

The Eternal 1201

Chapter 1201-divine transcendence

As the blue snowflakes drifted down, they constantly corroded everyone's defensive barrier. The entire space rippled with an extremely dangerous feeling, becoming extremely unstable.

Guang Yuan gritted his teeth and said, " he risked his life to burn his dragon essence. He wanted to take everyone down with him. If we don't join forces to kill him, we'll all be buried with him!

what? " Bo Yuqing was shocked. he can self-destruct at any time now. If he can't control it well when they join forces, I'm afraid not many people can withstand the impact!

Everyone's face turned pale and they were trembling in fear.

A peak nine-star expert, the King of the East Sea, actually chose to self-destruct? Putting aside the fact that this absurd fact was unbelievable, just the scene in front of them, who could withstand the impact?

Bo Yuqing turned his eyes to Yunxiao.

Yunxiao understood what he meant. He shook his head and said, " being forced to this point, plus the fact that he had devoured the shaking Dragon Hammer, his current strength has directly exceeded the peak of the ninth tier. Even a transcendent grade profound armament would not be able to withstand that kind of self-destruction.

"Then what do we do?"

Bo Yuqing was also dumbfounded, " "Are we just going to wait for death?"

Everyone was at their wits 'end, completely at a loss.

Bi Yueshan's face turned green," qingsi, hide behind me when guangxian self-detonates." I'll protect you even if I have to die!"

“Elder Yue!”

Qing Si’s face flashed with surprise, and she had a look of disbelief.

“It’s not up to you to be willful!” Biyue shyly shouted.

The other female disciple also pulled her back and stood in front of her with a determined look.

“Isn’t the kid driving Noah’s ship in your sacred artifact?” Bo Yuqing said sternly. Quickly get him out!”

Yunxiao stretched out his hand, and a snowflake fell into his palm, slowly corroding his Emperor aura. Staring at the snowflake, he said thoughtfully, ” “Maybe it won’t be that troublesome.”

He raised his hand, and a white bowl was raised high.

A large number of runes immediately appeared on the bowl, and a Halo was emitted from the mouth of the bowl.

The snowflakes that filled the sky swirled and turned into tornadoes that gushed into the bowl.

Under everyone’s gaze, the snowflakes were absorbed into the White rice and turned into tiny crystal dust, which stuck tightly to the bowl of white rice. More and more of them formed a thick layer.

“Ah?”

Everyone was completely dumbfounded. Bo Yuqing and Guang Yuan’s mouths were wide open. This bowl was bought from them, but they didn’t expect it to have such a miraculous effect.

Guang Yuan's entire body trembled. The crystal dust that was attached to the walls of the White rice bowl was extremely similar to a Dragon Crystal, except that it was in the form of powder and sand.

"What profound artifact is this?" Biyue was shocked. It could actually absorb the Dragon essence directly? Turn into Dragon crystals?"

Yunxiao smiled and said, "This dragon essence is an extremely precious energy between heaven and earth. I'm just trying it out. I hope this white rice can withstand it. Otherwise, if it explodes, who can I cry to?"

The huge crisis was resolved so easily, and everyone was stunned.

Bo Yuqing's expression was even more dazed. This thing had been in his hands for a long time, but he never knew it had such an effect. His expression was one of extreme regret.

Qingsi's beautiful eyes were filled with joy. elder Yue, this thing is too interesting. Let's think of a way to get it.

When everyone saw her speak so bluntly, they were all speechless.

The Warriors of Donghai Palace were the most embarrassed ones. They stood on the sea, not knowing what to do.

"Little brother, is this bowl the famous profound weapon bowl of white rice?" Biyue smiled shyly.

no! Yunxiao said with a dark face. I won't trade it no matter what price you offer.

"Hehe, don't be so decisive."

Biyue smiled shyly, "my thousand leaves Island is a poor place with nothing to exchange." However, the Fuyao Holy Palace has no lack of beautiful women. Why don't you follow me back to the island and see if there are any suitable ones?"

I think it's quite suitable to shut granny bi," Yunxiao said. why don't you come with me, and let your disciple bring this white rice back to Fuyao Holy Palace? "

"Pfft!"

Qing si and the other maidservant burst out laughing, holding their waists and grinning from ear to ear.

"You're so talkative!"

Bi Yue's face turned red and she gritted her teeth,"Woof! You're not serious!"

The atmosphere that had been unusually tense suddenly became relaxed. This sudden change made everyone a little uncomfortable.

Guangxian seemed to have noticed the situation as well. His furious dragon eyes stared at the White rice and roared repeatedly.

The rice bowl trembled continuously under the Dragon's Roar, and the Halo trembled along with it.

On Guangxian's Green Dragon-shaped body, there was a huge red spot. It was the Dragon shaking hammer, as if it was burning.

not good! Yunxiao cried out in surprise. after all, this bowl is only an auxiliary Mystic artifact. I'm afraid it can't withstand many attacks. Moreover, I think this Guangxian still has some tricks up his sleeve. Let's break through this Sea region as soon as possible!"

"Alright!"

Guang Yuan's eyes exploded with a fierce light, and he swept his gaze over the crowd in the distance. In a cold voice, he said,"Whoever has contributed at this moment, let's not talk about their past!"

Many of the experts felt their hearts tremble. Looking at the scene in front of them, Guangxian's situation was indeed hopeless.

Quite a few people were worried that they would be punished by Guang Yuan in the future. At this moment, they were all overjoyed, and one by one, they stepped forward to swear their allegiance.

In the sky, Hiroshi seemed to be even more enraged. The red spot on his body became more and more vivid, and his entire body turned green and red.

Bo Yuqing made a hand seal, and a ray of light spread out in the seal, scattering in all directions.

Then, he pointed at the sky, and a green light condensed not far away, emitting a bright light. This point is the weakest point in the space. Everyone, focus your power on attacking this point!

Everyone's morale was high, and they began to circulate their origin power.

...

With all of their powers combined, they could fight against any super force. Even if they were the strongest, they would be blown up in an instant!

"BOOM!"

All of a sudden, a tremor came from the sea. Everyone was shocked, and question marks appeared in their hearts.

The vibration came from outside the formation. Someone was forcefully attacking the formation.

"Boom boom boom!"

after a few more sounds, the clouds in the sky dispersed, as if many obstacles had been shattered.

The shadow of a huge black shadow suddenly appeared in the sky, covering the area like the night sky. A few huge monsters stood outside the formation, their bodies reaching into the clouds.

Yunxiao was taken aback and dumbfounded. At first glance, he knew that the few huge monsters were Tutu and her children summoned by water fairy.

“it’s the world-breaking black light of the deep-sea giant beast!” bo yuqing was overjoyed. And it’s an attack from the outside. This is great, the chance of breaking through the blockade is even greater!”

The light of the seal in his hand also trembled slightly. The Halo that spread out spread out like ripples, showing that the space was extremely unstable.

“Let’s do it in one go!” Guang Yuan shouted.

...

A golden light flashed in his hand, and the Lotus seat flew out.

Suddenly, a sorrowful cry was heard, followed by the sharp scream of the water deity, which cut through the sky.

Yunxiao’s body trembled, and the scream made his heart tremble violently as he looked up at the sky in horror.

The rest of the people were also stunned, revealing shocked expressions.

Then, she heard Ling Xin’s angry voice. Who are you?!

Inside the formation, everyone could only vaguely see the towering deep-sea Giant beast. One of them was actually cut in half, like a mountain being cut in half, and its upper body fell backward.

everyone's eyes widened in fear.

The sky was split open as one of the deep-sea Giant beasts was cut in half.

"Doudou, Doudou!"

Through the cracks, the water deity's face was covered in tears as she pounced towards the deep sea monster that had been cut in half.

The rest of the giant beasts also let out loud wails and trembled. One after another, they looked up to the sky and howled, each more mournful than the last.

The body of the deep-sea monster was pitch-black, and after doudou's body exploded, it started to slowly turn into two black holes.

Ling Xin looked at a man holding a sword in front of her with a look of horror. The man's face was indifferent, and the aura that he exuded made people shudder. Even she, who was an intermediate nine-star, did not dare to stop him.

she quickly flew down and hugged the water deity, afraid that she would do something impulsive.

"Release me! Let me go, Doudou, Doudou is dead, wuwuwu!"

The water deity started to cry in grief. why did you kill Doudou? "

Yunxiao's pupils constricted, and a chill ran up his spine. The man's face was revealed before his eyes, and it was the dragon's head!

“They caught up so quickly?”

Yunxiao’s heart kept sinking. He had only let one of the Dragon guards go because he wanted to use the Dragon head’s power to deal with guangxian. Now that the overall situation was under control, it had become a variable that would destroy the overall situation.

The Dragon head’s eyes narrowed as it glanced at Ling Xin and said, “Oh, so it’s the Bo family bloodline. I’m sorry, I was too rash.”

“Reckless? Do you think you can just call me reckless? You killed Doudou, so I want you to pay with your life!”

The water deity struggled with all her might, and golden light flashed on her body. She wanted to break free, but she was tightly held by the spirit core.

“Lululululu!”

The other deep-sea Giant beasts cried out in grief and indignation. They spat out black rays one after another and attacked the dragon’s head.

The Dragon head had an indifferent expression on its face. It raised the sword in its hand, and a sword radiance condensed in front of its body before it slashed out. A white sword radiance that seemed to have derived a world instantly blocked the black Radiance.

“Look after these things, or don’t blame me for cutting them all down.”

An indifferent voice came out of his mouth, causing Ling Xin’s body to tremble. She hurriedly chanted an incantation and tried her best to stabilize the deep-sea Giant beasts.

Only then did the Dragon head retract its sword aura. It grabbed at the air and tore open the gap.

“Bang! Bang! Bang! Bang! Bang! Bang! Bang! Bang!”

A huge vibration came from the space, and the formation was completely destroyed by this pull!

Everyone was dumbfounded.

Guang Yuan also paled in shock, and said in shock, " "This power, this power, this power, this power, this power ..."

Bo Yuqing's face was ashen as he gritted his teeth and said, " above the peak of the nine-star, before the end of martial arts, extraordinary and divine!

As soon as these four words came out, many experts' faces were filled with shock, but most of them were confused.

Chapter 1202-decisive

Ling Xin's face was also filled with shock as she looked at the Dragon head in shock and fear.

He held onto water deity's hand even more tightly, afraid that she would rush out and provoke this man.

Even the arrogant mu brothers' expressions changed. Mu Yijun said in shock, " "Who is this person?"

Yunxiao's face was also pale, but he was relatively calm as he said, " it's not divine transcendence. It's just that the sword in his hand is too powerful, and he can display divine transcendence power.

"Elder Yue, what is divine transcendence?" Qing si could not help but ask.

Bi Yueshan's expression was also extremely solemn. She glanced at her and gently shook her head, indicating that she should not speak.

The first thing the Dragon head saw was the demonic Hiroshi, and it was overjoyed.

He drew a few seals in the air with his left hand and slapped down.

After the incantation seal fell, it condensed and did not dissipate. It was like a millstone pressing down on Guangxian.

A series of unwilling roars came out from the seal. The red spot on Guangxian's body became more and more vivid, and it continued to bulge as his body was pulled out of shape.

you don't understand the power of the Dragon shaking hammer at all. You'll only sink yourself into eternal damnation if you act rashly like this.

The palm of the Dragon head pressed down, and the light of the seal became even hotter.

"Bang!"

A huge hole burst open in Guangxian's body and a Golden Dragon flew out from it. It was held in the Dragon's hand and struggled continuously.

In the blink of an eye, the Golden Dragon slowly surrendered and transformed back into the dragon shaking hammer before disappearing.

Guangxian slowly returned to his human form. His body was covered in blood and he was in an extremely sorry state.

"I didn't expect you to be so obsessed with what happened back then that you even thought of stealing the Dragon shaking hammer," the Dragon head looked at him indifferently and said.

Guangxian stared at him with a stern look in his eyes. He panted, "The Dragon guards and the East Sea Dragon race are connected by blood, so they naturally have to face difficulties together! It's understandable for me to use this to kill Guang Yuan, but I didn't expect that Guang Yuan also had a secret technique that caught me off guard, which led to the current tragic situation!"

“The Dragon shaking hammer is of great significance, it’s not an ordinary profound level weapon.” As for the matter between you two brothers, since I’ve left the rain land today, I’ll make an appearance here and put an end to this matter. You two can make peace.”

“What a joke!”

Guang Yuan suddenly shouted, “I have victory in my hands right now. Why should I make peace?” You’re the head of the Dragon guards, so you should do your part. The struggle of the dragon clan isn’t something you should interfere with!”

