

## **The Eternal 1181**

Chapter 1181-do you still want face?

“Wait, wait! Young master Yunxiao, Lord Yunxiao, please take your time!”

This time, Guang Zheng was truly afraid. His emotions fluctuated greatly and he started to panic.

Yunxiao’s eyes flickered with a demonic light as he secretly circulated the power of the lunar pupil, multiplying the fear in the man’s heart and gradually crumbling his confidence and dignity.

Suddenly, a force pushed over like a wave with the help of the sea water.

“Hmph, he’s here.”

Yunxiao snorted coldly in his heart as he turned the sword of ice in his hand and cut the wave apart.

The incantation gestures on the two arms behind him changed, and the pocket-sized Dragon lock spell in the sky quickly turned into a ray of light and pressed down on the source of power!

The sea water swirled like a Whirlpool. Under the Dragon shaking hammer, a figure gradually appeared.

“Father!”

Guang Zheng was pleasantly surprised, but he quickly became embarrassed.

His father had seen his ugly expression of being afraid of death just now. His eyes were spewing fire, and he wanted to bite Yunxiao to death.

He himself also felt strange. At worst, he would just die, so why was he so afraid? could it be that his heart was weak? When he thought of this, he suddenly felt ashamed, angry, and remorseful.

As for Yunxiao, when the Dragon lock array flew away, he merged his sword with his body and stabbed at Guangxian.

He did not use his full strength in this strike, but only half of it.

“Clang”

Guangxian raised his hand, his five fingers turned into a Dragon Claw, and caught the ice sword in his hand.

Clang! Clang!

The sword Qi vibrated and cut his dragon claws, but it was only limited to superficial wounds.

Guangxian’s brows furrowed as he looked at the sword in shock. The sharpness of the sword greatly shocked him.

“So it’s Lord Guangxian.”

Yunxiao was shocked. Guangxian was indeed not affected by the array, and it was just as he had guessed.

However, his expression was one of shock, as if he had misunderstood. He kept his sword and said, “I almost injured you by mistake, my Lord. I’m sorry.”

“Hmph!”

Guangxian snorted heavily and looked at him with a profound look, but he did not expose him.

He raised his hand, and the Dragon Claw that had just been stabbed by the cold sword and frost immediately recovered.

Yunxiao's pupils constricted, and he was secretly shocked. Guangxian actually benefited more from the Dragon lock array. Then, there was only one answer, and that was that Guangxian also had that kind of magic art.

It seemed that Guangxian had concealed a great deal of information from him. At the very least, he must have had deep contact with the Dragon guards in the rain and learned the spell to use the Dragon lock spell.

Guangxian raised his head and looked at the pocket-sized formation in the sky. His eyes flashed with excitement and he said, "Not only did you bring back the Dragon shaking hammer, but you also learned the Dragon lock spell. You really didn't let me down!"

He opened his hand and a boundless suction force appeared. In an instant, the Dragon shaking hammer was extracted from the array.

The entire formation suddenly disappeared in a flash, and the hammer fell directly into his hand.

fortunately, I did not fail my mission," Yunxiao said with narrowed eyes. may I leave now?"

Guangxian's entire attention was focused on admiring the Dragon shaking hammer. He could not help but laugh out loud in joy. The power of the dragon's breath spread out, causing everyone's qi and blood to surge.

"Li Yunxiao, to be honest, I didn't have much confidence when I asked you to go in the beginning. Even if Bo Yuqing were to personally make a move, I don't think he can do it. I'm only letting you go to give it a try."

Guangxian caressed the Dragon shaking hammer in his hand, fondling it admiringly, "But you've given me too much of a surprise. I still can't believe it's real. I'm very curious, how did you do it?"

it's luck," Yunxiao said embarrassedly. it's just luck.

Guangxian cast a few incantations into the dragon shaking hammer to stimulate the Dragon power inside, wiping away Yunxiao's Mark, and then put it away with relief.

Looking at his skillful technique, Yunxiao was even more certain that the relationship between the old fox and Yu di was not simple.

luck is always a humble saying for the strong. It seems that I have always underestimated you.

Guangxian raised his head and looked at Yunxiao, giving him a bad feeling.

"Hehe, I just want to know, can I leave now?"

"There's one more mission. Where's the first dragon's blood?"

"Didn't you make fun of me? Does that thing really exist?"

Yunxiao immediately played dumb. If he told him about Shi long, he would really be unable to leave this place.

"Oh?"

Guangxian's face revealed a look of suspicion. He stared at him and said,"How do you know that thing doesn't exist? Could it be that you came out after you took out the Dragon shaking hammer?"

"Yes," Yunxiao said. Those dragon guards were all nine-stars martial sovereigns, and they were lucky enough to escape when I took the Dragon shaking hammer. Do you think I can still find the first dragon's blood that I didn't make up?"

His words were reasonable, and Guangxian could not think of any way to obtain the blood of the first Dragon.

“Forget it, this mission has indeed put you in a difficult position. It’s already beyond my expectations that you were able to obtain the Dragon shaking hammer.”

but the crisis in the palace of Eastern Sea is not resolved yet. Guangxian waved his hand and said, “I hope that young master Yunxiao can stay for a few more days.

Without waiting for Yunxiao’s answer, he pointed out a finger, and countless green nets of light emerged, instantly covering Yunxiao. “Take young master Yunxiao back to rest.”

The green light was so strong that Yunxiao struggled a few times, but he could not break free. Lord Guangxian, I just want to ask you one question.

“Ask,” Guangxian raised his head.

“My Lord, do you still have any shame?”

...

“Take him away.” Guangxian waved his hand.

“Father, let me do it,” Guangshun hurriedly said.

He ordered a group of guards to escort Yunxiao to the abyssal prison.

Looking in the direction where Yunxiao had disappeared, Guangxian’s indifferent expression was gone, replaced by a solemn one.

“Father, this human is of no use to us anymore. Why don’t we just kill him?” Guang Zheng stepped forward and said.

“Hmph, no value?”

Guangxian stared at him coldly and said, “For countless years, generations of our ancestors have tried to take out the Dragon quaking hammer from the rain, but none of them succeeded. However, it was done by an unknown human! You’re saying that he has no value?”

Guangzheng’s face turned red from Guangxian’s burning gaze and he quickly lowered his head, “Father, now that he has been taken out, what’s the point of keeping him?”

Guangxian’s eyes flickered and he said coldly, not to mention his secrets, I don’t believe that he only took out the Dragon shaking hammer for what happened in the rain land!

“Father, that rain land is the resting place of the Dragon tribe’s powerful beings. Could there be some hidden story?” Guang Zheng asked, stunned.

Guangxian said indifferently, “this matter is only known to the Dragon Lords of the East Sea. If you want to know, you have to at least get my approval.” However, your performance just now has truly disappointed me!”

...

Guangxian flicked his sleeves and left. His voice came from afar, “Seven days later, we will do an inventory of the strong and follow me to apprehend the traitor, Guang Yuan!”

Guangzheng stood on the spot in shame and anger, his body trembling from the immense humiliation.

His face showed a fierce struggle, and his heart seemed to be fighting.

Finally, a fierce look flashed across his face. He stared in the direction of the abyss prison, revealing a strong killing intent.

Guangshun escorted Yunxiao all the way into the abyssal dungeon. His face was pale and he looked completely absent-minded.

After entering the abyss, he locked Yunxiao in the yin and yang dust formation.

Guang shun ordered everyone to leave and stood alone outside the formation.

Yunxiao stretched lazily and said, " "Could it be that my Lord thinks I'm too lonely and wants to chat with me?"

Guang shun stared at him for a while before slowly opening his mouth, "Young master Yunxiao, not only did my father underestimate you, I've also greatly underestimated you. Guang shun apologizes to young master for his previous rudeness."

As he spoke, he actually bowed.

Yunxiao narrowed his eyes and sneered, " "Lord Guang shun is so polite, this bow gives me a lot of pressure."

Guang shun then stood up and said seriously, "Young master Yunxiao is one of the most intelligent people in the world, so I won't beat around the bush. I hope that young master Yunxiao can kill Guang Zheng for me!"

Killing intent appeared in his eyes, and his body was instantly filled with killing intent.

Yunxiao snorted lightly, as if he had guessed it. as a prisoner, how can I help you kill? Moreover, you've seen it for yourself that I only managed to intimidate Guang Zheng with the might of the Dragon shaking hammer. Do you think I can win against a nine-stars martial sovereign?"

“Yes, I can!”

Guang shun said with absolute certainty, as if he was extremely confident. If it was before young master Yunxiao returned from the rain land, I would definitely not have such an illusion. But now, I am a hundred percent sure that even without the Dragon shaking hammer, young master can still kill Guang Zheng!

Although he didn't know where this belief came from, he just believed it. And I said earlier that justice will seek revenge for the smallest grievance, and I'm not exaggerating to scare you. If this person doesn't die, young master and I will find it difficult to live in peace!”

“Alright, even if what you said is true, how can I kill him now?”

“Hmph, if I'm not wrong, that Guang Zheng is a narrow-minded person and will definitely come looking for me. At that time, young master only needs to shut the door and beat the dogs!”

Guang shun's eyes flashed coldly, “as long as young master kills Guang Zheng, I will definitely think of a way to let young master leave.” Even if Imperial father doesn't allow it, I will release her privately!”

Yunxiao pondered for a moment and said, “it's a good deal. To show my sincerity, you must be present when I kill Guang Zheng.”

“What?”

Guang shun was shocked and his expression became dark.

Yunxiao was indeed not a simple man. If he had been present, he would not have been able to get away with it at all, which meant that he had a handle in the other party's hand, and he would be subject to his control.

This condition made him a little hesitant.

Yunxiao saw through his mind and sneered, "The Crown Prince of Guangshun should be a smart person. Is this matter very difficult to decide?"

Guang shun was taken aback, but he immediately understood what Yunxiao meant.

Based on his actions of wanting to kill Guang Zheng today, he would definitely not be able to escape Guang Zheng's killing in the future.

So, Sha Guangzheng was his only choice, and Yunxiao was his only hope!

"Alright!"

After figuring out the key points, Guang shun was also a decisive person, directly gritting his teeth and agreeing.

Chapter 1182-solving the formation

The competition for the title of Crown Prince was extremely brutal. Guang Zheng was the first to break through to the level of a nine-stars martial sovereign, so he would definitely suppress the other crown princes.

Guangshun had just brazenly tried to kill him with Yunxiao's hands, so he would definitely be the first target to be eliminated. There was no way out now.

Guangxian had even given up the idea of letting Yunxiao go, and he could only escape from this place on his own.

Even if Guang shun didn't agree to let him go, he had great confidence that he could escape into the abyss of the sea. It was just that the risk was greater.

The two of them worked together for their own benefits.

you'll lure Guangzheng here, " Yunxiao said. then, we'll join forces to kill him. I don't need you to let me go. You just need to tell me the solution to the yin and yang dust formation."

"Alright!" Guang shun gritted his teeth after a moment of hesitation.

He pinched his finger and touched the space between his eyebrows. A ray of light shot out and spread out in the air.

A white text flickered. It was the formation solution of the yin and yang dust formation.

Yunxiao was overjoyed. His eyes flickered with a demonic light as he instantly imprinted the array formation into his mind.

"I didn't expect brother Guangshun to be so straightforward. Hehe, aren't you afraid that I'll suddenly change my mind and run away?"

Guang shun looked at him, his face expressionless. He said calmly,"Three days later, my father will gather all the nine-stars Martial Emperor powerhouses to capture and kill Guang Yuan. Guang Zheng will definitely be there. You humiliated him in front of everyone today. With his personality, he definitely won't be able to wait for you to come back and take revenge."

"So, he will definitely come to find you in these three days. Take your time to study the formation. I'll be guarding outside for the next three days. If there's any movement, I'll immediately inform you."

After Guang shun finished speaking, his entire person slowly dimmed in the light beam and finally disappeared.

The entire space turned dark, leaving only Yunxiao's watery eyes glimmering.

"Hmph, guangxian, if you insist on keeping me, I might have to cause trouble in the East Sea again."

Yunxiao muttered to himself, then closed his eyes and began to study the array.

Yunxiao's attitude had changed a lot since the trip to the rainy land. At least, he was no longer as eager for quick success as before.

After seeing Shi Long's true form and the spiritual sense on Ye Fan, he realized how big the world was and that even peak nine-star cultivators were like frogs in a well.

The ten great martial emperors and the seven great sect Masters were perhaps still too far away from the peak of the world.

After seeing the height of the world, Yunxiao's warrior's mentality had become more stable, and he was more confident in the power of martial arts.

There were two unexpected gains on this trip. One was that he had completed his promise to refine the body of the demonic Dragon, and the other was that he had received news about Ning Keyue. He felt like a big stone had been lifted off his heart, and he became much calmer.

