

The Eternal 1161

Chapter 1161-injured

The entire Dragon's Den could not hold on any longer under the strike of the dynasty Bell. It exploded one after another and was about to collapse.

The mass of natural water energy appeared in Yunxiao's hand and he slapped it into the surrounding rock formations.

A light blue light spread out in all directions, sticking all the rocks that had started to collapse together like paste. The rock layer actually stopped collapsing, and it became extremely quiet all of a sudden.

Yunxiao was also afraid of attracting the Dragon guards. After he stabilized the rock layer with the water element of heaven and earth, he flashed toward yang yuanshu.

The cold sword of ice and frost drew out a cold glint as it stabbed towards yang yuanshu.

"Swish!"

The gray robe was directly cut into pieces by the sword, shooting out.

There was no one under the robe, just an empty robe.

He did not know what material the gray robe was made of, but it was very good at deceiving. Coupled with yang yuanshu's extraordinary strength, he had managed to deceive Yunxiao.

"Hmph!"

A cold voice came from behind, "I've underestimated you."

Yunxiao held the hilt of the sword and turned around indifferently.

He saw yang yuanshu coldly staring at him from a distance. Three coffins were erected in front of him, and they exuded a strange and sinister aura. even if the Dragon guards come today, you must die!

“Pa!”

The three coffins exploded in an instant, and a powerful aura rushed out toward Yunxiao.

Yunxiao frowned and said coldly, ” “Qiu Mujie’s corpse-refining technique?”

He stared at the three dead bodies and his expression suddenly changed. He said in shock, ” “The one on the left is Yingluo, and the Lord is Yingluo.”

“?!”

Yunxiao’s face turned pale in an instant as he cried out in shock and anger, ” “Dammit! You actually stole the Holy garden!”

An inexplicable anger gushed out of Yunxiao’s body, and a powerful force burst out of his fists. The intense anger caused the space to become blurry.

The so-called Holy garden was the resting place for the experts of the Holy realm. It was similar to the rain land of the dragon clan, a place of Supreme holiness.

They had entered the rain land by themselves. After all, it wasn’t their race’s Holy Land, so it didn’t matter. However, the people buried in the Holy garden were all peerless powerhouses with great prestige among the human race.

And one of the three bodies was someone Yunxiao knew-Guan Yan, who had once been the Secretary of the sacred division.

“Your background is indeed not simple!”

Yang yuanshu was also secretly shocked. He naturally knew the origins of these three corpses, but for the other party to be able to recognize them, it was far from simple.

If the other party managed to escape and this matter was spread out, the consequences would be unimaginable!

“Die!”

Yang yuanshu shouted and started blowing his flute, producing an illusionary sound.

The three corpses seemed to have opened their empty and lifeless eyes. They suddenly rose from the ground and attacked Yunxiao.

A sword ray was formed in Guan Yan’s hand, and the sharp sword Qi was like Starlight as it sprinkled down. It was his ultimate skill when he was still alive.

The other two also combined their fists and swords, each displaying a powerful unique skill.

One man’s fist intent was so powerful that it shook the entire world.

One person’s sword Qi was like a rainbow, breaking through the clouds.

Under the joint attack of the three attacks, the pressure from the sky and the earth surged, and the surrounding rock layers, which were shackled by the natural water element, kept cracking and shattering.

Yunxiao’s face turned extremely unsightly. This was by no means a simple corpse-refining technique, but an awakening of the consciousness hidden in the mind of the deceased. Although he had no self-consciousness, he could still use the ultimate skill of peaceful life.

“That lunatic! As expected, he should be killed!”

A cold gleam flashed in Yunxiao’s eyes as he summoned his three-headed and six-armed transcendence golden body, each holding a weapon, and rushed toward the three men.

“What kind of divine ability is this?”

Yang yuanshu was dumbfounded. He had never even heard of such a technique, let alone seen one.

Yunxiao performed an incantation gesture with both hands in front of him, and Thunder flickered all over his body. A huge field energy spread out, and a ring of Thunder stars appeared in the sky.

The power of the electric field also discharged the surrounding rock formations. The entire dragon’s cave was filled with flashing lightning and magnetic phenomena were produced everywhere, like a sea of lightning.

It was a soul-shaking scene that sent a chill down yang yuanshu’s spine, his eyes filled with bewilderment.

Holding the hammer in one hand, Yunxiao suddenly smashed it into the sky!

The lightning Star Ring burst with a strong light, and an electric net appeared with a “shua shua shua” sound, letting out a “Pi pa” sound as it rushed toward the three people’s joint attack!

“BOOM!”

The combined power of the three of them fell on the Thunder Star Ring, directly suppressing the electric net that filled the sky, and all the lightning instantly disappeared by more than half.

Shocked, Yunxiao raised the hammer, and golden Maha ancient characters emerged on it as he slammed it down!

“Boom boom boom!”

A bolt of lightning shot into the ring of stars, and the lightning grew stronger, but it still didn't stop its rapid shrinking.

“Bang!”

When the star Ring shrank to a certain size, it exploded on its own and turned into three Thunder Dragons. They roared and rushed into the sky, blasting toward the three of them!

The three of them were expressionless and looked indifferent. They changed their fists to palms and gently patted, dispersing the power of the Thunder Dragon.

Yunxiao's face was solemn. Although the three of them were dead, with the resurrection of their subconscious, they had stimulated most of their previous cultivation base. If they joined forces, they might already have the strength of nine-stars martial sovereigns.

...

“Whoosh! Whoosh! Whoosh!”

After the three of them dispersed the lightning Dragon, they charged down again.

Killing intent flickered in Yunxiao's eyes. With a flash between his eyebrows, the divine realm tablet burst out of his body, and the whole tomb became bright and dazzling.

Yang yuanshu endured the piercing light and forced his eyes wide open, staring at the Grand monument in shock.

As an Alchemist, he immediately sensed that the monument was extraordinary, and he was shocked to see a mighty power that he had never seen before.

Yunxiao kept performing incantation gestures with both hands and sent them into the stele. A vast power spread out and bound the three experts in an instant!

The three corpses resisted for a while, then stopped, and their faces returned to a dead look.

Greatly alarmed, yang yuanshu changed the tune of his flute. It seemed soft yet firm at the same time, and the sound waves swirled and rippled, layer by layer.

However, no matter how the sound of the flute changed, it could not rush into the power of the world around the divine realm tablet. It lost control of the three corpses.

A chill ran down yang yuanshu's spine as he desperately played his flute, but the corpse remained unmoved.

'Is this all Qiu Mujie's alchemy skills can do? As long as the sound wave is cut off, you'll be completely useless.'

...

He grabbed the three corpses with one hand, trying to put them into the divine realm tablet.

Suddenly, the eyes of the one in the middle widened as a fist beam rose into the air and shot toward Yunxiao!

"What?"

Taken aback, Yunxiao hurriedly changed his form into a palm and gathered all the power of wind and cloud to collide with the fist!

"BOOM!"

Yunxiao's body flickered with a golden light, and his qi and blood were in turmoil as he was forced to retreat in the air.

The corpses on both sides of the man suddenly attacked as well. Two sword beams rose up and shot toward Yunxiao, tearing the sky and earth apart!

The two swords were too fast and powerful, and they stabbed Yunxiao in an instant.

"Lightning transformation!"

Yunxiao's body suddenly turned illusionary, allowing the sword Qi to pass through it!

But even so, the extremely strong sword will and Emperor Qi blasted into his body directly. He flashed in the air and escaped dozens of meters away. He stepped on the divine realm tablet directly and spat out a mouthful of blood.

Yunxiao performed an incantation gesture with one hand, and the light on the divine realm tablet faded away and sank into the ground with a loud bang. His face turned pale and fierce as he said coldly, "Brat, you're quite the schemer."

The other party's desperate blow on the flute and the act of losing control were all to lure him into a trap.

He didn't expect that he, who had always been extremely scheming, would actually be plotted against once.

Yang yuanshu was also extremely shocked. He had originally thought that this sneak attack would be enough to kill this person, or at the very least cripple him, but in the end, he had only been slightly injured.

His face darkened and he snorted sarcastically, "How can a frog at the bottom of a well like you understand the power of my master's alchemy skills? These two sword moves will be the lesson fee. Remember not to be so arrogant in the future!"

Yunxiao was speechless. He did not expect to be taught a lesson by Qiu Mujie's disciple, and then rendered speechless. It was indeed his arrogance that had caused the injury.

He nodded and said, "I won't." Next, I'll definitely cripple you first before talking about anything else!"

With a flash of light on the divine realm tablet, the calabash Little King Kong flew out and roared at the three corpses. It kicked a few steps in the air and punched down with a roar!

"What a joke! I already know your strength. Let's see who will be crippled!"

Yang yuanshu formed an incantation gesture with one hand and closed his eyes.

These corpses had been refined to an extremely high level and could be controlled with one's mind. They were completely similar to puppets, but much more powerful.

Guan Yan's corpse suddenly transformed into a long sword and cut at the fist of the gourd Little King Kong.

Although the corpse was an inanimate object, it was displaying its ultimate skill. The powerful rules of sword and Emperor Qi of the nine Heavens fell at the same time, cutting the fist wind of the gourd little Vajra!

"Bang!"

The ice fiend Heart Flame on gourd little Vajra's fist wind was directly shattered by the sword Qi. The powerful power of the heart Flame exploded and blasted in all directions!

"Bang! Bang!"

Guan Yan's corpse was hit by the remnant Star Fire of Heart Flame, and two explosive sounds came from his body, forcing him to retreat.

The corpse was set ablaze by the two heart Flames, and it began to burn with a whoosh.

However, there was no expression on his face, nor did he know pain or retreat. He continued to take a step forward and condensed his sword.

The gourd Little King Kong also didn't know pain or fear. It roared and rushed forward. The two of them fought with a sword and a fist, and their moves were extremely fierce.

Shock flashed through yang yuanshu's eyes. Although the flames were small, they gave him an extreme sense of fear. Moreover, the flames on Guan Yan's body were growing stronger and stronger. If this continued, this corpse would be crippled.

He hurriedly changed his hand seals to control Guan Yan.

These were the corpses of experts that had been stolen at great risk, and they could not be used immediately after being stolen. They had to be refined like artifact refining, and one had to use their own mind to refine them. Each one of them required a great deal of effort.

Ning keyue had destroyed so much of it on The Purple Cloud Peak, which made him realize that quality was better than quantity.

If he controlled too many corpses at once, he would not be able to fully exert the power of each corpse. It would be better to focus on cultivating a few.

Chapter 1162

1162 Discovered

He had carefully selected these three corpses from the latest batch that had been transported here. He had only refined them halfway before he had hurriedly sent them out to carry out the mission. Otherwise, if he had refined them to the great completion, he would have killed them long ago!

Furious, yang yuanshu changed his hand seal.

An extremely sinister rotting aura suddenly burst out from Guan Yan's corpse. The parts of his body that had been lit up by the heart Flame fell off and were burned to ashes in the air.

There were a few terrifying large holes on the corpse's body, but it did not affect Guan Yan's courage and fierceness at all. He directly suppressed the gourd Little King Kong, and each sword cut it more than ten meters away.

Yang yuanshu's gaze was fixed on the gourd Little King Kong, as if he was extremely puzzled by the material used to make this puppet. Logically speaking, it should have been destroyed long ago after being chopped up like this.

However, after careful observation, he realized that each sword strike only caused minor injuries to the other party's body. A small dent appeared on the smooth body, and in the blink of an eye, it recovered.

"Memory origin gold!"

Yang yuanshu's expression darkened. He didn't know what the other materials were, but at the very least, they contained such a wondrous effect.

Although the strength of the calabash Little King Kong was limited, when would he reach the end if he kept fighting like this?

On the other side, when Guan Yan's corpse made its move, two other corpses also appeared.

He threw a punch and a sword at Yunxiao from both sides.

Yunxiao took a deep breath, and fifteen Northern heaven cold star swords burst out of his body and formed a sword array in the air, surrounding the two corpses in an instant.

The sharp ocean of sword Qi spread out, and countless sword rules flashed in the sword picture like a sword cage. Countless sword will shuttled back and forth, turning into the power of ten thousand swords, slashing toward the two corpses!

Yang Yuanshu's heart trembled as he watched. From the moment this person had attacked until now, every single one of his moves had been heaven-shaking mystical powers and frightening profound level weapons.

Moreover, Yunxiao's identity, which allowed him to appear in a place like this, to see through his master at a glance, and to point out their extremely secret ally, Wei Qing, made him feel a chill in his heart, and the killing intent in his eyes grew stronger than ever.

