

The Eternal 1191

Chapter 1191

1191 Profound level weapon sensing

“Hey, brother Gao Han, what’s wrong?”

you look so scary now, ” Yunxiao said in surprise. it’s as if someone is holding your neck and you can’t breathe. Are you feeling unwell? ”

“Damn it!”

Yuan gaohan roared, his originally pale face suddenly turning red as he roared, “Dammit, dammit! Do you know how much trouble you’ve caused?”

Yunxiao laughed. really? He was just taking something from him. The wealth of the eastern sea’s treasures was beyond imagination. As the Lord of the eastern sea, guangxian shouldn’t be so narrow-minded, right?”

When Yuan gaohan heard Yunxiao’s words, he felt as if a huge rock was pressing down on his chest. He resisted the urge to vomit blood and said angrily, ” magnanimous, li Yunxiao! If you keep playing dumb, I really want to kill you!

“Hahaha!”

haha! Yunxiao laughed and said, ” things have come to this. There is no turning back. We can only deal with it as it comes.”

what a good strategy. Do you know that your recklessness will not only bring disaster to yourself, but it will also directly affect the entire heavenly martial continent! Yuan gaohan roared.

Yunxiao gave him an indifferent glance and snorted, ” “What are you afraid of? Can’t you just hide? It’s just like that year.”

Yuan gaohan was speechless for a moment and gradually sobered up from his anger, but his face was still full of worry and anger.

“What do you plan to do now?”

“What do we do? Let’s go back to the continent first. I’ll find a safe place to quietly cultivate. When I reach the end of my martial arts journey, I’ll go to the four Seas and see what guangxian can do to me.”

Yuan gaohan was speechless and shook his head repeatedly.

you should have noticed that there is a problem with this spirit vein,” Yunxiao said. the spirit energy it exudes contains a kind of extreme yin energy, which is very harmful to martial artists. It must be restrained by items of extreme yang. I hope that brother Gao Han can help me refine this spirit vein with divine fire and remove any hidden dangers.”

“I knew it wouldn’t be anything good for you to come looking for me,” Yuan gaohan said with a sullen face.

haha! Yunxiao laughed. well, we’re allies, so I won’t be polite with you.

“It’s better to be polite as much as possible,” Yuan gaohan snorted.”I’m me, and you’re you. Don’t mix around.” What I’m worried about now is whether you have the confidence to leave the East China Sea. Even with your strength back then, you almost died.”

cultivation is not everything, ” Yunxiao said with a smile. strength is everything. With Noah’s ship here and my understanding of the eastern sea’s royal family, the chances of escaping are much higher than before.”

“I hope so,” Yuan gaohan said. ‘You’re the only one in the world who dares to do such a thing, Yunxiao,’ he thought. However, if that’s the case, I’m afraid that the war between the two races, which has already gradually calmed down, will escalate again. It’s not a blessing for the two races.”

He was the Secretary of a sanctuary division, so he did not consider things as freely as Yunxiao did. He had too many things to worry about.

the sea Race is too arrogant, " Yunxiao said seriously. if the war really escalates, I suggest the sacred zone think about it and give them an unforgettable lesson.

"No!" Yuan gaohan was startled and hurriedly said,"you can't! If the sanctuary-realm interferes, then the sea Forest will definitely interfere in this matter as well. At that time, it will become a World War!"

so be it! Yunxiao snorted. if they are not afraid, what are we afraid of? " Let's destroy the forest of the sea and the palaces of the other three Seas. Let's see how arrogant they can still be."

"Unreasonable! You're completely unreasonable!"

Yuan gaohan glared at him angrily, knowing that if he continued to talk about it, he would be angered to death, so he simply shut his mouth and began to carefully observe the spirit vein.

Yunxiao chuckled, but there was a trace of worry under his arrogant and unruly look.

He was also afraid that the war between the two races would escalate. To him, the world was so big that it would be as difficult as ascending to the sky for Guangxian to kill him. However, if the entire human race was implicated, he would not be at ease no matter how unruly he was.

Therefore, the most important thing now was to increase his cultivation. As long as he recovered his martial arts realm from his previous life, coupled with the strength of his trump card in this life, he would be able to fight against the entire East Sea Dragon clan!

With a flash, he appeared in another place.

The five dragon guards immediately came to their senses and returned to their senses, staring at him warily.

The atmosphere between the two sides was very somber, even the air was frozen.

don't be nervous," Yunxiao said with a smile. everyone, don't be nervous. Now that you're on my ship, you'll definitely be my people in the future. Can we try to change the atmosphere?"

"Your people? In your dreams! When are you going to let us go?"

Guang Quan shouted.

"Leave?"

Yunxiao looked confused. did I say I would let you go? "

The five people's faces changed greatly, and they were shocked and angry. One of them said angrily, "Are you going to lock us up forever?"

this is the interior of a Supreme-grade Mystic artifact," Yunxiao said with a smile. it's a world of its own. As long as you are happy, you can live here for the rest of your life.

"We're not happy!" One of them said angrily.

Yunxiao's face turned cold. even if I'm not happy, I'll have to stay here for a lifetime.

"You!"

That person was furious and the Dragon Qi on his body exploded. He was about to kill someone in the air but was stopped by Guang Quan.

Guang Quan's expression was also extremely ugly as he said,"What do you want before you'll let us go? It's better to kill us than to lock us up for a lifetime. It's impossible for us to sell our lives for you."

you lost the Dragon shaking hammer, " Yunxiao said. don't you want to get it back? "

"Didn't you take the Dragon shaking hammer?" Guang Quan was stunned.

I was also incited by someone, " Yunxiao said with a wry smile. it's not in my hands now.

Guang Quan was silent for a moment before he said,"I understand. You want us to help you deal with the person who possesses the Dragon shaking hammer?"

Yunxiao looked surprised as he smiled and said, " "Miss Guang Quan is really talented and intelligent."

Guang Yan replied,"if you can't even defeat that person with your strength, what use are the five of us?" Why don't we leave? as long as we tell Lord dragon head the whereabouts of the Dragon shaking hammer, Lord dragon head will definitely find a way."

Yunxiao's eyes lit up, as if he had received a hint. If he could lure the Dragon head to deal with guangxian, the East Sea Dragon race would be overwhelmed and he would have more confidence in leaving this Sea region.

"Do you have a way to send a message to the Dragon head?"

Guang Quan shook his head and said,"no, the land of rain is isolated from the outside world." However, we have the natural rain mark on our bodies, so we can go back at any time." She paused for a moment and continued,"but this transcendent grade profound level weapon makes us unable to sense the existence of the rain land .."

...

understood, " Yunxiao said. Since that's the case, I'll let one of you go. As for the location of the Dragon shaking hammer, I can tell you clearly that it is in the hands of the king of the East Sea, guangxian. He's also the one who instigated me to enter the rain land."

“What? It’s impossible!”

The five dragon guards paled in disbelief.

“You’re trying to sow discord between us and the East Sea Dragon race!” Guang Quan exclaimed.

it’s very easy to verify it, ” Yunxiao said with a faint smile. this is not a problem for you dragon guards at all. I can let one of you go. Who will go?”

The five of them gradually recovered from their shock. This matter was of great importance, and they could not judge whether it was true or not.

The most important thing now was to leave this place and send the message back. As Yunxiao had said, with the Dragon head here, it was very easy to judge the matter.

The other four dragon guards all requested for Guang Quan to leave, but Guang Quan firmly refused. After a private discussion, they decided to send a young dragon Guard away.

Yunxiao smiled and threw the man out of the divine realm tablet.

The Dragon Guard was directly thrown out by the high-speed Noah’s ship, and he was knocked back several thousand meters in the sea before he could stop.

His face was filled with anger. With a flip of his right hand, a Shining Dragon scale appeared. His eyes were filled with determination.

...

“Big sister Guang Quan, just you wait. I’ll immediately go back and report to the Dragon head, and he’ll come to save everyone!”

That piece of dragon scale was what he had secretly exchanged with Guang Quan. Through this dragon scale, in the direction of Noah's ship, he could faintly feel the faint bloodline connection.

A cold light burst out from his eyes as he began to execute a secret technique. His entire body became faint on the surface of the sea before finally disappearing.

Yunxiao's main body on Noah's ship slowly opened his eyes, which flickered with a bright light, as if he were deep in thought.

All of a sudden, the two of them were shocked at the same time. They widened their eyes and looked at each other. They saw the shock in each other's eyes.

what? " Ye Fan was shocked. big brother Yunxiao, you felt it too? "

Yunxiao looked in one direction with a serious expression and a look of disbelief on his face as he muttered, " "I can't be that lucky, right?"

Ye Fan said, " this feeling is exactly the same as when I was on Xian Kong Island. It must be the Lotus of Fa Hua. That's what I've heard!

what? " Yunxiao was surprised. are there any connections between transcendent-grade Mystic artifacts? "

Ye Fan also shook his head, " I don't know. The ancestor's notes didn't record it. After all, in countless years, it was very rare for two Supreme grade profound level weapons to appear. However, this feeling right now is indeed very strong."

A drop of cold sweat trickled down Yunxiao's forehead as he said in embarrassment, " "Don't you feel that this feeling seems to be getting stronger and stronger?"

Ye fan's body trembled as well, " that's right. I thought there was something wrong with my senses. You felt it too? " What's going on?"

Both of their faces turned pale, as if they had thought of a possibility.

“Motherf * cker! As expected!”

what? ” Yunxiao cried out in surprise, ” I heard that they are getting closer and closer! Quickly run!”

Ye fan’s body shook as well. His hands quickly formed seals and Noah’s ship glowed with a golden light. It directly jumped in space and flew towards the continent.

After half a day, the resonance between the profound level weapons gradually weakened and became faintly discernible. However, one could still faintly feel that it was like a tail that could not be removed, following closely behind.

Ye fan’s body was covered in sweat, his stamina was almost completely used up.

Although Noah’s ship was far faster than a ninth-tier warship, it was driven by him alone, just like Yunxiao’s divine realm tablet. It was already beyond Yunxiao’s expectation that it could last for half a day.

I just found out that it’s double the monthly votes again. Please give me the monthly votes. He would try to keep sixth place.

Chapter 1192-terrible life

“Stop, there’s something strange up ahead.” Yunxiao suddenly said.

Ye fan’s hand seals changed, he slowly put them down and opened his eyes.

His face was pale, and he was panting. He was already at his limit. However, this kind of flying with all his strength was also a kind of extremely powerful cultivation.

Yunxiao casually threw some pills over. They were all heavenly materials and earthly treasures he had obtained from the palace of Dong Hai, and the effect would be doubled if they were directly refined into pills in the divine realm tablet.

Ye Fan took it and quickly swallowed it, panting: "that aura is still behind us. I've changed directions several times in the middle, but it's still chasing us.

since it's a mutual sense," Yunxiao said, "I think he must have discovered us and chased after us. Could it be that Guangxian's efficiency was so slow that he had not dealt with him yet? That shouldn't be the case."

With Bo Yuqing leading the way, Guangxian and the other experts of the East Sea, as well as the Dragon shaking hammer that could suppress dragon power, killing Guang Yuan should be a piece of cake.

After swallowing a few pills, Ye fan's face was filled with joy. The power of the pill was far beyond his expectations, "I've recovered a little. Let's continue running. We'll be finished if they catch up to us."

no hurry," Yunxiao said. there's a problem in the sea ahead. You should rest for a while and wait for the battle."

Ye Fan was shocked, he looked towards the sea, it was a vast blue sky, it looked very normal.

"Problem?" He revealed a suspicious expression.

the order to capture me must have spread throughout the entire East Ocean," Yunxiao explained. this is a common way to capture people in the East Ocean. They've set up spatial traps in certain areas of the sea that we must pass through. If we're not careful, we'll fall into them."

Ye Fan was shocked. He could not feel anything strange in the sea ahead. If he was alone, he would have fallen into an ambush.

Yunxiao smiled, a little embarrassed. I was also hit by a lot of tricks in the past. Later, I became more cautious. I basically know their means in my heart. As long as Guangxian does not catch up with me, it

will not be a problem for me to return to the continent safely. Moreover, a place that can set up such a spatial trap must be guarded by a powerful race.”

Ye Fan said, “but if we stop here, that Guang Yuan Kasaya behind us ...”

if Guangyuan really comes, ” Yunxiao sneered, ” we’ll lure him into this spatial trap. This trap was a passageway that led in all directions, and it could conveniently transport the sea tribe experts within a certain range. As long as Guang Yuan goes in, even if he doesn’t die, he’ll lose a layer of skin.”

Back then, he had the strength of a peak nine-star and had fallen into such a large-scale trap several times. He had to fight with all his might to get out.

The present Guang Yuan’s power was far inferior to his in the past, and whether he could even come out was a question.

In the deepest part of this Sea area, there was a deep and dark hall. The words ‘Ji Sha’ were hung above the hall. A group of experts in the hall were nervously staring at a water screen.

In the water curtain was the shadow of Noah’s ship, as well as the figures of Ye Fan and Yunxiao, who were talking and laughing on it, but no sound could be heard.

