

## The Eternal 1241

### Chapter 1241-impending storm

Mu Youyun's expression was grave as he nodded. "That's right. I've also just received news that the Marine race has sent a Messenger to inform us that Seawood town was originally their Island in the North Sea. Now, they want our divine Wood family to return it to its original owner."

"What?"

Murong Hengyu's eyes almost popped out as he shouted in a strange voice, "You're really shameless! Seawood town is connected to the continent, and we humans have occupied it for thousands of years. I've never heard such a lie before!"

"This is obvious," mu Youyun said, "Leylin is showing signs of abnormality, and a large number of spirit lightning fruits are ripening. With the current momentum, the area for the fruits to ripen is still increasing, and even many spirit lightning flowers are starting to bear fruit."

Everyone's expressions were solemn, surprised and happy. If this trend continued, wouldn't it all blossom and bear fruit?

Mu Youyun said, " the people of the sea Race have never had any ideas about the spiritual Thunder fruit. Maybe it's because the fruits produced each year are too few, so they don't care. But this year, the production has suddenly increased by dozens of times. Anyone would be tempted.

Murong Hengyu's eyes flashed with a cold light, they really think that our human race is easy to bully. If those sea clans abide by the rules, we can sell it to them according to the quota. If they don't know what's good for them and make unreasonable demands, then we must teach them a lesson.

did the divine Tree family find out the reason for the spirit Thunder fruit's unusual change? " Yunxiao suddenly asked.

Mu Youyun glanced at him, a hint of doubt flashing through his eyes. "I haven't found the source yet. Although Leylin's area isn't large, it's a sea of lightning. All kinds of divine senses are disrupted and can only be observed with the naked eye. I didn't find anything unusual."

how is that possible? ” Yunxiao frowned. it’s impossible to ripen such a large area of spirit Thunder fruits without an amazing amount of second wood Qi. Didn’t your sect consider that it was a sign of the birth of a peerless treasure? ”

Everyone’s hearts trembled, and they all stared at mu Youyun.

Mu Youyun cursed under his breath, then smiled wryly, ”Of course I’ve thought about this. Not only within Leylin, but I’ve also sent people to investigate the thousands of seas nearby. From the nine Heavens to the deep seas, nothing was missed, but I didn’t find anything.”

Yunxiao remained silent. He vaguely sensed that something was wrong with the sea tribe. If they were really after the spirit lightning fruit, they would have done so long ago.

In that case, the sea tribe’s goal was most likely to be the peerless second wood material that could accelerate the ripening of the spirit lightning fruit!

In his heart, he had already firmly believed that there must be an extremely powerful yi wood divine item coming into being, which would cause such a strange phenomenon. Now that the sea Race had appeared out of nowhere, it seemed to explain this point.

“The matter of the spirit lightning fruit has become extremely complicated with the sea race’s interference,” mu Youyun continued. You are all Dragons and phoenixes among humans, outstanding figures of our human race. I would like to ask you to work together to protect Seawood town from invasion.”

A red shadow flashed and Fei Ni chuckled, ” “Lord Youyun must be joking. The divine Wood family had been in charge of Seawood town for hundreds of years, and no force had ever dared to invade. It was clear that the strength of the divine Wood family was enough to deter all evildoers. Although my long family has some reputation, we don’t have any elders here. Qigui and I have limited strength, and we don’t dare to rashly participate in such a big matter.”

Her meaning was obvious-she didn’t want to get involved in this kind of conflict.

After all, Seawood town did not have much of a relationship with them, so there was no need for them to be used by the divine Wood family for no reason. After all, the sea tribe was not a kind person, and no one knew how deep the pit was.

The strange ghost was also silent, as if everything was under Fei Ni's control.

Murong Hengyu's expression changed slightly, as if he was uncertain. He was different from the long family. The Murong family had been in this pit for a long time. Of course, they would not let the sea Race take away the benefits.

A sneer flashed across mu Youyun's face, and he said, "Very well, then please return to the long family. This time, the sea Race doesn't seem to be simple. I plan to gather everyone to deal with them together and finally discuss how to distribute the spirit lightning fruits."

"How to distribute the spiritual lightning fruit?"

"Aren't we going to distribute it according to the previous rules?" Qi GUI asked.

The benefits of Seawood town had nothing to do with him, but the spirit Thunder fruit was related to his cultivation. This time, he was stuck at a bottleneck in his cultivation. After learning about the phenomenon of the spirit Thunder fruit, he firmly believed that this was an opportunity given to him by the heavens, which was why he came to Seawood town with feini.

"There's no need for the long family's young master to worry about these things," mu Youyun said coldly. I'm afraid Seawood town won't be peaceful for a while. The young master of the long family has already purchased the corresponding share and can leave to avoid getting involved in the muddy water and being affected."

Qi GUI said awkwardly, "ahem, you're treating me like an outsider with your words, Lord Youyun." Although Seawood town is the territory of the divine Wood family, it is also the territory of the human race. If outsiders want to interfere, I, Qi GUI, will be the first to object!"

Fei NI's expression changed slightly as she forced a smile and said, "since Qi GUI has agreed, I won't stay out of it." However, this is no small matter. I'll send a message back to the sect to ask for instructions from the elders."

Only then did mu Youyun's expression ease up. After all, the long family wasn't someone he could afford to offend, so he just had to stop.

"Although the Murong family has been in seclusion for many years, they are still part of the human race. We can't shirk our duty for the greater good!" Murong Hengyu added.

Mu Youyun smiled and said, "I'll have to thank you all in advance." He turned his eyes and looked at Yunxiao. Judging from the battle just now, this man was definitely a high-level Martial Emperor, and his strength could not be ignored.

"The name on your jade pendant is seven stars martial Supreme, li Feiyang. The name and strength are fake, right? As long as you're willing to do your best to help, you'll also get a portion of the spirit lightning fruit."

I'll go and take a look as well, " Yunxiao said with a smile. there are enough benefits, so I don't mind helping.

Everyone's faces were filled with black lines. Although everyone had the same thoughts, these words were too obvious.

Mu Youyun also looked a little embarrassed, and said, " "The divine Wood family will not mistreat you. The development of Seawood town will still be in your care. I'll be waiting for you in the mansion tomorrow afternoon. Before that, I hope that everyone will give me some face and not cause any more trouble."

don't worry, my Lord, " Qi GUI said. I will definitely give the divine Tree family face. However, once we leave Seawood town, I will definitely take li Feiyang's life!"

"From what you've just said, it seems like apart from Seawood town, the rest of the world is your long family's territory," Murong Hengyu said sarcastically.

Qi GUI's eyes flashed with a brutal look and he said coldly, "Murong Hengyu, you won't be able to be arrogant for long!"

Yunxiao chuckled. you don't have to waste your breath on them. I've seen many true spirit bloodline inheritors, and they all have one thing in common: they like to cheer themselves up with tough words.

"Haha, you're right, brother Feiyang!"

Murong Hengyu laughed out loud, " they don't know that this kind of behavior is extremely childish. It only further shows their weakness and humility. As the saying goes, dogs that bite don't bark.

Qi GUI's face was livid, and lightning kept flashing on his face. It was obvious that he couldn't suppress his anger.

Feini's beautiful eyes turned and sized Yunxiao up, then she smiled and said, " "Your Excellency is indeed courageous, but unfortunately, you are still too young and don't know the immensity of the heavens and earth. Qigui, let's go."

She seemed to be the core of the long family's trip. Qi GUI snorted angrily and flicked his sleeves. More than ten long family members immediately turned into rays of light and left.

Mu Youyun also gave Yunxiao a few more looks, wondering where he got the confidence and confidence to fight against the long family of heaven Ridge. take care of yourself, you two. He also turned into a beam of light and disappeared into the sky.

Murong Hengyu watched as the crowd left, his expression slowly turning serious.

With a flash of light, a storage bag appeared in his hand, which he handed to Yunxiao and said, " "Brother Feiyang, things have changed. You can take the deposit back first."

what? " Yunxiao frowned and asked, " are you going back on your word, Sir? "

“No way.” Murong Hengyu shook his head. The Murong family has been managing this spirit lightning fruit for a long time, and we’ve never broken our promise. However, with the recent changes, I can’t guarantee the safety of the channel. How about this, I can promise brother Feiyang that the Murong family will sell you the fruits they get this time, but the price can’t be lower!”

Yunxiao knew that although these reclusive families did not meddle in the affairs of the world and did not dominate the world, they would have branches hiding in the world to exchange resources and collect information. So, he agreed immediately.

Murong Hengyu laughed, “I’ve heard that among the younger generation of the world, there are the four prodigies of the North, the three heroes of the West, and the seven stars of the East.” To be honest, I’ve met a few of them and they were very disappointed. I thought that the younger generation in the world was just so-so. Only today did I know that a good fighter is not famous. This is brother Feiyang.”

the people you mentioned are all top experts who only appear once in a hundred years,” Yunxiao said. the Murong family is in an extremely high position, so it’s only natural that they have high standards. In the past, Murong Zhu could be considered a rare talent in the world. I think brother Heng Yu’s future achievements will definitely be above his.”

Murong Hengyu’s expression changed drastically, revealing a look of shock, “you also know my uncle’s name?”

...

Yunxiao’s heart stirred as he sighed and said, “As expected.

“I’ve heard of it before, but it’s a pity that he died young.” Yunxiao’s face was filled with grief.

Murong Hengyu stared at Yunxiao with a suspicious look on his face and said, “My uncle is indeed a genius. He was the number one genius in the clan back then. However, not many people on the heavenly martial continent knew his name. Besides, uncle himself was like a shooting star that flashed by, so few people would remember him now. Who the hell are you?”

we are friends, not enemies, " Yunxiao said. we are friends.

With that, he ignored Murong Hengyu's shocked expression and strode away, disappearing into the corner of the street.

Murong Hengyu was stunned for a while before he slowly put away his thoughts and carefully pondered over Yunxiao's words.

Yunxiao was walking alone on the street, with people coming and going. Ripples spread out under his feet, but his heart was filled with melancholy.

Although Murong Hengyu was older than him, in his eyes, he was a junior. Moreover, his talent was extremely good, not even inferior to Murong Zhu's.

He felt somewhat comforted in his heart.

Chapter 1242

1242 The Crown Prince of North Sea

A ray of green light flashed in his hand and a Jade token appeared.

It was the item that ning keyue had left behind.

Yunxiao stared at the Jade token, the cold indifference in his eyes frightening. Now that ning keyue was with Tian si, they were in an extremely dangerous situation. However, he did not have the power to fight Tian si at all!

Suddenly, a figure appeared in front of him. It was a red-clothed warrior with an iron saber.

li Feiyang, " the man shouted with a cold face, " master Qi GUI invites you to go out of the city and settle your personal grudge!

Yunxiao put away the jade pendant and said slowly, "Why should I go?"

The man seemed to have expected this. He sneered and said, "Weren't you very stubborn just now? Why are you a coward now?"

Yunxiao looked at him lazily and said, "So what if he's a coward?"

"You coward!"

The man suddenly felt a block in his chest, as if he had just punched cotton. He couldn't exert any strength and felt uncomfortable all over. "are you going or not?"

"I'm not going."

do you want to hole up in Seawood town for the rest of your life?"

it depends. Maybe it's true.

"Y-you,

The man was completely speechless. He had thought of all kinds of situations before, but he didn't expect it to be like this. He said angrily, "if you have the ability, hide in Seawood town for the rest of your life and don't leave!

if your master has the ability," Yunxiao said with a smile, "he can hide outside the city and wait for me for the rest of his life.

"Trash, trash!"

That person was extremely angry. He cursed a few words and knew that it was useless to provoke him any further. He stomped his feet and left.

Yunxiao could not help chuckling as he watched the man leave. He could basically see through the strange ghost's strength, and it would only take him a few moves to take care of it. On the other hand, feini gave him an unfathomable feeling, and he was no stranger to that feeling.

"The bloodline of the heavenly Phoenix? This is interesting."

Yunxiao's figure flickered and disappeared from the street.

In a corner of Seawood town, a long cordon was set up, and no one was allowed to approach within a thousand feet of it. Only two teams of martial artists were on guard all night.

Suddenly, a figure flashed past and a middle-aged man appeared.

The expressions of the two teams of martial artists became stern.

The middle-aged man looked around and said, "everyone, pay attention. The higher-ups just sent a notice. We'll be on the highest alert for this period of time. We can't let even a fly in!

"The highest level of alert? But what happened?"

One of the martial artists said in surprise.