Qiu Mujie didn't die, formed an alliance with Wei Qing, stole the corpses of the Holy Lands, and sneaked into the rain to steal their bones. If any of these things were to be spread out, it would definitely lead to a great disaster!

He had to kill this person no matter what!

With a thought, the power of the two corpses continued to increase.

One of them clenched his fist, and the sound of bones cracking could be heard from the tip of his fist. It was as if the moon in the water had been blown away by the power of the fist.

Yunxiao's eyes narrowed as he stared at the man's fist with a solemn look.

"World shaking fist!"

With a loud roar, the man's fist power rumbled out, shaking the entire universe!

The fifteen Northern heavens cold star swords all let out a buzzing sound as they trembled, showing signs of being unable to hold on any longer.

Moreover, the fifteen swords were all refined by Yunxiao's mind, so they were shaken by the great force and backfired one by one, which made Yunxiao's face pale and aggravated his previous internal injuries.

He forcefully suppressed his internal injuries and changed his hand seal. The divine boundary stele under his feet flew up with a loud bang, emitting the power of the world and pressing toward the sword formation.

At the same time, Yunxiao gritted his teeth and shot out three more Northern heaven cold star swords from between his brows. He entered the formation.

The power of the 18 sword array was suddenly strengthened. A huge million sword picture formed above the 18 sword array and turned into a huge sword, which also slashed down from the sky!

The power of the world of the divine realm tablet and the sword power of the million sword illustration suppressed the power of the fist as soon as they appeared. Like a storm of mincing meat, they went for the two corpses in the sword formation!

Yang yuanshu was greatly shocked and hurriedly strengthened his spiritual sense, stimulating the endless potential of the two corpses.

“BOOM! BOOM!”

The sound of the ocean came from the two bodies, and two extremely powerful auras seemed to come from the sky.

The shriveled skin on the surface of the corpse actually began to be filled with blood, gradually regaining vitality. Even the ashen face had an additional trace of blood.

Yang yuanshu's eyes were bloodshot, and his face was filled with anger.

This was the final trump card of the corpse refining technique, the final radiance. It could return the corpse's power to the maximum extent at the cost of sacrificing the corpse's potential!

After using this move, the two corpses could only give up, because no matter how much they refined their power, it would not improve any further.

“World shaking fist!”

“Eight direction sword engulfing!”

An extremely strong force erupted from the two peerless experts. Their fists and swords clashed, directly blasting away the restraints of the sword formation. The vast power shook in all directions, annihilating the million sword illustration and the divine realm tablet!

“Boom boom boom!”

Tomb? The earth trembled and the mountains shook.

Yunxiao was also devoured by the impact, and the huge energy blasted the ground open and shot into the sky!

“Not good!”

Yang yuanshu was taken aback. He had been so focused on killing Yunxiao that he had forgotten the danger of this place.

He immediately changed his hand seal and recalled the three corpses. Then, he disappeared on the spot.

Just as the power of the fist and sword broke through the ground, boundless anger and monstrous Dragon might came from the distance!

Several rays of light arrived in an instant and landed one after another, looking around in shock and anger.

The originally flat ground was now directly exposed, forming a huge pit.

There were all kinds of battle marks inside, and the ground had been turned into dust, but there was no one inside.

The Dragon guards "expressions were extremely ugly, and their eyes burned with rage.

The leader's eyes flickered with a demonic green light, like a burning flame. He said angrily, "Investigate!"

"Yes!"

The people behind him instantly scattered in all directions.

It had only been a few breaths of time since they had appeared, so the sneaky people couldn't have gotten too far.

...

There were only two people left standing in front of the deep pit, staring down without a word, as if looking for clues.

The leader's face was almost dripping with water as he said in a cold voice, "Something that has not happened for tens of thousands of years has actually happened in my hands! No matter who they are or which force they belong to, they must be killed!"

From the time rain land was first built until now, it had indeed encountered many invasions, but in the long river of history, it only happened once every tens of thousands of years.

A green-robed woman behind him said with a serious expression, "Previously, there was a situation in the myriad rain waterfall. After Guangquan went to investigate, he never returned."

The leader's face darkened, and he said angrily, "Why didn't you say so earlier?"

The woman trembled in fear under his Fury. She knelt down on one knee and said in a panic, "Dragon head, please calm down. The rainy land has been safe for tens of thousands of years, and everyone has lost their vigilance. I thought that Guangquan had just taken a long time to deal with it and had not returned after waiting for a long time. Just as I was suspicious and wanted to investigate further, a situation occurred here."

"You will be given a first-class demerit for this matter. You will be dealt with after the matter is settled!" The Dragon head said coldly.

"Yes!"

The woman shivered and didn't dare to say anything more.

After a while, the scattered dragon guards gathered back, all of them wearing gloomy and grave expressions.

"What's going on?" the Dragon head was furious. You didn't find anything?"

...

Everyone lowered their heads in shame.

"Under the dragon's breath, no matter how well they hide, they can still be sensed. These two are definitely not simple!" One of them said.

"Bullshit!" The Dragon head angrily shouted. Do I need you to say this? How could someone who could sneak into the rain land be an ordinary person? Guang Quan, this tomb? Which ancestor is buried here?"

"They are the three Golden Dragon ancestors who dominated the four Seas 70000 years ago," the green-robed woman said.

“It’s them!” The Dragon head’s face darkened and said, “the sneaky person must be here for the Golden Bones.” It’s just that Yingluo ”

His eyes were unusually cold as he swept his gaze over everyone. He said in a cold voice, “ “But I’m very curious, how did that person know that the three ancestors were buried here? There are tens of thousands of Dragon tombs here, and even I can’t understand all of them. How did an outsider know about it?”

Everyone was shocked, and a bad thought spread in their hearts.

“Dragon head, are you saying that there’s a traitor in the Dragon guards?” Guang Quan was also shocked.

Everyone’s expression changed drastically. They had also thought of this possibility, and their faces all revealed extreme anger.

One had to know that the Dragon race was an extremely proud race, and the Dragon guards had a great sense of honor.

The Dragon head glared at everyone coldly. I hope that’s not the case. Otherwise, I will skin that person alive and extract his soul to refine pills!

Everyone’s bodies trembled as they shouted, “ “Just as you say!”

“Dragon head, the current situation is extremely strange,” Guang Yan said. If that person had sneaked in, he could have just taken the Golden Bones. Why did he make such a big move? It’s obvious that there were two people fighting here, and they were both extremely powerful.”

“Could it be that Guangquan discovered that person and started fighting?” one of them asked.

The Dragon head shook its head and said, “it’s not Guangquan’s aura. It must be someone from another race.” It looks like there’s more than one intruder. A conflict must have occurred down there, and that’s why we’re alerted.”

He looked around and said coldly, "I'm sure that those two haven't left yet, but have used some extremely brilliant technique to hide themselves. Hmph, everyone spread out and kill anyone who makes a move! Guang Quan, activate the heaven observation mirror and use the mirror's light to illuminate this area. I want to see how they can hide!"

"Yes!"

Guang Quan replied and immediately turned into a ray of light and disappeared.

In the void, inside the space-breaking shuttle.

Yunxiao's face was pale, and the corners of his mouth were covered in blood.

Under the power of the fists and swords of the two corpses, his attack and defense were completely disintegrated, and his body collapsed.

Fortunately, his physical body was extremely strong and had absorbed a large amount of attack power. His physical body was constantly repairing itself, which stabilized his injuries.

The space-breaking shuttle could hide in the void for a long time, but he didn't know what the heaven observation mirror was or whether it could detect his traces.

If he couldn't escape the heaven observation mirror, he would be in deep trouble. The Dragon guards would definitely tear him to pieces.

Not to mention that these were all nine-star martial emperors, the aura emitted from the Dragon head made him feel suffocated. He was afraid that even if he escaped into the divine realm tablet, he would cross the boundary and chase after him.

His gaze pierced through the layers of space in an attempt to find yang yuanshu.

Chapter 1163-heaven observation mirror

Yunxiao cast an eye technique and looked around, but he could not find yang yuanshu at all.

He was certain that yang yuanshu was also nearby, but he had no idea how he had hidden himself. The grey robe he had been wearing was extremely strange, but it had been destroyed by his sword strike, so there must have been some other method.

Suddenly, his mind trembled as a bad feeling welled up in his heart. His scalp instantly turned numb as if thousands of ants were biting him. He immediately smelled the danger of death!

“BOOM!”

As expected, a mighty force passed through the void and pressed down on him.

Yunxiao was shocked. The Dragon head had made a move, and it had accurately judged his position!

“Hmph! You’re really bold, to actually dare to peep!”

The Dragon head laughed coldly. It had sensed that someone was peeking in the dark, so it immediately sent out a killing move, shattering the layers of space!

“Bang!”

A black hole was created in the sky by his move, and a streak of dark red blood appeared in the air. It was a shocking sight, but the figure was nowhere to be seen.

“What?”

The Dragon head’s face turned cold. He was shocked, staring at the black hole in the void. The killing intent in his eyes became thicker.

“There’s someone here!”

The rest of the Dragon guards were also shocked, but under the perception of the Dragon Breath, there was still nothing.

“He actually escaped from the Dragon head?” one of them said in shock.

The Dragon head was also extremely shocked. Just now, an invisible force appeared and actually allowed that person to escape, and there was no trace of him.

His face was also very ugly as he said coldly to the sky, “Hide, hide as much as you can. I’ll see how long you can hide!”

All the Dragon guards became even more cautious, working together to seal off the surrounding space.

Inside the shuttle, Yunxiao had completely restrained all his aura, but his body was gradually collapsing and he was coughing up blood.

At the critical moment just now, he had directly used the moon pupil skill to wipe out most of the power of the other party’s killing move. At the same time, he had shifted the space-breaking shuttle in the void, thus avoiding the disaster.

However, the Dragon head technique was unusually brutal, and a portion of it still managed to enter his body, tearing apart all of his old injuries and causing them to explode.

He had almost completely lost his combat power. If the heaven observation mirror could find his coordinates, he would die without a doubt!

Ye Fan, in this situation, can you break through the air and leave? ”

Yunxiao asked with a voice transmission.

Ye Fan also knew the situation outside through his senses, he frowned: " "We should be able to fly away, but Noah's ship is too powerful. Once we use it, that person will definitely notice. We don't have enough time."

Yunxiao was very depressed. He also understood the situation Ye Fan was talking about. He had only peeked with the moon pupil, and his trace had been caught by the other party, let alone using a powerful profound level artifact like Noah's ship. He would probably be crushed into pieces in an instant.

If he had not sensed death in advance, even the divine skill would not have been able to save him. The power of this dragon head was even above Guangxian's!

He could only leave it to fate and pray that the heaven observation mirror would not reflect Him.

Yunxiao knew that it was useless to think too much about it, so he did not dare to use the moon pupil to peep, but focused on regulating his breathing.

A moment later, a ray of morning light appeared in the gloomy sky, and the clouds parted.

A ray of sunlight shone down, and the mountains and rivers appeared under the light, slowly glowing.

Yunxiao's face flickered, and an ominous feeling welled up in his heart. The heaven observation mirror was so powerful that it could directly reflect everything within the five elements, and there was no way it could escape.

The light finally dispelled the darkness and illuminated the entire land.

In the auspicious clouds in the sky, a precious mirror seemed to be vaguely visible. It was surrounded by flowing colors and was as dazzling as the sun.

The entire hilly land was peaceful under the mirror light. Everything was quiet, and not a single sound could be heard.

The Dragon head and the other dragon guards paled in shock.

One of them said in shock, "we can't even let them reveal themselves under the heaven observation mirror?" This, this bi an!"

The Dragon head's expression was also extremely unsightly. It didn't dare to believe it at all, and it just stood there in a daze, not knowing what to do.

In the void, Yunxiao breathed a heavy sigh of relief. At the moment, he was shrouded in a haze and a layer of water vapor.

The heaven observation mirror's light shone down and was reflected by the heaven Earth Water element.

From the outside, it looked like he was going straight through the light, but in fact, there were many small prisms floating around him, reflecting the light that shone in. From the outside, it looked like he was going straight through the light.

All the Dragon guards were dumbstruck, not knowing what to do.

After a while, Guang Quan also flew down and was similarly shocked, "There's no one in the heaven observation mirror!"

