

The Eternal 1261

Chapter 1261-Thunder World

Yunxiao's face was also extremely solemn as he shouted, "Attack together! We can't let him complete this move!"

The heavenly eye between his eyebrows suddenly opened, and the divine realm tablet turned into a stream of light and shot out. Countless Maha ancient characters flew out from it and surrounded the tablet.

Yunxiao quickly performed incantation gestures with both hands, and one ancient Maha character after another condensed in his hands and shot into the divine realm tablet. Each character shook the world and turned into a beam of light that surrounded the tablet.

"What kind of profound level weapon is that?"

Everyone was taken aback. Their attention, which had been focused on the Thunder Tiger, fire leopard, and Chen Fengyuan, was immediately drawn to Yunxiao.

The Thunder Tigers and fire leopards also furrowed their brows, revealing a serious and fierce expression.

The veins on Yunxiao's forehead bulged as he shouted, "Look at your sister! Hurry up and attack!"

Everyone's body trembled as they came back to their senses.

Fei Ni turned in the air and formed a series of seals with her left hand. The seals were sent into the red Feather fan and the entire fan started to flash with spiritual light.

Then, she let out a soft cry. Her red lips opened slightly and she spat out a mouthful of red flames, blowing on the feather fan.

The feathers seemed to have been set ablaze all of a sudden, like a Peacock spreading its tail. Each and every one of them was extremely beautiful and full of spiritual energy.

Fei Ni grabbed the feather fan and a cold glint flashed in her eyes as she swung it down with all her might!

“Swish!”

A bird’s cry sounded in the sky, and it suddenly turned into a red fire Phoenix, which illuminated half of the sky red, and burned toward the Thunder Tiger and fire leopard like a Red Cloud.

Chen Feng and Liang Yuyi looked at each other. Their hearts were instantly connected.

A purple sword rose into the air and instantly transformed into a huge snake. It flicked its tongue with a ferocious expression.

One of them also had a sword momentum in the air, like ten suns in the sky.

Liang Yuyi’s face darkened and she shouted. She guided the long sword in her hand and the ten suns immediately began to spin around the long snake. They suddenly merged into one.

Chen Feng’s eyes narrowed, and he formed a strange seal with his hands. It was as if he had used all of his strength to strike out!

“The might of the heavens, one sword to punish the heavens!”

The seal landed on the purple snake, and the snake transformed into a flood Dragon, and the flood Dragon transformed into a Dragon. They combined with the blazing sun and blasted forward like a Green Dragon spitting out a Pearl!

Murong Hengyu’s face was ice cold, but his body was emitting a cold light. His entire person was like a long sword, ready to be unsheathed at any time to kill.

“Tsk, tsk, so many people joining hands, what kind of skill is that! I’ll deal with you!”

Suddenly, a cold voice rang out. With a flash of light, the sea race’s meat-faced man suddenly appeared in front of Murong Hengyu. He raised his fists and punched out.

“You’re looking for death!” Murong Hengyu angrily shouted.

His figure moved slightly. He didn’t make a move, but a sword light shot out and went straight for the other’s head.

The flesh-faced man’s expression changed. He turned his fist into a claw and directly grabbed at the sword ray!

“BOOM!”

The sword Qi directly exploded in his palm. A trace of ruthlessness flashed in his eyes as he rushed forward. The two of them were soon entangled in a battle.

At this moment, Chen Fengyuan’s sword aura was at its peak. The space within a hundred feet was filled with his sword light and countless afterimages.

Everything seemed to have stopped at this moment.

The Thunder Tiger Fire leopard’s pupils shrank, and its body could not help but tremble.

Even though the fire Phoenix, purple dragon, and scorching sun were all extremely powerful, he did not really care about them. Right now, lightning and fire flickered in his eyes as his entire mind was focused on Chen Fengyuan’s sword attack.

“A sword from the West, flying immortal beyond the heavens!”

A distant voice rang out as Chen Fengyuan's body moved slightly.

Suddenly, the afterimages and sword Qi that filled the sky gathered together and turned into a person. With a sword, he slashed out in the air!

"Swish!"

The entire time and space seemed to have come to a standstill, and all sounds were dead. There was only one sound left in everyone's ears, and that was the sound of the sword.

At the same time, Yunxiao threw out the divine realm tablet. A magnificent and immortal tablet disappeared from where it was, and in the next moment, it appeared in front of the Thunder Tiger and fire leopard, shining with a golden light as it pressed down!

The combined attack of the four of them was enough to collapse the universe and shatter the void!

The lightning Tiger and fire leopard's expression finally changed. Their eyes burst with anger and determination. They turned the Vajra in their hands and shouted, "Thunder World!"

"BOOM!"

As he shouted, the entire sky trembled violently.

Thousands of lightning bolts surged out of his body, and his skin was covered in circles of green patterns. There were also a large number of runes that flew out continuously, making him look like a god of Thunder.

The thunderclouds above his head suddenly became 1000 feet wide, as if a singularity had suddenly exploded in the chaotic universe. It also seemed like a world had appeared, bursting the original space!

"Boom boom boom!"

The space trembled continuously, and the entire green thundercloud grew exponentially, as if it was going to replace the original world!

“Bang!”

The fire Phoenix was the first to collide with the green thundercloud. It burst into flames and flapped its wings continuously. However, in just an instant, it let out a sad cry. The Phoenix’s form was completely shattered and it turned into a ball of flames. It was crushed by the Thunder World and finally annihilated.

Feini’s expression changed and fear flashed across his eyes. He kept his Red Feather fan and retreated a few hundred meters away.

After that, Chen Feng and his wife’s heaven’s wrath sword aura also trembled violently under the bombardment of the Thunder World.

The purple dragon chasing the sun phenomenon was crushed by the Thunder clouds. The light on its body kept on shattering and the entire phenomenon was directly absorbed into the green world. It rolled and struggled in an attempt to break out of the Thunder World. However, it was like an ant trying to shake a tree. It was overestimating its own ability.

“BOOM!”

...

The expanding lightning boundary finally came into contact with Chen Fengyuan’s sword strike. The entire barrier trembled violently, and the terrifying rate of expansion was immediately suppressed!

Chen Fengyuan’s entire face was flushed red as he channeled all of his energy into this attack. The sword in his hand was also activated to its maximum, and a powerful weapon cry rang out continuously.

However, although the sword aura was strong and was able to split open a world on its own to resist the expansion of the Thunder World, it could not last long and gradually began to tremble.

The Thunder Tiger Fire leopard's face darkened and he snorted, "Old man, today is the day you die!" He cast a spell with his left hand into the Vajra scepter and shouted, "Thunder World-final move!"

"Bang!"

With a loud sound, Chen Fengyuan's sword attack was finally unable to withstand it, and it suddenly shattered, the sword Qi continuously dissipating!

"Pfft!"

Chen Fengyuan spat out a mouthful of blood, his eyes bulging as he roared, "Dammit! I'm going to kill you, you old dog!"

A large number of sword talismans surged out from his body and formed a huge golden sword Ring behind him. The sword in his hand spread out and once again, a sword radiance was released to resist the power of the Thunder World!

The two forces were evenly matched in the air, and a terrifying spirit pressure spread out, like dense cracks spreading in all directions.

However, when he looked at it, the sky was already green. Although the sword power was strong, it was already surrounded by enemies!

...

Just as Chen Fengyuan was about to give up, a streak of light suddenly appeared in the green world. It turned into an immortal monument and fell directly on the Thunder Tiger and fire leopard!

"What?"

The Thunder Tiger and fire leopard were taken aback. The attacks of the other three people had been shattered or blocked by the power of the Thunder World, but they did not notice the profound level weapon Yunxiao had thrown out, and it had somehow appeared in the inner realm.

At this moment, the divine realm tablet's flowing light rotated, and Maha ancient characters appeared continuously. Moreover, circles of golden light surrounded it, like a majestic monument. It descended from the sky, and the space began to change under the suppressing power.

The Thunder Tigers and fire leopards felt the power of the mountains, and their expressions changed drastically!

At this moment, all of his energy was focused on maintaining the power of the Thunder World, suppressing Chen Fengyuan's sword force with all his might. How could he be distracted?

damned little bastard!!

He roared in anger and pulled his left hand back from the Vajra scepter. He formed a fiery fist in the air, which burned more and more fiercely, and suddenly punched out!

“Bang!”

A huge ball of flame hit the golden light around the divine realm tablet, but it dispersed with a loud bang, and all the flames disappeared!

“What?”

The Thunder Tiger and fire leopard were shocked. Their eyes opened in anger and disbelief.

However, there was no time for him to think too much. The divine realm tablet was not affected by the power of the Thunder World at all. With the power of a mountain, it fell down with a loud bang.

Chen Fengyuan also revealed a look of surprise as he shouted, "Well done!" The momentum of the sword in his hand increased as he pressed forward with all his might.

His beard fluttered wildly on his face due to the spirit pressure, and he looked extremely miserable. However, his eyes were wide open with anger, and a large number of sword talismans flew out from his body.

"Damn it!"

The lightning Tiger and fire leopard were hit by the impact. Their internal organs were injured and they spat out blood.

He was so angry that his hair was standing on his head. He roared repeatedly, and his entire arm burned red like lava. With a loud roar, he threw another punch!

"Bang!"

The tip of the fist hit the divine realm tablet directly. The green Thunder World seemed to collapse, and the green space around the tablet was broken into pieces!

A large number of sparks burst out from the fists of the Thunder Tiger and fire leopard. The Golden rings on the divine realm tablet were pressed down one by one, making an ear-piercing sound of metal friction.

"Ha!"

The Thunder Tiger and fire leopard's eyes were about to pop out of their sockets. With a loud roar, their entire upper body transformed again. Their bodies expanded like balloons, and brown hair grew on their chests. Their fist momentum increased a bit more, and the temperature of the flames suddenly increased!

"Bang! Bang! Bang! Bang! Bang! Bang!"

The Golden rings on the divine realm tablet crumbled one by one, and the light instantly dimmed.

Yunxiao's face flickered, and he hurriedly made a grabbing gesture in the air. The divine realm tablet immediately rushed up and flew back.

He was afraid that his opponent's punch would be too powerful and break through the realm power directly, blasting the boundless lava into the divine realm tablet. It would be a disaster for the world inside.

"Pfft!"

Although the Thunder Tiger and fire leopard had sent the divine realm tablet flying, Chen Fengyuan's sword force continued to rush back through the Thunder World, worsening his injuries and causing him to spit out another large mouthful of blood.

"Bang!"

Outside the Thunder World, Chen Fengyuan also spat out a mouthful of blood. The sword in his hand finally dispersed, and the golden sword Ring behind him lost its light and shattered with a "bang."

After he spat out a mouthful of blood, he was also sucked into the lightning barrier. His entire aura instantly withered, and he appeared to have aged.

The expansion of the Thunder World had lost the last and strongest obstacle. In an instant, it had covered a thousand miles and the entire sky was completely enveloped. The sky was green and it was filled with Rolling thunder and lightning!

Chapter 1262-void beast

The people below were all shocked. At this moment, the sky was a dense green, and nothing could be seen.

His divine sense swept up, but it was quickly blocked by an invisible force, completely unable to probe in.

However, the lightning and heavenly might that flashed from time to time within the blue Luan made everyone tremble.

“You dare to be distracted in a battle with me? You’re courting death!”

The fleshy-faced man’s expression turned cold. Seeing Murong Hengyu’s absent-minded appearance, he suddenly flew into a rage. His fists clattered in the air, and in an instant, the sky was filled with fist shadows, causing the air to explode continuously!

“BOOM! BOOM! BOOM! BOOM!”

Half of Murong Hengyu’s thoughts were focused on the battle in the sky. At this moment, the Thunder World was completely open and he had completely lost all information. He was immediately upset.

He was careless and was hit by the man’s punches. A silver light shot out of his body and turned into a thin battle suit. It was covered with all kinds of formation patterns, blocking most of the punches.

“Bang! Bang! Bang! Bang!”

The silver armor was dented a few times, and the Qi flowed on the surface of the armor like water, most of which was removed. However, a portion of it still passed through and struck his chest!

“Pfft!”

Murong Hengyu was forced to retreat more than ten steps. The qi and blood in his body were in turmoil, and he finally spat out a mouthful of blood.

“Hehe! This is the consequence of looking down on me!”

The fleshy-faced man laughed smugly. He also raised his head to look at the Azure space above him, as if he didn’t care.

After all, this was a lightning barrier released by the Thunder Tiger and fire leopard. To him, the stronger it was, the better it was.

Suddenly, he was startled, and a chill came from the bottom of his heart. Although he couldn't say why, it was a martial artist's intuition that indicated that a great danger was coming.

The flesh-faced man's body trembled as he looked in front of him in shock.

Murong Hengyu, who had been punched to the point of spitting blood, slowly raised his head. His originally handsome face was now covered in cracks, as if he had been cut by a sharp weapon.

