third place had already made everyone feel disgraced. This person's ranking is even higher than Gu Feiyang's. How can he be trapped by an inescapable net? ""

Chapter 1138-trapped beast still fights

"Hmph! If you're afraid of death, then be afraid of death. Why do you have so many excuses?"

The Thunder Tiger and fire leopard did not let it go, and the anger that they had just suppressed erupted again.

The master of silver spirits let out an aggrieved sigh and did not say anything else. The silver light on the entire ocean gradually dissipated.

Guangxian's face was so gloomy that it was almost dripping with water. He said in a cold voice, "No one is allowed to speak of today's matter, or else you will be killed without mercy!"

"Yes!"

Everyone felt the cold killing intent from his body, and they all felt a chill in their hearts as they hurriedly responded.

Moreover, this kind of thing was really too embarrassing. Whoever said it would only be embarrassing themselves.

"Sigh, actually. The Silver Spirit can't be blamed for this. In my opinion, it's not that his strength is lacking, but that he's afraid of the consequences being too widespread."

The woman in the purple jade Condor carriage analyzed, " the war between the eastern sea and the human race is getting more and more intense. If we kill Zhuo qingfan, it'll be a battle to the death. I'm afraid it'll directly affect the four Seas, and the sea Race might even invade the Holy region again. Although it doesn't matter to us, this matter involves the common people of the world."

“Yes, lady Zi is right. I also believe that this is the true thoughts of the Silver Spirit’s master. After all, he is the wisest of the six of us.”

The burly figure on the throne also agreed and nodded thoughtfully.

Everyone was bewildered. They knew that these big shots were trying to save some face for themselves. After all, they had already left, so the sound of these slaps was really too ugly.

Guangxian also coughed a few times and said seriously, “Lady Zi is right. Killing Zhuoqing is a small matter. It’s only a matter of moving a finger. What we should be worried about is triggering a war between the two races.”

Lady Zi continued, “ the most important thing now is to take down the demon Lord’s body. This is a big deal that involves the entire East Ocean and even the whole world. ”

Everyone in the sky fixed their eyes on di ye, Xiao Hong, and Yunxiao.

Di ye’s face darkened. He stared at Xiao Hong and said anxiously, “ “Quickly merge with me. As long as the rainbow body and my devil essence body merge, it’s enough to kill these dregs!”

“I won’t agree unless my consciousness is the main force.””

“Hmph, you’re just a stupid girl, why do you need consciousness!”

Di ye’s face darkened, and he could not hold back any longer. He suddenly attacked Xiao Hong.

Xiao Hong kept retreating. Not far away, beiming kangtian and the others roared and rushed over, attacking di ye together.

The siren’s flute was surprised, “these two devils are fighting?” Interesting, are we going to watch the fire from the other side, or are we going to take them down directly?”

Guangxian pondered for a moment and said, "the demon master's body is no small matter. Let's wait and see for now. Let's kill those human scum first."

"Who's going to kill these human ants?" he flicked his sleeve coldly and asked.

The heads of the six clans all stood with their hands behind their backs, as if they disdained to do such a thing.

A sea clan member with fish scales and a powerful demonic aura came forward from the chariot and said, "Let this humble servant serve."

Guangxian looked at him and said, "so it's the rotating cultivator commander, with your strength you should be able to take up the role!"

"I definitely won't humiliate Wang Ling!" The rotating cultivator commander shouted.

He threw off his cloak and strode towards the sea.

An extreme sense of oppression spread in everyone's heart, and they felt extremely uncomfortable all over. The man in front of them was definitely a nine-stars martial sovereign!

Lord Guangxian, Yunxiao said loudly, "killing the demon is the most important thing! If you kill us, it will definitely trigger a further war between the two races, affecting the entire Four Seas and even the common people of the world."

Guangxian's face turned red, and a trace of anger flashed across his face. These were the words he had used to keep up his appearance, and when they came out of Yunxiao's mouth, they were like a slap to his face, making him feel a burning sensation.

