

The Eternal 1171

Chapter 1171-departure

you have a good eye, brother Gao Han," Yunxiao said with a smile. I remember that your master, Amaterasu-Zi, had once refined an item that could be used to control swords. It was called the heaven light sword case."

"Heaven light sword case?" Yuan gaohan was startled.

He instantly understood Yunxiao's meaning, and his face showed surprise as he said, "If it's the heaven light sword box, it might be able to strengthen your sword control. However, the million sword illustration is extremely special, and it might not be as you wish."

a road is paved with effort little by little," Yunxiao said. it's hard work.

"I understand what you mean," Yuan gaohan nodded. Put down this divine wood. I will do my best to make a top-notch sword box for you. In addition, this sword case also contains a sword nurturing technique. I'll give it to you as well."

thank you, brother Gao Han," Yunxiao said in a hurry, overjoyed.

Regardless of the reason, he could see that Yuan gaohan was sincerely helping him.

"The situation on the continent is becoming more and more strange and unpredictable. I'm just doing my best, hoping that you can become an important figure in the future. Then my hard work for you for so long won't be in vain," Yuan gaohan said seriously.

"Hahaha!"

Yunxiao laughed, but his smile suddenly froze on his face as he cried out, "Not good!"

He teleported and appeared where che you was unconscious.

There was no one there, and a huge green passage was slowly disappearing.

Yunxiao broke out in a cold sweat. He hurriedly disappeared from the divine realm tablet and returned to his body, then opened his eyes!

There was nothing strange inside the space-breaking shuttle, che you didn't attack him.

"Old dragon Pixiu!"

"I was careless, Yingluo."

Yunxiao's heart sank. The fact that che you did not kill him proved that he had struggled out of the evil thoughts, but he had left the divine realm tablet and disappeared. It was clear that the remaining thoughts on the Dragon's Secret treasure still had a great influence on him.

"BOOM!"

Suddenly, a huge tremor came from the rain. The xuanxiang absolute kill formation seemed to have been activated. A strong killing intent passed through the void and entered the space-breaking shuttle.

Yunxiao was taken aback. A lunar pupil emerged in his eyes as he looked out.

Within the formation, there was a desolate figure, killing intent rose from within the formation and surged towards him, it was che you!

The five dragon guards were all shocked. They instantly appeared around the killing formation, blocking all the paths.

"You're also a member of the dragon clan?" one of them asked in shock.

The five of them were shocked to find that the Dragon Breath on che you was even stronger than them!

This was almost impossible!

The Dragon guards guarded the rainy land all year round. Not only did they ensure the absolute purity of their bloodline, but they also absorbed the Dragon Qi in the rainy land for a long time. Among the thousands of Dragon descendants in the entire heavenly martial realm, the Dragon guards were at the peak of the pyramid.

However, the person standing in front of them was far superior to the five of them in terms of bloodline inheritance!

“Who are you?”

“We’re both descendants of the dragon, why would you steal the bones of your ancestor?”

“Where are your companions? All of you, come out!”

The five of them were extremely alert, carefully watching che you’s every move.

Within the xuanxiang absolute killing formation, streaks of killing intent condensed into a purple color and spread throughout the entire space. They became thicker and thicker.

Che you’s face flickered in the purple Qi, he was expressionless.

“Impudent! I’m asking you a question!”

One of the Dragon guards angrily shouted. No one had ever dared to be so rude in front of them. Even the king of the four Seas had to be respectful to them.

Che you finally raised his eyes and looked at him indifferently, " "The end of the sky, where is the land of no beginning?"

"?! What?"

The five of them trembled and said in shock and anger, " "Who the hell are you? What do you know?"

A mocking smile appeared on che you's face as he said, " "Did any of you know that the scum Guangquan can't get in touch with the core of the rain land?"

"So it's Guangquan!"

"That traitor!" One of them shouted in anger. How dare you leak such confidential information? you should be cut into pieces, pierced through the bones, and refined the soul!"

Che you sneered, "no no no, you've misunderstood him .." He would rather die than submit, and I've already searched his soul. Although he's very stupid, he still has integrity and didn't embarrass our dragon clan."

The five of them felt a sense of sorrow in their hearts. One of them roared with bloodshot eyes, " "You dare kill the Dragon guards? go to hell!"

He struck out with his palm, and the purple clouds in the entire xuanxiang absolute killing formation suddenly began to spin, turning into countless steel blades that went for the center.

"Hmph!"

A contemptuous sneer appeared on che you's face. He made a grabbing motion towards the heaven and earth and a Green Mark appeared with a Dragon Shadow swimming inside.

The mark was suspended in the air, bobbing up and down as if it was quite heavy.

“Dragon Transformation seal!”

A cold light flashed in Che You's eyes, along with a look of disdain.

The green Mark disintegrated in the air and turned into Green Dragons that shot out in all directions, piercing through the sky and earth!

The fatal purple gas was instantly shaken away by the countless Azure Dragons, turning into thousands of fragments, like countless butterflies dancing, gradually flying into the flowers and disappearing.

Che You put down his hand, he raised his head and was about to walk out of the formation.

“Don't underestimate us!”

...

The other four dragon guards were both furious and alarmed, striking out with one seal after another.

“Purple storm!”

With the combined power of the five of them, boundless purple Qi was formed. A shocking power gathered in the formation, threatening to kill all life!

Che You stopped, a serious look flashed in his eyes but he quickly returned to normal.

He grabbed in front of him with his right hand, and the power of Dragon Breath condensed into a spear, which flew in his hand.

“3000 karmic hindrances, Luo Hou's strike!”

The Azure Dragon Breath battle spear burst out with a sharp spear light and pierced through the purple Rain. The entire spear momentum was like a sharp sword that suddenly stabbed into the storm.

Yunxiao, who was inside the shuttle, was horrified. This spear technique was clearly the divine martial technique of Yun Xiang!

“BOOM!”

The purple Rain was sliced apart by the spear formed by the dragon’s breath. Boundless purple killing intent exploded in all directions, and the entire xuanxiang absolute killing formation was instantly destroyed!

Che you and the five dragon guards were all swept into it, and heaven and earth turned into a Purple Haze. There was no light at all, as if the chaos had yet to split apart.

...

Yunxiao’s Crescent eyes stared at him unscrupulously.

?

The five dragon guards seemed to be very afraid of the purple light and used their Dragon Breath to resist it.

Only che you remained calm as he walked into the distance. His entire body was covered in dragon scales and the purple Qi was unable to penetrate it.

He seemed to sense that someone was peeking at him. He paused for a moment and snorted coldly before striding forward.

Suddenly, che you’s body stopped and he looked up at the sky.

The dark sky became unstable, and an unknown force suddenly appeared, merging into the space and directly binding his body. Even the circulation of essence force became extremely difficult!

“Hmph!”

Che you snorted heavily. Yunxiao had searched Guang Quan’s soul, and he had learned everything about the rainy land, which was the power of the Dragon lock array.

Previously, in the xuanxiang absolute kill formation, he had directly isolated the Dragon lock spell. Now that the formation was destroyed, he was directly exposed to the rain. The power of the Dragon lock spell came down from the sky and suppressed him!

Che you’s left hand formed an incantation gesture and a seal appeared in front of him. In an instant, the seal flew into the acupuncture points on his body and a surge of dragon power circulated, blocking the Dragon sealing force.

This was the secret technique that allowed the Dragon guards to travel freely in the rain without being bound by the restrictions.

Che you put down his hand and looked back into the void before taking a step forward and disappearing into the purple clouds.

Yunxiao was shocked, and he was both worried and happy.

The chaotic consciousness ‘influence on che you seemed to be weakening, but from the move just now, it seemed like he had indeed inherited the will and God art of the secret of Dragon.

He didn’t know if there would be any more problems in the future.

He could only blame himself for being careless and allowing him to escape from the divine realm tablet. If he continued to trap him and continuously used the nameless clear heart mantra to cleanse his spiritual altar and sea of consciousness, there might not be any problems.

But, it was too late for regrets now. Even in the divine realm tablet, Yunxiao was just a little stronger than him. Unless he recovered to his peak strength in his previous life, it was impossible for him to catch him again.

The purple Qi slowly dispersed under the Dragon Breath of the five dragon guards, and soon, a clear world was revealed.

The faces of the five of them turned pale. With their combined strength and the xuanxiang absolute killing formation, they had actually let the other party escape.

They had never encountered such a situation before, so they were at a loss.

“Where did that person escape to? If we can’t quickly find and kill him, I’m afraid that the five of us will be unable to escape the crime of dereliction of duty.”

“Kill? If the five of us can’t even keep him here, how are we supposed to kill him?”

“Not necessarily! I think that person is at most a bit stronger than us. This time, he only used the purple Qi to escape. If the five of us really join forces, we might be able to kill him!”

“Alright, even if we can kill them, the rain is so vast. They’ve been hiding under our eyes for so long and we still can’t find them. How are we going to find them now?”

I can only use the heaven observation mirror. Since the other party is willing to show himself, he definitely doesn’t plan to hide anymore.

I hope it’s as you think, but I don’t care about what you’re saying. Have you all forgotten the questions he asked before? ”

“?! The land of no beginning! Damn it! His target is actually the land of no beginning!” The other four people were greatly shocked!

let's not make wild guesses and quickly report this to the Dragon head. This matter is probably going to break through the heavens. It's no longer a situation that we can easily deal with.

After the five of them finished their discussion, they turned into five rays of light and flew into the sky.

After a while, the space slightly rippled, and the space-breaking shuttle directly escaped from the void.

Yunxiao's figure emerged as he put the shuttle back into his body and muttered to himself, "At the end of the sky, what is che you doing?"

After pondering for a while, Yunxiao put away his thoughts.

Che you's current strength was not something he could control, moreover, it was not clear whether he was friend or foe.

Moon pupils appeared in his eyes and he began to observe his surroundings. All kinds of things were rapidly analyzed in his moon pupils.

At this moment, he was extremely curious as to where yang yuanshu was hiding.

What surprised him was that even after moon pupil scanned the area, she could not find any suspicious traces. could he have left long ago? "

Chapter 1172-dust mustard

Yunxiao had a strange look on his face, thinking that it was unlikely.

Back then, the three corpses had attacked him together and injured him, so he hadn't had time to pay attention to yang yuanshu's whereabouts.

But the Dragon guards "auras had already descended, most likely sealing off the surrounding space. There was no way to escape.

“Hmph, I don’t believe you’ve really disappeared!”

Yunxiao’s competitive spirit rose at once. He stretched out his right hand, and the dynasty Bell slowly fell into his palm.

this Bell can travel through space and reach any place. Unless you’re hiding in a transcendent-grade profound level weapon, watch how I shake you out!

Yunxiao spoke into the air for a while, then slapped the bell.

“Dang!”

A melodious Bell rang and spread out in all directions. Even in the endless void, there were sound waves that appeared and pushed away like lake water.

“Dang!”

Yunxiao closed his eyes and began to sense the sound quietly.

The sound of the bell was not murderous or offensive. It was just more solemn and solemn than an ordinary Bell.

Suddenly, his brows furrowed slightly. His eyes widened and he looked at the ground!

Apart from the hills, there were countless tiny grains of sand in the entire land of rain, all of which were the same.

At that moment, Yunxiao’s eyes were locked on a certain area of the earth. His pupils formed a complicated pattern as he searched through the area one by one, filtering the billions of gravel in his eyes.

The strange pupil suddenly contracted and then opened, returning to the normal blood Moon pattern.

Yunxiao's eyes flickered with a cold gleam and he sneered, " so it's a spatial profound level weapon that has turned into dust. It can actually hide the power of the weapon so perfectly. Could this profound level weapon be the legendary dust mustard seed? "

"BOOM!"

As soon as Yunxiao's voice fell, a loud rumble suddenly came from the ground, and a tiny grain of sand suddenly turned into a giant rock as tall as a man!

A figure gradually appeared on the rock, and when it finally became solid, it walked down. It was yang yuanshu!

He stared coldly at Yunxiao and said, " Even the Dragon guards and the heaven observation mirror couldn't detect me, yet you could! However, aren't you courting death by pointing me out?"

Yang yuanshu gently patted the giant rock and absorbed it into his body. He then pointed forward.

The corpses of the three experts stood in front of him, exuding a powerful aura.

His eyes revealed a sneer as his hands formed another seal and his five fingers pressed down.

"Bang Bang Bang!"

The space exploded like a chain of pearls, and another five coffins appeared. From their appearance, they were all different, and they should have been stolen from different places.