It wasn't just his face, his neck, his hands, any part of his skin that was exposed started to crack open, and Scarlet blood was slowly flowing out from the cracks!

"You coward!"

The fleshy-faced man was shocked. Suddenly, an extremely sharp beam of light shot over. He hurriedly raised his fist to meet it!

However, he was shocked to find that the sharp light was not an attack, but a pair of eyes filled with murderous intent!

"?!"

The flesh-faced man was terrified, and immediately turned around to escape into Leylin's group, his escape extremely Swift.

"Hmph!"

Murong Hengyu coldly snorted, his eyes filled with killing intent as he swept the area below. His figure flashed in the air, and he appeared in Leylin's group, chasing after the man with the fleshy face.

Meanwhile, in Leylin's other empty area, a fierce battle had also begun.

The three brothers of the MU family were leading all the human warriors to attack more than ten guards of the sea tribe and the two crown princes. Hundreds of acres of rootless green trees were destroyed and turned into the purest lightning energy.

More than half of the ten guards of the sea tribe had been killed or injured. RUO Wu's face was pale, and he was constantly wounded.

Only leap sect's expression remained calm. His bright eyes were as calm as an ancient well, as if he was not bothered by the battle before him at all.

A transparent Dragon's skull was spinning around his body, and it kept spraying water from its mouth, which turned into water dragons that gathered around.

The situation of the battle seemed to have eased up with the huge change in the sky. The people from the two clans retreated and looked up at the sky with shock.

Mu Youyun's expression turned cold. He gritted his teeth and said, "Kill them with speed! Just in case a long night brings trouble!"

The human martial artists had the upper hand to begin with, and the more they fought, the braver they became. They all charged forward with a loud shout.

The guard of the sea tribe who had just caught his breath immediately turned pale. Yun Wu's expression also changed drastically, and he angrily said, "Second brother, if you don't use your full strength, even I will die Here!"

there's no rush. Our goal isn't to kill, but to obtain the peerless yi wood. We shouldn't exhaust ourselves too early," said leap sect slowly, his expression unchanged.

RUO Wu finally couldn't hold it in anymore and furiously said, "They're about to kill us, why don't you exhaust yourself too early?"

Ruizong glanced at him, and Ruiwu shuddered when he saw his clear eyes. He was rendered speechless.

"If you can't kill him, you can always escape!" Leap sect replied indifferently.

He stretched out his hand and touched the Dragon's skull. Immediately, more than ten water dragons swam around fiercely and shot in all directions.

As for himself, he grabbed RUO Wu and stepped on the back of the largest water dragon, ignoring the latter's resistance, and flew towards Leylin.

"Dammit! Second and third, follow me! The rest of you, kill these guards!"

Mu Youyun shouted loudly. Immediately, three rays of light shot up and chased after the Water Dragon.

At this moment, within the green lightning world, the sky was filled with endless lightning and an endless green color.

In the dense blue sky, arcs of lightning jumped out continuously. They didn't extinguish after a flash, but instead condensed into light and turned into stars.

A vast power of thunder and lightning was circulating within the barrier, slowly developing the world of Thunder.

The Thunder Tiger and fire leopard watched coldly as the divine realm tablet flew back into Yunxiao's hand, and a trace of unwillingness flashed across their faces.

A treasure that was not affected by the power of the Thunder World and was able to withstand the power of his punch was definitely not an ordinary ninth-tier profound armament. It was a pity that he

had been suppressed by Chen Fengyuan just now, and had no time to spare to grab it. Otherwise, he definitely wouldn't have watched as this Supreme treasure flew away!

The eyes of the Thunder Tigers and fire leopards staring at Yunxiao grew colder and colder, and their killing intent grew stronger and stronger.

After a few encounters, he realized that he could not see through this brat more and more. If he did not kill him today, he would definitely cause a great disaster in the future!

Moreover, as long as he killed these people, that mysterious profound level weapon would just be in his bag.

At the thought of this, the Thunder Tiger Fire leopard licked its dry lips. There were still traces of blood on them, which had a faint salty taste.

“Self-world. He has actually cultivated the power of elements to the level of self-world.”

...

Chen Feng Yuan muttered to himself. His eyes were dim and his face was dejected.

After being injured and seeing the Thunder World Open completely, his confidence seemed to have suffered a huge blow, and he became dispirited.

A cold gleam flickered in Yunxiao's eyes as he realized the seriousness of the matter. However, his eyes were still as clear as water, and he did not panic at all.

“Third granduncle, what should we do now?” Chen Feng asked.

“What do we do?”

Chen Fengyuan became dejected and said, "once the Thunder World opens, we no longer have the power to suppress him." If I had known this would happen, I would've given up on the peerless yi wood and sent a message back to the sect to call for reinforcements."

Chen Feng frowned. Since his third great uncle had said such dejected words, he had obviously lost his will to fight. He had no choice but to look at Yunxiao and say, "Brother Yunxiao, do you have any good ideas?"

although the Thunder element has formed a world of its own, it's only the embryonic form of one," Yunxiao said slowly. there's nothing to be afraid of. This Lei Huzi must still have some extremely powerful trump card hidden under this world. Otherwise, there's no need for him to go through so much trouble and risk getting injured to open up the world power."

The Thunder Tiger and fire leopard's eyes flashed with shock and they laughed, "Hahaha! Kid, you're indeed extraordinary. The more outstanding your performance is, the stronger my desire to kill you will be!"

His left hand formed an incantation gesture and continuously knocked on the Vajra pestle in front of him, making a "clang clang" sound.

A bolt of lightning was transmitted from the Vajra scepter. The Golden beast heads engraved on it opened their eyes one by one. Their faces were ferocious and vivid, as if they were alive.

...

Then, a bolt of lightning shot out and exploded with a bang, turning into a Green Thunder beast with three horns on its head and two wings on its back.

"Bang!"

Another bolt of lightning flashed, turning into a thunder beast with a beak-like mouth and feathers on its back. Its eyes were filled with ferocity.

“Bang! Bang! Bang! Bang!”

A series of Thunderbolts flashed on the Vajra scepter, and electric arcs jumped out continuously, taking shape one by one.

The four of them were shocked, and their faces became uglier and uglier.

The Thunder beasts turned into sixteen in total. Some bared their fangs and brandished their claws, some looked ferocious, and some spread their wings. They were of different shapes and lined up in front of the Thunder Tigers and fire leopards.

However, every thunder beast exuded a brutal and violent aura. Moreover, their auras were extremely strong. The weakest one had the cultivation base of an eight-star Martial Emperor, and a few of them were even genuine nine-stars!

“Hahaha!”

The Thunder Tiger and fire leopard looked at the 16 beast shadows formed by the lightning in front of them and couldn't help but laugh wildly. This is the first time I've opened the 'Thunder World' in its full state after I refined it. It's also the first time I've shown the 16 void beasts. You're lucky to have tried it, and your lives have not been in vain.

“Roar! * Roar *

Although these void beasts were formed from lightning, they were extremely vivid and lifelike, each of them having their own intelligence.

Chen Fengyuan's face revealed a pained expression as he said, "It's all my fault for being too impulsive and dragging Feng'er and Yu Yi into this. If something happened to the two of you, how would I be able to face the ancestors of the blade sect even if I die?"

Chen Feng's brows furrowed as he sensed that Chen Feng Yuan's will was becoming weaker and weaker. He couldn't help but say, third granduncle, don't say such dejected words. You are the core leader of us. If even third granduncle is dejected, how can we fight? "

"I'm very pleased that you have such fighting spirit," Chen Feng nodded.

"Hahaha! The so-called fighting spirit is just a kind of ignorance!"

The Thunder Tiger and fire leopard turned the Vajra scepter in their hands. Suddenly, the entire Thunder World went berserk. Countless Thunder patterns surged up, dazzling people's eyes.

Among the sixteen void beasts, one that was round like a water bucket and looked like an egg was the only one with an ordinary aura and a cute appearance. It suddenly disintegrated.

Its body was like a ribbon that kept unraveling, and finally turned into a long strip, directly flying around the Thunder Tiger and fire leopard, forming countless complex array patterns to protect him.

Electric arcs flickered in the formation, and its aura was unusually powerful.

"Young master Yunxiao, what's going on?" feini asked in a low voice.

In the current situation, Chen Fengyuan seemed to be a little unreliable, and Yunxiao had become their leader. Besides, Chen Fengyuan and his wife were completely convinced by him, so they both turned their eyes to him.

Chapter 1263-distribution

these sixteen void beasts must be the biggest killing move in the Thunder World, " Yunxiao said. the Thunder Tigers and fire leopards can't attack us to keep the Thunder World from falling, so they can only rely on these void beasts to attack us. As for that void beast that was similar to a formation beast, it should be the only one among the sixteen that focuses on defense. Its mission is to protect this 'eye of the Thunder World'."

The Thunder Tiger Fire leopard's eyes flashed with ferocity as it said coldly, "I can't believe that my most powerful ultimate move was seen through by a human brat. Even if I know this, what can I do? Enjoy this final feast!"

He sat cross-legged in the middle of the array, placed the Vajra scepter in front of him, and slapped a seal on it.

roar! Roar!

The remaining 15 void beasts roared loudly, and all kinds of powerful auras suddenly burst out. With a "Hong" sound, they rushed forward.

Each void beast was extremely fast, like a whirlwind. Lightning flickered around them, like a thunderstorm, roaring as if they were going to destroy the world.

The four people's expressions all changed greatly, feeling the rolling heaven's might come, each and every one of their faces paled.

Even Yunxiao, who was the calmest of them all, could not keep his cool, but he still smiled and said, "haha, it's time to hunt. Hurry up and distribute the tasks."

Chen Fengyuan's gaze swept over the crowd, and he said in a serious voice, "leave the ten nine-stars martial emperors to me."

"Third granduncle, you're in a bad condition!" Chen Feng was startled.

Chen Fengyuan interrupted them. say no more. You're all too weak. You'll only die if you go up against a nine-stars martial sovereign. His eyes flashed with determination.

Chen Feng's heart skipped a beat as he said in a low voice, "Although these lightning beasts are powerful, they're still beasts, so their intelligence shouldn't be very high. Third granduncle, you can deal with the five strongest ones. Leave the remaining ten to us."

Feini's expression changed slightly. She wanted to say something but stopped herself.

Yunxiao shook his head, obviously feeling that the distribution method was extremely inappropriate. "How many can young master feini handle?"

Fei Ni was stunned and her face turned red. "A Suan ni." She paused, her face flushed red, and said in a mosquito-like voice, "If it's the two weakest ones, they should be able to deal with two wangliang."

then I'll leave the weakest two to you. Yunxiao nodded. what about brother chenfeng and miss Yuyi? "

"If the two of us fight alone, we might not be as strong as young master feini, but if we work together, we should be stronger than young master feini," Chen Feng said in a deep voice.

Yunxiao smiled. that's good. I still have three eight-stars martial sovereigns. I'll leave them to you two. Do you have any problems with them? "

"Of course, no problem. But if we split it like this, it'll be awkward," Chen Feng said.

Yunxiao interrupted him and said to Chen Fengyuan, "Where's Mr. Feng Yuan?"

leave the nine to me, " Chen Fengyuan said. young master Yunxiao, you can deal with one.

Yunxiao shook his head with a wry smile. Knowing that the old man was being stubborn, he said, "Among these ten nine-star space beasts, four of them are at the intermediate nine-star level. With Sir's ability, you should be able to trap these four with great difficulty."

Chen Fengyuan's brows furrowed,"don't tell me you want to fight the other six by yourself?."

I'll try, " Yunxiao said with a wry smile. I'll try. As long as one of our four groups can win, we can break the stalemate."

Chen Feng and the other three's faces were filled with shock. They couldn't believe it.

Although they had already thought highly of Yunxiao, it was simply a dream to say that he could deal with six nine-stars martial sovereigns alone!

Li Yunxiao! Chen Fengyuan cried out in a deep voice, "this is not the time to show off!

"I'm not trying to show off," Yunxiao said. "this is the best distribution plan. Six early-stage nine-star martial sovereigns. I think I can still hold them off for a while. I'll just wait for you to break the stalemate and come to help."

All four of them trembled. It was impossible for Yunxiao to lie to them at this moment.

Chen Feng Yuan's eyes flashed with a bright light, as he gritted his teeth, "Good! As long as you can hold off the six nine-stars martial emperors for ten minutes, I'll kill the other four void beasts to save you!"

Yunxiao nodded and smiled. "Thank you, Mr. Feng Yuan. Although these void beasts don't have a physical body, they possess endless power within the Thunder World. They are almost equivalent to immortal beings and it is extremely difficult to kill them."

the same as the immortal body?!

Their expressions changed drastically, and the glimmer of hope that had just risen in their hearts dimmed.

"Don't worry," Yunxiao said with a smile. "you don't have to worry too much. Don't forget that the Thunder Tiger Fire leopard has been injured by Mr. Feng Yuan just now. The time this barrier can be maintained is very limited. As long as we can drag it out until the Thunder Tiger Fire leopard can't hold on any longer, we'll win."

