

The Eternal 1231

Chapter 1231-star Jade explosion

Di Jia raised his eyebrows and sneered, "Escape?"

The Nebula in front of them suddenly grew larger. In that instant, everyone's hearts trembled. They were shocked to find that the entire dingtian city, and even the entire world, was within this Black Nebula!

Boundless fear spread in everyone's heart. Many people were scared silly on the spot, their mouths wide open and unable to speak.

Eight sky-Strong's body also trembled. Only now did he understand the horror of this move. His whole body turned cold all of a sudden. He hurriedly circulated his vital Qi to the extreme and poured all the Emperor Qi of the nine Heavens that he had gathered in his life into the saber.

Di Jia sneered. a Mantis trying to stop a chariot. Star Jade: explode!

With a soft voice, the entire Nebula vortex directly pressed towards the center of the eight heavens. It was as if countless celestial bodies were revolving in the universe. This kind of great power was already beyond the reach of humans.

Eight sky-strength fearfully slashed out with his willow blade. The blade trembled violently under the terrifying force.

The moment the saber radiance appeared, it was immediately annihilated and devoured by the endless darkness.

Yunxiao looked down at the sky in a daze, unable to hide the horror in his heart.

He was the only one in the entire dingtian city who had clearly seen the profound meaning of that move. It had actually drawn out the power of more than ten ninth tier profound armaments, condensed them into star jades and exploded!

Everyone's way of using profound level weapons, without exception, was by pouring their primordial power into the profound level weapon to stimulate the profound level weapon's own power to suppress the enemy. And this method of extracting the profound level weapon's power out of thin air was simply unheard of.

Not to mention that he had used the power of more than ten ninth tier profound armaments at once. Not to mention eight heaven experts who were at the beginning of nine stars, even peak nine stars experts would be defeated by this move!

What made him even more fearful was the faint imprint left on the true fiend celestial body. It seemed that every time he used this move, he would throw the profound level weapons in his hands into the true fiend celestial body. And the six profound level weapons of the demon Lord Monarch were the six paths demonic weapons!

Yunxiao felt his throat go dry. At this moment, he finally understood how terrifying the demon Lord Monarch was. If the man in front of him restored his true form, who in the world could stop him?

Even if all the Super forces worked together, they would not be able to resist the six paths demonic weapon's star Jade explosion.

This was the first time he had such a feeling of extreme fear, as well as a sense of powerlessness that he had never felt before.

However, he also noticed that although di Jia had exquisite control over those profound level weapons, he could only draw out a part of the power when he used the star Jade explosion.

He didn't know if it was because of the bottleneck of this move or because di Jia's cultivation was too weak at the moment.

But even so, this person was definitely an extremely terrifying existence. The saying that he had dominated through the ages was not an exaggeration at all!

“Heavens! What kind of people could suppress such a terrifying existence? Then why don’t you just kill him?”

Yunxiao’s mind was in a mess.

The darkness in the sky gradually dispersed, leaving only di Jia standing in the sky.

There were still more than ten profound level weapons that quietly appeared in front of him. Under his spiritual will, they all flew back into his body. Even the ninth grade willow leaf saber that was left behind after eight days ‘death was also kept.

These ninth tier profound armaments were originally left behind by the experts he had killed.

Di Jia looked down at Yunxiao and chuckled, “ come find me when you get the Nihon twin stones. I’m looking forward to your good news.

His body gradually turned into black flames and disappeared into the sky. No one dared to stop him anymore.

“Swish!”

All eyes were on Yunxiao at once, and many people even flew backward, leaving an empty space with a radius of several acres. No one dared to approach him.

Jiang Xiuzhen, who was caught in the crowd, also wanted to retreat, but his legs were trembling so badly that he couldn’t move an inch.

Mu Youfeng was still fine. Although he was also in a state of shock, he still had the calm composure of a Big Shot and gave a look.

Peach blossom and ru 'er understood at the same time. The two of them grabbed Jiang Xiuzhen by his left and right sides and retreated several hundred meters away. However, their gazes towards Jiang Xiuzhen were filled with extreme contempt, disgust, and contempt.

It was only then that Yunxiao came back to his senses from the complicated feelings. He smiled wryly at the crowd and said, " "Why are you all looking at me like that? I'm not on the same side as that person, I just know him."

No one answered. They all stared at him vigilantly, all nervous.

"I really just know him. His actions have nothing to do with me. Don't accuse a good man."

Yunxiao explained patiently. Although he was not afraid of these people, he did not want to be blacklisted by the Holy region and be hunted down by the whole world for no reason.

"They're in cahoots, I can be a witness!"

A warrior suddenly shouted, " I saw them drinking in a Tavern earlier. They're definitely accomplices!

This person was one of the martial artists from the tavern. His companion beside him also shouted, " "Right! I saw them too. They were talking and laughing on the street. They were clearly good friends."

not only did we see them, " the person from before added. Lord mu Youfeng of the divine Wood family was also present. He even came into contact with the two of them!

Mu Youfeng's face turned pale.

Everyone's eyes immediately gathered on him. Peach blossom and ru 'er's faces were also pale. Jiang Xiuzhen was still under di Jia's threat. He took a long time to come back to his senses and kept trembling.

"Is it true? Lord mu Youfeng."

A high-level martial Supreme elder said in a deep voice, "If this person is really the murderer's accomplice, then we have the obligation to capture him and hand him over to the sanctuary for punishment!"

He glanced at Yunxiao out of the corner of his eye and said, "although this person also has the cultivation of a high-level martial Supreme, judging from his appearance, he has only just broken through to seven-stars. We can still capture him easily if we work together!"

Mu Youfeng's face turned pale, and bean-sized beads of sweat rolled down his forehead. After seeing the power of di Jia, he dared not cause such big trouble. But if he denied it, he would have to bear the consequences if the Holy region investigated.

The most difficult decision in his life was placed in front of him. He wiped the cold sweat on his face and gritted his teeth. "I don't know. I've never seen this person before."

"Lord you Feng, you're so cowardly!"

The warrior from before was shocked and furious, and he angrily rebuked, the divine Wood family is considered a respected and indomitable existence in dingtian city. I didn't expect you to be so afraid of death, mu Youfeng. You don't even have the courage to point it out!

Many of the surrounding cultivators began to whisper, revealing contemptuous and mocking expressions. The people from the other forces in the city were all smiling, secretly happy.

Mu Youfeng's face was as ugly as cured meat, and his eyes were like those of a dead pig. He gritted his teeth and said, "I've never seen him before."

After he finished speaking, his wrinkled face became hot, but his heart was relieved, like a hanging stone falling to the ground.

If he offended the sanctuary, he would at most be punished and punished, and he would just have to find a way to deal with it. However, if they offended that fiend from before, it would be a calamity that would annihilate their entire clan!

After weighing the two, he would rather lose face and ruin his reputation than offend that fiend. Furthermore, he had laughed at the wrong person in the tavern. He was already very grateful that The Fiend didn't kill him.

...

"Haha, everyone believes me now, right? I'm really innocent."

Yunxiao spread his hands and turned to leave.

"Hold on!"

The high-level Martial Emperor old man shouted in a deep voice as he flashed to Yunxiao's side and opened his arms to stop him. even if you're not jackals of the same tribe, at least you know the murderer. You must stay here and wait for the people from the Holy region to come. You must explain everything clearly!

there's nothing to explain," Yunxiao said. I just met him not long ago.

"Whether there's anything to explain or not, it's not up to you to decide!" The old man sneered.

He stretched out his hook-like fingers and reached for Yunxiao's shoulder.

Yunxiao's face darkened. With a cold glint flashing in his hand, he thrust out the frost Sword.

"?!"

The old man was shocked. He felt a chill run down his spine. Not only was his hand cold, but he also felt a chill running up his spine. It was as if the young man in front of him was not an ordinary high-level martial Supreme.

He was so scared that he quickly retracted his hand, but it was too late. He only saw a stream of blood spurting out, and three of his fingers were directly cut off by the cold sword.

...

“You coward!”

The old man was shocked and angry, but he quickly suppressed his anger. When he saw Yunxiao’s cold face and the mocking smile on his lips, he immediately understood that the other party had shown mercy just now.

His face turned pale and he hurriedly retreated to the side, not daring to block her path.

A few high-level martial sovereigns had stepped out from the crowd and were about to join forces to attack. When they saw the situation, they were instantly stunned on the spot and could no longer move their feet.

They all had extremely sharp eyes. Yunxiao’s attack just now was very casual, and if he had put a little bit of thought into it, the old man would have been killed by it.

Mu Youfeng’s eyes were also filled with shock and fear, and his palms were covered in cold sweat. He was secretly glad that he had made the choice.

“I’ll say it again, I’m not with that person. Please don’t cause me any more trouble.”

After saying that, Yunxiao sighed, then turned into a bolt of lightning and fled.

He had wanted to use the teleportation formation in dingtian city, but now he changed his mind. He turned into a bolt of lightning and left. He planned to use the teleportation formation at the nearest town to avoid being locked on by the people of the sanctuary.

After Yunxiao left, the entire dingtian city immediately boiled over and became very noisy.

With a pale face, peach gritted her teeth and said, "He, he left? They ... They ... Wuwuwu ... Have they really left?"

Only then did her body begin to tremble. She had been in a state of shock before, but now, tears were streaming down her face. She was so scared that she cried.

Mu Youfeng heaved a sigh of relief and said, "He really left,"

Ru'er was also so frightened that she began to cry softly. "Lord you Feng, will they come back? They won't come looking for trouble with us, will they?"

Chapter 1232

1232 The spirit Thunder fruit

Mu Youfeng's face was livid. He shook his head and said, "such an expert wouldn't even bother to deal with us. If he wanted to kill us, he could have just casually killed us just now.

Mu Youfeng's words slowly freed the two women from their fear, but their faces were still pale, and they looked pitiful.

"Hmph! The divine Wood family lives up to their reputation. Your heroic performance today has opened everyone's eyes!"

The martial artist from before glared at mu Youfeng and said coldly, "I will tell the law enforcer everything that happened today."

"Whatever," mu Youfeng snorted.

Having just returned from the gates of hell, mu Youfeng felt extremely tired and didn't care about anything else.

“Go back, go back, I want to go back, send me back quickly!”

Jiang Xiuzhen suddenly shouted, send me back quickly! Those two evil demons will come and kill me!

Mu Youfeng forced a smile and said, “Elder Jiang, they’ve already left. They won’t be coming back.”

“Who said he won’t come back? Hurry up and send me back!”

Jiang Xiuzhen almost roared as he grabbed mu Youfeng’s collar and said angrily, “It’s all your fault, all your fault! If it weren’t for you, I wouldn’t have met those two demons, and I wouldn’t have ridiculed them and offended them for no reason! You’re really the bane of my life! I’ve been taking care of the divine Wood family, but you’ve come to harm me!”

Mu Youfeng felt extremely disgusted, and he wanted to kill him with a slap. He still had the face to say that. If he hadn’t ridiculed her, she wouldn’t have to lie and embarrass herself in front of the entire city.

However, his rationality still triumphed over his emotions, and he said, “Since elder Jiang wants to leave, I’ll send someone to make the arrangements.”

Only then did Jiang Xiuzhen let out a heavy sigh of relief. His entire body seemed to have collapsed, and he almost sat on the ground.

Tao Hong and ru ‘er’s faces were filled with undisguised contempt and disdain, as well as endless loathing. When they thought of the good-for-nothing in front of them, who had previously used his hands to grope around their bodies, they felt a wave of retching, almost to the point of vomiting.

After flying away from dingtian city, Yunxiao changed his direction several times dozens of miles outside the city. After making sure that no one could catch up with him, he flew in a fixed direction.

The town closest to dingtian city was called Seawood town. From the map of the North Region that he had bought, the population of this town was not large, but it had a medium-sized teleportation array that could reach at least one-tenth of the towns in the North Region.

He recalled the description of this town in the Jade slip: Seawood town was located in the North Sea and was one of the 31 small towns under dingtian city. It was controlled by the divine Tree family.

The North Region was not only the region with the densest spirit Qi on the heavenly martial continent, but it was also the largest region. It was tens of thousands of miles wide. Even a peerless expert would not be able to fly around the North Region without decades if they were to fly directly.

