

The Eternal 1221

Chapter 1221-shock and anger

“Hmph, misunderstanding?”

I’ve never had any misunderstandings with trash before,” Gu Hong said sarcastically. he’s weak and has offended me. He deserves the death penalty!

Yunxiao also felt a chill when he looked at the green maggots on Jiaying Tiger’s body. He watched as Jiaying Tiger kept shattering the maggots with his monarch aura, which immediately turned into two smaller maggots, as if they could keep being disintegrated and could never be killed.

“Hehe, what, are you scared? Li Yunxiao.”

hahaha! I won’t let you die so easily! Gu Hong laughed wildly. there are ways that are ten thousand times worse than being eaten by the green maggots! I will use them on you one by one as the consequences of touching my woman!

“W-what? You are li Yunxiao?”

Jiaying Tiger’s eyes went wide as he stared at Yunxiao in disbelief. His eyes were about to fall out of their sockets, and his face was filled with shock and shock.

Yunxiao touched the bridge of his nose in embarrassment and said with a wry smile, ” “That’s me. What’s the matter, first elder?”

“Pfft, pfft, pfft!”

After receiving confirmation, the Jiaying Tiger threw up a large mouthful of blood. It vomited for a full five minutes and did not stop.

In the end, his face turned pale as the countless green maggots burrowed into his body. He lost consciousness and fell backward, his eyes filled with confusion and unwillingness.

However, the most terrifying thing was that before his body fell into the sea, his four limbs began to disappear rapidly. His entire body was eaten up by the green maggots in just a breath's time.

Soon after, an Azure light flashed and directly flew into the bone rainbow's body, disappearing from sight.

"Ah? Great elder!"

Many of the disciples of the mysterious profound sect started to cry out in grief. Many of them even cried out loud. It was unknown whether they were sad for the death of the great elder or for their own fate.

A Martial Emperor disciple pointed at Yunxiao and said with grief and indignation, " You, it's all because of you that the great elder died!"

what? " Yunxiao was surprised. why is this friend so illogical? " He was the one who injured and killed your Grand Elder. In the end, he didn't even leave a corpse behind. How could you blame me?"

"This Lao Ai, you Lao Ai, if it wasn't you, the great elder wouldn't have died!"

The man was rendered speechless for a moment. He did not know how to refute, so he could only angrily insist that it was Yunxiao.

"Yes, it's all your fault! You're li Yunxiao, but you didn't reveal your identity, so the great elder had to fight with the other party, and that's why you died!"

Another disciple also stood up angrily and criticized.

what a joke! Yunxiao laughed. no one asked me. Do you think I'm stupid enough to tell them my family name? " Moreover, he was the one who killed your companions first. The great elder wanted to avenge your fellow disciples, so he fought with the other party. If you don't believe me, you can ask him. Even if I wasn't here, would he let you go?"

The group of Miao Xuan sect disciples could not help but turn their heads to look at the bone rainbow.

After the green maggots returned to his body, they seemed to bring him nutrition, and the visible wound on his shoulder was slowly recovering. Yunxiao's face darkened at the sight.

"What?"

When Gu Hong saw that everyone was looking at him, he coldly sneered,"A bunch of human trash. If you killed them, then you killed them. I'll send you to see your great elder in a moment!"

"?!"

All the disciples of the Miao Xuan sect trembled and started to shiver. They felt their bodies turn cold and their faces turned green.

what do you think? " Yunxiao laughed. Do You Believe Me Now? " You can't blame your Grand elder's death on me, right?"

The disciple's expression changed several times before he said, " we misunderstood you before. Please don't blame us, Lord cloudsky. I hope we can join forces to fight against the enemy and seek a way to survive together.

that's right, that's right. We hope that Lord cloudsky can find a way for us to survive.

The disciples among them also echoed one after another, their faces filled with eagerness.

if there was only one person in front of me, ” Yunxiao said with a wry smile, ” it would be easy. However, the strength of the man behind him was even more unpredictable, and the chances of winning were slim. How far is this place from your Miao Xuan sect? did you ask for help from your sect?”

The disciple replied, ” the great elder had already sent out a distress signal to the sect earlier. However, the Miao Xuan sect has yet to arrive at the shore. I’m afraid that it will take a long time for them to send their strong cultivators over. Water from far away can not put out a fire right here.

not even a branch of the sect in the coastal waters? ” Yunxiao said gloomily. Then you guys came to the North Sea to catch some poisonous toads after eating them, and now you’ve caused trouble.”

“There’s a branch in the coastal waters, but the people in charge have limited strength,” another disciple said. We didn’t want to come either. It’s for Tang Xin’s wedding gift in the red moon City. It seems that old man Tang Qing asked the sect master for the northern Sea poison toad.”

“Tang Xin? He’s getting married?”

Yunxiao was taken aback, and he said in a strange tone, ” “The war in the east Sea has been settled? Who did he marry?”

The disciple revealed a suspicious expression and said, ” “Could it be that Lord Cloudsky hasn’t been moving around the continent recently? The war in the east Ocean has been settled for almost half a year. Young master Tang Xin is going to marry Jiang Ruobing, the daughter of Jiang Churan, the former master of the Redmoon city.”

“What?”

Yunxiao’s heart trembled, and an uncontrollable force burst out of his body. In an instant, the surrounding seawater was stirred up, spinning around him without dispersing!

He suddenly grabbed the disciple with his hand and grabbed his neck, ” who did you say Tang Xin was going to marry?!

The disciple's face flushed red. Looking at Yunxiao's murderous gaze, his body trembled like a sieve, and his throat made a creaking sound.

Ye Fan was taken aback as well. He did not understand why Yunxiao was so angry. He had almost never seen Yunxiao with such an expression, so he reminded him carefully, "big brother Yunxiao, you've pinched him until he can't speak.

"Ka!"

A small piece of the man's neck bone was broken, but Yunxiao's fingers clenched even tighter, and then gradually relaxed.

The disciple immediately coughed out a few mouthfuls of blood and said in horror, "

The man started to cry.

From a distance, bone Hong looked at the situation with a stunned expression. However, his injuries were slowly recovering, so he wasn't in a hurry to attack. Instead, he watched with interest.

The other disciple was a little bewildered, but Yunxiao's reputation was also great, and he was known as the number one rising star of the younger generation. They had heard of him, and they seemed to have vaguely guessed something, so they hurriedly said, "Lord Yunxiao, please calm your anger. This matter is known by the entire world. Your Excellency will find out if you casually find someone to inquire.

Yunxiao threw the disciple into the sea. His face seemed to be covered with a layer of frost, and his eyes were as dark as a Vulture's."Tell me everything you know."

"Yes!"

The disciple's forehead was also covered in cold sweat. He swallowed his saliva and said, "we don't know much. We only know that young master Tang Xin will marry Jiang Ruobing in three months. The red moon City has sent out invitations to the world to celebrate the wedding of the new couple and to celebrate the defeat of the sea tribe of the East Sea. According to the sect's analysis, they're probably

showing off the strength of their Redmoon city to the world and announcing to the world that the Tang family has already become the number one family in Redmoon city.”

...

The coldness in Yunxiao’s eyes grew stronger and stronger, and a cold smile appeared at the corner of his mouth. hehe, three months? ”

The man was stunned for a moment, as if he didn’t quite understand. He said in surprise, ” “My Lord, what did you say?”

Yunxiao snorted coldly, but the killing intent he exuded made the man feel as if he regarded all the living beings in the world as ants. The man felt a chill run down his spine, and he shuddered, not daring to ask any more questions.

“Have you finished discussing?”

Gu Hong’s voice slowly resounded and he said, ”I’m looking forward to some surprises from you. Don’t be a coward like that great elder.”

The faces of the disciples of the mysterious profound sect turned pale. They hurriedly gathered a mouthful of primordial energy and fled hundreds of meters away, hiding behind Yunxiao.

Yunxiao’s eyes flickered as he said coldly, ” “I wanted to play with you a little longer, but I’m in a bad mood right now, so I need you to make me happy.”

“Oh? Hahaha! I’ll definitely make you very happy!”

The wound on Gu Hong’s shoulder had almost healed, and the part of his chest that had sunk in had also gradually recovered. His eyes were filled with a cruel and cold smile.

Xiao Yezi, come into the divine realm tablet first.

Yunxiao performed an incantation gesture with one hand, and his whole body turned cold, his eyes emotionless.

...

The burly man's murky eyes seemed to flash with a trace of light, and he opened his eyes slightly.

"Yes."

Ye Fan was also shocked. He sensed a terrifying aura from Yunxiao, or rather, a terrifying emotion, which made him feel a little terrified.

In a hurry, he turned into a golden light and flew into the divine realm tablet space under Yunxiao's divine will.

Bone Hong's eyes narrowed in shock. Then, his body suddenly flashed, and the air exploded with a bang. A Whirlpool appeared on the surface of the sea, but he had already lost his figure.

Yunxiao's face was cold. He kept his left hand locked in an incantation gesture while his right hand clenched the cold sword, Ice Frost. Suddenly, a sword intent rippled out and thrust forward.

"Bang!"

A ray of golden light appeared in the air and scattered in all directions.

Gu Hong's figure gradually appeared within the golden light. It was unknown when his arm had transformed into a sparkling white blade, but he was blocking in front of his body. His expression was also getting colder and colder.

"Interesting!"

He spat out these two words, and his body flashed in the air. He spun to the side at an extremely fast speed, and a Saber Light slashed down.

“Boring!”

Yunxiao’s sword light turned, and a white sword Qi about ten feet long, as if it had a mind of its own, rolled up in the air and pursued the bone rainbow.

“Bang!”

The saber and the sword clashed again, shooting out tens of thousands of golden lights, like a blazing sun emerging on the sea.

Gu Hong’s expression darkened. From the sword light he had just unleashed, he could tell that the other party’s sword intent was far more powerful than he had expected. It seemed that he had underestimated him.

Chapter 1222-true spirit transformation

Yunxiao was still performing incantation gestures with one hand, his expression unchanged.

His whole person exuded a sense of ‘stillness’, which was in contrast to the movement of the long sword. It was as if his whole person was gradually blending into the sea.

This “silence” contained a terrifying power that made even bone rainbow’s hair stand on end.

In fact, Yunxiao’s heart was like a volcano with surging undercurrents that could erupt at any time. He was just suppressing the anger in his heart so that he would not lose his mind in the face of the enemy.

Tang Xin marrying Jiang Ruobing must contain some inside information that he didn’t know, and it must not be Jiang Ruobing’s original intention.

Jiang Churan had died to save him in the end of time. Now, his wife and daughter were being bullied by others. A boundless rage burned in his heart.

Under that frosty surface was a raging emotion that was about to erupt.

His cold face gradually turned slightly red, as if blood had rushed up. A cold light flashed in his eyes, like two rays of light in the dark night!

Gu Hong's body trembled. He could feel the boundless anger and coldness from the other party. His heart sank and he shouted, "Not good!"

"Die!"

Yunxiao's sudden words made the entire sea and sky sink, and everyone's hearts trembled.

The pupils of the burly man in the distance also opened wide, revealing a look of shock.

"Swish!"

"Swish!"

"Swish!"

Yunxiao turned into three afterimages and thrust his sword three times in the air. Each strike was accompanied by a clanking inextinguishable sword intent that rippled between the sea and the sky.

The afterimages were not destroyed. At first glance, they were like an incarnation.

The three sword essences were like a Peacock spreading its tail, suddenly merging into one. An unprecedented cold air and sword essence condensed on the ice sword, and a sword cry shot up to the ninth heaven!

“Star sword slash!”

The sword streaked across the sky and shattered the firmament!

“?!”

A boundless chill and fear surged into Gu Hong’s heart. His face instantly turned pale as all of his energy was ignited. He no longer dared to hold back.

“Truesoul transformation!”

When Yunxiao spread his peacock tail and unleashed three sword intents, he suddenly retreated in shock. An ancient firmament intent gushed out of his bloodline and flowed through his body like boiling water.

The strange runes on his skin suddenly brightened and turned red. The shadow of the true spirit Yun Sheng appeared behind him and gradually overlapped with him.

The runes disappeared at the spot where the shadow merged, turning into scales of various colors that covered his entire body.

“Swish!”

A pair of pure white wings suddenly spread out behind him. The feathers on the wings were like blades, giving off a suffocating chill.

As his body changed, a pained expression appeared on his face, and grey bumps appeared on his forehead, covering his entire head.

