

The Eternal 1271

Chapter 1271-eating and drinking

Murong Hengyu snorted coldly and said, "Hmph, over the years, more than half of Seawood town's income has gone to your blade sect." Now that Seawood town is gone, not only the divine Wood family, even my Murong family is in trouble. I might have to borrow some money from your blade sect. "

At the side, Fei Ni's eyes gleamed and she said, " I finally understand how to sell the spiritual lightning fruit. It's brilliant.

"High?" Qi GUI frowned. What do you mean by that?"

Fei Ni's eyes turned and she smiled without saying a word.

Seawood town is gone now, " Chen Feng said with a bitter smile. there's nothing to hide.

"Feini, what do you mean by brilliant?" Qi GUI said unhappily.

I can only guess a little, " feini chuckled. let Lord Youyun explain.

Mu Youyun sighed, and with a pitiful expression, said, "The benefits of the Seawood Thunder spirit fruit are too great. Although we have the support of the various Lords of the blade sect, there are still some powerful forces or cultivators who can't afford to offend us. Therefore, the smuggling of the spiritual lightning fruits came into being. The Murong family secretly supplies the fruits to those who need them in large quantities."

what? " Qi GUI was shocked and his eyes widened. so, the so-called smuggling is actually in cahoots with you? "

Mu Youyun nodded and said, "the benefits of this are obvious." First, it's to satisfy the needs of the major forces. Hehe."

“Secondly, Yingluo.”

Fei Ni chuckled and said, “the price of the smuggled spiritual lightning fruits has almost doubled. The profits are unimaginable.” There must be other powers who have guessed the key to this, but with the saber sword sect and the Murong family, these two behemoths, keeping watch, they’ll turn a blind eye to it.”

“The Murong family’s smuggling business is the biggest slice of the cake in Seawood town,” Chen Feng said.

“Your dog shit!”

“The number of fruits and the flow of the fruits are all under the control of the blade sect. We’ve only taken a small portion of it,” Murong Hengyu shouted.

Mu Youyun hurriedly said, “ young masters, please stop arguing. Now that the fruit forest is gone, what should we do next? ” I hope that the Lords present can give the divine Wood family a way out.”

Murong Hengyu and Chen Feng instantly died, their heads turned to the outside.

Mu you Yun looked pitifully at Chen Feng Yuan beside him.

Chen Feng Yuan had been silent the entire time, he looked extremely old, but he was wearing a gorgeous long robe, looking quite noble.

In the previous battle, he had exhausted all his energy. Although he was lucky enough to survive, his cultivation had been completely crippled and he had become an ordinary old man.

This was a cruel thing for someone who had once stood at the peak of the continent. Fortunately, Chen Feng Yuan was optimistic, and he seemed to have accepted this reality after a few days of change.

Chen Fengyuan looked at mu Youyun's pleading eyes and smiled, "I've already become a cripple, and I plan to find a place to spend my remaining years in peace. I won't interfere with the sect's Affairs anymore."

The entire place suddenly quieted down, and only the sound of "Ba Ji Ba Ji" of fruit being eaten could be heard, which seemed to be somewhat disharmonious.

Feini blinked and looked at Yunxiao. young master Yunxiao, you're just sitting there without saying a word and only eating. Are these bejeweled nectar and jaded fruits really that delicious? "

Yunxiao's hands did not stop as he swallowed a few fruits in a row. More than half of the things on the table had been eaten, and his mouth was full of food, so he could not speak clearly."It's such a good thing, it'll be a waste not to eat it. Eating these is equivalent to a year and a half of bitter cultivation. I'm not like you guys who want to lose face and suffer. In fact, all of them want to eat until they're half dead because they want face."

As he spoke, he ate a few more. He seemed to have choked, so he directly opened the lid of the wine pot and drank big mouthfuls of the fine wine.

Everyone could only smile bitterly, feeling a little dizzy. But, what Yunxiao said was true. Eating all the fruits on the table could probably make up for a year and a half of hard cultivation. However, no one could eat so rudely.

"That makes sense."

After hearing this, Qi GUI thought for a moment and also began to eat the fruit with all his might.

During the battle in Seawood town, he had been unconscious and protected by the people of the divine Wood family, so he did not see Yunxiao show his power.

But, he had heard feini tell him everything in detail on the way here. Although he did not believe it, he knew that there was a great gap between him and Yunxiao.

In this world, it was not scary to be stronger than you. What was scary was those who were stronger than you and worked harder than you.

Qi GUI had also thought about this point. Face was not worth mentioning when it came to something as important as raising one's cultivation.

If you have the strength, you will have face no matter what.

Without strength, no matter how pretentious you were, others wouldn't think that you had any face. They would only think that you were a fool.

Chen Feng, Murong Hengyu and the others were silent for a moment. They looked at each other, then suddenly grabbed the bejeweled nectar fruit in front of them and began to eat.

Even the two women, Feini and Liang Yuyi, smiled. Although they were not as rough as the men, they also quickly took the fruits and ate them.

This immediately made Mu Youyun feel bitter, a heart-wrenching pain. He said in a trembling voice, "Eat slowly, everyone, eat slowly. Let's first talk about the future development of our clan."

However, no one paid any attention to them, and they all ate faster.

Not only Mu Youyun, but the other members of the Divine Tree family were also in pain, beating their chests and stamping their feet.

"Wow, I'm full! It's so comfortable!"

After a while, Yunxiao patted his belly and laughed happily. The small mountain of fruits in front of him was now empty.

Mu Youyun's heart was bleeding, but he still had to smile obsequiously. It's good that young master Yunxiao is comfortable. It's good that you are comfortable.

Yunxiao smiled. I just heard from Lord Youyun that there are still some things in the mansion. Why don't you take some out to eat? I'm not full yet. He touched his belly.

Mu Youyun's face turned green, and his eyes bulged. He said in a trembling voice, "The remaining bit is the entire Foundation of the divine Wood family. Young masters and young Lords, let's eat slowly and talk about our clan's situation and development first. As long as we're happy with the discussion, I'll tell you everything I have and let everyone eat to their heart's content!"

that's a good idea," Yunxiao said with a smile. let's talk after they finish eating.

Chen Feng and the others ate faster and faster, with no intention of stopping.

Mu Youyun patted his head, feeling that he had met a fiend.

The reason why he had taken out so many good things to entertain everyone was to show his sincerity. More importantly, they were all people of status. Even if they wanted to eat, they would only have a taste. Most of the bejeweled nectar fruits had to be moved back to the Treasury.

Who knew that they would run into a shameless fiend like Yunxiao, who even led everyone to eat together?

Even the core members of the MU family couldn't help but eat quickly. Once the meeting was over, they wouldn't be able to share these Supreme-grade spirit fruits.

Mu Youyun's anger rose, and he glared fiercely at those people, only then did they restrain themselves.

Only Jiang Xiuzhen was still calm and composed. He didn't put down his old face and only took a sip, chuckling like a senior.

...

“Eh, why aren’t you eating such delicious fruits?”

Yunxiao gave Jiang Xiuzhen a surprised look. Then, in a flash, all the people could see was a flash of green light, and all the bejeweled nectar and jaded fruits in front of Jiang Xiuzhen were moved to Yunxiao, who then continued to eat. if you don’t want to eat, I’ll help you.

Jiang Xiuzhen was stunned for a moment, and then smiled awkwardly in a friendly manner.

Yunxiao did not even look at him as he continued to eat and drink.

“Eh!”

After the time it took to finish a cup of tea, Yunxiao finally finished the food in front of him and burped.

That burping sound made mu Youyun’s heart feel like it was being cut by a knife.

However, the person in front of him was the number one rising star and would definitely be the world’s Overlord in the future. He was someone he had to curry favor with. He could only smile bitterly and say, “Young master Yunxiao, did you enjoy your meal?”

“I’m happy, I’m so happy.”

Yunxiao laughed, and everyone looked at each other.

Yunxiao rubbed his belly and said, “ since you’re so happy eating, I’ll give Lord Youyun an idea. I’m sure you’ll be able to get out of this predicament.

...

“Oh? Hurry up and tell me!”

Mu Youyun's eyes lit up, and he immediately became overjoyed.

Lord Youyun, you only need to send someone to spread the word that the saber sect and the Murong family will be your backers," Yunxiao said. you'll have to give more than half of your profits to them. Who in the entire dingtian city will compete with you for business? " You can just wave your hand and take a bite of all the business in the entire ding Tian city."

"Pfft!"

Chen Feng and Murong Hengyu choked, their necks turning red as they desperately patted their chests. The other one coughed continuously, spitting out the pulp in his mouth.

Mu Youyun also smiled wryly and shook his head.

do you think this is inappropriate, Lord Youyun?" Yunxiao sneered. I'm not going to let you go.

Mu Youyun sighed,"it's not just inappropriate, it doesn't work at all. It's a completely imaginative idea." Putting aside the fact that the other forces in the city also have a backer, if I were to provoke public anger by openly snatching benefits like this, the saber sword sect and the Murong clan would have to stand on the side of justice. How could they help me?"

"No, no, no, it won't work at all." Mu Youyun shook his head repeatedly, thinking that although Yunxiao was strong, his thinking was still too naive and simple.

"That's right. A gentleman loves wealth and takes it in the right way. How can you take it by force? my blade sect will definitely not allow it."

Chen Feng said with a serious expression.

Yunxiao sneered and said, " your families have been eating the lion's share of the pie for so many years. Now that you have nothing to eat, you don't care when someone is in trouble. Hehe, as expected, a gentleman loves money and takes it in the right way."

“We’re just discussing a plan,” Chen Feng’s face turned red.

Yunxiao’s face turned cold as he said, “there’s no need to discuss it. Just use my method. When the divine Wood family is attacked, if the two of you don’t stand up, I’ll announce to the world that Seawood town has been eating big money for so many years. Let’s see where you two can put your faces!”

“This, this can’t be!”

Chen Feng panicked. If it were someone else, he would not believe that the other party would dare to do this, but Yunxiao was a hundred percent sure that he would dare to do it, and he would definitely do it!

Chapter 1272-befriend

Murong Hengyu was also a little apprehensive, “The Murong family really didn’t earn much. Brother Yunxiao, you can’t do this to me!”

I don’t care about that,” Yunxiao snorted. I only know that if I get benefits from others, I have to do things for them. I had a great time eating the fruits, so I have to speak up for the divine Tree family. Other than the spirit lightning fruits that you’ve been exploiting them for all these years, you’ve also been giving them all kinds of offerings, right? When things come to a head and others are in trouble, you guys start to play dumb?”

brother Yunxiao, you’ve misunderstood,” Chen Feng said hurriedly. we can’t just stand by and do nothing about the matters of the divine Tree family. However, with Seawood town destroyed, the divine Wood family’s decline is inevitable. If they want to rise again, there must be a process.”

Yunxiao’s face darkened as he said coldly, “Chenfeng, you’re still playing dumb with me. If you really want to support a mere Divine Tree family, even without the spirit lightning fruit, you will only become stronger.”

He saw that Chen Feng still wanted to argue, so he interrupted him and said coldly, “Don’t try to reason with me, I don’t understand. In short, a year later, the divine Wood family declined. Not only did

I tell everyone about what happened in Seawood town, but I also told everyone about some of the secrets of the blade sect.”

He laughed coldly and said, ” for example, Chen duantian’s ninth concubine’s family, the situ family of Qinyuan city, slaughtered a thousand people in a night and swept through the other forces in the city with thunderous methods, unifying Qinyuan city. I think it was done by a slightly fat, double-jawed, short, and fat winter melon Martial Emperor from your blade sect.

Chen Feng’s expression changed drastically, and even Chen Feng Yuan’s eyes narrowed in shock.

The others all frowned slightly before their expressions changed drastically.

Chen Feng swallowed with difficulty and said sternly, ” “Li Yunxiao, don’t talk nonsense! The Qinyuan city case is still a mystery. What right do you have to say that we did it?”

Yunxiao chuckled and said, ” when that happened, you were not even born yet. You can ask your third great uncle.” Back then, he had unintentionally passed by Qinyuan city and happened to stay there for a night. He had witnessed this matter with his own eyes.

Chen Fengyuan was also shocked. Although people in the world could more or less guess that it was done by the blade sect, no one dared to say it out loud, and no one knew what the murderer looked like, but Yunxiao seemed to have seen it with his own eyes.

