

The Eternal 1281

Chapter 1281-important figure

When the middle-aged man saw the old man, he quickly stepped forward and bowed. "Greetings, Lord Hong Tao."

Xue Hongtao flicked his sleeve, and an invisible force lifted him up.

Then, he turned his eyes to Qin Chuan and Zhou Chu and said slowly, "This old man is the person in charge here, Xue Hongtao. Do the two of you wish to see this old man?"

He was secretly shocked. These two young men couldn't see through each other's cultivation at all.

And these two people were definitely not more than thirty years old. To have such achievements at such a young age, their origins must be extraordinary.

"What's the matter?" Zhou Chu frowned. Didn't he tell you?"

"Ahem."

Xue Hongtao coughed twice and said, "your request is indeed a little difficult. If you want to rent it, you can ask the others to come out without a second thought. But it's just to visit the Kasaya. There's no such rule.

Zhou Chu said coldly, "rules are made by humans. You want me to pay a few billion for a tour? do you think I'm a fool?" When li Feiyu first gave me this token, he said that there would be no obstructions in the merchant Union. So he was lying to me!"

The surrounding people were all shocked. As one of the four prodigies of the North Region, li Feiyu was extremely famous.

So these two were li Feiyu's friends, no wonder they were so arrogant.

“Feiyu is right. The tokens of the seven Chambers of Commerce can be used in the merchant Union.”
Xue Hongtao said with some difficulty. A second class command token was the highest rank command token that li Feiyu could offer. These two were definitely his close friends. I’ve already sent someone to inform Feiyu. He’s currently receiving a few important guests and will be here in a moment.”

Zhou Chu’s face darkened, and he seemed a little unhappy. He snorted, “Honored guest? So the two of us aren’t important guests, Hmph Hmph.”

Xue Hongtao was also a little dizzy. Although he wasn’t a member of myriad treasures store, li Feiyu’s status in the merchant Union wasn’t lower than his. These two people in front of him were probably existences he couldn’t afford to offend, “may I know who you two are?”

“Hehe, I’ve been trying to guess who the Big Shot li Feiyu was talking about was. So it’s you two brats.”

A melodious and extremely pleasant voice sounded.

Qin Chuan, Zhou Chu, and the other two’s expressions changed slightly, as if they knew who had come.

A ray of light flashed, and a vast force appeared in the hall and spread out. The surrounding martial artists’ faces changed greatly. Knowing that an expert had arrived, they scattered.

The light fell and turned into five figures, all of whom had extremely handsome young faces. One of them was a woman in a red dress, embroidered with a hundred birds paying homage to a Phoenix. She had a smile on her face, which made people feel like they were bathing in the spring breeze.

“Feini, it’s you?”

Zhou Chu furrowed his brows in surprise. “Also, Qi GUI, Chen Feng, Liang Yu Yi, did you hear any news?”

When the surrounding people heard this, their expressions changed drastically, revealing extreme shock.

These four names were all well-known among the young leaders of the North Region. They were almost the future of the entire heavenly martial arts realm, the future overlords.

At this moment, everyone in the surroundings held their breath, not even daring to breathe loudly. The two men from before were actually acquainted with these people, so they must have a great background. No wonder they were so arrogant.

One of the five was li Feiyu. He had a valiant and heroic bearing as he raised his sword-like eyebrows and said, "Oh, news? What do you mean, brother Zhou Chu?"

Zhou Chu's expression changed slightly, but he said indifferently, "I'm fine. I'm surprised to see so many of you here."

As soon as Xue Hongtao saw li Feiyu arrive, he immediately relaxed and slightly nodded in greeting.

"Brother Qin Chuan and brother Zhou Chu are the disciples of Lord hei Yuhu and Lord Cangwu Qiong from the Holy region," li Feiyu replied.

When Xue Hongtao heard this, his body trembled. He looked at the two of them in surprise and hurriedly said to the middle-aged man, "Find me a top quality cultivation room."

The cultivators in the surroundings were all shocked and confused. They had no idea who hei Yuhu and Cangwu Qiong were, but the fact that they were from the sanctuary was already a terrifying enough fact.

"I'm also very curious," Chen Feng said with a smile. "I wonder what the Holy Land of new Yan city looks like."

The middle-aged man also immediately understood the identity of these people in front of him. He did not dare to be careless and hurriedly cast a seal into the array plate, which immediately popped up a message.

“The last person who rented the Purple Room used a fifth-class guest token issued by Lord Jiang Xiu. He just moved in four days ago.”

alright, ” Xue Hongtao said. inform this person to leave for a day. He can continue to stay tomorrow. “If you personally explain the reason to this person, the rental fee will be waived for one day,” he added after a pause.

“Yes!”

The middle-aged man immediately accepted the order and turned into a streak of light, flying toward the sacred land.

When Fei Ni and the others heard the name ‘Jiang Xiuzhen’, they were all shocked. He had just moved in four days ago, could it be such a coincidence?

Chen Feng, his wife, and Feini Qigui looked at each other with strange expressions. It seemed like they had the same idea.

Li Feiyu noticed their expressions and asked in surprise, “What, do you have any ideas?”

“How could that be? we’re about to see the cultivation sanctuary that brother Feiyu has been praising. We’re all very happy.” Feini laughed.

Although Li Feiyu felt that these words were too fake, he still nodded his head, “That’s good,”

Feini’s gaze shifted to Qin Chuan and Zhou Chu. She giggled and said, “The two of you are rare guests. Feini is truly surprised to see you in new Yan city. Can you tell us the news that brother Zhou Chu just told us?”

“News?” Zhou Chu looked a little embarrassed. Wasn’t it just an auction at the myriad treasures store? It just so happened that there was an item that caught my eye in this auction, so I came down from the Holy region.”

“Oh? What about Brother Qin Chuan, do you also have something that you’ve taken a fancy to?”

Feini blinked her beautiful eyes and looked at Qin Chuan’s body.

“Maybe. Who knows.” Qin Chuan smiled.

Feini smiled and did not ask further, but a hint of fear flashed in her eyes.

Qin Chuan’s strength was unfathomable. Among many young people, she had always regarded him as her number one enemy. When they met again this time, he realized that he couldn’t see through her, and he couldn’t help but feel a sense of oppression.

Very quickly, the middle-aged man flew back, his expression extremely ugly.

“What?” Xue Hongtao frowned.

The middle-aged man’s face turned pale and he said in a low voice, “That person refused to leave.”

Hmph! Xue Hongtao snorted. did you try to persuade me with good words and tell me that you’ll waive the fee for one day? ”

The middle-aged man nodded and said, “I’ve told you everything. And hehe.” He glanced at Zhou Chu and the others and said awkwardly, “I’m sorry.” and I’ve already hinted that the identities of the Lords are not simple.

...

“How did that person react?” Xue Hongtao’s face turned cold.

The middle-aged man’s face turned red and he looked a little ashamed. He said in a low voice, “He Yingluo, he Yingluo, he said to get lost Yingluo.”

“What?”

Xue Hongtao’s expression changed drastically, and he said angrily, “so you rolled back here?!”

The middle-aged man gritted his teeth. He was ashamed and angry to be stared at by so many people.

Zhou Chu’s face darkened.

Li Feiyu furrowed his brows and cautiously asked, “Do you know the identity of that person?”

The middle-aged man shook his head and said, “he has a fifth-class token from master Jiang Xiuzhen, so according to the rules, he doesn’t need to register his identity.” &Nbsp;

“Jiang Xiuzhen seems to have returned to new Yan city. I’ll send someone to ask,” li Feiyu muttered to himself.

“No need!”

I don’t care who he is,” Xue Hongtao said coldly. he’s no longer a distinguished guest to the merchant Union with such an attitude. “Take a few guards with you and drive him out. At the same time, take back the token!” He said to the middle-aged man.

...

Jiang Xiuzhen’s status was far inferior to his, so Xue Hongtao didn’t take him seriously.

“It’s better to confirm it, in case we offend some sort of fiend-like figure, Yingluo.” Feini said with a smile.

Xue Hongtao laughed and said, "haha, don't worry, young lord Feini." The merchant Union was all about rules. He had to give up the Purple Room for a mere fifth-class token. No matter how powerful you are, you have to follow the rules of the merchant Union when you come to new Yan city."

The people in front of him were already big figures. What kind of powerful people could Jiang Xiu really get to know? no matter how noble his status was, could it be compared to these people in front of him?

Especially Qin Chuan and Zhou Chu, who was their master?

Hei Yuhu and Cangwu Qiong were two of the five great rulers of the Holy region. They were the most powerful people in the world, and their status was even higher than that of the seven sect Masters.

Not to mention, there was also Chen Feng and the two young masters of the long family. No one in this world could compare to them in status. If this "friend" of Jiang Xiu's didn't know what was good for him, he would have to teach him a good lesson.

yes, Your Majesty! the middle-aged man immediately accepted the order, and the guards followed behind him, flying toward the sacred land in a streak of light.

Xue Hongtao patted his chest and said, "don't worry, it'll be solved soon." I'm really sorry for delaying everyone's time. All your expenses in new Yan city will be borne by the Emyrean one Pavilion."

After learning their identities, Xue Hongtao tried his best to curry favor with them.

"Lord Hong Tao, you've put in a lot of effort. You're all my friends, so myriad treasures store will naturally make arrangements for you," Li Feiyu coldly replied.

Xue Hongtao smiled awkwardly and said, "hehe, it's good that you have arrangements." I'm just a little apologetic for delaying everyone's time."

Li Feiyu pointed to the crowd of cultivators watching from a distance and sneered, everyone is waiting to get things done, so we'll be delayed even more. Lord Hong Tao, why don't you cover their expenses?
"

“Hehe.”

Feini could not help but laugh. There seemed to be a deeper meaning behind that smile.

Xue Hongtao’s face turned red, and he laughed dryly a few times before falling silent.

The people who were waiting in the distance were also waiting quietly. After knowing the identity of these people, who would dare to say anything?

Moreover, to be able to see so many important figures at once, they would have something to talk about after tea and meals in the future. Who was the unlucky guy in the Purple Room?

Chapter 1282-unlucky

Everyone had the same thought. If that unlucky fellow knew that he had offended so many big shots, he would probably want to die.

Many people were gloating and waiting to watch a good show.

“Feiyu, why don’t you show us the other secret chambers?” Fei Ni chuckled. I’m afraid we won’t be able to get it in a short time.”

“No problem,” he said.

“Mr. Hong Tao, please make the necessary arrangements as soon as possible,” Li Feiyu said. “Why do I feel like there’s a hidden meaning behind young master Fei Ni’s words?” he asked strangely.

“Of course not.” Feini laughed.

“Yes.”

Xue Hongtao replied.

“No need,”

what’s there to see in the other trashy chambers?” Zhou Chu said. we’ll just wait for a while. If it’s still not enough, we’ll just go there directly.

The few of them talked in detail for a while, and the time it took to brew a cup of tea passed.

Xue Hongtao couldn’t sit still anymore. His face darkened and he said angrily, ” “Trash, a bunch of trash! You can’t even handle a small matter!”

As if he had lost face in front of everyone, he was exceptionally angry. Origin power surged from his body as he said,”Please wait a moment, I’ll be right back!”

Lord Hong Tao, ” Liang Yuyi said. don’t be reckless. Perhaps that guest has a special status.

She had come from Empyrean one Pavilion before, so she had a good impression of it.

“No matter how special his identity is, we’ve already given him enough face!” Xue Hongtao said angrily.

He turned around and left the hall, flying towards the Purple Room.

“It can’t really be him, can it?” Qi GUI finally couldn’t help but ask.

“Hehe, it’s hard to say. If Lord Hong Tao hasn’t returned, then it might be.” Feini covered her mouth and laughed.

Li Feiyu’s heart skipped a beat as he replied,”Do you know who that person is?”

Chen Feng also smiled, we're just guessing. Maybe it's a friend we just parted with not long ago.

"Oh?" Zhou Chu was surprised. No wonder he didn't give the merchant Union any face since you called him a friend. It seems that he really has some confidence."

The bad premonition in Li Feiyu's heart grew stronger and stronger. His face turned pale as he asked, "What's the name of your friend who you just parted with?"

"Hehe."

