

The Eternal 1141

Chapter 1141-subduing demons

Mo Xiaochuan's sword spirit attracted the attention of everyone, and they were all bewildered.

However, as his body stabilized, the giant heaven-devouring spirit slowly retracted its fiendish appearance and gradually returned to its body.

However, everyone from the sea Race had a grave expression on their faces. They no longer dared to treat this person as trash. Guangxian said in a deep voice, "Xuan Xiu, watch these human warriors!"

"Yes!"

Xuan Xiu hurriedly replied. He was also shocked and vigilantly stared at these human cultivators in case they disturbed kun Mo.

Yunxiao sent a voice transmission to him, "Xiaochuan, how do you feel now? Can you sense the existence of the sword spirit?"

Mo Xiaochuan raised his eyes and said, "I can vaguely sense that it's sleeping in the sword. I can also hear its breathing."

Yunxiao was overjoyed. you can feel it quietly and strengthen your connection with the sword spirit. When they are busy fighting, we'll suddenly break the net and seek a chance of survival! he said."

"Isn't this inescapable net supposed to catch everything?" mo Xiaochuan asked in surprise."

that should be the case, " Yunxiao said. but one of its corners has been broken by Zhuo qingfan. Not only has its power been greatly reduced, but it has also been flawed. When di ye makes his move, the sky will fall and the earth will shatter. That's when we leave!"

Mo Xiaochuan understood tacitly. He began to quietly perform concealment of spirit and Qi, sensing each other with the sword spirit.

Yunxiao, on the other hand, sent a voice transmission to everyone.

All the human martialists' eyes lit up when they heard that there was still a chance of survival, and they began to perk up.

Xuan Xiu noticed the change in everyone and snorted, "What are you guys planning? "Under this Lord's protection, you should obediently accept your fate. If you behave for now, perhaps you can live after killing the demon.""

Everyone snorted disdainfully, revealing a cold and contemptuous look.

A warrior could be killed but not humiliated. Although no one wanted to die, on the path of martial arts, how many people would fear death?

Seeing everyone's expressions, Xuan Xiu was instantly enraged, and was about to teach them a lesson.

All of a sudden, Shi Yan's face changed. His stomach started to groan and expand.

His hands quickly formed a seal, and a white mark appeared on his palm. His stomach continued to change shape, but he was still able to suppress it. However, his expression became extremely ugly.

Di ye stood on the sea with his feet together. He suddenly pointed at the surface of the sea, and with a "bang", a small fish was caught in his hand.

He lifted the fish and asked teasingly, "What is this?"

The crowd frowned, not knowing what he was up to.

“Hmph!” Guang Xian snorted.”

Di ye smiled and said, “ that’s right. It’s a small fry. ”

He threw the small fish back into the sea and then flicked his fingers in the air. Bang Bang Bang “, the surface of the sea exploded and a large number of small fish were blasted out of the sea. He smiled and said, “What about these?”

“Still a small fry!” Guangxian said.”

Di ye laughed out loud and said, “ A small fish was a small fish, and a group of small fish was still small fish! Do you think you’re not small fish just because you’re United?”

“Dammit!”

Guangxian’s expression turned cold. It turned out that he had been set up and scolded by him. He said in a cold voice, “Do you think I’ll let you leave alive today just because you have the upper hand in talking?”

The Dragon Shadow behind him roared and circled in the air several times. Rays of golden light floated up, triggering the might of heaven and earth!

“See the Dragon in the field!”

Guangxian shouted coldly as the huge Dragon descended from the sky. The entire ocean trembled violently as the water retreated in all directions, revealing a huge vacuum that was several thousand meters wide!

The heads of the six clans also formed hand seals with one hand, vigilantly guarding one side and waiting for an opportunity to strike.

Di ye’s eyes flickered with purple light, emitting a demonic light. Although he spoke with contempt, he was extremely solemn in his heart.

The seven people in front of him were all top-notch experts of the current generation. If they had not fused with the nihong body, he was afraid that he would not be able to defeat any of them.

Even if he obtained a portion of the rainbow stone and the other one-fifth of his devil essence, the time was too short and it wasn't enough to completely turn it into his own.

What he needed now was time. As long as he could find a place to quietly refine all his power, he would be able to dominate this era.

At this moment, Under the Shadow of the Dragon and the might of the heavens, di ye did not dare to be careless. He made a hand seal with both hands and a demonic seal condensed in front of him, which suddenly blasted toward the Azure Dragon.

“Boom boom boom!”

The devil seal was directly shattered, but the Dragon shape was not destroyed, and it continued to fall.

“What?”

Di ye was taken aback and looked over in horror. The Dragon was not formed by Dragon Breath, but a real body!

His body trembled and he cried out, “an ancient true dragon?!”

However, that was obviously impossible. If he had a true dragon in his hands, who in the world could rival him? There must be something strange.

Di ye didn't have time to think. He instantly transformed into three heads and six arms. One of his arms held the Daqiao Fugong sword, and infinite golden light spread out and stabbed toward the Green Dragon!

“Bang!”

The golden light struck the Dragon, and a huge power spread out!

As the sea retreated, a vacuum of several thousand meters was revealed. Di ye was directly blasted into the bottom of the sea by the Dragon Shadow, smashing into the mud, causing the earth to shake and the mountains to shake!

“Hmph! The demon master’s body was nothing!”

Guangxian coldly snorted. In a flash, he appeared at the bottom of the sea. A ray of green light flew out from the bottomless pit and into his palm.

He could vaguely see a small green Dragon slowly swimming in his palm.

The master of silver spirits suddenly shouted, “they’re here!”

“BOOM!”

...

The ground at the bottom of the sea instantly cracked open, and endless demonic Qi surged up, turning into a giant spirit that glared at him.

The giant spirit held the bugong sword in its hand and directly slashed down from the sky.

A ball of water elemental energy appeared in Guangxian’s hand and turned into a lustrous mirror that was as hard as blunt steel!

“Bang!”

The water-element mirror was shattered by the slash.

Guangxian's expression did not change at all. He immediately grabbed with his five fingers and turned them into a Dragon Claw in the air. He grabbed the Daqiao bugong sword and shouted, "Do it!"

The Masters of the six clans immediately understood and attacked.

A colorful ribbon flew out of lady Zi's hand and spread out in the air. The sky was filled with the shadows of the ribbon, and it fell down, instantly binding di ye's giant spirit.

She shouted and changed her hand seal.

The colorful satin instantly turned into thorny rings and stabbed into di ye's body!

"Bang! Bang! Bang! Bang! Bang! Bang! Bang!"

...

Aperture acupoints on di Yemo's body exploded continuously, and the whole ring of thorns tightened.

Lady Zi frowned, as if she was not satisfied with the effect. She waved her hands in front of her, and beams of purple light floated up.

The ring of thorns also emitted runes, wrapping di ye up in an instant. A strange power surged in his demonic body.

'''

The force seemed to have touched di ye's sore spot, and he kept screaming in pain. However, the sword in his hand was tightly clenched by guangxian's Dragon Claw, and he could not move at all.

"A Dharma idol true body!"

Di ye shouted angrily, and three heads and six arms appeared. The two heads behind him glared at him, and one of the arms made a strange seal.

His demonic body surged with the ice fiend Heart Flame, and the strange power on the ring of thorns was instantly burned to nothing. Moreover, the thorns that had already pierced into his body also began to break out one by one!

"What kind of fire is this?" lady Zi's expression changed."

She hurriedly increased the power of the incantation seal, but it was still difficult to resist the burning of the ethereal fire, and the power was fading from her demonic body.

"Boss!" Shouyu, who was in the middle of the colorful clouds, shouted,"water elemental energy!"

Guangxian raised his left hand and a stream of water elemental energy swirled in his palm. It immediately took the form of a Dragon and roared as it flew into the sky.

Di ye sneered and formed a seal with his hands. The ice fiend Heart Flame appeared, exuding an endless flame power. The Water Dragon hovered in the sky, not daring to go down.

Shou Yu raised his finger and pointed at his forehead, shooting out a golden light.

The golden light turned into a golden rain in the sky and fell into the water Dragon.

Suddenly, the Dragon roared and turned into a golden water dragon that rushed down!

Di ye turned his hand and clapped. The ice fiend Heart Flame flew out directly to meet the Golden water dragon.

“BOOM!”

The entire dragon form exploded in an instant, turning into countless droplets of water that evaporated. A golden rain began to fall from the sky.

And although that Heart Flame had become dim and uncertain, it still stood proudly in the wind and rain.

“Since you small fries are in a hurry to die, I’ll send you to make dried fish!”

die! di ye shouted and pointed out a seal. The ice fiend Heart Flame in the air suddenly turned white, and the entire time and space seemed to freeze!

“Bang!”

The ice fiend Heart Flame exploded in the air, and the monstrous power of the flame burned in all directions. Although there was no fire Shadow, everyone felt as if they were being roasted in the fire of the earth, and their skin cracked.

Moreover, wherever the flames passed, everything would turn pale blue, as if time and space had frozen, and everything was still and lifeless.

Suddenly, a clear sound rang out. The Jade flute was like water in the rain, flowing into everyone’s hearts. A cool feeling washed away the heat of the flames.

The entire space rippled with the sound of the flute, becoming unstable and distorted.

Even di ye’s body began to sway, as if it was going to split open at any moment.

“Bang!”

Finally, under the sound of the ocean flute, his entire demonic body collapsed, turning into countless traces of demonic Qi that exploded in the air and scattered in all directions.

“Hmph, no matter how powerful you are, you have to stay here today!”

The man on the throne snorted and slapped his right hand on the armrest. The sea and the sky shook!

Two black and white fish appeared in the sky, chasing each other and playing, forming a Tai Chi pattern.

Dao begets one, one begets two, two begets three, and three begets all things.

A Tai Chi pattern that gave birth to all things appeared under the sky.

A mystical world spread out, enveloping the demonic Qi within, making it impossible to escape.

The expert on the throne snorted heavily and formed an incantation gesture with both hands.

The Tai Chi illustration of all creation suddenly emitted ten thousand rays of light and rapidly shrank, condensing into the size of a millstone.

The monstrous demonic flames that were trapped below were also compressed into a ball and rampaged inside, trying to break out of the diagram but failing repeatedly.

The demonic flame kept forming the appearance of di ye, which looked extremely violent and ferocious, but it could not break the image!

Chapter 1142-an empty body is a Dharmakaya

The man on the throne sneered, "as long as you're in my Taiji diagram of all creation, even Zhuo qingfan can forget about escaping." Devil, just accept your fate!"

Di ye crashed around in the picture for a while and gradually quieted down. He revealed his figure and looked at the crowd coldly.

"My Lord, although your diagram can trap this devil, it can't kill him," Shou Yu frowned. When his strength gradually recovered, he would still break out of the diagram."

"As long as we can trap him," the siren flute said, "the six of us will use various divine powers to refine him every day. As long as we persevere, killing him is only a matter of time."

"I'm afraid it's not that simple. Otherwise, this demon wouldn't have been suppressed for so many years. Back then, just a clone of Dong Hai had caused a great disturbance, and this guy was even more powerful than the clone."

"What happened back then?" the siren's flute asked. It seems only a few of the eastern sea ancestors know the inside story. We only know that the change is related to the rainbow stone."

Guangxian said in a deep voice, "back then, a senior in the palace obtained a rainbow stone from God knows where and wanted to refine it himself. However, the rainbow stone's mind was twisted, and it sneaked into the seal to release the devil.""

"I see." The siren flute nodded, "but why did the rainbow stone fall into the hands of the humans and cause the war between the two races?""

Guangxian stared at di ye and said coldly, "that's because the rainbow stone developed its own intelligence and left the palace on its own." It was unknown where she had fused with a piece of neon stone, which gave her the little girl's neon body from before."

Madam Zi said, " this devil doesn't seem to be as powerful as the legends say. Perhaps it has been suppressed for too long. It has weakened its strength. "

The other five people nodded.

An unruly sneer appeared on di ye's face. He snorted and continued to close his eyes and regulate his breathing.

"It's not as simple as you think," guangxian said in a deep voice. "This devil must have just fused with it, so it can't use its full power." Back then, my clan's ancestor only had the rainbow stone body and one-fifth of the devil essence power in this place, but he almost overturned the entire Eastern Sea and killed almost all the experts at that time!"

"If that's the case, how do we kill him?" lady Zi asked in surprise."

Guangxian raised his head and looked at the six deep-sea Giant beasts in the distance. He said, "I've made up my mind. I'll take him to the abyss of the East Sea."

"The home of the deep-sea monsters, the abyss of the sea?" asked Shou Yu."