“The blade sect has always been open and aboveboard, how could they do such a shameless thing?” he said in a deep voice. Let’s not talk about these nonsensical rumors and get down to business. I also feel that the divine Tree family has been doing their best for us all these years, so we should give them our support.”

When Chen Feng heard the first two sentences, he gave Yunxiao a fierce look, but when he heard the latter part, he was surprised.

Seawood town had already been destroyed, and the divine Wood family basically had little value left. They were not worth supporting at all, and his third great uncle should know this better than him. He

immediately understood that Yunxiao's words must be true. His third great uncle was also afraid that things would get out of hand, which would have a bad influence on the blade sect.

"How about this, since the position of Lord of the dingtian city is about to change hands, let mu Youyun take over," Chen Fengyuan said.

Chen Feng was startled. The position of the city Lord of the dingtian city had many implications. The other major powers had also sent people to offer Tributes, and the blade sect had accepted them. It would be too unkind of them to rashly interfere. Even if he wanted to support the divine Tree family, there was no need for him to interfere in the matter of the city Lord.

He was just about to speak when Chen Feng Yuan interrupted him with a wave of his hand.

Chen Fengyuan took a sip of wine, then looked at Yunxiao and said with a smile, "I wonder if young master Yunxiao is satisfied with such support?"

Yunxiao smiled as well. I'm satisfied! he said. I'm satisfied! Lord Youyun, I didn't eat the fruits for free. I've fought for the city Lord position for you."

"Thank you, young master Yunxiao. Thank you, Lord Feng Yuan!"

Mu Youyun was overjoyed, and he could not contain his excitement. He knew very well that Chen Fengyuan was giving Yunxiao face, so he said in a hurry, "since young master Yunxiao likes to eat these spirit fruits, I'll have the servants pack up all the stock and send it over immediately.

A core member of the MU family immediately understood and left the hall to prepare all kinds of gifts.

"Congratulations, brother Yuyun," Jiang Xiuzhen also said with a smile.

"It's all thanks to master cultivator, all of you," mu Youyun hurriedly said. "I hope master cultivator can take care of me in the future."

"I can't guarantee anything else, but in the future, more than half of myriad treasures store's business will go to the divine Tree family in the dingtian city." Jiang Xiuzhen patted his chest and said.

"Really?"

Mu Youyun was ecstatic, and he repeatedly cupped his fists and said, "Thank you, thank you, great cultivator!"

Good things came one after another, and happiness came so quickly that the three brothers of the MU family suddenly felt as if they had fallen into the clouds.

In fact, Jiang Xiuzhen was just taking advantage of the situation. Previously, one-third of myriad treasures store's business in dingtian city went to the city Lord's mansion, and one-fifth went to the divine Tree family. Now, it was just a sum.

But to the divine Wood family, it was undoubtedly great news.

The three of them knew that it was all Yunxiao's work, and they were very grateful.

Murong Hengyu, Fei Ni and the others looked on from the side, their eyes flashing as they each had their own thoughts.

Chen Fengyuan smiled. young master Yunxiao is a man of honor. You are truly a rare character. I wonder if you are interested in being a guest at the blade sect? "

is it because I told you some secrets just now, Mr. Feng Yuan? " Yunxiao asked. you want to lure me over and kill me? "

haha, young master Yunxiao, you're so humorous.

Chen Fengyuan laughed and said, " you're the number one person in the younger generation. You'll definitely be an Overlord in the future. You'll be a peerless figure. The blade sect really wants to make friends with someone like you."

Mr. Feng Yuan, do you mean that we are not friends now? " Yunxiao asked.

haha, I misspoke. Young master Yunxiao, you're so forthright! Chen Fengyuan stroked his beard and laughed, his face relaxing for the first time in a few days. Befriending Yunxiao was the last thing he would do for the blade sect.

Although there would be some twists and turns in helping the divine Tree family to become the city Lord of the heaven stabilizing city, it was indeed not a big deal to the saber sword sect.

On the other hand, Yunxiao was someone he had to make friends with. Since the incident with songyue Yangcheng, Chen Feng, who had always been proud and arrogant, had completely changed, as if he had become a different person. Not only had his cultivation base improved by leaps and bounds, but even his character had become restrained and low-key, concealing his strength and biding his time.

So, not only him, but even Chen duantian and the others were very curious about Yunxiao. This time, when Chen Fengyuan saw how tyrannical the Dragon was, he felt even more uneasy than he had heard.

During this period of time, his cultivation had been crippled, so he was in a low mood and didn't speak. Just now, he had the chance to make friends with this person, so he naturally wouldn't let it go. He immediately stood out to support the divine Wood family, which was considered a favor to him.

"The Murong family also welcomes brother Yunxiao at any time," Murong Hengyu cupped his fists and said.

"The same goes for the long family of Sky Ridge," feini said with a smile.

After witnessing Yunxiao's strength, these people, who had always thought highly of themselves, had lost their desire to compare themselves with him. They were completely convinced and began to rope him in for their own interests.

Yunxiao laughed. the Murong family is hidden from the world, and the heavenly Ridge is between the dangerous cliffs. Both are rare sights in the human world. I'll definitely go there when I have time. It was also a response to the two of them.

Chen Feng also understood his third great uncle's meaning. He immediately laughed and said, "after songyue left, chenfeng has been thinking about brother Yunxiao. Why don't you come with me to the blade sect now? I'm sure there will be better wine and food for you. I also have many things to ask brother Yunxiao about martial arts.

Yunxiao's eyes flickered, and his smile vanished as he said slowly, "I'm really sorry, I have something to do. Because I haven't been on the continent for a long time, I'm very uninformed about some news, and I want to ask you all about something."

"What's the matter?"

"If we knew, we would definitely tell you everything we know," Chen Feng said in surprise.

"Even if it's a secret, with myriad treasures tower's ability, we can quickly guess it," Jiang Xiuzhen hurriedly said.

Yunxiao's eyes turned cold as he said in a deep voice, "Tang Xin of the Redmoon city is going to marry Jiang Ruobing. Do you know the inside story?"

Everyone was taken aback, revealing strange expressions as they looked at each other.

...

everyone knows about this, " Fei Ni suddenly laughed. why do you ask, young master Yunxiao? "

She blinked and said, "Tang Xin is also a rare young hero in the world. She's also the son of the city Lord of Red Moon City. I heard that she's also the direct disciple of the martial sovereign, Teng Guang. I heard that Jiang Ruobing is also as beautiful as a fairy and is famous for her beauty. The two of them are a perfect match."

“Oh, I understand.”

When Feini saw Yunxiao’s face turning uglier and uglier, she immediately changed her tone and said, “Back then, young master Yunxiao showed his power in the red moon City and was called the number one rising star by Jiang Churan. He must have some connection with Jiang Ruobing, right?”

Mu Youyun said, “Everyone in the world knows about this. There are still more than a month before the wedding. My Divine Tree family has also prepared a generous gift. What does young master Yunxiao want to know?”

“Is Jiang Ruobing really willing to marry Tang Xin?” Yunxiao asked. “Or is it because she was forced by someone or the situation?”

He raised his head and stared at Chen Feng, “The blade sect is also one of the seven superpowers. It’s impossible that they don’t have such information, right?”

Chen Feng’s heart jolted from his stare, and he felt extremely uncomfortable. He hurriedly said, “I do know some inside information about this.” “Indeed, it’s just as brother Yunxiao said. The seven great forces pay close attention to each other,” he said with a bitter smile. He could not help but glance at the Feini Qigui.

“The Long family does have spies in the red moon City, but I’m not sure about that,” Fei Ni laughed.

Chen Feng nodded and said, “After the opening of the ancient lands and the barren lands, Jiang Churan disappeared. The red moon City changed hands. This caused a huge commotion. Even Jiang Churan’s family was forced to flee the red moon City overnight and seek refuge with the Jade Toad sect of the North Region.”

He gave Yunxiao a strange look and said, “According to the information, when the Jiang family’s wife and daughter escaped from the red moon City, they received the help of a mysterious young man. After that, the red moon City began to put you on the wanted list, brother Yunxiao. There was a lot of tension between them.”

Chapter 1273-courting death

that's me," Yunxiao said. I'm the one.

He added. it's a pity that I wasn't strong enough at that time. Otherwise, I would have killed Tang Qing directly. Ruobing and the others wouldn't have to run away.

Everyone's hearts trembled, and cold sweat trickled down their backs.

Now Tang Qing was the master of Red Moon City, one of the seven sect Masters in the world. Who dared to say such treasonous words?

Chen Feng was also drunk. He wiped his cold sweat and continued, "then it's no wonder. The red moon city's wanted order for brother Yunxiao has not been withdrawn.

Yunxiao's eyes turned cold, and his face darkened.

"If the Redmoon city dares to harm young master Yunxiao, the blade sect will always welcome young master Yunxiao," Chen Fengyuan suddenly said.

Everyone was taken aback. He was obviously trying to recruit Yunxiao at the cost of offending the red moon City.

"Thank you," Yunxiao said.

Chen Feng was also shocked by his third uncle's decision. Although Yunxiao was worth recruiting, it seemed extremely unwise to offend Red Moon City for this reason."After the mother and daughter of the Jiang family fled to the Jade Toad sect of the North, we continued to send people to keep an eye on them for a while, but there's not much information value left. After all, Tang Qing is an external force. Although he drove away the Jiang family's mother and daughter, it will take a long time for him to sit firmly on the position of the city Master."

"With the help of the East Sea war to stabilize his prestige, and the fact that a large number of opposing forces were sent to the front line to die in the East Sea war, Tang Qing has further increased his control

over Red Moon City. However, after the war ended, all kinds of counterattacks continued, and the internal struggle in Red Moon City was extremely intense. After wiping out a large number of elders, Tang Qing finally took control of the overall situation one by one. But at this time, he seemed to have realized that if the purge continued, Red Moon City would very likely fall from the height of the seven major forces.”

therefore, they adopted a compromising attitude. By marrying Jiang Ruobing and forming a marriage alliance with the Jiang family, they won the favor of the opposing forces and finally secured their throne. As for Qianqian of the Jade Toad clan, the Jiang family was sent back to the Redmoon city with a letter.”

After Chen Feng finished speaking, the entire meeting hall fell silent.

not only is Tang Qing powerful, but he’s also a cunning old fox, ” said feini. according to our long family’s intelligence, there’s more to him than meets the eye. She also revealed the information she knew. Moreover, this information wasn’t considered a secret among the seven superpowers.

Chen Feng’s face turned cold as he said coldly, ” he was able to settle the matter of songyue yang city. Moreover, he suddenly seized Redmoon city. How can such a formidable person be simple?! I’m going to settle the score with him sooner or later!”

Chen Fengyuan said slowly, ”these old foxes in the merchant Union are not simple people!” Among the seven forces, the one most likely to fall is the red moon City. They must have made a detailed plan and planned for a long time.”

Jiang Xiu laughed awkwardly. With his status, he didn’t dare to talk about this and could only play dumb.

“Why do you say that, third great uncle?” Chen Feng asked in surprise. The red moon City was far in the East and dominated a region. There was no competition, so it shouldn’t collapse so easily, right? On the other hand, our North Region is full of heroes.”

Chen Fengyuan said, ”in the red moon City, many forces work together and do their own things.” If they met a strong commander, they would become a piece of iron, and their strength would surpass the other six sects. But if the commander is weak and incompetent, he is a pile of loose sand. Other than his reputation, he is not even as good as the ten sects of the North Region or the seven leaders of the merchant Union.”

"I see. What about Jiang Churan?" Chen Feng asked.

Chen Fengyuan's brows furrowed as his eyes flashed with a sharp light, "Jiang Churan may look gentle and refined, but he's actually very shrewd and unfathomable. After the previous city Lord, Ning Ke, disappeared for no reason, the Red Moon City had already begun to fall into chaos. It was not easy for him to hold on until now. In fact, there are two most important keys to the situation in the entire Red Moon City. One is how strong the forces behind Tang Qing are, and the other is whether Jiang Churan is really dead!"

Yunxiao's pupils constricted, and his face was filled with endless sorrow. Only he and Tian Si had seen Jiang Churan's death with their own eyes. Even if the others had guessed it, they could not verify it.

Chen Feng nodded and said, "According to the Blade Sect's experts who entered the secret realm at that time, Jiang Churan encountered a powerful enemy in the end. She didn't make it out in time. She most likely died. However, even if he couldn't defeat that peerless expert, he wouldn't have died. Thus, there are many different opinions and no definite answer."