Although there were more than ten experts gathered inside, the atmosphere was unusually oppressive. Apart from the occasional gurgling of water bubbles, no one made a sound.

“These two should be li Yunxiao. I didn’t think that he would really run to our jurisdiction. I don’t know if this is a blessing or a curse.”

“Boss, of course it’s a blessing! The entire Eastern Sea is looking for him, but he came to our domain. This is a gift from the heavens!”

Under the shark head, a group of experts from the clan all had green light in their eyes, emitting an unfriendly aura.

“Pie? I’m just afraid that I’ll cut off your teeth!”

The shark head said coldly, “how can the royal family of the eastern sea not be able to eat a pie?” I suspect that he has already seen through our move of moving mountains and overturning seas.”

“Impossible! Moving mountains and overturning seas is a chain formation that spans the entire sea region. It can have up to eighteen main formations and countless smaller formations outside. Pulling one will affect the whole. It is the most powerful and most extensive formation in the East Sea, and there are no signs to follow, so it’s impossible to see through!”

No one believed it. They all thought that the Golden battleship had stopped by chance.

One of them said, “ this formation was left behind by the ancestors of the sea tribe to defend against the invasion of foreign enemies. It was only used once decades ago, and it worked so well that even Gu Feiyang, the peak martial sovereign of the human race, couldn’t see through its mystery and almost died inside. It’s impossible for this li Yunxiao to notice it. ”

“Let’s hope so,” shark head said, “let’s observe for a while. If he still doesn’t enter the formation, there must be something fishy going on. We have to find a way to lure him into the formation.”

“Why don’t we attack them directly? we might be able to take them down, and that would be a great contribution.” Even if he couldn’t, he could force them into the formation. By then, the entire formation will be activated. Not only will the layout inside the formation be shocking, but the experts from the other sea areas inside the formation will also be able to cross the formation and come here directly. Even a peak-stage martial sovereign will be turned into ashes!”

The shark head hesitated for a moment before saying, “this plan is feasible.” Although these two people look young and their strength seems to be limited, you must not underestimate them. If you discover anything amiss, you must escape at once.”

There seemed to be a flash of fear in his eyes as he reminisced, “ in the battle when we besieged Gu Feiyang, under the thousand-mile sword light, it was like a meat grinder. No matter how many experts were thrown into it, they were all turned into ashes.

“Haha, Lord shark head, you’re overthinking it. These two humans were unknown, and with their age, how strong could they be? It’s probably just good at running away. That battleship really does look extraordinary.”

The Warriors of The Jabbers were eager to take action. They thought it was a great opportunity from the heaven.

As long as they could take down Yunxiao, it would be a great achievement, and they could request to expand the sea area and obtain more resources.

The shark head also seemed to be moved, and a cold expression flashed across its face, “ alright! Since you’ve decided, let’s do it!”

Everyone was overjoyed. They turned into green lights and rushed out of the hall, rushing toward the sea.

Yunxiao, who had been resting with his eyes closed, suddenly opened his eyes and looked at the sea.

Ye Fan seemed to have sensed something and was about to ask.

Suddenly, the surface of the ocean Burst open with a “Bang Bang Bang” sound. Rays of light shot up into the sky. In an instant, dozens of experts surrounded the two of them.

The dozen or so people at the front were all martial sovereigns, and the shark head was also an eight-star Martial Emperor expert.

are you li Yunxiao? ” the shark head shouted. are you li Yunxiao? ”

Yunxiao glanced around with his moon-like eyes to make sure that there were no more experts. Ignoring the shark head’s question, he pointed at his glabella and released the evil spirit, then said, “ Clean everything up.”

“Hahaha! They’re all small fries, I like beating small fries!”

The evil spirit’s eyes lit up and he took out his axe excitedly. After he had possessed this body, he had been extremely fond of it. Now, he was still in the process of fusing with it, and he had to go through experience to achieve a complete fusion.

The Dragon aura of a nine-stars martial sovereign was suddenly released, and it instantly suppressed everyone.

The shark head’s expression changed drastically as he said in horror, “not good!” It’s the dragon clan of a nine-star Martial Emperor!”

As soon as the dragon’s breath was released, everyone was scared out of their wits. That murderous array instantly disintegrated, and everyone was dumbfounded.

“Hahaha! You’re all afraid!”

The evil spirit laughed madly, and its eyes were filled with killing intent. It strode forward and chopped down with its axe.

All kinds of screams rang out, but Yunxiao and Ye Fan were still meditating quietly.

Only then did the shark head understand that this ‘pie’ was purely a ‘metal pie’ that could bite off your teeth.

...

He roared and released a demonic aura, breaking through the suppression of the evil spirit Dragon’s might. He roared and rushed into the array. Only then did he turn around, his cold aura threatening. come and kill me if you have the ability!

“Eh? I was so scared just now, but now I’m not scared anymore. It’s strange.”

The evil spirit rolled its eyes and looked like it was in deep thought.

Yunxiao opened his eyes in surprise. This evil spirit had a brain.

The shark head saw that he didn't fall for it and continued to slaughter his own clansmen, and it became anxious. It hurriedly said, "Coward! As a member of the dragon clan, you don't even have the courage to do this. You're a coward!"

"So what if he's a coward?"

The evil spirit mumbled as it swung its axe down. Another Martial Emperor from The Jabbers was cut in half.

The shark head's entire body turned cold, and he was on the verge of tears as he cursed, "Are you still a Dragon? Do you have any dignity as a Dragon? If you f * cking have the guts, then come over!"

"Don't shout, you don't have the guts, okay?"

The axe in the evil Spirit's hand was waving, and in a few breaths, it killed more than half of the Warriors from the draining shark clan.

Shark head was completely dumbstruck, his mind completely blank. The words and actions of the evil spirit were completely different from the dragon clan in his memory.

...

He almost cried as he watched his clansmen fall one by one.

The evil spirit raised its axe and was about to slash down again when its pupils suddenly constricted, and the giant axe stopped.

Yunxiao's eyes snapped open as well, and he cried out in shock, " "Not good!"

That male from the Ji Sha race was scared out of his wits. When he suddenly saw the killing intent stop, he jerked back and retreated over a hundred meters away, narrowly escaping with his life.

The man who had just survived the disaster couldn't help but laugh out loud, " haha, hayingluo!

Suddenly, he felt his vision go black. His body was torn apart by a huge force, as if a huge rock was cutting his body. After a sharp pain in his head, he felt that his body had turned into a meat paste, and then he completely lost consciousness.

Ye Fan looked at the scene in the distance and said in shock: " "Guang Yuan! How did he do it so quickly?"

The evil spirit and the shark head were stunned as well. A hundred meters away, a huge Green Dragon was hovering in the sky. The huge dragon head had eaten the man from the Khali shark tribe and was even chewing on him.

Then, the Azure Dragon descended from the sky and transformed into a figure on the sea. A man in Azure with a cold expression and an extraordinary appearance appeared.

It was Guang Yuan, whom they had been separated from for some time.

The aura on his body was extremely powerful at the moment, and his forehead was full. It was obvious that his injuries had completely recovered.

Guang Yuan's cold eyes stared at Yunxiao as he grinned and said, " li Yunxiao, it's a small world.

Yunxiao's face turned extremely unsightly, and he forced a smile. what a terrible life!

Chapter 1193-moving mountains and overturning seas

Guang Yuan said coldly, "it's pretty bad." However, good comes from bad. Now that I've met the two of you, am I starting to get lucky?"

you've completely refined 'Amitabha'? " Yunxiao asked. have you completely refined' Amitabha'? "

Guang Yuan crossed his arms in front of him, looking very confident, and said, " "Even if I didn't refine you two, wouldn't it be easy to capture you two?"

Yunxiao smiled wryly. The extent of his opponent's refinement was far beyond his expectations. Otherwise, he could not have escaped from Guangxian, nor could he have come here without being noticed by Yunxiao and Ye Fan.

"Actually there isn't much enmity between you and me. As the saying goes, it's better to get rid of an enemy than to make up for it."

"Alright, alright, enough!"

"Just surrender and hand over all your treasures," Guang Yuan interrupted, "and I can grant you death before eating." Otherwise, I'll swallow you alive. It's your choice."

so cruel? " Yunxiao wiped his cold sweat and asked.

Guang Yuan looked around, revealed a sinister smile, and said, " it's a very good meal. After eating you, I have a great chance to reach peak nine-star!

nine-Star Peak Kasaya "

Everyone's hearts trembled violently. After Guang Yuan had recovered to his peak, he had advanced even further.

With the devouring cultivation technique, he had killed countless Sea Race members during this period of time and accumulated a shocking amount of power. He was not far from the peak of the nine-star level. As long as he had the opportunity, he could break through at any time.

“Let’s eat these dregs first.”

Guang Yuan’s gaze turned, and he instantly transformed into his dragon form, stirring up wind and waves on the surface of the sea.

A huge wave of seawater rose into the sky, engulfing everyone.

His speed was so fast that it was simply hard to catch him. One only saw a gust of whirlwind spin past, and a series of agonizing cries rang out one after another. In the blink of an eye, the Ji shark clan’s experts were completely devoured clean.

The previously lively sea surface was left with only a few people in an instant. The shark head’s eyes were wide open, and his mind was blank.

“Ji, Ji, Ji, Ji, Ji, Ji, Ji, Ji, Ji, Ji ...”

Guang Yuan’s mouth chewed, and a soft chewing sound rang out, making one’s hair stand on end.

“You’re also a member of the East Sea Dragon race, but why do you look so unfamiliar?”

Guang Yuan stared at the evil spirit, chewing on the bones and meat in his mouth as he revealed a suspicious look.

“Gulp!”

The evil spirit broke out in a cold sweat under his gaze and couldn’t help but take a few steps back. don’t, don’t come over. We’re a family. We’re friends, not enemies.

“Oh?”

Guang Yuan swallowed the food in his mouth, and let out a breath of turbid air. He looked up at the sky and said somewhat sorrowfully, “A long time ago, I was the only one left in my family.”

The evil spirit was shocked, and a bad feeling welled up in its heart.

retreat! Yunxiao suddenly shouted. retreat!

The evil spirit didn’t have time to think. It turned into a ray of light and fled.

As soon as he moved, an extremely dangerous aura descended. A terrifying giant dragon head appeared behind him and opened its mouth to bite.

He broke out in a cold sweat, but fortunately, he was prepared. The veins on one of his arms popped out as he grabbed the axe and slashed in the air.

“BOOM!”

“Ah!”

A wave of power exploded, but it instantly drowned out the evil spirit’s screams.

Blood splattered in the air.

The mouth of the Dragon head was covered in blood, while one of the evil spirit’s arms had been bitten off, and Guang Yuan had eaten it along with the axe.

The evil spirit’s legs turned to jelly as it desperately charged into the mountain shifting sea formation.

He only felt that his surroundings immediately became strange. It was as if he had entered a ball of cotton. His surroundings became soft and he could not exert any force.

The shark head had tried every possible way to lure the evil spirit into it, but now that it had really entered, it was not happy at all. Instead, its face was pale.

Guang Yuan was seen flying over with ill intentions. He hurriedly made hand seals with one hand, and his entire body was instantly hidden in the array, disappearing from sight.

The moment Guang Yuan entered the formation, his expression changed drastically, and he said in shock and anger, move mountains and drain seas?!

He was a member of the royal family, so he naturally understood the power of this array. His face instantly twisted and he roared, "Guangxian, guangxian! In order to kill me, you've even set up a chain formation that spans the entire sea? He really has good intentions!"

His eyes suddenly turned red, and his killing intent rose.

The shark head was the person who set up the formation in this Sea region, controlling the formation's essentials. He had the right time and place, but under Guang Yuan's tyrannical power, he did not dare to show himself rashly. Instead, he cast a spell in the dark, first opening the formation's channel, and then sending the message to the other positions.

Then, the mechanism in the formation activated, and a bad feeling spread through the formation. Even Guang Yuan became abnormally vigilant.

As soon as the formation was activated, the entire sea area began to become abnormal. It was as if it had been enveloped in a glass bottle, as if it was isolated from the outside world. The people outside couldn't see what was going on inside.

Ye Fan was shocked: " they have all entered the formation. What should we do? "

that idiot didn't know that it was enough to lure Guangyuan in," Yunxiao said with a wry smile. he even got himself into trouble. It's not difficult to break this formation, but the difficulty lies in the fact that this formation is extremely vast and can be set up with endless trump cards. Once you enter it, it's difficult to survive."

"Then what should we do?" Ye Fan asked. "You're not going to save him?"

although that idiot has a different heart from me, he's one of us after all," Yunxiao said. of course I have to save him! Furthermore, Guang Yuan had mistakenly thought that this formation was used to capture him, and that perhaps this was the best opportunity to break this formation. You can enter the divine realm tablet."

After he put Ye Fan into the divine realm tablet, he took out the space-breaking shuttle and slowly stepped into the formation.

A soft feeling immediately followed, making him feel like he couldn't exert any strength. Moreover, the sea view in front of him changed, as if he had entered an independent sea.

As soon as Yunxiao stepped into it, he felt a sense of danger.