In Yunxiao's previous life, he had never heard of the divine Wood family or Seawood town, but now he was a little interested.

It wasn't just because Seawood town was the closest to dingtian city, but also because the map said that this town was rich in a Divine Tree called the rootless green tree. It was said that it was a variant of the ancient evergreen tree that could bear a kind of fruit.

The tree bloomed once every thirty years, bore fruit once every thirty years, and the fruit would only mature after another thirty years. It was called the spirit Thunder fruit and was a precious natural treasure.

As the name suggested, this fruit was of the lightning attribute and had great benefits for lightning attribute martial cultivators.

Yunxiao also knew about this fruit. Although it was a rare treasure, it was not extremely rare. He had obtained it before, but he did not know that it was produced in Seawood town.

Lightning attribute heavenly treasures weren't rare in the world, and there were many existences that could surpass them. However, any heavenly treasure was extremely rare, and only this fruit could be mass-produced through artificial cultivation.

He didn't care about this in the past, but now that he had the lightning technique, he had reached a certain bottleneck. If he wanted to break through, he would probably need a great opportunity.

The spirit lightning fruit just so happened to be on his path, so it wouldn't take long for him to learn about it. Perhaps he could find an opportunity to break through the bottleneck of his lightning technique.

He transformed into a bolt of lightning and flew through the sky. After a few days, he finally arrived at Seawood town.

Although he could not see the town, he could see a few beams of light flying toward him.

Yunxiao stopped and looked puzzled, because he could sense that the few beams of light seemed to be coming toward him.

As expected, three figures directly manifested in front of him.

There were two men and one woman. One of them was a hunchbacked old man, the other man wore a green hat and had phoenix-like eyes, and the last woman had a broad face and a large body. She was dressed like a peasant woman and was simple and unadorned.

Yunxiao saw through the cultivation base of the three men at a glance. The hunchbacked old man had the strength of a six-stars Martial Emperor, while the other two were five-stars.

He could not help but be surprised. Although the overall strength of the martial artists from the North Region was higher than that of the other three regions, it was not easy to see existences with mid-stage Martial Emperor cultivation, let alone three of them in such a remote town.

The three of them were shocked and suspicious because they found that they couldn't see through the cultivation of the young man in front of them.

The hunchbacked old man sized Yunxiao up and asked with some uncertainty, "Friend, are you going to Seawood town?"

Yunxiao frowned slightly and said, "Where else can we go in this direction other than Seawood town?"

The hunchbacked old man immediately laughed and said, "Looks like I didn't get the wrong person. Friend, you must be here for the spirit lightning fruit."

let's not talk about why I'm here, " Yunxiao said. why are you here? "

"If you're here for the spirit lightning fruit, then we're here for you," the hunchbacked old man chuckled.

"Oh? If the three of you have anything to say, please get straight to the point."

Yunxiao slowly put his hands behind his back, looking like he was all ears.

The three of them frowned slightly. Although they could not see Yunxiao's cultivation base, they could see his true age, which was around twenty years old. So, they did not think that he was stronger than them.

However, seeing his fearless appearance, he couldn't help but feel a little suspicious.

The man with Phoenix eyes and a green hat said, " "Then let's be direct. Since you didn't go through the teleportation formation and came directly from the set Sky City, you must be looking for a lot of spirit Thunder fruits. We're here to receive honored guests like you."

Yunxiao was a smart man, so he immediately understood what was going on. "Are you guys smuggling the spiritual lightning fruits?"

All three of their expressions changed and gloominess flashed across their faces, but they quickly returned to normal.

The hunchbacked old man coughed a few times and said, " "You can't say things like that. Smuggling spirit lightning fruits is the biggest taboo of Seawood town, and you'll be hunted down. We're just wholesale."

"Yes, wholesale!"

The square-faced woman also said.

is there a purchase restriction in Seawood town? ” Yunxiao asked with a frown. is there a restriction on the purchase of spirit Thunder fruits? ”

The three men were taken aback, and then they looked at Yunxiao again with strange expressions. The man with the Phoenix-shaped eyes glared at him and said, ” “How come you don’t know? Are you not here to buy the spirit lightning fruit?”

I really don’t know, ” Yunxiao said. please tell me the details.

...

The Phoenix-eyed man’s face immediately darkened. He sneered, ”Don’t try to play any tricks. If it wasn’t for the spirit Thunder fruit, why would you spend several days flying here from the set Sky City?”

I was going to go to another place, ” Yunxiao explained. but something went wrong during the teleportation, and I was teleported to a place ten thousand miles away from here. That’s why I came to Seawood town, and I plan to leave through the teleportation array here. However, I’m also very interested in the spirit lightning fruit.”

In order to prove his theory, he raised his hand. A trace of green lightning flashed on his fingertip and disappeared.

The three of them narrowed their eyes, especially the hunchbacked old man, whose eyes flashed with extreme shock and fear.

The power of thunder and lightning Yunxiao had just unleashed was so pure that even he, who majored in Thunder-elemental cultivation techniques, could not compare to it.

“Ahem, it’s good that you’re interested in the spiritual lightning fruit.”

The hunchbacked old man coughed a few times before he said, "The rules of Seawood town state that anyone can only buy a limited number of spirit lightning fruits, and they must undergo extremely strict management and registration. Even a high-level martial Supreme can only buy a hundred of them per person."

After saying that, he stared cautiously at the change in Yunxiao's face, trying to find some clues.

This was because he had always been suspicious of the other party's cultivation. It was impossible for him to become a high-level martial Supreme at such a young age. At least, even the famous four prodigies of the North Region could not do it.

"A hundred? That's not enough!"

Yunxiao's face darkened as he snorted and said, "the spirit lightning fruit is only the size of a thumb. For an expert who specializes in Lightning God art, 10000 of them would barely be enough.

...

"?! Ten thousand!"

All three of them gasped, obviously frightened by the number Yunxiao had blurted out.

"How many do you want, friend?" the square-faced woman asked.

how many can you provide?" Yunxiao asked.

The square-faced woman's lips moved. She wanted to say something but stopped. She turned to look at the hunchbacked old man. It was obvious that the hunchbacked old man was the backbone of the three.

This was extremely normal. In the world of martial artists, the strong were respected.

The hunchbacked old man said, " we definitely can't take out 10000. In fact, we don't have much in stock. We just save some on a regular basis. Plus, we bought some from everywhere. We only have about 1000.

Yunxiao sneered in his heart. He knew that the hunchbacked old man must be lying. How could three mid-stage Martial Emperor experts wait outside Seawood town to find a buyer for a mere thousand spirit Thunder fruits?

"If that's the case, there's nothing to talk about," he said. A thousand is far from what I need. I'd better go directly to Seawood town to take a look."

The hunchbacked old man didn't stop him and stepped aside, " then there's no other way. This way please, friend.

Chapter 1233-Seawood town

The square-faced woman seemed to want to say something, but her body moved slightly. The Phoenix-eyed man's eyes flashed, and only the hunchbacked old man remained expressionless and calm.

Yunxiao saw the expressions of the three men, and he could not help but sneer. Without saying a word, he turned into a beam of light and left for Seawood town.

As the square-faced woman watched Yunxiao disappear in front of her, she could not help but say, "Old tuo, it's not easy to find a buyer, and it's such a big deal. Why are you so hesitant?"

say no more, " elder tuo interrupted. this man is not simple. We must be careful.

The Phoenix-eyed man's expression changed and he said in surprise, "Elder tuo, you're saying that his cultivation base is not really a high-level martial Supreme, right? I see that his bone age is only around 20 years old. If his cultivation is weak ..."

The expressions of the three of them were not too good. If what they saw was true, it was a little too heaven-defying, so heaven-defying that it was unbelievable.

The man with the narrow eyes steadied his mind and said, " among the rising stars of the heavenly martial continent, the four prodigies of the North are the most respected. I've met young master beiming Laifeng and young master Li Feiyu before. They are indeed very talented. However, with their talents, they can only reach the mid-stage martial sovereign realm at most.

"Yes, there's something fishy about this, so I have to be careful," elder tuo said in a deep voice. But you're wrong about one thing. Among the rising stars of the continent, there's still one person who's firmly above the four prodigies of the North Region!"

The man's expression changed, and he said in shock, " Are you talking about li Yunxiao, who was called the number one rising star by Jiang Churan, the former city Lord of Red Moon City? "

Yunxiao? " the square-faced woman was also surprised. is this man Li Yunxiao? " The red moon City had wanted this person for more than a year, but there was no news at all. He seemed to have completely disappeared like Jiang Churan. I've also heard rumors that he had already died."

"How can rumors be trusted?" elder tuo asked. Being wanted by the red moon City, no one would have a good life. It's very likely that this kid has been hiding somewhere and cultivating for a year and a half before coming out."

"Then what should we do?" the square-faced woman asked. She rolled her eyes and said, " why don't we inform the red moon City of this? I heard that the reward is extremely generous. It's not worse than the hard work we're making.

"I'm just guessing," elder tuo rolled his eyes at her,"but there's no such coincidence in this world." It's more likely that he has a treasure that can conceal his cultivation base, or he's not a member of our clan."

"If it wasn't a human, we'd be able to see through it with our eyes," the man nodded."It must be some kind of treasure that can conceal one's cultivation base." I should've tested him a little just now."

The square-faced woman's face turned cold, and she said, " "Why don't we catch up now?"

no! old tuo shook his head and said, " it's still the same four words: be careful! If he really needs 10000 spirit lightning beads, we're the only ones in Seawood town who can provide them. He'll eventually come to us."

"But what if he's just spouting nonsense and doesn't want so much?" the square-faced woman asked. With so many goods in our hands, we can't just sit still!"

The Phoenix-eyed man was also worried. I only wish to sell these items as soon as possible. If the divine Tree family finds out, I'm afraid we'll be reduced to ashes.

A light flashed through old tuo's eyes, " "No rush! They're even more anxious than we are. Moreover, I heard yesterday that Jiang Xiuzhen of the myriad treasures store also came to this town. It's very likely that he's here for the spirit Thunder fruit."

"Jiang Xiuzhen? The Grand Deacon of the ten thousand treasures store who is in charge of the affairs of dingtian, Dinghai, and the other three cities?"

The Phoenix-eyed man's face lit up. "If this person really is here, there might really be a chance to get rid of it. I've heard that he's insatiable and lecherous. He's a very good person to communicate with."

"I can't think of anything else for someone of his status to come to Seawood town other than the spirit lightning fruit," elder tuo nodded. However, as soon as Jiang Xiuzhen appeared, he had been targeted by all the forces. It was extremely difficult to contact him, but they should be able to find a way. We'll continue to wait for the buyer here. As for the young man, Jian Jia and Liu Huai, I'll leave them to you. Remember, be careful and don't do anything out of line."

"Yes!" The Phoenix-eyed man said seriously. Don't worry, elder tuo."

"With this person's relationship with the divine Tree family, why would he come to Seawood town?" the square-faced woman asked suspiciously.

Hmph, the divine Tree family is nothing!

A disdainful look appeared on old tuo's face, "Without that power, how could a small character like the divine Wood family control such a large market in Seawood town? Although the divine Wood family originated from Seawood town, they're only puppets, and they don't get a lot of spiritual lightning fruits."

it would be great if the myriad treasures store really wanted to come in, " the man with the narrow eyes recited. we can take advantage of the chaos and make a big profit!

The three of them looked at each other and smiled. Their figures gradually faded and soon disappeared in the sky.

After flying for several hours, Yunxiao saw the vast North Sea. A small city stood on the seaside, extending from the land to the sea, like an Island floating on the sea.

The surroundings were filled with emerald green forest trees that stretched out to tens of thousands of acres, like a green forest.

The forest was made up of extremely tall ancient trees, their roots reaching deep into the sea and not connected to the soil. The roots of countless ancient trees intertwined in the water, forming a huge net that occupied the entire seaside.

Yunxiao recognized those giant trees. They were the towering ancient trees carved on the token of the divine Wood family, the rootless green trees that produced spirit lightning fruits.

He used the lunar pupil to look down and could not help but be slightly shocked. In the sea area with a radius of hundreds of acres, there were restrictions, as if a huge array was hidden in the sea below, directly enveloping the entire small city and all the rootless trees.

such a Grand array requires a lot of resources just to maintain its operation. The divine Tree family doesn't seem to be as trashy as I thought.