"Hehe, the game should continue. You can't even defeat three of my main generals, and now there are five more Deputy generals. Don't you have no power to fight back? Hahahaha!"

Yang yuanshu laughed maniacally, a cruel glint flashing in his eyes. He cast an incantation seal that shot towards the five coffins.

“Cross!”

The five coffins split open and five similarly expressionless corpses were revealed. Yang yuanshu laughed as he walked forward in an orderly fashion and stood behind the three corpses.

“Go!”

At yang yuanshu’s command, the eight corpses flew up into the sky with a “whoosh.” Each of them exuded an extremely rotten aura, but their fists and palms were still filled with Emperor Qi and regulations.

The killing intent on Yunxiao’s face grew stronger and stronger, and a layer of frost appeared on his face as he looked at the eight corpses.

Everyone was bound to die, but no matter who it was, no one could tolerate this kind of humiliation, let alone the powerful people who had once been all-powerful!

“I can kill you 10000 times!”

A light flashed between Yunxiao’s eyebrows, and the divine realm tablet shot out. The tablet flickered with light, and the power of the world descended, crushing the eight corpses.

“BOOM!”

A vast and mighty force descended from the sky like a torrent from the nine Heavens, as if it was going to destroy the world!

The eight corpses were instantly jolted by the mighty force. Although they weren't severely injured, their movements were slowed down. The power and skin of the corpses began to erode bit by bit, turning into nothingness and disappearing.

Yunxiao tried several times to pull these corpse puppets into the divine realm tablet, but he found that their will had long been controlled by a strange force, and they were not affected by his mental power at all. Or rather, these corpse puppets no longer had their own consciousness, unless yang yuanshu was killed.

“World shaking fist!”

A corpse puppet unleashed boundless fist intent, breaking through the world power and rushing out.

Yunxiao transformed into three heads and six arms. One of his arms held up the sunset Cloud Mirror, and the mirror's light shone down and captured the general.

Then, he grabbed the hammer with one arm and smashed it down!

“BOOM!”

A bolt of lightning streaked across the sky.

The general moved slowly under the mirror light. He threw a punch at the lightning, but halfway through, the lightning turned into a sea of lightning and fell down!

“BOOM!”

The corpse puppet was forced back under the suppression of the world's power, and the skin in front of it was charred black.

The rest of the corpse puppets also displayed their ultimate skills. Under their joint efforts, a terrifying aura spread out, changing unpredictably like a cloud.

The vast power of the divine realm tablet was shaken off by this force. As the light flickered, two figures flew out from it. They were the Minister and the evil spirit. Two powerful auras spread out and pressed down on the corpse puppets.

“Ah? What is this?”

Yang yuanshu was dumbfounded. He didn't understand why two more people had suddenly appeared. Moreover, their strength was at the level of a nine-stars Martial Emperor, and their aura alone was enough to suppress the Restless corpse puppet.

...

ah, this power! Haha!

The evil spirit was suddenly overjoyed. Under the effects of the Dragon lock spell, Guang Quan's body was not shackled. Instead, it was recovering at an extremely fast speed.

“Hmph, a corpse puppet?”

A murderous look flashed across the faces of the guests. No matter who saw this scene, they would not have a good expression.

“Argh! You're Xuanji's guest!”

Yang yuanshu suddenly cried out, his eyes filled with shock and disbelief!

The guest's pupils shrank, and his eyes were like lightning. He shouted, “Who are you?”

Yang yuanshu was startled by Yunxiao's shout, and he immediately came back to his senses. He looked at Yunxiao and said in shock, “You're the one who spied on me and my master through the connection of the imprint that day?”

do you think the world is very small?" Yunxiao sneered. I'm not going to let you go.

The guest was also an extremely intelligent person, and with a flash of inspiration, he immediately said angrily, "you're the one who planted the brand in my body?!"

Yang yuanshu's expression darkened. After a brief moment of shock, he gradually regained his calm and coldly said, "So what if I am? I thought the sample ran away and couldn't be found, but since you've sent it back, it's great!"

...

He raised the Jade flute in his hand and started to play.

A "Wu Wu" sound immediately reverberated as the eight corpse puppets "empty eyes suddenly narrowed and gave off a demonic light. An extremely strong rotting corpse Qi spread out, causing people to feel nauseated.

"Pipa!"

The official's face was ashen. He clenched his fists, and golden light floated from his body. Strange phenomena appeared in the surroundings as he walked towards the corpse puppet.

The enemy in the dark that they had always been unaware of had appeared so arrogantly in front of them.

A cruel sneer appeared on the guest's face as he raised his fist and punched out!

A corpse puppet also sent out a powerful fist wind, and a fist shaking the world collided with it.

The two fist intents turned into a Nebula in the air and pressed against each other. It was as if two stars had collided with each other, and the spiritual pressure shot out and spread out into the sky!

A cold look flashed in the eyes of the guest. He increased the strength of his fist and instantly suppressed the power of the other party's fist.

The terrifying pressure slowly moved downward, like a setting sun, its afterglow illuminating the land in a bleak manner.

After all, the corpse puppet didn't have the power it had when it was alive. Even though yang yuanshu's flute music had pushed it to its limits, it still couldn't block the angry punch of the guest and Minister. It only stared at the power of the falling Nebula with its evil eyes, without the slightest emotion.

Yang yuanshu's expression changed drastically, and he hurriedly changed the tune of his flute, changing from a monosony to a winding and rugged tune that made one feel irritated.

The rest of the corpse puppets became active and attacked the guests and officials.

A corpse puppet condensed a sword in its hand and flew up, using a sword technique to break through the clouds.

suddenly, the evil spirit's figure moved and appeared in front of the guest. he took out guang quan's axe and slashed down!

"Bang!"

The axe light directly cut through the sword light, and the two forces collided in the air. The aftermath blasted in all directions and even sent a shock wave back at the two.

However, Guang Quan's physical body was extremely strong, and he was unscathed.

Although the corpse puppet had been cut countless times by the sharp light, it didn't know pain, Dodge, or escape. Its eyes still emitted an evil light as it coldly stared at the evil spirit.

The evil spirit laughed and said, "haha!" This power was too carefree! However, I can't control it very well right now, so I'll just use this puppet as a practice!"

The body of a nine-stars Martial Emperor and the powerful body of a Dragon made him extremely excited. He roared a few times and rushed toward the corpse puppet.

Moreover, the entire rain ground was filled with power, as if it was an Endless spring of power. After the axe was swung, it gushed in like a spring, enough for him to stand in an invincible place!

The remaining corpse puppets also all attacked the guests, especially the chief general, Guan Yan, who slashed his sword across the sky. The sword ray shot into the fist Nebula, finally breaking the weak balance!

"Boom boom boom!"

The terrifying power of the fist exploded, and a huge force soared into the sky, swallowing everyone!

The guest faced the force that was charging at him and stepped forward instead. Golden light floated from his body and blocked all the force. He grabbed at the general coldly!

The angrier he was, the calmer he looked.

The seven corpse puppets rushed up one after another, each using their unique skills to bombard the guests and officials.

Cold sweat began to drip down yang yuanshu's cheeks. The situation seemed to be a little off, especially after the ministers and officials had become nine-stars martial sovereigns. Their strength was far above that of ordinary nine-stars martial sovereigns.

On the other hand, his three generals only had the strength of a nine-stars Martial Emperor when they joined forces. At this moment, the seven corpse puppets were only able to fight to a draw with the guests.

The power of his divine body had completely suppressed his opponent.

Besides, Yunxiao was also there, watching him coldly from the side. He stood quietly on the divine realm tablet, looking like a Jade tree in the wind, with a fearless look, which made him feel very uneasy.

Chapter 1173

1173 Dragon gathering Island

“Hmph! I’ll let you off today, but I’ll take your lives in the future!”

When yang yuanshu saw that the situation wasn’t looking good, he began to think of retreating and running.

“Oh? You’re too polite, it’s better to take our lives today than to choose another day.”

Yunxiao teleported together with the divine realm tablet, and in the next moment, he appeared above yang yuanshu. He spread out the power of the world and sealed off the entire space.

Yang yuanshu was shocked. The terrifying white power sent a chill down his spine. He was also a great Alchemist, but he had never seen such a profound level weapon. let’s talk this out. We’re all alchemists, and we appreciate each other’s talents. Why do we have to fight and kill? ”

Yunxiao raised his eyes and said, ” it’s not impossible to appreciate each other. Let go of your divine sense first. Let me take control of your body. Then, we can have a good talk.

Yang yuanshu’s expression changed drastically as he said, ”how can this be?” As an Alchemist, would you be willing to do it if you were me?”

“Then there’s nothing to discuss.”

Yunxiao waved his hand, and the divine realm tablet flew out, turning into a small mountain and falling from the sky!

Yang yuanshu hurriedly blew his flute to summon the eight corpse puppets, but they were all suppressed by the officials and evil spirits. Moreover, they were being forced back and were completely unable to spare any time.

He immediately understood that he had to rely on himself now. The Jade flute hurriedly drew a seal in the air and shot up into the sky, trying to break through the power of the world.

“Bang!”

The light of the Jade flute was like a praying mantis trying to stop a chariot. It was instantly drowned by the power of the world, and the entire divine realm tablet fell down with a loud bang.

“BOOM!”

A light flashed on yang yuanshu’s body, and a set of battle clothes automatically appeared to protect him. However, it only lasted for a breath’s time before it was suddenly shattered.

“Boom Boom!”

The divine realm tablet shook, and the whole earth shook.

Yang yuanshu spat out a mouthful of blood and was sent flying like a kite with a broken string.

With a sneer, Yunxiao teleported over and formed a huge hand in the air, which grabbed down!

Yang yuanshu’s face was filled with fear, but at this moment, he had no choice but to let The Giant Claw grab him and drag him into the divine realm tablet while struggling with all his might.

Yunxiao performed an incantation gesture, and the divine realm tablet shone with a blinding light again, pressing toward the battlefield in the distance.

The power of the world was like a ray of auspicious light shining on the earth, sprinkling down.

The corpse puppet and the officials who were locked in a fierce battle were all sucked in.

Then, Yunxiao changed his hand seal, and the divine realm tablet flew back into his body.

After the battle just now, the entire ground was already full of potholes.

Yunxiao could not help but feel suspicious. The battle with yang yuanshu in the underground tomb was far less intense than it was now, and it had even attracted the Dragon guards.

There was no sign of the Dragon guards. The entire rainy land was like a deathly still sky, devoid of life.

He pondered for a moment, then turned into a bolt of lightning and flew into the sky.

In Guang Quan's memory, there was the location of the Dragon lock spell in the center of the rain land.

That place was located in an independent space, and it was the hub of the entire land of rain.

The Dragon lock spell did not seem to only suppress Dragons from outside and provide power to the Dragon guards. There seemed to be other secrets.

However, Guangquan's level was too low, and what he knew was very limited.

As for the end of the sky, the land of no beginning, where the son of the true dragon, the true body of the first Dragon, was stored, Guangquan knew nothing about it.

If che you really wanted to go to the land of no beginning, there was only one way.

Yunxiao's pupils constricted as he murmured to himself, "That is to find the Dragon head!"

Lightning flashed through the air above the rain. He seemed to understand why there were no signs of the Dragon guards. They had most likely gone to kill che you.

Therefore, at this moment, there should be no guards around the Dragon sealing great array, which was the best time to get the Dragon shaking mallet.

Yunxiao's guess was right. Of all the Dragon guards, only the Dragon head knew where the so-called end of the sky was.

Therefore, che you openly went to the Dragon guards "cultivation place-Dragon gathering Island!

Che you looked at the countless water clouds in the sky, the water flowing down from the clouds formed a waterfall in the sky, the sound of water could be heard.

Tens of thousands of water vapor rose from it. Besides containing the water power of the world, it was almost liquid spiritual Qi, which could make people feel relaxed and happy.

The waterfall where Yunxiao had collected the water energy of heaven and earth was just a corner where all the water gathered.

The Dragon gathering Island was one of the floating islands, quietly floating above the waterfall, becoming the highest point of the whole rain land, overlooking the wondrous scene of ten thousand streams.

"Hmph, How dare you! He actually came to us!"

A cold voice came from the Dragon gathering Island. since you're here, it proves that you're extremely confident in your strength. Why don't you come up and let me see who you are? "

Che you's eyes were cold. He turned into a ray of light expressionlessly and rushed into the waterfall, landing on Dragon gathering Island.