Guangxian also said coldly, “this rebel and I are already at a point where we can’t rest until one of us is dead.” Lord dragon head, do you still remember what you said back then? Please help me kill this thief!”

Guang Yuan’s body trembled, and he immediately became alert. He did not know what past these two had, but the Dragon head’s strength made him feel extremely apprehensive.

“As a Dragon Guard, I shouldn’t get involved in your Affairs,” the Dragon head said. However, Guangxian, you are currently seriously injured and your life is at stake. Follow me back to the rain to recuperate.”

The long sword in his hand shook and a cold light flashed. A huge suction force appeared and tried to suck Guangxian in.

“Back to the rain?” Guangxian was shocked. Don’t the East Sea Dragon race only pray to enter once in their lives?”

“Yes,” the Dragon head replied. So this time, you’ll follow me inside and cultivate in peace. Don’t come out again.”

“What? You want to imprison me forever!”

“Stop!” Guangxian shouted in shock and anger. I don’t want to go back to the rain with you, I want to kill this traitor!”

He forcefully raised the Dragon essence in his body to break free from the long sword's restraint.

Guang Yuan was also greatly shocked, and a cold air flashed across his face. He gathered his strength in his hands, and it turned into a slash that struck out. I will definitely not allow Guang Xian to leave alive!

The dragon's head frowned. With a slight shake of the sword, it shook off Guangxian, who was trapped inside. Then, he raised his sword and turned it into a ray of sword light, blocking in front of him.

"Bang!"

Guang Yuan's one move was destroyed by that sword ray, and it turned into boundless power that dispersed.

The Dragon head's brows rose in anger as it coldly said, "I will take Guangxian away and you will be the Lord of the eastern sea. This is the best ending."

Although the other party's strength was astonishing, Guang Yuan still faced the pressure head-on, and said in a cold voice, "I'm definitely going to be the Lord of the eastern sea, and I'm also going to kill Guangxian!"

"You two are Blood Brothers, why must you fight to the death?" the Dragon head frowned.

haha, you great saint, peacemaker. When I was dying, why didn't you f * cking come out and be a Saint, a peacemaker?!

Guang Yuan laughed angrily, "the heavens didn't let me die, they chose him to die!" This is heaven's will. If you don't let me kill him, you're going against heaven's will!"

that's all in the past, " the Dragon head sighed. you've defeated him today. It's already an explanation from the heavens.

Guang Yuan sneered, "after I kill him, it'll soon be a thing of the past." If you don't want to stand against me, then get out of my way!"

His entire figure flashed and he charged towards Guangxian.

Guangxian took a step back in shock and shouted, "Lord dragon head, please kill this thief!" As long as you kill him, I'm willing to follow you back to the rain land and never come out again!"

The Dragon head raised the sword in his hand and said slowly, "The two of you are the leaders of my dragon clan. How can I bear to let you two kill each other?"

The sword glowed and emitted a mighty force that rippled on the surface of the sea.

A power that seemed to come from an endless time passed through time and space and descended from the sky above the ocean.

Everyone's expression changed drastically. The entire ocean had turned into a world of swords, and everyone was bound by the rules of the sword.

Guang Yuan's expression darkened as well. He formed a seal with both hands in front of him, a lotus flower in his palm. Magical light spread out to resist this sword power.

The Dragon head no longer paid him any attention. Instead, it turned its cold eyes to Yunxiao and said in a cold voice, "you have a Saint artifact on you too, right? do you want me to make a move, or do you want to let them out?"

I'll do it," Yunxiao said with a smile. let me do it.

With a flash between his eyebrows, a ray of light shot out and the five dragon guards were released.

As soon as the five men saw the dragon's head, they came forward to pay their respects, and glared at Yunxiao.

I was forced by Guangxian to steal the dragon shaking hammer," Yunxiao said helplessly. I had no choice. Now, you have seen it.

...

The Dragon head stared at him coldly, and its pupils gradually contracted. You're an outsider. You'll die once you enter the rain!

The longsword suddenly glowed, and a beam of sword Qi slashed down from the sky, like sunlight.

Yunxiao had been on guard all this time. Staring at the sword beam, his face was as calm as water. With a flip of his right hand, he shot out the ice sword to meet the attack.

"Bang!"

The two sword Qi collided, and the strength was clearly distinguished.

A huge force fell and hit the ice sword, pushing Yunxiao hundreds of meters back.

"What?"

The Dragon head made a surprised sound, obviously surprised that Yunxiao had taken his sword.

"You do have some skills. It seems that you didn't steal the dragon shaking hammer by luck."

The Dragon pointed its finger at the sword, and a ray of light shone again, getting brighter and brighter. but, in my world of swords, how much sword power can you block? Where's the person who was with you?"

Yunxiao's face was extremely cold. This world of swords was the light of the world generated by the sword, and everyone's strength was greatly limited. However, it was precisely because the light of the world had suppressed everyone that the sword's power was greatly reduced.

...

"Hmph, if he was still here, would you dare to be so arrogant?"

"Hehe, humans just like to be talkative. Tell me where that person is and I can let you die a quick death."

"Do you think you're the ruler of the world?"

A fierce gleam flickered in Yunxiao's eyes as he summoned three heads and six arms, true demons and giant spirits, and all kinds of profound level weapons in his hands.

The moon-like pupils in his eyes burst out with a strange power. Half of his face was twisted, and he was ready to fight to the death.

however, just because he has a transcendent grade profound level weapon in his hands, he is so arrogant. Now, everyone has a transcendent grade profound level weapon!

The divine realm tablet slowly rose in his palm, and his body was covered with all kinds of Maha ancient characters, forming a world of its own. The light of the sword's world was spread out, and he felt the pressure reduced by several times.

"Who exactly are you?" the Dragon head's expression turned grave.

Yunxiao's current strength was nothing to him, but these divine abilities and special techniques, as well as the dazzling Mystic artifacts, were by no means owned by ordinary people.

The MU brothers and bi Yueshan were also shocked, their eyes popping out.

It was only then that they realized how valuable Yunxiao was. The MU family and thousand leaves Island were considered big sects, but even if they gathered all the forces of their sects, they would only be able to do so.

They were also very curious about Yunxiao's identity.

Guangxian's pupils contracted and he said in shock, "moon pupil?!!" You're Gu Feiyang's successor!"

"?!"

All the oceanic species 'experts sucked in a breath of cold air. That name that caused one to shiver appeared in their hearts, and they immediately felt their scalps tingle.

Bo Yuqing had a strange look on his face. He was the only one who knew that Yunxiao was Gu Feiyang. However, the current situation had nothing to do with him. It was better for him to avoid trouble. As long as it did not provoke him, he would wait and see.

Biyueshan was also shocked. She kept looking at Yunxiao, as if she had something in mind.

"Oh? The human peak martial sovereign who killed countless powerhouses in the East Sea?"

The Dragon head's face darkened, and killing intent burst out from its eyes. although I don't want to get involved in the East sea's matters, the shame of the sea Race must still be washed away!

He flicked his finger, and the light on the sword became even brighter. It also made a clanging sound, which was getting more and more urgent.

Yunxiao's eyes flashed with madness and boundless killing intent.

Since his rebirth, other than Tian si, this was the second time he had faced such a terrifying expert, and he had already made up his mind to die.

At this moment, his body became golden and dazzling, and there were flames burning on his skin. His fighting spirit became stronger and stronger, as if it was rising without end.

The Dragon head stared at him with a normal expression, but his heart was in turmoil. The aura of this expert, the determination and indifference in his eyes, were as high as the sky, and he did not dare to underestimate him.

“Why do I have this feeling?”

His heart was filled with shock and confusion.

I'd like to recommend a girl's book,"mighty gold: The title of "tyrant's love, first young master" was a little long.

He was the youngest Major General and the most capable President, but he had waited for her for ten years. Someone asked him,"when the sail is over, will it still be like ten years ago, you, must have her?" He replied,"yes, this person is now ... My wife!"

Chapter 1203-terrifying attack

Not only the Dragon head, but all the experts present were shocked.

Yunxiao's face was as calm as water, but it exuded a determination to die, making everyone feel a sense of danger.

The sword light in the Dragon head's hand was a little uncertain. He didn't know what would happen if he slashed out with his sword, but he had a strong feeling that even if he wanted to kill this person, he would have to pay a price.

But, Yunxiao had seen Shi Long's true body, which was the biggest secret of the rain land, and he had to be killed.

“No matter what your identity is, you will die today!”

The sword light flickered at his fingertips and suddenly shot out.

A beam of sword Qi whizzed down, as if it had gathered the power of the world.

Yunxiao raised his eyes, which flickered with a cold gleam. Then, he made a hand seal, and a vortex appeared in front of him.

The ice seal on the cold sword in his hand was released, and snow instantly filled the sky. Hundreds of miles were frozen, and the surroundings became crystal clear.

The sword in his hand whistled, and countless sword rules gathered. His entire person seemed to have turned into a sword shadow, crossing the sea and the sky.

“Sword technique-demon slaying!”

die! Yunxiao cried out as he thrust the sword forward.

At the same time, the Black Vortex in front of the giant true devil Spirit in the Sky also came crashing down like a dark cloud.

The four arms behind him, the hammer, the thousand-year blade, the sunset Cloud Mirror, and the dynasty Bell, were all thrown out.

“Bang! Bang! Bang! Bang!”

The other party’s sword Qi instantly destroyed the sword technique and then pierced through the black demonic Qi, shaking away the profound level weapons.

The devil-sky silk emerged in front of Yunxiao, with all kinds of strange black patterns on it, blocking the sword Qi.

“Bang!”

Countless black patterns were shattered, and the demonic sky armor flew back. Yunxiao’s blood and Qi were tumbling as he raised his sword to block the attack.

“Bang!”

The remaining force of the sword Qi shot onto the ice sword, sending him flying back in the sea. His body surged with an intense golden light to resist the pressure of the sword power!

Cracks began to appear on his body, but they instantly recovered. This process repeated several times.

“BOOM!”

Yunxiao suddenly thrust the sword down, shaking the sword power into the sea, and a shocking wave rushed into the sky.

His internal organs were also injured, and he spat out a mouthful of bright red blood.

Then, he didn’t dare to stay any longer. He turned into a Thunderbolt and rushed into the clouds. Behind him, he held the divine realm tablet with one hand and the sword case with the other. Silver light began to appear on them, and powerful sword Qi gushed out from them.

After a brief moment of shock, the Dragon head’s face immediately darkened. It said coldly, “Looks like I’ve underestimated you. The next strike will completely crush you into pieces.”

He had a Vulture’s expression on his face, and it was obvious that he was going to get serious. A vast power began to surge on his sword, and the sky began to tremble.

Everyone’s expression changed abruptly. Feeling that mighty force, a sense of weakness and insignificance rose in their hearts.

Suddenly, a ray of golden light bloomed in the sky, and ancient Maha characters floated out from it to resist the sword power.

Guang Yuan appeared in a flash. you can't kill him.

"He's dead for sure!" The Dragon head's face darkened.

"Although I don't know what grudges you have, this person is of great use to me. I won't allow it!" Guang Yuan said bluntly.

Yunxiao's dragon roar had given him a great shock. Besides, Yunxiao must know a lot of secrets about the rain land, which was what he needed.

"Guang Yuan!"

"Don't forget who you are!" The dragon's head revealed its true appearance and coldly said.

"You're the one who forgot your identity, aren't you?" Guang Yuan sneered. When did the Dragon guards start interfering in the eastern sea's Affairs? And when did he start going out to sea to kill people? Lord dragon head, are you going to dominate the four Seas?"

The Dragon head was furious. in that case, I'll teach you a lesson! It seems that you weren't wronged when you were exiled back then!"

"What do you mean?" Guang Yuan's expression changed, and he asked in a low voice.

The Dragon head snorted coldly. The sword light in his hand turned, and the light of the world converged from the entire sea. Suddenly, the sword power increased greatly, turning into a long Dragon Shadow that shook the sky.

Amitabha was immediately suppressed by the sword power and tried his best to resist.

Guang Yuan's expression changed drastically, and he roared loudly, " everyone, attack together with me. Otherwise, bear the consequences!

He was the first to leap up and sit on the Lotus platform with his legs crossed. He put his hands together and said with a benevolent expression, " everything that has its Dharma is like a dream or a bubble, like fog or lightning. It should be observed as such.

The Maha ancient characters that filled the sky circled around him, and the power of the light of Dharma increased greatly, shaking off the sword power and pressing toward the center.

Bi Yueshan's expression was gloomy and uncertain. She gritted her teeth and waved her right hand in the air, immediately forming a zither.

