

## **The Eternal 1251**

### Chapter 1251-discussion

The sea race's people were all stunned and speechless.

"Preposterous and childish!"

The Thunder Tiger Fire leopard shouted in a deep voice and revealed a ferocious expression, "if you don't want to waste time, hurry up and unlock the capital Heaven essence locking Grand array. We'll seize the items with our own abilities!"

Chen Fengyuan's expression turned cold as he replied, "What, now that you know you're being unreasonable, you're going to Rob me?"

"Hehe, what do you mean by robbing? don't make it sound so ugly!"

The lightning Tiger Fire leopard's face flickered with red and green as he laughed, "A bunch of childish people. After training for so long, do you still not understand what 'logic' is? The fist is reason! It belongs to whoever has the bigger fist. This is the law that has never changed since ancient times. When did it become that having a good mouth is the right thing to do?"

He glared at everyone with a murderous look in his eyes and said fiercely, "Whoever talks to me about Bullsh \* t reasoning, I'll talk to him about fists!"

Everyone's expression changed drastically, revealing a look of anger.

Chen Feng Yuan shouted, "old dog, do you think we'll be afraid of you?!" If you want to fight, then lay down the rules!"

The Thunder Tiger Fire leopard chuckled and said coldly, "Since Mr. Feng Yuan is so ambitious, why don't you and I represent our two races in this battle? the winner will stay, and the loser will get lost. What do you think?"

Chen Fengyuan's expression changed as he felt embarrassed and furious. He knew that it was impossible for him to defeat his opponent with his own strength, so his face darkened and he did not say anything.

"No, no, this is not good."

Yunxiao shook his head as he pointed at Runwu and said, "Let me have a match with him. The winner stays, and the loser gets lost."

"I don't agree! Why should it be you and me?" Yun Wu's expression changed drastically as he angrily said.

then why are they Thunder Tiger, fire leopard, and Mr. Feng Yuan?" Yunxiao laughed. Why don't we let everyone express their opinions? those who support my battle with you, raise your hand."

I support you, I absolutely support you!

The crowd burst into an uproar. Although they did not know Yunxiao's strength, they knew that there must be a chance when they saw Runwu's unhappy look. They all shouted with all their might and raised their hands high.

The voices of support grew louder and louder, causing Run Wu's expression to turn extremely ugly. He looked at the Thunder Tiger and fire leopard for help.

The Thunder Tiger and fire leopard's eyes flickered with a cold light as they stared at Yunxiao and snapped, "Since you don't agree to the martial arts competition, what should we do? Anyway, don't talk to me anymore, or I'll be the first to kill!"

Yunxiao pondered for a moment and said, 'since we want to decide the outcome by force, we must expand the scope of participation. For the sake of fairness, you have a total of sixteen people, so let's have sixteen matches. If it's a draw of eight to eight, it's our loss.'

Everyone immediately looked at the ten guards of the sea tribe behind him. Although they were all martial Supremes, they were only low-level martial Supremes. It would be enough as long as they won the ten battles.

“This method is wonderful and fair,” mu Youyun said with a smile.

“Bullsh \* t fairness!”

“Three or five rounds!” The Thunder Tiger and fire leopard shouted angrily.

Although he appeared to be violent and unruly on the surface, he had a rough idea of what was going on when he swept his gaze across the humans.

Everyone tensed up. The negotiations were finally on the right track, and they began to put forward conditions that both sides could accept.

Although mu Youyun was the owner of this place, the one who truly held power was still the blade sect. He looked towards Chen Feng.

The Thunder Tiger and fire leopard had a confident look on their faces. They were sure to win. As for the other few matches, among the people in front of them, there was almost no one who could defeat the people around him.

Moreover, with his peak nine-star strength, there were no rules in the world that could really restrain him. Even if he was unlucky and really lost, as long as he fell out with them and forcefully took the peerless yi wood, who could stop him?

Chen Fengyuan’s figure flickered as he descended from the sky. He casually cast an incantation seal, which turned into a barrier in the air to prevent anyone from eavesdropping.

He then pulled Chen Feng, his wife, and the three mu brothers into the group.

“What do you all think of this martial art?” Chen Fengyuan asked.

Mu Youyun cupped his fists and said, “Lord Feng Yuan, I think it’s feasible.” This lightning Tiger and fire leopard’s strength is heaven-defying, and if he were to go on a rampage, the entire Seawood town would probably fall. It might even affect Leylin and destroy all the rootless trees.”

Chen Feng Yuan said hatefully, “this is also what I’m worried about!” Then, will it be three or five matches?”

Mu Youyun pondered and said, “as long as Lord Feng Yuan doesn’t face the lightning Tiger and fire leopard, it’s equivalent to each of us winning a battle.” The strongest on our side are young master Chen Feng, Murong Hengyu, and the two young masters of the long family. I wonder if young master Chen Feng is confident in winning?”

I’m not sure, ” Chen Feng chuckled. but with that person here, we’ll win the third round without a doubt.

Mu Youyun and Chen Fengyuan were both shocked, and said, “That person?”

A strange expression appeared on Chen Feng’s face, and he said, “Lord Youyun, how could you forget about the number one person in the world among the younger generation? Don’t tell me you don’t know his identity?”

Chen Fengyuan’s expression changed, revealing a look of shock.

Mu Youyun’s face was also filled with shock, and he said in surprise, “The number one rising star, li Yunxiao? He is li Yunxiao?”

Mu Youfeng’s expression also changed, and he said in shock, “ he ... He’s Li Yunxiao?!

“What? you don’t know?” Chen Feng asked in surprise.

“He said his name was ‘li Feiyang’,” mu Youyun said with a bitter smile. “Who would’ve thought it was him?” No wonder he’s so arrogant and doesn’t care about being on bad terms with the two young masters of the long family. He’s just like the rumors say.”

“The two from the long family are most likely in trouble now that they’ve become enemies with him,” Chen Feng laughed.

Chen Feng Yuan revealed a suspicious expression, “You’re really that confident? I think he’s only a seven-stars martial sovereign. Even if he has some divine abilities, it’s already very heaven-defying if he can fight an eight-stars martial sovereign one level higher. I can’t see through the strength of a few people on the other side, so it’s hard to say if they’re not nine-stars martial sovereigns.”

third granduncle,” Chen Feng said seriously. if Yunxiao can’t win, there will be no second person on our side who can win.

Chen Fengyuan could not make a decision, “Mu Youyun, what do you think?”

Mu Youyun was also lost in thought. After all, this matter was too important. He suddenly frowned and looked at mu Youfeng, who was at a loss and his face was red. He said, “Second brother, what’s wrong?”

Mu Youfeng sighed and gave a detailed account of what had happened in dingtian city, leaving everyone dumbfounded.

“Preposterous! You’re so silly!”

as the second-in-command of the divine Tree family, how can you do things so unsteadily?” mu Youyun reprimanded. your judgment is so bad. You’ve really disappointed me!

Mu Youfeng’s face turned red, and he wanted to say something, but he swallowed his words and let out a long sigh.

“You can’t blame second brother for this,” mu youlang said in a low voice. “It’s all that Jiang Xiuzhen’s fault. Second brother was just trying to curry favor with him for the family’s benefit.”

...

Mu Youyun angrily shouted, "you still dare to speak up for him?!" Let's not talk about who The Fiend who slaughtered the entire family of the city Lord of sky setting city is, but this Li Yunxiao in front of us is an out-and-out fiend. Fortunately, he didn't make a fuss about it with us, or the divine Tree family would have been in great trouble!"

Mu Youfeng's face was also extremely ugly. Thinking of Di Jia's heaven-defying divine power and ruthless means, he couldn't help but feel afraid.

No wonder Jiang Xiu was screaming like a ghost when Li Yunxiao showed up," Chen Feng said. He was so scared that his face turned pale. I didn't think that he would be related to the tragedy in the Dingtian city. I'm afraid he's in big trouble." He had a worried look on his face.

Liang Yuyi suddenly laughed and said, "husband, you're overthinking." Although Yunxiao was arrogant and unruly, he was by no means a careless person. On the contrary, he's a meticulous and scheming person. There are all sorts of rumors about him from time to time, but he's always managed to pull through safely. Now that he's become a high-ranked martial Supreme, he's completely pulled apart the distance between you and me. "

Chen Feng nodded and said, "back then, the two of us lost to him. We were only one step away. It's a pity. But now, it seems that we'll only be able to fight him if we join forces."

Liang Yuyi shook her head and said, "the current Li Yunxiao gives me an unfathomable feeling. It's like I'm facing an abyss. I'm afraid that even if you and I join forces, we might not be his match."

Chen Fengyuan's expression changed, "is this person really that powerful?" I've also heard some rumors about him. He seems to still be a wanted criminal in the Red Moon City, right?"

Chen Feng also revealed a suspicious expression, and said, "Yu Yi, you should know very well how powerful this divine ability we created together is."

Liang Yuyi nodded and said, " my intuition is rarely wrong. Li Yunxiao is just standing there, but he gives me a feeling ... A feeling that I'm afraid of. she hesitated, as if it was inconvenient for her to explain.

Chen Feng frowned. we're all on the same side here. If you have something to say, just say it. There's no need to be afraid.

"Yes."

...

Only then did Liang Yuyi respond. She exhaled and said, " I don't even have that feeling from my third granduncle. It's like I'm facing my father!

"?! What?" The expressions of the few people changed drastically.

The "father" that Liang Yuyi was referring to was naturally the blade sect's sect leader, Chen duantian, one of the seven sect leaders!

although I have high hopes for li Yunxiao, " Chen Feng said with a frown, " Yu Yi, you feel that you're lying a little too much this time.

Liang Yuyi was silent. She knew that it was absurd to say it, and even she found it hard to believe. However, this feeling was very real and real.

Chen Fengyuan's face was also filled with disbelief, " "Well, in any case, I learned from your conversation that li Yunxiao has a great chance of winning. However, the problem is that the lightning Tiger and fire leopard will never allow me to fight other opponents."

I think so, " Chen Feng said. the Thunder Tiger and fire leopard will surely send third granduncle to fight. So, even if Yunxiao can win, it'll only be one win and one loss. There's still one crucial round to go. The third person will definitely be chosen between young master Hengyu and the two young masters of the long family."

Mu Youyun suddenly said, "if we can't win for sure, why don't we expand the battle to five rounds?" The two young masters of the long family and young master Murong are all extremely powerful, and they've deliberately suppressed their cultivation, so we can't detect them at all. But I estimate that they should be above the level of eight-stars martial sovereigns."

Chapter 1252-martial arts competition

All of these disciples of the prestigious families had treasures that could suppress their auras, and ordinary divine sense couldn't detect their depths at all.

"If the three of them have the power of an eight-stars Martial Emperor, we'll have a higher chance of winning the five rounds," Chen Feng said with joy.

"If that's the case, then it's settled," mu Youyun said. If Mr. Feng Yuan and Li Yunxiao win and lose, only two of the three of them need to win."

Chen Feng removed the barrier and mu Youyun shouted, " "Since the Marine race has proposed a martial arts contest, we will naturally agree. In order to display the strength of the two races more fairly, how about setting the system of three wins out of five matches? The losing side will immediately leave Seawood town!"

The Marine race was silent. They all looked at the Thunder Tiger and fire leopard, with him as their leader.

The Thunder Tiger Fire leopard laughed and said, "sure!" I hope you won't go back on your word when you lose!"

Mu Youyun said, " a man can not stand without his word. This is a clear and bright world. The heroes of the world have witnessed it together. Whoever goes back on their word will become the laughing stock of the world!

The Thunder Tiger and fire leopard were shocked. If they lost, they would be too embarrassed to snatch the item.

After pondering for a moment, he said, "alright!" Then let me, Mr. Feng Yuan, open the prologue to the first battle!"

His entire body rose into the air as he dragged a ball of lightning in each of his hands. The lightning on the balls flickered non-stop, illuminating the sky.

He was stepping on a cloud of fire, as if he was riding on the clouds and mist, flying high in the sky in an awe-inspiring manner.

Everyone's gaze turned to Chen Fengyuan.

Chen Fengyuan's expression was ice-cold, and there was even a hint of shame as he said angrily, "This old man admits defeat for this round, there's no need to compete!"

"Huala"

At this moment, the entire human race was in an uproar. There were all kinds of shock, astonishment, anger, and curses.

"What the hell is this? You've just agreed to a martial arts duel, and now you're admitting defeat in the first round. Could it be that you're planning something?"

"It's not a big deal to lose, but it's a big deal to have integrity. With this, the human race will lose all face!"

"Woof! What seven super forces, you only know how to show off in front of your own people, cowards!"