After throwing away all distracting thoughts, the entire space returned to a dead silence.

Two days later, in the darkness, a faint light shot in.

It exploded not far away and only made a slight muffled sound. A few lines of text appeared in the air and flashed.

Yunxiao read them one by one, and a cold gleam flashed in his eyes.

Then, he waved his hands and countless seals flew out of his body and entered the void.

The yin and yang dust formation was suddenly activated, and all kinds of lights emerged one after another, shining with the incantation seals in Yunxiao's hands and forming a vast light pattern, as if they were one and inseparable.

After the time it took to boil a cup of tea, Yunxiao stopped the incantation gesture, and the entire array began to quiet down, gradually returning to darkness.

A moment later, a beam of light fell from the sky, and two figures walked out.

The person in the lead was Guang Zheng. His expression was as cold as ice and he walked out of the formation in a few steps. A sharp light flashed in his eyes as he stared into the formation, trying to see through the endless darkness.

“Bode, activate the formation!”

“Yes!”

The Marine race expert behind him trembled and took a few steps forward, his face calm.

Yunxiao looked over. He had never seen the strength of this expert of the sea Race before, even when he was a seven-stars Martial Emperor.

His method of breaking the formation was very stiff, but each step was steady. It seemed that he was not one of the guards here, but a formation-breaking expert that Guang Zheng had found.

As soon as the formation light appeared, Yunxiao’s face appeared in front of Guangzheng. He lazily raised his eyes and gave him a contemptuous glance.

“Bang!”

Guang Zheng was extremely furious. He was so furious that he clenched his fists, causing the air to explode.

calm down,” Yunxiao said. you’re already so impatient and emotional before the fight even starts. Although you have reached nine-stars, your heart of martial arts is still very low.

Guangzheng's body trembled. Although Yunxiao's words made him feel humiliated again, his words were like pearls, and they were like blood.

He quickly suppressed the anger in his heart and slowly calmed his emotions. The coldness on his face grew, and the killing intent became stronger. I have to admire you. You are indeed a different human.

I also admire you," Yunxiao chuckled. you still dare to come here to die.

"Thanks for your reminder," Guangzheng replied coldly,"your words can't anger me anymore. What's waiting for you is an unforgettable nightmare!"

"Oh, really? I'm looking forward to it. "

With a sneer on his lips, Yunxiao stared at the array. Countless knots were untied one by one, and the entire array was completely broken!

Guangzheng was also watching the array with a cold look. The moment the array was broken, he took the lead and strode forward to block the passage, in case Yunxiao tried to escape.

Yunxiao saw through his intention at once and said with a wry smile," "You're thinking too much,"

"Hmph!" Guang Zheng snorted. Without the Dragon shaking hammer, watch how I shatter your bones!"

The pressure of a nine-stars Martial Emperor gushed out of his body and suppressed the space, turning the area within a radius of 100 feet into an iron bucket!

With a sneer at the corner of his mouth, Yunxiao immediately formed an incantation gesture with both hands and began to dance in the air.

Countless formation talismans gushed out from his body, turning into tiny formation rings that flew into the surrounding heaven and earth.

Suddenly, rays of light shot up from the void and the yin and yang dust formation condensed once again. It turned into a prison and trapped Guang Zheng inside!

...

“What? What’s going on?”

Guang Zheng’s expression changed drastically. He was shocked to find that the formation’s might had crushed his Emperor’s might and formed an even stronger barrier to trap him!

“Bode!”

He suddenly shouted and looked outside.

Bode’s body also trembled, and he revealed a look of horror, not understanding what was going on in front of him.

He had clearly dispelled all the arrays, so why did they suddenly Activate Now? moreover, they seemed to be under Yunxiao’s control.

Cold sweat broke out on his forehead. He hurriedly made hand seals with both hands, wanting to dispel the formation again.

Suddenly, a sharp ray of light shot over and instantly cut off his head, which rolled to the side.

A headless body tilted down and was about to fall.

“Bang!”

Another beam of light shot into Bo De’s corpse, blasting him into smithereens without leaving a single hair behind!

...

“You’re a coward, Guangshun!”

When Guang Zheng saw who it was, he gritted his teeth and said, “So it was a trap you set! I will kill you today!”

Guang shun’s expression changed, then he laughed coldly, “Even if today’s matter didn’t happen, would you still not kill me?”

Guang Zheng’s eyes flashed coldly as he said, “Of all the princes, you are the one I worry the most about. If it wasn’t for today’s matter, I would’ve tried my best to keep you alive on account of our bloodline. I would’ve let you be the Crown Prince without any worries and enjoy all the glory. But today, you will die without a doubt!”

“Big brother, is a nine-stars martial sovereign really that powerful?” Guang shun asked indifferently. Did it make your confidence swell to this extent? Don’t forget that you almost knelt down in front of young master Yunxiao a few days ago.”

“Impudent!”

This matter was his scar, and whoever touched it would die!

“Bang! Bang! Bang! Bang!”

A series of explosions came from inside the array, and then a black light flashed out, splitting the array and slashing at Yunxiao!

Although he was extremely angry, his heart was still calm. He knew that his number one enemy now was to kill Yunxiao, and as long as Yunxiao was killed, Guangshun would die without a doubt.

“Condense!”

break! Yunxiao cried out in a low voice as he performed a hand seal. A barrier immediately appeared on the array, blocking the black light.

“Bang!”

The black light was blocked and turned into countless black lights that scattered in the formation.

Guang Zheng’s heart jolted and he knew that this was bad.

In particular, Yunxiao’s watery eyes and calm demeanor gave him a bad feeling.

“Guangshun, you actually leaked out such a secret formation of the clan. You should be sentenced to death!”

Guang shun was taken aback as well. He had thought that Yunxiao would need at least ten days to half a month to fully understand the array no matter how talented he was. If his plan had succeeded during this time, he would have killed Guang Zheng a long time ago.

At that time, Guangxian would leave with many experts, and it would be up to him whether he wanted to kill Yunxiao or not.

Most of the time, they thought of killing as many as they could. That way, they would have both sides.

But now, it seemed that his plan had failed, and Yunxiao was completely out of his control.

If Guangxian were to leave with all the nine-stars martial emperors of the East Ocean, who in the entire Palace would be able to stop him?

When he thought of this, his hands and feet turned cold.

However, the enemy in front of him was still Guang Zheng. He could not care so much anymore. His priority was to kill his elder brother!

“Big brother, li Yunxiao is a prisoner under my father’s order, but you’re ignoring the king’s order to vent your personal anger! The criminal will be sentenced to death!”

Guangzheng’s face was ashen as he raised his hand again. Only then did they see that he was holding a black battle blade. However, it was extremely difficult to distinguish in the dark night.

Dragon power gradually gathered on the saber and finally reached an extreme point. It suddenly made a “ Chi ” sound.

“Swish!”

Guangzheng’s saber radiance slashed down instantly, splitting everything in its path!

The yin and yang dust formation crumbled bit by bit, and a tiny crack was cut open by him as he tore it toward Yunxiao.

“It’s useless.”

Yunxiao sighed and stretched out his hand, which turned golden as he clenched the crack with his fingers and crushed it.

After that, he transformed into three heads and six arms. He made hand seals with both hands, and the formation changed again. It changed from an impregnable fortress to a turbulent wave.

He made a grabbing motion in the air with one hand, and a rectangular wooden box appeared in his hand.

The wooden box was simple and unremarkable. It was of the same color and didn't seem to be powerful at all.

But in the next moment, the lid of the box suddenly opened, and tens of thousands of sword gleams shot out from within, illuminating the entire darkness with a blinding light.

Chapter 1183-killing Guang Zheng

The twenty-four Northern heaven cold star swords flew into the air and danced wildly.

It continuously formed all kinds of sword stances, and the sharp Qi traversed the sky. Even Guangzheng and Guangshun, who were inside and outside the formation, felt a chill and their expressions changed.

Yunxiao's hand, which was holding the wooden sword box, trembled violently. Beams of silver light began to appear on the sword box, and an array diagram emerged, covering the entire box.

His other hand quickly formed a seal with his fingertips, and he instantly hit the top of the sword case.

Only then did the trembling arm gradually calm down.

There seemed to be a force on the sword case that was guiding the 24 swords, slowly floating in the air.

"Go!"

Yunxiao murmured, then changed his hand seal and slapped it on the sword case.

Suddenly, the 24 swords flew into the yin and yang dust formation and slashed towards Guang Zheng!

This sword case was indeed a strange item. It could nurture, hide, and control swords. In this way, when displaying the sword picture, one only needed a little bit of power to control the sword case, and one could take a small gamble and display 10000 swords.

Guang Zheng's expression changed drastically. He was shocked to find that these 24 swords were all exuding a weapon essence that was not weaker than the black blade in his hand. They were all ninth tier profound armaments!

"How is that possible?"

His mind instantly went blank.

Even the Crown Prince of Eastern Sea had never seen so many ninth tier profound armaments in his life!

Moreover, there were so many ninth tier profound armaments and they were all slashing towards him!

Breaking out in a cold sweat, Guang Zheng hurriedly executed his saber skill and slashed at the incoming profound swords!

"Bang! Bang! Bang! Bang! Bang! Bang!"

All kinds of saber Qi and sword light bloomed in the yin and yang dust formation, and Guang Zheng turned into countless figures, which were overwhelmed.

At the same time, Yunxiao's hands formed a seal in front of him, controlling the yin and yang dust formation and imprisoning his movements.

Guangzheng was affected by the formation, and every slash he made required several times more power.

As for the sword diagram formed by the twenty-four Northern heaven cold star swords, Yunxiao was becoming more and more familiar with it.

Streaks of sword Qi descended from the formation diagram and gradually gained the upper hand, causing Guangzheng's body to bleed.

Guang shun was dumbfounded as he watched from outside the formation.

The vast scene was completely beyond his expectations. Although he believed that Yunxiao had a way to kill Guangzheng, he did not expect it to be like this. With two great arrays, he had directly suppressed Guangzheng, leaving him with no way to fight back.

Streams of dragon blood spurted out. Guangzheng's expression turned cold and he began to feel anxious. If this continued, he would be at a greater disadvantage and would definitely die.

die! he suddenly shouted, and streams of blood from his arm flowed towards the black blade. Black flames surged out of the blade, dancing continuously, and a terrifying power spread out.

As the black Saber Light jumped, the sword Qi in the surroundings froze!

“Swish!”

Guangzheng's eyes widened. With a loud roar, he slashed down from the sky, gathering all his energy into his saber!

“Bang! Bang! Bang! Bang! Bang! Bang!”

The northern heavens cold star swords in the surroundings were jolted into a mess. They kept ringing and swaying, as if they could not hold on any longer.

“Bang!”

Then, a soft sound came from the sword picture and it collapsed.

Yunxiao's pupils constricted as he shouted, “withdraw!”

The sword case was raised, and the 24 Northern heaven cold star swords flew out of the yin and yang dust formation and were all kept in the case.

The silver light on the box faded away and returned to normal. It flashed in Yunxiao's palm and then disappeared.

Now that Guang Zheng had broken the sword picture, the power of his blade did not decrease. He continued to blast away the power of the surrounding formation. He and his blade were one as they shot out!

A cold gleam flickered in Yunxiao's eyes as a cold sword appeared in his hand. He then used a sword technique to meet it.

“Bang!”

The aftershocks of the sword Qi and saber radiance spread out in all directions. The black saber directly blocked the ice sword and was unable to slash in any further!

Guang Zheng's eyes widened in shock.

He had gathered all his power in this one stroke. Although it was invincible, the heavenly Sword picture and the yin and yang dust formation had absorbed too much of his power, leaving only 20 – 30% of it.

However, this was not something that a mere five-star Martial Emperor could block!

A hint of mockery flashed across Yunxiao's face as he spread out his arms. One of them held the thousand-year saber, and the corpse puppet could be vaguely seen in it, emitting a threatening aura.

The other one was holding a huge hammer. The ancient Maha character jumped out, and countless lightning bolts flashed under it.

A blade and a hammer, they smashed towards Guang Zheng's body!

Guang Zheng was shocked, he forcefully pushed away the frost from the cold sword and was about to retreat.

With a sneer, Yunxiao transformed into a Thunderbolt and took a step forward, approaching the man directly. Then, two profound level weapons suddenly fell from the sky!

Guang Zheng was scared out of his wits and quickly raised his black blade to defend himself, but it was too late.

The lightning struck him directly and the hammer hit his chest. A muffled sound was heard and he spat out a mouthful of blood.

His entire body turned green and he was sent flying. Then, the giant corpse puppet flew up and slashed into the lightning.

A huge saber-shaped sword appeared in the air behind the corpse puppet. It pressed down on Guang Zheng and made him scream in pain. Then, it crashed into the yin and yang dust formation again.