The middle-aged man glanced at him and said, "Don't ask. I don't know the specific situation. In short, it can't be anything good. Tomorrow, the higher-ups will send two more teams of people to double the alert range to ensure the absolute safety of the passage!"

Everyone was extremely shocked. Doubling the manpower and reducing the security perimeter was equivalent to increasing the defense by four times!

hehe, if they're all trash like you, it's useless no matter how many people we send.

An ice-cold voice was heard, carrying extreme contempt and ridicule.

The middle-aged man's expression changed drastically. With a shake of his hand, a sharp blade appeared, emitting three-colored light. Without looking back, he slashed behind him like a Peacock spreading its tail!

A black shadow rushed over, laughed strangely, and flew directly into the three-colored blade light.

“Bang!”

“Pfft!”

The sound of weapons clashing rang out, and the middle-aged man's head flew up. His face was filled with shock and despair.

Blood gushed out from the headless neck like a fountain, hissing as it floated in the wind. It was extremely miserable.

“Argh! Commander!”

The martial artists on both sides were filled with grief and indignation. All of a sudden, the sound of weapons clattering could be heard as one figure after another charged forward.

haha, the anger of the weak has no power. Go to hell and cry!

The black shadow laughed wildly and instantly split into several afterimages to kill the crowd.

A series of cracking sounds rang out, and in just a few breaths, the two groups of people were all cut into pieces, blood splattering all over the sky.

The entire area within the cordon became miserable and dead silent.

“Third brother, this isn’t our North Sea. It’s better for you to restrain yourself.”

A faint voice came from the sky. It was emotionless and didn’t sound like a human voice.

“Hmph! They’re just a bunch of scum, so what if they’re killed? don’t tell me the humans dare to say ‘no’?”

The black shadow turned into a human figure, who was covered in a black robe. His face was pale and cold, and a disdainful look appeared on his face.

don’t underestimate humans. I heard that the eastern sea’s royal family’s lair was destroyed by a human. Not only did they lose all their treasures, but even the deep sea mine was dug out.

“Hahaha! Second brother, to think that you’re called a wise man. How could you believe such a brainless rumor?”

The black-robed man said sarcastically, “even an immortal state warrior can’t Rob all the treasures in the eastern sea and dig out the earth vein in the deep sea.” Moreover, if this is true, it only means that the earthworms in the East China Sea have been completely reduced to dregs!”

“Oh, really? Then how did ninth brother die?”

“Shut up! Don’t mention this person in front of me!”

The black-robed man’s already pale face turned even colder. He said sternly, “ fortunately, he died early. Otherwise, I would have sent him to hell and never reincarnate!

...

“My ninth brother is still my father’s son, and he shares the same bloodline as you and me,” the voice said. He’s dead, so we still have to be sad.”

The black-robed man laughed madly. haha! Indeed! I should be sad! His face contorted and he said ferociously, “I’m so sad that I can’t kill him myself! Which bastard killed him? I’m going to tear that bastard into pieces!”

I heard that the human’s name is li Yunxiao,” the voice said. he’s the same man who excavated the mine vein in the East Sea.

li Yunxiao? ”

The black-robed man’s eyes flashed with killing intent as he said coldly, “This person is already on my must-kill list! As for excavating the mine in the East Sea, that’s complete nonsense! If this is true, it will be the greatest humiliation of the sea Race in hundreds of millions of years. How will guangxian have the face to rule the East Sea?”

The voice sighed and said,“I also thought it was a rumor when I first heard it, but now it’s spreading all over the four Seas.” Furthermore, Lord guangxian has not appeared for a long time, and it has been mother Xing who has been managing the political affairs. Everything will naturally be known when the four Seas meet begins.”

The black-robed man said coldly,“isn’t there news that that person will be coming?” We’ll just ask him when the time comes.”

yes,” the voice said. he naturally won’t let go of such a divine item of Yimu. Perhaps he’s our greatest enemy this time.

The black-robed man’s expression changed, and he said in a deep voice, “Then don’t talk nonsense. Get the item before everyone else and leave the mess for them to clean up. Even if they find out that we did it, do they have the guts to come to the North Sea and Rob us?”

After the black-robed man finished speaking, he immediately turned into a black light and rushed into the warning line.

This area was unusually quiet. It was obvious that no one had set foot in it for a long time.

...

After a few flashes, the black light turned into a figure and stopped again, looking ahead with a cold expression.

a few hundred feet in front of him, a row of martial artists sat cross-legged in the air. all of them had calm expressions and were in a meditative state.

Within a radius of a thousand feet, there was silence. The atmosphere was extremely solemn. There were a total of nine martial artists, and their auras were all restrained. Not a single trace of origin power could be felt, and they were like statues.

The black-robed man stared at the nine people, his fingers cracking as he said coldly, "make way, or die!"

the positions of the nine people were extremely strange. they were not simply in a row. the distance between every two people seemed to be very precise, as if it contained some kind of rule.

The person in the lead slowly opened his eyes, and a stern look flashed through his eyes as he shouted, "What a strong killing intent. Did you kill all the guards in front?"

The black-robed man laughed, "hahaha, what's the use of keeping those pieces of trash?" The nine of you are still acceptable. If you are tactful, you can live."

The man's eyes were filled with anger, but he suppressed his emotions and slowly closed his eyes, not saying a word.

"You're looking for death!"

the black-robed man angrily rebuked. he raised his hand, and more than ten black streaks of light suddenly slashed out in the air.

“bang bang bang bang!”

A force suddenly appeared in front of the nine of them. It flickered like a mirror and blocked all the black light. It could not hurt anyone.

The black-robed man raised his eyebrows and sneered. He took a step forward, and a black Qi surged from his arm, directly transforming into a huge black Dragon Claw. He grabbed at the void!

“BOOM!”

there was a loud noise from above, and the dragon claw seemed to lift up the space, like a curtain that was being pulled out with wrinkles.

The black-robed man’s eyes focused. He formed a seal with his left hand and spoke in obscure dragon language.

A spatial vortex immediately appeared in the Dragon Claw, growing larger and larger. The nine people not far away also began to twist under the power of this spatial force.

The leader’s face sank. He made a seal with his hand and shouted, ” “Activate the formation!”

A golden light first rushed out from his body, and a strange pattern floated in his hands that were forming a seal. Then, he flew up into the sky.

The other eight opened their eyes at the same time. The clones formed hand seals and their positions changed according to a certain direction.

Golden array runes bloomed from the nine people's hand seals, turning into a blurry golden light and gathering in the sky. Instantly, it formed a huge golden barrier. The sun was like a wheel, spinning around the nine people.

The space that had originally been filled with wrinkles instantly returned to normal. The nine people's expressions didn't change, and each of their faces reflected a golden light. Each of them made a hand seal and sat down.

The black-robed man's face darkened and he shouted, "it's useless!"

The Dragon Claw suddenly clenched, and the space suddenly tightened. An unparalleled earth-shattering force instantly retreated, crushing toward the Golden barrier.

"BOOM!"

The space trembled under this huge force and directly bombarded the Golden barrier. It was like a war chariot that was constantly crashing and crushing. The surface of the golden light trembled violently, but it could not break through.

"Hmph, you deserve to die!"

The black-robed man's expression changed. His eyes were filled with anger. He turned into a black light and rushed forward.

Chapter 1243-Moon Dance

The pupils of the leader of the nine people shrank. He shouted, "Open!"

He changed his hand seals, and the eight people behind him also changed their hand seals and positions at the same time. The Golden barrier suddenly opened up and instantly covered an area of hundreds of feet.

The black-robed man was caught off guard and was directly enveloped by the barrier. His expression immediately changed greatly.

The nine figures immediately rushed toward him, each of them stepping on a different space. They seemed to be hiding some kind of formation, covering the sky and earth.

The black-robed man roared in anger. The black robe on his body suddenly burst open, and a vast Dragon's might came out of his body.

"BOOM!"

The entire golden barrier trembled. The power of the Dragon's might directly turned into a Black Dragon, which coiled around the man's body and looked at him coldly.

At the same time, the man clenched his hands in front of him, and a Dragon's Roar rose into the sky. All kinds of strange runes flew out from his body, directly condensing into nine pitch-black runes balls in front of him, and then shot towards the nine people.

the royal family of the North Sea?!

The nine people were all shocked and changed their positions in the air to avoid the black ball.

"Hmph, trapped Dragon extreme vortex!"

The man clasped his hands together and the Dragon Shadow on his body spiralled out. He let out a dragon roar and the golden light barrier trembled.

The nine rune balls spun rapidly under the Dragon's Roar. One by one, they broke down and fused together, finally forming a huge black Vortex.

At first, the Black Vortex was only the size of a millstone. However, as the man's hands continued to form hand seals, it instantly expanded to four to five times its original size and was about to fill the entire golden barrier.

The entire space was torn apart by the vortex's force, and the barrier also shrank as if it was gradually being sucked dry of air. A large amount of golden light shot down from the barrier and was sucked into the vortex, shattering it.

"Not good!"

The nine people were shocked, and the leader shouted, "The third military form!"

Everyone's expression became serious as they formed hand seals and struck out into the void. The power of the Golden barrier suddenly strengthened, and with a flash of golden light, a huge foot that was several feet tall condensed.

The moment the Golden Foot appeared, all the spiritual Qi within a few feet was instantly sucked dry. Countless runes gushed out from the foot and danced in the surroundings.

"BOOM!"

The Big Foot trembled and stomped down.

The entire space was instantly crushed, and the Air Force gave off an ear-piercing friction sound. In an instant, flames were ignited and burned in all directions.

The Golden Foot stepped into the black Vortex, stirring up endless black gas.

The entire vortex trembled like a sieve, continuously collapsing and spreading.

The man's expression suddenly changed. The seal in front of him turned into a fist. The dormant Black Dragon immediately raised its head, and its eyes flickered with a fierce light.

"Tyrant Dragon Fist!"

The black fist radiance streaked across the sky like a shooting star. Under the fist momentum, the Black Dragon roared above it, continuously compressing the barrier's power, trying to break apart all the restrictions and formations!

The leader of the nine people's expression did not change. He just formed a seal with his hands and shouted, "The seventh move!"

Immediately, the nine people's movement techniques changed, and they lined up in a line. Each person's expression was the same, and countless golden runes suddenly appeared in the air. They instantly condensed into the shape of a sword, and suddenly slashed over.

"Boom boom boom!"

The sword-shaped attack pierced through the fist radiance. The Black Dragon kept collapsing and letting out a series of miserable cries.

The waves of air spread out in all directions, shaking the barrier and then bouncing back, sending out countless ripples. Everyone's figures became dazed.

The man's eyes were filled with fear. The sword light had directly shattered all his defenses and slammed into his body with the force of a mountain.

A gray armor broke out of his body, and countless tiny array patterns appeared on it. It was like a heavy rain falling on a calm lake, causing countless ripples. It condensed in front of the man and resisted the sword light.

"Bang Bang Bang Bang!"

The formation patterns on the armor disappeared one by one. In the end, all the light disappeared, and countless cracks appeared on the entire armor. Then, it exploded with a bang.

The shape of the sword had also reached its limit. It collapsed into golden light and dissipated, floating into the sky and being absorbed by the barrier.

“The second plate!”

A cold voice rang out. The nine people changed their movement techniques again and disappeared into thin air.

In the next moment, they appeared around the man, forming different seals and striking forward.

Nine golden lights of different shapes appeared and instantly connected together to form a golden cauldron that trapped the man inside.

Countless golden runes were spinning on the cauldron. There were hundreds and thousands of tiny formations that were connected to each other. There was a formation within a formation.

A ball of golden light flashed and turned into a huge symbol. It was blinding and appeared on the body of the cauldron. It pressed down with the force of a mountain and caused the Golden cauldron to tremble with a “boom.”

A suffocating pressure instantly descended upon the man from the North Sea, who was trapped within the Golden cauldron. His face immediately turned deathly pale, and he revealed a look of shock.

“You want to kill this King? in your dreams!”

He bellowed in anger, and scales kept appearing on his skin. Layers of Black Dragon Qi gushed out and turned into vortexes that rushed in all directions, trying to break the seal of the Golden cauldron.

The huge golden symbol suddenly flashed and spun down from the sky. With a rumble, it pressed down on the boundless Dragon Qi and directly shattered it.

The man’s mind suffered a backlash and he spat out a mouthful of blood on the spot. His eyes flashed with hatred and panic.