Yunxiao stared at the giant trees and jungles. The faint thunder element coming from them made his heart race. Crackling Thunder flashed across his body as the Thunder art was triggered by the huge field energy below.

“I didn’t think that there would be such a Leylin’s lightning ocean. There are so many wondrous things that can’t be counted.”

Yunxiao’s heart was filled with joy. With a few flashes, he landed on the ground and ran toward the small city.

There was almost no one outside the city. Because this place was remote, all the people came and went through the teleportation array.

There were only a few lazy cultivators guarding the city gate. They sat cross-legged in the air and cultivated.

One of them opened his eyes and revealed an unhappy expression. “What is it called? Where did it come from? Name? Which sect? What are you doing here?”

Li Feiyang, ” Yunxiao said. I’m an itinerant cultivator who doesn’t belong to any sect. I made a mistake during the teleportation and landed outside the city. I’m here to purchase some spirit Thunder fruits. I’m a seven-stars martial Supreme.”

The man’s brows twitched slightly, revealing a slightly surprised expression. His cold expression eased a lot as he said, you have the cultivation of a seven-stars martial Supreme at such a young age. You are quite talented.

He took out a Jade token, drew a few times in the air, and inserted a few seals.

The Jade medallion flickered in the air as dozens of golden beams of light converged into it, condensing into some strange symbols on it before flying toward Yunxiao.

“This is your identity card, keep it well. This is an essential item for purchasing the spirit lightning fruit. Any transaction will be recorded on it. This token will accompany you for the rest of your life, and you must use it whenever you come to Seawood town.”

Yunxiao took the Jade token, thanked him, and headed into the city.

The man looked at his disappearing back and said, " he's already a seven stars martial Supreme at the age of twenty. He's considered a top genius on the continent. What's more, he doesn't belong to any sect. I wonder if we can take him in.

The few people who were cultivating behind him also opened their eyes slightly.

One of them sneered,"no sect?" I can see that this person's aura is restrained, and the cultivation of that seven stars martial venerable is also unstable. It seems that he is not as simple as he looks on the surface."

"Indeed. Although he is only a seven-stars martial Supreme, I don't know why he gives me a feeling that he is unparalleled," another man said.

"What?"

The other people all became shocked. The man who made the Jade token even changed his expression greatly and said in shock,"Is there a mistake? You have the cultivation base of a two-stars Martial Emperor, and your martial Dao is the art of cultivating the heart. You're extremely sensitive and accurate to all kinds of unknown senses."

The man smiled bitterly,"of course you know that my martial arts is a heart cultivation technique, so how could you have sensed it wrong?" That young man must have concealed his true cultivation level. If I'm not wrong, it's highly possible that he's already a mid-stage martial sovereign."

...

"?!"

Everyone was shocked, and one person said, " did he hide his age as well? perhaps he's an old monster over a hundred years old? "

The man shook his head and said, "unless it's one of the legendary heaven-defying divine abilities, there's no way a person can hide their bone age." Furthermore, even if he has cultivated those divine abilities, my senses can't be wrong. He really is only around twenty years old."

"Haha, although I've always admired your heart-sensing technique, this time I won't believe it no matter what."

"A mid-stage martial sovereign in his twenties? even the four prodigies of the North aren't as heaven-defying as him," one of them sneered.

"I hope so," the man said after a moment of silence, "I also hope that my senses are wrong." He looked in the direction of the city, his eyes filled with doubt.

The person who made the Jade card thought for a while and said, "everyone has their own ambitions. This person may have his own ideas for hiding it from him. As long as it doesn't endanger Seawood town, we can't care so much. Let him be.

"That's right," one of them nodded. A mid-stage Martial Emperor's cultivation base won't have much of an impact on Seawood town, so it's better to avoid unnecessary trouble."

He then closed his eyes and continued to cultivate.

The rest of the people also gathered their thoughts and stopped thinking about other things as they began to meditate.

Chapter 1234

1234 Amang

Yunxiao did not expect that someone would see through his disguise as soon as he entered the city, and he began to wander aimlessly in the city.

the number of people entering Seawood town seems to have increased recently. I can see martial Supreme-level powerhouses on the streets.

“That’s right. The city has been under martial law all of a sudden. The chief of the divine Wood family, mu Youyun, is personally overseeing this place for the sake of this great harvest.”

yes, this year is the year with the most spirit Thunder fruit harvest. Nearly one-tenth of the rootless green trees have ripened this year. No wonder it has caused such a stir in the world.

hehe, many trees that have not yet reached maturity have also borne fruit earlier under the powerful lightning energy. The next thirty years will probably be the thirty years when the production of spirit lightning fruits will be seriously exhausted.

Everyone on the street was talking about the spirit lightning fruit, and they were very excited about this year’s large harvest.

With a sweep of his divine sense, Yunxiao found that most of the Warriors here were Thunder cultivators, while the rest were basically merchants. He could not help but feel a little strange when he found that there was no branch of the seven Chambers of Commerce here.

“Sir, this Sir.”

Suddenly, a mischievous kid beside him jumped out and showed a fawning expression, saying, “My Lord, are you here to buy the spirit Thunder fruit?”

Yunxiao sized up the young man in front of him. He was about fifteen years old, and his cultivation base was only at the level of a great Martial Master.

Moreover, there was a faint burning sensation coming from the youth’s body, indicating that his primary element was most likely fire and not lightning. He must be a local martial artist.

Yunxiao was also experienced and knowledgeable, so he naturally understood what the young man meant. He smiled and said, “You want to be my guide?”

The young man knew that there was a chance as soon as he heard this. He hurriedly said in joy, "Yes, yes, yes! I'm among, I grew up in Seawood town. I'll definitely be able to bring you the best spirit Thunder fruit!"

'The best?' Yunxiao asked. There are different grades of spirit lightning fruits?"

"Of course!" Amang laughed. Ripened spirit Thunder fruits were also divided into five levels: defective, inferior, genuine, high-grade, and top-grade. The energy contained in each level was very different. And every Lord who comes to Seawood town can only buy a limited number of fruits. If you all buy defective ones, then you'll have no tears to cry."

Yunxiao smiled wryly. there's so much to pay attention to? Alright, I'll hire you as my guide."

I'm asking for a very low reward, " amang said, overjoyed. five Supreme-grade primordial stones a day will do.

It was not a low price, equivalent to fifty thousand medial-grade primordial stones, but it did not matter to Yunxiao.

Amang was quite observant. Seeing that the other party had no reaction, he knew that the price had been accepted. Other than being happy, he also felt that it was a pity that he had not made a higher bid.

"I wonder what's your cultivation realm?"

Amang asked tentatively. When he saw Yunxiao's face darken, he hurriedly explained, "It's like this, the limited number of spirit lightning fruits each Lord can buy is closely related to your own cultivation."

seven-stars martial venerable, " Yunxiao said. I'm a seven-stars martial venerable.

"?! So high?"

Amang jumped in fright and immediately showed a respectful and envious expression.

The man in front of him did not look much older than him, but he did not expect him to have a cultivation base that was as different as heaven and earth. He had thought that the man was at most a martial Grandmaster or Martial Emperor, which was why he dared to come forward and ask for his recommendation. If he had known that Yunxiao was a high-rank martial honor from the beginning, he would not have dared to come forward.

He held back his excitement and said, "a seven-stars martial venerable can buy forty spiritual Thunder fruits!" Don't worry, I'll definitely find you the lowest quality spirit lightning fruit!"

"Forty?"

Obviously, Yunxiao thought it was too little. When he looked down from the sky just now, he saw at least hundreds of thousands of them in the dense rootless trees.

that's right. Even a martial sovereign of the nine Heavens can only purchase 50 pills.

"My Lord," among said seriously, "don't look at how small this amount is. If all 50 of them are of high quality, it's enough for a high-level martial honor to use for a year. This was also one of the considerations when we decided on the annual allocation."

The amount was similar to what old tuo had said outside the city. Frowning, Yunxiao said, " "What if he's a high-level martial Supreme? I heard that even a high-level martial Supreme can only purchase a hundred of them?"

"That's true," among smiled. However, the number of high-level martial sovereigns on this continent was too limited. Moreover, high-level martial sovereigns who majored in lightning were even rarer. Most martial artists would minor in lightning-type divine abilities. Moreover, at their cultivation level, it would be difficult to maintain ten thousand for a year. They had to find a purer Thunder attribute treasure, so a hundred was only a symbolic number. Otherwise, as long as the big sects send a high-level martial Supreme, they'll divide the entire market of spirit Thunder fruits."

I see! Yunxiao nodded. how many spirit Thunder fruits can be produced every year? "

“When it’s good, there are more than 50000. When it’s bad, it’s hard to even get 10000.” Amang said. He sneaked over and whispered, “ a lot of these are to be transported to the major forces, and less than half of them are actually circulated in the world. When the year is different, there’s no one to buy them on the market.

I just heard someone say that nearly one-tenth of the rootless green trees have matured this year, ” Yunxiao said. how many are there? ”

“I don’t know what’s going on this year, but a large number of fruits have ripened. A rootless tree will bloom once every thirty years, bear fruit once every thirty years, and only ripen after another thirty years. The cycle time for a tree to bear fruit is ninety years, so it should bear about one-tenth of a ripe fruit every year. But now, one-tenth of it has already ripened. I estimate that nearly two hundred thousand fruits have ripened, and from the looks of it, there are still a large number of fruits that are about to ripen.”

so, it’s really strange? ” Yunxiao frowned. it’s strange, right? ”

that’s right. I don’t understand what happened this year at all.

“At this rate,” amang said with a strange expression, “the next 10 years, or even longer, will be a time when there will be a shortage of fruits.”

the rare fruits of heaven and earth have their own spirituality, ” Yunxiao said solemnly. they will never mature together for no reason. There must be a reason.

Amang’s face was filled with confusion. that’s not something I can know. However, I heard that the divine Tree family has indeed sent people to investigate.

do these spirit lightning fruits really belong to the divine Tree family? ” Yunxiao asked suspiciously.

Such a huge amount of resources was not something that the unknown Divine Tree family could take. Just the array that he had sensed when he was in the air just now contained an extremely powerful killing intent.

If a sect had occupied this town and worked hard for a long time, it would have become famous long ago. It was not possible that he had not heard of it.

Amang's expression suddenly changed, as if he was a little afraid. He said with an ashen face, "Of course, of course it belongs to the divine Tree family! My Lord, please don't listen to these rumors!"

"Oh?" Yunxiao asked. What kind of rumors are they?"

"No, there are no rumors. Let's not talk about this." Amang hurriedly said. These things won't be of any benefit to Your Excellency's purchase of the spirit lightning fruit."

Yunxiao immediately understood when he saw his expression. His guess was right. The divine Tree family should be a puppet.

After all, with such a large amount of resources, there were many people who were stronger than the divine Tree family in the coastal area. Even if the divine Tree family was good at management and carried favor with various factions, as long as they were not strong enough, there would definitely be people who would come out to seize resources.

The world was cruel. The strong preyed on the weak, and only with great strength could one obtain great resources.

He had no interest in the power behind the divine Wood family. He was only interested in the spiritual lightning fruit and the reason for the ripening of so many fruits.

I've just walked around. Why didn't I see any Chambers of Commerce from the seven merchant alliances? instead, I saw many small and scattered Chambers of Commerce.

"Hehe, I know that. That's because there's no need to worry about the sales of the spirit lightning fruits. Most of the profits are directly in the hands of the divine Tree family. Therefore, although the fruits are easy to sell, the Chamber of Commerce won't earn much if they sell them. Therefore, the seven Chambers of Commerce don't even think much of this market."

...

Amang whispered again. but there are still many small Chambers of Commerce that are reselling in private. If you want more than 40 pieces, I can contact a few sellers. I can at least get five or six more, but I can't guarantee the quality.

"Five or six Pixiu and the quality is not guaranteed."

Yunxiao smiled wryly and shook his head. "Take me to buy 40 top-grade fruits first."

"Top-grade fruit! Now?" Amang was startled.

what's the matter?" Yunxiao asked. is there a problem? "

"No, no, no, my Lord, you don't have to be so anxious."