With a wave of his hand, Yunxiao took back the thousand-year tyrannical saber. Then, he performed an incantation gesture with both hands and activated an array, locking Guang Zheng in the air like a hanging pig.

...

“Li Yunxiao, please let me go. I was wrong, I shouldn’t have offended you.”

Guang Zheng’s internal organs were all crushed as he coughed out blood and begged for mercy.

Guang shun was both surprised and delighted. young master Yunxiao, ” he shouted. you must not be soft-hearted! Kill him!

“Young master Yunxiao,” Guang Zheng said fearfully, “I’m willing to be your slave if you spare my life.” A servant of a nine-stars Martial Emperor, and the Crown Prince of East Ocean at that! It’ll be very impressive if we bring him out!”

In order to survive, he didn’t care about anything else.

After becoming a nine-stars Martial Emperor, he would have a bright future ahead of him. He did not want to die just like that.

The older one was, the more timid one was, and the more afraid one was of death.

“Big brother, do you still have any dignity as a Dragon?” Guang shun said in shock and anger.

He was very nervous, afraid that Yunxiao would agree to such a tempting offer.

Yunxiao was indeed a little tempted. After all, his strength was limited at the moment, and it would be impossible for him to defeat a nine-stars Martial Emperor without the yin and yang dust formation. Having another fighter like this would certainly be of great help.

However, he sneered and said in disdain, “I don’t even like people who don’t even have the heart of martial arts, even if they become slaves.”

...

Guang shun was overjoyed and said excitedly, “yes!” Young master Yunxiao, you’re wise. Please kill this spineless thing!”

I think killing him will dirty my hands, ” Yunxiao said indifferently. why don’t you do it, brother Guangshun? ”

With a point of his hand seals, the power of the formation confined Guang Zheng and pushed him in front of Guang shun.

“Ah? I ... I’ll do it?”

Guang shun jumped in shock and retreated.

“Third brother, please spare me,” Guang Zheng begged desperately, “I was wrong before, I shouldn’t have harbored any hostility towards you. As for the throne, I won’t lay a finger on it. I’ll definitely do my best to help third brother ascend to the top.”

Guang shun’s eyes flashed with killing intent as he instantly charged forward. His fist turned into a fist Ray as it ferociously struck Guang Zheng’s heart!

“Bang!”

Guang Zheng cried out in pain as a large hole appeared on his chest. He looked at his younger brother in a daze.

The light in his eyes grew weaker and weaker, while the hatred and unwillingness grew stronger and stronger. In the end, he died with extreme resentment.

Guang shun retracted his fist and said coldly, “If you die, it means that you’ve done your best to help me reach the top.”

He threw another punch, and Guang Zheng’s body was crushed into pieces.

“Tsk, tsk, amazing, amazing.”

brother Guangshun, you are an eight-stars Martial Emperor, ” Yunxiao praised. you blew up the Crown Prince with one punch. Amazing, amazing.”

Guang shun's face flushed, and he automatically filtered out Yunxiao's sarcasm. Thank you, young master Yunxiao, for eliminating this man for me. If I become King one day, you will be a friend of Donghai forever.

brother Guangshun, you're mistaken," Yunxiao said. you killed them yourself. What does it have to do with me? "

Guang shun's face twitched. He knew that the other was trying to get away from this and pull him into his camp.

If Guangxian found out about today's matter, he would probably have no place to hide in the entire Eastern Sea.

Based on this matter alone, not only did he have to think of ways to save the other party's life, but he also had to be controlled by the other party.

The more he thought about it, the more depressed he became. However, since things had already come to this, there was no point in thinking about it.

Besides, the biggest obstacle had been removed. If he had the chance to choose again, he would still be willing to walk into Yunxiao's trap.

hehe, Guangzheng disobeyed the king's orders and wanted to harm young master Yunxiao. He deserved to die!

Guang shun's furrowed brows relaxed and he revealed a knowing smile, my Royal father will set out to capture Guangyuan tomorrow. I wonder when young master Yunxiao will leave? "

Yunxiao pondered for a moment, then asked, "Is water deity still in the palace?"

Guang shun was taken aback. Princess Shuixian has been in the palace the entire time. She has been accompanied by my mother all day. She is very happy.

He thought for a while and added, " Princess water fairy has a deep friendship with young master Yunxiao. I'm afraid she won't leave until she sees young master Yunxiao leave.

Yunxiao nodded slightly and said, " "Since that's the case, I'll leave after Guangxian leaves. Guangzheng's disappearance will probably cause quite a commotion."

Guang shun laughed lightly,"although this is a big matter, I have a way to hide it from the world .."

"There's something I don't know if I should ask," he said, his eyes flashing.

if that's the case, " Yunxiao chuckled. then don't ask.

Guang shun was stunned for a moment before smiling wryly,"Young master Yunxiao's way of speaking is indeed different from ordinary people, but I'm really uncomfortable with this matter. I wonder what young master Yunxiao thinks of Princess water fairy?"

Yunxiao frowned slightly and said, " "What are your thoughts? What do you mean by that?"

"Young master Yunxiao, you're one of the few intelligent people in the world. How could you not understand what I mean?" With all due respect, although young master Yunxiao is a Dragon among men and a rare genius expert, you are from different races after all. Furthermore, Princess water fairy's identity is extremely special. I'm afraid it will be difficult for the two of you to end up together."

Yunxiao's face darkened. how long have I known her? " he asked. how long have I known her? " Brother Guangshun's imagination is very rich."

"Oh? Did I see it wrong?"

Guang shun frowned and shook his head, " "I won't. I don't know what you mean, young master Yunxiao, but Princess water fairy is already in love and is in love with young master Yunxiao. I can't be wrong about this."

Chapter 1184

1184 Spirit core

are you kidding me?" Yunxiao said with a dark face.

Guang shun revealed a strange smile. young master Yunxiao, just take it that I'm joking, and it better be a joke. Otherwise, with Princess water fairy's identity, I'm afraid young master Yunxiao will be in big trouble."

Yunxiao nodded and said, "you're overthinking it. I have a deal with the water deity, but after it's done, we won't have any more contact."

"That's good," Guang shun said.

brother Guangshun, " Yunxiao glanced at him and said, " don't you care too much about me? "

"Haha, why ask the obvious, young master Yunxiao?" Guang shun laughed. Not to mention Princess water fairy's noble spirit and beauty, just her status alone is something that young master Yunxiao should know."

Yunxiao frowned, and an inexplicable sense of annoyance welled up in his heart. He snorted and said, "I don't understand,"

haha! Young master Yunxiao is extremely smart, but he likes to play dumb.

Guang shun's eyes flashed with excitement, " "If I can get the water fairy, the position of the Lord of the East Sea will be mine!"

relying on women to get to the top?" Yunxiao said coldly. brother Guangshun's thinking is indeed extraordinary.

Guang shun's face turned red and he said in embarrassment, "Princess water fairy is not an ordinary woman."

Yunxiao snorted, his face a little cold as he said, "Brother Guangshun, go settle your funeral matters. I will be in seclusion for a while. I will leave after Guangxian leaves tomorrow."

After giving the order to leave, he returned to the array and closed his eyes to cultivate.

Now that the yin and yang dust formation was completely under his control, this place was the safest place.

Guang shun was stunned for a moment before turning into a beam of light and leaving the place.

After he left the abyss, his face turned gloomy and a murderous look appeared in his eyes.

Although he had gotten rid of Guangzheng, the biggest threat, he had now fallen into Yunxiao's hands. Unless he could reach the top one day, he would always be a hidden danger.

But, the strength Yunxiao had shown just now had easily killed a nine-stars Martial Emperor. After Guangxian left tomorrow, who in the entire Palace would be able to stop him?

The more Guang shun thought about it, the more annoyed he became. He looked around and suddenly stopped at the North.

At the end of his vision was a meticulously designed and exquisitely made garden.

It emitted all kinds of colors, and even the seawater here became somewhat warm.

Guang shun's eyes flashed with joy as he hurriedly turned into a beam of light and fled towards the North.

After the time it took to brew a cup of tea, a large garden appeared in front of him. There were gemstones of various colors, corals, and beautiful shells inside, and there were also fish swimming in it. It was like a Fairyland.

A Jade belt made of blue moonstone spread out under his feet, directly extending to an exquisite Pavilion with clouds and fog.

There were faint silhouettes of people in the attic. Many beautiful figures appeared among them, and there was also the laughter of women.

Guang shun stood respectfully at the entrance of the garden and didn't dare to enter. Instead, he sent a message into a jade pendant and sent it out.

The jade pendant flickered in the sky above the garden and then disappeared.

Guang shun placed his hands in front of him and waited respectfully, not daring to make any noise.

After a while, the laughter in the cloud Pavilion disappeared, and it seemed to have suddenly become quiet.

Following that, the space in front of Guang shun suddenly began to shake, rippling away like water.

"Thank you, Lord Ling Xin!" Guang shun was overjoyed and hurriedly said.

He stepped onto the moonstone pavement and quickly entered the cloud Pavilion. A faint fragrance wafted out, which was clearly where a woman lived.

Guang shun carefully walked up the stairs, only to see a huge Jade Screen in front of him. He could not see what was inside.

"Guang shun greets Lord Ling Xin!"

Although there was no one on the screen, Guang shun still bowed respectfully, showing his sincerity.

A faint female voice was heard. It was extremely cold and only said two words, " what is it? "

Guang shun did not dare to breathe too loudly,"this matter concerns Her Highness the water fairy, otherwise I would not dare to disturb Lord Ling Xin."

"Hmm, about me? What's the matter?"

The water deity's voice came from behind the screen. She was extremely surprised.

Guang shun jumped in shock and thought to himself that it was a close call. The princess was indeed here. It was a good thing he didn't state his intentions, or he would really be done for.

He broke out in a cold sweat and said awkwardly, " "The princess has been in Donghai for many days, and we have not taken good care of her. Guangshun feels guilty, so we have come to ask for Lord Ling Xin's forgiveness,"

Hmph! the water deity said coldly. this is so boring. When are you going to release li Yunxiao? "

"Everything will be decided by father," Guang shun replied.

The water deity's voice rang out again, pleading, " "Aunt, hurry up and ask guangxian to release her."

The cold female voice from before sounded again, but in a different tone. She said gently, " "Guangxian has his own reasons for imprisoning Yunxiao. He's the Lord of the eastern sea, so I can't interfere with his matters."

"Wait here, I have something to discuss with Guangshun," Ling Xin said.

Following that, light flickered on the screen and Guang shun felt space change before he appeared in a large hall.

A beautiful woman in Palace attire sat on the throne. She was dressed in red makeup and her face was as white as a ginkgo leaf. Her eyes were filled with waves and she looked dignified and cold.

Guang shun hurriedly bowed.

Ling Xin was expressionless and said indifferently, "Tell me, what's the matter? If it's really that boring, then you don't have to leave forever."

Guang shun's body shook and he hurried forward, "Lord Ling Xin, it's about Li Yunxiao.

Ling Xin's brows furrowed as she listened carefully.

"What? How dare that Li Yunxiao have such an idea!"

...

Anger appeared on Ling Xin's calm face as she said sternly, "Is what you said true?"

"Of course!" Guang shun replied. "Can't Lord Ling Xin tell? Princess Shuixian's attitude toward Li Yunxiao is so disdainful that I'm really worried."

Lingxin's face darkened. Narcissus are kind and simple by nature. They are easily deceived by people's flowery words. It seems that Li Yunxiao is indeed not a good person!"

Guang shun had a worried look and said, "But I can see that Princess Water Fairy is already in love. If we let her be, I'm afraid it will lead to a disaster."

Ling Xin sneered and said, "Was Yunxiao really hoping to marry a water deity? It's important to have self-awareness."

Guang shun said, "that may be the case, but Princess water deity is too innocent." The longer this matter is dragged on, the greater the harm to Her Highness will be, even if Yunxiao is killed."

Ling Xin's eyes flashed with coldness, "you mean Yingluo?"

Guang shun hurriedly knelt down and said in a panic, " I don't mean anything. I'm just worried about the future. I feel that it's not worth it for Princess water fairy. That's why I've come to inform Lord Ling Xin.

"Is it really appropriate for you to put on such an act in front of me?" Ling Xin sneered.

Guang shun's heart jumped. A chill ran down his spine and he felt his entire body turn cold.

among the many crown princes, your talent and strength are the best, but in terms of scheming and planning, the other crown princes are not as good as you. But you're using this little trick on me, are you really not afraid of death?"

...

"Lord Ling Xin, please forgive me! Guangshun is wrong!"

Guang shun was scared out of his wits and quickly knelt down to beg for mercy, " "Although Guang shun has his own motives, what he said does exist. This is really for the good of Princess water fairy."