Only then did the nine cultivators outside the Golden cauldron relax. Each of them formed a hand seal and sat cross-legged in the air. They closed their eyes and began to cultivate. From time to time, they would form a hand seal to maintain the Golden cauldron's luck. They were actually trying to refine him.

The huge golden rune rotated slowly and suppressed the Dragon Qi around the man.

Meanwhile, a large number of runes and golden light gushed out of the light cauldron and intertwined with each other in the air. They continuously washed over the man from the North Sea and wantonly destroyed his physical body. The Black Dragon scales exploded one by one.

From a distance, one could only see a golden light in the sky. A few figures were faintly discernible inside. Under the influence of the barrier, no sound could be heard. It was still quiet and peaceful outside.

Suddenly, a large amount of pink appeared in the sky, like a fairy scattering flowers from the clouds, falling with the wind.

...

The pink color was actually grains of dust, like pollen, and also like dust. They floated down and directly scattered into the barrier.

The nine experts shuddered and opened their eyes, revealing a look of horror. The leader said in shock, "Not good! There are still enemies hiding in the dark!"

the front-back nine Palace reversal formation can block all attacks and objects," another person said in shock. what's with this pollen? it can penetrate through without any hindrance.

The nine of them were all shocked. The pollen continued to increase in quantity as it fluttered about. Although they had yet to discover anything abnormal, it gave the nine of them an increasingly bad feeling.

"You guys continue refining, I'll deal with the one outside!" The leader said in a deep voice.

He changed his hand seals and turned around in the array. He immediately appeared 100 feet in the sky. His eyes opened wide and a green light appeared in his eyes as he looked up at the sky.

“You’re overestimating yourself!”

Suddenly, a cold voice came from behind him.

The man was shocked. He immediately felt a chill run down his spine, and the danger of death loomed over him.

He suddenly put his hands together and shouted. Suddenly, a golden light flashed on his body, brilliant like the sunset.

The eight cultivators below changed hand seals, and a large number of runes surged forth from the Golden barrier, instantly converging into a sword that whistled through the air.

...

“Everything is under this King’s observation. It’s nothing.”

A cold voice sounded, and the temperature dropped. A transparent skeleton appeared in the air. It was the skull of a Dragon. Its eyes were covered in ice crystals, and it opened its mouth to spit out a Dragon Breath.

The dragon’s breath was like the water from the nine Heavens falling into the world. It turned into a water dragon and roared as it rushed down.

Above the waves, the Dragon’s body rolled up in the air. Like a giant silver lock, it directly trapped the giant sword and locked it in the air.

“What?”

The eight people below were all shocked, revealing a look of horror.

The leader in the sky was relieved for a moment. He hurriedly turned around and shot out a golden seal, which slapped on the Dragon's skull.

"Bang!"

A huge gust of wind blew, and the blue ice crystals in the deep eye sockets of the Dragon's skull began to jump. The entire skull trembled under the power of the golden seal.

Suddenly, a hand reached out from the void and gently placed it on the Dragon's skull. It was so sudden, but it was also very natural. It gave people a feeling that it should not be, but it was natural.

The hand was vigorous and powerful, its fingers long and white, without a trace of blood.

The Dragon skull's trembling stopped immediately under the hand's comforting. The blue ice crystal also became stable.

The hand raised its index finger and gently touched the Dragon's skull. The two ice crystals on the transparent Dragon's skull suddenly jumped, as if they had come to life, and shot out two sharp lights.

The leader's pupils contracted, and a sense of extreme danger welled up in his heart. He suddenly shouted, "The first defensive stance!"

The expressions of the eight people below changed, and they suddenly formed hand seals to change the position of the formation.

The barrier opened up all of a sudden, and countless golden runes swirled within it, heading towards the sky. It was like a huge mushroom that was continuously growing and opening up umbrella leaves.

As soon as the Dragon's skull was pressed down, the ice crystals in the eye sockets rolled out like seawater. The entire skull was in the middle of the waves, and when he clenched his hand, it was a vast ocean.

"Water skill, Moon Dance!"

An extremely powerful water elemental power burst forth from the Dragon's skull. It was as if all the water in the North Sea had been drawn over, and the world instantly sank into the ocean.

The leader instantly felt an unrivaled force. He was not facing an ordinary pool of green water, but an ocean!

"Bang!"

The golden seal under his palm was instantly shattered, and he spat out a mouthful of blood as he was sent flying.

As the leader of the nine, he occupied an extremely important position in the formation. With his fall, the light of the entire formation suddenly dimmed.

The vast ocean fell and finally smashed onto the barrier that was constantly being opened.

"Bang!"

The force of the barrier stopped the water of the North Sea for a while, but the water was endless and it finally exploded after a few breaths!

"Boom boom boom!"

The entire sky fell into chaos as water poured down. Any force in the face of this ocean was extremely small and helpless.

Chapter 1244

1244 Pink crystal dust

The leader who was injured didn't care about his injuries. He returned to the array position below in a flash and shouted, "Defense, we'll definitely be able to block it!"

The nine of them joined hands again and attacked at the same time.

A large number of runes floated out of each person's body and formed a seal in the air. They condensed into a light mirror that hung in the sky.

"BOOM!"

Wan Shui directly hit the light mirror, and the entire mirror trembled violently. The space shook like a sieve, and the bodies of the nine people trembled non-stop, almost breaking apart.

"Hehe, it's no use. You're all already dead."

A cold voice rang out. It was the man inside the Golden cauldron. He was looking at everyone with an evil smile.

The nine of them felt a chill in their hearts, and a bad feeling welled up in their hearts. Everyone's eyes landed on the ground.

The pink dust from before had formed a layer on the ground, like the fallen flowers after autumn, spreading all over the ground.

The man grinned hideously. This thing isn't some pollen. Above the four Seas, there's a magical celestial phenomenon called pink crystal dust. This thing is refined from that crystal dust. It has extremely strong spatial energy, so it can penetrate your array and land.

Pink crystal dust?!

The bodies of the nine people trembled. They had been in Haibin city all year round, so they naturally knew about this item.

“After my second brother refined this, not only can it penetrate all kinds of formations and barriers, but it also has an extremely strong ability to explode space,” the man laughed.

As soon as he finished speaking, the pink crystal dust on the ground seemed to be blown by the wind and rolled up.

“BOOM!”

With an earth-shattering boom, the ground collapsed instantly. The Golden barrier was blasted open, and the mirror of light in the sky shattered.

The boundless explosive power spread in all directions, engulfing the nine of them.

The nine of them were fully focused on forming seals to resist the monstrous flood. How could they withstand such an attack? they were instantly smashed into pieces.

“Hahaha, haha!”

The man’s laughter came from the violent energy.

The flood in the sky also froze for a moment before slowly dissipating.

The entire land was barren. All traces were washed away by the sea water. The sea water slowly flowed towards the land and the sea.

The man broke free from the Golden cauldron. Other than a maniacal smile, there was also anger on his face. He said coldly, “Second brother, you’ve acted just in time, right when I was about to enter the gates of hell!” It was obvious that he was blaming the other party for acting too late.

The hand that was holding the transparent Dragon's skull in the sky retracted. Then, it shook on the spot for a moment, and a man in white appeared.

The white-robed man's face was cold and emotionless, as if he had no feelings at all.

"When those nine people join hands, although their attacks aren't strong, their defense is flawless. I have to see clearly and only attack when I'm completely confident. Only then can I hit the target with one strike."

"Hmph, when you see it clearly, I'll be dead!"

These two people were the crown princes of the North Sea, the second-ranked Ruwan Zong and the third-ranked Ruwan Wu.

"If you didn't see it clearly, you wouldn't have attacked even if I died, right?" Ruwan Wu said coldly.

Leap sect's expression did not change as he said, "If it concerns your life, I will take action forcefully. However, if the situation is not right, they will leave after one attack."

Ruwan Wu's face twitched and he snorted heavily. It was unknown if he was angry or speechless. He then turned around and said, "Now that all the obstacles have been removed, let's quickly enter Leylin to find the peerless yi wood!"

Ruwan Zong nodded and placed his hands behind his back. A large amount of pink crystal dust surged out of his body and floated in the sky. He closed his eyes to sense it.

A moment later, he opened his eyes. Countless pink crystals flew back into his body, and he took a few steps in the air.

A ray of golden light bloomed from his hand, crackling and flashing like lightning. He threw it forward.

"Pi pa Pi pa!"

The Golden Ball of lightning spun in the air, and then it pulled out electric arcs that spread out like a water curtain. A green array about 100 feet wide appeared in front of the two.

“Is this the entrance? You’ve hidden it well.”

A look of excitement flashed in RUO Wu’s eyes as he licked his lips.

Leap sect looked at the green formation for a while and said, “This formation is not simple.”

“If you have that pink crystal dust, why don’t you just pour it in and blow up the array?” run Wu snorted in disdain.

“That’s not what I’m concerned about,” Ruizong said. Before we came, we did some research on the divine Tree family. They are second-rate among the human forces, but when we saw the nine of them joining forces, they were able to injure you and make me use the pink crystal dust and Moon Dance steps. If this is just a second-rate force, then what kind of existence are the first-rate forces of the human race, or even the seven superpowers, and the Holy region, which is above the seven superpowers?”

RUO Wu’s expression also changed, and he said in a deep voice, “This can’t be a second-rate force, there must be an error in the information! Those pieces of trash who provide information actually dare to commit such a blasphemy. When I return, I’ll definitely skin them alive!”

“What you see may not be true, and what you hear may not be false. We need to observe more,” Ruizong said.

“What’s the point of observing at a time like this? hurry up and destroy this formation,” run Wu said impatiently.

Leap sect did not say anything. Instead, he raised his hand and clenched his fingers. A transparent Dragon’s skull appeared in his hand. A faint pink glow appeared in his eye sockets, and it became brighter and brighter.

The Dragon skull spat out a cloud of pink smoke. It was the pink crystal dust, and it was spinning around the skull.

RUO Wu stared at the Dragon skull and his eyes flashed with a hint of envy.

The pink crystal dust danced around the Dragon bones, and the entire sky suddenly became gorgeous, like countless falling flowers, with a kind of desolate beauty.

Suddenly, the dragon's head bone in leap sect's hand trembled. He clenched his fist, and a layer of light was emitted from the skull. It instantly condensed into a pink Dragon's Shadow and roared as it flew behind him.

"What's going on?" RUO Wu's expression changed as he asked in shock.

"Roar!"

The pink dragon Shadow crashed into a space. With a boom, it seemed to have encountered a huge resistance. It was as if it had hit a wall. Its entire body trembled and almost shattered on the spot.

Under the huge shock, the space rippled with vertical lines and was pushed backward.

...

A figure slowly appeared.

"Who is it?"

RUO Wu's face sank as he furiously shouted. His eyes were flickering with killing intent.

“I wanted to ask who the two of you are.”

The figure said slowly. His eyes slightly narrowed as he looked at the pink dragon Shadow. His expression suddenly changed and he said in surprise, Pink crystal dust?!

The voice was filled with shock and disbelief.

Leap sect’s expression changed as well. His indifferent face seemed to turn cold as he pointed at the air.

The pink dragon Shadow flew back instantly and circled above him. It raised its head and stared at the person in front of it.

“How did you recognize this pink crystal dust?” Ruizong asked. I’ve already refined it. If one doesn’t have a deep understanding of it, it’s impossible to see it at a glance.”

After a brief moment of shock, the man laughed and said, “Your so-called refining, is to break the crystal state into a powder state? Other than the different shapes, I can’t see any difference between this powder and crystal dust.”

“That only means you have a deep understanding of pink crystal dust,” Ruizong said.

...

“More or less,” the man nodded, “I’ve studied it for a while.”

RUO Wu frowned and shouted in a deep voice, why are you wasting your breath on him? we don’t know his background, so just kill him!

“This person is not simple. He definitely doesn’t have the cultivation of a seven-stars martial Supreme as he appears to be,” said leap sect, his eyes flickering.

The man who had suddenly appeared was Yunxiao. He had wanted to sneak into Leylin to find out what was going on, but he did not expect to meet the two crown princes of the North Sea.

“I’m from an unknown background?” Yunxiao sneered. The two of you are the ones with unknown origins. The corpses of the cultivators in front of you are disheveled. He glanced around and said, “Also, there was an intense battle here just now, and the smell of blood hasn’t dried yet. Was it all your doing?”

“So what if I am?” Yun Wu said coldly. His face was extremely dark, and the killing intent in his eyes was getting stronger.

Yunxiao clasped his hands behind his back and said indifferently, “It’s okay, I was just asking.”