Her face was even uglier than the Dragon guards "as she sternly said, "The heaven observation mirror can reflect everything in the five elements. There are only two possibilities if those people have not been discovered. One is that the mirror light did not shine on them at all. The second possibility is that the person is already under the heaven observation mirror or even exposed in front of us, but we just turn a blind eye to it. "

"Turn a blind eye to it?"

The Dragon guards all frowned in confusion.

Yunxiao also narrowed his eyes and began to think about where yang yuanshu was hiding.

His body-hiding technique was only able to reflect the mirror light because he used the water element in the world to condense it into a prism. If it was ordinary water, the mirror light would have been penetrated.

Thus, it was impossible for yang yuanshu to be like him, so he must have some other wondrous method.

He thought for a while but to no avail, so he was too lazy to think about it anymore and closed his eyes to rest. As long as his injuries could be fully recovered, there was still hope for him to escape.

Guang Quan suddenly thought of something and said, "Oh right, Lord dragon head. I've just checked Guang Quan's life token, and even though the flame of life is weak, it's still burning vigorously, proving that Lord Guang Quan is fine and should be under the other party's control."

The Dragon head looked up at the sky and slowly said, "The strength of the person who sneaked in this time is unpredictable. It's very likely that he used a powerful secret technique or profound artifact to hide his traces and sealed this place with the xuanxiang absolute kill formation. Split into two groups of five and take turns to guard this place. We can't let them escape!"

"Yes!"

...

The Dragon guards shouted in unison, their faces burning with anger.

This matter was definitely a disgrace to them as Dragon guards, and they all yearned to capture this invader and tear his soul and shatter his bones!

The Dragon head didn't stay any longer after issuing its instructions, and it disappeared on the spot in a flash.

Guang Quan and the Dragon guards began to consider their options. Very quickly, they divided the ten strongest people into two groups. After leaving behind one group, the rest of the people left.

Yunxiao carefully observed for a moment. Without the Dragon head's amazing strength, he carefully activated his eye technique and pretended that no one noticed him.

One of the five people who stayed behind was a mid-stage nine-star Martial Emperor. The other four people were similar to Guang Quan. They sat cross-legged quietly around them and formed the five elements force, sealing the surrounding space.

Very quickly, Guang Quan and the three experts returned again. They brought some profound level weapons for setting up formations and left after setting up a killing formation.

The xuanxiang killing array was filled with a murderous aura, and it was a rare ominous array. Yunxiao frowned when he saw it.

However, he was seriously injured at the moment and was not in a hurry. Without the illumination of the heaven observing mirror, he only needed the space-breaking shuttle to hide his traces. Everything could wait until his injuries recovered.

But where was yang yuanshu hiding?

This piqued his curiosity. If he wanted to leave this place safely, he would have to use yang yuanshu to break through the situation.

...

However, not only was yang yuanshu extremely powerful, he was also extremely intelligent, so he would not be so easy to use.

Yunxiao quietly hovered in the space-breaking shuttle to recover, while a stream of divine sense manifested in the divine realm monument and appeared beside Guang Quan.

At this time, Guang Quan had already recovered from most of his injuries. After thinking about it, he more or less understood his situation.

Yunxiao's appearance made him tremble, and he said in shock and anger, "Who the hell are you? How dare you have designs on the first Dragon ancestor and the Dragon shaking hammer. I advise you to stop as soon as possible, or you'll die without a doubt!"

At this moment, he no longer had the confidence he had before and began to threaten.

I've been discovered by your boss," Yunxiao said with a wry smile. I've been discovered.

He briefly explained the situation outside and stared at Guang Quan, watching for any changes in his expression.

Guang Quan was stunned at first, then he was overjoyed, "haha! You're dead for sure! Hahaha!"

Yunxiao's eyes flickered with coldness as he said, "If I'm going to die, do you think I'll let you live?"

Guang Quan's body trembled and he suddenly became alert. He gritted his teeth and said, "Don't think that I'm a soft persimmon that you can pinch as you please just because I'm trapped here!"

A sharp light was raised in his hand and turned into a Black Axe, ready to fight at any time.

Yunxiao shook his head helplessly. The space around him twisted slightly, and a beam of light gradually condensed into a figure, from which Yuan gaohan walked out.

"I already know the matter, we can begin," Yuan gaohan said calmly.

Guang Quan was extremely vigilant and shouted sternly, "What do you want to do?"

Killing intent surged from the battle-axe as a powerful force exploded from his body. The might of the Emperor Qi of the nine Heavens spread out!

Yunxiao shrugged and said helplessly, "I originally wanted to ask you for help, but it seems that it's impossible. So, I planned to seal your divine sense with brother Gao Han and refine you into a walking corpse for me to use. With another nine-stars Martial Emperor's puppet, I'll still have a high chance of escaping."

"Don't you dare!" Guang Quan roared in anger.

However, his words were obviously ineffective against the two of them.

Yuan gaohan said coldly, "don't waste his divine sense. The rain land is a wondrous place. You and I will search his soul together and get first-hand information.

Yunxiao nodded and said, "yes. If he really has the body of the first Dragon, I'd really like to see it. Brother Gao Han, please wait for a moment. I will first cripple his will. This way, it will be easier to search his soul and refine his body."

Guangquan was taken aback. He immediately raised his battleaxe vigilantly and backed off hundreds of meters, as if he was extremely afraid of Yunxiao.

Yunxiao sneered and stepped forward.

Suddenly, a voice came from the sky, "Let me try. I've just made some progress and was looking for someone to practice with."

There was a hint of surprise in Yunxiao's eyes, but then he smiled and said, "You've broken through as well, so we'll have more confidence in leaving."

Chapter 1164

1164 On the same front

With a thought, Yunxiao summoned the person who had sent the voice transmission over from a distance. It was none other than the guest.

There were still no elemental energy fluctuations on the guests' bodies. They were in a completely restrained state.

He crossed his arms in front of his chest and a smile appeared on his face. This divine realm tablet is really a good place. The resources here are even more than those in the East Sea. I've finally broken through the barrier.

Yunxiao's face darkened as he snorted and said, "The resources of a world are all for you to enjoy. Plus, you've gained a lot from the battle at Xian Kong Island. Also, with your Supreme divine body, if you don't break through now, you can't have fun together anymore.

"Don't make it sound so sad," the guest said with a smile.

cripple him quickly and buy us some time," Yunxiao said. I'm afraid things will change. Everything is out of my control now.

The guest laughed out loud as golden light burst out from his body. As he clenched his fists, a terrifying aura burst out, causing the air to explode in all directions.

Crisscrossing golden lines appeared on his body, forming a circular formation. They overlapped and revolved around each other, layer by layer interlocking, constantly increasing the power of his physical body.

"BOOM!"

A mighty force burst out of the guest's body, and his aura rushed to the level of a nine-stars Martial Emperor!

Yunxiao looked at it carefully. It was completely the power of the fleshly body that had pushed his cultivation base to nine stars.

The five sources of power revolved around the bodies of the officials, emitting a terrifying aura.

“Pipa!”

The guest clenched his fingers and laughed hideously. His entire body instantly shot out and he threw a punch!

Guang Quan remained silent and stared at him vigilantly. He snorted coldly and said, he has just broken through to nine-star. He doesn't know what's good for him!

He raised his battle axe and chopped down with a loud shout.

The axe radiance cut through the sky and directly split the space. A black crack appeared and tore towards the Minister.

“Bang!”

The fist power of the Minister directly shattered the black crack, turning it into countless cracks.

He took a step forward in the air and punched out with both fists again!

Guang Quan's expression changed. He unsealed his battle-axe, and its size increased by several times. He held it horizontally in front of his body to meet the two fists.

“Bang!”

The fist power landed on the axe, and countless golden threads shot out from the officials. It shot into the sky and formed a formation above, which was full of strange phenomena.

A blazing sun emerged from the array diagram. The bodies of the guests were like the blazing sun, reflecting the blazing sun and emitting an extremely strong Yang Qi.

His fists were red from the heat, and the axe began to emit white smoke!

Guang Quan was so shocked that his eyes almost popped out.

“Hmph!”

An extremely powerful Dragon Breath suddenly spewed out from his nostrils. His entire person instantly transformed into a Dragon, and the power of the battle axe pushed back both fists!

Gradually, a Dragon’s Shadow appeared in the sky, competing with the blazing sun!

“Kuafu chasing the sun!”

“Coiling Dragon and Crouching Tiger!”

The two of them shouted at the same time, and the aura on their bodies suddenly rose.

The scorching sun and the Dragon Shadow also began to erode and devour each other. Two extreme forces shot out in all directions with the two of them as the center, causing the sky to shatter continuously!

Yunxiao and Yuan gaohan were watching the battle not far away. The countless terrifying forces passed through them directly, unable to hurt them at all.

“A divine body against the nine-Star Dragon Tribe?” Yuan gaohan’s expression changed.

who do you think will win, brother Gao Han? ” Yunxiao laughed.

“The nine Star divine body and the nine Star Dragon Tribe have a natural advantage over ordinary martial artists. It’s hard to say whether they’re superior or inferior,” Yuan gaohan said after staring at them for a while.

He paused and added, “ this should depend on the strength of the two people’s cultivation. Even if they are beginner nine-star, there is a huge gap. Secondly, it depends on the level of the dragon clan’s bloodline, and how strong the power of his bloodline is.”

‘Brother Gao Han is right,’ Yunxiao said. I don’t think they’ll be able to determine a winner for a while. Guangquan’s bloodline power is extremely strong, and I’m afraid he has been a nine-star martial sovereign for a long time. His control over the nine-star rule force is far stronger than that of the guests and ministers.”

but that guest has an ultimate divine body!

Yunxiao’s eyes flickered with a cold light as he said, “ “If he opens all eight gates and sanctifies his body, he’ll be the next ao changkong!”

“Sanctified body?”

Yuan gaohan smiled and said, “there have been many divine bodies since ancient times, but only a few have achieved great success.” For those who cultivate their physical bodies, every step they take in the later stages is a hundred times more difficult than that of martial arts cultivators. It’s a treacherous path!”

“Oh?” Yunxiao asked. Brother Gao Han seems to be quite knowledgeable?”

Yuan gaohan’s expression changed slightly, a trace of vigilance flashing across his face as he snorted and said, “Brother Yunxiao, are you trying to get information out of me again?”

Yunxiao laughed and said, “ you and I appreciate each other, so we can talk about everything. What’s there to talk about? ” It’s really hurtful.”

Yuan gaohan's face sank and he snorted, "talk about feelings?" When you let me leave and merge my two souls, I'll personally come and talk to you about my feelings."

there will be such a day, " Yunxiao said. but, you must let me return to the continent safely, right? " If I die this time, I'm afraid that even brother Gao Han will find it difficult to stay out of this."

Yuan gaohan's face twitched and he said in dissatisfaction, "With your personality, you'll die one day! How about I ask Lord Gongyang for help now? As long as we can convince Zhuo qingfan to make a trip, we should be able to bring you out of here safely."

'Do you think that Zhuo qingfan is reliable? In addition, if the eastern sea discovers that a Saint realm power has infiltrated the rain land, the war between the two races will never end."

He stared at Yuan gaohan for a while and slowly said, " "There's something even more interesting. I'm wondering if I should tell brother Gao Han."

"Your mouth is on brother Yunxiao's face," Yuan gaohan snorted.

"Do you know why I was discovered by the Dragon guards?" Yunxiao asked.

...

Yuan gaohan's face was indifferent, his eyes slightly closed, seemingly unconcerned, as if he didn't care whether he listened or not.

Yunxiao smiled and waved his hand. Yang yuanshu's image immediately appeared in the void. brother Gao Han, do you know this man? "

Yuan gaohan stared at the man for a while and said, "I don't."

in that case, brother Gao Han, keep watching, " Yunxiao said. I'll leave it to you.

With a single thought, yang yuanshu's image began to move, and the scene in the Dragon graveyard began to replay itself.

Not far away, the officials and Guangquan were engaged in a fierce battle, using all kinds of extreme moves to kill each other. The earth split apart for a thousand miles, but the two of them did not seem to notice and only stared at yang yuanshu's image.

Soon, the scene suddenly slowed down, as if the speed was deliberately controlled.

Three exquisitely painted red coffins immediately appeared in front of yang yuanshu.

Yuan gaohan's body trembled, his eyes suddenly bursting with light as he exclaimed in horror, "This is a Kasaya."

brother Gao Han, " Yunxiao laughed. aren't you napping from watching? " Why are you so energetic all of a sudden?"

Yuan gaohan ignored Yunxiao's sarcasm, and the light in his eyes gradually turned into boundless coldness. don't keep me in suspense! Lower your speed!"