Ling Xin said coldly, " if it wasn't for the water deity, and your information was indeed valuable, you would already be a dead Loach! Tell me, what should I do?"

Guang shun's entire body went cold. Only now did he understand the terror of this Princess in front of him. He trembled and said, "I ... How can I order Sir around?"

Ling Xin said, "who told you to order me around?" Tell me your thoughts and I'll take them into consideration. Since you've come to me, you must want to use me to get rid of li Yunxiao. I don't believe you don't have a plan or an idea."

Guang shun did not dare to play any more tricks, and hurriedly told him everything he knew. Of course, Guang Zheng's death was not to be discussed.

"I know. Guangxian will leave with his Army tomorrow. I will take action tomorrow. You may leave."

Lingxin regained her previous calm expression and waved her hand to send the guest off.

The scene in front of Guang shun changed, and he was already pushed out of the garden.

His face turned gloomy and fear flickered in the depths of his eyes. Back in the cloud Pavilion, it was as if his soul had been seen through by the other party.

"Is that the eye of truth that has been passed down for generations in the Poseidon family?"

Guangshun was still in a state of shock. Fortunately, Lord Ling Xin never asked about the matters of the East Sea. Otherwise, he would really be in danger.

His palms were full of sweat, and he immediately turned into a ray of light and left.

In the divine realm tablet, there was a place with extremely abundant spiritual Qi.

With a flash of light, Yunxiao materialized and looked down at the guests who were cultivating quietly.

The guest frowned, as if his cultivation had been interrupted. He was extremely unhappy and said coldly, "What's the matter?"

brother binchen," Yunxiao chuckled. I've encountered some doubts in my cultivation, so I'm here to ask you for advice.

“Oh? Tell me about it. ”

“Eight gates of the physical body, How do I open the 3rd gate?”

“Get lost!”

“This is a top secret technique, how can it be so easily taught to outsiders!” The guest’s face darkened.

don’t be so stingy, ” Yunxiao said with a smile. you’ve already opened the fifth stop gate and the third Kasaya.

“No way!”

The guest instinctively refused. He closed his eyes and began to cultivate, ignoring Yunxiao.

alright, ” Yunxiao sighed. I didn’t expect brother binchen to be so unreasonable. Then I’ll just keep it to myself.”

He waved his hand, and the surrounding natural energy suddenly disappeared without a trace.

The cultivation sanctuary, which was originally overflowing with spiritual energy, suddenly became barren. Not a single spiritual energy Foam could be smelled in the air.

“Ah?”

you ... the guest was dumbfounded and said angrily, ” you ... You’re too much!

what? ” Yunxiao asked in surprise. why do you say that, brother binchen? ” I’ve worked hard to collect this spiritual Qi, so why should I give it to you for free?”

“This bi an ...”

The guest couldn't answer immediately. He had been in the East Sea for a long time, especially on xiankong Island, where the spiritual Qi was more abundant than that in the divine realm tablet. However, he had never thought of charging a fee for free. He thought it was only natural.

Now that Yunxiao had put it this way, it seemed to make some sense.

He was completely dumbfounded. If there was no spiritual energy, how could he cultivate!

Chapter 1185-heaven and earth turned upside down

Yunxiao looked at him with a smile. I'm going to cultivate now. See you.

The guest swallowed his saliva and immediately understood his situation.

“Wait! If there was no one to guide you, with your trashy talent, you would never be able to break through the third gate even if you fumbled for your entire life. Sit down, I'll tell you the details.”

Soon, Yunxiao had mastered the technique and returned to his body.

The twenty four moonlit bridges appeared behind him, and the dark space within three thousand meters was lit up.

Ten thousand rays of golden light shot out from his body, making him look solemn.

A point of light appeared in front of each of his eyebrows. It was abnormally bright, and an extremely powerful force swirled out from it, rushing toward the hundred extraordinary meridians in his body.

As time passed, a third shadow gradually emerged in front of Yunxiao's chest. It was blurry, and at a closer look, it looked like a very thin vortex.

The guests in the divine boundary stele suddenly sensed something. Their bodies trembled, and they revealed extremely shocked expressions.

he actually succeeded! With his five-star Martial Emperor power, he actually opened the third gate!

One must know that he had only opened the fifth gate when he stepped into the nine-star realm.

A loud, muffled sound exploded inside Yunxiao's body.

The tiny vortex in front of his chest suddenly became extremely dark, like an ocean absorbing hundreds of rivers.

Suddenly, the sound of countless bones cracking rang out from inside Yunxiao's body, and they kept exploding.

A vast power spread out from his body and rushed into the endless night.

Yunxiao slowly opened his eyes. The power of the lunar pupil emerged as he stared into the dark night and cried out, "Come out!"

The power of the sound waves carried an extremely strong Dragon Breath, rippling out. A few figures trembled in the dark, revealing their tracks.

"Eh?"

A woman's surprised voice could be heard.

A beam of light slowly appeared in the darkness, and Ling Xin's figure emerged, staring at Yunxiao.

A strange power gushed out of his eyes, and a faint golden color seemed to be embedded around his pupils.

the Bo family's bloodline! Yunxiao's body trembled as he cried out in surprise. the eye of truth!

Ling Xin's pupils contracted and her face turned frosty. She said coldly, " you actually recognize the eye of truth. It seems that you've had your eyes on the water fairy.

Yunxiao sensed the strong hostility from the other party, so he said, " "Who are you?"

I'm the water deity's aunt. You can call me Lingxin.

"Spiritual core? I think I have some impression of it. "

"Oh? Did water deity tell you? Hehe, it seems like you guys are having a good time. Did she tell you everything?"

The smile on Ling Xin's face grew wider, but the killing intent in her eyes grew colder.

Yunxiao immediately understood what was going on from the man's words, and he could not help but look suspicious.

After all, Guang shun had just mentioned this to him and now a murderous expert had come. He didn't believe that Guang shun wasn't involved.

But, Yunxiao was very disgusted by the other party's question with a smile as sharp as a knife. His unruly temper flared up at once as he said coldly, " "We did have a good time chatting, and we're still very happy now."

"Oh? As your aunt, I'm very interested to know what you guys were talking about."

"Hehe, what else can we talk about when we're all alone? Haha, aunt, you know."

The entire underground abyss prison suddenly became silent. The smile on Ling Xin's face was still there, but it was extremely stiff, and the killing intent in her eyes became more and more intense.

Yunxiao was not afraid at all, and he also stared at the other man coldly.

He didn't need to explain anything, and there was no need to explain anything. He had never been afraid of trouble or provocation.

"Tsk, tsk, I'm really disappointed. How could the person that the water deity, that stupid girl, likes be as stupid as her?"

Ling Xin's face revealed a mocking expression. "do you think that you can rely on the yin and yang dust formation to save your life? " Even if a woman was stupid, she could be protected by a man. If a man is stupid, he'll lose his life!"

"Oh? May I ask if you've brought the man who will save your life?"

Yunxiao replied coldly, neither fast nor slow.

Ling Xin's face instantly turned extremely cold. The mouth of this person in front of her was too cheap. There was no one in the world who would be looking for a beating like this!

Originally, she wanted to observe this human by herself, but now it seemed that there was no need!

"Go!"

She spat out a single word, spitting out her boundless anger.

The four black shadows behind him all shouted softly. They all had female voices and rushed forward with their swords.

The four of them were all seven-stars martial sovereigns, and they would be powerful experts on the heavenly martial continent.

Yunxiao performed an incantation gesture with one hand and gently waved it out. The array in front of him was immediately activated, and the light of the yin and yang dust emanated, blocking the four women.

Ling Xin sneered and said, "showing off your slight skill in front of an expert!" You probably don't know the origin of the yin and yang dust formation, do you?"

A golden light flashed in her eyes, and a strange force spread out.

Yunxiao's body trembled as he looked over in surprise. The array formation he had driven had actually dissipated under the power of the Spirit core's eye.

The four maidservants raised their swords again and stabbed at his vital parts.

Yunxiao was very depressed. He had thought that this array was enough to fight against most nine-stars martial sovereigns, but it was easily disintegrated by the other party. It seemed that this array had a lot to do with the man in front of him.

Since the advantage was gone, there was no point in staying in the abyss.

...

Yunxiao immediately transformed into a bolt of lightning and dodged the four women's sword moves, then rushed toward Ling Xin.

"Hmph, now you want to escape? Useless man!"

Ling Xin sneered and raised her Jade-like hand. Her two fingers gently pinched together, forming an Ice Flower and suddenly flicking out.

“Whoosh!”

The Ice Flower turned into a sharp weapon and pierced through the air.

A boundless chill suddenly rose. Although Yunxiao had turned into a bolt of lightning, his heart still sank as he felt the bone-chilling cold and danger.

The calabash King Kong appeared between his brows and threw a punch.

The ice fiend Heart Flame flickered on the fist wind and met the Ice Flower.

“Pa!”

The two types of cold air collided with each other, creating a gust of cold wind that spread out in all directions.

The calabash Little King Kong’s fist was hit by the other party’s cold air, and it was directly frozen, becoming extremely stiff.

...

Yunxiao took the opportunity to Dodge, and his body slowly disappeared into the dark.

“What?”

Ling Xin was shocked, as if she had seen the most unbelievable thing in the world.

She could not understand why the calabash King Kong had blocked her finger and why Yunxiao had disappeared right in front of her.

However, the world was so big, and there were so many magical powers that she could not see all of them. It was normal for the other party to have some skills.

“Hmph, since you know about the eye of truth, what’s the point of entering the void?”

Ling Xin sneered. Her eyes flickered with a golden light as she stared into the void.

He immediately caught a rhombus-shaped profound weapon moving at high speed, about to break through the air.

She was shocked. She didn’t know what kind of profound level weapon it was, but it could actually leave without a sound. She didn’t have time to think about it. A golden light appeared on her body, and a golden short sword appeared in her hand. She directly stabbed it into the void.

“Swish!”

The entire void was torn apart. Yunxiao was leaving the abyss with the space-breaking shuttle, turning into a beam of light and shooting up into the sky.

Ling Xin was shocked and furious. If the other party escaped from under her eyes, that would be the biggest joke.

She immediately held her sword and was about to fly over, but the calabash Little King Kong roared again and pounced on her, directly blocking in front of her, and the wind from his fist came down.

Ling Xin’s eyes turned cold. The golden sword in her hand shot out a golden light and then she stepped forward.

After the golden light cut open the dark night, it also shattered the calabash Little King Kong’s fist radiance and directly slashed at its body.

“Clang”

After the sound of metal exploding, there was the sound of friction that made one’s teeth ache. The gourd Little King Kong was shaken and retreated.

Ling Xin’s beautiful eyes widened as if she couldn’t believe that the puppet in front of her had only suffered a shallow wound after being struck by her sword!

Yunxiao took the opportunity to slowly disappear into the dark night.

The gourd Little King Kong also gradually faded and then disappeared.

Ling Xin’s eyes were cold as golden light shot out. In the dark night, it was like a blazing sun, shining continuously.

“Even if you can travel through the void, I can still see your traces.”

Her expression remained the same as she transformed into a beam of light, and the four maidservants hurriedly gathered around her.

The light beams shot into the sky, leaving the abyss.

The next moment, the spiritual core appeared at the bottom of the East China Sea, not far from the palace.

The golden sword in her hand slashed at a certain spot in the void. The sword Qi shuttled through and immediately blasted open the endless sea.

A beam of light shot out from the sword aura, and a figure emerged. It was Yunxiao.

As soon as he landed, he transformed into a bolt of lightning and fled without a word.

Suddenly, a powerful energy broke through the ocean and came toward Yunxiao, suppressing his Thunderbolt.

Then, the surrounding seawater surged, and human figures appeared one after another.

In an instant, dozens of people surrounded him.

The owner of the palm shadow also gradually appeared and said coldly, "I'm the mayor of the abyssal jail, Wuji."

Yunxiao's face turned cold as he said, "Guangshun sent you here?"

Fearless placed his hands behind his back and said coldly, "You escaped from the prison on your own. It's my duty to capture you. What does it have to do with His Highness Guangshun?"

"If you obediently surrender, I can guarantee your cultivation and spare your life," Ling Xin said.

Yunxiao glanced around and suddenly laughed.

Fearless' face turned dark as he snorted, "is it funny?."

"Do you know why I fled?" Yunxiao asked.

Fearless replied coldly, "you're just an ant, so you naturally have the instinct to escape .."

"No, no, no,"

Yunxiao shook his head and corrected him. it's because I don't want to fight with the Bo family. Secondly, I don't want guangxian to hunt me down from all over the world.

“What do you mean?” Ling Xin’s eyes were filled with doubt.

Yunxiao’s face gradually turned cold. If I turn this place upside down, do you think he will kill me all over the world? ”

Fearless laughed, “you call escaping from the abyss a world-shaking?” Or do you call it turning the world upside down when you struggle for a few moments?”