When the shadow finally merged into his body, he opened his eyes. His gaze was bone-chillingly cold as he stared ferociously at the sword will that was coming from the sky.

He crossed his hands in front of his body, and the scales on his skin turned red as if they were burning. The wings on his back also turned red.

His entire body exuded a terrifying aura, slowly forming a red blade shape behind him, and then he slashed down fiercely.

“Tai Yuan blade!”

With a slash of his saber, a true Yuan cyclone exploded from his body, and the oppressive killing intent on his brows was relieved. His entire person was like a saber God descending to the world, and his aura suddenly climbed to the peak!

“Gah gah!”

The endless sky was shattered, and the entire sea and sky turned dark as if the end of the world had come.

In the chaos, only blade and sword auras were left. Like an exploding sun, countless light beams shot out in all directions. Under this world-destroying power, everyone felt extremely small and powerless.

.....

At this moment, on the coast of the North Sea, within the city Lord's mansion of dingtian city.

A group of solemn pavilions stood in the verdant Manor. There were a few huge spirit gathering formations around the mansion, continuously sending in spirit Qi for the use of the mansion.

At this moment, although the entire residence was still filled with spiritual energy, it was deathly silent and gave off an evil feeling.

“You really don’t want to live anymore? I am a Saint realm law enforcer. If you kill me, there will be no place for you in this world!”

In the main hall of a mansion, a man was retreating in fear. He was covered in blood and his skin was covered in strange black patterns. They were constantly eroding his body and he was in extreme pain.

However, the greater fear came from the cold young man in front of him. He approached him step by step with an evil face and a sneer on the corner of his mouth. He said, “If you’re from the Saint-level, then there’s no mistake.”

The young man’s figure flashed, and a black light streaked across. The next moment, he appeared in front of the law enforcer and slapped him.

The law-enforcer was shocked. He knew how powerful this young man was. He clenched his teeth and threw out his fists with all his might, aiming at several vital points on the other party’s body.

“Bang!”

The young man’s body was pierced through by the force of the fists, but only a ball of Black Flame burst out and immediately returned to its original state. His palm, on the other hand, slammed into the law enforcer’s body.

The law enforcer’s eyes widened in horror. A black Qi immediately surged through his body. His face twisted and he immediately became dull. Then, something strange gradually appeared in his eyes.

“This subordinate greets master.”

The injuries on the law enforcer’s body were healed instantly, and his strength had improved. He knelt down on the spot, his face full of excitement.

The Lord of dingtian city, who was also covered in blood, was dumbfounded.

“That’s right. I want to know all the information you have about the Holy region,” the young man chuckled.

...

“Master, you just have to eat me and you’ll know everything I know,” the law enforcer said excitedly.

“Yes.”

The young man pressed his palm down on the law enforcer’s head. The law enforcer immediately turned into a Black Flame and was absorbed into the young man’s body.

The young man’s expression began to change. It was as if a layer of black clouds had brushed past it, and it quickly became clear.

“So the entrance to the Holy region is there.”

The young man’s eyes lit up as if he had obtained the answer he wanted.

you’re crazy! the city Lord of dingtian city cried out tragically. you’re really crazy! You still want to go to the Holy region and seek your own death! Haha, never mind, someone will take revenge for me soon, haha!”

He laughed out loud as he looked at the corpses all over the ground. At this moment, everyone in the city Lord’s mansion had died except him.

The young man glanced at him and said, “ fine, your strength is not bad. Being my food is not an insult to you.

He raised his hand and was about to end the life of the Lord of the dingtian city when his expression suddenly changed. He looked in the direction of the sea in shock.

The Lord of dingtian city also seemed to have sensed something. A faint power fluctuation came from the direction of the sea, and it was obvious that there was a master displaying his martial arts in the distance.

...

“Whoosh!”

A black light flashed in the hall, and the young man before him instantly disappeared.

The city Lord of dingtian city was stunned for a moment. He looked at the corpses on the ground in shock, as if he could not believe that he had survived.

After a long time, he gradually came back to his senses. His eyes were full of grief and anger. He also turned into a ray of light and left the hall.

.....

At this moment, on the ocean, thousands of miles away from dingtian city.

Under the glow of the sword and the saber, heaven and earth collapsed. In the sea and sky, other than light, there were only dark shadows.

Between the light and shadow, a pair of sharp eyes looked around, revealing a cruel and fierce light.

“You should be proud of yourself for forcing me to use my Truesoul transformation! Under such terrifying power, how much of it can your human body withstand? But I don’t want you to die so easily!”

The bone rainbow’s Crimson Wings flapped, and a red light flashed in the sky before he disappeared.

“I see you! Be torn to pieces by my Fury!”

In the next moment, he appeared in a darkness without any light. His arm turned into a red blade and slashed in the air, splitting the night sky!

The moment he made his move, a pair of strange eyes suddenly flashed in the dark night, causing him to tremble all over. He cried out in horror, " "You're so silly!"

Yunxiao's indifferent voice came from the dark night. is the true spirit transformation just making your mouth bigger? It's indeed an amazing skill."

His eyes flashed in the darkness, and then a star appeared, shining like the beautiful night sky.

"?! How was that possible? How could you be safe and sound under such a powerful shock?"

Gu Hong's heart was filled with shock. He felt extremely uncomfortable and was unable to remain calm.

In the dark night, the light of countless stars gathered into a single point. Then, a pure white sword appeared and enlarged in his eyes.

"Sword technique-star destruction-"

Yunxiao's voice rang out leisurely, without the roar and anger from before, nor the depression and coldness. Bone Hong could feel that his emotions had returned to their calm state. Moreover, it was an extreme calmness. It was as if all of his anger had been poured out by the previous strike.

However, this calmness made him even more afraid than his anger. His heart continued to sink.

"Bang!"

The blade formed by bone rainbow's arm was completely shattered by this sword. The cold sword intent didn't have any temperature as it pierced down from the sky towards his chest.

“Shua shua!”

The bone rainbow’s wings suddenly flapped and it turned in front of it.

“Bang Bang Bang Bang!”

Lightning sparks burst out from the flapping of the wings. Not only did the space twist, but even the sword essence became rapidly distorted.

The blade-like feathers were also shattered by The Blue Sword intent.

The cold sword and frost finally stopped in front of his chest.

Gu Hong looked at the White sword in fear. The cold Qi was constantly being emitted from the sword, plundering his body’s temperature.

All the darkness in front of him dissipated, and Yunxiao’s figure emerged. He was holding a sword in one hand and his face was cold.

Although he didn’t seem to be injured, his breathing was already in disorder. It could be seen that he had also consumed a lot of energy.

“You’re very strong, much stronger than I expected!” Gu Hong said. But The one who wins in the end is still me!”

His face suddenly turned ferocious, and he opened his mouth to spit out a ball of green light.

Chapter 1223-moving mountains and overturning seas

At such a close distance, the green light was as fast as lightning and shot directly at Yunxiao’s body. Upon closer inspection, he found that it was made up of thousands of hair-thin objects.

Yunxiao's pupils constricted, and a black light emerged from his body, which directly turned into the demonic sky armor and covered his body.

"Bang Bang Bang Bang!"

The countless green lights hit the armor like a drizzle and burst out densely. Countless tiny green maggots flew around him and kept shooting into the black light on the surface of the armor, trying to find a gap to get in.

In just a few breaths, all the green maggots had burrowed into the black demonic Qi, and the demonic flames on the surface of the armor continued to roll.

With a strange look on his face, Yunxiao turned the sword in his hand and pulled it out of his opponent's double-feathered grip, sending out a series of sparks as he dodged and retreated dozens of meters.

Bone rainbow didn't chase after him. He only revealed a mocking expression. you've been trapped by my green maggots, so your life and death are in my hands. But don't worry, I won't let you die so easily!

He retracted his wings and formed an incantation gesture with both hands. Suddenly, his expression changed drastically with shock.

Yunxiao's expression was still indifferent as he said, " true spirit transformation is indeed powerful. The words that come out of your mouth are more awesome than the last.

He formed a hand seal with one hand and shouted!

The devil-sky silk suddenly expanded to seventy feet in size, revealing its true armor form from the Black Devil flames. The countless green maggots on it were sent flying, but none of them managed to enter his body.

Moreover, the green maggots that had been shaken away seemed to have lost their spirit. They had a kind of dispirited feeling as they flew around in the air.

“How could this be?!” Gu Hong was shocked and said in fear. My green maggot can devour anything, even a ninth tier profound armament can drill a hole in it, even the Emperor Qi of the nine Heavens can’t hurt it at all, how could this be?!”

His eyes were filled with disbelief. The burly man in the distance had a grave expression on his face, and his breathing began to become heavy. It was as if his essence force was circulating in his body with every breath he took, and he felt like he could not help but attack.

The bone rainbow was connected to the minds of those maggots, just like his magic treasure or profound level weapon. At this moment, he could clearly feel the weakness of these maggots, as if they were unable to recover.

But what he did not know was that Yunxiao was even more surprised. The demonic energy could corrode all things, and such a small bug should have died with a touch. However, after struggling on the surface of the devil-sky silk for so long, it seemed to be fine, only dispirited, which was enough to show how terrifying these bugs were.

“Dammit! I don’t believe it!”

Gu Hong’s heart was filled with anger. He opened his mouth and spat out a mouthful of blood. The blood condensed in the air and did not scatter, directly sprinkling on the green maggot.

At the same time, he quickly performed incantation gestures with both hands. The green maggot was attached to their bodies to survive, so after absorbing the blood essence, it suddenly shone brightly and was extremely excited. Like a flying insect under the sun, it turned into a cloud of green mist and flew toward Yunxiao.

Yunxiao’s face darkened. With a flash of the shadow of a Phoenix between his eyebrows, a Red Cloud flew out and instantly turned into a sea of fire!

Above the ocean, a Heavenly Phoenix’s shadow soared, chirping.

Gu Hong's heart trembled violently. The cries of the Phoenix caused his true spirit bloodline to tremble. This was a fear that came from the depths of his soul.

The burly man's expression also changed drastically, finally revealing a look of horror. He said in shock, "The ancient celestial Phoenix!"

Just as the two of them were in shock, the green maggots were swallowed by the Phoenix divine flame. Crackling sounds were heard as a large number of green maggots were burned to ashes.

"?! It really is the heavenly Phoenix Fire!"

Gu Hong's body suddenly trembled. The scales on his body began to flip up, and his face became extremely distorted.

A faint shadow slowly emerged from his body. It was the true spirit, Chu Yun. It was filled with fear as the heavenly Phoenix cried.

Yunxiao's expression changed. He did not expect the Phoenix true flame to have such a wonderful effect.

Many green maggots flew out of the fire and fled into the sea.

Many disciples of the mysterious profound sect were also dumbfounded, but they were all overjoyed. As long as Yunxiao won, they would be able to keep their lives, and they began to pray in their hearts.

Suddenly, the surface of the sea exploded, and a terrifying aura rushed up.

Just as everyone's expression changed, a red light flashed across the sky from the ocean waves. It swept across the sky in a dazzling manner and immediately swept away all the green maggots, disappearing into the sea.

"Ah?"

Everyone was stunned. They suddenly looked toward the sea and saw a huge shadow slowly rising from the sea. Two red eyes the size of copper bells floated on the surface of the sea, staring at everyone with a fierce light.

The burly man's pupils contracted as he said in surprise, "The cangling green gold Toad? How can there be a xenogeneic like this here?"

Yunxiao also looked down in surprise. In the sea, a huge toad was floating, seventy or eighty feet tall, with golden lumps protruding from its back. Its eyes were blood-red, and they were bursting with a fierce light.

This was by no means an ordinary Northern Sea venomous Toad. It seemed to be an even more powerful existence.

"Argh! Ah!"

Gu Hong suddenly let out a few miserable shrieks. The Phantoms of the chuyun beasts were constantly being peeled out of his body. He looked at the toad eating his parasitic worms in fear. He was dumbfounded. The tremendous pain not only came from his body, but also from his soul, making him feel so much pain that he wanted to die.

"Swish!"

The illusionary figure of Chu Yun finally separated from his body and dissipated into the sky. He instantly returned to his original state, looking extremely dispirited. His skin was so pale that blood vessels could almost be seen.

The bone rainbow swayed a few times in the sky before finally falling head first into the ocean.

"Swish!"

A Toad's cry came from the ocean. The toad opened its mouth, and its Scarlet tongue rolled toward the bone rainbow like lightning.