...

His eyes stared at the coffin in the image without blinking, but the cold air became even colder, and his hands clenched the iron.

Yunxiao could see the fluctuation in his heart. It seemed that Yuan gaohan had recognized the origin of the three coffins.

If it was him, he would also have this expression and demeanor.

The video continued to play. The three coffins split open, revealing the faces of Guan Yan and the other two.

“Ah!”

Yuan gaohan roared in shock and anger, “Who is it? Who is this person?”

His face was so ferocious that it was terrifying, and his whole body was trembling violently. When the three corpses began to attack Yunxiao with their unique skills, Yuan gaohan’s face turned even paler.

With a wave of his hand, Yunxiao erased the image and said with a chuckle, “Brother Gao Han, you’re already so old, what haven’t you seen? why are you so angry?”

Yuan gaohan’s face was gloomy as he coldly said, the sanctuary graveyard is guarded by a powerful force. It’s impossible for ordinary people to enter!

with such a powerful corpse-refining technique, how can he be an ordinary person? ” Yunxiao laughed. There are too many unexpected things in this world.”

Yuan gaohan’s eyes flickered with a cold light, as if he was thinking about something.

He suddenly turned his head and stared at Yunxiao with his eyes that were almost spurting out flames, then said, “ you know who he is, don’t you? ”

what? ” Yunxiao asked in surprise. why do you say that, brother Gao Han? ” Do you think that person will announce his sect?”

“Stop pretending in front of me!” Yuan gaohan said coldly. How can I not understand what kind of person you are, Gu Feiyang? There are only a few people in the world who are more scheming than you. Isn’t the reason you showed me this image to send a message to the sanctum through my main body?”

A strong killing intent flashed across his face as he said coldly, "I don't care what your purpose is, but this matter is too important. The person in the picture must be cut into pieces!"

I do have some guesses and confidence about this," Yunxiao said with a faint smile. but I'm not in a hurry to take action. I'm only showing you the scene so that you can be mentally prepared. With internal and external troubles, the four Seas are in turmoil, and the world will be in chaos."

"What should I do?" Yuan gaohan asked.

At this moment, his heart was in a mess. Someone dared to Rob the tomb of a Holy Land expert, and even successfully stole it and refined it into a corpse puppet. It was simply inconceivable and outrageous!

If Yunxiao had not shown him the video, he would not have believed it!

Yunxiao softly said, "It's an urgent matter, so let's delay it!"

Yuan gaohan's pupils shrank, revealing a thoughtful look, as if he had understood something.

Yunxiao patted him on the shoulder and said, "If something happens to the Holy region, it will be a great misfortune for the world. I don't want to see that happen either. If you're willing to believe me, then stand on my side."

Yuan gaohan's body trembled, and his heart was in turmoil.

After being with Yunxiao, he had indeed obtained a lot of confidential information, but what he had seen just now was too shocking. It made him even angrier than the birth of The Fiend Lord and the death of the city Lord of Red Moon City.

Besides, according to Yunxiao, it seemed that there was a big problem within the Holy region itself. If that was the case, the world would be in chaos!

Chapter 1165-taking precautions

Yuan gaohan gave Yunxiao a look and saw a pair of eyes as clear as water.

He couldn't help but be shocked.

He recalled the first time he met this man in the sea of soul formation decades ago. Back then, the genius of the demon race, Ai Hui, had challenged all the alchemists in the world, and all of them had been defeated.

It was this person in front of him who stepped forward at the last moment. Although there was no lack of trickery in the whole process, he had finally restored the reputation of the human race.

Yuan gaohan collected his thoughts and said in a deep voice, "What's the front?"

Yunxiao smiled, knowing that Yuan gaohan had made his choice.

"In the Holy region, you should try to find some reliable helpers and unite with each other." Before the whole thing came to light, they must not beat the grass and alert the snake, and wait for the situation to develop. At the same time."

A cold light flashed in his eyes as he said coldly, "Help me find out the whereabouts of a pair of siblings and monitor Wei Qing!" He ordered.

"Lord Wei Qing?"

Yuan gaohan was shocked and exclaimed, "Don't tell me the matter of the graveyard is a mess?"

it might not be Wei Qing, " Yunxiao interrupted with a wave of his hand. but, he must be involved. Remember not to alert the enemy.

At the same time, he told Yuan gaohan about Meng Wu and her brother, but he did not mention the seal in the guest's body. Meng Bai is my disciple, and Meng Wu is also my friend. No matter who it is, if you dare to touch the people around me, hehe hehe hehe."

He didn't finish his sentence and only laughed a few times, but Yuan gaohan felt a chill in his heart.

Yuan gaohan naturally knew that the person in front of him was not a good person. Although he looked young and tender, like a handsome young master on a White Horse in the Wu Ling mountains, the soul in his body was stained with countless blood to reach the peak of martial arts!

To be able to stand under this sky and look down on the earth, commanding the wind and clouds, which one of them would be good?

Yuan gaohan only felt that the matter was getting more and more serious, and he said in a deep voice, "I will definitely do my best to help you find out! With the heaven Earth venomous body, the siblings' origins were probably not simple! This kind of terrifying divine body is mostly passed down through bloodline. The possibility of it developing on its own is too low!"

Wei Qing is not a simple man, " Yunxiao said. you should be careful.

Yuan gaohan nodded, feeling his heart in a mess, unable to come up with a single clue.

He suddenly thought of something and said, " by the way, your eldest disciple, Hua qianshu, is now under master Cangwu Qiong.

Yunxiao's pupils constricted as he stared at Yuan gaohan, and both of them had unsightly expressions.

Cangwu Qiong and Wei Qing seem to be very close, " Yuan gaohan said, staring at Yunxiao. should I find a way to get Hua qianshu out? "

I can give it a try, " Yunxiao said. but I'm afraid it's impossible.

An inexplicable sadness appeared in his eyes, but it disappeared in a flash.

However, Yuan gaohan's sharp senses still caught it. why? "

Yunxiao was a little upset as he said, "You can try. If you can't, it will prove my guess."

Seeing him like this, Yuan gaohan could only give up and said,"Li Yunxiao, your wisdom and strength are rare in the world. Now that you've obtained this Supreme grade profound level weapon, your future achievements will definitely be greater than before. I hope you can keep your original heart and don't enter the evil path. "

Yuan gaohan looked at him eagerly. He could feel that Yunxiao would be a very important figure in the heavenly martial realm in the future, and he would have a great influence on the situation of the whole world.

although I like to be Frank and straightforward, " Yunxiao said seriously, " I can still distinguish right from wrong.

"I'm relieved!" Yuan gaohan nodded. Since we're on the same side, I'll definitely do my best to give you my greatest support!"

Somewhere on the heavenly martial continent, at the end of the endless auspicious clouds, in the lingsi tower of the blue snow sacred city.

Yuan gaohan's main body slowly closed his eyes and began to ponder.

There were two rows of alchemists below him, all sitting quietly, not daring to make a sound.

The entire spiritual tower had become unusually quiet after Yuan gaohan's inexplicable exclamation.

Everyone was sitting in fear and trepidation, carefully observing the changes in Yuan gaohan's expression. One moment he was shocked, one moment he was angry, one moment he was deep in thought, one moment he was cold. It was like the clouds in the sky, very interesting.

The crowd only thought that someone was conversing through voice transmission, and they didn't dare to disturb him.

However, they were all complaining in their hearts.

This rare alchemy Summit was hosted by master Yuan gaohan himself, and alchemists from all over the world came to attend it. They had to pass a series of harsh tests before they were qualified to attend.

Moreover, the seating arrangement was based on the ranking of the assessment.

Everyone waited for a long time, and when they saw Yuan gaohan close his eyes and no longer make any sound or expression, they were all guessing in their hearts.

Mo Huayuan was also criticizing him in his heart. There were many alchemy Masters who were highly respected by the major sects among the crowd, and they were all of high status and power. It seemed extremely inappropriate for his master to ignore them like this.

Bearing the psychological pressure, he carefully got up and stepped forward, calling out softly, "Master,"

Only then did Yuan gaohan slowly open his eyes, a complicated look in his eyes.

Mo Huayuan said, "if master is feeling unwell, can I help you?"

"It's fine, let's continue," Yuan gaohan interrupted.

Only then did the people below start to pay attention.

An old man with white hair and a white beard on the upper left side said, "Master Gao Han, if you have something to say, please go first. You don't have to worry about us."

Yuan gaohan said, "I'm sorry for making Grandmaster Pan worry, but I'm fine." I'm sorry to have kept you waiting."

The old man hurriedly said, "Master Gao Han, you're too polite. It's my great fortune to be able to listen to your teachings. It's my pleasure to wait even if it takes a long time."

Yuan gaohan smiled and said, "The word 'Teaching' is too serious. If you all like to hear my nagging, the Spirit Tower will always welcome you."

"I heard that the Blade Sect's sword tempering pool is a rare sight in the North Region. I wonder if I have the chance to take a look and have tea and discuss Dao with you?" he asked softly.

Master Pan was shocked and flattered, "If there's a chance, there's a chance. Master Gao Han is always welcome to visit the sword tempering pool!"

"If Master Gao Han is here, Lord Sect Leader will definitely welcome him personally," he said with a surprised expression.

The head of a Department in the Holy region had great authority. Even the leaders of the seven major forces had to give him some face.

...

Mo Huayuan looked at Yuan gaohan suspiciously. Based on his understanding of Yuan gaohan, he wasn't the kind of person who would casually make friends with others.

Yuan gaohan's eyes flashed as he smiled, "I've never been to any of the famous sects in the North Region, which is a pity. After this Dao discussion, allow me to visit them one by one. I hope that you all will recognize me."

There was an uproar below, but most of them were pleasantly surprised.

Those sitting at the front were the alchemists from many big sects in the North Region, and they were all overjoyed and overwhelmed by the favor!

Mo Huayuan was even more shocked as he looked at his master in confusion. Why had his master suddenly changed so much?

Yuan gaohan's expression was calm, a smile on his face, but he was sighing in his heart.

In order to gain more power in the future, he had to put in some effort to make some connections.

Not only within the Holy region, but if all the sects of the North Region could give him some face, he would definitely be a huge force that could not be ignored.

In the rain land, in the divine realm tablet.

Yuan gaohan and Yunxiao were both watching the battle quietly.

The battle between the officials and Guangquan had already reached a point where it was difficult to separate them. Both of them fought with hot blood and anger, shattering the sky.

...

"Let's not waste any more time. It's better for you to do it," Yuan gaohan said.

After learning a lot of information, he became a little upset, and he couldn't watch the wonderful battle in front of him.

brother Gao Han," Yunxiao chuckled. your heart is in a mess.

it's fine if my heart is in a mess," Yuan gaohan replied coldly. but if the situation in the rain changes and you get killed by the Dragon guards, that would really be a miracle.

"Hahaha!"

Yunxiao could not help but laugh and said, "As brother Gao Han wishes."

With a point of his finger, the guests and officials who were fighting happily disappeared in front of him, and Guang Quan's few ultimate moves all missed.

Guang Quan was taken aback. Although he knew that this place was under Yunxiao's control, he did not know that they were inside a Supreme-grade Mystic artifact. He thought that they were in some restrictive array.

It was not until he saw Yunxiao walking toward him with a smile that he realized that the situation was more serious than he had imagined.

I'll ask you one last time," Yunxiao said indifferently. join me and you can live, or you'll die.

"I'd rather die than submit!" Guang Quan said angrily.

Yunxiao nodded. I admire you for being a strong man, but time is not on my side. I have no choice.

"Hmph! The dragon clan will only fight to the death, there is no Surrender!"

Guang Quan roared as he raised his battle-axe, and a boundless Dragon's might spread out, causing the entire space to tremble violently.

He also knew that this was a moment of life and death. He gathered all of his potential in his axe. As the axe was bearing too much weight, it let out a powerful weapon cry and spun around.

“Coiling Dragon and Crouching Tiger!”

As the axe struck down, the sky was split open, revealing a terrifying crack that swept down!

Outside the crack was a world of nothingness, and Guang Quan had struggled several times. If he rushed into the void without the spatial coordinates, he would almost certainly die. Therefore, he would rather fight Yunxiao and fight for a chance of survival.

Yunxiao sighed and raised his hand.

Countless rays of green light gathered in the sky. The green light was mixed with numerous purple lights, and a sea of lightning appeared in the sky!

Yuan gaohan’s face was filled with horror. Although he was in the divine realm tablet, and all the rules could be changed by Yunxiao’s will, it was still extremely shocking to see the Shangqing Zifu divine Thunder!