Guangxian nodded and said, "those deep-sea Giant beasts are all mutants left behind from ancient times. They once had a secret agreement with the ancient true dragon to help me!"

"If those ancient races are willing to help, even God Realm experts would be annihilated by their terrifying world-breaking power."

Xuan Xiu suddenly flew over and said, "Lord guangxian, what about these human ancient martial art practitioners?"

Guangxian's eyes turned cold and he said, "Naturally, I'll kill them! However, Yingluo "

His gaze fell on mo Xiaochuan as he said, "I'll spare this person's life for now. I'd like to see what's going on with that sword spirit."

"Yes!"

Xuan Xiu responded and turned into a black ray of light, charging towards the Taiji diagram.

“Rotating cultivation!”

Everyone was shocked. The man on the throne also shouted angrily, “What do you want to do?”

Xuan Xiu’s face flashed with ferocity, gritting his teeth, “You all deserve to die for hurting my master!”

His face flickered with demonic Qi, and he had already become a demon slave without realizing it.

“Dammit!”

The man on the throne let out an angry roar and slapped down a palm light from the sky!

Xuan Xiu’s mouth flashed with ridicule, “master will crush you all to pieces!”

His body suddenly swelled up and became abnormally strange. White bones protruded from the surface of his skin. He was actually going to activate his essence force to self-destruct!

On the belly, a face with a strange and sinister smile appeared. It was none other than the face of darknorth kangtian.

“BOOM!”

Just as the man on the throne was about to land his palm, the revolving cultivator detonated himself, and an unparalleled force blasted towards the Taiji diagram of all creation!

The self-destruction of a nine-star Martial Emperor was so unexpected that it was carried out when everyone was careless. It was simply unparalleled.

The heads of the six clans and Guangxian were shocked and retreated immediately!

Yunxiao's pupils constricted, and a blood-red moon appeared in them as he cried out, "Now!"

He had been observing the spiral cultivator's Demonic Cultivation all along, and he did not panic even when Di Ye was captured. It was as if he had already expected this to happen.

Mo Xiaochuan had also been meditating with his eyes closed, communicating with the sword spirit.

At this moment, he suddenly opened his eyes. A clear vision appeared in his eyes, and a soaring aura spread out from his body!

He was one with his sword, and his body let out a fierce roar from the ancient times!

The rest of the human warriors were also ready, and they rushed into the divine realm tablet that Yunxiao had released at the first moment.

"Red dust gazes at Ying Haoyue!"

A beam of sword Qi shot out from Mo Xiaochuan's body and turned into a huge pillar of light that shot into the sky!

"Boom boom boom!"

The sky trembled violently, and the dense grid lines appeared one by one, becoming distorted.

Yunxiao's eyes were filled with shock as he said with difficulty, "It's still not enough, it's still not enough!"

Mo Xiaochuan's face contorted as he began to shiver, as if he could no longer sustain a stronger sword intent. Not only was the sword gleam unable to increase in power, it was rapidly weakening.

Suddenly, a cold voice rang out, "The power of an ant, I'll do it!"

Yunxiao's heart leaped with joy. It was di ye who had spoken.

As his voice fell, a cold light burst out in the sky. A huge ice fiend Heart Flame condensed in the air and suddenly exploded!

"BOOM!"

The entire sky turned pale blue, and time and space froze!

...

The dark night Trident that had been hiding in the void appeared one after another, but they were all instantly burned to ashes by the ice fiend Heart Flame.

All the members of the sea tribe were in an uproar as they looked at the sky that had been destroyed in shock.

However, the power of the ice flame was too strong, and no one dared to approach.

Yunxiao suddenly put mo Xiaochuan into the divine realm tablet, then teleported himself ten thousand meters into the sky, turning into a bolt of lightning and trying to escape!

The power of the ice Flames in the surroundings was also making him feel extremely uncomfortable. Even his body of lightning felt like it was about to melt, but this was his only hope of escape. If he missed it, he would truly be beyond redemption.

“Dammit! Stop him!”

Guangxian roared out in shock and anger. He was the first to turn into an Azure Dragon and charge forward, directly shattering the boundless power of the ice layer.

Di ye smiled coldly and looked back, “ goodbye, all of you scum. Wash your heads clean and wait for me to chop them off! ”

“It’s too early to say that now.”

A figure appeared in the void. It was the master of the Silver Spirit. With a slash of his sword, the sword of three slashes came down from the sky!

“Early? It’s just that I’m going to kill one more Joker before I leave!”

...

A ferocious look flashed across di ye’s face. A ball of demonic light burst out of his body and he suddenly shook the air.

“Magic light flash!”

“BOOM!””

The demonic flame shattered the three-slash sword, and the Silver Spirit Master spat out a mouthful of blood, flying back a thousand meters.

Although di ye was stopped for a moment, he still stepped into the void and was about to break through the void.

Suddenly, a voice came from the void. The voice was filled with shock and anger, “ “What’s going on?”

It was Yunxiao. His body of thunder and lightning tried to escape in the chaos, but it was blocked by an invisible force. Not only could he not move an inch forward, but his true form was also revealed.

Di ye's expression changed drastically at the same time. He could also feel the vast power. It was like a mountain pressing down on him, making it difficult for him to move at all!

Yunxiao was thrown back from the void and stuck to di ye's side. Both of them saw the surprise in each other's eyes.

In this half a breath's time, Guangxian and the other five clan Masters had already surrounded them. Hundreds of soldiers outside also descended from the sky, surrounding the two of them tightly!

"Run! Aren't you two good at running?"

The Thunder Tiger and fire leopard laughed viciously, their faces filled with ferocity and mockery.

Shouyu's pupils constricted as he stared at Yunxiao and said in a cold voice, "No wonder I couldn't see through you. All those human warriors were taken away by you. It turns out that you have a Supreme grade profound level weapon!"

Everyone was shocked, and their eyes fell on Yunxiao.

Transcendent-grade profound level weapon. Even the sea Race had only heard of the magnificent Dharma lotus throne for countless years. There was no other item.

Yunxiao's face was bitter. He had failed to escape even with his only chance, and he was afraid that he would end up in a worrying state.

However, the power that was shackling him came and went without a trace. He was completely unable to detect it, which shocked him.

Di ye also roared. He looked around and said coldly, "Who is it? Who was the one who secretly attacked? If you have the guts, come out!"

Lady Zi covered her mouth and sneered, "The one who attacked you was naturally a powerful warrior of the sea tribe. Now, he's standing in front of you. What are you going to do?"

Although she said that, she was slightly suspicious as she looked around.

"The feeling of this power ..."

Guangxian's eyes revealed a look of horror as he suddenly looked into the distance.

In the place that was neglected by everyone, Fei Ming was originally guarding the water deity.

At this moment, he was kneeling in the air at the side, his body trembling like a sieve.

The water deity's face was solemn, and golden runes flashed on her body. Her entire body was wrapped in the Golden Rain, and there was even a faint chanting of Sanskrit.

"That's Yingluo."

All the Marine race experts were extremely shocked as they looked over.

A ray of golden light came from nowhere and seemed to cross endless space and time. It fell from the sky and turned into a Golden Lotus.

There was a faint figure sitting cross-legged on the Lotus, flickering and in a trance.

Then, the figure in the Lotus seemed to make a strange hand seal, and the Lotus platform flew into the golden light around the water fairy, slowly merging into her body from her bier.

A vast power suddenly surged out of the water deity's body, shining on the sea.

An imposing figure appeared out of nowhere, projecting a huge reflection between the sea and the sky, supporting the sky.

The water deity's face seemed to have become more delicate and handsome. He slowly opened his eyes, and it was actually a man's voice.

He slowly walked out of the golden light, his face solemn. He chanted in Sanskrit, "Everything is different, and all sentences are not sentences. All the sages were like lightning, and an empty body became a Dharmakaya!"

Chapter 1143-heaven's movement is normal

The solemn sound of Sanskrit spread across the sea, and a golden light enveloped the world.

Yunxiao's heart trembled, and his face was filled with horror. He already knew who the newcomer was!

He was one of the most powerful men in the world, the only Emperor of the four Seas, and the Supreme ruler of all clans.

All the members of the sea tribe had solemn expressions on their faces as they hurriedly paid their respects. Even the man on the throne suddenly jumped up, not daring to remain seated.

"Greetings, Your Majesty!"

Guangxian and the heads of the six clans all bowed. The entire sea was peaceful and quiet. Everyone was bathed in the golden light, washing away all the murderous aura. Their hearts were soft.

Di ye also frowned, and his eyes were cold.

Neptune smiled and stretched out his hand. A golden light appeared under everyone's body and lifted them up.

Even though she was still a water fairy, the figure of a man could be vaguely seen. He looked solemn.

A golden light flickered in his eyes as he looked at the two people in the sky.

After a long while, he sighed and said, "guangxian, let the two of them leave."

"What?"

All the experts of East Ocean were taken aback, and even di ye and Yunxiao were stunned and somewhat baffled.

"No!" Guangxian panicked. Your Majesty, this demon is the avatar of the demon Lord from 10000 years ago. Not only has he fused with the part suppressed by the East Sea, but he also has a rainbow body. If we don't kill him today, it will be difficult to kill him!"

"If the devil Lord's body could be killed so easily, then the ancestors would not have to go through so much trouble to separate and suppress him," Neptune sighed.

"Time has passed," guangxian said. "Even the most powerful existence will be annihilated with the passage of time. Didn't my clan's experts exterminate the divine sense of the devil avatar beneath the eastern sea in the last turmoil, turning it into a mass of unconscious existence?"

"Perhaps it's because the demon Lord's body is beginning to decline that the heavens appeared in this era," Neptune said.

Guangxian's brows furrowed. He could not understand and began to think carefully.

At their level, their comprehension of the heavenly Dao was far beyond ordinary people's reach. At the same time, their reverence for the heavenly Dao was also unimaginable.

Since Neptune had said so but did not point it out, Guangxian had no choice but to ask cautiously, "Has Your Majesty really decided to do this?"

Poseidon nodded solemnly with a kind expression.

Guangxian flicked his sleeve and said indifferently, "since there's a decree from the ocean Emperor, we can't disobey it." However, once this demon is gone today, the heavenly martial arts realm will be in a catastrophe in the future, and all spirits will be plunged into misery. Your Majesty, you must take responsibility for today's events!"

Although no one dared to disobey the ocean Emperor's decree, everyone could hear the resentment in Guangxian's heart. He seemed to be extremely dissatisfied.

"Everything is predestined," Neptune smiled. "How can you and I change it with a single thought?" You must know that our thoughts are within the heavenly Dao."

"Even if you don't kill him, why don't you suppress him like before?" Guangxian asked coldly.

your ancestor used the rainbow stone to draw out the demon body," Neptune said. although I've heard that it was broken, it's not time for the demon to be born yet. Not to mention that I've lost it, even if this Saint artifact is still here, it can't suppress the demon master anymore."

"Hmph!" Di ye snorted coldly. At least you're sensible and have self-awareness! Quickly release the barrier and let me leave!"

Everyone was furious, and their eyes were burning with anger.

you may have been born at the right time, but the era of the Demon King is over," Neptune said with a smile. there will be many people who can take you down in the future.

"What nonsense are you talking about?"

“When I descend upon the world in the future, I’ll grant you Supreme glory!” Di ye shouted angrily.

Poseidon laughed lightly and raised his hand.

Di ye’s face changed greatly. A golden light suddenly floated out of his body. It was the Daqiao bugong sword. It flew over directly.

At the same time, guangxian’s body also glowed with golden light. It was the Lotus silk Cloud-walking shoes, which flew back into the hands of the sea Emperor.

“Hmph!”

Di ye felt that the restraint in the sky had loosened. He did not dare to stay any longer, and he hurriedly turned around and disappeared above the vast sea.

Everyone felt stifled. They had mobilized such a large force and had suffered great casualties, but they had just let him go so graciously.

Yunxiao was suspicious. It seemed that the reason why Neptune let di ye go was not that simple.

Things like heavenly Dao and heavenly fate were inaudible, and even the powerhouses of the ten directions divine realm didn’t dare to say that they had glimpsed the heavenly Dao. This kid was obviously pretending to be mysterious.

However, the demon Lord’s body was of great importance. If he released the Dragon to the sea like this, the consequences would be unimaginable. Why did he do this?

Yunxiao firmly believed that the sea Emperor must know some secrets about the demon Lord that no one else knew.

After all, this one-fifth of the demon Lord's body was suppressed by the sea Emperor of who knows which generation using Amitabha and four Supreme treasures. There must be a detailed record.

As for the three sealed demon lands that he had been to before, only God knew who had left them behind. Even if those powerhouses had all kinds of records, it was estimated that they had long been buried in the years.