"Who Do You Think You Are?" he growled in a deep voice. "If you've killed them, so be it. Do you think the entire human race will kill their way to the East Sea for you? Kill!"

Yunxiao's face was covered in cold sweat, and he found that it had the opposite effect.

Under such a situation, even if he was at his peak in his previous life, he might not be able to escape, let alone his current weak strength.

Previously, Zhuo qingfan's ability to escape from the inescapable net with ease had truly given him a huge shock.

It seemed like he wasn't the only one who had improved over the years. The others had improved as well.

As Xuan Xiu stepped down, everyone's faces turned ugly.

Chuan, " Yunxiao said with a glimmer of hope, " what happened to you just now? "

Anticipation rose in everyone's hearts as they looked at mo Xiaochuan.

Previously, mo Xiaochuan's strength was shocking. If he could recover that level of strength, he might be able to lead everyone to fight their way out.

Mo Xiaochuan smiled bitterly and shook his head. I don't know what's going on either. I only know that someone has taken over my body. I can't sense anything strange at all.

there's really no way out this time, " Yunxiao said with a wry smile. there's really no way out.

"Is master at his wit's end?" mo Xiaochuan smiled bitterly.

Gu Feiyang had always been a god-like existence in his eyes. It was hard to imagine that he would have no idea what to do.

there's a limit to a man's strength, " Yunxiao said bitterly. I'm not a God.

The people standing in the sky were the strongest of this era, and there was no possibility of escape.

“Hmph!”

“Hmph!” Xuan Xiu snorted coldly and said, “those who offend the dignity of the sea Race, die!”

He shouted and a black light flickered in his hand.

Everyone felt an unparalleled force pressing down on them and exploding on the surface of the sea!

“BOOM!”

Everyone fled, and under the explosion of that force, a few people were seriously injured and spat out large mouthfuls of blood.

One of them was Bo Yuqing. He said in shock and anger, “Guangxian, you also want to kill me?”

...

“Oh? And who the hell are you?”

Guangxian raised his head indifferently, his eyes were cold.

“You coward!”

“Good, good!” Bo Yuqing angrily said. You really know how to act!”

Guang Xian sneered, "Oh, so it's Bo Yuqing. I was wondering why he looked so familiar." I've been waiting for you for decades. Are you really a man to break your promise like this?"

Bo Yuqing's expression changed slightly and he said coldly, "There's a reason for this. Don't tell me you don't care about our old friendship at all and really want to kill me?"

The voice in the colorful cloud suddenly said, "my Lord, this person has a very strange power. Not only does it devour the power of my divine eyes, but it also makes me feel very uncomfortable. It's very strange!

Guangxian's expression changed, as if he had thought of something. His eyes burst into light and he suddenly laughed, "Haha, Nepenthe, it must be Nepenthe! You're still carrying that piece of neonite with you!"

His face was unusually excited as he said, "I didn't expect that after several decades, you would come all the way here to give me the neonite. I really can't bear to kill you!"

Everyone was shocked, including the six tribes of the sea Race. They were all experts of this world, so they naturally knew what aegirine was.

Even di ye and Xiao Hong, who were busy fighting in the distance, couldn't help but turn their heads and look at Bo Yuqing in shock.

...

Bo Yuqing's expression changed greatly. He had originally planned to use this piece of aegirine as a bargaining chip with Guangxian and didn't want to be noticed by the other party. Now, there was no equal condition.

Guangxian licked his lips and stared at Xiao Hong with excitement and puzzlement. He asked in confusion, "Since the aegirine is still with you, is this Rainbow Spirit another piece?"

He looked at Bo Yuqing and said jokingly, " you've lost the bargaining chip to negotiate with me. Brother Yuqing, are you very angry? how can you save your life? "

Xuan Xiu had a sneer on his face, like a cat toying with a mouse, his hands repeatedly turned into waves, one by one exploding out, looking at the fleeing appearance of the crowd, he laughed endlessly.