"That's right, Lord Yu Zhuo of the Long Family was there too," Feini added. She gave Yunxiao a strange look and said, "When Lord Yu Zhuo described the scene, he said that young master Yunxiao was also deeply involved and seemed to have left later than them."

The crowd was taken aback, and all their eyes were fixed on Yunxiao.

Chen Fengyuan furrowed his brows. I finally understand the intentions of the Red Moon City. Why are they hunting down young master Yunxiao? It turns out that only you know whether Jiang Churan is dead or alive! he said.

Everyone's heart skipped a beat as they looked at Yunxiao. The mystery that had been bothering them for a long time seemed to be about to be solved.

The moment Yunxiao saw the sadness in his eyes, he immediately hid his emotions and said coldly, "Why are you all looking at me? Even if I do, it's a secret. Do you know what a secret is? Secrets are things that can not be said!"

He felt as if his heart was being cut by a knife when he thought of the battle on earth and planet Tianhuang. He was not willing to tell the news of Jiang Churan's death himself.

Everyone smiled bitterly and shook their heads.

young master Yunxiao, you're too unhappy, " feini mumbled. we're all sharing information, but you're hiding it.

then you can shut up, " Yunxiao said coldly. you don't need to share!

Feini trembled. Yunxiao's eyes were like ten-thousand-year-old ice, which made her shudder. Her face turned pale in an instant, and she bit her lip and stopped talking.

Chen Fengyuan's brows also furrowed as he said, "Since young master Yunxiao doesn't want to tell us, we won't force you. Jiang Churan's life is important, but it will only affect the situation in the Eastern Region. It won't affect our blade sect much. Whether the city Lord of Red Moon City was Jiang Churan, Tang Qing, or anyone else, it was the same. However, I have a question that I hope young master Yunxiao can answer."

what doubts? " Yunxiao asked. what doubts? "

"Who was the person who could injure Jiang Churan in the ancient times?!" Chen Fengyuan asked.

Everyone was shocked and pricked up their ears.

Yunxiao's face was gloomy as he said, " a monster that has lived for countless years in someone else's body.

"Where is that monster now?" Chen Fengyuan asked. Can you come out of the ancient land?"

Yunxiao saw Tian si come out of yang yuanshu's memory, and ning keyue had followed him. He sighed and said, " "They're already out. I don't know where it is right now, but if the blade sect is able to find the whereabouts of that thing, don't forget to let me know."

Everyone was shocked. A monster that could injure the city Master of Red Moon City was roaming the continent like this. How dangerous was that?

However, how many people in the world could subdue such a monster?

Chen Fengyuan's expression was also unsightly. He nodded and said, "I'll report this to the sect master and even the Holy region. Young master Yunxiao, you won't mind, right? "

Yunxiao frowned and said with hatred, " I don't mind. It's good to ask the Holy region to help me find out where this person is, but this person will die in my hands sooner or later!

"Oh? Where does young master Yunxiao get his confidence from?" Chen Fengyuan was stunned as he asked in confusion.

Yunxiao's face turned cold as he said, " "Because no one in this world can kill him!"

With Tian Si's abilities, even if he were to encounter a powerhouse like a conferred Martial Emperor, he would still be able to escape even if he could not defeat him. Moreover, Tian si had the ancestor of the moon eyes, GUI Xu, by his side. It was as if two divine transcendent experts were following him in both body and soul. Even if ao changkong were to make a move, he would definitely not be able to kill Tian si.

After all, each of the ten titled martial sovereigns was extremely talented. It was inevitable that ao changkong would make further progress after more than 20 years.

Yunxiao could not help but tremble when Shi Long's face suddenly appeared in his mind.

The only one in the world who had the confidence to kill Tian Si was the living true spirit, the son of the true dragon.

How could Chen Fengyuan know that he had thought about so many things in a flash? he only muttered to himself for a moment before nodding, "Indeed, there are very few people in the world who can kill him."

Chen Feng continued the previous topic, "Our original inference was that it was very likely that the forces behind Tang Qing had sneaked into the world to deal with Jiang Churan, which made it easier to take over the Redmoon city later. From the looks of it, Jiang Churan's disappearance was completely an accident, and it could be considered as a great help to Tang Qing."

Feini's expression had returned to normal. She nodded and said, "Originally, if Jiang Churan was here, we could at least draw out the forces behind Tang Qing and let us estimate. Right now, we don't have any clue about the terrifying power behind Tang Qing."

...

this cocoon must be peeled off layer by layer," Yunxiao snorted. after beating the watchdog, the master will naturally come out. He stood up and said, "I'm pretty much aware of the situation. Thank you, everyone. I'll take my leave here.

you ... Chen Feng's expression changed. brother Yunxiao, you're not going to the Redmoon city, are you?"

what?" Yunxiao asked. brother chenfeng, do you want to go with me?"

brother Yunxiao," Chen Feng's face was covered in cold sweat as he hurriedly said, "we can't be reckless in this matter. If brother Yunxiao wants to stop the wedding, it'll be like sending a sheep to a Tiger's mouth. Besides, have you ever thought that this might be a good thing for lady Ruobing? At least the Jiang family managed to stay in the red moon City and continue on."

what a joke! Yunxiao said coldly. if we kill Tang Qing, the Jiang family will naturally be able to continue.

"But if you go now, you won't be killing Tang Qing. You'll be sending yourself to your death," Chen Feng said.

I'll go," Yunxiao said. even if I have to die, I'll go.

"I don't understand," Chen Feng said with a frown.

Yunxiao suddenly smiled and said indifferently, "Because someone died for me before, so I have to die now."

...

Chapter 1274

1274 New Yan city

Chen Fengyuan said,"everyone has their own obsessions. There are things a man does and things he doesn't do." Since young master Yunxiao has made up his mind, we can't stop him. Although the blade sect can't go against the red moon City directly, if young master Yunxiao has a request, we will definitely do our best."

His words were very serious, and he had made it clear that he supported Yunxiao's position. As one of the seven superpowers, his words were very likely to offend Red Moon City, but he still said it, which was enough to show his determination to win Yunxiao over.

since you've said so, Mr. Feng Yuan, I won't be polite," Yunxiao said. I just happen to have something to trouble the blade sect with.

Everyone's faces darkened. This Yunxiao was really impolite. He had just finished speaking, and now he was making demands. Everyone had the same thought at the moment. In the future, when talking to him, they must not be polite.

Chen Fengyuan's brows also twitched slightly, and he said with an unmoved expression, "What's the matter?"

Yunxiao chuckled. I need an auxiliary Mystic artifact called the finger spirit plate. I wonder if the blade sect has it? ”

“Finger spirit plate?”

Chen Fengyuan pondered for a moment and said, ” this item isn’t anything particularly precious, but there aren’t many of them left in this world. They are usually used to find mineral resources, and most of them aren’t of a high grade. I wonder what grade of finger spirit disc young master Yunxiao needs? ”

“Ninth-tier,” Yunxiao said.

ninth-grade?!

Chen Fengyuan’s pupils shrunk, he immediately shook his head, ” the level 9 finger spirit plate is most likely used to search for natural treasures and top-grade spirit ores. As far as I know, the blade sect doesn’t have this item.

Yunxiao’s eyes were filled with disappointment.

Suddenly, a voice said, ”level nine finger spirit plate?” What a coincidence!”

Everyone’s eyes followed the voice. It was Jiang Xiuzhen. With a fawning look, he squinted his eyes and smiled, there’s an item called the ninth-rank finger spirit plate in the auction of the myriad treasures store in new Yan city.

When Jiang Xiuzhen saw Yunxiao’s puzzled look, which seemed to indicate that he had never heard of new Yan city, he hurriedly explained, ” “New Yan city is a giant city developed by the merchant Union. As the new city of the merchant Union, the auction will be held in seven days. After the auction ends, there’s still more than a month before the wedding in the red moon City. It’s enough for young master Yunxiao to prepare.”

that’s great! Yunxiao said happily. I’ll go to new Yan city now.

“Why don’t I go with you, young master Yunxiao?” Jiang Xiuzhen hurriedly asked. Something has happened in Seawood town, and I need to go back to new Yan city to report the situation.”

no, ” Yunxiao said. I’m used to being alone.

Jiang Xiuzhen took out a golden token and handed it over with both hands, respectfully saying, in that case, young master Yunxiao can take this ten thousand treasures tower’s token. It’ll be enough for you to move unimpeded in the city.

I see. Yunxiao took it and said, ” thank you very much.

At this moment, a servant suddenly rushed in and whispered a few words in mu Youyun’s ear.

Mu Youyun was stunned at first, then revealed a pensive expression. He looked at the crowd and said,“The Lord of the setting Sky City has come to visit. He must have seen the battleship of the blade sect following me into the city, so he came here personally to gather information.”

A cold expression appeared on his face. The position of city Lord was about to be his, so he did not care about this position anymore. He turned to Chen Feng Yuan, asking for his opinion.

“Let’s talk about such a small matter later, let him wait.” Chen Fengyuan said.

Mu Youyun immediately gave the order. With Chen Fengyuan’s status, it was normal for him to ask the city Lord to wait a little longer.

you can go now, ” Yunxiao said. if you have time in the future, we’ll meet again at the blade sect.

“Have a good trip, young master Yunxiao.”

Everyone stood up to send him off, their faces full of reluctance and affection.

Yunxiao smiled faintly as his body gradually faded and finally disappeared from the hall.

The moment he left the divine Wood family, he transformed into a bolt of lightning and headed in the direction of the teleportation array.

There was indeed a luxurious war chariot parked in front of the divine Wood family's gates. An elder stood in front of the gates with a worried look on his face. He was most likely the miserable city Lord.

However, this had nothing to do with him. The most important thing now was to go to new Yan city to bid for the spirit compass.

Half a day later, Yunxiao appeared in a bustling city.

He was secretly shocked. The spiritual Qi in this city was almost as rich as that of the seven super forces, so why had he never heard of it before? One had to know that the North Region was full of heroes, and any slightly better territory would have long been filled with people.

"Sir, you must be new here. Would you like to buy some Jade scrolls?"

A young man in plain clothes and a basket in his hand chased after Yunxiao and asked.

Yunxiao gave the young man a look. He looked ordinary and had an average talent, only having the cultivation base of a warrior. what Jade slip? "

The young man lifted the silk cloth covering the basket, revealing layers of green jade slips neatly arranged on it. some information about new Yan city, such as a map, the branches of the Shang family, the history of development, and future plans. Although new Yan city is a new city, it changes rapidly every day. My Jade slips contain the latest news every day. It'll be of great help to the Lord who comes to the city for business, and it's definitely worth it. "

"How much is one?"

100 mid-grade origin stones.

It was indeed not cheap, but the production of Jade slips could only be done by alchemists, and with the collection of information and materials, it was worth the price.

Yunxiao immediately bought one, put it between his eyebrows, and began to read it carefully.

New Yan city belonged to the eastern part of the North Region. It was originally a small city that was closed off from all sides. The level of spirit Qi was very ordinary, and it only had one mid-distance two-way transmission array.

After it was chosen as a City of Commerce by the merchant Union, it began to expand, sending a large amount of manpower, material resources, and financial resources over. In just a few years, it had expanded a hundred times in size, becoming one of the few giant cities in the North Region.

In order to make the city rich in spiritual Qi, the merchant Union had gathered tens of thousands of ore-seekers to search for ore veins near the city.

Within a radius of five hundred miles, they had found a total of three Supreme-grade ore veins, nineteen mid-grade ore veins, and one hundred and twenty substandard ore veins. They had also dispatched thousands of formation Masters to directly change the direction of the earth veins, connecting all the ore veins and resources together, and continuously transporting them into the city.

Yunxiao could not help but look surprised when he saw this.

He naturally understood how much resources were needed to change the trend of such a large area of spiritual mines. In the whole world, only the merchant Union could afford to do so.

There were too many mineral veins scattered around the city. When this place was chosen as a City of Commerce, it was most likely that a large number of mineral veins had been discovered first before the location was chosen. No wonder the spiritual Qi in the city was so abundant that it was not inferior to that of the seven superpowers.

According to the instructions on the Jade slip, the expansion of new Yan city by a hundred times and the increase in spirit Qi by ten times was only the first step of the city construction.