Chen Feng Yuan's face turned red, wishing there was a hole in the ground he could hide in.

At this moment, someone said, " let's look at the rest. Since we've suggested five rounds, the first round's surrender is definitely within our expectations. Everyone, stop cursing.

“That’s right, if you have the ability, then go! That marine race expert is obviously a peak nine-star existence. If we were to forcefully attack him, we would only be seeking humiliation. At that time, the blow to our morale would be even greater. It would be better to admit defeat openly.”

“That’s right, Mr. Feng Yuan is not invincible. As long as he can win in the end, it will be a victory.”

After all kinds of understanding voices sounded, the abuse and ridicule gradually weakened.

“Haha, you’re tactful!”

The Thunder Tiger and fire leopard retracted their aura and landed on the ground. They said in disdain, “Who’s up for the second round?”

Mu Youyun thought to himself, “Chen Fengyuan’s immediate surrender has indeed affected the morale of the troops. We have to turn the tables.”

young master Yunxiao! he looked up at Yunxiao and said, “ young master Yunxiao, will you fight this round? ”

“Young master Yunxiao?”

Fei Ni’s expression suddenly changed and she exclaimed, “ Yunxiao? Li Feiyang, li Yunxiao! He is li Yunxiao?”

As soon as these words came out, the scene suddenly became incomparably silent. In the blink of an eye, it became boiling again, almost exploding!

“What? He’s Li Yunxiao, the number one rising star?”

the Li Yunxiao who defeated the Crown Prince of the sea tribe in Red Moon City and was later wanted by the whole world in Red Moon City?!

All of them were shocked.

Jiang Xiuzhen's mouth was also wide open, completely dumbfounded. The person he had offended actually had such a big background. As the number one rising star, as long as he didn't die prematurely, he would definitely become a peerless martial sovereign or an Overlord in the future. He even had the heart to cry to death.

Peach red was even more shocked. When she recalled the scene in the tavern in the heaven stabilizing city, where she had released her origin power to "scare" the other party away, she felt both embarrassed and afraid.

Murong Hengyu and Qi GUI were also stunned for a moment, each revealing a different expression.

"What? He's the Li Yunxiao who killed runxiang?"

A shocked expression flashed across run Wu's face. His eyes were filled with complicated emotions, but even more of them were filled with resentment, killing intent, and unwillingness.

Leap sect's eyes turned cold as well, and his expression darkened.

There were many acquaintances in the hall, and Yunxiao knew that it was difficult to hide his identity. He turned his eyes and said, "Since Lord Yun has chosen me, I naturally won't shirk my duty!" He looked in the direction of the sea Race and said, "Who's next?"

Other than the two crown princes from leap sect, the other three members of the sea tribe at the front all looked eager to give it a try.

"Hold on!"

Suddenly, a sharp voice interrupted him. Qi GUI stood up with a gloomy face and said coldly, "the second match is of great importance. I won't allow any random person to enter the arena!"

Mu Youyun's face sank and he shouted impolitely, " Young master qigui, everyone in the world knows Yunxiao's strength. No one is more suitable than him for the second round!

Qi GUI sneered and said,"the whole world knows?" If I'm not mistaken, he's only a seven-stars martial sovereign at most."

"Cultivation is important, but there are many cases of people achieving victory by crossing realms," mu Youyun said.

Qi GUI said sarcastically,"haha, cross-realm victory?" Those were some low-level underlings who might be able to cross a few stars or even a major realm by relying on some cultivation techniques and divine arts. However, who had ever seen a martial Supreme defeat a martial Supreme who had surpassed his rank? Lord Youyun, I'm not specifically targeting him, but this second match is far too important. If we lose, our situation will be abnormally disadvantageous."

"Hmph!"

Chen Feng snorted heavily and said coldly, " I don't think there's any problem with li Yunxiao going to the battle!

"If we lose, will you bear the responsibility?!" Qi GUI shouted.

Chen Feng's expression changed drastically. He was about to stand up and argue, but Liang Yu Yi pulled him back. She shook her head lightly, indicating for him to calm down.

Then, he glared at Qi GUI and sat back on his chair, saying coldly, " "Then who does brother qigui think is suitable for the second round?"

"Feini and I are the best candidates!" Qi GUI said proudly with his chest out.

...

For a moment, the entire arena fell silent. After all, Qi GUI was right. The second round was too important.

Although Yunxiao had a great reputation, no one had seen his true strength. They had only heard that he had defeated a Crown Prince of North Sea and was praised by the former city Lord of Red Moon City. No one knew the truth.

Qi GUI and Fei NI's identities as the young masters of the long family of Sky Ridge were the best proof of their strength!

Chen Fengyuan slowly said, "since young master qigui is so confident, that's great." Moreover, the two of you were also included in the five matches, so it wouldn't be a big deal to start one match earlier. Let's send young master qigui up for this battle."

"I will not fail my mission!" Qi GUI smiled indifferently.

He gave Yunxiao a contemptuous look, then walked up with his head held high.

Feini did not say a word, but stared at Yunxiao, her eyes flashing.

Yunxiao had also noticed it. He could not help but raise his eyebrows and say, "Is it really appropriate for young master feini to look at me like this in public?"

Feini's face turned red and she glared at him angrily. She said, "you're li Yunxiao? that's great! It saves me the trouble of looking for you all over the world.

me?" Yunxiao asked curiously. you were looking for me?" Did I know you before?"

The corners of Fei NI's lips curled up as she chuckled. we didn't know each other before. Now that we know each other, we'll meet again very soon.

...

Yunxiao's eyes narrowed slightly, as if he had guessed the other party's thoughts. He could not help but sneer and say no more.

The conversation between the two made everyone feel puzzled, but the focus quickly shifted to Qi GUI. After all, this battle concerned the face of the human race, and more importantly, the interests of everyone present.

If they lost the martial arts competition, everyone would have to leave Seawood town, and everything would be for naught.

The Thunder Tiger and fire leopard snorted coldly. It was hard to tell whether it was disdain or ridicule. He turned to the sea Race people and said, "Who's up?"

"Me!"

Other than the two crown princes, the other three almost cried out at the same time, all of them looking like they were asking for battle.

The Thunder Tiger and fire leopard looked at him, then at the three people. my request is very simple. If we don't win, we'll die. Do you still want to go?"

"I want it!"

The three of them shouted at the same time, their faces full of confidence and determination.

"Hmph!"

Qi GUI's face darkened. He snorted and mumbled, "A bunch of reckless things!"

Only then did the Thunder Tiger and fire leopard nod in satisfaction. Its gaze swept past the three of them and landed on the chubby sea tribe member with two meatballs on his temples. It said, "Gates, it's your turn."

"Yes! Many thanks, Lord Lei Huo!"

Gates was ecstatic. He laughed and walked out of the formation. human brat, come and die!

The other two looked dejected.

Qi GUI was so angry that he laughed, "Haha, you're really a reckless fool!"

"This place is not suitable for a battle," mu Youyun said in a deep voice. "Everyone, move to the desolate outskirts a thousand miles away!" After he finished speaking, he rose into the air and led the way in a certain direction.

In fact, this place was very close to the North Sea, so the best place to have a martial arts competition was on the sea. However, mu Youyun was afraid that the Marine race would perform even better on the sea, so he directly designated the outskirts and flew there first.

haha, no matter where we go, the results will not change!

The Thunder Tiger and fire leopard laughed and disappeared in a flash of lightning.

A moment later, hundreds of people appeared thousands of miles away from Seawood town. Although the crowd was surging, it was quiet, all nervously staring at the two people on the field.

The two of them kept their auras in check and stared at each other coldly. They seemed to have used a secret technique to suppress their cultivation base, making it impossible to tell what was going on from their appearance.

"Step forward for the second round," Qi GUI suddenly said, "you're really unlucky."

Gatz was stunned for a moment, then laughed, and his laughter grew louder and louder. hahahaha, I'm going to win no matter which round it is.

of course! Qi GUI sneered. if it's against li Yunxiao or Murong Hengyu, the possibility is very high. But it's a pity that your opponent is me, the young master of long family!"

Murong Hengyu's face immediately darkened, his expression darkening.

Chapter 1253

1253 The sky essence Qi lock

Yunxiao, on the other hand, looked indifferent. After a few glances, he felt bored, so he sat cross-legged in the air, closed his eyes, and began to cultivate on the spot, surprising everyone.

Qi GUI's eyes flashed with anger when he saw him like this.

it's a good thing it's a martial arts duel, not a verbal duel, " gaiz laughed. otherwise, I would have already lost.

"Hmph, the result will be the same. Nothing will change!"

Qi GUI's expression turned cold, and his body gradually faded, almost transparent.

"Haha, I really like to tear the mouth of people like you. Let me vent to my heart's content!"

Gaiz laughed maniacally, and his face instantly darkened. He let out a loud roar that caused the sky and earth to tremble violently.

"Swish!"

His figure disappeared in an instant and appeared in front of Qi GUI almost at the same time. His palm struck down.

“Pa! Pa!”

The space caved in, and the strange ghost’s almost transparent body was shattered, turning into countless bolts of lightning.

“Hmph!”

The strange ghost’s cold snort came from the lightning, and the clattering of iron chains being dragged could be heard.

The next moment, chains that swirled like nebulas suddenly appeared in the sky, covering the vast sky in layers, just like the trajectory of a star.

Gates’ expression turned serious. Under the influence of the star Cloud shackles, the entire space was undergoing subtle changes.

He could clearly feel the sky stiffen all of a sudden, as if it was locked by layers of iron chains, and he was completely imprisoned.

He tried to flick his finger slightly, and his expression changed drastically. His strength was directly suppressed by more than half!

“Hahahaha, are you feeling desperate?”

Qi GUI’s sneer was heard. His shadow slowly appeared on one of the chains above. He looked down with a face full of mockery. my sky essence Qi lock can directly seal the sky and lock the earth. Anything within the five elements can’t escape its attack.

Yunxiao, who had been cultivating with his eyes closed, suddenly opened his eyes in surprise.

He had seen this metal chain before, and it was silver in color. It did not have the characteristics of sealing elemental energy. It seemed that Qi GUI had held back when he fought with him.

What interested him the most was that the effect of this seal seemed to be the same as his fiend lock, but the target of the seal was different.

He suddenly wondered if the sky essence Qi lock could lock the power of devil essence.

my chains have three changes, " Qi GUI said proudly. it's only the most basic one, but you're already completely helpless. Could they still have fun together? Hahaha!"

He laughed wildly, but his hand seals did not stop for a moment. The chains around him continued to shake, creating shadows around him, which stirred up the sound of wind and thunder.

A silver light flashed around Qi GUI's body. The star Cloud chain rippled and turned into tens of thousands of silver lights. The entire world turned silver.

Not only that, the entire star cluster seemed to have suddenly split apart, turning into countless sharp arrows that shot down like raindrops.

Gaiz's expression changed, and he roared in anger. His body trembled slightly under the surge of origin power, and his face kept twisting and turning outwards. It was extremely ugly.

The tuft of red hair on his head bloomed like a flower, shaped like a peony. He had completely transformed into a half-demon.

"BOOM!"

He clenched his fist in the air, and a bolt of blue lightning appeared in his hand. He pulled it open like a water film, and it turned into an electric shield.

“Bang! Bang! Bang! Bang! Bang! Bang!”

The 10,000 arrows kept hitting the lightning Shield, creating electric arcs that shot out. The entire sky was a sea of lightning.

Gates curled up his huge body and hid behind the electric shield, his face filled with anger.

“Hmph, it’s useless!”

Qi GUI’s eyes narrowed and he snorted.

The silver chains that filled the sky kept shaking up and down. The silver light slowly turned golden and rolled down in circles. The shadows of the Golden chains were dazzling.

“Clang! Clang!”

Suddenly, a crisp sound rang out. Gates’ eyes widened, and he was shocked to find that he had been tied up without him knowing.

“Ah?”

Exclamations of surprise came from below. Most of them were humans, and their voices were filled with joy and excitement.

Yunxiao’s eyes narrowed as well. Even he did not know how the chain had tied the man up. is it a spatial divine power? no wonder it can lock all things.

Clang! Clang!

Gates struggled fiercely, causing the Golden lock to clang. It then tightened even more, directly squeezing into his flesh.

A golden chain coiled around his arm and continued to move forward. Finally, it wrapped around the palm that had opened the lightning Shield, and all the lightning disappeared.

Qi GUI's lips curled into a victorious smile. haha, it's impossible for you to break free from my sky essence Qi lock. You can die now!

Tens of thousands of Silver Arrows appeared in the surroundings and shot down.

Gates' face was solemn, but he did not panic at all. He only said calmly, it's indeed something. If it was someone else, they might really have been defeated.