Chen Feng looked at Li Feiyu's face, which had almost turned green, and felt an indescribable comfort in his heart. He smiled and said, "Brother Feiyu, you must already know about Seawood town. Jiang Xiu gave his friend a fifth-class token there, and the time when his friend arrived in new Yan city was just a few days ago. Hehe, we're just guessing. It might not be such a coincidence."

"Not good!"

Li Feiyu's forehead was covered in cold sweat. He immediately understood who was inside the Purple Room and immediately flew out of the hall.

Zhou Chu and Qin Chuan were both stunned. Zhou Chu asked suspiciously, "I'm also very curious." His figure also flickered as he chased after Li Feiyu.

Feini chuckled. chenfeng, you're too evil. Just say it out loud. Look at how scared Feiyu is.

"Hehe, you're the bad one, aren't you?" Chen Feng laughed. If we don't say it now, it will be even more difficult for both sides to clean up the mess if something big happens."

"After hearing what you said, I'm also very curious in my heart. Which extraordinary person is here? why don't we go and take a look together?" Qin Chuan said in surprise.

Everyone flew out of the hall at the same time. As soon as they stepped out of the hall, they saw a ray of light flying over from the distance.

“BOOM!”

The ray of light fell to the ground, stirring up a cloud of dust.

Everyone heard the noise and was alarmed. They all ran out to take a look and were instantly shocked. They rubbed their eyes.

A large pit several Zhang wide had appeared on the ground, and Xue Hongtao was stuck upside down in it, his legs twitching.

“Lord Hong Tao!”

Li Feiyu was startled, and in a flash, he landed and grabbed at Xue Hongtao, trying to pull him out.

“Pa!”

Suddenly, a bolt of lightning shot out from Xue Hongtao’s body, directly striking his right hand. He felt pain and quickly withdrew his hand.

Qi GUI’s pupils constricted as well. Among the crowd, he had the strongest sense and control over lightning, but when the bolt of lightning struck, his heart skipped a beat. He was immediately one hundred percent sure that it was Yunxiao.

Feini also looked at him and he nodded solemnly.

Feini’s beautiful eyes lit up and the corners of her mouth curled up, revealing a playful look.

It seemed that Li Feiyu had only touched him once, and the current had been diverted away. Xue Hongtao's entire body stopped twitching, and with a "pa" sound, he shot out from the deep pit. His face was swollen, blue and purple, and was covered in blood clots.

"Madman, madman Yingluo!"

His entire body trembled violently, and his eyes were filled with fear. He shrieked, "Lord Li Feiyu, quickly call for experts, quickly call for experts!"

"Eh? A few more came."

Qin Chuan raised his head and looked into the distance. A few beams of light shot over and slammed into the ground with a loud bang, creating large pits. They were the middle-aged man and a few guards who had been sent over previously.

haha, what an interesting person. How dare you be so arrogant in the headquarters of the merchant Union. I'm curious which sacred person you are!

Zhou Chu's face turned cold as he stared into the distance. "Since you don't want to come out, then let me kick you out!"

Just as he was about to move, he was pulled back by Qin Chuan, who shook his head and said, "This is the headquarters of the merchant Union. Everything is decided by young master Li Feiyu. Let's not cause any trouble." He even threw a smile at Li Feiyu and said, "I'm right, brother Feiyu."

Li Feiyu's face was almost dripping with tears as he replied in a muffled voice, "Yes."

He was also anxious. So far, it seemed that the person in the Purple Room was Yunxiao without a doubt. Only a man with his character and strength would dare to act so unscrupulously and arrogantly.

...

Besides, he had just learned about the news in Seawood town, and although he could not fully believe Yunxiao's divine strength, it must be very difficult for him to deal with.

He was wondering if he should Ask the Experts of the merchant Union to come and completely suppress Yunxiao, so that the auction that was about to begin would not be affected.

“Quickly call for an expert, li Feiyu, quickly call for an expert!”

Xue Hongtao's face was covered in blood as he howled like a pig being slaughtered.

The surrounding onlookers were all dumbfounded and frightened. Who on earth dared to court death by beating up people from the merchant Union in new Yan city?

Moreover, he was the person in charge of the quiet elegance Holy Land, a core figure of the business union.

“Expert? You didn't listen to what I just said.”

ah! a cold voice suddenly rang out. Xue Hongtao let out a scream, his face turning pale as if someone had grabbed his neck. His entire body trembled like a sieve.

The pupils of li Feiyu and the others contracted as they looked up into the sky. A wave of fluctuations spread out and a white-robed man with a calm expression stood there.

“Li Yunxiao!”

“Young master Yunxiao!”

...

“Brother Yunxiao!”

All kinds of exclamations rang out. Although Feini and the others had guessed that it was Yunxiao, they were still a little surprised to see him in person.

“Eh? Why are you guys here?”

Yunxiao’s eyes swept over the crowd. His face was expressionless as he said indifferently, ”

“The auction in new Yan city is just around the corner. Qigui and I have nothing to do, so we came over to take a look.” Feini smiled.

Chen Feng also smiled. my wife and I are not in a hurry to go back, so we followed you here. I didn’t expect to see you again, brother Yunxiao. We are very fortunate.

Li Feiyu’s face turned cold as he gritted his teeth, Li Yunxiao, this is the headquarters of the merchant Union. Don’t you think you’re going too far? ”

Yunxiao gave him a look and said, ” it’s you, brother Feiyu. I haven’t seen you for many years. You still look as elegant as ever. Was this the headquarters of the merchant Union where they could bully outsiders? If that’s the case, then tell me directly, and tell everyone here.”

Li Feiyu felt a trace of anger, ”Don’t you slander the merchant Union! Before you rented the Purple Room, you must have made it clear that if you meet a higher level VIP, you must give it up.”

Without saying a word, Yunxiao raised his hand and shot out a golden beam.

Li Feiyu stretched out his hand and grabbed it. When he looked at it, he was dumbfounded and exclaimed, ”Second-rank guest! This Yingluo ”

I’ve already shown the token to the old man, ” Yunxiao said coldly. but he insisted that I move it away. Tsk, tsk, I’ve once again witnessed the credibility of the merchant Union. A big store bullying its customers, I’m full of tears!”

“Pfft!”

Feini could not help but burst out laughing.

The others were also speechless. He had crippled the people from the merchant Union, and they were all in tears, but they were all covered in blood!

“What’s going on?” li Feiyu also turned around and asked.

Xue Hongtao’s face turned red. When he found Yunxiao, the latter had indeed taken out the second-class token of Tianyuan trading company, but he wanted to show off in front of the crowd, and Yunxiao had knocked out the guards at the door, so he asked him to leave without saying anything.

What happened next was naturally a tragedy.

Even now, Xue Hongtao still felt a lingering fear when he thought about it. He touched the blood from his nose and couldn’t stop trembling.

Seeing his expression, li Feiyu immediately understood what was going on and cursed in his heart.

He knew Yunxiao’s eloquence the best, and he knew that even the most unreasonable things could be reasoned with. Now that the other party had the reason, he was completely moved.

“So it’s you! You’re li Yunxiao?”

Suddenly, Zhou Chu shouted. His eyes flashed with a cold light, and he revealed a hint of killing intent.

Yunxiao lowered his head and looked at the two men. When he saw Qin Chuan, his pupils constricted, as if he had sensed an unusual aura.

He glanced at Zhou Chu and said, "who the hell are you?" Do I know you?"

"Hmph, it doesn't matter if you don't know me! You'll get to know him soon, and you'll never forget him!"

Zhou Chu's aura suddenly spread out, and the sharp killing intent made the people around him feel uncomfortable.

"Zhou Chu, you know him?" Qin Chuan frowned.

Zhou Chu stared at Yunxiao and sneered, " "You're walking right into a trap! Qin Chuan, before I came out, I just happened to read the news from set heaven city. This person is in the same group as The Fiend who massacred the city Lord's mansion!"

"What? He's an accomplice?"

Qin Chuan was taken aback as well, and he looked at Yunxiao with a serious face.

Of course, he knew Yunxiao's name, and at first glance, he felt like he was in a vast and bottomless abyss!

Chapter 1283-face

hehe, li Yunxiao, come back with me to the Holy region! he said.

Zhou Chu said in a cold voice. His aura locked onto Yunxiao, and his killing intent surged out.

"I was wondering why there were two unfamiliar faces here. So they're from the Holy region."

Yunxiao's eyes flickered with a cold light as he explained, " "The matters of the dingtian city have nothing to do with me."

Zhou Chu sneered, "you think it's unrelated just because you say so?" Come back with me and explain!"

what?" Yunxiao frowned. since I don't have the final say, why do you want me to go back with you?"

"No matter how sharp-tongued you are, it's useless!" Zhou Chu snorted.

He rose into the air, and his aura suddenly roared out. The entire sky shook, and like monstrous waves, layers of pressure pressed down.

Yunxiao's face flickered. He did not expect the other party to make a move without saying a word. The monstrous pressure came from the sky, almost materializing.

However, he sneered and only looked at Li Feiyu, "Brother Feiyu, someone is attacking me without any evidence. Do the rules of the merchant Union care about this?"

Li Feiyu cursed the old fox in his heart. He had also wanted to use Zhou Chu to see Yunxiao's current strength, but he did not expect him to direct the trouble to him.

This Yingluo, should he care or not?

Li Feiyu was also in a difficult position.

Yunxiao saw through his thoughts and sneered. "If you guys don't care, then I'll just kill him without any worries,"

"?!"

Li Feiyu suddenly jumped in fright. His forehead was covered in cold sweat as he hurriedly replied, the sacred land of serenity is not allowed to fight selfishly in order to avoid damaging the sacred land. This is clearly stipulated by the merchant Union!

He was truly shocked. Yunxiao had never considered the consequences of his actions. If he said he didn't care, the merchant Union would lose its position to attack. If he really killed Zhou Chu, it would be a huge disaster, and the merchant Union would be involved in it.

"Haha, how arrogant! Kill me? I'm going to laugh my teeth off!"

Zhou Chu was so angry that he laughed. The aura around him surged, and the powerful pressure stacked on top of each other, becoming more and more violent like the waves.

Yunxiao did not move at all, allowing his body to float up and down in the air wave as he said coldly, "Brother Feiyu, he has already made his move. If you don't use the rules of the merchant Union to stop him, I will use my rules to kill him!"

"Brother Zhou Chu, I'll handle this matter!" Li Feiyu was startled and quickly said.

Zhou Chu suddenly turned his head, his gaze as sharp as a blade as he glared at Li Feiyu, are you afraid that he will kill me?!

His eyes were filled with anger, and the shame of being looked down on made him want to kill!

Chen Feng frowned. Zhou Chu, brother Feiyu has good intentions. Besides, this is the merchant Union's territory. I hope you can abide by the rules.

Ever since Chen Fengyuan had the intention to make friends with Yunxiao, he had naturally stood on Yunxiao's side.

The four of them knew Yunxiao's strength the best, and they knew that he definitely had the power to kill Zhou Chu. But if he really killed Zhou Chu, no one in the world would be able to protect him.

"Brother Yunxiao, Zhou Chu is the proud disciple of Lord Cangwu Qiong of the Holy region. He is very powerful. Let's talk this out so that we don't hurt each other's feelings."

“What?”

Yunxiao frowned, as if he had thought of something. His eyes flickered. so, you are Cangwu Qiong's disciple.

“You can't call my master's name as you please!” Zhou Chu's face darkened.

His character had always been proud and aloof. Among his peers, except for Qin Chuan, there were not many people who could enter his eyes.

He had long heard of Yunxiao's title as the number one rising star, and he was very disdainful of it. Coupled with the attitude and appearance of Li Feiyu and the others, it was as if he would really be beaten to death. He was so angry that he almost exploded. In the end, Yunxiao called him 'Cangwu Qiong' without even addressing him with an honorific. He could no longer hold it in and directly lost his temper.

He immediately put his hands together, and a golden light condensed in his palms. Then, he suddenly slashed out!

With a hiss, the sky was split open. The blade was surrounded by a black light that kept devouring spiritual Qi and turning it into golden light.

The martial artists who were watching the show from afar were all shocked, but they were more excited.

As soon as Zhou Chu's attack came out, everyone felt a sharp aura hit them in the face. Those who were weaker in the distance all retreated to avoid being affected.

“?!?”

The slash was so fast that it passed through Yunxiao in an instant and cut him in half!

However, the upper and lower halves of his body suddenly became a little blurry, and then they swayed in the air before they gathered together again and gradually became clear, revealing Yunxiao's true body.