“Your sister!”

“Go to hell!” Yun Wu shouted angrily.

With a flash, he disappeared from where he was.

A black beam of light shot straight at Yunxiao, and at the same time, a thunderclap flashed across the sky. A Dark Dragon’s Shadow suddenly emerged, spreading its claws and rushing down.

“Black Dragon!”

Yunxiao’s pupils constricted. are you the crown princes of the North Sea? ”

He stretched out his hands, and a strong wind whirled in his right hand, while a cluster of flames appeared in his left hand. The two elemental powers combined in front of him, and a “bang” sounded.

The fire spread out with the help of the wind, forming a huge wheel of Wind and Fire that was more than 100 feet in size, spinning continuously.

Yunxiao's face turned hazy under the flickering flames. His left hand drew a circle in the air, then performed an incantation gesture and placed it in front of him while his right hand slapped forward.

The great firestorm wheels whistled through the air and swept toward the Black Dragon.

In the next moment, he immediately withdrew his right hand and formed a seal in front of him. Instead, he put two fingers on his left hand together and made a sword stance, pointing in one direction.

"Swish!"

A cold sword Qi shot out and the sky was instantly split open. With a muffled "bang", it cut something.

RUO Wu's figure suddenly appeared. He looked at the five-fingered Dragon Claw in his hand with a shocked expression. He could clearly see the sword mark on it.

At this moment, the Black Dragon that was descending from the sky was sucked into the great firestorm wheels before it could even unleash its power. It was completely out of control.

Not only did the light on his body collapse and disintegrate from the two elemental forces, but the entire firestorm wheels also spun into the sky, getting smaller and smaller.

"This is an ..."

The two men from the northern Sea were stunned. They looked up at the firestorm wheels and the Black Dragon that had flown away. They were both stunned.

The expression on leap sect's face gradually turned serious. where did that flame come from? And what wind is Divine Wind?"

I know," Yunxiao said, " you are the royal family of the North Sea. He didn't expect that the people who coveted the spirit Thunder fruit were actually from the royal family. Sneaking into my clan's territory and doing such a dirty thing, do you still have any shame?"

## Chapter 1245-furious

“Bastard!” Run Wu immediately shouted angrily. This Seawood Island is the territory of my North Sea, yet you shameless humans actually forcibly occupied it!”

‘It seems that you’re going to deny it to the end,’ Yunxiao said. It’s no wonder. After all, admitting to being a thief is something that anyone would find hard to accept, not to mention your royal family of the sea.”

you’re making irresponsible remarks and slandering us. You’re sentenced to death!

RUO Wu flew into a rage again. His figure instantly disappeared from where he was standing, and in the next moment, he appeared above Yunxiao, opened his five claws, and grabbed at him.

After the previous exchange, he didn’t dare to be careless in the slightest, and his entire person had already transformed into a Dragon.

Black Qi shot out from its five claws and formed a small net in the palm of its hand. With a “Puchi,” it spread out to several feet in size. It was made up of intertwining black lights in the air, flashing with formation light, and pressed down!

‘I’m not from your North Sea, and I’m not a citizen under your rule,’ Yunxiao said in surprise. why are you sentencing me? ”

He spoke unhurriedly. His figure flashed in the air and he retreated a few feet. His right hand reached out to the void and grabbed the heaven’s light sword case, holding it in front of him.

He formed several incantation seals with his left hand and struck them into the scabbard one by one. With every strike, golden light flickered and strips of silver light flashed on the sword case, causing countless patterns to appear.

“Go!”

go! Yunxiao shouted as he pointed a finger at the sword box with his left hand. Immediately, nine beams of cold light shot out and lined up in a row in front of him, then split up in a fan-shaped pattern and slashed upward.

“Chi Chi Chi!”

The nine Northern heaven frigid star swords pierced through the black net and slashed toward Ru Wu.

Ru Wu’s eyes widened. He hurriedly turned around and his two claws directly grabbed at Jiu Jian.

“Bang! Bang! Bang! Bang! Bang! Bang!”

His black claws were extremely hard, and they resisted the iron sword head-on. Each of the nine Swords was shaken away, and sparks flew.

At the same time, the power of the Black Dragon burst out from his body like a volcano erupting. It condensed into a black cloud and flew out, trying to suppress the nine Swords.

Yunxiao cried out as he changed the seal in his hand.

“Nine Heavens grabbing the moon!”

The northern heavens cold star sword drew a few rays of cold light in the air. With a clang, it split apart and formed a sword diagram in the sky. It was 30 meters wide and slashed down in unison.

“Chi Chi Chi!”

Each of the cold swords pierced into the black clouds, and tiny silver vortexes appeared around the swords, scattering the Dragon Qi.

The nine Swords were arranged according to a certain rule and hung around RUO Wu. The formation diagram also pressed down from the sky and trapped RUO Wu within it. At the same time, boundless sword Qi spread out, forming a golden sword talisman above it. It spun and slashed down.

what? ” RUO Wu was shocked. The power that was emitted from the nine Swords was at the ninth rank. Moreover, the power of the sword diagram had completely suppressed his dragon power. He could not move at all as he watched the sword talisman land on him.

“Second brother!”

what?! run Wu shouted in shock. The veins on his face were bulging and large beads of cold sweat were dripping down.

Leap sect’s pupils constricted, and he finally could not sit still any longer. In a flash, he pounced forward.

Yunxiao had been prepared for this. He sneered, and a cold light flashed between his eyebrows. Then, the calabash King Kong rushed out, roaring as it threw out a punch.

On the tip of his fist, a tiny flame of the ice fiend Heart Flame flickered non-stop. With an extremely terrifying aura, it followed the wind of the fist and blasted out.

“?!”

Leap sect suddenly sucked in a cold breath. Although he did not recognize this fire, he could sense the danger within it. He quickly formed a seal with his right hand and turned it into a palm.

Pink crystal dust floated around the Dragon palm, like a dream.

“Pi pa Pi pa!”

The pink crystal dust made a very small sound and condensed together. It wrapped around the Dragon palm and formed a pink transparent crystal.

Yunxiao's pupils constricted, and he had an inexplicable bad feeling.

However, the calabash Little King Kong's punch had already arrived. The wind from the punch hit the pink crystal dust with the ice fiend Heart Flame, making the sound of glass breaking.

"Bang Bang Bang"

The pink crystal dust exploded under the fist of the gourd Little King Kong. A pink cloud shot out and dispersed.

Yunxiao's heart skipped a beat as he cried out in surprise, "Not good!"

He teleported up, and a surge of mental power spread out from between his eyebrows, shooting toward the gourd Little King Kong, trying to teleport it away.

But it was too late. The cloud of mist that exploded from the pink crystal dust swept up the gourd Little King Kong and disappeared.

Yunxiao's face flickered, and he was furious.

The pink cloud had the same function as the pink crystal Dust on the Sea, which could teleport people aimlessly. The gourd Little King Kong had obviously been sent away.

"Bang! Bang! Bang! Bang! Bang! Bang!"

Due to Yunxiao's momentary loss of focus, the nine Swords sword diagram not far away was out of his control. In an instant, RUO Wu seized the opportunity and forcibly transformed into a Dragon to break it.

"Roar!"

A Black Dragon rushed out of the sword diagram and looked down from the sky. There seemed to be a hint of mockery in its eyes. It flew directly behind leap sect and then transformed into a human.

The nine Northern heaven frigid star swords were all sent flying and stabbed into the ground far away, their bodies trembling non-stop.

Yunxiao could no longer care about that. His face turned extremely unsightly as he stared at leap sect and said in a cold voice, "Where are my puppets?"

Without changing his expression, he said, since you know the pink crystal dust, you should know its function. Teleportation is random and aimless. How can I know where it went?"

Yunxiao was aware of this situation, but he only asked with a glimmer of hope.

The gourd Little King Kong was half-beast and half-tool, and it was also something he had refined. As long as it was nearby, it would definitely be able to sense it. But now, it felt nothing in its heart, and it had obviously been teleported to an unknown place.

Yunxiao's face was so dark that water was about to drip out of it. His eyes flickered with a fierce killing intent as he said in a cold voice, "Since that's the case, the two of you can stay on this island forever!"

...

In his extreme anger, the nine Northern heaven cold star swords in the distance sensed it and flew up. They spread out in a row in the air and slashed down.

Several sword radiances flew out from the heaven's light sword case in his hand. They were also lined up and shot down one after another.

RUO Wu's expression changed drastically. He had been trapped in the nine Swords earlier, so he naturally understood how powerful this sword formation was. Now that more than 20 swords had flown out at once, it made him even more frightened.

However, when he saw his brother beside him, he immediately calmed down and sneered, " now that you know my second brother controls the pink crystal dust, you're already in an invincible position. Anything can be directly teleported away. Why do you have to keep us here? "

Yunxiao's face was dark as he shouted, 'what a joke! Did he think that he was invincible just because he had some spatial abilities? Besides, the pink crystal dust is only his tool. How can he control it?"

Yunxiao quickly performed an incantation gesture with both hands, and the twenty-four Northern heaven cold star swords formed a formation in the air. All of a sudden, tens of thousands of silver sword beams shot out, intertwining in the air and forming a terrifying sword net.

After taking away his gourd Little King Kong, he was determined to kill the two of them!

In fact, he had been wronged. If it were not for the terrifying ice fiend Heart Flame, he would not have revealed his trump card so quickly.

To put it bluntly, he didn't want to.

The intertwining silver sword net tore the space it passed through into pieces, and nothing remained!

The two crown princes 'expressions changed drastically, and an extremely terrifying aura of death welled up in their hearts.

...

Leap sect grabbed the transparent dragon skull and shouted, "Pink barrier!"

A large amount of pink crystal dust shot out of the Dragon skull's eye sockets, forming a vortex around it. With just one spin, the crystal dust seemed to be frozen instantly, forming a transparent pink crystal wall!

“Chi Chi Chi Chi!”

The dense sword net fell and instantly covered the crystal wall. The terrifying sword Qi shot into the crystal wall and disappeared.

Looking closely, there was a thin and hazy light outside the pink crystal wall. All the sword Qi that shot into it was directly teleported away, and the crystal wall was not damaged at all.

“Hahaha, what did this King just say?”

Run Wu laughed wildly with a sinister expression on his face. He had almost lost his life in Yunxiao’s hands just now, and now he felt very happy to see the latter helpless.

“Whoosh!”

Suddenly, a silver sword light pierced through the space and shot in!

“Swish”

RUO Wu was careless, and the sword light shot past his face, leaving behind a shallow bloody mark.

The two men from the northern Sea were shocked, and they were in disbelief.

They knew very well how powerful the spatial barrier formed by the crystal dust was. Unless they had the power to break through the barrier, it would be difficult to break through.

accident, accident, this is definitely an accident!

Extreme fear flashed through RUO Wu’s eyes as he said in a flustered manner, the pink crystal wall randomly teleports all the sword Qi here. It’s normal for one or two to be teleported here.

Meanwhile, leap sect's expression was dark, and his eyelids kept twitching. Although this explanation was reasonable, he still felt very anxious.

"Whoosh!"

"Whoosh!"

As soon as he finished speaking, two more beams of light shot in, cutting a black crack in the space inside the crystal wall.

"Will Suan ni"

RUO Wu swallowed with difficulty. Just as he was about to say that he was surprised, another three sword lights shot into his body and brushed past his body.

There was also shock in leap sect's eyes. He knew the power of his move better than anyone else. Sword Qi breaking through the wall one after another was no longer something that could be explained by probability.

The only explanation was that the other party's sword formation had the ability to break through realms!

The reason why only a few of them had entered was that the power of the sword formation had yet to be fully unleashed. Otherwise, his pink barrier would have been completely destroyed.

Run Wu had also shut up completely. Other than fear, her face was pale.

Although these few wisps of sword Qi had no effect on them, Yunxiao's strength had deeply shocked them.

The two of them looked at each other with shock and suspicion.

The divine Tree family was known as a second-rate force of the human race. The joint formation that they had just displayed was flawless. If not for the fact that leap sect had secretly intervened, they would not have been able to break it.

And this random young man who had appeared out of nowhere had completely suppressed them.

Could it be that the human race's strength had already reached such a terrifying level that they were directly several streets ahead of the sea Race?

Chapter 1246-Mr Feng Yuan

Leap sect immediately discarded these negative emotions and thought to himself, It was impossible. When the sea Emperor led the four Seas and his Army forced their way to the Holy region, the other party didn't even dare to let out a fart. If the human race was truly this powerful, how could our Sea Race live peacefully in the four Seas?