"What?"

Qigui's eyes narrowed, as if he had realized that the attack would not go so smoothly.

Gatz's Red hair, which was as large as a peony, spread out. With a "boom," a terrifying force descended.

The red hair seemed to have come to life, and each strand of hair extended in the sky like a poisonous snake, curling toward the Silver Arrow.

No matter how many Silver Arrows there were, they were not as many as his hair. A large amount of long red hair shot into the sky and scattered like flowers.

...

The Golden chains and silver Arrow rays could no longer be seen in the sky. There was only a patch of red hair that looked like layers of clouds.

The two of them had disappeared without a trace, both trapped in the red clouds.

Everyone looked at the hair that was moving all over the sky and felt like vomiting, but they were more shocked and horrified.

Feini's pupils constricted and he looked worried.

"Swish!"

A bolt of green lightning suddenly flashed across the sky, and the entire sea of red hair was split open.

Qi GUI's figure rushed out, holding a blade of lightning in his hand. He slashed down with both hands, his face full of anger.

"Thunder Elemental Blade!"

"BOOM!"

A thunderclap came from the sky, and a flash of lightning fell. It shot directly into the Thunder Blade and cut into the sea of hair.

"Chi la!"

...

Countless strands of red hair were crushed into powder, and the huge sea of red hair exploded. Tens of thousands of lightning bolts shot out like a silkworm breaking out of its cocoon.

In the sea of broken hair, there were flashes of golden light. The chain in the sky once again appeared in the shape of a spiral cloud, but tens of thousands of lightning flashed on it, shaking off all the hair.

Gatz's face was filled with hatred. He retracted his red hair and turned it back into the shape of a peony to cover his head.

“Ha!”

His opened eyes suddenly turned blue and became brighter and brighter, flashing with lightning.

With a loud shout, two rays of light shot out.

“Whoosh!”

The blue lightning bolt pierced through the air with an extremely sharp force.

After shooting out the two bolts of lightning, Gatz immediately lost his spirit. Even his skin became dull, and the peony on his head lost its color.

Qi GUI’s face darkened. His left hand made a hand seal, and the Golden chains in the sky spun into a Star Cloud pattern, spreading out in front of him.

Above the chain vortex, countless green lightning flashed, like a sea of lightning.

“Bang! Bang!”

Two streaks of blue lightning shot into the sea of lightning, causing the chains to rattle and shake in the sky.

The Nebula Thunder sea couldn’t stop the two blue Thunderbolts. Golden light kept shooting out of the chains in all directions.

Qi GUI’s face darkened and he looked shocked. He grabbed at the sky with his right hand and slashed forward with a green blade of lightning.

“Bang!”

The lightning Blade struck the blue light and immediately cracked. Under his terrified gaze, it shattered with a bang and turned into countless specks of green light.

“What?”

Qi GUI’s heart was in turmoil as he shouted in horror.

“Bang!”

After the blue lightning pierced through the lightning Blade, it landed on his body. A beautiful blue lightning flower bloomed in the air like fireworks.

All the humans below had their mouths wide open, and their eyes were filled with shock.

“Have we lost?”

Question marks appeared in everyone’s hearts, and their expressions became extremely ugly. If they lost this battle, it would be very difficult to turn the tables.

“Roar!”

Suddenly, the sky and the earth trembled violently, and an extremely violent sound reverberated in the sky. The entire space was compressed and twisted.

what? ” gaiz was shocked. His dejected eyes suddenly brightened, and he gathered blue lightning again.

He saw a green light floating in the sky, and a violent and fierce aura came.

Within the green shadow, the strange ghost's face was extremely ferocious. Its fierce eyes did not look like those of a human at all. Behind him, a huge shadow slowly condensed and occupied half of the sky.

The appearance of the shadow could not be seen clearly, only that it was the image of an ancient fierce beast. When they connected it to the identity of the strange ghost, everyone knew that it was the projection of an ancient true spirit.

The power that remained in his bloodline had circulated for thousands of years, and one day, it would burst out with the aura contained within.

“Stare!”

The true spirit fallen lightning shadow opened its eyes and looked down.

Everyone trembled, and it was as if those eyes were staring at everyone. Fear from the bottom of their hearts crept up, and many people's legs went soft as they desperately circulated their origin power to resist.

Feini was also shocked. The true spirit transformation was the ultimate move of every martial artist with the true spirit bloodline. However, the degree of transformation would be different depending on one's cultivation and the strength of one's bloodline.

She had a thorough understanding of the strange ghost's power. At this moment, the degree of his transformation had exceeded the range of the strange ghost's control. Looking at his fierce eyes, it seemed that he had lost his self-consciousness and was under the control of the brutal Qi of the true spirit in his bloodline.

Yunxiao's pupils constricted as well as he watched all the changes quietly.

He had fought with the descendants of true spirits quite a few times, and among them, the best were run Xiang and Gu Hong. Their cultivation path was basically to constantly stimulate and condense their bloodlines, and they seemed to have an innate advantage over ordinary martial artists.

However, among the top powerhouses in this world, all of them had advanced through their own hard work and cultivation!

Chapter 1254

1254 Who's the winner?

Qi GUI raised his arms, and lightning kept emerging from his body, pouring into the shadow behind him. There were also countless strange runes that he had never seen before rolling in the lightning.

“Roar Roar!”

The hard lightning true spirit roared and its body trembled. It was almost about to turn into a real body.

A terrifying and violent aura burst out, and the sky was filled with the sound of wind and thunder.

Gates could no longer remain calm. The blue light in his eyes grew stronger, but he could not hide the fear in his heart.

The huge shadow of the true Spirit in the Sky had a huge impact on his mind. Just this pressure alone was hard to resist.

The Thunder Tiger Fire leopard shouted in a deep voice, “calm down and focus! Don't be afraid!” It's just an afterimage of my true spirit. It's powerful, but it doesn't actually have much power!”

When gates heard this, he calmed down a little. He formed a seal with both hands and activated his primary power.

His light blue skin glowed again, and a blue seal appeared on top of his head. The tuft of red hair also bloomed, forming a formation.

A large amount of blue electric arcs surged out of gaiz's body and spread out like a wave. It was as if he was standing on the tip of a wave.

The Thunder Tiger Fire leopard frowned and glared at mu Youyun. He finally understood why Mu Youyun had chosen the suburbs.

Geiz's move was supposed to combine the power of the ocean and use lightning divine power to stir up raging waves, which would yield twice the result with half the effort. However, it was being suppressed on land.

“Roar!”

The strange ghost suddenly roared at the sky. Its voice was exactly the same as the true Spirit's shadow, and the brutal force on its body was indescribable.

His hands formed a seal in front of him, then his body slowly floated up and tilted forward.

“Boom boom boom!”

The sky suddenly split open, and a bolt of lightning fell from the sky. The entire world collapsed.

Everyone was completely stunned. Under the boundless pressure, it was almost impossible for them to move. Other than the lightning meteor, there was nothing but darkness.

”

Gates was also going all out. He focused all his efforts on his palms and suddenly blasted toward the sky!

The circles of blue waves on the ground instantly converged into one.

The peony-shaped hair on her head was untied and actually formed a square formation. It hung around her palms and turned into a fierce attack that rushed into the clouds.

“BOOM!”

The two forces instantly collided. They were both lightning, presenting a green and blue color.

Qi GUI had inherited his bloodline, while Geiz had a natural body of lightning. The two powers only clashed for a moment before the blue lightning shattered.

The green lightning fell like meteorites and landed on Geiz's body without a doubt. It caused lightning to shoot into the sky and spread out in all directions like a dragon.

The entire world was filled with lightning and thunder, so dazzling that one could not open one's eyes.

Not only did the sky shatter, but the earth also cracked. After the lightning dispersed, a deep, pitch-black pit quickly appeared before everyone's eyes.

The deep pit was still emitting lightning, and the surroundings were flashing with crackling sounds.

"Who won?"

A question mark appeared in everyone's mind, which was also the question they were most concerned about. They all raised their heads and looked into the deep pit.

"Hahaha! Old dog thunder fire, we won this round!"

Chen Fengyuan laughed with a smug look on his face.

Everyone was overjoyed. Although the pit was so dark that they couldn't see the bottom, and Qi GUI and GE Zi couldn't be seen at all, since Chen Feng Yuan had said so, it meant that they had definitely won. They immediately cheered.

On the other hand, the faces of the members of the sea tribe were extremely ugly. The woman with her feet in the air even shouted angrily, " Geiz is really a piece of trash, bah!

The Thunder Tiger Fire leopard's face darkened and he shouted coldly, "Bullshit! How did you win? Let the winning kid come out for me to see!"

Everyone was stunned and confused. Their minds were filled with question marks. Did they win or not?

Fei Ni's body moved and a red flame flashed, flying into the deep pit.

In a few breaths 'time, she flew out again, but she was dragging a man in front of her. The man's entire body was black, and it was the strange ghost that had lost control of its transformation. Even she herself was completely trapped in the might of the lightning.

"Qi GUI has only fainted," replied Fei Ni leisurely, "but your Sea race's people are all crushed. The outcome is clear at a glance, yet Lord Lei Huo still has doubts?"

The Thunder Tiger Fire leopard snorted, "you call unconscious a win?" What a joke! Moreover, if this girl doesn't go down to save him, it's hard to guarantee that this brat won't die. Isn't this breaking the rules of the competition?"

"Old dog, you're trying to deny it!" Chen Fengyuan said angrily.

"Hmph!" The lightning Tiger Fire leopard replied. I deny it? The outcome of the competition has not been decided yet, and you interfered with the result without permission. The fact is that the result of this competition is the result. If this girl had not gone to save people without permission, both sides would have died in a draw!"

"A draw? Don't you have any shame!"

The human warriors didn't agree, shouting and cursing.

The Thunder Tiger and fire leopard's face darkened, and they released their aura. Suddenly, there was a loud "boom", like a mountain pressing down on them, and everyone shut up.

“If you’re not convinced, then throw the pill you gave him back into the pit and see if he’s still alive!” He pointed at Feini and said coldly.

Feini pursed her lips. She obviously would not agree to this suggestion. She was afraid that the Thunder Tiger and fire leopard would suddenly attack, so she quickly flew back to her original spot and settled the strange ghost.

“Hmph, you must be feeling guilty!”

hehe! the Thunder Tiger and fire leopard laughed coldly and said, “if you refuse to agree to a draw, then there’s no need to continue the competition!

Mu Youyun’s face was also filled with anger. He said, “If this round is a draw, then the final result of the remaining three rounds will be a draw of two to two. How will you decide the victor?”

“It’s very simple,” the Thunder Tiger Fire leopard snorted. “There might be a tie in the following matches. Even if it turns out to be 2 – 2, we can just play an extra match.”

Chen Fengyuan transmitted his voice, “it’ll be more beneficial for us if we can enter the tiebreaker match.” Among the four of them, one of the Crown Prince is only a peak seven-stars martial sovereign. You can defeat him, mu Youyun.”

...

Mu Youyun was a genuine eight-stars martial sovereign. Although he was only at the beginner level, he should have no problem suppressing a one-star martial artist as long as there were no accidents.

After becoming a high-level martial Supreme, unless one was truly heaven-defying, it was very rare for one to challenge someone of a higher level. This was also the reason why he and Chen Fengyuan did not have high hopes for Yunxiao. If it were not for Chen Fengyuan’s recommendation, they would not even consider letting Yunxiao fight.

“Good! I’ll let you guys deny it this time, but there won’t be a next time!”

Mu Youyun’s face was cold as he shouted, “For the next round, it’s your turn to send your people first!”

The Thunder Tiger and fire leopard sneered and turned to the remaining four, “Who’s up? The conditions are still the same, if you don’t win, you die!”

“Me!”

The remaining chubby-faced man and woman both shouted at the same time, fighting to fight.

The fleshy-faced man’s face sank as he shouted, “An Lin, why are you trying to steal the limelight from me? We must win this match, and I am the best candidate!”

“Shut up, you stupid pig!” The woman said angrily. I don’t think you’re as strong as Geiz. It’s a small matter if you get struck alive, but it’ll be a big deal if you embarrass our sea tribe.”

The fat on the chubby-faced man’s face twitched a few times, then he roared, “b \* tch an Lin! You’re looking for death! He immediately threw a punch without any warning.

“BOOM!”

...

The fist broke through the void, and the entire fist shadow vibrated in the surroundings.

An Lin’s figure was instantly shattered by his fist, but it was only an afterimage!

“What?”

" what? " the fleshy-faced man was shocked as he sensed danger approaching. He immediately broke out in cold sweat.

"Stop!"