"Clang"

She pulled her five strings together and jerked them out. who can know that a string is broken!

Seeing her attack, mu Yitong also gritted his teeth and brandished his huge sword. That mountain-splitting heavenly God took a step forward, shaking the ocean. His two huge Iron Hands clenched into two fists, and two vortexes, one black and one white, appeared above his fists, pressing towards the sword power.

The officials, evil spirit, and the rest of the people also attacked and shouted.

The crocodile turned into a fiery tornado and charged forward.

The rest of the East Ocean powerhouses looked on in a daze. They were in a bad mood and didn't know what to do.

The Dragon head's eyes focused. Seeing the evil spirit's appearance, it said coldly, " "You actually dared to possess the Dragon guards? then killing you all will be more than enough!"

The sword in his hand changed its momentum, and countless lights burst out from it, turning into an unparalleled sword force that crossed the starry sky like a Galaxy.

...

“The Tribulation has no beginning!”

A destructive power burst out and rushed towards everyone.

The expressions of Guang Quan and the other dragon guards changed greatly and they hurriedly retreated.

Guangxian, on the other hand, had a look of shock and joy on his face. He laughed and retreated several hundred meters.

Although he had been trying to recover as quickly as possible, his injuries were still too severe. He had already tried his best to suppress the deterioration of his injuries. Only by returning to the rain could he be completely cured.

At the same time, Yunxiao sent his divine energy into the divine realm tablet, which transformed into a towering monument more than a hundred feet tall and pressed down on the terrifying sword force.

At the same time, the heaven light sword box was opened, and the twenty-four Northern heaven cold star swords flew out immediately, forming a sword formation in the sky. A huge sword talisman condensed and attacked together with the divine realm tablet.

“BOOM!”

Several terrifying forces bombarded together. The boundless calamity sword scattered the joint efforts of the few people as if it was breaking dry weeds and smashing rotten wood, and then bombarded the Lotus seat of Fa Hua!

As the divine realm tablet and the heavenly Sword illustration fell, the violent power was raised to another level. The terrifying aftermath spread in all directions, and the whole world collapsed completely at this moment. Everyone was lost in this impact.

The world was no longer separated by the sea and sky. There was only a vast expanse of white chaos, as if the heavens and earth had not been separated.

...

Every martial artist within it felt extremely small. They constantly circulated their Emperor Qi, forming layers of light curtains in front of them to ensure their safety.

However, there were still many people who vomited blood from the shock. Some even fainted and fell into the sea.

The power of the explosion seemed to last for a long time, and it was endless.

Only after a while did rays of light appear in the White world. The sea and the sky gradually appeared.

However, the sea beneath their feet had already sunk thousands of meters deep, and there were layers of black holes in the sky, which were deep beyond reach.

“Pfft!”

Finally, someone managed to withstand the aftershock and spat out another mouthful of blood.

Guang Yuan’s face was also pale. The Lotus seat had already turned into a golden imprint, appearing between his brows. He was completely unable to use it.

The dragon's head was not in a good state either. His body seemed to have expanded to more than twice its original size, and the veins on his right hand, which was holding the sword, were protruding. Streams of energy ripples were flashing and jumping on his body like lightning.

"What? You ... You're not dead yet?"

The dragon's head looked into the distance and cried out.

The calabash King Kong spread its arms and stood in front of Yunxiao to protect him. It had been completely deformed by the impact, and its body had been completely deformed, almost turning into a piece of scrap iron.

Yunxiao patted it and put it away, revealing a pale face with blood at the corner of his mouth.

However, that face still had a proud smile on it, revealing a look of contempt and ridicule.

On the other side, the huge body of Kai Shan Tian stood on the sea in a daze and slowly fell backward.

Although mu Yitong was wearing a golden armor, blood was still flowing out from his mouth. His eyes were wide open as he watched the mountain-like puppet fall to the ground.

"BOOM!"

The entire mountain fell thousands of meters into the sky and into the endless sea below, causing a huge splash.

"Bang! Bang! Bang! Bang!"

The five strings of the zither in front of bi Yueshan were broken.

Her face turned pale, and she spat a mouthful of blood on her Aegean. Her eyes were filled with shock.

The Dragon head's expression was as unsightly as it could be. It gritted its teeth and said, "You can block one or two of my sword strikes, but can you block three or four of my sword strikes? I can still use the sword power just now, but can you guys still withstand it?"

He suddenly raised the sword, and the No beginning catastrophe sword let out a loud sound. He raised the sword to the sky.

The layers of black holes in the sky began to surge, turning into a spiral vortex that emitted a terrifying heavenly might.

I won't allow you to kill Li Yunxiao!

A firm voice rang out. Although it was somewhat tender and pleasant, lacking in dominance, it contained an unquestionable determination and determination.

"Water deity!"

Water deity! Lingxin shouted in surprise. She then realized that the water deity, who had been by her side, had gone forward without her knowing. She hurriedly flew over to pull her back.

"Don't stop me, aunt."

A ray of golden light shot out from the water deity's forehead and turned into a light screen, blocking the spiritual core.

Under the light screen, a Phoenix-winged purple-gold crown appeared and was placed on her forehead.

Then, a golden-green light gathered under her feet and turned into cloud-walking lotus silk shoes. Every step she took was as if she was stepping on stars.

The water deity walked towards the dragon's head without looking back. Another golden light gathered in her hand and condensed into the Daqiao bugong sword.

The originally plain and unremarkable sword body now had many beautiful patterns.

The three profound level weapons left behind by the sea god had all been unsealed. They shone on the water fairy's body and formed a patch of auspicious light.

Chapter 1204-another divine descent

"You, this is Yingluo."

The Dragon head was shocked by the scene in front of him. Although the brilliance of the three profound level weapons was not in his eyes, but the auspicious light was as bright as the sun and moon, giving people a kind of sacred and inviolable Majesty.

You killed Doudou, and now you want to kill li Yunxiao. I'm going to kill you!

The water deity's eyes flashed with cold killing intent, and her pupils turned golden.

Yunxiao's heart trembled as well. His eyes widened as he murmured, "Water fairy Pixiu"

"You want to kill me? But you're too weak."

The Dragon head looked at the water deity who was slashing at him with his sword. Countless golden characters surged out of the sword, but he simply flicked his finger and an invisible force pressed over.

"Bang!"

The water deity was sent flying back, and the golden light on the sword dissipated.

these three profound level weapons are not bad, but it's a pity that you're too weak. Being too weak ...
Is all original sins.

With a look of pity on its face, the Dragon head ignored her and turned to Yunxiao.

Yunxiao's face was calm, and the light in his eyes was gone. He seemed to have never been so calm before as he put his hands together and formed an incantation gesture in front of him.

"You give me a feeling that you're hard to see through. I'm going to cut you open now and see what's inside your body!" The Dragon head said in a deep voice.

Yunxiao remained unmoved. Suddenly, a ripple appeared in his calm eyes, and he looked shocked.

The Dragon head's expression also changed as it turned around.

The water deity was shrouded in a layer of golden light. Her broad sword had been unsealed and turned into a three-foot-long sword blade. It was placed horizontally in front of her. Ancient Maha characters kept surging out from her suit, triggering the heavenly might!

The sea below turned into a violent Whirlpool, and the sea level kept rising.

Ling Xin's entire body trembled. She revealed a look of shock and her eyes were filled with disbelief.

Under the golden light, a figure could be seen behind the water deity. The figure was solemn and it was barely visible.

Water deity's voice rang out slowly under the golden light. It was gentle and a little blurry. life, old age, illness, death, meeting of resentment, parting from love, unable to get what you want, gathering of the five elements.

With each voice, a golden word chain emerged from her body and wrapped around her before finally entering the sword.

Indistinctly, an ancient voice could be heard. It was heard at the same time as water deity's gentle and melodious voice, "the six Senses are in sorrow, and the eight sufferings are lost. Without the great sage, who can save the wisdom Bridge?"

He thrust out his sword, and a dazzling light spread out from the sword. It was like the sun and the moon, and the sword intent it emitted was like a ripple in the air.

It was as if a Pure Land of bliss was spreading over the sea and sky, guiding all living beings across the other shore.

The Dragon head sucked in a breath of cold air. The power that was coming at him made his heart palpitate, and he hurriedly raised his sword.

Suddenly, a few cold lights flashed. The 24 Northern heaven cold star swords turned into a sword diagram and fell from the sky.

"Hmph, you're overestimating yourself."

The Dragon head snorted contemptuously. The sword in its hand trembled slightly, and a vast sword force blasted out, directly shattering the sword pattern.

The boundless calamitous lightning in his hand turned and a vast radiance spread out. Just as he was about to receive the eight distresses sword, the entire sky suddenly darkened.

"What?"

Startled, the Dragon head felt an indescribable feeling surge up behind it. It hurriedly looked back and saw Yunxiao still in the same posture as before, but half of his face was covered in red veins, and his eyes had turned ferocious.

Behind him, a bright red Moon slowly rose into the sky. It was covered in blood streaks, and it suddenly opened!

A ray of light looked down, as if it could see through layers of space and time, and experience all the changes in the world.

“Peeking at the shade outside the bamboo, the water outside the tree, and the clouds outside the peak, could it be that I did it intentionally or unintentionally?”

A faint cloud floated under the bright moon’s blood Eye. Everything it saw turned into green smoke and slowly disappeared from this world.

The vast sword force in the Dragon head’s hand was also greatly affected by that glance. White smoke constantly rose from the periphery of the world light, which was a sign of dissipating.

“Woof! You should die!”

The Dragon head gritted its teeth and shouted angrily. It didn’t expect that a mere ant could move it.

There was no time to think anymore. The eight distresses sword style seemed to have comprehended the four elements of karma and wanted to cross him to the other side. He stabbed out with the boundless calamity sword in his hand and slashed towards that side of Nirvana.

The moment the sword momentum was thrust out, a dazzling colored glaze light fell from the sky like a magnificent giant door.

The divine realm tablet turned into an immortal monument and pressed down on the sword. Golden characters flashed on the tablet, as if they were telling an ancient secret and transmitting some kind of message.

“BOOM!”

The immortal monument shook directly into the world of swords, crushing the sword light. The two forces continued to break apart.

“?! What is this monument?”

The Dragon head was shocked. The immortal monument gave him a feeling that made his heart tremble. Although the power seemed to be restrained, just the breath of the weapon essence made him feel like he was in an abyss!

The words that appeared on the stele continued to flash, as if they were narrating the endless years.

The Dragon head’s eyes suddenly widened, as if it understood the meaning behind it. It revealed a look of horror and said in horror, “T-this bi an ...”

He had just read out a portion of the information when the eight distresses sword came down from the sky. The world of Nirvana pressed down and rushed into the world of swords.

“BOOM!”

The boundless power of the world was constantly being shattered, spreading in all directions and shaking the endless spacetime!

The entire world once again fell into a vast expanse. An extremely oppressive feeling assaulted everyone’s body. It was as if the world had yet to be opened, and chaos was like a chicken egg, making everyone feel as if they were in a daze.

“BOOM!”

Yunxiao could only feel a constant rumble in his body and mind. Under the aftermath of the world’s power, his body and will were constantly destroyed. The huge lunar eye behind him suddenly closed its eyes and slowly disappeared into the sky.

...

The power of the aftermath did not weaken. The Dragon head was at the center of the shock, and the qi and blood in his body were tumbling. He forced the blood in his throat down a few times, and at the same time, boundless anger surged.

The Dragon Qi on his body was boiling, spreading out a vast white world. He took a step forward and used spatial bending.

An extremely strong killing intent suddenly appeared. The No beginning catastrophe sword danced like a sword flower and stabbed towards the space between water fairy's eyebrows.

After the water deity performed the sword move, she became dazed and half-closed her eyes, as if she had lost consciousness.

The moment the endless catastrophe sword stabbed down, a flash appeared between her eyebrows. A golden light jumped out like a flame and kept getting bigger.

Her sad eyes suddenly opened, and a bright light flickered as she shouted, "Guangfa, you want to kill my daughter?!"

The voice belonged to a man.

The Dragon head's body trembled, and the sword in his hand trembled.

The water deity's pupils shrank. She struck out with her left palm and gently shook off the sword force. She leaped and disappeared from the spot. The next moment, she appeared more than ten meters away.

Her entire aura changed, and her cold eyes looked down, exuding endless pressure.

In the White haze between the sea and the sky, the faces of Guang Yuan, Ling Xin, and the others changed drastically, especially Guangxian, Yunxiao, and the others who had encountered such a situation in the East Sea. They all knew that the sea Emperor had descended.

...

Yunxiao's face was extremely pale as he spat out a large mouthful of blood and snorted. "A God descending upon his own daughter, Qianqian, what a perverted Qianqian."