He looked around and saw a sea of black creatures surrounding him. Upon closer inspection, he realized that they were red seahorses with fierce eyes.

...

Yunxiao smiled wryly in his heart. The scene back then was exactly the same as this, except that it was not seahorses that attacked him at that time, but a strange rectangular creature, but it was almost the same.

"BOOM!"

A series of roars came from the distance, and Dragon Breath spread out.

Not far away, the evil spirit was caught in a bitter battle. He was surrounded by all kinds of things. Although a large number of them died with each move, the endless stream of attacks still made him extremely shocked and angry.

He had already lost an arm, so he had used up a lot of energy. Now, his physical strength was continuously decreasing.

As soon as Yunxiao appeared, the seahorses around him quickly swarmed over and spat flames at him.

In an instant, his entire body was on fire.

Yunxiao was surprised at first, but then he was overjoyed. He found that these seahorses only knew how to breathe fire around him. Although the flames were connected and had a shocking aura, they were not very lethal.

He only put up a layer of defense and sat safely inside the flames. He quietly observed the surroundings. Suddenly, his eyes narrowed and he knew that something was wrong.

In the nearby Sea region, the space suddenly began to ripple violently, slowly forming a vortex. A powerful presence gradually emerged from within.

Then, dozens of light beams shot out of the whirlpool and landed on the sea.

...

It was actually a dense crowd of experts, with more than a hundred of them.

Yunxiao knew that they had been teleported from other seas. The entire mountain-shifting and sea-overturning array connected the North and the South, and when one side received news, they would immediately come to their aid from all directions.

There was a flash of light beside the group of people and the figure of shark head appeared. His face was full of joy and anger. After a simple conversation with the group, they all turned their eyes to him.

Suddenly, an earth-shattering roar came from the sea.

Soon after, a maniacal laughter rang out. hahahaha, a bunch of idiots! To actually use such a method to deal with me, what an idiot! Guangxian, it seems that I have to thank you properly!”

A huge Dragon Shadow soared into the sky and opened its mouth to devour countless sea creatures.

Those various low-level sea creatures were all sucked into Guang Yuan’s mouth like beans being poured out.

“Ah?”

Everyone was completely dumbfounded, and so was Yunxiao.

Although the level of these sea creatures was not high, there were enough of them. If they ate so many of them, they would either die from overeating or break through to peak nine-star directly.

But looking at Guang Yuan’s ecstatic expression, as well as his digestive ability, it didn’t seem very likely that he would be able to collapse.

“Not good! Let’s kill him together!”

The newly arrived group of marine race experts had not witnessed Guang Yuan’s terror before, so they all glowered at him. Relying on their numbers, they were bold and all charged over at once.

“Hahaha!”

Guang Yuan laughed loudly as he ate, his entire Dragon-shaped body constantly swaying in the air, as if he was unusually happy.

idiot! Yunxiao shouted at the evil spirit. come here!

The evil spirit was taken aback. When it heard Yunxiao's voice, it rushed in that direction with great joy.

Guang Yuan was gobbling down low-level sea creatures while his eyes shone with a cold light. With a clap of his hands, a golden light emerged from his body and shot directly into the sky.

The golden light spread out in the air and turned into a Lotus platform, shooting out colorful lights.

"Everything that exists is like a dream. Like fog and lightning, it should be like this."

As Guang Yuan's hands formed a seal, the light from the Lotus seat shot down. Wherever it passed, a dazzling magical light would appear, mesmerizing everyone.

His face was full of mockery. A surge of origin power spread out in his hand and turned into a Dragon that swirled out of his palm.

"Mixed element Qi!"

"BOOM!"

The Dragon roared and charged into the crowd. The experts' bodies exploded one after another, and blood and flesh flew everywhere.

It was a one-sided massacre without any resistance. Hundreds of people were killed in a few breaths.

Guang Yuan's eyes lit up, and one of his dragon heads expanded to ten times its original size. With a loud roar, he took a deep breath in the air and swallowed all the broken limbs into his stomach.

The shark head and the few experts who had not died felt their bodies turn cold, and their legs went soft.

The shark head hurriedly changed its hand seal and entered the formation again, disappearing from sight.

The few powerful cultivators who had come from other regions all shouted in horror, " don't go! Take us with you!

But there was no response.

"Roar!"

Guang Yuan instantly rushed over, and with a palm strike, he killed all of them, and swallowed them all in large mouthfuls.

Chapter 1194-understanding one technique means understanding ten thousand techniques

Yunxiao had also cut a path out of the seahorses. He put the evil spirit into the divine realm tablet and was about to escape.

Suddenly, a beam of light shone down, and there was a faint auspicious sign in it. Amitabha froze the space.

"Your sister!"

damn it! Yunxiao cursed as he waved the cold sword in his hand. A gust of cold air rushed out and blocked the auspicious light.

The sword Qi gathered in the air, and countless rules appeared. A sword technique appeared, and a path was opened.

“Hmph! Don’t even think about leaving.”

The sky suddenly darkened, and Guang Yuan’s figure had appeared above them at some point. A ball of true essence condensed into Palm Power in his hands, ready to strike down.

Yunxiao was horrified. If he were hit by that chapter, he would die without a doubt.

He suddenly formed a seal with both hands, and a boundless Dragon’s might spread out from his body, emitting an extremely powerful Dragon Breath.

“What? This is Yingluo.”

Guang Yuan’s entire body trembled, and the power in his palm stagnated slightly. Shi Long’s aura had shocked him abnormally, and a sense of fear had emerged from the depths of his soul.

At that moment, a Dragon’s Roar came out of Yunxiao’s mouth, piercing through the sky like a lightning bolt and shooting straight at him.

The Dragon’s Roar seemed to have come from the primordial era. It carried Supreme might and solemnity, as if a Dragon had really soared to the nine Heavens!

Huge waves surged in Guang Yuan’s heart. That Dragon’s Roar was actually directly pressing down on his soul, causing him to feel an extreme fear from the bottom of his heart, and a feeling that he could not be matched by force.

After letting out a dragon roar, Yunxiao immediately took out the shuttle and was about to escape from the array.

He knew very well that his Dragon’s Roar was only for show. It was a complete imitation of the first Dragon’s Roar. It was only enough to scare ordinary martial sovereigns, but it could only scare Guang Yuan.

He cast out the shuttle and flew into it.

Suddenly, there was a flash of silver light, and an astonishing sword force streaked across the sky.

“BOOM!”

The shuttle exploded on the spot, and Yunxiao transformed into a Thunderbolt under the sword force and fled dozens of meters away, which saved him. However, the sword Qi cut into his body, and he spat out a mouthful of blood after his body was formed.

He looked at the sea in the distance in shock.

A ray of silver light slowly rose up and gradually turned into a looming figure. The figure said in a cold voice, “ how dare you refine the bones of my clansmen into profound level weapons. Death penalty!

With a flash of silver light, another sword ray slashed over.

Yunxiao was shocked. The man in front of him was the king of the Silver Spirit, a peak nine-stars Martial Emperor!

Although it was a casual slash, it had the power to destroy the world. The entire sea area within the array was split in half and whistled up.

Guang Yuan also sobered up from this change. His pupils constricted, and he shouted, “Silver Spirit!”

His figure flickered, and a shadow burst out of his body, faster than the sword, and rushed to Yunxiao’s side. Then, he formed a claw in the air and grabbed at the sword Qi!

“Bang!”

The sword Qi directly shattered the afterimage, stirring up waves.

The master of silver spirits put away the sword in his hand and said slowly with a serious expression, "Lord Guang Yuan."

Guang Yuan breathed a sigh of relief when he saw that Yunxiao was fine. The Dragon Breath just now had frightened him, and with his experience, he naturally knew that the power was not simple, and it seemed to be the legendary power of a true dragon!

Therefore, he had to figure it out before he acted to save her.

"Hmph, I don't dare to be called Your Excellency! Your cultivation base is already above mine, so I should be the one calling you Lord."

Guang Yuan's expression was cold, and his eyes were emitting cold air.

I can't believe it, " the master of silver spirits said. it's true that you're not dead.

Guang Yuan snorted, "stop putting on an act in front of me!" Since you've also appeared, I believe guangxian should be arriving soon."

He looked around vigilantly and kept ru wo Wen.

The master of silver spirits pointed at Yunxiao and said, " "I am here to capture him. As for the matter of Lord guangxian, I have also heard of it. However, I did not expect to meet you, my Lord. It is truly a coincidence."

"Haha, a coincidence?"

Guang Yuan said angrily, "Silver Spirit, I used to think that you were a loyal and honest person. Who would have thought that you've also become so treacherous!" If you didn't help guangxian to capture me, would this mid-stage Martial Emperor human be worth your time?"

The master of silver spirits said indifferently, "Lord Guang Yuan, you may not know this, but this human has committed a heinous crime." Mother Xing personally sent me a message, asking me to capture him personally."

"Heinous crimes?"

Guang Yuan said coldly, "the one who truly committed a heinous crime is Guangxian. Are you willing to help me kill Guangxian?" If this matter is successful, as long as I, Guang Yuan, am still alive, the Silver Spirit race will be on equal footing with the royal family!"

The master of silver spirits shook his head and said, " this is your own family matter, my Lord. It's not appropriate for an outsider like me to interfere. This Li Yunxiao has dug out the eye of the spirit vein in the palace and destroyed the entire base of the royal family. This is a matter of great importance to the dignity of Dong Hai."

"What?"

Guang Yuan revealed an expression of disbelief and shock, and said in shock, " he, he dug out the eye of the spirit vein in the palace? "

After getting an affirmative answer from the Silver Spirit's master, Guangyuan was dumbfounded as he turned to look at Yunxiao.

I was careless, " Yunxiao said in embarrassment. I made a mistake.

Only then did Guang Yuan really believe him, and he suddenly threw his head back and laughed out loud. Good, good, good digging! Guangxian is so useless. He has embarrassed Dong Hai so much. Let's see if he still has the face to sit on the throne of Dong Hai!"

His eyes flashed with mockery and coldness, as if he was calculating something.

The master of silver spirits shook his head. no matter what, you were born in the East Sea. You shouldn't be gloating like this.

A cold glint flashed in Guang Yuan's eyes, and he said coldly, "What's wrong? Silver Spirit, are you lecturing me?"

The master of silver spirits turned around, not wanting to face his cold gaze. I'm not lecturing you, Sir. I just hope you won't interfere in my capture of li Yunxiao.

...

"I like this li Yunxiao, and I'll keep him! If you want to capture him, then attack me. "

Guang Yuan's figure flickered and appeared in front of Yunxiao.

Yunxiao was confused and did not understand why Guang Yuan wanted to help him. He only felt that things were like chess, and things changed too fast.

The Silver Spirit master's face immediately turned cold. my Lord, don't force me.

Although Guang Yuan's cultivation level was one level lower than his, he had devoured so many strong practitioners of the sea Race and had also vaguely touched the threshold of the peak of the nine-star level. In addition, he had heard so much, but he was not afraid of him. "Even if I force you, what will you do?"

The atmosphere between the two of them suddenly became cold and solemn, and killing intent overflowed.

"Since that's the case, I'll try out the divine abilities that you've been cultivating all these years."

The Silver Spirit Master flicked his sleeve, and the sword aura of his entire body rose up. The entire sea surface split apart in an instant, and a monstrous aura condensed behind him, merging with the sword aura around him.

Guang Yuan's expression was grave, and he directly released Amitabha. Ten thousand rays of golden light shot out and danced in the sky, forming two distinct forces with the monstrous ocean.

The Silver Spirit master's face was indifferent, as if he didn't care. He only looked at the Amitabha in the sky with some surprise, as if he was in deep thought.

Guangyuan, on the other hand, was anxious, but at the same time, he understood his previous misunderstanding. If Yunxiao had really dug out the eye of the spirit vein in the palace of Dong Hai, then this earth-shaking array must have been prepared for him, and he had come here by mistake.

...

Regardless, once the array was activated, there would be an endless stream of powerful cultivators crossing regions. It could not be ruled out that Guangxian would also find the nearest small array point and be transported here.

In short, the longer one stayed in this array, the more dangerous it would be.

Yunxiao sensed the aura emanating from Guang Yuan. He was not weaker than a peak nine-stars Martial Emperor, but his realm was indeed stuck below the peak.

actually, you can try to use a Supreme grade profound level weapon to break through this barrier.

Ignoring Guangyuan's stunned look, Yunxiao began to explain, "transcendent-grade Mystic artifacts are refined by great alchemists after they have comprehended the laws of heaven and earth, and then re-opened the earth, water, fire, and wind. It's big and small, but it's also big and small. If you can master one, you can master all of them."

These words were like morning dew blooming cereus, flashing and disappearing, but it made Guang Yuan's body suddenly shake.

"Big without exterior, small without interior, one art leads to ten thousand Arts."

Guang Yuan's entire person instantly became dazed. He stared blankly at the Lotus seat in the air, and a flash of inspiration flashed through his heart.

Amitabha's light suddenly descended and covered his entire body.