Everyone held their breaths as they looked at this scene in shock. Questions welled up in their hearts. Was such an expert going to be eaten by a Toad?

"Hmph!"

Hmph! a cold snort rang out. The burly man gently stomped his right foot, and a blue light flew across the sea at an incredible speed. With one stomp, the man disappeared from the sea.

The Blue Spirit green gold Toad seemed to have sensed danger and suddenly retracted its tongue. With a "pop" sound, it broke through the surface of the sea and its huge body rushed out of the sea. It was like a huge rock flying on the sea. All of the Miao Xuan sect disciples felt as if a cloud had covered the sun.

With a flash of light in the sky, the burly man appeared directly above the toad. He stood there sternly and looked at the huge mouth coldly. With a sneer, he made a grabbing motion with his five fingers!

"BOOM!"

The sky trembled, and the space under his finger collapsed violently. A small mountain slowly emerged from it, and it was directly blasted into the Toad's mouth.

Yunxiao's pupils constricted as he looked at the hill in surprise.

The small mountain had a majestic rise and fall, covering the flowers and trees on the mountain ridge. It appeared to be of all kinds of green, verdant, green, and there were even flying insects, birds, and beasts running inside.

...

“?! It’s a real mountain!”

Yunxiao was shocked, and his scalp suddenly went numb. It can move mountains and overturn seas! he almost cried out.

This kind of divine ability that only appeared in legends was actually presented right in front of his eyes!

“Shua shua!”

The vast spirit green gold Toad also realized that something was wrong, but it was too late to avoid it. It cried out twice and the bumps on its back suddenly shrank. Golden and green water ripples appeared as if it had sucked everything into its stomach.

Colorful lights immediately flickered in its mouth as if a treasure had been born. A huge wave of energy was spat out from its mouth and blasted toward the small mountain.

As the mountain fell, it kept growing. It was almost one-tenth the size of the Toad’s body, covering its mouth.

Vaguely, the birds and beasts in the mountain could be seen clearly, as if they had fallen into fear.

“BOOM!”

The entire mouthful of energy from the vast spirit green gold Toad was spat out, immediately blasting the mountain into pieces and sending rocks flying.

However, the mountain directly exploded above its mouth, and pieces of huge rocks rolled into its mouth. In minutes, its mouth was full, and it could not even make a sound. Only a low “ Wu Wu ” sound could be heard.

...

Not only that, but after the mountain was shattered, it seemed to have returned to its original form. One after another, huge rocks fell on its body like a huge waterfall from the nine Heavens, smashing it until it saw stars.

Everyone watched in horror as the vast spirit green gold Toad struggled to hold on in the sky. Half of the huge rock in its mouth had been swallowed, and its body had more than doubled in size. Its belly was bulging with edges and corners.

“Gulp!”

The vast spirit green gold Toad’s stomach growled. Finally, it couldn’t withstand the impact of the huge rock and directly fell from the sky.

The disciples of the Miao Xuan sect below only felt that the shadow in the sky was getting bigger and bigger, and they were so scared that they quickly flew away in all directions.

“BOOM!”

The seawater was smashed apart, but the gravel continued to fall, directly smashing the cangling green gold Toad into the bottom of the water. It was unknown where it was hiding.

The burly man snorted coldly as he watched the cangling green gold Toad disappear. Only then did he look up at Yunxiao, the fierceness in his eyes growing stronger.

Under his gaze, Yunxiao felt that the space around him was locked in an instant, and his face changed drastically.

you injured the young master, ” the burly man said. I won’t kill you, but you have to come back with me.

Yunxiao’s face darkened as he stared at the burly man in front of him with full vigilance. Judging from the divine ability he had just displayed, he was almost at the peak of nine-stars, if not nine-stars.

An existence like this was enough to become the Overlord of the world, but he was actually someone else's servant!

At this moment, he could slightly understand the difficulty of the sea Emperor. The strength of the Yunsheng clan was indeed somewhat unexpected.

"Kill me? Could it be that you're also a true spirit body, and your mouth is so sharp?"

Yunxiao sneered, his face full of arrogance.

The burly man's face darkened and he shouted, "Are you leaving or not?"

Yunxiao sneered. leave? If you let go of the person in your hands, I can let you leave."

After learning the strength of the Yunsheng clan, Yunxiao was even more determined to kill Gu Hong. He would never feel at ease leaving such a person in the sea Forest.

Chapter 1224-sealed saber

"You're looking for death!"

The burly man was furious and kicked him in the air.

A beam of light spread out under his toes and turned into a net of light, which spread across the sky like a spider web, trying to capture Yunxiao alive.

Yunxiao was so angry that he laughed. you are too arrogant! What's the use of a servant, no matter how strong he is? Gan ju's character has decided that you'll be like this for the rest of your life!"

The sword in his hand flashed and he struck out three times. The first strike was ordinary, the second strike was extremely fast, and the third strike was extremely slow!

“Slash the heavens, slash the earth, slash the man!”

“Pfft!”

Three sword radiances flashed in the sky, and the light net was directly cut open in the sky. The sword radiances circled around and attacked the burly man.

“You don’t know what’s good for you!”

The burly man roared in anger. He clenched his right hand into a claw and struck out!

A vortex formed between his five fingers, and the entire space was twisted like a fried dough twist. The three sword lights were instantly annihilated.

The spinning force didn’t decrease at all, and everything within a hundred-some feet was twisted into a blur. A dot of light lit up in his palm.

Yunxiao’s face flickered. He found that the space was suddenly pulled tight, and it was impossible for him to even escape as a bolt of lightning, let alone teleport.

With a single palm, the space within a hundred feet was completely under the other party’s control. A huge force pulled him slowly towards the center.

The light in the burly man’s palm grew stronger and stronger, and a mini profound level weapon appeared in it, constantly spitting out sharp light.

Yunxiao’s face flickered. The mini profound artifact was actually a saber dozens of feet long, and the dark surface of the blade flickered with a scorching light.

He knew that the burly man was waiting for an opportunity. As long as he lost control of his body in this vortex, it would be the time for the black light of the Battle Sword to strike. It seemed that the burly man had the intention to kill him.

“Since that’s the case, Zhenzhen”

Yunxiao cried out as the power of the world flickered between his brows, and a white light spread out.

The power of the earth appeared in the sky, and his body was like a nail that was directly inserted into the vortex, instantly stopping his movement.

The burly man’s eyebrows twitched, and a fierce look burst out from his eyes.

Then, Yunxiao raised his hand again, and countless black dots flew out of his palm, each of which carried an extremely strong power of wind and Fire, scattering in all directions.

The black pieces were instantly sucked into the vortex, and the surging power of the divine fire burned the sky red under the effect of the wind.

From afar, it looked like a sea of fire was rolling up, trying to refine the sky. The power of the steam spread in all directions.

The disciples of the mysterious profound sect below were all dumbfounded. Their faces were red under the reflection of the flames in the sky, and their hearts were trembling.

Many people still remembered that Yunxiao was only a one-star martial Supreme when the miaoxuan sect issued the order to kill him a few years ago!

Even a nine-star martial sovereign could not compare to such a remarkable power that could overturn rivers and seas and shift the stars.

The burly man’s face darkened. The countless black pieces in the flames had disappeared, but they were definitely hidden within and could be attacked at any time.

Furthermore, the heavenly Phoenix that was slowly forming in the sea of fire made him even more shocked.

In the ancient times, the Yunsheng tribe was originally a vassal of the heavenly Phoenix, but the tribe he was in was a vassal of the Yunsheng tribe. The difference in level was too great.

Although his extremely high cultivation allowed him to forcefully withstand the pressure of a superior, the fear that was inherited from his bloodline made him tremble and feel irritated. Under the heavenly Phoenix's cry, he wished he could turn around and leave.

After releasing the crocodile, Yunxiao transformed into his transcendence golden body, each hand holding a profound level weapon, and threw them into the vortex, rushing toward the burly man with the spinning force.

The sword case on one of his arms opened, and 24 Northern heaven cold star swords flew out. They instantly formed a sword diagram, which was like stars decorating the sky.

The 24 swords flickered in the sky, constantly releasing sword Qi. The sword pattern also changed with the power of the vortex, drawing out endless sword talismans but never falling into it.

“What?”

The burly man was shocked and looked up at the sky. The complexity of the sword picture was completely beyond his imagination. Every change triggered thousands of sword runes, which seemed to be operating with the power of his spin.

“Not good!”

He cried out in his heart. Although these methods weren't enough to threaten him, he was holding the bone rainbow in his hand. Under such a powerful force, it was difficult to guarantee the safety of the bone rainbow.

He suddenly clenched the fingers of his right hand, and the spinning force stopped in an instant. The sea of fire in the sky split apart, and all the black pieces appeared.

The thousand-year Overlord saber, hammer, dynasty Bell, and the other profound level weapons were also frozen in place. Even the thousands of sword talismans on the heavenly Sword illustration suddenly froze as if time and space had stopped.

“The mysterious sealed saber!”

The burly man’s several-feet-long saber was unsealed, and the saber Qi soared into the sky like a flowing Galaxy, reversing the yin and yang of heaven and earth!

Wherever the saber Light flashed, a blinding silver light would appear. The surging power completely compressed the air, and an extremely deep spatial hole appeared in the sky and quickly expanded.

“Bang! Bang! Bang! Bang! Bang! Bang!”

All the profound level weapons and black pieces in the sky were suppressed by the saber Force. They all collapsed and turned into meteors that shot away.

The heavenly Phoenix Phantom was also shattered by the saber, and the fire clouds in the sky disappeared.

Yunxiao’s expression flickered. With a thought, the thousands of sword talismans and twenty-four Swords in the sky slashed down and rushed into the saber beams, filling the air with the clashing sounds of golden Spears!

Tens of thousands of sword talismans exploded under the sharp saber Qi, turning into rays of sword light that swept across the sky. Many of them shot into the sea, causing countless waves.

Those Miao Xuan sect disciples dodged in all directions in fear, scared out of their wits.

“Bang Bang Bang!”

The 24 Northern heaven frigid star swords also crumbled under the saber flare, turning into fireworks that shot into the sky.

Yunxiao performed an incantation gesture with both hands, and a black hole appeared behind him, which slowly turned into a true devil and a giant spirit. Standing on the sea, it turned its demonic palm in front of it, and a dark vortex appeared.

Yunxiao’s hands kept changing, and all the mystic artifacts that had been knocked away flew back and were thrown into the vortex, like ingredients being thrown into a pot. Astonishing demonic flames kept rising.

...

The killing intent on the burly man’s face increased greatly. This slash, especially after defeating the celestial Phoenix apparition, caused the bloodline hostility that had been suppressed in his body to erupt.

With one hand protecting the bone rainbow and the other holding the long battle blade, he walked in the air, each step causing the sky to shake.

His originally burly body also seemed to have changed. His skin turned Vermilion brown, and there were signs of demonization.

Yunxiao’s face was pale. At this moment, he was running out of energy, and devil flame kept gushing out of his body. With a loud cry, a black light burst out from the palm of the true devil giant spirit, and the Black Vortex, which had sunk into countless profound level weapons, was thrown forward.

The burly man’s pupils shrank, and his saber drew a snow-white cold light in the air as he slashed down.

“Bang!”

The saber Qi streaked across the sky like a ray of light piercing through the clouds. In an instant, it stabbed into the demonic clouds and split them apart.

Countless black demonic Qi gushed out and attached to the dozens of profound level weapons. They turned into demons and bit at the burly man while roaring.

The burly man was shocked. He suddenly raised his blade in front of him and turned it into a ball of green light to protect himself from the bone rainbow.

When the countless Devils collided with the green light, they all exploded. Only the Devils that were attached to the profound level weapons were violently shaken off.

Yunxiao was also taken aback. As his cultivation base continued to improve, the demonic energy seemed to become more and more powerful.

...

The burly man's face was cold. He spun the long knife in his hand and slightly shook away the surrounding demonic Qi. He loosened his hand, clenched his five fingers, and turned down.

“BOOM!”

The sky trembled, and a Dark Mountain suddenly appeared above Yunxiao and suddenly pressed down.

Yunxiao's face changed drastically as he cried out in horror, “Move the mountains and drain the seas!”

A huge shadow quickly descended and continued to grow in size in the air!

It was a real mountain!

Previously, the cangling green gold Toad was a ninth-rank demonic beast with unfathomable strength. However, it was still knocked out by this move and was nowhere to be found.