Li Yunxiao is right," Chen Fengyuan said. "let's act according to this plan!"

His fighting spirit seemed to have come back all of a sudden. After swallowing a few medicinal pills, his face looked a little better. If you can leave here alive today, you're welcome to be a guest at the blade sect.

"We'll talk about it later," Yunxiao said with a wry smile.

The communication between the few of them was completed in a very short time. They were all extremely vigilant, staring at their target thunder beast, ready to attack at any time.

The entire Thunder World was under the control of the Thunder Tiger and fire leopard. No change in any place could escape his perception, including the conversation of the people.

He slowly raised his eyes and a voice resounded in the sky. He snorted coldly and said, "Li Yunxiao, you are indeed a natural-born monster! Your analysis is correct, but can you hold back six nine-star Martial Emperor void beasts with immortal bodies? It's simply an extreme lie!"

"We'll only know after the fight!"

Yunxiao chuckled as he rose into the air, crossed his hands in front of him, and flicked his fingers. Six beams of light shot down from the sky, accurately shooting at the six nine-stars Martial Emperor void beasts he had locked onto.

"Roar! Roar!"

The six void beasts were furious, and two of them immediately turned to the side and gave chase. The remaining four, who were running in the sky, roared and raised their hands, slapping away Yunxiao's attack!

After that, Yunxiao flickered a few times in the air and fled thousands of meters away. At the same time, he felt the eyes of the six void beasts locking on him.

“I can control the minds of all void beasts at will,” the Thunder Tiger Fire leopard said coldly. “What you all said about being easy to deal with because they don’t have intelligence is completely wrong. But, I’m very curious. Li Yunxiao, are you really so confident? Then I’ll fulfill your wish.”

With a slight thought, the six void beasts that had locked onto Yunxiao immediately rose into the air, left the group, and rushed toward him.

The five people’s hearts sank when they heard his words.

If they were all controlled by the Thunder Tigers and fire leopards, and were immortal, then the combat power of the void beasts would almost double.

Feini’s face changed on the spot, but when she saw that Yunxiao had lured away six nine-stars Martial Emperor void beasts by himself, she had nothing to say. She summoned up her courage and took out her feather fan, then waved it in the air and turned into a fire Phoenix, flying out.

Chen Feng and his wife’s faces were also solemn. The two of them, one in front and one behind, pulled the swords in their hands towards each other, as if they were forming a triangular formation.

A circle of purple and green light surrounded them. The two of them looked at each other, attacking and defending, resisting the three eight-star Martial Emperor void beasts that were coming at them.

Chen Fengyuan’s eyes flickered with boundless Fury and determination as he raised his longsword to meet the attack.

...

This was because he knew that the key to this battle was still him. As long as he broke through this gap, it would inevitably have a great impact on the Thunder Tiger and fire leopard.

The lightning Tiger and fire leopard coldly laughed. With a thought, the four void beasts that had been running away suddenly disappeared, and in the next moment, they teleported to Chen Fengyuan’s side, immediately surrounding him from all sides.

“What?”

Chen Fengyuan was shocked, and attacks that covered the sky and the earth surged from all directions. A large number of lightning talismans shot out, and the heaven and earth changed color, and the universe was overturned!

“Bang! Bang! Bang! Bang! Bang! Bang!”

All sorts of lightning elemental energy exploded forth with earth-shattering might, and the massive wave of lightning energy completely engulfed Chen Fengyuan.

The four void beasts madly circulated their extremely powerful divine abilities and bombarded it in one go. Two of them kept spitting out terrifying balls of lightning, while the other two circled in the sky, shaking off a large number of Thunder feathers that turned into talismans in the air and exploded.

The four beasts were caught in a violent thunderstorm, and Chen Fengyuan was completely submerged in it. His figure could not be seen at all.

“Third great uncle!”

Chen Feng, who was not far away, cried out in horror. The husband and wife were facing three void beasts, and after a few rounds, they realized that it was much more difficult than they had expected. They were on the verge of collapse.

In the end, he saw that Chen Fengyuan had been half-dead before he could even make a move, and was directly drawn into the thunderstorm. He almost lost his mind and was in danger.

...

“Focus, don’t worry about me!”

Chen Fengyuan's shout came from within the thunderstorm. Then, several sword rays shot out of the thunderstorm and attacked the four thunder beasts.

Only then did Chen Feng recollect his thoughts and began to carefully deal with it.

Thousands of meters away, Yunxiao teleported a few times, trying to play hide-and-seek with these void beasts. However, he suddenly found a realm force pressing down on him, directly locking his teleportation, and he could only rely on his lightning escape.

These six void beasts were mentally connected to the Thunder Tigers and fire leopards, so they could teleport at any time. This time, they were at a disadvantage in speed.

"Hmph, let's see how you're going to play with my six void beasts." With a mocking look in their eyes, the Thunder Tiger and fire leopard kept teleporting void beasts to Yunxiao's side, making it impossible for him to avoid them.

the battlefield is ever-changing," Yunxiao said coldly. I don't believe you can control fifteen void beasts at the same time.

"Haha, what a joke!"

even if I don't control it, you'll still die," the Thunder Tiger Fire leopard said sarcastically. it's just that with my control, it's like a tiger with wings.

"Oh, really? Since you can multitask, then divide a few more of your attention!"

Forced by the six void beasts, Yunxiao had no way to retreat. Finally, he opened the primordial heavenly eye between his eyebrows and opened the space of the divine realm tablet, summoning the evil spirit and the two nine-stars martial emperors.

Two rays of light shot out, and as soon as they appeared, their martial Supreme auras exploded to the extreme. At the same time, they each made a move to slash at the void beasts!

“What?”

The Thunder Tiger Fire leopard’s heart sank and he almost jumped out of the array. His eyes were wide open and his mouth was wide open!

Chapter 1264-powerful body

“BOOM!”

With a punch from the official and an axe from the evil spirit, the 2 powerful attacks landed on the 2 void beasts closest to them, causing their bodies to be destroyed, turning into lightning and disappearing.

The other four void beasts were also stunned, and they had to stop attacking.

“How could this be? How was that possible? How come there are two more nine-star martial sovereigns all of a sudden?”

The Thunder Tiger and fire leopard’s heart was filled with anger and coldness. Although the aura of the two people who had appeared was not strong and they were only beginner nine-star martial sovereigns, this unexpected change had completely driven him crazy. The most important problem was that the battlefield, which had been calculated without any miscalculation, had suddenly changed!

Yunxiao nodded and praised, “ that’s right. You caught them off guard. It’s indeed effective. I’ll leave these six void beasts to you two.”

“What? All of it? You’re thinking too highly of us!”

The evil spirit’s eyes widened, and it mumbled in refusal.

“Six?” the guest asked in a deep voice. Aren’t there only four left?”

'In this Thunder World, all the energy changes follow his will,' Yunxiao said with a wry smile. If I'm not wrong, the sixteen void beasts are formed from the sixteen void nature of humans, so they can't die."

"Hmph!"

In the distance, the Thunder Tiger and fire leopard's face turned gloomy and they said coldly, "I had originally planned to focus all my power on killing Chen Fengyuan, but it seems like I was wrong. You're the one I should kill first!"

He performed a few incantations with his hands and slapped them on the Vajra scepter in front of him. Lightning was flowing on the scepter.

"Bang! Bang!"

Two arcs of lightning shot out, and two void beasts appeared several hundred feet away. They were the two that had been killed earlier.

The evil spirit did not believe Yunxiao's words at first, but now its eyes bulged out as it said in surprise, "How are we going to fight this Yingluo?"

Although the sky was blue, and the interference of the Thunderbolts made it difficult for one's divine sense to accurately capture their surroundings, Yunxiao could still see some clues about the two newly-born void beasts. They were a little weaker than the previous ones. Although they were still nine-stars martial sovereigns, they were indeed weak.

if you can't deal with six of them," Yunxiao said, "then you can have these four, and I'll have the other two.

After he finished speaking, he turned into a flash of lightning and shot towards the Thunder Tiger and fire leopard.

In order to destroy the entire Thunder World, he had to destroy the Thunder Tiger and fire leopard, which were the "eyes of the Thunder World." This was the only way!

Although Bin Chen and the evil spirit had just become nine-stars martial sovereigns, they were not ordinary early-stage nine-stars martial sovereigns 'match with their innate advantages. Even if they could not win against two void beasts of the same level, they would not be easily defeated.

The Thunder Tiger Fire leopard's face turned cold and he said angrily, " "You can have two? I'd like to see how you're going to defeat them!" With a single thought, the two thunder beasts teleported to Yunxiao's side and began to attack him.

One of the void beasts walked on two legs like an ape, and its two huge arms waved in the air, raising them high above its head.

"BOOM!"

The sky trembled, and suddenly, a Boulder the size of a small mountain appeared out of nowhere and fell into the void beast's hand.

"This bi an ..."

Yunxiao was dumbfounded. How could earth element be condensed in the Thunder World and turned into mountain stones?

However, the entire Thunder World was under the control of the Thunder Tigers and fire leopards, so it was not surprising.

He muttered to himself, this is bad!

Just as the mountain rock appeared in the void beast's hands, the Thunder Tiger Fire leopard's eyes flashed with a cold light.

Suddenly, the power of the Thunder World pressed down on Yunxiao, and his body stiffened as if he was carrying a huge burden on his back. Not only did he completely lose the ability to teleport, but even his movement was greatly hindered!

“Roar!”

The Thunder beast roared loudly and suddenly threw the huge rock over.

“Your sister!”

damn it! Yunxiao cursed. It was too late for him to Dodge when he saw the rock falling.

A golden light burst out from his body. He clenched his fist, and a golden vortex formed around it. Then, he threw out a Vajra punch.

“Hmph, you’re looking for death!” The Thunder Tiger Fire leopard’s eyes flashed with a cold light.

“BOOM!”

When the Golden fist hit the Boulder, Yunxiao suddenly felt his arm go numb, and a huge shock came pressing down on him, almost crushing all his bones!

“Bang Bang!”

The mountain rock also crumbled under the force of his punch, shattering into countless pieces that fell on his body, flying in all directions.

“What?”

The Thunder Tiger Fire leopard’s mouth was wide open in shock. His face sank again and he gritted his teeth, ” he even cultivated a body refining technique!!

When the void beast saw that its first move was ineffective, it roared and bowed its body. It jumped over and raised its two fists.

Rings of lightning rippled from its fists, as if countless raindrops had fallen into a calm lake.

The other void beast also joined the battle. It had a single horn on its head, and it kept pushing its horn forward. Every time it pushed its horn forward, it would shoot out a thunderous Halo, which spread out like ripples, as if countless mirrors were appearing one by one.

After being hit by the Boulder, although Yunxiao managed to withstand it with his strong body, his qi and blood were still tumbling, and the salty taste of blood kept gushing out of his throat.

At this moment, under the pincer attack of the two void beasts, his pupils shrank. He suddenly put his hands together in front of him, and a flame flew up, turning into a big Wind and Fire wheel and slashing out!

“BOOM!”

The power of wind and Fire swirled and slashed at the countless mirrors, shattering them with a series of “Bang Bang Bang”.

He summoned his three-headed and six-armed Dharma and threw six punches at the void beast. Each punch sent out a golden ripple that hit the void beast.

“BOOM! BOOM! BOOM! BOOM!”

The two-colored patterns rippled, and the space trembled continuously, becoming blurry.

...

The speed of their punches became faster and faster, but the void beast was still unable to fight against six attacks with just two fists. After being struck, bursts of lightning spread out from its body, and it gradually fell into a disadvantageous position!

After the firestorm wheels cut through the layers of the lightning mirror, it suddenly pounced toward the horned Lightning Beast. It turned into a huge crocodile head and opened its mouth to bite.

“What?”

The Thunder Tiger Fire leopard was shocked. The power of wind and Fire gave him a throbbing feeling. His pupils suddenly widened. divine fire! Phoenix divine flame!”

His face was filled with disbelief. The Phoenix divine flame gave him a feeling that it was far superior to Fei NI’s!

“Roar!”

The crocodile monster bit down on the horned Lightning beast’s head, and no matter how hard it tried, it couldn’t bite down. However, it refused to let go and continued to bite down.

The Thunder beast continued to struggle, trying its best to push forward. A large number of lightning bolts burst out from the crocodile monster’s mouth, and some of them even directly penetrated its body. However, it only made a bowl-sized hole, and the crocodile monster did not let go!

The two kept rolling in the air, and the elements of wind, fire, and lightning shot out in all directions. It was an unusually beautiful scene.

The Thunder Tiger and fire leopard were completely dumbfounded. They said in a daze, ” “What the hell is this Cormorant crocodile, Cormorant?”

“BOOM! BOOM! BOOM! BOOM!”

...

A series of tremors caused him to come back to his senses, and his eyes revealed a look of shock.