Zhou Chu's heart jolted. He could not see any flaws in Yunxiao's movement technique when he dodged his slash!

Li Feiyu, this is the last time I'm speaking," Yunxiao said with a cold look in his eyes. If the merchant Union doesn't care, I'll make a move.

Li Feiyu's expression changed, finally showing some anger. He coldly said, "Zhou Chu! The sanctuary has its own rules, and the merchant Union has its own rules. I hope you can respect them!"

Zhou Chu's face was filled with anger and killing intent.

Qin Chuan took a step forward and said, "Zhou Chu, forget it." Don't make things difficult for brother Feiyu. Besides, young master Yunxiao said that he had nothing to do with what happened in Dingtian city. With his status, he would not lie to us."

Hmph! Zhou Chu snorted. Since you said so, I'll let it go this time. But I'm not done with him!

Xue Hongtao's eyes suddenly flashed with a cold light. "In this quiet elegance sacred land, there is a stage specially used for competition. As long as both parties sign the life and death contract, no one is allowed to interfere with their lives."

His head was as swollen as a pig's, and his eyes were filled with resentment.

Yunxiao had paid attention to his limits when he beat him up earlier, and he had only made him look a little worse off. He was not really seriously injured, so he had basically recovered in a short while.

Everyone's expression changed, and the atmosphere instantly became a little somber.

Zhou Chu grinned. hehe, brother Feiyu, really? ”

Li Feiyu glared at Xue Hongtao,”There is. If the two of you want to fight, I naturally have no objection, but you must clearly state that the life and death agreement has nothing to do with the merchant Union.”

Zhou Chu laughed and shouted,”Hahaha! Li Yunxiao, do you dare?”

Yunxiao’s eyes turned cold as he said, ” “Since you’re looking for death, then don’t blame me!”

...

Suddenly, a dry cough could be heard. cough, cough. You’re all martial arts geniuses that only appear once in a hundred years. You’re all the outstanding talents of the continent. Why are you all so eager to see life and death? ”

Not far away, two people had appeared without anyone noticing.

“Who are you?” Zhou Chu was shocked and shouted.

“I’m han Junzi, the head shopkeeper of the star and moon school,” the old man chuckled. They were han Junting and grandma sunflower.

When grandma sunflower appeared, she only gave Yunxiao a glance, then kept a straight face and said nothing with a cold expression.

“Lord Han Jun!”

Li Feiyu hurriedly stepped forward and saluted. Han Junzi was not only the head manager of the star and moon school, but he also represented the star and moon school’s President and carried out all his duties. In other words, he was the acting president, and his status was one level higher than li Feiyu’s.

When Xue Hongtao saw who it was, he also rushed forward and wailed, "Lord Han Jun, grandma sunflower, you have to save the merchant Union's face!"

He could not see through Han Junting's cultivation, but grandma sunflower was a well-known nine-star martial sovereign in the merchant Union. In Xue Hongtao's opinion, as long as she was willing to help, she could suppress Yunxiao on the spot and avenge him.

Han Junting's face darkened and she rebuked, "it's because of a good-for-nothing like you that the merchant Union has lost its face. Get out!"

"Y-you,

...

Xue Hongtao was dumbfounded. He couldn't believe his ears and stood there in a daze.

Grandma sunflower's face turned cold as well. She shouted, "The shopkeeper told you to get lost, so why are you still standing here? Do you want me to do it?"

Xue Hongtao trembled. He naturally knew how powerful grandma sunflower was. He gritted his teeth in anger. good, good! Star Moon school, I, Xue Hongtao, will remember this!"

His face was originally blue and purple, but now it was completely red. He felt that he had no face to stay any longer, so he turned around and flew away.

Han Junting did not seem to notice this and continued to smile, "All of you are young faces, so it's inevitable that you're a bit angry. Why don't you let this old man be the middleman and give me some face? no matter how big the matter is, I'll just let it go like this."

Zhou Chu's face flashed with displeasure. He was just about to say, "Who Do You Think You Are? why should I give you face?"

However, Qin Chuan could read his mind. He took the initiative and said, "Since the head shopkeeper of the star and moon school has come forward, I naturally have to give him face."

"Hmph!"

Zhou Chu snorted coldly and did not say anything.

Han Junting raised her head and looked at Yunxiao in the sky. A complicated look flashed in her eyes as she said with a smile, "I wonder what about young master Yunxiao? can you give me some face?"

of course! Yunxiao nodded. I'll give you face.

Chen Feng and the others' hearts skipped a beat, and they found it a little strange. Based on their understanding of Yunxiao, he was a man who would not give face to anyone.

These people couldn't help but size Han Junting up a few more times. They were even more curious about this new member of the seven associations of the merchant Union.

Han Junting's disguising skills were already at their peak, so they naturally could not see through anything. They only felt that this old man was very mysterious.

"Hehe, it seems like this old man's face is still somewhat useful."

"There's always a high-level auction before the start of the auction every year," Han Junting said. And this exchange meeting is hosted by this old man. I heard that so many young talents have come to New Yan City all of a sudden, so I couldn't help but rush over and sincerely invite you all to participate."

"Lord Han Jun, is the high-grade item exchange about to begin?" Li Feiyu asked, visibly moved.

"It'll be tonight at the purple Pavilion of the star and moon school. I hope everyone can come," Han Junting said with a smile.

Grandma sunflower raised her hand, and several red beams of light shot toward the crowd. Everyone reached forward to grab a gold-stamped invitation.

“This time, I’m definitely going to broaden my horizons. I’ve missed the previous few years because of some matters. I wonder who the experts that star and moon school have invited this year are?” Li Feiyu laughed.

Chapter 1284

1284 Confession of love

Han Junting laughed, “aren’t you all experts here?” I’ll be waiting for you at the purple Pavilion tonight.”

Qin Chuan saw that he was about to leave and hurriedly asked, “Wait! I’ve heard that the star Moon school’s information trading business is even more valuable than the myriad treasures store’s. I’d like to get in touch with Han Jun. ”

Han Junting looked at him and smiled, “That’s an outsider’s praise. The star and moon school is very happy to do business with young master Qin Chuan.”

She glanced at Yunxiao, intentionally or unintentionally, and coughed twice in a lifelike manner before leaving with grandma sunflower.

Qin Chuan’s eyes flashed with a sharp light. After pondering for a moment, he said, “Zhou Chu, let’s go.”

Zhou Chu raised his head and stared at Yunxiao, his eyes full of coldness as he said, “Kid, you’re lucky today! I hope your luck will always be this good!”

After watching the two of them turn into rays of light and leave, Fei Ni finally could not help but chuckle and said, “I don’t know who’s the lucky one. If Zhou Chu continues like this, he’ll be in deep trouble.”

Qi GUI also revealed a rare smile and said, “I have a feeling that he’s going to be in big trouble.”

“Brother Zhou Chu’s strength is unparalleled and can not be underestimated. If brother Yunxiao were to encounter him, he must not be careless either.” Li Feiyu forced a smile.

“Brother Feiyu, you said that because you didn’t experience the battle in Seawood town,” said Chen Feng. Not to mention Zhou Chu, even if Qin Chuan were to encounter brother Yunxiao, he would be defeated.”

“Could it be that brother Chen Feng has seen Qin Chuan in action before?” Li Feiyu asked in shock.

“No,” Chen Feng shook his head.

Li Feiyu furrowed his brows and said, “Qin Chuan is the most mysterious person among the younger generation of the Holy region. No one has ever seen him in action. However, every outstanding talent in the Holy region has nothing but praises for him. Even an arrogant and unruly fanatic like Zhou Chu, who doesn’t put anyone in his eyes, is convinced by him and follows his lead.

Chen Feng smiled as he looked at Yunxiao and said, “Although I’ve never seen Qin Chuan in action, I’ve seen brother Yunxiao in action. Therefore, I believe that Qin Chuan is definitely not a match for young master Yunxiao. The number one of the younger generation, he is worthy of the title!”

Li Feiyu was shocked when he heard that, and he could not help but look at Yunxiao again.

that Qin Chuan is not simple,” Yunxiao said seriously. I can’t see through him either.

“I used to think so too, but now I realize that I can’t see through young master Yunxiao even more,” Feini said with a smile. She smiled and blinked her eyes. It’s still early to dusk. I wonder if Feini would have the honor of inviting young master Yunxiao for a gathering alone?”

no need for that,” Yunxiao said. I’ve paid five billion to rent this Purple Room for cultivation. Every inch of time is an inch of gold. If there’s nothing else, I’ll go back first.

Feini saw that he was about to leave and said hurriedly, “Wait! Feini really has something important to discuss!”

Yunxiao sneered in his heart and said, "If there's anything, you can just say it in front of everyone."

Feini stomped her feet in anger and said, "the number one expert in the world doesn't even dare to speak to me alone?!"

it's not that I don't dare to," Yunxiao said indifferently. it's unnecessary.

li Yunxiao," Fei Ni said coldly, "if you leave today, I'll tell the world that you molested me!"

The rest of the people were instantly stunned. They were all sweating profusely. Even Qi GUI looked shocked, as if he did not know who feini was.

Yunxiao's body froze as he said in a speechless manner, "you're a girl and the young master of the long family. You have an extraordinary status. Don't you feel embarrassed to say such things in front of so many people?"

Fei NI's cheeks were already flushed red. She bit her lower lip and said, "You forced me to do this!"

The atmosphere suddenly became awkward.

"I suddenly remembered that I have something important to deal with, so I'll take my leave first." Everyone, I'll take my leave and see you tonight."

"Me too," li Feiyu replied.

Qi GUI also nodded,"I also just thought of Yan Yan."

"Let's go, let's go!"

Li Feiyu didn't wait for him to speak and pulled him back. The group of them immediately transformed into streaks of light and disappeared from their original location.

The awkward atmosphere was then swept away. Feini raised her head arrogantly and her eyes were cold as she said, "Young master Yunxiao, are you still going to reject me now?"

no! Yunxiao shook his head and said, "come with me.

The next moment, the two of them appeared in the Purple Room.

Yunxiao waved his hand at the stone table, and in an instant, a table full of fine wine and delicacies appeared.

Fei NI's eyes flickered and she laughed. what a good way to present Buddha with borrowed flowers. These spiritual fruit Ambrosia must be from the divine Tree family, right? "

Yunxiao sat on the stone bench, picked up the fruit, and ate it without any courtesy. just tell me what you want.

Feini casually picked up a red fruit and gently placed it in her mouth to taste. She said, "young master Yunxiao should be clear about my purpose. Otherwise, why would you refuse to meet me alone? "

true Phoenix Flame? " Yunxiao gave her a look. is it true Phoenix Flame? "

Feini's expression turned serious and she bit her red lips. that is the true Phoenix Fire. I can't believe that there is still a divine fire in this world! She was so excited that her body started to tremble.

hehe, we're both smart people, " Yunxiao said. I won't beat around the bush. Since you know that it is Phoenix Fire, you should know its value. What right do you have to take it from me?"

"Everything in the world has a price, and I can't take out anything of equal value to the divine fire. However, if I can obtain this divine flame, I will definitely become the unshakeable first inheritor of the

long family. I can promise that if I manage the heavenly Ridge long family in the future, I will do three things for you unconditionally!"

Yunxiao sneered. when you rule the long family, even if I'm not invincible, I'll have few rivals in the world. What will I need you to do? "

Fei Ni was stunned and thought for a moment. She gritted her teeth and said, " I don't need you to give me the divine flame. I just need to cultivate in it."

Yunxiao frowned. What's the Difference? " he asked. I can't let you follow me every day."

"Why can't I?"

Fei Ni suddenly said, her face blushing as she said bluntly, " "With my strength, even if I can't help you, at least I won't be a burden. and ... And again ... she gritted her teeth so hard that her lips were almost bleeding. and, even if you want me, I'm willing to do it.

Towards the end, his voice was as soft as a mosquito, almost undetectable.

Yunxiao was completely dumbfounded. His mouth was wide open, and his mouth was full of fruit dregs.

"Pfft!"

Feini looked at his stunned expression and her ears turned red. She could not help but laugh, " "Dumbo, what's the matter? are you moved?"

Her long hair was combed back, and her entire body was as red as fire. Her full figure was already soul-stirring, and with a charming smile, a fragrance assailed the nose. Coupled with such generosity and initiative, it made people's throats dry.