In the current heavenly martial arts realm, perhaps only the ocean emperor's palace knew the most about the demon Lord.

After Poseidon took back the two treasures, he said, "Guangxian, you have to send more people to retrieve the Amitabha and Suozi golden armor as soon as possible to deal with future crises."

"Yes!"

Guangxian replied with a humble attitude.

Since di ye had already left, there was no point in dwelling on this matter. Neptune could not be offended.

The water deity's brows furrowed slightly, and her entire demeanor began to change.

The golden light that filled the sky above the ocean dispersed all of a sudden and became invisible. The sky and sea returned to its calm state.

Water deity opened her eyes and saw that many people were still bowing to her. She said in shock, "What's wrong with everyone?"

Only then did the crowd realize that Poseidon had left. They straightened their bodies and ignored her, each of them deep in thought.

"Why aren't you saying anything all of a sudden?"

...

The water deity was shocked and suddenly remembered what had happened before. She shouted, "Li Yunxiao!"

In a flash, she flew to Yunxiao's side and said anxiously, "Are you alright?"

Yunxiao shook his head with a wry smile and said, "I'm fine. Your dad came by just now and wanted to let me go."

"Ah!"

The water deity's body trembled, then she said in joy, "so it's my father. That's great. We don't have to fight anymore! "Where are the others?" she suddenly asked in surprise. Don't tell me, Yingluo "

Her face was full of shock, and sadness suddenly welled up in her.

Although she did not know most of the human warriors, she had at least experienced life and death with them from the xiankong Island.

When Yunxiao saw that her eyes were red and she was about to cry, he hurriedly said, "They're fine. They're in a very safe place."

"Really?"

The water deity did not believe him. She looked around, not knowing where the so-called safe place was, but she did not think Yunxiao was lying to her.

everyone," Yunxiao said to the crowd, "we'll meet again in the future. I'll take my leave now.

...

“You want to leave too?” Guangxian’s face darkened.

“Didn’t Neptune tell me to leave just now?” Yunxiao frowned.

“The Emperor only said to let you leave, but that doesn’t mean you can leave now,” Guangxian sneered.

Yunxiao smiled wryly. “Since the Emperor has issued a decree, and there is no enmity between us, why are you making things difficult for me?” he asked.

Guangxian stood with his hands behind his back and said coldly, “Since you’ve put it this way, I’ll be Frank as well.” “Leave behind your Supreme grade profound level weapon and you can leave.”

Yunxiao’s face froze as he said coldly, “Regarding the matter of the transcendent grade profound level weapon, I do not deny it. However, every transcendent-grade profound level weapon has its own host. I’ve heard that Guangyuan’s refinement was something that I’ve never heard of for decades. It was only by chance that he managed to refine it. Why does Lord Guangxian need to go against the heavens?”

“Is that what I’ve heard?” Guangxian’s pupils contracted, and he said in shock. His face darkened and he said coldly, “I can’t let you go like this!”

“Guangxian, you’re so bold! Not only did you disobey my Imperial father’s decree, you even shamelessly snatched someone else’s things!”

Water deity cursed angrily. She stood in front of Yunxiao with her arms wide open, trying to protect him.

Guangxian said in a deep voice, “Princess Water Fairy, please don’t be willful.” This matter concerns the safety of the East Sea, and the recovery of the Ocean Emperor’s palace’s holy artifact. Li Yunxiao, you’d better come back to Donghai Palace with me first.”

His body exuded a sharp chill that made it difficult for people to resist the majesty of a superior.

Even the water deity felt a chill run down her spine. She couldn't help but take a step back and said in shock, "What do you want to do?"

Yunxiao smiled wryly. He knew that it would not be so easy for him to leave, but fortunately, the sea Emperor had issued a decree to let him go. At least for now, his life was not in danger.

"Alright, I'll follow Lord Guangxian back to the palace." It just so happens that I also want to discuss the war between the two races in detail with Daren. I hope that we can turn hostility into friendship."

"Hmph, what right do you have to represent the human race to discuss war with me?" Guangxian snorted coldly.

the cause of the war is just a rainbow stone," Yunxiao said. Lord Guangxian, you should have seen it. Xiao Hong left the East Sea with the rainbow stone, and it is now in Di Ye's possession.

When he said this, his heart could not help but tremble. That pair of clear and transparent eyes appeared in his mind, making him feel as if a huge rock was pressing on his chest, and even making it difficult for him to breathe.

"You mean to say that there's no need to fight because the rainbow stones are gone?" Guang Xian said coldly.

Yunxiao composed himself and said seriously, "That's right! There's no point in fighting anymore."

"Hmph!"

Guangxian snorted heavily, "the meaning of this battle has nothing to do with the rainbow stone." If I say there is, then there is. If I say there is nothing, then there is nothing."

Yunxiao was very depressed. The other party was using his status as a powerhouse to suppress him.

If he had the power of his previous life, he would have cursed and slashed out with his sword.

However, the situation was more pressing than the person, and he had no choice but to lower his head.

alright, " Yunxiao said with a wry smile. you're wise, my Lord. Then how can we calm the war?"

In the end, the war between the two races had started because he had hidden Xiao Hong. Countless powerful cultivators had fallen during this war, and he was more or less responsible for it. He still felt extremely guilty.

Chapter 1144-femme fatale

"I have my own plans to quell the flames of war," guangxian said with a cold expression.

that's all I can say about the war, " Yunxiao said with a frown. my Lord, you should be clear about the pros and cons.

Guangxian also knew that there was no need to continue this battle. If this continued and the war escalated, only Eastern Sea would be the unlucky one.

However, he was extremely dissatisfied that his efforts were in vain. He could not vent the resentment in his heart.

this matter is settled, " the master of silver spirits said. the silver spirits will take their leave.

Without waiting for guangxian's reply, the figure of the master of silver spirits gradually faded away. The entire surface of the sea glowed with silver light, and then gradually receded.

"Farewell!" The man on the throne also said.

Then, he turned into a beam of light and shot into the sky, disappearing from the nine Heavens.

The Masters of the other six clans also took their leave. The armies of the six clans retreated at the same time, leaving only a few dozen people in the sky.

“How does the princess go?” Guangxian asked.

“Of course I’m following you, in case you do something to hurt my friend,” the water deity replied coldly.

“If that’s the case, then I’d like to welcome Your Highness to eastsea humble abode.” Guangxian was speechless.

Eight guards walked out from behind him and performed all kinds of hand seals in the air. Soon, they formed a huge green formation. It slowly glowed and illuminated the sea.

The formation rumbled continuously and gradually opened up a dark passage.

Guangxian waved his hand and a ray of light shot out from his hand. It directly condensed into a Dragon-shaped warship in the air. Although it was not magnificent, it was extremely exquisite and gorgeous.

“Princess water fairy, please.”

Guangxian gestured for the water deity to board the warship first.

The Dragon-shaped warship made a turn in the air and entered the open passage, disappearing into the vast sea.

Only the six deep-sea Giant beasts were left, looking at the space Channel with blank eyes.

The space tunnel gradually closed, and the entire sea gradually returned to its calm state. The deep-sea Giant beast wandered on the surface of the sea for a while, then began to make “lu lu lu lu” sounds.

Then, the bodies of the six deep-sea monsters gradually became blurry, and they disappeared into the sea one by one.

The killing intent between the sea and the sky dissipated.

After a while, a figure gradually appeared in the calm sea.

hmm, as expected, he didn't kill him. Could it be that the rumors about the demon master are true? "

The figure materialized. He was dressed in snow-white robes and had an elegant demeanor. It was Zhuo qingfan.

A strange expression appeared on his face. After a moment of silence, the corners of his mouth rose slightly and he chuckled, " that's good too. It saves me the trouble of making a move. This way, I can also explain to Gongyang zhengqi.

A light flashed on his body, and he laughed for a long time before he disappeared into the sky.

Tens of thousands of miles away, a black hole appeared in the sky and gradually opened.

The Dragon-shaped warship sailed out slowly and then rushed into the boundless sea.

There was almost no change on the surface of the sea. It was as if the entire warship had become illusionary and was constantly jumping in the sea, covering thousands of miles in an instant.

The surrounding seawater was almost crystal-like, as if it was within some kind of barrier.

The battleship then disappeared into the void. When it reappeared, it was already in the sky above a magnificent palace.

The entire journey would only take a few hours, but if they were to fly, ordinary cultivators would not be able to travel this far in their entire lives.

“Boom boom boom!”

The warship slowly descended, pushing away the almost transparent seawater, and stopped in front of the palace.

All kinds of guards had already been arranged in arrays to welcome the Return of the Dragon Ship.

Several strong auras flew out of the palace. They all had young faces and stood solemnly in front of the warship, waiting for Guangxian.

“Greetings, father! Welcome back, father!”

The five young men standing in the front row shouted in unison, all of them extremely respectful.

The battleship cast a ray of light, and the figures of Guangxian and dozens of others gradually appeared.

Guangxian was the first to speak, “Princess water fairy, please.”

He made a hand gesture and suddenly realized that everyone was not in a good state. The five crown princes were all staring at water fairy in a daze.

“Impolite!” Guangxian shouted in a deep voice. What are you guys doing!”

The five crown princes trembled and quickly lowered their heads.

One of them, a handsome man with a refined expression who looked a little like Guang Yi, asked with a smile, “Father, who is this fairy?”

The other four crown princes also perked up their ears to listen.

The royal family had the East Sea, and they had all kinds of beautiful women. There were also many who were more beautiful than water fairies.

However, when the water fairy appeared, she had a cold and Noble air. Even as the Crown Prince, they felt ashamed of their inferiority. They were instantly attracted.

Guangxian's eyes flashed and he said, you guys are a disgrace to the East Ocean. Come and greet the daughter of the ocean Emperor, Princess water fairy.

"?! What? The water fairy princess of the sea Forest!"

The five crown princes were all shocked.

The leader, who seemed to be the older man, was the first to react. He hurriedly stepped forward and said, "This one is Guang shun, and it is my honor to be acquainted with the princess."

this is my third son, Guang shun, " guangxian said. his strength has reached the level of an eight-star martial sovereign. In the entire Four Seas, there are only a few people in his generation who can stand shoulder to shoulder with him. I wonder what your Highness thinks?"

...

The other four crown princes' faces all darkened, secretly angry at themselves for being a step slower.

The water deity was stunned and asked, "how is it?" What do you mean?"

"Cough, cough!"

“Your Highness, what do you think of my useless third son?” guangxian coughed.

“Yes, it’s pretty good,” replied water deity. Among the strange Sea Race, he could be considered a talented person. But I don’t think he looks like Lord guangxian.”

Guangxian, “hehe.”

Guang shun’s face was also filled with black lines, his entire body breaking out in cold sweat, he hurriedly said, “Your Highness, you must be joking. As the saying goes, the Dragon has nine sons, and each one is different. Looks are only one of the genetic factors. Most crown princes look different from their fathers.”

Guangxian laughed as well, “hehe, Your Highness is truly innocent and adorable, speaking without restraint”

Water deity said in realization, “so that’s how it is. I was still puzzled at the beginning. Why is the difference so big? I thought it was a pity.

She seemed to feel that it was not convenient to say something, and her face turned slightly red.

Guang Xian and Guang shun both had bitter looks on their faces. If anyone else had dared to be so treacherous, they would have long been smashed to pieces.

...

The other four were laughing in their hearts. One of the men in golden armor stepped out and said, “I’m Guang le, the fifth Crown Prince of Donghai Palace. Your Highness, do I look like my father?”

The water deity raised her bright eyes, looked at it for a moment, and smiled. “You still look 40 – 50% similar.”

“Of all the crown princes, I’m indeed the one who resembles father the most. It’s rare for Princess water deity to come to the East Sea. Guang le will definitely do his best as the host and let the princess enjoy to her heart’s content!”

The water deity also laughed. I’ve only been to the North Sea with my father. I’ve never been to the other three Seas. Thank you.

“It’s my great fortune to be able to serve the princess!” Guang le’s face lit up and he said in joy.

Guang shun and the other three crown princes “faces were covered with a layer of frost. The younger Crown Prince stepped out and said, “Your Highness, I’m Guang ‘an. My favorite thing to do is to travel around the mountains and rivers. There’s nothing fun in the nearby waters that I don’t know about. As for my brothers, they are usually in closed-door cultivation and don’t know anything about ‘playing’, so let me entertain Her Highness.”

“Guang ‘an!”

“What has this got to do with you?” Guang le angrily shouted. Get lost!”

Guang ‘an’s face was unruly as he scoffed, “Fourth brother, did I say something wrong? My cultivation is the lowest among the five of us, so I usually spend it on playing. The princess has come from afar. If you don’t have enough fun, will you be able to bear the responsibility?”