Yunxiao ignored him, but looked straight at Ling Xin and said indifferently, “I’ll leave now and pretend nothing happened. Or force me to do it, and you will be responsible for the consequences.”

Ling Xin was taken aback. Although Yunxiao was only a five-stars Martial Emperor, his indifferent eyes somehow gave her a bad feeling.

Chapter 1186-frog in the well?

Fearless couldn’t help but mock, “You’re not only talkative, you’re also very boastful.”

A light flashed in his hand, and an iron hook appeared.

Then, he pulled it up into the air, and a huge hook shadow emerged and swooped down toward Yunxiao.

His actions were extremely arrogant and conceited.

The entire ocean looked strange under the shadow of the hook. A gloomy and terrifying aura spread out like hell.

“You think I’m talking big because you’re weak.”

Yunxiao's face was cold as he performed an incantation gesture with one hand. Tens of thousands of golden lights flashed around his body, transforming into the true body of the Dharma with three heads and six arms.

Soon after, a black shadow was pulled apart and slowly stood up from the depths of the sea. It was the true devil giant spirit that soared into the sky.

The surrounding people were all shocked and retreated one after another, becoming extremely vigilant.

Ling Xin's face was also filled with shock. Even with her knowledge, she had never heard of such a magical power.

Holding the sword in one hand, Yunxiao performed a sword incantation.

The two arms beside him formed an incantation gesture, and the giant true devil slowly raised its hands. The shadow of a battle saber appeared in its hands, floating and sinking.

“Sword technique-star destruction!”

A large number of Maha ancient characters flickered on the ice sword, and countless sword rules condensed. The strongest sword intent soared into the sky and slashed at the hook shadow.

At the same time, he changed the incantation gesture with his hands, and the giant true devil raised its saber. Under the illusionary saber shadow, a mass of pitch-black darkness, which was indistinguishable, immediately appeared and slashed down from the sky, coordinating with Yunxiao's unparalleled sword will.

“BOOM!”

Under the saber and sword, the giant iron hook light shadow collapsed at the bottom of the sea, turning into boundless energy that scattered in all directions.

Under the impact of this force, the guards who were surrounding them let out a lot of screams and were washed away by the sea.

Fearless 'eyes widened in disbelief.

are these guards here to be jokers? ” Yunxiao said coldly.

A light flashed between his brows and a huge ball of fire shot out. A large number of black particles turned into a Wind Fire crocodile in the air and bit towards fearless!

The members of the sea Race were most afraid of fire, not to mention the God-level flames on the crocodile's body. The sea water was instantly evaporated, causing the remaining guards to retreat in fear.

Following that, the divine realm tablet also flew out and transformed into a majestic monument. It slowly descended and suppressed everything!

The light on the stele was boundless, illuminating the surroundings as if it were daytime.

Fearless was shocked as he hurriedly formed a few seals with the hook in his hand and slashed towards the sky.

“Hualala!”

The giant crocodile shattered into countless black particles under this slash, and its shocking aura disintegrated instantly.

“Hu!”

Fearless heaved a sigh of relief. A five-star Martial Emperor was indeed a five-star Martial Emperor. No matter how impressive he was, he would not be able to cross the huge gap between the realms.

The countless black particles scattered and floated in the surrounding sea water, all of them standing still.

Fearless 'heart skipped a beat. Each of those black particles contained a huge amount of power. Looking closely, the surface of the particles even had thin flames coming out of them. Under the force of the wind, they started to rotate and evaporate the surrounding seawater, causing countless tiny bubbles to rise up.

The power of each black particle was not strong, but the surrounding thousands of black particles spread out in a circle of hundreds of meters, firmly surrounding him.

In the ocean, it was common for low-level sea tribes to attack cities cruelly, similar to the existence of the star destruction tribe.

Fearless understood how powerful the ant-like method was. In an instant, all the hair on his body stood up and cold sweat dripped down his forehead.

Moreover, there was still the majestic monument in the sky, which made him extremely vigilant. He no longer dared to underestimate it.

Ling Xin was also greatly shocked. Looking at the water that had been steamed dry and the countless bubbles that had appeared, she revealed a trace of realization and shock. "So this divine flame is a level 10 flame?"

"Tenth-ranked? I guess so."

Yunxiao did not know the level of the flame. After all, the continent was divided into nine levels, and he had no idea what level it was.

Fearless was even more shocked as he stared at the black particles and revealed a look of fear.

Ling Xin nodded and said, "the water deity told me that you have a divine fire. I was skeptical at first. Now, I believe it a little. Put away your abilities and come with me. "

“Leave? Where to?” Yunxiao asked.

“The forest of the sea,” Ling Xin said. The thing that the water deity talked to you about. As long as you do well and swear to never step into the sea again, I’ll let you go back to the heavenly martial continent.”

my dear aunt, ” Yunxiao sneered, ” have you been in your spring boudoir for too long? is that why you’re so out of your mind? ” This young master can go anywhere in this world if I want to, and who can stop me?”

Ling Xin was stunned for a moment before she said indifferently, ” I thought you were a lecher who used your looks to deceive girls. Now, it seems that you have some manliness. However, the world is so big that you are a frog at the bottom of a well.”

“Is that so?”

Yunxiao snorted coldly and made a hand seal.

A huge force gushed out of the divine realm tablet and it fell towards Fearless.

The boundless Qi force was compressed and exploded, blasting in all directions.

Countless black particles also swarmed up, turning into a fierce vortex that pressed toward the center.

Above the whirlpool, the illusion of a giant crocodile was faintly discernible, as if it was about to open its mouth and swallow the person inside.

Fearless broke out in a cold sweat and hurriedly released his Emperor Qi to form a protective barrier. The iron hook in his hand was unsealed and turned into a strange beast shadow that attacked the divine realm tablet.

“Boom boom boom!”

A huge, muffled sound came from the vortex. Everyone could only feel the vibration of the ground and the sea. The power of wind and Fire spun and cut the protective enchantment like a sharp blade, making countless subtle “Bang Bang” sounds.

...

The pressure of the divine realm tablet continued to devour the shadow of the iron hook beast and slowly fell.

Fearless ‘heart was filled with shock. That vast power was so strong that he couldn’t even breathe. If he allowed the monument to fall, he would probably be in deep trouble.

Ling Xin was also extremely shocked. Her eyes of truth couldn’t see through the power of the world and couldn’t recognize the power of the divine realm tablet at all.

Moreover, Wuji was a Peak Eight-star Martial Emperor expert. Yet, he was completely suppressed by this man in front of him. He was at a disadvantage and was even in danger of losing his life.

Ling Xin suddenly took action and smiled as she held the flower in her hand. a world in a flower, a smile in the mortal world!

A ray of magical light shot out from her fingertips. It was like a Golden Lotus flower that bloomed in front of her.

The lotus flower shot out, and boundless golden light bloomed on the bottom of the sea. It was as if the world on the other side of the sea had quietly bloomed.

A vast power rose from the Lotus, reflecting each other in the world of white light in the divine realm tablet, and kept pressing on each other.

Yunxiao's expression was stern. From the moment the other party attacked, he knew that the spirit core was extremely powerful. The vast golden power was the divine ability inherited from the Bo family's bloodline, and it was extremely powerful.

As soon as Ling Xin made her move, the pressure on fearless, who was under the divine realm tablet, was greatly reduced. He suddenly used all his strength and sent seals into the air in all directions, forming a huge force.

Then, the iron hook exploded with a ferocious force and combined with the huge force to pull at the surrounding vortex!

...

“Bang Bang Bang Bang!”

Countless black particles collided with the iron hook and were scattered by the force of the hook. They gathered together not far away and formed the shape of a giant crocodile. It roared and pounced.

Fearless 'face revealed a trace of ruthlessness. He took a deep breath and slashed out with his hook again, breaking through the divine realm tablet's suppression. He desperately escaped several feet away and hid behind Ling Xin.

The giant crocodile missed its target, then howled unwillingly and continued chasing after the Golden Lotus. Suddenly, it bumped into the Golden Lotus.

“Bang!”

With one hit, its body suddenly shattered, turning into countless black particles that scattered.

The black particles retreated to the divine realm tablet and condensed into the body of the giant crocodile. It stared ahead vigilantly with fear in its eyes.

The divine realm tablet's power of the world was also gradually suppressed by the golden light of the Lotus, and the territory kept shrinking.

"It's not too late to agree now," Ling Xin said indifferently.

Yunxiao changed the incantation gesture in his hand and said coldly, "We'll talk after you win."

Lingxin's brows furrowed, and she was a little angry. No matter how powerful your abilities are, you can't cross the gap between realms."

Her Jade-like finger changed and pointed forward.

The Golden Lotus rose into the air and pressed down on Yunxiao.

The collision between the two vast forces became more intense, and the light on the divine realm tablet became brighter. The tablet kept shaking.

Suddenly, a strange light flew out of the divine realm tablet. It let out a long and strange laugh, raised the big axe, and chopped at the Golden Lotus!

"Bang!"

The axe created a huge shadow in the air and directly cut the golden light. Although it was unable to scatter the Lotus, it was able to shoot the golden light in all directions, causing it to dim.

"Waa waa!"

The evil spirit let out a few loud cries. The backlash from the lotus flower numbed his arms, and his qi and blood churned in his body.

"This is a Kasaya."

Ling Xin's heart trembled violently. The figure that had suddenly appeared was a nine-star Martial Emperor.

Her pupils suddenly shrank. She saw another strange light fly out of the divine realm tablet, and a burly figure emerged.

Countless formation patterns flashed on the body. The owner of the body formed a seal with both hands and a blazing sun descended from the sky.

"Kuafu chasing the sun!"

"BOOM!"

The two Golden Powers clashed. Bin Chen's divine body charged into the Lotus and completely destroyed the spirit core's divine power.

Countless rays of golden light shot out in all directions, and the bottom of the sea suddenly became gorgeous. In an instant, it returned to being dim and cold.

A large number of guards were seriously injured, and another group had fallen. The remaining guards did not dare to stay any longer. They all fled hundreds of meters away in fear, not daring to come forward again.

At the same time, the whole Palace was alarmed. A large amount of energy came from all directions.

With that expression, Yunxiao stood quietly on the divine realm tablet and said coldly, "My good aunt, hurry up and let this frog at the bottom of the well see just how big this world is."

The officials and the evil spirit stood on his left and right respectively, their expressions solemn.

Because of the aura on Ling Xin's body, they couldn't sense the strength at all, but they could be sure that it was definitely not weaker than the two of them.

Chapter 1187-Qi to one sword

Soon, the battlefield was once again surrounded by an impenetrable crowd.

All the experts and guards appeared one after another. When they saw the spirit core, they all hurriedly saluted.

A few crown princes also came over in alarm. When they saw the scene in front of them, they all revealed a shocked expression.

Even a fool could see that Yunxiao and Ling Xin must have fought, and they had more or less heard about Ling Xin's strength, which was definitely an extremely terrifying existence.

Li Yunxiao, what are you doing?" Guang le shouted in anger.

Guang shun was also among them. A look of panic flashed across his face, but because he had a guilty conscience, he did not dare to make a sound.

you locked me up," Yunxiao glanced at him and said. of course, I came out to beat you.

"You coward!"

Guang le shouted but found that he could not find the words to say.

That's right, he locked him up, so of course he had to come out and beat people up. It was rather amusing for him to ask this.

All the oceanic species 'experts were furious. Causing trouble in the palace was a blatant provocation and contempt.

Moreover, when all the powerhouses were leaving, it was obvious that they didn't put them in their eyes.

However, everyone's face was gloomy as they all looked at Ling Xin. It was obvious that she had become the highest commander at this moment, and they were all waiting for her orders.

At this moment, Ling Xin was staring at the divine realm tablet in a daze. She seemed to be in a trance. After a long time, she asked, "This, this is a Supreme grade profound level weapon?"

it's just a little trick of a country bumpkin," Yunxiao snorted.

Ling Xin's face revealed a serious expression of disbelief. The Bo family's blood flowed in her body, and she knew some top-secret information on the continent. She had a deeper understanding of the existence of the transcendent grade profound level weapons than ordinary people.

To be able to own a Supreme grade profound level weapon was not something that could be explained by the so-called "lucky chance". It had to be fate, and the profound level weapon had its own approval. Such a person was definitely a peerless expert who could rule the world.

This was also the reason why Guangxian was so nervous and uneasy when he found out that Guang Yuan had refined Amitabha.

"What a little toy from the countryside. Bengong has never seen a transcendent grade profound level weapon before. Today, I am fortunate enough to experience its power."

Ling Xin's eyes flashed with a complicated expression.

As soon as she finished speaking, her aura began to rise. Although it was very slow, it was extremely stable.