“Be careful, don’t kill him!”

Yuan gaohan couldn’t help but remind him.

don’t worry, ” Yunxiao said with a smile. Without my permission, it’s impossible to die in the divine realm tablet.”

“BOOM!”

Purple and green lightning rolled in the sea of lightning. Suddenly, an extremely thick beam of light shot down, illuminating the entire sky with two colors!

The dual-colored lightning seemed to have come from an infinite distance. It should not have existed in this world.

The crack of terror that Guang Quan had created dissipated on its own under the might of the lightning as if it had never existed!

Chapter 1166-promise

“Ah?”

Guang Quan was completely stunned as he looked at the lightning bolt that was descending toward him. His face was filled with confusion.

The boundless fighting spirit and towering anger from before instantly turned into nothing.

Under this vast and mighty force, it was not something that a human could resist. Everything seemed so small, so powerless, and even a little comical.

The pride and self-confidence of the dragon clan were completely destroyed.

“BOOM!”

The Thunderbolts struck him without any reservation. The terrifying lightning spread in all directions as if it wanted to destroy everything!

Yuan gaohan looked at the countless Thunderbolts rushing toward him. He knew that he would not be in any danger with Yunxiao, but he could not help but shiver, and his forehead was covered in cold sweat.

The Thunderbolts rolled across the ground, and countless mountains and boulders were destroyed, leaving only a vast flat land.

In the distance, Guang Quan was standing on the ground in a daze. Green smoke was rising from his body and his eyes were empty.

what a tough man," Yunxiao sighed. what a pity.

Yuan gaohan revealed a surprised expression and said,"When did you become so melancholic? Doesn't gu Feiyang always kill without hesitation?"

on the road of martial Dao, everyone is like you and me," Yunxiao said. we have a common goal and work hard to advance for it. It's just that there are many times when things don't go as one wishes and one can't help it. "

Yuan gaohan said coldly, " it's just that the heavenly Dao is merciless. Only a few people can stand at the peak of the world. The rest will eventually be bones. If you don't step on other people's corpses to move forward, you can only be stepped on by others to move forward."

"Don't talk nonsense, now is the best time."

Yuan gaohan gave Yunxiao an indifferent look, then teleported directly to Guang Quan's side and produced a golden incantation seal with his hand, which he then pressed directly onto Guang Quan's head.

Yunxiao sighed. He naturally understood Yuan gaohan's words.

He was no longer sad and appeared beside Guang Quan as well, striking out with the same hand seal and smacking it down on Guang Quan's head.

After his self-confidence collapsed, his body was severely injured, and his divine sense was damaged, and his soul was searched by two ninth-tier alchemists, Guang Quan's ninth-tier Dragon Soul no longer had any resistance.

Expressions of pain and confusion appeared on Guang Quan's face, changing like clouds, but all of them were negative emotions of pain.

Finally, Guang Quan's expression began to turn dull gradually. There was no expression on his face at all, and his eyes were completely empty.

The two of them suddenly retracted their hands, and Guang Quan fell to the ground. His soul had completely dispersed, and he couldn't be more dead.

Yunxiao and Yuan gaohan exchanged a glance, as if they had received some incredible information and could see the shock in each other's eyes.

"How is this possible?" Yuan gaohan was horrified. Isn't this too absurd?"

Yunxiao, on the other hand, stared at Guang Quan's body in silence.

"You believe the information in his head?" Yuan gaohan asked.

I don't know, " Yunxiao shook his head. I don't know.

He paused and added, " "In the past, I wouldn't have believed it. But now that he had experienced so many strange things, it didn't matter whether he believed it or not. Even if it's true, so what?"

"So what?"

Yuan gaohan's voice became sharp, and he laughed somewhat madly,"Haha, so what if you say so? If an ancient true spirit suddenly appeared in this world, and one of the most powerful true spirits, the son of the true dragon, what do you think?"

so what if they appear? " Yunxiao said. even the demon Lord has come out, so it's not surprising that a few true spirits have come out, right? "

"You're lying!"

"What kind of stupid words are you saying?!" Yuan gaohan angrily shouted. The mission of the Dragon guards for countless years was actually to protect the body of the first Dragon and allow him to be resurrected one day! Don't you think that's too much of a lie?"

He became a little agitated.

Yunxiao, on the other hand, was much calmer. since you don't believe the lie, what are you afraid of? "

"Oh my God, who said I'm afraid!"

Yuan gaohan glared at him fiercely, his face suddenly becoming serious,"But what if, and I'm just saying what if, what if it's true?"

so be it, " Yunxiao said with a smile. the worst case scenario is that you and I will be killed by the true spirit with one palm strike. Will there be a worse case? " No matter how bad it is, it will at most be eaten by him, but won't it still die?"

"This bi an ..."

Yuan gaohan was stunned and speechless.

That's right, the worst case scenario was death. At their level, they had already seen through life and death, and it seemed that there was nothing to be entangled with or care about.

He looked at Yunxiao with a strange expression. He did seem to have overreacted before.

that's why people have too many troubles, " Yunxiao said with a smile. it's because they think too much. There are very few important things in the world."

Yuan gaohan's face immediately sank as he shouted,"Don't talk about life philosophy with me, save your own life first!"

His entire person flashed and disappeared from where he was.

Yunxiao chuckled as he walked up to Guang Quan's corpse and thought for a while with his head tilted.

With a wave of his hand, a man appeared in front of him. He revealed a strange expression and said, "What did you call me here for?"

Yunxiao pointed at the body on the ground and said, "Do you want the body of a nine-stars martial sovereign?"

"What? A nine-stars Martial Emperor?"

a nine-stars martial sovereign?" the man was shocked, and then he was overjoyed. is he really a nine-stars martial sovereign?"

This person was the evil spirit that had possessed mo Xiaochuan's body earlier. He was now possessing a four-star Martial Emperor's corpse. He looked displeased and said, "I've just finished fusing with this body, and you've found a better one. Can't you help me find a better one at once?"

Yunxiao's face darkened as he said coldly, "Do you think you're my son? If you don't want it, then get lost!"

That evil spirit hurriedly smiled apologetically. hehe, it's inevitable to have some complaints. Lord cloudsky, please don't take offense.

...

He came out of his body and attached himself to Guang Quan's body.

Guang Quan's body suddenly shot up from the ground and he jumped around in the air, constantly looking at himself from head to toe.

The evil spirit was pleasantly surprised, "descendants of the dragon race? He's a dragon descendant of a nine-stars martial sovereign?"

Dragon descendants? ” Yunxiao’s heart stirred. you know about Dragon descendants, too? ”

The evil spirit nodded and said, ”of course I know!” I don’t know why I know about it, but I feel very familiar with it. ”

Yunxiao was speechless. He knew that this evil spirit was just a life form generated from some consciousness and energy. Perhaps it had such memories before.

why are you covered in injuries? ” the evil spirit said unhappily. it hurts!

don’t worry, ” Yunxiao said with a smile. I’ll use all the resources in this world to help you recover. Try to fuse with this body in the shortest time possible, the faster the better.”

The evil spirit seemed to have an ominous premonition and said suspiciously, ” “You’re that good?”

of course! Yunxiao narrowed his eyes and nodded. go on, go on.

With a wave of his hand, the evil spirit instantly disappeared.

...

two nine-stars martial emperors are not enough to fight against the Dragon guards.

Yunxiao fell into deep thought. is it time to help you refine your body? ”

The sky suddenly trembled, and the dragon’s breath gradually dispersed. The demon dragon’s soul appeared with a nervous and shocked expression.

Countless years of wandering, two sword souls, just to wait for this promise.

Demonic Dragon couldn't stay calm anymore, but he still cursed, "You bastard! You thought of refining a body for me at a time of crisis. Even after obtaining freedom, I still have to work for you once. You really know how to scheme!"

Yunxiao chuckled. A beam of light broke through the sky, and an extremely strong Artifact Power spread out.

The cauldron of mountain and river descended slowly and stopped in front of him.

"I promised to refine a ninth-ranked body for you, and the materials I've collected now are enough to refine an even better one. It's just that I've never seen this kind of refinement before, so I don't have much confidence."

I wanted to help you refine your body when my strength is further improved," Yunxiao said. but if I can't escape this disaster, what will I do in the future? "

The demonic Dragon's expression kept changing, and he only snorted, "Make my body more handsome, or I'll kill you!"

Yunxiao threw out a palm and hit the cauldron of mountain and river.

The body of the cauldron instantly emitted a blinding radiance. It started to spin in the sky, and rays of extreme colors spread out.

All kinds of Maha ancient characters floated out of the cauldron and spread into the air.

Yunxiao reached out his hand, and a large number of Vermilion-brown objects condensed under his palm. They looked like mud, and they had a sticky feeling.

It was the Dragon shell fragment he had obtained from the Boneyard.

Back then, Zhuo qingfan had pried out the Dragon shell to fight against di ye on the ancient gods 'battlefield. In the end, the entire Dragon shell had been destroyed and turned into a pile of mud.

When Yunxiao first took this item, he had planned to refine it today.

There was nothing in this world that was more suitable to be the body of a Demon Dragon than the Dragon's shell that had given birth to a true dragon.

The pieces of the Dragon shell gathered into a ball in the air and were carefully roasted by Yunxiao's divine flame. They slowly dissolved into tiny particles that hung in the air.

A faint green color appeared between these particles, as if they still retained the remaining dragon power after the true dragon left.

"Go!"

At Yunxiao's command, the countless particles flew into the cauldron.

He then grabbed at the air again, and several items appeared in front of him.

The demonic Dragon's body trembled violently as it became extremely uneasy. It leaped into the air and said in a deep voice, "You, you really plan to use these things to refine my body?"

what's the use of these things to me?" Yunxiao laughed. I don't need them. I'll give them all to you."

Lined up in front of him were all the Dragon artifacts he had obtained!

Horns, scales, spine, claws, whiskers, and a round bone. It was the Dragon Bone bead that song Yueyang had obtained when he was dueling in martial arts and martial arts.

The six Dragon artifacts gathered in the air and seemed to sense each other, trembling slightly as a Dragon Breath slowly spread out.

A Dragon's Roar could be faintly heard.

The demonic Dragon's bronze bell-like eyes were wide open as it stared at the six Dragon artifacts. It didn't say a word, but the light in its eyes was constantly flickering.

Chapter 1167

1167 Shocking refinement

The six Dragon secret treasures became restless under the vast power of the cauldron of mountain and river. Dragon roars came out from them as they tried to resist the power of the world.

Yunxiao's hand incantation gestures kept changing, and the ancient Maha characters that shot out of the cauldron of mountain and river turned into words and long sentences that floated in the air and circled around the Dragon's Secret treasure.

A Green Dragon's Shadow emerged from the six Dragon secret items, exuding a powerful force to resist the rule force.

"Hmph, even if it's a true dragon, it'll still have to kneel down here!"

A cold gleam flickered in Yunxiao's eyes as a powerful spiritual power blasted out of his mind and rushed directly into the six Dragon secrets, shattering the Azure Dragon into pieces!

The six Dragon secrets were immediately devoured by the Maha ancient character, turning into six rays of light and shooting out? He entered the cauldron of mountain and river!

"BOOM!"

As long mi entered the cauldron, a deafening sound came from the cauldron of mountain and river, and the light became even more blinding.

Yunxiao sat cross-legged in front of the cauldron and slowly closed his eyes. What was going to happen next was a long smelting process.

The demonic Dragon hovered quietly in the sky, staring at the cauldron without saying a word, as if it were a guard.

In the Fangcun mountain in the distance, sword embryos were suspended in front of Yuan gaohan. They were the remaining northern sky cold star Iron, which had been tempered into 18 sword shapes and were slowly being roasted under the divine fire.

When he had helped Yunxiao refine the sword before, in addition to improving his cultivation base, he had also been somewhat resistant to it. But after learning about many major things, he was completely on Yunxiao's side, and he also felt a great sense of urgency, so he had strengthened the refining of the sword.

Moreover, with Yuan gaohan's knowledge and Yunxiao's identity, he knew in his heart that the thirty-six Northern heaven cold star swords were the million sword illustration that constructed shenxiao Palace.

The million sword illustration had been around for a long time, but in the past ten thousand years, no one had been able to cultivate it to its peak.

For one thing, it consumed a lot of materials, and for another, even a ninth-tier Alchemist could not control so many divine swords.