Ling Xin was also shocked and muttered, "Imperial big brother, please!"

The Dragon head's expression turned cold as it said, "Bolon!"

As soon as these two words came out, everyone's body trembled, each and every one of them overwhelmed with shock!

He was the sovereign of the four Seas, the sovereign of the world, the Supreme Leader of billions of sea tribes, the current Emperor of the Sea, poron!

While Ling Xin and the rest were in shock, they also found out that the Dragon head's name was Guangfa. Even Guang Quan and the other dragon guards had strange expressions on their faces. Even they had never known the Dragon head's real name.

"Guangfa, Guangfa Suan ni"

Guang Yuan mumbled this name to himself, his eyes filled with extreme shock, and his body could not help but tremble.

Guangxian had the same reaction as him. His two dragon eyes were wide open, full of horror and disbelief. the Lord dragon head of Guangfa Xuanji is actually Zhuanxu. It's actually Zhuanxu. How can this be?"

"You clearly know that water fairy is my daughter, yet you still want to kill her?"

Guangfa's eyes were cold and stern as he snorted, "She's a busybody and has already prepared to die. I don't mind helping her. But since you've come out, I can't not give you face. Your daughter can leave safely now."

The White mist on the surface of the sea gradually dispersed. All the sea race's experts had a dull expression on their faces. Someone actually dared to speak to the sea Emperor in this manner. Even if this person was the dragon's head, it was still a capital crime for offending one's superior.

Surprisingly, poron did not get angry. Instead, he looked at the people in the distance, and his pupils contracted. He slowly said, " You can't kill li Yunxiao either.

Guangfa's body trembled and he suddenly remembered the ancient Maha character on the divine realm tablet. Although he could not understand it completely, he could understand most of what he had seen. His expression turned extremely ugly.

"Sure, but I'm going to bring him back to the rain land!"

"No." Polong's expression changed.

"You're just a mere God's descent, could it be that you want to stop me?" Guangfa's face flashed with a cold expression.

The words of the two men shocked everyone in the surroundings. Although this man was the leader of the Dragon guards, how could he speak to the sea Emperor like this?

Yunxiao grabbed a handful of heavenly materials and earthly treasures and threw them into his mouth, swallowing them all. Although he did not understand why the sea Emperor had helped him, perhaps it was the will of the water fairy that had affected him, the more strength he recovered, the higher his chances of winning.

"What if I add this?"

He clapped his hands in the air, and a golden light rippled out from the palm of his hand. The entire space seemed to freeze.

Suddenly, Guang Yuan's entire body trembled, as if he was being sucked in by a tremendous force, and his face was being squeezed until it was deformed.

His heart was filled with horror, and rays of magic light bloomed from the space between his eyebrows. Amitabha was slowly manifesting, and it was actually being forcibly extracted from his body!

Chapter 1205-Seven Star Lamp

"Argh! No, don't! This is mine, it's my lotus throne!"

Guang Yuan's entire body trembled violently, and he kept struggling and roaring in the air.

"?!"

Amitabha finally broke out of his body and flew towards polong's hand.

"Ah, ah, damn it!"

Guang Yuan had completely gone mad. He did not care whether he was the sea Emperor or not, and turned into a ray of light as he charged forward.

"You deserve to die for snatching my" so I've heard "!"

He formed a seal with his palms, and a stream of chaotic Origin Energy gathered in his palms. He then slapped it directly at polong.

Everyone's heart twitched.

Guangfa was stunned. He wanted to stop them but he still stopped and stared at them with a heavy expression.

The Lotus seat flew directly into Polong's hand. Seeing Guang Yuan's attack, he snorted lightly, and with a flip of his hand, the Lotus seat was directly pushed out from his palm.

"Everything is different, monastic robe."

Amitabha suddenly enlarged, and the light of magic bloomed, much brighter than when it was in Guang Yuan's hands.

"All sentences are not sentences,"

The Lotus platform slowly opened, and Lotus shadows began to appear on each petal. They were connected and interlocked, making it colorful and gorgeous.

all the sages are like lightning.

Guang Yuan was suddenly startled, his pupils suddenly widening. That "Amitabha" had long been refined by him into a mind connection, but he had never known that there would be such a change in front of him.

As the Lotus bloomed, it was as if a world had begun to appear. It seemed to be just the beginning of a world.

"An empty body is a Dharmakaya!"

Polong raised his hand, formed a seal in the air, and slapped down.

Guang Yuan's face turned ashen. The sound of Sanskrit chanting rang out from the Lotus platform, transforming into the eight groups of celestial Dragons. A dharma world, the Nirvana land, came crushing towards him.

“Bang!”

When his mixed-essence power hit the Lotus platform, it was like a Mantis trying to stop a chariot or an ant trying to shake a tree. It instantly fell apart.

“Pfft!”

Guang Yuan spat out a mouthful of blood on the spot, and was directly sent flying.

He had already been forcefully stripped of Amitabha and his mind was injured. In addition, he had lost his Supreme grade profound level weapon. The mental blow was huge. After being blown away by this move, his entire person was completely dispirited.

After the attack, he pointed in the air and Amitabha turned into a ray of golden light and flew back to the water fairy.

“How is it now?” he chuckled at Guangfa.

this li Yunxiao is definitely not an ordinary person, ” Guangfa’s face darkened. you should be careful, Your Majesty.

He had obviously given in. He flicked his sleeves in the air, turned around, and said, ” “Let’s go. We’ll bring guangxian, Guangyuan.”

Guang Quan and the rest were shocked and hurriedly followed.

Guang Xian and Guang Yuan’s expressions both changed. Both of them were also heavily injured, and their eyes revealed extreme dissatisfaction and unwillingness. However, when they thought of the identity of the Dragon head, they could only remain silent, allowing the Dragon guards to take them and disappear into the sea.

“Imperial big brother, please!”

As soon as Ling Xin saw the East Sea Dragon race leave, she hurriedly welcomed them with joy. Although the other party still looked like a water fairy, she could not suppress the joy and respect in her heart.

yes! polong smiled and said, “ pass on my decree. Stop hunting li Yunxiao.

“Yes!” Ling Xin said. Suddenly, her expression changed as she said in a hurry, “my Royal brother, water deity and Li Yunxiao are in a bad mood!”

no, ” polong interrupted with a smile. the heavens are always moving. They do not exist for glory, nor do they die for rebellion.

Ling Xin was puzzled, “Royal brother, you mean Zhenzhen?”

I’m fine. polong smiled faintly, and the light Between his brows began to spin. His calm expression slowly disappeared, and his expression turned into one of shock and confusion.

“Eh? Gugu Ying Ying ”

The water deity opened her eyes and called out to the spirit core when she saw it. Then, she quickly turned around and saw that it was quiet all around. Everyone was standing quietly in the air, not saying a word.

When she saw Yunxiao, she said anxiously, “ Li Yunxiao, are you alright? ”

Yunxiao’s eyes flashed with a complicated look as he shook his head.

“Hu!”

The water deity heaved a sigh of relief. She looked around and said in shock, "What about Doudou's murderer? Where did he go?"

No one paid attention to her. Ling Xin directly said to the people of the East Sea, "You all heard what Master Poseidon said just now, you can all go back."

Only then did the members of the Eastern Sea Race recover from their shock. Having lost their leader all of a sudden, Ling Xin naturally became their leader.

On the contrary, the MU brothers and Bi Yueshan were completely stunned. Guang Xian and Guang Yuan had been taken away, leaving the throne of the Eastern Sea Lord empty. This time, they had no results.

He couldn't possibly run into the rain to ask for her, right?

Guangfa's strength was already extraordinary and divine. Even if the two sects sent out all their forces, they would definitely return empty-handed.

He could only wait for the result of the throne.

"Water deity, come back with me," Ling Xin said.

Water deity was taken aback. She glanced at Yunxiao in the distance, then shook her head and said, "I have an agreement with him. Once he is done with his business, he will return to the Sea Forest with me."

...

Ling Xin also looked at Yunxiao, her eyes filled with complicated emotions.

Before Polong left, although he did not express his opinion on the matter of the water fairy, he did not raise any objections either, as if he wanted everything to go with the flow.

Yunxiao teleported over and looked at the water deity as he said, "Thank you."

The water deity's face turned red, and she stammered, "I ... I didn't help much. I ... I only saved you for myself."

yes! Yunxiao nodded and said, "can you tell me why you need a tenth-grade divine fire?"

The water deity wanted to say something but stopped. She looked at Ling Xin with a troubled expression.

Ling Xin's expression also became serious. She pulled out a light curtain and covered the three of them. She said, "This matter is of great importance. If you know about it, then you must come with us to the sea Forest."

Yunxiao frowned and hesitated for a moment, then immediately answered, "Alright," he said.

If not for water fairy and polong's help, he would not have been able to escape. The ocean Emperor Palace had saved his life, and he would have to repay them even if he had to go through a mountain of blades or a sea of flames.

Only then did the water deity reveal a sad expression and said sadly, "My mother's life is in danger. I need the strongest flame in the world to ignite her flame of life."

Yunxiao's heart trembled. Looking at water fairy's miserable face, he could not bear it and said, "You need divine fire to extend your life? This is the first time I've heard of such a chronic disease."

...

"My mother isn't suffering from a chronic illness, but her life force has been depleted and her lifespan is at its end," water deity replied.

there's a limit to human lives," Yunxiao said in surprise. this is fate. How can you extend your life?"

The water deity said anxiously, "my mother's lifespan did not end normally. She was a fortune-teller before. A divination a few years ago directly drained her lifespan. That's why she's on the verge of death. Sob, sob, sob ~"

Towards the end, the water deity couldn't hold back her grief and started crying.

after that, my Royal brother went to the sea of soul formation in person and invited the number one Alchemist in the world, Lu congzi, to place the seven Star Lamp to extend my sister-in-law's life," Ling Xin sighed.

Yunxiao's face flickered. Seven Star lights! he cried. Seven Star lights! It was no wonder that this formation was arranged according to the stars in the sky. There were seven big lamps, forty-nine small lamps on the outside, and one Natal lamp on the inside. The lamp of the life Palace needed to be lit with fire essence, and it was rumored that it could change one's fate. The Sea Queen's Madam's divination skills are heaven-defying, to actually make the entire forest of the sea unable to use any fire?"

After crying for a while, the water deity said, " "Lord Lu congzi has three kinds of heavenly flames, all of which are extremely strong in the world, but he still can't light the life Palace lamp. He said that perhaps only the strongest fire in the world can light up the lamp of life Palace and extend my mother's life."

Yunxiao looked suspicious as he said, " "If that's the case, then how did the sea Empress" wife survive after so many years?"

Ling Xin's body trembled, and her face was filled with sorrow. "In order to activate the seven Star Lamp, my Royal brother used his sun true origin to replace the divine fire and forcefully activate it. In the past few years, my brother has never taken a step out of the sea emperor's palace."

Yunxiao's face flickered. replace the divine fire with sun primordial essence? " he cried out in surprise. you're using sun primordial essence to replace the divine fire? " It's been so many years, don't tell me that poron is afraid?"

Ling Xin's expression was stern as she nodded and said, "that's right!" The sea Forest will be at its weakest in the next few years, and this is also the top secret of the sea emperor's palace. I don't know how long my Royal brother can last, but I'm sure that once he can't hold on any longer, it'll be Wufu."

She couldn't finish her sentence, but everyone knew that once she couldn't hold on any longer, she would die.

Yunxiao was also shocked. No wonder the ocean Emperor had chosen to cast God's descent on the water fairy. what on earth happened that the water fairy's mother had to perform such a heaven-defying spell and suffer the heavenly punishment? "

"This is a secret of the ocean emperor's palace. Even the water deity and I don't know about it," Ling Xin's expression changed and she said in a low voice.

yes, " Yunxiao said. I have the Phoenix true flame in my hand, and I can give it a try. However, even if the life Palace lamp is lit, it can only hang on to that thread of life essence. Unless we can find the legendary heavenly fortune pill, we can't really change our fate and bring the dead back to life."

The water deity was overjoyed, "the heavenly fortune creation pill?" Can it really save my mother? Where can I find this thing?"

Ling Xin immediately poured a basin of cold water on him and said with a bitter smile, " silly girl, I've heard of this item before. It only exists in legends and doesn't exist in this world. The recipe has long been lost.

The water deity immediately shriveled up, her face full of dejection.

the recipe might have been lost, " Yunxiao said. but it doesn't mean that this pill doesn't exist in this world.

His eyes flickered as if he had recalled something.