The sound of Sanskrit chanting resounded over the entire sea area. The sky brightened, and the wind and clouds surged.

Countless rules of heaven and earth appeared out of thin air and gathered from all directions. The entire sky and sea were illuminated by the light of the Dharma. It was a solemn and dignified sight.

The Silver Spirit Master was startled, and immediately understood the situation. He knew that Guang Yuan was about to break through.

His face flickered, and he immediately wanted to take the opportunity to capture Yunxiao so that he would not have to fight with Guangyuan.

Just as he was about to cast the void technique, he felt that it was extremely difficult to circulate the origin Energy in his body. Furthermore, the innate divine ability of the Silver Spirit race was unable to be used under the magnificent Lotus Light!

"What?"

The master of silver spirits was shocked and couldn't help but be shocked.

He was a peak nine-stars Martial Emperor expert, an unparalleled existence before the end of martial Dao. How could he be suppressed by the light of a profound level weapon of a treasure?

The light on the Lotus seat circulated and the sound of Sanskrit filled the heavens and earth. An illusory figure appeared on the Lotus seat.

"This ... Could this be a Kasaya?"

The Silver Spirit master's heart trembled, as if he had thought of something. He looked at Amitabha in horror, and his entire person was completely stunned, " Lotus seat of Fa Hua! This is what I've heard!"

Within the magical light, Guang Yuan's eyes were tightly shut, and his entire person was silent in a boundless and vast power. His expression was dignified and kind, solemn and solemn, just like an elder or Sage.

Yunxiao also stared blankly and gulped. He had just said it casually, and he did not expect it to have such a wonderful effect.

Furthermore, the benevolent face that Guang Yuan was currently showing, who would have known that he was actually a vicious, unpardonable great devil?

Under the light, Yunxiao also sensed that his primordial power was blocked, but his spiritual power was not affected at all. Moreover, the divine realm tablet was chirping in a low voice inside his body, as if it was going to compete with it.

Yunxiao suppressed the ringing of the divine realm tablet so as not to disrupt Guangyuan's advancement.

At this moment, he could roughly guess that it must have been the Dragon's Roar that contained the breath of the first Dragon that had aroused Guang Yuan's curiosity.

But no matter what, as long as Guang Yuan had the intention to save him, he would have an additional assurance in escaping the East Sea.

Chapter 1195-waiting

The Silver Spirit Master was already shocked beyond words by the scene in front of him.

The legendary sacred artifact of the four Seas, the treasure that had been passed down for generations in the ocean emperor's palace, had actually fallen into Guang Yuan's hands.

Could he have stolen it from the ocean Emperor Palace?

The Silver Spirit Master shook his head repeatedly and immediately dispelled this thought. With Guang Yuan's strength and his previous injuries, it was absolutely impossible for him to steal anything from the ocean emperor's palace, let alone a Saint artifact.

Could it be a Gift from the Sea Emperor?

The Silver Spirit rejected this idea once again. I've heard that it symbolizes Supreme glory, and only the ocean emperors of the past are qualified to have it.

All kinds of thoughts came to his mind, and he could no longer remain calm.

Yunxiao was also shocked. Guang Yuan's control over Amitabha seemed to be even higher than his control over the divine realm tablet. It was simply incredible that this kind of light could suppress the Silver Spirit's master.

He looked up and opened his eyes. He could vaguely see a faint shadow on the Lotus seat.

Guang Yuan, on the other hand, was completely silent in the state of advancement, turning a deaf ear to everything in the outside world, which also made Yunxiao very suspicious.

Time passed by bit by bit, but everyone felt as if a century had passed.

After that, countless rays of magical light gathered in Guang Yuan's body, and a vast power spread out.

Guang Yuan slowly opened his eyes, and his gaze was like lightning.

In the sky, Amitabha retracted his light and transformed into a small Golden Lotus. It floated in Guang Yuan's palm and flickered like jade.

“Silver Spirit, I’ll give you a chance. Join me and you’ll be spared from death.”

The Silver Spirit master’s entire body trembled. At this moment, the aura on Guang Yuan’s body was not the slightest bit inferior to his, and that sharp gaze caused his heart to tremble.

The Silver Spirit Master said in a deep voice, “I’m only loyal to the master of the eastern sea. If you can ascend to the top in the future, I’ll naturally be loyal to you.” As for The Grudge between you and Guangxian, it is a family matter. I can not participate.”

as for this human, ” he gave Yunxiao a look and said, ” if you stop him, my Lord, I can’t do anything about it. I’ll have to go back empty-handed and report to Lord Xing.

As he turned around, the entire ocean surface glowed with silver light, and the waves were sparkling.

The figure of the Silver Spirit Master gradually disappeared under the silver light.

He couldn’t understand the situation here at all, so he might as well leave to avoid getting caught in the power struggle of the royal family.

“Hmph, cunning!”

Guang Yuan snorted coldly as he turned his eyes and stared at Yunxiao with an unfriendly look.

if you want to know the origin of that wisp of Dragon Breath, ” Yunxiao said, ” be polite.

When he saw Guang Yuan’s expression darken, he hurriedly added, ” I’m a ninth-tier great Alchemist. Don’t expect to search my soul. I can tell you clearly that it’s a tenth-tier Dragon Breath.

“As expected!”

Guang Yuan's body trembled. Although he had guessed it long ago, he was still shocked to hear it confirmed by Yunxiao.

"If you tell me everything and leave behind the two Saint artifacts, I can let you go."

you need my help," Yunxiao said with a smile. we have space to talk.

Guang Yuan's expression turned cold, and he said,"you actually want to threaten me?" Did I hear you right?"

He raised his hand, which transformed into a Dragon Claw, and clawed at Yunxiao.

Although it was just a casual grab, the power of the peak of nine stars suppressed the surroundings directly, and the sharp claw came down from the sky.

Yunxiao did not dare to be careless. He held the sword with both hands, surrounded by countless sword rules, and thrust it toward the palm of the Dragon Claw.

Under the cold light, the sharpness of the sword was unparalleled. It cut through the air and the cold air froze people.

The moment Guang Yuan's dragon claws touched it, he felt a slight pain in his hand. His skin had actually been pierced.

He was shocked and quickly changed his claw to a palm. He flipped his hand and slapped the sword with a bang.

"Bang!"

A cold light flashed and the sword intent was scattered. Yunxiao was pushed back dozens of meters on the surface of the sea, and he was badly shaken.

Guang Yuan's expression turned serious. I've forgotten that there's a huge difference between your strength and your cultivation level. You have at least the combat strength of an eight-stars Martial Emperor. On top of that, you have a Supreme grade profound level weapon. No wonder you dare to be so arrogant in front of me.

Yunxiao felt bitter in his heart. If they really fought, he was not confident that he could escape from Guang Yuan even if he used up all his trump cards. The other party was standing on the sea with his hands behind his back. It was obvious that he did not want to attack him.

He couldn't guess Guang Yuan's thoughts, so he changed the subject and said, "Our common enemy should be Guangxian. Why don't we think of a way to leave the East Sea first?"

Guang Yuan snorted lightly and said coldly, "leave?" Why do you want to leave?"

"Oh?" Yunxiao asked. Then what are your thoughts?"

The corners of Guang Yuan's mouth held a cold smile, and an extremely powerful self-confidence exuded from his body. He said word by word, "Wait for the rabbit!"

what?" Yunxiao was taken aback. you want to fight Guangxian head-on?"

"Why not?" Guang Yuan asked.

Yunxiao was shocked. Guang Yuan did not look like he was lying, and he was by no means a reckless man. Where did he get such strong confidence from?

Guang Yuan seemed to have read his mind, and said with a cold smile, "do you think that I'm a little arrogant because I've just stepped into the peak of nine-star?"

if that's the case," Yunxiao said with a smile, "you wouldn't have hidden in Xiankong Island for so long.

Guang Yuan nodded, and said, "you're not simple either." Since you've solved the mystery with a single sentence and helped me break through, I'll let you watch a wonderful show."

At this moment, the space above the sea region not far away shook again as groups of experts descended.

They saw Yunxiao at a glance, and they rushed up while shouting.

Yunxiao's face had been spread throughout the entire East Sea through the art of shadow breath.

...

Yunxiao stood calmly on the surface of the sea, motionless. With Guang Yuan beside him, he knew that he would not let go of the food.

As expected, Guang Yuan smacked his lips, and revealed a cold smile.

"BOOM!"

He opened his mouth wide and let out a long roar. A Dragon's Roar spread out, causing mountains to roar and tsunamis to appear, and the sky to shatter.

Countless waves rolled up and turned into water dragons. As if they had their own consciousness, they swept across the sky above the sea. Many experts from all walks of life were killed on the spot, and the rest were swallowed by the water dragons.

After that, Guang Yuan opened his mouth and inhaled, swallowing all the remnants of the sea monsters into his stomach.

There were only two nine-star martial emperors left. They were the leaders of the large clans who had been teleported here. They were extremely terrified.

One of them widened his eyes and said in shock, "Guang Yuan!"

Guang Yuan gave him a sidelong glance, and said, "Oh, so it's the velvet pincer. I didn't expect you to become a nine-stars martial sovereign. Congratulations!"

The other person was also shocked, "Guang Yuan?" Eastern sea's royal family, Lord Guangxian's brother? The one who died in a rebellion more than ten years ago?"

"Y-y-you ... Sir, didn't you already die?" the velvet pincer said in fear.

...

Guang Yuan's gaze turned cold, and he said, "The traitor is that bastard Guangxian! Are you two willing to pledge your loyalty to me?"

"I, I'm Yingluo."

The pincers didn't know how to answer and just stood there in a daze.

forget it. Since I don't like it, then give me some nutrition.

Guang Yuan grew impatient. He formed a seal with one hand, and the magnificent Dharma Lotus platform burst out of his body, spinning in the air. Rays of light shot out, illuminating the sea area with a gentle light.

"This is a Kasaya."

huh?" Rong Yang and the other nine-stars Martial Emperor were stunned. Then, they realized that something was wrong. Not only did the power of the Dharma Light seal the space, but it also locked their Origin Energy!

The two of them were so frightened that they broke out in a cold sweat. They hurriedly made their moves. Two balls of light bloomed from their bodies and gradually merged together to resist the magnificent Lotus Light.

Yunxiao carefully sensed the power of the Dharma Light and found that it was far weaker than the power of Guang Yuan's breakthrough.

The power of the Dharma Light from before could even suppress a Silver Spirit Master who was at the peak of the nine-stars. Now, it was not enough to suppress two ordinary nine-stars martial sovereigns.

He understood in his heart that the power of the Dharma Light from before was definitely not under Guang Yuan's control, but had been emitted by the Lotus seat of Fa Hua on its own.

Guangyuan's incantation seal changed, and Amitabha pressed down from the sky. The golden light instantly suppressed the two of them, spinning in the air like a millstone, slowly crushing the other party's resistance.

"Hmph, put down your butcher's knife and turn back."

Guang Yuan let out a solemn shout, and his entire body rose into the air like a dragon. He sped across the surface of the sea, and his dragon head turned into a huge one, directly biting down with a loud roar.

He even took a bite of the Dao and swallowed it.

It then transformed into a human, and its stomach made rumbling sounds as it continued to expand.

With a face full of ridicule, he formed a hand seal and muttered something. A vast power flew around in the seal and directly touched his belly.

Only then did the swelling momentum be suppressed. It slowly caved in and returned to normal.

Yunxiao wiped off his cold sweat. This kind of cultivation technique and divine ability was too evil, but he had to admit that it was extremely powerful. Besides, Guang Yuan, who had created this technique, was definitely an amazing genius.

After Guang Yuan digested the two nine-stars martial sovereigns, his eyes flashed with joy, as if he had gained great benefits.

His eyes turned cold as he stared into the void. Suddenly, he put two fingers together and pointed them out like sword fingers.

“Bang!”

An explosion came from the sky, followed by a scream.

The shark head’s figure appeared from the explosion. A large hole had been created in front of him, and blood was flowing out. He instantly turned into light and wanted to escape.

“Hmph,” he snorted.

A soft, cold voice rang out. Guang Yuan’s figure moved, and he caught up to the shark head. The dragon’s head appeared, and directly bit down and ate it.

At this point, the entire ocean was deathly silent, and there was no longer any life.

yes, there’s indeed a huge difference between an eight-star Martial Emperor and a nine-star Martial Emperor.

After Guang Yuan swallowed the shark’s head, he muttered to himself, “if I were to swallow Guang Xian, I wonder how much of a surprise I would be in.

Yunxiao's hands and feet were covered in cold sweat as he listened. "Do you really have the confidence to go against Guangxian? He has the help of the Masters of the six clans, so there aren't many experts in the world who can rival him."

Guang Yuan said unhurriedly, "did you not hear what the Silver Spirit said just now?" The leaders of the six clans were loyal to the King of the East Sea, not Guangxian of the dragon clan. In other words, they won't interfere with the internal affairs of the royal family at all, except for that b * tch, lady Zi!"