There must be something wrong.

Once he understood this, he immediately calmed down. Even though sword light would occasionally break through the wall, it was of no use.

Yunxiao had also seen this. His face darkened as he said coldly, "You really think I can't break this crystal wall?"

He spun the sword case in his hand, and silver light flowed on it. Suddenly, the sword Qi that filled the sky dispersed, and the 24 Northern heaven cold star swords all flew back.

Soon after, the sword case disappeared in his hand.

Yunxiao performed an incantation gesture with both hands, and his eyes turned into blood moons with strange marks.

The light in his eyes suddenly focused down, and everything he saw disappeared!

Leap sect's heart trembled as an extremely bad feeling welled up in his heart. Although he could not explain why, and he did not believe that the other party had the ability to break through his pink crystal wall, he had a feeling that he was about to face a great disaster.

Suddenly, a sharp voice rang out, "Who are you? How dare you kill my sect's people? you deserve to die!"

The shrill cry was like a sword light, shaking the sky and arriving in an instant.

Yunxiao's heart jolted, and he looked surprised.

His pupils shrank, but it was only a moment of hesitation. Then, he retracted his moon eyes and glanced at the two crown princes of the North Sea coldly before his figure disappeared into the sky.

RUO Zong and RUO Wu immediately felt relieved. The fear of imminent disaster instantly disappeared, and their faces turned pale with lingering fear.

At this moment, the sky trembled and the owner of the stern voice appeared directly in the sky. He was dressed in a gray robe and had a stern expression. His eyes flashed like sword lights as he glared down fiercely, revealing a bone-chilling coldness.

The two crown princes trembled under this gaze, as if they had been seen through by the other party.

Both of their faces turned green, and their mood fell to the bottom. They even forgot their shock and fear. How could a random person be an existence that they looked up to?

The man's eyes swept around, and his brows furrowed slightly. He then said in a cold voice, "Were you the ones who killed the previous nine people?"

The two of them remained silent. If they answered honestly, they would probably be hit with a big killing move the next moment, so they might as well just keep their mouths shut and play dumb.

“Hmph, since you don’t want to answer, then there’s no value in living. Go to hell!”

A murderous look flashed across the man’s face. He pointed his finger in the air, and an invisible sword flew out in the sky, slashing down in an instant!

“?!”

The two of them were shocked, and there was anger in leap sect’s eyes. The pride of a King tier made him feel unusually ashamed and resentful. He suddenly grabbed the Dragon skull, and the pink barrier condensed once again!

“Bang!”

The invisible sword struck the pink crystal wall, creating a white sword light.

The sword was not transported away, but it was blocked.

“Eh?”

The man in the sky was shocked. He raised his eyebrows slightly, as if he found it unbelievable. what is this thing? it can actually withstand my sword? ”

There was a wave of dejection in leap sect’s heart. Those words seemed to be mocking him, and it had provoked his dignity. He, who was always calm and indifferent, was also enraged. He roared, “Don’t look down on people!”

He let go of the Dragon’s skull and patted it gently. The Dragon’s skull immediately started to spin around him.

Then, he formed a hand seal and reached out into the void again. Another dragon skull appeared in his hand. Then, he reached out four times in a row. Suddenly, four almost identical transparent dragon skulls started to spin in the air.

However, each Dragon's skull had a completely different glow as they flew around leap sect.

Shock appeared in RUO Wu's eyes as if he was extremely afraid of this move. He couldn't help but take a few steps back and transformed into his half-dragon form to defend himself vigilantly.

"Eh? No wonder their front and back nine Palace reversal formation couldn't stop you. If you have any ruthless moves, show me what you two earthworms are capable of!"

The man sneered in disdain, but his eyes were fixed on the four dragon skulls.

Leap sect's heart jolted. He immediately understood that this person had already seen through their identities. He did not have anything to worry about anymore, so he frantically activated the four dragon skulls in his hand.

In addition to the blue and pink light that had been shot out earlier, there were also silver and green light. The four skulls were trembling violently, as if controlling four at once was extremely strenuous for leap sect, and his face was getting paler and paler.

"Haha, Mr Feng Yuan, if you want to see the ultimate skill of my Sea Race, why don't you let me demonstrate it?"

A maniacal laugh rang out, and the entire sky immediately rumbled. It was as if a storm had suddenly arrived, and the sky immediately turned.

After that, there was a flash of lightning and thunder. A huge red fireball appeared in the sky and fell down like a meteor.

The fireball seemed to be on the sea, braving the wind and Breaking the Waves. Under the flashing lightning, it seemed even more powerful. A terrifying force gushed out of the fireball and directly locked onto Mr. Feng Yuan, as if it was going to attack with all its might!

Mr. Feng Yuan's face darkened, and a trace of horror flashed in his eyes. it's you?! His tone revealed extreme shock and doubt.

"Hahaha! It seems that teacher has not forgotten an old friend."

The big fireball flipped a few times in the air. Just as it was about to hit the ground, it stopped falling and suddenly revealed a burly figure, who slowly landed on the ground.

This person's eyes were filled with both lightning and fire. One was filled with lightning and thunder, while the other was filled with dancing flames. It was as if they were two different worlds. His face was cold and demonic.

Both Ruizong and ruiwu were overjoyed. Since this person had appeared, he would definitely save them.

Mr. Feng Yuan's face twitched violently and became extremely gloomy. He gritted his teeth and said, "Thunder Tiger and fire leopard!"

"Hahaha!"

"It's been so many years," the Thunder Tiger and fire leopard laughed wildly, "I can't believe you still remember me. Tsk, tsk, do I really have such great charm?"

Mr. Feng Yuan pointed in the air, and the sword-shaped attack on the pink crystal wall disappeared. He flicked his sleeves and said coldly, "Aren't you from the eastern sea? Why have you come to Seawood town?"

The lightning Tiger Fire leopard sneered, "Chen Fengyuan, do you humans like to argue like this?" This Lord's main cultivation is lightning and fire, and since a peerless yi wood has appeared here, I'm naturally here to steal treasures. Could it be that I'm here for a vacation?"

Chen Fengyuan said coldly, "I don't care if you're here for a vacation or to meet your friends." However, if you have any ideas about this peerless yi wood, then get lost!"

A chill burst out of his body, and boundless sword essence spread out around him. Even the air turned into threads under this terrifying sword essence.

...

The Thunder Tiger Fire leopard sneered. you weren't my match back then. You won't be my match now. Have you really decided to be beaten up by me again? "

Chen Fengyuan's expression changed as his eyes burned with rage, " "Seawood town's Leylin is under the blade sect's jurisdiction. Do you want to make an enemy of the blade sect?"

Both Ruizong and ruiwu shuddered, and they revealed expressions of shock and realization.

It was no wonder that the few people who came out had such terrifying cultivation. It turned out that the true owner of this place was not some second-rate faction, the divine Tree family, but one of the seven superpowers, the blade sect!

The Thunder Tiger Fire leopard frowned, crossed his arms in front of his body, and said in a clear voice, " "I don't care if Leylin is yours, but peerless treasures have always been ownerless, and only the capable can obtain them."

"Hmph, what a good" the capable will get it "!"

Chen Fengyuan laughed coldly, " if you don't scam, I'll immediately send a message back to the sect. There'll definitely be experts who are stronger than me here. At that time, you won't be able to leave even if you want to!

The lightning Tiger Fire leopard's expression changed and he said coldly, "Hmph! Since that's the case, I'll kill you first, then enter Leylin and take the Yimu back to the eastern sea. Let's see who can catch me then!"

He stomped his foot, and a bolt of lightning suddenly spread out under his feet. The entire earth rumbled and cracked for a thousand miles. All the seawater evaporated, and the ground shattered into pieces.

Chen Fengyuan's expression changed drastically as he shouted, "Good! You're so stubborn. I'll see how much you've improved over the years! This place is close to Leylin's passage. If you want to fight, then follow me!"

With a stern expression, he turned into a sword light and shot toward the North Sea.

...

The Thunder Tiger and fire leopard's eyes also shone with a cold light. They glanced at leap sect's leap martial and said, "With your strength, it's too dangerous to stay here. Come with me."

Then, without giving the two of them time to think, he waved his hand. Suddenly, a bolt of lightning bloomed from his body and wrapped the two of them.

He knew that the Thunder Tigers and fire leopards were not worried about them because it was too dangerous, but because this was Leylin's passageway. They were afraid that they would go in alone and steal the peerless yi wood, which was why they were worried.

However, with their abilities, they did not have the right to choose. Leap sect immediately regained his composure and said, "Many thanks, Lord Lei Huo!"

Although RUO Wu was also unhappy, he still kept his mouth shut.

"Yes."

The lightning fire Tiger and leopard responded, and the three of them instantly turned into a huge ball of lightning. They rose into the air, bringing with them countless flashes of lightning as they chased after Chen Feng.

A short moment later, the place was completely empty and quiet.

All of a sudden, the sky shook slightly, and a ripple appeared somewhere.

In the center of the ripples, Yunxiao's figure slowly emerged, his face dark and uncertain.

"So the one in control here is the blade sect, no wonder ..."

His expression changed slightly and he muttered to himself, "I didn't expect the Thunder Tiger and fire leopard to come here. I've made such a big mess in the East Sea. I wonder if he will kill me as soon as he sees me.

"Tsk, who cares, this young master isn't someone that anyone can provoke! If he really dares to provoke me, I don't mind returning to the East China Sea again and blowing up his old nest!"

A cold look flashed across Yunxiao's face. In a flash, he landed on the ground and looked at the sealing array that was floating in the air and had been found by leap sect.

Chapter 1247-Capital Heaven essence locking formation

After the formation seal was opened by leap sect, it floated in the air quietly and emitted a green light. It did not move at all.

The entire formation light looked like a huge copper coin with a square hole in the middle. Ripples spread out in all directions from the hole, and countless runes flashed in the ripples.

With a flash between his eyebrows, Yunxiao summoned PU Jinshan and said, "Do you recognize this array?"

PU Jinshan looked at the formation with shock in his eyes and said, "It seems to be the capital Heaven essence locking great array!"

"Is there a way to break it?" Yunxiao asked.

PU Jinshan fell silent for a moment before saying, "I can give it a try, but I might not be able to succeed. Besides, I'll need a certain amount of time." The only other way is to break it by force."

I understand," Yunxiao said after a moment of thought.

What they lacked the most right now was time. Since Chen Fengyuan had been lured over, there would definitely be other powerful beings coming. Furthermore, they did not know when Chen Fengyuan and the lightning Tiger and fire leopard would finish their battle, so there was no time for PU Jinshan to test himself.

He waved his hand, and a white light flashed between his eyebrows. The divine realm tablet flew out, exuding a vast power, and smashed toward the center of the formation!

"BOOM!"

The divine realm tablet suddenly became huge and hit the formation eye hard. The world shook violently.

"Bang!"

Suddenly, a bolt of lightning shot out of the formation eye and hit the divine realm tablet. Countless lightning bolts darted out, densely covering the entire tablet and shooting in all directions.

Yunxiao's face flickered, and his body suddenly turned into Thunder. Countless electric arcs pierced through his body and shot backward.

PU Jinshan's expression changed drastically as well. He hurriedly circulated his essence force and formed a light shield in front of him.

The Thunderbolts continued to strike the shield, forcing him to retreat. The look on his face became more and more frightened.

The whole world turned into a green sea of Thunder and a prison of lightning. The power of thunder and lightning continued to penetrate through the divine realm tablet. Even the tablet was suppressed by this power, and its surface became dull.

Yunxiao's face was filled with shock and solemnity. The eye of the formation was actually the entire Leylin!

Unless he could destroy Leylin in one fell swoop, the power of this formation would never be exhausted!

PU Jinshan's face turned ashen under the countless flashes of lightning. the person who set up this array is really a madman! No, I'm a genius!"

Leylin immediately became a part of the formation, and the weakest link of the formation became the strongest.

no wonder I've never heard of anyone robbing or stealing such a large field of heavenly materials and earthly treasures," Yunxiao muttered to himself. He waved his hand, and the divine realm tablet immediately flew back from the array and was caught in his hand.

Under the onslaught of ten thousand lightning bolts, the stele was already dim and lightless. If it was any other ninth tier profound armament, it would probably have been destroyed.

As the divine realm tablet flew back, the lightning at the eye of the formation suddenly reduced and slowly disappeared. The entire formation returned to its previous calm, without the slightest abnormality.

young master Yun, this formation is already an ultimate formation. It's impossible to break it with brute force. Why don't you let me try?" PU Jinshan's face turned livid.