The whole island was filled with green mountains and clear waters, and spiritual Qi floated around. It was very familiar with the place where they had come from from Donghai Palace.

However, in the center of the island, there was a magnificent statue of a giant dragon.

The shape of the Dragon was extremely life-like, and it gave off an aura of might without being angry. When che you looked over, his heart trembled. Just that fake Dragon Eye seemed to shoot out something that directly penetrated his soul, causing him to hurriedly withdraw his thoughts and not dare to look again!

The statue had been standing there for countless years. Even Guangquan did not know when it was built.

“Eh? You’re also a Dragon?”

That cold voice rang out. In an instant, several figures appeared around che you. The one in the lead was the Dragon head, and his eyes were filled with shock and coldness.

Che you calmed his mind, he looked at the Dragon head and said, “ as a Dragon, I don’t want to make things difficult for you. Tell me where the end of the sky and the land of no beginning are.

...

“What?”

All the Dragon guards were shocked and then extremely furious. Their eyes spewed fire, as if they had touched their reverse scale!

The Dragon head’s expression also turned cold. Boundless killing intent shot out from his eyes as he said in a cold voice, “Your goal is the first Dragon ancestor?”

“Yes,” che you said indifferently.

The Dragon head’s eyes lit up and he said coldly, “Then there’s no need to talk.” He waved his hand and said coldly, “kill!”

Several dragon guards on the side were already furious. Upon hearing the order, they immediately rushed forward, and a total of five powerful auras spread out, sealing the sky and earth.

Waves of dragon power rose into the air and pushed forward like ocean waves, wanting to completely devour che you!

Che you’s expression was calm, this situation was completely within his expectations. He calmly raised his hand, his eyes were filled with a crystal clear green light.

Through the true Dragon’s tear in his eyes, he could clearly see the five people’s ultimate skills. It was like they were in slow motion, as if they were practicing martial arts.

The Dragon head looked at the green tears in his eyes and seemed to realize something. Its body suddenly trembled and revealed an expression of shock.

Che you’s hand glowed with a golden light as he punched towards the first person.

...

A vortex swirled beneath the fist, producing countless hissing sounds as it accurately struck the tip of the Dragon Guard’s fist!

“Pi Li pa la!”

The sound of bones cracking rang out as the forearm’s bone was completely shattered!

But the Dragon Guard's face was still filled with anger, and before he could even feel the pain from his fist, che you had already stomped on the ground and passed by him.

His entire right arm glowed with a golden light, and he swung it down like a large blade, smashing into the chest of a Dragon Guard and breaking through his protective Dragon Qi.

“Bang! Bang!”

The two of them were instantly sent flying. The attacks of the other three also arrived one after another, close at hand.

Che you retracted his hands and punched back.

“BOOM!”

The power of the fist collided with the attacks of the two dragon guards, and the force of the blow was reflected back at the three of them!

“Bang! Bang!”

The two dragon guards were instantly sent flying.

A golden light suddenly appeared on che you's body, his Jade-like skin turned golden, as if he was wearing a golden armor, giving off an awe-inspiring aura.

“Bang!”

The golden light on his arm kept shooting out, but it couldn't penetrate his body.

Although che you had stopped the four of them, the Last Dragon Guard's fist was like a shooting star, finally landing on his chest and creating an explosive sound!

“Bang!”

A part of cheyou’s chest caved in. The Dragon Guard’s eyes widened in anger as he poured endless Dragon Force into his fist, trying to break a hole in his body.

“Yaya!”

Che you’s face twisted from the pain, he roared and clenched his fists!

A ray of golden light flickered from his fist and spread from his arm to his entire body. His entire body became transparent, and a golden bone appeared!

One could vaguely see that the Dragon Guard’s fist had landed directly on the Golden bone, unable to penetrate it in the slightest!

The golden light circulated in the bone banner and gathered in front of his chest. A golden light broke out of his body and shook off the fist force!

“Bang!”

The Dragon Guard felt a sharp pain in his fist, as if it had been cut open by a knife, and he cried out in pain as he pulled back his arm.

A cold light flashed in che you’s eyes, he instantly moved forward and also sent out a punch!

“True martial Dragon Fist!”

“Bang!”

The Dragon Guard hurriedly used his left hand to block, but his left fist also exploded. The Dragon power of his opponent had shattered his defense, and he was sent flying after spitting out a mouthful of blood.

The entire Dragon gathering Island fell silent, and only the sound of water could be heard.

The five dragon guards had actually been forced to retreat in defeat!

On the other hand, the other party had only used a few ordinary martial techniques, and he still seemed to be at ease.

The anger on everyone's faces had completely disappeared, turning into boundless shock. There was even a little shame in their eyes. One by one, they wanted to rush up again, as if they were going to fight with their lives.

"What's the point of continuing?" che you said indifferently.

The Dragon head's expression was extremely serious as it ordered the five of them to retreat.

He looked at che you carefully.

After a long time, he said, "how many Dragon artifacts have you refined?" You were the one who stole the Golden Bones of our ancestor?"

"I don't need to answer the first question," che you said. The second question, No. "

"Hmph! You're lying!"

The Dragon head coldly raised its hand and pointed at him, shouting, "Just now, your body clearly had Supreme Golden Bones!"

Chapter 1174-true dragon art

He slowly breathed in and out the surrounding spiritual Qi to replenish his energy and the small wound on his chest. He said slowly, "These Golden Bones did indeed come from the rain, but I didn't steal them."

He realized that after using that special technique, the Dragon lock spell, which was supposed to suppress attributes, had instantly turned into a source of power.

It wasn't just his body that had recovered quickly. Even the five dragon guards had recovered extremely quickly, fully recovering in no time.

The strangeness of the array piqued his curiosity, but his research on the Dao of arrays was limited, so he could not figure out anything about it, unless Yunxiao was here.

At the thought of Yunxiao, a strange and complicated look appeared on his face, but it soon disappeared.

The Dragon head had been staring at the changes in his expression and noticed that he was emotional. It thought that he had exposed his theft and made him feel ashamed. It immediately sneered, "You think I'll believe you?"

"Do I need to lie to you?" he said indifferently.

The Dragon head was stunned and frowned. With the other party's strength, there was no need to lie to him.

He immediately thought of the key point, and his face darkened. "You mean there are other people? I understand now! Were you the one who caused the fight in the tomb? While you're gone, you'll be looking for a place to fuse with your Golden Bones!"

The Dragon head's expression became extremely unsightly. This mysterious person's strength was unfathomable, giving him a huge headache. If there was another person with strength that could match him, then it would be really troublesome.

“Not everything, but a little,” che you replied. I know that you’re the only one in the entire land of rain who knows the location of the land of no beginning. Are you going to tell me or have a good battle with me?”

A cold light flashed in his eyes, and his expression was calm, as if he was at the mercy of the Emperor.

“Haha, arrogant!”

Chief long laughed and said coldly, “you think you’re invincible just because you’ve fused with some Dragon’s Secret treasures?” Today, I’ll see how much the Dragon’s heirloom can improve a small fry!”

An ear-piercing sound rang out, causing one’s eardrums to hurt.

The dragon’s head crossed its arms in front of its chest, and its entire body instantly rushed forward. As it was too fast, it directly compressed the air.

Under the huge wave-like pressure, green smoke actually rose and burned the air!

Che you’s pupils shrank and a hint of fear flashed through his eyes. Under the observation of the true Dragon’s tear, he could only catch the speed of the other party.

His face turned cold, and he used his true martial Dragon Fist to meet the pressure!

“Hmph!”

The Dragon head sneered and raised its hand, punching out.

“Bang!”

It wasn’t as earth-shattering as they had imagined. It was just a slight muffled sound, but it shook everyone’s hearts, as if it was crushing their hearts!

As the two fists collided, Che You's fist slightly shrank back, and the muscles of his entire arm shrank up. The sound of metal rubbing against metal came from his Golden Bones, as if someone was rubbing sand on them.

Che You's expression finally changed!

The other party's physical strength was actually above his!

How was this possible?

Che You's eyes were filled with shock, while the other party had a cold smile on his face.

The Dragon head's mouth was filled with mockery as it said, "Hehe, a body fused with a Dragon's heirloom is only at this level? I'm so disappointed."

In his rage, Che You transformed into a half-dragon, and a Dragon Tail appeared behind him.

The space around him started to burn, and the air exploded as he attacked his opponent's head.

"Hmph!"

The Dragon head snorted again and raised its left hand to block in front of its body.

"Pa!"

The dragon's tail swept across the opponent's left arm, sending up a green light that was surrounded by black cracks.

The Dragon head's expression changed. The power of the tail had numbed his arm. The huge force was like a thousand catties pushing him back, forcing him to retreat several feet!

His entire left arm was charred black and numb. Although it was only a flesh wound, it made him extremely furious.

The surrounding dragon guards were also greatly shocked. Even they didn't know just how strong the Dragon head was. It was like an unfathomable ocean!

In their usual training, they would also train to work together against an enemy, but they had never seen the dragon's head get hurt in the slightest. This was the first time.

Che you's heart was filled with shock. The power of the tail just now was more than 80% of his strength. He originally thought that it would be enough to send the other party flying, but it was only a few feet back.

The strength of this dragon head was far above his estimation.

peak nine-star?!

Che you's expression had never been so serious before, he was extremely alert.

There was only one explanation for such a powerful force, and that was that the person in front of him was already standing before the end of the martial Dao!

And it didn't seem to be just that.

"Hehe, I'm surprised that you can hurt me."

The Dragon head's eyes flickered with coldness as it said, "I'm going to grind your bones and scatter your ashes, you little fish!"

Che you's heart jolted as an immense sense of danger enveloped him. All the hair on his body stood on end as his Dragon Breath's power rose to its maximum!

"BOOM!"

The dragon's head didn't seem to move, and a force as powerful as the heavens descended, seemingly about to destroy everything!

In this extremely dangerous situation, che you finally found the source of the power through the true Dragon's tear. It was the statue of Shi long in the center of Dragon gathering Island.

"True dragon Avatar!"

RUO Xiang's martial technique dharma body was directly displayed, turning into the shape of a Dragon. Boundless violent intent gushed out and rose into the sky.

...

The Dragon head took a step forward and raised its hand.

A sharp light that could destroy everything descended from the sky and slashed towards che you!

Che you only felt death approaching, the other party had completely suppressed him with two moves.

A cold glint flashed in his eyes, and he instantly transformed into a human. His hands formed a strange seal, and a golden light floated from his palms, forming a golden barrier.

At the same time, a blinding light rushed out of his body and formed the shape of a Dragon in front of him.

As soon as this force was released, the sea of clouds churned and the sky and earth surged!

The Dragon head's expression instantly became extremely horrified as it cried out, "True dragon technique!"

"BOOM!"

The sharp light slashed down and directly stabbed the Dragon-shaped power, causing it to collapse.

Che you also spat out a mouthful of blood, he was forced back a few hundred feet before he could stop himself. He raised his head in fear and stared at the Dragon head.

The ray of light from before landed and directly stabbed into the ground. It was actually a sharp sword, emitting a chilling light.

...

"You actually know the true dragon art! Who the hell are you?"

The Dragon head's expression became ferocious as it roared.

Che you wiped the blood from his mouth and asked suspiciously, "You know about the true dragon art? How did you know?"

The Dragon head's expression changed several times before it finally said coldly, "Hmph, it's fine if you don't want to tell me. I can roughly guess your background. No matter who you are, if you dare to have designs on the first Dragon ancestor, you must die."

He made a grabbing motion in the air and the sword flew into his hand with a "clang" sound. He then walked towards che you with a murderous aura.

Che you felt a little bitter in his heart. The power of this dragon head was much stronger than what Guang Quan had estimated in his memory. Moreover, the statue of the first Dragon in the center was

also very problematic. With the combination of these two factors, not only did he have no chance of winning, but even his life seemed to be in danger.

If he hadn't used his trump card just now, he would probably have been beheaded.

He made up his mind and a ruthless look flashed in his eyes. He seemed to have made a decision. He straightened his body and made a seal with one hand.

All the spiritual Qi in the surroundings suddenly gushed toward him, and it was as if everything within a radius of several hundred meters had been sucked dry.

The Dragon head was stunned, and its expression darkened.

He stared coldly at che you, his victory was already in his grasp, he wanted to see what other methods the other had, he slowed down his pace.

At the same time, in the city of Yanwu in the southern region.

It was bustling with people.

Since the collapse of Mount Meru and the leakage of spiritual energy, the entire city of Yanwu had developed into one of the few holy places for cultivation in the world.