Guang le sneered, “you’re a piece of trash.” With your weak strength, what if you bring the princess out and encounter danger? I’m afraid you’ll be the first one to escape, right?”

Guang ‘an scoffed, “how can there be any danger in the nearby waters?” I’ve lived for so many years, how come I’ve never met one before?”

Guang le’s face was cold and his body emitted a violent aura. He pressed forward and said coldly, “I think you’re in danger right now!”

“Alright! There’s no need to argue, my two royal brothers.”

“Her Highness’s safety is naturally the number one priority, so I’ll be inseparable from her to protect her during this period of time. The two of you can go cultivate in seclusion.” Guang shun said indifferently.

“You coward!”

The two of them were not convinced and snorted heavily.

Hmph! Guang le snorted. I’ve just broken through my bottleneck and needed to go around to relax.

“Us too!” The other three also said.

“How can this be up to you?” guangxian shouted. Everything must be according to Princess water deity’s will.”

Guang shun revealed a bright smile and asked affably, “Your Highness, do you have any plans? If you do not have it, then just leave it to me. I will definitely let Princess water deity enjoy herself to her heart’s content.”

I don’t have any plans, ” water deity said. I came to East Ocean only because I was afraid that Lord guangxian would hurt Yunxiao. As long as he’s fine, it’s fine.

li Yunxiao? ” Guang shun frowned and asked. li Yunxiao? ”

The few crown princes were confused as they looked at Guang Xian.

Guangxian’s expression darkened, “Guangshun,” he scoffed, “take these two humans into the abyssal dungeon!”

Yunxiao and Bo Yuqing were immediately pushed forward by two sea clan experts.

“What? The abyss prison!”

guangxian, it's extremely dangerous in the abyss! the water deity cried out in anger. you'll kill Yunxiao!

don't worry, Your Highness, ” guangxian said lightly. this li Yunxiao has extraordinary strength. He won't die so easily. Let him stay inside for a while, I'll think about how to deal with him.”

“Deal with?” the water deity said angrily. Didn't you release it? You dare to disobey my Imperial father's decree!”

“Oh, oh, right, right, I'm releasing it. I misspoke.”

“Let me think about how to release him,” guangxian quickly changed his words.

Guangshun seemed to sense something, and a cold gleam flashed in his eyes. He sized up Yunxiao and Bo Yuqing and said, ” My two friends, may I know which one of you is li Yunxiao? ”

The other four crown princes also had ugly expressions as they stared coldly at the two ” lowly ” humans.

Yunxiao was secretly depressed, thinking that this little girl was indeed a femme fatale, and that he had been shot while lying down!

Chapter 1145

1145 The yin and yang dust formation

Bo Yuqing had suffered a backlash from the aegirine. Although he had controlled a lot, he was still extremely weak.

Yunxiao's recovery of primordial energy was also limited, and he had been captured. At a glance, the two of them looked extremely miserable.

The five crown princes all had looks of disgust in their eyes.

Guang 'an laughed sarcastically and said, "Third brother, don't tell me you still want to get to know such a lowly human?"

Guang shun did not reply and water deity was enraged, "What are you talking about? Who was lowly? You're the lowly one, your entire family is lowly!"

The entire Palace was silent, so quiet that only the sound of water bubbles could be heard.

The water deity's scolding had completely dragged the entire Palace into it!

Everyone was covered in cold sweat and held their breath, not daring to breathe loudly. This had never happened before.

If the other party didn't have an identity, it would be easy to dismember him directly, but the other party's identity was too complicated.

Through this period of contact, coupled with the rumors in the past, Guangxian could be considered to know this Princess like the back of his hand. He knew that she was the kind of naive, brainless, and straightforward person. He was too lazy to pursue the matter, and with the other party's identity, it was impossible to pursue the matter. He could only pretend not to hear it.

He could only scold Guang 'an angrily, "don't be rude!" One of them is a friend of the princess, and the other is my friend. Guangshun, lock them up in the abyssal dungeon and use the yin and yang dust formation."

"Father, are you talking about the yin and yang dust formation?" Guang shun asked in shock.

His eyes were filled with shock, and he thought he had heard wrong.

"That's right!" Guangxian said.

He didn't explain any further, but turned to the other four and said, "The four of you, take good care of the princess first. If the princess is even the slightest bit dissatisfied, I will skin you one by one!"

"Yes! Father!"

The four of them were overjoyed and hurriedly responded.

I'll definitely let the princess enjoy herself to her heart's content. Even if the princess wants the moon from outer space, I, Guang le, will go and get it! said Guang le with his eyes narrowed.

The water deity gave Yunxiao a look and said, "Go with them to the dungeon first. I'll definitely think of a way to save you. Imperial father has ordered guangxian to release you, he definitely won't dare to do anything to you!"

The water deity glared at guangxian coldly, snorted heavily and walked into the palace.

The four crown princes hurriedly led the way.

The water deity stopped and pointed at Guang 'an, "You just scolded my friend. I don't need your company. Get lost!"

Guang 'an's face turned pale and he stood there in a daze.

"Haha, that's right! This brat even dares to scold the princess's friend. Does he still have the princess in his eyes?"

Guang le laughed so hard that he could not close his mouth. He shouted, "Get lost!"

With a push, an invisible force shot out from the palm of his hand, pushing Guang 'an back dozens of meters. Then, he laughed and led the water deity into the palace.

“Guangle! You won’t die a good death!”

Guang ‘an’s face was frighteningly dark as he roared in extreme anger.

Guangxian’s calm voice came from behind, “Without strength, you’ll always be trash. Even if you’re the Crown Prince, you still have to fight for your favorite things with your own strength.”

“Father, I’m Qianqian.”

Guang ‘an roared in anger but was interrupted by Guang Xian with a wave of his hand, “I have seventeen sons. Every time I summon you, there will be more than ten people in seclusion. And you’re always there. Princess water fairy is priceless, do you think you’re worthy?”

“I still have things to do, I don’t have time to talk to trash,” Guangxian said coldly without any mercy.

He directly flicked his sleeves and left, leaving everyone behind, not daring to say a word.

Guang shun smiled, “tenth brother, you should hurry and go into closed door cultivation.”

Guang ‘an’s face was almost deformed with anger as he pointed at Yunxiao and Bo Yuqing and said, “You two lowly humans, how dare you cause me to be taught a lesson by my father. I’ll kill you!”

He spread his fingers and turned them into Black Dragon claws. He roared and clawed at the two of them.

Yunxiao was speechless. He had been shot again while lying down.

come,” Bo Yuqing said lightly. I’m using all my strength to suppress the aegirine’s backlash.

Yunxiao nodded and raised his finger. A bolt of lightning gathered at his fingertip and formed a ball, which kept crackling and becoming extremely strong.

Guang shun's pupils constricted and he revealed a look of shock.

"Bang!"

A sharp lightning bolt shot out of Yunxiao's hand and pierced through the Dragon Claw that was falling from the sky!

"

Guang 'an cried out in pain and covered his hand with all his might. He roared in shock and anger,"Lowly human, you dare to hurt me! Kill him, kill the two of them!"

Everyone stood still, no one moved.

"Didn't you hear my order?" Guang 'an roared in anger. I told you to kill the two of them!"

The corner of Guang shun's mouth rose, and he didn't hide his disdain,"Tenth brother, you'd better go back and practice in seclusion before coming out. You've embarrassed the palace."

He gave a long laugh and escorted Yunxiao and the other man to the deep sea dungeon.

Guang 'an was so angry that his entire body was trembling. His entire being was shrouded in a shadow.

Yunxiao and Bo Yuqing were escorted to a teleportation array, and Guang shun and two nine-stars martial emperors pushed them up.

The teleportation light flashed, and the five of them quickly disappeared from the abyss prison.

The next moment, the place he appeared in was pitch black. Not only could he not see, but he could not even spread his divine sense.

Moreover, an extremely bone-piercing cold descended. Yunxiao was fine, but Bo Yuqing could not help but shiver.

...

“The two of you must be tired from the journey, have a good rest here,” Guang shun said.

Yunxiao spread out his divine sense, but he could only sense a distance of about ten meters. He said with a wry smile, “There won’t be any danger here, right?”

Guang shun chuckled. you’re too humble. My father asked me to set up the yin and yang dust formation to entertain you. It’s enough to see how powerful you are.

He struck out a seal, which directly imprinted into the darkness.

In the blink of an eye, a glimmer of light lit up. It was the yin and yang of Taiji, which was continuously displayed in the sky.

All kinds of patterns appeared under everyone’s feet. All of a sudden, thousands of runes gushed out of the darkness and constructed various structures in the world.

Yunxiao quietly observed the changes in the runes and recorded them in his heart.

Soon, after the runes had been performed once, they all disappeared into the darkness again, becoming undetectable.

Guang shun looked at the completed talismans and smiled, "The two of you should rest. The yin and yang dust formation is an ancient formation with unfathomable power. No one in the world today can set it up. It's like an inescapable net, and it's impossible for you two to escape."

Your Highness Guangshun just said that we have extremely powerful divine abilities, " Yunxiao said. now, you are looking down on our strength. You can't be so contradictory.

"Haha, interesting!"

...

Guang shun laughed and said, "if you don't believe me, you can try." Not to mention the fact that this formation is impossible to break, even if you go out, the danger outside is not something you can bear."

thank you, Your Highness, " Yunxiao said with a smile. you're so nice to two outsiders.

Guang shun squinted his eyes and smiled, "it's fine, I've always been kind." By the way, I'm very curious. Which one of you is li Yunxiao? What is his relationship with the water fairy princess?

that's not something Your Highness should ask, " Yunxiao said with a smile. you'd better go back and cultivate in seclusion.

hehe, you're really asking for a beating, " Guang shun laughed. it looks like you're li Yunxiao. To be honest, you humans are really lowly."

"Oh?"

what? " Yunxiao asked in surprise. why didn't I know about this before? I think your mudfish-like face is asking for a beating. Oh, right, I remember now. No wonder you don't look like Lord guangxian. Your face looks like uncle Wang from next door."

“You coward! Do you really think I don’t dare to kill you? I don’t know what the emperor’s decree is, but since you’ve entered the abyss prison, you probably won’t be able to get out for the rest of your life. No one will know if I kill you.”

Guang shun’s eyes were ice-cold, and a killing intent rose from his body.

Yunxiao laughed. don’t bully me for being an honest and uncultured man. This yin and yang dust formation is a two-way defense. It can prevent us from going out, but you can’t come in either. You want to hit me? Unless you remove the formation.”

“Oh?” Guang shun was surprised. You’re also an array master?”

Yunxiao stood with his hands behind his back and said indifferently, ” “I’ve learned a little,”

Guang shun was somewhat bewildered. This human was extremely young, but his strength was not ordinary. Furthermore, this bearing was definitely not something a normal martial artist could have.

He suppressed his curiosity and nodded slightly, ” that’s right. There’s a shortage of formation Masters in the four Seas. Perhaps I can take you under my wing in the future.

that day will never come, ” Yunxiao said with a smile. but I admire your confidence.

Guang shun snorted coldly and said,”nothing is absolute.” You guys can rest in peace now.”

He and the two nine-star martial emperors disappeared into the endless darkness in a flash.

Bo Yuqing suddenly asked, ” what do you think of this Guangshun? ”

Yunxiao’s sneer faded away, and his eyes flickered as he said, ” “This person is not simple.”

Bo Yuqing also nodded, "same as my judgment." He was humiliated but he wasn't angry, angry but not impulsive, and even wanted to recruit you. Although it's ridiculous, this kind of thinking already has the bearing of a generation's Overlord."

you can't even save yourself at the moment, " Yunxiao laughed in surprise. and you still care about others? "

"Hmph!"

I have many ways to protect myself, " Bo Yuqing snorted. but you, not only can't you protect yourself, I'm afraid you can't even protect your girlfriend.

"Hey, you can't just say things like that. When did water fairy become my girlfriend?"

if the ocean Emperor finds out, " Yunxiao said coldly, " you'll be in serious trouble.

Bo Yuqing smiled playfully and said, " in the past, Lord Yunxiao even followed the number one beauty in the world. Subduing this mischievous girl was naturally not a problem. Don't forget about me when you become the emperor's son-in-law."

don't worry, " Yunxiao said. I won't forget you. If I become the son-in-law of the sovereign of the four Seas, I'll immediately order the entire world to hunt you down."

we're brothers in the same boat, " Bo Yuqing said with a bitter smile. there's no need to have such a deep hatred.