"Forget it,"

Yunxiao waved his hand. the person who can set up such a formation will not leave any flaws in his technique. The possibility of breaking it is very low.

With a wave of his hand, he summoned PU Jinshan back and muttered to himself, "I'm now extremely curious as to how the Murong family managed to get their hands on their smuggling channels."

In the sky, several powerful rays of light flew over and landed in the blink of an eye.

The light revealed more than ten people, all of whom were experts from the divine Wood family. Mu Youyun was not the only one among them, even mu Youfeng was among them.

Mu Youyun immediately saw the formation and his face turned ashen.

big brother, when we landed just now, there seemed to be a flash of green light that disappeared, " mu Youfeng said hurriedly. someone must have been here!

Mu Youyun's face was extremely gloomy as he angrily shouted, " all the guards are dead, and even the nine defense array experts from the blade sect are missing. This place is a wasteland, and the du Tian essence locking Grand array has directly manifested. You're telling me that someone must have been here?! Do I need you to say that? Pig!"

Mu Youfeng's face reddened, and he hurriedly lowered his head, not daring to answer.

Mu Youyun looked around a few times, but his divine sense couldn't sense anything. With a heavy snort, he formed a seal with his hands and slapped it out.

The seal flew into the capital Heaven essence locking formation, and a large number of electric arcs burst out from the entire formation. Then, it slowly disappeared from everyone's eyes.

The other cultivator, the third head of the divine Wood family, mu youlang, said with a serious expression, "big brother, this place has been damaged to such an extent. The person who came is definitely not simple. Why don't we send all the strong people in the family to guard this place?"

Mu Youyun's face was ashen. He pondered for a while, then shook his head and said, "Although the strength of those nine experts is not as good as you and I, the power of the positive and negative nine Palace reversal formation is infinite. Even if we join forces, we can't break it. Even such a powerful barrier has been destroyed. Even if the divine Wood family were to use everything they have, they would not be able to stop the intruder."

"Then what should we do?" mu youlang was stunned.

"Hmph, I'll just pretend nothing happened and wait for the next order."

Mu Youyun's expression slowly relaxed, and he said, "the current situation is no longer something we can control. All the major forces have sneaked in, and even the merchant Union and the Holy region have intervened. There are also people from the sea Race. It's time for the blade sect to show themselves. We just need to follow the orders."

A bright light flashed through mu youlang's eyes as he said in joy, "big brother, I feel that this matter might be an opportunity for us. Perhaps we can borrow external forces to fight against the blade sect and get rid of their restraints."

Mu Youyun's expression changed drastically, and he angrily shouted, "Pig head! Don't talk nonsense!"

Mu youlang said unhappily, "why can't you tell me?" Don't tell me that big brother doesn't have any thoughts about it?"

Mu Youfeng's face was also livid, and he rushed to say, "Third brother, you're really silly! although most of the profits are taken by the blade sect every year, it's better to enjoy the shade under a big tree,

and we can more or less get some soup. If there wasn't a huge tree like the blade sect to support us, we probably wouldn't even be able to get the soup!"

Mu youlang was unconvinced. but Seawood town has always been the foundation of our Mu family. It has been owned by our Mu family for generations. Why should it be seized by others? "

Mu Youyun glanced at him and said indifferently, " Well said. Why? Just because they could casually send someone over to exterminate your entire family! In this world, the more powerful you are, the more resources you have. If you don't have the power, then shut up!"

Mu youlang's face was dark and his eyes were filled with anger.

Mu Youfeng sighed. I just hope that this incident will not affect our long-term interests in the future. Otherwise, our main source of income will be cut off. It will be difficult for us to maintain our position in the top three by relying on the business channels in the dingtian city.

Mu Youyun's pupils contracted, and he said slowly, it's easy to lose in chaos, but it's also easy to win in chaos. Perhaps this will be an opportunity for our Divine Tree family to control the dingtian city.

Everyone's expression turned serious, revealing some excitement.

Mu youlang said,"big brother, are we just going to leave this place unguarded?"

Mu Youyun said, " this Capital Heaven vitality sealing formation is the strongest defense. There are only a few people in the world who can break this formation. If such an expert really comes, no matter how many people we send, it'll just be a Mantis trying to stop a chariot. It's unnecessary.

...

"Let's go," he said.

Mu Youyun said indifferently. The members of the divine Tree family immediately turned into rays of light and disappeared from their original spot.

Suddenly, an electric arc appeared in the sky and slowly grew larger, turning into Yunxiao's figure. He stood in the sky for a moment, pondering, then turned into a beam of light and left.

The next day, noon.

The residence of the divine Tree family would open up a wide network of connections and meet with heroes from all over the world.

The atmosphere in the mansion was solemn. In the open space within a radius of several hundred feet, light constantly flashed down.

All of them greeted the three mu brothers with great enthusiasm, as if they were best friends. After greeting him, he found a chair to sit down and looked around with a cold expression.

The three mu brothers also understood that the courtesy was only on the surface. Everyone was here for their own benefits.

They had a bountiful harvest of spirit lightning fruits, but they were now facing an unprecedented crisis. It was not just the various factions that had infiltrated, but the divine Tree family's strength was completely helpless. In addition, the sea Race had also intervened, making the situation more and more complicated.

Therefore, the divine Wood family sent out a notice to gather all the factions to agree on the distribution of the spiritual lightning fruits. At the same time, they also targeted the sea Race and had the intention of joining forces to expel them.

If anyone was absent from this event, they would have no chance of getting the spirit lightning fruit.

...

Therefore, all the forces, big and small, had sent people over.

There were also some representatives of martial emperors and martial grandmasters who were hiding far away in the corners. Although they could not be seen, they still represented a force.

A ray of light descended from the sky, revealing a young man with delicate features. It was Murong Hengyu.

He swept his gaze across the field, as if he didn't know anyone. He only nodded slightly to mu Youyun, then found a chair to sit down.

His appearance attracted the attention of many people, and they all began to discuss and guess.

Mu Youfeng bent down slightly and whispered into the ear of an old man, as if explaining Murong Hengyu's origins.

The old man was Jiang Xiuzhen. His expression changed slightly, and he couldn't help but look at Murong Hengyu.

Jiang Xiuzhen had originally wanted to return directly from the dingtian city, but he had suddenly received an order from the myriad treasures store's headquarters to buy as many spirit Thunder fruits as possible, so he had changed his route and come to Seawood town.

As for Tao Hong and ru 'er, they were still carefully waiting on both sides with charming smiles on their faces.

It was disgusting, but in the face of benefits and power, he still had to force a smile and carefully serve her.

Suddenly, a ray of light descended, and a man and a woman appeared. The man had a wide face and heavy feasts, looking majestic. The woman was dressed in red, like a Red Cloud.

The temperament of the two people immediately attracted a lot of attention. The originally noisy venue suddenly became quiet, and everyone's eyes gathered on them.

Mu Youyun smiled and went up to him personally, saying, so it's the long family's young masters, Qi GUI and feini. Your presence brings light to the divine Tree family's humble dwelling.

Chapter 1248-gathering of heroes

Everyone was shocked and looked over.

The long family of Sky Ridge was one of the seven superpowers, and the most unique one.

This was because the inheritance inside was not passed down from father to son or from master to disciple. Instead, it was a place where generations of true spirit bloodline possessors gathered.

The long family was divided into the inner and outer sects. The so-called inner sect was undoubtedly for those who had awakened the true spirit bloodline.

As for the outer sect, not just anyone could enter. Only the descendants of true spirit bloodlines could awaken their bloodline in the outer sect.

Even if you're the head of the long family, if your descendants don't awaken their bloodline, they'll be immediately included in the outer sect.

Furthermore, the long family rarely moved around the continent, so the world did not know much about them. They could be said to be the most mysterious faction apart from the soul Devourer sect.

"With Lord Yun's invitation, how could I not come?" Qi GUI laughed. By saying this, he had given the divine Tree family enough face.

Mu Youyun's face bloomed with a smile as he personally welcomed them. He held the two's hands and walked in, constantly saying, "Come, come, please take a seat."

The divine Wood family had relied on their spirit lightning fruit resources to make friends with many superpowers. The intimacy between mu Youyun and the long family's young masters had made the other superpowers jealous.

All sorts of voices rang out once again. They were all people who said things like " I've long heard of the young master of the long family ", " you're indeed a Dragon among men ", and so on. They all went forward to get close to him.

Qi GUI's eyes turned and landed on Murong Hengyu, coldly saying, "Is that verbal cannon still not here? I had previously invited someone to invite him for a small gathering, but who knew that fellow was a complete coward. He was so scared that his face turned white on the spot and did not dare to come."

Murong Hengyu laughed coldly, "others don't go not because they're afraid of you, but because they look down on you. Why don't you even have this little bit of self-awareness?"

The crowd was shocked and began to reevaluate Murong Hengyu. There were only a few people in the entire heavenly martial continent who would dare to mock the young master of the long family.

"You coward!"

Qi GUI's face was gloomy and he said angrily, " "Good, good! When the matter of the spirit lightning fruit is over, I'll make you two pay the price!" His fists were flashing with lightning, and he almost couldn't control himself.

Mu Youyun's expression changed, and he tried to smooth things over, "The two of you, please don't get angry. If you have any personal grudges, we can talk about it later. Today, we are in the territory of the divine Wood family. I hope that everyone will give us some face."

Everyone's expression changed once again, and they all looked at Murong Hengyu with strange gazes. Mu Youyun could be considered an old and cunning villain, but he did not side with any party when dealing with this matter. It was clear that this young man in front of him was as important as the long family of Sky Ridge in mu Youyun's heart.

Everyone immediately raised Murong Hengyu's status to an extremely high position in their hearts.

“Hmph!”

Murong Hengyu only sneered and said no more. A trace of worry flickered in his eyes. Noon was about to pass, but Yunxiao was still nowhere to be seen. Could something have happened to him? After all, Seawood town had indeed been filled with experts and chaotic for the past few days.

Suddenly, light flashed in the sky again, and several white-robed figures appeared, immediately drawing everyone’s attention.

Mu Youyun’s body trembled, and he hurriedly went forward to greet him. He cupped his fists and said, “so it’s an expert from the blade sect. I’ve been disrespectful!”

“Huala”

The crowd immediately burst into an uproar. Their expressions became solemn as they looked at the group of people in white with extreme envy in their eyes.

The long family’s two men and Murong Hengyu also looked over, their eyes flashing.

The leader of the blade sect was also a young man. He chuckled and said, “I am Chen Feng, Sir Yun is treating me like an outsider.”

His “treating me as an outsider” was a double concern. However, to the others, it sounded like the saber sword sect was just being polite. They were actually taking the initiative to express their goodwill to the divine Tree family, and they could not help but be shocked.

Although the blade sect was on par with the long family of Sky Ridge, their status in the hearts of all the martial artists was far above the long family.

Because the long family was located in a remote area, and very few people traveled around the continent, they didn’t hold much weight in the hearts of the people. The other super force in the North,

shenxiao Palace, had also sealed off their mountain for many years, gradually losing its Supreme position in the hearts of martial artists.

Only the beiming family and the blade sect were left, and they were the only two sects that could dominate the entire northern region.

To think that the person who had just arrived was the son of the sect master of the blade sect! Furthermore, he had such a good relationship with the divine Tree family!

While everyone was shocked, they could not help but reevaluate the status of the divine Tree family, especially the factions in dingtian city. Everyone's expression was ugly.

"Hahaha! Young master chenfeng has personally come, it's an honor, an honor!"

Mu Youyun was overjoyed, and pulled Chen Feng inside.

Everyone looked behind Chen Feng. They had heard that this person was naturally dissolute. No matter where he went, he would always have four beautiful maids by his side, spring, summer, autumn, and winter. He was the envy of the world, but at this moment, he was nowhere to be seen.

There was only a white-robed woman following behind her. Although she was slightly beautiful, she was only above average.

To everyone's surprise, Chen Feng, who was walking in front, actually turned around and held the woman's hand, and they sat down together.

Under everyone's gaze, the woman's face turned red. She wanted to pull her hand back, but she couldn't break free. She could only let Chen Feng hold her hand and sit shyly beside him.

"The one beside young master Chen Feng is bi an."

Fei Ni blinked her eyes and revealed a half-smile.

Chen Feng smiled and said, "My wife, Liang Yuyi."

"What?"