At the mention of lady Zi, his eyes flashed with cold killing intent.

you've met them? " Yunxiao asked tentatively. have you met them? "

Guang Yuan said without any hesitation, " we almost met. Fortunately, I left quickly. I didn't think that Bo Yuqing would dare to betray me. You humans are really unreliable!

Chapter 1196-Fuyao Sacred Palace

Yunxiao's eyes turned. so, we haven't even fought yet. What makes you so confident that you can defeat your opponent? " I can tell you a piece of bad news. Guangxian has already obtained the Dragon shaking hammer."

"What?"

"The Dragon shaking hammer of the rain ground Dragon lock formation?!" Guang Yuan cried out in shock.

"Oh?" Yunxiao asked. You also know about this item?"

Guang Yuan's expression became extremely unsightly, and he gritted his teeth, saying, " "Are you sure?"

of course, " Yunxiao said. because I took it out of the rain land and handed it to Guangxian with my own hands.

Guang Yuan's body trembled, and his eyes were filled with boundless anger. His killing intent shrouded Yunxiao as he said angrily, "Damn it!"

don't get too excited," Yunxiao said. since I'm telling you this, I naturally have a way to crack it.

He immediately explained all the secret techniques and said, "This might be a good way to beat him at his own game and kill him."

Guang Yuan was in slight disbelief, and said suspiciously, "You're that good? You're teaching me the secret technique for free?"

don't forget that guangxian is determined to kill me," Yunxiao said with a wry smile. there is still room for discussion between us.

Guang Yuan was suddenly shocked, as if he had thought of something. that Dragon Breath power, could it be that you came from the rain land? Don't tell me you're afraid?"

"Let's deal with guangxian first," Yunxiao said indifferently.

Guang Yuan's face was gloomy and uncertain. He knew that Yunxiao would not reveal more. After all, those things were the bargaining chips he used to negotiate.

"Good! If I can eat guangxian, the help you provide me is enough to exchange for your life."

Suddenly, a cloud of fog appeared in the space above the sea and slowly dispersed.

The two of them narrowed their eyes and became vigilant.

The fog was like green smoke, floating and then slowly becoming like cotton, getting thicker and thicker, and then like a cloud, changing constantly.

After rolling for a while, the cloud and smoke began to slowly gather together, gradually forming two human figures, and they opened their eyes one by one.

The clouds faded, revealing the faces of two men.

Yunxiao was taken aback. Both of them were human beings.

Guang Yuan was overjoyed. haha! The MU family is indeed loyal. Guang yuan can't thank you enough. But didn't chief Wufu come?"

The man in front had a lazy expression as he said, "Is there anything in this world that requires my big brother's help? I, mu Yitong, am more than enough to deal with a mere Eastern Sea Lord."

He raised his left hand and introduced, "This is my younger cousin, mu Yijun. With the two of us here, master Guang yuan can rest assured."

Guang Yuan's expression was slightly displeased, especially when he heard the words "mere Lord of the eastern sea," but he still suppressed his emotions and said, "I originally thought that I could have a good chat and drink with you, chief, but I can't help but feel a little regretful."

Mu Yitong's face sank and he said coldly, "What Lord Guang Yuan means by this is that us brothers no longer have the right to chat and drink with you?"

"Hehe."

Guang Yuan laughed lightly. Although he did not answer, the arrogance and disdain on his face were evident.

"You! Good on you, Guang Yuan!"

“If it wasn’t for big brother’s repeated reminders before we left that we must help you kill Guang Yuan, I would show you my true colors now!” Mu Yitong said angrily.

Mu Yijun said directly, “cousin, why don’t we teach this arrogant man a lesson first, and then kill Guangxian when he comes?” In any case, we’re more than capable of killing them with our abilities.”

Mu Yitong pondered for a moment and said, “let’s kill Guangxian first.” The great master has repeatedly warned us. If anything happens, you and I can’t bear the responsibility.”

alright, ” mu Yijun said unhappily, ” I’ll let this arrogant man be arrogant for a while longer.

The two brothers “faces were ice-cold, and they looked very proud as they looked at Guang Yuan from the corner of their eyes. As for Yunxiao, the two of them did not even look at him.

Yunxiao finally understood why Guangyuan was so fearless. It turned out that he had a life-saving hand. But, he was a little speechless at the two men in front of him. “Are the two of you experts from the secluded mu clan?”

Mu Yitong then turned his eyes over and frowned, ” “You know about the MU family?”

Yunxiao sweated in his heart. ‘It’s really the MU family,’ he thought. ‘It’s probably the only secluded sect that has good strength and a high opinion of itself, and no other branches.’

However, what surprised him was that Guang Yuan actually had dealings with them.

These so-called hidden aristocratic families didn’t seem to know their place at all.

“Cousin, there’s nothing strange about it.” Mu Yijun laughed. Although our mu clan is a reclusive cultivator, our reputation is so great that it has spread among many super forces, making people fear us. It’s not strange that this kid knows about it. ”

“So that’s how it is,” mu Yitong said with a sudden realization.

Yunxiao was speechless and did not bother to say anything to these two jokers. Judging from their strength, one of them was a mid-tier nine-stars Martial Emperor, while the other was only a junior-tier Martial Emperor. They must have some trump cards.

Suddenly, something strange came from the surface of the sea again. It was like a blazing sun in the sky, and rays of light shone down.

The waves on the entire sea were sparkling, and they were warm under the light.

Yunxiao sniffed, and a faint fragrance entered his nose.

Flower petals slowly emerged from the light and fell down.

Among the countless petals, three beautiful figures suddenly appeared and fell into the sea with the light.

The MU brothers' eyes flashed with surprise, and they immediately became alert. They shouted, "Who is it?"

"Don't panic, they're on our side," Guang Yuan's face lit up with joy and hurriedly said.

"Thank you for your help, saintesses," he stepped forward and cupped his hands.

The woman in front was wearing a long white dress, and her face was pink. She turned around and chuckled, "Lord Guang Yuan is too polite. I didn't expect there to be people from the MU family here. It seems I, bi Yue, have come here in vain."

Mu Yitong's expression changed drastically as he said in shock, "you ... You're from the Fuyao Holy Palace?!"

As soon as the words 'Fuyao Holy Palace' came out, Yunxiao trembled as well, and he turned to look at the three.

...

"Hehe, I didn't think that the MU clan's Lord would know about our Fuyao Holy Palace. This really makes me happy." Biyue laughed shyly.

"Pfft."

The two female disciples behind her also could not help but cover their mouths and laugh. They were both beautiful and moving.

The MU brothers didn't seem to be as arrogant as before. Instead, their faces sank and they snorted, "Guang Yuan, since you've already come to our mu clan, why did you come to thousand leaves Island? They clearly don't trust us!"

"Aiyaya, the adults of the MU family have misunderstood."

Biyue covered her face and smiled shyly, "Lord Guangyuan first came to thousand leaves Island, but our strength is limited and it's difficult to achieve great things." That's why Lord Guang Yuan came to find your chief. With the MU brothers here, not to mention the Lord of the eastern sea, even the Lord of the four Seas will be killed in the blink of an eye."

Only then did the two men from the MU family look better, and they also felt a little embarrassed. Mu Yijun said awkwardly, "I'm afraid the sovereign of the four Seas won't be that easy to kill."

Guang Yuan couldn't be bothered with the two of them, and turned to the three from the Fuyao Holy Palace, saying, "Please help me thank the palace Master. If this matter is successful, I will personally pay a visit to thank her."

"This has nothing to do with our Fuyao Holy Palace. It's just that I'm willing to help you, do you understand?"

“Understood.”

Guang Yuan nodded his head, knowing the meaning of the Fuyao Holy Palace. If he succeeded in killing Guang Xian and successfully ascended to the top, then it would be a great favor from the Holy Palace. If he failed, then this would be Biyue shyness’s personal action, and it would have nothing to do with the Holy Palace.

...

“Aiyaya, who is this little brother? He’s so handsome, big sister is embarrassed.”

Biyue shyly looked at Yunxiao with her beautiful eyes and a shy look.

“Sister, you’re over a hundred years old, aren’t you?” He still looks so young at such an age, it’s really enviable.”

“You!”

Bi Yueshan’s face turned ashen and she was so angry that she lost all her manners. Her face slowly turned red and she gritted her teeth, “Lord Guang Yuan, this little friend is not cute at all. Can I strangle him to death?”

The two female disciples behind her covered their mouths and laughed. One of them even bent over from laughing, but they held back their laughter and did not dare to make a sound.

this young man’s name is li Yunxiao, ” Guang Yuan coughed and said. he’s also a helper I’ve invited.

As soon as he said that, everyone’s expressions changed as they stared at Yunxiao in disbelief.

Both the MU brothers and bi Yueshan were nine-stars martial sovereigns. Even the two female disciples behind bi Yueshan had an astonishing cultivation base of eight-stars martial sovereigns.

Yunxiao, on the other hand, could see the strength of a five-stars Martial Emperor at a glance.

Bi Yueshan's expression became somewhat strange and she softly said, li Yunxiao! Li Yunxiao! What an unfamiliar name!

three elder sisters, " Yunxiao said. may I ask how my cousin-in-law died? "

"Your cousin-in-law?"

The three women from the Fuyao Holy Palace were all stunned, their faces filled with confusion.

li Huachi is my eldest cousin, " Yunxiao said. he's my eldest cousin.

"What?"

The three women's bodies trembled, especially bi Yueshan. Her expression became stern and she shouted, li Huachi, you're my eldest cousin?!

Everyone at the scene was shocked. Even though the MU family was a reclusive sect, they knew who li Huachi was.

Guang Yuan, on the other hand, had an expression that said,"I see." No wonder this unknown brat would possess such terrifying power and countless powerful profound level weapons. As expected, he had an extremely deep background.

that's right, " Yunxiao said. I heard that after my cousin-in-law passed away, my big cousin was never able to recover. I don't even know where he went. Do you know where my big cousin is?"

His face was full of innocence and innocence as he blinked at the three of them, looking like he wanted to know the answer.

Biyue's face became extremely ugly,"Xue Chenxi is the Holy maiden of our Fuyao Holy Palace. What nonsense cousin-in-law are you talking about? don't you dare taint her innocence with your words, or don't blame me for bullying the younger generation!"

Yunxiao looked puzzled. why? I don't understand."

Biyue shyly looked at his appearance and felt angry and funny at the same time. She scolded,"Little kids shouldn't ask so many questions!"

A green-clothed female disciple behind him chuckled and said, " elder Yue, don't be fooled by this kid's cute appearance. How can anyone who can hang out with Guang Yuan be simple? "

Chapter 1197-foul language

Yunxiao gave the female disciple a surprised look. She was wearing a long, leaf-green dress embroidered with dark red butterfly patterns. This woman's body exuded a kind of intelligence, and there was actually a feeling of being unable to see through.

What made him even more surprised was that whether it was bi Yueshan or the other female disciple, their true age was around a hundred years old. Only this green-clothed woman's age was about the same as his!

An eight-stars Martial Emperor around the age of twenty?

Yunxiao was dumbfounded. He had lived two lives, but he had only become a five-stars Martial Emperor. What was the matter with this woman? Could it be that she had reincarnated?

The female disciple in green continued to smile,'if he's really li Huachi's cousin, he can't be so young. It's possible that he's Li Huachi's illegitimate son."

"Wow, I was almost fooled by this kid's appearance!"

“Tell me honestly, how old are you?” Biyue was angry and embarrassed. I hate old men who pretend to be young the most!”

She was still surprised. It wasn't difficult for ordinary cultivators to change their appearance, but the age of a person's bone armor couldn't be lied to. As long as one's cultivation was high enough, they could see through it with a glance, just like how the other party could tell that her true age was over a hundred years old.

But no matter how she observed him, Yunxiao's bone age was only about twenty years old.

An excited feeling suddenly welled up in her heart. If she could learn this secret technique, wouldn't she be able to hide her true age?

Her expression changed from displeasure to excitement. In Yunxiao and Guang Yuan's eyes, they were speculating what she was thinking and thought that she was up to something.

no, ” Yunxiao continued to play dumb. I've always been this young.

Biyue shyly squinted her eyes and couldn't help nodding, yes, yes. Little brother, don't leave. I have something to talk to you about. Afraid that Yunxiao would be unhappy, she added, ” “Didn't you want to know about your eldest cousin brother and cousin-in-law? Big sister knows.”

Yunxiao cursed in his heart, but he still put on an honest smile and said, ” “Okay, Thank you, sister.”

He pointed at the green-clothed female disciple behind him and said in surprise, ” eh, this sister's aura is so strange. Why do I have a feeling that I can't see through her? ”

“You little devil, there are many things in this world that you can't see through.”

Although she brushed it off with a few words, the green-clothed female disciple still attracted the attention of Guang Yuan and the MU brothers.

Especially the MU brothers, whose eyes were wide open in shock as they sized up the green-clothed woman.

“What are you looking at? Damn pervert!”

The woman in green was embarrassed by everyone’s gazes. Her face darkened and she glared at the MU brothers.

the mu brothers immediately turned their faces away in embarrassment.