It was not just the firecrow Kingdom, but all the powerful cultivators in the entire southern region had gathered here from all over the place. It had long since developed into the largest city in the entire southern region.

Almost all the sects had set up branches in Yanwu and set up cultivation venues.

Of course, all of this had to be done by paying a sufficient amount of primordial stones to the city Lord's office in exchange for the qualifications.

There was no lack of talented people in the southern region, but because of the lack of spiritual energy, it caused the imbalance of strength in the entire region, and the appearance of martial Venerables became angular.

During the few years when Mount Meru provided spiritual Qi, a large number of geniuses had broken through to the eight desolation realm martial Supreme, and many top experts had begun to strive for the nine Heavens martial sovereign realm.

this month, another nine small sects have moved here. If this continues, Yanwu will probably become a first-rate power on the continent.

In the mayor's mansion, li Changfeng was holding a report in his hand. He was so proud of himself that he was beaming with joy.

He and Li Chunyang were the only two people in the hall. After Yunxiao left, the father and son took over Yanwu and carefully took care of it.

Moreover, the two of them had also made a huge breakthrough in their strength. Li Chunyang had directly stepped into the Martial Emperor realm, but due to his age and talent, he had already reached the peak of his life. Therefore, he was a little disheartened and began to focus on the management and development of Yanwu.

Li Chunyang seemed to have gotten used to it. He nodded and said, "now, the entire southern region is in an unprecedented development opportunity. It's all thanks to Mount Meru. I don't know how much spiritual energy will flow out of Mount Meru.

there can be an endless amount of them," li Changfeng said with a smile. I think it'll be enough to fill the entire southern region.

Suddenly, a servant's anxious voice came from outside the hall. not good, not good!

The door of the hall was knocked open, and a servant barged in.

Li Changfeng's face darkened. how can you be so flustered?! he shouted.

The servant became even more flustered after being reprimanded. He stuttered, "No, it's bad, it's bad!"

Li Chunyang frowned. He knew the servant in front of him, and he knew that he was not a reckless person. He could not help but feel suspicious and asked, "If there's anything, say it slowly. There's no need to rush."

The servant swallowed a few times before saying, "Something has happened to Mount Meru!"

Chapter 1175-world blade

"What? What happened?"

Li Changfeng jumped up. He had just mentioned Mount Meru, and something had happened there? And what could happen to Mount Meru?

He immediately thought of a possibility and exclaimed, " could it be that the spiritual energy has finally run out? "

"No, no!" The servant hurriedly shook his head.

"Your sister! Can't you explain it clearly?"

Li ZhangFeng was furious. He grabbed the servant and almost suffocated him.

The servant's face was completely red. He pointed outside, then to the sky, and kept gesturing with his hands.

"What are you talking about?"

Li ZhangFeng went mad and pushed him to the ground. He wanted to kill him.

Li Chunyang was also a little impatient. After all, the matter of Mount Meru was of great importance. He said in a deep voice, "Let's go out and take a look!"

When the two of them flew out of the hall, the entire city of Yanwu was in an uproar. Many people flew into the sky and looked at the sky in horror.

"Ah? This is Yingluo."

Li Chunyang and his son were dumbfounded as well. The crack in the sky, which used to be the opening of Mount Meru, had been pouring spiritual energy down, but at this moment, it was undergoing a great change.

The spiritual energy had already been cut off, and halos began to spread out from the gap. Like the sun, they shone down with immense might.

In the Halo, a small mountain could be vaguely seen. It flickered and appeared at times, emitting a crystal-like light.

The entire sky was illuminated by this strange phenomenon, and the city of Yanwu was shrouded in an auspicious atmosphere.

This process lasted for a long time before the light began to converge and retreat into the gap. The colorful coloured glass Mountain appeared and disappeared into the sky with a loud bang.

"Ah?"

Li Changfeng couldn't help but exclaim. After all the light faded away, there was only a huge black hole in the sky.

The magnificent scene of spiritual energy flying down from the nine Heavens was no longer present, and Yanwu instantly became much dimmer.

Everyone in the city was dumbfounded. This situation had caught everyone off guard. All of a sudden, the city was completely silent, and everyone looked at the sky in a daze.

It was all thanks to Mount Meru, one of the four great Immortal Realms, that Yanwu could become the world's Holy Land for cultivation.

“What should we do with Yingluo?”

Li ZhangFeng was the first one to open his mouth wide and scream.

Li Chunyang looked at the black hole that was slowly gathering in the sky, sighed, and said, “perhaps the Fortune of Yanwu will end here.

Li ZhangFeng was not willing to give up, “no way!” It's over? There's an endless amount of space in there. It shouldn't be a problem for it to flow for hundreds or thousands of years.”

you can't be too greedy,” Li Chunyang said. Yanwu is now comparable to all the major cultivation Holy Lands, and it has attracted the covetous eyes of all parties. Now that Mount Meru had disappeared, it might not be a bad sign. As for where Yanwu will go in the future, I believe Yunxiao will have his own arrangements, so there's no need for us to worry. We'll take care of the city now, and when he comes back, we'll give him a brand new city.”

Li ZhangFeng sighed, but they couldn't do anything about it. They didn't even know what had happened on Mount Meru.

Meanwhile, in the East Ocean, the rain land, and the Dragon gathering Island, thousands of miles away ...

The seals in the you's hands were extremely complicated and strange, they were not the techniques of this era. His body glowed with golden light and a powerful energy burst out from his body, making him look like he was not in this space, as if he could leave at any time.

The Dragon head held the long sword and stared at him coldly.

He was the strongest existence in the rain. He had a look of victory in his hands, wanting to see what tricks the other party would play.

The you's face was extremely solemn, but suddenly, a flash of joy appeared in his eyes, he snorted coldly, "You're indeed very strong. It's not an exaggeration to say that you're number one in the dragon clan in the world today. However, no matter how powerful he is, he is only a peak nine-star, so how can he make you look down on your opponent like this?"

just a peak nine-star?"

"That's enough!" The Dragon head laughed and mocked.

As soon as he said these three words, his expression suddenly changed, revealing a shocked expression as he looked up into the sky.

A beam of colorful light suddenly shot out from the waterfall.

The color was crystal clear, like glass, symbolizing an auspicious light.

Then, the space began to tremble violently. The might of heaven from the glass light pressed down like countless meteorites falling to the ground. It was suffocating!

The five dragon guards paled in shock. One of them said in shock, "Who is it?"

Everyone thought that the other party's strong reinforcements had arrived, and they were all on guard.

“BOOM!”

A hole was suddenly blasted open in the myriad water waterfall by a great force. A colorful glass Mountain appeared on the floating Dragon gathering Island and whizzed down!

The entire mountain was almost transparent and clear, but it was flashing with flowing light, and one could not see inside.

Even the shape of coloured glass Mountain was unstable, making it impossible to see its true form!

The Dragon head’s expression changed drastically, and it said in shock, “this aura ... Could it be a Suan ni?”

A complicated expression appeared on che you’s face, he sneered, “The Dragon guards from the ancient times do recognize this as well?”

The Dragon head’s body trembled, and it could no longer remain calm!

The sword in his hand suddenly stabbed into the ground, and a Green dragon’s breath rushed up from behind him. His hands quickly formed a seal, and runes flew out from his hands, dancing around like butterflies.

Under the pressure of the colorful glass Mountain, a vast power quickly condensed. The face of the first Dragon statue seemed to become a little ferocious, exuding a primitive and ancient aura.

The power that was used to intimidate che you descended once more and combined with the Dragon head’s power.

A huge Green Dragon carving seal appeared, and the entire time and space seemed to freeze. Even the falling momentum of Mount Meru stopped!

The Dragon head roared and slammed his hands into the sky. A mighty force spread out in his palms and a Dragon's Roar instantly rushed out from the seal. It soared through the nine Heavens and blasted towards Mount Meru!

...

"BOOM!"

The two forces collided, and a huge light scattered in all directions!

The entire Dragon gathering Island trembled non-stop. As the shockwaves of these two forces spread out, the myriad water waterfall was like a broken silver plate, shaking all over the sky.

Chen You's heart shook, his eyes revealed a look of shock as he said, "How can he be so powerful? Where did you get the strength to resist this thing?"

Under the pressure of the two forces, the Dragon head's face became extremely distorted, and its eyes flashed with a cold light.

Endless Dragon Breath surged in his body, seemingly endless and without end. Although it was extremely difficult, he had indeed carried the Mount Meru glazed tile down!

"It seems that I have underestimated you."

Chen You's expression was serious like never before. He released the hand seal and opened his hands on both sides. He raised his hands above his head and formed another strange hand seal.

As soon as the seal appeared, he turned into a giant in an instant. His body shot out thousands of rays of light, which were like the Xumi glass. The man and the mountain reflected each other.

The dragon's head swallowed with difficulty. Its eyes widened and revealed extreme shock. It looked at the colorful changes in the Mount Meru in the sky, and fear began to appear in its eyes.

The mountain gradually disappeared, and the light converged toward the center, slowly condensing into a sharp sword!

...

The sword essence trembled and the sound of a Dragon moving was heard. It was extremely lifelike.

As soon as the sword was drawn, it shone with a brilliant light. The primeval force on Dragon gathering Island was instantly defeated, and the waterfall of thousands of water flowed against the current!

“?! It’s indeed this sword!”

The Dragon head let out a shocked roar as if it had seen something unbelievable. Its entire body turned cold, and it could no longer remain calm!

However, after a brief moment of fear, his expression suddenly sank and his eyes became extremely serious. His hands quickly formed seals and afterimages appeared in the air. They were actually similar to the seals that che you had formed.

At this moment, che you’s body was like glass, he was like a god as he looked down at the ground!

“Since you recognize this sword, you should know the purpose of my visit to the land of no beginning, right? In this world, only I, che you, have the right to enter the end of the sky, the land of no beginning!”

The dragon’s head withstood the tremendous pressure under the sound of the sword’s hum, and its body trembled non-stop like a sieve. Other than the boundless power of the sword, there was also an unparalleled pressure that directly affected the soul!

“In your dreams!”

“The Dragon guards exist to protect the land of no beginning,” he roared through gritted teeth. “Unless we all die!”

He raised his head and roared. His body transformed into a Dragon, and the seals in his hands changed. The mountains on Dragon gathering Island shook.

One, two, three dense rays of light shot up from the island into the sky, forming a great formation!

The five dragon guards were all shocked. Even they didn't know that the entire Dragon gathering Island was actually a formation tool!

Countless rays of light illuminated the surroundings. The Dragon head was in the center of the formation, and its expression became calmer and calmer.

The five dragon guards were all nine-star martial sovereigns, who stood at the peak of the continent. However, under this boundless power, he realized how small he was.

Chen You's expression also changed. He took a step forward and appeared beside the sword. He said coldly, “Since you're so stubborn, don't blame me for not considering our sect ties.”

His left hand formed an incantation gesture and he said, “There is no self in Sumeru.”

The sword essence spun and slowly descended.

It was as if it was not a sword that was falling, but an entire world!

The Dragon head's face was extremely terrifying as it said in a cold voice, “Is the world sword of the true dragon ancestor only the Xumi anatta in your hand?”

“What?”

Che you's body trembled as he looked down in shock, a bad feeling welled up in his heart.

The Dragon gathering island's formation was activated, and endless power poured into the sword in front of the Dragon head. A supreme majesty was unsealed, and it let out a long cry that pierced the soul!

The five dragon guards "eardrums were shattered by this sudden howl.

"The Tribulation is endless!" Che you was shocked.

Boundless power rippled out from the sword, which shone with the array of the entire Dragon gathering Island. The vast power soared into the sky and contended with the Xumi antring sword!

The light of the two swords broke through the Dragon gathering Island. Like the blazing sun, they emitted boundless light and illuminated the entire land of rain!

Chapter 1176-Dragon shaking hammer

Alone, Yunxiao flew through the air like a bolt of lightning, covering a thousand miles in the blink of an eye.

Soon, they arrived at the center of the rainy land in Guang Quan's memory. It was an empty sky without anything unusual.

He made a hand seal and shot out several rays of light that flew into the air and disappeared.

Following a series of explosions, the entire sky split open, and a large amount of astonishing spiritual energy gushed out, forming a landscape.

Yunxiao was about to fly into it when a beam of light suddenly shone down from the sky.

He suddenly teleported a hundred meters away and dodged the light.

A mirror surface appeared in the sky, flashed, and then disappeared.

“This must be the heaven observation mirror.”