...

“Gulp.”

Yunxiao gulped as well. He hurriedly poured out a bottle of bejeweled nectar and gulped down a few mouthfuls.

“Keke!”

Feini suddenly laughed hard, and her shyness seemed to have disappeared. She looked at Yunxiao with great interest and said with a tender smile, “I heard that Ding Ling ‘er of Tianyuan trading company is young master Yun’s confidante, and there’s another woman with an unknown identity who has been following young master Yun. Why does it seem that the young master Yun, who has such a shocking cultivation base and a mind as deep as the sea, is so immature in some matters?”

Yunxiao coughed twice, and feini’s handsome face almost came close to him. He quickly turned his head to hide his embarrassment and said, “In that case, young lord feini is very experienced.”

“Woof! You’re spouting nonsense!”

Fei Ni’s face turned red and she said angrily, “don’t try to ruin my reputation!” I’ve never let any man touch me, because they don’t have the right!”

Yunxiao’s nervousness was relieved when he saw her angry. He said with a wry smile, “I’m not a saint. If young master feini doesn’t know his limits, I’ll really eat you up.”

Feini looked at Yunxiao affectionately and said, “Even if you really want to eat me, I’ll be willing.”

is it worth it to sacrifice like this for the Phoenix divine flame?” Yunxiao asked.

Feini’s body trembled and her face turned pale. She said angrily, “Do you think I’m only doing this for the divine fire?” Her eyes revealed a trace of sadness as she muttered, “If it’s only for the divine flame, I definitely won’t suffer like this. I’m willing to follow you because you’re li Yunxiao, the number one rising star, and an invincible existence among your peers!”

...

Her cheeks flushed red, and her eyes flickered as she said, I like the strong, and I like to fight with the strong. My man must be far stronger than me. Only then can he tame me, tame the proud bloodline of the heavenly Phoenix in my body, and make me willingly submit to him and become his woman!

“Qigui and I left the long family of the celestial mountains to find you because there were rumors that you had the divine fire of the Phoenix. At first, my idea was to kill you and take the divine fire, but after the battle of Seawood town, I knew that it was impossible. However, I wasn’t disappointed. Instead, I became even more excited, because you are the man who can tame me!”

“I know that you have Ding Ling ‘er, and you will also have other women. But I don’t care. An outstanding man can attract a large number of outstanding women, who are willing to follow him. The only thing I care about is your strength. One day, when I can defeat you, I will no longer like you, and it will also be the time to cast you aside and abandon you!”

Feini’s eyes glowed and her face was as red as Jade, making her even more attractive.

Yunxiao wiped his cold sweat and said in embarrassment, “ why are you getting more and more ridiculous? it’s as if you’re already my woman.

Feini smiled and lifted her hand to untie the belt on her red dress.

“You coward!”

Startled, Yunxiao stood up as if he had been electrocuted. “What are you doing?”

Feini laughed, “didn’t you say that I’m not your woman yet?” You can be one now.” Her butterfly-like red dress fell off in an instant, revealing her body that would make one’s blood boil.

“Pfft!”

Two streams of blood sprayed out of Yunxiao's nostrils, but he quickly covered them with his hands. With a flash of green light, he disappeared from the secret chamber.

Chapter 1285-purple Pavilion

"Hehe, li Yunxiao, are you still a man? Come back here!"

Feini giggled and put on her long dress. She turned in the air and disappeared as well.

By the time she left the secret chamber, Yunxiao had already disappeared.

Hmph, Dumbo, idiot. You don't even know how to eat a beautiful woman that's sent to your door!

Feini stomped her feet in anger but immediately felt that her words were inappropriate. Her cheeks turned red and she turned into a red light and escaped in embarrassment.

Yunxiao was really frightened by feini's bold move. He strolled around new Yan city for a long time, thinking about whether he should go to the purple Pavilion. It would be a little awkward if he met feini again.

After much consideration, he decided to head to the purple Pavilion. After all, han Junting had invited him, and he did not want to stand her up.

The purple Pavilion was an extremely exquisite building. It was elegantly decorated and exuded an air of magnificence. It was not something that an ordinary craftsman could have built.

It was already dusk when Yunxiao arrived.

The small building was built in a relatively quiet place in the city. There were almost no figures to be seen. Occasionally, people would enter, but they were all hidden.

Standing in front of the building, Yunxiao suddenly had an inexplicable feeling in his heart. He looked at the purple Pavilion with a surprised expression.

The attic was built with a mixture of nanmu and unpolished jade, exuding a faint noble air. In the evening, the shadow was long and the building was gradually lit.

The orange oil-paper lanterns lit up one by one, illuminating the entire place. The lanterns on both sides were lit, making the attic look even more exquisite and beautiful.

“Eh, li Yunxiao? Since you’re here, why don’t you enter?”

Suddenly, a voice was heard. It was Qi GUI. He looked at him suspiciously and looked around. where is feini? ”

Yunxiao could no longer remain calm as he stared at the purple Pavilion in a daze.

Although the building of the purple Pavilion was exquisite, it could not be called a divine work. There were many buildings better than it, but Yunxiao recognized the style of the building at once.

This kind of exquisite and exquisite carving technique had a strong sense of poetry and painting, but it didn’t lose its spirit.

When he recalled the drawing of a huge waterfall in the star and moon school that day, the strokes were almost exactly the same. He finally knew the real owner of the star and moon school!

A beautiful face and a beautiful dance appeared in Yunxiao’s mind.

Whoever a beauty danced for, whoever would pour the world for her.

“Eh? What’s wrong with you?”

Qi GUI noticed that something was wrong with his state and asked in surprise.

“I’m fine.”

Yunxiao shook his head, but the white-haired face and the messy look in his eyes could not escape the strange ghost’s eyes.

Qi GUI was also surprised. At their cultivation bases, it was rare for anything to cause such a fluctuation in their hearts, let alone Yunxiao, who had always been cold and arrogant.

“Where’s feini? Isn’t she with you? Could it be that something that shouldn’t have happened between the two of you?”

Qi GUI’s expression turned strange, and then he suddenly came to a realization. He looked at Yunxiao with a faint smile.

“Cough, cough, what nonsense are you spouting!”

Yunxiao’s face darkened as he came back to his senses, but his heart could not calm down for a long time.

He had also learned from Yunshang that Shenxiao Palace had sealed off their mountain. He speculated that it was probably because of his death that Qu Hongyan had been provoked, so she had sealed off Shenxiao Palace.

Was it finally going to be born again?

It was no wonder that the people in charge of the Star Moon school were all women. Judging from Han Junting’s talent and the nine-star Martial Emperor, Grandma Sunflower’s, she was most likely the new generation of the Divine Cloud Palace’s proud Son of Heaven.

“Hongyan, how are you?”

Yunxiao sighed faintly in his heart. His face was filled with endless loneliness, and his eyes were as hazy as the moon under the evening lantern.

“What’s wrong? did something happen?”

Qi GUI laughed weirdly. hehe, I know feini’s character very well. She’s a cultivation fanatic and a martial arts fanatic! The only thing that can make her excited is to fight with strong people. You fit her requirements very well.”

“Exciting your sister!”

Yunxiao’s eyes flickered, and his face immediately darkened as he slapped the man.

The strange ghost was startled, and its body suddenly transformed into a bolt of lightning to Dodge.

The common characteristic of Thunder attributed practitioners was that their movement techniques were extremely fast, as fast as lightning!

However, just as he flashed, he retreated a few feet as if he had teleported. what? ”

Before he could breathe a sigh of relief, he was shocked to find that Yunxiao’s palm had followed him like a ghost, and he could not shake it off at all!

“Pa!”

The palm hit the back of his head and he felt a sharp pain.

He had been unconscious during the battle in Seawood town, but after hearing what feini and the others had said, he still had some doubts about Yunxiao’s martial technique, which had been praised to be divine.

He thought that even if he was stronger than him, it shouldn't be by too much. After all, he was still one realm higher than him.

However, when the palm came, he suddenly realized that he had no ability to Dodge the attack. He had always been known for his speed, but he had no advantage over his opponent.

"Let's go. The exchange should have started already."

Yunxiao had been standing there for a long time, but no one came. The others should have gone in.

Qi GUI suppressed the shock in his heart and suddenly laughed. I finally understand why feini is looking for you alone. Haha, someone who can subdue her has finally appeared in this world. I originally thought that person would be Qin Chuan, hahahaha!"

A cold gleam flickered in Yunxiao's eyes as he said coldly, " "You still want to get beaten up?"

Qi GUI immediately shut his mouth and didn't say anything. After all, he was also the young master of the long family, and his status was noble. If he kept being smacked on the back of his head like this, where would his pressure go?

...

However, there was a smile in his eyes, and he always had an expression that said, "we are all people who understand."

Yunxiao did not bother to pay him any more attention and walked into the attic with complicated feelings. A pink figure flashed, and a young woman appeared in front of the door, " "Where are your invitations?"

The two of them took out their invitations and handed them in.

The woman checked them one by one, and the smile on her face became cordial. two distinguished guests, please come in. Xiao LAN, bring them to Hall No. 1.”

A petite woman immediately appeared and bowed slightly. “Please follow me.”

Yunxiao nodded and followed him.

According to his calculations, the divine cloud Palace had been sealed off for almost twenty years.

A day in the mountains was equivalent to a thousand years in the world.

It was indeed the most appropriate way for them to set up a Chamber of Commerce first and grasp the current situation of the heavenly martial arts realm in their hands before leaving the mountain.

Qi GUI said, “ the background of the star and moon school is not ordinary. It appeared out of nowhere and quickly became one of the seven Chambers of Commerce. Everyone in the world is surprised.

Xiao LAN, who was leading the way, was slightly startled, but she smiled and did not say anything.

...

Yunxiao, on the other hand, was expressionless as he followed Xiaolan. The three of them turned through a few corridors and soon came to the inner layer of the building.

li Yunxiao, “ Qi GUI could not help but ask, “ don’t you feel strange about the star and moon school at all? ”

it’s quite strange, ” Yunxiao said. but there are so many strange things in the world. I don’t have the time to find out the root of the problem.

“Hehe.”

Xiao LAN couldn't help but smile. She pointed at an ordinary house in front of them and said, "We've arrived. This is the No. 1 honored Hall. The shopkeeper and the other Lords are all inside."

"Little girl, where did you come from?" Qi GUI shouted.

Xiao LAN covered her mouth and laughed. of course it came from my parents 'stomachs. Please go in, my two guests. I'll take my leave.

Qi GUI snorted unhappily when he saw that he couldn't get any information.

The two of them walked into the room one after another. It was brightly lit inside. There were four metal floor lamps carved with Jade and on top of them was a fist-sized Pearl that emitted an incandescent light.

On the eight sides of the Pearl, there was a transparent crystal with a formation carved on it. The eight crystals were not connected, but they supported each other, like a transparent lampshade.

However, its actual effect was to amplify the light of the Pearl through constant refraction and reflection, illuminating every part of the room.

The room was already filled with two rows of more than thirty people. When they saw the two of them enter, they all turned their gazes over.

cough, cough. You two are finally here. We were just waiting for you two.

Han Junting stood up from her seat of honor and coughed a few times. She laughed and said, "We've invited a total of 33 people, and they're all here. I'm grateful that you've given the star and moon school face. I, Han Jun, am very grateful."

Yunxiao turned his eyes and saw everyone's face clearly. Except for Chen Feng and a few others he knew, almost all of them were unfamiliar faces.

Fei Ni also sat down and looked at him with a smile. Her eyes were full of charm.

But, Yunxiao turned a blind eye to it. Instead, he looked at a man sitting at the head of the table with Han Junting. "Mo Huayuan."

The man sitting on the right side of the seat of honor was Mo Huayuan. When he saw Yunxiao, he quickly stood up and nodded. "Young master Yun, we meet again." His eyes were filled with satisfaction and complex emotions as he asked, "Is my big brother with you?"

Han Junting laughed and said, "I forgot that young master Yunxiao and master Huayuan are old friends. How rare."

Many people in the two rows looked suspicious, but some of them looked very calm, especially those who had unexpectedly paid attention to Yunxiao. They were so familiar with Yunxiao that they almost had to recite all the news about him.

Naturally, the matter of Yunxiao and Mo Huayuan in Southfire city could not be hidden from their Intelligence Department.