However, he didn't know that the complete heaven sword picture was made up of 81 swords. In history, there had been experts from the divine cloud Palace who had cultivated the complete million sword picture, but they had all been 81 eighth-grade swords.

Even so, the expert could only use it once with all his strength.

Only the legendary ten directions divine realm would have such power to drive eighty-one ninth-grade swords.

Yuan gaohan's heart suddenly moved, and he raised his head to look at the horizon for a while before snorting and muttering to himself, "What are you up to this time? it's so earth-shattering."

The powerful vibration of artifact storage coming from a distance made him a little uneasy, but when he thought that it was Yunxiao who had caused it, he was relieved and began to focus on his refining.

After the Dragon's Secret was thrown into the cauldron of mountain and river, the radiance did not extinguish. However, the rumbling sound gradually became weaker and weaker, as if it was slowly submitting to the Dragon.

Yunxiao opened his eyes and waved his hand, causing a golden light to emerge.

A huge Golden Dragon skeleton appeared in front of him. Under his incantation gesture, it flew towards the cauldron of mountain and river and disappeared into it.

The body of the cauldron burst into a ball of gold. It was brilliant and covered the entire cauldron of mountain and river. It spun in the air and was about to break through the sky!

how is this possible?!

Yunxiao's face flickered. In a flash, he arrived in front of the cauldron and threw out several incantation seals, hitting the cauldron one by one to suppress the force!

the power within the Golden Bones of Dragons is even stronger than Dragon secret? "

The demonic Dragon in the distance was also shocked. Then, he understood. after all, the Dragon's Secret treasure has been around for too long and it's too small. This is a complete set of Golden Dragon bones!"

Cold sweat trickled down Yunxiao's forehead. He had expected to refine the Dragon shell and six Dragon secrets, but he had added the Golden Bones on a whim. God knew what would happen.

Furthermore, he had never refined so many ingredients before, so he became extremely cautious.

The ancient Maha characters on the cauldron? The energy was being consumed at an extremely fast rate.

With a thought, Yunxiao transferred most of the power in this realm into the cauldron of mountain and river to replenish the refining needs.

He was also recovering very quickly.

Finally, after a few days.

Under the auspicious light, the whole cauldron shot out? The nine-colored light pierced through the layers of space and shone into the infinite space inside the divine realm tablet.

Beams of golden light descended from the sky and were all absorbed into the cauldron. A vast power gradually surged out.

“Did you succeed?” the demonic Dragon asked in shock. What kind of body is this to cause such a phenomenon?”

Yunxiao’s face also turned unusually serious as he said in a deep voice, “There’s still one more step of Heavenly Tribulation. You should retreat. I’ll condense purple lightning to cross it!”

He suddenly shouted, and his body turned into lightning. He turned into a huge fatty and raised his hammer high in the air.

The Golden Maha ancient characters appeared on the hammer. Although the light was weak, it directly turned into Thunderbolts. The entire world turned dark green in an instant, and the wind and clouds surged.

The demonic Dragon retreated 10000 meters away and looked on with a grave expression.

“Thunder of the heavens and earth, gather!”

Yunxiao performed an incantation gesture with one hand and raised the hammer high with the other as he roared.

His body directly exploded with extremely strong lightning and rushed into the sky. Countless thunderclouds gathered and seemed to merge with his entire person. All The Light between heaven and earth disappeared. Only the flashing of lightning and a little golden light on the cauldron of mountain and river could be seen.

“Fall!”

At Yunxiao’s loud cry, a vortex of Thunder emerged in the surging clouds in the sky, with a large amount of purple light flashing inside and emitting a terrifying aura.

With his order, it suddenly blasted out!

The entire earth was covered by lightning and was about to collapse!

“Boom boom boom!”

A bolt of purple lightning struck the cauldron of mountain and river. The cauldron let out a loud sound. The power of the world was activated to the extreme and spread out rapidly.

The demonic Dragon was tens of thousands of meters away. Under the endless purple and green colors, a dense white gas was gradually formed and devoured the world of Thunder.

It was the cauldron of mountain and river that had sensed danger from the purple lightning. It unleashed a powerful force to protect itself. The power of the world spread out, and all the lightning was washed away. The entire world turned white.

Yunxiao's state of Thunder was quickly restored, and his face turned extremely pale. He took a few steps in the air and spat out a mouthful of blood.

...

However, his eyes were shining with excitement as he stared at the cauldron and walked towards it.

After the World power of the cauldron of mountain and river pushed away all the Thunder Power, it slowly retracted back. All the power was contained, and it was like an ordinary big cauldron that hung quietly in the sky.

"Whoosh!"

"Whoosh!"

Two rays of light instantly flew over. One was the demonic Dragon, and the other was Yuan gaohan who had rushed over.

The two of them were extremely shocked as they stared at the cauldron.

Yuan gaohan looked around, and his expression became more and more shocked. Finally, his eyes fell on the large cauldron, " what did you refine just now, you lunatic? you actually used purple lightning to transcend the Tribulation? What's with this cauldron? how can it not be destroyed by Shangqing Zifu divine lightning?"

He blurted out the two questions, his heart filled with shock.

Under the heavens, he had never heard of anyone being able to draw down purple lightning during refinement.

In the records of the Holy realm, the most powerful one was the Noah's ship that ye Nantian made, but it only took three days!

Even if the green lightning struck for three days, it could not be compared to the purple lightning.

...

It was said that the condition for the birth of purple Thunder was that if something that the heaven and earth could not tolerate appeared in the world, the heavenly Dao would send down the world-destroying divine Thunder and destroy everything.

In today's world, Yunxiao was probably the only one who could condense purple lightning to refine a weapon.

The shock on Yuan gaohan's face didn't disappear for a long time. He stared at the cauldron of mountain and river, wishing he could rush over and take a look at what was inside.

The demonic Dragon also couldn't come back to his senses for a long time. Finally, his face turned ugly and he said with difficulty, "It wouldn't have been smashed into pieces by the purple lightning, right?"

ha, haha! Yunxiao laughed. it won't rot so easily. I've only refined the green lightning to the extreme and broken through the limits of green lightning. I'm still far from being able to gather the true world-destroying sacred lightning. Otherwise, even my cauldron of mountain and river wouldn't be able to withstand it. "

"The cauldron of mountain and river?"

Yuan gaohan's heart skipped a beat and he committed this name to memory.

Even if he had never seen a good cauldron before, he had at least heard of one. However, this was the first time he had heard of the cauldron of mountain and river.

Yunxiao walked up to the cauldron in a few steps and slapped it with his palm.

“Bang!”

The cauldron spun a little, and countless rays of golden light spilled out from it. At the same time, a figure slowly rose.

Even the weak Yunxiao was taken aback by the powerful Dragon Breath, and he took a few steps back.

A tall and sturdy body appeared in front of the three of them.

His body was flowing with a powerful force, full of vitality, and he looked extremely cold. With scales all over his body and two horns on his head, he looked very much like Yunxiao in his demon form.

a Dragon's body?!

Yuan gaohan glanced at the demonic Dragon beside him and immediately understood, but he was still extremely shocked, “A body can withstand the purple lightning? How strong is his body?”

Yunxiao also seemed to be very satisfied with his masterpiece. I have to try to find out how strong it is!

The demonic dragon's eyes lit up, and it trembled with excitement. It rushed over, wanting to merge with its body.

“Hold on!”

one more step! Yunxiao shouted. one more step!

“Just one more step?”

The two of them were stunned for a moment. Yuan gaohan's divine sense swept over the body and found that the aura of this man was stronger than any cultivator he had ever seen. It was already abnormally perfect.

In his eyes, this body was enough to be written into the history books of the continent's alchemy.

it's the finishing touch," Yunxiao said. I'm going to make this body one step more perfect!

A fanatical look also appeared in his eyes. At this moment, the instincts of an Alchemist were fully displayed, and he was trying his best to refine this body to the extreme!

Yunxiao put two fingers together, and a light blue Stream of water gathered under his fingertips, gradually condensing into two fist-sized water drops that exuded an unparalleled aura of life!

"True Dragon's tear!" The demonic Dragon exclaimed in shock. Then you're the one who ran!"

Yunxiao grinned. I already have the natural water element, so I don't lack this thing. I'll give it to you as well!

His two fingers drew out and pointed at the Dragon's tightly closed eyes!

Chapter 1168-meeting each other

A strange power flashed in the dragon's eyes, slowly penetrating in and finally disappearing.

In The Eyes of the Dragon, there was a pool of green water that was so deep that one could not see the bottom. It was also like an endless starry sky that one could not see the end of.

A powerful life force burst forth, and his entire body seemed to be on the verge of spiritualism, as if he would come back to life at any time.

Yunxiao reached out and made a grabbing motion in the air. As he turned his hand over, a large number of bright red gems appeared in his palm, which had a strong bloody smell.

The demon Dragon looked at the gemstones and his breathing became rapid. The Dragon's body in front of him made his blood boil. It's the Dragon blood of runxiang!"

He could tell the origin of these gemstones at a glance.

Yunxiao's eyes flickered as he chuckled and said, " this is the blood of that kid. It's very close to the blood of a true Dragon's child.

He flipped his right hand and slapped forward.

The large pile of blood crystals flew into the dragon's body.

The smell of blood hit him in the face. Meridians and blood vessels began to appear on the Dragon's body, and blood could be vaguely seen flowing through them.

The aura that came from the great wilderness gradually crossed through time and space and descended within the Dragon's body!

now! Yunxiao shouted. now!

The demonic Dragon trembled and flew into the dragon's body.

"BOOM!"

The Dragon's entire body trembled, as if its heart was beating violently. Even the entire space was trembling!

Yunxiao was taken aback as well, and his eyes widened.

It was said that when the nine Dragon secret treasures were combined into one, a true dragon could be formed and one could step into the ten directions divine realm.

If the legend was true, then there must be a key factor that was difficult to reach.

This was because over the countless years, there were many Dragon's Secret treasures left in the world. With the power of the Dragon race in the four Seas, it was not difficult to collect nine of them. However, he had never heard of a true dragon appearing.

The fundamental reason was that no one in the world could withstand the refinement of nine Dragon secrets.

Even the strongest divine body couldn't guarantee that it could withstand nine Dragon secrets without suffering a backlash.

This time, Yunxiao had forcibly fused seven Dragon secret treasures, the Golden Dragon Bone, and the blood of Yun Xiang together with the cauldron of mountain and river, making up the number 'nine'.

Although the level of the Golden Dragon Bone was not as high as the Dragon secret, the Dragon power within it was far superior.

Runxiang's blood was the strongest dragon blood Yunxiao had ever seen in his two lives.

The Dragon's body in front of him was already the closest existence to a true dragon in this world!

After the demonic Dragon flew into the dragon's body, its eyes, which were as deep as the ocean, suddenly closed, and all its aura began to be restrained.

In just a few breaths, the Dragon's body became ordinary. Apart from its extraordinary appearance, no aura could be felt. Even its vitality could not be detected. It was like a wooden sculpture.

Yuan gaohan swallowed to moisten his dry throat. He knew that this state of Qi activity being restrained proved that the demonic Dragon was gradually beginning to control and integrate with the body.

Under the calm exterior, there was a turbulent battle. The Dragon's body was like a profound level weapon, resisting the control of external forces. There were constant explosions of aura in the body, but his face did not frown at all.

Yuan gaohan couldn't help but ask, "what level is this body?" And why have I never heard of this cauldron of mountain and river?"

the world is so big, " Yunxiao said lightly. who dares to say that he knows everything? " People are always learning and growing. I didn't know before, but I know now."

Yuan gaohan's face darkened as he said angrily, 'li Yunxiao, don't talk back to me! How many more secrets are you hiding from me? Don't forget that we've just formed an alliance!"

He stared straight at Yunxiao, trying to see through his skin. He wished he could rush in and search his soul directly, deciphering all the unknown.

brother Gao Han, " Yunxiao laughed. do I have to tell you the color of my underwear? "

Yuan gaohan also knew this, but the Dragon body and the cauldron of mountain and river in front of him were existences beyond his knowledge. As a top Alchemist, this situation was unbearable. speak. I know you very well. What are your conditions? "

I'm willing! Yunxiao's face darkened. I'm not willing to buy it with money.

"Alright, alright Yingluo."

"I'll unseal all 37 characters of the ancient Maha text I know for you, how about it?" Yuan gaohan waved his hand impatiently.

Yunxiao's face darkened as he said, "Didn't you only know a limited number of them?"