Next, the area would be expanded to more than double, and a teleportation channel that could travel all over the world would be built. It could reach any city in the realm of heavenly martial arts, even the islands overseas, and become the world's number one teleportation hub.

Not only that, a Holy Land for cultivation would be opened up outside the city, and more spiritual veins would be guided over for the use of martial artists in the world.

Of course, it was for a price.

...

According to his calculations, these two businesses would become an important source of income for new Yan city in the future. They would be used for the maintenance and expansion of the city.

New Yan city's goal was to become the largest city in the world!

Yunxiao could not help but be shocked by the plan. If that was the case, not only would new Yan city be the largest city in the world, but it would also eventually become the eighth superpower, which was comparable to the seven superpowers.

The reason why the merchant Union had been unable to stand shoulder to shoulder with the seven superpowers was that it was only a Union of many organizations without a unified, powerful leader.

They did not even have the most fundamental base. The headquarters of the seven business alliances were all in different places. They could not be mobilized except for the annual business Alliance conference.

Moreover, the merchant Union had a great shortcoming, which was that it did not have a super expert. The seven superpowers all had several peak nine-stars Martial Emperor experts, but no one in the merchant Union had ever heard of such a cultivation.

According to the information recorded on the Jade slip, the seven merchant alliances would move their headquarters to new Yan city one by one. This way, it would almost form the same structure as Red Moon City, and they would also have an advantage over Red Moon City.

Even though the shortcomings of the Super powerhouses could not be solved in a short time, with the development of new Yan city, there would inevitably be existences at the peak of martial arts.

There was no other reason, it was because he was rich!

No organization in the world was richer than the merchant Union!

the merchant Union's ambition is quite big. It's obvious.

...

Yunxiao's eyes flickered. As expected, none of these old foxes who did business were simple.

Ten thousand treasures tower's Tower Lord Wan Yiqian. Back then, even he could not quite see through this person.

Tang Qing of the four extremes sect was now the Overlord of the world, dominating the entire Eastern Region.

Tianyuan trading company's Ding Shan had always kept a low profile and faded out of the public's sight. Unexpectedly, he was also an ambitious and scheming person.

The Presidents of the other Chambers of Commerce, though not in contact with each other, were definitely not simple to be able to deal with these sly old foxes and call them the seven Chambers of Commerce.

Yunxiao noticed the information in the Jade slip. The four extremes sect, one of the seven associations of the merchant Union, was no longer in the list, but a Chamber of Commerce called star and moon House had appeared, and he did not know its background.

In order to attract heroes from all over the world and maintain the population flow of new Yan city, the seven Chambers of Commerce would hold a super auction every year. The seven Chambers of Commerce would take turns to host the auction by drawing lots. This year, it happened to be Wan Bao Lou's turn.

Yunxiao took the Jade slip off his forehead and saw that the young man had not gone far, and was looking at him with a smile.

isn't it said that the latest information will be recorded? " Yunxiao asked. Why isn't there any information on the auction items of this year's myriad treasures store?"

"There are!"

The young man hurriedly said. He took out a small Jade slip from the basket and handed it over with a smile, 100 mid-grade primordial stones.

Yunxiao's face darkened as he cried out, 'is your organization so poor that it has gone crazy? You can also split them up and sell them separately?"

Chapter 1275

1275 The star and moon school

"It's decided by the higher-ups, so I can't do anything about it," the young man said with a smile. Sir, your bone armor is amazing, and you are a one in a million martial arts prodigy. I still need you to maintain world peace in the future. Buy one for a hundred mid-grade primordial stones."

Yunxiao picked up a handful of primordial stones and threw them at the man.

The youth accepted it with a smile and hurriedly handed it over with both hands.

Yunxiao placed the Jade slip on his forehead and began to examine it carefully.

Suddenly, his body trembled and his eyes burst with light, shooting out two beams of unusually sharp light!

“?!”

The young man was suddenly startled and said, “Your, Your Excellency, what’s wrong? This is the latest information we’ve gathered. We’ve just collected all the auction items this morning, and they’re definitely one of a kind in the market!”

The veins on Yunxiao’s hand bulged as he held the Jade slip and said in a cold voice, “Gu Feiyang’s star Destroyer is also in the auction? Is this information accurate?”

The young man heaved a sigh of relief and patted his chest. I was almost scared to death by your appearance just now! Of course, the reason why our Jade slips can be sold at such a high price is because they are worth the money!”

then, do you have any news?” Yunxiao asked. who took out the divine sword, planet destroyer, to bid for it? ”

“I’m not sure about that. I’m only in charge of selling Jade slips,” the youth said.

what organization are you from?” Yunxiao asked with a frown. do you have information of higher value for sale? ”

The young man had a proud look on his face. He puffed out his chest and said, “Of course! Information is an important business item of our Chamber of Commerce. If you need it, you can directly go to the star and moon school to discuss it. The price will be different according to the degree of confidentiality and the difficulty of obtaining the information.”

“Star Moon school? The star Moon Chamber of Commerce, one of the seven new Chambers of Commerce?” Yunxiao asked in surprise.

“Of course! How could there be a second star and moon school in the world? Even if they do, they’d have to change their names quickly.” The young man said proudly.

After Yunxiao asked for the route, he called a south-pointing chariot and headed in the direction of the star and moon school.

The entire new Yan city was off-limits to flying unless there was special permission.

From time to time, Warriors would fly across the sky, but all of them were surrounded by a purple cloud, which was a special mark given by the merchant Union.

There were very few records about the star and moon school in the Jade slip. It only mentioned that they were engaged in the trade of heavenly materials and earthly treasures, which was very broad. On the contrary, it introduced a lot of things about the other six Chambers of Commerce, which made him look mysterious.

The speed of the south-pointing chariot was adjusted to the fastest, and it took more than an hour before it stopped in front of a large and elegantly decorated shop.

There was a Golden Jade plaque hanging on the top of the shop. The words “Star Cloud Study” were written in a graceful manner. It was vigorous and powerful, but it exuded a bit of beauty.

Yunxiao looked at it for a while before he walked into the Chamber of Commerce.

“Sir, may I know what you need?” A sweet-looking young girl came up to him with a smile.

Not only were these welcoming girls one-in-a-million beauties, but they had also cultivated some friendly charming techniques. Their smiles could make people feel refreshed, as if they were bathing in the spring breeze.

Naturally, Yunxiao would not be affected by such a simple charm, but he enjoyed it. “You can buy information here?”

The young girl smiled, revealing two sweet dimples, and said, "Yes, there is. Please wait a moment."

She turned to leave and quickly returned with a Jade tablet. She handed it over with both hands and said, "Sir, you can attach the information you want to find to this Jade token. We will ask for a price according to the grade of the information."

Yunxiao looked around and saw an endless stream of guests and all kinds of beautiful welcoming girls, so no one paid him any attention.

He immediately grabbed the Jade token and sent his spiritual will into it. "It's done,"

"Please wait a moment, Sir," the young girl said with a sweet smile. She disappeared in a flash and went backstage.

Yunxiao looked around and spread out his divine sense. He immediately saw all the items in the shop and the conversations of the people. There was nothing that attracted his attention. Then, he turned his divine sense and went to the backstage.

It was like a stone sinking into the ocean. Under the perception of his divine sense, it was like a dark abyss, with no end in sight.

Yunxiao smiled indifferently and withdrew his divine sense.

Soon, the girl appeared from the backstage and came to Yunxiao's side in a flash. It seemed that all of them had learned a very elegant movement technique. Sir, the shopkeeper invites you to the back for a talk.

The girl was very respectful. Although they were both sweet and lovely, Yunxiao could see a little more respect and caution in her eyes when he glanced at her.

Yunxiao nodded, then followed the girl backstage.

This attracted a lot of attention, and he also caught some dissatisfied conversations.

“What’s going on? Who is this young man, and why can we directly talk in the VIP room at the back?”

“I want to buy hundreds of millions of pieces of aged Jade, but I can’t even enter the VIP room. What right does he have?”

“Tsk, so pretty boys get even more preferential treatment? Why can’t a strong man like me, with eight pack ABS and a model of fitness, do it?”

A lot of complaints were heard, and the welcoming lady explained with a smile. It seemed that she would never lose her temper and would always be smiling.

Yunxiao followed the girl through a few corridors and was led into a luxurious private room.

There was a strong aura of book coupons, and long ink-wash paintings were hung on the four walls. In the paintings, waterfalls were rolling and swallowing mountains and rivers.

“Please wait for a moment, Sir. Our manager will be here soon,” the young girl said with a smile.

Yunxiao did not ask anything. He just stared at the scrolls and frowned.

A moment later, a dry cough was heard.

A thin old man had appeared in front of the door at some point, and behind him was a plump, rich old woman.

The old man’s face was thin, his back hunched, and his goatee stuck to his chest. He coughed a few times as his shrewd little eyes swept over Yunxiao, and a strange look flashed through them.

The old woman behind him had a straight face, with an ice-cold appearance, and was unreasonable.

The young girl hurriedly lowered her head and bowed before leaving.

The old man walked straight in and sat down on the Golden nanmu chair. He laughed and said, " "This little brother, you're very young."

Yunxiao turned around and glanced around, then chuckled and said, " "Old man, you're also very young."

The old man's body trembled slightly. He was stunned for a moment before he laughed and said, " haha, you're still young even though you're over a hundred years old. Little brother, you really know how to joke.

...

Yunxiao smiled and said nothing. I've never heard of the star and moon school before. It's really surprising that it has suddenly risen in the merchant Union. May I know what kind of business your Chamber of Commerce used to do? "

"As a businessman, if the market is good, you'll naturally make more money and rise quickly," the old man said with a smile. As long as it's a profitable business, the star Moon school will do it. "

then, can I buy the answers to the questions I asked before here? " Yunxiao chuckled.

The smile on the old man's face didn't fade. He just took a sip of the incense before putting it back."Let's see if little brother can pay the price."

"Oh?"

Yunxiao trembled and said in a deep voice, " "You really have an answer?" He looked at the old man's calm expression and his eyes flickered a few times. He slowly said, " "Then state your price."

“Don’t worry, little brother,” the old man said with a smile, “take a seat and have a cup of tea.” I’m Han Junzi, the head shopkeeper of the star and moon school. May I know your name?”

Yunxiao’s face darkened. I don’t have time to drink tea with you. Don’t try to befriend me. I’ll leave after the deal is done.

“Hehe.”

Han Junzi smiled and said, “young people always do things in a hurry. This tea is good for making tea.”

When he saw Yunxiao’s face getting colder and colder, he finally stopped and coughed a few times in embarrassment, “Alright, let’s get down to business. The questions you’ve asked are top secret. Although the star and moon school has the answers, they won’t sell them easily.”

...

I’ve been waiting for so long, ” Yunxiao said. is this what you’re telling me? ”

Han Junzi smiled wryly and shook his head. “Why are the young people so impatient these days? listen to this old man’s words.”

“Alright, are you addicted to acting? You’re clearly a young girl who hasn’t even reached the age of twenty, is it fun to play the part of an old man?”

Yunxiao was getting impatient with his nonsense, so he cut him off coldly and said, “If you want to play, when this young master has time, you can play however you want.”

Han Junzi’s body trembled. Behind him, the old woman’s eyes lit up, and her cold face turned even uglier.

Han Junzi hurriedly took a sip of tea to hide his embarrassment. "What nonsense are you talking about? He's obviously an old man!"

He looked very embarrassed. No one had ever seen through his disguise. This was the first time in his life. He could not help but panic and did not know how to deal with it. In the end, the voice was still that of an old man, but the voice was clearly that of a young girl.

Yunxiao could not help but smile as well. His anxious mood calmed down at once, and he said leisurely, "fine, I'll be an old man then. As long as you stop wasting time with me, I'll acknowledge you as an old man."

Han Junzi was stunned for a moment before he finally came back to his senses. He knew that his disguise had been completely seen through, but he still had a look of disbelief. "I thought my disguise was perfect. How did you find out?"

The old woman's face immediately darkened when she heard Han Junzi's admission. A cold aura emanated from her body, and she immediately locked down the surrounding space.

Yunxiao was taken aback. This old woman with a cold and rigid face was actually a nine-stars Martial Emperor!

No wonder the star and moon school could inexplicably get into the top seven Chambers of Commerce, and any one of them had such a cultivation. The background of this Chamber of Commerce was definitely not simple!