The Thunder Tiger and fire leopard shouted. With a flash of lightning in their eyes, an electric arc was shot out and exploded in the air with a bang.

A mirror-like light shattered in the air, and an Lin's figure appeared. However, her face was still filled with killing intent as she glared coldly at the fleshy-faced man.

silence! the Thunder Tiger and fire leopard shouted. whoever moves again, I'll make sure he can't move for the rest of his life!

After he was done reprimanding, he turned to look at leap sect and said with a deeper meaning, "Your Highness, are you not going to make a move?"

"I don't like to fight when I'm not confident in winning," he said with a calm expression.

"Hmph Hmph, if you want to win the next round, I think you have the greatest chance. Why are you being so modest?" The Thunder Tiger and fire leopard's eyes glowed as they stared at leap sect, as if they were trying to see through him.

Leap sect raised his head and looked into the distance. There was a person standing there quietly, looking calm and collected. His pupils contracted slightly as he said, "I'm afraid that when I go on stage, my opponent will be that person. I'm not sure if I can beat him."

Both an Lin and the fleshy-faced man had strange looks on their faces as they looked at the man in the distance. It was Yunxiao.

They did not deliberately conceal their conversation, so the human side heard it clearly. All of them turned their eyes to Yunxiao with puzzled looks.

They had seen qigui's fight before, and his earth-shaking power had been deeply rooted in their hearts, which represented the peak strength of the younger generation. No one thought that Yunxiao could be stronger than qigui, so when they heard what leap sect said, they all showed various expressions, some of which were thoughtful, some suspicious, and some disdainful.

"En, that man is indeed tricky." The Thunder Tiger and fire leopard nodded. However, if you were to go up, the chances of victory and defeat should be 50 – 50."

"The winning rate is too low," leap sect said calmly.

"Alright, I won't force you," the Thunder Tiger Fire leopard said. He raised his head and pointed at an Lin. "You'll be up for this match, you must win, you must not lose!"

hehe! an Lin was overjoyed. there definitely won't be any more matches!

She glared at the chubby-faced man smugly and flew out. As long as they won this match, their Sea Race would have two wins and one draw, and there would be no need to compete anymore.

An Lin's eyes turned from one human to another, and then finally fell on Yunxiao. She curled her finger and said with a contemptuous smile, "Brat, I heard you're very powerful. Do you dare to fight me?"

The Thunder Tiger and fire leopard's face darkened with anger. He did not expect an Lin to take the initiative to provoke Yunxiao as soon as she went up.

Others might not know Yunxiao's strength, but he had just come from the East Sea, and he knew it very well. This kind of behavior was completely courting death!

Chapter 1255-immortal body

In truth, an Lin had also been provoked by their conversation, and she was extremely unconvinced in her heart, which was why she wanted to display her power.

The Thunder Tiger and fire leopard thought for a moment. If Yunxiao were to fight and lose this round, then no one would be able to compete with leap sect in the next round. As long as they won one more round, they would be guaranteed to be undefeated. Thinking about that, he didn't say anything.

Everyone's eyes were fixed on Yunxiao as he said, " "You've really decided to challenge me?"

"Of course!" An Lin replied proudly. I, an Lin, really want to meet a human that even the Great Leap sect is afraid of. I've also heard some rumors about you in the eastern sea. Although they are exaggerated, it's enough to show that you're a powerful opponent. I, an Lin, don't kill nameless trash."

The Thunder Tiger Fire leopard's face twitched, and his eyes were gloomy.

As the leader of the East Ocean experts, he was also disgraced when the royal family of the East Ocean had their nest dug out.

There were many rumors about this matter in the outside world, but most of them did not believe it. But as time went by, it would gradually be known by the world. If they could not kill Yunxiao, this humiliation would never be washed away!

The Thunder Tiger and fire leopard's eyes flashed with a strong killing intent, but it disappeared in a flash.

His heart suddenly trembled, and his eyes turned slightly.

He saw that leap sect was looking at him in surprise. As if he had sensed what he was thinking, he said in a low voice, "Are the rumors true?"

The Thunder Tiger Fire leopard's face darkened and it snorted heavily.

Leap sect's heart trembled violently, and a huge wave was set off in his heart. His face, which had always been calm, instantly turned pale.

He was also skeptical about the rumors. Although he wouldn't refute them in person, he still didn't believe them in his heart. At this moment, the attitude of the Thunder Tiger and fire leopard was obviously a tacit agreement.

The lair of the eastern sea's royal family has been dug out.

This Kasaya

Leap sect's entire person was in a complete mess.

The Thunder Tiger Fire leopard frowned. the process is very complicated. This kid is indeed very strong, but not as exaggerated as you think. Don't be nervous. His top priority was to obtain the martial art and obtain the peerless yi wood. And then ran ran "

A thick killing intent flashed in his eyes as he transmitted a message coldly, "After that, I'll personally tear that brat into a thousand pieces!"

With a pale face, leap sect nodded, and his heart finally calmed down slightly.

On the human side, Yunxiao restrained his aura and descended from the sky. "As you wish!"

He took a step forward and walked towards the center of the field.

Everyone held their breath and did not dare to breathe too loudly. Just how strong was this rumored number one rising star? everyone was eagerly waiting.

not bad," an Lin said with a faint smile. you do have the aura of an expert. I wonder if your strength is befitting of your reputation.

you'll know when you try it," Yunxiao said with a smile. try it.

He wasn't worried at all that the human race would lose the martial arts competition. He would win for sure. If anyone lost a match after that, he would immediately call for the guests to come out and fight the last match. At the very least, they would be able to get into the overtime match.

very good. I like to fight with strong people. I like fighting with a confident strong person like you even more!

An Lin stuck out her tongue and licked her lips hungrily. Her entire body suddenly became dazed, and she disappeared from sight.

"Swish!"

In the next moment, a Black Dagger suddenly pierced through Yunxiao's throat, and blood splattered everywhere.

Yunxiao's eyes were filled with fear and despair. He kept waving his hands in the air, then covered his throat and growled in pain, but he still could not stop the blood bubbles from bubbling.

"Ah?"

Everyone's mouth was wide open, and they couldn't help but let out an "ah", completely stunned.

They had thought that it would be an earth-shattering battle, but it ended just like that?

Murong Hengyu's eyes almost fell out of their sockets. He could not believe what he had seen. He rubbed his eyes and looked again. It was so real. Yunxiao had really been killed!

Chen Feng and his wife were also dumbfounded.

"Pfft!"

Suddenly, someone laughed out loud. Jiang Xiuzhen couldn't help but laugh wildly, "Haha, what number one rising star? this is so funny! Hahaha!"

He held his lower abdomen and laughed until he bent over.

It was as if the louder he laughed, the more he could dispel the humiliation brought about by his cowardice.

"Tsk! It's a good thing I didn't go on stage, or I wouldn't be interested at all."

The fierce-looking marine race expert sneered in disdain.

The Thunder Tiger and fire leopard were stunned for a moment. The scene in front of them was so real, but he kept feeling that something was wrong. And that feeling was getting stronger and stronger, so strong that it made him a little impetuous.

Yunxiao clutched his throat with both hands as his eyes began to roll back, and he gradually lost his vitality.

Behind him, a pure white hand emerged from the black Dagger, slowly transforming into an Lin's figure.

She frowned as well. She felt that it shouldn't be so easy, but the truth was right in front of her.

Swoosh! Swoosh!

She slowly pulled out the dagger, very slowly. The blood on Yunxiao's throat made a hissing sound as it gushed out, as if it were singing a low Elegy.

An Lin slowly closed her eyes as an expression of enjoyment appeared on her face. She then let out a few low groans in the wake of the wind.

Finally, the dagger was completely pulled out, and an Lin kicked Yunxiao in the butt, sending him flying to the ground and convulsing.

I'm so disappointed. If I had known earlier, I would have let that stupid pig come up.

She waved the dagger in her hand and put it away. Then, she shouted at the human, "I request to continue with the next match. This match is simply an insult to me!"

Everyone from the human race looked at each other, dumbfounded, and rubbed their eyes.

After rubbing their eyes several times, some even patted their heads and pinched their arms. They finally confirmed that what they saw was not a dream!

...

your sister's the number one rising star! She's screwed us over!

Everyone started to shout "wah wah" and glared angrily at mu Youyun and the blade sect's people. They were clearly reproaching them for randomly sending out people.

Chen Feng sat in the chair in a daze, staring at Yunxiao's twitching body in the distance. He could not believe it.

Suddenly, his pupils contracted violently. He jumped up from his seat and shouted, "All of you shut up! Quietly watch!" His eyes were filled with disbelief and his face turned pale. He couldn't believe what he was seeing!

"Ah?"

Fei Ni suddenly cried out in shock and covered her mouth in shock, revealing an extremely shocked expression.

In an instant, the entire arena fell silent. Everyone was dumbstruck.

“Ah?”

On the sea race’s side, Yun Wu and the fleshy-faced man also trembled, and their faces were filled with fear.

“How is this possible?! How is this possible?!”

Chen Fengyuan mumbled to himself in shock, “even I was fooled?! Everyone was fooled?!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!”

...

On the arena where the two of them were fighting, the place where an Lin had been standing was now Yunxiao’s. His face was still calm and composed, as if he had not moved an inch.

As for the body that was constantly twitching and struggling on the ground in the distance, it was an Lin!

The scene was so quiet that not even a ghost could be seen. Suddenly, a gust of wind blew, and everyone couldn’t help but shiver. They felt an incomparable chill surging up their hearts, and they rubbed their eyes desperately again. They couldn’t tell if it was real before or now.

Jiang Xiuzhen’s mouth was wide open, big enough to stuff a watermelon in. His eyes not only bulged like lanterns, but they were also about to burst.

He beat his head with all his might, trying to wake up from the illusion, but other than the severe pain, the whole world had not changed.

“How is it possible?”

An Lin was sprawled on the ground as she struggled to her feet. She clutched her throat with both hands, and her eyes were filled with horror.

'Isn't it good to live in an illusion?' Yunxiao said indifferently. To slowly die in what you think is a victory, what a happy defeat, why should you wake up?"

"Dead? Ha, ha ha!"

An Lin suddenly began to laugh, and blood gushed out of her throat with every laugh. However, she still couldn't stop laughing, and suddenly asked, "Do you believe that there's an immortal body in this world?"

Yunxiao frowned, and his eyes gleamed coldly as he said, "Immortal body?" His expression suddenly changed as he said in shock, "could it be that you are bi an?"

"Haha, that's right! I'm a member of the water flame race with an undying body. How can you possibly kill me?"

An Lin's expression instantly turned cold, and she began to laugh maniacally.

The hand that was holding her throat suddenly clenched, and her face twisted. She stuck out her long tongue, which was very scary.

However, his twisted face still revealed a sinister smile.

She let go of her hands, and her throat was like plasticine, directly pinched into the thickness of a chopstick. Suddenly, with a "bang", it bounced back to its original state, and there was no longer any wound on it!

"Hahaha! Any injuries on my body can be healed in an instant. No matter how powerful you are, you can't kill me, haha!"

An Lin laughed smugly, and the glint in her eyes grew colder and colder.

All the humans' expressions changed drastically, and their faces turned green. If they couldn't even kill him, how were they supposed to fight?

'Can't be killed?' Yunxiao asked. What if I split you in half?"

"Bah! Is it even possible to be split in half by you?" An Lin stuck out her tongue and angrily shouted.

"Let's try."

A cold light flickered in Yunxiao's hand, and the cold sword suddenly appeared in his hand, emitting an extremely cold aura that made people shudder.

An Lin's expression shifted drastically. She could also sense the sharp and cold intent emanating from the sword.

It appeared that the other party really wanted to split her in half, and she immediately flew into a rage and disappeared into the sky.

With a sneer, Yunxiao thrust his sword forward and said, "It's here."

"Bang!"

The sound of a water bubble bursting rang out in the air, and An Lin's figure appeared. She made a side-bend in mid-air and dodged the sword attack.

The sword was too sharp, and the laws of sharpness opened up, directly cutting open a large piece of her skin, revealing her bright red flesh.

Chapter 1256-shocking change

“Damn it!”

An Lin was incensed. She flipped her upper body backward and stomped her foot on the sword. A “ bang ” rang out, and the sword trembled along with the sky.

A large amount of cold air gushed out and swayed under the sunlight. A thin layer of ice formed on her right foot in an instant. A bone-chilling cold rose from the soles of her feet, and she gradually lost consciousness.

“Not good!”

An Lin was startled, and she twisted her waist to kick the sword away with her numb right foot.

He used the momentum to charge forward, and the five fingers of his left hand formed an incantation gesture and slapped out in the air.

A ray of blue light spread out from her palm, forming countless concentric circles that rippled down.