And the mountain in front of him seemed to be even larger than the one that had smashed the Azure spirit green gold Toad. Before the mountain fell, the pressure was already so great that Yunxiao could not breathe.

He suddenly transformed into his transcendence golden body. His three heads and six arms were covered in a golden light. The three heads all opened their eyes wide in anger and let out a loud roar.

The four gates on his body were open, and an unparalleled power filled his entire body. His six arms seemed to have become stronger.

At the same time, a white light flashed between his eyebrows, and many experts in the divine realm tablet, regardless of their strength, were summoned.

As soon as they appeared, many people felt their bodies become sluggish. They were suppressed by the boundless Emperor Qi and the mountain's pressure, and their faces turned ashen.

can't you mess with some normal enemies? " Duan Yue said in horror.

He was already a high-level martial honored realm martial artist. However, under this boundless pressure, his heart was still beating wildly.

shut up! Yunxiao roared. stop talking nonsense! Everyone worked together to hold the mountain! This is a real mountain!"

"What?"

Everyone jumped in shock and looked over carefully. This was not only a real mountain, but there were also waves of spiritual pressure coming from the mountain. Its power was even above that of a real mountain!

Everyone's faces were covered in cold sweat. They could no longer be bothered to waste time and worked together to attack, roaring and unleashing all kinds of ultimate skills.

A beam of elemental energy light appeared in the sky like a mushroom. It suddenly rose into the air and directly supported the mountain.

"Boom boom boom!"

The speed of the mountain's descent immediately slowed.

The burly man's pupils shrank, revealing a look of shock, and his face instantly darkened. His grip on the saber tightened, and rays of Saber Light bloomed on the blade, forming circles.

Yunxiao's six arms were also holding up the mountain like pillars as he shouted, "Xiaochuan, break it with one strike!"

At this moment, he was completely relying on the strength of his physical body to resist the attack. Otherwise, if he was in his peak state, he could split the mountain with his cold sword.

Mo Xiaochuan's face was ashen, and a sharp glint flashed across his eyes. "Alright!"

"Clang"

The Tiangang demon-slaying sword flew out of his body and turned into a giant sword that was more than 100 feet long. It instantly lay horizontally at the foot of the mountain.

Chapter 1225-friend, not enemy

Mo Xiaochuan formed a hand seal and the giant sword instantly returned to its normal state, landing in his hand.

He closed his eyes slightly and chanted a spell. One after another, the spell seals landed on the sword.

With every tap, the Maha ancient character would pop out, accompanied by a violent Qi that seemed to be gradually unsealing.

Yunxiao's heart jolted. He knew that the remnant soul of the sky-devouring true spirit was sealed in the sword, but he had no idea how much mo Xiaochuan had controlled it.

The evil spirit's eyes widened and suddenly said, "it's so troublesome for you to use a sword. Why don't I use an axe?"

He directly flew out from the bottom of the mountain, and everyone immediately felt the pressure on their bodies increase sharply, as if they were about to be crushed into pieces.

The guest exerted the power of his divine body to the extreme, but he was still furious and shouted, "You damned Dragon, you're just trying to be lazy!"

The evil spirit grinned and said, "hehe, no!" Watch as I split the mountain with my axe!"

A violent glint flashed in his eyes, and the axe suddenly changed shape. With a loud roar, he smashed the mountain!

"BOOM!"

The bottom of the mountain trembled, and countless gravel cracked open. A huge crack appeared on the entire mountain. Everyone felt the pressure on them suddenly ease for a moment, and then it immediately fell back down.

"The mortal world gazes at Ying Haoyue!"

At this moment, a green jade sword light shot up into the sky and directly cut into the crack!

"Boom boom boom!"

The entire mountain was split into two halves from the middle.

Everyone felt as if the sky was collapsing.

die! the guest roared, and his godly body glowed. dead Dragon, help me!

The evil spirit's pupils contracted, and it immediately understood what he wanted to do. It laughed and said, "Haha, great! Let him experience what it feels like to be hit by a mountain!"

"Roar!"

The evil spirit roared and transformed into a half-dragon form. It worked with the officials to push the mountain toward the burly man.

The mountain collapsed as if the sky had collapsed.

The burly man's expression changed greatly. The surrounding Devils were still attacking his Saber Light barrier. He immediately shouted and poured all his strength into the saber.

"Saber battle in all directions!"

The pitch-black saber in his hand flashed, and a white saber radiance shot out in all directions.

"Bang Bang Bang!"

Countless Devils were annihilated by this saber, and a saber Qi rose up into the sky and blasted toward that half of the mountain.

"Boom boom boom!"

The huge mountain was split by his saber.

Bin Chen and the evil spirit instantly separated and turned into two rays of light that attacked the burly man from the left and right.

“Kuafu chasing the sun!”

“One axe splitting the mountain!”

The burly man was shocked. The strength of the two men was no less than Yunxiao's, and he felt even more pressured as he had to keep using powerful martial techniques and take care of Bone Hong.

“BOOM!”

A fist and an axe slammed into his saber. The shocking power spread in the air and the three of them were sent flying.

This was especially so for the burly man. In order to protect the bone rainbow, he had to withstand all of the pressure. A mouthful of blood gushed out, and he could only feel the taste of blood in his throat.

He retreated a few hundred meters in the air before coming to a stop. However, before he could stabilize himself, he was shocked to find that a terrifying aura was falling from the sky.

Mo Xiaochuan's figure flickered in the air. Under his sword form, a terrifying beast's shadow could be seen.

“Jade shadow Qi swirling sword returning to soul!”

As he used the thousand-year Haoran technique, black and white appeared in the sky, forming a spinning Tai Chi diagram. Finally, it condensed into a sword light, sweeping across the sky like a meteor.

What made the burly man's heart tremble was the faint aura of true spirit that came from the sword Qi. It directly suppressed his bloodline and made it tremble.

w-what's going on?!!

His heart was filled with horror. The brutal Qi under the sword light was like a giant beast that could swallow the sky and devour the earth, causing him to be terrified.

"The mysterious sealed saber!"

He forcefully suppressed the fear in his heart and suddenly raised his blade. The black blade and the White blade glowed with the same color as the sword intent in the sky, giving people a tragic feeling.

"Bang!"

The burly man was afraid that Gu Hong would be injured, so he quickly braced himself to face the impact of the two forces. However, he was finally shaken to the point that he spat out a mouthful of blood and flew back again.

There was no longer the calmness from before, and a look of fear appeared in his eyes.

Mo Xiaochuan's face turned pale after being struck by the sword. The Tiangang devil-rinsing sword immediately disappeared from his hand and returned to his body.

The entire sea and sky fell into silence again. Everyone's faces were cold and murderous.

The disciples of the Miao Xuan sect who were resting on the ocean were all extremely nervous as they watched carefully, afraid that they would be swept into the aftershock and die without a burial.

surround him! Yunxiao's expression changed as he shouted, " don't let him run away!

He found that the burly man had already thought of retreating, and he immediately shouted. Although he did not have much of an advantage at the moment, it was a great opportunity to kill the bone rainbow, and Yunxiao would naturally not miss it.

Six beams of light instantly flew around the man. They were the guests, the evil spirit, mo Xiaochuan, haohuang, the gourd Little King Kong, and the crocodile. They surrounded him.

...

The rest of the people were far weaker, so they all stood behind Yunxiao and watched.

“Do you think you can kill me?” the burly man said coldly.

you’re not the one I want to kill,” Yunxiao said coldly. I want to kill the man in your hands. Do you think you can still protect him under our siege? ”

The burly man’s body trembled as he said in disbelief, ” “You really dare to kill the young master? Do you know who the young master is?”

Yunxiao’s face darkened. it’s hard to understand where you get such a strange way of thinking. he said. I don’t understand. You’ve been trying to kill me all this time, and now you’re asking me if I really dare to kill you? forgive me for not being able to understand your logic with my low intelligence.”

“Hahaha!”

Young Emperor haolian laughed out loud.”Young master Yun’s logic is that whoever dares to have killing intent towards him, he will kill the other party! I don’t care if you’re the heavenly Emperor or some monster or demon, just die!”

The burly man’s expression became extremely ugly. If he was alone, let alone retreating in one piece, he was confident that he could even kill all of the other party’s people in a rampage. But now, he was being restrained everywhere.

“If I can’t protect the young master, I will risk my life to kill all of you!”

His face was filled with malevolent anger, as if he was going to cause both sides to suffer.

Their clan was planted with a restriction in their bodies since birth, and they lived for the Yunsheng clan. Unless they cultivated and broke through the peak nine-stars martial sovereign realm and entered the divine transcendence realm, it was impossible for them to get rid of the restriction.

...

If Gu Hong were to die Here, not only would he be tortured to death when he returned, the Yunsheng clan would also vent their anger on his clansmen.

Otherwise, with his nine-stars Martial Emperor body, who would be willing to be a servant?

Yunxiao’s heart skipped a beat, as if he could see the determination and determination on the burly man’s face.

He was a little hesitant. It was not wise to drive a nine-stars Martial Emperor crazy.

If he was determined to kill Gu Hong, he really didn’t have the confidence to escape. However, if they missed this opportunity, with the strength of the Yunsheng clan, it would be difficult for them to have a second chance. Furthermore, with the evil intentions of the bone rainbow towards water deity, it was very difficult for them to have a second chance.

At the thought of this, Yunxiao’s pupils suddenly constricted, and a fierce look burst out of his eyes as he said in a cold voice, ” “Gu Hong, you must die today!”

Everyone’s heart trembled. They knew Yunxiao’s determination, and their faces grew solemn as their primordial energy slowly circulated in their bodies.

The burly man's body trembled as if he couldn't believe it. He roared madly, " "You really want to force me? Do you really want to die together?"

I don't care if I force you or not, " Yunxiao said coldly. I don't care if we die together. I only care if Gu Hong is dead or not!

The golden light on his body brightened again. The huge demonic shadow behind him stood on the sea and also transformed into three heads and six arms. The Three Faces of the demonic shadow had their eyes closed. Their expressions were solemn but ferocious, and each of their six arms was holding a weapon.

The burly man's heart could not help but tremble at his determination. He felt a little pleased and took a step back.

Mo Xiaochuan and the other five took a step forward at the same time, maintaining the best distance from him.

Suddenly, Yunxiao's expression changed. The eyes on one of the heads opened abruptly and looked into the distance.

A few thousand meters away, a gray figure appeared in the sea and was staring at him with a complicated expression. The man's face was so dark that it was almost dripping water.

"Di Jia!"

The head spat out two words, its pupils constricting.

Although the demon master's clone looked exactly the same, due to the difference in strength and the changes over the years, their temperament and temperament were completely different.

Di Jia's face was extremely unsightly. Since they had parted in the Dragon Transformation pool at the burial land, although he had also obtained part of Emperor Jun's body and refined it, which had greatly

increased his strength, it seemed that his Demonic Cultivation base was not as good as Yunxiao's, who only had one demonic energy fruit!

Yunxiao suddenly had an idea. "Di Jia, help me kill this man."

Di Jia was stunned, apparently completely surprised. He sneered, "Li Yunxiao, what are you saying? Did I hear it wrong?"

you didn't hear wrong," Yunxiao said. help me kill this man, and I can tell you the whereabouts of a piece of aegirine.

"What?"

Di Jia's body trembled, and his eyes were cold. you know the whereabouts of the aegirine? "

yes! Yunxiao nodded and said, " but I only know the whereabouts of a piece of aegirine, and your brother di ye has already obtained his fourth clone and the same body as the neon!

what did you just say?!!

Di Jia's face turned pale in an instant. He was like a Thunderbolt. He said angrily, " "You're lying to me!"

If what Yunxiao said was true, he would be completely reduced to a prey, and there would be no hope of restoring his true body.

I'm lying, " Yunxiao said in a deep voice. can't you tell if I'm lying? " That Japanese apparition has already developed its own intelligence and is my good friend. Now that we have a common enemy, you and I should put aside our past enmity and be friends instead of enemies!"

Di Jia was muddled by the information. He also sensed the birth of the fourth demonic body. At this moment, he finally understood what had been suppressing and frightening him all this time.

Chapter 1226

1226 Demonic weapon of the six paths

“Good! If you help me find a piece of aegirine and tell me about di ye, I will help you kill him!”

Di Jia was also an extremely intelligent person. He made a decision immediately and turned into a demonic flame, instantly crossing the sky.

“Damn it!”