“How did you know?” Ling Xin was shocked. If we can find the pill, the ocean Emperor Palace is willing to pay any price!”

The water deity was also overjoyed, her face full of anticipation.

Yunxiao shook his head with a wry smile and said, “I only know a few clues. It’s hard to say if it really exists. Even if it does, it’ll be as difficult as ascending to the heavens to obtain it. Let’s go to the sea Forest first.”

Ling Xin knew that the other party must have something that was difficult to say, so she said, “That’s good. I’ll use the divine fire to replace my Royal brother’s sun true essence first, then we’ll discuss the heavenly fortune pill. As long as this pill truly exists, I don’t believe that the ocean emperor’s palace can’t find it.”

The water deity was also very happy. Not only did she get the divine fire, but she also had the hope of saving her mother. She said with gratitude, “thank you, li Yunxiao.

Those who have seen the Three Kingdoms would know that the seven Star Lamp was the item that Zhuge Liang used to extend his life. One of them was destroyed by Wei Yan, causing the stars to fall and the autumn wind to blow across the Wuzhang Plains.

Chapter 1206

1206 The forest of the sea

that’s too serious, little girl,” Yunxiao said with a wry smile. I should be the one thanking you for saving me.

Water deity’s face was red, but anyone with eyes could tell that it was the shyness of a young girl’s first awakening of love.

Ling Xin couldn’t help but worry, but when she thought about how her Royal brother hadn’t interfered, she didn’t think too much.

The most embarrassed one was Yunxiao, who had an indescribable feeling and a throbbing in his heart.

Ling Xin waved her hand and removed the light screen. "Let's go. The two of you head to the sea Forest."

"Aunt, aren't you coming with us?" the water deity asked, stunned.

Ling Xin smiled and patted her forehead, saying, "The two of you can go. I'll take them back to the palace of Donghai and pass on my brother's decree. You won't be stopped on the way. Besides, with your strength, there aren't many in the four Seas that can threaten you other than the royal families."

"Alright then," the water deity said with a look of reluctance.

Ling Xin glanced at the experts around her and said, "Follow me."

She turned around and turned into a ray of light, disappearing into the horizon in a few breaths.

The experts of the eastern sea didn't dare to stay any longer. They all turned into rays of light and followed closely behind. In the blink of an eye, they all disappeared.

Only Yunxiao and the others were left on the sea, as well as Bo Yuqing, the MU brothers, and the three people from thousand leaves Island.

The MU brothers and thousand leaves Island were the most depressed of all. They had worked hard, but they had no results.

"Tsk, tsk, little brother, you're so good. You actually managed to hook up with the ocean Emperor's daughter. No wonder you don't like our girls from thousand leaves Island." Biyue said shyly.

elder Yue, you must be joking," Yunxiao said with a smile. I'll definitely visit thousand leaves Island when I'm free.

"I don't believe you. With such a pure girl following you, how would you think of us?" Biyue said shyly.

stop joking, granny Yue, " Yunxiao said seriously. please tell me the truth about Xue Chenxi's death.

Bi Yueshan's expression changed and she suspiciously asked, "Are you really li Huachi's cousin?"

Yunxiao nodded with a smile. he is a very important old friend of mine. Xue Chenxi's death has been a great blow to him. I hope to know the reason.

you impudent little brat. Your hair hasn't even grown out yet. You're still an old friend.

Biyue smiled shyly but her expression soon calmed down. if you want to know the truth, I, on behalf of the Fuyao Holy Palace, welcome you to thousand leaves Island.

The strength and means Yunxiao had shown had piqued bi Yueshan's interest.

Qingsi's beautiful eyes also moved, and she smiled with affection, " the palace Master often says that there is always someone better, and that there is always someone better. Qingsi has always thought that the Fuyao Holy Palace is the sky of the heavenly martial realm. Today, after seeing young master Yunxiao's abilities, I finally understood what the palace Master said. I hope that young master Yunxiao and this little sister Water fairy can teach me a thing or two in the future."

"Ah? Me? Are you talking about me?"

The water deity responded and quickly asked after she regained her senses.

"Hehe, little sister Water fairy is really interesting."

Qing si covered her mouth and laughed, but she blinked and winked at Yunxiao.

'Forget it,' Yunxiao said with a wry smile. The Fuyao Holy Palace's saintly being is so strong that even li Huachi, one of the ten great martial emperors, looks down on it. Aren't you just looking forward to me getting beaten up by him?"

“Haha, little brother is so humorous.”

Biyue smiled shyly, “although this trip was in vain, it’s not a waste to know such an interesting brother like you.” I hope I can see you getting beaten up on thousand leaves Island.”

The three of them laughed and Bi Yueshan formed a seal with her hand. The three of them immediately turned into a ray of light and rushed into the sky, disappearing.

The MU brothers also kept their puppets, their faces ashen.

The two men were serious and serious. Mu Yitong said, “The MU family is also very happy to know you.”

After saying this, the two of them also used their magical powers and disappeared into the sea.

Yunxiao turned to Bo Yuqing and said with a smile, “Brother Yu Qing, are you still not leaving?”

what?” Bo Yuqing’s face flickered. Li Yunxiao, does the agreement still count?”

Yunxiao’s face turned cold as he said sarcastically, “Agreement? Are you referring to recommending me to go to the rainy land, or are you just standing by and watching, as if it has nothing to do with you?”

Bo Yuqing was a little embarrassed, “that day, my injuries hadn’t recovered yet. You were indeed the best candidate for the trip to the rain land. You completed the mission with excellence. If I had not stabbed Guangxian with my sword, you would not have been able to control the situation. As for the dragon’s head, I do want to stay out of it. After all, no one wants to mess with that extraordinary power. If it were you, I’m afraid you would be the same.”

you’re not lying,” Yunxiao said. at least you’re a real villain. “But the price of my agreement has also increased,” he said with a cold gaze.

Bo Yuqing was a little angry, but he suppressed his emotions and gritted his teeth. "Please continue."

"Serve me for three years," Yunxiao said.

Bo Yuqing's expression changed greatly and he said in shock and anger, "In your dreams! If it were you, would you be willing to serve someone else for three years? I'll promise you three things!"

alright, " Yunxiao said with a smile. three things, then.

Bo Yuqing saw his smiling face and his heart immediately sank. He knew that he was being played by him again.

At their level, a single task was already more important than the heavens, and they might even risk their lives to complete it. Promising him three things was basically no different from pledging allegiance to Yunxiao.

However, words that were spoken were like water that had been poured out. He gritted his teeth and said, "Alright, you win! However, you must use your spiritual energy to remove the neon stone in my body!"

I tried my best last time, " Yunxiao said. the power of the aegirine is too strong. I'll help you again when I become a high-level Martial Emperor.

Bo Yuqing's expression became gloomy and uncertain. It was equivalent to him agreeing to three things for no reason for a vision of an uncertain future. No one would be willing to do that.

what? " Yunxiao sneered. are you afraid that I won't live long enough to become a high-level martial Supreme? "

"Hmph, fine. You're a man of great fortune, so I'll agree to your request."

Bo Yuqing pondered over it again and again, but still agreed.

that's right," Yunxiao said with a smile. you're a smart man, so you naturally understand that it'll be beneficial for both sides. There aren't many people in the world who can help you, and I'm one of them. I'm going to the sea Forest now, are you willing to come?"

Bo Yuqing shook his head. it's better to avoid trouble. I've left the continent for many years and am very unfamiliar with the changes. I'll go back first. If you need me to do manual labor, call me at any time."

...

He threw a jade pendant to Yunxiao. It was a communication device, the same as the one ning keyue had.

"In that case, be careful."

Yunxiao thought for a moment, then took out a Jade slip and placed it on his forehead, recording some information into it. He then threw it to Bo Yuqing and said, "there are some things in here that are very important to you. I don't want you to die for no reason. If that happens, I'll have one less helper.

Bo Yuqing's face revealed a look of doubt. He placed the Jade slip on his forehead and his expression suddenly changed. His eyes were filled with shock as he blurted out, "is this information true?!"

I'm sure," Yunxiao said. I'm sure.

Bo Yuqing's face became extremely ugly. He grabbed the Jade slip and crushed it, saying, "I understand, thank you."

Yunxiao nodded and did not stay any longer. He had all the guests return to the divine realm tablet and asked Ye Fan to come out. He and water fairy stepped into Noah's ship, then turned into a golden light and headed toward the forest of the sea.

Along the way, they did not encounter any more obstacles. With the coordinates of the sea Forest, they arrived at the central area of the eastern sea after more than a month.

After devouring a large number of natural treasures plundered from the palace, Yunxiao had also broken through to the rank of a six-stars Martial Emperor.

On this day, the warship jumped out of space and appeared directly in the sky above the sea. Below it was a huge Whirlpool on the sea. Looking down from a height of 10000 meters, it was like the belly button of the sea.

The water deity explained, " this Whirlpool tunnel is the link between the four Seas. You can go to any sea from here. You can also reach the forest of the sea.

...

Yunxiao and Ye Fan looked down and saw that the vortex was so deep that they could not see the bottom.

What surprised the two was that this Sea area was not a dead land. Instead, there were a large number of marine creatures living here, but they were all low-level beings without intelligence.

"You may leave," Yunxiao said.

Ye fan's hand seals changed, and the entire Noah's ship turned into a golden light, shooting towards the belly button of the sea.

In an instant, the surroundings were filled with the splashing sound of the sea water, and it quickly became dark, unable to see.

A golden light appeared in the water deity's eyes, as if she could see through the darkness and point out the coordinates.

Noah's ship suddenly trembled in the dark space, as if it had broken a mirror, and rushed out of the endless night.

“Huala”

A whole new world was revealed before his eyes.

“Waa! It’s so beautiful!”

Ye Fan could not help but exclaim, under the blue sky, there were white clouds floating, a few of them were colorful.

The world seemed to have been washed by the rain. The towering ancient forest extended into the distance. It was a lush green, and the spiritual Qi was like elegant silk, intertwining in the air, constantly rising and spreading.

“Yay! You’re finally back!”

The water deity jumped up happily, clapping her hands and shouting, “Father, mother, I’m back!”

His voice spread far and wide.

There was a response very quickly. Several rays of light flew over and turned into three figures. They all had extremely young faces.

One of them laughed. Junior Sister Water fairy has finally returned. Where is Lord Mo Sha? why didn’t he come back with you? ”

He glanced at Yunxiao and Ye Fan, and his eyebrows twitched slightly.

The water deity’s excited expression suddenly dimmed, and she sobbed sadly, “Wuwuwu, the demon shark is already dead, wuwuwu”

“What? He’s dead. What happened?”

That person was startled, and soon after, his face revealed anger, “ who has the gutsy guts to actually kill Lord Mo Sha!

His aura spread out in shock and anger, and it turned out that he was an eight-stars Martial Emperor. He even glanced at Yunxiao and Ye Fan, intentionally or otherwise.

Chapter 1207-a little guidance

The water deity sobbed for a while, not knowing where to start. If it was said that the death of the demonic shark should be blamed on Yunxiao and Bo Yuqing, but Yunxiao was now a friend and not an enemy to her, and Bo Yuqing was also a friend and not an enemy to Yunxiao. It seemed that there was no way to settle the score.

The other person said, “ Junior Sister Water deity, there is no need to rush. We can slowly report this matter to our master. It is these two who are in a dilemma.

The last person also said unkindly, “ Junior Sister Water fairy, the ocean Forest is the heart of the four Seas, a sacred place. Not just anyone can come in.

Daffodil Daydream wiped her tears and put on an angry look. do I have to ask the three of you before I bring anyone in? ”

The man who had revealed his cultivation smiled, “Junior Sister Water fairy, I’m a transformation cultivator who has been ordered to guard the entrance of the sea Forest. I do have the responsibility to prevent outsiders from entering. But since you brought it here, there’s no need to check. But did you inform master? I’m afraid that shizun won’t be happy if he finds out.”

“I’m going to see my father now,” replied water deity.

that’s great, ” the chemical cultivator said. however, I’ll leave these people here for now. I’ll let them enter the industry after Junior Sister reports to master.

The water deity was furious and shouted, "no!" They want to follow me into the palace to see Imperial father!"

A Vulture flickered in the chemical cultivator's eyes, and his gaze on Yunxiao became even more unfriendly. I'm sorry, Junior Sister. It's a great responsibility to guard the forest of the sea, and I dare not neglect my duty.

The water deity wanted to argue more, but Yunxiao stopped her and said indifferently, " water deity, you go in first. Don't make things difficult for this eight-stars martial sovereign.

He was extremely intelligent, how could he not see that these three people were deliberately making things difficult for him, and he could also guess the reason behind it. He deliberately emphasized the words "great expert" as a response to the demonstration of cultivation by the chemical cultivator.