Mu Yitong, on the other hand, said in a low voice, “elder Yue, if I’m not wrong, this lady is the Holy body of this generation in the Fuyao Holy Palace?” i didn’t think that after xue chenxi, thousand leaves island would be able to obtain a divine body again. this is truly worthy of celebration!”

There was no joy on his face. Instead, it was solemn and deep.

Yunxiao’s heart jolted. He had heard of the so-called ‘sacred body’, and this special physique generally existed for the inheritance of some extremely powerful divine power, such as the nine yang true art of shenxiao Palace.

He didn’t know much about the matter between li Huachi and Xue Chenxi, but now that he thought about it, it was probably related to this so-called ‘Holy body’.

” hehe, the so-called saintly being only occupies a little talent. compared to the many geniuses of the mu family, it’s insignificant. ”

biyue shyly covered her face with her sleeve and said, “Milords, please don’t make fun of our Sacred Palace.”

The MU brothers looked at each other, not knowing what to say.

Although they had always been arrogant and conceited to the extreme, they were all from hidden sects and had a certain understanding of the Fuyao Holy Palace. They knew how terrifying the sacred body was.

Otherwise, the sacred Palace would not have looked down on li Huachi and thought that he was not worthy of Xue Chenxi.

Yunxiao also seemed to gradually understand the whole story. But, if Xue Chenxi really had a divine body, and had such a terrifying cultivation base, how could she have died?

Without giving him time to think, Guang Yuan said solemnly, "I'll remember the noble will of the two sects. As long as Guangxian is dead, I'll lead the East Sea and immediately fulfill the promise between the two sects."

The MU brothers and bi Yueshan's eyes lit up with a little excitement.

There were only eternal benefits in the world. As long as the price was high enough, there would be people willing to kill ao changkong.

"Hmph, the MU clan and Fuyao Holy Palace are simply courting death!"

suddenly, a cold voice sounded in the sky above the sea, and everyone's expression changed drastically.

The voice was filled with killing intent and anger, causing the waves to surge.

The formation began to distort as beams of light shot down and many powerful auras came.

"Drowning in a single speck of dust, there's nothing to mend the profoundness, perhaps the path is still far."

"looking at the world, gains and losses, only one's own opinion."

As the two poems slowly sounded, guangxian's figure gradually appeared in the light. He was as quiet as a Virgin, but his eyes were as cold as the abyss.

An exquisite and delicate laughter rang out, and a Whirlpool appeared on the surface of the sea. The space also twisted, and a purple shadow suddenly appeared. The purple jade chariot appeared.

There were also hundreds of terrifying auras coming from all directions. Powerful figures began to appear on the surface of the sea one after another.

Bo Yuqing also showed up, standing directly behind guangxian and looking at Guangyuan and Yunxiao with a complicated expression.

The entire sea was silent. Guangyuan and guangxian stared at each other. Their eyes were filled with an incomparably fierce light, like blades intertwining in the air above the sea, making people shudder.

"Guang Yuan is rebellious. Now that you've seen this King, why aren't you kneeling!"

Guangxian was the first to shout, his eyes filled with endless mockery and coldness.

Guang Yuan's expression changed drastically, and he said in a cold voice, "kneel?" Are you worthy of one of my kneels?"

"I'm the king of the eastern sea, and you're from the eastern sea clan. How can I not be worthy of that title?" guangxian said coldly.

Guang Yuan laughed and said, "haha, the king of the eastern sea?" You self-proclaimed it, right? who's going to believe you?"

"Those who don't believe will die, those who don't submit will die!" Guangxian said coldly.

His gaze turned to Guang Yuan's side, and he said in a cold voice, "If the MU clan and Fuyao Holy Palace withdraw now, I will not pursue this matter and will treat it as if nothing has happened."

The MU brothers and bi Yueshan couldn't help but panic under Guang Xian's sharp gaze. The two maidservants behind bi Yueshan couldn't resist the pressure and took two steps back with pale faces.

...

"Hehe, Lord Guangxian is so fierce, he scared my disciple."

Biyue covered her mouth and laughed shyly, throwing a flirtatious glance at Guang Yuan with a peach blossom face, and said shyly, "This matter is a private matter between my enemies. It has nothing to do with the sacred Palace. Lord Guangxian, please don't blame the wrong person."

The MU brothers' expressions changed. Mu Yijun snorted and said, "Elder Yue, what are you afraid of! Could it be that we can't beat them with the combined strength of the few of us? You're too unconfident."

Guang Xian shouted, "I don't care if it's because of your personal relationship or if it's related to your interests. Today, as long as you stand on Guang Yuan's side, you will be my, Guang Xian's, enemy forever. I will not rest until one of you is dead!"

Bi Yueshan's expression changed greatly and became extremely ugly. A cold light flashed in her eyes and she remained silent.

Guangxian's eyes turned to Yunxiao, and his face suddenly turned as dark as water. "Kid, you have guts! Even if the Emperor himself comes today, he won't be able to save you!"

Yunxiao chuckled and said, "my Lord, you are really stingy. Mineral veins are just worldly possessions. If you run out of them, you can always find more. Why are you so calculative?" You're the current king of the eastern sea, so you have to be more magnanimous."

"Brother Yunxiao, you've really gone too far this time," Bo Yuqing said. I had originally planned to ask Lord Guangxian to let you go after this matter, but this time, I'm sorry."

brother Yu Qing, you'd better care about yourself, " Yunxiao said with a smile. no matter what the result of today's matter is, do you think guangxian will let you go? " However, the eastern sea is indeed a good place. It's not bad to stay there for a lifetime."

Bo Yuqing's face flickered. Yunxiao's words had also hit his soft spot, which was exactly what he was worried about.

"Don't be incited by him," guangxian said coldly."As long as Guang Yuan dies, I'll immediately let you leave!"

...

Only then did Bo Yuqing reveal a look of joy. These words were said in front of the three armies, and there was no possibility of reneging.

Lady Zi's voice came out from the carriage and she snorted, " "Why are you still talking to them? kill them all as soon as possible to prevent any future trouble! As for the MU clan and the Fuyao Holy Palace, we'll slowly settle the score with them in the future! Li Yunxiao is here too, so I can take care of him as well!"

"B * tch!" Guang Yuan angrily rebuked. That day when she was under me, she was so flirtatious. Who would have thought that she would secretly kneel and lick guangxian, helping him to harm me. What I don't understand is, will guangxian have any reaction to you, a half-aged flower? Tsk, tsk, what a strong taste."

As he angrily rebuked, he couldn't help but laugh out loud, his voice full of ridicule.

"You're disdainful, Guangyuan. Don't you dare ruin my reputation!"

Lady Zi was furious and scolded him from inside the carriage.

"I'm ruining your reputation? Tsk, tsk, do you still have a reputation?"

Guang Yuan sneered disdainfully, " if it weren't for the fact that you were extremely lascivious and took the initiative to please me, willing to do all kinds of lowly things for me to seek pleasure, do you think that I would take a fancy to you with your inferior looks? Would I be interested in playing?"

"Shut up!"

shut up! lady Zi shouted in a shrill voice, showing that she was extremely embarrassed.

The entire purple jade carriage exploded in an instant, blasting into pieces that shot out in all directions.

A purple shadow flickered like lightning, directly attacking Guang Yuan.

At this moment, the people inside the formation were all famous experts of the East Sea, and most of them were the leaders of the sea tribes under Guangxian's direct command. Regardless of whether Guang Yuan's words were true or not, just the fact that such unsightly words had fallen into everyone's ears made her feel ashamed and resentful. How could she continue to live in the future?

"Hahaha!"

With a long laugh, Guang Yuan used the art of origin and Qi in his hands, his mouth still unceasingly spewing vulgarities, speaking with great joy.

Everyone knew that he was deliberately provoking the other party, but such words were not something a woman could bear. Lady Zi's face was ashen.

Chapter 1198-transforming beans into soldiers

"Aiyaya, this is so embarrassing."

Biyue added fuel to the fire and said shyly, "Elder sister Zi is also really open, this younger sister is amazed."

Lady Zi was already furious, and when she heard this, she spat out a mouthful of blood. Her face was extremely pale.

Boundless anger gushed out. She put her palms together and a purple Qi in her hands turned into a sword, slashing down from the sky.

A look of joy flashed across Guang Yuan's face, and he laughed wildly. "Even a b * tch like you can do it, and you don't allow me to say it?"

He tapped his feet lightly on the surface of the sea, and his entire body retreated at the sound, teleporting a hundred meters in an instant.

Lady Zi's sword was like a purple light that streaked across the sky, chasing after him relentlessly.

Guang Yuan's body suddenly came to a halt. He also put his hands together, and a surge of energy gathered in his palms.

"Primordial chaos Qi, Dao turning into nothingness!"

The force was compressed to the extreme and exploded!

An unparalleled force rose from his palm and met the purple light.

"BOOM!"

Under the collision of the two forces, the entire surface of the sea was evaporated by dozens of feet, and a powerful storm expanded.

"Retreat!" Guangxian's pupils contracted as he shouted in alarm.

His figure flickered and he rushed towards the battle ring. It was only now that he realized that Guang Yuan had retreated because he had planned to kill lady Zi.

Within the storm, the purple gas, which was originally turbulent, was instantly suppressed by a golden light.

A Golden Lotus rose, and the light of Amitabha shone down. Guang Yuan's face appeared in the storm, full of coldness and contempt.

Lady Zi was shocked. A mighty force pressed down on her, and all the shame and anger in her disappeared in an instant, replaced by horror.

She quickly formed hand seals and purple vines shot out from her body. They intertwined in front of her and turned into a dense heavenly net that kept pushing the Dharma Light away.

"Everything that exists is like a dream, like a bubble, like fog, like lightning. It should be as such!"

Guangyuan's Dharma form was solemn as Amitabha transformed into a pocket-sized Golden Lotus. It floated in his palm, then he clapped his palms together and slapped them down.

Under the suppression of the golden light, the countless wisteria turned into smoke and disappeared. A vast power descended like a god!

This was Guang Yuan's all-out attack, wanting to kill the other in one fell swoop.

Lady Zi's face turned pale. She felt that she couldn't resist this force at all. She could only be eroded bit by bit, and the elemental energy in her body started to collapse.

Guang Yuan, who had previously been an intermediate nine-star, had not only stepped into the peak state at this moment, but he also had the ability to kill her, making her feel a burst of fear and despair.

"Bang!"

The sea below suddenly exploded, and a wave shot up into the sky, shaking the golden light.

The entire space between the sky and the sea had turned into a mist, making it impossible to see.

“The water element of the world.”

Guangxian’s voice sounded.

The water elements in the world were like trickles of water, flowing into the golden light. The entire space was squeezed down along with the water flow, suppressing the vast power of the light of magic.

Lady Zi felt the pressure on her body was lifted, but she was already injured and coughed out a mouthful of blood.

“It’s worth it.”

Guangxian’s cold voice rang out once more, floating amidst the countless streams of watery light as he stared coldly at Guang Yuan.

The boundless water elemental energy was like a vast ocean. Previously, it was as smooth as a mirror. Now, it was like a storm and raging waves that slapped the shore, suppressing ru Amitabha.

A terrifying aura condensed in the water element. Guangxian made a hand seal and turned into the shape of a Dragon.

Guang Yuan turned pale with fright. The power of the water element of the world had been refined by Guang Xian to the point of perfection. It was as if an entire world had enveloped him, like maggots in his bones, completely unable to be shaken off.

All of a sudden, a fiery blade light flashed across the sky and cut all the water power in the world into two!

The opening of the water world was still burning, and the fire was moving away.

“What?”

Guangxian was taken aback. He saw Yunxiao standing in the air not far away, the thousand-year domineering saber in his hand burning with divine fire and surrounded by primordial astral wind, shooting out streams of indestructible sharp aura.

Guangxian’s eyes revealed a look of disbelief. No matter how strong the blade Qi was, it could not split open his water elemental energy!

Even if the Wind and Fire elements on the blade were extraordinary, it should have been suppressed by his water elemental energy.

But, he did not know that Yunxiao’s understanding of the water element of heaven and earth was no less than his!

The invincible water element divine power of heaven and earth had been broken by Yunxiao with one saber move, which made him a little uncomfortable for a moment.

Everyone was dumbfounded. No one had ever thought that someone would dare to interfere in the battle between the two and break the water power of the world.

The MU brothers and the three people from the Fuyao Holy Palace all had strange looks in their eyes, as if they had a whole new level of respect for him.

“Hahaha! Good job!”

Guang Yuan laughed maniacally, and rays of golden light shot out from his body, dispersing the water vapor that filled the air.

The Lotus petals on Amitabha bloomed one by one and flew under his feet, lifting his entire body up into the sky.

Within the Golden dharmic light, Guang Yuan's expression was solemn. Sanskrit sounded from his mouth, and his hands formed strange seals. The speed was very slow, but each move was steady.

Ancient Maha characters flew out of the lotus and surrounded him, turning into a divine Scripture.

A vast power appeared from the chapter and suppressed guangxian's power.

...

The entire sky was instantly divided into two distinct halves, and infinite spiritual pressure burst out from them, spreading in all directions.

"Damned thing!"