The burly man was shocked and angry. The monstrous demonic Qi on di Jia’s body was not easy to deal with. He suddenly had another great enemy, which made him go crazy.

you’re the ones who forced my hand. I want everyone to pay the price!

The pitch-black battle sword in his hand suddenly bloomed with a white sword light, which turned into circles of waves rolling in the air. The sea water continued to evaporate, and the terrifying sword intent spread out.

Apart from the gourd little Guardian, the rest of the six people were shocked. They took a few steps back and looked on vigilantly.

Di Jia’s demonic flame rushed over and transformed into his true body. He stepped on the water and stared at the saber Qi with a heavy expression.

Once again, he transformed into a demonic flame and flew directly into the giant true devil behind Yunxiao, hiding inside and disappearing without a trace.

Yunxiao was taken aback, and suddenly, some information popped up in his mind. His pupils constricted, and his face lit up with joy as he quickly performed incantation gestures with both hands.

The Three Faces of the true devil giant spirit were all solemn, and its eyes were closed. Suddenly, the face facing the front twisted and turned into di Jia's appearance, and its eyes slowly opened.

The six illusionary weapons flew out of his hands and circled around the giant spirit.

The six arms had different postures. Some were forming hand seals, some were clenching their fists, and some were forming palms. The Three Faces were all chanting silently, and a terrifying aura seemed to be slowly descending.

The incantation gestures of Yunxiao's six arms were exactly the same as the true devil behind him, and even the shape of their transformation was synchronized.

The burly man's pupils contracted, and his expression became more and more serious. The killing intent in his eyes became more and more frenzied. White blade light kept condensing, increasing the power of the surrounding blade world.

All of a sudden, the entire sea and sky trembled, as if the heart of the world had thumped. Everyone was shocked.

back off! Yunxiao suddenly shouted. back off!

The six of them were all shocked. A vast and mighty force seemed to descend from the true devil giant spirit, and they all turned into rays of light and flew into the distance. On the surface of the sea, only six waves could be seen rolling up.

On the true demonic giant spirit, the eyes of Dijia's face suddenly brightened. He opened his right hand and grabbed at the shadows of the weapons around him.

"Pa!"

His five fingers casually grabbed in the air and caught the saber shadow. The entire sea and sky shook.

Time and space seemed to stop for a moment, and the saber shadow slowly became solid, turning into a half-real, half-transparent state.

At this moment, the sky was like a soft flatbread that had been baked. It became unstable, as if there was an invisible big hand casually pinching it, constantly kneading it into various forms.

The blade, which was gradually solidifying, began to show itself under the hazy sky.

The lines carved on it gave people a feeling that they could not look up. When they opened their eyes, they felt a piercing pain in their eyes, as if there were infinite rules gathered and directly rejected all power. They could not see the true appearance at all.

Under the pitch-black demonic flames, thousands of strange black patterns floated up from the blade like black snowflakes, covering the sky.

The entire mo matrix combined with each other, forming an even larger and more complicated pattern. It was accompanied by a spiral-shaped Black Vortex. Sandwiched in these complicated patterns, it spread out like a strange phenomenon of the world.

All the people between the sea and the sky had seen a lot, but they had never seen such an unusual phenomenon. Even Yunxiao himself was extremely shocked.

The burly man went crazy. The world of blades trembled under the strange phenomenon. He knew he couldn't wait any longer. If the power of his opponent's blade was condensed, he would have no chance to attack.

"The mysterious sealed saber!"

He slashed out with all his might, and the entire ocean swirled into an endless Whirlpool that soared into the sky.

The blade light shot out from the vortex, and the water column poured down, turning into a Dragon's Roar.

It was as if the power of the entire ocean had been poured into this strike.

Yunxiao and di Jia's faces flickered at the same time. The incantation gestures of Yunxiao's six arms kept changing, and golden beams of light floated up. Di Jia suddenly pulled out his right hand, and the entire saber instantly solidified, letting out a buzzing sound as a terrifying and unparalleled force descended upon the world!

"Aghan bone Cleaver!"

A trace of excitement and reminiscence flashed in di Jia's eyes. He suddenly raised the shadow of the knife and cut down in the air.

"Boom boom boom!"

The space was like a bridge that continued to collapse. The entire sea and sky turned black as it collided with the burly man's white blade world!

"BOOM!"

The black and white colors clashed violently and kept spinning. The entire world was black and white, without any color!

All the martial artists' hearts trembled as they fled into the distance.

.....

In a desert some distance away, a huge formation that covered an area of a hundred mu was activated.

Black demonic Qi kept rolling in the array. In the center, a small black shadow was meditating with his eyes closed.

The black figure suddenly trembled and opened his eyes in shock, revealing an extremely shocked expression!

“A six paths demonic weapon! The demonic weapon of the six paths has been moved!”

Other than shock, there was also fear in the man’s eyes. He said fearfully, “Could it be that di Jia has already obtained the fifth avatar? Impossible, impossible, I can’t sense anything at all, what the hell is going on?”

His expression was gloomy and uncertain, and he suddenly became a little impetuous. The Qi activity in his body became chaotic in an instant.

“Ah, ah, damn it!”

A layer of blue ice seemed to have formed on the surface of his body, and if one looked carefully, there was a faint white flame dancing on the thin ice.

His face suddenly twisted, and he suddenly held his head. His body jumped into the sky, constantly rolling, and he howled in extreme pain, “It’s been so long, and you still refuse to yield to me? You and I are one, so obediently merge with me.”

”

As soon as he finished speaking, he felt a sharp pain in his head. His body twisted and convulsed in the air, emitting a large amount of demonic Qi and white flames that dyed the sky.

...

.....

In the North Sea, Yunxiao and di Jia separated after the joint attack.

Yunxiao was completely exhausted, and di Jia's face had turned extremely pale. The hand holding the agama bone Cleaver was still shaking violently, and even half of his body was trembling.

The violent Blade Force collided in the air and quickly devoured the White blade world, shooting everywhere.

Several blade auras shot across the sky and slashed at the burly man from all directions.

The burly man hurriedly held the saber in front of him in shock and anger, but it still broke through the enchantment. His internal organs were shattered and his meridians exploded.

"Pfft!"

He spat out a large mouthful of blood. His face was filled with despair and unwillingness. He opened his mouth and moved a few times, but in the end, he couldn't say anything.

Even in this situation, the bone rainbow was still under his armpit and was well protected, so it was not injured.

"Whoosh!"

In his despair, he used the last bit of his origin power and turned into a ray of light to escape into the ocean. Even if there was only a slim chance, he didn't want to give up.

...

you're an expert worthy of respect," Yunxiao said with a shocked expression. it's a pity!

In the current situation, he had no chance of escaping.

The black and white colors between the sea and the sky gradually disappeared, and the clear sky slowly returned. Mo Xiaochuan and the others also transformed into rays of light and flew over. All that was left was to clean up the mess.

“Huala”

At this moment, the surface of the sea suddenly exploded, and a huge shadow rushed out.

A red light swept across the sky as fast as lightning. It was the cangling green gold Toad’s tongue. In an instant, the burly man and the bone rainbow were swept into its mouth and swallowed.

“Ah!”

Everyone was dumbfounded by this sudden turn of events.

After swallowing the two of them, the Azure spirit green gold Toad kicked its legs in the air and moved dozens of meters in the air before falling into the sea again.

ah ah ah?!!

The direction that they were falling towards was the deep sea. All of the Miao Xuan sect disciples were gathered there. The place that was originally very safe was now directly facing the huge body of the Blue Spirit green gold Toad and its red and brutal eyes.

“Run!”

It was unknown who shouted, but everyone immediately reacted and suddenly raised their origin power, wanting to fly in all directions.

“Pa pa!”

Another red light flashed in the air. The cangling green gold Toad stuck out its tongue and swallowed it. It rolled up a large group of Miao Xuan sect disciples and directly ate them into its stomach.

Its tongue seemed to possess an extremely powerful spatial power. As long as it was within its attack range, it could directly roll the target over.

The rest of the Miao Xuan sect disciples were even more scared out of their wits as they wailed to the heavens and earth. One by one, they forcefully gathered their essence force and fled into the distance.

“Gulp! Gulu!”

The cangling green gold Toad cried out twice and its huge body fell into the sea, causing water to splash.

Its eyes were filled with hatred, and its cheeks were bulging. It opened its mouth and spat out a large amount of green liquid, which turned into countless swords and shot out.

”

The remaining disciples of the Miao Xuan sect were sprayed by the green liquid and screamed on the spot. Their bodies were immediately corroded and emitted countless white smoke, leaving no bones behind.

The body of the cangling green gold Toad sank into the ocean after being hit by the venom.

kill this Golden Toad! Yunxiao was shocked and furious.

He had originally wanted to find the disciples of the Miao Xuan sect to ask about Jiang Ruobing, but they were all killed in an instant. This was not a big deal, and he could ask anyone he wanted.

However, the bone rainbow had been swallowed into the Golden Toad’s stomach, and it was unknown if it was still alive.

Ye Fan was also shocked. this Golden Toad must be taking revenge for being hit by the giant mountain. Those two people are probably dead, right? ”

Yunxiao’s face was extremely gloomy as he said in a cold voice, ” “I must see the corpse!”

After spending so much effort, it was impossible for everything to go to waste in the end, and his body was not found, which made him feel uneasy.

“Gulu Gulu.”

The vast spirit green gold Toad continued to sink into the water. Its eyes were red and when it saw the rays of light flying towards it, it seemed to sense danger. Its body sucked in a deep breath and the Golden-green bumps on its back all deflated. Its cheeks swelled up.

I feel that eternal’s popularity is still not enough. Everyone, please help me promote it. If each of you helps Taiyi pull in a reader, my popularity will instantly double.

Chapter 1227-heavenly Saint tool

“Bang!”

A mouthful of Jade-colored venom was spat out from the mouth of the vast spirit green gold Toad. The entire sea exploded in an instant, like a huge green firework.

The venom instantly turned into sharp arrows and shot in all directions.

The evil spirit chopped at the poisonous arrow with his axe. With a ” Chi ” sound, the poisonous liquid instantly corroded his Dragon Qi and splattered on the axe, burning a hole.

The rest of the People’s faces also changed. The venom directly corroded the Emperor Qi defense and attacked like a storm.

“Ah!”

Yue Jiulin let out a blood-curdling screech, and one of his arms fell off. It was being corroded and shrunk in the air, and finally disappeared.

“Are you okay?”

“What?” Duan Yue was startled, and he came to his side in a flash as he asked hurriedly.

They had basically started following Yunxiao around the same time, and their strength was not much different, so they had the best relationship with him.

Yue Jiulin’s face was pale, and cold sweat rolled down his forehead. He still shook his head.

However, he could not hide the fear on his face. The profound level weapon in his hand could not even withstand a single blow. It only blocked for a moment before it melted and splashed onto his body. Although it only touched a little, a large part of it was immediately corroded.

Fortunately, he was quite alert and cut off one of his arms at the first moment. Otherwise, he would have been completely dead.

Ye Fan was shocked: “Not good! The Golden Toad has disappeared!”

Just as the vast spirit green gold Toad spat out a mouthful of poison, its entire body became more and more transparent in the sea water before finally disappearing.

Mo Xiaochuan and the others immediately flew down and stepped on the surface of the sea. They spread out their divine senses, but they could not sense the Golden Toad’s existence at all.

The honored guest’s expression was grave. I can see that the Golden Toad’s tongue seems to have the power of space. It can sweep up everything within a radius in an instant. This thing must have mastered some spatial divine arts. Young master Yun, your pupillary abilities ...”

Yunxiao performed an incantation gesture with one hand, and his eyes gradually turned demonic. But, in an instant, they returned to calmness, and his face was extremely pale as he said, "No, I can't use my elemental energy at all."

"In that case, there's no need to force it." The two of them were swallowed by the Golden Toad. With such a strong corrosive power, I'm afraid they're already dead."

Yunxiao's face was extremely unsightly. His intuition told him that bone Hong would not die so easily. Well, everything has its own destiny. Those who deserve to die will not live, and those who deserve to live will not die. Even if the two of them manage to escape with their lives, we can defeat them today, and even more so in the future."

Di Jia's face twitched slightly. It was true that no one had improved faster than Yunxiao. His face was dark as he put his hands behind his back and said coldly, "I've already done what I promised. What do I want?"

Yunxiao's eyes flickered as he chuckled and said, "Old brother doesn't need to worry, I won't forget my promise. There's too much movement here, and it's in the North Region. I'm afraid that there will be experts coming to investigate soon. Why don't we talk in another place?"