Amang hurriedly explained,"currently, there are two or three large merchant guilds that can sell top-grade fruits, but the price is extremely high." If my Lord is willing to wait a little longer, once the ripe fruits in the forest are picked, the price will definitely fall. I estimate that it will fall by at least a third." He looked like an expert as he carefully analyzed the situation.

Yunxiao laughed. only forty. Let's go. he said.

Amang immediately knew that he had met a rich man and was very excited, " "Then let's go to the largest red flower Chamber of Commerce in the city!"

Seawood town wasn't small. Amang called for an amphibious vehicle. Because the town extended directly into the sea, it was like an Island. Most of the place was still in the sea, and there were only a few streets on land.

The nightmare beast seemed to be a variant of the sea bull. It could move both its arms and was not slow.

...

On the ship, Yunxiao even tried to probe the possibility of smuggling spirit Thunder fruits, which frightened Amang so much that she even wanted to get off the car and leave without asking for the guide fee. It was not until Yunxiao admitted that he was joking that the young man calmed down, but there was still a lingering fear on his face.

“My Lord, please don’t have any thoughts of smuggling the spirit lightning fruit. It’s an absolute crime with the death penalty. I remember that when I was ten years old, there were seven or eight Martial Emperor powerhouses who wanted to carry out this plan. Not long after, their heads were hung on the city gate.”

“Hehe, don’t worry. I definitely won’t break the rules of the city. You can leave after I’ve bought 40 top-grade fruits.” Yunxiao chuckled.

Chapter 1235-red flower Chamber of Commerce

“Alright,” he said.

Although Amang was a little reluctant to part with this big financial backer, he still felt a chill when he thought of his words. He was very clear about the consequences of smuggling the spirit Thunder fruit. He was only a great Martial Master, and if he got involved in this kind of thing, he would die without a doubt.

are all the spirit Thunder fruits in the city picked by the divine Tree family? ” Yunxiao asked. Were these rootless trees formed by heaven and earth or were they planted by later generations?”

Amang explained, ” the divine Tree family has specialized personnel to harvest the fruits. As the electric field in the rootless forest is too strong, it is extremely dangerous for ordinary martial artists to stay inside. Other than requiring specialized lightning-resistant armor, one also needs a Metal Hammer to knock down the spiritual lightning fruits.

“Metal strike?”

metal can subdue wood, " Yunxiao said, " this way, we can avoid hurting the fruit tree.

Amang praised, "Daren is indeed intelligent!" If one were to forcefully pluck it, not only would it consume a lot of energy, but it would also easily hurt the green tree. A long time ago, the town of Seawood had not existed at all. It was an Island that had suddenly drifted over from the sea, and after slowly evolving, it had been directly connected to the mainland. Although there were rootless trees back then, there were not many of them. It was only after the divine Tree family intentionally planted them that they evolved to their current scale."

from the North Sea?" Yunxiao asked in surprise. you actually floated here from the North Sea? " He was deep in thought. Then, he chuckled. the divine Tree family is really capable. They can actually cultivate such a treasure. Furthermore, it has grown to such a scale of a million.

"Of course! The divine Wood family is now one of the three great powers of the dingtian city!"

Amang's face was full of yearning as he said, " when I become a four symbols realm martial Lord, I'll apply for a job at the divine Tree family. I'll try to get a good job.

Yunxiao chuckled and said nothing.

The boat quickly crossed the water from the land, but its speed remained the same. After making seven turns, it stopped in front of a large shop.

Since Seawood town was immersed in seawater all year round, most of the buildings were made of a dark red stone and a silver wood, making them look like they were covered in red. There was an exquisite red flower on the signboard of the shop, which was the name of the Chamber of Commerce.

Although there was a water route in front of the shop, it was like a broad road. Many martial artists walked on the water, talking and laughing, as if they were walking on land.

"Milord, we've arrived. This is one of the two largest Chambers of Commerce in Seawood town."

Amang invited Yunxiao out, and the two of them stepped into the shop.

The front of the Chamber of Commerce was embedded with some kind of array that directly isolated the sea water from overflowing into the shop.

As soon as the two entered, a 'mang shouted, "shopkeeper Qian, come out! With a haughty look on his face, he swaggered around the shop.

Yunxiao looked around and found that it was no different from an ordinary Chamber of Commerce. However, after amang's shout, everyone's eyes gathered on him.

He looked embarrassed and coughed a few times, indicating that he should not be so flamboyant.

"Hey, it's amang. What are you doing!"

A shop assistant looked displeased as he sized Yunxiao up a few times. Then, he immediately understood and said, "This Lord is here to buy the spirit lightning fruit, right?"

"Of course!" Amang hurriedly replied. This Lord is the financial backer I found. I have a huge business deal to make shopkeeper Qian come out and receive the customer!"

Yunxiao's face darkened. Buying forty fruits was a big deal? Looking at the gazes from all directions, he blushed and said, "I'm just buying a few spirit lightning fruits. There's no need for you to come out."

The shop assistant glared at amang and shouted, "I only know how to cause trouble!"

"I'm causing trouble?" amang anxiously asked. He's a rich man, and he wants to buy 40 Supreme-grade spiritual lightning fruits!"

"What?"

The waiter was shocked, and his eyes lit up. "Forty? Top-grade fruit? May I ask if Daren's jade pendant is here?"

Yunxiao handed over the jade pendant, and he found that many people around him looked surprised. After all, the limit of forty fruits also represented the strength of this person.

Among the many eyes, a man and a woman caught Yunxiao's attention.

The man's face was like jade, but he had the body of a Tiger and the arms of an ape. His arms were unusually thick. The woman, on the other hand, had a slim waist and slim shoulders. She was tall and had an oval face. The two of them had martial Supreme level cultivation bases and were also sizing him up with a smile on their faces.

The two low-level martial sovereigns were nothing, but there was a faint strange feeling coming from them. Yunxiao frowned, as if he had thought of something.

"As expected! Daren's quota can buy 40, but Daren is sure that you want all of them to be Supreme grade lightning spiritual fruits? That's quite a high price."

The shop assistant respectfully handed over the jade pendant with a humble expression.

Amang became haughty, his hands on his hips as he shouted, "You bastard, are you still suspecting that this Lord has no money? Quickly go and call shopkeeper Qian, your rank is not high enough!"

The shop assistant gave Amang a hard look and smiled apologetically, "My Lord, please come in. Please wait in the VIP room. I'll call shopkeeper Qian over."

Yunxiao wanted to stop him, but when he saw the extremely unnatural gazes of the onlookers in the shop, he agreed.

As soon as he entered the VIP room, he heard all kinds of quiet discussions from outside.

"Forty? Could that person be a high-level martial honored warrior? why does he look so young?"

“Tsk, he’s just a high-level martial honor. I even saw a martial sovereign of the ninth heaven coming to buy the spirit Thunder fruit yesterday.”

yes, this year’s situation is indeed special. The production is too large, but the price hasn’t dropped at all.

“Surrender? Why did they surrender? After this year’s chaos, Seawood town won’t be able to produce many fruits for at least ten years. In my opinion, it has to grow more.”

“Hehe, you’re the only one with brains. It’s a pity that the purchase amount is limited. Otherwise, we could have bought more. Now, only the divine Tree family can stock up.”

While the crowd was talking, Yunxiao noticed that the man and woman had left the shop very quickly. these two are not demons, but they have a very strong bloodline power. Are they Lao Ai? ”

Just as he was deep in thought, the door was pushed open, and the shop assistant from before walked in with a middle-aged man.

Yunxiao scanned the man with his divine sense and found that the middle-aged man also had the strength of a peak Martial Emperor. This red flower Chamber of Commerce was not simple.

When among saw the middle-aged man, his haughtiness instantly disappeared. He hurriedly said, “This is one of the five head shopkeepers of the red flower Chamber of Commerce, shopkeeper Qian.”

Shopkeeper Qian gave Yunxiao a look, and he was also surprised by his young age. “Sir, do you want to buy 40 Supreme-grade spirit lightning fruits?”

“I’m just buying forty fruits,” Yunxiao said with a smile. do you have to be so cautious? ”

Shopkeeper Qian smiled and immediately ordered the tea to be served. He sat down opposite Yunxiao and said with a chuckle, “This should be the first time my Lord has come to Seawood town. If these forty pills are only of high grade, it would be very easy. However, top-grade fruits are not only rare, but also extremely expensive.”

how much does a top-grade fruit cost?" Yunxiao asked. What are the other ranks?"

Shopkeeper Qian laughed. hehe, a defective fruit costs 10000 mid-grade primordial stones, a secondary fruit costs 100000, an authentic one costs 800000, and an upper-grade one costs two million. As for the Supreme-grade spirit Thunder fruit, it costs at least five million mid-grade primordial stones, and you have to wait in line for it. If Daren is in a hurry to ask for it, you will have to add another 20% of the queue-cutting fee."

Yunxiao's face flickered as he said in a deep voice, "So, if I want to get the spiritual lightning fruit now, I have to pay six million for one? You guys are snatching primeval stones!"

...

Amang winked at Yunxiao, indicating that the price was too high and not worth it. Then, he said directly, "We're not in a hurry. Let's wait a little longer."

Shopkeeper Qian glanced at a 'mang and said with a faint smile, "No matter how much we wait, it won't be lower than this price. Although the situation this year is a little different, and a large number of fruits have ripened, this corresponds to the decline of supply for the next ten years, or even longer. If the spiritual Thunder fruits are properly preserved, there will be almost no loss of spiritual energy in the next ten years."

Yunxiao also understood this. Although heavenly materials and earthly treasures were extremely rare, once they were formed, the spirit energy inside them was very stable. Even if there were no safekeeping measures, the loss of spirit energy was very slow.

"Shopkeeper Qian, do you know why all the fruits ripened at the same time?" he asked.

Shopkeeper Qian laughed, "this is indeed a mystery. The divine Tree family has already sent people to investigate. However, it seems that there are no results. Even if there's a result, I'm afraid it's not something we can know at our level."

Yunxiao knew that he was telling the truth, so he had nothing more to ask. "Give me 40 top-grade fruits now."

The few of them were shocked. Shopkeeper Qian was also stunned. He didn't expect the other party to be so straightforward. He asked with uncertainty, "My Lord, do you really want to buy 40 top-grade fruits? And in stock? You'll have to increase the price by 20%." He was afraid that Yunxiao had not figured it out, so he had probably mentioned it again.

Amang desperately tried to signal with his eyes.

"Yes," Yunxiao chuckled. here's a total of 240 million medial-grade primordial stones. he threw out a storage bag and said, " take a look.

Shopkeeper Qian was startled. He quickly picked up the storage bag with trembling hands and scanned it with his divine sense several times before he dared to confirm it. He let out a heavy breath and said,"It's indeed 240 million! Sir, please wait a moment, I'll go and get the goods for you."

"Transfer the goods?" what? " Yunxiao was stunned. such a big shop doesn't even have forty Supreme-grade fruits? "

...

Shopkeeper Qian forced a smile and said, " you must be joking, my Lord. These are top-grade fruits. You alone are worth hundreds of millions. How would you dare to store so many in the store? " There are quite a few fruits of other grades, but there are only ten extreme grade fruits left. I'll give them to you now, and I'll be able to transport the 30 in an hour."

He immediately ordered the servants to serve him well and went to make arrangements.

A few beautiful maidservants came in and changed all the tea that had been served, and the fragrance immediately filled the air.

this shopkeeper Qian is really realistic, " Yunxiao said with a smile. he even changed the tea to the best.

He took a sip and immediately felt refreshed. He called for amang to taste it together.

“This is the highest quality Red Pearl Tea,” amang said with a bitter smile. “A pot is worth at least a thousand primeval stones. My Lord, why aren’t you willing to wait a little longer?”

Even he felt sorry for Yunxiao, and the look on his face was very complicated.

Chapter 1236-for your own good

Yunxiao could see that amang seemed to be a little guilty, so he chuckled and said, “It’s just 200 million, don’t worry about it.”

it’s only 200 million,” amang said with a bitter smile. minions like us don’t understand the world of the adults.

Yunxiao took out a pile of primordial stones and threw them to him. these primordial stones are your reward. I’ll have to trouble you. I have nothing else to do, so you can go and do your work.