Yunxiao nodded. Xiaochuan was with me before, but he's now cultivating in seclusion somewhere.

Mo Huayuan heaved a sigh of relief, but his eyes were filled with disappointment as he said, "It's good that big brother is fine."

The incident in Songyue Yang city had made him uneasy, and he did not know whether Mo Xiaochuan was Dead or Alive. Only after learning that Yunxiao was not dead did he feel a little relieved.

But now, after hearing Yunxiao's words, he was completely relieved.

"Don't worry," Yunxiao chuckled. "You and your brother will meet again sooner or later, and it won't be far away." "Is your master, Lord Yuan Gaohan, well?" he asked with a deeper meaning.

Chapter 1286

1286 Metal spiritual energy

Mo Huayuan's heart jolted. my master is well. Thank you for your concern, young master Yun. he replied.

Yunxiao nodded with a smile and said no more.

A beautiful maidservant had brought two chairs made of Phoebe zhennan wood and placed them on the left side, allowing Yunxiao and qigui to sit down together.

The people around were shocked, wondering why mo Huayuan respected Yunxiao so much. All the experts present could see that the respect in mo Huayuan's eyes was from the bottom of his heart.

Both Qin Chuan and Zhou Chu frowned.

Zhou Chu, in particular, looked at mo Huayuan in confusion. His brows furrowed so tightly that they formed the shape of a " " ().

Then, his face darkened as he stared at Yunxiao coldly.

Qin Chuan had a thoughtful look on his face and a smile on his face.

Han Junting was also slightly surprised, but she quickly got over it.

qigui, " feini suddenly stood up and said, " change seats. I have something to say to young master Yun.

Qi GUI was stunned for a moment before he stood up and said, " "Hehe, I understand!" He gave Yunxiao a look with a smile.

Feini walked over slowly and sat down next to Yunxiao without any hesitation. Then, she breathed out a faint orchid and sent a voice transmission, " "Hide, you should hide." Her eyes were filled with resentment and anger.

Yunxiao felt like he was sitting on pins and needles. With a straight face, he sent a voice transmission, " "Everyone's watching, so be good!"

Feini looked at his serious expression and could not help but laugh. She transmitted her voice, " "If you're more honest with them, they'll naturally be more honest with you."

I've been honest all this time, " Yunxiao said with a frown. you're the one who's been dishonest to me, aren't you? "

No matter how thick-skinned Fei Ni was, she could not help but blush. She transmitted a message, " "You're so annoying!" Nini's anger could be heard in her tone.

Yunxiao was speechless for a while, but when he saw feini's bright red lips, delicate features, and otherworldly temperament, he was stunned for a moment before he immediately turned his head and ignored her.

Everyone could tell that the relationship between the two was a little strange. Han Junting was also surprised. She smiled faintly and said, " everyone invited by the star and moon school is here. This time, we specially invited master mo Huayuan to appraise the items. Everyone can rest assured.

"Thank you for thinking so highly of me, head shopkeeper Han Jun," mo Huayuan replied.

Han Junting smiled and said, " you're too humble, master. We're all friends from the star and moon school. I wanted to introduce you one by one, but some of you don't like to reveal your names. So, let's just start.

A blue-robed man with an extraordinary appearance looked around and said, "I didn't have a share in this trade fair, but I came to the star Moon school and asked to come."

Everyone's interest was piqued and they all looked at the blue-robed man. Although he had an excellent temperament, his face seemed stiff and wooden, as if he had changed his appearance.

Quite a few people sneaked their divine senses over, and sure enough, they encountered an obstruction on his face. Their divine senses were sucked in like a sponge, and they were unable to see his true appearance.

The blue-robed man did not mind. He seemed to be extremely confident in his appearance-changing technique and continued, "In this auction held by myriad treasures store, there's one thing that I'm determined to get, but these days I heard that several rich forces have also taken a fancy to that thing, so I'm a little worried. Therefore, I want to sell two items before the auction to exchange for some metastones."

I don't know who he is," Han Junting said. but he showed me something, so I asked him to come.

The blue-robed man nodded, his eyes flashing with gratitude. Then, with a wave of his hand, two rays of golden light shot out and landed on the stone Jade table in the middle. The table was covered with a layer of red silk, and two square boxes, half a foot tall, immediately appeared.

"Master Mo Huayuan, please have a look."

The blue-robed man said in a natural and poised manner. He sat on the chair, seemingly extremely confident in his treasure.

Mo Huayuan nodded and stepped forward. After taking a look, he placed his hand on the jade box on the left. Instantly, a cold feeling seeped into his body and seeped into his skin.

He opened the box, and suddenly, with a bang, a flame jumped out and burned directly above the box, spitting out flames from time to time.

Yunxiao narrowed his eyes. The flame was filled with a strong demonic aura, so it should be the flame of some high-grade demon beast.

Upon closer inspection, he could see that the flames were occasionally flashing with a golden light. Although it was very little, it did appear from time to time.

He seemed to have discovered something, and his pupils suddenly shrank. He was suddenly bewildered.

“Woof! The flame of the inner core of an eighth-grade Fire Phoenix is not bad, but it doesn’t seem to be enough to look at here.”

Feini looked down and laughed, his face filled with disdain.

It was unknown if the blue-robed man’s face was completely stiff or if his expression was calm, but there was no change. He only asked, “Grandmaster mo Huayuan, what do you think?”

Mo Huayuan stared at the flames for a while, and a look of shock appeared in his eyes. He said with some uncertainty, “Metal spiritual energy?”

“That’s right!” The blue-robed man nodded.

“Huala”

Suddenly, the entire room burst into an uproar, and everyone had a look of disbelief on their faces.

Fei Ni was also stunned for a moment before her eyes focused. She realized that the flame was indeed a little strange as it contained an extremely sharp aura.

“The spirits of the five elements are formed from the origin Energy of the five elements, so they’re extremely precious. When I saw it yesterday, I wasn’t too sure. I hope Grandmaster mo Huayuan can carefully identify it.”

“The spirits of the five elements are almost sentient beings, and they can cultivate spiritual bodies and take human forms. How could you sell such a precious item? Even if he’s short on primordial stones, he definitely wouldn’t sell it, right?”

He had just come from Seawood town, and after seeing little Green's terrifying power, he had a deep impression of the five Element spirits.

The rest of the people also looked suspicious. Although they couldn't tell whether it was real or fake, no one would sell such a peerless item.

The blue-robed man chuckled and said, "Whether it's true or not, Grandmaster Mo Huayuan will judge for himself. All you need to do is to buy or not to buy."

Mo Huayuan said awkwardly, "from the aura, it's indeed metal spiritual Qi." However, if it's true metal spiritual Qi, how can an eighth-tier demonic flame suppress it?"

He turned to Yunxiao and asked, "Did young master Yun notice anything?"

Everyone was slightly taken aback. Mo Huayuan was a newly promoted ninth-tier great Alchemist, and his unusual respect for Yunxiao had already made them suspicious. Now, he was even asking for Yunxiao's advice directly, which surprised them even more.

However, Mo Huayuan didn't seem to be in the least bit affected. His face was calm, as if he was humbly asking for guidance.

This made the crowd even more confused, and they were extremely curious about Yunxiao.

Yunxiao rose to his feet and walked to the stone and Jade table in a few steps, then looked at the flame.

This kind of eighth-grade gang fire had a great specialty. There was a circle of dark black around the flame, which could directly burn the divine sense, and could not be explored inside.

...

The mark of the fire Phoenix appeared between his eyebrows, and suddenly the eighth-rank gang fire began to beat with a “bang,” and began to become a little uneasy, as if it was afraid to avoid something.

Everyone was shocked, especially the man in blue. He couldn't sit still and said, “ what do you want to do?!”

Yunxiao smiled, and the fire Phoenix mark disappeared in an instant. “It's nothing. I was just testing the waters. There's no metal spiritual energy in the flames, but a type of bug that can emit metal spiritual energy.”

“What? a bug?”

Everyone was stunned, and they all looked at each other.

Mo Huayuan also frowned as he stared at the flame, lost in thought. He seemed to be searching for some information in his mind according to Yunxiao's hint.

“I can feel it too. There's indeed life in the flames,” said Fei Ni, her eyes gleaming.

She looked at Yunxiao with a smile. When the fire Phoenix mark appeared just now, she had a great sense of it in her body, which made her more convinced that she had found the right person.

“I can't think of a worm that can live in flames and emit metal-like energy.”

“I wonder if young master Yunxiao can tell me more about it,” han Junting said.

Yunxiao suddenly became the focus of everyone's attention. He said with a wry smile, “ I don't recognize this kind of insect either. The magic of creation isn't something we can see.”

...

“Hmph, since you don’t know, then don’t talk nonsense!”

The blue-robed man was somewhat angry as he shouted, “What do you mean by metal spiritual energy? this is the true metal spiritual energy. The reason why I’m selling it is because the stock is too little, and the aura seems to have been damaged. Otherwise, the value would be so great that I wouldn’t sell it even if I went to Rob!”

All the people present were smart. At the sight of his angry face, they knew that Yunxiao was not lying. They all sneered with the corners of their mouths.

He also seemed to realize that he had said something wrong, and a dark look flashed in his eyes as he snorted, “Since you all don’t believe me, then forget it. I won’t sell this item. Master mo Huayuan, please take a look at the second item.”

Yunxiao smiled and said, “please don’t be angry, Sir. I’m very interested in what this thing is. Name your price.

“Hmph, since you say this is fake, why should I sell it!”

The blue-robed man was still angry as he stared coldly at Yunxiao.

Yunxiao laughed. I’m just expressing my opinion. It might not be right. Can’t others comment on the treasures?” Everyone here is smart, they have their own opinions and won’t be influenced by others “opinions.”

The blue-robed man snorted heavily and said, “Fine, I won’t argue with you. If I wasn’t in need of primordial stones, I would never sell it. 10 million Supreme-grade primordial stones, no bargaining!”

“Tsk!”

Quite a few people snorted contemptuously, clearly very disdainful.

Everyone believed Yunxiao's words and believed that this item was definitely not made of gold energy, but this guy actually thought that it was gold energy and was selling it.

The blue-robed man ignored everyone's mockery and said coldly, "The metal spiritual energy in this flame has been damaged before. That's why the energy is so impure. It's definitely not something similar."

Chapter 1287-butterfly transformation

Yunxiao's heart jolted slightly. The man in blue did not seem to be lying, but there was indeed a strange bug in the flame. It was only the size of a rice grain, and it was a dense Golden Ball.

Could it be that this insect was formed from the gold spiritual energy?

Yunxiao was also uncertain. After all, he had only used the power of the divine flame to suppress the strange power of the eighth-tier fire, which was devouring divine sense, and had come up with the result in a hurry.

ten million Supreme-grade primordial stones is too much," he said. even if it's really the Qi of metal spirit, it's only the size of a grain of rice. And as you said, it's damaged, so it's not worth that much.

"Hmph, what a joke!"

The man in blue was unhappy. if it's a complete and undamaged Qi of the metal spirit, even if it's the size of a grain of rice, its value can't be measured with primordial stones. It's up to you whether you want to buy it or not!

eight million Supreme-grade primordial stones," Yunxiao said after a moment of silence. no bargaining. I'm certain that no one else would be willing to pay such a price."

The blue-robed man revealed a hesitant expression. After a moment, he gritted his teeth and said, "Alright, deal! If I wasn't in urgent need of primeval stones, I wouldn't have sold it even if you beat me to death!"

Yunxiao nodded. head shopkeeper Han Jun, I don't have enough primordial stones with me. Can I exchange some with you? " he asked.

Although he had excavated the palace of Dong Hai, most of the items were rare treasures and a Supreme-grade spirit vein mine.

There was also a large number of origin crystals, but it was not suitable to display them. Furthermore, the exchange between origin crystals and origin stones was rather troublesome.

"Hehe, of course you're welcome." Han Junting laughed. However, this is a trade fair. Since young master Yunxiao has such a valuable treasure, why don't you take it out and show it to the public? perhaps some friends will be willing to buy it at a higher price."

then, I'll show you a few more treasures after master mo Huayuan has appraised the other one, " Yunxiao said.

Only then did mo Huayuan close the square Jade box, and the entire eighth-rank demonic flame was suppressed.

Not to mention anything else, just this box alone was an extremely precious item.