Yunxiao did not know what kind of divine power the mirror had except for its ability to shine and reveal itself, so he did not dare to approach it rashly.

With a flash between his eyebrows, the calabash Little King Kong flew out and headed toward the landscape.

Ripples appeared in the sky once again. The heaven observation mirror appeared and the mirror’s light shone down.

The gourd Little King Kong’s body froze, as if it had sensed a strange force in its body. It raised its head and looked at the sky.

Its four limbs became sluggish, and its movements became extremely slow.

Yunxiao looked over and saw a thin layer of light covering the body of the little king Kong gourd. It looked like a water membrane, and it was extremely sticky, constantly slowing down the little king Kong gourd’s movements.

“Clang”

Suddenly, a ray of light shot out of the heaven observation mirror and slashed at the gourd Little King Kong!

“Bang!”

The ray of light hit the gourd Little King Kong directly and bounced off, leaving only a shallow mark on the gourd Little King Kong’s body.

“Eh?”

A voice of disbelief and suspicion came from the void, as if he couldn't believe it.

The corners of Yunxiao's mouth turned up as he shot out a beam of light from his finger.

“Swish!”

A hole was burned in the sky. The finger radiance was blocked by a force and extinguished instantly.

The hole cracked open, and a beautiful figure slowly walked out. Her face was as cold as frost as she stared at Yunxiao.

“Guangquan?” Yunxiao asked.

The Dragon Tribe woman's body trembled as she exclaimed, “You know me? Who are you?”

Yunxiao chuckled. He had heard her name when he was hiding in the space-breaking shuttle. just you? What about the other dragon guards?”

“Who exactly are you?” Guang Quan became alert and shouted.

“Hehe, as expected, he's alone.”

Yunxiao grinned evilly as he teleported into the space.

Guang Quan wanted to stop him, but she stopped in the end. Her eyes were cold, and she knew that she would attack as soon as Yunxiao was bound by the heaven observation mirror.

However, when the other party stepped into the mirror, a thin layer of water vapor covered his body. It was as if he was a water elemental Incarnation. He could move without any obstacles in the mirror, and in just a few steps, he had already walked a hundred meters.

“Stop!” Guang Quan was shocked and shouted.

She was anxious and did not understand why the other party was not affected by the heaven observation mirror. She hurriedly cast a seal into the air, and the heaven observation mirror immediately shot out a slash, breaking through the air.

Yunxiao chuckled and raised his head, the power of the moon pupils appearing in his eyes.

The slash whizzed down and directly cut into his eyes before being absorbed.

Guang Quan was first overjoyed, but then he was shocked. He revealed a look of disbelief and was at a loss.

It was not until Yunxiao put away the calabash Little King Kong and disappeared from the heaven observation mirror that she suddenly came to her senses and immediately chased after him.

It was a vast expanse of green mountains and clear waters. A huge formation appeared in the sky, shining with light.

“Eh? You’re actually showing it off so generously. I thought it would take some effort.”

After a moment of surprise, Yunxiao began to carefully observe the array.

This was a great array. The reason why it was said to be ‘big’ was because the array’s surface extended for who knew how many kilometers. It was as if it had directly merged into the sky, and the entire dome had turned into a great array.

The formation was integrated into one, and no trace could be found.

While Yunxiao was thinking about how to find the array core, several beams of light flew over and surrounded him.

Guang Quan also flew over in a few flashes and held the heaven observation mirror in front of him. His face was cold and serious.

“Sister Guang Quan, who is this person?”

One of them asked. His face was delicate and young.

Yunxiao glanced at them. There were five of them, including Guang Quan, and they were all high-level martial sovereigns, but the strongest was only an eight-stars martial sovereign.

There were 17 dragon guards at the moment, and Guang Quan was dead. As he had guessed, the Dragon head and ten nine-star martial sovereigns had already surrounded che you.

A trace of worry flickered in Yunxiao’s eyes, and he began to worry for che you.

However, when she thought about his body, although it wasn’t the real nine secrets, it had fused with seven Dragon secret treasures, a real Dragon’s Dragon shell, Golden Dragon bones, and Yun Xiang’s blood. He was probably not far from the real nine secrets dragon body.

Even if he couldn’t defeat the Dragon guards, he should be able to protect himself. Only when he thought of this did he relax a little.

Guang Yan’s face was frosty as she said coldly, “you’re the intruder who escaped the detection of the heaven observation mirror!” How dare you take the initiative to come to our door!”

...

Although she appeared fierce, she was actually extremely shocked in her heart.

Not only did the heaven observation mirror have no effect on him, but how did he leave the xuanxiang absolute kill formation and the siege of five nine-star martial sovereigns?

Moreover, when he checked with his divine consciousness, the other party did indeed only have the strength of a four-star Martial Emperor.

“What? An intruder?”

The other four were shocked and glared at him. Their killing intent increased even more when they found out that Yunxiao only had the power of a four-stars Martial Emperor.

sister Guang Quan, ” Yunxiao said with a smile, ” can you tell me where The Eye of the Dragon lock array is? ”

Guang Quan’s expression changed and he shouted in anger, ”kill!”

The heaven observation mirror in her hand shone again, but what shot out from it was not mirror light, but rays of sharp light that fell like rain.

The Dragon Breath in the other four also burst out as they roared and rushed forward.

Yunxiao took out the divine realm tablet and released the evil spirit and the guests, then said, ” “Leave all of them alive!”

“Lord Guang Quan?!” Guang Quan’s body trembled and he said in shock.

...

An evil smile appeared on the evil spirit’s face. With a strange smile, it grabbed its battle axe and slashed it in all directions.

“BOOM!”

As soon as the two nine-stars martial emperors made their move, the joint force of the five men collapsed in an instant, and they were dragged into the divine realm tablet by Yunxiao one by one.

“We can have a good chat Now.”

Yunxiao suddenly appeared in front of the five men and looked at them with a smile.

Guang Quan looked around in shock. She could feel that this place was definitely not a rainy place. She said angrily, “Hurry up and let us out, or Lord dragon head and the others will not let you off!”

if I let you out, will the Dragon head let me go? ” Yunxiao laughed. I’ll be fine.

Guang Quan was stunned and became silent. Clearly, he could not.

haha! Yunxiao laughed. it’s the same result, isn’t it? then why should I let you out? ” Tell me, How do I break this Dragon lock spell?”

“Just kill me!” Guang Quan said firmly.

it’s up to me, ” Yunxiao sneered. whether you live or die is up to me.

His eyes turned into a Blood Moon and the power of his eye sorcery gushed out madly, instantly stunning Guang Quan. tell me, How do I break this Dragon lock spell? ”

Guang Quan’s face was blank, “I must find the Dragon shaking hammer.”

The four dragon guards were all shocked and wanted to rush forward, but they were suppressed by a force. They couldn't even speak, and could only angrily glare at him.

how can we find the Dragon shaking hammer? ” Yunxiao asked with a frown. how can we find it? ”

Guang Yan said,”the Dragon lock formation has no beginning or end. It covers the entire land of rain. Only the heaven observation mirror knows where the Dragon shaking mallet has gone to.”

“I see.”

Yunxiao stretched out his hand and grabbed the heaven-observing mirror in Guang Quan's hand, then disappeared into the divine realm tablet.

Guang Quan immediately regained his senses and his face turned pale.

Yunxiao poured his divine sense into the heaven observation mirror and began to analyze the profound level weapon.

“Eh?”

He was surprised. The structure of the heaven observation mirror was not complicated, and it was very simple to refine. However, after layers of transformation by the embedded formation, it had the effect of peeking at the truth.

“I wonder if this mirror's ability is related to the eye of truth of the Bo family of the four Seas?”

This thought suddenly appeared in his mind, but it was only a flash.

He instantly wiped away the imprint that Guang Quan had left behind and took out the heaven observation mirror. A ray of light shot out from the mirror and into the sky.

The moment the light came into contact with the formation, it began to spread in all directions.

The entire formation map began to appear in the sky. Countless large and small circles interlocked with each other, forming a huge formation. Moreover, it evolved on its own and grew endlessly.

Yunxiao's eyes fixed on the man.

Finally, he detected an abnormality in a certain part of the formation. A Dragon-shaped object was shuttling back and forth within it, occasionally appearing and disappearing.

"It's a formation core that can move on its own!"

Taken aback, Yunxiao teleported and rushed forward, transforming into a Thunderbolt as he merged his body into the array and reached out to grab the Dragon-shaped thing.

The little Dragon was immediately alarmed. With a "whoosh," it shuttled back and forth, disappearing before his eyes.

"Hmph!"

With a sneer, Yunxiao teleported inside the array and caught up with the figure in the blink of an eye. The hand of lightning expanded to several feet in size in the air and grabbed at the figure.

"???"

The little dragon's tail continued to swing as it tried to escape again, but an extremely strong mental energy turned into a mountain and suppressed the space.

The giant hand then fell and grabbed it.

Yunxiao's face flickered as he felt a vast power spreading in his palm, about to break out of his body.

He took out the mirror of great sorrow with his left hand and shone its mirror light at the giant hand. The mirror light sealed the sky and the earth, and only then did it manage to absorb the vast dragon power.

“Hmph!”

Yunxiao snorted coldly again as he opened the immemorial heavenly eye between his brows. The divine realm tablet flew out and took the little Dragon into it.

He sensed that the little Dragon was suppressed by the infinite rules in the divine realm tablet. As expected, it turned into a hammer and was pressed into the ground, unable to move.

Yunxiao was overjoyed. He put away the divine realm tablet and was about to leave.

All of a sudden, the entire heaven and earth turned gloomy. The boundless Dragon lock spell lost its formation eye and began to become extremely unstable. The green light was like a wave, pushing away in the air.

Chapter 1177

1177 The end of the sky

Yunxiao was taken aback. The eye of the array had disappeared, and the entire array seemed to be on the verge of collapse.

If such an astonishingly large formation were to collapse, the consequences would be unimaginable.

He teleported out of the array space and thought about his next step.

Suddenly, the power of dragon's breath slowly rose from the ground, and a series of deep dragon roars resounded across the entire land. Faintly, they seemed to come from ancient times.

Yunxiao was taken aback and looked around in horror. The power of the Dragon Breath and the dull dragon roar came from the hills, as if the entire dragon graveyard in the rain was in an uproar.

“What’s going on?”

Yunxiao was shocked. The countless cries, some deep and some shallow, some far and some near, and the earth trembling were as if the owners of these tombs were coming back to life!

“What’s going on? Could it be that the purpose of the Dragon lock spell is to suppress the endless Dragon tomb?”

Yunxiao was dumbfounded as he felt the endless and increasingly stronger auras.

Suddenly, the Restless Dragon Breath quieted down. It was as if a noisy classroom had suddenly quieted down after a teacher’s shout.

Just as Yunxiao was puzzled, he suddenly felt a heart-palpating aura coming from afar!

Two boundless sword essences shot through the air, as if they were piercing through heaven and earth. Like the blazing sun, they illuminated the boundless land of rain!

The tens of thousands of Dragon tombs that were in an uproar just now quieted down one by one under this sword light. They did not dare to make any sound.

Yunxiao’s face turned pale. The two beams of sword Qi were so strong that they even penetrated his divine body, freezing his blood and making him extremely cold.

He gritted his teeth and turned into a bolt of lightning, flying toward the source of the sword Qi.

In the sky above the Dragon gathering Island, he and the Dragon head faced each other. The two swords shone brightly as they transformed into a world!

Che you's face was pale. Under the radiance of the world of swords, everything became blurry and illusory. It was as if only he and the Dragon head were left in the entire world, looking at each other.

The Dragon head's eyes were filled with coldness as it snorted, " "With one sword, you will die without a doubt!"

I have the body of the nine secrets! The strongest dragon body in the world! You should be the one to die! che you gritted his teeth.

"The so-called nine secret dragon body is just a joke!" The Dragon head sneered. How much power can you display from this Xumi selfless sword? And this no beginning calamity sword has the entire Dragon gathering Island as its source of power!"

"If that's the case, what are you waiting for?" che you said coldly. Why aren't you drawing your sword to kill me?"

The Dragon head's pupils contracted, and his face darkened.

In fact, both of them were very clear that under these two world swords, it was very likely that both of them would die. No one dared to use their swords easily, and just let the two swords shine and evolve the world.

Suddenly, the Dragon head's expression changed, as if it had sensed something. It said in anger, " "The Dragon lock spell! Dragon shaking hammer! Your companion actually dared to have designs on the Dragon shaking mallet!"