Everyone's faces were dark. If they worked together, they might have a chance, but so what if they won against the revolving cultivators?

They were still dead, and despair grew in their hearts.

Bo Yuqing's eyes flashed and he snorted coldly, " Guangxian, let's not talk about whether the aegirine is with me or not. I still have a bargaining chip with you."

"Oh?"

"Then hurry up and say it, or you'll die," guangxian sneered.

Xuanxiu also laughed loudly, and attacks were launched from his hands towards Bo Yuqing without any restraint.

"Guang Xian, don't you want to know the whereabouts of your big brother Guang Yuan?" Bo Yuqing was furious and said coldly.

"What?"

Guangxian was shocked and his expression changed!

Xuan Xiu's body also trembled, and the attack in his hand slammed to the side, directly blasting into the sea beside Bo Yuqing, splashing up shocking waves.

Bo Yuqing adjusted his body's Qi and sneered, "What? you're not going to kill me?"

In the sky, the expressions of the six patriarchs changed drastically as well, and they fell silent.

Back then, when the palace of Donghai experienced a great change, Guangxian killed his own brother, Guangyuan, causing a great shock. Even more than a dozen clans were affected and completely disappeared from the sea.

Although these things were known to everyone, they were taboo in the eastern sea, and no one dared to mention them.

Everyone stood there quietly, not daring to make a sound.

The killing intent in Guangxian's eyes gradually exploded as he said coldly, "Guang Yuan's traitor is dead, and you want to trick me?"

"Oh?" Bo Yuqing sneered. Are you sure?"

A sneer appeared on his face, as if victory was already in his grasp. He laughed and said, "Everyone present can bear witness that not only is Guang Yuan not dead, but his abilities have also become even stronger than before! Guang Yuan is the island master of Xian Kong Island. Not only that, he also obtained the Lotus throne of Fa Hua left behind by the sea god-that's what I've heard!"

"What?"

Guangxian's body trembled, and the rest of the sea Race were also shocked, as if they couldn't believe it.

I heard that it was a profound level weapon from the Masters of the four Seas, how could it be obtained by others?

However, Guangxian and the heads of the six clans were very clear that the Lotus throne had always been used to suppress the demon Lord's avatar.

A few decades ago, Donghai Palace underwent a huge change and the Grand sealing formation was broken.

Bo Yuqing continued to sneer, "are you surprised?" Desperate? Haha, what's even more despairing is that Guang Yuan has already refined Amitabha, and it's only a matter of time before he breaks through to the peak of the martial sovereign realm and kills you. Hahaha!"

In the entire ocean, other than the sound of Xiao Hong and the demonic slaves fighting to kill di ye, only his proud laughter could be heard.

Chapter 1139-Heart of Glass

Guangxian's face was extremely gloomy and he said in a cold voice, " "Even if what you said is true, this doesn't seem to be the bargaining chip for your survival, right?"

"The bargaining chip for my survival is ... In this world, only I can find Guang Yuan!" Bo Yuqing said coldly.

"You've convinced me, so I won't die for the time being!" Guangxian said in a deep voice.

He grabbed at the air, and five rays of green light flew out from his fingertips and shot directly into the sea, trapping Bo Yuqing inside like a cage.

Then, he closed his fingers and Bo Yuqing was pulled into the sky like a bird in a cage.

"Kill the rest!" Guangxian's face was cold as he shouted.

"Yes!"

yes, master! Xuan Xiu quickly accepted the order. He knew that he could not play anymore. The powerful aura of a nine-stars martial sovereign burst out from his body, and everyone felt extremely suppressed.

“We can’t kill these people either!” Bo Yuqing exclaimed.

“You’re only useful enough to protect your own life, kill!” Guangxian snorted coldly.

Xuan Xiu accepted the order. His gaze turned to the sea, revealing a trace of an evil smile, and suddenly sent out a palm!

“Bang!”

Several martial artists who were gathered in the distance were instantly blown to pieces. They didn’t even have the time to scream.