With the previous disturbance, everyone was also full of anticipation for the item in the second box. One by one, they craned their necks to look.

The second box was unusually ordinary, and it felt like ordinary iron to the touch. Mo Huayuan opened it and was stunned.

Inside lay a human-shaped iron puppet the size of a human fist. There was no spiritual Qi fluctuation on it, but it was made of a ninth-tier precious material.

"It's a very rare alchemy product, but it's damaged," the blue-robed man said. It might not be of much use to others, but I wonder if Grandmaster mo Huayuan is interested in buying it?"

“If it weren’t for the fact that you’re here, I wouldn’t have taken this out,” he added.

Everyone looked at the black iron puppet and heard the blue-robed man’s words. They immediately revealed disappointed expressions.

Before mo Huayuan could say anything, Yunxiao said in a deep voice, “What’s the price of this?”

His eyes revealed a dignified look as he stared at the iron puppet without relaxing for a moment. In fact, there seemed to be a flash of excitement in his eyes.

“You want it again?” the blue-robed man was stunned.

Mo Huayuan’s eyes narrowed as he took out the iron puppet.

The puppet’s design was extremely simple, even crude. Moreover, it had experienced the passage of time, so it was obvious that it was an antique.

However, it was densely engraved with all kinds of patterns and lines, so complicated that even mo Huayuan was shocked and couldn’t see any clues.

Mo Huayuan could not help but sigh. “This item has already damaged the formation runes, otherwise it would be extremely valuable.”

The blue-robed man was silent for a moment before saying, “although it’s damaged and can’t be used, it still has research value. It’s worth at least three million Supreme-grade primordial stones.

Mo Huayuan frowned, “I can’t see through the formation patterns on this puppet. It should be an extremely profound existence. However, it was difficult to determine the extent of damage and the value of the research. Three million Supreme-grade primordial stones is too high.”

The man in blue looked at Yunxiao with a questioning look.

“Two million,” Yunxiao said.

“Where’s master mo Huayuan?” the blue-robed man asked.

Mo Huayuan pondered for a moment. This item isn’t of much use to me. However, as a type of art, I have an obligation to take it back to the sacred zone. 2.2 million.

Yunxiao frowned and gave him a fierce glare. With an unfriendly look on his face, he said in a cold voice, “Two million two hundred and ten thousand!”

High-end transactions on the continent were all calculated with Supreme-grade primordial stones, and ten thousand Supreme-grade primordial stones were equivalent to a hundred million mid-grade primordial stones. Although Yunxiao had money, he was not willing to increase the price at once.

Moreover, mo Huayuan was the one raising the price, so his face instantly darkened.

You should know that your big brother and master are still in my divine realm tablet. If you piss them off, I’ll take it out on them!

Mo Huayuan had no idea what he was thinking, but he could feel Yunxiao’s cold gaze. He could not help but smile wryly and say, “Since young master Yun likes it, I’ll withdraw.

The man in blue gave Yunxiao a slightly displeased glance and snorted, “2.4 million. Take it if you want it.”

Yunxiao agreed readily this time and said, “Deal!”

Grabbing the iron puppet in his hand, he glanced at it a few times and immediately rejoiced in his heart.

This puppet was indeed quite old and its luster had long been worn out. However, it was made of excellent material. After looking at the array patterns on it, he was sure that this item must have come from the secluded Mu family.

This was because the form of this puppet was almost the same as the casting beans into soldiers and mountain-splitting heavenly ding that the MU brothers had displayed on the East Sea.

However, the appearance of the puppets was slightly better than the one in Yunxiao's hand. It was probably because they had noticed the beauty of the puppets in the years that followed, so they had made some slight improvements to them, although they were still ugly.

no wonder young master Yunxiao is known as the number one rising star, " han Junting said with a smile. just your wealth alone is well-deserved.

"Hmph!"

Zhou Chu's face darkened and he snorted coldly. He was clearly unhappy with the compliment.

'Are you trying to make me your enemy, head manager Han Jun? If I'm robbed, I'll put the blame on the star and moon school.'

Han Junting chuckled. Her voice was very old and hoarse, which made Yunxiao, who knew her face, feel very uncomfortable.

"Now, it's young master Yunxiao's turn to show us his treasures and broaden our horizons," she said.

After thinking for a while, Yunxiao waved his hand, and several beams of light shot out and presented seven items on the table one by one.

"These seven items are all produced in the eastern sea and are extremely valuable. Please take a look and see if there's anything you like."

...

Fei Ni saw a Jade that looked like a butterfly on the stage and walked over to take it. She looked at it with admiration and said, "What a beautiful stone. Young master Yun, I really like this item, but I can't afford it."

She blinked her eyes and looked at Yunxiao with a sweet expression.

Everyone was a little dizzy. This was too obvious, and they all began to secretly think about the relationship between the two.

"Ahem."

Yunxiao coughed in embarrassment and said, "If you can't afford it, then don't look at it. Put it back and don't break it."

"Pfft!"

Chen Feng couldn't help but burst out laughing. The rest of the people also smiled.

"What are you laughing at? do you believe that I will kill you?"

Fei Ni's expression turned cold and she glared at Chen Feng with a pair of sharp eyes. The killing intent on her body was so intense that it was rolling around her body. She said coldly, "Don't think I'm easy to talk to. I'm not familiar with you at all, young master Chen Feng!"

Everyone was dumbstruck in their hearts. This girl was still so dainty before, so how could she turn into a fiend in the blink of an eye?

Chen Feng immediately shut his mouth. Only now did he realize that not every man could enjoy a woman's charm and gentleness.

...

In particular, for a proud woman like Feini, very few men in the world could catch her eye, let alone expect her to show her feminine side. Perhaps only Yunxiao had such an honor in the whole world.

Many people around him could not help but feel a little jealous. How much of a sense of accomplishment it must be to be able to subdue such a woman? All of them stared at Yunxiao with jealousy.

Fei Ni's cold gaze swept across the crowd, and everyone who wanted to laugh immediately shut their mouths. Although most of them were not afraid of her, they did not want to cause trouble for the Sky Ridge Long family.

"I just like it, can you give it to me?"

Just as everyone was being stared at by her cold eyes, a coquettish voice sounded, making everyone's eyes pop out and faint one after another.

Yunxiao's forehead was covered in cold sweat. His lips moved slightly as he sent a voice transmission, "I can give it to you, but don't bother me anymore."

No one knew what Yunxiao had said, but they saw Feini's face change as she said angrily, "Then I don't want it."

After he finished speaking, he threw the butterfly-shaped jade stone back on the table and sat back in his seat in a fit of pique.

Hehe, young master Yun is indeed generous. You can even take out a rare treasure like the Rainbow Butterfly Jade from the East Sea.

Among the people seated, a middle-aged man suddenly smiled and stood up.

The man looked middle-aged, but his hair was white. His ears were slightly different from ordinary people. They were sharper and covered with white fur. He was wearing a white robe with scattered flowers.

“Demon race!”

Everyone’s eyes focused on that person.

Oh, I didn’t expect you to recognize this thing, ” Yunxiao said. I’m really surprised.

The middle-aged man smiled. this item is indeed very rare. I’ve only seen its information by chance. I didn’t think I’d actually encounter it in my lifetime.

this thing contains extremely strong spirit Qi, ” Yunxiao said. I really don’t know what it can be used for.

The middle-aged man seemed to be lost in his memories.”It’s said that there are two races in the eastern sea that can’t tolerate each other’s life. They are each other’s natural enemies and kill each other. Furthermore, if these two great races develop feelings for each other and become one, they will lose their lives.”

however, the strange thing is that the creator has its own magic. At the moment when their lives are gone, as long as the two of them love each other and their hearts are connected, the moment they die, they can turn into colorful butterflies and become one flawlessly.

“If you die in love, why do you still love each other?” han Junting asked.

She looked a little stunned as her eyes fell on the colorful butterfly Jade. She seemed to have thought of something and her heart trembled.

Chapter 1288-deal

The middle-aged man smiled and looked at han Junting in surprise. “The head shopkeeper is a hero who has seen the vicissitudes of life. How could he ask such a tender question? This thing is like poison, making people unable to stop. It’s like a moth flying into a fire, knowing that it will hurt, but still throwing itself at it. ”

Han Junting's body trembled slightly as she realized that everyone was looking at her strangely. Oh no, she had accidentally given herself away.

No matter how intelligent she was, no matter how scheming she was, she was still a woman who had yet to develop feelings for love. How would she know that the word "love" would immediately reveal a naivety that did not match her identity?

hehe, I've been alone and free my whole life. I only want to be immortal in martial arts. I really don't understand why these men and women are so loving. They're just wasting time on cultivation.

Han Junting was smart enough to cover it up.

The middle-aged man nodded and said, "indeed. It's hard to understand that feeling without being deeply immersed in it." This Rainbow Butterfly Jade of the East Sea was transformed from the bodies of the powerhouses of the two races. Not only does it have a strong calming effect, but it can also avoid injuries caused by the five elements, making it even more symbolic. It's really a rare item. May I know how much it's worth, young master Yun?"

"What? To avoid the injuries caused by the five elements?"

Everyone was suddenly shocked, and their faces revealed a look of shock.

A few people even stood up from their seats and stared at the butterfly Jade like hungry wolves.

The middle-aged man smiled calmly and said, "there's no need to be surprised, everyone. There's a limit to the so-called "avoiding injuries caused by the five elements."" If it can avoid the power of the five elements, wouldn't it be a divine item?"

"I see."

Only then did everyone heave a sigh of relief, their nervous mood instantly relaxing.

Only then did the men who had stood up realize that they were acting inappropriately, and they sat back down awkwardly.

If it could really avoid the injuries of the five elements in the world, it would definitely be a tragic battle, and the purple Pavilion would definitely not be able to survive.

Han Junting's eyes lit up, and she said, "Then how powerful is the effect of calming the mind and avoiding the damage of the five elements?"

I'm not too sure about that," the middle-aged man said. If young master Yun doesn't mind, you can try it out.

"I mind, of course I mind."

"If I break it, will you compensate me?" Yunxiao asked.

The crowd blushed with shame as they cursed Yunxiao for being an old fox. If the efficacy was not strong enough, they would not be able to sell it for a good price.

Such a gimmick of calming one's mind and avoiding the power of the five elements would definitely arouse everyone's curiosity.

"In that case, young master Yun, please state your price," the middle-aged man said with a smile.

I'm afraid this is the only piece of Eastern Sea colorful butterfly Jade in the world," Yunxiao said. I didn't want to sell it, but since this demon friend likes it so much, I'll reluctantly give it to you. Take it for a hundred million Supreme-grade primordial stones.

"?!"

Everyone gasped in shock, and their desire to buy the item was instantly extinguished.

Han Junting also snorted and said angrily, "Young master Yunxiao, are you here to sell or to cause trouble?"

love is priceless. If you really like it, it's worth it no matter how much money you have. Feini suddenly spoke.

She glanced at Yunxiao, then walked to the table with a smile and played with the colorful butterfly Jade in her hand. 100 million Supreme-grade primordial stones. It's not expensive. I'll buy it.

Everyone was shocked, thinking that she had gone crazy.

Qi GUI was also shocked. feini, this item is worth at most five million. Even if you want to mess around, you shouldn't waste your money like this.

Feini rolled her eyes at him and said, "what's it to you if I like it?"

She put away the colorful butterfly Jade and sat back in her seat. Then, she looked at Yunxiao with her leering eyes and said, "I don't have that much money on me, I'll owe you first."

"Sweat!"

Everyone's head was filled with black lines, and they all fainted at once.

Qi GUI was about to say something, but he almost choked when he heard that. He swallowed his words and looked at Yunxiao with pity in his eyes.

Yunxiao's forehead was covered in sweat as he said in a daze, "this bi an, head manager Han Jun, is it allowed to owe someone a debt?"

Han Junting chuckled and said, "As long as both of you agree, there's no problem."

I don't agree," Yunxiao hurriedly said. I don't agree.

Han Junting's smile grew even wider. then you two can settle this in private. There's no need to bring this up. I don't want to waste everyone's time. There are six more treasures. Any friends who have their eyes on them?"

Yunxiao was dumbfounded. Feini raised her head, her eyes filled with affection, as if asking, 'what can you do to me?'