Che you frowned, he also felt that the vast formation power between heaven and earth had become extremely unstable. The heaven and earth that could continuously replenish the Dragon power had lost its effect.

He knew that it must have been Yunxiao who had gotten the Dragon shaking hammer, so he looked indifferent and expressionless.

“Damn it!”

The Dragon head’s eyes lit up and he said coldly, “If the Dragon lock spell is broken, all of you will be buried with me!”

He roared in anger and struck out with his hands. The boundless calamity sword in front of him was pulled out from the ground and slowly rose into the air.

The power of the entire Dragon gathering island’s formation poured into the sword, and the infinite sword power began to crush it!

Che you’s expression became extremely alert. His transparent glass body turned into a half-dragon form, and he held the Xumi anthing sword with both hands, carefully controlling the power.

The glass world was crystal clear and as solid as metal. It was on par with the sword Qi gathered by the barrier of Dragon gathering Island.

The two of them had extremely grave expressions, clearly not wanting to take this sword head on.

After a brief moment of rage, the Dragon head gradually calmed down. If this sword was used, even if the two of them did not die, they would be severely injured.

Now that the Dragon lock spell was destroyed, the power to repair the Dragon’s body disappeared. The injuries suffered by the world sword were no longer a matter of how long it would take to recover, but whether it could be recovered.

Once he was crippled, would the remaining ten dragon guards be able to stop the remaining intruders?

Now that the Dragon lock spell had been destroyed, it would be difficult to protect the land of no beginning. Once these people entered, what would happen if they blasphemed the first Dragon ancestor?

A series of headache-inducing questions flashed through the Dragon head's mind, causing his body to tremble slightly. He hesitated to slash out with his sword.

As the two swords clashed, the ten dragon guards felt their bodies turn cold as they looked at the world within the sword in fear.

The five dragon guards who had been guarding the xuanxiang absolute killing formation had also arrived. However, the auras of the two of them had been too terrifying. They had the will but not the strength. With their current strength, they could not set foot on Dragon gathering Island.

Che you also did not want to risk his life. Once the sword was slashed out, unless he had the nine secret body and turned into a true dragon, he would definitely be in danger. Even if he was lucky enough to survive, how could the ten nine-star martial sovereigns who were eyeing him covetously outside the Dragon gathering Island let him go?

"Since Lord dragon head doesn't want to fight to the death, why don't we all put away our swords and have a good talk?"

Che you was the first to speak.

The Dragon head's expression was extremely cold. He changed the seal in his hands and the sword immediately descended slowly, stabbing back into the ground with a clang.

Che you also made a hand seal, and the glass world slowly disappeared. The Xumi ant sword turned into a ray of light and flew into his forehead, forming a sword light pattern.

His body had also recovered from its transparent state, turning back into an ordinary body and standing in the air.

The Dragon head snorted coldly and struck out another seal. The aura on the entire Dragon gathering Island gradually dissipated, and the clear sky was restored.

However, with the disappearance of the sword Qi, the uneasy Qis in the Dragon Necropolis began to stir once more, causing him and the Dragon guards to become extremely cold.

“Hand over the Dragon shaking hammer and immediately leave the rain land. This is the lowest I can accept!”

Letting the intruder leave was already the greatest humiliation for the Dragon guards.

But the Xumi anatta sword in che you’s hand showed that he had the right to come and go as he pleased, they had to swallow this humiliation.

“I don’t know much about the Dragon shaking hammer, I can leave, but I have to enter the land of no beginning,” che you replied.

how dare you blaspheme the resting place of our ancestors! the Dragon head shouted angrily. if you want to enter the land of no beginning, you must step over our corpses!

...

The conversation between the two suddenly became stiff, and the atmosphere became extremely heavy again.

With the disappearance of the sword Qi, the myriad water waterfall that had gathered from an unknown place poured down again.

The Dragon gathering Island was covered in white, and the waterfall surged to the endless sky.

“What?”

Suddenly, che you’s brows twitched as he looked up into the sky. The waterfall did not pour down, but instead, it was flowing into a certain spot in the sky.

The entire sky seemed to have caved in like an abyss, and all the water was flowing into the abyss.

Not even the ten dragon guards had ever seen such a sight before, and they were all dumbfounded.

“Sky abyss? Why is there an abyss in the sky?”

Everyone was stunned. Only the Dragon head’s face twisted, exuding boundless coldness and anger.

Che you looked on in a daze for a while, he suddenly came to a realization and said happily: “The end of the sky! The place where all the water converged was the end of the sky! This abyss is the land of no beginning!”

His cry of alarm immediately caused the Dragon guards to understand.

...

The Dragon head’s face darkened. He knew that there was no way to ease the situation today. He changed his hand seal and grabbed the No beginning calamity sword in front of him.

Che you was also shocked and became alert. The sword radiance flashed between his brows and the Xumi andot sword was swimming inside, ready to break out at any moment.

Suddenly, one of the Dragon guards cried out in alarm, “Who is it? Someone has entered the end of the sky!”

Everyone was shocked and looked up, only to see a bolt of lightning rush into the abyss with the gathering of water.

Che you was taken aback, but he immediately recognized that the figure was Yunxiao. Without saying a word, he performed an incantation gesture and transformed into a Dragon, rushing toward the abyss!

“Dammit! Chase!”

The Dragon head roared in anger. With the sword in its hand, it turned into an Azure Dragon and chased after him with a roar.

After a brief daze, the other ten dragon guards also trembled and furiously gave chase.

For countless years, the guards had never had their Dragon shaking mallet taken away like today, and it had even invaded the most sacred place in the rain land.

A great sense of shame welled up in the hearts of all the Dragon guards, and they instantly resolved to die. They had to kill each other!

After Yunxiao flew into the heavenly abyss, he was surrounded by the sound of water and an endless dark space. It was like the starry sky outside, but it was darker than the starry sky, without any light.

He quickly sensed that a dozen powerful auras were chasing after him. He laughed bitterly and increased his speed.

However, as he went deeper, he was secretly happy.

The deeper one’s spiritual sense went, the greater the obstruction. Even with his spiritual sense, he could only extend it to a radius of a hundred meters, and this range was still shrinking.

In this way, it would be as difficult as ascending to the heavens for those people behind him to catch him.

He unconsciously slowed down and began to carefully hide his figure.

After all, this place was too mysterious. It would be a miracle if he were to die in a moment of carelessness.

“Hmph! You think you can fish in troubled waters?”

Suddenly, the Dragon head’s cold voice sounded in his ear.

Yunxiao was taken aback. He looked around in horror, only to see a man slowly walking over with a sword in his hand, his aura locking on to him.

“You, how could you lock onto me so accurately?”

Yunxiao’s heart trembled, and a great confusion emerged in his mind.

A faint Azure light flashed through the air. It was the sharp and cold gaze of the Dragon head.

The Dragon head raised its sword and slashed down!

A boundless aura of destruction welled up in Yunxiao’s heart, and he felt as if the sky was falling and the earth was cracking. In the face of such a great crisis, he was like an ant, unable to resist at all!

Chapter 1178

1178 Shaking into the void

At the moment of life and death, under the light of the No beginning calamitous tribulation sword, che you’s face appeared.

A sword light shot out from between his eyebrows. A glass light streaked across the sky and broke the sword power of his opponent.

A vast power surged up and spread in front of the two of them, illuminating the entire darkness in an instant!

The Dragon head was shocked and furious. This was the No beginning space, the resting place of the ancestors. If they really started fighting, the consequences would be unimaginable.

Yunxiao, who had just saved his life from the gates of hell, said, "Many thanks."

He looked at the center of Che You's brows in shock, and a terrifying aura flickered within. Looking closer, he realized that it was a sword-shaped aura.

He was very suspicious. After being with the demonic Dragon for so long, he was sure that he didn't have this sword before. He didn't know where he had obtained it in such a short time, but it was as terrifying as the sword in the Dragon's hand.

"Hmph!"

Che You snorted coldly, his face was covered in frost, no one knew what he was thinking.

Just as the sword light illuminated the darkness and brought endless light, an aura quietly emerged, and everyone's hearts trembled.

There seemed to be a pair of eyes as deep as the starry sky above the sword light, staring at everyone.

Everyone looked up, but there was nothing. However, the feeling of being watched was like a shadow, and it was definitely not an illusion!

However, no matter how hard they searched, they could not find any traces.

Che You looked at Yunxiao and said in a deep voice, "What Is This Feeling?"

Yunxiao's divine sense was the most powerful, so he could sense it more clearly, and his face was extremely pale.

His moon-like pupils appeared. No matter how he looked, he couldn't see anything. The entire space was dark except for the radiance of the two swords.

“Even you can’t see through it?” che you was shocked.

The Dragon head and the Dragon guards were also terrified. Although this power was invisible, it made them tremble with fear. This was a fear that came from the depths of their souls.

I’ll try again. Yunxiao’s expression changed. I’ll try again.

His hand flashed and the heaven observation mirror appeared. He threw it out.

The mirror light swept across the void and cut through the darkness. It spread above the sword radiance like a water curtain.

Under the light of the mirror, a huge dragon head appeared. It had a peaceful expression, as if it was sleeping.

The ethereal aura was coming from this Dragon!

“?!”

The moment everyone saw the Dragon head, they felt as if they were electrocuted and struck by lightning!

“Lord first dragon ancestor!” The Dragon head roared in shock.

The ten dragon guards all trembled. The fear that came from the depths of their souls made them drop to their knees in the air, prostrating themselves in the darkness and trembling, not daring to raise their heads.

Che you was also shocked and he could not calm down. Only the Xumi anatta in his hand gave off a transparent light that could give him some warmth.

All of them were nine-star martial sovereigns who stood at the peak of the continent. However, they were all shocked and retreated with just a glance.

There was only one explanation for the existence in the mirror. It was the ancestor of the eastern sea Dragon Tribe, the Suan ni Dragon!

Yunxiao trembled violently as well, and he retreated in the darkness.

The Dragon was in a deep sleep!

Just looking at that peaceful expression made him shiver. He couldn't help but feel fear in his heart.

is he alive? the head of the Xuanji Dragon son, is Lord Shi long really alive? ”

Che you was also bewildered and extremely fearful.

Yunxiao swallowed with difficulty. There was no true spirit under the sky, and all the experts of the ten divine realms had disappeared without a trace. How could there be a living true spirit?

His heart was filled with boundless courage, and his eyes instantly turned into blood moons. He stared at the Dragon body in the heaven observation mirror, wanting to see the truth.

Suddenly, his entire body trembled. The Dragon's whiskers on the giant dragon seemed to tremble slightly.

“A-a-are they moving?”

Yunxiao stammered in horror and cried out in horror.

When you also seemed to have sensed it, he also took in a deep breath of cold air and retreated.

He held the Xumi anatta sword in his hand and was extremely vigilant.

The dragon's head was also extremely shocked. It stood in the darkness, and its face could not be seen clearly.

The ten dragon guards didn't even dare to raise their heads, all of them trembling on the ground.

Yunxiao did not dare to breathe as he said in a deep voice, "Did you really move just now?"

The entire abyss was deathly silent, and no one could answer him.

Just as he swallowed his saliva and was about to ask again, his pupils suddenly contracted. Then, his moon-like pupils suddenly opened to the extreme, and his eyeballs almost fell out!

The Dragon head that was illuminated by the heaven observation mirror slowly opened its eyes!

"?!"

Yunxiao felt a chill run down his spine. What a pair of eyes!

Under the gaze of the dragon's eyes, the entire head was about to explode!

At the moment of crisis, the power of the moon pupil was instantly exerted to the extreme. The ten directions divine skill appeared, and everything it saw disappeared!

The gaze of the huge Dragon's Eye slowly disappeared under the effect of the lunar pupil divine skill. Only then did Yunxiao's head gradually calm down, but blood was already oozing out of all seven holes.

...

With just a single glance, he had injured the sea of consciousness of a top expert with eye techniques!

Yunxiao's face was extremely pale, and before he could catch his breath, he heard the you's roar, "be careful!

"Bang!"

The heaven observation mirror shattered.

The moment the mirror shattered, Yunxiao saw the Dragon slowly open its mouth, and an ancient sound rang out!

Yunxiao was completely dumbfounded. 'Fang ze's dragon roar cast by the ancient true spirit, the first Dragon?

"BOOM!"

the power of his eye technique completely vanished under the Dragon roar, and he was completely stunned.

The imperishable golden body automatically protected his body. A bright moon appeared behind him, and a strange phenomenon appeared.