Yunxiao ignored him, looked around, and said, " your sect is very knowledgeable. Have you studied the yin and yang dust formation? "

Chapter 1146-the trouble of the aegirine

"Don't tell me you still want to escape?" Bo Yuqing smiled bitterly. Do you think you can leave the palace even if you break the formation?"

this is not the palace," Yunxiao said. this is the abyssal dungeon.

"I know,"

"You think they don't have a strong defense?" Bo Yuqing lazily asked.

you probably don't know what kind of place the abyssal dungeon is, do you?" Yunxiao chuckled. I guess you don't know.

"Oh? I'd like to hear the details."

I forgot," Bo Yuqing said. you should be very familiar with Donghai Palace. By the way, I'm very curious about what happened to you back then. Why did you enter the eastern sea and get hunted down by the entire Four Seas?"

Yunxiao's face twitched as he snorted, "curiosity killed the cat. Let's solve this crisis first.

He began to explain,"you should know about the deep sea Giant beasts, right?" Those things were slumbering in the endless abyss of the sea. I'm not too sure what kind of place the sea's abyss is. I only know that this place is connected to the four Seas, and it seems to be an underground space of the four Seas. However, there are many strange things that I don't understand."

you mean, as long as we break this yin and yang dust formation, we can go directly to the other three Seas?" Bo Yuqing was moved.

"Yes!" Yunxiao nodded.

Bo Yuqing looked around for a while and said with a bitter smile, "Not to mention that the yin and yang dust formation is almost unbreakable, even if it is really broken, who knows what dangers there are in the abyss of the sea? Even if we don't encounter anything, we might not be able to leave this space, let alone the deep-sea Giant beasts gathered inside."

indeed," Yunxiao said. losing your purpose is the worst thing. You might be trapped in this abyss forever. I noticed it when I came in just now. I can't sense the spatial coordinates I left in the outside world."

"You're indeed a dangerous person," Bo Yuqing said with a bitter smile. "You've actually calculated so far. Without the spatial coordinates, escaping from this formation is even more helpless than staying in the formation."

"Not necessarily!"

you've forgotten something," Yunxiao said with a smile. Noah's ship!

Bo Yuqing's expression changed as he fell into deep thought, "Noah's ship is also known as the ship of the other shore. It can ferry people to the other shore. Can that kid do it?"

A mark of the divine realm tablet emerged between Yunxiao's eyebrows. Then, with a flash of light, Ye Fan appeared in the yin and yang dust formation.

Yunxiao explained the situation in detail.

Ye Fan looked around and said in shock: "Is this the endless abyss in the depths of the four Seas? There are records of it in the ancestor's notes, and it seems to be a mystical space that has existed since ancient times. However, there was too little information, so it wasn't written in detail."

if you break this array," Yunxiao said seriously, "are you confident that you can leave safely?"

Ye Fan smiled bitterly. I haven't tried. But with Noah's ship's ability, I should be able to. I'm 80% sure!

"Eighty percent!"

Both Yunxiao and Bo Yuqing's pupils constricted. With such high confidence, they could give it a try.

In the cultivation of martial Dao, many times, even if there was only a slim chance, one would not hesitate to charge in.

Ye Fan hurriedly said: " but my injuries have not recovered yet. I need to recover first.

Yunxiao nodded. yes, you can rest in my divine realm tablet. You will have priority in using all the resources.

He pointed at Ye Fan and put him back into the divine realm tablet.

Bo Yuqing revealed an extremely jealous expression and said angrily, " "At the same time, four pieces of transcendent grade profound level weapons appeared, and you alone have two. This heavenly law is too unfair! Can you give me your cauldron of mountain and river?"

"I'll give you a condition?"

even if I take your head, it's not worth a foot of the cauldron of mountain and river, " Yunxiao snorted coldly.

Bo Yuqing also knew that it was impossible. After sighing a few times, he no longer talked about this matter and instead asked, " "When Guangshun activated the formation, I saw that you paid close attention to it. Do you have a way to break it?"

Yunxiao's face darkened as he said, " "You rely on me for everything? If I break this formation by myself, I'll definitely throw you into the abyss and leave by myself."

Bo Yuqing smiled bitterly,"why? we're all on the same side."

Yunxiao waved his hand and interrupted, " cut the crap. Just tell me. How much do you know about this array? tell me everything you know. If I find you useless, then I'm sorry, you'll have to go to the abyss to fill the stomachs of those giant beasts."

let me think," Bo Yuqing hurriedly said. I've indeed seen this array in ancient books, but I don't know much about it. At this moment, you and I are slightly weaker. Even if we want to break the formation, we have to recover before we have the strength, right?" His eyes revealed a bitter look as he said,"even Lord Yunxiao knows about the awkwardness."

"Alright, I'm done!"

you want me to suppress your injuries with my spiritual energy?" Yunxiao interrupted. do you want me to do that? "

it's easy to talk to smart people," Bo Yuqing said with a bitter smile. but isn't this a little too simple? "

if I can get rid of the aegirine, I'm afraid you'll possess the power of a mid-stage nine-star in an instant," Yunxiao said. coupled with your extreme Yin body, what if you kill me with a slap when you're unhappy? "

Lord Yunxiao must be joking," Bo Yuqing said. I can make a heart oath!

Yunxiao frowned and fell into deep thought, then smiled and said, "It seems like brother Yu Qing has no confidence in getting out of this. You should know that once a heart's vow is made, unless you don't want to make any progress in your life, you will never be able to break it."

Bo Yuqing smiled bitterly,'Lord Yunxiao still saw through me. Although I used Guang Yuan's whereabouts as a life-saving condition, once I no longer have any value, I'm bound to die. Even if they can let me live, they'll definitely take the aegirine, and then I'll still be better off dead!"

In order to fuse the aegirine, he had endured for so many years. If he failed, his strength would instantly fall back to the beginning of the ninth rank, and it would be difficult for him to advance any further.

alright," Yunxiao said. as long as you make a heart oath, I can help you now. In addition, you still owe me a favor, and you will have to return it in the future. Put this into the oath as well."

“At least tell me what it is,” Bo Yuqing angrily said. Otherwise, you’re making things too difficult for me. If I make a heart’s oath, What should I do if you ask me to commit suicide or deceive my master and destroy my ancestors?”

don’t worry,” Yunxiao said with a smile. I won’t make things too difficult for you. Furthermore, do you have any other choice?”

Bo Yuqing’s ability was extremely strong, and Yunxiao would never let go of such an opportunity to control him. This man might be a breakthrough in the situation in the sea of soul formation.

Bo Yuqing’s expression was gloomy and uncertain, but he finally gritted his teeth and said, “Alright, I hope you will remember what you said today and not make things difficult for me.”

Then, he pointed to the sky with both hands and made a solemn oath.

A golden symbol formed on his fingertip and disappeared into the night with a bang.

It was a rule of heaven and earth, which bore witness to heaven and earth. Once violated, one would be devoured by the rule of heaven and earth. Unless one completely gave up on martial arts, no one would dare to violate it.

Bo Yuqing’s expression was extremely gloomy. This was the first time he had done such a thing in his life. He gritted his teeth and said, “Are you satisfied now?”

...

With a satisfied smile on his face, Yunxiao said with great enthusiasm, “Brother Yu Qing, we’re also brothers in the same boat. Why do you look so sad? it’s as if we’re brothers who will harm you. Don’t be like this, really!”

He shook his head repeatedly, as if he was pained by the other party’s distrust.

Bo Yuqing's face turned white and he said coldly, "Don't talk nonsense, hurry up and relieve me of the pain of the aegirine!"

Yunxiao raised his hand, and his spirit energy gushed out of his body and hovered in his palm.

Bo Yuqing hurriedly sat down cross-legged in the air and said, "use the reverse needle technique to clear my nine orifices and bones. Then, use your energy to walk through the seven chakras. Finally, go through the eight navel and gather into the heart chakra. This will solve my pain.

Both of them were top alchemists in the world, and they understood everything with just a few words.

Yunxiao cried out as he slashed out his right hand. The energy in his left palm turned into sharp needles and pierced into Bo Yuqing's body.

A faint golden light began to shine from the nine apertures. Dark and cold power appeared around the golden light and imprinted on the apertures in a circle.

Yunxiao's pupils constricted, and the corners of his mouth turned up as he chuckled and said, "Brother Yu Qing, you're really good at lying. The power of the aegirine has already invaded your body. Even if guangxian doesn't kill you, I'm afraid you won't be able to endure it."

Bo Yuqing trembled slightly when the golden light entered his body, but he quickly calmed down. His tightly furrowed brows gradually relaxed and he let out a breath of turbid air. "Stop talking nonsense and continue. This spiritual energy is indeed powerful. I didn't think that there would be someone in this world who could obtain this power."

next, I'm going to stab you with seven chakras," Yunxiao said. you should know the danger in it. Do your best to cooperate with me.

...

Bo Yuqing nodded seriously.

“Bang!”

Yunxiao moved forward and pointed a finger at the man’s forehead, pouring his spiritual energy into it like a trickle.

A golden light was reflected on Bo Yuqing’s forehead as he grimaced in pain, but he didn’t make a sound.

Following that, he did the same to the other chakras, and each chakra opened up its own light, flickering on Bo Yuqing’s body, his entire person in a seven-colored light.

“Bang Bang!”

Suddenly, the violent beating of his heart came from his heart chakra, which shook away Yunxiao’s spiritual power.

“This is a Kasaya.”

Yunxiao was taken aback. A powerful force of aegirine emerged from his heart chakra, and some strange things kept spinning, scattering the power gathered by the other six chakra.

“This is crazy! You actually implanted the aegirine into your own heart?”

He cried out in shock, his eyes filled with shock.

Bo Yuqing smiled bitterly. the heart chakra is the source of the chakra, the Spring of Power. Only by implanting the aegirine here can one form the dual-extreme divine body. Otherwise, do you think I would be willing to take such a risk? ”

he’s indeed a lunatic! Yunxiao was moved. he’s a lunatic!

Once again, he gathered his spiritual energy and struck his palm toward the man's chest.

The powerful golden light slowly resisted the power of the aegirine and fought endlessly in his heart chakra.

Bo Yuqing's entire body twitched in pain, his face completely distorted, his skin deathly white, and cold sweat pouring down.

Yunxiao's expression was also solemn. At this moment, Bo Yuqing's heart chakra was filled with the dark turbulence of two forces. Once it became violent or exploded, Bo Yuqing would die without a doubt.

Chapter 1147-seal

Bo Yuqing's body twitched extremely violently under the impact of the two forces. Although he didn't make a sound, blood continued to ooze out of his seven orifices, as if he couldn't hold on any longer.

The look on Yunxiao's face grew more and more serious. After all, his spiritual power was limited, while the power of the aegirine seemed to be endless. His disadvantage was becoming more and more obvious.

Once the suppressing force collapsed and the extreme Yin power of the aegirine scattered into the seven chakras, Bo Yuqing would die without a doubt.

In his shock, he opened his immemorial heaven's eye and shot out a beam of divine fire. It turned into a circular mark and crashed down.

“??!”

The sound of roasted meat came from Bo Yuqing's chest. After a piece of burnt smoke came out, a Ring of Fire mark was revealed.

Then, the power of wind, water, and earth emerged, jumping in Yunxiao's hands in different forms and incantations, and then smashed down one after another!

“Bang! Bang! Bang! Bang!”

The three elemental seals fell, and Bo Yuqing finally spat out a mouthful of black blood, his aura suddenly falling to the bottom.

At this moment, a four-colored elemental seal symbol appeared on his chest, sealing all the power of the aegirine in his heart chakra, unable to leak out at all.

Bo Yuqing’s weak voice came over, “Did I fail?”

Yunxiao nodded and said, “I failed. I don’t have enough spiritual energy to suppress the aegirine. For the time being, earth, water, fire, and wind elements will suppress the aegirine for you. You can only return to your previous state and can’t use the power of the heart wheel and the aegirine.”

although these four elements are indispensable for the creation of the world and the refinement of the world, ” Bo Yuqing said with a bitter smile. if they can’t be fused together, the suppression of the aegirine won’t last long.

in that case, I’ll add another seal, ” Yunxiao said.

His eyes flashed, and a white light gradually appeared in his hand, showing a scene full of vitality.

“The cauldron of mountain and river!” Bo Yuqing exclaimed. His eyes revealed a fanatical look.

Yunxiao performed an incantation gesture with his left hand and gently thrust it out.

A strange seal appeared, it was the only clear ruler seal he had learned. A loud bang came from the cauldron, and a white light was projected down, directly shining on Bo Yuqing’s chest.

“Pfft!”

Bo Yuqing spat out another mouthful of blood, his entire body almost becoming transparent. He struggled and growled, "I'm going to die if this continues!"