She placed her left hand on the top of her hair and took out a gold hairpin with her Jade-like fingers, sticking it between her fingers.

A stream of light flashed across his eyes, and the tip of the dagger glowed slightly, like a little golden flame jumping and burning.

“All of you, back down.”

Ling Xin’s eyes didn’t leave the divine realm tablet for a moment.

The oceanic species ‘experts were stunned for a moment. Then, they all revealed dissatisfied expressions. It was obvious that they were not willing to back down. However, they didn’t dare to resist Ling Xin’s words and remained silent.

The guards in the distance, who had seen Yunxiao’s power, all looked at him with contempt.

“All of you, back down!” Guang shun said in a low voice.

It was only under his order that the crowd had to move hundreds of meters away and form a large circle in the distance to prevent Yunxiao from escaping.

Guang shun looked at Ling Xin’s cautious expression and his heart was unusually heavy.

Moreover, he also knew that the Army of experts present was completely at the level of cannon fodder. Unless it was a high-level seven-star Martial Emperor or above, they might be able to resist a few blows, but it would be of no help.

Now that everything was on Lingxin, Guang shun couldn’t help but feel his hands sweating.

He didn’t know why, but the plan that he had thought was foolproof was now wavering because of the strength of the spirit core.

“This girl is actually an intermediate nine-star existence,” the guest whispered with a serious expression.

Yunxiao sensed the tension and oppression from the guests and the evil spirit, so he sent a voice transmission, " "Don't panic. With the three of us working together, we will definitely win."

With a wave of his hand, he released the gourd Little King Kong again. Against such an expert, even though he would not be of much use, he would at least be a strong shield.

Ling Xin's eyes flickered with golden light. She stared at the gourd Little King Kong for a while and exclaimed, " "No wonder it was able to block my sword. It's actually made of such precious materials, and it even has the memory origin gold that can recover by itself. This is the only puppet in the world."

"I take back what I said about you being a frog at the bottom of a well. However, water fairy is the princess of the sea Race, and she will never be with you. Today, I'm going to cut off this thought of yours!"

The golden sword in Ling Xin's hand slashed out, and her entire body rose up. Golden light constantly drifted around her, making her look like a god.

Yunxiao did not bother to explain to her. He immediately summoned his transcendence golden body and spread out his six arms, each holding a different weapon, shining with a brilliant light.

One of his arms was holding the sword case. With a flash of silver light, he opened it.

The 24 Northern heaven cold star swords turned into silver lights and slashed through the air!

Lingxin was also shocked. This Yunxiao's background was by no means simple. He was probably a disciple of a super sect on the continent. Although she was not afraid, she did not want to cause any more trouble.

The golden sword in his hand slashed out, and a golden light streaked across his body.

"Bang!"

The golden light extended for a few feet and shattered the northern heaven cold star sword.

The 24 Northern heaven cold star swords flew into the sky, making a buzzing sound that filled the sky. They scattered but did not panic, and directly formed a formation in the air!

A vast sword intent spread out.

A silver sword diagram appeared in the air.

Ling Xin revealed a look of shock as she looked up. Within the sword diagram, it was as if there were tens of thousands of swords gathered together. They were vast and boundless as they pressed down from the sky.

A cold expression flashed across her face. The gold hairpin in her left hand was raised in the air, and suddenly, it turned into tens of thousands of gold hairpin phantoms, stabbing into the sky!

“Whoosh! Whoosh! Whoosh!”

The air was filled with the sound of shuttling, and the continuous explosions made one’s ears ring.

...

The million sword illustration was instantly pierced through by the golden light and dispersed. The 24 swords lost their color and flew in all directions.

Yunxiao’s heart trembled as he was hit by the huge force. He hurriedly performed an incantation gesture with both hands.

The 24 swords that had been blasted away were once again controlled. They stopped in the air, turned their tips downward, and shot into the ground.

Yunxiao raised his sword box and sent several incantation seals into it.

The 24 swords instantly regained their cold glints and endless sword Qi spread out. They formed a dense net in the air and surrounded the spirit core.

“Do it!”

As he shouted, the four figures, including the ministers and the guests, suddenly moved. Each of them displayed their unique skills. The sky and the earth surged, and the space shattered.

Ling Xin’s expression finally changed. Although the two nine-star martial sovereigns in front of her were both elementary-level martial sovereigns, the aura on their bodies was unusually fierce, like two mountains crossing the sky.

In addition, the calabash Little King Kong and the big crocodile were also extremely strange. Four forces bombarded her from four directions at the same time, sealing all her movement space.

At the same time, Yunxiao changed his incantation gesture again, and the twenty-four Swords turned into a giant sword in the sky again, slashing down directly from the sky. The sword light was dazzling.

In an instant, Lingxin’s heart and mind were pure, her spiritual altar and sea of consciousness were calm, and her whole person entered a state of anatta. She waved her sword and slashed out.

...

“The world is in your favor, Qi is one sword.”

A ray of golden light condensed in front of him, and a Golden Lotus bloomed. The petals on the Lotus gradually opened, and the endless essence of the sword rose, turning into a golden sword talisman that flickered in the air.

The sword talisman was like a barrier, blocking the joint attack of the four people.

“BOOM!”

The four attacks pressed on the sword talisman and were all shaken off.

At the same time, Yunxiao’s ten thousand swords came slashing at them, shooting out ten thousand sword beams in all directions.

The guards in the distance immediately felt an extremely powerful force coming at them. They were so shocked that their faces changed. Only then did they realize how insignificant they were. Many of them retreated again to avoid being affected.

Among all the people present, Guang shun’s face was the ugliest, and the shock in his heart was even more indescribable. If Yunxiao won, with his talent and intelligence, he would definitely blame him for it.

Thinking of this, a cold feeling spread through his body, and his heart was filled with regret.

If he had known this earlier, he would have just let this fiend leave. Why did he have to go through all this trouble to cause such a disaster?

In the battle ring, the four people’s Joint Forces were blocked. Their expressions changed greatly, and they attacked again in shock and anger, constantly bombarding the Golden qi barrier, suppressing the power of the barrier!

Ling Xin’s expression was calm as she waved the golden hairpin in her left hand in the air again. Tens of thousands of illusionary images appeared and resonated with the barrier’s power.

“Not good!”

be careful! Yunxiao shouted. be careful!

He leaped up, and the divine realm tablet followed suit. He hit the tablet with his palm and blasted it toward the sword boundary.

In his eyes, the sword talisman created by his opponent was not brilliant, but the gap between their realms was too big. Moreover, the power of the Bo family's bloodline, the golden light, could break anything. It was unusually powerful.

Ling Xin's left hand waved and countless golden hairpins shot out. It directly pierced through his sword energy barrier and stabbed towards the four of them.

“Bang! Bang! Bang! Bang! Bang! Bang!”

All kinds of explosions rang out in succession. The evil spirits and the officials were shocked and hurriedly cast all kinds of ultimate defensive skills.

The evil spirit's battle-axe transformed into a huge block in front of it. Countless golden lights shook the axe, and its entire body was pushed back.

The guests' expressions changed drastically. Strange phenomena appeared in their divine bodies, and they formed seals with their hands to defend.

However, most of the golden light still penetrated the mark and shot onto his skin, causing halos to form.

The crocodile roared and turned into countless black particles. However, it was still pierced by the golden light and was sent flying.

The calabash Little King Kong was the last one. Although its body had been stabbed into a hornet's nest, it still rushed up after a loud roar and punched.

Ling Xin's brows furrowed slightly, and the golden sword in her right hand stabbed out again, directly taking the neck of the gourd Little King Kong.

Its neck had almost been cut off by the underworld wheel during the battle with Yu Shengfeng. This was the weakest part of its body, and it had been seen through by the eye of truth.

“Bang!”

The golden sword directly pierced into the neck and cut it open again, leaving only a thumb-sized connection.

The gourd Little King Kong immediately tilted its head and stopped in the air.

“Go to hell!”

A loud shout came from the sky, and the divine realm tablet fell from the sky as if it had fallen from the nine Heavens.

Ling Xin’s pupils contracted. Under the continuous attacks, she had also exhausted a lot of energy. Moreover, this transcendent-grade profound level weapon made her feel a little afraid.

The golden hairpin in his hand suddenly became bigger, and it emitted a cold light as he held it in his palm. He was about to stab it out.

Suddenly, a strange force appeared. The cold Qi from the golden hairpin suddenly disappeared, as if it had never existed.

Chapter 1188-destroying the nest

“What’s going on?”

Ling Xin was shocked and looked up. In an instant, her mind trembled and her calm sea of consciousness suddenly started to surge.

A pair of strange eyes appeared in the sky, staring at her coldly.

The sound of a poem was heard. It seemed to penetrate space and shake her heart.

“I peeked at the birds outside the bamboo, the water outside the tree, and the clouds outside the peak. Did I do it intentionally or unintentionally?”

Ling Xin’s entire body trembled. That pair of strange eyes actually gave her a feeling of vastness and boundlessness, like the stars in the sky overlooking the earth.

“Birds come to spy on people, the moon peeks at wine, and the snow peeks at books, but they see that he is heartless.”

At this moment, the golden light around Ling Xin’s body suddenly disappeared, and her eyes revealed a trace of confusion.

The figure that descended from the sky seemed to travel through time and space, overlapping with the person from a long time ago.

She lost her composure and was in a complete mess.

When the light of the divine realm tablet pierced her eyes, her golden eyes reappeared, and all the confusion in her eyes was swept away, replaced by extreme shock and horror!

The power around her was completely wiped out under the gaze of the moon eye. At this moment, the power of her bloodline was activated again, but it was too late. The divine realm tablet fell down with a loud bang, and her whole body was enveloped by the power of the world in a white light!

“BOOM!”

A white light flashed and illuminated the area!

Everyone was blinded for a moment before they saw the divine realm tablet swallow the spiritual core and sink into the ground at the bottom of the sea!

“Boom boom boom!”

The ground kept exploding, splitting thousands of miles and surging in all directions.

Yunxiao’s face was as hard as iron, and his body was shining with a golden light. With three heads and six arms, he looked like a demonic god that had descended. He formed a seal with both hands in front of him and slapped down with a loud cry.

A ray of light shot into the divine realm tablet, and the entire tablet suddenly became bigger, constantly lifting the earth as if there was no end!

All the experts of the sea tribe were shocked. They were completely dumbfounded that the spiritual core was suppressed under the divine realm tablet. At this moment, the divine realm tablet was tearing the earth apart. If it continued to grow, the entire East Ocean Palace would be destroyed!

Guang shun’s entire body turned cold as a chill surged up his spine. He felt his body shiver as if he had seen death descend.

“Who dares to cause trouble here?”

Suddenly, a loud shout rang out from the depths of the palace, and four beams of light shot up into the sky like meteors, heading straight for Yunxiao.

“Hmph!”

Yunxiao snorted disdainfully, and a murderous look flashed across his cold face. He formed a seal with both hands in front of him, and the giant true devil immediately appeared behind him, with three illusionary weapons appearing on its six arms.

Yunxiao's hands kept changing incantation gestures, and so did the true Devil's giant spirit. Suddenly, a dark nebula appeared in front of him.

Then, the three weapon phantoms entered it, and a terrifying demonic Qi spread out.

The giant Spirit's hands formed another seal. The star Cloud turned into a seal and suddenly exploded in the air. Four rays of black light shot down from the sky.

"Bang! Bang! Bang! Bang!"

The expressions of the cultivators in the four rays of light changed drastically as they rushed towards the black light in horror.

it's you, li Yunxiao! one of them cried out in horror. it's you!

That person was Fei Ming. In his shock, he didn't have time to think. The sword momentum of the Wuying sword struck out and collided with the black light. He was instantly shocked by the huge force, and his internal organs were almost squeezed together.

"Pfft!"

Fei Ming spat out a mouthful of blood and was knocked back dozens of meters.

The other three suffered the same fate. They were sent flying all of a sudden, each of them looking at the giant black Spirit in the Sky in horror.

Feiming's heart was in turmoil. His eyes were filled with shock and fear.

How long has it been?

Yunxiao, who had been no match for him before, had now injured four eight-stars martial sovereigns of the same strength with one move!

Yunxiao coughed out a mouthful of blood after the true devil giant spirit launched its attack.

Using a true fiend dharma body after using the omnidirectional divine skill was already beyond his capabilities. He suffered a backlash and was injured.

But, at this moment, the guest and the evil spirit had recovered from Ling Xin's attack. In a few flashes, they stood in front of Yunxiao like his left and right guardians.

The giant crocodile, on the other hand, was heavily injured. It lay in the air, gasping for breath. Its four legs slowly moved, and it walked over step by step.

The calabash King Kong's neck had also recovered, and it returned to Yunxiao's side.

Everyone's expression was unusually ugly. Feiming said in shock and anger, "Li Yunxiao, stop!"