"Cough, cough." Yuan gaohan said awkwardly, "I've learned about 30 more recently since I've connected my mind with mine."

all the interpretations of the ancient Maha character in the sacred zone, as well as the latest research data from your master, Amaterasu Zi," Yunxiao said. don't tell me you don't know.

Yuan gaohan's expression changed greatly as he asked in shock, what do you know? "

Yunxiao smiled indifferently and stopped talking.

In fact, he didn't know anything. When he was in Red Moon City, Wen Lin, who had an extremely mysterious identity, came from the sanctuary.

However, Wen Lin's mind was sealed by the brilliant Mark Seal that Tenshou Zi had placed, and his memory was directly sealed, making it impossible for him to read it. This aroused his great curiosity.

Later, Wenlin eventually turned into an ape and was killed by Luo Qingyun, but the secret contained in it had been lingering in Yunxiao's mind, and he could not figure it out no matter how much he thought about it.

What he knew was limited to Tian zhaozi carrying out an extremely secretive matter, but the more he pretended to be mysterious, the more suspicious Yuan gaohan was.

Yuan gaohan's expression was cold as he said, "I'm telling you, dream on! I don't know much about this either, but you'd better not have any ideas, or even I can't save you!"

Yunxiao had known this would be the result. "If that's the case, then there's nothing to discuss. Don't think that I'm curious about your little secrets. Similarly, I ask brother Gao Han to put away his thoughts about my matter."

Yuan gaohan's expression was gloomy and uncertain, but he remained silent.

Everyone understood this, but the attraction between the cauldron of mountain and river and the Dragon's body was too great. Since the other party was not willing to tell him, he could only rely on himself to figure it out.

He snorted and teleported to the side of the cauldron of mountain and river and the Dragon. He began to observe them.

Yunxiao kept smiling, but the doubts in his heart grew.

...

Initially, he had thought that the three elders of the Holy region were hiding in the fairy's capital to concentrate on their cultivation and to strive for the Supreme Dao. However, it seemed that it was not that simple. These three old men did not seem to be content with their lot.

Just as he was still guessing, an extremely terrifying aura suddenly came over, causing his entire body to tremble!

"Ah!"

Yuan gaohan suddenly let out a blood-curdling screech, his hands covering his head as he was forced to retreat.

Yunxiao's eyes widened as he looked at the Dragon's body in horror!

"BOOM!"

A loud boom resounded from within the Dragon's body as it opened its eyes and stared at Yuan gaohan!

That gaze was like a huge sword that directly pierced into Yuan gaohan's eyes and into his spiritual altar and sea of consciousness.

Without any defense, even the soul power of a ninth-tier Alchemist was directly injured!

Yunxiao was also shocked, not only by the power displayed by the Dragon's body, but also by the hint of mockery and evil in its eyes, which were as deep as the sea!

A very bad feeling descended upon him. With a thought, he directly pushed Yuan gaohan several thousand meters away, making him retreat to a safe area.

...

The Dragon slowly turned its head and looked at Yunxiao.

Yunxiao's expression was solemn, and his pupils constricted as he looked in the direction of the dragon's gaze without fear.

One of his eyes was as deep as the ocean, while the other was like the stars.

The two of them looked at each other. The distance of tens of meters between them was as far as the Milky Way.

However, what was further was not just the distance, but their hearts. The shared soul seemed to have become distant at this moment, and gradually became unfamiliar.

Yunxiao finally spoke first. old dragon, what's the matter with you? " he asked. Could there be a problem somewhere?"

"Problem?"

The Dragon grinned. hehe, there's no problem. I'm in an exceptionally good state at the moment, li Yunxiao!

The words 'li Yunxiao' were spoken with great emphasis, and they shook Yunxiao's heart. The dragon's eyes burst with a bright light, and they were filled with boundless fighting will!

Yunxiao's body trembled. This gaze and this fighting spirit were so familiar. He cried out in horror, "Yingluo, you're runxiang!"

A boundless horror surged into his heart, and Yunxiao felt a chill run down his spine!

He wasn't afraid of RUO Xiang's resurrection. What he was afraid of was where the evil Dragon had gone.

The Dragon's boundless fighting spirit was suddenly retracted. His eyes became cloudy and he said leisurely, "Runxiang? You're talking about that loser from the North Sea. He's already dead. It's just that the remnant will on the true Dragon's Secret treasure was obtained by me."

Yunxiao breathed a sigh of relief. So, that was what happened. He wiped his cold sweat and said, "Then you're still the old dragon?"

"Old dragon?"

The Dragon raised his eyes, and a murderous aura gradually condensed. He said coldly, "Li Yunxiao, is this how you disrespect me? After living together for two lifetimes, you don't even know my name. You really think I'm your slave!"

The killing intent in his eyes was like a sharp steel knife, and it actually materialized, directly splitting the air wherever he looked!

Yunxiao's heart was very heavy. The man in front of him was indeed a Demon Dragon, but his temperament seemed to be affected by various materials. Not only was the remnant will of runxiang in

the true Dragon's Secret treasure, but there were also various Dragon wills in the Dragon shell and the Golden Dragon bones, all of which had been refined and mixed together by him.

"Oh? Do you still have a name? This Yingluo, cough cough, Yingluo, I'm indeed wrong. What's your name?"

"Hmph, you only know how to repent now? It's too late!"

The Dragon's body began to flow with an extremely strong Dragon Breath power, as if it was about to explode at any time. A strange phenomenon appeared in the sky. but I still have to make you remember my name, because your death is also an extremely important thing to me. Listen well, my name is che you!"

"Che you?"

it's not a good name," Yunxiao said. it's not domineering at all. Right, you just said that I had to die? What do you mean?"

"You're so smart, don't you understand? You're the best at playing dumb!"

Che you clenched his fists and the air around him exploded. An unparalleled force shot out in all directions!

Chapter 1169-one step away

how many years has it been? you've been ordering me around like a slave for so long! I've been waiting for this day for so long! che you laughed wildly.

His body flickered in the air and appeared directly in front of Yunxiao. In an instant, he reached out his right hand and grabbed Yunxiao's neck. have you ever thought of this day?!

"Bang!"

Suddenly, he clenched his fist and sent a stream of Dragon Qi into Yunxiao's head, which exploded it.

He retracted his hand, and the fanatical killing intent in his eyes gradually calmed down. He said jokingly, "Oh, I forgot. This is the divine realm tablet. It's not easy to kill you."

A few meters away, Yunxiao's figure gradually materialized. With a cold look on his face, he said, "Old dragon, you've really changed."

"Hmph!" He snorted. It's not that I've changed, it's just that I can resist now. I'll let you try to be my slave for two lifetimes and see if you can kill me!"

"Oh?" Yunxiao asked. Is this really what you think? The soul could not lie. I didn't feel any resentment when our souls combined."

"That's just your own wishful thinking," he said, "and even if it is, it only represents the past. Right now, I'm dying to crush your head!"

His fists slammed out in front of him, a golden Whirlpool appeared on his fists and was pulled apart!

Countless green light spots appeared in the Golden Whirlpool, like the Jade on a silver plate, luxurious and gorgeous.

"Boom boom boom!"

The vortex was surging with an extremely powerful force, and a series of rumbles could be heard.

He made a hand seal and spoke in the Dragon language. The surrounding space began to press toward the vortex and became distorted.

Yunxiao was taken aback. The power of the Golden vortex was about to tear the divine realm tablet apart and fly away!

His face darkened and he shouted, "Stop!"

Then, he pointed out a finger, and a huge sword instantly condensed in the sky. It suddenly slashed towards the Golden vortex!

He wasn't afraid that the demonic Dragon would fly away. After all, there was no banquet that didn't end. If the two of them really turned against each other, it would be because their fate had run out and they couldn't force it.

However, the demonic Dragon's current state clearly wasn't his true heart. His soul couldn't lie, and he should have been greatly affected by the true dragon artifact and the Golden skeleton's will, resulting in a change in his heart.

In addition, if he left, it was very likely that he would destroy the space-piercing shuttle outside, and then he would instantly fall into the dragon guards "killing array."

Therefore, Yunxiao could not allow che you to leave!

A solemn look appeared in che you's eyes. Apart from himself, he knew Yunxiao's means the best in the world. But, his face was still full of sarcasm as he said with a sneer, "You think you can stop me? This body's power has become one with mine, and its power is beyond your imagination!"

He raised his hand, and a Dragon's Shadow appeared behind him. He suddenly grabbed the huge sword!

"Swish!"

The giant sword was caught by the Dragon Claw in the air and could not move forward any further.

Yunxiao was shocked. At this moment, the extremely strong dragon power on che you had directly cut off the laws of heaven and earth in the divine realm tablet.

Although he was inside the stele, he was outside the laws!

With a gloomy face, Yunxiao performed an incantation gesture and pointed at the giant sword. In an instant, eighteen Northern heaven frigid star swords appeared in the sky and flew into it.

The shape of the sword instantly became solid and silver-white.

All kinds of golden formation patterns appeared on the body of the sword. An obscure sword diagram condensed in the sky, and the power of the giant sword multiplied.

Clang! Clang! Clang!

After the sword pattern appeared, the silver-white giant sword cut down again, and the friction between it and the Dragon Claw made an ear-piercing and heart-wrenching sound. The surrounding space cracked, and countless hair-thin cracks appeared.

Che you's pupils constricted. In the divine realm tablet, Yunxiao was no different from an immortal, and he could not stop the power of the giant sword even with all his strength.

He suddenly opened his mouth, and a Dragon's Roar pierced through the heaven and earth, transforming into countless sharp swords that slashed at Yunxiao!

Yunxiao sneered. The sword-like power of the sound wave pierced through his body, unable to hurt him at all.

Che you's face darkened. He finally understood that there was no way he could defeat Yunxiao in the divine realm tablet. Unless he had the ability to break the infinite space and destroy the Supreme-grade profound artifact, he could do nothing to him.

“Hmph!”

He snorted in extreme dissatisfaction. Although he could not kill Yunxiao here, the latter could not do anything to him either.

As long as he could break through this realm and leave, he could easily kill Yunxiao’s true body outside!

Even though the giant sword was greatly resisted by che you, it continued to slash down.

His other hand was controlling the Golden vortex to break open this world. He had no time to spare and could only watch the huge sword fall bit by bit.

It was so close that the chill attacked.

Che you’s eyes were filled with coldness and a surge of power surged out from his body. The shadow of a true dragon appeared behind him and seemed to merge with him.

A long roar came out of his mouth, and the Dragon’s Roar rushed into the nine Heavens, shaking the sword picture.

Then, he let go of the sword, turned it into a Dragon Fist, and suddenly struck out!

“BOOM!”

The Dragon Fist landed on the sword, and the sword pattern disappeared. The sword shape shattered, turning into silver light and shooting in all directions.

The wounds on che you’s dragon body healed in the blink of an eye.

He held the Golden Nebula in one hand and exploded at the same time. A vast force rushed into the endless space-time and directly broke open this world!

A Grand path formed by countless green lights appeared under his feet, leading to the outside world.

Li Yunxiao, goodbye.

Chen You's face was cold, but there was a complicated look of struggle in his eyes, he said coldly:
"Goodbye forever."

He took a step forward and walked up the green path.

...

Suddenly, the sky froze, and an unparalleled power descended. The rules of sword gathered, and the power of time and space froze.

After Chen You took a step, he raised his second leg, but it stopped in mid-air, he did not dare to step down.

He raised his head and saw that the entire world had disappeared. There was nothing left in the world except for the sword in his heart!

It was the heart of the sword that had condensed the strongest sword intent in the world, and he was right under it.

He knew that as long as he took one more step, he would be able to leave the divine realm tablet and kill Yunxiao's real body. From then on, he would get rid of his inner demon and travel the world.

However, he also knew that if he took one more step, the most powerful sword in the world would strike down from the sky!

Could he withstand this sword?

This step was close at hand, but far at the end of the world.

A drop of cold sweat trickled down his forehead. This last step was a gamble of life and death. He asked his heart again, can I take this sword?

But she couldn't give him an answer.

If he combined the nine secrets into one and transformed into a Dragon, there would naturally be nothing in the world that could harm him. However, was his dragon body a true dragon?

...

It wasn't!

With this thought, che you's confidence started to crack, the distance between them seemed to be getting further and further.

His face began to twist and change, as if several souls were tearing at each other.

The most powerful Dragon in the sky began to tremble.

Amidst the endless sword intent, Yunxiao's figure slowly condensed and walked down step by step.

Every step he took was on the rules of the sword way. At this moment, he was the shadow of the sword way, the incarnation of the sword God. The boundless sword will in the whole world was just an extension of him.