“Damn it!”

Yunxiao roared with boundless anger.

The few martial artists from earlier were the members of the battle blade team that had gone out to sea with them. The entire team had very few casualties. Under that attack, even the team leader, Liang Yuanji, had died.

“Oh? Slag, you seem to be very angry!”

Xuanxiu sneered as he looked at Yunxiao with a mocking look, then raised his hand high.

He said sarcastically, “you should be happy that you’re going to accompany them after I point.” Come, give this Lord a smile.”

“Laugh your sister’s entire family! I’m laughing at your ancestors, you bastard!”

even if I, your grandfather, will die,” Yunxiao said angrily. I’ll drag you down with me, you little fish!

An invisible force rippled out from his body. As if he was determined to die, he walked forward step by step with his head held high and chest out.

Xuan Xiu’s heart was shocked for no reason, and he didn’t know why he felt a trace of fear.

This made him feel extremely surprised and shocked.

It should be known that with his cultivation realm, he would never have emotions for no reason, and the other party was only a three-star Martial Emperor. In his eyes, he was no different from an ant and could not pose a threat to him at all.

“Hmph, ants, trying to be mysterious!”

That wariness made him feel uncomfortable. With a cold snort, a ray of light bloomed from his index finger, and he was about to point it down!

Suddenly, a black demonic shadow came from the sky, and a Nebula appeared.

Darknorth kangtian’s entire body was covered in monstrous devil Qi. With a loud roar, he slapped down with his palm. It was ‘my life has ended’!

Although the palm momentum was majestic, it could not hide the embarrassment on his body. It was precisely because he had been hit by di ye that he was covered in wounds.

“Go to hell, you lowly thing!”

Xuan Xiu roared, the light on his finger became even brighter, he changed direction and pointed towards the demonic Qi Nebula!

“Boom boom boom!”

A huge force exploded and spread out in all directions. The surface of the sea was covered in a layer of terrifying aura.

Yunxiao was taken aback. He did not expect that darknorth kangtian would appear to save him, and demon slaves had no self-consciousness. He could not help but look at Xiao Hong.

After beiming kangtian left the battle, Xiao Hong obviously couldn't stand it anymore. The rest of the demonic slaves were directly smashed into pieces by di yezhu. Even beiming Laifeng was completely killed by a single palm!

Di ye's eyes were filled with mockery as he laughed strangely, “You can't even take care of yourself and you still want to save people? Is that man your lover?”

Xiao Hong's face was ice-cold as she remained silent. She focused on dealing with it, but she was getting weaker and weaker.

A strange look flashed across di ye's face as he said softly, “You and I are one, so there's no need for us to meet on the battlefield. besides, we brothers are fighting against each other from outside the wall. Now, all the Masters of the East Ocean are guarding the sky. Even if you can escape from me, you will be captured by them, let alone the people you want to save. Have you thought of the consequences?”

A hint of struggle flashed through Xiao Hong's eyes, as if she was moved.

Di ye continued to persuade him, “there's actually no need for a battle of consciousness. We can co-exist with our consciousness. Or, we can find a way to solve it after we get through the current crisis. You have the ice fiend Heart Flame on you, so I can't erase your consciousness.”

Xiao Hong was finally convinced. She gritted her teeth and said, "After this, it will be time for us to separate!"

"Haha, sure!"

Di ye was overjoyed, and a purple light burst out of his eyes. He laughed and said, "It should have been like this long ago!"

His entire body transformed into a ball of pitch-black demonic essence as he charged toward Xiao Hong.

Xiao Hong's eyes were filled with complicated emotions. At this moment, she only raised her head and gave Yunxiao a glance.

His eyes were clear and clear, without a speck of dust.

Yunxiao's body trembled, and an inexplicable throbbing rose in his heart, as if he had a feeling of life and death, and endless sorrow welled up in his heart. "Don't!"

Di ye had already rushed into Xiao Hong's body, and Xiao Hong's clear and bright eyes slowly closed.