However, in just a moment, they were all shattered by the roar, and their bodies continued to collapse!

The divine realm tablet flew out from between his eyebrows and transformed into a world. It wanted to resist the Dragon's Roar, but it was blasted back in half a breath.

...

Yunxiao collapsed in an instant. Just as he was about to fall, a figure came from the sky and blocked his way.

“Xumi anatta, world sword!”

At the critical moment, che you transformed into a glass giant and stepped in front of Yunxiao. He waved his divine sword, and the transparent glass light turned into a world that spread out in the darkness to resist the Dragon roar.

“Bang Bang Bang Bang!”

The world sword’s vast power kept making sounds of collapse, and even the Xumi andot sword couldn’t block the Dragon roar.

Che you’s body also collapsed.

At the same time, the space where the two of them were was also shattered. The power of the sound waves continued and hit the two of them, shaking them into the endless void!

After the two of them disappeared into the sky abyss, the Dragon’s Roar finally stopped.

Without the heaven observation mirror, no one could see Shi Long’s appearance. They were all terrified, and even though the Dragon Breath had disappeared for a long time, the Dragon guards were still trembling on the ground.

The Dragon head’s face was also pale and his forehead was covered in cold sweat. His eyes flickered with a sharp light, and no one knew what he was thinking.

After Yunxiao and che you were thrown into the endless void, both of them were seriously injured, and their bodies and consciousness were gradually dissipating.

A golden light shot out of Yunxiao's forehead. It was Noah's ship.

Ye Fan formed a hand seal and dragged the two of them in, they lay on the warship, fresh blood flowing out of their bodies.

He hesitated for a moment before taking out two pills and stuffing them into their mouths. He then sat cross-legged in the air and let Noah's ship float in the void on its own.

After an unknown period of time, Yunxiao suddenly sat up on the warship and vomited a mouthful of blood. Then, he performed an incantation gesture with both hands and began to regulate his breathing.

Ye Fan opened his eyes in surprise, but he did not dare to disturb Yunxiao and said a word.

He then looked at Che You with a strange expression.

Che You's entire body had turned into a transparent color and a sword radiance was spinning on his forehead as if it was repairing his body.

Because the light was too clear, Ye Fan could not see Che You's injuries.

However, since there was such a surging power circulating, it should be fine.

In particular, after Yunxiao exercised his cultivation technique to heal his injuries, he immediately felt relieved and began to meditate with peace of mind.

Golden light kept emerging from Yunxiao's body, and moonlight emerged behind him, but they could not form a bright moon.

Under the Dragon-roaring square, the divine body phenomenon was completely shattered, causing his physical body to suffer extremely serious injuries.

However, it was a blessing in disguise because the indestructible golden body had absorbed a lot of the first dragon's breath. This little bit of Dragon Breath was absorbed to repair his body and carried out a great transformation to his body!

At this moment, Yunxiao's body was crackling like fried beans, and all his aperture acupoints and barriers were broken and reborn.

Ye Fan looked at Yunxiao's transformation in horror. From his body, an aura as strong as a Dragon and a Tiger came out, as if it was the aura of a powerful man from ancient times. It came out of his body from time to time, shocking him.

The same feeling also appeared on che you.

The power of the Dragon Breath coming from the transparent glass was no weaker than Yunxiao's.

"Won't these two Suan ni absorb Shi Long's Dragon Breath and turn it into their own?"

Ye fan's eyes revealed extreme shock, his eyes became blurry and white, as if he was in a daze.

Then, a few strange symbols appeared between his eyebrows. Upon closer inspection, they were actually five ancient Maha characters that flashed on his forehead.

Ye fan's eyes became sharp, his entire aura changed.

With his hands behind his back, he looked at Yunxiao and che you with a thoughtful expression.

Then, he took a step forward, and with a flash of golden light in his hand, he patted several parts of Yunxiao's body.

"Pfft!"

Yunxiao coughed up another mouthful of blood. He felt a vast force pouring into his body, constantly washing his meridians and bones. All the places that he had been struggling to break through before were now broken, and the power was surging wildly in his body!

“Ye Fan, you’re so weak!”

He opened his eyes and looked at Ye Fan in shock.

At this moment, Ye Fan had returned to his previous state, and he also looked horrified. When he saw that his hand was still on Yunxiao’s body, he hurriedly stepped back in shock.

Chapter 1179

1179 Soul-searching

Ye Fan did not know what to do, he said awkwardly: “I ... I just ran ...”

you’ve broken through all the barriers in my body with just a few moves,” Yunxiao said. you’ve allowed Shi Long’s Dragon Breath to completely merge into my body.

“Ah?”

Ye Fan was shocked, he had a confused expression.

it seems that the divine sense I left in your body is still there,” Yunxiao sighed. it’s not like I can’t find it.

ancestor?” Ye Fan was shocked: “you mean ancestor’s divine sense?”

Yunxiao nodded. I’ve been wondering why you can control Noah’s ship so skillfully. he said. I’ve always been surprised. I thought it was your ye family’s Secret technique, but it seems it has something to do with this divine sense.”

Ye Fan said,”no wonder there are so many weird things appearing in my head ..”

“Strange things?”

what?” Yunxiao was taken aback. let’s not talk about this for now. I’ll improve my cultivation base first.

His eyes lit up, and the aura in his body began to rush up in his peak state!

Ye Fan only felt a strong Emperor Qi rushing towards him, he quickly retreated in shock.

The Emperor aura turned into a Nebula vortex around Yunxiao, and the laws of heaven and earth appeared on Noah’s ship and began to gather around him.

After the nine Heavens realm, every breakthrough must be fully prepared, including the supply of various primordial cores and materials, as well as an extremely safe environment for the breakthrough.

But for Yunxiao, it was like eating a meal, especially since his strength had already broken through this level. As soon as he reached the realm, he immediately broke through and rose to the realm of a five-stars Martial Emperor.

However, he didn’t immediately come out of his state of breakthrough after the breakthrough. Instead, he gathered the descending laws and continued to slowly comprehend and cultivate.

Ye Fan opened his eyes wide and observed the entire process.

In ye Nantian’s notes, it was recorded that one could control the rules as he wished during the breakthrough.

Unless there was a great opportunity, one could completely enter a state of anatta at that moment. In this way, one could become one with the world and the rules would not dissipate.

However, it was a rare situation. Ye Nantian had suggested another possibility, which was that when the cultivator was much stronger than the cultivator, he could control the rules as he wished.

But, apart from Yunxiao, who was in a special state, how many people in the realm of Nine Heavens could reach a strength that far exceeded their own realm?

At this moment, Yunxiao had stabilized his cultivation base at the five-stars Martial Emperor realm, but the rules still did not dissipate, allowing him to use them freely as he continued to consolidate his cultivation base.

After a long time, Yunxiao came out of his cultivation. With a wave of his hand, the countless laws dissipated.

The surging Emperor Qi circled around his body and all of it was retracted back into his body. His Qi activity was restrained, and he was like a mortal.

congratulations! Ye Fan was overjoyed and said, " big brother Yunxiao, congratulations!

Yunxiao chuckled. For him, this was not a happy event. As long as he accumulated enough, he would naturally make a breakthrough.

But no matter what, he was one step closer to the peak of martial arts.

Che you was still in the transparent light at the moment, and Yunxiao could not help but be curious. He cast an eye technique and looked into it.

Suddenly, a glass-like light flashed above him and interrupted his eye-bloodline technique.

Che you opened his eyes and rose to his feet. He stared at Yunxiao coldly and said, " "What do you want to do?"

Yunxiao's face darkened. so, you've recovered a long time ago. You're lying on the ground and playing dead," he said.

“Hmph!”

Che you snorted coldly, he closed his eyes and did not speak.

Yunxiao smiled wryly. Now, che you’s temperament had changed greatly, and it was all his fault for not considering everything when he refined the Dragon body.

However, at least after being cleansed by the nameless mind-clearing incantation, he could be considered normal.

“Ye Fan, can we leave this place now?”

the closest coordinate to this void space is the main hall of the palace.

Ye Fan said: “ even the coordinates of Eastern Sea Palace appear and disappear from time to time. I can’t sense it clearly. But as long as I find the right time, it doesn’t stop the battleship from breaking through.

Yunxiao pondered for a moment and said, ‘then you’ll try your best to find an opportunity to leave this place as soon as possible. If we lose contact with the only coordinates, we’ll be in deep trouble.’”

Che you opened his eyes and walked to the deck. The sword shadow on his forehead appeared in his hand and he slashed down!

“Swish!”

A burning sound came from the void, and the darkness was split open. A vortex surged inside, and a terrifying power flowed within.

what are you doing, old dragon? ” Yunxiao asked in surprise.

Without saying anything, Che Yu stepped out and walked towards the black Whirlpool.

“You’re crazy!”

What?! Yunxiao was shocked. This is the primeval universe! You’ll die in there if you’re not careful!

Che Yu turned around and said, “Ancient true dragons can travel through the universe. Although my body is not the nine secret dragon body, it is still the strongest dragon body in the world. It is too easy to leave this place.”

After he finished speaking, he was stunned for a moment and immediately realized that there was something wrong with his words. The ancient true spirit, the first Dragon, was still alive. That was probably the most powerful dragon body.

Isn’t it safer to leave after we leave this place?” Yunxiao asked.

“No need,” Che Yu said.

Yunxiao knew that he could not keep her, so he said with a wry smile, “Where are you going?”

Che Yu snorted and said, “Hmph!” It’s all because of you. There are too many problems with this body. I’m going to look for the opportunity to advance to the true dragon body.”

Such an opportunity is hard to come by,” Yunxiao said. How can you find it?”

...

“I already have a plan in mind, you don’t need to worry about it, just think about your own matters,” Che Yu said.

He stopped, looked back, and said, “Goodbye.”

He took a step forward, and his figure slowly disappeared into the endless darkness.

Yunxiao stayed on the warship with an indescribable feeling in his heart.

The two reincarnations had met, and in this life, his two souls had fused. They had lived and died together for so long, so it was inevitable that he would feel a little emotional now that they were separated.

“All good things must come to an end, take care.”

Yunxiao looked at the darkness that was gradually merging and sighed.

The next moment, he appeared directly in the divine realm tablet.

After a moment's contemplation, he waved his hand and summoned yang yuanshu and the other guests.

As soon as they saw each other, they had different expressions. Yang yuanshu looked frightened. As a great Alchemist, he had already guessed where he was.

“Your Excellency, we have no grudges between us. Please spare my life!”

...

As soon as he saw Yunxiao, he hurriedly begged for mercy.

what's the purpose of setting up a seal in his body? ” Yunxiao pointed at the guests and asked.

Yang yuanshu's expression changed slightly, a hint of hesitation flashing through his eyes. He hurriedly said, "My status is low, I don't know about this."

The eyes of the officials were filled with coldness, and killing intent emerged from their bodies.

"It's true, I really don't know! Milords, please let me go!" Yang yuanshu said in fear.

Yunxiao's mind flickered, and Gu Yuesheng appeared in front of him, looking stunned.

Then, he hurriedly saluted Yunxiao and said, " why did Lord cloudsky call me over? "

"Do you know this man?" Yunxiao asked.

When Gu Yuesheng and yang yuanshu saw each other, they were both shocked and immediately called out each other's names.

Yang yuanshu's expression flickered as he coldly said, "So it's junior Brother Yuesheng. My master and I thought you were dead."

Gu Yuesheng's face was as cold as ice. He said coldly, " Even if I die, would Master Care? The secret arts and techniques he taught me were just to make me walk towards death, step by step."

"Shut up!" Yang yuanshu coldly shouted. Master taught you a supreme art, but you don't know how to be grateful. Instead, you criticize me. You're worse than an animal!"

Gu Yuesheng ignored him and said to Yunxiao, " "Lord cloudsky, this person is one of Qiu Mujie's most trusted disciples. Qiu Mujie has over twenty disciples, but most of them are like me, half disciples and half test subjects. Only yang yuanshu and another person are the true disciples that Qiu Mujie intends to pass down his mantle to."

"Haha, what a joke!"

Yang yuanshu's face was ashen as he angrily cursed, "You're the one who's slow-witted and doesn't want to make progress. You didn't learn anything and now you're blaming master!"

Yunxiao sneered. Oh? So you've learned a lot? I'll search your soul and see what Qiu Mujie taught you."

With a cold smile on his face, he raised his hand and was about to grab it.

"?!"