Yunxiao took back the cauldron of mountain and river, wiped the sweat off his forehead, and said with a faint smile, "Don't take advantage of me. Although I can't cure you of the aegirine, as long as you don't use the power of your heart chakra, it shouldn't be a problem to suppress it for eight to ten years. I'll think of a way to help you when I'm stronger."

Bo Yuqing tried to feel the power of the heart chakra, and sure enough, he couldn't detect it at all. If that was the case, he could only exert the strength of a Peak Eight-stars Martial Emperor at most.

However, this was already the best result. When he used the aegirine at the beginning, he had the mentality of taking a gamble. If he lost, he would be crippled even if he didn't die. This was the best result.

The two of them then began to adjust their breathing and recover. Bo Yuqing also generously took out a large number of heavenly treasures to share.

He had stayed in xiankong Island for decades, and the wealth of treasures he had left Yunxiao in the dust.

Just like that, the two of them cultivated quietly for a few days. There was no movement in the outside world, as if they had been forgotten.

On this day, a voice suddenly came from the outside world.

Gradually, a beam of light appeared in the endless darkness. The beam of light slowly expanded, and a few human figures appeared.

One of them was Guang 'an. His eyes shone with a cold light and his expression was ferocious."You two lowly humans, this King has come to see you!"

Yunxiao and Bo Yuqing remained unmoved, still meditating with their eyes closed.

Guang 'an flew into a rage. A sense of shame and anger from being ignored and disdained welled up in his heart, and smoke rose from his head.

He gritted his teeth and growled, "Open the formation, I want to skin them alive!"

"Your Highness Guang 'an, Lord Guangxian's orders can not be neglected," a commander behind him said with a frown.

Guang 'an suddenly turned around and stared at the man with a murderous look. He said coldly, "Who's older here? you or me?"

A faint blue light flickered in the commander's eyes as he calmly said, "Lord Guangxian's decree is the most important."

"You! Good, good, good, dog slave, using my Royal father's decree to pressure me!"

Guang 'an's face was twisted, then it turned dark. "Then, please bring him out."

"I hope your Highness Guang 'an can understand," the commander said, his expression changing.

The commander waved his hand, and the four people behind him came forward. They began to cast various spells to activate the yin and yang dust formation.

"I understand," Guang 'an sneered, "my magnanimity is as deep as the ocean. It's not something you can guess. GUI Ling, watch how these Lords do their work."

A man with a slender figure spoke in a ghostly voice, "Yes."

His eyes glowed as he watched the four of them activate the array.

The commander stared at the ghost spirit for a while, revealing a puzzled look, but he didn't find anything strange, so he didn't care.

After all, it was public knowledge that Guang 'an was always with some thieving and prowling people.

At that moment, Yunxiao and Bo Yuqing's hearts stirred. They opened their eyes at the same time and watched the four men casting their spells.

The entire space was silent. There were only various lights and thousands of symbols shining in the air.

Thousands upon thousands of changes appeared at the same time, causing everyone to be overwhelmed as they quickly memorized them.

After the time it took to brew a cup of tea, all the light dissipated and a beam of light shot straight towards Bo Yuqing.

"Bo Yuqing, Lord Guangxian's dharmic decree is for you. Come over," the commander said indifferently.

Bo Yuqing's face darkened, knowing that he was finally going to make a move on Guang Yuan.

He gave Yunxiao a look, and the two exchanged a look. Then, he stood up and stepped on the beam of light.

"I hope you'll be smart and don't do anything out of line, or no one will be able to save you," the commander said coldly.

let's go," Guang 'an said sarcastically. we've already taken her. Hurry up and go to my father to get a bone.

...

The commander's face was covered in a layer of frost. A sharp light burst out from his eyes as he stared coldly at Guang 'an.

Guang 'an's entire body trembled. He was so frightened by his gaze that he retreated."What do you want to do?"

The man named GUI Ling was like a ghost. In a flash, he appeared in front of Guang 'an, protecting him.

The commander looked at the ghost spirit coldly, withdrew the chill in his body, and without a word, he cast several spells.

The entire beam of light instantly retracted, shooting into the sky like fireworks, and then disappearing.

In the darkness, only Yunxiao's eyes were left, flashing with a demonic blood-red light.

The corners of his mouth raised slightly, revealing a hint of a knowing smile.

Although he couldn't completely remember the thousands of incantation seals just now, they were all recorded in the moon pupil. As long as he studied them carefully, it was only a matter of time to crack them.

His recovery speed was far above Bo Yuqing's. At this moment, he had almost fully recovered, and his strength had vaguely rushed to the four-star barrier.

Yunxiao calmed down and put everything aside for the time being, then started to break through.

The distance between three stars and four stars was not just a simple one star. The comprehension of the heaven Earth Law had a qualitative change from an early-stage Martial Emperor to a mid-stage Martial Emperor.

...

After an unknown period of time, rules gathered from all directions, forming symbols of various sizes and merging into his body.

His entire body was shimmering with golden light, as if the heavenly Dao had descended. Yunxiao was immersed in the endless law comprehension.

Every martial artist only had one chance to level up, but this was his second time stepping into the same river, so his comprehension was much stronger than the others.

The time that rule force appeared was also extremely long, almost several times longer than the same realm.

Finally, all the laws were taken back into his body, and Yunxiao's aura became unusually strong. Like an ancient beast, he rampaged through the yin and yang dust formation before finally returning to his body.

“Hu!”

He let out a heavy breath, feeling as if the world was clear and his five senses and six Senses had been strengthened.

Although there was joy in his heart, he was more indifferent and thoughtful.

the rule induction here is exactly the same as that of the outside world. It seems that the abyss of the sea still exists as one with the realm of heavenly martial arts, just that it is a little more unique.

Through his insight into the rules when he advanced, Yunxiao determined that this place was still part of the heavenly martial realm, and he felt much calmer.

As long as he was still in this world, he would have a way to get out. His previous worry was that this place was some kind of abandoned place in time and space, which might make it impossible for him to leave.

“The reason why I can’t sense the spatial coordinates of the outside world is probably because there’s a change in the world power here.”

Yunxiao thought about it carefully, especially those deep-sea Giant beasts. They were indeed very different from ordinary sea people, and should be creatures produced under the influence of this kind of mutated world power.

All of a sudden, a beam of light descended and slowly spread out outside the formation.

Guang ‘an and the ghost spirit appeared in the light beam and walked over slowly.

“What?”

Yunxiao’s heart skipped a beat, and an imperceptible smile appeared at the corner of his mouth, as if he had guessed the purpose of the two men.

The killing intent in Guang ‘an’s eyes grew stronger and stronger as he stared at Yunxiao and said coldly, “Lowly one, do you still remember this King?”

Yunxiao gave him a glance, then closed his eyes and rested.

“Dammit! You should die!”

Guang ‘an was thoroughly enraged by his contemptuous look. He roared, “Kill him! Ghost spirit, go in now and kill him!”

“Yes!”

GUI Ling’s slender figure took a step forward, and her eyes emitted a silver light. She looked around, as if she was carefully observing.

Yunxiao finally opened his eyes, and with a strange look on his face, he said, " "This formation is a two-way formation. Do you think you can kill me?"

"Hmph, you think this King can't kill you with the two-way formation?"

Guang 'an laughed coldly. GUI Ling is a genius among the silver spirits. He has an inborn understanding of formations. With the innate magical ability of the silver spirits, as long as they can break part of the formation, they can enter and take your head!

The more he spoke, the prouder he became. He couldn't help but laugh."Haha, are you afraid now? It's too late to regret, I'll let you know the consequences of disrespecting this King!"

Chapter 1148-merciful heart

Yunxiao looked at the ghost spirit in surprise. He knew about the Silver Spirit as well. It was one of the most mysterious races in the East Sea, and its innate divine ability allowed it to travel through the void at will. Although it was not as magical as Zhuo qingfan's great void technique, it was still extremely powerful.

Guang 'an said coldly, " it's not too late to regret it now. Tell me honestly. What is your relationship with Princess water deity? "

a man and a woman are having a wild time, " Yunxiao said with a smile. what else can they be? " Could it be that I'm her best friend? Do you believe me?"

"Wow!"

Guang 'an's body was spurting fire as he roared, " "Dammit! Damn it! How could the water fairy princess take a fancy to a lowly human like you!"

hehe, " Yunxiao said. since you don't believe me, I'll just say that I'm her best friend. In fact, we're all experts in this field, and the so-called male best friend is Yingluo, hehe, you know."

“Damn it!”

Guang ‘an’s anger almost set him on fire as he roared into the sky.

Li Yunxiao, I want you to help me marry the water deity. Do you have a way? ”

Guang ‘an roared for a while before he gradually recovered. His eyes were still flickering with a fierce light as he gritted his teeth and said, ” “As long as you succeed, I can guarantee that you won’t die!”

“Eh?”

Yunxiao laughed in surprise. Your Highness Guang ‘an said that he was broad-minded. I didn’t believe it at first, but now I really do. It turns out that you are a legendary hero.

“Pfft!”

Guang ‘an spat out a mouthful of blood in anger. The Qi movement in his body was in chaos. His body trembled as he roared, ” Li Yunxiao, are you really not afraid of death? ”

what is there to be sad about in life? ” Yunxiao said indifferently. what is there to be sad about in death? It’s better for you to go home and cultivate.”

“Wow! Kill him, kill him!”

Guang ‘an was so angry that his head turned red and he almost crashed into the array!

GUI Ling began to cast a spell in an attempt to break the array.

He executed each seal very slowly and carefully. It was obvious that he was observing as he broke through.

Only Guang 'an's panting could be heard in the entire space. As time passed, it gradually calmed down.

Yunxiao stared at the ghost Spirit's movements with a surprised look on his face. If this was the first time this person had seen the array being activated, he would be worthy of being called a genius.

The complicated array talismans were like balls of thread, and he could clearly move them step by step. Although he was slow, he did not make any mistakes when opening a few outer arrays in succession.

Even Yunxiao could not do better than him without using the lunar pupil.

Suddenly, Yunxiao's heart skipped a beat as he noticed a tiny mistake in the ghost Spirit's hand, and the corner of his eye twitched.

The wrong seal hit the entire formation, causing a slight ripple.

Then, the entire array let out a loud boom, like countless raindrops falling on a Lake, creating all kinds of ripples.

"Not good!"

Ghost spirits also found the mistake and his face suddenly changed.

Guang 'an even shouted angrily, "Trash! What do we do now?"

don't panic, Your Highness," GUI Ling said in a deep voice. I've estimated the power of this formation. We should be able to pass through it now.

Rays of silver light burst out from his body, and his entire person suddenly turned illusionary. He began to walk toward the array, and he actually passed through several layers smoothly.

Yunxiao's pupils constricted, and he turned them into moonlight as he looked over.

His eyes directly penetrated GUI Ling's body and peeked at his meridians and bones. All the bones were silver in color and emitted a silver light, as if they could infinitely turn the body illusory.

After taking a few steps, the ghost spirit seemed to be greatly hindered.

Countless runes rushed up from the yin and yang dust formation and danced in the sky, blocking his steps.

At this moment, he slightly bent his body and curled up.

Then, Yunxiao saw the silver light on the bone armor in his body gathering, and runes emerged from his body, connecting with each other in circles.

"Ha!"

GUI Ling suddenly shouted, his bent body suddenly straightened, and directly shot out.

"Boom boom boom!"

Many of the formation talismans of the yin and yang dust formation were knocked away, and countless runes directly blasted into his body, but came out.

The ghost spirit successfully passed through the array under the huge impact and appeared directly inside the array.

"Alright!"

kill him! Guang 'an shouted excitedly, " kill him! Kill him now!

“Pfft!”

GUI Ling directly spat out a mouthful of blood, obviously suffering from internal injuries.

He wiped the blood from the corner of his mouth, then looked up at Yunxiao coldly and said in a deep voice, “I’m sorry, your life is coming to an end.”

you’re injured now,” Yunxiao said with a smile. you’d better recuperate first before you kill me.

no need,” GUI Ling said. he’s just a trash of a four-star Martial Emperor.

In a flash, a silver light flashed and cut Yunxiao’s throat, causing blood to spray out and spray all over his face.

Feeling the warm blood, GUI Ling took back his knife and licked it. He watched the despairing Yunxiao fall to the ground with no expression on his face.

It was as if this was just one of the countless insignificant things he had done.

“Ah? Just kill him?”

...

Guang ‘an shrieked in shock, as if he was not satisfied. He said angrily, “You stupid pig! How could he have been killed in one strike? What I want is to slowly skin him alive and pull out his tendons!”

“I’m sorry, Your Highness, but he’s dead,” GUI Ling said.

With a flash of his right hand, the blade disappeared from his hand. He took a deep breath and prepared to leave through the formation again.