Yunxiao's body had completely turned into a world of golden light. Not only that, but there was also a faint white light shining out like the water and moonlight, sprinkling in all directions.

He had completely gained the upper hand and blasted the void beast until it almost lost its form. However, he seemed to have gone crazy. His six arms continued to send out golden waves, and the space around him was also in a mess.

Suddenly, a ray of white light lit up like a rainbow crossing the sun, and the shadow of a bridge slowly descended.

The Thunder Tiger and fire leopard's heart thumped and they suddenly exclaimed, "divine body phenomenon!!

Two beams of light of different colors flickered between Yunxiao's eyebrows, and then a vortex of light emerged under his shoulder armor, materializing one by one.

"BOOM!"

At the last moment, he punched out hundreds of times more. A terrifying storm of fist power swept out and finally shattered the void beast into pieces. It turned into a thundercloud and dissipated in the Thunder World.

"Four gates open! He actually opened four doors so quickly!"

The guests not far away also noticed the situation here and revealed shocked expressions.

He was fighting back and forth between two void beasts instead of fighting them head-on. It seemed that the Thunder Tiger and fire leopard's mind was all focused on Yunxiao, so the other void beasts were not very intelligent. As long as they did not fight head-on, they could still deal with him with ease.

"Pfft!"

Yunxiao could no longer suppress the blood and Qi in his body. He coughed up a mouthful of hot blood, which had a faint golden color.

Only then did the twenty four moonlit bridges behind him gradually disappear, as if it had never appeared.

The Thunder Tiger, fire leopard, and the guests were all dumbfounded, and it seemed difficult for them to think. 'He actually shattered the void beast of a nine-stars Martial Emperor with his bare hands?!

Even if all four doors were opened, the guests with the strongest divine body could only reach the level of a Peak Eight-star Martial Emperor at most.

Although the void beast did not have a physical body, in this Thunder World, the power it exerted was not much worse than an ordinary beginner nine-star demonic beast. Yet, it was shattered by the explosion!

Yunxiao grabbed a handful of heavenly materials and earthly treasures and swallowed them. Only then did his pale face slightly recover.

In the previous exchange, he was forced to the limit of his physical body by his opponent. In the end, he broke through to the fourth gate in one go.

The four gates of the physical body, the bright moon divine body, the imperishable golden body, and the six arms of the transcendence golden body had surpassed the attack limit of the power of four gates and completely shattered the opponent!

"Freak! A monster!"

The Thunder Tiger and fire leopard felt an inexplicable sense of panic. Originally, everything was in the palm of their hands, but now there were constant changes. It seemed that the trajectory of fate in the palm was beginning to deviate from the intended direction.

“Let’s see how you’re going to kill him again!”

He shouted in anger and hit the Vajra scepter again. A bolt of lightning shot out and turned into a long-armed space beast, which was instantly teleported over.

Yunxiao’s face darkened. Although he had suffered a serious injury, all four gates were open at the moment, and his fighting spirit was high. In addition, he still had many trump cards that he had yet to use. It would not be a problem for him to kill the void beast in front of him two or three more times. But, if he continued killing like this, when would he reach the end?

“Look at me,” He suddenly said.

The void beast’s face was filled with rage and it was roaring continuously. When it heard this, it looked up and its body suddenly stiffened.

“Pupillary power-mirror flow.”

Yunxiao’s voice rang out softly. His right eye flickered and exuded a strange force, and strange symbols appeared around his pupil.

The void beast’s body trembled and it disappeared from the Thunder World.

Chapter 1265-attacking the formation

“What?”

This time, the Thunder Tiger and fire leopard really jumped up and grabbed the Vajra in front of them. Their eyes were full of shock and disbelief!

Yunxiao's face turned pale as he covered his right eye and could not help but cough up another mouthful of blood.

He was much more dispirited, as if he had used up all his energy with just one glance.

"How did this happen?"

The Thunder Tiger and fire leopard were completely confused. They roared, "I don't believe it!" He suddenly sent out another incantation seal, hitting the Vajra scepter.

A bolt of lightning flashed and then dimmed down. Nothing happened.

"What?"

The Thunder Tiger and fire leopard were shocked and looked at the Vajra scepter. They saw the long-armed void beast open its eyes, and the spiritual Qi around it flickered.

"You hid my void beast?"

The Thunder Tiger and fire leopard shouted. Every void beast could only be born after it died, and its strength would drop a lot.

"So it's like this?"

Yunxiao's eyes flickered with a gleam of joy. He had only trapped the void beast in the eye sorcery space, but did not kill it. There can only be void beasts of one element.

The Thunder Tiger Fire leopard's face suddenly turned extremely ugly.

Not far away, the crocodile and the other void beast were engaged in a fierce battle. All kinds of elemental vortexes exploded, and they were locked in a fierce battle.

He only felt that there were more and more variables, and his heart was filled with frustration.

Although Chen Fengyuan and the others were being forced into a disadvantageous position by the void beasts, it would be difficult for them to obtain victory in a short period of time.

The evil spirit was being forced into a corner by the two void beasts. When it saw that Yunxiao had nothing to do, it immediately ran over and shouted, " li Yunxiao, I can't take it anymore! Come and help me!

The lightning Tiger Fire leopard's gaze focused, and with a thought, a force of realm power suddenly pressed down, directly shackling the evil spirit.

Not only that, but thunderclouds were also slowly gathering in the sky. A bolt of green lightning fell from the sky and struck towards the evil spirit like a lightning tribulation!

The only thing he could do now was to end the other battles as soon as possible and send more space beasts to deal with Yunxiao.

He had also noticed that Yunxiao's spirit had weakened a lot in an instant. It must have been because the spell he had cast had consumed a lot of his energy, and it was impossible for him to cast it many times.

Although the void beasts that surrounded Chen Feng, his wife, and feini had the upper hand, they only had the power of an eight-star Martial Emperor. It would be useless even if they were deployed. He could only think of a way from evil spirit, Minister bin, and Chen Fengyuan.

And Chen Fengyuan was the number one enemy, he could not underestimate him, he had to kill him.

Therefore, the evil spirit that was shouting for help became the first target.

“Ah!”

The evil spirit was shocked. It raised its axe to block the lightning in the sky. With a bang, the lightning scattered.

The two void beasts that were chasing him were also teleported over, and they frantically unleashed their divine abilities in an attempt to kill him as soon as possible.

Yunxiao did not seem to be moved by this. He walked toward the Thunder Tiger and fire leopard step by step and said coldly, “Lord Lei Huo is completely ignoring me?”

His eyes were cold, but there was lightning jumping in his right eye. He could vaguely see a void beast struggling inside, but it couldn’t break out.

The Thunder Tiger Fire leopard’s face was gloomy. It seemed to ignore him completely and was fully focused on attacking the evil spirit.

“If that’s the case, then I won’t be polite.”

In a flash, Yunxiao appeared above the Thunder Tiger and fire leopard, then suddenly transformed into his three-headed and six-armed transcendence golden body. He held several profound level weapons in his hand and waved them all, unleashing their power one by one.

The great sorrow sunset Cloud Mirror let out a “Weng” sound and a pale yellow mirror light shone down.

The formation around the Thunder Tigers and fire leopards immediately reacted. A blue lightning bolt surged up and formed a transparent semi-circular defense in the sky.

As the mirror light shone down, it flowed around the defensive barrier like a stream of water, dyeing the entire barrier light blue.

The Thunder Tiger Fire leopard suddenly trembled, as if it was extremely shocked. It raised its head and looked at the great sorrow Twilight Cloud Mirror in shock.

“What?”

Yunxiao frowned as well. He seemed to have noticed something from the shock of the Thunder Tigers and fire leopards, as if there was something that surprised him.

The sunset Cloud Mirror was also just a casual move, but it seemed to have some unexpected effects.

At this moment, the mirror was emitting a faint light, like moonlight. There was also a constant buzzing sound from the mirror.

Looking into the mirror, he could actually see a strange phenomenon. A white mist-like light appeared, as if thousands of miles of mountains and rivers were shrouded in mist. It was like a paradise on earth.

what kind of mirror is this?!

The Thunder Tiger and fire leopard gritted their teeth and roared. They were so angry that their eyes were about to pop out and their bodies were trembling.

it's nothing, " Yunxiao chuckled. I'm a natural beauty, so I always carry a mirror with me.

With that, he took out a comb from somewhere and began to comb his hair in front of the mirror.

“Waa waa! Waa! Damn it!”

The Thunder Tiger Fire leopard was so angry that it jumped up and down like thunder. The pores on its body spewed out flames, burning.

He knew that Yunxiao was just trying to annoy him and make him lose his composure. So, he sealed his five senses and six Senses and sat down in the air.

Then, he turned the Vajra scepter in front of him, and his left hand formed a series of incantation seals, which he sent out in all directions.

When those seals landed on the barrier, they immediately turned into countless dense lightning bolts that spread across the barrier and washed away the mirror light.

Ever since the mirror's light fell and completely covered the barrier, he was shocked to find that his connection with the void beast had been cut off. This made him lose his mind and he was quite frightened.

Fortunately, the light from the mirror was not too strong. After a few Thunder spells were cast, all the light was washed away and the connection with the Thunder World was established again.

...

Yunxiao's face flickered as he grabbed the mirror and shook it a few times in the air. The mirror light seemed to have become a little stronger, but it was still bounced off by a layer of lightning and could no longer play any amazing role.

It had been a long time since he had obtained the great sorrow sunset Cloud Mirror, but he had never studied it properly. It seemed that there were many powerful divine abilities hidden within it. It seemed that he had to find some time to ponder over it.

At this moment, he was still in the air, constantly sprinkling mirror light. At least, it could make the Thunder Tigers and fire leopards busy and consume more of his lightning energy.

Then, the sword case turned, and the 24 Northern heaven cold stars formed a formation in the air. A sword diagram that was half an acre in size condensed in the air. It flickered with a little bit of coldness and gathered into a huge sword shape, which directly slashed down.

“BOOM!”

The sword formation smashed into the inner enchantment and was shattered into pieces. The entire space trembled.

The Thunder Tiger and fire leopard raised their heads again, revealing a shocked expression.

Every time Yunxiao made a move, he was greatly shocked, and it seemed that the young man had an endless stream of trump cards!

After the sword shape was broken, the 24 Northern heaven cold star swords did not collapse. Instead, the position of the swords changed, and the shape of the sword formation changed accordingly. A huge sword talisman emerged and slowly pressed into the boundary.

“What?”

The Thunder Tiger and fire leopard were shocked. They knew how strong the defensive barrier was. Even a casual attack from a peak nine-star Martial Emperor would not be able to break it.

...

Suddenly, a mass of green surged on the barrier and turned into the upper body of an empty beast. It was the cute shape of an egg. Its two small hands pushed up, and its head supported itself. The sword talisman was immediately flicked out.

Cold sweat began to drip down the Thunder Tiger and fire leopard’s forehead. They hurriedly gathered their thoughts and focused on attacking the evil spirit, hoping that they could suppress Yunxiao as soon as possible!

Yunxiao frowned, and a sneer flickered at the corner of his mouth. He raised an arm, and the divine realm tablet slowly emerged. In an instant, it turned into a mountain and fell down!

“BOOM!”

A huge tremor came, and the entire enchantment trembled. Countless black patterns cracked around the divine realm tablet and spread in all directions, directly shaking a gap in the Thunder World.

Although the defensive barrier shook violently, it did not shatter. Instead, it caved in.

The egg-shaped void beast appeared again, still using its head and hands to push the divine realm tablet. Although it couldn't flick the tablet away, it stopped the falling momentum and couldn't move an inch further.

Yunxiao's face darkened. In a flash, he stepped on the top of the stele and quickly performed incantation gestures with both hands. A large number of ancient Maha characters turned into golden rings that hung around the stele.

Not only was there flowing light, but there were also words that appeared, as if they were conveying some kind of ancient meaning.

Those words only appeared for a moment, then disappeared in a flash. After that, the White power of the world suddenly spread out, and suddenly, the barrier was covered in white light, as if the world was born and transformed into all things.

“BOOM!”

Under the suppression of the power of the world, the green barrier began to dissipate crazily. Even the egg-shaped void beast, who was holding the divine realm tablet with its head, was swallowed by the white light and slowly disappeared.

“?!”

The Thunder Tiger and fire leopard broke out in a cold sweat. Now that he had the power of the Thunder World under control, he had lost most of his strength. If Yunxiao rushed in, he would probably be killed in an instant.

Unable to wait any longer to kill the evil spirit, he suddenly teleported the four mid-tier nine-star space beasts that were besieging Chen Fengyuan over, and the terrifying power of thunder and lightning immediately blasted toward the divine realm tablet and Yunxiao!

Yunxiao snorted coldly as he flickered on the divine realm tablet and disappeared from where he was.

“What?”

The Thunder Tiger and fire leopard were horrified again. He had shackled Yunxiao with the power of the Thunder World, so it was impossible for him to teleport away!