Everyone was taken aback. They all looked at Liang Yuyi, trying to guess her background. Liang Yuyi's body trembled, and she lowered her head with a flushed face. However, she could not hide the sweetness on her face.

"Miss Yu Yi, are you from the Emyrean one Pavilion?"

A voice suddenly asked in confusion. It was Jiang Xiuzhen.

Liang Yuyi raised her head and nodded. "I used to be a disciple of the Emyrean one Pavilion, but I left later."

Everyone suddenly realized that he was a disciple of the Emyrean one Pavilion.

The Emyrean one Pavilion could be considered a Big Shot in the merchant Union. Although their disciples were not as good as Chen Feng, they could at least make up for the gap. Moreover, the aura of cultivation that Liang Yuyi faintly revealed seemed to be above Chen Feng's.

"Then this old man didn't recognize the wrong person," Jiang Xiuzhen said with emotion. When song Yueyang fought in the merchant Union's city, the martial Dao contestant sent by the Emyrean one Pavilion was you."

Liang Yuyi's expression changed slightly, but she quickly regained her composure and said, "The matters of the past are already a thing of the past."

Everyone's expression changed slightly. The so-called "fleeting cloud" was not only in the past, but also in the song Yueyang City, the headquarters of the merchant Union.

Chen Feng's pupils also contracted, as if he had recalled something, and he said, "The matter of Song Yue Yang has not been decided yet! The main culprit back then has now become an Overlord. Tsk, tsk, your merchant Union is really a merchant Union!"

...

Merchants valued profit and always believed that profit was the most important. As long as there were enough profit, they could give up anything.

Jiang Xiuzhen also heard the sarcasm in his words. His old face blushed, and he said awkwardly, it's too complicated. The merchant Union is still investigating it.

"Investigate?"

Chen Feng sneered. There were people who survived that year. Yu Yi and I have experienced it ourselves. If the merchant Union is willing to make a conclusion, we don't mind being witnesses.

Cold sweat rolled down Jiang Xiuzhen's face as he listened, and he couldn't help but wipe his forehead with a handkerchief. How could he make such a big decision?

Not to mention making the decision, even if he continued to talk, his life might be in danger. He immediately said, "This matter will be handled by someone else, and I know nothing about it. Today, we will only talk about the spiritual lightning fruit."

"Swish!"

Chen Feng snorted in disdain.

In the battle of Song Yue Yang city, he had almost died in there. He had a deep grudge against the four extremes sect.

However, not only was Tang Qing safe and sound after the incident, but he had also become the Lord of Red Moon City and was on equal footing with their blade sect.

He also knew that the reason behind this was not simple. There must be a great force involved in this to produce such an absurd result.

...

Jiang Xiuzhen quickly returned to normal and smiled, "It's a blessing in my life to be able to see so many powerhouses of the younger generation in Seawood town today. Young master Chen Feng and your daughter from the blade sect, the two young masters from the sky Ridge long family, and this young master from the Murong family are all elites at the peak of the North Region. Today, my horizons have been broadened! In the future, I'll have the capital to brag to others, hehe!"

If he were to suck up to them, he would not miss a single one of the three forces.

The surrounding people all revealed looks of disdain. The two women, including peach, also had a look of contempt in their eyes, but it disappeared in a flash.

It was only then that everyone realized that the young master was from the Murong family. However, most of them were still confused. It was obvious that they had never heard of this family before.

Chen Feng felt a burst of displeasure in his heart. He coldly said, "The elites of the North Region belong to the four greats. There's not a single one here, so how can we talk about the peak? If myriad treasures store's Li Feiyu were here, would you still say such words?"

Jiang Xiuzhen chuckled, "the four prodigies of the North were all chosen by the masses and have never really competed." In addition, that was many years ago. I believe that if we were to fight now, you young masters will definitely be selected!"

Qi GUI's eyes flashed with a trace of battle intent, and his blood began to burn. He said, "I'm actually looking forward to seeing the other experts!" His eyes, intentionally or otherwise, glanced at Chen Feng and Murong Hengyu.

"I don't think I'm strong enough," Chen Feng said indifferently. "Brother qigui, you should find someone else."

Murong Hengyu sneered, "Who among the truly strong would look up to you? You still want to fight? tsk, are you even qualified?"

"Bang!"

Qi GUI's entire body turned green. He clenched his fist, and the air exploded. His eyes were burning with anger.

The atmosphere in the hall suddenly became very tense, and everyone frowned, thinking that Murong Hengyu's words were too mean.

Young people were hot-blooded, aggressive, and loved to save face. You're scolding him in front of everyone, who can swallow this down?

Murong Hengyu was completely unmoved, his face still filled with ridicule as he coldly looked at him, his expression saying, "hit me if you have the guts."

Chapter 1249-verbal cannon

Fei NI's expression changed slightly. Seeing that the strange ghost's body was shooting out lightning from time to time, it seemed to be unable to control itself. She hurriedly opened her red lips and seemed to be using secret voice transmission.

The strange ghost's expression was constantly changing, becoming extremely unsightly, and it was constantly shrouded in a layer of Azure light.

After he heard feini's voice transmission, he finally gritted his teeth, " Murong Hengyu, I challenge you now. If you have the guts, fight me one-on-one, to the death!

Murong Hengyu stretched out his index finger and shook it as he sneered, "You don't have the right."

“Haha, what a good” not qualified “!”

Qi GUI laughed in anger, but his expression calmed down. He coldly looked at him and said, I’ll give Sir Youyun some face and let you jump around a few more times. Once this is over, it’ll be time for me to send you on your way!

He instantly retracted all of the lightning power in his body, crossed his arms in front of his chest, and sat down. He closed his eyes and didn’t say a word.

Furthermore, he seemed to have sealed his five senses and six Senses, no longer paying attention to the outside world.

Mu Youyun sighed. This was also good, in case the two of them couldn’t end up quarreling. He gave Murong Hengyu a reproachful look, as if he was saying “you’re not giving me any face at all.”

Murong Hengyu chuckled and did not say anything else, causing the atmosphere to turn awkward.

This made the crowd even more curious about the Murong family. All sorts of soft murmurs were heard.

Jiang Xiuzhen was also embarrassed. After all, it was because of his words, so he came out to smooth things over, “You’re all outstanding martial artists of the North Region. Back in the days, the Holy region gathered all the heroes in the world for a martial arts ranking, and they fought until the sky collapsed and the earth cracked. That was how the ten titled martial sovereigns were born, and it became a much-told story that people yearned for. Maybe in a few years, the Billboard will be launched again. At that time, the young masters and young ladies will be able to shine and leave their names in history!”

Everyone’s hearts trembled. Thinking of this past, they couldn’t help but reveal a fascinated expression.

Mu Youyun stroked his beard and smiled, “that’s right!” The fact that the few young masters and young ladies have come to visit my Divine Tree family is already giving me, mu Youyun, great face.”

Fei Ni restrained her yearning and smiled, " why are the sea Race people still not here? could it be that they are afraid after seeing so many heroes gathering together? "

"Haha, that's for sure!" Jiang Xiuzhen laughed. He continued to flatter them. two out of the seven super forces have come, and there's also the Murong family. It can be said that the three great forces have gathered together. If I were a member of the sea Race, I would also be too scared to come. Haha!

The crowd also laughed. Although they didn't feel ashamed of Jiang Xiuzhen's character, they also felt that he was reasonable.

"Pipa!"

All of a sudden, a bolt of lightning appeared in the sky. A green arc of lightning jumped in the air.

"Pa!"

The electric arc flashed in the air and landed on Jiang Xiuzhen's face like a slap, crisp and powerful.

Jiang Xiuzhen shrieked in pain and hurriedly covered his face. He said in shock and anger, "Who is it? Who dares to ambush me!"

Although the lightning was small, it was very powerful. Jiang Xiuzhen's entire head was charred black, and his face was black as blood oozed out.

A cold voice came from the sky, " two of the seven superpowers and the Murong family have come. We are so scared that we don't dare to come out. It's better to hide in the dark.

When everyone heard this, their expressions changed drastically. The entire place instantly fell silent, and everyone was extremely vigilant.

Jiang Xiuzhen immediately knew who it was. He trembled in fear, quickly closed his mouth, and retreated into the crowd. He covered his face and didn't dare to make a sound, only admitting that he was unlucky.

Mu Youyun's expression turned serious, and he said in a deep voice, friends from the sea Race, since you're here, don't be so hesitant. Come out!

"Hmph, you guys are so good at shooting your mouths off, how would we dare to come out!"

"Haha, that's right. With so many important figures here who will leave their names behind for eternity, tsk tsk, let's go back and gather the Army before coming back."

Everyone's expression changed drastically. The war in the Eastern Region had just stopped not long ago. Although they had defended the city and did not let the sea Race take any advantage, they had also suffered heavy casualties.

Although the other party's words were full of jokes and threats, they had to be on guard. Not to mention, many of the cultivators here were forces close to the sea. Once a fight broke out, they would be the first to bear the brunt.

if the two races go to war, the human race will naturally not be afraid," mu Youyun said in a deep voice. it's just that no one will benefit from such a situation. None of you will be happy to see it.

"Hmph Hmph, it's fine to play once in a while."

A ray of Azure light descended from the sky, and several dozen figures immediately appeared. Although they were all humanoid, they gave off a strange feeling, and everyone could tell at a glance that they weren't of their race.

The Thunder Tiger, fire leopard, and the Crown Prince of the North Sea were among them. There were also three members of the sea tribe, two men and one woman, who also had strange expressions.

One of the men had a blue face, but a small patch of red hair grew on his head. The other man had a chubby face and two huge nostrils.

The woman was delicate and exuded a cold aura. Her feet did not touch the ground, but she was quietly floating. However, she was petite, and even though she was suspended in the air, she was still half a head shorter than the others.

Behind them, there was a row of large and strong men with wide eyes and sharp fangs, exuding a fierce aura.

Everyone looked at the Thunder Tiger and fire leopard in shock. Among the more than ten people, the aura on his body gave people an unbearable feeling of oppression, as if he could turn them into ashes with just a slight movement of his finger.

When the ten-odd people appeared, the atmosphere in the hall suddenly became extremely oppressive. Although there was no conflict between the two sides, they formed two distinct auras that were in opposition to each other.

“If you guys really want to have a big fight, I’ll be happy to oblige,” Chen Feng said coldly.

The majority of the northern region’s seashore was under the jurisdiction of the saber sword sect. As the young master of the saber sword sect, Chen Feng naturally couldn’t show any weakness.

Moreover, if a fight really broke out, it was impossible for their blade sword sect to bear the consequences alone. One had to know that the North Region was the strongest of the four regions, and they didn’t fear the threat of the sea Race at all.

“Hmph! Ignorant child, can you make the decision? You have to be responsible for your words!”

RUO Wu’s face darkened as he shouted. His voice was so loud that it caused a buzzing sound to ring out in the air. He wanted to give Chen Feng a warning.

“Of course,” Chen Feng replied with an indifferent expression.

RUO Wu furrowed his brows. He had thought that the other party would be scared to the point that his face would turn pale. Who would have thought that there would be no effect at all? on the contrary, he was the one who had brought a snub upon himself. He immediately shouted in anger, "It's useless to say more, we're not here to talk to you today! In terms of words, our Sea Race is willing to admit defeat! I've come today to ask you humans to leave Seawood Island as soon as possible. My Sea Race will take over the island!"

Everyone's faces changed drastically, each and every one of them extremely furious. Seawood town had been inhabited for thousands of years, and now a few random people had come to ask them to get lost. Anyone would be furious.

haha, on what basis?!

Mu Youyun was so angry that he laughed, "you guys are blatantly bullying people!"

RUO Wu sneered and said, " this town was originally called Seawood Island. It drifted over from the North Sea and has always been a property of our North Sea. It has been forcefully occupied by your human race for thousands of years. Who exactly is the one bullying who? "

Everyone was indignant, and all kinds of discussions and curses were heard. Their emotions were getting more and more agitated, and most of them were shouting things like 'get lost'.

A proud expression flashed across RUO Wu's face as he said, it's like a dog you have at home. One day, it runs to your neighbor's house and stays there for a few days. Does that mean that the dog isn't yours but your neighbor's dog? how would you feel? "

...

Everyone was instantly rendered speechless. This analogy was too vivid, and they were actually unable to refute it at once. They all looked at each other in dismay.

haha, everyone here is dressed like snow. Since you understand the truth, you should quickly leave.