"If you don't explain how you saw through my disguise today, don't even think about leaving the star and moon school!" Han Junzi said coldly.

Her voice returned to that of a woman's, and it was extremely pleasant to hear.

your disguise is indeed flawless," Yunxiao said with a smile. even your bone age has changed. There are no flaws at all.

“Then how did you see through it?” han Junzi asked, stunned.

Yunxiao raised his hand and pointed at the old woman behind her, “She betrayed you.”

“Grandma sunflower?” han Junzi was shocked.

“Don’t talk nonsense!” The old woman’s face darkened and she said angrily.

Chapter 1276

1276 Three questions

Yunxiao shook his head and smiled. if I’m not mistaken, this grandma sunflower is always with you, right?” he said.

“Indeed,” han Junzi frowned and said, “but is there a problem?”

“Cough cough!”

Yunxiao coughed twice and said, “there must be something extraordinary about the star and moon school. It is one of the seven Chambers of Commerce. How can the chief Manager of such a large Chamber of Commerce be followed by a rigid-looking old woman?”

Grandma sunflower’s face turned cold, and her expression became even more serious. The aura on her body fluctuated, causing the space to ripple. It was obvious that she was extremely angry, but she still held back her anger.

Yunxiao was even more shocked. ‘Who on earth is this star and moon school that can have such an expert serve them?’

Han Junzi was still frowning. He shook his head and said, “I still don’t understand. Can you explain it more clearly?”

“Ahem.”

Yunxiao coughed again and said, “Have you ever seen the world’s overlords, heroes, and powerful figures? which man would have an old woman by his side?”

Han Junzi was taken aback. He seemed to have understood something and fell into deep thought.

“Indeed, now that you’ve mentioned it, it seems like there really isn’t any.” A strange look appeared in her eyes, and she said, “This is indeed a huge flaw, but why is it that no one else saw it, but you?”

Yunxiao smiled and said nothing. everyone has their own differences. Miss han, you’d better take off your disguise. Your appearance and voice don’t match. My heart can’t take it. ”

Han Junzi’s expression changed slightly, and he said in a deep voice, “You are the only one who knows about my identity. You know what I mean!”

Yunxiao crossed his arms over his chest and said with a smile, “It depends on what benefits you Star Moon school can give me.”

“Hmph, benefits?”

it’s your great honor that I’ve shown you my true face, ” han Junzi said coldly. you still dare to talk about benefits with me? ”

She wiped her face with her hand, and a faint Azure light flashed. Her face blurred, and a delicate and beautiful face slowly emerged.

His hunched back slowly straightened up, and he suddenly became energetic and had a good temperament.

Yunxiao’s body trembled, and his eyes filled with surprise.

This woman's appearance was exceptionally beautiful. Among all the women he had seen, she could at least be ranked in the top three. Only Qu Hongyan could suppress her.

Being stared at by Yunxiao like this, Han Junzi blushed slightly and looked angry. "If you continue to be so rude, I'll dig out your eyes!"

It was only then that Yunxiao turned his eyes away in embarrassment and said with an embarrassed smile, "You're clearly a great beauty, so why are you pretending to be an old man?"

"This is none of your business!" Han Junzi said coldly.

My name is Han Junting," she added. You are the only one who knows my name. You know what I mean!

"Han Junting," Yunxiao repeated the name in his mind. It was a very unfamiliar name, and Grandma Sunflower had never heard of it.

Han Junting looked at him coldly and said, "Even if you don't tell me your identity, as long as you leave the Star and Moon School for an hour, your information will be in front of me."

Yunxiao flicked his finger and said with great interest, "I'm very interested to know what's written in the information."

"You don't need to know that," Han Junting sneered.

I'll pay for it," Yunxiao said with a smile. I can buy it, right?"

Han Junting was stunned for a moment before she snorted coldly and said, "Some information can't be bought with money. You have to prove that you have the qualifications! I have the answers to all three of your questions, but do you have the right to know?"

She narrowed her eyes and stared at Yunxiao.

This was also one of the reasons why she was extremely displeased. Her perfect disguise had been seen through by the other party, and the other party was like a cloud of mist. No matter what spell technique she used, she couldn't see through him at all.

what qualifications do you want?" Yunxiao laughed. what qualifications do you want? "

"Hmph, whether you are qualified or not, you must pass this old woman's test!"

Grandma sunflower's face darkened as an unkind aura came pressing down from the sky. At the same time, she made a hand seal, and an invisible barrier opened up, disappearing into the void in a flash.

The entire room was immediately protected by a barrier. Grandma sunflower's face turned even gloomier. Her eyes were filled with a mocking sneer, as if she could test him without any restraint.

Yunxiao smiled faintly. The pressure coming from the sky was only about the level of a seven-stars Martial Emperor. It seemed that the other party was not sure of his strength and was afraid of scaring him, so he had held back.

Grandma sunflower's expression changed when she saw how calm he was. Her aura instantly rose to the level of an eight-stars martial sovereign and pressed down from the air!

Yunxiao grabbed the tea on the table and drank it in one gulp. Then, he laughed and said, "Singing and dancing to my heart's content, free from restraints and obstacles."

Han Junting and grandma sunflower's expressions changed drastically.

To be able to withstand the pressure of an eight-star Martial Emperor so leisurely, the other party's strength must be at least above a mid-tier eight-star Martial Emperor!

Grandma sunflower shouted, "you're courting death!"

“Granny!” Han Junting exclaimed.

Yunxiao had already passed the test by being able to withstand the pressure of an eight-stars Martial Emperor. However, his nonchalant look made people unhappy, fearing that grandma sunflower would hit him hard and cause trouble.

However, it was too late. Grandma sunflower’s aura instantly reached its peak, and the power of a nine-stars Martial Emperor spread out.

The whole space began to twist, and Yunxiao’s figure became unstable. Even han Junting’s face changed slightly. She hurriedly calmed herself down, and a faint light circulated around her body to resist the pressure of a nine-stars martial sovereign.

Grandma sunflower’s heart skipped a beat. Her withered arm trembled uncontrollably as she revealed a look of disbelief.

Her nine-stars Martial Emperor’s pressure spread out, and it was like a mountain pressing directly on the sea. It sank down with a rumble and disappeared without a trace!

“?!”

She sucked in a breath of cold air and hurriedly retracted her pressure. Her eyes were full of fear and horror as she screamed, “ who the hell are you?!”

The space in the room rippled slightly, and the power of the barrier suddenly dissipated.

Han Junting was also shocked, and her eyes were filled with surprise as she looked at Yunxiao.

you’ll know about it an hour after I leave the star and moon school, ” Yunxiao said with a smile. don’t you think so? ”

...

Han Junting pursed her lips and wanted to say something, but she swallowed her words and sighed, "You've passed the test. You're qualified to know the answers to those three questions. The total fee is five billion mid-grade primordial stones."

five billion?!

Yunxiao was so frightened that he jumped to his feet, and a trace of anger flashed across his face.

The shock on Han Junting's face disappeared and was replaced by a smile, "The information is of the same price. There aren't many organizations in the world that can answer these questions. The fees won't be lower than ours."

Yunxiao pondered for a moment, then threw out a storage bag and said, "Speak. If you can't satisfy me, I'll take back these primordial stones."

Han Junting chuckled and kept the storage bag. "The Star and Moon School has never returned the primordial stones they took." She retracted her smile and said, "Your first question." Where did the Excalibur from the Myriad Treasures Store's auction come from? The one who provided the Excalibur in this auction was the Myriad Treasures Store itself. They didn't obtain this sword through any special means, and merely purchased it by chance."

"Back then, the peerless martial sovereign Gu Feiyang fell in the Tiandang mountains. I don't know what kind of powerful enemy he encountered, but he actually made the sword slash star collapse and turn into the three swords of demon-slaying, star-extinguishing, and dawn. The stellar destroyer divine sword was obtained by a martial artist by chance. He didn't know its value and sold it to the Myriad Treasures Store at a low price."

A trace of loneliness flashed across Yunxiao's face, but he did not say anything, as if he had accepted the answer.

Han Junting's eyes widened. She really wanted to know who this young man in front of her was, or perhaps he was like her, a perfect disguise, and his real identity was just an old man.

as for the second question, is the merchant Union interested in conquering the world and becoming the eighth super force? ”

Han Junting’s eyes flickered and she smiled, ” there’s nothing to hide. Although the merchant Union didn’t declare it to the outside world, it’s hard not to become the eighth major power with the establishment of new Yan city.

...

Yunxiao’s expression did not change much when he heard the answer, and he did not seem to care too much about it.

Han Junting continued, ”as for the third question: Where is Ding Ling ‘er of Tianyuan trading company now?” She smiled in surprise and said, ”don’t tell me you know big sister Ling ‘er?” She’s been in Xinyan city recently, but she’s not here now.”

Yunxiao’s expression finally changed into one of surprise.

’ll give you another piece of information for free, ” han Junting said with a smile. even if sister Ling ‘er is in new Yan city, it’s extremely difficult for you to see her. ”But with your strength, it shouldn’t be a big problem,” she added after a pause.

what do you mean? ” Yunxiao frowned. what do you mean? ”

”You’ll know when the time comes,” han Junting chuckled. ”What do you think of the three answers?” Does young master still want to take back the primeval stones?”

that’s right, ” Yunxiao said. I’m very satisfied with the answer, although it’s very expensive.

Han Junting’s eyes flickered and she said, ” young master, you just threw out five billion mid-grade primordial stones to ask three questions that weren’t really of much use. You’re really generous.

Yunxiao's eyes flickered, and a smile appeared at the corner of his mouth as he said, "Miss Jun ting is indeed observant. Those three questions were just me throwing stones to test the waters. If I can't even answer these, I don't need to ask the next questions."

I'm also very curious about what you really want to know," Han Junting said. perhaps it's a price you can't afford.

Yunxiao smiled and said nothing. He took out a Jade tablet and put it on his forehead with a thoughtful look on his face. Then, he sent a stream of divine will into it and said, "I'll have to trouble miss Jun ting to estimate the price."

Han Junting scanned the Jade token with her spiritual sense curiously and her body trembled. Her hand trembled and she crushed the Jade token into pieces!

Chapter 1277

1277 The cultivation Holy Land

Grandma sunflower's face flickered, and a curious look appeared on her rigid face. She wanted to know what Yunxiao had asked to make miss Jun ting so surprised.

what?" Yunxiao asked seriously. your sect doesn't know about it?"

Han Junting's face turned pale and she said, "You are not qualified to know these three questions!"

Yunxiao's pupils constricted as he said coldly, "How do you know I'm not qualified?" "Why don't you let this granny test me again?" he said in disdain.

"No need. If I say I'm not qualified, then I'm not." Han Junting shook her head. Moreover, I don't know the complete answers to these three questions, but if we really go to find them, it shouldn't be a problem with the power of the star and moon school. However, we will have to pay a great price, and I can't accept this deal."

Yunxiao's face turned cold as he said, "These three questions are enough to pry into my heart's secrets. Now that you've learned all of them, do you think you can just ignore them? Do you know what I'm thinking right now?"

Han Junting looked at his unfriendly eyes and bit her lip. "You must want to ruin the star Moon school's reputation. But don't worry, it's the most basic rule to keep a guest's Secret." "I can answer one of these three questions for free as compensation," he said after some thought.

Yunxiao just looked at her coldly without saying a word.

Grandma sunflower became extremely alert as the essence force in her body surged. She had also noticed Yunxiao's coldness, and she was very careful, fearing that he would do something to miss Junting.

one of the questions," han Junting said. Feng zijie, The Alchemist who was hunted by the sea of soul formation, is indeed not dead. He's now hiding in Mount rippling.

A cold gleam flashed in Yunxiao's eyes as he slowly nodded and said, "Alright. I'll leave the other two questions to you. I'll come back again, and only you know about this. You understand what I mean."

Yunxiao used her words directly, which made han Junting blush slightly. She bit her red lip and said, "Don't worry. The star and moon school is not an ordinary Chamber of Commerce. They don't need to trust others, and they can't be questioned!"

that's good," Yunxiao said. if you bring me trouble because of this, don't blame me for not knowing how to be tender to a woman.

His face was slightly cold. Under the gaze of the two people, he turned around and left the star and moon school.

Han Junting's eyes lit up and she said, " grandma sunflower, I want to know everything about this person. I want every single piece of information!

“Yes, miss.” Grandma sunflower nodded. Should we send someone to follow him?”