The pure white and flawless body was infused with endless devil essence and turned pitch-black.

Everyone in the sky above the ocean was greatly shocked. This sudden change caught them off guard, and they all stared vigilantly.

After all, the rumors about the demon Lord Emperor were too terrifying, and the incident in Donghai Palace was still vivid in their minds. These experts became nervous.

"Hahaha, hahaha!"

...

Endless laughter rang out from the darkness, filled with extreme excitement and madness. A demonic flame rose to the sky, evaporating the surrounding seawater.

Yunxiao's heart ached when he thought of Xiao Hong's eyes.

Guangxian and the rest were still looking on coldly. They had the advantage in numbers and were all the top powerhouses in the world. Naturally, they had nothing to fear. They seemed to be waiting for changes.

All of a sudden, the entire surface of the ocean became covered in a silver glow. A silver light slashed out from the ocean, emitting an extremely strong and blinding light. Its target was none other than the monstrous demonic flames!

"Boom boom boom!"

The silver light rushed into the demonic flames and directly cut the overwhelming darkness in half!

The boundless demonic Qi seemed to have been completely defeated by this attack and gradually dispersed in all directions.

Everyone was shocked. There was no one in the dissipating demonic flames!

"Eh? Fish hunter, where is he?"

Guangxian's face suddenly sank and his eyes were filled with shock. If the demon master's body was allowed to escape, it would be another huge joke!

The voice within the rainbow cloud spoke in a grave tone, "I can't see their whereabouts, but I'm sure they haven't left. Under the inescapable net, no one within the Three Realms and five elements can escape!"

...

After saying this, he seemed to feel that it was extremely inappropriate and fell silent.

Above the ocean, a silver light suddenly appeared. It was unknown when a sharp figure had appeared on top of it. His entire body was shining with silver light, and he had a strange face.

“Silver Spirit, have you found anything?” Guangxian asked in a deep voice.

“I can feel his presence, just like bi an,” the silver figure said slowly. He slowly raised his hand and said seriously, “I can feel his presence.” it’s just like the water elements in the sky. They seem to be everywhere!

“Everywhere? What do you mean by that?”

“Find him and kill him immediately!” Guangxian shouted.

“Hahahaha!”

Di ye’s strange laughter rang out in all directions as he said excitedly, “It feels so good to have my body back!”

The master of silver spirits ‘face darkened, and a beam of silver light flashed in its hand, instantly splitting the ocean in half. Then, it became one with its body and stabbed into a certain spot in the void!

“Bang!”

An extremely hard object appeared and directly grabbed the silver Dagger in his hand!

It was a pitch-black arm, but it was shining with a dark light like a gem.

Di ye's body gradually appeared from the void, and a cold smile appeared at the corner of his mouth. He said, "My demonic body is indestructible. How can this mere profound level weapon hurt me? Hahaha!"

He laughed wildly, and a cold glint flashed in his eyes. He suddenly grabbed with his five fingers, and the silver blade in his hand was bent with his bare hands!

The master of silver spirits was shocked. With a furious roar, it kicked out in the air, and tens of thousands of silver glows rushed out from the sea, slashing through the air like sword Qi!

"Bang Bang Bang!"

The silver sword Qi slashed at di ye's body, forcing him to retreat in the air. At the same time, black runes surged out of his body.

"

no! di ye shouted angrily, "an incomplete body can never be perfect!"

His figure suddenly flickered, and he directly punched down from the air!

The Silver Spirit Master poured his essence force into the profound level weapon in his hand, and it instantly bounced back from its distorted state, slashing at the fist ray!

"Boom boom boom!"

The silver light was directly shattered by the fist force, and a pillar of water shot up into the sky from the ocean. The Silver Spirit Master was sent flying, setting off endless waves.

A shocked voice came from the purple jade Condor in the sky, "it's just a broken body. Even the master of silver spirits is no match for him. If it's a complete body, then ..."

Everyone was silent, as if they could not imagine the power of a complete demon master, and their faces were extremely serious.