RUO Wu waved his hand with the unquestionable bearing of a King, leaving everyone speechless.

tsk, tsk. You said you don't know how to talk and admit defeat. You're showing weakness to others. You're really scheming. The air shook slightly, and a mocking voice came.

Murong Hengyu's face changed, and he was overjoyed. He could tell that the man was Yunxiao. But at the same time, they were also worried that he would collide with the sea Race and be the first to be attacked.

RUO Wu's expression changed. He had also recognized the voice, and he angrily said, "It's you?"

Many people in the audience frowned. Even Chen Feng's eyes narrowed in disbelief. He turned to look at Liang Yuyi and saw the same look of surprise and suspicion on her face.

"Is it really him?" Chen Feng asked in a low voice.

Liang Yuyi nodded and then shook her head, as if she was not sure.

The Thunder Tiger and fire leopard had their eyes tightly closed the entire time, as if they were indifferent to the outside world. At this moment, they suddenly opened their eyes. One of their eyes was burning with fire while the other was filled with lightning. They stared at the void with a surprised expression.

The space in the sky slowly rippled, and Yunxiao's figure appeared, looking down calmly.

...

"Ah?"

Suddenly, someone cried out. It was Jiang Xiuzhen, who was covering his face with one hand. He jumped up in panic as if he had been kicked.

Mu Youfeng and the two women were also shocked, not expecting to see Yunxiao here.

The Thunder Tiger and fire leopard's eyes sank and burst out with killing intent. It spread out all of a sudden. Everyone in the field felt it and turned pale with fright.

The killing intent was so sharp that it made everyone's hair stand on end. They all felt cold and extremely shocked!

Feini and qigui were also surprised. They did not understand why Yunxiao's appearance could make the sea tribe lose their composure. In particular, experts like the Thunder Tiger and fire leopard were almost peak nine-star existences. It was already very difficult to be moved by External Affairs. However, they were actually attracted.

What made them even more surprised and puzzled was that this kid not only dared to confront the sea Race head-on, but he was also completely unafraid under the deterrence of the Thunder Tiger and fire leopard. He still looked indifferent, which made people want to beat him up.

"You're really bold, kid! He's not afraid of anything, and he's still alive!"

The aura of the Thunder Tiger and fire leopard flowed slowly, and its killing intent became stronger and stronger.

Chapter 1250

1250 Evidence

RUO Wu's expression changed drastically at the same time, and a very surprised look appeared on his face. He did not expect that the Thunder Tiger Fire leopard and Yunxiao knew each other, and it seemed that they had some kind of grudge against each other.

The expressions of the other members of the sea tribe also changed. They felt the pressure coming from the Thunder Tiger and fire leopard, and they couldn't help but take a few steps back.

Yunxiao's expression remained unchanged, but he raised his eyebrows slightly and said coldly, "It's none of your business!"

"You coward!"

The Thunder Tiger and fire leopard roared in anger. Their aura slightly burst out, forming a tyrannical wind. The sea Race people around them were all shocked and stepped back in horror, leaving more than 100 feet of space.

At the same time, the people of the sea Race were also bewildered. The Thunder Tiger Fire leopard was one of the few experts in the eastern sea, the commander of the S-Class Sea Race. His cultivation had long entered the peak of the nine-star level. Even the royal families of the four Seas had to address him as Lord Lei Huo when they saw him. No one in the world dared to be disrespectful to him!

They looked at Yunxiao as if they were looking at a dead man.

When Chen Feng and his wife saw Yunxiao, they were taken aback at first, but then they smiled wryly. Their annoying looks had not changed at all, but they were also deeply worried about him.

Chen Feng's expression was somewhat anxious, as if he was waiting for someone.

"You think I don't dare to kill you?" The lightning Tiger Fire leopard said coldly.

"It's not whether I dare or not, but whether I can or can not." Yunxiao was calm and composed, and his tone was tit-for-tat.

"Haha, how arrogant! Today, I'll kill two birds with one stone and make an example of you!"

The Thunder Tiger and fire leopard clenched their fingers in the air, and a crackling sound could be heard. A bolt of lightning circled around his palm, turning into a sea of lightning that was getting stronger and stronger.

The sky immediately changed color as dark clouds rolled over. The entire city became extremely dark, as if it was night.

Everyone sucked in a breath of cold air and was extremely shocked. Under the intimidating power of the Thunder Tiger and fire leopard at the peak of martial arts, everyone felt a chill in their hearts, and they couldn't even summon the slightest desire to fight.

Everyone circulated their essence force to the peak, struggling to resist the vast power.

Mu Youyun was both shocked and angry. Under the might of heaven and earth, even he felt that the qi and blood in his body were in turmoil and surging uncontrollably, as if they were about to burst out of his blood vessels.

The rest of the weaker ones were even more terrified, all of them trembling.

Chen Feng's face darkened. A purple light flashed between his brows and a sword Qi shot out. It turned into a long snake in the air and coiled above everyone.

The long snake flicked its tongue, and the purple light on its body lit up.

Liang Yuyi also raised her right hand, and a Crimson Fire sword slashed across the sky. Immediately, ten suns rose into the sky, and the sun shone for a thousand miles, illuminating a clear sky under the dark clouds.

Ten blazing Suns revolved around the purple light, forming a strange pattern.

With the two of them working together, they actually produced a wondrous effect. The peak pressure instantly disappeared, causing everyone to reveal looks of surprise and gratitude.

Fei Ni and Murong Hengyu looked up at the ten suns circling the Dragon in the sky, their faces filled with shock.

But, to everyone's surprise, Yunxiao's expression remained unchanged even under the might of heaven and earth, as if he was not in this world.

Feini's pupils constricted as she looked at Yunxiao's figure, and a strange look flashed across her face.

Although everyone was no longer affected by the pressure, they still looked shocked and panicked. If such an expert were to make a move, this place would probably be annihilated in an instant.

Moreover, once they made a move, it would mean that the negotiations between the two races had broken down. In the end, they would have to rely on force to make the decision, and it was very likely to evolve into another war between the two races!

"Hmph! Thunder fire Black bear, don't be so arrogant!"

A flash of sword light appeared in the sky, instantly splitting the entire sky apart. The sword light did not dissipate, and a white light suddenly lit up. Within it, an old man appeared. It was Chen Fengyuan, and his face was filled with anger.

"Third granduncle!" Chen Feng was pleasantly surprised.

Yunxiao's eyes flickered when he saw Chen Fengyuan. He could sense that Chen Fengyuan's emotions were fluctuating greatly, and his aura was unstable. He probably lost more than he won in yesterday's battle, and was even injured.

Sure enough, the Thunder Tiger and fire leopard grinned. haha, old man, you ran away with your face covered in dust yesterday. I thought you were buried in the sea, haha!

His tone was filled with pride and prestige.

Everyone was shocked and couldn't help but feel depressed. It wasn't easy for an expert who could withstand the situation to appear, but it turned out that he had already been squandered. Their morale immediately fell.

Chen Feng was also bewildered. His third great uncle's strength was so great that he could be ranked in the top five in the entire blade sect. Yet, he had actually lost to the other party. This was something he found extremely hard to believe!

"Shut up!"

Chen Fengyuan's embarrassment turned into anger. He shouted, "this old man has been careless. I have fallen into your trap. Let's fight again today! The White sword projection behind him expanded in size as if it was going to split the heavens and earth!

The Thunder Tiger Fire leopard had a victorious smile on his face. He gradually calmed down and said, "I didn't come all the way here for you. As long as you're willing to hand over the second wood, I'll return to the East Sea immediately."

The expressions of the members of the sea Race, including those from the leap sect, changed drastically. They wanted to voice their doubts, but they held themselves back. However, their expressions were dark and unsightly.

"Haha, in your dreams!"

where did you come from?" Chen Fengyuan roared in anger, "scram back to where you came from!

He had been beaten half to death in yesterday's battle, and it was difficult for him to swallow the anger in his heart. If he was not seriously injured at the moment, he would have fought again.

The lightning Tiger and fire leopard smiled and said in a deep voice, "Chen Fengyuan, don't be ungrateful! Once they started fighting, no one would benefit! Today, the two crown princes of the North Sea are also here. Once the battle starts, it will not be a simple competition!"

Everyone was shocked, and they all looked toward the other Sea Race people. In the end, their eyes locked on RUO Wu and RUO Zong, and only these two people looked like they were from the royal family.

“Be reasonable, we’re not afraid.” Run Wu said proudly. If war breaks out, we have even less to fear. Whether it’s reason or soldiers, it’s up to you to decide.” He had a magnanimous and modest look on his face as he stood tall and proud.

“Tsk! Don’t you have any shame?”

you just said that Seawood town was formed on the island of the North Sea a long time ago, so it belongs to you? ” Yunxiao sneered.

“Of course!” Run Wu raised his eyebrows.

Yunxiao nodded. it’s said that when the world was created, there was only one heavenly martial continent, not Four Seas. The sky was round and the earth was square. However, there was an ancient Almighty with immeasurable divine power that directly caused the sky to collapse, the earth to crack, and the water to gather, gradually forming the four Seas. In that case, your entire Sea Race is a foreign force. Please get out of our territory with the water of the four Seas!”

“This Wufu is full of nonsense!”

RUO Wu was shocked and furious. Yunxiao’s words were too farfetched, and the fact that the world was created was a myth, which was not worth mentioning at all.

All the humans also felt that it was too farfetched, but at this moment, they were united against the outside world and shouted, ” you’re right! The entire realm of heavenly martial arts used to be a continent. Take your seawater and get lost!”

...

For a time, egging and strange yells rang out from all directions, as well as all kinds of ridicule, causing the members of the sea Race to glare at them.

it’s like digging a pond in your yard and raising a few toads in it, ” Yunxiao sneered. doesn’t that mean that the pond doesn’t belong to you? ”

“Haha, brother Yunxiao is right!”

hahahaha ... Chen Feng laughed out loud and said, “ I don’t want this pond anymore. I’d like to ask all of you toads to take the water of the four Seas and leave.

you’re allowed to trace Seawood town to the source, ” Yunxiao said coldly. but I’m not allowed to trace the source of the four Seas? ” What a good “educated” and “reasonable”!”

RUO Wu was anxious. If he couldn’t explain that Seawood town had originally returned to the North Sea, then he wouldn’t be able to stand on his side on this trip. Thus, he said,“The things that happened when the world was created are all legends, how can there be any proof? How can anyone believe such an ethereal matter?”

Murong Hengyu also sneered,“hehe, then how can you prove that Seawood town is your Island in the North Sea?” How can you convince us?”

The sea tribe man with red hair said, ” “I can prove that Seawood Island has always been under my clan’s rule thousands of years ago. Even if it’s just evidence, as long as you have the heart to look for it, you can find some.”

The sea clan woman floating in the air sneered and said, ” “The island’s movement isn’t a simple change. There must be a lot of evidence left behind, not to mention a large island like Seawood Island. Even these rootless trees came from the North Sea. In the original territory, there are still many similar plants.”

Everyone’s hearts trembled. If they really found evidence, then they wouldn’t be able to explain themselves.

since you all have a plan in mind and think that the evidence is irrefutable, ” Yunxiao sneered, ” please collect it and bring it out for discussion. So, the most important thing now is not to talk about the ownership of Seawood town, but to find evidence. Don’t worry, as long as there’s enough evidence, we won’t deny it. ”

...

Mu Youyun's eyes lit up as he immediately understood Yunxiao's meaning. He smiled and said, "That's right! As long as you can produce strong evidence, we will not deny it. That's all for today's matter. If fellow Sea Race friends wish to have a few more people stay, this one will certainly entertain you with great hospitality."

At this moment, everyone understood that Yunxiao was just stalling for time. As long as you don't have any evidence, what's the point of saying anything? By the time the evidence is gathered, the peerless yi wood will have already appeared out of nowhere and will have nothing to do with your Sea Race.

Even if the people of the sea tribe can gather evidence before the birth of the second wood, they have to convince us first. Then, we'll debate with you for ten days to half a month, dragging it out until all the benefits are distributed. At that time, Seawood town will not have much value, and the people of the sea tribe will probably not want it.

Therefore, everyone shouted, "that's right, nothing in the world can escape the word 'reason'. As long as you can produce sufficient evidence, we will definitely not deny it. "Hurry up and find the evidence. Don't delay everyone here."

The members of the sea Race were stunned. where are we supposed to get the evidence in such a short time?!

I can't even produce evidence for the matter of Seawood town in such a short time," Yunxiao said with a smile. where do you want me to find evidence for the creation of the world in such a short time? "