Han Junting shook her head and said, “no need. He’s a very smart person.” Moreover, even your nine-stars Martial Emperor’s pressure is completely ineffective. His strength and cultivation base are still a mystery. Let’s find out more about this person first.”

Grandma sunflower’s expression was unusually ugly as she said coldly, “I think this person must have some kind of treasure that can resist the power of pressure. It’s impossible for his cultivation to be on par with mine!”

there are countless people with extraordinary abilities in the world, ” han Junting said. we shouldn’t underestimate them.

After leaving the star and moon school, Yunxiao got into the south-pointing chariot and headed somewhere in the East of the city.

According to the records on the Jade slip, although the cultivation land built in new Yan city was still expanding, it had been used last year, and more than half of the secret cultivation rooms were full.

Since Ding Ling ‘er was not in the city, he planned to find a secret cultivation room and stay there for a few days until the auction started.

Moreover, it’s good that Ling ‘er isn’t here. This trip to the red moon City is unpredictable, so I don’t have to worry her.

Yunxiao sighed in his heart. He could not help but think of yunshang, and he looked worried as well.

Even if Ding Ling ‘er was trapped by ding Shan, she was still his daughter. At least, her life would not be in danger. Luo yunshang, on the other hand, was going to fuse with the rainbow stone, which was extremely risky.

As a person who had lived two lives and had few rivals in the world, he had never been able to protect the people he wanted to protect. He could only watch helplessly as his old friends, friends, and family fell into danger one by one.

A dispirited feeling spread in his heart.

“Alas, perhaps I’ll always be a failure.”

Yunxiao smiled wryly as he looked at the bustling Street of the south-pointing chariot, which slowly diluted his inner emotions.

“What is the origin of the star and moon school? He’s the follower of a nine-stars Martial Emperor!”

“Tsk, tsk, even being Laifeng doesn’t get this kind of treatment. There are indeed many strange people in the merchant Union. It’s too difficult for any one of the seven Chambers of Commerce to suppress the others.”

han Junting, you still owe me two answers. When the matters in the red moon City are over, I will come and ask for them.

After a few hours, the south-pointing chariot finally arrived at the east side of the city. The entire terrain turned downward, as if thousands of acres of land had been dug out. A vast hinterlands appeared in front of them, and countless houses of various sizes were built inside.

Apart from the simple design of these houses, they were all randomly placed, and there were over ten thousand of them.

According to the records in the Jade slip, this cultivation Holy Land was built on top of two Supreme-grade spirit veins that were connected to each other. In the next ten years, two more cultivation Holy Lands like this would be built.

The various paths were also winding and extended in all directions. There was a hidden formation hidden among them, but it was too complicated and could not be seen at the moment.

From time to time, there would be martial artists flying around in the sky. There was no purple light surrounding their bodies, so this was not a space that prohibited flying.

At the entrance of the vast hinterlands, there was a simple building with the words " quiet elegance Holy Land " written on it. From time to time, martial artists would enter and leave.

Yunxiao put away the south-pointing chariot and strode into it. Twenty to thirty people were lined up in a line, waiting to do something.

He scanned them with his divine sense and found that there was a huge difference in strength between these people. They should be martial artists from all over the world who had come because of his reputation. He also patted the back without changing his expression.

In the center of the hall, a hundred-foot-long formation was rotating non-stop. It was constantly supplying energy to maintain a huge water curtain above it.

The light and shadow in the water screen were unstable, but the content could still be seen clearly. It was a panoramic view of the 'quiet and elegant Holy Land', and every house was marked with various colors.

At a glance, a large area was red, proving that someone had already moved in.

There were also sporadic green spots among them, indicating that they were empty secret cultivation rooms. There were also a few yellow and red spots mixed in, which were middle-grade and high-grade secret cultivation rooms of higher levels with more spiritual Qi.

Soon, it was Yunxiao's turn. The clerk was a middle-aged man with the cultivation base of a martial Lord, and he was constantly making incantation seals on an array disc in front of him, recording all kinds of information.

Rows of Jade tablets were placed neatly beside the table for registration purposes.

“What is it?”

The middle-aged man didn't even raise his head and asked directly.

“I want to rent a place for cultivation.” let's go, ” Yunxiao said directly.

The middle-aged man threw out a scroll and said, there are three levels of secret rooms to choose from. Those that aren't marked in red are empty. Choose one.

Yunxiao picked up the scroll and unfurled it. What appeared was exactly the light and shadow in the water screen in the center, which was exactly the same.

There were also some small words around the scroll, explaining the situation of these secret rooms and their prices.

An ordinary secret cultivation room cost 10 million mid-grade origin stones a year.

...

The middle-grade secret cultivation room cost 100 million middle-grade origin stones a year.

The high-grade secret cultivation room cost 10 billion mid-grade primordial stones a year.

Yunxiao's eyes narrowed as he pointed at a tiny place on the map and said, ” “Why is there a purple spot?”

The middle-aged man was taken aback, and then he took a closer look at Yunxiao and said, ” “This map scroll has a scale of one to one hundred thousand, but you were able to find the only Purple Room in one go. You must have a good eye.”

I did cultivate the spirit eye technique, ” Yunxiao said with a smile. I’ve cultivated the spirit eye technique.

“No wonder,” the middle-aged man nodded. The Purple Room was a top grade secret cultivation room and was not usually open to the public. You should choose the yellow or red one.”

“It’s not open to the public?”

can it only be used by people from the merchant Union? ” Yunxiao asked with a frown. ”

The middle-aged man nodded. you can say so. You must be at a certain level in the merchant Union to be able to use the Purple Room. The conditions are extremely harsh.

what condition? ” Yunxiao asked. what condition? ”

The middle-aged man frowned and seemed to be a little impatient, but he held it in and explained, ”
“It’s super expensive, and once the merchant Union needs it, you have to give up the house at any time, and the rent is non-refundable.”

...

how is this harsh? ” Yunxiao said in surprise. this is simply overbearing and rogue behavior. There is no spirit of contract at all!

A man behind him said, ” “Al, little brother, you must be new. The spirit Qi in the Supreme-grade secret room was ten times that of a high-grade secret room. Even the cultivation sanctuary of the seven superpowers would not be stronger than this. Even if the conditions are a hundred times harsher, as long as there are opportunities and conditions, many people will still rack their brains to get in, let alone the conditions.”

“Did you hear that?” the middle-aged man sneered coldly. So what if he was domineering? this was new Yan city, the Holy Land of serenity. He had to abide by the rules of the business union. You can choose

not to rent. Plus, this isn't something you can rent as you wish. This Purple Room is the last top grade cultivation room."

Yunxiao was taken aback as well. The difference of ten times was directly reflected in the speed of cultivation, which was ten times faster. It was a little too heaven-defying. No wonder there was such an unreasonable additional condition.

He took out a token and handed it over, saying, "With this thing, can I rent the Purple Room?"

The middle-aged man was stunned for a moment, then he frowned and looked at the token. He was shocked and his expression became respectful, so you're a distinguished guest of the myriad Treasure Tower. I've been disrespectful just now, please forgive me.

What Yunxiao took out was the token Jiang Xiuzhen had given him. it's fine. Can I rent the Purple Room now?"

The middle-aged man nodded,"with this token, of course you can, but it's just that ..."

but what?" Yunxiao said. just say it.

The middle-aged man was a little embarrassed,"then I'll get straight to the point. Your token can indeed be used to rent a Purple Room, but this is one of the lowest grade VIP tokens. It's a fifth grade one." If someone brings a higher grade item, we will give priority to the fifth level guest to give up the Purple Room."

Chapter 1278

1278 The key to becoming a god

you mean, as long as someone comes to rent the Purple Room, I have to give it up?" Yunxiao asked with a frown. you mean, as long as someone comes to rent the Purple Room, I have to give it up?"

"That's right," the middle-aged man nodded. This is because you are the last person to move in, and you are a fifth class."

The man behind him said with envy, "It's worth it even if it's only for a few days. If you're not willing, why don't you let me have this quota?"

let's rent this room," Yunxiao said. I'll rent this one, then. He couldn't stay for long anyway.

the rent for the Purple Room is at least one month," the middle-aged man said. five billion mid-grade primordial stones.

Yunxiao frowned for a moment, but then his expression changed. He had the Supreme-grade energy vein of Donghai Palace, so he did not care about these primordial stones.

After that, the middle-aged man made a grabbing gesture in the air, and a piece of purple jade fell into his hand. He cast several incantation gestures and sent them into the Jade, then handed it to Yunxiao and said, "There's a needle on this, please keep it."

Yunxiao took it and looked at it. There was indeed a thin Crimson needle and thread on the Jade token, pointing to somewhere in the sacred land of quiet elegance.

The man behind him stared at the purple medal and swallowed his saliva. "Brother, take me with you? I'll just meditate and won't disturb your cultivation."

The man had an eager and fawning smile on his face.

I'm used to being alone," Yunxiao glanced at him and said. I'm sorry. Without waiting for a reply, his figure flashed and disappeared from the hall.

In the next moment, he appeared above the quiet elegance Holy Land. The long Scarlet line on the purple jade token pointed forward.

He followed the needle for a while and saw a house protruding from the slope. There were no markings on it and it was exactly the same as the surrounding buildings.

Yunxiao flew down and threw out the purple jade token in his hand.

A purple light surrounded the Jade token and it flew straight to the house. The air trembled for a moment, and the power of a barrier flashed through the air before immediately reappearing.

The light on the purple jade token dimmed and flew back into Yunxiao's hand.

Yunxiao took a step forward, then his figure flickered and disappeared from the house.

The room was not very spacious. There was a stone table and a few stone stools, all of which were made of light green jade. In the corner of the room, there was a jade bed made of the same material.

Opposite the bed was another door with the words " In the secret cultivation room.

As soon as he entered, the scenery changed. He appeared in an environment with green mountains and clear water. The blue sky and white clouds, the green, and the flowing water.

Yunxiao's heart flickered. He flipped his palm, and the purple jade medallion appeared in his hand. A layer of faint light rippled on it, and nine balls of light emerged.

One of the green balls of light was the brightest.

Yunxiao randomly pointed at one of the yellow balls of light, and the surrounding scenery changed immediately. A thousand miles of barren land was filled with yellow sand, and the sun was high in the sky. The temperature suddenly rose.

He immediately understood that the nine-colored light was the control hub for the nine different environments.

He couldn't help but be shocked. No wonder the price of this Purple Room was so high. It was indeed worth the money.

No matter what kind of environment it was, the only thing that didn't change was the concentration of spirit Qi. It kept gushing out from below, as if it was placed on the eye of the spirit vein, and spirit Qi kept erupting.

Yunxiao pointed at one of the black light orbs, and in an instant, he found himself in a dark night sky with countless stars.

The moon pupils appeared in his eyes and he looked around. He could see through the void. The entire illusion was derived from an array in the secret room.

After checking it carefully and making sure there were no other problems, he put away the moon pupil.

Suddenly, his heart stirred and he revealed a surprised expression. A green light flashed between his eyebrows and a ball of green light appeared in front of him.

little Qing, " Yunxiao said in surprise. you've fully recovered? "

A leisurely voice sounded from the ball of light, and gradually, Xiao Qing's blurry figure became clearer and clearer.

"In the morning, I drink the dew from the fall of Mulan, and in the evening, I eat the fallen flower of the autumn chrysanthemum."

"Pull the root of the tree to form Zhixi, through the falling pistil of Xueyan."

Qing Zhu was handsome and refined. It had a noble, clear appearance and a heroic spirit. Not only was its aura completely different from before, but there was also a faint purple symbol between its brows that disappeared in a flash.

Yunxiao suddenly trembled, as if an electric current had run through his body in an instant. All his pores went numb, and he could not help but shiver.

He was shocked to find that there was also a purple light flashing between his eyebrows. It turned into a purple symbol and slowly sank into his body. In the end, it hung above his dantian and turned into a purple rice grain. Its light had disappeared.

Although the purple grain of rice had suddenly quieted down, it revealed a destructive aura that made people shudder.

“I saw that you’ve cultivated a pretty strong lightning-type sacred art, so I planted a purple lightning seed in your body to return the favor,” little Qing said.

Yunxiao trembled. He naturally understood the significance of the purple Thunder seed, and he was so shocked that he could not come back to his senses.

“What? you think this favor isn’t worth it?” Qing raised an eyebrow.