Li Yunxiao, even if I die, I will not fear the power of your sword!

Finally, the struggle in Che You's eyes disappeared and a ferocious look appeared on his face as Dragon Qi surged out.

That hesitant step became firm once again, and he was about to step out!

Yunxiao's eyes were cold. Che You, do you really want to bet on my sword? "

Yunxiao's body became absent-minded, as if there was no figure of him in the world at all, and he was just a projection of the sword.

Che You gritted his teeth, "Dragon's might, anyone who blocks it is invincible!"

His body gradually transformed into the shape of a Dragon, and the heavens and earth trembled. It was as if the ancient true dragon that had disappeared for countless years was about to return to the world.

In the rain, frost and snow fell from the sky.

"This is a Kasaya. How can there be snow?"

Outside the Xuanxiang killing formation, the Dragon guards were all shocked, each of them looking aghast.

"There's no frost in the rain for ten thousand years, how did the snow melt?" one of them said in surprise.

There must be an anomaly in the world, " the other man said. hurry and inform Lord dragon head!

Another person said, "I don't think there's a need. The entire land of rain is snowing, how could Lord dragon head not know?" We'd better guard this formation in case something happens."

The others also nodded in agreement. They held their breath and focused, ignoring the snow and protecting the formation.

At the same time, in the holy city of misty snow.

A beam of light shot out from the lingsi tower and flew in one direction at an extremely fast speed. It landed in front of a strange-shaped building and entered it in a few flashes.

The building was shaped like a diamond and looked like a book. It was only a few stories high.

It was not eye-catching in the entire holy city, but it exuded a sense of elegance and distance, as if it was far away from the dust.

“Who are you? Stop!”

One of the two guards standing in front of the hall angrily shouted.

In the entire Holy region, no one had ever dared to trespass this place.

However, he also knew that this person must be from the sanctuary. He just didn't understand why they were in such a hurry, so he only blocked with his halberd and had no intention of attacking.

However, the newcomer did not stop at all. He teleported into the hall.

“Teleportation?”

The Golden-armored Guard's pupils shrank. He was about to chase after them in anger, but he was stopped by another person with a dagger-axe.

“There's no need to chase, I've already seen who that person is.”

“Spirit Secretary, Lord Yuan gaohan,” the other guard said indifferently.

The Golden-armored guard frowned and said, “It’s him? Hmph, even as the Secretary, you can’t be so unruly!”

“Oh?” the other guard laughed. Since you think so, then go ahead and chase after them.”

He made an inviting gesture and looked at the other party with a smile.

“Hmph!”

The guard coldly snorted and put away his dagger-ax. He continued to stand in front of the door with his eyes closed, ignoring his companion’s ridicule.

Chapter 1170-heart cleansing spell

Yuan gaohan rushed into the hall and disappeared with a teleport.

In the empty Hall, there were stone pillars with all kinds of embossed and patterns carved on them. There were also a large number of words on the pillars, making it look like a forest of stone pillars. Many people were studying the pillars carefully.

Yuan gaohan was like a cool breeze, disappearing the moment he appeared, leaving behind a circle of spiritual fluctuations that rippled in the hall, causing everyone to frown and be dissatisfied.

In the next moment, he appeared on the top floor of the building. It was a dreamlike space with different passages flickering on it.

Yuan gaohan sent out a seal and flew into the sky.

a passage appeared, and he turned into a beam of light and charged in.

Inside was a pitch-black Hall. As he landed, the entire Hall suddenly burst into flames, illuminating the entire area.

There was nothing in the hall except for a stone platform in the center. A huge metal book made of an unknown material was placed on it.

Yuan gaohan walked to the stone platform in a few steps and reached out to touch the pages of the book. The originally calm pages began to appear with a golden light.

He flipped the book open, and a beam of light shot out. It spread in the air above the hall, and a line of words appeared.

“Yi, Meng, a, Sha, ye, Shi, Luo, Leng, tuo, po ba da”

Yuan gaohan’s eyes turned and he began reading the words one by one.

Every word produced a strange sound, and they exploded in the hall, turning into a force that scattered with the wind.

At the same time, in the divine realm tablet.

Under the heart of the sword, che you gradually transformed into a Dragon. His boundless ferocity rose and was about to burst open the entire world of swords!

The two forces gradually confronted each other. Che you’s eyes were filled with a fierce light, and he became more and more irritable as he stared at Yunxiao and made a desperate attack.

Yunxiao’s expression was indifferent, but there was an extremely complicated look in the depths of his eyes.

If the sword struck down, it was very likely to kill the demonic Dragon. But if it didn't strike and allowed it to leave this world, his body would definitely be killed in seconds.

All kinds of entanglement made his sword heart hesitate, and the world of swords revealed its flaws.

Che you's eyes opened wide, he could sense the change in his sword heart and just as he was about to make his move, a strange note suddenly sounded in his mind.

"Yi, Meng, a, mo, ye, Shi, Luo Qianqian"

The obscure words were read out one by one. They did not have any sound wave attack effect, but each word was like a Pearl that pierced straight into the soul!

Che you's expression changed greatly, he turned around and saw Yuan gaohan sitting in the air, his hands were forming seals and he was continuously chanting.

A golden light appeared around Yuan gaohan, covering his entire body in a layer of light.

Che you's body trembled, an indescribable pressure exploded in his heart, he felt countless memory fragments and thoughts being washed away, making him extremely uncomfortable.

"Shut up! Don't read anymore!"

Che you roared, his eyes shining with a vicious light.

The words dissolved in his mind. He could not understand them at all, but he felt upset. Many thoughts rolled and flashed in his consciousness, and his will began to fade.

Yunxiao's heart jolted, and then he said with great joy, "The legendary nameless mind-clearing incantation! This curse really exists in the Holy region!"

He was overjoyed, in che you's current state, this mantra was the best technique.

"I told you to stop! Shut up!"

Che you's face was twisted badly, as if millions of ants were biting his soul, making him extremely uncomfortable and mad. No longer caring about the realm-breaking passage and Yunxiao's sword heart, he roared and rushed at Yuan gaohan!

The Dragon's might shook the sky, and before he even arrived, there was already a Supreme Dragon Qi attacking, directly shaking Yuan gaohan's face until it turned white. Under the Dragon Qi, he struggled to hold on and chant an incantation.

With a thought, Yunxiao teleported Yuan gaohan to his back, making che you miss his target.

Yuan gaohan's eyes relaxed, he closed his eyes and began to recite even more calmly.

"Damn it!"

Che you charged over madly, his entire body transforming into a Dragon in the air as he broke through the blade world's obstruction, wanting to destroy the heavens and earth!

A cold gleam flickered in Yunxiao's eyes. With a thought, the world of swords that filled the sky turned into a cage and gathered from all directions, covering che you like thousands of swords.

"BOOM!"

The Dragon rampaged in the sword array, instantly shattering all the sword shadows in the sky as it shuttled through the heaven and earth and headed toward Yunxiao.

Che you had already gone mad from the stimulation of the nameless mind-clearing incantation, and he only wanted to kill Yuan gaohan.

A smile appeared at the corner of Yunxiao's mouth. The realm-breaking passage slowly disappeared in the sky. As long as the demonic Dragon did not leave, he had enough time and energy to play with it.

With a wave of his hand, the sword Qi that filled the sky dissipated, and his eyes turned into blood moons.

"Helios Luna!"

the entire world changed, and che you was immediately trapped in a pitch-black eye technique dimension.

Che you's body suddenly stopped, he turned into his human form and his eyes were filled with killing intent.

No one knew Yunxiao's moves better than he did. Once caught by the moon eye, the only thing they could do was break the space, or else it would be futile.

Rays of golden light floated up from his body, and his entire dragon body swelled up. His fists instantly doubled in size, as if he was holding two golden iron hammers.

"True martial Dragon Fist!"

The two golden Iron Fists punched into the void!

"BOOM!"

A hole was blasted open in the sky, and he suddenly jumped out, directly charging out of the eye technique space.

The moment che you relaxed, his expression sank and became extremely serious.

...

Outside the so-called space was actually a vast White Desert, still within the illusion!

At this moment, the nameless mind-clearing incantation passed through time and space and poured into his spiritual altar and sea of consciousness without any hindrance. His entire person became more and more irritable and he roared madly.

When he spread his hands and formed another Golden Star Cloud, he wanted to leave through the barrier.

In the sky above the White Desert, a blood-red moon gradually appeared, and it slowly opened its eyes.

Wherever his eyes saw, he would kill all living things and return everything to nothingness!

The Golden Star Cloud in Che Yu's palm also dissipated under the gaze of the eye technique.

”

When Che Yu roared in anger, he knew that this was the ten direction divine skill of the moon pupil, everything that was seen was nothing, everything turned to dust.

Under the gaze of the moon pupil, not only the Golden Nebula, but even the power in his body was gradually disintegrating.

Finally, his spiritual altar and sea of consciousness trembled, as an intense pain spread throughout his body. Che Yu's brutal eyes closed, and he fell to the ground.

“Pa!”

...

He fell on the desert, causing a wave of sand and dust to rise.

The blood-red moon in the sky slowly closed its eyes, and the whole world gradually disappeared, revealing the real world of the divine realm tablet.

Yunxiao's face was a little pale. Even in the divine realm tablet, he was a little tired from using the ten directions divine skill.

Yuan gaohan looked at him with a profound look, and the incantation in his mouth gradually became smaller, finally stopping.

He exhaled heavily. His face was pale and he was exhausted.

In the holy city of Lanxue, Yuan gaohan's original body also looked tired. He slowly closed the metal book on the stone platform, turned around, and left.

Can this nameless mind-clearing incantation eliminate the chaotic consciousness in his soul?" Yunxiao asked solemnly.

Yuan gaohan said, "this curse is the most powerful curse to calm one's heart and get rid of the devil. It can return one's heart to one's body. If it can't be used, then there is nothing in the world that can save him.

He gave Yunxiao a mocking glance and snorted, "you won't die if you don't seek death. This is the result of your own seeking death. You harm others and yourself.

The corner of Yunxiao's mouth twitched a few times. He wanted to say something several times, but in the end, he did not.

He was lying in the air, not knowing what was going on.

Yuan gaohan examined his body and finally frowned. The power of the Dragon body was too strong and automatically isolated his divine sense, making it impossible to detect anything.

he's only in a state of confusion now," Yunxiao said. but he still has his strength. This body is the closest to a true Dragon's body in the world, and ordinary spiritual sense can't invade it at all."

"Hmph!"

Yuan gaohan snorted coldly and flicked his sleeves before leaving, leaving behind only a few words, "Don't play yourself to death."

Yunxiao smiled wryly. What he was most worried about now was that cheyou's mind would be contaminated by the will left in the secret of Dragon and lose his mind, which would very likely cause him to fall into the Devil's Path.

He pondered for a while and sighed. He also turned around and arrived at Mount innerheart.

Yuan gaohan raised his eyes and coldly said,"Why are you here again?"

Yunxiao glanced at the eighteen sword embryos hanging high in the cave, his eyes shining as he said, "Do you think I can use these thirty-six Northern heaven cold swords?"

Yuan gaohan frowned, not knowing why he would ask such a question,"Of course not!"

He looked at the sword embryos and said, " not to mention your current condition, even if you were at the peak of your past life, you might not be able to control them. These are thirty-six ninth level profound armaments. Moreover, they are forged from the extremely precious Northern heaven cold star Iron. They are not ordinary ninth level profound armaments. You're an Alchemist yourself, so you should be able to understand the meaning."

Yunxiao nodded and said, " yes. The completion of the million sword illustration requires a total of eighty-one sharp swords. If we can complete it, who in the world can defeat us?"

“If you step into the peak of the art, it’s still possible for you to wield 81 eighth-tier Mystic swords,” Yuan gaohan sneered.

that’s the problem, ” Yunxiao said. it’s the problem. You and I are both people who stand at the peak of the art of Dao, so you should naturally understand the difficulty of refining eighty-one ninth-tier profound armaments at the same time. Even the ten directions divine Alchemist might not be able to do it. ”

“What are you trying to say?” Yuan gaohan asked. I’ll be honest with you, it’s really tiring to talk to you!”

Yunxiao smiled and took out an item. It was a broken piece of wood about twenty feet long, exuding a very strong spirit energy.

Yuan gaohan looked at the broken wood for a while and said, thousand birds divine wood is extremely precious. What’s even rarer is that it’s twenty feet long and can be ranked as the highest grade!

His eyes lit up, as if he couldn’t bear to part with it.