Suddenly, his body trembled, and he turned his head in horror. He saw Yunxiao sitting cross-legged in the same place, and the blood on his face was completely gone.

“An illusion?” GUI Ling was shocked.

I told you,” Yunxiao said with a smile. you’d better recover from your injuries before you kill me.

A cold glint flashed in his eyes as he said coldly, ” “You killed me with one strike just now, and you’ve already cut off your own way out. But I can give you a fair chance.”

GUI Ling’s heart trembled as he felt an inexplicable chill and fear in Yunxiao’s eyes.

This shocked him. The other party’s cultivation was clearly only at the level of a four-star Martial Emperor, while he was an advanced seven-star Martial Emperor. Even if he was injured, killing him should only take a few minutes.

“Thanks, but I don’t need to rest!” He said coldly.

Then, with another flash of silver light, he lunged forward and slashed his opponent’s neck with the same blade, causing the same blood to spray on his face.

...

“You coward!”

what? ” GUI Ling was shocked and said seriously, ” this move again!

His body instantly turned illusionary and disappeared into nothingness to avoid being ambushed by the other party.

“Hehe, hiding is useless to me.”

Yunxiao’s laughter rang out, and then an extremely crisp and trembling Bell rang, echoing throughout the entire array!

“Clang! Clang!”

Holding the dynasty Bell in his hand, Yunxiao kept striking it.

The sound of the bell pierced through time and space, reverberating back and forth in front of him and in the endless distance. The entire space was distorted.

“Eh? How can he endure this?”

Yunxiao laughed. This trick had worked very well when he was dealing with Liang Yuyi in Songyue city, but the ghost Spirit’s cultivation base was much stronger.

“In that case, I’ll try this move!”

His eyes flashed as he raised his hammer and slammed it down. He shouted, “Eight notes of Heavenly Thunder!”

“Dang!”

The hammer smashed onto the dynasty Bell with endless Thunder!

A Thunder Dragon burst out in all directions with endless sound waves, rumbling across the sky.

“BOOM!”

GUI Ling finally couldn't hide anymore. The space he was in instantly exploded, and his entire body appeared. He turned into a silver light and rushed up.

The silver beam flashed in front of Yunxiao and pierced into his body, but it seemed to have missed.

GUI Ling was shocked and angry, and said in horror, “is it still an illusion?” If you have the ability, come out and fight me with your true body!”

Suddenly, his face flickered as he realized that something was wrong. Although Yunxiao had become absent-minded as if he had no strength, he contained an extremely domineering power, and it was getting stronger and stronger.

that's the real one! Yunxiao laughed. it's the real one!

A huge hammer fell from the sky, smashing towards his head!

Frightened, the ghost spirit was about to flee, but Yunxiao grabbed him with a thunderous hand and suppressed him on the spot.

“Boom boom boom!”

Endless Thunderbolts fell and poured into the top of GUI Ling's head, shaking him until he was dizzy. His already injured body burst open at this moment.

Guang 'an, who was outside the formation, was already dumbfounded. The endless Thunder Power bloomed above the ghost Spirit's head as if he was watching fireworks. It was brilliant and brilliant, and his entire person looked exceptionally dazzling and beautiful in the night sky.

“No, it's impossible, Yingluo!”

He watched in a daze as the ghost spirit slowly fell at Yunxiao's feet. With a look of horror on his face, he turned and tried to escape.

Suddenly, several figures flashed and appeared in the light beam. It was Guang shun and a few other experts.

"Tenth brother? What are you doing here?"

Guang shun's face darkened as he saw the desolated Guang 'an.

Guang 'an's body trembled and he said in horror, "I, I'm Qianqian!"

His head was covered in cold sweat. If he was found out that he had secretly brought people to pass the formation, the consequences would be unimaginable.

"Oh, I'm fine. His Highness Guang 'an saw that I was lonely, so he specially came to chat with me. "

Yunxiao had already put GUI Ling's body into the divine realm tablet. Apart from the fluctuations of the aura of the battle, there was no trace of anyone else in the array.

"Yes, yes, we're just chatting!"

I just remembered that li Yunxiao is here alone, " Guang 'an said hurriedly. he's a friend of Your Highness, after all. I can't ignore him.

Guang shun's pupils constricted and he said softly, " "Oh? I didn't expect tenth brother to have such a compassionate heart. I've really misjudged you."

Guang an calmed himself down and said seriously, "I can't be idle every day and do meaningless things to make my brothers and father unhappy. I have to learn to make progress."

Guang shun was speechless, not knowing what to say.

Although he knew that there must be a reason behind this, he couldn't see anything in the darkness.

"Tenth younger brother has suffered a lot." I'm here to take Yunxiao away under my father's order."

Guang 'an was taken aback. li Yunxiao? " he asked. li Yunxiao? " Why did you mention him?"

"This is my father's business, how would I know?" Guang shun replied indifferently.

With a wave of his hand, the experts behind him immediately stepped forward and began to open the array.

Chapter 1149

1149 Didn't hear clearly

Yunxiao's eyes flickered with suspicion as he wondered if Guangxian was going to deal with him. His top priority should have been to kill Guang Yuan.

Li Yunxiao, come with me.

Guang shun looked at him indifferently and waved his hand.

A light flashed in the darkness, and the next moment, everyone appeared in the teleportation array at the bottom of the sea.

The group of people quickly arrived at the palace.

The palace was resplendent with gold and Jade. Beads of various colors decorated the palace in a resplendent manner. Several pillars were carved with Dragons and phoenixes, and thousands of different marine races were depicted under them.

As soon as he stepped into the palace, he immediately felt a vast amount of spiritual power flowing into his body. He felt that his realm was about to rise with every breath he took.

The seawater in the palace was full of liquefied spiritual energy.

It was not Yunxiao's first time here, so he knew that several extremely powerful arrays had been set up nearby, one of which was a large-scale spirit gathering array.

Not to mention that the spirit vein here was extremely strong, just the resources contributed by the major races each year were enough to maintain the entire Palace's liquification.

they strongly demand that I be locked up in the palace," Yunxiao sighed. I promise that I won't escape before I reach the peak of the martial Supreme realm.

peak of Martial Emperor?"

"You really dare to say that, the ignorant are truly fearless." Guang shun sneered.

I can't," Yunxiao said. I'm looking forward to it.

Guang shun was taken aback as he looked at Yunxiao thoughtfully.

With an indifferent expression, Yunxiao stepped straight into the palace and followed the crowd to the Great Hall.

There were already many strong cultivators standing in the hall. Only Guangxian was sitting peacefully on the Supreme throne, closing his eyes and meditating. The rest of the people did not dare to make a sound to break the silence.

Water fairy had changed into a light blue dress and was sitting quietly to the left of Guangxian. She was like a cold flower.

As the sound of footsteps came, her expression changed and she hurriedly stood up. She saw the person clearly and said with great joy, "Li Yunxiao!"

The silence of the entire Palace was broken by this sound. Everyone frowned and looked in the direction of the footsteps.

Guangxian also slowly opened his eyes, and a bright light flashed across his eyes.

Father, I've brought Li Yunxiao.

Guangshun stepped forward and bowed. He then nodded and smiled at Water Deity before retreating to the side.

Water Deity looked at Yunxiao and said with joy, "Li Yunxiao, are you alright?"

"It's good," Yunxiao said with a smile. "Lord Guangxian has been very hospitable to me. The living environment was very elegant and quiet, suitable for cultivation. From time to time, they would even send people to chat with me to relieve my boredom. I would like to thank the royal family and the Eastern Sea for allowing me to advance by one star."

Guang'an, who was listening at the side, was frightened and his face turned pale.

Guangxian's pupils constricted as he stared at Yunxiao with a sharp gaze. Yunxiao had indeed advanced by one star.

"Really?"

“I knew they wouldn’t dare to do anything to you,” Narcissus said smugly. Hmph, if they dare to mess around, I’ll smash this Palace to pieces!”

Everyone frowned, but they didn’t say anything.

“How could we neglect the princess’s friend?” Guang shun laughed.

Lord Guangxian, you’re too polite, ” Yunxiao said. I’m sorry to stay here.

Guang shun smiled. it’s brother Yunxiao who’s being polite. Don’t worry and stay here until you reach the peak of the martial Supreme realm.

there is no banquet in the world that doesn’t end, ” Yunxiao said. I’ll leave sooner or later. Why don’t I say goodbye to you now? ”

The two of them spoke coldly without any emotion in their voices, causing the entire Hall to turn cold.

Guangxian snorted and interrupted the two’s argument, ” Li Yunxiao, I’ve called you here to discuss letting you go.

Yunxiao looked surprised and said, ” “That’s impossible, right? Did I hear it wrong?”

“Of course I’m not letting you leave for free.” Guangxian snorted. The rainbow stone incident caused countless deaths and injuries to the two races and also brought a great crisis to the eastern sea. You are the main responsibility for all of this! Also, the Nihon twin stone Kasaya.”

Yunxiao waved his hand impatiently. Alright, alright! What are your conditions? just tell me.

They were both smart people. As soon as Yunxiao heard so many high-sounding words, he knew that the other party was going to state his conditions.

His attitude immediately caused the people in the hall to be extremely dissatisfied, especially the intimate look he had with the water deity earlier, which made the hearts of several crown princes erupt like a volcano.

He had tried all sorts of ways to please her, but it was hard to make the water deity smile.

However, as soon as this guy appeared, he made the water deity smile like a flower bud. This kind of psychological gap made them, who were born to be superior, extremely angry.

Li Yunxiao, what kind of attitude is that? ”

“Show me some respect in front of my father!” One of the crown princes bellowed in rage.

“Oh? What did the Crown Prince say? My ears aren’t very good, please speak louder.”

Yunxiao turned his face sideways with a smile, as if he were listening carefully.

“I say, what kind of attitude is this? I’m asking you to speak with more respect in front of father!”

The crown prince’s voice rose by a few decibels as he glared at the Crown Prince.

“W-what? I still can’t hear you clearly. Repeat.”

“Are you deaf? I told you to show some respect! Show some respect, did you hear me?”

The crown prince’s face turned red as he shouted the last few words. He paused after each word and used all his strength.

eh? we’ve only said a few words. Why is the crown prince’s neck all red? ”

...

but I still can't hear you clearly," Yunxiao said confusedly. can you please speak louder? "

"You, you coward!"

The crown prince's eyes almost popped out of their sockets in anger. His entire upper body transformed into a Dragon as he circulated his essence force and unleashed an extremely powerful sound wave technique. He roared, " I'm telling you to show some respect!!

"Boom boom boom!"

The entire Hall shook violently under his roar, and the earth and mountains shook.

A few nearby shrimp soldiers and crab generals were even killed on the spot. They screamed and exploded.

Yunxiao's body glowed with a golden light, and he stood still under the concentrated bombardment of the sound waves.

After the Crown Prince roared, he seemed to be very satisfied with the effect of his power. He said proudly, " "Deaf, did you hear me clearly now?"

Yunxiao pricked up his ears and said in surprise, " "What? Your Highness, what did you just say?"

"You!"

The Crown Prince suddenly felt a lump in his chest, as if a huge rock had blocked his windpipe, making it difficult for him to breathe.

...

His face gradually turned red, then purple, then pale, and finally he spat out a mouthful of blood!

“Pfft!”

After spitting out a mouthful of blood, he fell backward, his aura greatly weakened.

li Yunxiao, you’re so bad! the water deity laughed. you made him so angry that he vomited blood.

Yunxiao shrugged and laughed. I can’t help it. This is how we deal with jokers. Just let them kill themselves with their own jokes.

“Hehehehe.”

Water deity covered her mouth and laughed. Her beautiful hair fluttered in the sea water. Her demeanor was outstanding, and everyone who saw her felt their hearts flutter. Their throats were dry.

The crown prince’s mind was already damaged, and his breathing was weak. When he heard the Beauty’s ridicule, he spat out another mouthful of blood in shame and anger and fainted.

Guangxian’s brows trembled slightly and he shook his head.

This small change was noticed by Guang shun and he couldn’t help but smile in his heart.

He knew that this child had already been abandoned by his father in his heart. Such a heart was of no use. He had lost yet another opponent.

brother Yunxiao is too mischievous, ” Guang shun said with a smile. you’d better listen to father’s words so as not to delay official business.

He had a good impression of Yunxiao. In his eyes, Yunxiao had his own extraordinary qualities, and perhaps he could use them.

As for the water deity, he was also trying his best to fight for her, but he did not regard Yunxiao as a love rival, because the water deity's status was so high that she could never marry a human.