He rarely let others be arrogant when it came to addressing him, but when he thought about how the other party was an unparalleled demon master, it was not a loss for him to call him elder brother.

Several hours later, the two of them appeared in a Tavern in Dingtian city.

A pot of fine wine was placed in the middle, and two Jade-like cups were glimmering.

Sitting across from each other in the tavern where people were coming and going, Yunxiao filled two glasses with wine and began to drink.

Di Jia's face was gloomy and he was in no mood at all. He said with anger and coldness, "You said that the aegirine is already in someone else's body, and you actually tricked me into taking action?"

you're wrong, brother," Yunxiao said with a smile. at that time, I only said where the aegirine was, but I didn't say that it was ownerless.

fine," di Jia snorted coldly. take me to see that person. It's just a little bit of effort.

Yunxiao spread his hands and said, "I'm sorry, but that man is a friend of mine now. If you want to touch him, you will have to stand on the opposite side of me.

Li Yunxiao, don't think that I don't dare to kill you! The Fiend energy in your body will be mine sooner or later!

Di Jia's face was cold. He slowly clenched his fingers, and two wisps of demonic Qi swirled in his palms. He seemed to be ready to fight at any time.

Yunxiao looked around and saw that many Warriors in the tavern had also noticed the strange situation here. They all cast strange looks at them, and several cold and sharp auras locked on to the two men in the dark.

What made the two of them not know whether to laugh or cry was that the strength of the person who had secretly locked on to them was at most a high-level martial honored realm. He was most likely a consecrator invited by this wine shop.

"Elder brother, please calm down. For some reason, there are martial artists everywhere in the dingtian city, as if they are trying to catch someone."

although I know you're not afraid," Yunxiao said in a low voice, "it's better to avoid unnecessary trouble. If you encounter some peerless expert and accidentally die, it won't be worth it.

"Hmph! I must get the aegirine!"

and the rainbow stone," di Jia said ferociously. when my real body was split into five pieces, the rainbow stone lost its source of magic and automatically broke into the rainbow stone and the rainbow stone. As long as I get the remaining parts, I can still turn the tide and take back the other clones!"

He retracted the two devil essence vortexes in his hands and suppressed all his aura. Only then did he look no different from an ordinary person. However, a strange look flashed in his eyes as he said, "How can your devil essence be so powerful? It's almost equivalent to a clone."

His heart moved, and he suddenly cried out, "Could it be that you've obtained my fifth clone? Impossible, impossible! If that's the case, I'll definitely sense it."

Di Jia shook his head repeatedly and denied himself.

Yunxiao's eyes flickered as he asked tentatively, "What's with the six weapons under the true fiend dharma body? It actually has such great power?"

Di Jia's face sank and immediately became cold. why are you asking this? This is not something you should be concerned about!"

Yunxiao smiled and drank the wine in his hand.

These wine taverns were all branches of various forces for the convenience of doing things. The wine inside was full of spiritual Qi and was of great benefit to martial artists.

The tavern they were in was the largest in the entire dingtian city, and the expenses there were not something that ordinary cultivators could afford.

Of course, this benefit was completely negligible for experts like Yunxiao and di Jia, but it still made them feel refreshed and comfortable.

brother, you understand this too. Just mind your own business. Yunxiao chuckled.

Di Jia's face changed slightly, and he immediately understood that Yunxiao wanted to exchange information with him. After a moment of silence, he said, "Those six weapons are called the six paths demonic weapons. I used them when I was at my peak,"

'Where are these six weapons now?' Yunxiao asked. Is it that if the devil essence is strong enough, it can break through the air and take it at any time?"

Di Jia sneered. these six weapons are now reincarnating in the six paths. The true fiend Dharma form is my real body and has a trace of divine thought connection with these six weapons. So when the Dharma form appears, the shadows of the six weapons will appear. If I want to take them all, I'll have to recover my full strength!"

Yunxiao was surprised when he heard that. are those six weapons all Supreme grade profound level weapons? "

"Hahaha!"

...

Di Jia couldn't help but laugh."The so-called transcendent grade profound level weapon is just a way you lowly human race put it. Above level nine are Saint weapons, and my six paths demonic weapon is a heavenly Saint weapon!"

a heavenly Saint tool?!

Yunxiao's heart jolted as he said, " "Could it be that Saint artifacts are also divided into levels?"

"Of course!"

A trace of pride flashed across di Jia's face and he said proudly, " "It's impossible to make a true sacred artifact in this world. If I'm not wrong, the so-called Noah's ship of your human race is only a quasi-sacred artifact close to a sacred artifact."

"Within a Saint artifact, it's the same as an ordinary first to ninth tier profound artifact. It's divided into good and bad, but the difference in power is not too ridiculous. Above them, there is an even more

powerful existence that can crush all Saint artifacts. It is my six paths demonic weapon, the heavenly Saint artifact!”

Di Jia’s eyes were shining, as if he was reminiscing.

Yunxiao did not even dare to breathe. The demon master in front of him was a powerful existence who had existed for countless years, and there was no way he would lie to him for no reason.

As a top Alchemist, he was even more shocked when he heard the news, and his eyes shone as if a new door had been opened in front of him. His heart was filled with infinite longing and yearning.

“Haha, hahaha! I’ll spit!” An extremely disdainful and mocking voice was heard.

At a table not far away, a few martial artists were also sitting and drinking.

...

One of the long-bearded elders laughed out loud. He glanced over without any scruples and mocked, “Ignorant child, you’re spouting nonsense!”

The old man was wearing a long robe with wide sleeves. He had a high and mighty appearance, and his Qi was completely restrained, showing that his cultivation was not weak. At this moment, his face was full of ridicule and disdain.

After he shouted, he immediately attracted the attention of everyone in the pub. The noisy environment suddenly became quiet.

Many cultivators even seemed a little nervous as they lowered their heads to secretly observe.

When Yunxiao first came in, he also found that most of the Warriors in the tavern were absent-minded, as if their minds were focused on the few people at the table, who seemed to be very powerful.

At the same table as the old man, there was a man in luxurious clothes, sitting quietly opposite him. He was wearing a pale blue satin robe, and his left hand was constantly turning a large green ring. At first glance, he looked like a very noble person, and a faint smile was on his face.

“Hehe! That’s right, boasting shamelessly, so embarrassing!”

Sitting between the two were two enchanting and cool women in Palace clothes. They covered their delicate little mouths with Lotus-colored silk scarves and sneered with a charming and bone-chilling smile.

The two of them were beautiful women with charming eyes. When the corners of their lips curved and their eyes twitched, the room was instantly filled with spring.

One of them wanted to refuse, but he still used his sparkling and translucent upper body that was like a full moon to rub against the old man’s arm, intentionally or otherwise.

The other person was holding a wine glass, her cherry-like mouth holding the fine wine. She didn’t swallow it, but just stared at the old man.

The old man took a big gulp of wine and revealed a lecherous expression. His two hands started to move around. hehe, you people from the dingtian city really have some impudent people. You guys dare to spout nonsense.

Chapter 1228-bumpkin

Yunxiao and Yunxiao did not deliberately conceal their voices as they conversed, because most people would not understand what they were talking about. Moreover, the world was so big that no one in any Tavern would recognize them. But, they did not expect to be scolded out of nowhere.

haha, these two people look like country bumpkins who have never seen the world. They only know how to say things that make people laugh their teeth off. The luxuriously dressed man opposite the old man stroked his beard and chuckled, ” “Elder Jiang, don’t lower yourself to the same level as these juniors. Come, come, let’s drink, don’t affect our pleasure.”

Jiang Xiuzhen chuckled and pinched the two women's bodies hard. He smiled and gulped down a mouthful of wine, saying, "This old man has roamed the world for over a hundred years. Even the sect Masters of the seven great sects would greet me politely when they see me. I've never seen or heard of any Saint artifact! What the hell is this!"

"That's right, who doesn't know of elder Jiang's reputation? We sisters have never seen these two young children before, they should have come from some countryside to gain experience. Hehe, they are really embarrassing."

The one on the left was called peach, and her pair of charming Phoenix eyes were charming. She got up, twisted her slender waist, and poured Jiang Xiuzhen a cup of wine, but just as Jiang Xiuzhen was about to take it, she smiled and snatched it from him.

Just as Jiang Xiuzhen was about to step forward and pull her into his arms, the other woman called ru'er quickly pressed her soft cherry blossom-like lips against the old man's and poured the fine wine in her mouth into his, making Jiang Xiuzhen feel as light as a feather.

The rest of the martial artists in the tavern swallowed their saliva and lowered their heads. They didn't dare to look at such an unscrupulous and alluring scene, but they wanted to see it, so they could only sneak a glance to satisfy their eyes.

The luxuriously dressed man sighed, "it's a pity that elder Jiang has come at the wrong time. Now that such a major incident has happened in the dingtian city, all the suspicious people have been strictly investigated. This has affected our official business. It will take a lot more time and effort to set up all kinds of transaction procedures.

Jiang Xiuzhen hugged the two girls and smiled, "It doesn't matter, good things take more time. However, this incident has really pierced through the heavens. Someone actually dared to massacre the entire city Lord's mansion, and even dared to look down on Saint realm law enforcers."

He lowered his voice and made a throat-slitting gesture. There was a trace of fear and shock on his face.

"That's right," the magnificently dressed man said, "dingtian city is considered a big city in the North Region, but I've never heard of this before. Fortunately, the city Lord's strength is as high as the heavens and he managed to escape this calamity."

Elder Jiang's eyes lit up and he said, "the city Lord is an eight-stars martial sovereign. It's reasonable for him to be able to escape this calamity. This time, the murderer is going to be in big trouble. I wonder who did it. Do you have any clues?"

The man in luxurious clothes looked around and seemed to be a little afraid. He said in a low voice, "I don't know who it is, but the city Lord has already recorded that person's appearance and sent the news back to the Holy region as soon as possible. Moreover, the image of that person's appearance should be released very soon, and the whole world will hunt him down!"

Di Jia's face darkened, and a hint of gloominess flashed across his face, but he quickly regained his calm, as if nothing had happened.

'So, something so big has happened,' Yunxiao thought. 'No wonder the entire city is on high alert. No one is so bold.'

However, he didn't have the time to think about all this. He was still in shock from di Jia's words. other than my brother's six paths demonic weapon, are there any other heavenly Saint artifacts in the heaven martial realm?"

Di Jia also slowly sipped his wine and said, "When you reach a certain level, you will naturally understand that on the path of martial arts, the peak is just the ***, and the end is just the starting point."

"Pa!"

Not far away, Jiang Xiuzhen slammed the table, finally unable to contain his anger, and shouted, "Brat, you still dare to talk nonsense here? the heaven setting city is not like your countryside. Talking nonsense and losing face is a small matter, but losing your life is a big matter!"

He had thought that these two brats would be ashamed and restrain themselves after he had scolded them earlier. He didn't expect them to say some inexplicable things that no one could understand. They even boasted that the peak of martial arts was **** and the end was just the starting point.

“Elder Jiang, why should you lower yourself to the same level as these ignorant juniors?” the magnificently-dressed man hurriedly asked. There are as many martial Dao juniors like these minions as cars crossing the river. The cruel world will make them cry sooner or later.”

Elder Jiang snorted and his face darkened, ” “The words of these two brats are really unpleasant to hear.” He put down his glass and turned to look out the window.

The luxuriously dressed man immediately understood and gave a look to the woman beside him.

Peach blossom immediately understood elder Jiang’s intentions. Puffing out her chest, she stood up from elder Jiang’s embrace and walked towards the two with a smile on her face.

The expressions of the surrounding cultivators all changed slightly. They knew that these two young men were in trouble, and many of them revealed gloating expressions. However, most of their eyes were still on Peach’s swaying body, and many of them gulped.

“Pa!”

Peach’s slender Jade-like hand directly smacked on the table. After picking it up, a glittering token appeared on the table. Various patterns were engraved on it, and in the center was a majestic ancient tree that reached the sky. It seemed to be the symbol of some sect’s identity.

Narrowing her eyes, Peach’s charming expression disappeared, replaced by a bone-chilling coldness. you all recognize this token, right? ”

Di Jia didn’t move, as if he didn’t hear anything at all. He sipped his wine and thought about his own thoughts.

Yunxiao glanced at the token. He really did not recognize it, so he could only shake his head.

“Pfft!”