Yunxiao was completely at his wit's end. No matter how strong he was and how extraordinary he was, he was at his wit's end when it came to the girl's unreasonable stubbornness.

The middle-aged man smiled in surprise. young master feini, you're so bold. You're quick and generous.

Feini's heart skipped a beat. She raised her head and saw the middle-aged man smiling at her.

She couldn't help but frown. This demon seemed to be particularly concerned about her from the beginning. Her face suddenly sank and her cold expression returned, her eyes as sharp as a blade.

Women were strange creatures. Before knowing Yunxiao, although feini could not be said to be smooth in dealing with all kinds of people, she was well-mannered and had her own manners when receiving people and things.

After acknowledging Yunxiao, he seemed to have changed, as if his smile and good face were only reserved for that one person.

Qi GUI was the most aware of this. He felt that Fei Ni was a completely different person. He had a strange expression on his face, expressing his confusion.

The monster man smiled wryly and shook his head slightly. He turned his face away and no longer looked at her.

At this moment, a man wearing a red silk shirt stared at the other six items. One of them was a completely black turtle shell. He slowly said, "If I'm not mistaken, this should be the carapace of the dark turtle Clan that lives in the deep sea, and it's a ninth-order existence. However, as far as I know, the dark turtle Clan has gone extinct a long time ago. I wonder where young master Yun got this item from."

"I picked it up on the road," Yunxiao said indifferently.

Everyone was speechless, knowing that he was just unwilling to say it. This was also human nature.

Han Junting's eyes lit up and she smiled, "I thought young master Yun had picked up the Donghai treasure vault.

Yunxiao's pupils constricted, and a bright light flashed in the depths of his eyes as he snorted.

The man replied politely, "I see. May I know the price?"

...

ten million Supreme-grade origin stones.

Yunxiao said slowly.

The six items that he put out were all of no use to him and were extremely rare on the continent. They had never even appeared before, so they immediately piqued everyone's interest.

There were many high-level members of the merchant Union present, and they had the habit of hoarding all kinds of rare goods, so they bargained a lot.

There were many. After an intense competition, the six items were all sold at high prices. Not only did he get more than 10 million Supreme-grade origin stones from the blue-robed man, but he also received more than 10 million Supreme-grade origin stones from him.

As for the rainbow Butterfly Jade from the East Sea that Feini had taken away, he would just pretend that he never had it.

The subsequent transactions were also very interesting. The items that everyone took out were all rare items, and they endured many disputes.

A few of the items were so valuable that Yunxiao wanted to sell them many times, but he held back.

Everyone present was a heroic figure. Not only were they powerful, but they also had powerful backers. He had already shown off the seven treasures of the East Sea, and he didn't want to attract any more attention and trouble.

Feini sat beside him and did not participate in the bidding. She had a smile on her face and looked very happy.

A few hours later, the trading gradually cooled down.

...

Just as Han Junting was about to announce the end of the meeting, the demon man from before stepped forward and said, "My main purpose in coming to this trade fair is to request an item."

Everyone's curiosity was piqued, and they quietly waited for him to continue.

His gaze shifted and landed on Fei Ni. He nodded with a friendly smile and said, "But only young master Ni has this item."

"No wonder Mr. Quan didn't want to participate. He only came when he heard that young lord Feini would be there," Han Junting said. "It seems like it's not young master Ni's fault that we were able to invite Mr. Quan," she said with a smile.

"What is it?" Feini asked in surprise.

The demon clan man, Mr. Quan, smiled indifferently. He opened his lips slightly and directly sent a message.

A man beside him snorted and said in dissatisfaction, "It's not interesting to want to trade something but not say it openly. Why don't you guys make a deal in private after the meeting?" Everyone had the same expression.

Fei Ni's expression suddenly changed and a murderous aura gushed out from her body. She shouted angrily, "Impossible!"

"Young master feini, you don't have to deny it. I haven't even mentioned my bargaining chip," Mr. Quan said with a serious expression.

Fei Ni's expression was cold as she mocked, "what a joke!" It's impossible no matter how great your bargaining chip is!"

Everyone's faces were filled with curiosity, not knowing what this demon race man wanted.

Mr. Quan's lips moved slightly and he continued to transmit his voice.

"What?"

Feini was touched again, and his face was filled with shock.

"The item I'm talking about is no less valuable than the one you have, young master," Mr. Quan said.

Feini's expression changed several times and became paler and paler.

Yunxiao was also very curious. Mr. Quan's voice transmission had also been sent in a secret language, or he would have been able to find out the content with his divine sense and lip-reading technique.

“No, I don’t want to change.”

Feini finally said through gritted teeth, as if she had made a huge decision. This decision made her feel a little exhausted and she fell back into her seat.

Mr. Quan looked extremely disappointed and said, “Young master feini, please think about it. You can change your mind at any time.”

Fei Ni’s face revealed her fatigue as she waved her hand and said, “I’ve made up my mind, Mr. Quan, you don’t have to think too much.”

Mr. Quan’s face suddenly turned ugly. His eyes flickered and he returned to his seat without a sound.

Han Junting saw everything, and her eyes narrowed for a moment before she smiled and said, “Is everyone satisfied with today’s meeting? If no one else wants to trade, then let’s end the meeting.”

Chapter 1289-different thoughts

Everyone stood up and left, leaving in an instant.

As soon as they left the purple Pavilion, they used their escape techniques and disappeared in an instant.

Grandma sunflower looked at han Junting, who was in a daze, and said, “Head manager, didn’t you want to keep that li Yunxiao in exchange for the second wood spiritualism?”

Over the past few days, they had thoroughly investigated Yunxiao’s background and collected all the information they could get.

Han Junting’s face turned serious, “just now, he revealed seven rare treasures of the East Sea. That means that the rumor is very likely true.

Grandma sunflower sucked in a breath of cold air, and her dull face turned pale. She shook her head and said, "how is this possible? this is too absurd! If such a big thing had happened, the whole world would have known about it!

"If this is true, it will be an eternal shame for the royal family of Dong Hai. They will do their best to keep the news a secret. However, there is no such thing as an impervious wall in the world. For example, our star and moon school has already caught wind of it, so the only problem left is whether we believe it or not."

Grandma sunflower shook her head violently. most likely not. Neither do I.

"I didn't believe it before either," han Junting said with a grave expression,"but the seven treasures from the East Sea are extremely rare, even though they're not worth much. Other than the palace of Donghai, I'm afraid only the S-Class clans have such treasures."

"The East Sea is a place where even that Lord almost died!" Grandma sunflower was stunned for a moment.

Han Junting's face changed slightly, revealing a look of disgust. She snorted and said,"Don't mention that dead man in front of me!"

Grandma sunflower's body moved slightly, and a strange expression flashed across her face. "I've misspoken. I'm sorry, head manager."

The anger on han Junting's face gradually dissipated. She said, " "This li Yunxiao's strength is rumored to be godlike in the battle of Seawood town. It's even said that he helped the second wood spirit transformation withstand the purple lightning tribulation. If he really has such strength, it's not impossible for him to accomplish the East sea's matter."

"Haha, block the purple lightning tribulation?"

Grandma sunflower laughed and said, " the head shopkeeper is a nine-stars Martial Emperor himself. You should know the power of the purple lightning Heavenly Tribulation. I'm afraid even the palace Master can't withstand it.

we need to think about this," Han Junting said. There must be something wrong, but it's certain that he has taken the second wood spiritualism. We have to find a way to get it back!

Grandma Sunflower's face darkened, and a cold glint flashed across her eyes. "Just let this old woman go!"

Han Junting looked at her and said, "If I had to send you, I would have sent you just now. This matter is extremely important, and I can't afford to make any mistakes. Thus, I must have absolute confidence."

A hint of a smile appeared in her eyes as she said, "and tonight is the best experiment."

Grandma Sunflower also revealed a rare smile, which made her look even uglier.

"Let's go, the show is probably about to start."

Han Junting chuckled and the two of them disappeared from the room.

After leaving the Purple Pavilion, Yunxiao also turned into a beam of light and flew away.

"Yunxiao, wait for me!"

Feini was anxious and immediately turned into a ball of fire to chase after him. However, after a few breaths, he had completely lost sight of her.

She was so angry that she stomped her feet in the sky. "You're avoiding me again! I'll see if you can hide from me forever!"

All of a sudden, a flash of green lightning appeared in the distance. It was as if a familiar figure was flashing and shooting out of the city.

Feini's eyes lit up and she said fiercely, "Let's see how you're going to Dodge!"

She immediately used her escape technique as fast as she could and chased after him.

A moment later, the quiet night sky suddenly rippled slightly. Two figures slowly emerged from the place where feini had been. They were Qin Chuan and Zhou Chu.

Qin Chuan looked into the distance with a pensive look on his face. He muttered, "Who is pretending to be li Yunxiao to lure feini over? Could it be that evil human spring?"

"Hmph, I don't care who he is! I only care about where Yunxiao is now."

Zhou Chu's face was cold. His eyes flickered with a dark light as he searched around in the dark night.

"There's no need to look," Qin Chuan said. "His escape technique is extremely strong, and he's already completely shaken us off. Young master ni, on the other hand, felt a headache. Should he not interfere in this matter? Mr. Quan's strength is extraordinary, and he's probably a difficult person to deal with."

Zhou Chu said coldly, "feini was blind to be blinded by love. She deserved to die." However, li Yunxiao's sudden disappearance is beyond my expectation."

"Now it seems that the rumor is very likely to be true," Qin Chuan said with a serious expression.

"Haha, stop joking!"

"Those people from the intelligence Division are all useless! How dare they spread such nonsense!" Zhou Chu mocked with disdain. I might believe it if you say that he stole the treasure of a certain sea tribe, but if you say that he stole from the palace of Dong Hai, hehe, what a bunch of brainless guys!"

the seven Supreme treasures of the East Ocean that Yunxiao showed us earlier, the rumors about Seawood town, and the escape technique we just saw ... Qin Chuan said with a serious voice. they are getting closer and closer to the rumors.

“Hmph!”

Zhou Chu snorted, “stop being so crazy!” The next time we meet him, we’ll just capture him and bring him back to the sanctuary-realm, and everything will be clear!”

Qin Chuan’s face was silent, he was deep in thought and didn’t speak. After that, he slowly said, “Don’t be reckless. It’s best not to face this person before we have confirmed the news. There were all sorts of people in new Yan city, and there were many hidden dragons and crouching tigers. Someone would definitely target him. We only need to watch from the side, and it won’t be too late to act when we’re completely confident.”

Zhou Chu looked nonchalant, but when he saw Qin Chuan’s cold eyes, his heart trembled. He quickly said, “Alright, you’re in charge.”

The area around the two of them suddenly turned pitch black, and they disappeared in an instant.

After leaving the purple Pavilion, Yunxiao locked onto a person’s aura and followed him from a distance.

The man’s escape technique was extremely fast. He left the city in an hour and was hundreds of miles away.

hehe, young master Yunxiao, why have you been chasing us for so long? ”

The person in front suddenly stopped and turned around. He had a terrified look on his face. It was the blue-robed man who had made the deal earlier.

Yunxiao’s face was calm, and he was not surprised by the other party’s discovery. “I just wanted to have a chat with you.”

Oh, but I don’t know what there is to talk about with young master Yunxiao.

The blue-robed man's face darkened, and his eyes flashed with a fierce light.

Yunxiao raised his hand and spread his fingers. A ball of golden qi slowly rolled in his palm.

There was an unusually dazzling golden light the size of a rice grain moving inside the Golden energy.

...

what?" the man in blue grinned hideously. young master Yunxiao, do you think you've been tricked and want to reason with me?" He immediately became alert, and circles of elemental energy fluctuations spread out from his body.

Yunxiao shook his head. I knew it was a bug. I just want to ask you about its origin.

The blue-robed man pondered for a moment and said, "I discovered this insect by accident, but I don't know its origins."

"Oh,"

Yunxiao's face was filled with disappointment as he said, "Then where did you find this insect? there can't be only one, right?"

"I do have a few, but I'm not selling them," the blue-robed man sneered. Young master Yunxiao must have noticed that the light around the worm was indeed the Qi of metal spirit, but it was not pure. If I wasn't in urgent need of primeval stones, I wouldn't have sold it. "

He paused for a moment, and his eyes narrowed. young master Yunxiao is indeed powerful. This metal spiritual Qi can cut through everything in the world, but it can't cut your palm? "

you said it yourself," Yunxiao said with a smile. this is not pure gold energy. In addition, my main cultivation is fire-type abilities, so it has a suppressing effect on metal."