Amang counted and found that there were a total of 20 Supreme-grade primordial stones. A guilty look flashed across his face as he handed the primordial stones back and said, “Sir, I can’t take these primeval stones. To be honest, I’ll give you a discount when I bring you here to buy the spirit lightning fruits. You made a deal of more than 200 million Yuan in one go, and a Commission of 3% is enough for me to spend for decades.”

I told you not to take it to heart,” Yunxiao said with a smile. that’s a separate matter. You deserve it.

“Alright!” Amang gritted his teeth. Then I won’t stand on ceremony, I’ll take my leave!”

He picked up the primeval stones on the table, bent down and said in a low voice, “If my Lord wants a large number of spiritual lightning fruits, you can try your luck at thousand mountain restaurant.”

After saying this, amang put away the metastones and left without looking back.

“Thousand mountain tower?”

Yunxiao murmured the name softly and could not help but laugh. He knew that it was among who felt sorry for him, so he revealed some information.

Although 200 million mid-grade primordial stones was not a small number, it was nothing to him, who had emptied Dong Hai Palace and even dug out the earth vein spirit mine.

Soon, a beautiful maidservant, escorted by a few martial honors, came in with a Golden Plate.

The plate was round and made of pure gold. There was a picture of a rootless green tree on it. The Golden branches and green leaves were very lifelike.

“My Lord, the fruit you bought.”

The maidservant smiled flirtatiously and lifted the silver paper on the tray. Several bolts of green lightning stuck to the paper, creating long arcs.

The entire Golden Plate was even flashing with crackling sounds. Lightning was constantly flowing out, like boiling water overflowing in all directions.

Ten fingernail-sized green fruits lay on the plate, constantly emitting the power of thunder and lightning. They attracted and repelled each other, in a state of balance.

At a glance, Yunxiao knew that the spirit Thunder fruit he had seen in his previous life was of the Supreme grade, which was no different from these ten fruits.

“Is there a secret room here? I want to go into seclusion for a while before shopkeeper Qian brings me the other 30 pills.”

the red flower shop does have a secret room. You’re a top-class guest, so you can naturally enjoy it.

That maidservant seemed to have a certain amount of power, so she immediately ordered people to make the arrangements.

“Very good,” Yunxiao said. With a wave of his hand, he kept all ten spirit lightning fruits.

The maidservant’s eyes flashed with a trace of surprise. She was clearly quite surprised because the other party didn’t seem to care about such an important deal.

However, she instantly regained her calm and smiled. “Please follow me, my Lord.” The enthusiasm on his face was even more charming.

you’re quite bold, miss, ” Yunxiao said with a smile. you don’t show any fear under the flashing lightning.

“I’m just used to it.” The maidservant was stunned for a moment before she smiled.

Yunxiao just chuckled and did not explain. The maidservant felt as if she had been seen through, and her cheeks burned slightly.

Soon, he was brought into a secret room.

After watching Yunxiao enter the room, the maidservant’s smile gradually faded, and she looked thoughtful.

“What do you think of this person?”

Shopkeeper Qian suddenly appeared behind her.

The maidservant said slowly, “this person’s strength is extraordinary and he’s rich. He should be the young master of some big family. He’s most likely out here to gain experience.” The information on the Jade token also indicated that he came from outside the city, and he claimed that he fell nearby due to a spatial error during the teleportation.”

“What Xiao ran means is that there’s no problem with this person?” shopkeeper Qian asked.

Xiao ran smiled. I didn’t say there’s no problem. There are many suspicious points. For example, he could check the recent teleportation records to see if there were any spatial fluctuations. Also, if you’re coming from outside the city, you’ll most likely encounter those people. You should know that the spirit lightning fruits in their hands are much cheaper than ours, so why didn’t you buy from them instead of entering the city?”

Shopkeeper Qian’s expression also became serious. what Xiao ran said is indeed suspicious. Should I get someone to investigate it more carefully? ”

Xiao ran shook her head and said, ” no need. It’s only forty Supreme grade spirit Thunder fruits. There are too many people coming into Seawood town right now, so we don’t have the time and energy to investigate one by one. Just give him all the fruits and let him leave as soon as possible.”

“Okay, okay.” Shopkeeper Qian replied. It seemed that he had to listen to this woman’s orders.

After entering the secret chamber, Yunxiao formed a seal with both hands and laid out a defense. Only then did he take out the ten spirit Thunder fruits with ease.

He stretched out his hand and flicked it. An arc of lightning struck down, and a fruit directly shot up.

“Pa! Pa!”

The balance of The Lightning Field energy of the other nine fruits was instantly broken, and they rearranged themselves. Some of them were even directly sucked together.

Yunxiao grabbed the one in the air and studied it for a while, then carefully scanned it with his divine sense.

He pondered for a moment, then threw it directly into his mouth. With a ” ka BA ” sound, he crushed it and swallowed it. His face was as green as lightning, and a little light flickered on it.

the taste is ordinary, but the spiritual energy and the power of Thunder are extremely strong. If you consume it in large quantities, it will be very beneficial to your Thunder art.

Yunxiao's eyes lit up, but then he fell into deep thought and said, " however, the effect is minimal. I have to consume it in large quantities. It seems that I have to make a trip to the thousand mountains restaurant or go out of the city to find those three people.

He grabbed the remaining nine fruits on the Golden Plate and threw them all into his mouth, swallowing them.

"Pi pa Pi pa!"

Immediately, arcs of electricity shot out from his chest and spread to his limbs and bones, filling his body with an indescribable sense of comfort.

"What pure yi wood lightning power."

Yunxiao's eyes flickered with joy as he closed his eyes and began to refine and absorb it.

After ordinary Warriors obtained the spirit Thunder fruit, they would find an Alchemist to refine it into a spirit Thunder pill, which not only had excellent effects but was also safer. There was only one in ten thousand who swallowed it directly like he did.

A day and a night later, Yunxiao finally finished absorbing and transforming the power of the ten spirit Thunder fruits and came out of the secret chamber.

Sir, these are the remaining fruits. Please check and receive them.

...

Shopkeeper Qian had already prepared the remaining thirty pills and presented them to him with a smile.

Yunxiao gave them a quick glance, then put them away without looking carefully. "Many thanks." He turned around and was about to leave.

Shopkeeper Qian was stunned for a moment. Perhaps he felt that he was being too straightforward, so he hurriedly asked, "Sir, your quota for this year's purchase is already full. Would you like to continue staying in the city or leave today?"

what's wrong?" Yunxiao asked. why do you care about my schedule?"

Shopkeeper Qian knew that he had lost his composure and laughed, I was just asking. After all, the number of Warriors in the city has increased greatly recently. It's better to leave immediately.

I see," Yunxiao chuckled. I see.

Shopkeeper Qian's face slowly darkened as he watched Chu Li's figure slowly disappear.

After leaving the red flower Chamber of Commerce, Yunxiao pondered for a moment, then asked where thousand mountains tower was. It was only a small Chamber of Commerce, and not many people seemed to know about it.

"Ta! Ta!"

He was walking toward the thousand mountains tower when two figures suddenly appeared in front of him. They stepped on the water and looked at him with a smile.

They were the man and woman who had appeared in the Chamber of Commerce.

...

Yunxiao's face darkened as he said coldly, "The two of you are really patient. You've actually guarded me for an entire day and night."

The man with the Tiger's body and ape's arms crossed his chest and laughed loudly. "Don't be afraid, Sir. We're not bad people."

if he's not a bad person," Yunxiao sneered, "then, did something good happen to him after he guarded me for a day and night?"

The woman looked at the man with blame and chuckled, "Although it's not a good thing, it's definitely not a bad thing either. We would like to purchase 40 high grade spirit lightning fruits from you."

alright," Yunxiao said coldly. just give me twenty billion mid-grade primordial stones.

The two of them were stunned when they heard this. Why was he so straightforward? It was completely different from what they had expected. After hearing this, the two men's faces suddenly darkened.

we're buying your spirit lightning fruits for your own good! the man shouted angrily. don't refuse a toast only to drink a forfeit!

Yunxiao's mouth was wide open as he said in surprise, "What's with this magical logic? Are you guys going to force me to buy something or are you doing this for my own good? You two are Martial Emperor Lei Feng's descendants?"

my senior brother is right," the woman said. you just revealed your wealth at the red flower Chamber of Commerce, and now many people have their eyes on you. As long as you give us the spirit lightning fruit, you'll naturally shift the blame to us. We'll help you block this calamity."

I wonder if you have any spirit Thunder fruits?" Yunxiao asked. do you have any?"

"Why are you asking this?" the man snorted.

Yunxiao's eyes grew cold as he said, "I also want to carry forward the spirit of helping others and block the Tribulation for you two."

"What?"

The man was furious, and a fierce aura overflowed from his body. Yunxiao's pupils constricted slightly.

The woman quickly stopped the conflict and said, "little brother, how about this?" Since you have 40 Supreme-grade fruits, you can just sell us 36. With your cultivation level, four fruits will be enough for you to cultivate for a year. You can come back next year to buy more."

"Four?"

Yunxiao flicked his finger, and a bolt of lightning flashed out, turning into a straight line and shooting into the sky.

They were the four Supreme-grade spirit lightning fruits. They shot up to a height of 70 to 80 feet before falling down.

Yunxiao opened his mouth wide and caught them. The four fruits crackled with lightning as they fell into his mouth.

"Ka BA ka BA!"

Yunxiao began to chew, and a large amount of lightning flashed in his mouth, which stunned the two men.

"Gulp."

After chewing a few times, Yunxiao swallowed it in one gulp and said with a grin, "Not bad, it's satisfying! How many spirit lightning fruits do you two have? Get a few to eat."

His eyes were filled with ferocity as he strode towards the two of them.

Chapter 1237-thousand mountain tower

The man and the woman were dumbfounded by his action of swallowing the spirit Thunder fruit. After swallowing the fruit, Thunderbolts flashed in front of Yunxiao's chest and spread to his limbs and bones, exuding a very strong energy that looked very terrifying.

the power of thunder and lightning contained in the top-grade spirit Thunder fruit is no weaker than a full-force attack of a seven-stars martial Supreme. How could you swallow it raw and eat four of them at once?!

The man was shocked and somewhat afraid.

"Senior brother, don't panic! This person must be born with a thunder element body, which is why he can withstand the strong power of the Thunder field. However, he is only a seven-stars martial Supreme. You and I can crush him with a finger!"

After a brief moment of fear, the woman suddenly came to a realization. This was the only explanation.

"Right! Junior martial sister's analysis is correct. Even with our cultivation, we can swallow four Supreme-grade spirit lightning fruits in a row!"

The man's eyes lit up, revealing a look of realization, and he grinned, "You really don't know what's good for you! We've been thinking for you in vain, yet you're so ungrateful! Forget it, a blockhead can only be opened by smashing it with the Emperor Qi of the nine Heavens!"

A brutal aura burst out from his body. His clothes were torn apart, revealing his back and waist, which were covered with wild patterns and Tufts of long white hair.

"This is your last chance. Are you going to give me the spiritual lightning fruit?"

The man raised his hand and pounced like a tiger, his sharp claws shining with a cold light.

“Ka BA ka BA!”

Yunxiao threw out a few more spirit Thunder fruits, opened his mouth to catch them, and began to chew them.

“Damn it!”

The man’s face suddenly became ferocious. He roared and pounced forward. A mottled white Tiger gradually appeared behind him, exuding an extremely fierce and brutal aura.

“Chi Chi Chi!”

The Tiger fist exploded in the air, and the sound of a tiger’s roar could be heard. The mottled white Tiger opened its bell-like eyes, and a cold light burst out.

“As expected!”

Yunxiao said in his heart as he clenched his right hand and rushed forward.

“Bang!”

The tiger’s roar slammed into Yunxiao’s palm, and a steady stream of power pushed over. Countless strange sounds vibrated around him and converged, causing the entire space to sink in, trying to squeeze and burst the point in his palm!

“Hiss hiss hiss hiss!”

The sound of countless wind waves being cut by the wind from the fist roared and spread. The man was shocked to find that the other party’s palm was like an ancient mountain. It did not age despite the passage of time. No matter how hard he tried, he could not shake it in the slightest!

“?! You are definitely not a seven-stars martial Supreme!”

The man suddenly woke up and shouted in horror, “Junior Sister, do it!”

As soon as he finished speaking, he felt a sense of fear that made his heart tremble.