A black light flashed in his right hand and a dagger appeared. He threw it in the air and it turned into a long black blade. He slashed down.

The sea Race lacked alchemists and profound level weapons, so most of the profound level weapons were extremely simple. Many of them were this kind of black blade.

The two killing moves were very close to Yunxiao, and the ice sword had just been kicked away, so it was difficult for her to withdraw it. A cold and murderous look appeared in an Lin’s eyes.

Looking at her proud look, Yunxiao smiled indifferently as he put his left hand in front of him and performed an incantation gesture.

A ray of golden light rose from behind him and instantly transformed into a golden body with three heads and six arms. It was a solemn Dharma.

“What?”

Everyone was greatly shocked.

Yunxiao held the thousand-year tyrannical saber in one arm, and a very strong weapon sound rang out from the blade as the blade light flowed like water. a thousand-year snow, half a night is like a dream, suppressing the soul with a single strike!

An ancient sound came from the blade, stirring the space like grinding teeth. It was like water sparkling as it cut into the palm Power.

Clang! Clang! Clang!

As if he was sharpening a knife, the blade shook non-stop, and the power of the palm suddenly broke apart. Like a deflated leather ball, it exploded in all directions with a bang.

The other arm was swinging a hammer.

“Boom boom boom!”

Thunder rumbled in the sky, and golden Maha characters appeared on the hammer, flashing in the sky.

Suddenly, the lightning around the hammer expanded and rings of lightning stars appeared. One, two, three layers of dense mist stacked on top of each other.

The entire sky immediately turned green, and a huge Thunder Star Ring was embedded in the sky like a pendant.

Everyone was dumbfounded and their mouths were wide open in horror.

Under this Thunder area, everyone could only feel their bodies trembling. The Thunder field radiated out, and it was as if there was an infinite suction force that wanted to pull everyone up.

Moreover, most of the martial artists here were lightning cultivators. Under the influence of this field energy, they felt a strong sense of it. Their bodies constantly emitted lightning, and they were extremely shocked.

An Lin's face was also filled with horror, especially after the might of her palm strike was broken. Her entire aura was instantly dispersed by the saber projection.

Black blade was also directly suppressed within the Thunder Star ring's field, and it was difficult for him to advance any further.

She watched in horror as Yunxiao's hand, which had raised the hammer, finally smashed down. Her eyes were filled with horror.

The Golden ancient Maha character bloomed on the hammer again. Suddenly, the lightning in the sky began to shake, and the Rings of stars scattered in all directions.

"Bilipala!"

There was a constant stream of electricity flowing on the black blade. The entire body of the profound level weapon was almost electrocuted and began to turn silver.

"Not good!"

An Lin was completely flustered now, and she let loose a loud cry before shrinking into a thin bolt of lightning and fleeing into the distance.

"BOOM!"

Yunxiao's hammer finally came crashing down. A huge, pitch-black pit was blasted out of the sky, and the entire black blade was thrown into the void, its end unknown.

The ring of stars in the sky rippled like a giant rock thrown into water.

Countless lightning bolts churned, and a large number of lightning runes surged out from within. They then arranged themselves in a certain pattern under the hammer before blasting toward an Lin.

The entire sky was shattered, and the sea of lightning rolled and crushed everything!

The lightning movement technique was one of the fastest movement techniques in the world, but the vast Lightning Field that filled the sky greatly interfered with an Lin's lightning form. She only managed to travel a thousand feet in a few breaths, so she might as well fly.

"Boom boom boom!"

The power of Yunxiao's hammer finally crushed an Lin's Thunderbolt. She revealed her true form, her face filled with horror and her mouth wide open. But, the sky was filled with lightning and thunder, and her screams could not be heard clearly.

The sky and the earth were all covered in a sea of lightning.

Everyone's face was reflected in a light green color, and all of them revealed a look of shock. Although the ground was silent, everyone's heart was surging with waves that were difficult to suppress.

The Thunder Tiger and fire leopard's eyes flickered with killing intent. Even he, a peak nine-star, could feel the faint threat coming from Yunxiao.

If he didn't kill this kid today, there would be endless trouble in the future!

The waves of the sea of lightning lasted for the time it took to brew half a cup of tea before they slowly disappeared. The entire sky was already shattered and filled with holes. A terrifying astral wind blew from the void and swirled in the sky.

An Lin had already been completely charred black. Aside from the fear still flickering in her eyes, her entire body was smoking, and she finally fell headfirst.

“Bang!”

She fell to the ground in a daze, like a roasted animal, motionless.

Yunxiao had already withdrawn his divine power. He flashed down from the sky and said indifferently, “I wanted to cut you into a few pieces, but things didn’t go as I wished. Sigh, life is always not as you wish!” He shook his head and sighed.

Everyone in the hall was covered in cold sweat. No one dared to laugh or make a sound. He was still completely silent under the thunderstorm from before and did not come back to his senses for a long time.

“Pa!”

...

“Pa! Pa!”

Mu Youyun was the first to clap. He said with a smile, “Wonderful, wonderful! The number one of the younger generation, he is worthy of the title!”

Although he was praising with a smile, the fear in his eyes had not dissipated, and his face was a little dull.

A strange light flashed in feini’s eyes, but at the same time, there was an indescribable solemnness.

“Giggle giggle giggle.”

Suddenly, the sound of teeth chattering could be heard. Jiang Xiuzhen was so scared that he couldn't take it anymore, and his whole body was trembling.

Everyone's eyes were on him, and he hurriedly covered his mouth, trying to reduce his fear, but no matter what, he couldn't stop his two rows of teeth from trembling. In the end, he put his hand into his mouth, and the sound of his teeth chattering stopped. However, he looked extremely scared.

Mu Youfeng was extremely disdainful. He thought to himself, “this person is so weak. How did he manage to become an Attendant of the ten thousand treasures building? he's probably one of those who suck up to people.”

It was only at this moment that Chen Fengyuan came back to his senses. He sized Yunxiao up again, then stroked his beard and laughed, “Old dog Thunderfire, how's the situation? That little girl is still lying on the ground after being roasted. We didn't touch the scene. Don't shamelessly say it's a draw when the time comes.”

“Hmph!”

The Thunder Tiger Fire leopard's face was unusually ugly. “You win this round! You're up for the next round, leap sect!”

...

Now that Yunxiao had made a move, based on his observation, the shrewdness and strength of the leap sect made it difficult for them to find a worthy opponent.

Leap sect's expression flickered slightly as he gave Yunxiao a fearful look before he slowly walked up to him.

Mu Youyun's eyes narrowed as he looked to the sides. "The only experts on our side who can still fight are young master Hengyu and young master Feini. Who will be next?"

Feini's eyes flickered as she said, "I'll do it."

She lifted the rainbow feathers on her body, and heat waves spread out from her body as she walked forward.

Everything in its path was charred black.

Yunxiao's pupils constricted. The aura that came at him was indeed the bloodline of the Phoenix!

Feini walked past Yunxiao and gave him an almost imperceptible glance.

"Not good! That's Yingluo."

Suddenly, the Thunder Tiger and fire leopard let out a loud cry and looked into the distance. They saw a flash of green light in the sky above Seawood town, like a large green cloud floating over, getting brighter and brighter.

Yunxiao was taken aback as well. He withdrew his divine sense from Feini and looked into the distance.

Mu Youyun exclaimed, "The peerless second wood!" The peerless Yi wood is about to be born!"

Everyone's heart trembled violently. The heaven and earth phenomenon surging in the distance was definitely a sign of the birth of a rare treasure!

"Heaven and earth phenomenon, haha! I'm afraid that the capital Heaven essence locking formation can no longer lock the birth of the rare treasure!"

The Thunder Tiger and fire leopard laughed wildly. They turned into a huge ball of lightning and flew away.

“Not good!”

Chen Fengyuan’s expression changed drastically, becoming extremely unsightly, “ it must be because of Yunxiao’s shocking divine ability just now. The huge electric field energy generated by it must have ripened the rare treasure! The peerless yi wood must not fall into the hands of that old dog!”

With a flash, he transformed into a divine sword and gave chase.

Yunxiao also turned into a bolt of lightning and rushed straight toward Seawood town. His speed was so fast that he was almost catching up with Chen Fengyuan.

After him was leap sect. With a slight hesitation, he also flew away with a gust of wind.

Feini’s expression changed. She raised her arms and a shocking flame surged out of her body and shot into the sky.

Everyone’s expression changed drastically. They felt the unbearable heat, and their skin suddenly lost moisture and cracked.

Fei NI’s entire body melded into the flames and turned into a Phoenix. With a flap of its wings, it travelled a thousand miles in an instant.

“What’s there to compete for! Hurry up and go get the peerless second wood and the spirit lightning fruit!”

It was unknown who shouted, but everyone woke up one by one and rushed toward Seawood town in anger.

Over a hundred streaks of light soared into the sky, but they were already too far away from the few people before them.

Above Seawood town, the entire sky had turned into a strange green light. From time to time, lightning would flash and jump, and sometimes, a flash of lightning would burst down, shaking the ground and blasting deep pits.

The townspeople all looked up at the sky in horror, falling into great fear.

The crowd fled out of the city like ants, completely out of order.

A ball of lightning whizzed past in the sky, instantly transforming into a lightning Tiger and a fire leopard. Their eyes were filled with excitement as they looked down at Leylin's sea of lightning.

At this moment, Leylin's surroundings were filled with lightning. Layers of green smoke and lightning burst forth from within, and the entire Capital Heaven essence locking formation emitted a rainbow light, as if it could no longer suppress the energy within.

Two more beams of light flashed in the sky. Yunxiao and Chen Fengyuan arrived almost at the same time, both looking down at everything in horror.

Chapter 1257

1257 Cut the opening

"Haha, this power! Even I feel the same way about this power of lightning!"

The Thunder Tiger and fire leopard laughed wildly. One of its eyes turned into lightning and thunder while the other eye was burning. Its body emitted an unusually terrifying aura.

Yunxiao's expression was also extremely serious. At this moment, all the Thunder energy was suppressed below. If it broke through the array, it would cause an unimaginable explosion, and the entire Seawood town would vanish in an instant.

“Mr. Feng Yuan, can you dispel this formation?” Yunxiao asked worriedly.

Chen Fengyuan’s face was also filled with worry as he said, “Right now, Leylin could explode at any moment, and the method to remove the capital Heaven vitality sealing formation is extremely complicated.”

The meaning between the lines was very clear. It was too dangerous to remove the formation.

Now that the thunder and lightning were rolling below, if that shocking power was released, no one would be able to withstand it.

The green Thunderbolts were like clouds and mist, constantly floating out of the nine-colored Halo of the formation, like the smoke produced by a precious Jade under the sunlight.

The strange scene was unusually gorgeous. The sky was pale green, like a fairy tale world, but also like the end of the world.

“Don’t tell me we can only sit and wait for death?”

Yunxiao frowned. Although he could not bear to see Seawood town turn into ashes, he was not a Saint, and he would not agree to take the risk.

Chen Feng Yuan muttered, “we can only wait and see ..”

He raised his head and stared at the Thunder Tiger and fire leopard, his eyes flashing with killing intent.

The Thunder Tiger and fire leopard also raised their heads to look at him and said coldly, “Old ghost Feng Yuan, it seems like you want to court death!”

Chen Fengyuan’s expression was extremely dark. With the Thunder Tiger and fire leopard here, it would be too difficult to obtain the peerless second wood. However, the strength of his side was completely insufficient to drive him away.

thunder fire old dog, we agreed to use martial arts to decide the winner. Are you going to break your promise?!

“Haha, martial arts? Alright, it’ll take some time for the second wood to come into being anyway, so let’s continue.”

The lightning Tiger and fire leopard crossed their arms in front of their chest with a mocking expression.

In the distance, hundreds of rays of light came one after another, all looking down in shock.

“Not good!”

Many people’s expressions changed, and they flew down into the city to rescue their families and belongings.

With the addition of this group of martial artists, the city became even more chaotic. The experts were so angry that they began to kill.

Mu Youyun’s face darkened, and he said in a cold voice, “Second brother, third brother, you two lead a team to maintain order and clear the path in an orderly manner. Whoever violates the rules and kills at will, no matter who they are, they must be executed!”

“Yes!”

Mu Youfeng and mu youlang hurriedly acknowledged the order and left.

“Since we’re going to continue, let’s go back to our original location together,” Chen Fengyuan said coldly.

The Thunder Tiger Fire leopard laughed and said, “haha, back to where we started?” No, no, no, this place is good. I’ve heard that when a divine item appears, it’s a rare sight. I don’t want to miss it. ”

Chen Fengyuan's expression was extremely unsightly. Under the illumination of the green light, the atmosphere above Leylin became abnormally oppressive.