Besides, he could sense the changes in any place in the Thunder World, but there was no trace of Yunxiao at all.

“Boom boom boom!”

The terrifying power of Thunder hit the divine realm tablet, causing countless Thunder light and electric arcs.

The power of the world on the divine realm tablet was immediately suppressed and kept shrinking.

Finally, with a bang, the divine realm tablet lost Yunxiao’s control. With the restraint of the Thunder realm and the repeated attacks of the four powerful void beasts, it was finally sent flying.

Well done, li Yunxiao!

Suddenly, a sharp voice rang out. A white sword Qi flashed in the sky and Chen Feng Yuan appeared above the barrier. Although he was in a sorry state, countless sword talismans surged out of his body, and his face was filled with determination.

“Using my body to control the sword, using my heart to control the sword, I am the sword!”

Chen Fengyuan spat out a few words and waved the sword in his hand. His entire body was filled with boundless sword intent rules, which started to revolve around him.

Chapter 1266-peerless yi wood

The body and the sword became one, the heart and the sword became one, and the person and the sword became one.

“Old man!” The lightning Tiger and fire leopard roared in alarm. What do you want to do?”

At this moment, Chen Fengyuan’s body glowed with an endless amount of light. His entire being was like a peerless sword as he said coldly, “Old dog, take my all-out sword!” The four void beasts were blocked by this sword intent and were unable to enter.

“You’re burning your life force!”

“So what? I’ll exhaust my entire life’s worth of cultivation to take your dog life!”

Chen Fengyuan’s face was filled with determination. Without any hesitation, he turned into a huge sword and slashed down!

Not far away, Yunxiao’s figure emerged with a flash on the divine realm tablet that had been sent flying. He grabbed the tablet and was shocked to see Chen Fengyuan perform the alluring sword.

However, he quickly calmed down. He and Chen Feng Yuan both knew that this was their only chance of victory. Even if this sword could not kill the Thunder Tiger and fire leopard, it would definitely break the Thunder World and severely injure it!

“Old man! Damn it!”

The lightning Tiger and fire leopard roared in fear. A sense of extreme danger welled up in their hearts, and all the hair on their bodies stood up.

“Thunder World-condense!”

The Thunder Tiger and fire leopard suddenly turned around the Vajra in front of them, and all the void beasts disappeared in an instant. The beast heads carved on the Vajra closed their eyes, leaving only the one that Yunxiao had taken with its eyes wide open.

The green lightning realm that filled the sky suddenly trembled and shrank at the speed of teleportation. Countless Thunderbolts gathered in the sky and continued to bombard the man and sword as one.

The Thunder Tiger and fire leopard held the Vajra scepter in their hands. Countless Thunder runes surged on it. They raised it up to the sky and controlled all the lightning.

“Bang Bang!”

The speed at which the Thunder World was collapsing was also ten thousand miles in an instant. In the boundless sea of Thunder, the sword cut through all obstacles and finally struck the Vajra scepter.

“BOOM!”

An unimaginable thunderstorm formed and turned into a Whirlpool, instantly swallowing the two of them.

The entire Thunder World suddenly collapsed, and countless Thunderbolts flew in all directions, shooting into the void, into the sea, and into Seawood town.

Below, Leylin was also greatly affected. Countless bolts of lightning flickered, and a large number of lightning runes began to surge out.

Everyone in Leylin’s group was dumbstruck as they looked around in fear.

“Let’s go!”

Mu Youyun shouted, and all the human cultivators immediately flew up and fled into the distance.

It wasn't just the terrifying explosion in the sky, but also Leylin's abnormal behavior. They all felt extreme danger and didn't dare to stay any longer.

Somewhere in Leylin, Murong Hengyu had already returned to his normal appearance. However, his face was extremely pale, and the corpse of the flesh-faced sea tribe member lay beside him. It had already been dismembered into a terrible state.

He looked up at the explosion of the Thunder World in the sky with a look of shock. He suddenly turned into a ray of light and rushed into the sky.

"Third great uncle!"

Chen Feng roared, his face filled with grief and indignation. He couldn't even get close to the area within a hundred Zhang, let alone rush into the thunderstorm to save people.

Feini, Liang Yuyi, the evil spirit, the guests, and the others were all pale. There was blood at the corner of their mouths. They were already seriously injured and would not recover without a few months of rest.

The evil spirit, in particular, was attacked by the Thunder Tigers and fire leopards in the last stage. Its entire dragon body was smashed and it was almost dying.

At this moment, Yunxiao had also noticed Leylin's situation down below. He could not help but look shocked as he said, "The peerless second wood is about to be born!"

Everyone was shocked and hurriedly looked down.

Countless lightning runes surged from Leylin's body, and all of Leylin's power of lightning gathered in one spot, turning into a huge ball of lightning that flickered continuously.

Above the ball of lightning, there was a constant flow of electricity like water, and the countless lightning talismans that gushed out did not disperse. They condensed around him, as if forming an outer shell that continued to expand.

As for Leylin, he had used up all his lightning in an instant, and his body had become dim.

Not only that, but all the rootless green trees were also withered as if they had completely withered. Millions of spirit lightning fruits had also disappeared, not a single one was left.

“It’s over, it’s over, Yingluo.”

Mu Youyun looked from a distance, and his entire person felt uncomfortable, his expression becoming extremely unsightly.

Although Leylin’s true ruler was the blade sect, the profits that the divine Tree family obtained from this place every year were extremely abundant. Now that Leylin was destroyed, they had cut off an important source of income, and the family would probably weaken.

“Boom boom boom!”

As the ball of lightning below changed, thunderclaps came from the sky. Each sound was like a thunderclap, shaking everyone’s heart. It caused their blood to surge and they almost couldn’t stand still!

“What’s going on?”

Everyone was shocked and looked around. The guests and ministers looked at the thunderstorm in the distance that had not yet dissipated and said in a serious voice, “Could it be that the peerless yi wood is reacting to the thunderstorm?”

it’s not that simple, ” Yunxiao said with a serious face. it’s not that simple! Every time this lightning energy strikes, it will stir one’s heart, and its level is even higher than the thunderstorm. This so-called peerless yi wood seems to be strange!”

“Strange?”

The guest was shocked. He hurriedly said, “ let me and the big strange Dragon enter the divine realm tablet. He’s about to die.

Yunxiao glanced at the evil spirit in the distance. It was indeed on its last breath. With a flash of light between his eyebrows, all the guests, the evil spirit, and the crocodile were taken in.

When the few people in the sky saw this scene, their bodies trembled all over, as if they had thought of something, and they revealed dumbstruck expressions.

However, everyone pursed their lips and didn’t dare to make a sound.

Yunxiao’s eyes swept over them, and the faint coldness in his eyes sent a chill down everyone’s spine.

They had been busy dealing with the void beasts in the Thunder World just now, so none of them had seen Yunxiao make a move. They had only vaguely glanced at him a few times, but they knew that Yunxiao was the one who had contributed the most to breaking the Thunder World apart, apart from Chen Fengyuan.

That kind of absolute strength, even if the three of them were at their peak, they might not be able to defeat it even if they joined forces, let alone now that they were all seriously injured.

you’d better forget what you shouldn’t see,” Yunxiao said coldly. you’d better forget it after seeing it.

...

Chen Feng’s expression changed. He gritted his teeth and said, “ brother Yunxiao, you’re overthinking it. The two of us did not see anything.

Feini also asked, "what did you see?" I've been paying attention to the thunderstorm. Did I do something wrong?" She had an innocent look on her face as she blinked.

Yunxiao nodded, then turned to Murong Hengyu and said, "Where's brother Hengyu?"

Murong Hengyu trembled. Yunxiao's eyes were not as cold as the other three, but just a faint inquiry, and a friendly and gentle attitude.

His expression changed slightly as he thought to himself, "This person is only so gentle to me, is it because I'm handsome? Did he have a habit of sharing yang?"

At the thought of this, he was so scared that he shivered and hurriedly said, "I didn't see anything!" With that, he even took a few steps back to put some distance between him and Yunxiao.

I hope you remember what you just said," Yunxiao said with satisfaction. otherwise, I don't need to explain the consequences.

"Don't worry, brother Yunxiao," Chen Feng said. If it wasn't for brother Yunxiao's display of divine might, I'm afraid we would have already fallen in the Thunder World."

He looked at the thunderstorm in the distance, a trace of worry in his eyes. "I wonder how third great uncle and that old dog are doing."

Feini asked, 'young master Yunxiao, what do you think is the deal with this peerless second wood? And what was that thunderous roar just now?"

After the battle just now, Yunxiao's position in her heart had increased greatly, and he was undoubtedly the leader of the group.

...

not even my divine sense can penetrate this mass of lightning and that thunderstorm, ” Yunxiao said with a frown. I can’t even penetrate them with my divine sense. Even if Mister Feng Yuan could survive, his cultivation base would probably be very high.”

Chen Feng’s heart thumped, and his face revealed a mournful expression.

“Boom boom boom!”

A tremor came from the sky again. This time, the sound was even stronger than before. It shook them so much that their faces turned pale and their eardrums almost burst!

Not only that, the thunderstorm in the distance actually began to slowly disintegrate under this shock, and two figures shot out.

“Third great uncle!”

Chen Feng shouted as he flew up and hugged one of the men.

Chen Fengyuan was already on his last breath, his entire body was abnormally old, his skin was like dried up tree bark, wrinkled beyond recognition.

Chen Feng could feel that there was still a breath left, and he hurriedly took out a large number of medicinal pills and fed them to her.

Yunxiao’s pupils constricted as he stared at another beam of light in the distance. As countless Thunder rings flickered, the Thunder Tiger and fire leopard manifested. At this moment, his body had completely turned into an elemental body. Half of it was lightning, and the other half was fire. His eyes were pitch-black and abnormally terrifying.

“What? Even such a powerful explosion couldn’t hurt him?”

Feini cried out in shock, her face turning pale.

After the Thunder Tiger and fire leopard showed up, they did not attack Yunxiao and the others. Instead, they looked down with their dark eyes and were shocked.

“What a powerful second wood Qi! Is this the peerless second wood?”

The Thunder Tiger and fire leopard’s eyes were filled with ecstasy. They were so excited that their whole body trembled. Just as they were about to fly down to snatch it, the Thunderbolts in the sky suddenly came again.

“Boom boom boom!”

This time, the sound was even more intense. Everyone’s faces turned pale. Fei Ni could not take it anymore and spat out a mouthful of blood. His eyes were filled with extreme shock.

Yunxiao’s pupils constricted as he looked up at the sky in horror. Above the dark clouds and Rolling Thunder, a thundercloud had appeared at some point, in which purple lightning was rolling like a dragon!

“?!”

Everyone sucked in a breath of cold air. Everyone present was extremely knowledgeable and had a certain level of understanding of lightning.

The Thunder Tiger and fire leopard’s body also trembled. The Thunder and fire elements on their bodies churned even more violently. They roared in shock, “World-destroying sacred Thunder! Taixu Yuqing purple mansion Nirvana world destroying divine Thunder!”

His tone was filled with extreme fear.

Yunxiao swallowed and looked down at the ball of lightning. He finally understood what the lightning runes that had rolled out and condensed into shells were for. ‘What on earth is this peerless second wood? He actually attracted the world-destroying sacred Thunder?’

Chapter 1267-world-destroying sacred Thunder

The entire sky fell silent, and only light and shadow flickered before everyone's eyes.

A purple dragon descended from the nine Heavens and seemed to pass through endless time and space as it bombarded the body of the peerless yi wood.

The purple dragon's eyes were as deep as the ocean, and they seemed to contain extremely powerful spirituality and pressure. They sank into the green shell of the peerless yi wood.

Everyone's heart skipped a beat.

“BOOM!”

An earth-shattering sound rang out, as if the world had collapsed. Everyone could only see the extremely solid outer shell of the lightning talisman being destroyed in an instant. Then, a blinding light bloomed, and everyone was blinded in an instant!

Even Yunxiao felt a sharp pain in his eyes, and he quickly closed them.

The terrifying lightning energy shot out in all directions, and everyone felt a force that could destroy the heavens and the earth pouncing on them. They all circulated their energy to resist it, and many of the weaker fighters in the distance let out blood-curdling screams before turning into ashes!

Everyone felt as if the world had fallen into chaos. Violent energy filled every space, and everyone circulated their defensive power to the extreme, afraid that they would be accidentally drawn into the terrifying field energy.

After an unknown period of time, the terrifying pressure gradually dissipated, and everyone opened their eyes one by one.

In an instant, everyone was dumbfounded!

They were surrounded by the ocean, and they were more than ten thousand meters away from land!

The ball of green lightning was still floating above the sea, but the lightning shell around it had completely disappeared. It had become a ball of energy, and its aura was clearly much weaker than before.

Although he was injured by that powerful attack, he survived it.

“W-what’s going on?”

Mu Youyun said in a daze as he looked at everything in front of him.

Mu Youfeng’s body trembled, and he said in horror, “ this ... This Suan ni ... Seawood town is gone?!”