Yunxiao clenched his fist and instantly crushed all the fist intent. The crazy power turned into wind blades and twisted around his arm, instantly shattering his knuckles.

”

He felt an immense pain, and what made his eyes pop out was that his entire arm was directly eroded by the force, turning into dust with a touch.

The man suddenly had an illusion that he was not facing a person, but a passage of time.

Under the gentle breeze, he instantly aged. Not only did his body’s functions fail, but even his mind became old, like the setting sun at dusk.

Under the call of her companion, the woman also reacted in an instant. She suddenly formed a seal with her hands, and a green light rushed out from her head, directly projecting in the air.

The image condensed into a demonic face that looked like a fox and a Fox at the same time. There was a Buddhist seal between its eyebrows, shining with a strange color. The demonic beast’s illusion slowly opened its eyes, which were actually slightly raised, sad and beautiful.

The woman’s eyes slowly closed, and her face became even more enchanting and charming under the appearance of the beast.

It was said that in ancient times, there was a race of heavenly foxes. They were alluring and had endless charming techniques that could capture people’s hearts and souls.

The Phantom of the Fox opened its beautiful eyes and stared at Yunxiao, and a strange force rippled in the air.

Yunxiao's eyes narrowed, and a sharp light suddenly flashed in them. A rainbow seemed to flash across the sky, turning into a blood-red setting sun. get lost!

The word 'scram' came out like Heavenly Thunder, shaking the world!

"Ah!"

The sky Fox Phantom was instantly dispersed. The woman screamed and spat out a mouthful of blood. She held her head in pain.

The man, who was already old and hunchbacked, was also shocked by the sound wave of the one word. He flew backward and fell beside the woman, constantly spitting out large mouthfuls of blood.

The two of them were shocked beyond words. Even a fool would know that they had kicked an iron plate, and it was the kind of iron plate full of nails!

The person in front of them was definitely not some lost errand boy from the mortal world. The two of them helped each other up and retreated with faces full of horror and fear.

Yunxiao walked up coldly and said, " you two are really too kind. You've vomited blood for my sake. It's time for me to do you a favor.

The man's voice trembled,"Who are you?" You, do you know who we are? We're Yingluo!"

"Woof! The long family of the sky Ridge?"

an organization formed by a group of people with the bloodline of ancient true spirits, " Yunxiao snorted disdainfully. in my opinion, they are just half-human, half-beast monsters.

“You’re so silly!”

The man was immediately speechless. It turned out that the other party had known all along, and even dared to attack after knowing. This meant that the long family of the sky Ridge did not care about the other party at all.

The woman also gradually recovered from the pain, but blood was oozing out of her seven orifices, making her look disgusting. She shouted, “Tell us your name, and the long family will definitely not let you off!”

“What?”

Yunxiao’s face turned cold as he looked over.

“Ah!”

The woman screamed in fear and quickly turned her face away, afraid to see his eyes.

...

The ancient sky Fox race’s seduction techniques were unparalleled. She had inherited the sky Fox bloodline and could be said to be an expert in mental attacks. However, she collapsed instantly under the other party’s gaze. Just thinking about that feeling made her tremble with fear. How could she dare to confront it directly?

“Hand over all the spirit lightning fruits and you can get lost.”

Yunxiao said coldly.

Although the area of the battle was short, there were already extremely strong energy fluctuations spreading out. Many martial artists had probably felt it. Although he was not afraid of trouble, he did not want to cause any trouble.

The two men from the long family knew that they could not escape, so they handed over all their fruits and disappeared at the end of the street.

Yunxiao took a look and found that there were more than two hundred of them, but most of them were ordinary-grade, and there were only five Supreme-grade fruits.

After he put it away, he felt many divine senses sweep over him. God knew how many people were hiding in the empty surroundings. He snorted coldly and continued to walk toward thousand mountains tower.

A moment later, the quiet street corner began to stir.

The ocean waves in the small town pushed up, and water-like ripples appeared in the sky. A few voices sounded one after another.

“Does anyone here know the true cultivation level of that brat?”

A certain spot in the sky shook a few times, and a deep voice was heard.

...

The surroundings were silent, and no one answered.

After a long time, an old voice was heard, “ even the head of the divine Wood family can’t see through that person’s cultivation? ”

“Hmph!”

The voice from before snorted coldly, as if he was extremely dissatisfied with the old voice for revealing his identity.

A faint figure appeared in the air. It was the head of the divine Wood family, mu Youyun. that person defeated the two men from the long family with a raise of his hand, but the aura on his body is still that of a seven-stars martial venerable.

“Does the great master feel the same way? I thought I was mistaken. Does this mean that this young man used the power of a seven-star martial Supreme to defeat two martial Supremes in an instant?” The old voice was extremely shocked.

I can't be sure about that, ” mu Youyun said. after all, it's too outrageous. But this young man is definitely a dangerous person. It's best if you don't provoke him, lest you cause trouble.”

“Yes, we naturally won't cause trouble for no reason. Moreover, this person has offended the long family of the sky mountains. The long family will naturally deal with them.”

The old voice paused for a moment before continuing, ” “The two young masters of the long family are in the town right now, and I'm afraid they won't let this go.”

Mu Youyun's expression changed slightly, but then returned to normal, and said,“No matter what, we must not get involved. Everyone, please disperse.”

His figure became fainter and fainter, slowly disappearing into the sky.

The old voice sighed and said to himself, ” could the direction that this kid is heading in be the bi an? ” he wanted to say something but stopped, and didn't say anything more.

There were over a dozen places in the surrounding space that emitted slight fluctuations, but they all quickly returned to normal.

The thousand mountains restaurant was located in an unremarkable place in Seawood town. It was like an ordinary house, built with some red stone and some silver wood, giving it a somewhat dilapidated feeling.

There was a horizontal board with three words " thousand mountain tower " written on it. It was vigorous and powerful, and it revealed a certain meaning.

Yunxiao unconsciously took a few more glances at the three words, then stepped toward the closed gate.

Suddenly, a ray of green light shot out from the door, turning into a layer of spiritual pressure that blasted toward him.

Yunxiao frowned as he spread his fingers and grabbed at the spirit pressure.

As he made a grabbing gesture, a golden light condensed in his palm and turned into a sharp talisman. He pressed it on the green light, and with a " bang ", the pressure was dispersed.

"Eh?"

A voice of doubt came from the thousand mountains restaurant. A man's voice slowly sounded, " "You're even stronger than I thought."

"Oh?"

Yunxiao gave no reply, but sneered, " "You mean you know it very well?"

I don't really understand," the man said. I just judged based on the power you used to injure the two from the long family. I realized that I've still underestimated you.

Oh? " Yunxiao raised an eyebrow and said, " the news has spread so fast.

“Seawood town is only the size of a palm,” the man chuckled. “You only need to lower your head and look at your palm.” I didn’t want to see you, but you might be an interesting person. Come in.”

The tightly shut door suddenly opened, and light could be vaguely seen inside.

With an indifferent expression, Yunxiao took a few steps forward and stepped into it.

Chapter 1238-deposit

The interior of the shop was much brighter than expected, and the decorations around it were no different from that of an ordinary Chamber of Commerce. However, the door was completely deserted, and there was only a man dozing off in front of the cabinet, seemingly sleepy.

Surprisingly, the man also had the cultivation base of an eight-stars Martial Emperor. Although the fluctuations of his primordial energy were suppressed by some force, he could not escape Yunxiao’s moon-like eyes.

Yunxiao could not help but be surprised. The man was young, but he had such a strong cultivation base that even the four prodigies of the North could not compare to.

He went straight to the man and said, “I want to buy a large amount of spiritual lightning fruits.”

The man swept his gaze over the cloudy eyes. His face was pink, his lips red and teeth white, and his face exuded a heroic spirit. He said in a serious voice, “Who introduced you here?”

it’s no secret that I’m here, is it?” Yunxiao laughed. I think it’s not a secret.

Even a great Martial Master like among knew of the existence of thousand mountain tower, which meant that the smuggling of spirit Thunder fruits was almost an open secret.

The man frowned and said after a while, “it seems that you’ve been a little too ostentatious in the past few years. How many fruits do you want?”

Yunxiao's eyes were as clear as water as he stared at the man and said, "I'll take as many as you have!"

The man was stunned for a moment, then he laughed and said, "haha, your appetite is really big. I'm just afraid that you won't be able to swallow all the fruits."

Yunxiao gave the man a strange look with a faint smile and said, "Whether I can swallow it or not is not your concern, right? All you need to do is to trade with me."

The corners of the man's mouth curled up slightly as he sneered, "by right, you shouldn't care, but I'm the one who came up with the terms of the deal. I'm very interested in your identity."

Yunxiao frowned and said coldly, "My identity is also a bargaining chip? Do I get a discount or free of charge after I tell you?"

hehe, it's impossible to give a discount, because the initiative is in my hands.

The man said slowly with a smile on his face.

in that case," Yunxiao said coldly, "I'm sorry, but I can't do as you say. He turned around to leave.

by the way," the man chuckled. old tuo and the others outside the city are all my subordinates. If you don't agree to my conditions, no one in Seawood town will dare to sell you a single spirit Thunder fruit.

Yunxiao stopped and slowly turned around. you won't die if you don't seek death. Are you digging your own grave?"

"Dig a grave? Hehe, to tell you the truth, although you do have some skills, you really don't have anything to rely on in front of me."

The man's lips curled into a smile of praise, but it was more of a chuckle. without my help, you wouldn't have been able to leave Seawood town. The two young masters of the long family are in the city right now. You've injured their men, so you're dead meat."

“The two young masters of the long family?”

Yunxiao frowned. He knew a thing or two about the long family of Sky Ridge. The so-called ‘young master’ was not the descendant of the current patriarch, but the strongest expert with the strongest bloodline power among the younger generation, who was qualified to be the next patriarch.

“That’s right! The long family’s young master should be around your age, but his strength ...”

“Any young master of the long family is invincible among his peers,” the man said with a smile. It’s because those who are qualified to inherit the position of ‘young master’ are all peerless geniuses with the power of atavism. The four prodigies of the North are really insignificant. Do you think you can escape from the hands of two people with extremely strong true spirit bloodlines?”

“I’m very curious,” Yunxiao said. “What is the young master of the long family doing in Haitian town? Are they also Thunder-elemental Warriors?”

The man nodded. “That’s right. One of the young masters has inherited the true spirit fallen Thunder bloodline. He has extremely powerful Thunder divine powers. He’s determined to get the spirit Thunder fruit. So, if you don’t have much value, I can sell all the spirit lightning fruits I have to the long family. The profit I’ll get won’t be lower than yours.”

“Don’t put on an act in front of me,” Yunxiao sneered. “If you are willing to smuggle the spirit Thunder fruits to the long family, they won’t have to be bandits everywhere, and elder tuo and the others won’t have to entertain guests outside. You definitely don’t want to see a large number of spirit lightning fruits fall into the hands of the long family.”

The man was taken aback. He seemed to want to explain, but when he looked at Yunxiao’s watery eyes, he knew that the man in front of him was extremely intelligent. “Not bad, you’re really smart. But if I don’t sell it to the long family, I don’t have to sell it to you.”

“I don’t know,” Yunxiao said. “Before, I really didn’t have any good ideas. But now, I can spread the word that the long family of the sky Ridge wants to buy a large number of smuggled spiritual Thunder fruits. Who do you think would dare to buy from you?”

The man's face darkened and he said coldly, "Do you want to die?"

Yunxiao laughed and said, "don't be so nervous. You need to sell a lot of fruits, but you don't want the long family to get them, and I want to get a lot of fruits, but I can't let the long family get them. We are in a business relationship, and there is no initiative between us. We are on the same side.

The expression on the man's face fluctuated, and after a moment of contemplation, he gritted his teeth and said, "Good! As long as you're not a member of the long family, I can consider giving you a portion of the spirit lightning fruits. However, you have to prove two points to me: First, you must have enough money to buy the spirit lightning fruit. Second, you must have the strength to escape from the young master of the long family."

'What a joke!' Yunxiao sneered. If you want to prove it, you'll have to first produce enough spirit lightning fruits, and then I'll produce the corresponding metastones."

"The spirit lightning fruit is still in Leylin's possession," the man said after some thought.

Yunxiao's face flickered, and he frowned as he said thoughtfully, "You mean that you don't have any in stock, but you have a channel to get the fruit from Leylin?"