"Pfft!"

The water deity could not help but laugh, " what kind of expert is he? he's just an eight-stars Martial Emperor. He's far inferior to you, big brother Yunxiao.

Yunxiao patted his forehead helplessly, knowing that he would be in trouble as soon as he said that.

As expected, the chemical cultivator's face turned pale and the anger in his eyes was about to burst out and burn him!

After the two people behind him were stunned for a moment, they both revealed gloating expressions, and the corners of their mouths held a trace of playfulness.

"Hahaha! Junior Sister Water fairy was right. He was not skilled in chemical cultivation. He was only twenty-nine years old this year, but he was only an eight-star martial sovereign! In order not to embarrass my master, I'd like to ask this brother Yunxiao to give me some pointers!"

The chemical cultivator flicked his sleeve, and his aura rose to the peak of eight-star as he stared at Yunxiao, his face covered in a layer of frost.

“What are you doing? Back down!”

The water deity cried out in surprise as she hurriedly stood in front of Yunxiao and glared at him.

The more this was the case, the angrier the chemical cultivator became. His pale face turned red and he roared, “Junior Sister Water fairy, you’ve only been out for a short time. Don’t be fooled by this pretty boy! Let me reveal his true colors!”

“You’re the one who’s been tricked, get out of my way,” the water deity said coldly.

Junior Sister Water fairy is too willful,” the chemical cultivator said coldly. take her back to the ocean Emperor Palace to rest.

“Yes!”

The two companions behind him stepped forward, one on the left and one on the right. One of them sneered, “Junior Sister Water fairy, your status is extremely noble. Those toads outside are racking their brains to be friends with you. Let senior brother Hua Xiu expose their true colors.

The two of them moved forward and wanted to capture the water deity.

The water deity was shocked. She raised her head and her Daqiao bugong sword appeared in her hand. She was about to sweep it away.

“I’ll do it.”

let’s go,” Yunxiao said softly. Then, in a flash, he stood in front of water fairy.

“Hmph, you’re quite agile!”

One of them sneered. Originally, it was just a small grappling hand, but when he saw that the target had changed, he immediately turned it into a sharp claw. Sharp blade-like blades appeared between his five fingers, and like a small whirlwind, he pressed down from the sky.

Yunxiao put two fingers together, and bolts of lightning shot out of his fingertips, gathering into an egg-sized ball of lightning and shooting it directly into the whirlwind.

Under the rotation, rings of stars appeared around the lightning ball, as if a celestial body was revolving. A huge Lightning Field could spread out in an instant.

Before it even landed, it had already suppressed the other party's whirlwind power. Those blade-like sharp blades instantly disintegrated. Moreover, under the interference of the electric field, that person's palm was directly electrocuted. Traces of electric energy appeared and crackled.

"?!"

That person suddenly sucked in a breath of cold air. He wanted to retreat in horror, but it was too late.

"Lightning Art!"

Yunxiao cried out lightly, and the ball of lightning instantly hit the man's palm. With a flash of lightning, the man's arm was pierced through by the electric current!

"BOOM!"

"Ah!"

Under the flash of lightning, the man screamed and was sent flying, falling into the endless ancient forest.

"Argh! You should die!"

The other man screamed and didn't dare to be careless. With a cold light flashing in his hand, a bright saber appeared and he poured his true Qi into it, turning it red.

The surrounding spiritual energy also shrank, as if it had been sucked dry by the blade.

“Raging inferno saber!”

A ray of red light flashed across the sky, and a black crack appeared in the sky.

“Hu hu!”

The saber slashed down without any hindrance, cutting Yunxiao in half.

The man was overjoyed, and his eyes widened. The figure that had been split in half gradually turned into light and disappeared before his eyes.

Yunxiao appeared behind him in an instant, picked up a hammer, and smashed it down on his head.

“BOOM!”

Countless Thunderbolts fell from the sky and gathered in the hammer. They were magnified several times and finally struck the man's head.

”

...

A scream that was even more miserable than the previous person's was heard, and then a charred body fell into The Endless Forest as well.

The force of the Thunderbolt was controlled within a certain range by Yunxiao. When he sensed that most of the other party's life force had been lost, he stopped and only seriously injured the two.

The chemical Elementalist didn't move at all, but the coldness in his eyes grew stronger and stronger. He said sternly, how dare you hurt my Ocean Emperor Palace's people. You've got guts!

Yunxiao raised his eyebrows and said in surprise, "Didn't you ask me to give you some pointers? Could it be that you deliberately set a trap for me to fall into?"

The chemical cultivator was so angry that his chest felt stuffy. He said angrily, "Good! Then, please give me some guidance, a mere eight-stars martial sovereign!"

His eyes were filled with killing intent, but he no longer looked down on Yunxiao like before. However, Yunxiao's strength as a six-stars Martial Emperor was not enough to arouse his vigilance and fear.

He opened his mouth wide, and part of his face turned demonic. His mouth was half the size of a watermelon, and he spat out a ball of silver flames. Not only were there burning flames, but there was also an extremely strong metal-elemental attack power.

"What?"

Yunxiao looked curious. The power of the flame was not strong, but when the two elements were fused together, its power was doubled.

He raised his hand and grabbed the cold sword, Ice Frost, in his hand, and directly slashed down.

"Pfft!"

...

A sword will streaked across and struck the flames, producing a metallic clang. However, the flames were still split apart in an instant.

“What?”

The chemical cultivator was taken aback. Although he did not expect the move to hurt his opponent, he did not expect Yunxiao to break it so easily.

big brother Yunxiao, ” the water deity said coldly, ” there’s no need to show mercy. Let these frogs at the bottom of the well know that the world is open.

The chemical cultivator was furious and growled, ”Junior Sister Water fairy!” Are you a member of the ocean Emperor Palace or an outsider?”

Water deity pursed her lips and mumbled, ” of course I’m from the ocean Emperor Palace. I’m not like you guys, who are ignorant and arrogant!

“You’re so good! Good, good!”

The huaxiu was so angry that he was about to explode. He roared, ”Then don’t blame me for being ruthless. You forced me to do this, Junior Sister!”

He let out a loud roar, and his entire body transformed into a demon. A spiral pattern appeared on his forehead, and a single horn slowly grew out. The skin on his body rippled like waves, and scales slowly grew out, covering his entire body tightly.

A murderous glint shot out of his eyes, which turned into two rays of saber Qi.

“Be careful of his tail!” The water deity shouted.

Yunxiao had been watching him coldly. After all, the man was a Peak Eight-stars Martial Emperor, and he had sensed a dangerous aura coming without water deity’s reminder.

A black shadow flashed in the air and struck down with a " PA " sound. It was like a whip, causing sparks to burst out in the sky.

Yunxiao transformed into a Thunderbolt and retreated a few meters away, dodging the attack.

The chemical cultivator was furious. He thought that if it wasn't for the water deity's reminder, the other party would not have been able to avoid this attack. do you need a woman to remind you? are you still a man? "

Yunxiao sneered in disdain and said, " "A woman's reminder is also a form of strength. What, are you not convinced?"

"Ya ya ya! You bastard!"

The chemical Elementalist gritted his teeth in anger. The scales on his body almost flipped up, and he disappeared on the spot in a flash.

"He's the descendant of the fiercest race in the ocean. Every part of his body is comparable to a ninth-grade profound level weapon!" Water deity said in shock.

Although Yunxiao was vigilant, he was not flustered at all. The ice sword was swung to the left at a strange angle.

The blade of the sword slashed through the void, and a pitch-black fist appeared.

"Bang!"

The blade of the sword struck the fist radiance and the transformation cultivator was sent flying.

The grey-black fist radiance and the light-green sword Qi intertwined with each other and kept eroding each other.

The chemical cultivator was shocked. His explosive power was almost equivalent to teleportation in a short distance, and ordinary people could not catch up with his speed at all. But, Yunxiao's sword strike was elegant and calm, as if he had seen through it.

did Junior Sister Water fairy give me a hint? ”

As he thought about it, his thoughts spread out uncontrollably. Only the Bo family's eye of truth could see through his speed so easily.

Immediately, his eyes burned with jealousy and hatred.

The huaxiu was about to go berserk when his pupils suddenly shrank. A bloody mark appeared on his rock-solid fist under the frost of the cold sword, and the wound was still expanding!

Chapter 1208-seeing through the real body

“What?”

The transformation cultivator was shocked. In his demon form, even a ninth-tier profound artifact would not be able to hurt him.

But at this moment, under the pressure of the sword Qi, before it even touched his fist wind, a bloody mark had been directly pressed out. Such a situation had never happened before!

If that sword had directly cut into his body ...

The chemical Elementalist couldn't help but shiver. He was proud of his physical body and had never been afraid of any profound level weapons, but now he couldn't help but be afraid. He said angrily, “Previously you relied on a woman, now you rely on a profound level weapon, aren't you ashamed? If you're a man, then fight with me fair and square!”

Yunxiao was speechless for a moment, then he scolded with a smile, “What kind of stupid theory is this? do you want me to fight against your demon body with my bare hands? Does Neptune only look at talent and bloodline, and never intelligence?”

“How dare you disrespect my master! Die!”

The chemical cultivator shrank his body slightly, twisted his waist with a great force, and kicked his left foot at Yunxiao’s throat like a lightning bolt. The air exploded with a bang and made an ear-piercing sound.

Yunxiao’s pupils constricted. He grabbed the hammer with his left hand and swung it down, causing countless electric arcs to flash on the hammer.

“BOOM!”

The hammer landed directly on the tip of the chemical cultivator’s feet. The lightning and thunder spread up along the tip of his feet, but it only spread for half a foot before it disappeared.

The scales on his body had an extremely strong defensive power that could even block attacks with extremely high extension and penetration like electricity.

Yunxiao raised an eyebrow slightly, obviously a little surprised.

“Hmph! Go to hell!”

The chemical cultivator’s face flashed with ferocity. His body shook once more and a black shadow flashed past. His tail directly swung over.

At this moment, Yunxiao was holding a saber in one hand to suppress his fist radiance and a hammer in the other to hold off his foot. He had no time to spare. In order to prevent the man from escaping, he increased the strength of his punches and kicks to suppress him.

With a faint smile, Yunxiao summoned his golden body Dharma idol and swung his blade at the tail.

“Bang Bang Bang Bang!”

The blade streaked across the tail, creating a series of sparks.

The chemical Elementalist's eyes almost popped out of their sockets as he looked at the three-headed and six-armed man in shock. He was instantly stunned.

Suddenly, he felt a sharp pain on his tail, as if it had been bitten by something. He couldn't help but scream, " ah!

Looking back, he saw that his tail had been sprawled on it by a huge insect, and it was holding it tightly. On that terrifying face, its mouth seemed to have two knives in it, and it was constantly biting.

Although the scales on its body were extremely strong, its flesh was quickly injured by the bites. It was in so much pain that it hurriedly flicked its tail, but it couldn't get rid of them no matter what.

He raised his tail in anger and was about to throw a punch with his left hand.

you still dare to be distracted in this situation? " Yunxiao sneered. are you looking down on me? " As expected of an eight-stars Martial Emperor!"

Behind him, he formed a seal with his hands. Suddenly, a golden light shone brightly. The heaven and earth seal condensed in his palms. A golden light streaked across the sky and pressed down on the face of the transformation cultivator.

"Ah?"

The transformation cultivator was shocked. He hurriedly changed the direction of his left fist and punched the seal.

"BOOM!"

He shattered the heaven and earth seal with a single punch, making a mirror-like cracking sound as his fist smashed directly into Yunxiao's palms.

"Pa!"

Yunxiao's palms transformed into claws, and his ten fingers grabbed his arm like hooks.

"You coward!"

The chemical Elementalist was shocked and anxious.

A cold look appeared on Yunxiao's face as his eyes turned into blood-red moons. A very strong spiritual power rippled out of his eyes, forming a spiritual storm that struck directly at the man.

"

The chemical Elementalist felt pain on his tail and screamed again. At the same time, a spiritual storm swept over and blasted him in.

"

The chemical Elementalist's face contorted. He felt as if countless steel needles were stabbing into his brain, trying to penetrate it.

He gritted his teeth and blood seeped out of his five orifices, but he turned a deaf ear. He knew very well that this kind of spiritual attack was extremely powerful. If he lost his spiritual altar, he would be severely injured and the consequences would be beyond redemption.

But, his arms and feet were completely suppressed by Yunxiao, and there was a big bug on his tail. He was completely at his wit's end, and could only guard his spiritual altar and sea of consciousness as the last line of defense.

“Tsk!”