Everyone's palms were covered in sweat. The heavy atmosphere and the pulsing lightning made it difficult for them to breathe.

the energy sealing formation has already become a part of Leylin," Yunxiao suddenly said. if it's broken by lightning, it'll be no different from a martial artist's origin power self-detonation, and the peerless second wood might not be able to appear in the world in its complete form.

"What do you mean by that?" the Thunder Tiger Fire leopard asked.

I think we should work together and think of a way to resolve the immediate crisis," Yunxiao said. I think we need to work together.

"You want to borrow my power to save the ants in Seawood town, right?" the Thunder Tiger Fire leopard sneered.

Yunxiao smiled indifferently as he spread his hands and said helplessly, "Since you're so confident that the peerless second wood won't be damaged, then pretend I didn't say anything. Furthermore, whoever has the greatest chance of obtaining the exceptional second wood should be the one to worry about it. I was really being a busybody."

"Then what do you have to resolve this crisis?" the Thunder Tiger Fire leopard's face darkened. If I think it's feasible, I can give it a try."

Everyone's eyes were fixed on Yunxiao. The current situation was like an active volcano that could erupt at any time. Even peak nine-stars experts could not do anything about it, so what good plan could he have?

it's actually very simple," Yunxiao said. the current Leylin is like a huge balloon. We just have to cut a hole and slowly let out the air.

“Childish!”

The lightning Tiger and fire leopard sneered, “the entire formation is one with Leylin, how can we cut an opening?” Can you be sure that cutting it off won’t cause the entire balloon to explode?”

detonating the balloon is just the worst result, ” Yunxiao said. it’s the same as the balloon bursting itself. As for how to cut the opening, he turned his gaze to leap sect and said with a smile, “This Crown Prince should have a way.”

Leap sect’s face flickered, knowing that Yunxiao was referring to his pink crystal dust. “Impossible! Leylin is too dangerous right now. If I fail to cut through, I’ll be the first to bear the brunt and die without a burial! Would you do such a thing if you were me?”

of course not, ” Yunxiao said with a smile. of course not. But if you cut a hole, there’s still a chance of survival, but if you don’t cut it, you’ll die without a burial place. Will you do it?”

Leap sect was enraged and became extremely alert. He shouted coldly, “You want to kill me?”

Yunxiao chuckled and shook his head. no, no, no. I was just asking. he said.

He looked at the lightning Tiger and fire leopard with a faint smile and said, “ I’m afraid that Lord Lei Huo has been at the peak of nine-star for a long time. If he can absorb and refine the peerless second wood, the chances of him taking another step forward will increase greatly.

Everyone frowned. A peak nine-star took another step forward? What realm was that?

The Thunder Tiger and fire leopard trembled, as if Yunxiao had hit its soft spot. He turned his head and said in a gentle voice, “ Your Royal Highness, this is indeed a little dangerous, but the reward is also very generous. It’s worth the risk.”

Leap sect’s expression changed drastically, and he hurriedly dodged a few hundred meters away from the Thunder Tiger and fire leopard. He then said coldly, “Lord Lei Huo, are you trying to force me to die?”

“What do you mean by courting death?” the Thunder Tiger Fire leopard asked. Yunxiao was right. The power of thunder and lightning stored below was too terrifying, and if it exploded, it was very likely to hurt the peerless second wood. How about this, as long as Your Highness is willing to take the risk, all of these spirit lightning fruits will belong to Your Highness. How about it?”

Everyone’s expression changed drastically, and they were unable to restrain their anger.

Under the terrifying lightning, all the rootless trees had bloomed and borne fruit. There were at least a million of them, which was a shocking amount of wealth.

Many people were sneering in their hearts. At that time, there would be chaos. Whether it was the peerless second wood or the spirit Thunder fruit, they would all have to rely on themselves.

Only then did leap sect’s furious expression ease a little, but he still laughed coldly and said, “If I can obtain these one million spirit lightning fruits, I don’t mind taking the risk. But how can Lord Lei Huo guarantee that I will be able to obtain it?”

...

When the Thunder Tiger and fire leopard heard that he was willing to go down, they were overjoyed. After hearing this, they quickly said, “ with my peak nine-star power, I’ll kill anyone who dares to disobey me!

Chen Feng Yuan’s eyes shot out two rays of light, and he was just about to berate. But when he saw Yunxiao winking at him, he suppressed his anger.

At this moment, removing the accumulated lightning energy was his top priority. As for the distribution of the peerless second wood and spirit lightning fruits, he could only adapt to the situation.

Leap sect’s expression was extremely dark. The Thunder Tiger and fire leopard had already put it this way, and it seemed like they were getting more and more impatient. If he continued to shirk responsibility, he was afraid that he would not have a good ending.

He stared at Yunxiao resentfully and said in a cold voice, "Alright! I'll take a risk, but I have a condition, and that is that Li Yunxiao must go down with me!"

Everyone's eyes suddenly focused on Yunxiao, and they all had different expressions.

Yunxiao's pupils constricted, and he cursed the Leap Sect a hundred times in his heart. This was a naked revenge.

Yunxiao was the one who came up with this plan," said the Leap Sect smugly. How do I know he's not trying to trick me?" Only if he personally accompanied me down there would I be able to do things with peace of mind. Otherwise, there's no room for discussion."

"Mm, you're right!"

Li Yunxiao, all the humans in the city are in danger," the Thunder Tiger Fire Leopard said. It's up to you to save them.

Yunxiao's face was very gloomy. If the terrifying force below exploded, he was not sure if he could withstand it.

...

"Li Yunxiao."

Murong Hengyu called out to him, his face serious as he shook his head, indicating that he should not go down.

Lord Lei Huo," the Leap Sect said coldly. If Yunxiao doesn't want to go down, that's fine. As long as Lord Lei Huo wrings off his head, I'm still willing to take the risk."

This was already a naked venting of personal anger.

The Thunder Tiger Fire leopard's eyes brightened and he laughed evilly, "This is easy!"

He was going to kill Yunxiao in the first place, and now he had even more reason to attack. His aura soared as he walked toward Yunxiao.

Yunxiao thought for a moment, then looked up and said, "Alright, I'll go down with you!"

"Hmph! Kid, so you're afraid of death too. I thought you were not afraid of anything!"

The Thunder Tiger Fire leopard's eyes flashed with a hint of ridicule, but in his heart, he thought it was a pity.

"There's no time to lose, let's go."

Yunxiao glanced at the two, then turned into a beam of light and flew down.

Murong Hengyu's face was filled with anxiety as he stomped his foot.

Even feini's expression turned serious.

The rest of the people were expressionless and just looked on quietly.

"Then I'll be going down. I hope Lord Lei Huo doesn't forget his promise," Ruizong said.

The Thunder Tiger and fire leopard laughed. haha! I'm a man of my words. You can leave now!

Ruyi Zong nodded, then turned into a beam of light and chased after Yunxiao.

Soon, the two of them appeared in front of the formation of the capital Heaven essence locking formation.

At this moment, the formation had already revealed itself. Nine layers of multicolored light continuously spread out, and within them, there was also an extremely strong electric light.

li Yunxiao, " he said coldly. you want to harm me. How can I let you have your way? "

Chapter 1258-breaking the formation

you're overthinking it, " Yunxiao said. I really just want to remove the Thunder energy inside to avoid causing great damage. As for you losing my puppet, I will personally kill you."

"Hmph, don't make it sound so Grand!"

"If there's really a peerless yi wood, it's better for you to blow it up than for the Thunder Tiger and fire leopard to take it," Ruizong said sarcastically. He did not believe him at all. "You can't possibly still be fantasizing about getting it, right?" his expression changed.

since it's a peerless divine item, it has an owner, " Yunxiao said indifferently. you can't force it.

Leap sect was stunned for a moment before he snorted heavily and ignored him. Instead, he turned his gaze to the formation and said,"How confident do you think we'll be able to survive if we blow up an incision?"

what's the point of thinking about this now? " Yunxiao laughed. what's the point? " Just be as careful as you can."

"Hmph!"

Leap sect snorted in anger and blamed Yunxiao for everything.

Yunxiao stared at the array and said, "The pink crystal dust should cause the least damage if it's sent to the point where the formation meets Leylin."

"Alright!" Ruizong said.

It was impossible for Yunxiao to lie to him at this time. As soon as he grabbed a dragon's head bone in his hand, a large amount of pink dust flew up and mesmerized his eyes.

The pink dust flew toward the formation and disappeared into it in a flash.

The people in the sky all had extremely strong divine senses, so they could clearly see the situation below. They all revealed happy expressions.

But at the same time, he clenched his fists and was extremely vigilant.

Leap sect's face was also pale. He licked his dry lips and even became careful when he breathed.

After the pink crystal dust seeped into the array, it seemed to boil and tremble violently. It was like the dust in a cup, moving irregularly.

Leap sect's expression turned grave, and he formed a hand seal with his left hand.

The pink dust inside stopped moving and started to gather in one direction. A large amount of pink color gathered together and formed a fist-sized crystal ball. It was pink and transparent.

Yunxiao stared at the sphere, which was spinning under the light of the lightning. The crystal surface of the sphere looked like a dream, giving people an unreal feeling.

"Evil, wind, sharp, red centipede."

Leap sect began to chant in obscure dragon language, and the incantation seals in his hands changed with each chant. After a few chants, he finally stopped.

“Explode!”

The last word was uttered clearly, and Yunxiao heard it clearly.

As soon as he said that, he turned into a whirlwind and fled several hundred feet away. A large amount of pink dust shot out from the dragon’s head bone in his hand, condensing into layers of crystal walls that spread out one by one, forming layers of defense in front of him.

“Bang!”

As expected, the pink crystal ball in the formation exploded. It did not cause any visual impact, but the pink color suddenly disappeared, as if a part of the space had collapsed.

Soon after, black fragments shot out from the collapsed area. Each fragment continued to expand and devour all the spatial energy.

“BOOM!”

Finally, a fragment hit the array from the inside, and the corner of the array light immediately sank.

Immediately, a second and third piece of Kasaya appeared.

The whole process was completed in an instant. The moment the pink crystal ball disappeared, Yunxiao teleported away. At the same time, a large number of black demonic runes flew out of his body, which condensed into the devil Sky armor and covered his body.

A corner of the array finally cracked open, and a dark space spread out, rushing into the outside world and stretching out more than ten meters.

After that, the black space slowly shrank until it disappeared.

“It’s done?”

The hearts of the people in the sky thumped as they looked on nervously.

After a corner of the capital Heaven essence locking formation was broken, one could see the terrifying electric energy inside. From time to time, lightning would shoot out.

As Yunxiao was in control of the Thunder incantation, he could feel the horror of the power of Thunder. His face turned extremely unsightly as he said, “There’s a gap, but no lightning energy is leaking out. What’s going on?”

Behind several pink crystal walls, Ruizong also frowned in confusion.

It was like a dam bursting, but the flood did not flow out.

Yunxiao stared at the gap for a while, then a cold light flashed in his hand, and several sword beams shot out.

“What are you doing?”

Leap sect was shocked. He had just heaved a sigh of relief when his heart jumped into his throat again.

“Whoosh! Whoosh!”

The sword lights hacked onto the capital Heaven essence locking Grand array one after another, directly cutting the formation light into several pieces.

The incomplete formation crumbled in an instant, and the nine-colored light disappeared. Leylin’s entrance was wide open, revealing everything before everyone’s eyes.

As soon as the warriors in the Sky saw Yunxiao's attack, they turned around in horror and flew thousands of meters higher.

Only when he saw that the formation had completely disappeared, and the terrifying sea of lightning appeared, did he slowly descend.

Lightning flickered over the ocean in a radius of over 10000 mu, and countless rootless trees stood side by side.

Each tree bore a full fruit, which swayed under the lightning, as if they were very happy.

When everyone saw such a terrifying scene, they were all shocked beyond words.

A green cloud of lightning was still rising above Leylin, just like before. He did not lose much energy just because he had lost the shackles of the formation.

"It's all over Xuanji, all the unrooted green numbers have all been over Xuanji."

Mu Youyun looked around in a daze and said in shock, "even the tree that had picked fruits last year has borne fruits, and the quality is excellent.

...

Chen Fengyuan swallowed with difficulty, and said, "They're all top-grade fruits!"

Apart from Haitian town, which was still in chaos and a large number of people were fleeing, the hundreds of Warriors in front of Leylin's passage were all silent. They looked at the terrifying lightning energy in horror, their minds almost blank.

"Such a terrifying Lightning Field, even if it's all of you here, I don't think anyone would dare to enter, right?" Murong Hengyu said seriously.