"I do have a small portion, but if there are too many, I'll have to wait for Leylin to open it before I can go in and take the fruits."

Yunxiao's eyes flickered with surprise as he asked, "who is the true owner of Seawood town behind the divine Wood family?"

The man flicked his sleeve and chuckled. you don't have to know about this. It has nothing to do with you. Although I have the means, it's also an extremely dangerous act. Since you know about the thousand mountain Manor, you must also believe in our strength. However, we can not trust your strength and financial resources. No matter what, we have to be at ease."

Yunxiao pondered for a moment, then turned over his right hand. A long piece of iron appeared in his hand. It was silver in color and embroidered with a few patterns, looking very ordinary.

The man's brows slightly furrowed as he stared at the silver metal block. Suddenly, his entire body trembled, and his face almost became distorted from excessive shock. He lost his composure and shouted, "Natural moat order! This is a natural moat order!"

His body flashed, and he actually rushed up, trying to grab the natural moat token.

A sneer appeared at the corner of Yunxiao's mouth. With a flip of his right hand, the token immediately disappeared in his palm, and then he turned his hand again and thrust it forward.

"Bang!"

The two of them exchanged blows in the air, and the force of their attacks spread out in all directions.

The man's expression changed. He immediately realized that he had lost his composure. Fortunately, the two of them had only attacked casually. He hurriedly turned around and put his hands together in front of him. Then, he curled his fingers and pushed in all directions. A whirlwind spread out and immediately swept away the impact force, dissipating it without a trace.

"I'm sorry, I was too impulsive."

The man looked at Yunxiao with a complicated expression and said, "Is that natural moat order real?"

since you know it," Yunxiao said indifferently, "you should know whether it's true or not.

"Why is this medallion in your hands?"

"There are many who have this token, why can't I have it?"

"Hmm, Qianqian, then Qianqian, can you sell this token?"

“What a joke, since you know what the natural moat token is, do you think I will sell it?”

“Nothing is impossible in this world. It’s just because there are not enough benefits. You can name a price.”

...

“Alright, bring me Noah’s ship.”

“Yingluo, forget it. Let’s continue talking about the spirit lightning fruit.”

The man shook his head and smiled bitterly. At the same time, he couldn’t help but sigh. He was obviously very envious, but he couldn’t do anything.

Yunxiao was curious about the man’s identity as well. There were many people in the world who knew about the natural moat token, but not many. can this token prove my strength and wealth? ”

“Of course!” The man replied. You really don’t intend to sell this medallion? The price is acceptable.”

He soon found that Yunxiao’s face had darkened, so he immediately stopped and changed his words, ”
“How many spirit lightning fruits do you want?”

It was only then that Yunxiao’s face returned to normal. “The more the better. Even if Leylin gave me the entire land, I wouldn’t find it too much.”

“Haha, the entire Leylin continent! How dare you say that, unless you can destroy the natural moat order, cough, cough, that’s impossible.” The man found that Yunxiao’s face changed as soon as he mentioned the name, and he immediately knew that it was impossible to make the other party trade. He immediately gave up and stopped talking about it.

“Then, is it possible for me to enter Leylin?” Yunxiao asked after some thought.

“Impossible!” The man said decisively. You also know that there’s a kind of telepathic power in the lightning God art. It’s transmitted through a weak field energy, and it’s extremely accurate. The entire Leylin is under this detection, and even the slightest movement can not escape the divine Tree family’s detection.”

“Then how are you going to enter Leylin?” Yunxiao asked with a frown.

...

The man smiled, “this is what we can do. You just need to wait to harvest the fruit.” The rule of this shop is that you must pay one-third of the deposit first.”

“One-third?”

Yunxiao’s expression flickered slightly. The amount he needed was extremely large, and even a third of it was a huge sum. when can I get the fruit after I pay the deposit? ”

“Within ten days,” the man replied.

Yunxiao hesitated for a moment, then gritted his teeth and said, ” “Good! I’ll wait for ten days!” He took out a storage bag and threw it over, saying, ” “How much do you think the things inside are worth?”

After the man took the storage bag, he sent his divine sense into it, and his expression quickly changed. He was shocked. the twenty treasures inside are all extraordinary treasures, and their value is difficult to estimate! And Yingluo ”

A look of suspicion appeared on his face. these treasures seem to belong to the sea Race. Yingluo, are you from the four Seas? ”

Yunxiao did not answer, but said indifferently, ” this is only one-third of the deposit. I’d like to know how many fruits you can buy.

Chapter 1239

1239 You know

The man's expression was grave. These things are really too precious. I can't estimate their exact value. Moreover, some of them seem to be from the royal families of the four Seas. We might not accept them. Leave these things behind and I'll give you an answer in three days. How about it?"

Yunxiao was not afraid that they would take it. Whoever dared to steal his things would be courting death. Alright, I'll come back to Thousand Mountains Tavern in three days.

The man was taken aback by Yunxiao's heroic spirit, and he immediately became more curious about his identity.

Yunxiao was about to leave when his expression suddenly changed. Several extremely strong auras had already sealed off the entire Thousand Mountains Tower.

The man's face also sank as he shouted coldly, "Who is so bold?"

His voice was very majestic, causing the entire space to tremble. However, this seemingly dilapidated hut was completely unaffected.

"You're the bold ones!"

A cold voice came from outside, "Someone injured a member of the Long Family and escaped into the Thousand Mountains Tower. Quickly hand over that person, and I can spare your lives!"

More than ten figures suddenly appeared outside the door. Most of them were dressed in the same red brocade clothes and held iron sabers.

The two men who had been injured by Yunxiao were among them, and they followed behind a man and a woman. The man had a broad face and a heavy belly, looking very majestic, while the woman was dressed in a hundred-flower red silk dress, her face as bright as fire, and her mouth was filled with a red pill. Both of them had a cold gleam in their eyes.

These two were the two young masters of the long family of the sky Ridge, Qi GUI and Fei Ni.

The man sneered, "it's none of my business whether or not someone has hurt your long family members!" The thousand mountains court is my territory. Even the long family of the heavenly Ridge can not be presumptuous!"

"Hahaha!"

Outside the door, strange ghost suddenly laughed. before this, I was wondering why thousand mountain tower would not do business. Later, I found out that the people behind thousand mountain tower were actually people from the Murong family in Wu Fang realm. Tsk tsk, if it wasn't for the sudden change in Leylin in Seawood town, and the fruit that caught my eye, I wouldn't have known that the ones who've been doing the smuggling business in Seawood town were you guys."

Yunxiao was shocked and said in surprise, " you are from the MU Rong family in Wu Fang realm?!"

The man's expression darkened slightly as he said in a serious tone, " "That's right, I am Murong Hengyu."

Yunxiao's expression became extremely complicated. Murong Zhu was from the Murong family in Wu Fang realm, a reclusive sect. He did not expect to meet his fellow sect members here.

Murong Hengyu was surprised, "Could it be that you have a grudge with the Murong family?"

there's no grudge between us, " Yunxiao said with a sigh. do the Murong family and the long family have any grudges? "

Murong Hengyu's eyes flashed with a trace of sternness as he said hatefully, it's not just a conflict. They're like fire and water. It's just that the two sects haven't reached the point of falling out yet!

Yunxiao could hear the hatred in his tone. Although the long family of Sky Ridge was one of the seven superpowers, the Murong family's strength could not be underestimated. He did not know how the two

families had formed a grudge, but such major sects rarely had a falling out in the open. They usually fought in the dark.

Since Murong Hengyu and Murong Zhu came from the same clan, Yunxiao would naturally not let the long family hurt him.

Murong Hengyu's face flashed with pride, "You don't need to be afraid. Since you've already paid the deposit, you're a guest of the MU Rong family. As long as I'm here, I won't let the long family hurt you."

Yunxiao smiled wryly in his heart as he recalled tiansi's words. Back then, in the end of the world, Murong Zhu had died to save him, and he could not help but feel a sharp pain in his heart.

Murong Hengyu saw that his face was a little pale, and beads of cold sweat had even appeared on his forehead. He couldn't help but frown, "You don't believe in the strength of our thousand mountain tower?"

Yunxiao shook his head. "Since your two sects have not completely fallen out with each other, there is no need for you to start a war here. I'm afraid they don't have such means to keep me here."

Murong Hengyu laughed coldly, "Do you really think they're here for you?" The drunkard's intention is not in the wine. They can attack my Murong family and also take away my channel to the spirit Thunder fruit. Do you think they will give up such a good thing?"

"Hahaha!"

Qi GUI's laughter came from outside the door and said, "So it's the genius of the Murong family, Murong Hengyu. He's really as smart as the rumors say. Since you already know our goal, if you're smart, then obediently surrender. I can let you live on account of the friendship between our two sects."

Murong Hengyu said in a low voice, "If qigui feini was here alone, I would be able to protect you. But now that the two of them are here, I'm not sure if I can win." I'll hold them back for a while, and you'll leave immediately."

The two of them walked out of the shop, Murong Hengyu coldly staring at the crowd.

“Young master, it’s him!”

The man, who had almost been petrified by Yunxiao’s primordial astral wind, screamed, his eyes full of hatred. He still looked old, as if he were two or three hundred years old.

“Eh? To be able to defeat you in one move, this kid must have some skills.”

Qi GUI stared at Yunxiao with a fierce look in his eyes and shouted angrily, “Brat, you dare to hurt a member of the long family? report your sect!”

I rely on my own strength when I’m out,” Yunxiao said indifferently. I don’t have the habit of reporting my background for no reason.

“Haha, well said, great!”

Murong Hengyu laughed, “I also hate those who reveal their background the most. It’s as if saying it will increase their strength by a few points. I don’t know what kind of mentality these people have.

Qi GUI was furious and said in a cold voice, “alright!” I hope your strength can be as tough as your mouth!”

A strange look flashed in Fei NI’s eyes and she chuckled, “this young man is quite interesting. He was able to break The Heavenly Fox seduction technique with a single shout. I think he must have some ability. I really want to try it out.

it’s a pity that this is the territory of the divine Tree family. It’s not up to us, the long family, to make a move.

Qi GUI’s face turned cold and he laughed, “Selling the spiritual lightning fruit in private is a taboo in Seawood town, and you’ll be sentenced to death! Lord Youyun, now that the smuggler is right in front of

you, it's time for the divine Tree family to kill the chicken to warn the monkeys and establish your might."

As the space trembled slightly, mu Youyun's figure appeared. Behind him were two old men. When they opened their eyes, they flashed with vigorous Emperor Qi. Their strength was extraordinary.

Murong Hengyu frowned and sneered, the long family of the sky Ridge is so powerful. Do you need help to deal with me alone? "

Qi GUI sneered. we're not calling for help. We're just respecting the owner of this place. You're smuggling the spirit lightning fruit, so the owner of this place will naturally take action. It's not our turn to do so. We're just here to watch the show.

Anger appeared on mu Youyun's face, and he said in a cold voice, "Murong Hengyu, your sect is considered a famous existence within the hidden sects. Why would you do such a sneaky thing that disgraces the sect! If you really lack the spiritual lightning fruit, inform my Divine Tree family and we will offer you a few hundred each year. It will not be difficult to make friends between the two factions."

Murong Hengyu's face turned red as he tried to defend himself,"Great master must be joking, don't listen to this adulterous couple. The thousand mountains restaurant had been operating in Seawood town for a long time, so when had it ever done anything against the rules? It's completely this adulterous couple who's slandering me!"

He could admit it in front of the long family, but he could not admit it in front of the divine Wood family. Otherwise, if the smuggling was confirmed and word got out, it would immediately become a big joke.

Qi GUI angrily shouted,"Murong Hengyu is a good-for-nothing! You dare to do it but don't dare to admit it?!"

"Lord Yun you," Murong Hengyu said seriously,"this adulterous couple came to me to buy the spirit lightning fruits. I sold them the fruits according to the city's regulations, but they forced me to take out more. I swore to my death that I wouldn't do it, which was why I offended them. They have already bought their limited number of fruits but have been staying in the city for a long time. They have ulterior motives. I hope that you can investigate their intentions and restore the reputation of our thousand mountain tower!"

Mu Youyun's expression did not change, as if he was unruffled, but his heart was heavy and he wanted nothing more than to curse.