The divine realm tablet was still growing. It was like a magnificent palace standing on the bottom of the sea, pressing directly on the palace of Eastern Sea.

In front of the divine realm tablet, the originally magnificent and solemn Palace was like a little brother, completely unremarkable.

"You are Li Yunxiao? Stop!"

The loud shout from the palace resounded again. A figure appeared in the air, each step creating ripples. With a few body movements, he arrived in front of the four guards.

The Marine race members in the distance were all shocked. Guang shun and the others transformed into rays of light and flew over, bowing from the sky.

“Greetings, mother!”

The dignified woman was the matriarch of Donghai, Guangxian’s wife, Xing.

Let’s talk this out. Stop!

Xing-Shi had already lost her demeanor as the mother of the world and was panicking.

...

“Hmph!”

Yunxiao ignored him and continued to slap the divine realm tablet with another seal.

“Boom boom boom!”

The stele immediately collapsed, directly shaking into the boundless earth. The entire ground churned even more, and a large number of various buildings shattered and turned into dust.

Even the grandest Palace Hall began to tremble.

Everyone’s face was pale and ashen.

Xing-Shi’s body trembled and her face was filled with fear. She shouted, “Aren’t you afraid that my husband will come back and tear you into pieces?!”

Guangxian, ” Yunxiao said coldly. If it weren’t for your shamelessness, we wouldn’t be in this situation now. Since he had already done it, there was no turning back. Today, I will let Guangxian know that if he offends me, I will even destroy his old nest!”

“Kill! Kill!”

Xing-Shi was shocked and furious. She knew that today’s matter could not be salvaged. She screamed and a mournful killing intent shot up to the sky.

She was also a nine-stars Martial Emperor, so she took out her dual daggers and flew up.

...

When the Xing clan made their move, all the oceanic species ‘experts’ expressions changed. This was a great humiliation to them.

Even Guang shun’s face was dark as he gritted his teeth and charged forward.

Yunxiao’s face flickered. He knew that he had provoked the public. As the saying went, many ants could kill an elephant. He frowned at the sight of the Black Mass of people rushing at him, and there was no lack of experts.

The officials ‘expressions also changed drastically. Although they were not afraid of fighting, if they really did fight, blood would probably flow like a river and millions of corpses would be buried.

“One more step and I’ll kill her!”

A cold gleam flickered in Yunxiao’s eyes as he made a grabbing motion.

A ray of light was suddenly drawn into his hand. Inside the light was a woman’s body. She was covered in injuries and had already passed out.

“Argh! Lord Ling Xin! Despicable!”

Everyone suddenly stopped in their tracks, each and every one of them extremely furious.

Xing-Shi's expression also changed as she said angrily, "Are you still a man to use a woman as a hostage?"

I'm using her as a hostage," Yunxiao said coldly. I don't want to kill you. Don't try to challenge my bottom line with your stupidity, or you'll be completely defeated!"

"You dare?" Xing-Shi gritted her teeth. Do you know who she is? If you dare to touch her, there will be no place for you in the entire realm of heavenly martial arts!"

"Haha, what a joke!"

I've already knocked her out," Yunxiao said sarcastically. and you're still talking about a hair? "Are you blind or are you stupid?"

"You're really not afraid of death!"

Xing-Shi's face was ashen.

The other party even dared to offend the bloodline of the sea Emperor. He was really a Desperado who did not know what death was.

If they were to fight against such a person, they might really be killed by him.

She couldn't help but be shocked, and she had no idea.

Guang shun stepped forward and said in a low voice,"mother, Lord Ling Xin can't die. Otherwise, we can't bear the responsibility." It is better to endure this and think of another way in the future."

Xing-Shi's eyes were spitting fire as she gritted her teeth and said,"All of you, back off!"

Countless members of the sea tribe retreated one after another, their eyes bulging.

Guang shun gave Fei Ming a look and said in a low voice, go to the cloud Pavilion and invite Princess water fairy here. Now, with the princess's face, li Yunxiao might sell her for a bit.

Feiming turned into a ray of light and flew away.

Yunxiao gave him a glance and ignored him, not even looking at Guangshun.

This made Guang shun both happy and angry. He was happy that Yunxiao did not seem to have any intention of punishing him, and angry that he, the Crown Prince of the third Prince, seemed to be a small figure in the eyes of the other party, who did not even look at him.

The number of divine realm tablets was still increasing. The huge Palace of Dong Hai looked like a dwarf at the moment, and it kept making slight cracking sounds as if it was about to crack.

Xing-Shi and the others were very puzzled, not knowing what Yunxiao was going to do. If they really wanted to destroy the palace, they could just smash it with this profound level weapon and the palace would be turned into dust.

Suddenly, Yunxiao's face flickered with joy as he said, "I found it!"

Everyone present was an expert, so they didn't understand what he meant by "found it". All of them stared with wide eyes.

Yunxiao performed an incantation gesture with both hands, and the divine realm tablet instantly turned into a beam of light and flew directly into his forehead.

On the vast ground, a black pit that was hundreds of meters long and deep appeared.

Xing-Shi stared at the deep pit, her body trembling with anger.

Yunxiao stretched out his hand, and a white porcelain bowl appeared in his hand as he threw it into the air.

All kinds of patterns began to appear on the pure white bowl, and it suddenly became huge. The mouth of the bowl faced down, emitting circles of light.

Everyone had a strange expression on their faces, as if they felt a strange force spreading over, and the surroundings became indescribably strange.

In the next moment, light blue Spirit Qi gushed out of the endless black pit. It became thicker and thicker, turning into long Dragons that rushed toward the White bowl.

The guest's mouth was wide open in shock. He finally understood what Yunxiao was trying to do!

Chapter 1189-one bowl

All the members of the sea tribe widened their eyes and looked at the scene before them in shock.

The boundless spiritual Qi turned into long Dragons and rushed toward the bowl in the sky. It was like an underwater volcano erupting, a magnificent sight!

Not only the spiritual Qi in the earth vein, but also the profound level weapons and spiritual crystals on many guards all flew out of their hands and into the bowl.

“Argh! Ah!”

Everyone was terrified. Their own intrinsic profound weapon had been accidentally drawn out by that force, instantly disappearing without a trace!

“This is an ...”

Xing-Shi was dumbfounded. The other party was going to drain the spirit veins of this place and seize everyone's property!

Even the extreme spirit jade pendant on her body slowly floated up and was about to break through the sky.

In her anger, she reached out and grabbed the jade pendant, which dissipated the strange force.

Emperor Qi gushed out of his body and suppressed all the forces in the outside world. Only then was he not affected by the White Rice's suction.

However, those with weaker cultivation were wailing. It was not a big deal that their spiritual crystals were taken away, but the Xuan artifacts were rare. They were all taken away. The whole Palace was in a mess.

the spirit Qi is too strong," Yunxiao said with a frown. I'm almost full.

The dissatisfaction on his face made Xing-Shi and the others even more furious.

it seems that the idea of using plain white rice to drain the spiritual vein is too naive. I'll just move it away.

Move away?

All the members of the sea Race widened their eyes, not knowing what other heaven-defying things he was going to do.

Yunxiao reached out his hand, and the box of heaven's light sword appeared in his hand before he opened it.

Twenty-four Northern heaven cold star swords shot out in all directions. After traveling ten thousand meters, they turned into huge sword shapes and stabbed into the ground!

"BOOM!"

A huge tremor came from all directions, and the entire earth seemed to be lifted up. The earth shook and the mountains swayed, and the sun and moon lost their light.

Under the horror of the sea tribe, Yunxiao's eyes glowed with a strange power as he looked at the boundless land and finally fixed his gaze on a place.

Then, the divine realm tablet flew out from between his eyebrows and hit the land directly.

"That's Yingluo."

Xing-Shi cried out in shock, her face full of shock. She said sternly, "You dare to touch the eye of the spirit vein! Li Yunxiao, you're going to die a horrible death!"

"BOOM!"

The divine realm tablet smashed directly into that piece of land. A vast spiritual Qi surged up and pushed out in all directions like a tidal wave, tearing the earth apart.

The entire Palace collapsed with a loud crash, turning into broken walls in an instant.

"Pfft!"

Xing-Shi was so anxious that she spat out a mouthful of blood and fainted on the spot.

The crown princes were also dumbfounded. The scene in front of them was something they would never have dreamed of, but it had happened right in front of them. It felt even more unreal than a dream.

Guang shun's face and lips turned pale. He was the cause of all this trouble. If he was found out, his soul would probably be extracted.

All kinds of vexation and regret welled up in his heart, as well as endless fear that couldn't be removed.

"Boom boom boom!"

"Boom boom boom!"

The earth kept rumbling and shaking, and the ground kept rising and falling. A large amount of spiritual Qi directly gushed out and rushed into the sky.

"Heavens! What does he want to do?"

Guang 'an finally couldn't bear the nightmarish scene in front of him and cried out sharply.

"BOOM!"

A huge tremor came, as if rivers had stopped flowing, mountains had collapsed, and stars had crashed. Everyone's bodies shook violently!

With the divine realm tablet as the center, all the earth veins within a radius of ten thousand meters were lifted!

In addition to the surging spiritual energy, there were also sword lights shooting out from the countless cracks in the earth.

Only then did everyone realize that the 24 Northern heaven cold star swords that had been sent flying were actually used to cut the spiritual veins of the earth!

"?!"

Everyone sucked in a breath of cold air, their shock could not be greater.

The chaotic situation suddenly became deathly silent. All the members of the sea tribe were stunned, and no one dared to make a sound. Only the sky churned and the earth rumbled.

The divine realm tablet's power of the world suddenly expanded, shooting out beams of light that covered the entire cut earth vein.

The crowd could only see the spiritual Qi surging and spurting out like a volcano. Then, the entire eye of the spiritual vein was slowly swallowed by the divine realm tablet.

Everyone was completely petrified and stared at the historical scene with wide eyes-the spiritual vein of Donghai Palace had been dug out!

The few crown princes also felt a wave of dizziness. It was not just the visual impact, but more of a comical and unreal feeling. Many of them knocked their heads desperately, trying to wake up from their dreams.

Li Yunxiao, what are you doing? ”

A surprised voice could be heard. Not far away, water deity and Fei Ming were standing together. They had just rushed over.

The water deity was surprised and overjoyed as she looked at the scene in front of her in shock.

Feiming was also stunned. His eyes almost popped out and his mouth was wide open. He was petrified.

...

“Eh? You're here.”

Yunxiao answered softly. Without raising his head, he focused all his attention on controlling the divine realm tablet to devour the spirit vein.

Although the spirit vein was damaged and had a strong Yin Qi, he had a tenth-tier divine fire and a ninth-tier Alchemist, Yuan gaohan. As long as he had time, he could refine the entire spirit vein.

However, this kind of excavated spirit vein was basically a one-time use item. It was just like a flower that could reincarnate season after season, but if you plucked a branch, it could no longer reincarnate.

“Boom! Boom! Boom!”

The entire bottom of the sea was filled with the sound of the divine realm tablet devouring the spirit vein. In the time it took to brew a cup of tea, everyone was petrified as they watched the Supreme Spirit vein disappear in front of them, leaving only a huge black pit on the ground.

The entire Palace was completely destroyed.

Severing a person’s spirit vein was no different from annihilating a sect.

Water deity was also dumbfounded. This was a mortal enmity that would not end until one of them was killed. li Yunxiao, what are you doing? ”

Yunxiao changed the seal in his hand and put away the divine realm tablet.

Then, he took out the White rice again and threw it towards the collapsed Palace.

...

Countless heavenly materials and earthly treasures gushed out of it and flew into the White rice.

Everyone watched him do all this in silence, their minds basically blank.

The wealth that Donghai Palace had accumulated over the years was taken away by him one bowl after another. He was very happy.

Even Guang shun's eyes were bloodshot as he roared, Li Yunxiao, today's battle will not end until one of us is dead!

the East Ocean is so big," Yunxiao said with a smile. you can go to many places. Moreover, Lord Guangxian has been unable to solve the problem of spiritual energy, right? now, he doesn't have to worry about it anymore."

It took more than an hour to fill a few bowls with a large number of heavenly materials and earthly treasures. Only then did Yunxiao stop and put away the White rice with satisfaction.

The area around the palace was already in ruins. Even if Guangxian were to return, he would not be able to recognize him.

Li Yunxiao, you've made a big mistake! the water deity was also stunned. they'll kill you!

Her words were very sincere, and her anxiety came from the bottom of her heart. Tears were about to fall.

Yunxiao looked at her and recalled Guang shun's words. He had an indescribable feeling.

"Are they the only ones allowed to make mistakes in this world?"

Yunxiao snorted coldly and said indifferently, "These are the results of their grave mistakes. As for revenge and pursuit, I've experienced too much, so I don't mind having one more."