“Ah?”

Mu Youyun finally called out, his face still blank, as if he couldn’t believe what he was seeing.

The people in the sky were also shocked as they looked down in horror. The purple lightning had such terrifying power!

purple lightning from the second wood?!

Suddenly, a shocked voice rang out. It was filled with extreme excitement and joy.

With a flash of light in the sky, the Thunder Tiger and fire leopard appeared above the ball of green lightning, their faces full of excitement.

After experiencing the baptism of the purple lightning, most of the green yi wood Qi had been scattered, but it had become even purer. It was mixed with many purple lightning and seemed to be gradually merging together, making it even more terrifying.

“Hahaha!”

The Thunder Tiger and fire leopard laughed. The two elemental powers on their bodies were boiling as they flew down in a flash.

“Not good!” Chen Feng said in shock. He looked up at Yunxiao, his face filled with anxiety. If the Thunder Tiger and fire leopard got the peerless second wood, wouldn’t everything they had done be in vain?

Now that Chen Fengyuan had completely lost his combat power, Yunxiao had vaguely become the well-deserved leader of the crowd.

“There’s no rush. It doesn’t seem to be as simple as I thought.”

Yunxiao’s eyes narrowed and he looked suspicious as he said slowly, ”

All of a sudden, heaven and earth trembled again.

“BOOM!”

A boundless might descended, and everyone’s heart trembled as they looked up in horror!

The rumbling thunderclouds did not disperse. Instead, purple lightning once again condensed, and a wave of heavenly might descended!

Everyone was greatly shocked, and their faces turned pale. They hurriedly fled, afraid of being implicated.

“Gulp!”

Yunxiao’s throat moved as he swallowed with difficulty and said in horror, “Is there more? Could it be that the origin of wood is not tolerated by the heavens and must be destroyed?”

He remembered the Maha ancient scripture that Polong had mentioned, which was something that could not be tolerated by the world. It had directly struck down the world-destroying divine Thunder for several months, forcibly blasting the 3000 words of the rules of the great path into pieces.

The lightning fire Tiger leopard’s body suddenly froze as it looked up at the sky in horror.

there are more?!

His expression was extremely serious. Although the peerless Qi of yi wood in front of him had become purer, its aura was much weaker than before. It would probably be difficult to withstand a second lightning.

The mass of purple-green peerless yi wood continued to roll around, seizing every second to melt the purple lightning and nourish itself.

The lightning Tiger and fire leopard gritted their teeth and turned into a flash of lightning.

If the peerless second wood was shattered, then his chances of taking a step forward would be even slimmer.

He had not made any progress in the peak nine-star realm for more than ten years. The opportunity was right in front of him. He must not miss it even if he had to risk his life!

The black eyes of the Thunder Tiger and fire leopard flashed with determination. He planned to put the peerless second wood into his bag before the purple lightning struck and then escape.

In a breath's time, he appeared in front of the purple-green light. Feeling the power of the elemental origin coming at him, he could not help but laugh wildly. hahaha!

This was the purest wood essence! Even a tiny bit of it would benefit him greatly, not to mention such a big one in front of him. He laughed and manifested a huge claw, grabbing down.

Suddenly, a bolt of lightning shot out of the ball of light and shot toward The Giant Claw.

“What?”

The lightning Tiger and fire leopard were shocked and immediately retracted their hands, revealing a look of horror.

He wasn't the only one. Everyone in the sky was stunned. This peerless second wood had its own consciousness?

“That's Yingluo.”

...

Suddenly, Yunxiao's body trembled as he looked at the ball of purple and green Origin Energy in horror, his eyes filled with extreme shock.

Not only him, but everyone else also seemed to have noticed something. One by one, they opened their eyes and looked over, equally terrified.

“Yi wood transformation! It's actually Yi Mu who's about to take form!”

The lightning Tigers and fire leopards were also shocked, but their eyes were flashing with excitement. They kept licking their dry lips and their bodies trembled with excitement.

The transformed yi wood also had Supreme spirituality. If one could refine and absorb it, the chances of entering divine transcendence would increase by a few times!

The cloud of Yimu Qi started to change. A human figure slowly appeared, and his face became clearer.

“In the morning, I drink the dew from the fall of Mulan, and in the evening, I eat the fallen flower of the autumn chrysanthemum.”

“Pull the root of the tree to form Zhixi, through the falling pistil of the mayfly.”

The sound of a poem slowly rang out from within the Azure light, and Yi MU’s body gradually became clear. It was a man with a cold expression and lightning-like eyes.

Yunxiao was completely dumbfounded. The person who had taken form was an old acquaintance—the spirit of the ancient evergreen tree, little Qing!

He could not help but exclaim.

...

After half a day of torment, the entire Seawood town was buried with him, and countless people were buried under the purple lightning. It turned out that he was the one who was tormenting!

Suddenly, Yunxiao seemed to understand everything.

There was no peerless yi wood here, nor was it the birth of the wood essence. Instead, little Qing was hiding here to cultivate. She must have broken through a crucial barrier. Not only did she accelerate the ripening of all the spirit lightning fruits, but she even attracted the world-destroying divine lightning tribulation in the Supreme pure purple mansion!

Greenie’s true form, the ancient evergreen tree, was the source of all trees, the place where the essence of the second wood in the world gathered.

Speaking of which, these so-called rootless trees were just his children and grandchildren.

When his old friend saw this scene, Yunxiao was a little stunned, as if it had been a lifetime ago.

Qing Zhu's face was unusually cold. It looked at the Thunder Tiger and fire leopard coldly, then looked worriedly at the purple lightning in the sky.

"Can you understand what I am saying? Hurry up and come with me, I can save your life. Otherwise, when the purple lightning strikes, you will die without a doubt!"

The lightning Tiger and fire leopard said anxiously.

Qing gave Yunxiao an indistinct glance, completely ignoring the Thunder Tiger and fire leopard's words.

"You don't understand what I'm saying?" the Thunder Tiger Fire leopard was anxious.

Qing Zhu's gaze turned towards the purple lightning and revealed an unusually serious expression. It spat out a single word, " get lost!

The Thunder Tiger Fire leopard's face darkened and he said angrily, " you are indeed highly intelligent. You should understand that the power of the purple lightning is not something you can resist. Come with me!

Qing Zhu glanced at him, its eyes full of unconcealed contempt. That expression was enough to explain everything.

"Dammit! It's no longer up to you to leave!"

The Thunder Tiger and fire leopard were furious. Their figures flashed and they rushed up. Their five fingers opened and turned into a huge flame prison, falling on little Green's body.

Qing Zhu's pupils shrank, and a strange look flashed in its eyes. It said coldly, " "Since you have the heart to help me, then stay behind and take the lightning for me!"

He flashed and instantly moved behind the Thunder Tiger Fire leopard. His hands quickly formed a seal, and his entire body turned into a dense electric net. It shot out and trapped the Thunder Tiger Fire leopard.

"What?"

The Thunder Tiger and fire leopard were shocked. They roared and clenched their fists. The fire prison immediately turned into a fist and smashed onto the electric net.

"BOOM!"

With a blast of the fiery fist, the entire electric net began to burn, but it could not be broken at all.

"Damn it!"

The Thunder Tiger and fire leopard's expression changed. What made his heart turn cold was that in the thunderclouds in the sky, a purple dragon's head could be vaguely seen. A sense of boundless danger welled up in his heart.

"Break!"

He let out a furious roar. He couldn't be bothered to take little green anymore, and his first priority was to escape. His two fists transformed into elemental forms, one lightning and one fire, and he simultaneously used his essence force to blast down on the electric net.

"BOOM!"

The two elemental powers hit the electric net and burst open. One side of the electric net was forced to open up, like a stretched string, tight but unbreakable. At the same time, a large number of electric arcs shot out, carrying traces of purple.

A strange lightning symbol suddenly appeared on the tightened net, and a terrifying power of lightning emerged.

“Ah!”

The Thunder Tiger and fire leopard instantly felt a sharp pain in their hands. A flash of lightning bloomed and blasted them away with a bang.

Countless lightning bolts surged out of his arms, cutting his body apart inch by inch. He almost lost the feeling in his arms.

After the lightning Tigers and fire leopards were repelled by the net of lightning, the surrounding area suddenly changed.

Little Qing’s entire body appeared behind him, and the lower half of its body transformed into an octopus with countless lightning feelers. It bound the lightning Tiger and fire leopard’s limbs and waist tightly, then pulled with force.

Chapter 1268-favor

The Thunder Tiger and fire leopard’s entire body suddenly stretched out, its chest facing the sky, and a purple shadow shrouded it.

“Ah?” Don’t, don’t!”

The lightning Tiger and fire leopard’s eyes suddenly opened wide. They had gone completely mad. Circles of lightning tentacles pulled at their limbs. There was even a force on their waist. They were completely using their chest to receive the purple dragon lightning!

”

His eyes almost popped out of their sockets as his face was filled with despair. He opened his mouth wide and breathed in and out like a volcano, spewing out endless Thunder and flames towards the purple lightning!

Even though he knew that it was useless, this was the last instinct of a peak nine-star expert to survive. He had to exhaust all his strength and potential!

The light of Thunder and fire surged up like a mad Tiger and leopard. It leaped up and rushed toward the lightning.

“BOOM!”

The purple dragon lightning fell and struck the Tiger and leopard, instantly breaking them apart and continuing to fall.

However, the purple dragon’s body also instantly shrank by several inches, and its heavenly might was greatly reduced.

“Boom boom boom!”

The purple light finally hit the Thunder Tiger and fire leopard’s chest, and the sky was filled with lightning. Countless lightning patterns surged in all directions, and the entire sea set off huge waves that rushed up to the nine Heavens!

Everyone’s expression changed again. They felt that the pressure that filled the sky seemed to be much weaker than the first purple lightning.

The Thunder Tiger and fire leopard had played a significant role.

The entire ocean was shimmering with purple light.

Even the power of the ocean seemed extremely insignificant and helpless in the face of this heavenly might.

“Pi Li pa la!”

The Thunder Tiger and fire leopard’s body was constantly emitting lightning. Its whole body was completely charred, but it was still exhaling smoke from its mouth. It seemed that its internal organs were cooked.

He made a low sound from his throat and fell from the sky. He fell into the sea and made a splash.

Everyone was shocked. A peak nine-stars Martial Emperor was so terrifying that he did not turn into ashes under the bombardment of the purple lightning. He was still alive!

Moreover, the Thunder Tiger and fire leopard had already been injured in the previous battle. If he was in his peak condition, he might really be able to withstand one blow.

After the Thunder Tiger and fire leopard fell, a large amount of lightning appeared on the sea. Then, little Green’s figure gradually appeared. Its face was pale and it spat out a mouthful of blood on the spot.

The two consecutive bolts of purple lightning had already overwhelmed him, and the lightning on his body flickered non-stop.

What was even more frightening was that the thunderclouds in the sky had yet to disperse and were rumbling again!

Yunxiao’s face flickered as he said in a deep voice, ” “Little Qing, what’s going on?”

Chen Feng and the others were all stunned. They looked at each other. He actually recognized the spirit of the second wood that had just taken form?

Qing Zhu wiped the blood from the corner of its mouth and chuckled, " everything has its ups and downs, abundance and loss. The spirits of the five elements each have their own duties. Once they deviate from their trajectories, they will violate the heavenly rules and will not be tolerated by the realm.

what? " Yunxiao trembled. then, he's dead for sure?!

"Not exactly."

Qing Zhu shook its head and said, " although I've broken through my own shackles and am infinitely close to the origin of wood, the 'heavenly rules' I've broken are not strong. Therefore, there are only three heavenly tribulations. As long as I can survive it, I'll be fine. Moreover, the purple lightning Dragon that you saw was just a fragment of the world destroying sacred Thunder. Otherwise, when the complete world destroying sacred Thunder descended, I would have been turned into ashes."

Everyone's expression changed drastically. This was only a clone?

Little Qing raised its head and looked at the purple lightning in the sky. It continued to gather before finally speaking, " Li Yunxiao, I owe you a favor for helping me survive this tribulation.

Yunxiao's face flickered as he said coldly, " "Even if you're taking pleasure in helping others, you still have to act within your means."

"As long as you're willing, I believe you can help me," Qing said.

you think too highly of me, " Yunxiao snorted. you're overestimating me.

Qing Zhu frowned and said, "this is the first time I've asked for help since I've transformed." Although there was a small misunderstanding between you and me back in the demon Plains, it was not considered a grudge. If I can survive this, I'll have the chance to become the only wood true spirit in this world. At that time, you should understand the value of the favor I owe you."

Yunxiao remained unmoved as he said indifferently, " "Back in the demon Plains, Shang wanted to take you in for refinement, and I was the one who saved you. After that, you even ganged up with Shang to deal with my people, I can't accept such a 'favor'. "

Qing Zhu's expression changed slightly. It revealed an anxious expression and said, "I didn't handle it properly that time, but you saved me because the situation forced you to. Now, I'm only one step away from returning to the origin. If I don't repay this kindness, it will become a demon in my heart and I will never be able to step into the Ten Worlds true spirit realm!"