Yunxiao smiled wryly. how can it not be worth it? it’s far more than a favor. It just surprised me and made me feel at a loss.

He looked at Qing Zhu and couldn’t see through its cultivation. He was shocked.”Qing, have you reached the true spirit realm?”

“It’s good that it’s worth it. I only owe you one now.” Qing Zhu’s brows relaxed. As for my cultivation realm, I’m not in the ten directions realm yet. It’s already very difficult to break through to the ten directions divine realm under this sky.”

“Why?”

Yunxiao blurted out. This was something he had always wanted to figure out.

because of the lack of rules.

Qing said, " the path of martial arts starts from the origin realm, then the division, the Sancai, the four symbols, and all the way to the martial sovereign of the nine Heavens. Every step requires the comprehension of the rules of heaven and earth and the condensation of one's martial intent. The rules of heaven and earth of the ten directions realm have long disappeared. If one can not comprehend them, naturally, one can not become a God.

the rules of heaven and earth of the ten square realm? "

Yunxiao was taken aback, but he suppressed the shock in his heart and said, " since it's the rule force between heaven and earth, why did it suddenly disappear? "

"I don't know the details, but something big must have happened," Qing frowned.

so, " Yunxiao asked again, " is it possible to become a God under this sky? "

"Of course. As the spirit of the second wood, and having absorbed the purple lightning tribulation, I can break through the shackles of the martial Dao and step into the immortal state," little Qing replied.

...

The spirits of the five elements were perhaps the easiest to enter the godly state at the moment. This was because the five elements already contained all the power of rules, and one only needed to comprehend it by themselves.

Yunxiao's face darkened as he said, " "Are you trying to attract hatred? I'm referring to myself."

"If it's you, then it'll be difficult. At the very least, Shang's chances of reaching immortal state are much higher than yours."

"That demon? Why did you do that?"

Yunxiao blurted out in disbelief. since you say it's difficult, there must be a way.

Qing said, "I've said it before. The reason why I can't become a God is because the laws of heaven and earth are lacking." As long as you can find the rule force and comprehend or refine it, you can take that crucial step."

Suddenly, Yunxiao's heart skipped a beat. He seemed to understand why ye Nantian wanted to find the lost space in the notes he left behind. could it be that the laws of the immortal state still exist in the lost space that is isolated from the world? "

"I'm not sure about that, but I know that the rule force of the ten directions divine realm must be there," Qing Zhu shook its head.

"Where?"

Yunxiao's body trembled, and his eyes gleamed as he stared at Qing Zhu with an extremely nervous expression.

Qing smiled and said, "it's one of the Saint artifacts." You're an Alchemist yourself, so you should understand the theory of weapons better than me. Every profound weapon of each level must be integrated with the power of rules of the same level, as well as the alchemist's own understanding of the theory of weapons."

...

I understand that, " Yunxiao said, " but it's impossible for a warrior to comprehend the rules from a profound level weapon, right? " Even for me, it's extremely difficult for me to comprehend the rules and artifact principles of the profound artifacts refined by other ninth-tier alchemists."

Qing smiled, "the word 'extremely difficult' is the watershed in eliminating countless powerhouses." The reason why I said Shang had a better chance than you is because he understood this key tens of thousands of years ago. That's why he sealed himself up and spent a long time trying to understand the rule force in the armillary sphere."

Looking at Yunxiao's shocked expression, Qing continued, " "As for what level he has reached, I'm not sure, but after tens of thousands of years of work, no matter how stupid he is, he is definitely ahead of you. And ye Nantian was indeed a rare genius, but he was born at the wrong time."

"He gathered all the resources in the world to refine Noah's ship," Qing said emotionally."He wanted to make a true holy weapon to help him understand the rules of the immortal state. It was a pity that without the regulations of the immortal state, how could he possibly refine a Saint tool? In the end, he also understood this point, so he could only fail at the last step."

Yunxiao was so shocked that he sent the message directly to Ye Fan. Ye Fan was also shocked, and his face changed.

Qing said,"in addition to the spirits of the five elements, the ones who are most likely to enter the omnidirectional divine realm in this world are experts like you who have Saint artifacts." So, cherish it, young man. "

Yunxiao's expression was extremely complicated as he asked again, " "Have you ever heard of the heavenly Saint artifact?"

Qing Zhu's body trembled, and its originally calm face suddenly became shocked. It said,"A heavenly Saint artifact! Who did you hear that from?"

Yunxiao frowned slightly. I read about it from an ancient book. I heard that a heavenly Saint artifact is an existence above Saint artifacts? " he said.

The look on Qing Zhu's face changed several times, as if it did not believe him. Its pupils constricted as it stared at Yunxiao for a while.

But he really couldn't see any clues, so he could only say, " "I don't know what ancient book you're reading, but it's a secret. I can't tell you too much."

"But if you use the favor I owe you, I can tell you everything I know about the heavenly Saint artifact."

forget it," Yunxiao said. you're an expert who's about to step into the immortal realm. How can a favor be so cheap?"

The first activity of Taiyi shengwater tribe came to a successful conclusion. Generally speaking, this was an activity of carrying on the past and opening the future. It was a unity activity, an activity of seeking reality, a victorious activity, and a perfect activity.

Chapter 1279

1279 A terrifying aura

"If that's the case, I'll keep it. You can look for me whenever you need my help." Qing Zhu smiled. That purple Thunder seed left a trace of my aura in it. It can find me at any time, but it can only be used once."

Yunxiao was taken aback. you're leaving?" he asked. you're leaving?" Why don't you stay in my divine realm tablet to cultivate? the spiritual Qi inside is no less than the outside world, and your good friend, little Wu, is also inside."

"Hmph," he snorted.

Qing snorted coldly and said,"you've already squeezed Lil 'Wu's soul dry. I don't want to be the second him." Although my comprehension of the rules is above the peak of the nine-star, my martial Dao Comprehension is extremely weak, and I must improve myself further. The reason why I saved Shang back in the demon Plains was for today."

an armillary sphere?" Yunxiao was surprised. an armillary sphere?"

"Not bad."

Qing nodded. the demon race's holy weapon, the armillary sphere, can be used to derive martial arts until the end. It's perfect for me. Goodbye.

Without waiting for Yunxiao's answer, a green light flashed, and little Qing disappeared from the secret chamber.

Yunxiao was taken aback. He wanted to ask her to stay, but he could no longer sense her aura.

Qing Zhu's cultivation base had already exceeded his understanding. Perhaps it could really become the first expert to step into the God Realm in countless years.

Yunxiao sighed and fell into deep thought.

The information they had obtained this time was too important. No godly state experts had appeared for countless years, and the reason was that the ten rules had disappeared.

He had a feeling that there was more to it than met the eye. However, it had happened so long ago, and he couldn't figure out the cause and effect. The only thing he could do now was to find a way from the divine realm tablet.

After sighing for a while, he began to sit down and cultivate.

Ever since he had become a seven-stars Martial Emperor, the accumulation of Origin Energy in his body was like a bottomless abyss that could not be replenished no matter what.

Fortunately, he had obtained a large number of heavenly and earthly treasures in the East Sea. He ate them continuously every day. Finally, when the divine Tree family finished eating the fruits, he noticed that they had made some progress and were showing signs of advancing to intermediate seven-star.

This made Yunxiao breathe a sigh of relief, and it was also the reason why he was in a good mood in the divine Wood family.

Because he had too many cultivation techniques, in addition to cultivating both the technique and the body at the same time, the higher he went, the more difficult it would be. He had always been afraid that he would have problems cultivating.

Fortunately, he had walked this path in his previous life. However, the energy consumption of physical arts was too great now, so the accumulation of origin power required for each advancement was tens of times, even a hundred times more than others.

The benefits of such a difficult cultivation were obvious. He was invincible among his peers!

At this moment, he was sitting directly on the mine vein of Donghai. An endless amount of spiritual Qi had almost condensed into solid powder and was rushing toward him like a white smoke, and no one could see his figure at all.

The amount of spirit Qi He inhaled and exhaled was also tens of times more than those of the same grade.

Suddenly, tens of thousands of golden beams shot out of his body, and a divine body phenomenon appeared in the sky. Yunxiao had turned into a golden body of Dharma form, with three solemn faces and six arms constantly making hand seals.

The front Dharmakaya had a smile on it, which was peaceful and amiable. The left one had a crying expression, which was droopy. The right one was cold, as if it was covered with a layer of frost.

All of a sudden, the golden light around his body completely disappeared. Pitch-black demonic Qi began to roll out, and strange demonic runes appeared on his Jade-like skin. His three faces were also covered in demonic runes, but their expressions remained unchanged.

Soon after, a pitch-black demonic shadow descended, and a true fiend Dharma idol materialized behind him. It also had three heads and six arms, and its hands formed hand seals in front of its body. The four arms behind it each grabbed a weapon projection.

In the next moment, he raised his four arms, and the illusionary weapons disappeared. He also quickly made hand seals.

A black ring of demonic aura appeared around the true devil spirit, slowly circulating and bobbing up and down.

The ring of demonic Qi surged with demonic Qi, and there were six illusionary weapons floating inside, giving off a terrifying aura.

Yunxiao's three-faced Dharma idol's pupils suddenly widened, and all its expressions turned serious and cold.

Behind him, The Three Faces of the giant true devil spirit slowly opened and all turned into Yunxiao's appearance. The hand that was forming an incantation in front of him suddenly loosened, then he raised his right hand and grabbed at the ring of fiend essence!

“BOOM!”

The sky trembled and the space around the arm became extremely blurry, as if there was an unbearable pressure.

Demonic Qi gushed out of the arm and dissipated in the sky.

The true devil giant Spirit's three faces gradually twisted as it roared at the same time. Its arms finally reached into the demonic ring and grabbed at one of the Phantoms.

“BOOM!”

The Phantom was a shield, and it trembled in the true devil giant Spirit's hand. Then, as if it had a life of its own, it suddenly jumped up and down, as if it was about to solidify!

“BOOM!”

Suddenly, there was a loud noise. The arm holding the shield suddenly shattered. The entire demonic ring collapsed, and demonic Qi scattered in the sky.

“Pfft!”

Yunxiao coughed up a mouthful of blood. He hurriedly performed an incantation gesture with his six arms, and the true devil spirit immediately scattered.

The black demonic patterns on his body also faded away bit by bit. He retracted his transcendence golden body and returned to his normal state.

The corner of his mouth was still stained with blood, and the shock in his eyes was indescribable. He had used the six paths demonic weapon several times, and although it was powerful, it was still within the range of his understanding.

However, when he grabbed the illusionary shield and tried to make it real, he felt an indescribable fear as if he was going to be swallowed by it.

Just as the fear spread through his body, Yunxiao was suppressed. Not only could he not move, but he could not even think. He felt like he was waiting to be swallowed alive.

His face was extremely pale and he was still trembling in fear. Fortunately, the true devil collapsed on the spot. Otherwise, if it had condensed into the six paths demonic weapon, he might not have been able to survive.

I can't even comprehend a Saint artifact that has condensed the will of the ten rules. This is something above a Saint artifact. It's indeed not something I can come into contact with right now.

Yunxiao steadied his mind and began to regulate his breathing and recuperate.

The purple Thunder seed in his dantian seemed to jump, causing his body to tremble.

The originally dull surface of the seed seemed to have a little more luster. After sweeping it with his divine sense, he also felt a chill in his heart and his body trembled again.

Yunxiao shook his head with a wry smile. He felt that he was surrounded by dangerous things, and he might be completely finished one day.

After adjusting his breathing for a while, he was no longer in the mood to meditate. With a thought, the DarkThunder appeared in front of him.

This monster beast's entire body was golden in color, and it had a majestic appearance. It let out a low roar at him, as if showing off its strength.

...

this is not enough," Yunxiao said with a cold smile. it's not enough.

The DarkThunder roared in a low voice, its face filled with dissatisfaction, and it kept shooting Thunderbolts at Yunxiao.

Yunxiao smiled. The Thunderbolts naturally could not hurt him. "What, you're not convinced?" His glabella flashed, and a bolt of lightning shot out.

"Bang!"

The lightning bolt exploded on DarkThunder's body, causing it to tremble in fear and become extremely alert.

"Hehe, now you know how weak you are. Do you want more power?" Yunxiao's face was full of sarcasm.

The DarkThunder was stunned at first, but it soon began to shout happily and jump around him.