He could not afford to offend either faction. As for the Murong family's smuggling in the city, even among knew about it. As the head of the divine Tree family, how could he not know? However, they couldn't afford to offend him. In addition, the other party was also sneaky and didn't do it openly. This could be considered as giving them some face, so they turned a blind eye.

He didn't expect that the long family would expose him. With his status, he couldn't just ignore it. He turned around and said, "Do the two young masters of the long family have any concrete evidence?"

...

Qi GUI's expression changed. he just said it himself. The kid behind him is also here to buy the smuggled fruit. We can catch him and ask him.

"Haha, what a joke!"

"I said it myself?" Murong Hengyu sneered. First of all, I've never said it. Second, do you really believe what I say? I even said I'm your father, and you believe me?"

"Murong Hengyu, you dare to take advantage of me, you deserve to die!"

The strange ghost was furious. It couldn't suppress its anger. Thunder rumbled in its body, and the sky seemed to darken.

Murong Hengyu showed no fear and sneered, "Don't worry, I don't have a son that's neither human nor demon like you. We don't know who's taking advantage of who yet. Lord Youyun, please make the decision for me and seek justice for the thousand mountain tower!"

He backstabbed them, making the long family extremely angry.

Mu Youyun, who was caught in between the two factions, also felt like he was sitting on pins and needles. He said, "Seawood town's rules are iron, and no one can violate them! The thousand mountains restaurant has been operating in Seawood town for a long time, and we haven't found any illegal activities for the time being. However, the long family has come to inform me whenever they find something suspicious, and I also admire and like them very much. Now that you know it's a misunderstanding, everyone can leave."

He immediately tried to smooth things over and leave.

misunderstanding?!

Qi GUI's face darkened and he said angrily, "Lord Youyun, please hold on! The person behind him not only injured my men but also bought the spirit lightning fruit. I'll take him down and get evidence. When the time comes, we'll have to ask for Lord Yun's help to get rid of the thousand mountain tower, this malignant tumor!"

...

Mu Youyun gave Yunxiao a look of embarrassment. If the Murong family was really the one who smuggled the spirit Thunder fruits, he would be in a difficult position.

All eyes were on Yunxiao.

don't be afraid, my friend, " Fei Ni said softly. as long as you're willing to step forward and point out Qianshan Lou's crimes, we'll write off the grudges you've had for hurting my disciples. Otherwise, the ends of the earth will be boundless, you know."

Chapter 1240

1240 I don't understand

I don't understand. Yunxiao immediately shook his head. I hope you can explain.

Feini was stunned for a moment, then her face darkened and she said coldly, "Are you going to pretend you don't understand or are you looking for death?"

Oh, I see," Yunxiao said. I see.

He coughed twice to clear his throat and said seriously, "I can prove that Murong Hengyu's words are not false. On the other hand, the long family came out of nowhere and tried to steal my spirit lightning fruits. Lord mu Youyun, will the divine Wood family not interfere in such an act?"

"You should die!"

Qi GUI shouted in rage. He knew that he would not be able to testify against the Murong family for smuggling fruits today. He no longer cared about mu Youyun's face and charged forward with a furious roar.

They did not expect mu Youyun to be of any help. Their aim was to lure the people behind the divine Tree family to make a move. Now that their plans had failed, they could not be bothered to say anything more.

Moreover, in his rage, his hatred for Yunxiao seemed to be even greater than Murong Hengyu's. With a single move, he aimed at Yunxiao's throat. Lightning flashed between his five fingers, and the electric arcs connected end to end, condensing into a Thunder Blade and striking out.

Murong Hengyu's face changed, and he was about to make a move when he heard Yunxiao chuckle and say, "I'll do it."

He rushed in front of Murong Hengyu, and with a strange step, he turned into a few afterimages and dodged the attack.

Furthermore, several shadows flew in different directions in the air and disappeared in an instant.

"What?"

Everyone's faces fell. They could not find Yunxiao's hiding place with their divine senses!

Murong Hengyu and Feini's faces flashed with surprise, they found it hard to believe.

Qi GUI's face darkened, and he shouted, "do you think I can't do anything if you hide?"

He made a hand seal with one hand, and a few circles of green light appeared around the major acupuncture points on his body. Only the clanging sound of iron chains being dragged could be heard.

Silver chains emerged from several of his orifices and circled around him. He then shouted, "Go!"

The chain was like a sharp arrow, shooting out in the air and creating waves of air. In a few moments, it had penetrated the sky and locked down the earth. It spread out like a spider web and locked down everything within a radius of several hundred feet.

Not only did the chains seal the sky and the earth, but they also formed vortexes and spread out, creating countless ripples.

"Over here!"

Qi GUI's expression changed as he shouted and pointed his finger at the void.

"Bang Bang Bang!"

A crack suddenly burst out under his fingertip and instantly tore open a hundred feet, as if it had been cut by the sword light.

The space flickered slightly, and a ripple spread out wherever the finger radiance passed.

Yunxiao's figure slowly appeared in the ripples. His chest was broken by the finger, but he still had a smile on his face as his whole body slowly turned into a fluorescent light.

“Damn it!”

Qi GUI shouted and stepped on the chain. He made a hand seal and stomped on the ground. Immediately, a flash of lightning and fire flashed, shaking the silver chain until it made a clattering sound.

A wave of lightning shot out, forming a sea of lightning that spread in all directions.

“Let’s see how you’re going to escape!” Qi GUI’s face was ashen, and his eyes were filled with killing intent and anger.

“Then I won’t run.”

At a certain node on the silver chain, the space shook, and Yunxiao’s figure appeared, standing on it with a smile in his eyes.

All kinds of lightning instantly gathered and spread along the chain, bombarding his body.

“Pi pa Pi pa!”

All sorts of electric arcs and sparks flickered on his body. Some of them even directly passed through him, but they were unable to hurt him in the slightest.

“It really is a lightning body!”

Everyone’s expression changed slightly. Those who came to Seawood town were generally Thunder cultivators, but some people were born with Thunder attribute bodies and had a natural affinity with lightning, which made their cultivation twice as effective with half the effort.

Qi GUI’s face darkened and he said coldly, “no wonder you’re so fearless. But if you think that you’re immune to my techniques, you’re gravely mistaken!”

He clenched his fists and two bolts of lightning shot out from his palms, lighting up Half the Sky.

A powerful green light appeared behind him, and countless arcs of lightning condensed into the image of a beast. It was like the God of Thunder descending to the world, and it intertwined with the lightning in the world.

Everyone revealed a look of shock and fear. The bloodline of an ancient true spirit was so powerful, and the strange ghost was even more well-known among them. The sky full of lightning flashed, as if it was about to descend and destroy the world, shaking people's hearts and souls.

Murong Hengyu was also worried, as if the strange ghost's power was beyond his expectations.

Fei NI's expression was also cold and his eyes were flashing with a cold light. Under the cold air, there was a trace of burning fire.

Although the strange ghost was her companion, it was also her greatest enemy. The young master of the long family could be taken over by anyone who was capable, but there could only be one master.

Yunxiao stood on the chain and said with a sneer, "Your so-called Divine Art, is it a performance?"

"Hmph, you don't know what's good for you!"

Qi GUI's face was also blue in the light of the Thunderbolts. He turned his palm and slapped forward, sending out a bolt of lightning that instantly struck in front of Yunxiao. It then spread out in a fan shape and slashed down like a Thunder Blade!

Yunxiao formed an incantation gesture with his left hand and grabbed at the air with his right hand. Then, his five fingers opened, and an immemorial astral wind began to spin in an instant, turning into a wind shield.

Hula Hula!

The Thunder Blade cut into the wind shield and let out a sizzling sound. It was slowly torn apart by the immemorial astral wind and shot out into bits of lightning.

In the end, all the Thunderbolts were rolled up by the wind and spun into a Thunder tornado, which spun around Yunxiao's palm with amazing power.

“What?”

Everyone was dumbfounded, as if they found it somewhat unbelievable.

Yunxiao had been standing still the whole time. At this moment, the power of the Thunder tornado was spinning around him, making him look as quiet as an abyss, giving off a solemn and strange feeling.

...

Mu Youyun was also shocked, a deep worry in his eyes, and he was secretly complaining.

If the two of them continued to fight like this, they wouldn't give him any face at all, but so what if they didn't give him any face? The long family was definitely not to be offended. This mysterious youth's strength was also quite extraordinary, and he was with Murong Hengyu, so he was most likely a genius disciple of some powerful force.

Just as he was feeling anxious, a decadent voice suddenly transmitted into his ears, causing his expression to change greatly. His expression became stern as he listened carefully, his eyes constantly flashing with joy.

Qi GUI himself was also stunned. Although he had not used all his power in that slash, it was still very sharp. It should at least have caused the other party to stumble, but he was completely controlled by the other party.

“You do have some skills! Try my move again!”

Qi GUI didn't dare to underestimate him anymore. A purple light burst out from his eyes and he clenched his fists. A lightning extended out and turned into a Lightning Spear.

After the lightning Spear appeared, the chains that filled the sky made "Hua Hua Hua" sounds and rippled in the sky like the water of a River.

The Thunderbolts in the sky became even more violent and turned into lightning dragons. They swooped down from the sky and gathered into the lightning Spear.

Fei Ni cried out in shock, the shock in her eyes could not be concealed. She knew how powerful this move was. Could it be that she had to use such an extreme move to deal with this young man?

Yunxiao's pupils constricted as he seemed to sense the danger. With a cold flash in his hand, several golden sword talismans floated out, and the cold sword, frost, was held in his hand, shooting out cold air.

The ancient characters on the body of the sword bounced up and were destroyed one after another. His entire body was like one, under the influence of an extremely strong sword intent.

...

The atmosphere in the sky suddenly became somber and tense.

"Everyone, stop!"

Suddenly, a cold voice rang out, interrupting this killing intent.

The person who had spoken was mu Youyun, who was standing to the side. His face immediately sank as he shouted, "Did the two of you get permission from me, your master, to attack?"

Everyone frowned, feeling a little strange.

That mu Youyun couldn't wait to cast aside his involvement and leave as soon as possible. Why did he suddenly become so confident?

The pupils of Murong Hengyu and the long family's two young masters contracted, as if they had thought of something. Their expressions changed slightly at the same time.

Qi GUI's eyes flashed with a cold light and he said, "You're lucky today, but it's hard to say if you'll be able to continue being so lucky in the future."

With a flip of his hands, the lightning Spear disappeared and the shadow of his true spirit was absorbed into his body. The lightning in the sky dispersed.

"Whoosh!"

The chains that filled the sky were also retracted. The dark clouds in the sky dispersed and the clear sky was restored.

Yunxiao's heart stirred as well. With a flash of frost, he put away his cold sword and said with a chuckle, "I wonder who's the lucky one."

you! Qi GUI was furious. He pointed at him and shouted, "you still dare to be stubborn!

there's no need to waste your breath on him," said feini. we'll just send someone to keep an eye on him. Once he leaves Seawood town, it'll be the time of his death.

"That's right!" Qi GUI said coldly. I'll see if you still dare to be arrogant then!"

"Boring."

With a contemptuous smile, Yunxiao flickered and landed next to Murong Hengyu.

Although his battle with Qi GUI had been interrupted, from the methods he had displayed, no one dared to underestimate him. Even Murong Hengyu's expression had changed greatly, his gaze becoming much friendlier.

Mu Youyun's face darkened, and he said coldly, "everyone, you attacked me in front of me. You are really giving the divine Wood family face.

It was obvious that he was really angry, and his eyes were filled with a cold light.

Feini's mind raced as she bowed and apologized, "it was Qi GUI who was impulsive. It was only because this person was speaking nonsense and slandering our long family members, and Qi GUI's personality was upright that there was a slight conflict. I hope Lord Yun can forgive me.

Mu Youyun waved his hand and snorted, "forget it." Let's forget about the previous matter. I can understand that you're all here for the spirit lightning fruit. But the situation in Seawood town this time is indeed strange. Not only did it attract a large number of powerful cultivators, but I also just received news that even the sea Race was alarmed."

the sea Race?!

Everyone exclaimed in shock, their faces filled with shock.

Yunxiao's expression changed slightly as well. He had just returned from the East Sea. Was he going to deal with those sea jokers again?