Guangxian said coldly, "if it weren't for the fact that this demon was so difficult to deal with, the ancient sages wouldn't have spent so much effort to suppress it!" I can tell that his strength is only so-so, and he's not even as strong as Zhuo qingfan. Everyone, please abandon your racial prejudices and help me subdue this demon!"

"As you command, King!"

Everyone shouted in unison.

Only then did Guangxian nod his head in satisfaction, "Who is willing to go down and help the Silver Spirit?"

"I'll do it!"

The Thunder Tiger and fire leopard shouted in a deep voice, "My purple lightning and green flames are the purest and most righteous things in the world, and they are perfect to restrain this demon!"

He turned in the air and turned into a bolt of thunder fire. It was like a meteorite burning from outer space, and purple lightning flashed on it.

Yunxiao was shocked. Although the purple Thunderbolts were not pure in color, they were undoubtedly the Supreme world-destroying divine Thunder of Shangqing Zifu!

He had seen the Thunder Tiger and fire leopard clan a long time ago, and they did not have such a master. He did not expect that after a few decades, they would also produce such a peerless figure and become the Overlord of the East Sea.

In the distance, Xuan Xiu, who was busy fighting with darknorth kangtian, had his expression constantly changing. He had been the main character of the battle, but now he was just a supporting character.

Moreover, under the witness of so many powerhouses, he was unable to take down a mere fiend slave in front of him for a long time, causing him to feel a wave of irritation in his heart!

Chapter 1140-shocking flames

“Damn you, you lowly thing!”

Xuan Xiu gritted his teeth and cursed. All kinds of crackling sounds came from his body, as if his bones were wandering in his body, and all gathered in his right hand.

“Pipa!”

Several pieces of white bones protruded out of his skin and were constantly twisted together, like a white cannabis flower!

“Hundred bones, nine apertures, six roots free!”

Xuan Xiu roared, and the twisted white bone suddenly exploded, turning into countless bone spikes that pierced through the sea.

“Bang Bang Bang!”

Countless holes were blasted out of darknorth kangtian’s body by these bone spikes, and he was hung in the air by countless white bones as if he was being skewered. However, he didn’t feel any pain, and he was still roaring and shouting, wanting to fight.

“Hmph, even if you have heaven-defying means, you’ll still have to die!”

Xuanxiu laughed hideously. His left hand suddenly formed a seal, and the countless white bones suddenly opened up, tightly wrapping around darknorth kangtian.

After that, the terrifying white bones quickly retracted back into his body, directly absorbing darknorth kangtian's entire body!

"Pi pa Pi pa!"

All kinds of bone explosions came from his body again, and he returned to normal in an instant. His belly became rounder, as if he had eaten his fill.

"?! This Yingluo "

The human martial artists who had survived broke out in cold sweat. A demonized nine-stars martial sovereign had been eaten by him just like that?

Yunxiao was also dumbfounded, but his eyes flickered with a cold light.

He knew very well how powerful the devil essence was. Although the revolving cultivator had swallowed darknorth kangtian, it was impossible for him to digest it.

As expected, his belly started to rise and fall, and he was suddenly very full.

Xuan Xiu's expression changed. He made a hand seal and a white mark appeared in front of him. Then, he slowly sucked it into his stomach.

the swollen belly slowly deflated and returned to normal.

Yunxiao's eyes almost popped out of his head in horror. It was known that demonic energy could transform into anything, and it had few nemesis except for Supreme energies like spiritual energy and true dragon aura.

After the revolving cultivator absorbed darknorth kangtian, he seemed to have no interest in them. Instead, he flew directly to the side of the Silver Spirit Master and bowed respectfully, " "Lord Silver Spirit, I'll help you!"

The Silver Spirit master's face was expressionless as he coldly stared ahead.

The purple Thunder and green fire fell from the sky, trying to evaporate the entire sea. Then, they pressed down on di ye!