Everyone in the sky was shocked. The ten directions divine realm had long become a legend, but this person in front of them said that he could reach the true spirit realm. It was too hard for them to accept.

Yunxiao pondered for a moment, then looked up at the purple dragon in the clouds, which was even more powerful than the previous two. the conditions are very tempting, but I'm sorry. I'm really afraid that I won't live to enjoy it.

"The profound level weapon you used to crush the axis of the armillary sphere should also be a Saint weapon, right?" Xiao Qing asked anxiously. With the Saint artifact protecting us, our chances of surviving this tribulation are extremely high!"

Yunxiao's face flickered, and a struggle appeared in his eyes. If little Qing could break through to the five-element true spirit realm and owe him a favor, it would be an extremely tempting condition. "You owe me three favors!"

Qing Zhu's face darkened and it trembled with anger. "Don't push your luck! For a true spirit to owe you three favors, you're asking for too much!"

I'm putting my life on the line, " Yunxiao said coldly. I've already laid out my conditions. It's up to you whether you agree or not.

Qing Zhu gritted its teeth and trembled in anger. "At most, two favors! Otherwise, I might be able to pass the Tribulation myself!"

Yunxiao's pupils constricted as he said in a deep voice, " "Deal!"

He immediately teleported to Qing Zhu's side and transformed into his three-headed and six-armed transcendence golden body.

Everyone in the sky trembled as they looked at Yunxiao in horror. Although the conditions were indeed worth risking their lives for, anyone with a little bit of rationality knew that the chance of survival was one in a million!

Even a peak nine-star expert would die if he was hit by it, let alone the last Thunderbolt, which was more powerful than the previous two!

"Don't worry, I won't forget what you've done for me today!" Qing Zhu was overjoyed.

His body turned into Thunder in an instant, forming a great array with a radius of a thousand feet and floating around Yunxiao.

That formation was little Green's main body. Lightning was rolling on its surface, and countless runes of all kinds surged out. The violent energy caused people to tremble even from a distance.

After Yunxiao transformed into his transcendence golden body, his six arms began to perform incantation gestures at the same time, and a huge black shadow with three heads and six arms appeared behind him.

...

A ring-shaped demonic aura slowly surrounded the true devil giant spirit.

Within the ring, the shadow of some weapons could be seen moving slowly.

Qing Zhu's shocked voice suddenly came from the formation as if it was in extreme disbelief. "True fiend Dharma idol! The six paths demonic weapon!"

Yunxiao's heart stirred. Little Qing could be said to be the one who had lived the longest in this realm, and he knew more or less about all kinds of things in the heavenly martial realm. He could get some information from him later.

"What a pity, what a pity!"

Qing suddenly sighed, not knowing if it was because Yunxiao was not strong enough or something else.

Yunxiao did not have time to think. His six arms did not stop, and all kinds of complicated incantations flew up, including many ancient characters of Maha. The appearance of each ancient character triggered a law and made the world tremble.

That dazzling move shocked everyone in the vast sky and sea.

Feini felt a lingering fear in her heart. She had come out of the mountain with the strange ghost this time because she had heard that Yunxiao had the Phoenix divine fire, and she planned to find him all over the world and seize his divine fire.

Now, his face was abnormally pale, and just thinking about it made his body tremble.

As Yunxiao waved his six arms, three dazzling golden energy barriers were condensed out of thin air, which spun slowly in the air like mirrors, reflecting the waves of the sea.

...

Then, the sword case on one of his arms turned, and 24 Northern heaven cold star swords flew out. They spread out in the air instantly, and a cold light shone, blinding people's eyes.

As soon as he performed the incantation gesture on his arm, the 24 swords separated with a clang and formed a huge sword array. A surge of sword Qi spread out and directly condensed into a sword talisman with a silver light, which slowly flowed.

Once again, Yunxiao opened his primordial heavenly eye, and a dark demonic light flew out, turning into a huge demonic sky armor in the sky and falling down, which was directly worn on the true devil giant spirit.

Suddenly, a wave of vast demonic power surged non-stop, and the strange barrier on the devil Sky armor suddenly opened.

His two arms formed a strange seal again, and the divine realm tablet flew out slowly, falling directly on his palms and holding in front of him.

A ray of light shot out from the stele and activated ancient Maha characters. They turned into golden rings that hung around the stele.

At the same time, a golden Nebula appeared and spun in front of him. The four arms behind him grabbed the thousand Autumns tyrannical saber, the great sorrow Twilight Cloud Mirror, the dynasty Bell, and the cold sword, Ice Frost.

Even a strike from a peak nine-star expert might not be able to break through such a vast power!

All the people in Tianhai were completely dumbfounded, especially Chen Feng and the other young heroes. In an instant, they understood the gap between them and Yunxiao.

It was no longer a chasm, but a Galaxy!

Little Qing, who had transformed into a formation, was also shocked. She looked at Yunxiao's state with a dazed look, unable to calm down at all!

Although the spirits of the five elements were shackled by the rules of heaven and earth, making it difficult for them to break through their inherent realms, the speed of cultivation within the same realm was almost a thousand miles a day.

He had just become a Martial Emperor back in the demon Plains, but now he had the power equivalent to a peak Martial Emperor.

Compared to Yunxiao, this abnormal speed that could only be seen on the spirits of the five elements was like a tortoise racing with a rabbit.

Chapter 1269

1269 The might of the heavenly Tribulation

Little Qing knew very well what Yunxiao was capable of back in the demon land.

He was willing to make a promise and agree to two favors because the other party had a Saint artifact. He was counting on the Saint artifact to help him resist for a while, and he was already content.

After that, he would have to rely on himself for the power of the heavenly Tribulation.

But now, it seemed that Yunxiao's full power was no less than his.

While his feelings were complicated, he was also pleasantly surprised.

Just as Yunxiao finished making the last move, the thundercloud in the sky suddenly dispersed and disappeared without a trace with a bang, revealing the purple dragon.

Waves of heaven's might instantly rippled out, and everyone's expression changed drastically. Everyone's skin began to conduct electricity, and electric arcs kept emerging.

"Whoosh!"

Everyone made a prompt decision and immediately turned into light to escape into the distance.

This last heaven's might was already unimaginably powerful, and the distance they were currently maintaining was not enough for them to feel safe.

At the same time, everyone was even more horrified. When they thought that Yunxiao was going to take such a move head-on, their faces turned pale, and their hearts beat violently.

Yunxiao's face turned pale. The power of the purple lightning was far beyond his expectations!

Qing Zhu was also shocked and said in a deep voice, "Don't be afraid! We'll definitely be able to survive!"

"BOOM!"

The sky trembled. The purple dragon circled around for a while, and its eyes shot out a cold light. It suddenly flew down.

The people in the distance could only see a purple dragon Shadow falling. Everywhere it passed, the sky collapsed.

"Ha!"

At Yunxiao's roar, the true devil raised its huge hand and grabbed at the demonic ring in front of it.

With a boom, the true demon grabbed an illusory iron pill manual and flipped it over.

The head of the true demon's predecessor suddenly opened its eyes and lowered its head to look at the illusory iron pill manual, as if it were reading something.

As the illusory scroll unfurled, an indescribable, vast power spread out.

"BOOM!"

The purple dragon descended, and with a flash of lightning, the vast power was destroyed without any resistance. The illusory image of the iron scroll pill manual turned into specks of fluorescent light and dissipated in the hands of the true devil giant spirit.

The face of the giant true Devil's predecessor revealed an expression of shock and anger. It waved its hands, and the devil elemental ring in front of it suddenly disappeared. Three of its six arms grabbed the shadow of a devil weapon—a shield, a book, and a saber.

His six arms waved at the same time, and three mo weapon phantoms and three fists shot out!

“Bang! Bang! Bang! Bang!”

He was still too weak!

As the lightning fell, the three demonic weapon phantoms and six arms exploded at the same time, turning into countless demonic essence power that disappeared in the flash of lightning.

The purple dragon directly broke through the true demonic Spirit's attack and was immediately affected by the demonic sky armor's abnormal enchantment power. However, it also broke through in an instant and blasted directly on the demonic sky armor!

“BOOM!”

The lightning pierced through the demonic sky armor, and the true fiend giant Spirit's entire body crumbled into pieces, turning into demonic essence that filled the sky. However, they were also annihilated by the lightning!

Yunxiao's face flickered. With a loud cry, he raised both hands and threw the divine realm tablet up. The golden light on the tablet spread out layer by layer, making it look like a Golden World, and the monument was immortal!

“BOOM!”

The purple lightning rushed into the golden light of the divine realm tablet and hit the tablet. All the light dimmed at once.

The divine realm tablet trembled violently, and its majestic posture collapsed layer by layer. Countless golden lights shot out.

Yunxiao changed his incantation gesture, and the million sword illustration immediately soared into the sky. A silver sword beam spread out, and sword runes bobbed up and down in the silver Sea of Swords.

“Boom boom boom!”

All the golden light on the divine realm tablet collapsed, and the purple dragon Shadow also dimmed a little before it rushed into the sea of Swords.

“BOOM!”

The sword talismans in the million sword illustration emitted thousands of silver rays, but they all collapsed in an instant. The 24 Northern heaven cold star swords were all dyed with purple lightning, and their own spiritual energy continued to dissipate.

Yunxiao was taken aback. All three of his defenses had been broken. Although he had consumed a lot of purple lightning, the rolling heavenly might still emerged above him, sending forth an unrivaled mighty force.

His hands quickly formed seals and the four profound level weapons on his four arms behind him smashed into the Golden vortex in front of him. Countless seals were sent into it.

The Golden Whirlpool seemed to be boiling, and the four profound level weapons were faintly visible, floating up and down.

“Star Jade, explode!”

Yunxiao’s face froze, and the Golden vortex instantly turned into a shadow thousands of feet long, as if the entire space was contained in it.

The four profound level weapons were surrounded by a golden light as they all started to spin. The entire Whirlpool sea was like a boiling pot as it exploded towards the purple dragon lightning!

“BOOM!”

The entire sky was blown into smithereens, and the earth caved in.

But, Yunxiao did not relax at all. Instead, his heart sank. The mighty heavenly might was close to his feet. His six arms quickly performed incantation gestures, forming three defensive barriers that spun in front of him like mirror lights.

The foreheads on the three heads split open at the same time, and a vertical eye opened. Each of them shot out a beam of elemental power, which was wind, fire, and lightning respectively. In an instant, the three barriers turned into a three-elemental barrier!

The Three Faces roared and the four doors on their bodies opened. The Paramita bridge descended and the twenty four moonlit bridges appeared.

His strongest defense was his physical strength!

At that moment, the thousand-foot array that little Qing had transformed into began to spin, turning into countless Thunder runes and gathering toward Yunxiao.

...

The countless Thunder runes stuck to Yunxiao's body and stacked together to form a tall armor of Thunder, looking like a giant of Thunder.

All the lightning talismans lit up at the same time and connected with each other as if they were one!

“Roar!”

After going through so many obstacles, the purple lightning Dragon seemed to be a little upset. It roared again and again, and its eyes shot out a sharp light.

“BOOM!”

The Dragon Shadow landed on the Thunder armor, and the countless Thunder talismans collapsed one by one. However, the speed was not fast. As they collapsed, they were also constantly consuming the power of the purple Thunder.

Yunxiao’s pupils constricted and flickered with an unusually fierce look. He clenched his six arms into fists and roared as he punched at the purple dragon!

”

Countless golden fist shadows appeared in the sky, layer by layer. Suddenly, the sky was filled with purple, green, and gold.

“BOOM! BOOM! BOOM! BOOM!”

The deafening explosion shattered the surrounding space. The people in the distance were also terrified. Their hearts were constantly impacted by the visual impact. They only felt that the three-colored light was becoming more and more blurry and had completely descended into chaos!

...

“BOOM!”

Finally, with a loud explosion that shook the world, the water in the entire sea area was instantly evaporated!

The sky completely collapsed and fell into endless darkness. It was like a huge black hole, with no light shining out!

“Gulp!”

Everyone’s throats moved, and they found it difficult to make a sound.

In the end, Chen Feng pursed his lips and said with difficulty, “What’s the ending? Did you make it?”

There was silence. No one could answer.

Everyone stood still. That earth-shattering scene had been firmly engraved into their bones. It kept replaying in their minds, and they couldn’t come back to their senses for a long time.

The darkness in the distance gradually dissipated, and a little light slowly appeared.

A bolt of lightning jumped and emitted a “shua shua shua” sound. More and more lightning gathered and slowly formed a ball. It was half purple and half green and extremely pure.

Although the lightning was dazzling, the aura on it was extremely weak, as if it was about to be extinguished at any moment. It was obvious that it had been severely injured.

All of a sudden, a large Crimson hand appeared above the ball of lightning, and it grabbed downward.