If things really developed to that point, as long as he spread the news of their love, the experts of the ocean Emperor Palace would get rid of Yunxiao for him.

it's not that I don't want to listen," Yunxiao said with a smile. it's your brother who interrupted me out of thin air.

Guang shun chuckled but did not speak. The other crown princes glared at him.

Guangshun was overjoyed when he saw this. He thought that it would be best for his younger brothers to have more conflicts with Yunxiao, so that the latter could work harder and help him eliminate more competitors.

li Yunxiao," guangxian snorted coldly. you're a smart man, so I won't beat around the bush with you. It's not a problem if you want to leave, but you have to go to a place for me and take out two things."

what?" Yunxiao asked in surprise. where and what?"

Guang shun's expression suddenly changed and he said in shock,"Father, could it be Zhenzhen? he, he's just an outsider! How can we enter the rain land!"

"What? Rain land?"

Everyone in the hall trembled in shock, disbelief on their faces.

"Rain?"

Yunxiao said softly. Obviously, this place was very unfamiliar.

He looked at the water deity, who was also confused.

Guang shun said, "father wants him to obtain the essence blood of the ancestral Dragon and the Dragon shaking hammer. Not to mention that his strength is low, and his status is high."

The rest of the sea Race also said, "please reconsider, Your Majesty."

"I've been thinking about this for a long time," Guangxian said. "it's not suitable for us to enter the rainy land. Li Yunxiao may be the best candidate."

Guang le also said in a deep voice, "this man is just a piece of trash who's a four-star Martial Emperor. It's as easy as flipping one's hand to find a four-star Martial Emperor among the sea Race who meets the conditions." He's an outsider after all. If he destroys this place, the consequences will be too serious!"

"I don't know what you're talking about," Yunxiao said. "but I think it's very powerful. I'm truly surprised that Lord Guangxian thinks so highly of me."

"It's all because one person recommended you, and I believe in his judgment." Guangxian looked at him with a complicated expression.

"Who?" Yunxiao asked.

"Bo Yuqing," Guang Xian said.

Most of the people in the hall were stunned, clearly not knowing who this person was.

Only the Crown Prince and a few others understood, and their faces were filled with shock.

"Father, why would you trust a human so much, and a prisoner at that?" Guang shun asked in shock.

“Although Bo Yuqing is a prisoner, his identity is extremely unique, and his abilities are extraordinary,” Guangxian said. I believe in the person he recommended.”

Guangxian looked at Yunxiao, as if he wanted to see through him, or to verify it from him.

Chapter 1150-qualification battle

‘Where’s Bo Yuqing?’ Yunxiao smiled wryly. Call him out, I promise I won’t beat him to death.”

“Bo Yuqing is currently cultivating in seclusion to recover his strength,” Guangxian said. Li Yunxiao, will you let me down?”

Lord Guangxian, ” Yunxiao said. why do you have such confidence in me? ”

“Because if you can’t succeed, you’ll die,” Guangxian said with a rare smile.

“You dare to kill him?” the water deity was shocked. Do you really want to disobey my Imperial father’s decree?”

“If I don’t kill him, but fail to go to the rain land, I’ll never be able to come out,” Guangxian said.

don’t go! water deity looked at Yunxiao and said, ” let them go by themselves.

Guang le snorted in extreme dissatisfaction,”Hmph!” Your Highness, we’re not willing to let this kid go in. The rain land is a place only the powerhouses of the royal family can enter, and it’s a great honor to be able to enter! Even us crown princes don’t have that right!”

“Father, I’m not willing to let him in!” He shouted.

Guangxian’s eyes flashed,”not convinced?” We can follow the rules of our Sea Race and fight if you’re not convinced! Moreover, I’m also very curious about Bo Yuqing’s admiration.”

“Yes!” Guang le was overjoyed. Father!”

He flicked his cloak and pointed at Yunxiao as he shouted, ” “Come out!”

Yunxiao touched the bridge of his nose and said with a wry smile, ” “It’s better for Your Highness to go. I really don’t have the right to compete with Your Highness for that rain land.”

“It’s not up to you to decide whether you want to fight or not!” Guangle sneered.

He looked at the water deity and mocked, ” furthermore, this battle is not only a battle for the right to enter the rain land, but also a battle between you and me. The loser will never be able to see Princess water fairy again!

The water deity’s expression changed drastically. Guang le, ” she said in shock and anger, ” I thought you were a good person. Why are you so bad?!

Guang le said, ” Princess water fairy, this human is not worthy of being your friend. You are the princess of the Bo family who is respected by the four Seas. You must have the corresponding identity to be worthy of him. Don’t be fooled by this smooth-tongued pretty boy! I hate pretty boys the most in my life!”

what? ” Yunxiao flicked his hair and said, ” being handsome attracts hatred.

The water deity said coldly, ”why do you care who I make friends with?” However, from now on, I don’t want to see you anymore.”

“You!”

Guang le was furious. His hard work over the past few days had gone down the drain. He roared, ” Li Yunxiao, I’ll kill you today!

Yunxiao was completely speechless. He said innocently, " "This really is the flying Flowers of June, what does it have to do with me?"

"It doesn't matter if you're related or not. You must die!" Guangle said coldly.

A black shadow flashed out of his body and struck down from the sky.

Yunxiao fixed his eyes on it and saw that it was a long black whip, which was whipping the mountains and rivers with great power.

He gently pushed the water deity away and stomped on the ground. He turned into a bolt of lightning and disappeared from the palace.

"BOOM!"

The long black whip smashed a huge hole in the ground, and the entire Palace trembled.

The countless tiny Thunderbolts suddenly gathered above the palace and transformed into Yunxiao's true body, which was stuck to a huge Jade pillar carved with a Dragon. "Come, come, give me a whip."

That huge Jade pillar carved with a Dragon was one of the main pillars of the hall. If it were to take a hit from Guang le's whip, it would definitely collapse.

"Are all humans so despicable, cowardly, and afraid of death?" Guang le roared.

if I say yes, " Yunxiao said with a smile, " will you let me go? "

"Of course not!" Guang le said fiercely.

"Then why are you still asking?" Yunxiao asked.

“Argh! You should die!”

Guang le suddenly rushed forward, a short pitch-black Dagger in his left hand. It was just an ordinary ninth tier profound armament, but it was already an extraordinary treasure among the sea Race.

“Swish!”

He didn't dare to use too violent a move near the main pillar, so he directly used the dagger to cut the seawater open.

Yunxiao chuckled, then turned into a shadow and disappeared from the main pillar again.

“Don't run!”

Guang le's figure flashed and he chased after him again.

The two of them chased each other in the hall like they were playing a game, and everyone frowned.

Guangxian looked at it for a while and also revealed a dissatisfied expression. He raised his hand and shouted, “The water element of the world!”

An extremely powerful water element spread out in the air, instantly binding the two of them.

Guang le struggled with all his might for a few moments, but he realized that no matter how he moved, his body could not move forward or backward. It was as if he was frozen in space.

Yunxiao, on the other hand, was very calm. He had experienced the power of heaven, earth, and water in his previous life. It was impossible to break it without a superb sword move, and it could only be manipulated.

“Go!”

Guangxian shouted, and the two of them immediately flew out of the palace.

The scenery around the two of them changed, and in an instant, they arrived on an empty platform.

Guangxian’s cold voice came through the secret Sound transmission, ” “If you can’t satisfy me, I won’t let you go easily even with the sea Emperor’s decree, unless you use a Supreme grade profound level weapon to redeem your life. So, your only choice is to work for me. But before that, you have to prove that you have the right.”

The people in the palace also appeared one after another, standing around and looking at them coldly.

Only the water deity did not appear, and no one knew where Guangxian had taken her.

“Haha, let’s see how you’re going to escape now!”

...

today’s battle is not only a battle for the right to enter the rain land, but also a battle for the right to pursue Princess water fairy, ” Guangle said coldly. the loser will lose his right forever!

I don’t want either of the two qualifications you mentioned, ” Yunxiao said bitterly. if you want them, you can have them.

“Cut the crap! Will the weak always choose to run away?”

Guangle gave a loud cry as the shadow of the whip in his hand filled the sky. In order to prevent Yunxiao from escaping again, he launched a large-scale attack. The shadow of the whip fell everywhere, like dragons and snakes dancing, and it was impossible to tell whether it was real or fake.

Yunxiao was puzzled. It was not up to him to fight or not, and he could not use his ultimate technique. Otherwise, if Guangxian recognized his identity, not even a God could save him.

Under the shadow of the whip, the sky was sealed.

With a flash of light in Yunxiao's hand, ice and frost emerged on the cold sword, and a layer of crystals appeared around him. Then, a sword barrier opened up and protected him.

“Bang Bang Bang!”

The whip shadows that filled the sky smashed onto the barrier and exploded. The ice crystals were also shattered.

However, the barrier created by the extremely powerful sword Qi did not move at all.

“What?”

...

Everyone was taken aback. Even if Guangle could not kill Yunxiao with one move, he should have at least been seriously injured and sent flying, but he was unscathed!

Other than Guangxian and Guang'an, everyone else was stunned for a moment, and their faces were filled with curiosity.

The duel that he had thought would be a one-in-a-million fight seemed to have become more interesting.

There was a strange look of ridicule in Guang'an's eyes as he sneered inwardly. He had seen Yunxiao kill GUI Ling, a seven-stars Martial Emperor, with little effort.

Although GUI Ling was injured at the time, the gap between a high-level Martial Emperor and a mid-level Martial Emperor was impassable. However, this lowly human not only crossed it, but he also crossed it easily.

A strong sense of jealousy welled up in his heart. How good would it be if he was the one with such strength!

At this moment, he really hoped that the two of them would die together. That would be great!

it's an anomaly for a four-star Martial Emperor to withstand one of my attacks.

"That's good too. I thought it would be a boring battle," guangle said after he regained his senses.

it's boring," Yunxiao said with a smile. it's boring.

"Cheap people are just pretentious!"

Guang le gave a loud shout and the long whip in his hand struck down from the sky. With a " PA " sound, the entire space moved and a huge pressure as heavy as a mountain came from the sky. The entire seabed cracked open and the earth shook!

Yunxiao raised the sword with both hands and thrust it forward. He became one with the sword, and golden runes flew out one after another. His entire body turned into a beam of sword light, cutting through the endless pressure and shooting up into the sky.

Then, he slashed down with the thousand feet Haoran sword technique, splitting the earth for a thousand miles!

At this moment, he could only rely on the rules of sword to fight guangle. He did not dare to use his sword moves at all.

Guang le was secretly shocked. The power that the other party had unleashed had already reached the level of a high-level martial Supreme. Moreover, it looked like he was doing it with ease.

“Cloud Dragon slash!”

The jet-black Dagger in his left hand flashed with a black light, and he slashed out.

“BOOM!”

The two slashes collided, directly evaporating the seawater. The seawater kept boiling, and the surroundings were filled with bubbling bubbles like white smoke.

“How could this be? Evenly matched?”

All the sea clan members looked at him in horror. They had truly felt the power of Yunxiao’s sword, and it was indeed no weaker than guangle’s.

Hmph, cunning humans. You’re just relying on the advantage of that profound level weapon!

that sword is indeed famous. Just one look at it and I feel cold all over. Humans do have an advantage in terms of profound level weapons.

“This kind of duel should abandon weapons and fight with bare hands!”

The sea Race members began to feel dissatisfied and stood up for guangle.

“If you don’t understand, then shut up!”

“What do you guys know?” Guang ‘an screeched. Even if that li Yunxiao doesn’t use his sword, he won’t lose!”

Everyone frowned and revealed a disdainful expression. If we don't understand, do you think a good-for-nothing like you will?

Guang shun responded softly, "hmm?" Tenth brother, you seem to think very highly of that li Yunxiao, don't you?"

A hint of panic flashed across Guang 'an's face. He was afraid that someone would see through him, but he still straightened his back arrogantly and said, " that's right. I don't think that li Yunxiao is a simple man, and he has a high chance of defeating guangle. I'm just feeling sorry for Yunxiao."

Guang shun had a suspicious look and said softly, I also believe that this li Yunxiao is not simple, but I don't really believe that he can defeat my fourth brother.

His eyes flashed as he chanted, " "You must know that this fourth brother of mine is also not simple."

Guangle stared at Yunxiao for a while and said, " "Your strength is indeed unexpected, but you still don't have the qualifications to go to the rain land and pursue Princess water fairy. Next, I'll treat you as an official opponent. You should be proud of yourself for the rest of your life!"

Yunxiao's heart was gradually filled with anger as well, and he said coldly, " "Can we use our strength to speak? It's not the mouth."

"Haha, you really deserve to die!"

Guangle laughed hideously and said with ill intentions, you probably don't know how terrifying a high-level martial Supreme can be, do you? "