In the distance, ru 'er couldn't help but burst out laughing. Intentionally or otherwise, she leaned her body closer to Jiang Xiuzhen's body. At the same time, she gasped softly and continuously. hehe, you don't even recognize the giant tree token. You're indeed a country bumpkin, hehehe!

The surrounding cultivators who were drinking also shook their heads slightly. The giant tree token was the highest token of the divine Tree family in dingtian city. The divine Tree family could be considered one of the three major forces in dingtian city. Those who held this token could do whatever they wanted.

The man was the second in command of the divine Wood family, mu Youfeng.

He could be considered one of the top ten figures in dingtian city, but these two country bumpkins actually did not know him.

In the beginning, some people had doubted Yunxiao and Nangong wuque's cultivation base, but now they had basically confirmed that they were young masters from some remote city who had been sent out to gain experience.

These country bumpkins were usually more powerful and influential in the countryside, and their families could basically dominate a village and a town. However, if they didn't know how to restrain themselves after leaving the aristocratic families, it would be a tragedy.

This was because in a place like dingtian city, any third-rate power could annihilate their aristocratic families in a matter of minutes.

"Hahaha!"

Jiang Xiuzhen laughed out loud as well, his anger greatly reduced. In addition, ru 'er's wanton display of her skills made him rather agitated. He looked at ru 'er and licked his dry lips.

Mu Youfeng chuckled and said, "Just show them your cultivation and drive them away. The entire city is under martial law now, so try not to cause any trouble."

After receiving the command token, peach slapped the table and retrieved the giant wooden command token. A faint killing intent overflowed from her body. She actually had the cultivation of a high-level martial honored realm expert. She coldly said, "Do you want to live or die, your own choice?"

of course," Yunxiao said with a wry smile. I have to live.

"Swish!"

useless thing! peach disdainfully spat. if you want to live, then get lost immediately!

Yunxiao's expression did not change. He just looked up at di Jia.

Di Jia also looked indifferent and said, "Let's go," he said.

It was as if he had no interest in fighting these people.

Without another word, the two of them left the tavern one after another.

Behind him, ru 'er's unscrupulous sarcasm and sharp laughter could be heard. hehe, sister Tao only revealed a little bit of killing intent and scared them away. With this bit of achievement, you still want to come out to gain experience. Hehe, how embarrassing. If I were them, I'd quickly go home and hide in my bed, hehehehe."

I'm so scared," Jiang Xiuzhen laughed in a strange voice. why don't you two come with me and hide in the quilt? "

Aiya Aiya, bad bad bad bad, elder Jiang you are so bad!

Ru 'er appeared to be angry. She pounded elder Jiang's chest with her delicate hands a few times before throwing herself into his embrace and acting like a spoiled child.

...

Mu Youfeng also smiled apologetically and said, "Elder Jiang, it's been a long time since you've come. Tao Hong and ru 'er have missed you so much and have mentioned you to me many times. Since you've finally come, elder Jiang should spend more time with them,"

"Hehe, I will, I will!"

Jiang Xiuzhen's eyes narrowed into a line as he smiled. He hugged the two girls in his arms and said slowly, "I'll reveal a piece of information to you. This time, our myriad Treasure Tower's auction will have a world-shaking treasure."

"Oh? A world-shaking treasure?"

Mu Youfeng immediately perked up. He knew that Jiang Xiuzhen's status in myriad treasures tower was not low, and any information he divulged would benefit him greatly. He hurriedly bent down to listen.

Jiang Xiuzhen smiled faintly, picked up the wine glass, and carefully admired it.

Mu Youfeng was pleased. He took out a palm-sized bone box and handed it over.

Jiang Xiuzhen opened it with a smile and a bright light shone. His eyes lit up and he immediately closed the lid and put it away with satisfaction.

The surrounding cultivators were all paying attention to the two, all of them perking up their ears to listen to what kind of world-shaking treasure it was.

Jiang Xiuzhen's eyes seemed to be intentionally or unintentionally sweeping around, revealing a contemptuous and mocking look. He casually cast a barrier, isolating the space of the entire table.

The other cultivators in the tavern were immediately disappointed. They could only drink their wine gloomily. They did not dare to offend the two, so they could only continue to secretly cast their gazes on Tao Hong and Ru'er. They wanted to feast their eyes on them and satisfy their cravings.

...

Only then did Jiang Xiuzhen put away his lecherous look and whispered, "I wonder if brother has ever heard of the sword beheading the stars?"

"?!"

Mu Youfeng's entire body trembled as he sucked in a breath of cold air. He was so frightened that he almost lost his mind and said, "The item that is going to be auctioned this time, could it be a transcendent grade profound level weapon-

The two women beside him also changed their expressions abruptly. After a brief moment of ghastly white, they became even more lustrous red.

The surrounding cultivators looked at these people and couldn't help but wonder what this so-called world-shaking treasure was.

It's true that Taiyi doesn't really know how to write about women.

Chapter 1229-Starfall

"Pfft!"

Jiang Xiuzhen immediately burst out laughing. He pointed at Mu Youfeng and said, younger brother, you, you, if it's really a transcendent-grade profound artifact, the stars slash sword, would our ten thousand treasures tower dare to sell it?"

Mu Youfeng thought about it and agreed. Although the ten thousand treasures store was the number one Chamber of Commerce in the world, even if a sacred zone had obtained a Supreme grade profound level weapon, they would not dare to make a big deal out of it, let alone auction it.

If the myriad Treasure Tower really did such a foolish thing, it would probably not take a few days for the entire Chamber of Commerce's power to be inexplicably uprooted.

Mu Youfeng's agitated mood slowly calmed down, and he said, "Then what's the point of elder Jiang? Could it be related to the sword that slashed the stars?"

"Not many people know about this now, but it'll spread very quickly. There's no harm in telling you," Jiang Xiuzhen said, pursing his lips.

Mu Youfeng was cursing in his heart. This was something that was about to spread, yet he still had the face to ask for a bribe from him. The item he had just contributed was worth a lot. He suppressed the pain in his heart and said, "I'd like to hear the details."

Jiang Xiu's expression turned serious, and he said, "Although the item for auction this time isn't the star slasher, it's a part of it. Back then, the peerless martial sovereign Gu Feiyang had combined his three swords into one and refined a Supreme-grade profound level weapon, the sword that could cut the stars, which had shocked the world. The item up for auction today is the star Destroyer sword!"

"?! It's actually this item!"

Mu Youfeng was shocked, "even if it's just the Starfall divine sword, it should cause a huge commotion, right?" It was said that Gu Feiyang died in the tiandang mountains, but I don't know if it's true or not. However, I haven't heard any news about him for so many years. Since your sect has this sword, the rumor is most likely true."

Jiang Xiuzhen rolled his eyes at him and said, "Gu Feiyang's death must be true. Besides, the star Destroyer sword in this auction was obtained by chance." I heard from the higher-ups that this sword has been damaged. Our ten-thousand treasures building sent people to the sea of soul formation with the sword and only managed to repair 70 – 80% of it, but it's still not at its peak."

even if it's only 70% to 80%, it's still a godly sword," mu Youfeng said seriously. I'm afraid the competition will be intense.

Jiang Xiuzhen laughed. it's a good opportunity given by the heavens. It just so happens that young master Tang Xin is getting married in the Redmoon city. Master Tang Qing is hosting a banquet all over the world. Many people are worried about the gifts. Our myriad treasures store is also taking advantage of this opportunity to find a way to sell it at a high price."

the star Destroyer sword? " mu Youfeng pondered. tsk, tsk, who would be stupid enough to buy such a peerless item as a congratulatory gift? "

Jiang Xiuzhen sneered,"Little brother, you don't understand, do you? The Tang family had forcefully entered the Redmoon city, and after the battle at the eastern sea, their power had soared. The prestige of the Redmoon city was much higher than when Jiang Churan was still here. Regardless of Tang Qing's strength, at least his reputation was not weaker than the other six sect Masters. The Tang family has been at the peak of its power in the Redmoon city for at least several hundred years. At this time, it's better to have a relationship with them as soon as possible, and the deeper the relationship, the better."

Mu Youfeng patted his head and said, "Elder Jiang is right. Look at my blockhead. Sigh, sigh, I only know how to cultivate all day and have never opened my apertures."

"You're too modest, brother," said Jiang Xiuzhen with a smile. The divine Wood family is one of the top three powers in the dingtian city. I'm sure that the chief has his own plans for this incident at the city Lord's residence."

Mu Youfeng's expression changed greatly, and his eyes began to wander. He coughed a few times.

"Hahaha!"

Jiang Xiuzhen laughed and stood up. He bent down and patted him on the shoulder, " I'm also grateful for the hospitality of the first master and younger brother. If there's anything I can help you with, please don't hesitate to ask. Younger brother, feel free to use the power of the ten thousand treasures tower in this set heaven city."

"Really?"

Mu Youfeng was overjoyed. He grabbed Jiang Xiuzhen's hand and said excitedly, "I thank elder Jiang on behalf of the chief!"

Jiang Xiuzhen retracted his hand and removed the barrier with a wave. Then, he placed his hand on Peach Blossom's thigh and touched it. He chuckled and said, "Calm down, calm down!"

Peach felt her body go soft, and she leaned against it. As she did so, a seductive sound came out of her mouth, and her breathing became heavier.

Mu Youfeng chuckled, feeling overjoyed.

At this moment, a few martial artists suddenly walked in from outside the door. Their eyes swept across the tavern, and they hurriedly walked toward mu Youfeng, whispering a few words in his ear.

Mu Youfeng chuckled and said, "Oh?" Have you sent over the video of the Saint realm enforcer's murderer?"

Jiang Xiuzhen's expression also changed, and he said, show it to me too. I also want to know who in this world is so bold. Not only did he exterminate the entire city Lord's mansion, but he also dared to kill people from the sanctuary.

that's right, " mu Youfeng laughed. elder Jiang is very knowledgeable and has connections with the world. Most of the elders would know someone as powerful as him.

The Warriors took out an image stone and carefully placed it on the table. At the same time, they activated the array on it.

A ray of light shot out from the stone and was projected into the air, slowly revealing the figure of a young man.

"Pa!"

Jiang Xiuzhen's hand that was holding the wine cup suddenly trembled, and the wine cup was crushed into pieces. The wine inside was also evaporated by the chaotic Emperor Qi!

His eyes immediately turned white like a dead fish, and his body trembled like a sieve.

"Ah? It's him!"

Tao Hong and ru'er were also shocked. Both of them covered their mouths and cried out in surprise. Their faces were filled with disbelief. As they stared at the figure in the projection that looked like a god of death, they felt boundless fear envelop them.

Di Jia's figure was clearly seen in the image stone. The stone recorded the memory of the city Master, and every move was so real and terrifying.

He had killed dozens of experts with just a raise of his hand and a raise of his foot. The city Lord of Dingtian city, who had the strength of an eight-stars Martial Emperor, was basically crippled with just one move. He lay on the ground, unable to move.

"Lord you Feng, you, what's wrong with you?"

The subordinates looked at the four people's expressions and were a little confused, asking carefully.

Mu Youfeng's face had never been so pale before. He felt as if the air had been sucked dry. No matter how hard he tried to breathe, he felt like he was suffocating.

After Yunxiao and di Jia left the tavern, they strolled around the street.

The streets were filled with hurried passersby and martial artists. Everyone's face was very serious, afraid that they would be accidentally involved in the big event that was happening now.

I don't know who has caused such a great disturbance," Yunxiao said while touching his nose. even the sacred zone has been alarmed.

Di Jia ignored him and walked in the middle of the street with an indifferent expression. He said, "How much do you know about the sanctum?"

Yunxiao's eyes flickered as he thought for a moment and said, "I guess so. I wonder why old brother is here? Could it be Zhenzhen?"

He seemed to have guessed something. Only a Devil master's clone could attract him.

Di Jia stopped. that's right, " he said. I seem to have sensed that The Last Avatar is in the sanctuary.

how is this possible?!

Yunxiao cried out in surprise. Although he had guessed it, it still gave him a fright. But di Jia's senses could not be wrong.

"Why not?" di Jia asked coldly.

Yunxiao was stumped by his question.

"Yeah, why not?"

...

Yunxiao was taken aback for a moment, then he suppressed the shock in his heart and said, "So what do you plan to do now? go to the sanctuary?" His expression changed and he said in shock,"could it be that there is something amiss in the dingtian city?"