Di ye's arrogant and unruly expression was replaced by a trace of solemnity. He muttered to himself, "Purple lightning?"

There weren't many powers in this world that could make him fear them, but the world destroying sacred Thunder of Shangqing Zifu was definitely one of the sacred arts that he feared the most.

Hmph, it's only mutated into purple. It's far from enough to kill me with this little power!

Di ye laughed wildly as two different flames appeared in his hands. One of them was extremely cold and the other was extremely cold! a ray of extreme yang, blazing for a thousand miles!

The two balls of flames suddenly merged in front of him, and the entire sky and sea trembled as if the two poles were reversed, and the sea and sky were reversed!

A ball of white sparks jumped on di ye's palms. The flame was there, but no matter how hard he tried to sense it with his divine sense, it seemed to be empty.

However, all the powerhouses felt an extreme fear in their hearts. It was as if the entire world would be devoured by the white flame!

Yunxiao was also shocked. The white heart Flame on the gourd Little King Kong had already frightened him, and the one in di ye's hand was even more powerful, which directly made him feel fear in his soul.

"Hahahaha! Void fire, ice fiend Heart Flame!"

Di ye laughed wildly. His face became extremely distorted under the illumination of the flames. He suddenly clenched his hands and slapped toward the purple Thunder and green flames!

“Not good!”

The master of silver spirits let out an urgent cry, and his entire body transformed into a beam of silver light as he flew up.

A sword slashed out from the silver blade. It slashed the sky, the earth, and the man. The three slashes combined into one, splitting the sky and the earth, and splitting the sea!

Yunxiao’s pupils constricted, and his face was filled with shock. Although he was not the first to use the three slashes, there were only a few people in the vast world who could use them.

The light of the silver sword cut through the sky and the sea, slashing toward the ice fiend Heart Flame!

At the same time, the figures of a Thunder Tiger and a fire leopard appeared in the sky from the purple lightning and green fire. They also roared and punched down with their Thunder and fire fists!

“boom!”

The three forces collided with each other, creating a loud boom.

The scene that followed shocked everyone. After the ice fiend Heart Flame exploded, the entire time and space seemed to have been frozen!

The three of them were surrounded by a light blue crystal color. Even the energy storm was frozen, maintaining the state it was in when it exploded.

Time and space seemed to no longer exist at this moment, as they were all swallowed by the void flame.

Just as everyone was completely stunned, the light blue flame suddenly jumped, and the entire space-time freeze was suddenly released!

boom! Boom! Boom!

A boundless energy storm burst forth, and the entire world was destroyed!

Everyone felt their vision go black as the destructive power hit them in the face, thinking that they were dead for sure.

To everyone's surprise, the incoming force was completely retracted and absorbed into the ice fiend Heart Flame!

A small white flower appeared in front of everyone. It was beating non-stop, but it made everyone's heart turn cold.

The small flower was burning under di ye's palms and gradually extinguished.

"Bang!"

...

The moment the ice fiend Heart Flame disappeared, the three of them seemed to be hit by an endless impact and were pushed away from each other!

The monstrous demonic flames on di ye's body were reduced sharply, and he was sent flying hundreds of meters away on the sea.

As for the lightning Tiger, fire leopard and the Silver Spirit's master, they both spat out a mouthful of blood. Their eyes were filled with endless fear, they were already injured!

“Huala”

The entire sea tribe was in an uproar, and their morale was in chaos. All the sea tribe members revealed intense shock, as if they couldn't accept the scene in front of them!

The most powerful warriors of East Ocean, the Masters of the six families, were injured by the enemy!

The lofty and invincible image of the heads of the six clans suddenly collapsed in everyone's hearts, but they were even more afraid of di ye.

Guangxian was also greatly shocked. His eyes emitted endless coldness and he said coldly, "Masters of the six clans, attack together with me!"

A monstrous Dragon's might surged from his body and appeared in the sky. A Green Dragon shape soared in the sea and gradually circled behind Guangxian.