Yang yuanshu trembled in fear as he angrily retorted, you ... How dare you search the soul of a great Alchemist? aren't you afraid that my soul power will bite back at you and you will die together with me?"

"Ha, haha, soul power backfired on me, and we're going to die together?"

you really think you're something?" Yunxiao sneered. you really think you're something?"

He struck out with his palm, and a huge handprint suddenly condensed in the air, slamming down.

"Bang!"

Yang yuanshu couldn't avoid it at all in the divine realm tablet. He spat out a mouthful of blood from the shock, but his body seemed to be nailed in the air, unable to move at all.

The huge force kept tearing his body apart, and he kept screaming and begging for mercy in pain.

Yunxiao's pupils constricted as he performed an incantation gesture with both hands, then opened his mouth and uttered a musical note.

"Swish!"

The entire sky trembled as the musical note swept out like a storm and crashed into yang yuanshu. It directly shattered his eardrums, rushed into his spiritual altar and sea of consciousness, and destroyed his will.

Gu Yuesheng was terrified. Although the note was not directed at him, he could sense the boundless destructive will in it, which even a ninth-tier Alchemist could not resist.

The syllable was in the Dragon language. Because the body structure of a human was very different from that of a Dragon, only a Dragon could speak in the Dragon language. But, Yunxiao had imitated the Dragon language with the power of a seal.

Moreover, the Dragon language was not the key. The most important thing was the power of the first dragon's breath in his body. This was the true power that could destroy yang yuanshu's spiritual altar and sea of consciousness.

A cold gleam flickered in Yunxiao's eyes. After uttering that one word, yang yuanshu immediately bled from all seven holes, and his vitality gradually faded.

His eyes were ice-cold, without the slightest bit of pity.

A powerful spiritual sense shot out from his eyes and madly surged into yang yuanshu's spiritual altar and sea of consciousness, thoroughly examining his soul.

Yang yuanshu's face instantly contorted from a dazed expression, and he let out a muffled "ah ah" sound from his mouth, appearing to be in extreme pain.

Chapter 1180-return

Yunxiao's divine sense seized the other party's memory unscrupulously. Soon, his brows furrowed, and his expression grew more and more solemn.

After the Dragon's Roar destroyed the other party's will, he did not encounter any resistance throughout the entire process, and soon, all of yang yuanshu's memories were extracted.

He immediately withdrew his spiritual sense, and yang yuanshu's face turned completely lifeless as he gradually died.

Then, it exploded with a 'bang' and turned into dust.

Yunxiao's eyes flickered with shock and joy, as well as a sharp killing intent!

Outside of Red Moon City, on top of purple cloud Peak, the scene also entered his mind.

"Keyue actually left with tiansi, Zhenzhen."

Yunxiao's eyes were filled with shock. An unintentional soul search had actually given him the thing he wanted to know the most.

Although he was shocked, at least ning Yue was fine. The big thing that had been hanging in his heart for a long time was finally settled.

His expression was extremely gloomy and his eyes flashed with a cold light. Qiu Mujie, I didn't think much of the people from the sea of soul formation trying to kill you back then. Now, it seems that you deserve to die!"

Gu Yuesheng stood aside carefully and watched nervously. He did not dare to make a sound.

With a wave of his hand, Yunxiao teleported him away, then made a grabbing motion in the air, and a club appeared in his hand.

The mallet continuously transformed into the shape of a Dragon and began to tremble restlessly. It wanted to break through his palm and escape, but it was being locked tighter and tighter by the enormous force.

Yunxiao clenched his fingers and crushed its resistance, turning it into a hammer and no longer moving.

He carefully examined the hammer. It was neither gold nor Jade, and he didn't know what it was made of. It emitted an extremely strong Dragon Breath.

"A Dragon's Secret treasure?"

Yunxiao could not help but frown. The hammer looked like a dragon Bone, but the aura contained in it was much stronger than that of an ordinary Dragon secret.

"Since this item can suppress the power of the Dragon race, I wonder if I can use it against Guangxian?"

He played with the Dragon shaking hammer in his hand for a while and felt that it didn't mean much to him. Then, he left the divine realm tablet in a flash and returned to the warship.

Right now, the warship was golden in color, Ye Fan was continuously bombarding the tunnel, using the spatial coordinates he sensed to establish a connection, using the warship to bombard a path!

"Boom boom boom!"

A rumbling sound came from the endless darkness, and it continued to shake into the endless distance.

A dark tunnel appeared in front of Noah's ship. Ye fan's expression was serious, his hand seals changed and the entire ship entered it, traveling through the complicated and strange space.

In the next moment, it finally broke through the darkness and entered the light.

"BOOM!"

A tremendous energy wave was blasted away from the battleship, and endless water-splashing sounds could be heard from all directions. Countless bubbles rose up.

As expected, he had returned to the bottom of the East China Sea.

Yunxiao looked over and saw a large group of sea people gathering around him. They were the guards of the palace.

“Young master Yunxiao, I’ve been waiting for you for a long time.”

Guang shun’s familiar voice rang out, followed by a smile, “ I thought Mr. Yunxiao had abandoned us.

of course not, ” Yunxiao said with a smile. I was very happy during my trip to the East Sea. If I’m leaving, I’ll definitely say hello to you all.”

“Hehe, it’s good that you’re happy. My father’s and this one’s hospitality was not in vain. Please.”

Guang shun opened up a path, his face full of smiles.

Yunxiao, on the other hand, smiled wryly. When he was about to move forward, he suddenly sensed an extremely unfriendly aura.

In the sea in front of him, a figure kept flashing and appeared. When he was a few feet away from him, his feet stopped. The sea water that was being squeezed surged over like an iron plate. The sea Race guards in all directions were forced to retreat, revealing a look of shock.

“What?”

Yunxiao raised his head, turned his palm into a blade, and slashed it forward, splitting the waves and pushing them to both sides.

“Which green onion is this?”

“Hmph! You’re indeed arrogant!”

The man snorted heavily, and a chill spread in the air. The seawater around him froze under this chill.

Guang shun's expression changed,"big brother!" You've come out of seclusion?"

He was bewildered, and fear appeared in his eyes."This man is my father's guest. What do you want to do, big brother?"

"Honored guest? You're just a chess piece, do you think I don't know?"

Crown Prince Guang Zheng's face was filled with disdain.

Guang shun's eyes flickered with a hint of joy, young master Yunxiao was sent by father to the rain land to handle some matters. Now that he has returned from his mission, he should be treated as a distinguished guest.

"Hmph, it's raining!"

Guang Zheng's face twitched as if he had been triggered. Killing intent surged from his body as he said coldly, "What right does a lowly person like him have to enter the rain land? Among the ten-odd crown princes, other than Guang le, no one stopped him. What qualifications do you have to be crown princes?"

Guang shun's eyes flashed and he said coldly, this matter will be decided by Royal father. Big brother's words are clearly questioning Royal father's words. This is really disgraceful!

Guang Zheng's lips curled into a cold smile,"brother Guangshun, you don't need to use father to pressure me." Don't think that I don't know what you're thinking. It's just that an existence like you is just an ant in my eyes. As long as I want to, I can crush you to death at any time!"

"Guang Zheng! This is too much!"

Guang shun was furious. Just as he was about to flare up, a roaring dragon's breath came from the other party's body. Before he could move, he felt a mountain pressing down on him, and his organs felt like they were being squeezed together!

"Pfft!"

After spitting out a mouthful of blood, Guang shun retreated a few steps, his face filled with fear as he cried out, you ... You've entered the nine-star realm?!

...

"Hahaha! Now you know that I wasn't lying?"

hahaha! Guang Zheng laughed wildly and said smugly, " in the entire Four Seas, there's no one else who can become a nine-stars martial sovereign at my age other than that traitor, Guang Yuan!

A cold light flashed in his eyes, and he said coldly, " I advise you to dispel your thoughts as soon as possible and be content with being a piece of trash. Otherwise, you'll really turn into a piece of trash!

Guang shun's face was ashen white, and he was extremely terrified.

Among the few crown princes, Guang Zheng was the first to become a nine-stars martial sovereign, and he had already left all of them far behind. The gap between their realms was the greatest distance on the road to the throne!

Under the pressure of Guang Zheng's aura, the guards all retreated tens of meters away, not daring to come forward.

If they were to provoke him, they would die in vain.

Guang shun's eyes were filled with hatred as he roared in his heart, Kill! Kill Yunxiao! As long as you kill Yunxiao, let's see how my father will deal with you!

“You’re the lowly human who defeated my brother and was sent to the rain land by father to carry out a mission?”

“Other than the word ‘lowly’, the others seem to be referring to me.”

“Hmph, being lowly is inborn. You have to submit even if you don’t want to!”

...

“Oh.”

yes,” Yunxiao answered casually, as if he were looking at an idiot.

“Die!”

Guang Zheng was infuriated by Chu Li’s appearance. He immediately closed in and punched the sea. The wind from his punch was like a dragon rolling and roaring in the sea.

Although Yunxiao looked casual, he was already on high alert. The other party was a genuine nine-stars martial sovereign, and he was by no means able to fight him head-on.

The cold sword, ice and frost, struck out in an instant, slashing the sky!

A sharp sword Qi suddenly pierced out, and under the extremely strong sword intent, it tore the fist wind apart.

The ocean immediately churned up huge waves, forming two violent whirlpools on both sides of the sword, stirring up wind and waves!

“Eh? No wonder Guang le was not your match.”

“Hmph, you’re talking as if you can beat me.”

With a sneer, Yunxiao transformed into his three-headed and six-armed form, and the Dragon shaking hammer appeared in one of his arms.

Soon after, his two arms began to make hand seals, one after another, flying into the dragon shaking hammer.

A terrifying Dragon Breath spread out of the hammer as Yunxiao’s seal simulated a tiny dragon lock array that spread in the sky.

“Argh! My strength is so strong!”

Guang Zheng was shocked to find that all the elemental energy in his body had been locked and he could not use his dragon power!

Not only him, even Guang shun and the guards of the sea Race who had Dragon bloodline all had a change in expression.

“Swish!”

“Swish!”

Guang Zheng fiercely channeled his energy and threw two punches at the sea. Other than his own body’s immense strength that caused the sea to explode, there was no other dragon power!

He looked in horror at the miniature dragon lock spell in the sky and the extremely powerful dragon power emitted from the Dragon shaking hammer. It made him feel terrified.

“Who did you just call ‘lowly’? Please say it again, my ears are bad and I didn’t hear you clearly.”

With the ice sword in his hand, Yunxiao walked forward step by step.

Guangzheng’s face turned ashen as he turned around to escape. As long as he could leave the area affected by this strange formation, he would be able to recover his strength and blow this person up.

But, as soon as he moved, Yunxiao teleported in front of him and stared at him coldly.

“You, what are you doing? I’m the Crown Prince of Dong Hai, do you dare to touch me?”

Guang Zheng became afraid as he threatened.

Guang shun, on the other hand, was in a completely different mood. He was so nervous that his hands were covered in cold sweat. Although he was also shocked by Yunxiao’s means, the most important thing at the moment was to let Yunxiao kill Guang Zheng directly.

“Young master Yunxiao, my big brother is a vengeful person. He remembered that there was once a member of the sea Race who insulted him verbally. At that time, his big brother was still not that person’s match. After returning, he mobilized an Army and exterminated that person’s entire race. Please forgive me, young master Yunxiao, and let my big brother go.”

Guang shun took a deep breath and said slowly.

Those with discerning eyes could understand that although his words seemed to be begging for mercy, they actually hid a great killing intent.

Guang Zheng was not an idiot, he said angrily, “Guangshun, you’re so evil!”

Yunxiao understood what he meant even more. He sneered and said, “I see. It seems that the Crown Prince is a smart person who knows when to yield. I’m not such an executioner. How about this, as long as you kneel down and admit your mistake, I’ll spare you.”

“You ... You dare to humiliate me like this?” Guang Zheng’s expression changed and he shouted in anger.

Guang shun was overjoyed. young master Yunxiao is indeed benevolent. As expected of someone who father appreciates! he exclaimed excitedly.

If Guang Zheng knelt down in front of everyone, he would be doomed for the rest of his life. He would never be able to lift his head again.

Yunxiao’s face turned cold as he said, ” “It seems like you don’t want the chance I gave you.”

The ice sword in his hand stabbed forward at an extremely slow speed.

However, the more it was so, the more Guang Zheng could feel the fear of death. The sharp sword ray slowly cut through his skin, and the breath of death was slowly boiling him like warm water, scaring him out of his wits.