Yunxiao snorted contemptuously as he made a strange seal with his remaining two arms. The eyes of the head at the back of his head widened as he opened his mouth and spat out a string of words in the Dragon language.

“BOOM!”

The Dragon voice contained boundless Dragon might. The power of the Dragon Breath from Shi Long’s body surged out and shook the transformation cultivator.

The last defense of his spiritual altar and sea of consciousness instantly collapsed. The spiritual storm crashed into his mind, and his entire head was in pain. He spat out a mouthful of blood on the spot and lost consciousness.

Yunxiao retracted all his arms, and the corpse puppet also turned back into the thousand-year blade and returned to his body.

The chemical Elementalist’s face was covered in blood. He fell from the sky just like his two companions, falling into The Endless Forest of ancient trees.

The water deity clapped her hands and laughed, “big brother Yunxiao is so amazing! Let’s see if they still dare to be so arrogant in the future.”

Yunxiao was speechless. all three of them are extremely talented, ” he said. it’s extremely rare for them to have such achievements at this age. However, it’s also because of this that he’s so arrogant. In addition, he’s been accepted by your father as a disciple, so he’s even more arrogant.”

Water deity said, ” big brother Yunxiao is younger than them and stronger than them. However, he can be steady and not arrogant. Big brother Yunxiao is still the best.

Ye Fan smiled and said, 'everyone who knows big brother Yunxiao says he's powerful. However, I think that transformation cultivator underestimated his opponent. If he had gone all out from the start, he wouldn't have lost so easily, even if he couldn't escape defeat.'

Ye Fan, your eyesight is getting better and better, " Yunxiao praised. your achievements in the future will not be inferior to mine.

...

Ye Fan stuck out his tongue and laughed. I was just saying. If I'm not right, don't mind me, big brother Yunxiao. I'll be satisfied as long as I can have half of big brother Yunxiao's strength.

you don't need to belittle yourself, " Yunxiao said seriously. you have a pure heart of martial arts, and as the master of Noah's ship, it's impossible for you to be ordinary in the future. However, you must remember not to underestimate any opponent."

"Yes! Remember big brother Yunxiao's words!"

Ye Fan straightened his body and stood at attention.

"Hehe, the peerless Martial Emperor and the owner of Noah's ship have come to visit. I'm sorry for not welcoming you."

A leisurely voice came from the distance. It was neither salty nor light, and it had no emotion at all.

"Father!"

The water deity cried out in joy and waved her hand towards the distant sky as if the other side could see her. She shouted, "I'm back,"

Yunxiao trembled and said in surprise, "Poseidon!"

The voice ignored the water deity and continued, "My three good-for-nothing disciples are unable to welcome you two, so let me come personally."

His tone was filled with indifference and faint anger.

...

"Father, it was the three of them who started the fight!" The water deity was shocked.

"Hmph, I, your father, am not blind."

Suddenly, a force tore the water deity apart. She screamed and was pulled a few meters away, disappearing in an instant.

Yunxiao's body moved slightly, but he held himself back and said, "Thank you for saving me, Your Majesty. Since the sea Forest does not welcome me, I'll see you again."

He turned around and was about to board the battleship to leave.

"Stop!"

"Do you think you can come and go as you please in my Sea Forest?" Neptune said coldly.

It was water deity who brought me here to light the seven Star Lamp to save my mother," Yunxiao said in a deep voice. "Do you think I wanted to come to this place?"

He was also dissatisfied. Although they had done him a favor, he didn't want to stay any longer since the other party didn't like him.

"Hmph, didn't you try every means to come that year?" the voice was still cold.

Yunxiao trembled and said in horror, "W-what did you just say?"

"Hahaha! Don't think that I can't recognize you just because you've changed your identity, Vanquisher martial sovereign Gu Feiyang!"

I'll wait for you at the ocean emperor's palace. the voice laughed. let's end this matter today.

brother Yunxiao! Ye Fan was shocked. are you really the peerless martial sovereign, Lord Gu Feiyang? "

When Bo Yuqing said this last time, he had always been skeptical. Now that even the sea Emperor said the same, he couldn't help but believe it.

Yunxiao's face was solemn as he nodded slightly and said, "I am Gu Feiyang. The reason is too complicated and I can't explain it in a short time,"

"Waa! No wonder big brother Yunxiao is so powerful!"

you ... Ye Fan said excitedly, " you're the idol I've always admired, Lord Gu Feiyang!

His face was full of excitement and admiration. He almost took out a pen and paper to ask for an autograph.

Yunxiao's face darkened. Although he knew the power of the eye of truth, he did not expect that the other party could even see through this.

"What, are you scared?"

The voice chuckled. hehe.

“Since master Poseidon has invited me, I’ll come even if I’m afraid. Otherwise, if you chase me to the ends of the earth, with my current strength, won’t I be killed by you in seconds?”

yes,” Yunxiao replied indifferently, then walked forward, covering a thousand miles with one step.

Ye Fan also hurriedly put away Noah’s ship and followed closely behind. His pace was also very fast, so he was not pulled down by Yunxiao when he used the ship.

The two of them walked into the distance, one in front and one behind. The space under their feet kept shrinking, and the sky receded.

After the time it took to brew a cup of tea, he was greeted by a field of verdant green. Spiritual energy gently caressed his face, converging into tiny trickles that trickled down his face and skin, providing him with incomparable moisture.

Yunxiao looked around and slowly closed his eyes.

After a while, he opened his eyes and revealed his lunar pupils. He then walked in a strange direction.

After a few steps, the scene in front of him changed greatly. The clouds and mist dispersed, and a huge island floated on the sea.

There was a Palace inside. Although it didn’t reveal its true appearance, there was a pressure coming from nowhere.

Chapter 1209

1209 3,000 rules

The island was filled with towering ancient trees, and they were even larger than the ones they had seen before. It was obvious that these were ancient ruins that had existed since ancient times.

the ocean Forest is indeed one of the lost dimensions,” Ye Fan said in surprise. with the current environment of the heavenly martial realm, it is impossible for such a huge tree to grow.

“Lost space? Even if it is, it must be a useless lost space.”

If there was an opportunity to become a God here, there would have been an immortal realm expert long ago.

“You actually found the entrance. It seems that water fairy has told you all her secrets.”

Neptune’s voice was heard, and he felt a little speechless.

Yunxiao smiled faintly. When they were searching for the ruins of the palace of the East Sea, they had used this strange restrictive spell. Water deity had accidentally said that it was the same as the sea emperor’s palace, and that was why everyone remembered it.

However, even if he explained, Neptune would not believe him, so there was no need to explain. He smiled and flew towards the huge island.

It was not until they were in the sky that they realized the magnificence of the entire Island. Under the cover of the giant trees, small buildings could be seen. They were stacked on top of each other, and many small buildings were actually directly on top of the giant trees.

Yunxiao looked down for a while. There seemed to be some extremely powerful seals hidden in the trees, but they could not block the power of his lunar pupils. He saw the main hall in a moment and flew down.

He flew extremely slowly. This was one of the most powerful places in the world. Even with his arrogant and unruly personality, his strength was limited at the moment, so he did not dare to be too presumptuous.

The two of them landed on an empty space in front of the hall. Not far away, there was a huge Lotus carved platform that looked exactly the same as Amitabha.

In the middle of the open space was a towering statue. Under the light, not to mention the face, even the body of the statue was difficult to see clearly.

Ye Fan closed his eyes, saying in shock: " "My eyes hurt."

Yunxiao raised his head and looked at the statue without any hesitation. He could vaguely see the edges and corners of the statue, which had a solemn Dharma and a compassionate face.

He thought to himself,"this should be the first generation ancestor of the Bo family, Lord sea god."

The two of them immediately walked towards the hall. The entire Island was silent, only the sounds of insects, fish, birds, and beasts could be heard, not a single human being could be heard.

The pillars in the hall were more than 100 feet tall and carved with all kinds of patterns, many of which recorded ancient information, including the shape of various true spirits.

Yunxiao's pupils suddenly constricted when he saw many characters drawn on the pillars. They were extremely strange, but he could tell at a glance that they were all incomplete Maha ancient characters, each of which was missing a certain stroke.

big brother Yunxiao, haha!

Ye Fan also cried out in shock. He was shocked when he saw the incomplete characters. He had a certain understanding of the ancient character " Maha ", so he naturally knew how magical this thing was.

the Maha ancient character represents the laws of heaven and earth, " Yunxiao said in a deep voice. every character is the embodiment of the laws, condensed from the power of heaven and earth. It's impossible for these embossed sculptures to have the shape of those words, so the only thing missing is the strokes."

"I see."

Ye fan's shocked heart gradually calmed down, he looked at them one by one.

Yunxiao gave it a quick glance and found that there were more than two thousand of them. His heart trembled as he muttered to himself, "Just how many suanni are there in total?"

there are a total of 3000 words. They represent the 3000 nomological DAOs between heaven and earth!

The voice of the sea Emperor rang out from within the Great Hall, and both of them were greatly shocked. It was as if they were placed under an ancient firmament, and the laws of the great Dao that filled the sky appeared before their eyes.

After a while, he finally recovered from the shock.

there are a total of 2640 words here! Yunxiao said. there are 2640 words here!

what? " Ye Fan was shocked: " we are missing three hundred and sixty!

Neptune's voice slowly came,"The remaining 360 words are the primary instruction of the Maha ancient scripture, which has been lost for a long time."

Yunxiao's heart trembled, and an extremely strange look appeared on his face.

This was because there were many Maha ancient characters that were not in the great realm divine technique and great expansion divine technique. Could it be that the lost 360 characters were on him?

"Do you know the origin of the Maha ancient character, Your Majesty?" he asked.

Neptune did not hide anything and said slowly, this is a big secret in the realm of heavenly martial arts, but it has been circulating in my Ocean Emperor Palace for a long time. I don't mind telling you. This Scripture was created by a powerful existence called ancient God Maha. He comprehended the 3000 nomological DAOs and condensed them into words in the void. In the end, he wrote a nameless Scripture, which was later called the Maha ancient scripture."

Yunxiao and Ye Fan were both shocked. They did not expect to hear such a secret.

what? ” Yunxiao was even more surprised. Your Majesty, do you mean that this ancient Maha Sutra was originally a Scripture? ”

“That’s right, it’s a Scripture that talks about the three thousand great Dao. However, the power of this Scripture was too great, and no one could read it. Moreover, it was born in a conflict with the world, and in the end, it was destroyed by the power of this world, turning into countless fragments that scattered across the world.”

“The realm power of the heavenly martial realm? What’s that?”

Yunxiao was extremely shocked. It was the first time he had heard of the ‘realm power’.

the power of the realm is omnipresent, shapeless, and invisible. Back then, it created the great void Yuqing purple mansion’s Nirvana divine Thunder and bombarded the Maha ancient scripture for three months. Finally, it destroyed the Scripture and scattered it into countless fragments.

Yunxiao’s heart was filled with horror. The divine Thunder of destruction was also recorded in ancient books, and the power described in them was so great that even ao changkong’s indestructible golden body would be turned into ashes after taking a blow.

Three months of continuous bombardment? What kind of concept was that!

What kind of powerful existence was ancient God Maha, who could create such a strange object? even the so-called God Realm could not have such power. Could it be that the God Realm was not the end of the martial Dao?

Two words flashed in his mind: Divine Dao!

Neptune seemed to have seen through his thoughts and laughed.”Indeed, even a godly state expert can’t be this powerful. There’s an even more fascinating path above the martial path, and that’s the

godly path. This is the origin of the ancient character Maha. Since then, ancient God Maha has disappeared from the heavenly martial realm, and no one knows where he is.”

Yunxiao licked his dry lips. The ancestors of the ocean emperor’s palace were all recorded immortal state cultivators, and the Bo family had visited the four Seas for countless years without suffering any catastrophes. So, it was not surprising that they had such information.

Even the entire heavenly martial realm might not have as many inheritances as the ocean Emperor Palace. Ye Fan did not even dare to breathe too loudly. Compared to this information, ye Nantian’s notes seemed like child’s play.

is there no one else who can gather these 3000 nomological DAOs after that? ” Yunxiao asked.

The dark door in front of the hall began to light up like the sun rising and shining on the earth. A magnificent road appeared under their feet, leading to the inside of the hall.

In the majestic ocean Emperor Palace, a kind, dignified man sat upright. He smiled at the two and said, ” “Come in,”

Yunxiao and Yunxiao stepped into it one after another. Except for the Golden Path leading to the throne under their feet, the scenery on both sides was hazy, making it impossible to see what was inside.