Lady Zi was stunned for a moment at the moment the water element was broken, but then she flew into a rage and turned into a purple beam of light, rushing toward Yunxiao with a murderous aura.

Yunxiao had been on guard for a long time. He immediately summoned three heads and six arms, as well as the giant true devil spirit, and stood up on the sea.

After making a hand seal, a Black Vortex appeared in front of the giant spirit.

Three illusionary weapons appeared on his six arms. They were a metal chain, a saber, and a book. They all smashed into the black Vortex, and a terrifying power spread out.

After that, the giant spirit also formed a seal with its hands like Yunxiao. The Black Vortex was like a Milky Way, spiraling in a spiral state as it gathered in the palm of the giant spirit and pressed down!

Lady Zi was also shocked by the power. The spiral seal seemed to contain a very high level of martial intent rules, which were even higher than her comprehension.

In her shock, she was even more determined to kill Yunxiao.

There was a huge gap between their realms. Lady Zi moved like a shooting star under the flashing light. Countless wisteria appeared in front of her to dispel the demonic Qi.

Then, the wisteria converged into a sword in the air, instantly breaking the seal's power and slashing at Yunxiao without losing any momentum.

...

a bullet of autumn water, a bullet of the moon!

Suddenly, the sound of a zither was heard. A treasure zither appeared in front of bi Yueshan. As she pulled the strings, a huge sword Qi shot out and cut the air.

“BOOM!”

The sword energy rushed directly at the purple sword beam, and the two sword beams collided violently, shooting out a strong light as bright as the sun and devouring both lady Zi and Yunxiao.

The exploding sword light turned into countless sharp Qi, which kept attacking his body and cutting his skin. But at the same time, it was also absorbed by the imperishable golden body and repaired. In the blink of an eye, it was as perfect as before.

He didn't dare to fight lady Zi head-on, so he turned into a bolt of lightning in the sword Qi Whirlpool and flew down after making a hole.

“Clang! Clang! Clang! Clang! Clang! Clang!”

After this move, Biyue didn't stop. Instead, the music in her hands became more and more urgent. With every pull of the string, sword Qi would shoot out, condense around her body, and not dissipate.

At this moment, the entire sea region was in an uproar. More than half of the hundreds of experts that Guangxian had brought with him flew into the air. The rest of them stepped on the surface of the sea and ran towards the few of them.

"Half in the wind of the river, half in the clouds!"

Bi Yueshan's expression was cold as she chanted softly and a tune was played.

"Whoosh, whoosh, Whoosh!"

The countless sharp swords that were spinning in the air instantly turned into a rain of swords that covered the sky and the earth, shooting toward the hundreds of experts in front of them.

One of the female disciples behind him suddenly asked, "Qingsi, are you scared?"

"I'm not afraid," the green-clothed woman shook her head.

The female disciple laughed. It's good that you're not afraid. This is your first time fighting with someone. It's already very rare for you to be able to remain calm. In addition, with your strength, there's nothing to be afraid of."

Qing si nodded and looked ahead with a calm expression.

Under the rain of countless swords, everyone's steps were directly blocked. A few of the weaker ones let out a miserable cry, and more than ten nine-stars martial emperors in front of them performed their divine abilities to block the rain of swords.

An unusually thick and heavy shell flew out from one of them and spun in the air, blocking a large amount of sword radiance.

After the rain of swords, the man was also injured and spat out a mouthful of blood.

“Kill! Crush these humans!”

A monstrous killing intent surged as hundreds of Martial Emperor powerhouses rushed over. Bi Yue’s expression also changed greatly.

Mu Yitong’s face darkened as he shouted, ” “One army!”

“Here!”

Mu Yijun responded and raised his right hand high. It was as if he was holding a handful of golden beans. He then threw them into the air and they fluttered in the wind.

His left hand formed an incantation gesture and he shouted, ” cut grass as a horse, and cast beans as soldiers!

A circular formation light appeared in the sky and flashed past. Countless strange symbols within it emitted an abnormal power.

The handful of golden beans seemed to have been lit up in an instant. Each of them emitted a resplendent light and swelled up one by one to face the strong aura that was coming at them. They turned into armored golden soldiers!

“What?”

Everyone was instantly stunned. Such a legendary technique and divine power actually appeared in front of their eyes!

There were hundreds of them and each of them had the strength of a martial Supreme.

“Gulp!”

Yunxiao swallowed his saliva and muttered to himself in shock, “H-how is this possible?”

Bi Yueshan was also pleasantly surprised and said to the two disciples behind her, “This is one of the MU clan’s three strongest puppetry techniques-transforming beans into soldiers. This brat actually managed to master it!”

“One of the three great Puppetry Arts, Suan ni.”

Yunxiao was shocked. ‘Could there be two more powerful moves?’

His view of the MU family instantly changed. The other party was arrogant and blindly arrogant, but it turned out that he had some substance!

Chapter 1199-heavenly ding

The hundred armored soldiers all looked different, and the weapons in their hands were different as well.

Even Yunxiao and Bo Yuqing were dumbfounded by such a miraculous puppet art, let alone the sea, which was backward in the art of cultivation. The sea clan members were all dumbfounded and petrified.

The MU brothers were very satisfied with everyone’s expressions. The corners of their mouths rose, and they were extremely proud.

“Go!” Mu Yijun shouted as he pinched his fingers.

As he changed the hand seals on his fingertips, the nearly 100 puppet soldiers raised their weapons and turned into rays of light that rushed toward the sea tribe.

“Bang! Bang! Bang! Bang! Bang! Bang!”

All of a sudden, all kinds of light burst out, and the entire sea was in a killing situation.

Although the sea tribe had a great advantage in both numbers and strength, the armored golden soldiers did not have the ability to think or feel pain. They were more ferocious in their killing, and the disadvantage was not as obvious as expected.

In the sky, lady Zi’s eyes were like lightning, shooting out beams of cold air. She had only wanted to kill Guang Yuan and had little interest in the battle below. She immediately flew up.

Suddenly, a golden light flashed in the sky. Mu Yitong stood in front of her and coldly said, “Although a good man doesn’t fight with a woman, you’re not a good person either, so it’s fine if you’ve been beaten.”

“You!”

Madam Zi’s face twisted in anger. She let out a shrill cry and charged towards mu Yitong.

“Hmph!”

Mu Yitong’s expression did not change. He made a hand seal, and a vortex appeared in the space to his left. Slowly, a silver puppet appeared, and it was holding a huge iron sword.

After the puppet appeared, his hands quickly formed a seal and he slammed it on the puppet’s chest.

A light emerged from the place where the palm hit. Mu Yitong and the puppet moved towards the center, and gradually, one man and one puppet directly merged into one.

After the fusion, mu Yitong looked like a golden man in iron armor. He raised the big sword in his hand and slashed at lady Zi, who was rushing toward him.

Lady Zi's face turned cold. Countless purple vines flew out of her hands and tied up the big sword and mu Yitong.

"Bang! Bang!"

A slight squeezing sound came from the iron armor. The wisteria began to wrap tighter and tighter, constantly crushing the iron armor. Small deep pits appeared and were still gradually squeezing in.

"Hmph, trash!"

Lady Zi's eyes were filled with contempt. With a flash of killing intent, a short dagger appeared in her hand and she aimed it at mu Yitong's throat.

Although all the vital parts of mu Yitong's body were protected by iron armor, the dagger exuded a sharp intent under the cold light. It was obvious that it was not an ordinary object.

"You're the one who's useless!"

Mu Yitong's eyes opened and shot out a sharp light. There was no trace of fear in his eyes. Instead, it was filled with coldness and killing intent.

Lady Zi's heart trembled. To her horror, she saw a black shadow emerge behind mu Yitong, standing above the sea like Yunxiao's true fiend Dharma idol!

"This is a Kasaya."

Lady Zi's expression changed drastically. The shadow gradually solidified and turned out to be a huge puppet that towered into the clouds!

The puppet's eyes were embedded with some kind of treasure that was emitting a bright silver light. Its face and body were covered in all kinds of formations.

The huge puppet raised its hand and slapped down at lady Zi!

“BOOM!”

Between the palm and the five fingers, there were still dense arrays connected. Countless energy gathered from all over the body, all condensed into the palm. The fingers swirled with countless fierce winds, and the air stacked on top of each other.

“Mountain-splitting heavenly God!”

Bi Yueshan exclaimed and couldn't help but be overjoyed, “The MU brothers are really helpful this time!”

Qing Si was also stunned by the huge puppet. Her beautiful eyes were filled with shock. how is this mountain-splitting heavenly ding made? ”

“The MU family is the world's number one puppet family. These are top secrets, how could I know?” This time, there's hope for Guang Yuan's victory.”

She glanced at the retreating armored golden soldiers and mu Yitong's pale face. Large beads of cold sweat trickled down his face. He was almost unable to hold on.

let's make a move as well. There's no lack of nine-stars Martial Emperor powerhouses in the sea clan. No matter how powerful mu Yitong's divine ability is, it's impossible for him to stop them alone.

The strings on her zither changed, and beams of half-moon shaped light shot out, cutting into the chaotic battle.

Qing si and the other female disciple looked at each other, drew their swords and stepped into the array.

The two's sword skills were not brilliant, but each move and form was very steady. It was obvious that their foundations were unusually solid, and they were stable and not chaotic in the chaotic battle.

Mu Yi Jun poured a pile of medicinal pills into his mouth, and his complexion slightly improved.

Yunxiao threw out the divine realm tablet as well, summoning all the guests, ministers, and other experts to come out and fight into the chaotic battle array together.

As everyone attacked together, the retreating armored golden soldiers once again held on.

In the chaotic battle formation, a man was watching coldly, his eyes flashing. No one knew what he was thinking.

His eyes suddenly turned to one direction and found that the other party was staring at him coldly. His heart couldn't help but skip a beat, and he revealed a strange bitter smile.

"Brother Yunxiao, who do you think will win this battle?"

"Oh? Why does brother Yu Qing ask this? Of course, evil can not prevail over good!"

Bo Yuqing's face immediately pulled when he heard that. He knew that Yunxiao was beating around the bush again, so he deliberately talked nonsense with him. Is brother Yunxiao so optimistic about Guangyuan? Although Guang Yuan has a transcendent grade profound level weapon, he has just stepped into the peak of the ninth level after all. He is still much weaker than Guang Xian."

do I have a choice?" Yunxiao said with a wry smile. do I have a choice? "

that's true, " Bo Yuqing nodded. you've dug out the spirit vein of Donghai Palace. Even if you're at the end of the world, all sages will kill you.

'This is it,' Yunxiao said. But I'm very curious, since brother Yu Qing is helping Guangxian, why didn't you help?"

Lord Guangxian has the advantage," Bo Yuqing said with his head held high. He'll win without a doubt. Why do I need to make a move?"

...

'Old fox!' Yunxiao cursed under his breath. He knew exactly what Bo Yuqing was thinking, which was to preserve his strength and wait for the situation to change.

But he was slightly relieved. As long as he didn't make a move, there would be one less enemy. Otherwise, with Bo Yuqing's current strength, he would really be greatly suppressed.

At this moment, in the sky, mountain-splitting heavenly God's palm pressed down. Layers of air were squeezed and exploded, giving off an ear-piercing and unpleasant sharp sound, making people feel upset.

Before the palm landed, the wind was like a falling meteorite, and Lady Zi's long dress fluttered in the wind.

She raised the dagger in her hand, and a purple light soared into the sky, cutting through the layers of compressed air, and countless whirlwinds shot in all directions.

At the same time, she struck out with her palm, which turned into a huge shadow in the air and directly hit the palm of the mountain-splitting heavenly God!

"Bang!"

Lady Zi was knocked back by the force. Although she was not injured, she felt her blood boiling.

She had been injured by Guang Yuan earlier, and now, her energy was even more exhausted.

The MU brothers' puppet technique displayed its remarkable abilities, shocking everyone.

Even Guangxian, who was facing each other in the void, who was in a life and death battle, was distracted and revealed a look of shock.

...

hahahahaha! Guang Yuan's pupils constricted, and he laughed wildly. a thought from a God or a devil is a thought from life and death!

The sky full of Shen techniques floating in front of him was caught by him and gathered in the palm of his hand. Taking advantage of Guangxian's distraction, he turned into a golden sword and slashed down.

He stepped on the Lotus platform and the sword in his hand opened and closed. Golden light shot into the sky. The entire sword did not have a physical body. It was formed by the ancient Maha characters. The head and tail were connected to each other, forming a divine incantation.

"Pfft!"

The space barrier around Guangxian was instantly cut open. The two forces, which were originally on par with each other, lost their balance. The golden sword was invincible as it pierced through the air.

Guangxian was shocked and took a step back in the air. However, he did not panic. Under that powerful attack, he revealed a cold smile, "do you think you've won?"

Guang Yuan's face glowed under the golden light, and that solemn and dignified appearance also became ferocious. He chuckled and said, "Isn't that so?"

Guangxian snorted and a green shadow appeared in his hand, turning into a mini Dragon.