The other four didn't dare to be careless either. They turned into four rays of light and flew to di ye's side, forming an alliance.

The ocean was deathly silent. Everyone held their breath, as if they had forgotten everything. They were all focused on the battle in front of them, an unprecedented battle!

...

Yunxiao could not calm down for a long time, and the fighting will of a powerful man surged in his heart.

The strength that di ye had just displayed was no longer below his peak in his previous life.

In his previous life, he had fought with the Masters of the six families several times. When they joined forces, he could only run away. However, di ye could injure two of them with one palm!

This was only the combination of half of his devil essence and one-fifth of his body. If he allowed this devil to recover to his peak, even the legendary immortal state would not be able to do anything to him!

The seven strongest people in the entire East Sea surrounded di ye. There were hundreds of top experts outside and an inescapable net.

East Ocean was determined to win this battle!

“Young master Yun!”

Mo Xiaochuan suddenly cried out in alarm. For some reason, his body was trembling non-stop, as if he was losing control of himself.

the worst outcome is death, ” young Emperor haolian couldn’t help but say. why are you so afraid? ”

After he came out of the divine realm tablet, he basically didn’t have a chance to make a move. It was only enough to save his life, which made him extremely depressed and depressed.

what’s going on? ” Yunxiao asked in horror. what’s going on? ” That person is here again?”

Mo Xiaochuan shook his head and said, “no, no! My, my body, seems, seems to be abnormal!”

He forced himself to stop trembling as he said this, his face already pale.

“Clang”

Suddenly, a beam of sword Qi shot out from his body and shot up to the nine Heavens!

The sword Qi was so powerful that even the top experts who were preparing for the battle in the distance looked at it with surprise.

Mo Xiaochuan gritted his teeth and said, "yes, yes, it's a sword! I can't control this sword anymore!"

He formed a hand seal with both hands, trying to calm himself down. However, the hand seal was always a ball of golden light in front of him, unable to condense into a shape.

Yunxiao's face turned cold as he shouted, "I have to suppress it no matter what! You are the master of the sword, not a sword slave!"

"There is nothing else in your heart, and you must keep your spirit!"

break! Yunxiao cried out as a ball of golden light flashed in his hand. It was spirit energy, which immediately transformed into several incantation seals in the air and shot into Mo Xiaochuan's body to help him suppress the sword spirit!

The huge sword Qi condensed in the sky and did not dissipate. The sound of the weapon became stronger and stronger, and gradually, The Phantom of a giant spirit appeared!

Meanwhile, Mo Xiaochuan's body gradually calmed down with the help of Yunxiao's energy, and he began to focus on the sword, not letting it go under his control.

Many experts in the distance looked at the shadow in the sky in horror, and they were all shocked.

Although The Phantom couldn't be condensed, it gave them a kind of Supreme pressure. This kind of pressure came from the depths of their souls and was inherited from ancient times. It seemed that countless years ago, the ancestors of the sea Race had been worshipping this thing.

"Roar!"

The true dragon image behind Guangxian let out a long groan and released its Dragon Breath to resist the pressure of the giant spirit.

Yunxiao was also looking at the sky-devouring Phantom in shock and bewilderment.

Using a true spirit as a sword spirit was a heaven-defying and absurd thing that he didn't even dare to think about. Moreover, the sky-devouring beast was one of the top-ranked ancient true spirits.

The heaven-devouring sword spirit in front of him did not seem to be a complete spirit of the true spirit. Otherwise, who under the sky could block such a sword?

Yunxiao sighed in his heart. For some reason, the sword spirit was indeed incomplete.

Another person stared at the giant heaven-devouring spirit with a complicated expression and endless envy.

It was Bo Yuqing, who had been imprisoned by the sea Race.

He had gradually suppressed the aftereffects of the aegirine and his body was beginning to get better. If he could not fully recover, even if he could temporarily keep his life, he would die in Guangxian's hands sooner or later.

After a brief moment of daze, Bo Yuqing slowly closed his eyes and continued to regulate his breathing.