Yunxiao cast his lunar pupil and looked to both sides. A purple light rose from the haziness and bounced back into his pupils, as if it had been pricked by a thin needle.

...

Yunxiao’s pupils constricted. He had never heard of a restriction that could directly backfire on an eye sorcery. He could not help but feel a little competitive, but then he remembered that he was in the ocean emperor’s palace, and he had to show some respect to the owner of this place. Since others did not want him to see the scene in the palace, he would not force him.

Neptune did not expose his thoughts and smiled."After that, countless experts went to search for the 3000 Maha ancient characters. At that time, there were still many godly state experts and they finally managed to gather all the characters. But unfortunately, no one knew the order of these ancient characters, which meant that they could no longer piece together a complete Maha ancient scripture. It was also during that era that many experts made up random things and allowed these characters to be randomly combined, thus producing a large number of divine abilities that have been passed down to this day."

His eyes narrowed as he looked at Yunxiao with a profound look and said, "Although they are all Shen methodology formed from the Maha ancient character, the closer it is to the original meaning of the Maha ancient scripture, the more powerful the Shen methodology is. At that time, there were four chapters that were publicly acknowledged as the strongest Shen methodology, and it was known as the Scripture closest to the original meaning of the Maha ancient scripture. Two of them were the great realm Shen methodology and great expansion Shen methodology that you cultivated."

Yunxiao's body trembled, and his eyes shone with a sharp light. He was on full alert at once, and his primordial energy filled his body, ready to attack at any time.

Neptune chuckled and said, "don't be surprised. You can possess a body and be reborn. This is the wonderful effect of the great expansion divine technique. Since the divine realm tablet is in your hands, you have naturally mastered the great expansion divine technique.

Yunxiao still did not dare to let his guard down. He said coldly, "You called me over, could it be that you want to take a peek at these two Shen methodology?"

Neptune's ever-smiling face twitched. After a moment of silence, he finally sighed and said, "If it was five years ago, I would have thought of doing so. But now, these two Shen techniques no longer have much meaning to me."

is it related to the seven Star Lamp?" Yunxiao's expression changed. is it related to the seven Star Lamp?"

A pained expression flashed across Neptune's face as he nodded, it's the seven Star Lamp. I've already used up too much of my true essence, and my martial cultivation has also fallen. It's difficult to recover it.

“What?”

Both Yunxiao and Ye Fan were taken aback. They naturally understood what it meant to have their cultivation base dropped.

...

The path of martial arts was like a boat sailing against the current. If one did not advance, they would fall back. Once they fell back, they would have no hope of advancing further in their life.

“Unless the four divine arts are gathered and the three thousand ancient scriptures are reappeared for me to comprehend, there’s nothing I can do,” Neptune said with a bitter smile.

Both Yunxiao and Ye Fan fell silent. They naturally understood how painful it was for a martial artist to fall back in martial arts, let alone someone like Polong, who stood at the peak of the entire heavenly martial realm.

Chapter 1210

1210 After the end of the martial Dao

my condition is the biggest secret of the sea Forest,” Neptune said. I hope you two can keep it a secret for me. Otherwise, once it gets out, I’m afraid it’ll set off a storm in the four Seas.

Yunxiao’s heart trembled. The Poseidon was like a god in the four Seas, so how could he have evil intentions?

He thought of how Guangfa and Guangyuan had dared to openly turn against each other. It seemed that the four Seas were not peaceful either. don’t worry. Since the sea Emperor has spoken, the two of us will naturally keep it strictly. The great realm divine technique and the great expansion divine technique are two completely different divine techniques. Why is it that they are the closest to the Maha ancient scripture?”

Neptune laughed. there’s a story called a blind man touching an elephant. Four blind men touched an elephant’s trunk, ears, legs, and tail. Although the forms were completely different, they were indeed

part of an elephant and the closest to a real elephant. As for the other Shen techniques, I haven't even touched the shadow of an elephant."

I understand," Yunxiao said. if I can gather all four divine arts, can I restore the complete Maha ancient Sutra? "

"Do you think an elephant's trunk, ears, legs, and tail are a complete elephant?" Neptune laughed.

it seems that I'm too naive," Yunxiao said with a wry smile. I'm not a fool.

The expression on Neptune's face became serious. what kind of heaven-defying item is the Maha ancient scripture? it can directly trigger the power of the realm to destroy it. It's not something that we can peek at. It's already a great fortune for you to have two divine techniques of the great realm and great Yan.

"Do you know where the other two divine arts are, Your Majesty?" Yunxiao asked.

Neptune laughed. the other two are the sun Sutra and the absolute beginning Sutra. The sun Sutra has always been in the hands of the Bo family. As for the absolute beginning Sutra, I have some thoughts about it, but I'm not sure. Although I don't covet the two Scriptures in your hands, I hope to borrow your power to complete the three thousand words."

are the 2640 incomplete characters carved on the pillars outside the ocean emperor's palace real? " Yunxiao asked in surprise. "

If this was true, then the wealth was simply shocking. According to the information revealed by Yuan gaohan, the number of ancient characters in the Holy region and the sea of soul formation was only in the hundreds.

"I'm not afraid of anything. The ocean emperor's palace does have the word" Zhen,"but I can't master it all," Neptune chuckled.

Yunxiao's heart trembled as he said in a trembling voice, "What kind of existence would Tao Wu be if he could fully grasp the power of these ancient characters?" He finally asked the question that he wanted to know the most, "is it possible to step into the ten directions divine realm under this sky?"

Poseidon's expression turned serious, and he gave an irrelevant answer, "Do you know what realm is after the peak of nine-star?"

before the end of the martial Dao," Yunxiao said without thinking. "I want to transcend the mortal world and become a saint."

"You're half right," Neptune nodded. "After the peak of nine-stars, it is indeed extraordinary and divine, but that is not before the end of martial Dao, but after."

"What? After the end of the martial Dao?"

what?" Yunxiao was shocked. "don't you step into the divine Dao directly after the end of the martial Dao?"

"A long time ago, that was indeed the case," Neptune said in a deep voice. "After the end of the martial Dao was the ten directions divine realm, which was the divine Dao. However, it's been too long since an immortal state warrior appeared in this world. When a person's cultivation reaches the peak of nine stars, he's still advancing and breaking through. At this point, he's already beyond the scope of martial arts, but he can't cultivate to become a God. Thus, a new realm appeared, which is divine transcendence."

He raised his eyes and gave Yunxiao a look. "When you were at your strongest in your previous life, you should have stepped into divine transcendence, right? Didn't you notice that the power that transcended everything was very different from the power of martial arts?"

Yunxiao came back to his senses from the shock and said with a wry smile, "There is indeed a difference, but I've always thought that it's the change in elemental energy before breaking through to the immortal level. In other words, it's an accumulation process where a quantitative change produces a qualitative change."

it's not surprising that you have such an idea," Neptune said. Under this sky, there is still a chance to become a God, but it's extremely harsh. For example, if you can restore the Maha ancient scripture and master it, then no matter how the world changes, it will not stop you from becoming a god."

Yunxiao was silent. He knew that Neptune would never tell him such a secret so easily. After all, it was related to the ultimate dream of countless powerhouses for tens of thousands of years. As for restoring the Maha ancient scripture, it was simply impossible.

"If I complete the characters on the pillars outside the hall, can you tell me the way to become a God, Your Majesty?" he asked.

Neptune laughed. You won't be able to complete it. The missing 360 words are distributed among the four Shen methodology. You can only complete 180 words. As a reward, I can let you choose 500 words from this pillar to comprehend.

Yunxiao was greatly moved. Five hundred words was not a small number, and if he could fully understand it, the benefits would be incalculable.

"You don't have to rush to answer me. You can take your time to think about it," Neptune said with a chuckle.

His eyes gradually brightened and became a little heated. Young Master Yunxiao, can you show me the level ten divine fire now?"

This was the first time that his calm face had changed so much. It proved that he could not hide the extreme joy and excitement in his heart.

Yunxiao nodded. Without holding anything back, he performed an incantation gesture with one hand, and a Phoenix mark emerged between his eyebrows. Then, a chirping sound from ancient times rang out, and a thumb-sized flame flickered and jumped between his eyebrows.

"True Phoenix Flames!"

Neptune cried out in surprise, his face full of joy. However, as he stared at the flame carefully, he gradually frowned.

what? ” Yunxiao asked. is the flame not enough? ”

“This is indeed the true Phoenix Flame, but it’s injured,” Neptune said.

“You’re injured?”

Yunxiao’s heart jolted. When he received the Phoenix true flame, he had received the message from it. The divine fire Phoenix was indeed seriously injured in the battle with the Black Flame fiend. He could not help but be shocked.

Neptune nodded. that’s right. This true flame is a little strange. It seems to have been modified by an external flame. His face was filled with suspicion, ” strange, what kind of flame in this world can cause the true Phoenix Flame to change? ”

Yunxiao could not help but be convinced. “The eye of truth is indeed the world’s most powerful divine eye. This true Phoenix Flame has absorbed a little bit of the ice fiend Heart Flame.”

Neptune’s face changed drastically, revealing a look of shock. “So that’s how it is, no wonder, no wonder Qianqian.”

He muttered to himself for a while before saying, ” what a pity. If I could fuse with it a little more, perhaps this divine fire would be able to repair itself.

Yunxiao’s eyes flickered, and the divine fire between his eyebrows gradually extinguished. “Could it be that this fire can’t light up the seven Star Lamp?”

“Unless you can stay in the ocean emperor’s palace for a long time and look after the divine fire,” Neptune said.

Yunxiao's face darkened. It was obviously an impossible condition.

fine," Neptune said with a smile. as a reward for your help, I'll repair your level ten divine fire. What do you think?"

it'll be great if it can be repaired," Yunxiao said. it'll be great. Although he didn't know what the difference was between the current repair and the current one, he believed that it would be much more powerful.

"The sun Sutra has always been a secret true technique of the ocean emperor's palace," Neptune said."In order to cultivate this Divine Art, you'll get twice the result with half the effort. Back then, my ancestor obtained a strange item called the heaven and earth furnace. There was a large amount of fire element vital essence inside that could nourish the divine fire. My eldest disciple, Gu Hong, just happened to come out of seclusion. You've come at the right time."

how long will it take to repair the divine flame?" Yunxiao asked. how long will it take?"

it all depends on your control over the divine fire," Neptune said. there has never been a precedent like this. I don't know either. Come with me.

Poseidon's figure gradually faded. Like the moon in the water, he turned into a ray of light and flew out of the hall.

It was only then that Yunxiao and Ye Fan realized that Neptune, who had been in front of them all this time, was just a projection, and his real body was probably still guarding in front of the seven Star Lamp.

The two of them instantly followed the ray of light as it shuttled through the entire Island.

The island was filled with the chirping of birds and the fragrance of flowers, as if it had already become familiar with the auras of these cultivators. The three rainbow lights passed through without any panic, and the island was quiet and peaceful.

...

Soon, they reached the corner of the island, facing the endless deep sea.

Neptune's projection appeared and walked to the front of the deep sea, looking down.

Yunxiao and Ye Fan also looked down, only to see that the sea in front of them was Crimson, and rolling heat waves were blowing in their faces.

Ye Fan was shocked: " this is a true sea of fire.

The Scarlet waves kept hitting the shore, and each hit brought about an extremely high temperature, as if they were exposed to the sun.

the heaven and earth smelt is right below us, " Neptune said. it was suppressed by our ancestor's ten-thousand-year-old ice.

this furnace can only accommodate one person? " Yunxiao asked suspiciously. is it only enough for one person? "

"Of course not. Are you referring to my eldest disciple, bone rainbow?" Neptune replied.

A strange expression appeared on his face as he recited, " it's best not to meet him. You can leave after you repair the divine fire and light up the seven Star Lamp.

why? " Yunxiao asked in confusion.

that's because bone rainbow has been in love with the water fairy for a long time, " Neptune said. the water fairy is in love with you now. If bone rainbow finds out, he'll definitely kill you.

...

Yunxiao grinned hideously. Naturally, he would not take such a thing to heart, but he still found it strange. "If you want to restrict him, can't you control your disciple?"

The ocean Emperor sighed and said, "I am the ocean Emperor, and I rule the four Seas. I also have many difficulties that I can't help." Within the four Seas, other than the royal family, there were also many other powerful S-Class existences. However, what the world doesn't know is that there are also some ancient races that have lived in the deep sea for a long time. Therefore, they are not affected by the changes in the world. The strength of these races has even surpassed the S-Class sea clan, and they are not inferior to our Bo family."

Yunxiao was taken aback. It seemed that the world was indeed boundless. could it be that the bone rainbow comes from this kind of sea clan that surpasses S-Class? "