“???”

Bolts of lightning shot out, and the ball of lightning struggled a few times, but it couldn’t break free.

“Hahaha! It’s still mine in the end, the peerless yi wood!”

A cluster of flames jumped out with a bang, and a burly figure emerged from the darkness. It was a ferocious and excited face. It was the Thunder Tiger and fire leopard!

“?! What’s going on?”

“Impossible! He’s not dead yet?”

Everyone’s expression changed drastically, and an uncontrollable fear spread through their bodies.

He had clearly been charred black and breathless. Even if he wasn’t dead, he couldn’t have appeared as lively as a Dragon!

After a short moment of shock, Chen Feng, Murong Hengyu and the others “expressions turned dark.

The peerless second wood must not be taken away by him, but the power displayed by the Thunder Tiger and fire leopard had already shocked everyone. Everyone stared at it, and no one dared to approach it rashly.

“Bang!”

Just as everyone was thinking, the Thunder Tiger and fire leopard’s body suddenly trembled. A “ bang ” sound was heard from its heart, and an arm full of sharp claws burst out from behind.

“Ah?”

This sudden turn of events left everyone dumbfounded!

The sharp claws were extremely bloody, and there were countless pieces of meat stuck to them. It was the broken heart of the Thunder Tiger and fire leopard.

The Thunder Tiger and fire leopard were also furious, frightened, and desperate. They roared unwillingly, "Leap sect! You animal, you dare to kill me?"

The lightning Tiger and fire leopard went completely berserk, as if they could not believe what they were seeing. They had actually died at the hands of leap sect!

A faint figure appeared behind him. Leap sect's face twitched, and a hint of fear flashed in his eyes.

As if he was afraid that the Thunder Tiger and fire leopard would struggle before death, he was extremely careful and said coldly, "In the Yangtze River, the waves behind push the waves in front, and the waves in front die on the beach! Lord Lei Huo, with a junior like me to push you, you can die in peace!"

He suddenly kicked out, as fast as lightning!

"Bang!"

The heads of the Thunder Tigers and fire leopards exploded like watermelons, and all kinds of liquid splashed everywhere.

Everyone trembled as they looked at the scene in disbelief. The Overlord of a generation, a peak nine-star Martial Emperor expert, had died in such a cowardly way under the sneak attack of a junior.

Even though they had been mortal enemies before, death was like the extinguishing of a lamp. Seeing a peerless expert die so puny and insignificant, they all felt weak in their hearts.

Leap sect pulled back his bloody claw. Excitement flashed across his face as he reached out to grab the ball of lightning.

All of a sudden, he felt a chill run up his spine. An ice-cold sword was placed on his neck. Then, a cold voice said, "well, good kill. It saves me a lot of trouble."

Chapter 1270-returning to the city

“Li Yunxiao!”

Chen Feng cried out in surprise. His eyes were filled with joy. The rest of the people were also overjoyed and shocked at the same time.

Although they did not want Yunxiao to die, when he was really alive and well, it gave them an indescribable sense of pressure.

you ... How could you still be alive?!

Leap sect’s entire body trembled. He was also in disbelief. He did not dare to turn his head because he could clearly feel the coldness on his neck. The sharp aura of the treasured sword was so strong that he could barely breathe.

Yunxiao was in a sorry state at the moment, covered in blood, but his eyes were full of light as he sneered, “Tsk, tsk, is that how you greet people? Fa happy, do you believe that I won’t hack you to death right now?”

“Don’t whine, we can talk this out!”

Leap sect gulped, and cold sweat dripped down his cheeks.

“What’s there to talk about with you? you even took away one of my puppets. I’ll kill you to vent my hatred.”

Yunxiao’s voice grew colder. With a slight shake of the sword in his hand, one of the Dragon scales on ruanzong’s neck burst open with a bang.

“Don’t! Stop!”

Leap sect trembled in fear and quickly said, "Do you still want that puppet of yours? If you kill me, you will never find that puppet again!"

don't tell me you know where my puppet has been teleported to," Yunxiao sneered. I'm not going to let you know. The pink crystal dust's teleportation is random. I know this better than anyone else."

Leap sect did not know how important the puppet was to Yunxiao, so he had only mentioned it casually. But at this moment, he seemed to find a glimmer of hope, so he said hurriedly, "it's indeed random, but I know the general location!"

what?" Yunxiao said in disbelief. you can only fool children with your flowery words. The ice sword moved slightly, and hot dragon blood flowed out.

"No, no, no, it's true. I'm not lying to you!"

"I'll show it to you and you'll know!" Leap sect quickly said. But you must swear not to kill me!"

if it's true," Yunxiao said with a frown, "I'll let you Live!"

The gourd little Vajra was very important to him, and he could vaguely sense that leap sect did not seem to be lying. If he could find it, it would indeed be a great fortune. Otherwise, with the vastness of the heavenly martial arts realm, he might not be able to find it in this lifetime.

Leap sect was overjoyed. He suddenly took out a jade pendant and formed several runes in the air. The runes flew around the jade pendant and gathered into it before he threw it back.

Yunxiao took the jade pendant and scanned it with his divine sense, then frowned.

Seeing that there was no more sound behind him, he hurriedly shouted, "The location recorded on it is definitely real!"

Yunxiao fell silent. He held the Jade tablet and looked at it for a while, then retracted his sword and said slowly, "You can leave."

When leap sect sensed that the sword Qi was gone, he instantly took ten steps back and retreated more than a hundred meters before turning around warily. His face was filled with anger.

Yunxiao gave him a cold glance, then with a casual wave of his hand, he caught the purple-green Thunderbolt in his hand and slowly put it between his eyebrows.

Everyone's heart skipped a beat as they watched him collect the peerless second wood. They felt bad.

But in any case, it was better for Yunxiao to take it than the sea tribe.

Besides, Yunxiao and the spirit of the second wood had known each other for a long time, and no one else here had the qualification and strength to take the spirit of the second wood.

Leap sect's expression changed slightly before returning to normal. He said coldly, "This matter is over. This King thanks everyone for your warm hospitality. Li Yunxiao, I'll remember you."

Yunxiao's pupils constricted as he said coldly, "What, do you want to be beaten up?"

Leap sect's expression changed slightly, and he snorted heavily. He flicked his sleeves and shouted, "Let's go!"

Not far away, a beam of light flashed. It was runwu, who also had a bad look on his face. He glanced coldly at the crowd, but did not dare to look at Yunxiao.

The two brothers immediately turned into a ray of light and fled toward the distant sea.

Everyone looked at each other, not knowing whether to stop or not.

If they did, they might not be able to stop him since everyone was seriously injured. Moreover, the other party was the Crown Prince of the North Sea. It would be troublesome if he really stopped them. It was better to turn a blind eye and let them go.

Everyone looked down at the vast ocean. The entire Seawood town, which was tens of thousands of meters wide, had disappeared. They were all depressed and emotional.

The three brothers of the MU family looked even gloomier and their hearts ached.

“Everyone has worked hard,” Chen Feng sighed. “Things have come to this, and there’s no turning back. Fortunately, we’re still alive. Let’s go back to the dingtian city.”

The Jade bangle on his wrist flickered, and a beam of light shot out. It transformed into an eighth-grade netherworld warship not far away.

Everyone boarded the warship, and Yunxiao did the same.

The people who had escaped from the city and were watching in fear from a distance were also taken away.

A few days later, an eighth-grade warship suddenly appeared on dingtian city, attracting the attention of countless people.

After the chaos caused by di Jia in the city, the defense ability of the entire city had greatly increased. As soon as they saw the giant warship coming, the people on the city wall suddenly panicked.

“Don’t panic, don’t panic! This is the blade sect’s eighth-grade warship!”

A Captain-like figure shouted. He fixed his eyes on the battleship and saw a huge eye-catching symbol on it. It belonged to the blade sect.

“Are you the Lord from the blade sect? But why did you come in a battleship?”

All sorts of gossip and guesses could still be heard from the top of the city wall.

“All of you, shut up!” The captain shouted. Open up the city’s defenses and welcome the Lord from the blade sect!”

Immediately, a dozen or so cultivators flew up into the air and began to form various hand seals before flying around in a circle.

Layers of mirror lights appeared on the city wall and opened one by one.

“Are you the Lord of the blade sect? Please state your name!”

The captain saw the Starship approaching and hurriedly asked.

A handsome man appeared on the deck of the warship and said in a clear voice, “ I’m Chen Feng from the blade sect. I’m going to enter the city now. Thank you for your help.

...

He flipped his right hand, and a golden token flew over.

The captain’s heart skipped a beat. He naturally knew of Chen Feng’s name. After checking the token, he immediately said respectfully, “ so it’s the eldest young master of the blade sect. I’ll report this to the city Lord.

there’s no need, ” Chen Feng said. there’s no need to alarm too many people. We can just stay at the divine Wood family.

The captain was shocked and seemed to realize something. He hurriedly said, “ “Yes! Yes!”

Mu Youyun also appeared on the deck, standing behind Chen Feng.

Many thoughts ran through everyone's mind as they watched this scene.

After the city Lord's mansion was exterminated, its strength fell drastically, and it was no longer able to rule over the dingtian city. The major forces in the city were all moving in the dark, constantly recruiting talents and moving to the major forces to increase their Foundation.

There had long been rumors that the power behind the divine Wood family was the saber-sword sect, and that the interests of the Seawood spirit suppressing Thunder fruit were under the protection of the saber-sword sect. Now that the eldest young master of the saber-sword sect had personally come to the heaven stabilizing city to support the divine Wood family, it seemed that the rumors were most likely true.

The city's Defense Force was originally under the jurisdiction of the city Lord's mansion, but since the incident, every cultivator had sought refuge with other major forces. At this moment, the city's Defense Force was jointly controlled by several major forces in the city.

This news spread like wildfire and quickly spread throughout dingtian city.

In the city, in the largest living room within the divine Wood family's sphere of influence.

...

A few beautiful maidservants flowed around endlessly, and soon, all kinds of spirit fruits and spirit wine were placed on the table. Each banquet table was filled with a fragrant aroma and rich spirit energy, and there were also many top-grade Thunder spirit fruits.

There were more than ten people sitting in the hall, looking at the sumptuous hospitality in front of them, all smiling.

Chen Fengyuan and mu Youyun were sitting at the head of the hall. On the lower left were Yunxiao, Chen Feng and his wife, Fei Ni qigui, and Murong Hengyu, while on the lower right were Jiang Xiuzhen, mu Youfeng, mu youlang, and a few core figures of the divine Tree family.

Chen Feng picked up the wine jug in front of him, opened the lid, and sniffed. He chuckled and said, "Even with my cultivation, a sip of high-grade spirit wine is equivalent to several days of bitter cultivation. The divine Wood family is indeed rich and overbearing."

"Don't laugh at me, eldest young master," mu Youyun quickly said with a bitter smile. It's rare for Mister Feng Yuan, eldest young master, and all of you young heroes to come to my humble home, it's really an honor. I've brought out all the family's collection, I hope you don't think it's bad."

Chen Feng chuckled. you're too kind, Lord Youyun. I've never seen many of these rare and precious fruits before. I've truly broadened my horizons today.

as long As You Like It, " mu Youyun said. there are some collections in some of the races. I'll get someone to pick some good ones for you to slowly taste later.

"You're welcome," Chen Feng hurriedly replied.

Mu Youyun sighed and said, " sigh. The divine Wood family has been under the care of Mister Fengyuan, the eldest young master, and young master Hengyu for many years. They have some savings. They can maintain the operations of the family for now. But now that Seawood town has been destroyed and all the rootless trees have disappeared, the divine Wood family has lost an important source of income. The family's legacy is in Jeopardy!"

He cried as he spoke, and he couldn't help but wipe his tears with his sleeve.

Murong Hengyu took a sip of the wine and laughed,"Lord Youyun is overthinking. With young master chenfeng around, the blade sect is rich and generous. Even if they pluck a leg hair for you, it'll be enough for your Divine Tree family to survive for hundreds or thousands of years."

Mu Youyun hurriedly stood up and cupped his fists at Chen Feng. if that's the case, the entire divine Wood family will be deeply grateful to you, eldest young master.

Chen Feng was holding a piece of fruit in his hand and was just about to eat it, but now his mouth was wide open, unable to put it in. He could only put the fruit back on the plate and said to Murong Hengyu, "Young master Hengyu must be joking. The blade sect's expenditure was so huge that it was hard to imagine. The Murong family, on the other hand, had been living in seclusion for many years. They had all sorts of spiritual stones and treasures that they could only enter but not leave. They must have accumulated a mountain of them and were probably rich enough to rival a country. Why don't the Murong family come out now and occupy a wondrous place in spirited mountain and become the tenth super power? our two families will form an alliance and advance and retreat together."

"If the Murong family is willing to come out, then I will have to ask young master Hengyu to take good care of the divine Tree family. I will be extremely grateful!" Mu Youyun quickly said, taking advantage of this opportunity.