He pointed out a seal, and circles of light bloomed from the body of the swimming Dragon. At the same time, countless strange symbols flew out, interlocking with each other and forming the Dragon lock array.

“This ... This is a Kasaya.”

Guang Yuan was shocked, and the light on his body began to dissipate. He said in terror, “What is this?”

“Hahaha!”

“This is the thing that will take your life!” Guangxian laughed towards the sky and said ferociously.

The Dragon lock spell was connected to the sky and extended out limitlessly, directly circling around Guang Yuan’s body.

A cold look flashed in Guang Xian’s eyes. With a flash of his body, he suddenly opened his hands, forming the shape of a five-clawed Dragon, and directly jolted towards Guang Yuan’s chest, his eyes revealing an incomparably fierce look!

“Oh, do you think a mere Dragon shaking hammer and Dragon locking formation can take my life?”

Guang Yuan’s frightened expression suddenly disappeared, and his face became expressionless, cold and numb. Yet, his eyes were filled with endless ridicule and ridicule.

“?! You!”

Guangxian’s entire body trembled, a bad feeling welled up in his heart, as if he had fallen into an ice cellar.

The gradually dissipating light on Guang Yuan’s body suddenly brightened once more. The great dragon lock spell had no effect at all!

The golden sword in his hand, which was formed by countless Maha ancient characters, let out an ancient sound. A vast and powerful force rose in the sky.

“It seems that this Dragon shaking hammer is meant to take your life!”

“Swish!”

As the golden sword slashed down, it illuminated Guang Yuan’s face, making him look ferocious and terrifying, while Guang Xian’s face was filled with endless fear.

A ray of black light flew out from Guangxian’s body. It was a tortoiseshell. The tortoiseshell patterns on it naturally formed a formation, exuding an endless sense of antiquity, as well as a steady and heavy aura.

“Bang!”

The sword of the Maha ancient word struck the turtle shell, sending out endless black runes.

The Golden longsword and the tortoiseshell began to break down. A large number of golden ancient characters and black patterns on the tortoiseshell floated into the sky like dandelion seeds.

However, the tortoiseshell broke down even faster. Before the Golden color had completely disappeared, the entire tortoiseshell had completely disintegrated, and the last few black patterns had also disappeared.

The entire process happened in an instant. Guangxian wanted to attack again, but it was too late.

Just as he struck out with his palm, the remaining ancient characters of Maha fell from the sky and landed on his body.

The aura within his body immediately became chaotic, and he spat out a mouthful of dragon blood as he was sent flying.

Chapter 1200-reversal

The sudden change in the sky shocked everyone.

golden light constantly burst out of guangxian's body. the residual power of the sword jolted into his body, wantonly destroying his flesh and meridians.

Even the laws of heaven and earth were once again activated and gathered around guangxian's body. They continuously repaired his damaged body and resisted the Maha ancient character in his body.

With guangxian injured, the morale of the royal families of Dong Hai plummeted. Lady Zi was shocked and no longer had the heart to fight Kai Shan Tian. She kept dodging the other's attacks and gradually fell into a disadvantage.

Bo Yuqing's face was even more gloomy and uncertain. A bright light flashed in his eyes as he teleported in the air and appeared directly beside guangxian. He said in a deep voice, "My Lord, are you alright?"

Guangxian's face was ashen. He opened his five fingers in the air and grabbed the Dragon shaking hammer back into his hand. He gritted his teeth and shouted, "Help me hold on for a while!"

He spun the Dragon quaking hammer in his hand, and a series of formations spread out. He wanted to heal his injuries on the spot.

"Yes."

Bo Yuqing responded. A cold light flashed in his hand, and the sword ray soared into the sky. A Dragon Shadow swirled around the sword.

"Wailing sword rain wind-Imperial Dragon!"

the sword struck out in the shape of a dragon. under the shadow of the sword, a five-clawed golden dragon roared and charged towards guangxian!

"Bo Yuqing, you're so silly!"

Guangxian was shocked and his eyes widened. He quickly made a move and grabbed in the air. The water elemental energy of the heaven and earth gathered in his palm.

“BOOM!”

The sword Qi slashed down and the five-clawed Golden Dragon rushed into the water Yuan, directly breaking the move.

An unparalleled sword essence exploded from Guangxian's palm. His five claws were bleeding profusely, and his entire right arm was cut with a shocking wound!

This made things worse. Lady Zi's heart sank, and she looked angry.

A cold snort rang out in the sky. Just as Guang Xian was injured by Bo Yuqing's sneak attack, Amitabha once again bloomed in the sky. The light of Dharma fell down like a mountain, suppressing Guang Xian and constantly shaking him down!

“BOOM!”

Guangxian roared a few times. The sound of a Dragon's Roar shook the sky, and his unyielding roar rushed in all directions. His entire body transformed into the shape of a Dragon as he tried to break through the space of magical light.

Guang Yuan's face was ferocious. How could he give up such a great opportunity? in a flash, he stepped on the ru wo Wen and sat directly on it, his hands constantly changing seals.

The ancient Maha characters flew up again and intertwined in the sky. They all flew down and pressed down on Guangxian, who was roaring non-stop.

my poor little brother, give up struggling. Let this light wash away all your sins and use your life to atone for your sins.

Guang Yuan's face was filled with auspicious signs, and there was actually a faint look of mercy.

Everyone was terrified, especially lady Zi, who was in a dangerous situation under the continuous attacks of Kaishan Tianding.

She gritted her teeth, turned into a purple light, and escaped.

"Don't even think about escaping!"

mu yitong's eyes widened in anger as he swept his sword across the air. at the same time, splitting mountain heaven ding also sent a palm strike down.

"BOOM!"

Waves of water were stirred up, and a powerful force exploded toward the purple light. Lady Zi's figure was only stunned for a moment before she turned into a stream of light and disappeared.

Lady Zi's escape was a huge blow to the palace. The entire battlefield was in an uproar. Everyone was shocked.

Guang Yuan's eyes were cold as he looked in the direction that lady Zi had fled. A sneer appeared at the corner of his mouth. b * tch, I'll let you live a few more days!

His eyes turned and stared at Bo Yuqing not far away. He said coldly, "Fifth Island master, don't you want to give me an explanation?"

Bo Yuqing sheathed his sword, his eyes like water as he said indifferently, "Isn't that sword attack the best explanation?"

"Hmph," he snorted.

Guang Yuan snorted heavily and did not say anything more. He calmly displayed the power of his dharmic light, intending to refine Guang Xian below.

Guangxian had already transformed into his dragon form, roaring and struggling in all directions. However, his strength was getting weaker and weaker, and he was completely unable to break free from Amitabha's restraints.

Not far away, mu Yijun suddenly opened his mouth and spat out a mouthful of blood. His face instantly turned as white as a sheet of paper. He took a few steps back on the surface of the sea and directly sat on the sea.

Although he had only managed to maintain control of nearly a hundred puppets for the time it took to brew a cup of tea, he had exhausted all his mental energy and finally could not hold on any longer.

The dozens of golden-armored puppets began to glow, turning into golden beads and flying back to mu Yijun's hands.

The pressure on bi Yueshan and the others suddenly increased several times. In her shock, five strings shot out from the zither. Five different colored lights intertwined and gathered in the air, forming a zither shadow that enveloped everyone.

"Clang clang clang clang clang clang clang clang"

Strings danced in the air, and a clear song was played. Countless five-colored notes jumped out and fell like snowflakes.

The East Ocean powerhouses were all shocked. One of them shouted, "let's attack together! We don't have to be afraid even if a God Realm expert descends!"

In an instant, dozens of rays of light shot up and directly blasted at the zither shadow.

"Bang! Bang! Bang! Bang!"

The five strings broke one by one and a huge backlash shook back. Bi Yueshan also spat out a mouthful of blood on the spot.

“Elder Yue!”

Qing si and the other female disciple rushed over and supported her.

“I’m fine. It’s dangerous here. You guys retreat first!”

“No, we’ll leave together!”

Qing si said firmly. Ignoring Biyue’s obstruction, she grabbed her and turned into a ray of light, retreating a hundred meters away from the battle.

Mu Yitong’s eyes glowed as he shouted, “Go!”

...

The mountain-splitting heavenly God slowly moved his body and looked over with his bright eyes. He put his palms together in front of his body and slammed them toward the sea of people!

Mu Yitong himself also stepped on the waves and directly charged into the battle circle.

“BOOM!”

All kinds of moves came from all directions. Under the Emperor Qi, even the iron armor and golden clothes could not withstand it.

The officials and the other officials were also defeated like a landslide.

brother Guangxian, " Yunxiao cried out in surprise, " heaven and earth will not tolerate this! Now, the defectors can live!"

The dynasty Bell flew out of his hand and struck down with the hammer.

"Dang!"

The decadent ancient sound spread out, deafening and rousing everyone.

The hundreds of people froze, their faces filled with fear and confusion.

Yunxiao's eyes turned into blood-red moons, emitting a demonic light. As the bell rang, a tempting voice rang in everyone's heart.

...

"Did you see the object that was suppressing Guangxian? I've heard that it's the Lotus throne of Fa Hua that only the ocean emperors of the past could possess. Why is this sacred artifact that represents the Supreme authority of the Lord Poseidon in the hands of Lord Guang Yuan? have you ever wondered?"

Everyone's body trembled violently. The solemn and solemn light emitted from the Lotus platform in the distance was like a Holy and pure Radiance. It made everyone stop their attacks in an instant, and they revealed confused expressions.

The entire ocean suddenly fell into A Strange Loop. All the Warriors under the royal family stood on the sea in a daze, their faces blank.

Bo Yuqing and the few people from the Fuyao Sacred Palace were all shocked, their faces filled with shock.

Everyone present was a Martial Emperor, but Yunxiao could hypnotize so many of them at once!

The divine realm tablet flew out of Yunxiao's hand and fell with a great force, trying to pull everyone into it.

Suddenly, a loud sound came from the distance. The sound of waves roared, and a Dragon's Roar was mixed in. The power was shocking.

Everyone suddenly woke up from their daze and revealed shocked expressions.

'What a pity,' Yunxiao thought to himself. He hurriedly closed his Crescent pupils, his face filled with fatigue. He quickly turned around and looked over, only to find that he was just as shocked.

Guang Yuan activated rushheard with all his might, and under the light of the spell, he could no longer suppress Guang Xian.

Roars came out from the magical light, and green light was constantly emitted. The entire sea was stirred up, causing landslides and tsunamis!

"What's going on?"

Yunxiao was taken aback. He really did not understand how guangxian could turn the tables when he was supposed to win.

"BOOM!"

A water pillar shot up from below, directly shaking Amitabha away!

A dragon roar shook the nine Heavens.

Guangxian transformed into a huge Azure Dragon and roared on the sea's surface, summoning clouds and rain.

As it shuttled through the waves and clouds, beams of green light shot down. The entire sea region within the formation was shrouded in a Dragon's might, making people shiver.

This sudden change caught everyone off guard and stunned them.

The giant Azure dragon's eyes were like lightning as it locked onto where Guang Yuan was, roaring as it charged.

Guang Yuan's face was ashen, and he was in a state of panic.

He had seen with his own eyes that Guangxian had swallowed the Dragon quaking hammer in his despair. He had not expected such an unforeseen event to occur!

The brutal aura sent chills down his spine. The dragon's eyes were like two sharp blades that stabbed into his heart, making him feel powerless.

"Pa!"

With a loud explosion on the sea, the huge body of the mountain-splitting Heavenly Dragon jumped out of the sea, opened its palms, and hacked at the Azure Dragon!

The Azure Dragon wagged its tail as it approached, causing boundless waves to splash.

"BOOM!"

The dragon tail hit the palms of the mountain-splitting Heavenly Dragon, shaking the giant chariot back into the sea, causing huge waves.

Guang Yuan took the opportunity to retreat, and shouted in shock, "everyone, attack him together! He has lost his mind and is going to die with everyone!"

At the same time, he turned his eyes to the hundreds of powerhouses and shouted, "Guangxian is already dead. What's left of him is just a little bit of his will. If you want to live, then attack with me!"

The group of cultivators all furrowed their brows. How could they possibly believe him? however, under Guang Yuan's sharp gaze, no one dared to voice any objections.

After the Azure Dragon knocked off the mountain, it roared again and again, but it did not dive down. Instead, it kept circling in the sky.

The green light on his body became stronger and stronger. Green snowflakes appeared on the entire sea area and scattered down.

"This is a Kasaya."

Everyone's heart skipped a beat. The green snowflakes emitted a terrifying aura. When one of them landed on a martial artist, it immediately made a sizzling sound as his skin melted and he screamed in pain.

"This is the essence of dragon essence!?! He's actually burning his dragon essence!"

Guang Yuan cried out in shock. A cold glint flickered in his eyes, and his palm suddenly blasted towards the void!

"Bang!"

His palm force seemed to be pressing on cotton. The entire space collapsed to that point and then bounced straight.

The power of the palm was scattered in all directions.

Everyone's expressions changed drastically. Everyone knew what this meant. The entire formation Sea region was completely sealed off!

Now, everyone believed him. Guangxian had really gone crazy and wanted to kill everyone!