“The key is that Leylin’s mightiness is too strong, and his divine sense is completely useless. How is he going to find the peerless second wood in an area of ten thousand mu?”

The Thunder Tiger Fire leopard’s expression flickered. it’s normal for such a phenomenon to occur when a divine item is born. Perhaps the time is not right yet. When the time is right, it will naturally be presented to everyone.”

“Then we’ll just wait here for the right time.” Run Wu was also extremely excited.

Although he couldn’t count on the peerless yi wood, the value of these million Supreme grade spirit lightning fruits was simply immeasurable.

The lightning Tiger Fire leopard’s expression suddenly changed and he shouted, “ Li Yunxiao, what are you doing? ”

Everyone’s hearts trembled as they saw a bolt of lightning Charge into Leylin’s body, disappearing in a flash.

“Damn it!”

The Thunder Tiger and fire leopard roared and turned into a flash of lightning to chase after him.

...

In order to obtain a peerless divine item, other than absolute strength, one also needed a great opportunity. He could not let others seize the opportunity.

“You’re indeed a disaster! I should have killed you first!”

As soon as the Thunder Tigers and fire leopards entered Leylin, they lost sight of Yunxiao. There were so many lightning bolts inside that his divine sense couldn’t sense anything.

The Thunder Tiger and fire leopard's entire body turned green. It was unknown whether it was because of anger or because of the lightning.

Green electric currents flowed on the surface of his skin like water, isolating Leylin from the lightning energy and preventing it from harming his body.

A few more figures rushed in. They were Chen Fengyuan and the others. None of them were willing to let the peerless second wood be taken away, and all of them held a trace of hope.

There were also some weaker ones who gritted their teeth and charged in, but in just a few breaths, they were directly blasted into pieces by the lightning, not even their bones remaining.

"Whoever dares to have improper thoughts will not be able to leave this place alive!" The Thunder Tiger Fire leopard said coldly.

Everyone's expression changed. Then, they scattered in all directions to search for their own opportunities. It was unknown if they had listened to him.

Murong Hengyu, on the other hand, was extremely calm. With a flash of golden light, a Golden Hammer appeared in his hand, while a wind bag appeared in his other hand. He began to knock on the spirit Thunder fruit.

RUO zongzi had also wanted to find that opportunity, but after seeing Murong Hengyu's actions, he thought for a moment and also took out a Golden Hammer to knock on the fruit.

There were indeed not many people who could remain calm in the face of temptation. Right now, Leylin had a large amount of top-grade spirit lightning fruits. If they could obtain them for a period of time, it would be enough for them to use for several years.

Yunxiao quickly ran through Leylin. Although his divine sense was completely useless, the power of his lunar pupil was still there, and he could see many things that others could not.

However, after running for a while, Leylin, who had almost run through a large area, did not find anything strange.

He stopped and carefully observed a tree.

The tree was also filled with endless lightning, and there was nothing else.

The energy of this Universal Electric field was very even, and there was no source at all. It was as if every tree was the source.

“How did this happen?”

Yunxiao was not the only one who had this question. At the same time, all the experts of the Thunder element were at a loss.

They had all used the same method, which was to feel the strength of Leylin’s electric potential. The flow of electric current would inevitably flow from a high electric potential to a low electric potential, and it could not be reversed without external force.

It was just like how water always flowed downwards.

To everyone’s surprise, the potential of each rootless tree was almost on the same level, with no difference in strength.

In other words, the source of the lightning was the millions of rootless trees!

it can’t be like this. There must be a problem!

The Thunder Tiger and fire leopard’s left eye flashed with lightning, which suddenly gathered into a ball of lightning and shot out from the pupil.

“Bang!”

The ball of lightning struck one of the rootless trees, and the tree was instantly split apart.

The huge trunk fell down, but in the dense lightning, the skin of the trunk and the leaves were overflowing with green light.

“Huala”

The Thunder Tiger Fire leopard’s pupils shrank and its mouth opened wide in horror.

The tree trunk exploded with green lightning energy, completely splitting the tree trunk apart. It turned into lightning and disappeared in the air.

Not only the trunk, but the lower half of the tree stump also spewed out green lightning. In the end, it disintegrated on its own, not a single leaf was left, not a single one was left!

Chapter 1259-ambush

At that moment, in front of Yunxiao was a rootless tree that had also been destroyed. It turned into powder in an instant, all of which returned to the green Thunderbolt.

not only are the spiritual lightning fruits fully ripe, even the rootless green tree has turned into pure lightning energy. What is going on? ”

Yunxiao was shocked. He had broken several green trees in a row, and all of them were the same.

could it be that the thing born here is the original element of the wood element? ” Yunxiao suddenly thought of a possibility, and his face changed drastically.

Everything was part of the five elements, and they were all derived from the mutual promotion and restraint of the five elements. Everything in the world was the effect of these five elements. Only the most original elemental force could turn Leylin’s vast area of land into pure energy.

Yunxiao closed his eyes slightly and began to sense the changes in the elements around him.

His attainments in Lightning God art were extremely high, so he quickly merged himself into this pure lightning energy and became a part of it.

The entire sky was filled with a jubilant mood. In addition to the pure energy, every Thunder Yuan was filled with joy, like water entering the sea, birds returning to their nest, it was like returning home.

To Yunxiao's surprise, after he fused with the Thunder element in this place, his divine sense was no longer hindered. Instead, with the help of the Thunder element, he could spread his divine sense in all directions more powerfully.

In an instant, Leylin's senses were spread across the entire area, and he could sense every minute change.

More and more people in Leylin's group had given up on the search for the exceptional second wood, and all of them began to earnestly strike the spirit lightning fruit.

Fina turned into a fire Phoenix and flew across more than half of Leylin's territory. After finding nothing, she transformed into her true form and muttered to herself for a while. Then, she took out a small golden sword and began to knock on the fruit.

Suddenly, her face darkened, and her entire chest turned into flames with a 'bang', opening up and revealing a hole.

A sharp bolt of lightning suddenly appeared, directly piercing through the hole and shooting into the distance. With a boom, it destroyed a large number of rootless trees.

The trees that had been cut down also turned into lightning, increasing the energy in the surroundings.

Feini's figure flashed and a ball of red flames rose into the air. She turned around and became alert. Her cold eyes stared at a dark green lightning area.

“Eh?”

A surprised voice came from the Thunder area.

Following that, countless lightning talismans flickered and rolled, slowly transforming into the form of a lightning Tiger and fire leopard. He stared at Fei Ni with a mocking expression. I’m very curious. Divine sense is completely unusable here. How did you detect my sneak attack? ”

After seeing who it was, feini’s expression changed and she said angrily, ” Lord Lei Huo, a peak nine-stars Martial Emperor expert, can actually use a sneak attack?!

a sneak attack is just a way to win, ” the Thunder Tiger Fire leopard laughed. what’s important is to win, not the means, right? ”

Feini cried out bitterly in her heart. She did not understand how she was targeted by this person. He even did something like a sneak attack. It seemed like he was going to kill her.

She shouted angrily, ”as a peak nine-star expert, don’t you have a proud heart of martial arts?” You’ll only be laughed at if you use unscrupulous means!”

“Hehe!”

The Thunder Tiger Fire leopard’s eyes turned cold and he laughed, ” “Unscrupulous means are the heart of this Lord’s martial Dao!”

In a flash, he appeared in front of feini with a ” bang ” and threw a punch at her.

The shadow of the fist was magnified several times, and his entire arm turned into a long bolt of lightning. It drew a large arc of lightning in the air and blasted away all the lightning energy in the surroundings.

“Bang!”

Although Fei Ni had already sensed it, under the opponent’s full-powered attack, she had no way of escaping. Her body was instantly shattered and turned into flames as she fell.

Before the flames landed on the ground, they scattered in the air with a “bang” and shot in all directions.

“Hmph! This little trick is so childish!”

The Thunder Tiger and fire leopard sneered, raised their hand, and clenched their fingers.

His entire fist was filled with the sound of thunder, and a ring of lightning burst out with a bang, which was very similar to Yunxiao’s Thunder Star Ring, but slightly different.

“BOOM!”

The speed at which the ring of lightning spread seemed to be teleportation, and it swallowed all the flames in an instant.

“Bang! Bang! Bang! Bang!”

The red flames that were scattered in all directions were extinguished. Only one that was escaping to the East was hit by the ring of lightning and transformed into Fei NI’s true body. It spat out a mouthful of blood on the spot.

The lightning Tiger Fire leopard snorted in disdain. His entire body flashed like lightning and appeared on Fei NI’s body. He extended his hand and grabbed her tender neck, lifting her up.

“Cough, cough cough!”

Feini coughed violently, spitting out large mouthfuls of blood with each cough. The blood was immediately dispersed by the strong lightning energy in the surroundings, and not a single trace of blood could be seen.

“Tsk, tsk, aren’t you good at hiding and running?” The Thunder Tiger Fire leopard’s eyes flashed with ridicule as it licked its lips and laughed.

Feini’s face was extremely pale, and fear flashed in her eyes. why do you want to kill me? ”

“Hehe, why?”

The Thunder Tiger Fire leopard sneered and said, “this Lord is a dual cultivator of Thunder and fire. Who asked you to have the Phoenix body?” As long as I can obtain the wood element origin source here, in addition to your Phoenix Fire, I’ll have more confidence in breaking through the inherent realm! Tsk, tsk, using your puny life to increase this Lord’s chances of entering divine transcendence, your life is worth it!”

Feini groaned in her heart. She had also guessed that this was the case, but she was not willing to die like this, let alone become someone else’s sacrifice. She immediately shouted, “ if you kill me, the long family of Sky Ridge will never let you go. You can just wait for your family to be exterminated!

“Hmph!”

The Thunder Tiger Fire leopard snorted and sneered, “ as long as I break through to divine transcendence, I don’t know who won’t let go of who. Maybe there’s a bloodline in your long family that I’m interested in. I might have to go there.

He clenched his fist and his fingers dug into her tender neck.

With a loud “ bang “, Fei NI’s entire body turned into a fire Phoenix as she struggled with all her might.

tsk, tsk. The more you show the power of fire energy, the more excited I am. Haha!

The Thunder Tiger Fire leopard's eyes flashed with excitement and its mouth was wide open.

Its entire head transformed into a terrifying beast's form, similar to a Tiger or leopard. It was grayish-black in color, and there were green spots on its face. It opened its eyes and bared its fangs. After letting out a loud roar, it suddenly inhaled!

The fire Phoenix immediately flew into its mouth, as if it was going to swallow it whole.

...

Not far away from the Thunder Tiger and fire leopard, next to a big tree, Yunxiao's face gradually appeared. He narrowed his eyes and frowned, considering if he should make a move.

If the Thunder Tiger and fire leopard didn't die, they would indeed be a great enemy for snatching the wood origin. However, he was no match for the other party with his strength. More importantly, he could clearly sense that there was another person hiding in the dark.

"Kill!"

Suddenly, a sharp shout rang out. The person in the dark suddenly made a move.

A bright sword Qi suddenly appeared from behind a big tree, directly splitting the big tree into pieces, and came across the sky.

The lightning that filled the sky suddenly paled in comparison to the sword. A sword path suddenly appeared in the sea of lightning, pointing directly at the lightning Tiger and fire leopard!

"Hmph! Is he finally out?"

The lightning Tiger and fire leopard seemed to have sensed it long ago, and their expressions darkened as they threw a punch in the direction of the sword Qi without even turning their heads.

Thunder light gathered on the tip of his fist, and countless Thunder patterns rolled out, forming tens of thousands of rays of light that met the sword energy!

“Boom boom boom!”

As the two forces collided, a terrifying vortex appeared and scattered in all directions. Leylin was being destroyed on a large scale, and countless top-grade spirit lightning fruits also disappeared.

...

“Swish!”

A shrill cry came from the fire Phoenix’s mouth. It struggled to open its mouth and spit out a cluster of bright red flames. It was only the size of a thumb and fell on the hands of the Thunder Tiger Fire leopard.

“?!”

The Thunder Tiger Fire leopard immediately cried out in pain and hurriedly let go. The fire Phoenix immediately flashed in the air and fled more than ten meters away. Then, it spread its wings and flew into the sky, trying to escape.

The Thunder Tiger Fire leopard looked down at his arm. A palm-sized burn mark had appeared, and he could clearly feel that his entire forearm was almost fully cooked!

“Damn it!”

The Thunder Tiger and fire leopard were shocked and angry. In their shouts, there was anger and a trace of joy, “ you want to leave? stop dreaming! The origin of wood and your divine Phoenix Fire are things I must obtain today!”

With a flash, he turned into a bolt of lightning and grabbed at the fire Phoenix.