The water deity was at a loss for words. But when she saw Yunxiao's nonchalant look, she thought that he must have a way to deal with it, so she was relieved.

With a wave of his hand, Yunxiao sent the spirit core floating in the distance over and said, "Look after your aunt. She's only unconscious from some minor injuries."

Then, he made a hand seal and took out the space-breaking shuttle to escape.

"Where are you going?" the water deity quickly hugged the spirit core.

back to the heavenly martial continent.

"What about me?"

"You? You can go wherever you like."

"You're not going to care about me anymore?"

"Yingluo, when have I ever cared about you?"

"Then what did you promise me?"

"The four Seas are too dangerous for me right now. When I reach the end of my martial path and become invincible, I'll go to the forest of the sea to fulfill my promise to you."

The shuttle unfolded in the air, and Yunxiao stepped into it, his figure gradually fading.

He turned around to look at the palace that had been reduced to ruins. His gaze, intentionally or unintentionally, swept past Guang shun. He revealed a strange smile and finally disappeared into the sea.

"Don't, don't go!"

The water deity stomped her feet anxiously, but with the spirit core in her hands and the other party using the space-piercing shuttle to escape, she couldn't catch up even if she wanted to. She suddenly felt disappointed.

"Pursue, immediately send the order to pursue and kill, immediately inform Guangxian!"

At some point, Xing-Shi had woken up and shouted hysterically, "Also, immediately seal off the East China Sea's coastline and don't allow anyone to go out to sea!"

Guangshun felt a chill run down his spine under Yunxiao's gaze, but he immediately asked for permission to pursue.

The rest of the crown princes were also furious and asked for their loyalty.

This time, it was not only the palace that was destroyed, but also the dignity and confidence of the sea Race!

There were already many oceanic species 'experts who had already thought of ways to chase after him without waiting for instructions.

For a time, the entire seabed became chaotic once again. It was bustling with activity and noise.

The water deity hugged the spiritual core in a daze. Standing in the sea, she seemed a little different and prominent.

Xing-Shi's face darkened for a long time before she looked over and said, "Is Lord Ling Xin alright?"

"I'm fine. I've just fainted for a while," said the water deity, shaking her head.

"That's good," said Xing-Shi. This time, in order to save Lord Ling Xin's life, the royal family of Dong Hai had let Yunxiao escape, so they had done their part for the ocean Emperor Palace. I hope your Highness can inform the sea Emperor to help us capture Yunxiao."

The water deity was stunned for a moment before shaking her head in panic. "No, no way! You can't capture Li Yunxiao!"

Xing-Shi's face turned cold. She had heard a lot about the water fairy and said coldly, "Your Highness, is love more important, or is the peace of the four Seas more important? As the princess of the four Seas, Your Highness should know what's important!"

The water deity was a little panicked. Even though she was ignorant, she knew that Yunxiao had caused a big trouble with the ruins before her eyes.

Chapter 1190-not joking

Xing-Shi's tone softened a little and she said, "I know that Your Highness is kind-hearted, but this matter is so big that it has already pierced through the heavens. I hope that Your Highness can send a message back to the ocean emperor's palace."

The water deity's body trembled a little. If she told her father what had happened here, his father would certainly send experts to hunt Yunxiao down all over the world, just like how he had hunted Gu Feiyang in the past.

"I'm sorry, I can't do it."

The water deity summoned up her courage and said what she wanted to say.

"You coward!"

Xing-Shi was furious. To think that I've always treated you as a distinguished guest, and I even let Yunxiao leave to save Lord Lingxin!

"I'm sorry," she said.

"Hmph!"

Xing-Shi flicked her sleeves in anger and left. She swung her sleeves in the air and slapped the water deity's face.

Although he did not use any origin power and only swept it lightly, this was already a great disrespect.

With Xing-Shi's steadiness, it was impossible for her to be so reckless. One could see the anger in her heart.

Guang shun's face was dark. His emotions slowly stabilized and his anger gradually dissipated. Looking at the hurrying crowd, his mind began to stir.

"Your Highness, there's no need to be sad. The mistress is too angry."

"I'm sorry. I really can't inform Imperial father about this."

The water deity began to sob, her face full of helplessness and pity.

Guang shun swallowed lightly, moistening his dry throat, "Princess is kind, I can't blame you. The eastern sea can settle this matter."

The water deity felt uneasy and asked carefully, "If you catch Li Yunxiao, can you ask if you can spare his life?"

Guang shun's brows furrowed and he revealed an unhappy expression, "I can't make this decision, but I don't think I can."

The expression on water deity's face dimmed. She also knew that this was an extravagant hope.

Yunxiao had made such a big scene by directly destroying their headquarters and cutting off their spirit veins. In any major sect, he would be killed until one of them was dead.

I hope li Yunxiao is lucky enough to escape quickly and get out of the east Sea.

The water deity clasped her hands in front of her and prayed in a low voice.

Guangshun was speechless. At the same time, a gloomy look flashed in his eyes, and his heart was filled with jealousy and hatred for Yunxiao.

“If he escapes from the eastern sea, he will become the laughingstock of our Sea Race.”

Suddenly, Ling Xin woke up and slowly opened her eyes.

Her face was extremely calm, but her face was slightly pale, and there was still blood at the corner of her mouth.

Aunt, I don't want Yunxiao to die!

The water deity couldn't help but cry and threw herself into Ling Xin's arms.

Ling Xin's eyes flickered with a trace of tender love and said, “Li Yunxiao is an outsider, and I shouldn't have fallen in love with him. Furthermore, he has committed such a heinous crime that no one in the world can save him.”

Ling Xin's words were like a bucket of cold water that was poured on the water deity, causing her to shiver.

but, ” Ling Xin said, ” that li Yunxiao has a tenth-grade divine fire. I'm afraid it's hard to find a second person like him in this world. I'll agree to negotiate with guangxian. As long as he makes up for his crime, we'll see if we can think of a way to spare his life.”

“Yes, yes! Yunxiao has a divine flame on him! Aunt, you must save him!”

The water deity saw hope at once. She wiped her tears and jumped up.

Guang shun's heart trembled. If Yunxiao did not die, he would not be able to sleep or eat in peace!

"Lord Ling Xin, isn't this a little inappropriate? Yunxiao's crime was something that even the sea Emperor should not be able to forgive. Otherwise, where would the face of the eastern sea be?"

"Didn't you just say that you can't make the decision?" the water deity was furious. And now, he's pointing fingers at me? Get lost!"

Guang shun's face was filled with black lines. He lowered his head and said nothing.

Ling Xin sighed and said, "I'm just trying my best to persuade him. Whether it succeeds or not, it's all up to your father. Even if my brother asks, I can't do anything if your father doesn't agree."

"That's right!" Water deity said. Father asked Guangxian to release Li Yunxiao early in the morning, but it was Guangxian who disobeyed father's decree and caused today's disaster. He brought this upon himself."

"Don't spout nonsense!" Ling Xin shouted.

She glared at the water deity. Even if she was the sea Emperor's daughter, she would not be treated well if she spoke nonsense in this situation.

If you succeed this time, even if you keep Yunxiao alive, you must swear that you will never see him again.

"Ah? No, aunt! How can you be so bad?"

The water deity said anxiously.

this is my bottom line. Ling Xin's eyes were cold as she said firmly, " otherwise, I wouldn't even bother trying. We can just let Guangxian kill him and extract the divine fire from his body."

The water deity was stunned. She only felt a sour feeling in her heart. Looking at the determined look on Lingxin's face, she knew that there was no room for compromise.

"Okay, I promise you, aunt."

The water deity bit her lips, her face pale.

After leaving the palace on the shuttle, Yunxiao rushed out of the sea and flew under the blue sky.

Ye Fan came out of the divine realm tablet and released Noah's ship, where Yunxiao sat on it to regulate his breathing.

He was almost out of energy after the battle at Donghai, but he was in a good mood at the moment. Not only did he move the spirit vein of Donghai, but he also took all the treasures that had been in the palace for many years.

Right now, even if his wealth could not compare to those superpowers, it was at least much richer than a tyrant.

Seeing Yunxiao smiling while cultivating, Ye Fan could not help but ask, " big brother Yunxiao, is it really good for you to cut off people's spirit veins like this? "

...

Yunxiao opened his eyes and chuckled. "That Guangxian harbored the intention to harm me. If I had enough power, I wouldn't have gone too far even if I killed him. So what if I cut off his spiritual veins?"

Ye Fan nodded: " that's true. However, if we do that, we will attract a huge enemy. It will be hard for us to have a good ending.

A cold look flashed across Yunxiao's face as he said, " "Why should we be afraid of making enemies? He was afraid that he would not be able to move forward. As long as you were strong enough, you wouldn't need to fear any enemy. The resources I've obtained from the East Sea this time are enough for me to cultivate to the end of the martial path. By then, I won't need to fear guangxian."

Ye Fan said,'big brother Yunxiao is right. I've already located the coordinates of the continent. If there are no accidents, you should be able to return to the Eastern Region in two or three months."

Yunxiao closed his eyes and continued to cultivate.

Inside the divine realm tablet, a large mine with a radius of ten thousand meters was floating in the sky.

Spiritual energy rolled out of it like fog and smoke, and ores collapsed continuously. They shattered into spiritual energy in the sky and disappeared.

Yunxiao transformed into his human form and pulled Yuan gaohan over with one move.

Anger appeared on Yuan gaohan's face, as if he was at a critical moment in his cultivation when he was interrupted for no reason.

"Hehe, don't look so livid. I have something good to show you."

"Hmph, good stuff? I'm afraid you're making me do hard labor again?"

...

"Don't make it sound so utilitarian. Look at what's below."

Only then did Yuan gaohan coldly look towards the mine vein, his eyes focused for a moment before slowly saying, "It's actually a spirit vein! And it's of extremely high quality, and it's a super large spiritual vein that has been formed for at least a million years!"

His face was filled with shock, then with extreme regret, he angrily rebuked, "Wastrel! What a prodigal! You're the one struck by lightning! You actually dug out such a peerless spirit vein! Do you still have any humanity left in you?"

When a spiritual vein was dug out, it was like a flower branch being plucked. It could be used to satisfy one's personal desires, but in the end, it would only wither.

"Hehe, there's nothing to be distressed about. This is someone else's spirit vein, dig it up and use it."

Yunxiao said with a smile.

"Someone else's?" Yuan gaohan was startled and asked. You broke the eye of the spirit vein of a big clan in the East Sea?"

"It is!"

Yunxiao nodded without any hesitation.

"You trouble-maker!" Yuan gaohan rebuked. How dare you target the big clans of the East Sea? it seems that you haven't learned your lesson enough!"

if they want to get their hands on me," Yunxiao said indifferently, " they should be prepared to be bitten by me.

Yuan gaohan stared at the spirit vein, and the more he looked, the more he felt that it wasn't simple. this spiritual vein is strange, and the concentration is above my estimation. Did you kick the nest of some S-Class sea tribe? "

“Hehe, brother Gao Han has a good eye.” Yunxiao praised.

Yuan gaohan sucked in a breath of cold air and cursed, S-Class members of the sea tribe are very rare, but they are all extremely powerful. I’m afraid they will hunt you down for thousands of miles!

“It doesn’t matter. I’ve lived two lives, I’m already used to being hunted down.”

“What race did you offend? Perhaps I’ve heard of it before.”

“I’ve heard of it, I’ve definitely heard of it. The eastern sea’s royal family, the hideout of Guangxian.”

Yunxiao said unhurriedly, with a smile on his face.

Yuan gaohan, “hehe.”

Silence, an abnormal silence.

Yuan gaohan took a light breath and immediately felt very comfortable. He slowly said, “What did you just say? I don’t think I heard you clearly, or did I hear you wrong?”

“That’s right. It’s the royal family of the eastern sea, the hideout of the Lord of the eastern sea, Guangxian, the eastern sea Palace.”

You mean you dug out the eye of the spirit vein under Donghai Palace? ”

“Yes, that’s the place.”

“Haha, you’re not honest at all. You like to joke.”

“Hehe, brother Gao Han, do I look like someone who likes to joke?”

“Hmm, it doesn’t look like it. But if you’re not joking, then what are you doing? You dug out the eye of the spirit vein in Donghai Palace. Haha, this is so funny!”

Yuan gaohan raised his head and laughed a few times, then his face suddenly became gloomy and his eyes became extremely sharp. He said in a cold voice, You said you dug out the eye of the spirit vein in the palace of Donghai and you weren’t joking with me? ”

With a smile on his face, Yunxiao asked again, ” “Brother Gao Han, do I look like someone who likes to joke around?”

“?!”

Yuan gaohan finally confirmed that he hadn’t misheard. He finally confirmed what he had learned!

He only felt his head suddenly become huge. He was completely stunned and his mind was blank!