"Hehe, it's good to have this desire. As long as you have the heart of a strong man, you can survive the test."

A sinister smile appeared at the corner of Yunxiao's mouth.

The DarkThunder's hair suddenly trembled, as if it had a bad feeling. It let out a loud cry and jumped up, turning into a bolt of lightning to escape.

"Since I've come, how can I let you leave so easily?"

...

With a chuckle, Yunxiao raised his hand and made a grabbing motion. The DarkThunder fell down, its face full of horror, like a kitten.

"Don't be afraid. You're a lightning-type demonic beast, and it's only by constantly breaking through that you've reached this point. And I shall grant you the most powerful strength!"

Yunxiao said slowly, and his face suddenly turned solemn. A lunar pupil suddenly appeared in his right eye. but, if you can't make it, I can still keep you from dying, but you'll be like this for the rest of your life!

A green lightning flashed in the right eye's moon pupil. Suddenly, all kinds of lightning and thunder appeared in the sky. A thunder beast struggled and roared as it was slowly transported out of the space in the right eye.

"Pi Li pa la!"

As soon as the Thunder beast appeared, tens of thousands of lightning bolts surged out of its body.

The DarkThunder nearby was given a fright, and the Golden lightning around its body shrank. Its entire body began to tremble, and its face was filled with fear as it trembled in the air.

Not only was the Thunder beast's level above its own, but the power of the Thunder was also far superior to its own, completely suppressing it.

In the Thunder World of the Thunder Tiger and fire leopard, it had the power of a nine-stars Martial Emperor, but after being put into Yunxiao's eye sorcery space, its power had been fading, and in just a few days, it had regressed to the peak of eight-stars Martial Emperor.

Yunxiao knew that the Thunder beast was condensed and did not have a real life, so it could not return to the Vajra or the Thunder World. It could only gradually die like this.

Therefore, he thought of DarkThunder. If this beast could completely absorb this thunder beast, he wondered what it would evolve into.

However, DarkThunder was already scared out of its wits. It could not stop trembling.

"Hmph, coward. You were still alive and kicking in front of me just now."

what are you afraid of? " Yunxiao scolded. I'm here! I'll make sure you don't die, but it's all up to you whether you'll stop moving forward or be completely Reborn!"

With a thought, the Thunder beast tried its best to resist, but it was of no use. It was suppressed into a flash of lightning and shot directly at the DarkThunder.

Roar Roar!!!

The DarkThunder's hair stood on end as it shrieked in pain under the green light.

"Good luck, I'll support you in spirit."

Yunxiao encouraged him, then waved his hand and teleported the tragic DarkThunder to an unknown place.

Chapter 1280

1280 Zhou Chu

Two rays of light suddenly appeared in the sky above new Yan city.

It flew over at an extremely fast speed, and the light emitted a sharp aura. It directly split the clouds apart, leaving a long trail, which attracted the attention of many people below.

There was a faint purple glow in the two rays of light. It was obvious that they had the permission of the merchant Union to fly.

However, even if they had the qualifications to fly, very few people would fly in such a flamboyant manner. The behavior of the two people caused many people to be dissatisfied, and they were all guessing who it was.

you really don't know what's good for you. Just because you have the qualification to fly, you're so arrogant!

Hmph, Xinyan city is filled with crouching tigers and hidden dragons. If you don't restrain yourself, you'll suffer a great loss sooner or later.

"I vaguely saw the two's faces. They were extremely young and were probably inexperienced. However, their cultivation was somewhat shocking."

the two of them are heading towards the east of the city. They should be heading towards the elegant serenity sacred land.

A moment later, the two rays of light arrived at the eastern end of the city, in the sky above the quiet elegance Holy Land, and stopped.

The light revealed the figures of two men, both with delicate features and extraordinary appearances.

One of them was wearing a light green silk robe, his long hair draped over his shoulders, and a faint fragrance was emanating from his body. His name was Zhou Chu.

He glanced down and said, "I heard that the concentration of spiritual Qi in these secret rooms is even higher than that of the seven super forces. It's not much better than ours. In this way, it will definitely attract all the heroes in the world. The great ambition of the merchant Union is obvious."

The other man was dressed in green and had a handsome face. As he looked around, his eyes inadvertently revealed rays of brilliance.

This person's name was Qin Chuan. He smiled gently and said, "Who in the world doesn't know the heart of the merchant Union? However, this game of chess was too big. Unless there were unparalleled people and resources to suppress the heroes, it would always be a scattered sand. I've heard that if the cultivators here encounter an enemy that attacks new Yan city, they have to bear the responsibility and obligation to resist it together. I think this is the purpose of the merchant Union for establishing a Holy Land for cultivation."

Zhou Chu muttered, "hmm, you're right." Song Yue Yang city was the world's number one Merchant City, but its strength was extremely weak. It was destroyed by the four extremes sect and a few demons, making the world laugh. Now that all the heroes from all over the world have gathered here, they all have the responsibility to defend the city even though they don't listen to the orders of the merchant Union. I'm afraid it's even more difficult than attacking the seven superpowers."

Qin Chuan nodded. on one hand, it expanded our income. More importantly, it consolidated the city's defense. The person who came up with this wonderful method is definitely not an ordinary person. If we build two or three more cultivation Holy Lands like this, Xinyan city will be impregnable and will probably be on par with the Holy region."

Zhou Chu's expression changed, as if he didn't agree at all. He said coldly, " "They're just a bunch of ants, what's the use of numbers? Otherwise, Tang Qing wouldn't have given up on the rising four extremes sect and seized the battered Red Moon City."

Qin Chuan chuckled and said, " Tang Qing can be considered a formidable man of his generation. He dares to give and take. Although the four extremes sect was excluded by the merchant Union, they went directly into the dark and engaged in all kinds of shady businesses. They also collected intelligence. They played their biggest role. With the current strength of Red Moon City, in addition to the information Network and profit transmission of the four extremes sect, it was only a matter of time before they could restore their former glory. Only Tang Qing herself knows the profit and loss."

“Yes, this has nothing to do with us,” Zhou Chu said. Let’s go take a look at the cultivation resources here first. After hearing Li Feiyu’s words, even my heart is palpitating. If it’s really that good, I’ll also move here to cultivate.”

“Then, you’ll have a part to play in the defense of new Yan city in the future,” Qin Chuan said with a smile.

Zhou Chu laughed. The two of them flashed and landed in the hall.

As soon as the two of them appeared, they attracted everyone’s attention, because everyone had walked in, but they had flown in directly.

Although there were no rules in the hall that prohibited flying, no one would be so flamboyant and kept a low profile.

This immediately caused everyone to be dissatisfied and roll their eyes. Many people muttered and cursed.

However, there were also some cultivators who, although dissatisfied, held back their voices. After all, the two men’s auras were extraordinary, and one could tell at a glance that they were disciples of great aristocratic families.

Those who could come here were either itinerant martial artists or disciples of some local small forces. They did not dare to cause trouble in the world’s first commercial city. They were all well-behaved and well-behaved.

Everyone’s eye-rolls and criticisms entered their ears.

Qin Chuan’s gaze shifted as he laughed in surprise, “Zhou Chu, I think we did something wrong.”

“Why should a person who does great things care about the feelings of these dregs?”

Zhou Chu snorted in disdain and walked to the front desk in front of the angry crowd.

Qin Chuan shook his head with a bitter smile and followed after him. He immediately felt all kinds of cold gazes falling on him.

“Which country are you from? You don’t even know how to line up?”

I think these two people are quite capable. Their origin power is restrained, but I can’t see through their cultivation.

Hmph, it’s popular to wear some aura-suppressing treasures these days. In my opinion, these two people are at most high-level martial Royal realm.

“If it wasn’t for the fact that fighting is forbidden here, I would have taught them a lesson!”

the less trouble, the better. The merchant Union will teach them how to be good people. We just have to wait and watch.

The middle-aged man at the counter raised his head and his face immediately darkened. He pointed at the line and coldly said, “Don’t you know how to line up?”

“Hmph,” he snorted.

Zhou Chu snorted in disdain and slammed his palm on the counter. A golden medallion with countless patterns carved on it appeared.

The middle-aged man’s expression changed, and his pupils shrank slightly. He immediately recognized the Golden Plate, and he sized up the two people again in shock.

Although he was slightly unhappy, he still changed his expression and said with a respectful tone, “second-class VIP card. You can enjoy the privilege of cutting in line.

“Huala”

The Warriors in the queue were in an uproar. They were extremely dissatisfied and reprimanded, shouting, “You think you’re awesome just because you have a VIP pass?” “Even the most basic qualities can be abandoned?” “You people from the merchant Union are such scammers!”

The middle-aged man raised his head and said expressionlessly, “This is the rule of the sacred land of serenity. Those who have the business Union’s VIP token can enjoy different privileges. Since you’re here, you should know about it and follow the rules.”

The crowd quieted down after he said that, but they still glared at Zhou Chu’s arrogant and cold expression. They wanted to kill him with a punch.

The middle-aged man then turned to Zhou Chu and said respectfully, “What are your orders, Sir?”

Zhou Chu waved his hand and kept the token. “I’m very interested in your secret training rooms. Send someone to show us around, especially the top quality secret rooms.”

The middle-aged man was stunned and shook his head, “those who come here only rent the secret rooms. I’ve never seen them.” However, you possess a second-class honored guest token, so you’re naturally allowed to visit. I’ll send someone to receive the two of you, but the Purple Room has been fully rented and can’t be visited for the time being.”

Zhou Chu frowned and said, “our main goal is to see the top quality secret room. What’s the point of looking at other things?” We can just call someone out.”

“This ... This isn’t very good.”

The middle-aged man was also furious, but the other party’s aura was overbearing, and he had a second-class guest token. He couldn’t afford to offend him.

“Why not? Could it be that this token’s grade is not high enough?” Zhou Chu said coldly.

The middle-aged man said calmly, "If the two of you want to rent a Purple Room, you can do so with your second-class guest token. But if it's just for a tour and you want me to call them out, that's a little too unreasonable. You must know that when it comes to cultivation, you can't disturb it at critical moments."

...

Zhou Chu's face darkened and he shouted, "do I need you to teach me cultivation?" If you can't make the decision, call the person in charge of this place out!"

The middle-aged man's expression changed, and the martial artists in line were also moved.

To be able to hold a second-class guest token and have the confidence to directly call the other party in charge, it seemed that these two people did have some background. The few martial artists who had previously clamored to teach them a lesson also quieted down.

Qin Chuan couldn't bear to watch any longer and advised, "Zhou Chu, forget it. Since it's not convenient for them, we'll come again next time."

what do you mean by inconvenient? " Zhou Chu said coldly. do you want us to use our precious time to cooperate with their garbage time? "

The middle-aged man saw the other party's aggressiveness and said helplessly, " your request indeed doesn't have any rules. I'll contact the Lord in charge of the quiet elegance Holy Land.

He took out a token, drew a few runes on it, and smashed it with his palm.

The space around the palm fluctuated slightly, and several unremarkable black cracks spread out like hair, but they disappeared in an instant.

"Please wait a moment, Sir Xue Hongtao, who is in charge of this place, will be here soon."

“Would you two like to take a rest in the VIP room inside?” asked the middle-aged man courteously.

“No need,” Zhou Chu said, “we’ll just wait here. If no one comes in the time it takes to brew a cup of tea, we’ll go and take a look ourselves.”

...

The middle-aged man’s face showed a trace of anger, but he couldn’t flare up. “Alright, please feel free. Please step aside, I have to continue with my work.”

Zhou Chu snorted coldly. This time, he didn’t make things difficult for him. Instead, he and Qin Chuan retreated to the side and looked at the huge water curtain not far away.

“Is this the panoramic view of this place?” Qin Chuan exclaimed in admiration. There are actually 9000 secret training rooms. This is really a big deal. Just the Holy Land of training alone brings the merchant Union countless profits every year.”

hehe, why don’t you talk about how much money the merchant Union has spent to develop this sacred land? ”

A loud and clear voice was heard.

The white light flashed, and everyone felt a strong wind pressing down on their bodies. Then, it suddenly relaxed, and a white-haired old man appeared in front of them.

The old man’s face was ruddy, and he was dressed in a white robe. He said in a clear voice, “ the original intention of the cultivation Holy Land was to provide convenience to the martial artists in the world. It had never thought of making a profit. It was good as long as it didn’t lose money.