Chen Feng Yuan's furious voice could be heard from behind, " old dog, you actually dare to ignore my existence!

A huge sword-shaped object shot out and slashed at the Thunder Tiger and fire leopard!

The entire land and sea domain that Leylin was in was split apart by this sword, extending into the distance.

The Thunder Tiger and fire leopard frowned and drew a circle in the air with their right hand. Bolts of lightning spun out and danced in the air like ribbons, binding the fire Phoenix in an instant.

At the same time, he clenched his left hand, and his entire arm became several times thicker. His skin turned red, and a large number of fire runes floated out, burning with a "hu hu."

His entire left arm turned into a flaming arm in an instant, and he threw a Flaming Fist at Chen Feng.

"Bang!"

The sword struck the fire Fist, and tens of thousands of rays of light shot out. In the sea of green lightning, the White sword light and the red fire power intertwined and rushed into the sky!

Chen Fengyuan's face was filled with anger. His shining sword pressed down on the fire Fist, and the two forces were in a stalemate.

The Thunder Tiger and fire leopard's face turned pale. The sword attack just now had shaken his qi and blood, and he almost spat out a mouthful of blood, but he suppressed it.

The Thunder Tiger and fire leopard glared at him angrily, and their eyebrows furrowed. The green and red colors on their faces flickered continuously. Do you really want me to kill you?"

Chen Fengyuan's expression was cold as he said ferociously, "Hehe, kill me? You do have the ability to kill me, but you'll have to sacrifice 8000 of your own. I'd like to see how you're going to obtain the peerless second wood and the Phoenix Fire!"

The lightning Tiger and fire leopard were both shocked and furious. Chen Fengyuan was right. Even if they could kill him, they would have to pay a huge price!

All of a sudden, the green space around them darkened, and all the flashing lightning slowed down. An extremely sharp sword light streaked across the sky, shattering all the lightning!

Chapter 1260-enraged

"What?"

The lightning Tiger and fire leopard were shocked. Although the sword light was not as powerful as Chen Fengyuan's, it still made them feel a sense of danger.

At this moment, he was trapping feini with one hand and using the other to suppress Chen Fengyuan's sword. He had no time to waste.

A large amount of electricity gushed out of his face, and his ferocious head turned back. Rings of lightning surged around his neck, and he turned 180 degrees. His entire face was facing backward, and he opened his mouth to spit out a bolt of lightning!

"Bang!"

The lightning struck the sword light, causing white light to shoot out in all directions. The surrounding trees had long been destroyed.

A figure flashed in the air and arrived in front of the Thunder Tiger Fire leopard almost instantaneously. His hands quickly formed a seal, and golden light shone.

A dazzling golden seal appeared in the air, and a large amount of lightning appeared in the surroundings. All kinds of complicated runes were mixed together, making it difficult to recognize.

“Let’s see how many more mouths you can still have!”

The figure sneered and pushed his hands forward. The Thunder-colored golden seal directly pressed down on the chest of the Thunder Tiger Fire leopard!

“I’m angry, damn it!”

The Thunder Tiger and fire leopard roared again and again. It was too late to turn its head, so it lifted its leg and kicked in the air.

His leg was as fast as lightning, and with a flash of lightning, he kicked the man.

That person’s body turned into a green lightning in an instant, and his entire foot shadow directly kicked in. The power of that kick even penetrated through, turning into a bolt of lightning that shot into the sky.

At this moment, the golden seal had already hit his chest!

“Bang!”

The golden seal shattered in an instant, turning into countless runes that rushed into the Thunder Tiger and fire leopard’s body. The lightning around the seal crackled on his chest like countless earthworms crawling in all directions.

“Hmph!”

The Thunder Tiger and fire leopard groaned. Finally, a mouthful of blood rushed up to its throat, and its mouth was full of a faint salty taste.

He let out a furious roar and retracted the might in his hands. His Fire Fist even shook off Chen Fengyuan’s sword force before he transformed into a bolt of lightning and escaped tens of meters away.

The fire Phoenix finally broke free. It circled in the air but did not escape. Instead, it flew down and transformed into a human figure. It said gratefully, " thank you, li Yunxiao.

Feini's face was unusually pale and her eyes were filled with fear.

"You're too polite."

Yunxiao said in a serious voice, but his eyes were fixed ahead, and he was extremely vigilant.

Although he had transformed into a Thunderbolt and neutralized the power of the Thunder Tiger and fire leopard's kick, he was also greatly affected. At this moment, the qi and blood in his body were tumbling. If it were not for his strong body, an ordinary seven-stars martial sovereign would have been turned into ashes by that kick.

Chen Fengyuan also gave Yunxiao a surprised look, as if he did not understand his strength.

Even though Yunxiao had easily defeated an Lin before, he did not think that he could withstand the power of a kick from a peak nine-stars Martial Emperor without changing his expression.

Fei Ni also looked at the Thunder Tiger and fire leopard. The fear in her eyes slowly disappeared and was replaced by boundless anger and coldness. She gritted her teeth and said, " "This old thief really deserves to die!"

Although she was extremely powerful, as the young master of the long family, she had not experienced any life-and-death battles. She had almost lost her life just now and was scared out of her wits.

At this moment, he seemed to have found a sense of security beside Chen Fengyuan and Yunxiao, and his mind slowly calmed down.

The Thunder Tiger and fire leopard circulated their Qi to adjust their breathing, then immediately returned to normal. They stared at Yunxiao with fierce eyes and said, " you are indeed a disaster! I should have killed you first!

Although Yunxiao was extremely vigilant, he still looked carefree as he snorted and said, "do you think you're in the ten directions divine realm?"

"Haha, that's right!"

Chen Feng Yuan laughed heartily, "This old man will tie you down even if I have to risk my life! The peerless yi wood and the Phoenix Fire, don't even think about taking any of them!"

The lightning Tiger Fire leopard's face turned ashen with anger and he looked around with worry in his eyes.

After exchanging a few blows, a vacuum of several thousand feet appeared in the surroundings, and all the rootless trees were destroyed. If he really went all out, even these 10000 mu of land would not be able to withstand a single blow.

old man, do you dare to fight me in the sky?!

The eyes of the Thunder Tiger and fire leopard turned cold, and they were determined to kill. If he did not get rid of Chen Fengyuan, the biggest obstacle in his way, there would not be any results today. He was extremely regretful that he did not risk his life to kill Chen Fengyuan in the battle yesterday.

Chen Fengyuan's heart moved slightly, he started to hesitate.

If they were to fight in the sky, the three of them would not be a match for the lightning Tiger and fire leopard even if they joined forces. However, if they were to fight here, he did not want Leylin to be destroyed.

Yunxiao's lips moved slightly as he sent a voice transmission, "We can fight. We'll mainly deal with the delay and wait for the birth of the peerless yi wood. We have more people, so we have the initiative advantage."

Chen Fengyuan's eyes lit up, and he sneered at the lightning Tiger and fire leopard, "Alright, as you wish!"

The three of them looked at each other and flew into the air.

The Thunder Tiger and fire leopard's faces were gloomy. They stomped their feet and turned into a ball of lightning that shot into the sky. This matter concerned the origin of wood and the Phoenix Fire, so these people in front of him had to be killed quickly!

High up in the sky, the four of them faced each other in a fierce wind.

The Thunder Tiger and fire leopard's eyes flashed with lightning. It grabbed the air with its big hand, and a bolt of lightning appeared in its hand. It was about to attack.

wait! Yunxiao suddenly stopped him. wait!

"What? are you scared?" the Thunder Tiger Fire leopard asked coldly.

Yunxiao laughed and said, "I'm not afraid. It's just that our two races have been friends for generations, so why should we fight to the death? why don't we sit down and have a cup of tea? let's have a good talk.

Chen Fengyuan and Fei Ni almost spat out blood. Their faces were filled with black lines.

"Do you think I'll be fooled by such a small trick to stall for time?" the Thunder Tiger Fire leopard said coldly.

as long as I can, " Yunxiao said with a smile. I'll try.

"Damn it!"

...

The Thunder Tiger and fire leopard gave a furious roar as they threw the lightning Spear in their hands at Yunxiao. For some reason, when he saw Yunxiao's frivolous face, he wanted to tear him to pieces!

The lightning Spear flashed in the air and pierced through layers of space with a crack. Yunxiao's body trembled under the pressure, and then it was pierced through, turning into rays of light and dissipating.

At the same time, a few feet to the left, the space shook, and Yunxiao's true body appeared with that hateful smile on his face.

Chen Fengyuan and Fei Ni were both shocked. To be able to cast illusionary techniques under the pressure of a peak nine-star lightning Tiger and fire leopard, this person's illusionary divine arts had already reached the peak.

The Thunder Tiger and fire leopard's face was very gloomy, but when they saw Yunxiao's confident smile, they felt even more stifled.

"Let's see how many moves you can Dodge!"

He grabbed with both hands, and countless dense lightning patterns surged out. They combined in front of him and turned into a fan-like lightning.

"Ha!"

With a furious roar, the fan-shaped lightning suddenly trembled. Like a bolt of lightning on a clear day, it turned into a half-moon shaped Thunder Yuan and slashed out!

The moon-shaped lightning bolt expanded to over a thousand feet in size, and like a flat surface, it directly cut open the space!

"Careful!" Chen Fengyuan's face darkened.

...

This Thunder Yuan cut enveloped all three of them, and he was no exception. He immediately raised the sword in his hand, and clear waves spread out like the silent Cold Moon, quietly appearing.

A water-like sword radiance surged in the air and met the lightning Crescent.

“Bang Bang!”

The two powers exploded. Chen Fengyuan was slightly weaker, and the Azure lightning immediately devoured the aquatic sword Qi before exploding in the sky. The lightning did not scatter, and it turned into a dense Azure net that descended.

Each of the lightning threads on the green net was like a steel needle, extremely sharp!

“Hmph!”

Chen Fengyuan’s face darkened, as if he was extremely displeased with the outcome of his attack, and he furiously stabbed his sword in the back.

“Swish!”

With a flash of sword light, the entire Azure net was torn in half, but it still didn’t disappear. Instead, it fell toward the other two.

Yunxiao’s expression remained unchanged. The Thunder net of this level no longer had much power. He turned into a Thunderbolt and flashed through the net.

Only a few arcs of lightning were produced on the lightning net, and he was completely unharmed.

Fei Ni's expression changed. She raised her hands and countless feathers floated out. They gathered in front of her and turned into a Red Feather fan. She swung it down.

"Huu!"

A nameless divine flame shot out and charged toward the green net.

"BOOM!"

The moment the green lightning net came into contact with the flames, a huge hole was instantly burned through it and it fell to the side of Fei Ni.

"Hmph!"

The Thunder Tiger and fire leopard snorted coldly. It seemed that it had expected its attack to be ineffective. Its left hand formed a seal, and its right hand suddenly grabbed at the void. With a "boom", it was as if the sky had been shattered.

A ray of golden light flashed in his hand and turned into a ten-meter-long Vajra pestle. There were all kinds of beast heads engraved on it, and it looked ferocious.

As soon as the pestle appeared, lightning surged and continuously shot out from it. The entire sky was illuminated, forming a plane with Leylin's sea of lightning below, reflecting each other.

The four people's exchange of blows alarmed everyone below.

Chen Feng, his wife, Murong Hengyu, and the others did not bother to pick the fruits, and immediately rushed into the sky.

Mu Youyun's expression also changed greatly. He suddenly took a deep breath and shouted, "everyone, listen to my order. Kill all the sea tribe members!"

A wave of sound waves spread out, striking Leylin and spreading in all directions.

Only RUO Wu, the fleshy-faced man, and the ten great guards of the sea Race were left. Their expressions changed drastically when they heard the voice, and they became extremely vigilant.

The Thunder Tiger and fire leopard in the sky also heard the sound and snorted coldly. They didn't seem to care. They just turned the Vajra scepter in their hands, and a vast Thunder Power gushed out and slowly condensed above him.

Countless Thunder runes flew around crazily and were all sucked into the thunderclouds above. Lightning flashed and Thunder rumbled inside, making it look like a Thunder hell. Countless beast shadows could be vaguely seen running inside.

Yunxiao's face flickered as he said in a deep voice, "Not good! Mr. Feng Yuan, quickly interrupt his move!"

Chen Fengyuan was also shocked. He had not seen his opponent use such an extremely time-consuming move in the previous duels. A bad feeling welled up in his heart, and even without Yunxiao's reminder, he could not sit still!

Rays of sword light flashed around him, and his entire person turned into countless afterimages. Every sword thrust was condensed and did not dissipate. In an instant, the sky was filled with seemingly chaotic sword Qi.