He looked at di Jia's cold expression and suddenly understood. He smiled bitterly and said, " you've caused too much of a commotion. You've directly searched the soul of the law enforcer. I'm sure you've already mastered the way to enter the Holy region.

Di Jia nodded. that's right. Although I've mastered the way to enter, from the memory of the law enforcer, the power of the sanctuary is beyond my expectations. But after meeting you, perhaps this trip to the Holy region can be cancelled."

are you referring to the great increase in my fiend energy? " Yunxiao laughed. I'm afraid I'll have to disappoint you. Have you ever heard of the great one profound Qi?"

Di Jia's heart trembled, and a fierce look burst out from his eyes. you obtained the Supreme mystical Qi and refined it? No wonder, no wonder it can transform elemental energy at will. I thought it was a mayfly."

He suddenly lost his composure, his face filled with shock, but he slowly recovered. However, his face was still solemn as he said,"I think you've only obtained a trace of great one profound Qi by chance."

can we get a lot more of that thing? " Yunxiao said with a wry smile. I can't believe it.

indeed, " di Jia said seriously. even if it's just a trace, it's a great fortune. It's a pity that this trace of profound Qi has already been refined in your body, so it's completely wasted. Otherwise, it would have been wasted, Hmph."

He did not hide the dissatisfaction and killing intent in his tone.

Yunxiao's face was dark as he said gloomily,'What do you mean I wasted it? It's not a waste if you have to use it? I wonder if elder brother has heard of spiritual energy?"

Di Jia's face flickered with surprise. He stared at Yunxiao for a while, then a strange smile appeared on his face.

...

Yunxiao's hair stood on end under his gaze. He braced himself and said, "If you've heard of it, then you've heard of it. If you haven't, then you've never heard of it. Why are you staring at me like this? I know a friend who likes Tongyang. Do you want me to introduce him to you?"

Di Jia laughed. you're really lucky. I'm sure you still have a little bit of spirit power in your body. When you tried to transform it with your origin power, you couldn't get what you wanted, right? "

Yunxiao's heart jolted as he blurted out, "Right! Why is that so?"

Di Jia revealed a sinister smile. if you want to know the answer, exchange it for a pair of neon stones.

Yunxiao's face darkened as he said in a serious voice, "Other than a piece of aegirine, I might really know the whereabouts of a rainbow stone!"

"Really?"

Di Jia was shocked and suddenly showed a look of great joy.

Obtaining a complete piece of neon stone and obtaining a piece of neon stone were two completely different things.

I don't have much confidence in this, and I can't tell you for the time being, " Yunxiao said in a deep voice. but, I can find a way to help you find out about your clone in the Holy region.

Di Jia's face became gloomy and uncertain, and he said coldly, " I'm determined to get the two rainbow stones. If you can get them, not only can I tell you about the spiritual energy, but I can also tell you the way to enter the ten-direction divine realm under this sky!

Chapter 1230

1230 Strong in the eight days

"What?"

you have a way to step into the ten directions divine realm?! Yunxiao was shocked.

His mind instantly lost control. The shock brought by di Jia's words was too great!

In both his lives, he had been searching for the tracks of the ten directions divine realm, but this was the first time he had heard someone say so with such certainty. He could no longer remain calm.

Di Jia stared at him mockingly and grinned. "Don't forget that I'm the demon Emperor who has swept through the ages. There are very few things in this world that I don't know."

He had an extremely proud appearance, as if everything in the world from ancient times to now was in his hands.

can you tell me the method first?" Yunxiao asked. when I step into the Ten Worlds divine realm, it will be much easier for me to help you find the nihong stone.

are you insulting your own intelligence or my intelligence?" di Jia's face darkened.

"Hehe."

Yunxiao knew that his suggestion was too childish, so he could only laugh in embarrassment.

The two of them talked casually without hiding their voices and looks, which had attracted a lot of attention.

In particular, Yunxiao's exclamation about the ten directions divine realm attracted the attention of a large number of martial artists. When they saw di Jia's face, their faces changed and they left in a hurry.

Some of them even turned into light and flew away after a shiver.

"Over there, over there!"

In just a few breaths 'time, there was a commotion and many powerful auras were approaching.

Yunxiao frowned as he spread out his divine sense and sensed that there were more than a hundred people. brother, we can't stay here any longer. Why don't we talk somewhere else? "

"No need,"

Di Jia said indifferently, " I've said what I need to say. I'm afraid I'm the only one in the heavenly martial arts realm who knows the way to become a God. It's up to you to grasp the opportunity. If you want to be the first person in tens of thousands of years, bring the two stones of Japan to me. "

When Yunxiao saw that he was about to leave, he said anxiously, " "Old brother, why are you in such a hurry? let's have a good talk. Right, I can help you with the matters regarding your clone in the Saint-level,"

"Don't even think about getting information from me through other means."

I'll investigate the matter of the Holy region, " di Jia said coldly. but I can't sense the two stones of rainbow.

then, How can I find you? " Yunxiao asked.

He still wanted to try his best to make him stay. Indeed, as di Jia said, the only person in this world who knew the secret of becoming a god was probably him, the demon master who had traveled through ancient and modern times.

Di Jia said, " I have already planted a seed in your true devil giant spirit. If you want to find me, you will know where I am. Goodbye for today.

With that, he turned and left, ignoring Yunxiao.

However, a storm was already brewing in the dingtian city. Dozens of powerful auras were rolling over like dark clouds.

Hmph! You want to leave?!

Suddenly, a vigorous voice came from the sky. Soon after, countless rays of light slowly gathered to form a large green hand, which broke through the sky without any explanation.

The palm also made a seal in the air. The index finger and ring finger were like two antennae of a snail, pointing directly at di Jia.

The entire city was enveloped by this seal, and it was in imminent danger. The buildings on both sides of the street were directly disintegrated into countless fine powder that was blown away.

The expressions of the hundreds of martial artists in the surroundings changed drastically. They looked at the attack that was falling from the sky in horror, knowing that a peerless expert was coming.

Yunxiao's pupils constricted slightly. The person who could use such a move was most likely someone from the Holy region.

Di Jia's expression didn't change much under the seal, but his body seemed to be overwhelmed. He was directly crushed and disintegrated into a large amount of Black Devil flame.

The demonic flame condensed into a huge hand in the air, its five fingers clenched into a fist, and the surrounding space was compressed into irregular ripples. The fist then punched towards the green Seal.

“BOOM!”

The black flames were like an Iron Fist, directly shattering the mirror-like green Seal and shooting into the nine Heavens. It changed its direction in the air and was about to escape into the distance.

“Hmph, you do have some ability! But since this old man is here, you have to stay!”

A few balls of light appeared in the sky, slowly revealing the figures of three men with cold and angry expressions.

One of them had a head full of white hair and was dressed in a white robe. The two men behind him were dressed in battle armor that shone with golden light. Their burly figures exuded an air of might without being angry, and they emitted the aura of experts.

Yunxiao's expression changed. He seemed to have some impression of this white-haired old man. He seemed to be a Deputy Secretary of the Holy region, but he could not remember his name at the moment.

"It's a powerful person from the eight heavens!"

Suddenly, someone exclaimed in shock and joy, "it's the eight heavenly experts! Haha, these two murderers will be executed without a fight!"

Yunxiao's face darkened as he looked at the man who had spoken, and a look of extreme dissatisfaction appeared on his face. As expected, he had been regarded as one of the murderers.

The person who spoke was stared at by him and immediately shrank back into the crowd in fear.

what are you afraid of? with the powerhouses of the eight heavens here, these two murderers will no longer have the chance to kill.

Someone in the crowd immediately cheered that person on.

In the sky, the white-robed old man's sword-like eyebrows furrowed in anger. He directly formed a seal with his hand.

The dark clouds in the sky started to roll like a dirty marshmallow. They instantly gathered in front of the black flames. A force that could not be seen clearly spread out, causing the space to shake.

Black Flame's escape power was blocked, and he turned into di Jia's figure. He said with a cold face, "I didn't want to be a busybody, but since the three of you are looking for death, then you can really die!"

"Clang!

More than ten profound level weapons shot out from his body and hung in the air. They were all ninth-grade existences and were contaminated by the black Qi. Under his control, they flew forward at a rapid speed under his spiritual will.

More than a dozen ninth-tier profound level weapons burst out with a shocking sound, and the sound waves rippled out. The profound level weapons themselves flew around happily like demonic gods, directly tearing the sky apart.

The entire dark cloud restriction was directly split apart like a piece of wood. More than ten different black trajectories were drawn in the sky, slashing toward the three people of the Holy region.

...

The moment this move was used, the expressions of everyone in the dingtian city changed drastically.

Just the ability to control these dozen or so ninth-tier profound armaments and to unleash the power of the profound armaments to the extreme was enough to step into the ranks of the top experts.

A few people in the crowd had even turned pale, revealing expressions of extreme fear and terror. They were mu Youfeng, Jiang Xiuzhen, Tao Hong, and ru 'er, who had been in the tavern earlier.

As soon as the murderer's trail was found in the city, all the sects, families, and even all the martial artists rushed to the city, and the four of them were no exception. As members of the divine Wood family and myriad treasures store, they had come earlier than the other martial artists. However, di Jia and Yunxiao were talking and laughing on the road in the distance, but they did not dare to come forward.

At this moment, seeing di Jia's means, the four of them felt a lingering fear and a chill.

Jiang Xiuzhen and peach Blossom's faces were even paler, without a trace of blood.

watch out! eight tianqiang's expression changed drastically as he shouted.

His body moved slightly, and a sharp Qi bloomed from his hand, and a cold light shone on the water. A thin Willow-leaf blade flickered a few times and slashed towards those profound level weapons at an extremely fast speed!

"Bang! Bang! Bang! Bang! Bang! Bang!"

Every time he slashed, a profound level weapon would be shaken off. Everyone could only see a dazzling ray of light flying around him.

Each of the profound level weapons had been controlled exquisitely. It was not a simple slash. Every strike could appear from an extremely tricky position, and in an instant, BA tianqiang was suppressed to a disadvantage.

...

After eight days of body strengthening, the two armored men's faces also changed greatly, and they hurriedly drew their swords to attack.

"Bang!"

The sword broke with the sound, and the man's entire body was directly cut open. The upper half of his body flew off, and his face still had a stunned expression, as if he couldn't react in time.

"?!"

The other companion sucked in a breath of cold air, revealing a terrified expression, and instantly raised his origin power to the extreme.

“Be careful! Quickly retreat!”

Eight tianqiang’s body also trembled as he hurriedly shouted to the other person. At this moment, he realized that he had misjudged his opponent, and he was afraid that he had caused great trouble.

“Bang!”

As soon as he finished speaking, a copper hammer appeared out of nowhere, broke through the void, and smashed the man’s head into pieces.

“Ah?”

All the martial artists watching the battle below had their mouths wide open in horror. Their eyes were wide open, as if they couldn’t believe it.

” Damn it!”

Eight tianqiang’s eyes widened in anger. His eyes were almost spewing fire. Two high-level martial Supremes had died just like that!

He had completely gone berserk. The blade in his hand was faster and faster, forming a dense net of blades. It turned into a layer of green light around his body, constantly shaking away those profound level weapons, as if he was trying to break out of the trap.

whether you deserve to die or not, ” di Jia sneered. it all depends on strength.

He made a hand seal and spread it out in front of him. A Black Nebula appeared and expanded to several feet in size.

Yunxiao's pupils constricted and slowly turned into a Blood Moon as he stared at it.

When he used the true fiend Dharma idol, the profound meaning of this move would also inexplicably appear in his mind. It should be a tiny imprint left behind by the demon Lord Monarch in the demonic essence, but he could not control the essence.

At this moment, as soon as he saw di Jia's move, he understood that it was the same move. He immediately stared at it without blinking.

After the black Nebula appeared in front of di Jia, more than ten ninth-tier profound armaments suddenly condensed in the air and flew back in an instant. They all entered the Nebula and rotated with the black Power.

The entire sky had turned dark, as if the night sky had suddenly descended.

More than ten pieces of profound level weapons were rolling around in the black Nebula, like a pot of cooking ingredients, floating up and down.

Eight tianqiang's face was filled with fear, and his entire body was drained of blood. He gritted his teeth, turned around, and turned into a beam of light, trying to escape.

"This old man can't beat him, but I can at least escape!"

His actions immediately caused everyone in the city to fall into a daze, but no one had the time to ridicule him, because that world-destroying power made everyone tremble with fear.