“I see.”

even so,” the man in blue said, “the strength of young master Yunxiao’s physical body is not something an ordinary Nine Heavens martial sovereign can compare to.

if you are willing to sell the rest of the bugs and tell me where they are,” Yunxiao said, “I’m willing to exchange them with this. He retracted his hand and opened it again. A piece of metal appeared in his hand. It was pure gold, but it did not have much luster.

...

“This is a Kasaya.”

The man in blue narrowed his eyes and looked at it for a while. Suddenly, his body trembled and he cried out, “Heavenly shine Imperial Gold! Such a big piece of Tenshou metal?”

Yunxiao nodded. yes, it is. This piece of skyshine metal weighs seven or eight catties. It should be enough to exchange for a dozen bugs, right? ” If you have more bugs, I can provide you with more Tenshou gold.”

more Tenshou gold?!

The blue-robed man’s eyes almost popped out as he said in shock, “You still have more?”

that depends on how many bugs you have,” Yunxiao chuckled. it’s up to you.

The man in blue swallowed his saliva and stared at the skyshine Imperial Gold without blinking. He licked his dry lips and said, “hehe, I do have some more bugs, but I don’t want to take them out. What should I do? ”

Yunxiao smiled faintly as he clenched his fist and said, “If you don’t want to give up, how can you gain?”

I don't want to give up," the man in blue laughed evilly. I want to get it, but I don't want to give it up. It's not like there's no way to have both.

Oh, a win-win solution? I really don't know. Tell me about it.

Yunxiao blinked, looking like he was asking for advice.

"Hmph! Stop pretending!"

The man in blue said coldly, "you're quite bold. How dare you come to me alone. If you know what's good for you, leave all your treasures behind. I can spare your life.

are you robbing me?" Yunxiao asked. are you robbing me?"

"Hehe, what do you think?"

The man in blue sneered. you should be very confident in your own strength. Otherwise, why would you show me your precious treasure? perhaps you're also here to Rob me?"

With his hands behind his back, Yunxiao said with a faint smile, "No, I'm serious about making a deal with you."

"Hmph, naive!"

The man in blue sneered disdainfully, "I hate people who talk big!

A ball of golden light suddenly burst out from his body, and a bright sword appeared in his hand. He raised it.

A golden ring condensed under the sword force, and with a loud bang, it split the earth and slashed at Yunxiao with lightning speed!

Chapter 1290

1290 The Golden puppet

Yunxiao's body flickered as he shot up into the sky and dodged the Golden Wheel.

"Bang!"

The Golden Wheel exploded on the ground like a Golden Flower blooming. Countless sword lights shot into the sky, lighting up the entire night sky with a brilliant radiance.

Looking down from above, it was as if he was in a Golden Ocean. All kinds of sharp auras filled his body, and the sky was filled with rule force.

Yunxiao was taken aback. As expected, the other party was a warrior who specialized in metal-elemental divine abilities. Under the rule of the 'sharp' energy that filled the sky, his skin was constantly cut by blades, and his body shone with a golden light.

As the countless sword beams shot up, Yunxiao's figure flickered, leaving behind a blue afterimage as he fled hundreds of feet away.

"Hmph, what's the point of escaping?"

A cold voice rang out. No one could be seen, only the sound of a long sword breaking through the air could be heard. A bright sword thrust out of the dark night, like the moonlight on water, and slashed at Yunxiao!

"Chi la!"

Yunxiao was cut in half, and his upper body transformed into a huge green Thunderbolt shadow as he reached out to grab the flying sword.

“This sword is not bad, I want it!”

The arm stretched out and stretched across the sky to grab the sword.

“Pi Li pa la!”

Lightning flickered incessantly in the huge hand, and it caught the sword in an instant.

“Hmph!”

A cold Humpf was heard, and a huge figure suddenly appeared in the dark night. His eyes were like two gemstones that flickered.

It was a golden puppet about a hundred feet tall. It threw a punch at Yunxiao’s long arm while its other hand performed an incantation gesture in the air.

“Bang!”

The lightning exploded under the fist, and the long sword spun in the air, becoming seven or eight times bigger. It was directly caught by the Golden puppet.

The long sword drew a golden light in the air and slashed at Yunxiao!

“Hu la!”

The sky was directly split in half, and the rolling darkness collapsed towards the crack in the middle, as if the sky was falling and the earth was splitting!

“BOOM!”

The space around Yunxiao collapsed, and he was instantly devoured by the darkness, disappearing without a trace.

The Golden puppet stood in the sky with a sword in its hand like a fortress, coldly looking around.

Suddenly, his two Jade-like eyes focused, and he saw a small black dot in the dark night. Then, two, three, four kasayas.

All of a sudden, they appeared in dense groups.

The black dots began to turn red, and each one of them had a flame dancing on it. Then, a light breeze blew past, and the flames began to swirl around the particles, making whistling sounds.

“Boom boom boom!”

The countless black particles moved in the air and fell like raindrops. It was as if tens of thousands of bees were flying over.

“What?”

The Golden puppet was shocked and suddenly held the long sword in front of him. A circle of golden enchantment immediately condensed and covered his entire huge body.

“Bang Bang Bang Bang!”

Countless black particles landed on the barrier, creating golden waves. The particles were directly embedded into the barrier, and the wind and Fire forces exploded!

“BOOM!”

The Golden barrier suddenly collapsed, and the golden light exploded.

“Bang Bang Bang!”

The black chess pieces poured down crazily and all of them bounced onto the Golden puppet like a heavy punch!

The puppet’s metal body was constantly surging with power, rippling on the surface like water. Its entire body seemed to become a little dreamy, as if it was separated by a layer of water mirror.

“Bang!”

A large number of black particles condensed into a large hand and slammed onto the water mirror. Under the effect of the astral winds, the power of the divine fire engulfed the entire puppet with a whoosh and burned it!

“Argh! You should die!”

The blue-robed man’s voice suddenly rang out, and the large sword in his hand slashed across the sky.

“Hulalala!”

The sword force directly split the black fist apart, once again splitting it into countless black pieces, which rotated around his body like a ring of stars.

The raging fire in the sky expanded several times with a “bang” and illuminated the entire sky red!

”

The blue-robed man's angry roar came from the Golden puppet. His large sword danced in the air, continuously slashing out all kinds of sword Qi that shot out from the flames. He wanted to shake away the divine flames, but he was powerless!

At that moment, Yunxiao's figure slowly emerged in the sky above the flames, his face cold.

His hands quickly formed seals, and lightning talismans floated out of his body. They danced in the sky like butterflies, forming rings of lightning that wrapped around his body.

The power of the green lightning grew stronger and stronger. His entire body suddenly turned into lightning. His body suddenly expanded several times, turning into a huge fatty. He grabbed the hammer and smashed it down!

“BOOM!”

The entire sky trembled as the hammer smashed down. An ancient golden Maha character flashed and instantly transformed into green lightning.

...

Yunxiao changed the incantation gesture in his other hand, and the countless Thunderbolts around him suddenly surged and merged into the green Thunder like rivers returning to the sea.

The green lightning was like a seed that grew and condensed into a five-clawed Lightning Dragon. It soared above a thundercloud and suddenly opened its eyes!

“Green lightning Dragon, go!”

Yunxiao changed his hand seal and put his palms together.

The Thunder Dragon suddenly jumped up and fell from the sky toward the sea of fire.

“Boom boom boom!”

Wherever the lightning Dragon passed, the heavens and earth collapsed, and the boundless sea of fire split apart!

“What?”

The Golden puppet was greatly shocked. It suddenly spread out its arms, and the formation patterns on the surface of the metal were completely shattered. The surrounding space trembled with a boom, and cracked like glass.

His huge body suddenly disappeared into the darkness and was about to disappear from the sky.

However, the Thunder Dragon let out a roar and the entire green light flashed. It seemed to pass through layers of space and directly teleported down!

...

“What?”

The blue-robed man roared in shock and anger. Following that, the lightning Dragon directly poured into the Golden puppet, and it ferociously crashed down!

“BOOM!”

Countless green lightning bolts exploded like a waterfall, flowing from the top of the Golden puppet’s head to the rest of its body. A large amount of lightning bolts also burst out, illuminating the entire darkness as if it were daytime!

The Golden puppet seemed to freeze in that instant, standing quietly in the sky without moving.

The lightning in the surroundings lasted for the time it took to brew half a cup of tea before all of them disappeared from the sky, and the dark night returned.

Suddenly, there was a light “pa” sound, as if a thin piece of wood had been broken.

Then, like frying beans, “pa pa pa” sounds rang out non-stop.

Cracks kept appearing on the Golden puppet’s body, and pieces of golden light fell down, like a piece of crystal glass shattering in the air.

“Bang!”

With a loud boom, the entire golden puppet collapsed into countless pieces.

The blue-robed man’s figure also appeared in the fragment and fell down with it. It was unknown whether he was Dead or Alive.

Yunxiao made a grabbing gesture in the air, and the man in blue was immediately pulled up.

He flicked his fingers and a few storage Mystic artifacts flew out of the man’s body and into his hands.

Then, he turned his claw into a palm and slapped down.

“Bang!”

The blue-robed man’s body took a heavy blow and exploded in mid-air, completely turning into ashes.

Yunxiao grabbed the storage rings and scanned them with his divine sense. Then, with a sneer, he sent out a few marks and erased the imprints on them.

Then, he used his divine sense to explore it. He couldn't help but look happy. He put away the storage Mystic artifacts and disappeared into the sky.

After a while, two figures appeared in the dark night. Both of them had extremely serious expressions.

"Grandma sunflower, what do you think of his strength?"

The scrawny old man in front of her had a serious look in his eyes. It was han Junting.

Grandma sunflower's expression did not look too good either. She said in a deep voice, "Strong, very strong! To be able to control the Thunder and fire powers so skillfully, I'm afraid he will be another Thunder Tiger and fire leopard in the future!"

I'm starting to believe the rumors about the East Ocean more and more," han Junting said. and the death of the Thunder Tiger and fire leopard in Seawood town is more or less related to him.

Grandma sunflower said, "this man is ruthless, decisive, and extremely intelligent. He has changed my previous opinion of him. He is indeed a fierce and ambitious person!

Han Junting thought for a while and said, "Then, who do you think is stronger, granny?"

Grandma sunflower's body trembled as she began to think. "This person didn't seem to use his full strength just now, but at least he used more than half of his strength. It's very difficult to determine the difference in strength between you and the head shopkeeper, but it's almost impossible for the two of you to kill the other."

"Are you saying that we're on par, granny?" han Junting asked.

"It should be," grandma sunflower nodded.

"If you join us, granny, can we kill him together?" han Junting asked.

When she said the last two words, a cold light flashed in her eyes, and killing intent flashed.

Grandma sunflower's face turned cold as she said, "He just used a lot of Origin Energy. If we catch up now, we can kill him without a doubt if we join forces!"

The atmosphere around the two of them became a little tense. Han Junting's expression kept changing, as if she was struggling in her heart.

On the other hand, grandma sunflower did not move at all. It was as if she was frozen in place as she quietly waited for orders.

"Hu!"

After a long while, han Junting let out a long breath and said, "Forget it, I'll let him live for a few more days."

"Why?"

Grandma sunflower was puzzled. the spirit of the second wood is most likely on this person. Also, when I observed his lightning-controlling technique just now, it was simply superb. It has reached an unimaginable level. If we let him refine the second wood spirit, then even if the two of us join forces, we might not be able to win!"

"Do you think it's that easy to refine the second wood spirit?" han Junting asked. There are too many people interested in him right now. If we make a move, we'll definitely be caught in the eye of the storm. "And ..." She smiled and said, "The combination of Qin Chuan and Zhou Chu is as strong as you and me. Wouldn't it be better for them to fight on my behalf?"

"How did you know that they would make a move, head shopkeeper?" grandma sunflower asked with a frown. Besides, if Yunxiao falls into their hands, we'll completely lose the spirit of the second wood."

if they don't make a move, we can give them some 'counseling' and deal with them, " han Junting said with a smile. in the end, li Yunxiao will fall into our hands. Granny, there are many things in this world that can't be accomplished with just strength. Strategy is just as important."
